

Mighty Sk 3561

Chapter 3561

At this time, Yan mu, standing in the void, full of long hair and moving in the wind, was full of terror and killing, and was furious.

The mighty pressure fell on all the people. All the so-called arrogance fell to the ground and could not get up at all.

As for the three taishenzong strongmen, their faces were also extremely pale, and their Qi and blood were constantly churning, which made them feel out of breath.

Yanmu, it's really strong.

It's no accident that he can become famous in a short time.

"What do you mean, yanmu? My taishenzong taichuba was killed by Wang Fan in Wangyun palace. Is it reasonable for you to look at Wangyun palace? "

A strong man of taishenzong withstood the pressure, raised his head and glared at yanmu, and asked coldly.

He's really a bit subdued.

He is too God to believe that Tianjiao died miserably. They haven't had time to revenge, but yanmu has come in a fierce way. What's the reason?

Yanmu sneered, "Oh, was taichuba killed? Shouldn't he? Can't we just allow taichuba to kill my disciple Wang Fan, and not allow my disciple to fight back? "

The strong man of taishenzong was even more angry when he heard the words, "yanmu, don't spit out blood. Taichuba and Wang Fan have no grievances or hatred. How can they set up a bureau to kill him?"

Yanmu sneered, "taichuba has not set up a bureau to kill my disciples. It's not even if you say so. There are so many Tianjiao at the scene, you can investigate."

The elder of the Taishen clan said no.

However, at this time, it is a number of strong pressure hit, and then, there are two people here.

The breath of these two men is much stronger than that of the three elders of the Supreme God.

After they stood still, one of the old men in a purple robe sneered and said, "yanmu, do you really think that after you become famous, you will be invincible?"

"Whatever the reason, your disciple Wang Fan killed taishenzong taichuba. That's the truth."

"You give him up. Today, don't say it's you. Even if you want the Lord of cloud palace to come, you can't protect him."

This purple robed old man is obviously stronger and more direct.

He didn't ask the reason or the process at all. He just looked at the ending.

Whether it's taichuba who set up a bureau to kill Wang Fan first or Wang Fan who killed taichuba first, the end is that taichuba is dead.

Therefore, he must seek justice for taichuba and give an account.

Otherwise, would not taishenzong be seen as a joke?

You know, this is the territory of taishenzong. Not only that, taichuba is the first pride of taishenzong, but also one of the protagonists of this marriage.

In this case, if taichuba died like this, he would lose all his face.

Yan Mu heard this, glanced at the old man and said with a smile, "so you are too Shenzong to be reasonable?"

The purple robed old man sneered, "truth? What is truth? I only know one thing, that is, taichuba is dead, but Wang fan is safe. "

"Oh, so it is." Yan Mu also laughed, "in that case, I have no need to reason with you."

Speaking, he looked down at a certain position, "Wang Fan, come here as a teacher."

When his voice fell, Wang Fan flew out of that position and landed beside yanmu.

Of course, Wang Fan didn't escape from Shaozhu's house, and he didn't have that ability.

Previously, he was just hiding.

But he knew that even if he hid, he didn't hide from the strong men.

At least, both yanmu and the later two strong men were aware of his existence.

Only the three leading taishenzong strongmen didn't notice him.

Yan Mu saw that Wang Fan came to him, and a white light suddenly appeared on his body. The white light soon formed a light shield, protecting the two people inside.

Then, yanmucai said, "today, I will take him away, who block who die."

After that, he began to move forward and planned to leave the house.

The five strong men of taishenzong heard Yan Mu's words and then looked at Yan Mu's actions. They were very angry.

It's too arrogant to take them seriously.

Although the first three strong men were angry, they didn't dare to stop them at all. They could only watch.

But later the two were different.

"To die."

The purple robed old man's face was cold. Without any nonsense, he stepped out directly, and then raised his hand to shoot Yan mu.

The thick palmpoint appears in the void, smashes the space, and goes directly to the swallow wood.

Yan Mu's face remained unchanged, and his old right hand grasped it, and a fire red hammer appeared in his hand. Then he held the hammer and swung it forward, then he smashed it out.

There was a roar, and the huge hammer hit on the huge palmpoint, which was smashed in an instant with a click. However, the strength of the hammer did not decrease. It continued to be super strong and went straight to the old man's chest.

"Half emperor level magic weapon?"

The purple robed old man's face changed slightly and exclaimed in amazement. On the one hand, he gathered his defense to resist, and on the other hand, he quickly dodged, but his action was still slow.

With a bang, the huge hammer hit his left shoulder, and his left shoulder was instantly beaten into blood mist, and his arm was also turned into blood mud.

Yanmu didn't give him the intention to continue the mobile phone meeting at all. As soon as his body flashed, he appeared in front of him across the void. The next second, he kicked him.

With a click, the purple robed old man's bones were smashed and several mouthfuls of blood were spit out. The whole man flew out and fell to the ground in the distance with a roar.

Not dead, but seriously injured.

One hit.

It's just a blow.

A strong man in the ninth floor of xianzun was seriously injured.

Looking at this scene, whether it is the following Tianjiao or the other four taishenzong strongmen, their faces are unchanged.

They all know that yanmu is very strong, and they have heard a lot about yanmu. But today, they really realize how strong yanmu is.

Wang Fan's look is very calm, there is not much accident.

He had seen the strength of yanmu for a long time, so there was no need to be surprised.

"Well, it's humiliating for you to want to stop me."

"Although I am not easy to cause trouble, I will never let others bully my disciples."

"This blow is just punishment. If anyone dares to stop it, don't blame me for killing you."

Yan Mu is scornful of cold hum, continue to take Wang Fan to little Lord mansion outside.

After receiving Wang Fan's summons, he realized that something was wrong.

Taichuba united with Tianjiao of Chu Dynasty and set up a bureau to kill Wang Fan. Is this the meaning of taishenzong or taichuba?

If it's taichuba's idea, it's better. If it means taishenzong, it means that taishenzong is aiming at Wangyun palace. It's very scary.

Maybe taishenzong had already formed an alliance with the Chu Dynasty, and everything was arranged by the Chu Dynasty and other forces.

As for the marriage with xuantianmen, it was intended to tie xuantianmen to the ship of Chu Dynasty.

In this case, the five major forces formed an alliance, and only Wangyun palace was isolated. The next time the Chu Dynasty attacked Wangyun palace, it would be much easier.

Chapter 3562

Because of this, yanmu is so strong.

He wants to play his own prestige, but also to play the prestige of Wangyun palace.

Only in this way, when all forces join hands to deal with Wangyun palace, will they be afraid.

After all, although yanmu had established a great reputation before, few people saw it, and there was no intuitive impression at all.

But now it's different. The marriage between taishenzong and xuantianmen has invited almost all the top forces.

Yan Mu's body is surrounded by killers, and he is holding a half emperor level red hammer. Step by step, he goes to the outside of the little Lord's house, threatening and terrifying.

Wang fan is quietly with Yan Mu's side, cold eyes staring at the crowd, but secretly is in a crazy recovery.

He has clearly felt that there are countless powerful breath rushed here, at least no less than ten people, and all of them are the super strong of xianzun peak.

This kind of lineup, unexpectedly appears in such a short time.

This is to let Wang Fan doubt that all this, is not premeditated.

Taishenzong used taichuba to set up a bureau to kill Wang Fan, then led to yanmu, and then killed him.

After all, although there are not many strong people from Wangyun palace to taishenzong, yanmu alone is enough.

If they can join hands to kill yanmu, it is equivalent to cutting off the arm of liaowangyun palace.

At that time, it will be much easier to attack the destroyed Wangyun palace again, and there will be no worries.

Wang Fan was able to detect the approaching of the top ten immortals, and yanmu could feel it.

However, his face is not much change, just cold scanning in front of the void, the pace did not stop.

Before long, eleven figures appeared in front of Wang Fan and Yan mu.

All of them are in a semicircle, blocking the way of Wang Fan and yanmu.

"What do you mean, yanmu? Your disciples are in Taishen City, killing Tianjiao and taichuba of taishenzong, and you are hurting the strong of taishenzong. Are you deceiving no one of taishenzong? "

An old man looks at Yan Mu coldly, and his eyes are full of undisguised murders.

This man is a supreme elder of taishenzong. He is very powerful.

And taichuba is his direct descendant.

He never thought that taichuba would die in Wang Fan's hands.

Originally, according to his idea, the killing of Wang Fan by Taichu BA was a simple matter, and there would be no accident at all.

As long as taichuba kills Wang Fan, yanmu will appear. At that time, they will find an excuse to kill yanmu together.

However, the development of things is far beyond his estimate.

If he had known that taichuba would die, he would not have let taichuba arrange it.

"It's too divine to deceive you?" Yan Mu's eyes looked around the ten people and grinned, "eleven immortals are at the top of the mountain. It seems that you are too divine. You have premeditated."

"Do you want to set up a game to kill my disciples, then lead me to show up, and then kill me again? In this way, you too Shenzong, I'm afraid you have already joined the camp of the Chu dynasty?"

"I don't know whether xuantianmen was used by taishenzong or joined the alliance of Chu Dynasty."

Yan Mu's voice, just like thunder on the ground, instantly set off an uproar.

In particular, the descendants of taishenzong and xuantianmen were shocked.

What? Taishenzong also joined hands with Chu dynasty? How is that possible?

After all, this kind of thing is a major event, which the younger generation can't know at all.

When Chushi, the head of taishenzong, heard Yan Mu's words, she frowned slightly and said, "if you want to add sin, why don't you say so? Now I just want to know, do you want to leave like this when you kill people of taishenzong? Is it too simple?"

As he spoke, a terrible momentum appeared on taichushi. Then he stepped out and pointed to yanmu.

At the same time, his mouth is also a light drink, "hands."

After living for so many years, Taichu Shi naturally knew that if he said too much, he would lose.

What's more, too much nonsense will only give yanmu a chance. It's better to start immediately.

Yanmu saw taichushi start, cold hum a, "with you these people, also want to stop me?"

"Since you are too shameless, don't blame me for killing you."

Yan Mu said, the whole body momentum suddenly burst out, more powerful.

The fire red hammer in his hand made a beautiful arc in the mid air, and went straight to taichushi's finger.

Boom.

A loud noise, the fire red giant hammer, directly tore Taichu stone's attack, toward his body.

As soon as Taichu stone's face changed, he knew that he was not yanmu's rival. He didn't dare to take yanmu's attack, but his body flashed and chose to avoid it.

But yanmu took advantage of taichushi's evasion and took back the hammer directly to the peak of another immortal.

Boom.

That immortal Zun's peak didn't expect that Yan Mu would suddenly accept the move and start at him.

When he reacted, it was too late.

The fire red huge hammer blows on his body, his whole body's defense is directly torn to pieces, then easily destroyed his body, the whole person directly turns into blood fog.

Rao's peak physique, vigorous Qi and armor didn't block yanmu's hammer at all.

The tragic death of a strong man at the top of xianzun made all the monks watching the battle tremble.

You know, xianzun is the top of the five forces.

Strong people of this level have rarely fallen.

"Yanmu, dare you!" Taichushi came back to his senses. He was also in a hurry. He was burning with anger.

There are not many of them, even taishenzong.

But now, he was abandoned by yanmu. How could he not be angry.

But yanmu didn't pay any attention to him at all. His figure flashed, and he was once again promising in front of another xianzun peak strong man.

The immortal peak's face changed wildly and his figure retreated quickly, but his speed was not as fast as yanmu's?

With a bang, the huge hammer fell on him, and another Bang came out. His body had been smashed and half fell to the ground.

Looking at this scene, the monks who watched fell into silence again.

Is yanmu so strong?

Even in the face of xianzun's top power, is it a hammer?

"Well, I'll say it again. Those who stand in my way will die. So if you want to get in my way, you have to think it over. "

Yanmu is holding the fire red hammer of the half emperor level, and the whole person is like a demon God, murderous.

The friars below the peak of xianzun were all crazy and far away. They didn't dare to appear within a hundred Li.

Taichushi was about to explode. Eleven xianzun were killed just a moment later. How could he not be angry?

Instead of pretending to be an ostrich, he quickly sent a message to the patriarch, and then gritted his teeth to greet him.

Yanmu's strength is beyond his expectation. Only the patriarch can suppress it.

Chapter 3563

Although the defense array of shaozhufu is powerful, how can it resist the impact of yanmu.

With a roar, Yan Mu just a light blow, has broken the defense array, with Wang Fan step out.

As soon as the defense array was broken, the battle waves here also spread quickly, and soon attracted the attention of countless monks.

You know, taishenzong and xuantianmen were married, but taishenzong invited all the top sects and family forces.

Most of those people now live in Taishen city.

For a moment, people and shadows rushed to the direction of Shaozhu's mansion, wondering what had happened.

In the same way, countless strong people of taishenzong also came to yanmu.

The faces of those who were strong in taishenzong were extremely ugly. It was obvious that yanmu didn't expect to kill Wang Fan.

You know, in order to deal with yanmu, taishenzong sent out eleven strong men of the ninth floor of xianzun.

Is it hard to say that none of the eleven strong men in the ninth floor of xianzun could hold down yanmu?

"Children of taishenzong, you ants are far from stopping me."

"In my opinion, you'd better ask your patriarch to come here quickly, otherwise, today you are too Shenzong, I'm afraid you will suffer a heavy loss."

Yanmu holds a half emperor level magic weapon and stands aloof in the void, just like a demon God.

His voice is like nine days of thunder, rolling out, surging in the ears of every monk.

With the sound, the fire red hammer in his hand is constantly blowing out.

The fiery red waves are like long dragons, crashing into the strong people of taishenzong. All the strong people are beaten, spitting blood and retreating, and some of the weak people are directly killed.

As an elder of Wangyun palace, yanmu may not know the friars at the bottom of taishenzong, but most of the friars in xianzun's later period still know each other.

If you don't offend taishenzong, it's nothing.

But now that he has offended him, he will not show mercy.

Every time they kill a strong taishenzong, they will have less pressure on Wangyun palace in the future.

"Yanmu, you are too presumptuous!"

"It's taishenzong here. The people of Wangyun Palace first killed Tianjiao taichuba, then killed the later strong of xianzun. Are you forcing taishenzong to unite with Chu dynasty?"

"You see that cloud palace is so deceiving. Do you want to dominate this area?"

Looking at this scene, some powerful people of taishenzong couldn't help being angry.

Even some people intentionally took the opportunity to throw dirty water on Wangyun palace.

The rest of the monks, looking at Yan mu, who was similar to killing a chicken in the later period of killing immortal, and listening to the words of the powerful taishenzong, could not help but feel crazy and thoughtful.

Now, when taishenzong and xuantianmen are married, yanmu is killing so much. What does he want to do?

Is Wangyun palace unwilling to see the combination of taishenzong and xuantianmen, intending to sabotage it?

But yanmu didn't care about the shocked people. He stepped on the void and stepped out in three steps. The next moment, he came to the powerful people of taishenzong.

Then, the huge hammer in his hand ignited the red light and smashed forward.

Boom!

Boom!

Two powerful taishenzong people were killed immediately.

But yanmu didn't want to explain at all, and he didn't want to talk nonsense. He took Wang Fan directly and went out of Taishen city.

Although he is powerful, no matter what, this is the territory of taishenzong.

Once taishenzong is really crazy, even he has no absolute assurance to deal with it.

Therefore, it is imperative to leave taishenzong and taishenshan as soon as possible.

As long as you leave taishenshan, he will not be afraid of anything.

Yanmu and Wang Fan go to Taishen city quickly.

Some Taishen elders want to stop them, but they are all killed by yanmu, without any mercy.

In a short time, they had already run to the gate of Taishen.

"Close the gate and open the defensive array."

See two people want to rush out of too God City, too God Zong strong can't help roaring.

However, in fact, there is no need for him to remind us, because the city gate has already been closed and the defensive array has already been opened.

The defense array of Taishen city is less than that of the Lord's mansion. I don't know how many times better it is.

Yanmu repeatedly blew out three hammers, but they all failed to split the city protection array.

At this moment, Rao is Yan mu, his face is also a little ugly.

Because if they can't rush out in a short time, they will be trapped here or even killed directly once the Supreme Lord comes. Wang fan saw this scene, but also brow locked.

"Master, you should restrain those people first. I'll try to find the array."

He said to Yan mu, and then the mental power had spread out crazily, covering the whole defense array.

With Wang Fan's strength, it is impossible to break through this level of defense array.

However, it is not difficult to find the array base.

However, with Wang Fan's cultivation, even if we find the foundation, we can't break it.

Wang Fan's mental power soon enveloped the whole defensive array and began to study the array to find its base.

At the same time, yanmu was once again attacked by several powerful taishenzong.

Those who are strong in taishenzong don't dare to get close to yanmu, but they are constantly attacking and harassing in the distance.

Obviously, they want to distract yanmu's attention and strength. They are afraid that yanmu will burst the defensive array.

As for Wang Fan, no one cares at all.

After all, Wang fan is just a fairy king. No matter how evil he is, he is also a fairy king.

Maybe when they grow up in the future, Wang Fan will pose a great threat to them, but now, Wang fan

is far from that strength and capital.

Yanmu was also furious when he was attacked by the powerful taishenzong.

He yelled, "just a group of mole ants, dare to fight me, really when I dare not kill you?"

Then, with a whoosh, the huge hammer in yanmu's hand has been smashed out again, directly smashing the two immortals into the blood fog.

Even so, yanmu still did not stop, "you taishenzong first set up a bureau to fight my disciples, and now you come to kill me. What do you want to do? Do you want to join the camp of Chu Dynasty and attack Wangyun palace

"Hum, I'm looking at the cloud palace, but I'm invited by your taishenzong. Now your taishenzong is using the opportunity to set up a murder Bureau. It's really a good calculation."

Boom, boom.

Yanmu's voice fell, and several taishenzongxianzun were killed in the later period.

Even the powerful taichushi was hit hard by a blow.

Looking at this scene, all the practitioners on the spot are silent.

Is this the real strength of yanmu?

One person, one hammer, be proud of others, there is no one to stop!

"Yanmu, do you want to leave in this way when you kill the disciples and elders of taishenzong

"I, Tai Shenzong, invite you to come here to observe the ceremony. But it's very nice of you to kill in our taishenzong. What do you mean, there is no one in our taishenzong? "

Just as Wang Fan was searching for the base of the array and yanmu was killing, another voice came. Then a middle-aged Confucian appeared in the void not far away.

Looking at this person, countless friars could not help but suddenly shrink their pupils.

Great God, come!

Chapter 3564

As soon as the master of Taishen appeared, a huge pressure swept across the space.

Under the tremendous pressure, the monks who were at the beginning of xianzun or even at the

beginning of xianzun felt a great pressure.

Their legs were weak and their whole body was trembling. They had the tendency of kneeling and worshipping.

It's just a threat, and it's so terrifying. This shows the terrifying power of the Supreme God.

Yanmu looked at the master of Taishen, his brow was also slightly frowning, and he felt great pressure.

Although he is strong in cultivation, he has no absolute self-confidence to defeat the other side in the face of such a giant as the Supreme God.

Even if he was holding a half imperial weapon, he had no chance of winning.

It seems that it is very difficult to get away today, and there will be a bloody battle.

Of course, Yan Mu's heart is dignified, but on the surface, it seems very casual.

He looked up at the master of Taishen and sneered: "Taichu emperor, you Taishen clan conspired to kill our master and disciples. I hope the cloud palace hasn't settled with you yet. I didn't expect that you would start to ask for punishment first."

"Do you think that if you have the word" emperor "in your name, you are really the great emperor?"

"Taichu emperor, I advise you not to do it today. Otherwise, I can't guarantee how many people you can live in taishenzong."

When Taichu emperor heard Yan Mu's words, his elegant face looked rather ferocious. He said coldly:

"Yan mu, at least you are the top person, but now you threaten my ordinary disciples of taishenzong. Don't you feel mean?"

"I don't want to embarrass you either. Let's have a fight. If you can take all the moves from me, I'll let you go. How about that?"

Although Taichu emperor's heart to kill yanmu was very strong, he didn't dare to rush.

Yanmu is not something he can do in a short time.

Once Yan Mu is enraged and killed in Taishen City, the consequences will be too serious.

Yanmu heard Taichu emperor's words, but he couldn't help laughing, "well, if you're not afraid that your Taishen patriarchal disciples will be affected, just do it."

"You --" the emperor of Taichu gritted his teeth. Rao could not bear Yan Mu's shamelessness because of his nature.

What's the joke about fighting here? If Yan Mu doesn't fight with him head on, he will kill those elder disciples of Taishen sect. Isn't it a great disaster?

Now the Taichu emperor regrets that he sent so many people to deal with yanmu.

Originally, he thought that these people were enough to kill yanmu, but he never thought that these people had become hostages.

However, there is no way to do this, because the emperor did not expect that yanmu would be so strong.

You know, yanmu's strength, even weaker than him, is not much weaker.

This kind of person is not what ordinary xianzun can deal with.

Even if he was too early emperor, if not his own strength is strong enough, and he has a magic weapon of Immortal Emperor level, he would never dare to say that he would kill yanmu in a hundred moves.

For a moment, the scene was deadlocked.

Taichu Emperor didn't move, neither did yanmu.

As for the elders and disciples of taishenzong, they dare not move.

Because they all clearly feel that yanmu's mental power has locked them.

As long as they dare to move, I'm afraid they will be attacked by yanmu.

Only the monks of other forces left here and fled hundreds of miles away.

Once a battle of this level breaks out, they can't bear even the aftershocks.

What's more, yanmu has already said that as long as the Taichu emperor dares to fight, he will dare to kill all the taishenzong elders and disciples.

In this case, they will also be affected.

"Master, I have found the base."

Just when they are in a deadlock, suddenly, yanmu hears Wang Fan's voice.

Yan Mu's eyes brightened without any hesitation. He grabbed the Red Hammer and roared out of his body. With one hammer, he rushed to the base of Wang Fan's array.

Yanmu for Wang Fan, chose to believe, there is no half a drag.

Because the situation at the moment is extremely unfavorable for him.

Now it's just the arrival of Taichu emperor. What if the Deputy patriarch dares to come again?

Ordinary people may not be able to participate in his fight with Taichu emperor.

But taichutian, the deputy leader of taishenzong, is absolutely OK.

Once the two join hands, they can trap him, so that he can no longer threaten the elders and disciples of taishenzong.

The giant hammer raised a fiery red light and smashed down towards a certain point of the defensive array.

With a roar, the defensive array began to tremble, followed by a crack.

Almost at the moment when the crack appeared, yanmu had already grasped Wang Fan, and then rushed out from the crack. When Taichu emperor saw them leave, the corners of his mouth widened with a touch of radiant. Then he stepped and followed them out.

In fact, he has long felt Wang Fan's spiritual fluctuation and sound transmission.

If he is willing to stop, even if yanmu can open the defensive array, he is sure to stop.

However, he did not dare to gamble.

Because now the Deputy patriarch taichutian has not arrived, once he dares to stop yanmu, the consequences are unimaginable.

So he chose to let them go.

In Taishen City, he still has scruples, but once he leaves Taishen City, or even Taishen mountain, he has no scruples.

At that time, it is not difficult for him to kill yanmu.

As for Wang Fan, such figures as Taichu emperor were not paid attention to at all.

He doesn't even have to do it. He can kill the mole ants like Wang Fan just by blowing a breath.

Yanmu grabs Wang Fan and soon rushes out of Taishen city. Not only that, even Taishen mountain is unimpeded, and there is no defense array.

They were so fast that they rushed out of taishenshan and left taishenzong in just a moment.

However, Yan Mu's face is a little dignified.

After living for so many years, he naturally knew the plan of Taichu emperor, and could feel that Taichu emperor was pursuing.

"Wang Fan, I'll see you off first."

Yanmu doesn't have any nonsense. He grabs it and a talisman appears in his hand.

The next second, the talisman had been pasted on Wang Fan, and then it was excited.

A ray of light lit up, Wang Fan did not even say a word, has disappeared in place.

After seeing Wang Fan off, yanmu didn't choose to continue to escape. Instead, he suddenly grabbed a half emperor level magic weapon and tore it sharply in the surrounding space. Then, he hit the Taichu emperor.

He did all this in order to cover up the spatial fluctuation when Wang Fan left, avoid being noticed by Taichu emperor, and buy time for Wang Fan.

Taichu emperor was not afraid of Yan Mu's attack.

As soon as he grasped it with his right hand, a golden fan appeared in his hand.

He just grabbed the fan and gently pushed it forward. A terrible wave had already surged out. In a loud noise, he blocked yanmu's hammer.

"Immortal Emperor level magic weapon?"

Yan Mu's pupil suddenly shrinks, and then without hesitation, his hands tear forward, tearing the space, and then step in.

"Want to go?" Taichu Emperor gave a cold smile and flashed. Before the space crack closed, he rushed in.

Chapter 3565

What happened in Taishen City, in a short period of time, has spread all over the major regions, set off an uproar.

No one thought that it was the grand event of marriage and alliance between taishenzong and xuantianmen, but it turned out to be like this in the end.

Taishenzong Tianjiao taichuba was killed by Wang Fan, and his teacher yanmu killed countless taishenzong strongmen.

Taichu emperor, the leader of Taishen sect, went out of the pass in person to hunt down yanmu and Wang Fan.

In this situation, can yanmu and Wang Fan survive in the face of the pursuit of Taishen?

No one knows.

However, we all know one thing, that is, the marriage between taishenzong and xuantianmen has been declared broken.

No way, even the protagonist taichuba has been killed, how to continue to marry, how to continue to hold the wedding ceremony?

Can't taishenzong change another person at this critical moment?

In that way, it is no longer a marriage, but an insult to xuantianmen.

Wangyun palace.

A majestic ancient palace.

Yuan Dao, the leader of the palace, was sitting in the first place, his face turned blue.

Below him sat five vice palace masters and eleven elders of xianzun.

At the moment, their faces were a little gloomy and looked very ugly.

Three days have passed, but no matter Wang fan or yanmu, there is no news.

Moreover, even Taichu emperor, the leader of Taishen sect, did not return to Taishen sect at all, and no one knew where he had gone.

What on earth happened?

Under normal circumstances, if Taichu emperor could kill yanmu, he would have killed him.

If you can't kill, you should have returned to taishenzong now.

But why are they all missing?

"Lord of the palace, according to the news from elder yanmu, taishenzong may have allied with the Chu Dynasty. If so, the power of the Chu Dynasty alliance would be too terrible. "

"Once the Chu Dynasty attacks my Wangyun palace again, it will be the joint efforts of the four forces. At that time, my Wangyun palace will be in danger."

At a certain moment, a vice palace leader really didn't hold back and said in a deep voice.

The last time the Chu Dynasty attacked Wangyun palace, Wangyun palace suffered heavy losses, and even three vice palace leaders fell. He was already holding his anger.

Just, this period of time, he has been healing, so that the anger down.

Now, even taishenzong joined the camp of Chu Dynasty, not only to kill Wang Fan, but also to kill yanmu. This is a sign of a second war.

If not for his lack of strength, he really wants to fight against those forces of taishenzong Chu Dynasty and directly kill them.

"What do you think we should do?" Yuan Dao took a look at the Deputy palace master and asked in silence.

"In my opinion, we should immediately send troops to attack taishenzong. Originally, the Chu Dynasty, the Royal Palace, the Dark Alliance and the alliance of the three have given us a lot of pressure. "

"If you add taishenzong, it will be the four top forces. If they take the initiative to attack, the consequences will be unimaginable. "

"Now, only when we turn passive into active can we break their arrogance."

Said the palace master.

In fact, what he said is right. The alliance of the four major forces is not comparable to the current Wangyun palace.

Even if Wangyun palace is able to keep it down, it will definitely lose both sides.

In this way, they might as well turn passivity into initiative and kill taishenzong directly.

On the one hand, he can take advantage of the situation to build up power. On the other hand, he didn't take revenge for yanmu, killing two birds with one stone.

"Master, I don't think it's proper." However, the elder's voice has just fallen, and Nangong achievement has followed.

Nangong Cheng didn't wait for yuan Dao to ask. He continued, "it's an eventful time. Once we attack taishenzong and fall into their encirclement, what should we do?"

"Who knows, Chu Dynasty and other forces, there is no master ambush in taishenzong. Once we are surrounded, the consequences will be unimaginable. "

"In my opinion, we should stick to Wangyun palace. There is a great battle to protect the palace. Even if the Chu Dynasty and other forces come together, it is not easy to destroy Wangyun palace. "

The cost of Nangong is different from that of yanmu. In addition, Wang Fan abolished his grandson nangongfei and killed his disciple kuwujian. It can be said that he offended a lot.

In this case, he naturally wanted Yan Mu and Wang Fan to die, so he would not advocate attacking.

Although the outside world rumor, too God patriarch too early emperor, Yan mu, Wang Fan, three people have disappeared, disappeared.

But who knows, is this the message that too God Zong releases intentionally?

Perhaps, the Taichu emperor had already captured yanmu and Wang Fan and captured taishenzong, but it didn't leak out.

If that is the case, then Wangyun Palace's attack on taishenzong is not a simple attack on taishenzong, but to save yanmu and Wang Fan. However, although Nangong Cheng's heart was dark, his words were right.

After all, in this case, attacking taishenzong is really risky.

Once taishenzong had been prepared, the Alliance forces of Chu Dynasty ambushed the experts in taishenzong, and the Wangyun palace would be miserable.

"Well, Nangong Cheng, what do you mean? Is it that so many years of comfort have destroyed your blood

"I think the cloud palace is one of the five forces. When do you need to defend passively in the clan like a turtle with a shrinking head?"

"My friars, even if they are dead, then what? Even if it's death, it's death. "

"First, the alliance of Chu Dynasty provoked the Wangyun palace, and then the taishenzong played a

conspiracy. I hope if the cloud palace doesn't fight back, what will others think of us? "

"You know, this time, elder yanmu was invited to taishenzong. In this case, taishenzong dares to send out countless experts to besiege elder yanmu, and the patriarch Taichu emperor personally pursues and kills him. Are they deceiving me? Is there no one in Wangyun palace

"They are just hitting me in the face of Wangyun palace!"

The vice palace leader said angrily, and then roared, "you nangongcheng don't want to fight. I won't force you, but I will definitely kill taishenzong. Even if it's death, I will kill some of his strong men. "

When Nangong Cheng heard this, he felt a thump in his heart and frowned slightly.

But he didn't dare to talk back to each other.

This is the vice palace master. He is higher than him in strength and status, and he is famous for his hot temper.

In this case, if he dares to say the opposite again, the other party will definitely dare to do it on the spot.

"Well, don't quarrel. Let's discuss it again."

Yuan Dao took a look at the two men, and suddenly he said that he had disappeared from his seat.

No one knows what he thinks and whether he will attack taishenzong.

"Hum, Nangong Cheng, don't think that I don't know your little ninety-nine. You'd better pray that I won't catch you, or I will cut you first."

The vice palace leader saw yuan Dao leave and hummed to Nangong chengleng. Then he stood up, stepped out and disappeared in the main hall.

Nangong Chengqi's face was livid, but he didn't dare to say more.

Chapter 3566

After leaving the hall, Yuan Dao went back to his cave and announced the closure.

In fact, he had secretly left Wangyun palace and went to taishenzong.

Taishenzong and xuantianmen got married. Wangyun palace was invited to attend the ceremony, but it was surrounded and killed. At last, it was even chased and killed by Taichu emperor?

He looks at the cloud palace. He is also a person who wants to face. If such a thing happens, he will not show up, and his old face will be lost.

Originally, Yuan Dao intended to lead the public to directly suppress taishenzong and make Wangyun palace strong. But Nangong Cheng's negation made him give up this idea.

He was afraid that Nangong would be exposed. At that time, Wangyun palace would be really dangerous.

Yuan Dao is the head of a palace. Even if he just asks about the palace, it doesn't mean he doesn't know anything.

Wang Fan and Nangong Cheng's descendants are clear about their grudges.

In this case, only by acting alone can he ensure that he will not be exposed and that he will be safer.

Taishen city.

Most of the people in the major forces have left, and they seem a little lonely. Only a few of them have stayed.

On this day, outside the Taishen City, a terrible pressure suddenly diffused out. The next second, a figure had appeared, and a blow hit the big battle of Taishen city.

Boom.

With a loud noise, the whole Taishen city was shaking.

"What happened?"

"Who on earth dare to attack Taishen city?"

"It's so bold. Is it yanmu who has come back? Or is the strong man of Wangyun palace coming? "

This sudden scene scared the monks who were still in Taishen city.

Whoosh, whoosh.

Almost at the first moment, all the monks rushed out and looked into the void in the distance.

At the same time, several powerful taishenzong also flew out of the city Lord's mansion and rushed directly to the gate.

"Who?"

"It's very brave to attack Taishen city to protect the city."

Two angry shouts rang out, and those who were strong in taishenzong had already appeared opposite yuan Dao.

Yuan Dao looked at the strong men of taishenzong, but he was not afraid at all. He said in a voice, "our palace is here only for one thing, hand over yanmu and Wang Fan. Otherwise, don't blame our palace for killing."

Yuan Dao said, no nonsense at all, two thin palms, has turned into a shadow all over the sky, photographed out.

Boom boom!

Those who were strong in taishenzong felt a huge and terrible pressure coming, and they were immediately oppressed and unable to move.

A series of sounds, a number of strong taishenzong were all shot to ashes, leaving only one person, still standing there intact.

This is not to say that the powerful taishenzong was powerful, but that Yuan Dao did not attack him at all.

Watching this scene, countless people trembled.

My palace?

Is it the Lord of Wangyun palace who came in person?

The strong man of taishenzong's face was also a little gray. After he calmed down his Qi and blood, he said angrily, "it's too deceiving!"

However, his voice has just dropped -

PA.

Another handprint has been blasted on him, directly patting him into a blood mist.

Yuan Dao didn't look at the bodies of those people, let alone the people below.

He was full of terror and pressure. He stepped forward in the void, and said, "hand over yanmu and Wang Fan, otherwise, taishenzong will not stay."

Yuan Dao, the mysterious master of Wangyun palace, a powerful figure who has not appeared in public for decades, finally shows his strong side.

In taishenzong, countless strong people naturally felt the situation of taishencheng and heard yuan Dao's voice.

Those who are strong in the face of ugly at the same time, but also very frightened.

Because they did not expect that Yuan Dao would kill him, and there was only one person.

"The Lord is not here, and none of us is his opponent. Open the defensive array immediately, and don't let him in."

There is a crazy roar of the elder, and at the same time, he rushes to the defensive array.

The rest of the elders were dignified and rushed to the gate.

Now Taichu emperor, the leader of Taishen, is not in the sect, but yuan Dao of Wangyun palace has killed him.

This is a disaster for them.

If we don't open the great battle of protecting the clan, the consequences will be unimaginable.

No one thought that the conservative Wangyun palace would be so crazy.

Yuan Dao was so crazy that he killed his taishenzong.

You know, even if the Chu Dynasty attacked Wangyun palace, Wangyun palace didn't take the initiative to fight back afterwards. It's always passive defense. Yuan Dao's eyes were cold and his feet were empty.

He just took seven steps, has crossed countless distances, appeared in the door of taishenzong.

At this time, the great battle array of taishenzong has been opened, and countless elders are in the array to be ready.

"Mr. Yuan, what do you mean? You hope that the elder disciples of cloud Palace are provoking in taishenzong, and now you are killing again. Is this forcing taishenzong to join hands with the Chu dynasty? "

An elder looked at Yuan Dao, and his eyes almost split.

However, Yuan Dao was too lazy to speak at all. As soon as he grasped it with his right hand, he had already grasped a golden half moon shaped machete.

With a whoosh, the machete directly tore the air and split straight towards the big battle of taishenzong.

Boom.

A loud noise makes the array tremble.

Several mages who were in charge of the huzong array were all shocked and fell to the ground with vomiting blood, and their blood and blood were rolling.

The elders of taishenzong looked at this scene, and their faces were as ugly as they wanted to be.

Some of them could not help exclaiming, "Immortal Emperor level magic weapon?"

In their hearts, they all set off a storm. They did not expect that Yuan Dao would have immortal weapons.

"Hand over yanmu and Wang Fan. Otherwise, I will smash your clan protection array today and kill all of you."

Yuan Dao said with a sneer that the half moon machete in his hand had been raised again and chopped down again.

Boom!

There was another violent sound, the huzong formation began to shake violently again, and several elders vomited blood.

Yuan Dao's strength is already very strong. Now with the Immortal Emperor level magic weapon, it's not too terrible.

If the patriarch Taichu did not return, no one would be his opponent.

I'm afraid that even the huzong battle will not last long.

In fact, if yuan Dao didn't have the magic weapon of Immortal Emperor, how dare he kill taishenzong easily?

You know, Taichu emperor also had a fan, which was a magic weapon of Immortal Emperor level.

"Yanmu and Wang Fan have already run away. They are not in taishenzong at all. Don't you think it's ridiculous to ask us to have someone?"

An elder of taishenzong is so angry.

This guy, Wangyun palace, is really deceiving people too much.

Boom, boom.

However, as soon as his words came to an end, Yuan Dao once again launched a frenzy against the huzong formation, and there was no half a drag.

It's not nonsense that he came here, it's Liwei's.

No matter whether we can find yanmu and Wang Fan in taishenzong, taishenzong must pay a price.

Chapter 3567

When yuan daosha went to taishenzong, Wang Fan had already returned to wangwangyun palace.

Yanmu's teleportation is too powerful to send him far away, so he didn't come back until now.

"What's that? Elder martial brother Wang Fan

"Isn't elder martial brother Wang fan being pursued and killed by Taichu emperor? Why did he come back, but didn't see elder yanmu?"

As soon as Wang Fangang appeared in Wangyun palace, he heard the comments of many disciples.

There's no way. Wang fan is in Wangyun palace now, but there are no celebrities and disciples of the same generation who don't know each other at all.

Wang Fan didn't pay attention to the brothers, but flew straight to his cave.

Not long after Wang Fan returned to the cave, Yan Yue came.

During this period of time, because yanmu and Wang Fan have not heard from each other, Yanyue doesn't have much heart to cultivate. They are worried about the safety of their grandfather and Wang Fan.

She also received Wang Fan subpoena, just rushed to come.

"Younger martial brother Wang Fan, what's the matter, my grandfather?" Yan Yue just entered Wang Fan's cave and couldn't wait to ask.

It's about grandfather's safety, and she's really worried.

Wang Fan took a look at Yan Yue and said, "elder martial sister Yan Yue, I don't know where the elder master is now. I came back like a clan asking for help."

"As you know, I didn't come to visit the cloud palace for long. I didn't know the kind of people like the

palace master and the Deputy palace master. So I hope you can come forward and ask them to help the master."

Although Wang Fan said calm, in fact, his heart is also very anxious.

In that case, yanmu took him out of Taishen city and sent him away with talisman.

It's a great kindness.

If there is no yanmu, I'm afraid Wang Fan has been killed by taishenzong town.

Of course, Wang Fan didn't expect that taishenzong, who has always been a famous and decent family, would even come up with such a conspiracy to plot against yanmu.

After all, if we had not calculated ahead of time, it would have been impossible to have so many xianzun peaks in such a short time.

If there are not so many xianzun peaks, it will be very easy for yanmu to take him away.

"Tell me first, what's the matter?" Yan Yue asked.

There are too many versions of what Wang Fan and yanmu did in taishenzong, so outsiders don't know what the real situation is.

Wang Fan also did not conceal, quickly said the matter again, and then also reproached himself, "I'm to blame for this."

"You're here first, I'll go to the Deputy palace master." Yan Yue didn't stay any longer. She said in a hurry and left the cave.

In her position, she could not meet the palace leader directly, not to mention that the palace leader had declared closed to the outside world.

In fact, even if it's the Deputy palace master, Yan Yue is not qualified to go to the door to look for it directly.

However, she is a granddaughter of yanmu, and yanmu has a good relationship with several palace masters, so she is qualified to see her.

Yan Yue soon came to Yuanhai peak and found Pang Yuanhai, the vice palace master.

Pang Yuanhai was the former vice palace leader who advocated attacking taishenzong.

"Yan Yue, you don't have to worry. I'll go to the palace master. If the palace master doesn't do it, the

palace will go by itself. "

Pang Yuanhai after hearing Yan Yue's words, also appears to be very worried, Ning Sheng said.

Pang Yuanhai has a hot temper and a direct personality.

In fact, he had long wanted to kill taishenzong.

It's just that the palace master doesn't speak, and his strength is not enough, so he has to bear it.

Now I hear that Wang Fan has come back, but the Taichu emperor is holding a magic weapon to kill yanmu. Naturally, he is impatient.

You know, it's a terrible thing to hold a magic weapon of Xiandi level. If you are careless, yanmu may fall.

Although it has long been rumored that Taichu emperor, the leader of Taishen, had a magic weapon of Xiandi level and was pursuing yanmu with it. But after all, it's just a rumor, and not many people believe it.

After all, it's not Chinese cabbage. Even Wangyun palace has only one magic weapon.

As for the Chu Dynasty, taishenzong, yuwangfu, xuantianmen and other forces, they have never heard of such weapons.

Pang Yuanhai said that he was going to meet the palace master and ask for troops.

But just then, he received a message.

Yuan Dao, the leader of Wangyun palace, killed taishenzong alone, broke the defense array of taishenzong, and started to kill.

Pang Yuanhai was stunned at the news.

Didn't the palace master announce that he was closed? Why did he appear in taishenzong and start to kill?

He was puzzled.

Yan Yue saw Pang Yuanhai's expression, but she couldn't help but be stunned. She asked, "what's the matter with grandfather Pang?"

Pang Yuanhai returned to his God and said, "the palace master has killed taishenzong. He is killing taishenzong. Now I have to go there." "Don't worry, I will try my best to find younger martial brother Yan and save him this time."

As Pang Yuanhai said, his figure flashed and disappeared in the same place.

At this moment, not only Pang Yuanhai, the other four palace leaders, but also more than ten xianzun peak elders received the same message.

For a moment, the whole Wangyun palace was a sensation.

Just for a short time, the four Deputy palace leaders have decided that the three deputy palace leaders will lead the top ten immortal elders to support them.

As for the others, they stayed at Wangyun palace to prevent trouble.

"Four vice palace masters, ten immortal elders, all left?" In a main hall, Nangong Cheng's face was gloomy and his eyes were flashing. He didn't go with him to attack and support, but chose to stay.

An elder on the seventh floor of xianzun stood behind him and nodded, "yes."

With that, he hesitated slightly and said, "elder Nangong, there's another thing. It's said that Wang Fan, yanmu's disciple, has come back."

"Yanmu disciple Wang Fan?" Nangong Cheng's eyebrows shrunk, and he suddenly grinned, "that boy, how dare he come back?"

The seventh floor immortal didn't speak, just waiting.

Nangong Cheng said, "now that the palace master has gone to taishenzong, a large number of strong people are also rushing to support him. Today's Wangyun palace has only the old man in chimingshan. Now the interior of Wangyun palace is empty. This is an opportunity for us. "

"You inform our people immediately and wait for my order. In addition, send some people to secretly stare at Wang Fan and Yan Yue. "

"As soon as I kill the old man in chimingshan, you will immediately start the palace protection battle, and then eradicate the dissidents."

"Yes That immortal Zun seven layers didn't hesitate, should be a, then quickly backed out.

After the immortal retreated from the seventh floor, Nangong Cheng grabbed a communication bead and quickly sent out a message. Then he flashed and left the hall.

He has been waiting for this day for a long time.

As long as chimingshan dies, Wangyun palace will be his.

As for yuan Dao and others, I'm afraid there's no possibility of coming back alive.

Soon, Nangong achievement has come to the residence of chimingshan.

Chapter 3568

Chimingshan is the weakest of the five vice palace masters in Wangyun palace.

Nevertheless, he is much better than Nangong Cheng and other elders.

After all, if it was a deputy palace leader, the company commander would not be able to suppress him. I'm afraid he would have been beaten down long ago.

At this time, chimingshan was sitting on a chair and didn't know what to think.

Yanmu was chased and killed by the Taichu emperor, but he has not been found. The palace leader went to taishenzong alone. Now four vice palace leaders and ten xianzun elders are going to support him. To tell you the truth, he is under great pressure.

Because now is the most empty time of Wangyun palace. Once the army of Chu Dynasty comes, he can't guard it alone.

"Oh, I hope they can come back earlier." Chi Ming Shan sighed. He was planning to go back to the cave to practice for a while, but just then Nangong Cheng came in.

"Elder Nangong, what can I do for you?" Chimingshan saw nangongcheng enter, but there was not much accident.

It's an eventful time now. It's not strange that Nangong Cheng came to him.

"Lord chigong, I came here because I received a message." Nangong Cheng's voice was a little urgent. He said as he approached chiming mountain quickly.

Chi Mingshan heard Nangong Cheng's words, but his expression didn't change much. He asked, "what's the news?"

Nangong Cheng said, "just now a friend of mine came to say that he saw Taichu emperor and younger martial brother yanmu. Younger martial brother yanmu was in a bad situation."

"What?" Originally did not care about chimingshan, smell speech face changed.

If it was a general thing, he might not care about it at all, but it was about yanmu, which really shocked him.

For a time, the roaring sound continued to ring in Wangyun palace. Soon, countless buildings were destroyed and collapsed.

Those elders and disciples felt this scene and were very frightened. They didn't know what had happened.

"Nangong Chengyi plans to fight back. He stealthily attacks the palace. All the elder disciples listen to the order and immediately take Nangong Chengyi."

Holding the staff, chimingzi fought against nangongcheng and yelled at the elder disciples in the distance.

Nangong Cheng was also unwilling to be outdone. He roared crazily, "start, kill chimingshan first."

Whoosh, whoosh.

With Nangong Cheng's voice, in an instant, innumerable Taoist figures have come to attack chiming mountain.

Some of these people are the elder of Wangyun palace, while the other part is unknown to chimingshan.

Looking at those strange faces, Chi Mingshan was surprised and angry. You know, although he could not know all the disciples of Wangyun palace. But at least he knew the elders in the later xianzun period.

Now, however, there are at least five elders of xianzun who he did not know.

Originally, even if chimingshan was attacked and hurt secretly, it was not suppressed. On the contrary, it was still suppressing Nangong Chengda.

But now, more than a dozen immortal statues come to kill together in the later period, and with Nangong Cheng, chimingshan suddenly feels powerless. In a short moment, he was hit twice, aggravating the injury.

"I hope that the elder of cloud palace will listen to the order, and all of them will kill all the rebels."

Chimingshan eyes canthus to crack, while roaring, while more crazy up.

However, in spite of this, in the later period when more than ten immortals were worshipped, and even some of them reached the top of the ninth floor, chimingshan was still a little weak.

When the elders of Wangyun palace came to kill him, he had been hit twice again and suffered heavy damage.

But fortunately, at this moment, the rest of the elders came to him to block the pressure.

Nangong Cheng looks at this scene, his face is also very ugly.

He counted thousands, but he didn't count at all. In the case of sneak attack, he didn't even hit chimingshan seriously.

Is chimingshan really that strong?

Nangong Cheng red eyes, a spear lift fly an elder, and then directly toward the Chi Ming mountain killed in the past.

At this point, he has no choice.

If chimingshan does not die, he will die.

In another area, Wang fan is also aware of the battle over there. His face turns ugly in an instant.

Nangong Cheng wants to kill chimingshan and usurp the throne?

This is definitely not a good thing for him.

Once Nangong kills chimingshan, I'm afraid Wang Fan won't live until tomorrow.

Just as Wang Fan released his mental strength and explored the battle over there, he suddenly felt a dangerous breath.

Then he found that five mid-term monks of xianzun were coming towards him.

"Those who come are not good. Are they nangongcheng's people who want to kill me?"

Wang Fan's face changed slightly. He didn't dare to hesitate at all. He directly moved the space and quickly disappeared in the same place.

He hurried toward Yan Yue's residence.

Since someone comes to deal with him, Yanyue will not be safe.

Not long after Wang Fan left, the five immortals had already arrived here in the middle period.

They release their mental energy and feel it, and then their faces become ugly.

"What about people?"

"I think it's a run!"

"Chase

The five men's faces were livid and roared quickly, and then disappeared in the same place.

Previously, they were afraid that Wang Fan might be aware of their mental power, so they didn't dare to use it to check. However, they didn't expect that Wang Fan ran away.

Chapter 3569

When Wang Fan arrived at Yanyue's residence, Yanyue had already started a battle with five monks.

The five friars' accomplishments were all on the fourth floor of xianzun, two levels higher than Yanyue.

Yan Yue, who was only on the second floor of xianzun, was very embarrassed under their siege. She had several wounds on her body.

It can be said that if the five monks didn't want to kill her, they would have killed her.

After all, leapfrogging is not so easy.

If you fight alone, Yan Yue may be able to cross the border and kill one of the five with her strength and cards. But now she was besieged by five people at the same time, there was no chance of winning.

However, although Yan Yue looks very embarrassed, she has several wounds on her body, but her eyes are extremely cold.

"Lu Yuan, you are so brave. Wangyun palace has trained you for so many years. Now you want to join Nangong Cheng in usurping the throne and rebelling. It's better than pigs and dogs. "

Yan Yue was very angry at fighting and roaring.

She never thought that one day, she would be besieged by her classmates in Wangyun palace.

She did not expect that one day, there would be civil strife inside Wangyun palace.

What's wrong with Nangong Cheng? Is he impatient?

"Younger martial sister Yanyue, you can't blame us for that. We just follow orders. What's more, those who know current affairs are outstanding. Can't you see the current situation clearly? "

"Chu Dynasty, royal palace, taishenzong and the Dark Alliance have formed an alliance, and they are the mortal enemies of Wangyun palace. Do we have a way to live?"

"If it's not for your grandfather and Wang Fan, maybe Yungong can choose to join them and preserve their status. But now, we have no chance at all. "

"It's all your grandfather and Wang Fan's fault. If it wasn't for them, how could Yungong offend the taishenzong of Chu Dynasty so ruthlessly?"

"So, today's plan, only take you, take your grandfather, take Wang Fan, everything may have room for moderation."

"You are the sinners of Wangyun palace. And we do it for the general trend and for the sake of thousands of disciples of the cloud palace. "

"Are you willing to watch them because all of you have been killed? Would you like to see the hundreds of years of inheritance of Wangyun palace destroyed in your hands? "

"You are the sinners."

Lu Yuan said, but his hand is unambiguous. In a short time, he has left several wounds on Yan Yue.

Yan Yue listens to his words, is simply angry enough.

This bastard is a distortion of the truth.

However, she is also lazy to talk nonsense, but more desperate up.

Not far away, just came to Wang Fan, also heard Lu Yuan's words.

His eyes a cold, no hesitation, a big space will disappear in place.

The next second, his figure has appeared in Lu Yuan's back, holding Taishen ancient sword, a sword toward Lu Yuan's body split in the past.

The ancient miracles bloomed red light, and a terrible heat surged out, forming a sea of sword waves and fire, beating towards Lu Yuan.

When Lu Yuan felt something was wrong, it was too late.

Whoa!

The terrible sword wave mixed with the power of destruction surged on him, directly cutting off his body. At the same time, the terrible high temperature also burned his body to ashes.

At the beginning, Wang Fan was able to kill kuwujian on the fifth floor of xianzun with Taigu magic sword. Now, it's nothing less to kill Lu Yuan on the fourth floor of xianzun.

"Who?"

"No, get out of here."

This sudden scene immediately attracted the attention of the other four people, and they were shocked.

However, just when they were distracted, there was another hissing sound. Yan Yue had seized the opportunity to split one of them in half with a sword.

Wang fan is not idle. He is holding the archaic sword, which is like a peerless sword God.

[illegible]

If there is no Taigu magic sword, Wang Fan wants to kill these four people, maybe it will not be so easy.

But it's not easy for Wang Fan to kill these four people.

"Elder martial sister, now there is civil strife in Wangyun palace. Let's leave first."

After Wang fanzhan killed Lu Yuan and others, he said to Yan Yue without any nonsense.

Yan Yue just looks at the void in the distance. Over there, Nangong Cheng and his party are fighting with chimingshan and others.

Seeing Yan Yue's hesitation, Wang Fan seemed to know what she thought in her heart and said, "elder martial sister, with our strength, we can't intervene in the battle of that level."

"On the contrary, it is a burden for us to stay here. We'd better leave quickly, otherwise once Nangong Cheng's people take it, I'm afraid it will affect the red vice palace leader. "What Wang Fan said is true.

Although his strength is strong, he can kill the five level monks of xianzun, and even face the six level monks of xianzun.

But if you face Nangong Cheng, you will be killed by secs.

Even if he used the eighth sword of the eighth style, it would be useless.

"Good." Yan Yue quickly responded. She didn't hesitate. She nodded and put a healing pill in her mouth. Then she followed Wang Fanfei to leave.

However, before they left long, five people stopped them.

These five people are the five immortals who came from Wang Fan's cave.

"Want to go? Can you leave? Wang Fan, I didn't expect that you could cross the border and kill five people of Lu Yuan. "

"No wonder Nangong Changchang will send us here. It's really not easy for you."

Among the five, a monk with a crooked nose stares at Wang Fan coldly and says hoarsely.

"Elder martial sister Yanyue, you go first, I'll come right away."

Wang fan is no nonsense mind, quickly toward Yan Yue Hello, sword killed in the past.

Whoosh!

The dazzling light flickered, and the sword awns were torn out, forming a whirlpool of sword light, which went towards the five people.

A touch of disdain appeared in the corners of their mouths. Their bodies just flickered two times, and they all hid.

"Hum, arrogant guy, we are not Lu Yuan."

The voice of the hawk's nose was disdainful. He waved his hand, "take him down and make a quick decision. The other one can't run."

Having said that, he took out a magic weapon like an iron hook in his hand, and roared to Wang Fan.

Wang Fan didn't retreat either. He waved his archaic sword again and chopped at the hook of the eagle's nose.

There was a click.

Just for a moment, the magic weapon of the hook nose has been split in two.

This is, the other four people's attacks have also hit, respectively, from four different positions to Wang Fan.

Not far away, Yan Yue is aware of this scene, and her heart is suddenly pulled, but in the end, she doesn't look back, but bites her teeth and leaves quickly.

Chapter 3570

Yan Yue knows that even if she stays, she can't help Wang Fan at all. On the contrary, she is likely to become a burden.

In this case, she might as well leave as soon as possible, so as not to become a drag on Wang Fan.

On the other side.

Wang Fan, facing the attack from the monks on the fifth floor of the four immortals, was still calm and unhurried.

"Wind, thunder!"

In an instant, the endless energy of wind and thunder gathered at his feet and all over his body.

The next moment, his body suddenly rose up and rushed to the sky.

Whoosh, whoosh.

Due to Wang Fan's sudden evasion, the attack of the four immortal statues fell into the distance. In a roaring sound, countless mountain temples were smashed to pieces.

If it wasn't for the existence of many defensive formations in Wangyun palace, I'm afraid that this blow alone would destroy most of Wangyun palace.

You know, the full-scale attack of the fifth floor of xianzun is terrible, not to mention the full-scale attack of the four friars of the fifth floor of xianzun.

The four immortals did not hit Wang Fan on the fifth floor, and their faces could not help changing.

They are going to hunt down Wang Fan, but at this time, a terrible road pressure falls on them, the next moment, a red sword light has been cut down from the sky.

The fire red sword light is hundreds of feet in size, blocking the sky and the sun.

There was a terrible high temperature in the air, a hissing sound, as if the space would be melted.

The endless sword spirit converges wildly, forming the potential of destroying heaven and earth.

"No, avoid it!"

A fairy five layers feel this scene, did not dare to have the slightest hesitation, instant flash back.

The same is true of the other three.

Such a terrible blow, even if they try their best to resist, may not be able to resist.

Not to mention that they are now in the stage of gathering strength and fighting back in a hurry.

However, although the three people's ideas are good and the reaction is not slow, two people are still slow.

The fiery red sword was cut directly on them.

Hiss.

One man's right arm was cut off and turned into blood mud.

Another person is no better, half of his body has been turned into fly ash.

Wang Fan didn't speak, and he didn't give them a chance to breathe.

The sound of wind and thunder surged under his feet. The next moment, they were approaching like electricity, and they cut out again with one sword.

Two people looking at this scene, it is eye canthus to crack.

"To die!"

With a roar, they gathered together Xianyuan crazily and offered their magic weapons to resist.

However, where can we stop it?

Dangdang.

The sound of Jinge jiaoming rings, and the magic weapon in their hands is like tofu, which is easily broken by the archaic sword.

The trend of Taigu magic sword continued to sweep to their waist.

Hiss.

There were two more sounds. If they were not cut off by Qi gen, they fell down from the air.

Wang Fan did not go to see them, but looked at the other two and killed them directly.

When the other two saw Wang Fan's death, they were almost heartbroken.

Is this guy really friar fairy? Are you sure you didn't step into xianzun?

Also, what level of magic weapon is the sword in Wang Fan's hand? How can it be so abnormal?

The five immortals killed a monk of the Immortal King. Now they didn't hurt Wang Fan. Instead, they were beheaded.

They would not have believed such a thing if they had not experienced it.

"Run away!"

Wang fan is so powerful that they have no intention to continue fighting.

One of them gave a low drink and quickly evacuated into the distance.

Another person is also like this. He smears oil on the soles of his feet and runs so fast that he doesn't dare to stop at all.

If they fight again, they will die.

Wang fan saw that they ran away, but he didn't chase them at all. Instead, he turned quickly and ran towards Yan Yue.

Now, it's time to leave Wangyun palace, not to kill the two immortals.

You know, nangongcheng is still fighting a fierce battle.

If Nangong Cheng can't kill chimingshan in the end, but is killed by chimingshan, then everything is OK.

But once nangongcheng killed chimingshan, Wang Fan had no chance to escape.

As for Yan Yue, it's also very dangerous. Once it falls into Nangong Cheng's hands, it's estimated that the end will be no better.

Therefore, Wang Fan didn't bother to pursue the two men at all. He didn't have time to waste.

Wang Fan soon catches up with Yan Yue, and they rush to the gate of lookout cloud palace.

At the gate of Wangyun palace, countless disciples gathered here. The gate was closed, and the defense array was opened. Not only that, at the gate of the mountain, two groups of people are facing each other. On the ground, there are countless corpses.

I don't need to think about it at all. I also know that we have just experienced a fierce war here.

Wang Fan looked at this scene, also very frightened.

Nangong Cheng is not simple. He has already accepted so many people.

If nangongcheng has killed chimingshan, Wang fan is not surprised at this scene.

But nangongcheng hasn't killed chimingshan yet. Why are these ordinary Wangyun palace disciples so stupid as to work for nangongcheng?

Are they not afraid that once Nangong Cheng is killed, they will be punished by the clan rules?

Wang Fan didn't think much, and soon he took Yan Yue to the gate.

Shua, Shua, Shua.

At the gate of the mountain, the two groups of people who were facing each other also looked at Wang Fan.

"Elder martial brother Wang Fan."

"Elder martial brother Yanyue."

Those who didn't betray Wang Fan and his disciples couldn't help but feel happy when they saw them. Many people began to say hello.

As for Nangong Cheng's disciples, their eyes were cold and sharp, and they were also surprised.

They really didn't expect that Wang Fan and Yan Yue could come here alive.

Wang Fan nodded to those greeting disciples, then turned his eyes to Nangong Cheng.

Most of these people's accomplishments were in the early xianzun period, a few in the middle xianzun period, and none in the later xianzun period.

However, among them, there are two strong men in the sixth floor of xianzun.

The sixth floor of xianzun, even if it was Wang Fan, was a little hard to deal with.

Although Wang fan can easily kill the fifth floor of xianzun, if he is against the sixth floor of xianzun, he is not necessarily an opponent.

Of course, if those ordinary immortal six, he can fight, and even have the chance to kill.

"Open the mountain gate and defend the formation. We're going out."

Wang Fan ignored the confrontation, but said.

"Good." Those who didn't betray immediately nodded, and then someone went out and planned to do it.

But the man had not gone out a few steps, and one of Nangong's faction's xianzun, on the sixth floor, had coldly said, "I see who dares to let him out."

As he spoke, the six layers of the powerful spirit of xianzun had been diffused, and the field of xianzun had been released.

He swept coldly to Wang Fan, "I didn't expect that you could come here alive, but if you want to escape from Wangyun palace, don't dream."

When Wang Fan heard this, he didn't want to say much. He raised the archaic sword with his right hand and directly cleaved to the sixth floor of the immortal.

He is in a hurry now. Since the other party won't let him go, kill him!
