Chapter 3471

No one would have thought that Wang Fan, a guard of Lin Haoyue, had such terrible strength if he had not seen it with his own eyes.

You know, Emperor Zhang is a descendant of the right prime minister, and he is the 871 strong man in the list of immortals, which is terrible.

However, now he has displayed his unique Golden Dragon 18 halberds, but he has not even touched Wang Fan's clothes. This ...

"dog, can you just hide? There is a kind of frontal battle." For a long time, Emperor Zhang was not able to win Wang Fan, and he was also a little annoyed.

If Wang fan is a descendant of a great power, he can't take Wang Fan, that's understandable.

But Wang fan is just a servant of the forest house.

In full view of the public, Emperor Zhang couldn't even take down a subordinate of the forest government. What a shame.

"Is there any rule that fighting can't be avoided? You'd better attack me first. " Wang Fan disdained swept Zhang Di one eye, light said.

He wants to defeat Zhang Di, has innumerable ways, even can achieve the strong crush.

However, he didn't want to be in the limelight or do that.

After all, that's too conspicuous. Once it attracts the attention of the interested person, and then goes to investigate his identity, it's not worth the loss.

So he chose the most stupid way, that is to use body method to avoid Zhang Di's attack and consume the other party's Xianyuan. Then wait until the opponent is exhausted, and then launch a fatal blow.

In that way, even if people will still marvel at his strength, it will not be too outrageous.

When Emperor Zhang heard Wang Fan's words, he was gnashing his teeth in anger. Xianyuan in his body went crazy, and his body method speed also urged him to the extreme. He killed Wang Fan again.

There were thick halberds whistling on the platform, whistling, whistling, and buzzing all around the bombing platform.

However, Wang Fan's speed is too fast, the whole person is just like the wind in general, extremely light

and elegant.

No matter how fast Zhang Di's speed, how fierce the offensive, he can perfectly avoid the past.

This scene, even more angry Zhang Di some crazy.

He looked at Wang Fan's face and almost wanted to blow it into rags.

How hateful!

Wang Fan even took him as a monkey and made him lose face.

Under the stage.

Lin Haoyue looks at this scene, and her beautiful eyes are colorful.

She really likes Wang Fan more and more.

Of course, the love here is not that between men and women, but as a toy.

After all, she's Lin Haoyue, the proud daughter of the Lin family. What is Wang Fan? It's just a servant. The status is not equal. How can Lin Haoyue like Wang Fan.

Lin Haoyue felt that she really picked up a treasure.

There is such a strong guard around. Who dares to bully Lin Haoyue?

On the platform, the roaring sound is still ringing, Emperor Zhang is still desperately attacking, and Wang fan is still constantly dodging.

With the passage of time, Zhang Di soon felt weak.

After all, that kind of strong attack cost him too much.

His movements slowed down involuntarily, and the offensive was no longer as sharp as before.

Wang Fan couldn't help laughing when he saw this scene.

He did not continue to avoid, but holding the silver knife, straight to the Zhang Di killed in the past.

A knife splits out and rolls up the violent waves. In the wind, there is even the potential of thunder and lightning, which is extremely terrible.

Below those arrogant only see, a thunder like knife light flash, split in an instant on the golden halberd

of emperor Zhang.

Boom!

With a blast, the halberd all over the sky dissipated like fireworks. Emperor Zhang felt a strong attack, his right hand could not help shaking, and the whole person fell back and flew out.

Almost, he couldn't even hold the halberd.

"You are also called Tianjiao? You deserve to look down on me? If you don't have a good background, what do you think you are in front of me? "

Wang Fan's arrogant words spread out, and the immortal yuan in his body came out instantly, and the golden immortal yuan's light was buzzing around his body.

From a distance, he seems to have become a giant at this moment.

Wang Fan, holding a long knife, flashed to kill emperor Zhang and waved three knives in a row.

Looking at this scene, Zhang Di's face changed greatly.

Especially hearing Wang Fan's sarcasm, his face turned red.

Facing Wang Fan's three swords, he felt extremely strong danger.

However, the pride in his heart made him choose hard connection instead of hiding.

The first knife, Zhang Di was blasted to the edge of the platform.

With the second knife, he felt that his internal organs were about to disintegrate, and his mouth was bursting with blood.

The third knife, he can no longer bear, the whole person was directly on the platform. Looking at this scene, there was a dead silence.

Although everyone had expected that, when they saw that emperor Zhang was defeated by Wang Fan, they were shocked.

After all, who would have thought that Zhang Di, one of the six brilliant talents, would be defeated by Wang Fan?

Today's World War I is definitely a disgrace that emperor Zhang can't erase in his life, unless one day, he can really defeat or kill Wang Fan.

Otherwise, others will think of this war when they see him.

"That's what you're proud of? You scold my servant repeatedly, but now, you are on the ground by the servant. What are you

Wang Fan stood high on the top of Zhang Di's head, looked down at him and said with a sneer.

He didn't kill Zhang Di or even abolish him.

After all, this is in full view of the public, and Emperor Zhang is a descendant of the right prime minister.

If he really killed emperor Zhang, there would be a lot of trouble in that period. I'm afraid he would have to start to flee again. He might not even be able to escape.

Zhang Di was lying on the platform, his face was extremely ferocious, and his intention to kill was almost irresistible.

He raised his head and stared at Wang Fan. He wanted to kill Wang Fan regardless of everything. Unfortunately, he couldn't do it at all.

He looked at the prince and wanted him to be his master, but the prince didn't look at him at all. Instead, he looked at Wang Fan.

Wang Fan's strength is enough to attract the prince.

"I'm sorry, I didn't mean to do it. But this emperor Zhang is so deceiving that he humiliates my young lady. I really can't help it. I hope you'll forgive me."

Wang Fan did not immediately step down, but looked at the prince and his party, said apologetically.

Although he was in the limelight, he just followed Lin Haoyue, and the etiquette he should have must be.

What's more, he carried out Lin Haoyue. Even if the Prince wanted to investigate, it would be hard to investigate.

Lin Haoyue, as the proud daughter of the Lin family, is also the first beauty of the Chu Dynasty. How can the prince give a little face?

"Wang Yi, you come down. Today Japan is a meeting of martial arts, regardless of the high and low. It's normal for emperor Zhang to provoke you and fight back. "

"Surely after today, Emperor Zhang will know what is beyond heaven and what is beyond man. If we act in the future, we will be restrained. "

"It's a good thing for him, too."

Before the prince spoke, Lin Haoyue said.

She also showed her attitude, standing on Wang Fan's side, can't let Wang Fan have an accident.

Chapter 3472

The presence of all human spirits, where can not see the meaning of Lin Haoyue?

But no one spoke.

Anyway, it has nothing to do with them. They don't mind their own business.

But for Lin Haoyue can accept Wang Fan such a guard, they are still a little envious.

After all, Wang Fan's strength and qualifications are enough to match the Tianjiao disciples of these big family forces.

The prince said with a smile, "the fairy of the bright moon is right. Today we will be martial, regardless of the high and the low. You can beat Zhang Di. That's your strength. "

After that, he looked at emperor Zhang again, "emperor Zhang, today is also a lesson for you. In the future, remember to keep a low profile."

The prince has spoken. What else can emperor Zhang say?

He can only temporarily bite his teeth to bear this tone, and later he is trying to kill Wang Fan.

Of course, the reason why the prince didn't pursue Wang fan is that the first is Wang Fan's talent, the second is Lin Haoyue's face, and the third is also the most important point, that is, although emperor Zhang seems to be seriously injured, in fact, it doesn't matter at all.

If Wang Fan really does not have the weight to start, abolishes or kills Zhang Di, then he will certainly pursue Wang Fan.

After all, Emperor Zhang is a descendant of the right prime minister. He just lost to Wang Fan. It doesn't matter. At most, he lost face. But if emperor Zhang is really killed, then he must show his attitude?

Otherwise, what will the right Prime Minister think?

Wang Fan did not speak, just nodded.

Banquet is still going on, but Wang Fan did not return to the Escort Group, but sat beside Lin Haoyue.

Obviously, everyone has recognized his strength.

"Mr. Wang, I don't know how much Miss Lin will pay you in a month? If you give less, or you are not satisfied with her, you can consider coming to my side

During this period, a beautiful woman, looking at Wang Fan, said with a smile.

"Young master Wang, you are so gifted. It's too humble to be a guard around Miss Lin. If you don't come to my Shangshu mansion, my Shangshu mansion will marry a daughter."

Another woman threw out an olive branch to Wang Fan.

No way. It's normal.

Since ancient times, beautiful women have loved heroes.

Wang Fan showed extraordinary talent and strength, they naturally want to attract.

And for big family forces, they also need fresh blood and young experts.

Only in this way can they survive.

Wang Fan's talent has greatly exceeded their expectations and won their recognition.

Of course, even if someone will marry Wang Fan, they won't be those who are gifted and evil.

Those women who are gifted with demons will not look at Wang Fan. At most, they just marry those who are not gifted.

But even so, for countless people, it's a great thing.

When Lin Haoyue heard that someone was in front of her, she dug up Wang Fan. Her face could not help but become unhappy.

However, she did not speak, just looking at Wang Fan's reaction.

Wang Fan heard the two women's words, but he was not moved. He just lowered his head there, and his eyes swept to Lin Haoyue from time to time.

Like, his eyes, only Lin Haoyue's general.

This is no way to do things, he is Lin Haoyue's "fanatical pursuer", into the forest house is for Lin Haoyue.

At this time, if you are moved by the temptation of these two women, won't you be doubted?

On such occasions, Wang fan is even more like walking on thin ice and dare not be careless.

Because, even a slight negligence of him is likely to cause suspicion and be doomed.

The two women could not help sighing as they watched the scene.

It seems that it's another brain powder.

Looking at Wang Fan's performance, the prince's doubt gradually dissipated.

He is also thinking, Wang Fan such a person, join a force at will, can get very good treatment, why go to the Lin family as a guard?

Now, he knows.

However, his heart is very disdainful.

What about talent? No matter how strong it is, what will happen? Identity is not equal, Wang Fan want to get Lin Haoyue, it is a dream.

Unless we say that Wang Fan's talent is beyond imagination.

In Wang fan not far away, there is a person, eyes have been staring at Wang Fan, with no hidden hostility.

This person is Prince Chu di.

Originally, Chu flute, as one of the six most dazzling heavenly pride today, is extremely proud of its boundless scenery.

But now, he was robbed of the limelight by Wang Fan. How could he be happy?

The banquet continued. At a certain moment, the prince suddenly looked at Wang Fan and said, "Wang Yi, your strength is extraordinary. Are you interested in competing with Tianjiao of the Dark Alliance?"The Dark Alliance, Tianjiao, has always been acting in its own way. It doesn't pay attention to anyone and is too proud.

Even when he arrived at the moon tower, he didn't pay attention to the prince. He didn't even look at him one more time.

It's as if they came here just for a task, otherwise, they would not come here at all.

What's more, the arrogant members of the Dark Alliance, who only sent out three people, were in the limelight.

So that all people, no longer dare to challenge them, this is to let the prince unhappy.

Therefore, the prince plans to let Wang Fan try the strength of Tianjiao, the Dark Alliance.

If Wang Fan wins, he will have a light on his face.

If Wang Fan loses or is killed, it doesn't matter. Anyway, he is not one of those big families.

When Wang Fan heard the prince's words, he couldn't help squinting in his eyes and said, "Your Highness, I know I'm not the opponent of those dark alliance people."

Although he also wanted to meet those dark alliance Tianjiao for a while, and even wanted to kill a few people, he didn't want to be used as a gun envoy by the prince.

The prince laughs, "it's just a duel. Why do you want to be so serious? Why don't you even give me this face?"

Wang Fan wry smile, "is not to give the prince face, is really not the opponent."

The prince's face was gloomy. He looked at Lin Haoyue, "Haoyue fairy, do you see?"

Lin Haoyue looked at the prince's slightly gloomy face and knew that the prince was a little angry.

The prince has a strong sense of control and doesn't like others to disobey him.

Wang Fan, however, did not listen to him and refused twice in succession, which made him angry.

Lin Haoyue looked at Wang Fan and said, "go ahead."

Wang Fan frowned slightly, but still stood up.

His heart sneer repeatedly, these dog things, really don't care about his life or death.

Even if Lin Haoyue is the same, he just for this woman out of breath, this woman even want him to die.

After all, who doesn't know the evil of the Dark Alliance.

The first three, the three who challenged the Dark Alliance, were all seriously injured.

It is estimated that this is because the identity of the three people is not general, and the Dark Alliance didn't kill them.

But if he goes up to Wang Fan, will he be merciful?

It's impossible!

Wang Fan has no background. Those people in the Dark Alliance will have no scruples.

Those in the Dark Alliance naturally heard the conversation here, and some of them glanced over, with evil smiles on their lips.

Chapter 3473

Since ancient times, the opposition between good and evil, the Dark Alliance these people as evil repair, from the bottom of my heart is also look down on the Chu Dynasty these arrogant.

In fact, they would never have participated in such a boring meeting unless the elders of the Dark Alliance asked.

Because in their eyes, this kind of martial arts is very boring.

They like to kill rather than fight. In their opinion, this kind of fight is a waste of time.

Therefore, those people in the Dark Alliance would appear so quiet, neither communicating with the arrogant of Chu Dynasty, nor taking the initiative to challenge.

Because they know that people here can't be killed.

At least on this occasion, it must not be killed.

But, they also have anger, Chu Dynasty Tianjiao again and again provocation, make them very impatient.

Now, it is necessary to send a guard to challenge them, which is tantamount to challenging their dignity.

Don't you think the people of Chu Dynasty didn't dare to kill even a guard?

Wang Fan's heart was also cold, but he stood up step by step and went to the platform.

He also has no way to do this. The prince and Lin Haoyue are both oppressive. He can only fight, otherwise, he will face the danger of being chased and fled, and his identity will be exposed.

Wang Fan quickly went to the platform, his eyes swept to the location of the Dark Alliance.

One of them, Tianjiao, the Dark Alliance, saw Wang Fan's sight sweeping. With a smile of evil, he immediately got up and boarded the battle platform.

"Boy, do you really think we dare not kill you? The people of the Chu Dynasty forced you to die. Unexpectedly, you did come. "

The Dark Alliance Tianjiao, did not rush to start, but said with pity.

Wang Fan frowned and said with a smile, "are you so confident? It is not certain who will kill whom. "

The words fall, Wang Fan's Fairy King realm already released, shrouded that dark alliance genius.

At the same time, the long sword in his hand danced and set off a series of sharp knives, directly stabbing the Dark Alliance Tianjiao.

Prince and Lin Haoyue force him to fight, he has no way, but now that he's up, let's kill some people of the Dark Alliance.

On such occasions, even if he killed the people of the Dark Alliance, with the prince, the people of the Dark Alliance can't do anything about him.

Tianjiao, the Dark Alliance, saw Wang Fan's sword sweeping, and his body took off directly. As soon as he pointed it out with his right hand, there was a continuous stream of black air in the air.

The black air set off a terrible momentum, directly through the air, fell on the edge of the knife.

Boom!

A low explosion sound came, and the knife awn was smashed in an instant under the attack of the black airflow.

Not only that, the black air flow did not dissipate, but directly to Wang Fan's long knife.

Boom!

Whoa!

There were two sounds, and the Immortal King level long knife broke. At the tip of the knife, there was a gap.

Wang Fan's heart is slightly shaken. This dark alliance man is really a strange means of attack.

He didn't dare to be careless. He used the lightning skill, and the whole person flashed by like a wind, avoiding the attack of the black airflow.

The next second, he had appeared on the opponent's side, half cut out the knife in his hand.

The Dark Alliance Tianjiao Jie smiles and retreats like a ghost. He once again evades Wang Fan's attack. Then he turns around and pats Wang Fan.

The big hand print is also dark, containing terrible prestige, which makes people feel terrible.

Wang Fan looked at the palm print, did not choose to retreat, but to mobilize the energy of the fire element between heaven and earth, gathered on the palm, and then shot it out.

Boom!

There was a deep explosion, and their palms collided in mid air.

Wang Fan was blown upside down in an instant. Although he didn't get hurt, he obviously fell behind.

And the Dark Alliance Tianjiao, although only retreated a few feet, but he also felt the pain, obviously hurt by the fire.

Feeling the pain of the palm, the Dark Alliance Tianjiao's face darkened.

He burst out, "go to hell!"

Then the whole person killed Wang Fan.

Wang Fan stepped on the void, flashed out, and kept flying back to avoid the attack of the Dark Alliance Tianjiao.

At the same time, with a knife in his right hand, he cut the Dark Alliance Tianjiao.

Not only that, but also his left hand began to dance and gather the power of thunder and fire.

Soon, thunder and fire appeared in the sky, just like a natural disaster, and rushed to the black robed monk.

The thunder and fire all over the sky roared down, instantly shrouded the Dark Alliance Tianjiao, making the Dark Alliance Tianjiao extremely embarrassed.

As an evil cultivator, what he fears most is thunder fire attack. Now Wang Fan constantly mobilizes the power of thunder fire to attack him. He feels extremely subdued, and his strength can't give full play to 70%. But Wang Fan didn't care about each other's ugly face at all. When the other party was in a hurry forced by thunder and fire, the knife in his hand had split out again.

Wang Fan cut out with eight knives in a row. When he cut down with eight knives, Tianjiao, the Dark Alliance, could no longer escape and was directly cut into his body.

Whoa!

A sound, followed by the fury of the knife into his body, instantly stirred his body into a smash.

Shua Shua!

Looking at this scene, in an instant, the dark alliance that more than a dozen Tianjiao, all stood up.

They release a strong breath, eyes incomparably cold sweep to Wang Fan, posture is about to rush to the battle platform.

But at this time, Wang Fan looked at the people of the Dark Alliance and said coldly, "what do you want to do? The sword has no eyes, and his death can only prove his poor strength. "

"What's more, as you can see from the previous battle, if I didn't kill him by chance, I'm afraid I would be the one who died now."

Wang Fan said coldly, then looked at the prince, with a smile and a fist, and said, "prince, I'm going to fight at your command, representing the Chu Dynasty. Look at this ..."

at this time, Wang Fan naturally can't continue to be servile. He must be proud and tough.

Otherwise, what if the prince really let the other party kill him in order to calm the anger of the Dark Alliance?

When the prince heard Wang Fan's face, his eyes twinkled with a moment of gloom, which was fleeting.

Wang Fan's words are just pushing him to the opposite of the Dark Alliance.

Moreover, Wang Fan even pushed the Chu Dynasty to the opposite of the Dark Alliance.

Because Wang Fan's meaning is very obvious, he represents the prince side, represents the Chu Dynasty, now the Dark Alliance people want to move him, do you care?

"I don't care who let you fight, or who you represent. Anyway, you killed my dark alliance. It's true."

"In that case, you have to pay the price."

A Dark Alliance Tianjiao, sitting on the throne, stares at Wang Fan and says coldly. Then he steps out and goes directly to the battle platform.

With every step he takes, his momentum will be stronger. After three steps, his whole body has fallen on the battlefield, full of horror.

Chapter 3474

Wang Fan looked at this scene, his face slightly changed. He looked at the prince and said, "prince, I went out to fight at your command and killed people by mistake. Do you just watch him kill me?"

"This is our Chu Dynasty. You are the prince of the current Dynasty. Do you really allow these dark alliance people to be presumptuous?"

"If you do this, will you not be afraid of the cold? In the future, who dares to follow you and work for you? "

Wang Fan's voice is as loud as a bell.

His every word, every word, is like a sharp knife, straight into the prince's heart.

In front of him, the Dark Alliance man is extremely powerful. According to Wang Fan's estimation, he is not inferior to the prince at all.

If it's really a fight, Wang Fan must play all the cards. In this way, his identity is likely to be exposed.

Therefore, he is absolutely not willing to fight with the Dark Alliance Tianjiao, at least on this occasion.

In this case, Wang Fan will naturally force the crown prince to come forward and make decisions for him.

He did not mind, the prince or Chu Dynasty, completely pushed to the opposite of the Dark Alliance.

Sure enough, with Wang Fan's words falling, all the arrogant people around changed their eyes when they looked at the prince.

Even if they knew that Wang Fan's identity could not be compared with them, the prince would not care about Wang Fan's life at all.

But anyway, Wang fan is fighting for the prince. Not only that, Wang fan is ordered to fight by the prince.

In this case, the prince can sacrifice Wang Fan. If they are loyal to the prince in the future, will the prince sacrifice them?

It is worth pondering.

"Shut up The prince's face was more gloomy and he spoke coldly.

Wang fan is still neither humble nor overbearing. He bows with his fist and says, "prince, what I say is true. You are the prince of the dynasty, and I am ordered to fight again. Do you really want to ignore it? You'll chill other people's hearts. "

"Noisy." That dark alliance Tianjiao, already a little impatient, he a cold hum, directly step out, is going to kill Wang Fan.

However, the prince still did not move.

Wang Fan laughs, "the prince of the current Dynasty is a turtle with a shrunken head. It's pathetic. This kind of person is not worth your following. Today is your tomorrow."

"Ha ha, is there going to be a Dark Alliance in such a big Chu dynasty? That's ridiculous. "

Wang Fan laughs, body shape flickers, directly dodges the Dark Alliance Tianjiao attack, the next second, he flies out toward the Tianyue building.

He also has no way. He won't go now. Once his identity is exposed, he won't be able to leave.

The prince's guards have been staring at Wang Fan's position coldly.

Seeing that Wang Fan was going to leave, they yelled and flashed into the air.

"Where to go!"

"Go away!"

Wang Fan spewed out one word, and directly threw out a magic weapon of fairy King level, and directly exploded it.

Boom!

The blast of the earthquake came out, and the eight fairy King's later bodyguards were directly blown to pieces.

Wang fan is by this Kung Fu, a space big move, instant disappear.

The next second, he had already appeared in front of the prince. He grabbed another sword in his hand and stabbed directly at the prince's Dantian.

The prince's face changed greatly, and he was trembling with anger.

He did not expect that Wang fan should be so bold and dare to assassinate him?

He reached out with one hand, did not avoid much, and directly grasped the sword in Wang Fan's hand.

However, when he grasped the sword, Wang Fan's left hand had already grasped the Immortal King

level long sword and cut it directly to his right arm.

This series of actions, Wang Fan do extremely fast, dazzling, simply can't react.

Whoa!

A sound, blood spray sputtering, Prince an arm was cut off directly.

Wang Fan, on the other hand, cut off the head of emperor Zhang not far away. At the same time, he threw out more than a dozen magic weapons of fairy King level, and then a large space moved and disappeared.

Boom!

All of a sudden, the explosion of terror, smoke everywhere.

The whole Xianyue building was blown into ruins.

Many of the guards were killed directly.

Even Chu flute, Lin Haoyue and others were injured.

The friars who lingered outside the Tianyue building were shocked to see this scene.

What happened in Tianyue building?

Who on earth dares to make trouble in Tianyue building?

In Tianyue building, when everything returns to calm, everyone's face is not very good-looking.

Wang Fan, on the other hand, has completely disappeared.

"Son of a bitch!"

The prince's face was gloomy, and his eyes were full of undisguised intention to kill.

He swept to Lin Haoyue coldly and asked coldly, "is this your person?"

Lin Haoyue's face was also a little ugly, and she was also shocked. Is this guy really casual?

How can he have so many magic weapons?

You know, after you get the magic weapon of the Immortal King level, you usually sell it. Only by changing the magic weapon of the Immortal King level into Yun Xiandan can you buy the cultivation

resources.

Who would blow himself up like Wang Fan?

Of course, the most important thing is that under normal circumstances, the friars of Xianwang level have no strength to explode the magic weapons of Xianwang level. Unless the spiritual power is incomparably strong, reaching the level of immortal and strong.

Lin Haoyue raised her hand and stroked the pale face. Her face was also ugly and she said, "I didn't expect this."

"Hum, everyone, find it for me at once. I have to catch this person in an hour, regardless of life or death."

The prince gave an angry order.

He didn't expect that this kind of thing would happen in this king's city, in the meeting he presided over.

What's more, he didn't expect that someone was so bold as to disobey his intention, challenge him and fight him.

If he had known that, he would have taken a few guardians of the immortal realm.

The Dark Alliance is arrogant, and his face is also not very good-looking.

In the previous explosion, two of them were killed directly.

It's a huge loss.

It can be said that Wang Fan offended people on both sides at one time.

When the friars outside learned what happened in Tianyue building, they were shocked.

Someone assassinated the prince and ran away?

It's incredible.

As the Party of Wang Fan, but did not care about other people's expression, at this time he has quickly come to a corner, and then began to quickly change.

His heart is also a little speechless.

It's true that you can come to whatever you're afraid of.

He did not expect that he could not stay in the forest house for a few days.

The only thing to be thankful for is that he has known most of the young generation of the Chu Dynasty and the Dark Alliance.

In this way, it will be much more convenient to start in the future.

Half an hour later, Wang Fan changed his clothes and changed his appearance, and swaggered to the outside of Tianyue building.

At this time, the whole Tianyue building has been surrounded by countless guards.

Not only that, the royal family sent out the friars' army to search the whole royal city.

No way, the crown prince was stabbed and his arm was broken, the right prime minister's successor Zhang Di was killed, and several Tianjiao, the great power of the Chu Dynasty, and Tianjiao, the Dark Alliance, were directly killed.

The impact is too great.

If you don't find out Wang Fan quickly, I'm afraid that the Chu Dynasty and the high-level of the Dark Alliance will have conflicts because of this, which will lead to great events.

Chapter 3475

Wang Fan just stood outside the Tianyue building, listening to the startled voices of the monks around him, and looking at the shuttling guards, sneering in his heart.

Just these people, also want to find out him, it's just wishful thinking.

The best immortal can't be seen. He is confident that no one can see through his face.

Of course, Wang Fan's appearance outside Tianyue building is also at great risk.

After all, if the top immortal came and recognized him, it would be doomed.

However, Wang Fan has no good way at the moment.

The most dangerous place is the safest place. It is estimated that no one would think that Wang Fan would dare to stay outside the Tianyue building.

As for going out of the city, Wang Fan never thought about it.

The crown prince was assassinated and the right prime minister's descendants were killed. After such a bad thing happened, I'm afraid the imperial city of Chu Dynasty was closed and couldn't get out at all.

If he's out of town now, it's like throwing himself into the net.

Wang Fan stood outside the Tianyue building for a short time, then he saw the prince, Chu Di, Lin Haoyue and others come out.

Their faces were very gloomy and ugly.

Lin Haoyue, in particular, originally thought that she had recruited a talented guard, but she never thought that the guard was so brave.

One can't do it well, this matter is likely to involve her Lin family.

Think of here, Lin Haoyue is gnashing her teeth, she would like to Wang Fan pulled out, directly fragmented.

The prince is needless to say, his face is very blue, and his face is full of killing intention.

At the military banquet held by him, he was assassinated, and the other party left calmly. This is a great shame.

It can be imagined that the reputation of his prince will be greatly affected after this incident is spread.

If we can't find out Wang Fan and kill him, his crown prince may not even be guaranteed.

After walking out of Tianyue building, the prince and his party soon left.

Those people in the Dark Alliance didn't even say half a word of nonsense. They went to the air and left quickly.

The prince and Lin Haoyue also returned to their respective residence.

Wang Fan hesitates slightly, and then follows the prince Chu di.

Because Chu Di didn't go with the prince, but went to another direction alone, and didn't know where to go.

Wang Fan followed Chu flute and soon left tianyuelou.

Chu Di did not return to the Imperial City, but after turning the corner, he went in the opposite direction to the imperial city.

About half an hour later, he came to a house that looked very humble.

There is no plaque in this mansion, and there is no guard at the door.

Chu Di got out of the car and just knocked on the door three times. Then someone opened the door.

"Prince Chu di."

When the man saw Chu Di, he quickly bowed himself.

Chu Di nodded and then stepped in.

The guard glanced around and found that there was nothing different around him. Then he closed the door.

In the distance, Wang Fan looked at the scene and felt strange.

Chu Di is the prince of Chu Dynasty. What does he do so stealthily?

However, Wang Fan didn't think much about it. He made a big move and entered the residence.

After entering the mansion, Wang Fan realized that it was not simple.

Although it looks ordinary outside, there are not many experts.

But in it, the strong are like clouds.

Even, Wang Fan also felt the breath of the three strong immortal.

He converged his whole body breath, and was more careful to follow Chu Di inward.

Soon Chu Di entered one of the rooms.

Inside the room, there were a group of monks in black robes.

And that group of people, Wang fan is no stranger, it is the Dark Alliance friars who were in tianyuelou before.

"Prince Chu Di, please come in."

As soon as Chu Di arrived at the door of the house, a bright voice had been heard, and then a young man with brocade robes came up.

The young man in the brocade robe has a strong air, and his cultivation has reached the level of immortal.

What's more, all the Dark Alliance friars in the room are very respectful to him.

Obviously, this man has an extraordinary identity and a high status in the Dark Alliance.

"You're welcome, brother Liu." Chu Di also opens his mouth with a smile, and then enters the room.

However, after entering the room, his face became gloomy and sighed:

"It's a pity. I thought today was a once-in-a-lifetime opportunity, but I didn't expect to kill a dog slave on the way, which disrupted our plan."

Hearing this, the young man in jinpao's face was slightly gloomy. "I didn't expect that such a thing would happen." "Originally, according to our plan, this Tianyue meeting is a good chance to kill the crown prince and help you ascend the crown prince."

"But no one thought that such a thing had happened. Even our dark alliance has lost a few talents. "

Although the prince of Chu Dynasty looked down on the Dark Alliance, he even despised them.

But Chu Di is different. He colluded with the people of the Dark Alliance and wanted to kill the prince with the help of the Dark Alliance.

As a prince, Chu Di is naturally ambitious. He also wants to be a prince.

After all, only when he becomes the prince, can he ascend the throne and rule the Chu Dynasty in the future.

Every year, the prince presides over Tianyue Huiwu, and only on this day, the prince will not take any guards.

Therefore, Tianyue Huiwu is the best chance to kill the prince.

They originally planned that after the end of the Tianyue meeting, those people in the Dark Alliance would do it secretly.

But I didn't expect to kill Wang Fan on the way, and directly cut off the crown prince's arm, which attracted the strong royal family.

In this way, how dare they act rashly?

"I don't know where the Lin family recruited such an arrogant person. He was so brave. He not only disobeyed the prince, but also dared to fight openly."

"Is he not afraid of death? Does he not know that once his identity is found out, he will be involved in

the nine ethnic groups? "

Chu Di thought of this, it seems very angry.

After all, the prince was not killed this time. Next time, we have to wait for Tianyue meeting next year.

The most important thing is that this time, after experiencing this kind of thing, will the prince not take the guard of xianzun level next time?

Obviously not.

It can be said that it is even more difficult for them to kill the prince. It is just as difficult as heaven.

"Who on earth is that guy? Have you found out his identity?" The young man asked.

Chu Di shook his head. "Not yet. This man is very cunning. After killing the right prime minister's successor, Zhang Di, he ran away. However, he should not escape from the imperial city. He should be caught soon. "

The young man shook his head. "Prince Chu Di, if you think so, you will think that person too simply."

"According to my guess, you Chu Dynasty, should not catch him. Unless the top xianzun does it. "

"It's just, is that possible? It's just a king of immortals. How can those top immortals do it easily? "

"Well, let's not talk about that man. Now I have received a message that a group of core disciples of Wangyue palace secretly left Wangyue palace, and their whereabouts are unknown for the time being."

"I'm going to kill those Wangyue palace disciples and continue to blame the royal palace. What do you think?"

Chu flute smell speech, eyes a bright.

But at this moment -

Dong Dong!

There was a deep knock on the door, and then a guard rushed in.

"Little Lord, it's not good. There are a large number of Chu Dynasty guards outside, encircling us here."

Chapter 3476

"Forbidden guard? It seems that the search has come to us. " Hearing this, the young man in jinpao smiles, but his face doesn't change much.

He looked at one of the black robed humanitarians, "go and have a look, just say this is our territory, let them go."

"Yes." The young man in black nodded and walked out without any nonsense.

The royal guard may be terrible to others, but there is nothing to be afraid of for the Dark Alliance.

The royal family has formed an alliance with the Dark Alliance, and the guards dare not make trouble in the Dark Alliance's territory.

The man in black took orders and soon came outside.

I saw that many guards had been surrounded outside the residence.

At this time, the guards were staring at the mansion. One of them yelled,

"open the door quickly, let's go in and check, don't interfere with our official business. Otherwise, we're going to break through. "

The guard yelled, holding a search warrant in his hand.

As a matter of fact, search warrants are generally useless.

After all, in addition to the top powerful forces, even without a search warrant, how many people dare to challenge the Royal Guard?

But now, unlike in the past, the Dark Alliance has taken root in the King City and bought many mansions.

Some of the residences, even the guards, did not know about it, so they would produce a search warrant. I'm afraid that I will search the territory of the Dark Alliance and cause unnecessary conflicts.

The young man in black robe, with a cold face, had already flashed out of the mansion in a few steps, and said coldly, "this is my dark Alliance territory, go away!"

The guard's face changed greatly, but he didn't dare to offend him. He nodded quickly, "yes."

After that, they receded like the tide.

Even when he left, his back was in a cold sweat.

The people of the Dark Alliance kill people without blinking an eye, and even suck blood, which is something everyone knows.

Even these guards are a little scared in the face of the Dark Alliance.

What's more, in the tianyuelou incident, Tianjiao also died in the Dark Alliance, so naturally they would not doubt the Dark Alliance.

In the house.

But Chu flute has already said, "are you going to do it to the disciples of the Moon Palace? I think it works! "

"However, I suggest that it is better not to kill the disciples of Wangyue palace, but to imprison them."

"Wang Fan in Wangyue palace is still missing, which is definitely a huge hidden danger. Only by using the disciples of Wangyue palace can we force him to show up. "

"And I also heard that Wang Fan had a good relationship with his three disciples, namely Yan Yue, Luo Yan and Yin Guiyi."

"So, it would be better to win the three."

Chu Di said.

For those ordinary friars, they may not know Wang Fan's real identity, but Chu Di, who is a high-ranking member of the royal family and secretly colludes with the Dark Alliance, naturally knows it.

He clearly knew that Wang Fan was not a disciple of the Dark Alliance at all, but he did not dare to say it easily.

Although Chu Di is young, his city is very deep.

At the beginning, he looked down on Wang fan outside Tianyue building and in front of Lin Haoyue, and even didn't believe in Wang Fan's fighting power.

That's all. It's all made up.

In fact, no one knows Wang Fan's strength better than him.

Because at the beginning in the area outside the Martial Arts Pavilion, Wang Fan showed amazing combat effectiveness.

"Well, it's just that I don't know if the three disciples you mentioned will also leave the Wangyue palace."

Tianjiao, the Dark Alliance known as brother Liu, nodded, and there was a chill in his eyes.

In the dark.

Wang Fan's heart was not calm when he heard the conversation.

Especially the Chu flute, even made him feel a little dangerous.

Originally, Chu Di gave him the impression that he was just a proud prince.

But now, he just knew, all these, are exterior appearance.

In Wang Fan's opinion, the Chu flute is more terrible than the prince.

At the same time, Wang Fan's heart is extremely cold.

These two guys, dare to plot to kidnap Yan Yue three people, in order to threaten him, it seems that the identity of the Dark Alliance Shizi, should also be used.

Wang Fan did not move, just quietly hiding in the dark.

He has decided that in the future, it will become his temporary residence.

There are dark alliance people here, whether it is the Chu Dynasty, or those big family forces, will be afraid of three points, dare not easily search.

In this way, he will be relatively safe here.

Of course, the premise is not to let the xianzun strong people here find out.

Next, Chu Di chatted with the young man in the brocade robe for a while and left here. Wang Fan followed.

When Chu flute is far away from the residence and is about to enter the prosperous area, Wang Fan suddenly appears in front of Chu flute.

"Who are you?" Chu Di saw Wang Fan who suddenly appeared, and he was startled. He asked in a slightly trembling voice.

This is the imperial city. He is also a prince. Who dares to assassinate him?

This is something he never thought about.

Don't say he is a prince, even if it's just to assassinate an ordinary person, it's a big thing.

Because in the king's city, it is absolutely forbidden to engage in private fights, assassinations and other incidents. Otherwise, it would be a mess?

"Who am I? The one who killed you, of course. " Wang Fan said with a smile, secretly has been arranged around the shielding array.

Not only will the battle waves not be sent out here, but even the news of communication beads will not be sent out.

"Kill me?" Chu Di's face changed again. He forced a smile on his face. "This elder martial brother, it seems that I haven't offended you?"

"I don't ask you, who asked you to come, in short, how much money the other party paid, I pay double, no, triple, how about you let me leave?"

I have to say that Chu Di is really a character. It's time to be calm.

Of course, while speaking, he was also closely looking around.

But, his heart is already more and more heavy.

Because he thought he saw the shielding array arranged by Wang Fan.

"This elder martial brother, this is the imperial city. The imperial city is forbidden to fight and assassinate. Once there is a similar incident, the royal family will never sit by."

"What's more, I'm still a prince. If you kill me, there's no way to escape from the city. So, for the sake of money, is it really worth your risk? "

"I can give you a Yiyun elixir to save your life. In this way, it's good for you and me, don't you think?"

Chu Di said again, and offered a sky high price of Yiyun elixir.

When Wang Fan heard this, his heart moved and his eyes lit up.

A elixir?

This Chu flute is really rich.

However, he said, "do you think that I, the son of the Dark Alliance, will be short of you?"

"Before, I heard from people outside Tianyue building that you despised me and looked down upon me. So here I am. "

"You, are you wang fan?" Chu flute heard Wang Fan's words, his face suddenly changed, "Wang Fan, our Chu Dynasty has a dark alliance with you, but the alliance, how can you kill me?"

Wang Fan sneers. This guy can really pretend.

"Stop talking nonsense and die."

He is also lazy to continue to talk nonsense, a word falls, directly then a sword toward Chu Di cut out.

This man is so scheming, and if he wants to set up a bureau to kill him, he must die.

Chapter 3477

Wang Fan stabbed out the sword, whistling, and went directly to Chu Di's head.

Chu Di's eyelids jump wildly. He drinks and his figure flashes wildly. At the same time, he grabs a black sword in his hand and greets it fiercely.

When!

A deep explosion, Wang Fan's sword cut in Chu flute's knife, Chu flute only feel a powerful force, tiger mouth numb, mouth directly ejected a mouthful of blood.

He has an ugly face.

With just one blow, he already understood that he was not Wang Fan's opponent at all, or even far from it.

Chu flute dare not continue to fight, but crazy teeth, the next second, burned Shouyuan blood essence.

Then, holding a sword, he rushed to the sky crazily.

A knife splits out, curls up ten thousand knives awn, he unexpectedly is to want to break the array to escape.

"Can you escape?" Wang Fan sneered, and the realm of the Immortal King surged out in an instant, directly shrouding the void.

Under Wang Fan's powerful immortal realm, Chu Di felt a great pressure.

His whole person, as if deep in the mire, action has become slow.

As for the power of his knife, it was greatly reduced.

Boom!

With an explosion, Chu Di's sword splits on the shielding array. The shielding array begins to shake wildly. Unfortunately, it doesn't break.

Chu flute clenched his teeth and was about to chop a second knife.

But just then, with a whoosh, Wang Fan's figure appeared in front of him, and another sword stabbed him down.

Chu flute sees this, in the eyes emerge to be frightened, tear heart crack lung of roar a way, "I am Royal Prince, you dare to kill me?"

In the roar at the same time, he also frantically released the realm of fairy king, and wielded a knife.

However, compared with Wang Fan, his realm of immortals and Kings is very different.

Almost as soon as his realm of fairy king was released, a clattering sound came out and was crushed to pieces.

Whoa!

The realm of the Immortal King was crushed to pieces, and Chu flute vomited blood instantly, and his face was pale.

At this time, Wang Fan's sword had been cut off. With a jingle, the sword in Chu Di's hand was directly cut into two pieces, and the cold sword pierced his heart.

"No, no!"

Chu flute roars wildly, but his consciousness is gradually blurred.

"You, damn it."

Wang Fan cold swept Chu flute one eye, until his vitality completely dissipated, just use the sword to engrave on his body "son of the world, Zhu" three words, turn around to leave.

Not long after Wang Fan left, Chu Di's body had been found.

When we saw the body of Chu Di and the three words on him, all the friars were shocked.

"Chu Di, is he dead?"

"Shizizhu? Is he killed by Wang Fan, the son of the Dark Alliance? "

"Wang Fan? Did he come to the Chu dynasty? "

"The Chu Dynasty has formed an alliance with the Dark Alliance. Why did Wang Fan do that? Could it be a fake? "

"Hum, don't you know what happened in tianyuelou? The prince is at odds with the Dark Alliance. "

The sound of a startling discussion spread quickly to the whole King City.

Before long, Chu Di was killed, it has caused a sensation in the whole King City.

The most shocking thing is that he died in the hands of the son of the Dark Alliance.

When the royal family of the Chu Dynasty heard about this, they were also very angry.

It's not long since you Xiang's descendants were killed and the prince was stabbed, and even the murderer hasn't been found.

Now, there is another Prince killed. It's like stepping on the face of the royal family.

Even the emperor of the Chu Dynasty was furious when he heard about it.

Above the magnificent hall, the king of Chu sat high in the hall, and there were officials on both sides of the hall.

"No matter who assassinated the prince or killed Chu Di, we must catch the murderer within 24 hours at all costs."

The emperor sat high in the hall, furious and cold.

"Yes

The following officials were ordered to do so one after another, and then they went back to prepare.

It's too bad that a prince should be killed.

If the royal family doesn't arrest the murderer or punish him severely, doesn't it mean that he can kill any royal prince in the future?

Therefore, it is absolutely necessary to put an end to this kind of thing, and it can never be tolerated.

With the anger of the emperor, in a flash, the whole city became tense again.

Countless military and defense experts have set out to search the city under martial law.

This time, the strength is more terrible than the previous one.

The city of kings, in a huge mansion.

The second, third and fourth of the Dark Alliance are all here. Even the young people who had a good relationship with Chu Di were here.

However, at this time, the young people in the brocade robes were not qualified to sit down.

"What's the matter? Wang Fan came to the provincial capital and killed the prince of Chu Dynasty in the name of my son of the Dark Alliance?"

The second one of the Dark Alliance, with a gloomy face, looks a little ugly.

"Yes, now it seems that it is." Now, one of the early strong men of xianzun bows to answer.

"That Wang fan is really brave. Unexpectedly, he came to the King City of Chu Dynasty. What does he want to do? Does he want to provoke the conflict between the Dark Alliance and the Chu dynasty? "

The third one of the Dark Alliance has a bad face.

Originally, they sent out the news that Wang Fan was the son of the Dark Alliance. They wanted to take a fancy to Wang Fan's talent, want Wang Fan to be despised by thousands of people, and the four forces had no place to live. Finally, they were forced to join the Dark Alliance.

However, they did not expect that Wang Fan did not join the Dark Alliance. Instead, he used the identity of the son of the Dark Alliance to kill Prince Chu di.

Although the emperor of the Chu Dynasty and the leaders of the Dark Alliance knew that Wang Fan was not the son of the Dark Alliance, the monks below didn't know.

In this case, those monks who do not know the truth will be hostile to the Dark Alliance, and then lead to conflicts.

Don't underestimate those ordinary friars. If they unite, they are also a terrible force.

Popular support is also very important.

If all the monks of Chu Dynasty were hostile to his dark alliance, could his dark alliance still have a foothold in the King City?

Obviously not.

"Since such a thing has happened, I am not a member of the Dark Alliance. Immediately send someone to search for Wang Fan. If you find it, you must get it back. "

"This son is really vicious, cruel, cunning and treacherous. He is so insidious and insidious."

The second one said angrily.

"Yes

There's someone down there, and they're leaving.

The young people in jinpao are thoughtful.

Chu Di met with him and died in Wang Fan's hands not long after he left.

Is this a coincidence, or is it intentional?

Is it because Wang Fan heard that they were going to deal with the disciples of Wangyue palace?

The young man in jinpao was puzzled, but he didn't say much.

As the third descendant of the Dark Alliance, he naturally has his pride.

Moreover, his cultivation has reached the initial stage of immortal worship, so he is not afraid of Wang Fan at all.

In a word, after the Dark Alliance joined the army of secretly searching for Wang Fan, the atmosphere of the whole King City was even more oppressive.

Even many monks no longer dare to go out easily, for fear of falling into a whirlpool.

Chapter 3478

After killing Chu Di, Wang Fan went directly to the residence where Chu Di met with the young man of the Royal robe.

In his view, the mansion is the place of the Dark Alliance, where the danger should be relatively small.

Just as Wang Fan approached the mansion, he noticed that several people had come out of it.

"It's really bad luck. I didn't expect that Wang Fan was so bold that he dared to kill the prince of Chu Dynasty in the royal city."

One side to go out, while very uncomfortable said.

"Hum, what is this? When people killed Chu flute, they still used the identity of the son of the Dark Alliance. This is simply provoking the conflict between us and the Chu Dynasty."

Another said.

"You two, don't say any more. Let's hurry and go after Wang Fan. Otherwise, once he kills a few more people, our dark alliance will have to withdraw from the King City. "

Another frowned and said.

These three people, two of them are on the ninth floor of Xianwang and one of them is on the first floor of xianzun.

They were all wrapped up in black robes, only showing a pale face, looking bloodless, extremely infiltrating.

Wang Fan, who was hiding in the dark, could not help frowning slightly when he heard their conversation. "Is it difficult, the Dark Alliance has also felt the pressure to search for me all over the city?"

"In this way, I'm afraid the mansion will be unsafe. Once someone from the royal family comes, the Dark Alliance will definitely let them in for search in order to avoid suspicion. "

Wang Fan murmured to himself, followed by the three men in the cave.

Wang Fan's realm may not be as good as that of the immortal in his early days, but his perception of the great way and his spiritual power are much better than that of the immortal in his early days.

So, even if Wang Fan followed them, they didn't notice at all.

This is the benefit of mental strength.

Of course, Wang Fan's means of concealing breath also played a crucial role.

Naturally, these three people dare not go out to look for Wang Fan. After all, the identity Wang fan used to kill Chu Di is the son of the Dark Alliance.

In this case, if they appear aboveboard, they will certainly cause unnecessary trouble.

Three people walk through the streets, in those places where the flow of people is scarce, they begin to look for them.

In less than two hours, they had already found a small part of the city.

Not only that, Wang Fan in the way of tracking them, but also found that other dark alliance people are looking for him.

Even those who are good at camouflage of the Dark Alliance disguised as ordinary friars, hid in those ordinary friars and began to look for investigation.

It can be seen that the means of the Dark Alliance are more terrible than that of the royal family, which can be called all pervasive.

After following the three men for more than half an hour, Wang Fan didn't have the heart to follow them. He decided to kill them.

If he killed the Royal Prince first and then Tianjiao in the Dark Alliance as the son of the Dark Alliance, he might be able to rectify his name and clear his reputation.

Of course, it is not easy for Wang Fan to kill these three people.

Especially that immortal Zun, if he doesn't hit, the other party will probably go away.

After all, it's immortal, and Wang Fan's cultivation is only the fourth level of Immortal King. There is still a big gap.

Therefore, Wang Fan did not act rashly, but adjusted his state while looking for the opportunity to make a move. He could never give the immortal a chance to react.

At a certain moment, the three people went into a remote street again. After searching for something and finding nothing, they stopped.

For such a long time, they didn't get anything, and they were very upset.

For them, it's a waste of time.

"I really don't know where Wang fan is hiding. All the people of the Dark Alliance and the Chu Dynasty are out, but we can't find his trace."

"In my opinion, Wang Fan must be good at changing appearance, and even good at camouflage. Otherwise, there would be no news at all."

"Is it difficult? We have to check all the friars in the city one by one. When will we have to check?"

Three people you a word I a language, all appear very is not happy.

After all, if you check all the monks in the King City, the project will be big. Even the Chu Dynasty can't find Wang Fan.

Unless we say that the top immortal comes out.

But what are the identities of the top immortals?

They have too little time to practice. If it's not an absolute event, who would do such a thing?

It's a surrender.

After all, Wang fan is only in the middle of the fairy King period, and he has just stepped into the middle of the fairy King period. How can these mole ants come out easily?

Wang fan saw the three people stop and knew his chance had come.

His whole body fairy yuan in an instant surging, the next second, has already cast space big move disappeared in situ. At the same time, he had seized the killing short gun in his hand, which directly triggered the internal prohibition.

Wang Fan's sudden action, the two fairy King peaks, did not even feel the danger.

But the immortal monk's face changed in an instant.

"Be careful!"

He gave a loud drink and began to retreat.

Almost at the moment when he retreated, Wang Fan had already appeared in front of him, and then the overwhelming red spears rolled towards him.

"To die!" Seeing this, the monk xianzun was very angry. With a loud drink, his palms danced, and hundreds of palms burst out in an instant.

The palmprint all over the sky collided with the red spear awn, making a huge noise, and countless spear awn and palmprint were smashed.

But, even so, there are still countless red spears, continue to toward the xianzun a layer of the past.

After all, Wang Fan's shot was ready, but the monk xianzun resisted it in a hurry.

Wang fan is using the killing move again, where can he resist.

Just for a moment, the red spears all over the sky had already submerged the immortal's body, tearing out countless blood mist on his body.

The monk xianzun was blown out and fell to the ground heavily. He was full of wounds and blood.

But he didn't die.

His powerful physique and vigorous Qi of Xianyuan offset most of his power, causing him to be seriously injured.

"You, are you wang fan?" The immortal's eyelids leaped wildly, and he burst out in anger.

But Wang Fan didn't say a word of nonsense. His killing pistol trembled and he killed the immortal once more.

Whoa, whoa, whoa!

In an instant, the gun awn all over the sky had torn his body again and completely killed him.

At the moment before his death, the immortal appeared unwilling in his eyes.

He didn't expect that Wang fan should be so decisive that he didn't give him any time to breathe.

As long as Wang Fan gives him two more breaths, no, even one more breath, he will not be killed without any resistance.

Unfortunately, let alone give him a breath, Wang Fan didn't even give him half a breath.

Looking at this scene, the other two fairy King peak, finally returned to God, all looked at Wang Fan in horror.

"Wang, Wang Fan?" Their hearts are shaking violently, and they are crazy to stir up Xianyuan in their bodies.

As strong as that immortal, they were killed by Wang Fan. How could they be rivals?

Despair!

Desperate!

Wang Fan also did not talk nonsense with the two fairy kings. As soon as his body flashed, he planned to kill them directly.

But at this time, his face suddenly changed, then suddenly turned, quickly left here.

At the time of leaving, with the fastest speed, he engraved "shizizhu" on the ground with his sword.

Chapter 3479

Whoosh, whoosh.

Not long after Wang Fan left, another three black robed men appeared here.

Looking at their dress, it's obvious that they are the friars of the Dark Alliance again.

These three friars of the Dark Alliance are all on the first floor of xianzun. They are extremely powerful.

If not, Wang Fan could not choose to escape at the first time.

"Wang Fan? He shows up here? "

"What a dare Wang Fan to kill my dark alliance disciple."

The three friars of the Dark Alliance looked at the dead immortal on the ground, and then looked at the word "shizizhu" on the other side, and made a gnashing voice.

The other two monks of the ninth floor of the Immortal King also came back to God and were greatly relieved.

They quickly pointed to the direction of Wang Fan's departure and said, "he has just left for a short time. Hurry to chase him."

Three people hear this words, don't hesitate, flash body then toward Wang Fan disappear of direction chase past.

It's just, half an hour later, they're stupid.

Because they didn't find Wang Fan at all.

Let alone the shadow of Wang Fan, even the slightest breath and spatial fluctuations are not aware of.

At this time, another dark lane, a young man is walking fast.

His speed is extremely fast, every step out, can cross the distance of nearly 100 meters, just a few flashes, disappeared in place.

The most shocking thing is that even if he walked so fast, his breath converged to a near perfect level. If he didn't have enough mental strength, he would not feel it at all.

Not only that, if the spiritual power is not strong enough, even if the spiritual power sweeps over, we can't feel his existence at all.

This man is no other than Wang Fan.

Previously, he was the three Dark Alliance immortal zuns who had been moved several times in succession.

Of course, it's also lucky that the other person's cultivation is the first level of xianzun. If xianzun is the second level or higher, he would not be so relaxed if he wanted to leave.

At the moment, Wang fan is walking fast while thinking about countermeasures.

A bold plan has been slowly taking shape in his mind.

That is, to fight against the Dark Alliance.

Those people of the Dark Alliance dare not go to the busy main streets, but only dare to move in these remote areas.

It's an opportunity for him.

Think of here, Wang Fan while walking, while the crazy release of the spirit, looking for the existence of the Dark Alliance friars.

Of course, he didn't dare to touch friars xianzun easily, so he had to go to those friars Xianwang to kill them.

Just less than half an hour, Wang Fan was aware of the existence of the two immortal kings.

Aware of these two people, he did not hesitate, straight body a flash, toward each other's direction ran in the past.

In an alley, two Dark Alliance friars wrapped in black robes are running.

At a certain moment, their faces suddenly changed and they felt a sense of depression.

"Who is it?"

They stopped almost at the same time and looked ahead.

A young man came out slowly.

Looking at the young man who went out, a chill appeared in their hearts.

One of them jumped his eyelids and subconsciously said, "you, are you wang fan?"

Wang Fan didn't speak. He drew his sword and killed them.

The two men's faces changed greatly. As they retreated crazily, they planned to grab the communication bead to deliver the message.

Unfortunately, soon they were frightened to find that this small space was equipped with shielding array and forbidden air array.

Their news can't get out at all.

Don't say it's news, even if it's the fluctuation of the fighting here, it can't get out at all.

Whoosh!

Wang Fan's fairy realm was released crazily, and just for a moment, they had already covered their bodies.

The next second, the long sword in his hand had turned into countless sword lights and stabbed them straight.

Looking at this scene, the two immortal kings all over released endless blood. The blood formed a series of monsters and beasts, which opened their mouths and devoured Wang Fan.

But after Wang Fan's sword went down, the demon Python and monster had been smashed instantly.

Crackling sound resounded, thunder appeared on Wang Fan's sword, and in a flash, they hit their bodies.

Boom!

Under the powerful sword force, their bodies were blown away, and then fell heavily on the ground.

Wang Fan coldly glanced at the two dead people, directly engraved a "shizizhu" on them with his sword, and then left.

Wang Fan had suffered a loss, so when he killed them this time, he took the lead in arranging the shielding and forbidden air formation.

Only in this way can we ensure his safety to the maximum extent, and it is not easy to be surrounded. Next, Wang fan is like a ghost, constantly killing in those remote alleys.

In less than two hours, eighteen Dark Alliance friars died under Wang Fan's sword.

Among the 15 dead friars of the Dark Alliance, there were two immortals.

At first, Wang Fan just arranged the array to attack and kill. Later, he put on a black robe of the Dark Alliance and began to hunt.

Soon, the arrogant of the Dark Alliance knew that Wang Fan was hunting the Dark Alliance.

Not only that, even some monks outside knew about it.

"What? Wang fan is hunting the friars of the Dark Alliance? Isn't he the son of the Dark Alliance? Why hunt the friars of the Dark Alliance? "

"Wang Fan just killed Prince Chu Di, and now he kills the friars of the Dark Alliance? Do you think the man who assassinated the prince is also him

"In my opinion, Wang fan is definitely not the son of the Dark Alliance. Otherwise, why is he so crazy to hunt and kill the friars of the Dark Alliance? Now, there are 15 talents of the Dark Alliance who have been killed, including two immortals."

"Wang fan is really terrible, but according to you, he doesn't seem to be the son of the Dark Alliance. Most of what happened at the beginning was really a rumor. "

With the spread of Wang Fan's hunting of the Dark Alliance, and after continuous fermentation, many people have guessed that Wang fan is not the son of the Dark Alliance at all.

As for the high-level side of the Dark Alliance, after knowing this, they were furious.

The eighth of the Dark Alliance went out in person and joined in the capture of Wang Fan.

Just Wang Fan, just a monk of fairy king, dare to hunt and kill the people of his dark alliance. It's just unreasonable.

If you don't tear this boy to pieces, the face of the Dark Alliance will be lost.

When the eighth statue of the Dark Alliance came out, Wang Fan did not continue to kill the friars of the Dark Alliance. Instead, he changed his clothes and went to a restaurant.

He has killed 15 people, which is almost enough. If he continues to kill, there will probably be an accident.

Wang Fan didn't practice for one day or two. Naturally he knew this truth.

So he left the remote alley and went to the restaurant.

This restaurant is close to the Lin family. He chose it because he had been to the Lin family.

At that time, in case of the risk of identity exposure, he can sneak into the Lin family for refuge at the first time.

Of course, Wang Fan will not go to the Lin family until he has to.

He wants to explore the situation in this restaurant first, and then see if there is any way to leave the King City of Chu Dynasty.

Chapter 3480

Wang Fan sat in the restaurant, through the conversation of others, learned that the King City was indeed under martial law.

The royal family of Chu Dynasty not only stationed countless experts at the gate of the city, but also opened the city protection array of the King City.

In this case, let alone Wang Fan, who is just a monk on the fourth floor of the fairy king, even the nine great masters of the dark alliance may not be able to break out.

You know, the Chu Dynasty has a history of hundreds of years.

After hundreds of years of operation, ordinary people can't imagine how powerful its city protection array is.

If even the top of the five forces can easily break the battle, then the city protection battle of Chu Dynasty is a joke.

Just like when the people of the Royal Palace killed Wangyue palace, the great battle of Wangyue palace was opened, so the people of the Royal Palace couldn't get in and break the battle.

Wang Fan listened to those people's comments, and his heart was quite dignified.

Although he is in the Royal City, as long as he is careful, he can't be found out at all.

After all, the royal city is too big, and there are many monks.

Unless we say that the most powerful people are able to do something and investigate the friars one by one, it's like looking for a needle in a haystack to find out him.

However, there must be risks in staying in Wangcheng.

The most important thing is that Wang Fan heard that a group of disciples of Wangyue palace wanted to go down the mountain, and the people of the Dark Alliance decided to do it.

In this case, he naturally wants to go to the rescue.

Although he hasn't been in Wangyue palace for a long time, he feels very good about it, especially Yan yueluo, Yin Guiyi and others.

So he can't watch the Wangyue palace disciples have an accident, and he can't know that the dark alliance wants to deal with the Wangyue palace disciples, but he doesn't do anything.

Of course, the most talked about restaurant is Wang Fan's hunting of Dark Alliance disciples and whether Wang fan is the son of the Dark Alliance.

Some friars said that the reason why Wang Fan hunted those friars of the Dark Alliance was to confuse people.

Others say that Wang fan is not the son of the Dark Alliance at all, otherwise he would not do that at all.

In a word, there are different opinions about Wang Fan's identity as the son of the Dark Alliance, but it is not once one-sided.

Because at the beginning, everyone thought that Wang Fan was the son of the Dark Alliance.

Wang Fan was not worried when he heard the comments.

He just hunted and killed 15 Dark Alliance disciples to create such repercussions. He was very satisfied.

Next, as long as he kills more people, his identity as the son of the Dark Alliance will be broken.

Of course, the premise is to find a good opportunity to kill the Dark Alliance disciples, and not be blocked by the experts.

Otherwise, it is not for their own name, but to die.

"By the way, have you heard of him?"

"When the prince was beheaded, he became very angry. Especially after he heard that Wang Fan appeared in the king's city, he said frankly that it was Wang Fan who assassinated him at the beginning."

"Not only that, the prince has planned to deal with the people in the Moon Palace himself."

At this time, a voice suddenly attracted Wang Fan's attention.

Wang Fan immediately converged and listened carefully.

"Of course I've heard about it. It's said that a group of disciples of Wangyue Palace are going out. The prince plans to arrest them and force Wang Fan to come forward."

"I have to say that the prince has lost a lot of people and even has a huge impact on his reputation."

"It is said that because of that, many powerful officials have followed him and doubted his strength and ability. In this case, he naturally wants to seek justice for himself."

"Who said it was not? Tianyuelou Huiwu was run by the prince himself, but in the end, he was assassinated and even lost a right prime minister's successor. What a slap in the face."

"Hey, that Wang fan is really cunning, but according to my estimation, it's difficult for the royal family to find him. Otherwise, the prince will not want to use the Wangyue palace disciples to force Wang Fan to show up. "

The discussion there is still going on, but Wang Fan's brow can't help wrinkling.

He didn't expect that even the prince was going to deal with the disciples of Wangyue palace.

Wang Fan's eyes narrowed and became cold, but he had a plan in his heart.

When the prince goes out of the city, the great battle of protecting the city should be opened, right?

Can he take advantage of this opportunity to escape from the King City?

Although it is dangerous to do so, it is also a good opportunity.

After all, when the prince goes out of the city, he must be escorted by experts. In this case, he will not be embarrassed by those experts at the gate of the city.

As long as he is careful, it is not impossible for him to go out with him.

Thinking of this, Wang Fan didn't hesitate. After checking out directly, he left the restaurant and went to the exit of Wangcheng.

Now, the whole King City is full of people coming and going, with countless monks. After all, only to give up, not to let in, naturally leads to more people in Wangcheng, and the flow of people is also greater.

Wang Fan mingled in the crowd, not anxious, not slow, and not conspicuous at all.

When he was still a hundred miles away from the King City, he clearly felt that countless spiritual forces had fallen on him, which was obviously an examination.

But there was no change in his face, as if he had not been aware of it at all, and he did not show any confusion.

Now, for him, the most taboo is self disorder. Once he self disorder, it is not far from death.

Wang Fan went on all the way. He didn't stop until he was 50 miles away from the exit of Wangcheng. He found a teahouse and went in.

He ordered two cups of Xianling tea, then began to wait while drinking it.

In this position, he has been able to clearly detect the situation beyond the city gate.

Over there, it can be said that the defense is very strict. Not to mention the friars of Xianwang, there are at least 100 friars in the early days of xianzun.

Even in the middle period of xianzun, there were twelve monks, and one in the later period of xianzun.

With such a huge lineup, plus the city guard array, let alone Wang Fan, even the first one of the Dark Alliance, it is estimated that it is difficult to break out.

After all, once he is entangled, the royal family's top power will be able to come here to support him in a short time.

In this case, Wang Fan naturally can not act rashly, he waited for the arrival of the prince.

Since the prince is going to leave the city, he will definitely come.

As time goes by, an hour has passed.

Wang Fan sat in the teahouse, drinking Xianling tea, and seemed very patient.

At a certain moment, finally, Wang Fan's eyes lit up, he saw the prince's chariot arrived.

The crown prince's chariot is made of gold, which is extremely luxurious.

And the chariot is also very big, it can be called a moving hall.

Through the occasionally raised curtain, Wang fan can clearly see that not only the prince is in it, but also many enchanting women are dancing with attractive dancing posture.

Outside the chariot, there were four guards, all of whom were in the middle period of xianzun.

Just four people can make many people shy away.

At least, if Wang Fan dares to appear and assassinate this kind of lineup, he will definitely die.
