

MIGHTY SK 351

Chapter 351

Wang Fan's face darkened.

He did not expect that the surname Qi should be so arrogant, directly sent people to Sanlin city to catch Lin Shiya.

If it wasn't for this happened to him, and if it wasn't for these people's difficulties in the capital, Wang Fan didn't dare to imagine the consequences.

"Why do you arrest my sister?" Short of dull, Xiaohua cried and screamed, "my sister has suffered enough, why do you want to embarrass her?"

"Please, don't irritate my sister, give her a way to live!" Xiaohua cried hoarseness, and her voice was hoarse.

She managed to calm down her sister. If she let her sister have any idea of suicide because of this, she would be dead.

"The way of life?" The middle-aged man laughed, "I gave her a way to live. Who the hell gave me a way to live?"

He grabbed the gun and slapped it heavily on the table. His eyes were ferocious. "I tell you, I don't want to kill people or see blood today. You'd better not force me to do it

"Aren't you a seller? If I don't think you're dirty, I'll take you with me! "

Xiaohua's face turned pale and her body was about to fall.

She can stand any insult, but she can't stand to be exposed in front of her sister.

She didn't want to let her sister know that she was making money by working part-time to provide books for her sister.

"You, what do you say? I won't allow you to insult my sister." Originally some frightened Lin Shiya, hearing this, immediately couldn't stand it, pointed to the middle-aged man and roared.

"You can take me away, or you can insult me. I can stand it. Anyway, I'm not clean. But I will not allow you to insult my sister

"Insult your sister?" The middle-aged man laughed, "just like her, do I insult her?"

"You go to the three alleys of Yangxiang to inquire. Who doesn't know that she is a famous whore

there?"

"You don't have to think about it. Your tuition is so high. She is a woman. Besides selling, what can she offer you to study?"

The middle-aged man uncovers Xiaohua's scar mercilessly. It is obvious that he has made a thorough investigation of the two sisters.

Floret face more pale.

Lin Shiya's whole body collapsed as if she had exhausted her strength.

She really didn't want to believe it was true, but her sister's expression told her that it was true.

Tears like a river burst, she could not accept all this.

Wang Fan didn't want to have a direct conflict with these people, but now he can't stand it.

"Don't you think you're going too far? What is the ability to bully two girls? It's none of your business to make money by others? Did you steal it or rob it? "

"You are not welcome here. Please get out. Even if we can't feed the dog, we don't want to feed you the food on the table. "

Wang Fan's voice is merciless. Although it is calm, it seems to be full of great murderous spirit.

Lin Shiya raised her head in surprise. She didn't expect that in this case, even if Wang Fan didn't know how to protect himself, she would dare to stand up for their sisters.

"Too much? Bullying? Get out of here? Feed the dog? " As soon as the middle-aged man picked his eyebrows, Teng stood up and said, "what an arrogant boy, it's the first time I've been provoked like this for three years!"

When he said that, he suddenly grabbed the gun on the table and pointed it directly at Wang Fan's head, with a ferocious expression,

"what if I bullied them? What if I don't get out? He's a fool. You're blind to play hero saving beauty in front of me

The middle-aged man's eyes were ready to crack. "Believe it or not, I dare to blow your head and throw you out to feed the stray dog now?"

"No, No." Lin Shiya's face turned pale, and she quickly made a voice to stop it. She is very grateful for Wang Fan's bravery. She doesn't want to involve Wang Fan any more.

Xiao Hua's heart is also a click, for Wang Fan pinch sweat.

She doesn't understand why Wang Fan didn't make an early move. If Wang Fan had made an early move, these bastards would have been lying down long ago. Where is the chance to raise a gun?

Just now, Wang Fan's head is resisted by the muzzle of a gun, can he still turn over?

That's a gun!

"No Wang Fan's head was supported by a gun, and his eyes also flashed cold light, "I advise you to move the gun, otherwise you can't bear the consequences."

"Ha ha ha ha." Aosan laughed wildly and opened the insurance with a click, "what's the matter if I don't move? What are the consequences that I can't bear? "

"I've never seen you so afraid of death! Kneel down to me

While shouting wildly, he went to Wang Fan and stabbed Wang Fan in the head with the muzzle of a gun.

In Wang Fan's eyes, the murderer appeared, and his right elbow bumped forward. With a thump, three whole people fell to the ground, and the gun fell to the ground.

Wang Fan picked up the gun and stepped on it again!

Bang!

Come on!The whole gun was trampled by Wang Fan and pressed on aosan's head. It was bent and deformed, and aosan's head was broken.

"Ah! You want to die! " Boil three pain scream! Not only did he have no fear, but he became more ferocious and began to fight back on his deathbed!

Regardless of the pain, his eyes flashed a ferocious, his right hand suddenly into a fist, hit Wang Fan leg bone.

Wang Fan's eyes twinkled with disdain. As soon as he lifted his right leg, he let out a click. He broke his right arm and screamed.

At this time, boil three other two companions come back to God.

For the first time, they did not pounce on Wang Fan, but on sister Lin Shiya.

Obviously, their psychological quality is not generally high. Even if the boss is disabled, they still keep their sense and know how to take the initiative.

Unfortunately, although their plan is good, but in the face of a huge gap in strength, all means are ineffective.

Wang Fan sneered. His right leg fell down and broke his other hand again, making him unable to attack himself. Then he grabbed the soup from the table and buckled it out.

WOW!

Click!

The man who pours at Lin Shiya is buckled on his head by the hot soup, and immediately covers his face with a piercing scream.

He felt like he was going to be disfigured.

At the same time, Wang Fan grabs a chopstick and throws it at the man who pours at Xiaohua.

Hiss.

Chopsticks are just like darts, which penetrate the man's big hand that grabs Xiaohua and nails it into the wall.

The man also covered his hands and screamed.

He took a look at Wang Fan and then looked back at the chopsticks nailed in the wall. Finally, fear appeared in his eyes.

This is the hard stubble in the hard stubble, not the three of them can provoke.

Wang Fan grabs two chopsticks in his hand again, turns them and looks at the two men,

"take this rubbish on the ground and roll. Go back and tell Qi that Huaxia is not the place where he can show off his power. If you dare to fool around again, don't blame me for lifting his nest. "

The two men were humiliated, but they didn't dare to attack. They resisted the stabbing pain, raised the boil on the ground, turned around and left.

Just at the moment of getting out of the box, one of the men turned his head and said, "I will tell the commander the truth about what happened today, but could you tell me your name so that we can go back to the office?"

Obviously want revenge!

"Name? Ha ha ha ha Wang Fan laughed, "if you want revenge, just say it. Why cover it up? If Lao Tzu does not change his name when he goes, or his surname when he sits, it is the case that Bai Jiaqing is a tiger. "

Chapter 352

"White green tiger!"

The man said a word silently, and then helped aosan to leave.

Wang fan is a burst of shame.

I'm sorry, Bai Qinghu. It's strange that you provoked me at the beginning, and now let your dog bite my dog.

Wang Fan didn't name himself, not because he was afraid of commander Qi, but because he was afraid of commander Qi taking people around him.

Although Lin Shiya was surprised at how Wang Fan changed her name, she didn't ask much.

"Are you all right?" Wang Fan looked at sister Lin Shiya and asked with some apology. In a word, he brought all these things out.

"It's OK, it's OK. Thank you, Wang Shao."

Sister Lin Shiya quickly thanks.

They are grateful from the bottom of their hearts. Without Wang Fan, the fate of their sisters would not be better. It is inevitable that Lin Shiya will be taken away.

"You're welcome. That's what I should do. What's more, it's not sincere to say thank you. It's a lot of good for your body. "

Wang Fan half joked. On the one hand, it is to ease the feelings of the two sisters. On the other hand, it is to see Lin Shiya's reaction.

"Wang Shao, you are joking again." Xiaohua chuckled, "I'd like to make a personal commitment, but you don't like me."

Here, her voice stopped abruptly.

Then she remembered that her sister was by her side, and she let slip.

Lin Shiya listened to her sister's words, her eyes twinkled with sadness, but she didn't care.

She said bitterly, "Wang Shao, to tell you the truth, I can't agree with you even if you are so kind to me. But I know you're joking. You don't like me at all. "

"I've been insulted. I'm not clean anymore. Do you really want me and marry me? Don't hit me in the face. "

Speaking of the end, Lin Shiya's eyes are more gloomy. It is obvious that it is an indelible thorn for her.

Wang Fan felt more guilty, but his eyes were bright.

It seems that Lin Shiya doesn't have much antipathy towards herself. She just pays too much attention to that and the first time.

As long as she can change her mind, maybe she will attack the fortress, make up for her mistakes and let her out of the shadow.

Thinking of this, Wang Fan quickly said, "what's joking, what's not looking at you, what's beating your face, what kind of person am I?"

"Not clean? You think I care about that? Nowadays, as long as the two love each other, as long as they really love each other, as long as they are happy, who cares about that? "

Wang Fan said here, sweating in his heart. Although he didn't have the plot of young girl, he still cared about it.

After all, if a whore with ten thousand people wants to marry him, he will vomit. Only in this case, he had to comfort Lin Shiya.

Wang fan is still eloquent, said that said could not stop: "now married so many, how many couples are the first time?"

"As the saying goes, if you don't experience a few scum, how can you know the cruelty of society? Most women feed dogs for the first time."

"I've also heard that if you want to find a baby these days, you have to go to kindergarten, but you don't have to go to junior high school."

Wheezing.

Lin Shiya couldn't help laughing, "you are really interesting. Although I know you are comforting me, I still want to say thank you."

"I feel much better when you say that. It's just that you're right. For the first time, I really fed the dog. "

Wang Fan choked at the corner of his mouth. He wanted to slap himself in the face. He had nothing to say.

Floret's eyes are a little bit gloomy, but soon covered up. Step by step wrong, what happened has happened.

"What I said is true. What is consolation?" Wang Fan soon recovered and began to strike while the iron was hot. "My fair lady, you are so beautiful. It's normal for me to like you."

"I heard that you are still from the film academy, but you will be a big star in the future. At that time, I will have face and boasting capital, won't I? "

"My girlfriend is not only beautiful, but also a big star admired by thousands of people. It's amazing to think about that kind of scene."

"So, I'm going to take advantage of you not to be a big star, or you won't see me."

"Hooligans!" Lin Shiya spat at Wang Fan, but her eyes were soon gloomy. "I'm afraid the big star is out of business. I don't plan to go to school."

"How can that work?" Wang Fan's expression became serious, "in the prime of life, how can we not go to school?"? Are you worthy of what your sister has done for you? "

"Don't worry. I'll help you deal with any difficulties. I also have some contacts in the capital. I guarantee that no one will dare to chew your tongue again. "

The way Lin Shiya looks at Wang fan is different. If she doesn't drop out of school, she doesn't want to. She is just forced to have no choice.

Lin Shiya became a little bit excited. "Is that true? Are you really willing to help me? Can you help me with that? "She automatically avoided the topic of "girlfriend". She was a traditional girl, even if she was not there for the first time.

Although she is no longer disgusted with Wang Fan and even grateful, it is impossible to say that she will fall in love with Wang Fan in this way.

"That's true, of course. I never brag." Wang fan is very bullish said.

Lin Shiya looked at Wang Fan's self-confidence and suddenly felt relieved.

Floret's eyes are full of gratitude.

She knows that Wang Fan's sudden performance of such grandiosity and grandstanding is to help her sister out of the shadow.

The three left the restaurant after dinner.

Xiaohua wants to create opportunities for Wang Fan and his younger sister to get out of the shadow completely through Wang Fan, so she finds an excuse to leave.

Lin Shiya didn't object either. On the one hand, she really didn't dislike Wang Fan any more. On the other hand, she needs Wang Fan's help.

The two soon wandered in the street.

Wearing a white dress, Lin Shiya is as happy as a fairy, with three thousand green silk on her shoulders like a waterfall, bright eyes and white teeth, just like a fairy.

Coupled with her delicate expression, people can't help but want to love and care.

Two tender white legs are exposed, giving out attractive luster and shaking people's eyes. On her feet, there was a pair of sandals.

Ordinary dress, ordinary plain face, but still can not hide her unique charm, walking on the street like a scenery.

Lin Shiya tells others with the facts that as long as she is born beautiful, even if she is dressed in stalls, she can still shine.

Wang Fan looked at the fairy like girl, and then smelled the girl's natural body fragrance, which made him intoxicated.

Although Zhao Kuangshan is a bit of a scum, his eye power in the beauty pageant is not enough.

Wang Fan didn't go to pull the girl's hand, let alone around the girl's waist, so he followed in a regular way, and seemed very honest.

He is afraid of arousing the girl's antipathy.

Lin Shiya is also a little nervous. It's her first time to go shopping alone with the boy. She's a little excited and a little shy.

Is that what it's like to date?

She originally thought that Wang Fan would brazenly hold her small hand, and then hateful point, will hold her waist.

But she didn't expect that Wang Fan was honest and didn't cross the Leichi half step.

Chapter 353

Lin Shiya pouted her lips and was not very happy. Just now she said that she liked her, but now it seems that she is really deceiving.

If Wang Fan knew what Lin Shiya thought, he would definitely be killed. He just thought that Lin Shiya's character was traditional, and he was afraid of arousing disgust, but he didn't think it was self defeating.

"Sugar gourd, sugar gourd, sweet and crisp sugar gourd."

A cry came, Wang Fan's eyes brightened. Unconsciously, they have come to a snack street, selling everything.

"Shishi, why don't I buy you a string of sugar gourd? It looks delicious." Wang Fan gave 300 praises for his idea. Don't most young girls like it?

"Childish!" But who knows, Lin Shiya rolled his eyes, "how old am I, and I still eat sugar gourd?"

Wang Fan was a little depressed after he closed the door, but soon his eyes lit up again.

"Since you don't want to eat sugar gourd, then eat cotton candy. How loving and romantic is it?" He pointed to a marshmallow place in the distance and said.

Lin Shiya once again touched the bottom of her heart, some small palpitations, small shyness.

In fact, when Wang Fan said to eat sugar gourd, she was a little careful. She didn't give a good face just because she thought of Wang Fan's elm pimples and incomprehensible amorous feelings.

Looking at the round marshmallow like a peach heart, she could not help but began to swallow her saliva. She was about to nod her head and say yes, but Wang Fan suddenly began to howl:

"I remember a song that wasn't sung like this, Keke, ohho, you are my marshmallow, sweet dream, holding hands with each other, no one should let go."

While singing, Wang Fan holds Lin Shiya's hand.

Warm, soft and boneless.

Lin Shiya struggles subconsciously, with a black line on her face.

What a romantic mood, ruined by this guy's howling? It's a mess. The lyrics are wrong.

Wang fan saw Lin Shiya struggling a few times, and he was not struggling any more. He was very happy and quickly struck while the iron was hot. "Let's go, I'll buy you cotton candy."

Soon, Lin Shiya took a bunch of cotton candy and began to lick it.

With the pink and tender tongue exposed, Wang fan can't help but think of the afternoon when he was with Lin Shiya.

He indulged the girl, as if the girl as a princess, as far as possible to meet all her requirements.

Looking at the sweet smile on the girl's face, his mind suddenly relaxed a lot, and his sense of guilt also decreased a lot.

She is just like an elf, forgetting the pain, skipping and giggling. Wang fan can see that she is really happy.

In the evening, they walk out of a department store, hand in hand, just like a real couple.

Lin Shiya's eyes were completely dark, as if she had really forgotten that.

"Shishi, did you have a good time this afternoon?" When Wang fan saw that Lin Shiya was happy, he also felt very happy and couldn't help asking.

"Try to be strong." However, Lin Shiya rolled her eyes and gave such an answer.

Wang Fan opened his mouth wide, "is marshmallow delicious?"

"What can a three-year-old eat? You think I'm three, too? "

Wang Fan's mouth opened wider. "Is the sugar cake delicious?"

"It's too sweet. If you don't have to buy it and spend all the money, I won't eat it."

Wang Fan finally knows that it is a woman's privilege to be unreasonable.

He didn't expect that Lin Shiya, such a delicate and soft girl, would act like a coquettish girl and be so unreasonable.

Lin Shiya is unreasonable. She feels very happy, especially when she sees Wang Fan's depressed appearance. She is just a little embarrassed.

She was afraid that Wang Fan was really angry, and finally she softened down. "Oh, I'm kidding you. Don't be angry."

With that, she blinked her eyes, blushed and asked, "next, should we go to the cinema?"

Wang Fan opens his mouth again. Isn't this woman too deep in the play? But it's good for him.

"You're right! In fact, I was just about to say it. I didn't expect you to say it first. It can be seen that we really have a heart to heart. "

"Bah, who has a heart to heart with you? I don't care about you." Lin Shiya spat at Wang Fan, but his heart was very sweet.

She really likes this feeling.

These years, she is afraid to live up to her sister's expectations, has been studying hard, never thought about love.

She now knows that the feeling of love is so beautiful.

Looking at Wang Fan's well-defined face and thinking about Wang Fan's coming forward for their sisters at noon, she was suddenly moved.

Two people soon came to a cinema, Wang Fan let Lin Shiya sit down on the sofa, and then quickly went to buy tickets, to buy food and drink.

Lin Shiya looked at Wang Fan's back, and a happy smile came up at the corner of her mouth. More than ten minutes later, Wang Fan came back with two movie tickets and a bag of snacks and drinks.

Lin Shiya looked at Wang Fan, eyes suddenly a little sour, "you are very kind to me."

"Yes, yes, it's time. Let's go in."

"Good."

Lin Shiya nodded and took the ticket.

She took a look at the title, more moved, "I thought you would buy horror films, but it was love films, it seems that you are not bad enough."

"What do you mean?" Wang Fan has some doubts.

"Don't you have a chance to watch horror movies? I'm scared into your arms, and you can take advantage of it. " Lin Shiya said with a red face, these are what the dormitory sisters told her.

"What kind of person am I? Would I do that? " Wang Fan was very dissatisfied. "Besides, it's been a long time. What you said is out of date."

"Now girls are braver than boys, not to mention you from the film academy. Watching horror movies, maybe I'm scared to death. You're not scared at all. "

Wang Fan said, suddenly began to laugh: "love can not be the same, maybe to the depths of love, there are a few hot scenes, you can't help but throw yourself in the arms, even ask for a kiss."

"You die!" Lin Shiya was so angry that she began to fight Wang Fan with powder fist. She thought this guy was pure, but this guy was worse.

"Oh, I'm kidding. I'm kidding." Wang Fan side bear the girl's Pink fist attack, while apologizing, "I'm wrong is not it, my mouth, a careless, the heart to say."

Wheezing.

Lin Shiya laughs. This afternoon, she is used to Wang Fan's funny comparison.

But she was really happy.

"Thank you." Lin Shiya silently read three words in her heart, red face, like a lover, holding Wang Fan's arm.

Wang Fan looked at the scene, his face also showed a knowing smile.

He believed that in a few days, Lin Shiya would really forget it and walk out of the shadow.

"Ha ha, little doll, I finally found you. I've been looking for you so hard these days."

A harsh laughter came, and a very small and obscene old man came in from the outside in three or two steps.

He quickly walked up to Wang Fan and scanned them up and down. He laughed with a bad smile and said, "why, pick up girls? This girl is good. When did she hook up? By the way, what about the woman last time? "Dump it?"

Wang Fan's eyes narrowed. This crazy old man is as shameless as ever! With his inborn strength, it's really shameless to play with himself.

Lin Shiya's face was ugly. Did Wang Fan deceive her feelings? She can't take it!

Chapter 354

Crazy old man completely regardless of Wang Fan and Lin Shiya's face, still there gushing, "little girl, he's a liar, you can't be fooled by him!"

"He is from our village. If others don't understand him, don't I? In our village, he is not a good thing. "

"Fighting and sneaking around, not only peeping at the widow's bath, but also those young wives whose men are not dead."

"I just can't tell you what he did for three days and three nights."

Crazy old man talked a lot, and then looked at Wang Fan, "well, don't pull so much, you steal my things, is it time to return me?"

The voice of the crazy old man attracted a lot of people's attention, and the young people who watched the movie around also squinted at Wang Fan.

The man is jealous that Wang Fan has arched such a good dish as Lin Shiya, while the woman is angry at the slag man in her heart.

Lin Shiya was relieved.

She had seen that the crazy old man was lying.

Wang fan knows that he can't fight back. This old bastard is spoiling his reputation!

It's shameless of him to say that he stole the hundred year old green leaves!

"Uncle, can we stop making trouble?" Wang Fan quickly helped the old man, "I know I shouldn't tell Grandma you're going whoring."

"But can I be to blame? Grandma forced me to say it! Besides, grandma grabs you to kneel on the floor. It's also for your own good. "

"You say you are so old. If there is something wrong with you, how can grandma live?"

Wang Fan's expression was vivid. "Uncle, don't blame me. It's over, OK? I promise I won't tell you next time. Even if you really become a romantic, I will not care

People around a dull face, all look at the crazy old man.

Short, obscene, sharp eyes do not say, but also flicker from time to time, Wang Fan said is not impossible.

They feel that the picture is much more interesting than the movie. Some couples can't help but take out snacks and watch a good play while eating.

Lin Shiya is a little funny. She didn't expect Wang Fan to act with her. Looking at Wang Fan's vivid

expression, she doubted whether Wang Fan graduated from their school.

The crazy old man has some silly eyes. This little guy is a talent.

But soon, he became angry.

He is a congenital master. Wang Fan even said he was whoring and kneeling on the floor. This is an insult!

He no longer talks to Wang Fan, "little bastard, come out with me to calculate the general ledger. If you don't come out, the little girl will be in danger, hehe"

the crazy old man looks at Lin Shiya licking her lips, and then goes out directly.

He didn't want to talk to Wang Fan any more. He was afraid that he was not angry with Wang Fan, but with himself.

Wang Fan's eyes twinkled with a touch of cold light, patted Lin Shiya to show comfort, and followed him out without hesitation.

There's too much movement here, and he's just looking for a quiet place to solve the crazy old man. The most important thing is that the crazy old man's threat to Lin Shiya completely angered him.

They soon came to an alley outside the cinema. It was late and it was dark here. As long as they didn't make too much noise, no one would notice.

"Little doll, I haven't seen you for a few days. I'm so brave that I really follow you. It seems that you are sincere to the little girl

"Do you know how hard I've been looking for you, old man? I can't think day and night, I can't sleep at night. Close your eyes and you're all in my head. "

The crazy old man looked down at Wang Fan, just like looking at a mole ant, chattering.

Wang Fan just felt sick and quickly interrupted, "stop, stop, you don't say these disgusting nonsense, I want to vomit."

"Besides, I'm not brave enough to come out. It has nothing to do with whether I really care about that girl. I really don't pay attention to you."

"You must be looking for me so crazily for the sake of a hundred years of green leaves? It's a pity that I won't give you a hundred years of green leaves. You'll die of this heart. "

Wang Fan said impatiently.

"Hey, it seems that I haven't seen you for a few days. I'm not only very brave, but also have a good temper. Very good, very good, "

the crazy old man's eyes twinkled with a cold light, whew and flash to Wang Fan, a thin hand had been out, and grasped Wang Fan's neck.

"Since you are not honest, I have to offend the old man."

He wants to catch Wang fan like a chicken and let him know what is meant by the inborn power, which cannot be violated.

Wang Fan looked at the old man's arrogance and sneered.

He dodged the crazy old man's claws, and quickly lit his hands on the old man. Finally, his right hand caught the old man's neck and hung up like a chicken.

The crazy old man's eyes suddenly widened, and there was an incredible twinkle in his eyes.

He didn't expect that Wang Fan was so strong that he didn't see him for a few days. This is his strength. He immediately realized that the hundred year old green leaf must have been swallowed by Wang Fan. Although he was unwilling, he did not dare to show it at this time. It was important to protect his life.

"Master, master, don't kill me!"

He began to beg for mercy in horror.

"Master?" Wang Fan sneered, "didn't you call me little doll just now? I've become an elder so soon?"

Wang Fan said, slapping the crazy old man in the face, and finally kicking in his Dantian, "don't worry, I won't kill you, I will only waste you."

The crazy old man's face was dull.

This is the end he never dreamed of.

Wang Fan kicked the crazy old man into the garbage like a dead dog, and then left here.

He has no pity for the crazy old man. This guy almost killed him last time. It's a great gift for him not to kill the crazy old man.

In fact, Wang Fan did not have the strength of the crazy old man, but the crazy old man was too arrogant and arrogant, which gave Wang Fan a chance to gain power.

Wang Fan soon returned to the cinema. Lin Shiya, sitting on the sofa, saw Wang Fan coming back and quickly welcomed him up. "Are you OK, where's the old man?"

"I'm fine, the old man. I left him in the garbage. Let's get in. It's already started. " Wang fanru actually said, took Lin Shiya and went in.

"I hate it. I don't have a word of truth to tell you." Lin Shiya can't help stamping her feet.

Wang fan is speechless, but no one believes the truth.

They'll be seated soon, like lovers. The film is very good and touching. Rao is a talented student of the film academy like Lin Shiya, who was moved to a mess.

She showed her feelings and unconsciously leaned against Wang Fan's arms, holding him and began to sob.

Wang Fan was about to fall asleep, but he felt behind the scenes and suddenly woke up.

After waiting for a long time, welfare finally came.

He put one hand around Lin Shiya's warm body, while the other hand could not help feeling it along the skirt.

Lin Shiya didn't respond at first, but soon recovered.

She came out of the plot, shy and angry. If you turn on the light, you will find that her pretty face has become a monkey butt.

Wang Fan didn't know all this. He was still feeling it up.

I can't help it.

Chapter 355

"What are you doing?" Lin Shiya blushed. She could not help clamping her legs. Then she went up and felt there.

"No, nothing." Wang Fan was a little embarrassed and quickly pulled out his hand. It's a shame to be found.

For the next three days, Wang Fan stayed with Lin Shiya in Sanlin City, eating, drinking, playing and walking, but he didn't sleep with her.

Lin Shiya's mood is much better, as if really out of the shadow.

Wang Fan originally planned to go to Jiyan to have a look at Zhang Huo after taking Centennial green leaves, and then return to Jinzhou.

Only the appearance of Lin Shiya changed his journey.

On this day, Wang Fan was accompanying Lin Shiya to go shopping. Suddenly, a fluster came. Then Wang fan saw that five fierce men were chasing and chopping a young man.

In broad daylight, sharpening the sword, this is to kill!

The young man, who was chased and chopped, had several cuts on his body and was covered with blood, but he was still tenacious and was still trying to escape.

People around looked at the scene, panic back to both sides, even dare not look.

Wang Fan didn't want to meddle in his own business. He was afraid to scare Lin Shiya, and he took Lin Shiya to the side.

But the young man seemed to recognize Wang Fan, ran to Wang Fan desperately, and fell in front of Wang Fan with a plop.

"Wang Shao, help brother Huo. Brother Huo has been cut down."

"Brother fire?" Wang Fan frowned, quickly took out a pill and threw it into the young man's mouth, and asked, "which fire brother, Zhang fire?"

At this time, the five men had run to the young man, "Zhao Erniu, don't struggle, you must die today!"

"Don't talk about the lack of bullshit king. Even if the emperor Lao Tzu comes, he can't save you. Zhang Huo is just a third rate gang boss. He dares to rob a woman from our elder brother. He is looking for death! "

A big man grinned grimly and cut off the young man with a knife.

Another man also threatened, "get out! Do you want to die, too? Believe it or not? "

Lin Shiya screams in fright. She is an ordinary girl, who has ever experienced such a scene.

Wang Fan sneered and raised his foot twice.

The old man who used to wield a knife at the young man was kicked out, and the whole man was kicked down again and again.

The man who threatened was even worse. He was directly kicked in the chin by Wang Fan and fell to the ground.

"What's wrong with Zhang Huo. You don't have to worry. They don't dare to do anything with me here. "

Wang Fan looked at Zhao Erniu and said.

Zhao Erniu breathed deeply. He was about to tell the story. The other three men had come back to their senses.

"You want to die!"

They roared and waved their machetes, then they cut down on Wang Fanlin Shiya.

She is fierce and ruthless. She has no pity for Lin Shiya because she is a beautiful woman.

Wang Fan's eyes were cold and his legs were raised.

Two men were kicked to fly out, hit the wall and fell to the ground. The man who cut to Lin Shiya was even worse. All the sternum and hand bones were broken.

"If you don't want to die, go away. I don't have time to talk nonsense with you now. I dare to chop you and feed the dog again."

The five men shivered for a moment, and they didn't dare to talk nonsense any more and left here. But after they were 100 meters away from Wang Fan, a man turned back and left a threat.

"You wait, we black dragon Gang won't let you go!"

Wang Fan didn't pay attention to the threat of men at all.

He took the young man to the mall to change his clothes. Then he sat down with a KFC and asked why.

Originally, Wang Fan wanted to let Lin Shiya go back, but Lin Shiya didn't want to go back. Wang Fan could only let her follow.

Soon, Wang Fan understood the whole story.

Zhang Huo is because Zhang heting offended the black dragon gang.

The black dragon Gang is the largest force in Jiyan, and the eldest is the ruthless role in the ruthless role.

In the past, he wanted to catch up with Zhang's big tree and bleach himself, so he went to Zhang's to propose marriage to Zhang heting, who was about the same age. But Zhang Beicheng blew him out, and

Zhang Heting didn't give him a good face.

Du Long has always held a grudge against this, but because of Zhang's background, he has been suppressing it.

Now that Zhang's family has been destroyed, he is the first to stand up and try to get back the insult from Zhang Heting.

Three Dao will be a fart in Du Long's eyes, he didn't put it in his eyes at all.

He originally thought that as long as he put it forward, Zhang Huo would send Zhang Heting to bed like his grandson, but he never thought that Zhang Huo would dare to refuse.

So the two gangs began to fight.

In just a few days, the three sabres were cut down, and all the sites were lost. Zhang Huo, the eldest, hid in a panic after he was injured, and did not dare to take the lead at all.

Like a lost dog!

Zhao Erniu originally intended to run, but he didn't expect that he had just arrived at Sanlin when he was blocked by the people of the black dragon gang. So that's what happened.

Fortunately, he was lucky to meet Wang Fan, otherwise he would die today.

After Wang Fan heard this, he became very angry. Even if the black dragon Gang bullied people too much, he wanted to kill them all.

Let alone Zhang Heting, it has something to do with him. Even if it doesn't matter, with Zhang Huo's help, he won't stand by.

"Let's go to Jiyan now. I'd like to see what that dragon looks like and how it can be so arrogant."

"Thank you, Wang Shao. Thank you, Wang Shao." The young man stood up excitedly.

Wang Fan's strength is what he has seen with his own eyes. As long as Wang Fan makes a move, it is nothing but a black dragon gang.

"Shishi, I'm sorry. Zhang Huo has been kind to me. I want to repay you, so I can't accompany you. I'll come back after I've dealt with things over there, and then I'll take you to the capital. "

Wang Fan looks at Lin Shiya apologetically and says.

"It's OK, it's just, it's just, I want to go with you." Lin Shiya said suddenly, biting her teeth.

"Together?" Wang Fan some frown, but think of just a gangster, also agreed.

Instead of taking the black car, they rented a car and drove towards Jiyan.

More than two hours later, they entered the city of Gyan.

Just as the car had just entered the city, it was stopped by a group of fierce youths.

"Get off, get off!"

This group of young people stopped the car, arrogant and arrogant.

"Zhao Erniu, you are so brave that you dare to come back." one of the youths pointed to Zhao Erniu's spittle and said, his voice suddenly stopped.

He saw Lin Shiya and was shocked by her beauty.

He is such a wimp, he can't think of a word to describe Lin Shiya's beauty. All he knew was that he had never seen such a wonderful woman as Lin Shiya.

It's three points more beautiful than the stars on TV.

Young people Leng for a moment, instantly change face, "Hey, beauty, come to our Jiyan travel?"? We are in a bit of a mess in Jiyan. Why don't we stay in our hotel at night to ensure safety. "

"Zhao Erniu is just a waste. He can't protect you." As the young man said this, he was already in the mood.

Although there are countless fierce people coming to Jiyan recently, they can mix with Zhao Erniu. What kind of fierce people can they be? He didn't care at all.

Chapter 356

Click!

Bang!

Ah!

Several sounds came out almost at the same time, and the young man's face was ugly in an instant.

He clearly saw that the companion who had gone to catch Wang Fan had broken his arm in an instant and then hit the roof with his head.

Head broken and bleeding!

He forgot to catch Lin Shiya for a moment, but looked at Wang Fan.

He didn't expect that in this case, this young guy, like a college student, would dare to do it, and he was still so cruel.

At the same time, several other young people were completely dull and fell into a short silence.

Wang Fan kicked the young man away, got out of the car and walked towards the young man who was catching Lin Shiya.

"Are you going to provide us with accommodation?" Wang Fan approached slowly, and his powerful momentum deterred the audience.

"No, No." The young man shook his head subconsciously, but soon recovered.

They are members of the black dragon gang. Jiyang is their territory, and there are many of them now. There's no reason to be afraid of Wang Fan.

Thinking of this, his face became ferocious, "yes, I want to provide her with accommodation. What's the matter? Do you have any opinions?"

"Damn, if you dare to touch our black dragon Gang, you will die! Let's go together and kill him

The young man took the lead and rushed to Wang Fan.

"You're right. I do have an opinion." Wang Fan's eyes were cold, and he didn't even mean to dodge. When his left hand moved forward, he could not hold the young man forward, so his right hand turned into a slap.

Pa Pa Pa!

Clear and harsh voice resounded, everyone's face became dull.

It felt as if the youth didn't go up to deal with Wang Fan at all, but sent them up to slap Wang Fan.

Several other young people who came to watch the scene were slightly slow. At this time, Wang Fan had already kicked them ten meters away.

In Wang Fan's eyes, a group of swaggering thugs are no different from mole ants, and he has no time to talk with these people.

He wants to see Zhang Huo first, and then go to the black dragon Gang to meet the lone dragon.

If these people hadn't stopped his car and scared Lin Shiya, he would have been too lazy to find these people.

"Go back and tell the man named Dulong. Wash his neck and wait. I'll visit later."

Wang Fan left a word and went back to the car.

Zhao Er Niu wiped a sweat, quickly started the car to leave.

It took less than a minute from the time the car was stopped to the time it started. If it wasn't for the bloodstain on the roof and the young people who fell to the ground, no one would believe that the bloodshed had happened.

It was more than an hour after the crash, and the car drove to a dilapidated shantytown in the suburb, where the garbage was piled up and the smell was stinky, so the car could hardly drive in.

If Zhao Erniu had not brought him, he would not have believed that Zhang Huo would have shrunk in such a place.

From this, we can see that the strength of the black dragon Gang is so strong that Zhang Huo doesn't dare to stay in the city.

In a shabby house, Zhang Huo was lying on the bed, looking miserable.

His legs were suspended, with thick bandages and dried blood on them.

The bandage was also tied with a long hard board. Obviously, Zhang Huo never went to the hospital, let alone received professional treatment. They made a mess of it.

At this time, Zhang Huo's expression was a little gray, and he no longer had the spirit of that time.

His legs are broken now. After such a long time, he can't even go to the hospital. He will be disabled in the future.

How can a disabled man make a comeback? Let alone a comeback, even if we can survive, it's all a question.

If he hadn't had some expectations for the mysterious and powerful Wang Fan and wanted to take revenge on Dulong, he would have done it by himself.

"Brother Huo, I'm sorry. I'm the one who hurt you. You can rest assured that I will not dislike you. I will take care of you all my life. "

Zhang Heting is sitting at the head of the bed, holding Zhang Huo's hand, looking at Zhang Huo affectionately with guilt and love in her eyes.

She is a woman with a clear love hate relationship. Zhang Huo will not hesitate to offend Dulong for her sake. She has been deeply moved.

Even if Zhang Huo's original intention is to be afraid of failing Wang Fan's trust.

"Tingting, you don't have to blame yourself. I never blame you. I believe Wang Shao will come back to save me! As long as Wang Shao comes, he will take me to the black dragon Gang to get back this evil spirit! "

"Dulong deceives others too much. He has killed so many of my brothers that he is now like a lost dog. If I don't kill all his family, I will swear by fire that I will not be a human being!"

With the sound, Zhang Huoshen is more and more ferocious!

Wang Fan and his hatred for Dulong are his only motive force to survive! He talks about it several times a day.

If not for these two thoughts, he would have fallen."Well." Zhang Heting followed, but her eyes were a little gloomy. She knew that it was Zhang Huo's self consolation.

She is also clear about Wang Fan's power, but even if Wang fan is powerful, can he fight against a big gang by one person?

She has no confidence.

What's more, they don't know where Wang fan is now. How can they expect Wang Fan.

Only these words, she knew that she could not say, otherwise Zhang Huo even had no confidence to live.

"Brother fire, brother fire."

An excited voice suddenly came. With a bang, the door of the house was pushed open and Zhao Er Niu ran in.

"Er Niu, how did you come back? Do the people of Dulong keep Jiyan under martial law? You can't get out at all? There's no reason. How could he be so good at it? "

When Zhang Huo saw Zhao Erniu, his face changed immediately.

Zhao Erniu was one of his few cronies, who scattered out to escape for his life in order not to be caught

all at once.

But now, Zhao Erniu is back.

"No, it's not." Zhao Erniu took a breath, but just as he said two words, he was interrupted by Zhang Huo again,

"since it's not, why do you come back? Go, go! Do you want to see that we will be caught in one net? "

Zhang Huo clenched his fists and roared angrily: "don't you have any brain? Don't you know the situation of three swords? You are helping me to escape. You are only harming me to stay! "

Zhao Erniu opened his mouth and looked at Zhang Huo, speechless.

He just took a breath. The boss just came out like this. Do you want people to live?

However, his heart is full of moving.

There are not many big brothers like Zhang Huo who are affectionate and righteous, otherwise they would not go through fire and water for him.

"He didn't run away because he didn't have a brain, but because I came." A faint voice sounded, Wang Fan with Lin Shiya, pushed open the door and came in.

At the moment of opening the door, Wang Fan smelled a pungent smell, but he didn't care. He didn't even frown.

When Zhang Huo heard the sound, he turned to look at it.

When he saw Wang Fan, he was stunned for a moment, and then he laughed wildly: "hahaha, Wang Shao, I knew you would come back! Ha ha ha "

two lines of tears flow out, and he laughs heartbroken.

Chapter 357

When Wang fan saw Zhang Huo's tragic situation, his anger also swelled.

He thought that Zhang Huo would be miserable, and even thought that Zhang Huo would break his hands and feet. But when I saw it with my own eyes, it was still unacceptable.

Zhang Huo was regarded as Wang Fan's benefactor, but now he has been dragged down and become so miserable. It can be said that if Zhao Erniu didn't happen to appear, he didn't even know.

While Wang Fan felt guilty, he was furious.

"Wang Shao!"

"Wang Shao!"

Two Zhang fire confidants respectfully voice, Wang Fan waved your hand, and then toward Zhang fire.

"Wang Shao, I knew that you would come to help me, you would!" Zhang Huo looked at Wang Fan with tears in his eyes.

"Don't move. I'll treat you first." Wang Fan said, took out a pill and threw it into Zhang Huo's mouth, then pulled off the bandage and took down the wood.

Zhang heting and Zhang Huo's confidants want to stop, but they are stopped by Zhang Huo's eyes.

Zhang Huo knew that it was impossible for Wang Fan to harm him.

If Wang Fan wants to harm him, it's ok if he doesn't come. There's no need to add to the cake.

The bandage was torn off and the wooden board was taken off. A piece of fire belt hurt a lot, but he bit his teeth and carried it down without making a sound.

Wang Fan secretly praised, took out a silver needle and quickly pricked it up in his leg.

This fire is still a man. If he can't bear the pain, Wang Fan will be very painful no matter how much he can help him.

An hour later, Wang Fan took the needle and sat down, but Zhang Huo was excited.

He felt his legs warm and full of strength. Subconsciously lifted, even lifted, and no tingling and unnatural, just like never broken.

"Your legs are all right. Now it's no big problem to walk on the ground. It's just that you can't do too much exercise for ten days. "

Wang Fan said calmly.

Zhang Huo, who had been careful, got out of bed immediately after hearing Wang Fan's words.

After lying for such a long time, he felt sick when he saw that bed.

Looking at Zhang Huo walking back and forth on the ground, Zhang heting and Zhang Huo's confidants are shocked and open their mouths.

They know what a god man is.

"Zhang Huo, you have a rest here first, and I'll take revenge for you." Wang Fan didn't care about those blazing eyes, and then he planned to get up and leave.

He doesn't want to participate in the gratitude and resentment of those gangs. He just wants to help Zhang Huo get revenge, and then he doesn't care.

Although Zhang Huo is kind to him, he has his own bottom line.

"You? Alone?" Zhang Huo was a little shocked. Although he knew that Wang Fan was powerful, it was crazy for Wang Fan to take revenge alone.

Not only Zhang Huo, but also Zhang Heting and others think Wang fan is too crazy.

"Don't go." Lin Shiya is more nervous to seize Wang Fan's hand, now she has some attachment to Wang Fan, do not want to see Wang Fan dangerous.

"Don't worry, I'll be fine. You wait for me here, and I'll come back to pick you up soon." Wang Fan pinched Lin Shiya's face and said.

In front of so many people's face by Wang Fan, Lin Shiya blushed, but still worried, "I'm afraid."

"Be good, be obedient." Wang Fan interrupted Lin Shiya's words, "Zhang Heting, I'll give her to you for protection. Don't let her have an accident."

With that, Wang Fan left the room.

Zhang Huo and his party stared at Wang Fan's back, speechless for a long time.

Instead of driving, Wang Fan took a taxi.

Half an hour later, Wang Fan appeared alone in the black dragon gang.

These underworld elements are cancer, Wang Fan only disdains them.

If it wasn't Zhang Huo who helped him or his benefactor, he didn't want to deal with Zhang Huo at all.

"Who, stop." Before Wang Fan got close to him, several young men came running fiercely.

Wang Fan didn't even bother to say a word of nonsense. He banged his feet, and several young people flew out and bumped into the wall and couldn't get up again.

Wang fan keeps on walking and walks slowly.

A luxurious room.

Du long is drinking with two girls in his arms. The two girls are all big chested and buttocks up. Although they are not very beautiful, they are hot enough.

With a height of 1.9 meters and a weight of 300 Jin, Du long has a big arm and a round waist. Holding these two girls in his arms, he is a beautiful woman and a wild beast.

"Brother long, I can't stand it. Come on." The girl on the left side rubbed and whined to death.

The girl on the right is not willing to be outdone, so she says, "brother long, you are so powerful. People like you so much. Give it to them."

"Hey, hey." Du long shows two big yellow teeth and smiles. He tears the left woman's clothes with one hand and presses the right woman down with the other.

"Ouch." The woman who pressed down, however, didn't panic much. She was obviously used to it. "Newspaper!"

Just when Dulong wants to take the gun and gallop, a voice suddenly comes, and then a little brother runs in.

My younger brother looked at the scene in front of him, sweating straight down.

He didn't expect that he should disturb the good things of Dulong. If it's not good, it's going to kill his head.

Sure enough, there was a wolf like light in his eyes, and his face was completely gloomy.

He pointed to his younger brother, "give me a reason not to kill you! Otherwise, you will be cut off immediately and fed to the dog! "

Little brother shivered, scared directly knelt on the ground, he wiped his forehead cold sweat, flustered Zhang way, "someone killed outside come in, said it's black group!"

"The gang?" The only dragon is a Leng at first, then facial expression big change, "fight black group how hit me here, still have, how did I not receive a message?"

"How many of them have come and where are they now?" There was obvious panic in his eyes.

Although he has good strength and background, he still dare not confront the official.

When it comes to the violent machine of the state, even if he has a hundred heads, it's not enough.

Little brother's eyes flickered strange, swallowed saliva, "just, just a person, now has been to the backyard."

"What? Alone? " Du long pushed aside the two girls around him and stood up straight. His face was full of disbelief. "You said, one person hit the headquarters of my black dragon gang. What kind of anti black group did you say?"

He doesn't know whether he should be angry or laugh!

This is simply the fallacy of desolation!

"Yes." Little brother nodded.

"Damn it Dulong roared, "it's ridiculous that only one person dares to call the anti gangster group and kill our black dragon gang."

"Send someone to control him. Don't act rashly until I order you." Du long said, and immediately took out his cell phone to make a call.

Soon, his face became completely gloomy.

His informant told him that there was no anti gangster group at all, and it was mostly Dulong who was teased.

Dulong also called other bosses, and they all responded one after another. There was no so-called anti gangster group coming to him.

Chapter 358

"Damn, you dare to tease me, you want to die!" The only dragon roared, "send the order down, and drag the guy who beat the black group in with broken legs. I want to see what is sacred."

"Don't delay. I've come." As soon as the words of Dulong came down, Wang Fan came in with a faint voice.

Wang Fan's clothes were not a bit messy. It was like walking in a leisurely court.

He did not look at Wang Fan, but looked at the younger brother who followed Wang Fan,

"what are you doing to eat? How did you let him in? Can't you stop one of you hundreds of people? "

Du long is very angry, he didn't expect, just a person, intact into his room.

This is simply the fallacy of desolation. It is said that he has no need to mix up.

"He, he's too fast to stop." A little brother shivered back.

"Too fast to stop?" Du long was even more angry, "waste! A bunch of trash! Do you eat shit when I raise you? "

"Even if I have hundreds of dogs, is it better than you? At least, the dog can bark a few times

It's a slap in the face, and it's still a slap.

The younger brothers all bowed their heads and did not dare to look at Du long in the eyes, but they hated Wang Fan.

They just wait for the boss to give an order, and they rush up to chop Wang Fan, the culprit who makes them lose face, into pieces.

Wang Fan didn't speak, just looked at Dulong.

This dragon is really not simple. It's a perfect master the day after tomorrow.

The day after tomorrow, Wang Fan would not believe it if he didn't see it with his own eyes.

"You are the so-called anti gangster group?" Du long angrily rebukes his younger brother and turns to look at Wang Fan. "It's you who threaten to beat the black dragon Gang?"

"You're right. I'm the black dragon gang. I came here today to kill you black dragon gang."

Wang Fan nodded, then took out a certificate from his arms and threw it to Dulong.

The reason why he came here alone, without Zhang Huo and others, was to make his name right.

Moreover, if he comes alone, he can avoid causing panic among the public and involving unnecessary casualties.

Dulong subconsciously catches the certificate and looks at it. His eyes twinkle with surprise.

With his eyes, you can see at a glance that the certificate is true.

He did not expect that Wang Fan really had a special official background, and even had the privilege to kill under special circumstances.

In this way, Wang Fan said that he was an anti underworld group, which is totally in the past.

It's just that it's too ridiculous for Wang Fan to fight the black dragon Gang alone?

"Boy, it's not easy. There is such a background. It seems that you are not an ordinary person."

When Du long throws his certificate back to Wang Fan, he is not afraid, but deeply disdainful.

"Just, are you too arrogant to hit me alone? This is my Dulong territory. Have you thought about the consequences? "

"The consequences? What are the consequences? " Wang Fan laughed, "I am right, you are evil, but I have official background, do you dare to move me?"

"Moving me means that you are fighting against the country. Can you afford the consequences? If you don't want to die, just squat down with your head in your arms, and then follow me back to Fufa. Otherwise, you will be killed on the spot. "

Wang Fanyi just said, suddenly pulled out the gun he was wearing.

Looking at this scene, not to mention the Dulong smile, even those younger brothers smile.

Damn, is this Toby?

A man said to them that he would squat down with his head in his arms and ask them to follow him to Fufa. It's a funny scene.

Looking at Wang Fan's awe-inspiring appearance, Du long didn't know what to say. He didn't even know whether to be angry or to laugh.

He stared at Wang Fan coldly for a long time, and then said, "well, don't make trouble. It's not easy for you to live. I'll give you a way to live. Go back to wash and sleep early."

"Young people, don't rely on blood to do things. You need to use your brain. Don't take your own life by accident."

Dulong didn't know if anyone else knew that Wang Fan had come here, so he didn't dare to order Wang Fan to be killed easily.

Of course, if Wang Fan really wants to go to the dark, he will never be soft-hearted.

"What's wrong? Who's making trouble with you Wang Fan suddenly became violent. He held up his gun and said, "dare you threaten me? Roll down and squat down with your head in your arms

"Don't force me to shoot, and don't try to do it. I'm a policeman and you're a bandit. You can't afford the consequences of touching me!"

Cao he? This boy is not on the road!

Dulong's face was gloomy, but he didn't attack immediately. "I really don't want to move you. Don't give me face."

"According to my guess, you must be acting in private when you come to me. I think you'd better go back and ask your leaders first." "Ah." Wang Fan was surprised, "do you know that? You are too God! But it's not necessary to ask the leaders. I can handle you all by myself. "

Wang Fan's arrogance soared to the sky.

This time it's the turn of Dulong to be in a daze. Is this boy a tiger? Is he really acting in private?

He couldn't help asking, "do you know about the black dragon Gang

"No Wang Fan shook his head, "do you still need to tell others about such trifles?"

Dulong can see that this boy is a stupid guy with no brain. I really don't know how the certificate came from.

Maybe it's a dandy from a big family. He's used to being arrogant. Now he's out of his mind. With a certificate and a gun, he feels invincible.

Really? Funny!

"Why are you still in a daze? Why don't you squat down and force me to shoot?" Wang Fan just like a two Leng son, see alone Dragon don't move, again grin roar.

Dulong no longer has patience: "shoot, will you shoot? Boy, I'll give you one last chance to get out of here. I don't think it happened. "

"Otherwise, I'll order you to be killed at once! Damn it, you are blind when you put it on my head. "

"What, dare you threaten me?" Wang Fan was furious and shot at the dragon, but it hit the sky.

"Ha ha ha ha."

The boys burst into laughter.

The corner of his mouth is also choking a few times, angry smile, "since you want to die, then I'll help you, together, I chop him to death!"

In a moment, Du long was extremely violent: "cut the dog to death, and feed the dog! I don't know what's going on. I want him to know the cruelty of this society! "

"Damn, with a broken book and a broken gun, I dare to threaten to kill my Dulong. I really want to die!"

Those who have already been unable to bear the little brother get the order, the moment like a wolf to rush towards Wang Fan!

Evil spirits and evil spirits, murderous!

In their eyes, there was only undisguised ferocity and cruelty, and no fear of Wang Fan's identity.

Chapter 359

"What? Cut to death? Cut it off and feed it to the dog? Broken book, broken gun? How dare you, Dulong

Wang Fan jumped up and said, "this is a provocation to me, a provocation to the whole state organ! I've recorded what you said just now. Believe it or not, I can kill you on the spot with these words? "

Wang Fan said, hand movement is non-stop, hand is five gun!

Come on, come on, come on!

Smoke from the muzzle of the gun, five young people rushed forward were shot in the thigh and fell to the ground, bleeding.

The gun is accurate, the bullet is not in vain!

They stare at Wang Fan in shock, with incredible eyes.

They didn't expect that Wang Fan, who had been in such a mess before, was now so accurate.

The rest of the younger brother looked at the muzzle of the gun, which was still smoking. Subconsciously, he stopped, not on it, not on it.

They are subordinate to Dulong, but they are not dead men. No one wants to make fun of their lives.

Wang fan can accurately shoot his partner in the thigh this time, and he can shoot all the bullets in vain. Next time, he may accurately shoot the bullet into their head.

"What? Scared? Don't you dare? Come on! You're here! I'd like to see if it's you or me

Wang Fan brow pick, a change in the previous image, become murderous!

"Good boy, I didn't expect you to have a good hand!" Du Long's eyes narrowed. "He even recorded a picture. It seems that he really can't keep you!"

He looked at those little brothers who were so scared that they trembled like cats. He was angry and angry. "You trash, get out of here. I'll let me kill him with three hundred dragon guards!"

If the younger brothers meet amnesty, they run out in a hurry, as if they want to have two more legs.

In a few seconds, more than a hundred young men with swords rushed in.

These people are full of a strong sense of killing, bloody and fierce, and their eyes are cold.

Obviously, there are no fewer people killed, and they are still dead.

If before, Dulong still wanted to let Wang Fan live, now he can't let Wang Fan leave here alive.

This grandson actually recorded everything just now. If he really took it out, how wonderful would it be?

In fact, he wanted to crush Wang Fan by himself, but he was always cautious, afraid that if he could not crush Wang Fan, he would be recorded again.

So for the sake of insurance, he sent out the dead.

He would rather lose a few dead men than risk himself, which shows how cautious this guy is.

"Dulong, it seems that you are really going to rebel! It's just a waste. If you dare to call yourself Longwei, don't smear the title of this tall man! "

Wang Fan looks at the so-called dragon guards who are carrying swords, and then listens to the arrogant words of Du long, and finally gets impatient.

This dragon is really lawless! We all know his identity and dare to threaten to kill him. It's damned!

The most important thing is that Wang Fan has got powerful video evidence, and now there is no need for hypocrisy and snake.

"Together, chop him to death!"

Dulong ignored Wang Fan's threats and provocations, and did not hesitate to give orders!

Since he has decided to kill Wang Fan, he will not procrastinate and settle down as soon as possible!

Hula!

Long Wei was ordered to kill Wang Fan. Without frowning, he rushed to Wang Fan bravely. The light of the sword flickered and the killing spirit was overwhelming!

"How dare you call it Longwei? Since you let them die, I'll help you! "

Wang Fan looks at these so-called dragon guards who are not afraid of death. There is only a sneer in his eyes.

His whole body rose up in an instant and met him crazily. He was like a dragon sailing out of the sea!

First, he kicked a dragon Wei, grabbed the long sword in his hand, and then waved it out.

Shua Shua!

Come on, come on!

The strong sound of breaking the wind sounded, and several dragon guards screamed and fell to the ground.

Their chest was cut out bloody knife, deep visible bone, flesh turned up.

More than a dozen dragon guards filled in the vacancy, but Wang Fan was not afraid at all.

The knife rises and falls, arms and legs flying!

The broken limbs and broken arms flew together, and blood rained in the air.

Local chicken and tile dog, vulnerable!

The ground is stained red by blood, and the air is corroded by the smell of blood. The whole conference room is like purgatory on earth!

In just a few seconds, more than half of the hundred dragon guards fell down, and they were no longer able to fight!

Fear!

Fear!

The rest of Longwei's heart flashed fear, full of incredible.

Du Long's face was also very gloomy, and his eyes were angry and bleeding.

He did not expect that Wang fan should be so strong abnormal, a few down so many Longwei, this is also too abnormal, right?

He thought that the loss of more than ten dragon guards would be enough to win Wang Fan, but now

the fact is that he slapped him in the face! At the same time, he also vaguely felt that Wang Fan's strength was no less than him, that is to say, Wang Fan had been playing pig and eating tiger before!

"Damn it Dulong angrily scolded, quickly took out his mobile phone, carefully sent out a text message, "Master Liu, Dulong for help, come quickly, thanks again!"

Come on, come on! Hiss, hiss, hiss!

The knife is still flashing!

Blood, still shooting!

In less than a minute, more than 100 dragon guards fell to the ground, either with stumps or broken legs, unable to stand up.

Dulong put away his mobile phone and looked at the scene. At the same time, he was angry and his scalp felt numb.

This just a few seconds, Wang Fan put down the remaining dragon Wei, this is too terrible, right?

Even if he was alone, he didn't have Wang Fan's means!

"Dulong, what else do you have to do or rely on? Just make it out, and I'll go on."

"I'd like to see how arrogant, domineering and capable your black dragon Gang is!"

Wang Fan's sword in the air, pointing at the dragon, momentum skyrocketing!

"Master of the world after tomorrow?" Du Long's face suddenly changed and suddenly calmed down. "Sir, if I remember correctly, it's not your turn to fight against the underworld?"

"Did I offend you? Do you think you can make a price and write it off? I'm willing to spend money to avoid disaster! "

Dulong's tone softened. As he spoke, he quietly turned on the recording and secretly summoned his gunners.

This guy is also very insidious. He bribes so blatantly that he obviously wants to kill Wang Fan.

If Wang Fan really has the idea of taking advantage of him, his previous video will be meaningless, and will be ignored by him.

As soon as Wang Fan raised his eyebrows, he felt clearly that at least forty or fifty people suddenly appeared behind the screen behind Du long.

He also had a faint smell of gunpowder.

Obviously, those people are all shooters!

Wang Fan sneers. Is this dragon really him? It's not a thing. He said that he would bribe himself, as if he wanted to make peace, but secretly he was making small moves everywhere.

Even if the words set a trap for themselves, but also made a shooter, which he is to rebel?

Chapter 360

"Ha ha, if you want to buy me off, you deserve it?" Wang Fan looked at Dulong, his eyes full of disdain, "don't say you can't pay the price at all, even if you can afford it, I can't see you."

Wang Fan said, take away the gun and discard the knife, then without warning, his hands suddenly shake, a bunch of toothpicks suddenly fly out.

He was already angry.

Whoosh, whoosh!

Toothpick pierced the air, accurately inserted behind the screen, a series of murmurs came out, all the shooters all throat wrist lottery, soft fall to the ground, life and death do not know.

"You want to die!" Dulong can't stand Wang Fan's arrogance any longer. He gets angry and pours at Wang Fan crazily!

"You are not the only one who is an ancient warrior, so is Lao Tzu." He roared madly, and the momentum of the day after tomorrow also broke out in an instant, earth shaking!

"I've tolerated you again and again, but you've provoked me again and again. If I don't kill you today, I can't get rid of my hatred!"

The Dragon roared wildly, and his body was full of endless murders.

He can't bear it any more. He wants to crush Wang Fan himself!

"Is it?" Wang Fan sneered. He didn't hesitate at all. He flashed to meet him.

He has long seen that Dulong is the master of the day after tomorrow, but he hasn't seen it yet.

Just one foot, Wang Fan disintegrated all the attacks of Dulong and stepped on him!

The second foot, Wang Fan has already stepped on him on the ground.

Vulnerable!

Although the strength of Dulong is good, compared with Wang Fan, it's too far away. It's as weak as paper paste.

Wang fan doesn't pay much attention to his innate ability. He is only a little successful after tomorrow. He is a fart.

Dulong's face was dull for a moment. He didn't expect that he was given a second by Wang Fan. Although he has overestimated Wang Fan as much as possible, now he finds that he has underestimated him.

He panicked instantly and began to sweat on his forehead. "Please forgive me, please."

As soon as Du long finished saying this, he saw Master Liu, who appeared at the door. His face suddenly became pleasantly surprised. "Master Liu, help me!"

Just, his words just say, Wang Fan already hey hey a smile, right foot ruthlessly stepped down.

"No!" Dragon soul flying soul scattered!

"Stop it Master Liu is more angry and roaring!"

But Wang Fan didn't pay any attention at all. He still stepped on it hard and didn't drag any water.

Boom!

With a loud noise, the Dragon spewed out several mouthfuls of blood essence, and his eyes became gray.

He did not expect that Wang Fan really abandoned him, or in front of the elder Liu.

So thorough!

Dulong gritted his teeth!

How he hates it!

How reconciled he is!

If master Liu had come a few minutes earlier, he would not have become like this!

"Son of a bitch, I told you to stop, didn't you hear me? You want to die! " Master Liu's face was very

gloomy, and the inborn strong burst out.

Wang Fan abandoned the dragon in front of him, which was a fierce provocation and slap in the face!

Wang Fan's face was startled and suddenly became dignified.

Master Liu, he is a master in the middle of his life!

However, he didn't show any fear on the surface, on the contrary, he still disdained, "if you tell me to stop, I'll stop. You're a fart! What's more, I moved my feet, but I didn't do it. Are you blind? "

Master Liu's nose is crooked.

Who is he? He has never seen such arrogance before. He has been Liu Yuanshan for a long time. He has never been provoked like this.

"Good, good!" Liu Yuanshan was very angry and laughed.

"What a fart, stupid thing!" Wang fan is to scold angrily, at the same time still one mouthful spit spurted to Liu elder.

Wang fan doesn't have much confidence in confronting the congenital middle stage, and he doesn't want to try.

He wants to find a way to completely enrage Liu Yuanshan, the old tortoise, and then look for opportunities.

With a slap, the spittle hit Liu Yuanshan's mouth, and he was almost swallowed.

Wang Fan felt sick.

Liu Yuanshan was angry.

Asshole!

What a jerk!

He's fuming with anger!

He is a strong man in the middle of his life. He has been repeatedly provoked by a mole ant and spit. How can he bear it?

Is this him? Is he an ancient warrior? It's worse than those hooligans!

Wiping away the blood, Liu Yuanshan subconsciously threatened again, "I'm going to kill"

"bah!"

He is saying, Wang Fan spit out again, this time accurately spit into his mouth.

"Ah, ah, ah." Rao Shi Liu Yuanshan is over 50 years old. He is so angry that he is going crazy.

"Ah, you are paralyzed, you want to kill me, you want to die." Wang Fan laughed and scolded, took out his gun and pulled the trigger. Come on, come on.

The gunfire was loud, abrupt and harsh.

However, Liu Yuanshan, as an inborn middle-term strong man, is too sensitive to danger and quick to respond.

Two bullets were easily dodged by him, only one bullet rubbed his scalp and raised blood stains.

Feeling the heat on his head, Liu Yuanshan was afraid, but his anger also expanded to the extreme.

Insidious cruel shameless despicable, he simply did not know how to describe Wang Fan this bastard.

He didn't say a word of rubbish any more, and rushed to Wang Fan.

He's going to scrap Wang Fan, cut him into a stick, and then carry it back to refining!

It's a pity that Wang Fan didn't explode Liu Yuanshan's head. Although disappointed, it is expected.

He didn't dare to neglect it, but met it crazily.

Soon, the two were fighting together.

Congenital middle, if not congenital early can be compared, Wang Fan feel some difficulty.

However, Wang Fan believes that the victory will eventually belong to him.

Liu Yuanshan is even more shocking.

Just a mole ant the day after tomorrow can even fight with him. If it wasn't for his personal experience, he would never believe it.

He even suspected that Wang Fan had hidden his strength.

"Old tortoise, look at the legs." Wang fan is extremely arrogant and shameless. He has no choice but to

raise his eggs, kick his crotch and spit.

Liu Yuanshan, who had been gradually calm, was so stimulated by Wang fan that he was angry again and wanted to lose his mind.

He had never seen such a shameless ancient warrior.

It's shameless of him!

But Wang Fan didn't care so much at all, he still went his own way.

At a certain moment, he seized the opportunity and slashed Liu Yuanshan's throat.

Liu Yuanshan covered his throat and felt dull for a moment.

He has been guarding against Wang Fan's gun, but never thought that Wang Fan's card was an invisible knife.

Rao is him. He didn't even see where the knife came from. Now it's hidden.

"I'm not willing!"

Liu Yuanshan bit out four words hoarsely and fell to the ground heavily.

A strong inborn middle, so fell in a small Gang, ironic, but it is a fact.

Dulong has been completely stupid. He didn't expect that senior Liu in the middle of the congenital period was not Wang Fan's opponent.

Wang Fan's terror really made him feel fear.

Wang Fan disdains to take a look at Du long, and goes forward to worry about trampling him completely. Then he uses his special background to dial the police station.

An hour later, the whole thing completely spread out and the whole Gyan vibrated again.

Countless people who had been bullied by the black dragon Gang set off firecrackers and even slaughtered chickens and sheep to celebrate.
