

## **Mighty Sk 3571**

### **Chapter 3571**

The light of sword twinkles and tears the world.

In a flash, the endless fire red sword rushed out and went directly to the sixth floor of xianzun.

There is a hissing sound in the air, and the terrible high temperature seems to melt everything.

The strong man of the sixth floor of xianzun was already on guard against Wang Fan.

When he saw that Wang Fan really dared to attack him, a look of banter suddenly appeared in his eyes.

"If you dare to fight against me, you're just looking for death."

He snorted with disdain. His whole body was glowing. His right hand clapped it. The powerful Xianyuan movement had condensed into a big handprint in an instant and directly attacked the red sword.

It's not that he belittles Wang Fan, but that Wang Fan, who is only cultivated by the Immortal King, is really ignored by him.

Even if there is a rumor outside, Wang Fan's fighting power is against heaven, and he once crossed the border to kill monk xianzun.

But the Immortal King's cultivation is only the Immortal King's cultivation after all. He has six levels of immortal respect, and there must be some in his mind that he looks down upon.

There was a roar, and the huge palm print hit the red sword, and the sword was bombarded.

But even so, there are still a lot of swords, breaking through the shackles of palmprint, and moving towards his body.

That immortal Zun six layers slightly a Leng, the moment will dodge, but is a step late.

With a hiss, the endless sword tore his body defense, split on his body, and immediately tore out countless blood mist.

Not dead, but seriously injured.

"How is that possible? The sword? " That immortal Zun six layers is frightened to want to be absolutely, the body shape continuously retreats, at the same time the facial expression is also becoming pale.

What a shame it is that he was wounded by a mole ant, a fairy king, on the sixth floor?

Wang fan is not idle, but again with the sword, is a sword cut over.

Maybe the sixth floor of xianzun was very strong, but it was much worse than taichuba who had only the fourth floor of xianzun.

After all, not everyone is as evil as taichuba.

Therefore, Wang Fan did not use the sword technique, but directly used the strength of the Archean sword itself and its own Xianyuan mobilization to attack.

Even so, the power is terrible.

Looking at this scene, the surrounding disciples of Wangyun palace were also shocked.

Monk Xianwang, he hit the sixth floor of xianzun with one sword. It's a little too terrible.

At the moment when they were stunned, Wang Fan had already mobilized Xianyuan to create three swords.

Under the three swords, the six layers of xianzun were split and retreated, and his injury became worse.

In his heart, there was unprecedented anger.

He didn't think that one day, he would be forced so miserably by a fairy king.

Who is the immortal and who is the Immortal King?

Unfortunately, Wang Fan didn't give him a chance to breathe at all. One sword after another, he didn't stop at all.

If it goes on like this, he won't last long at all.

"Do it, kill him."

Fortunately, at the critical moment, the other immortal sixth floor responded.

With a roar and a flash of body shape, he had already killed Wang Fan.

At the same time, those disciples of Nangong Cheng camp have come back to their senses, grabbed the magic weapon in their hands and killed Wang Fan.

Now Nangong Cheng has taken action against the vice palace leader, Chi Mingshan, and they have shown their position.

So there is only a fight to the death.

"You traitors dare to beat up younger martial brother Wang Fan and seek death."

Those disciples who didn't rebel were also very angry when they looked at this scene.

They did not watch each other to kill Wang Fan, but flashed to meet up crazily.

One of them killed at the sixth floor, directly blocking the one who killed Wang Fan. The rest of the disciples were fighting with each other.

A fierce scuffle broke out in an instant.

Wang Fan looked at the scene, slightly relieved.

He continued to gather Xianyuan crazily and kept chopping the six layers of xianzun.

As he went on with one sword after another, the injury on the six layers of immortal Zun was getting more and more serious, and there was a strong reluctance in his eyes.

Finally, more than ten swords went down. Finally, Wang Fan's sword pierced his throat.

Wang Fan's face was a little pale when he killed the immortal sixth floor.

He took a look at the Wangyun palace disciple who was fighting at the scene, took a deep breath, took out several healing pills and swallowed them. Then, with a flash of body shape, he killed him with the archaic sword.

Wang Fan didn't deal with the sixth floor immortal, but killed the other weaker people.

After Wang Fan joined, the situation changed.

Just in a short time, Wang Fan had already killed three immortals in the fourth floor and one in the fifth floor. As for the monks below the fourth floor of xianzun, they killed more than ten people.

"Withdraw!"

In the rebellion, the immortal sixth floor saw this scene and his face changed slightly.

He dare not continue to fight, crazy roar, and then quickly left here.

Seeing this, the other rebellious disciples did not dare to continue fighting and quickly began to flee.

Before long, those rebellious disciples of Nangong Cheng camp had all fled and disappeared without a

trace.

Wang fan saw these people escape, did not chase, but quickly said, "immediately open the gate, I want to go out."

"Also, I suggest that everyone go out to hide. Since Nangong Cheng dares to take the initiative with chigong, he must have a great grasp."

"It's even possible that there are some experts of Chu Dynasty alliance lurking inside us."

"If nangongcheng is killed, we will be safe. But once the Deputy palace master is killed, the only thing waiting for us is death. "

"Now, we have to leave Wangyun Palace first to see the situation. In case Nangong comes to power, it's not too late for us to kill the rebels together with the palace master when the palace master comes back. "

While Wang Fanfei speaks quickly, the gate array has been opened. He takes Yan Yue and rushes out quickly.

When those disciples heard Wang Fan's words, they hesitated slightly and left quickly.

What Wang Fan said is not without reason. In the current situation, it is meaningless for them to stay here.

Because the most important thing is the game between nangongcheng and chimingshan.

They are just cannon fodder at the bottom.

Even if they can kill those ordinary disciples of Nangong faction, what?

Once Nangong's real rebellion is successful and the red vice palace leader is killed, can they get a slap from Nangong?

Obviously not.

Just when Wang Fan just stepped out of Wangyun palace, the situation on the other side of nangongcheng and chimingshan also changed.

Originally still pressing Nangong Chengda chimingshan, suddenly his face changed and he quickly retreated to the rear.

But just as he retreated, three figures suddenly burst out in three directions below.

The three figures were full of the terror of the Ninth level of immortal statue. They jumped away, sacrificed their magic weapons, and immediately attacked chiming mountain.

Chi Ming Shan's face suddenly changed when he was attacked by three strong men in the same territory. In addition, the other side had been ready for a long time and attacked secretly.

"People of the Dark Alliance, Nangong Cheng, you --" he yelled, frantically resisting, but where can he resist.

Boom boom!

Four sound, chimingshan was directly overturned out, suffered heavy damage.

Of course, when he was hit hard, he fought back and killed one of the other.

### **Chapter 3572**

"Elder martial brother!"

"Looking for death!"

The other two members of the ninth floor of xianzun in the Dark Alliance were furious when they saw that their elder martial brother was killed.

They even launched a crazy attack on chimingshan. The roaring sound kept on ringing. Chimingshan, which had already been badly damaged, just persisted for a short time, was completely destroyed and turned into a blood fog.

A generation of strong, xianzun nine layers of the top figure, Wang Yun palace Deputy palace leader, fell on this.

After the killing of chiming mountain, the two Dark Alliance members of the ninth floor of xianzun didn't have much joy.

They were afraid that the chimingshan Jedi would fight back and hurt or even kill them, so they have endured it until now.

But they did not expect that, in spite of this, one person was killed.

On the surface, the killing of chimingshan seems to have been successful, but in fact, they didn't take much advantage of it.

"Nangong Cheng, the next thing is up to you. Other people don't care, but Wang Fan must die. Otherwise, if we can kill chimingshan, we can kill you as well. "

One of the strong members of the Dark Alliance coldly said a word, then flashed away and disappeared in the same place.

Nangong Cheng's face is also a little ugly.

In the previous single battle against chimingshan, he has also suffered a lot of injuries and is extremely weak.

However, in the face of the threat from the strong of the Dark Alliance, he did not dare to ignore it. He immediately gave an order, "pursue Wang Fan immediately, and never let him escape."

With his order, in an instant, more than ten elders of the sixth and seventh floor of the immortal statue all went out and chased out of the Wangyun palace.

When chimingshan was killed and the elders pursued Wang Fan, Yuan Dao, the leader of Wangyun palace, had broken through the defensive array and entered the sect.

However, not long after he entered the sect, he was besieged by more than ten strong men from the ninth floor of xianzun.

Among these ten strong men, except five of them were taishenzong elders, the rest were all members of the Chu Dynasty alliance.

Obviously, the other party has been waiting for him to enter the urn.

"The people of Chu Dynasty alliance? It seems that you are too religious. You are really ready. "

Yuan Dao looked at the ten strong men in the ninth floor of xianzun. Not only was he not surprised and scared, but he couldn't help laughing.

At the same time, he was holding the magic weapon of the Immortal Emperor level, burst out the breath of terror, and killed more than ten people directly.

He fought alone at the top of more than ten immortal statues, but he didn't fall at all.

In a burst of roaring sound, in a short time, countless palaces and pavilions in taishenzong had been destroyed by the rampant energy and turned into powder.

On the ground, there are even more ravines.

Countless disciples and even elders of taishenzong were all affected, and suffered heavy casualties.

At this moment, Yuan Dao has already lost his former spirit, and he seems to be incarnated into a demon God.

Just a few breaths, one of the nine peaks of xianzun had been cut off and fell from the sky.

The rest of the strong people were shocked when they saw this scene.

No one thought that Yuan Dao was so strong.

It's hard to suppress more than a dozen of them.

A vast area, yanmu is stepping forward.

At his feet, the space is constantly creeping, and every step can span a hundred miles.

After him, Taichu emperor, the leader of Taishen, was fighting hard. However, his face was extremely ugly.

It's been a few days, but he didn't catch up with yanmu.

Not only that, during this period of time, the distance between the two people has not been narrowed, but also has the trend of being pulled away.

Taichu emperor almost wanted to vomit blood, this yanmu, is also too able to run?

In fact, yanmu is really good at running.

The reason why he has not been overtaken for so long is because of his understanding of the law of space.

It can be said that although yanmu is powerful, what he is best at is not killing people, but running.

One before the other, they didn't know how much distance they had crossed. Finally, they entered a strange area.

In this area, not only does mental power lose its function, but even their speed slows down.

Not only that, the gravity here seems to have increased by countless times, making both of them feel like they are struggling.

At the same time, yanmu was even more shocked to find that the power of space was not available here.

"Where on earth is this, and why have I never heard of it?" Yanmu frowned and slowed down a lot.

Although the areas where the five forces are located are just the tip of the iceberg, there are still many

places they have not detected.

And those places are full of danger, even the top of xianzun dare not easily set foot. However, yanmu knew all those places, so he didn't run towards them.

But now, he was shocked to find that unconsciously, he even entered a mysterious area.

Soon, yanmu was shocked to find that his Xianyuan was losing rapidly, and he could not supplement it at all.

Until this time, Yan Mu found that there was no aura in heaven and earth.

This discovery surprised yanmu. He didn't dare to use Xianyuan to escape any more. Instead, he began to walk forward.

Not only he, but also the emperor Taichu was aware of this fact. He did not dare to use Xianyuan. Instead, he began to walk.

What is this place, and why have they never heard of it?

Taichu emperor was very angry. Where did yanmu take him?

Why don't you even know him?

For a time, Taichu emperor really had the impulse to swear.

However, he has lost his mental strength, and now he has lost the trace of yanmu. He doesn't know where yanmu is.

Yanmu was walking all the way. At a certain moment, when he stepped into an area, his face suddenly changed and he was about to quit.

But the next second, a force of terror acts on him, and his whole person turns into a pillar of light and goes straight to the sky, and disappears without a trace.

More than two months after his disappearance, Taichu emperor also encountered this situation and disappeared without a trace.

Outside Wangyun palace.

Wang fan is running with Yan Yue. His face is quite dignified.

Because he clearly noticed that behind him, there were several immortal statues in the late stage of crazy pursuit.

"Wang Fan, why don't you put me down? If you go on like this, we will all die." Yan Yue's face is very pale. She looks up and whispers to Wang Fan.

When she spoke, the corners of her mouth were bitter.

Because she knew very well what it meant for the strong to pursue and kill them in xianzun's later period.

This means that the Deputy palace master of chimingshan has already encountered an unexpected event.

Wang Fan didn't speak, and didn't even go to see Yan Yue. He was just running fast.

And the direction that he ran wildly was exactly the direction of taishenzong.

There was no way. Yuan Dao and a large number of Wangyun palace strongmen went there, and he would be safe only if he went there.

### **Chapter 3573**

Dense jungle, Wang Fan with Yan Yue, in the constant rapid running.

His speed has reached an extremely terrifying level.

However, in spite of this, he still can't get rid of the three immortals behind.

No way, the strength is still too weak.

Wang Fan, who was only cultivated by the Immortal King, was invincible even in the same situation, but he was still a little weak in the late xianzun period.

"Nangong Cheng, the old man, really looks up to me. He sent xianzun to chase me."

"It's no way to go on like this. Sooner or later, they will be hunted down. The most urgent thing is to think of other ways."

Wang Fan while running, while thinking quickly.

He wanted to evade and attack the three with the help of the jungle.

However, he gave up the idea as soon as it appeared.

Are you kidding me? He is a monk of Immortal King. He can kill three immortal masters?

That's just impossible.

If the other party has only one person, he may also try, but three people, it is difficult.

Because once he was entangled by three people, he would almost die under the suppression of Xianzun.

Even if he has the archaic sword, he is not an opponent.

As for avoiding, if he was the only one, he might be able to do it, but now he's still with Yan Yue, which doesn't work.

Xianzun's later period is not so easy to fool. What's more, he can guarantee that his breath will not leak after he completely converges, but he can't guarantee Yan Yue.

After Wang Fan, the three immortals were also very angry.

In the later period of their three immortal masters, they chased and killed only one Immortal King, and that immortal king had a burden, so they could not catch up with him.

If this kind of thing is spread out, it can laugh off other people's big teeth, and they have no face to see people.

It's just that Wang Fan's speed is really fast, especially when the space is moving. One move is a hundred miles or even hundreds of miles away. They have no way at all.

However, despite the delay in catching up with Wang Fan, the three did not give up, but still in pursuit.

Nangong Cheng gave the order of death, and it was also the order of death under the threat of the Dark Alliance.

In this case, if they can't kill Wang Fan, I'm afraid Nangong Chengdu will kill them.

"No, we can't go on like this. We have to find a way to break through."

Wang Fan murmured in his heart, and did not hesitate any more. He ran wildly, grabbed several pills and swallowed them in his mouth. At the same time, he began to absorb the immortal spirit between heaven and earth.

With Wang Fan's crazy absorption, in an instant, hundreds of miles around, the terrible immortal spirit rushed towards Wang Fan's body.

It didn't take long for the immortal aura within a few hundred Li to be emptied, and a vortex of aura formed around Wang Fan.

"Wang Fan, what are you going to do?" Yan Yue felt this scene, her face changed in an instant.

You know, there are many impurities in the spirit of heaven and earth, and they are not very pure.

In this case, such a crazy absorption and phagocytosis will certainly have great sequelae.

What's more, it's not the most important thing. The most important thing is that there is a short period of weakness when Xianwang breaks through to xianzun.

At this time, Wang fan is the most dangerous. Once he is overtaken by the three immortals, he will die.

Wang Fan didn't speak, just absorbed the elixir in his body and the immortal spirit between heaven and earth, filled the elixir field crazily, and felt the barrier of immortal respect.

In less than half an hour, Wang Fan had already felt the barrier of xianzun.

He didn't have the slightest hesitation, started the crazy impact, he also had no way, really had no way.

Because if he is pursued like this all the time, he will die.

"Well?"

"What does he want to do?"

"To break through the realm?"

"Hum, what a brave child! He dares to humiliate us."

"Kill, you have to kill him."

The three immortals felt this scene in their later stage, first in a daze, and then in a rage.

There is nothing more humiliating than Wang Fan's daring to make a breakthrough under their pursuit.

If Wang Fan really breaks through, their old face will be lost.

But Wang Fan didn't know what the three people thought. He was still pounding the barrier, and his face turned pale.

Now Wang Fan even began to thank taishenzong.

Because without that wonderful experience on Taishen mountain, he would not have been able to cross the Ninth level of xianzun and reach the tenth level of xianzun in legend.

Similarly, without that experience, he could not feel the barrier of xianzun. To tell you the truth, the adventure on Taishen mountain was more rewarding than Wang Fan's practice in Wangshen pool.

Boom boom!

One after another, Wang Fan's body was shocked.

Xianyuan in his body, uncontrolled through the body, the whole body cells are exuding countless blood.

"Wang Fan, you stop quickly. It's too dangerous." Yan Yue looks at this scene, her eyes are a little red.

It's really dangerous.

"If you can't, you can put me down and run away. Your talent is better than mine, and your potential is greater than mine. If something happens to you, what will grandfather do? "

"His old man's life and death are unknown now. You need to look for him and save him."

Yan Yue, the iceberg cold beauty, has a rare cry in her voice.

At this moment, she really felt bad.

For the first time, she felt that she was such a waste.

She has stepped into the third level of xianzun, but she is not as good as Wang Fan, who is only cultivated by Xianwang. She needs Wang Fan to take care of her.

Wang Fan didn't care about Yan Yue at all. In fact, he didn't have the time and mind to care.

He is now in a crazy impact on the xianzun barrier, while still running crazy, it can be said that the pressure is great.

Boom!

At a certain moment, accompanied by another crazy impact, Wang Fan seemed to hear a click coming from his body.

The next second, a very rich breath emerged, he knew that he had broken through.

However, Wang Fan didn't have time to surprise at all. He felt as if his bones had been cut by a knife and began the crazy fragmentation and reorganization.

At first he had some scalp numbness, but then he was relieved.

This is the self transformation of bones, muscles and viscera after the cultivation reaches the immortal statue.

Only after the complete transformation can we really become an immortal.

At the same time, Wang Fan also realized a problem, that is, he will fall into a weak period next.

Think of here, the corner of Wang Fan's mouth can't help some hesitation, because he doesn't know at all, and this kind of thing will happen.

"Elder martial sister, you take me first, as fast as you can." Wang Fan did not dare to hesitate, quickly toward Yan Yue said a word, then whole body and mind into the bone of the refining and transformation.

Yan Yue is not ambiguous, and takes Wang Fan to run wildly again.

### **Chapter 3574**

"Breakthrough to xianzun?" Later, the three immortals noticed this scene, and their faces changed greatly.

They never thought that Wang Fan could really make a breakthrough.

You know, it's not easy for Xianwang to break through to xianzun.

Nothing else, just to break through resources, we must be well prepared.

Otherwise, once the breakthrough fails, the cultivation is likely to fall.

Some of them, even if they are well prepared, can not succeed.

But now, Wang Fan on the way to escape, unexpectedly so easy to break through?

What a joke it is?

"This son's cultivation speed was already very fast when he was the Immortal King. Once he broke through to the present, I'm afraid we can't catch up with him."

"He has just made a breakthrough and is in the critical stage of bone quenching, which is also his weakest period."

"We have to take this opportunity to catch up with them and kill them, or we will never have another chance."

One of them said with a gloomy face in the later period, and his speed was accelerated again.

Because now it is no longer Wang Fan who runs away, but Yan Yue, their distance has been shortened very quickly.

If it goes on like this, Wang Fan and Wang Fan will be caught up in no more than half an hour.

Yan Yue felt that the three immortals were getting closer and closer in the later stage, and her face was also very ugly.

At a certain moment, she bit her teeth and pointed her fingers on her body.

The next moment, her face became red, at the same time, a mouthful of blood essence spurted from her mouth, then the whole person seemed to be rolled up by a blood light, and the speed increased several times.

"Well?"

The three immortals were stunned when they saw this scene.

But soon, they were back to normal.

Because although Yan Yue's speed has increased several times, it is still far worse than them.

The most important thing is that Yan Yue's state will not last long at all.

More than half an hour later, the three immortal statues were within ten li of Yanyue.

The distance of ten li, for ordinary people, may be far away, but for the late xianzun, it is not a distance at all.

At least, such a distance, Yan Yue two people have entered their attack range.

"Younger martial brother Wang Fan, I'm sorry, but I still can't make it to your bone."

Yan Yue feels the breath of the three people behind her, looks down at Wang Fan, and a touch of sadness appears in her eyes.

At the moment, Wang Fan's eyes are closed tightly, and his whole body's bones are making a clattering sound. Obviously, the quenching has not been completed at all.

She gritted her teeth and quickly put Wang Fan on the ground not far away. Then she pulled out the purple sword and killed the three immortals later.

At this moment, Yan Yue's eyes, some decisive.

At the moment, Wang Fan still closed his eyes, without any reaction. "It's worthy of being a genius. In this case, you can even break through. You're unprecedented."

"It's a pity that no matter how talented you are, if you don't know what's going on, you will die."

Later, the immortal sighed, then clapped his palm out and wanted to clap Wang Fan's head.

But at this time, Huang Feng, one of the other two in the later period of xianzun, suddenly said, "brother Wu Kui, don't kill him first."

"Why?" Wu Kui, who is planning to kill Wang Fan, is stunned.

Huang Fengning said in a voice, "it's meaningless to kill him. Why don't we take him back and let the dark alliance deal with him?"

"Nangong elder is narrow-minded. I'm afraid we'll never get ahead with him. If we can get the appreciation of the Dark Alliance adults, maybe we can get more

Huang Feng's words are not without reason.

Nangong Cheng is really narrow-minded and not easy to work with.

If they hadn't already been on Nangong Cheng's boat, Nangong Cheng would not have been determined.

Wu Kui hears Huang Feng's words, can't help but slightly a Leng, "but, if this is known by Nangong elder, then we."

Huang Fengning said, "what are you afraid of? We didn't do anything against him. We just handed Wang Fan over to the Dark Alliance."

"In this way, if Nangong Chengdu dares to kill us, I'm afraid the two Dark Alliance adults will not let him go."

When Wu Kui heard this, he pondered for a while, then nodded, "OK, in that case, take him back."

Then Wu Kui reached out and grasped Wang Fan.

Huang Feng grabs Yan Yue seriously injured and the three of them leave quickly.

Wang Fan, who was raised by Wu Kui, moved his eyebrows slightly, but did not open his eyes.

He originally wanted to do it. Although he is at a critical stage, it does not mean that he has no combat effectiveness at all.

If he only makes a move, it will be countless times more difficult for him to finish the bone quenching from Xianwang to xianzun.

However, after feeling that Wu Kui didn't mean to kill him, he stopped the idea and continued to harden his bones.

He sneered in his heart. Wu Kui was so arrogant that he didn't seal his veins. Isn't he afraid of his sudden attack?

Perhaps, Wu Kui is determined to eat him, think that even if he is finished quenching bone, also can't turn what waves, so dare so careless.

### **Chapter 3575**

In the later stage, the three immortals took Wang Fan and Yan Yue to the sky and rushed to Wangyun palace.

At the same time, they are also discussing how to maximize their interests.

After all, no matter where they are put, they are the number one people in the later period of xianzun.

Now Nangong Cheng colludes with the Dark Alliance and is about to take control of Wangyun palace. They don't want to work under Nangong Cheng all the time.

Of course, the most important thing is that Nangong Cheng has a small stomach, and he has to report his mistakes. He is not sure when he will kill them if he is upset.

If they can rely on the Dark Alliance, Nangong Cheng will have to weigh it up if he wants to kill them.

Three people with sound communication, while running, have forgotten to mention in the hands of Wang Fan and Yan Yue.

Both of them are small roles. Since they have already fallen into their hands, they will not be able to turn over any more waves, so naturally they will not care.

Yan Yue is carried by Huang Feng in the hand, pale face, biting teeth, a sad face.

She knew that those who were waiting for her and Wang Fan would die if they fell into Nangong Cheng's hands.

However, she had no choice but to accept her life.

Wang fan is in the rapid bone quenching, he is also racing against time.

Only when the real bone quenching is completed, can he really step into the xianzun level.

At that time, even if we can't kill these three people, at least we can escape.

However, Wang Fan has not yet finished the bone quenching. Suddenly, his brow just can't help wrinkling.

The next second, Huang Feng three people all stopped.

Wu Kui looked at the void not far away and said angrily, "who?"

Whoosh!

With his voice, a broken wind sound sounded, and then a figure appeared in front of them.

From the concave and convex figure, we can see that this is a woman.

However, the woman was wearing a veil, so the three could not see her face.

Huang Feng three people see this woman, pupil is can't help but slightly shrink, Wu Kui again sink a way, "who are you?"

The woman didn't want to talk at all. With a wave of her right hand, a fiery red lotus suddenly appeared. The next second, she bombarded Wu Kui.

Wu Kui felt the heat, his face changed wildly, but then he became angry, "immortal five?"

Wu Kui was so angry that a woman in the fifth floor of xianzun dared to block the way of the three of them in the seventh floor of xianzun. She even dared to take the initiative.

Is this woman brain disabled? Didn't she know the difference between xianzun's middle stage and xianzun's later stage?

"To die!" Wu Kui yelled angrily and threw Wang Fan behind him. At the next moment, he waved his palms together and hit the red lotus.

Boom!

There was a loud noise. His palm was on the fire red lotus, but it didn't smash it.

In a burst of hissing voice, the fiery red lotus instantly penetrated his palm and hit his chest.

Poof.

Wu Kui gushed blood from his mouth, and his face turned crazy.

As for the palm of his hand, it was already bloody, and there was a blood hole in it.

The woman has no nonsense at all. She almost blows out the red lotus to Wu Kui. At the same time, her figure flashes and she has killed Huang Feng.

Huang Feng's face is also slightly changed. He also throws Yan Yue, who is seriously injured, behind him. The next moment, he has already fought with the woman.

Boom boom sound, one after another, two people in mid air bombardment out of the palmprint, crazy collision.

Huang Feng was shocked to find that he was not as good as this woman and was beaten down.

In the later period of xianzun, he was beaten by the middle period of xianzun, and fell into a disadvantage. At this moment, not only Wu Kui and the last xianzun were confused in the later period, but even Yan Yue was also confused.

What a powerful woman.

But, who is this woman, is she to save herself and Wang Fan, or is it just pure revenge?

Wu Kui suffered a heavy blow in the short fight. Huang Feng was beaten by women and couldn't get the upper hand.

Finally, the immortal saw this scene later, and without any nonsense, he flashed to kill the woman.

Two big one.

After he joined the battle circle in the later period, the woman who was still fighting against Huang Feng suddenly fell into the downwind and seemed to be in a hurry.

No way, her cultivation is only in the middle stage of xianzun. Even if she can cross the border and kill the seven strong ones of xianzun, how can she be one or two.

The rumbling sound is constantly spread out, and everything around is stirred up in rags, the mountains are smashed, the trees are flattened, and the ground is ravine.

Just a short time, the surrounding area was pushed to the ground.

"Who are you and why do you want to attack us? Are you trying to save them?" Huang Feng's eyes almost split.

They didn't expect that someone would save Wang Fan.

You know, the Wangyun palace now is besieged and has no alliance at all.

Moreover, most of the strong men in Wangyun palace have already killed taishenzong, and they are not in this area at all.

Who is this woman?

Women do not speak, but constantly attack, but also occasionally use the spirit to check Wang Fan's situation.

She is no other than Xuan Yiyi.

It's also a coincidence that Xuan Yiyi came to see Wang fan when he heard that he had returned to Wangyun palace.

But she didn't expect that before she arrived at Wangyun palace, she saw the arrested Wang Fan.

Xuanyiyi's accomplishments are only five levels of immortals, and she has made a breakthrough in the near future. Even if she can fight across two realms, she still has some difficulty facing two strong men who are higher than his two realms at the same time.

Now, she can only think about procrastinating and waiting for Wang Fan to wake up.

Otherwise, she alone, is absolutely unable to kill these three people, and then take Wang Fan and Yan Yue away smoothly.

On the other side, Wang Fan has been watching all this.

His heart is also very anxious, but also crazy to speed up the speed of bone quenching.

It's just that it's not so easy to quench the bone, and it's also the bone from the Immortal King to the immortal statue.

Even now, he has only tempered more than half.

Wang Fan did not dare to slack off at all. On the one hand, he separated part of his mental strength to check the war situation, and on the other hand, he accelerated his pace.

Half an hour later, xuanyiyi's body had some more injuries, and there were red blood stains in many places on his clothes.

As for Huang Feng and Huang Feng, they are not the same.

Especially in the later period of the other immortal, he was even more embarrassed by Xuan Yiyi.

His cultivation is a little weaker than Huang Feng's, so he bears the most pressure.

The most important thing is that xuanyiyi is also bullying him, a soft persimmon. His attack is countless times more fierce than Huangfeng's.

Standing for a long time, xuanyiyi also felt tired, and Xianyuan in her body was quickly evacuated.

At this time, Rao Shixuan Yiyi was worried.

If Wang fan doesn't wake up, she won't be able to survive.

Of course, even if she can't survive, she can't die. It's just that Wang Fan and Yan Yue can't be saved.

### **Chapter 3576**

Boom!

There was another deep explosion. Huang Feng's fist blew out, and xuanyiyi was bombarded with a sharp fist. Xuanyiyi spat out a mouthful of blood and flew out in an instant.

Her face became very dignified after she staggered to her feet.

There is still a big difference in strength between xianzun's middle stage and xianzun's later stage.

In particular, she still faced the two men.

Not to mention anything else, just the consumption of Xianyuan, she is more than two people.

So at the moment, both consciousness and reaction are affected.

"Well, you're just in the middle of xianzun's life. You even want to kill the three of us. You're looking for death. Since you take the initiative to seek death, I will help you. "

Huang Feng stares at Xuan Yiyi coldly. With a cold sound, and then a step, he kills Xuan Yiyi again.

At the same time, the crazy outbreak of his immortal field completely oppressed xuanyiyi.

In addition, the immortal Zun was not idle in the later period. He was holding a long halberd and killed xuanyiyi with the same momentum.

To tell you the truth, it took so long for the two immortals in their later stage to be consumed by one in their middle stage. They almost vomited blood.

Fortunately, there are no outsiders here, otherwise their old face will be lost.

In particular, if they were seen by the two venerable members of the Dark Alliance, I'm afraid they would not pay any attention to Wang Fan even if they brought him back.

After all, who can see such a waste of xianzun? They all feel ashamed of themselves.

Xuanyiyi see two people crazy to kill, eyes in the emergence of unprecedented dignified.

"Kill

Her right hand trembled in an instant. In an instant, she sacrificed the fiery red lotus.

At the same time, while she was sacrificing a long sword to attack Huang Feng, she dodged.

Ding ground a sound spreads out, fire red lotus is agitated on the long halberd of the later period of that immortal Zun, issued the voice of Jin Ge Jiao Ming.

The halberd of xianzun's later period was poked out a big hole and began to melt.

However, the momentum of the fiery red lotus was also reduced. It didn't hurt each other as much as Wu kuina did last time.

Xuanyiyi looks at this scene, a little disappointed, but she just can't care there, because the sword in her hand has collided with Huang Feng's fist.

There was another sound. Huang Feng's fist was pierced by the sword, and a bloody hole appeared.

However, Huang Feng didn't care at all. His body twisted in an instant, and his violent momentum emerged. He boxed xuanyiyi's waist.

Xuanyiyi was already extremely weak, and she attacked them with one heart and two uses. Therefore, although she had seen Huang Feng's attack, she couldn't avoid it at all.

Huang Feng's fists are solid and fall on xuanyiyi. Xuanyiyi's mouth spurts out several mouthfuls of blood, and then flies out in an instant.

With a bang, her body fell to the ground, and her face was no longer bloody.

"Hum!"

Huang Feng hummed coldly, but he didn't want to give up. As soon as his body flashed, he wanted to attack again.

But just then, a breath of extreme danger came from behind him.

Huang Feng didn't hesitate. Xianyuan wrapped his whole body in an instant, and the whole person was flashing towards the side.

Whoa!

However, his speed is a little slower.

He only saw a red sword coming. The next moment, his whole left arm was cut down by Qi Gen.

Not only that, the left arm was cut off, but also instantly turned into ashes.

"Who?"

Huang Feng looked at the scene and was furious.

He turned his head and saw Wang Fan in an instant.

At the moment, Wang Fan has woken up. He is holding the archaic sword, standing in the void, only kilometers away from Huang Feng.

"Nangong Cheng's running dog? Say, I also want to thank you, if not for your escort and pressure all the way, maybe I haven't broken through so quickly. "

Wang Fan looks at Huang Feng and smiles, but his eyes are full of coldness.

Of course, while he was talking, he was not idle. Instead, he held the archaic sword and killed Huang Feng again.

"Little bastard, you dare to attack me. You want to die." Huang Feng saw that it was Wang Fan who cut off his pen. He was furious.

He roared and gave up xuanyiyi directly, killing Wang Fan madly.

This son of a bitch is just a fairy. He hurt him later. I can't bear it.

Wang fan is not ambiguous, he is holding the archaic sword, constantly waving forward.

A fire red sword surge, as if into a sword shaped fire dragon, crazy toward the yellow wind phagocytosis.

The roaring sound came out constantly. Although Huang Feng smashed countless sword fire dragons, he was also seriously injured.

His right fist, too, has become bloody and fleshy, with countless wounds on his body. What made him even more astonished was that Wang Fan was not affected by his immortal field at all.

Just when Wang Fan was fighting with Huang Feng, the other immortal finally came back to God.

With a grim smile, he killed Wang Fan from behind with a long halberd pierced by the fiery red lotus.

In the face of the siege of the two immortals, Wang Fan did not choose to meet them, but flashed into the sky.

"You two Wangyun palace rebellious, even willing to be Nangong running dogs, today, I Wang Fan will send you on the road, clean up the door."

Wang Fan said coldly, the Taigu magic sword kept dancing, and soon the sword move had taken shape.

"The first family of Shenjian."

With a roar, the archaic sword fell down from the sky, raising a terrible sword power.

The space is humming with tremor.

Two xianzun later, the strength is still very strong.

With Wang Fan now, it's hard to kill them if they don't use martial arts.

As for killing short guns, they are no longer useful at all.

After all, the killing shotgun is only a magic weapon of the Immortal King level. His opponents are all immortal gods.

The first move of Shenjian falls from the sky, and Huang Feng and his friends use their martial arts to resist.

In a roaring sound, the first move of Shenjian was resisted and the sword was smashed.

The two men's bodies soared to the sky and went to kill Wang Fan.

However, before they rushed to Wang Fan, the second move of the divine sword had already come.

If it is said that the magic sword is the first move, Huang Feng and Huang Feng don't care at all. They can't threaten them at all. But the second move of the sword fell, and they already felt the danger.

They continued to attack and soon smashed the sword to resist Wang Fan's second sword.

At the same time, they also feel bad, were smashed to the ground, the mouth is also spewing blood.

They looked at each other in horror.

They couldn't figure out why Wang Fan, who was the only one on the xianzun level, had such terrible sword skills.

Is this really just the first floor of xianzun?

At the peak, they may not be afraid of Wang Fan at all, but now they all have a headache.

"Three swords cut you two to clean up the traitors for Wangyun palace."

Wang Fan didn't give them a chance to breathe at all. At the same time, the third move of Shenjian had been completed.

At this moment, Huang Feng's face was really black.

The scalp is numb.

### **Chapter 3577**

That Kendo breath is really terrible.

If the peak period, they may be able to resist, but now, then don't think about it.

As soon as Huang Feng and Wang Fan thought of it, the third move of Wang Fan's sword had been cut down.

With a hissing sound, the fire red sword wave broke through the void and set off an extremely terrifying power, directly towards them.

From a distance, it's like a Sword Fairy.

"Resist with all your strength!"

Huang Feng looked at this scene, a roar, the whole body in an instant bulge, all over the fairy yuan crazy walk up.

Not only that, his body also issued a click sound, countless blood, oozing from the pores of his body.

Obviously, he burned blood essence.

Another immortal Zun later, also dare not be careless, crazy encourage Xianyuan, burning blood

essence, began to resist.

They can't resist with all their strength, because that terrible Kendo breath has completely locked them in, and they can't escape at all.

What's more, the distance between the two sides is so close that it is impossible to escape.

Almost as soon as they had done all this, half of their weapons exploded, and the huge red sword wave had been cut down.

Boom.

The ground trembled, the weapons in their hands were directly split out, and Xianyuan on their body surface was instantly defeated.

As for their people, they were blasted out, their bodies were beaten to pieces, and they were bathed in blood.

They fell to the ground, and they were so angry.

They didn't even think that they would turn over the boat in the sewer and be planted in the hands of such a mole ant as Wang Fan, who had just entered xianzun.

If I had known that, I should have killed Wang Fan at the beginning. At least I had sealed his veins.

They were very sad and indignant. They also took a look at Wu Kui not far away.

However, Wu Kui has been killed by the aftershocks just now, and has completely turned into a powder.

In the mid air, Wang fan is also slightly surprised.

In his opinion, if the third style of the sword falls, the two will surely die. But unexpectedly, the other party didn't die.

At the same time, he was also very satisfied with the power of his eight moves.

When the cultivation breaks through to the immortal, not only the power increases by countless times, but also the time of brewing sword moves is greatly shortened.

According to the previous situation, he had no way to perform the eight forms of Shenjian so quickly.

"If you don't die, you can mend it."

Wang Fan looks at Huang Feng and them coldly, holding the archaic magic sword, diving down and

chopping toward them.

He had already seen that both of them were at the end of a strong crossbow, and they did not have much fighting power at all.

In this case, he will not waste time and Xianyuan to continue to brew the fourth move of Shenjian.

Huang Feng and Huang Feng were beaten by the roaring sound, which made them turn over and over again.

Finally, when Wang Fan split the fifth sword, they couldn't stop it any more and were directly split into pieces.

At this point, the three immortals all fell in the later period.

Hundreds of miles away, xuanyiyi and Yanyue are stunned at this scene.

They did not expect that Wang fan should be so fierce, immortal one layer, even cut three immortal later.

Even though Wu Kui was seriously injured by Xuan Yiyi and didn't take part in the war at all, Huang Feng hesitated to fight Xuan Yiyi for a long time, and their state was not at the peak.

But this is also true.

If this matter is spread out, Wang Fan will be a sensation again.

In fact, Wang Fan killed three people for many reasons.

One is that his cultivation has been greatly enhanced. The other is that Huang Feng and Huang Feng have been consumed seriously. Besides the first time, the third point is also very important, that is, the archaic sword in his hand.

It can be said that without these three factors, Wang Fan could not have killed Huang Feng.

At least, I'm afraid he won't have a chance to cut out the first three moves of his divine sword.

Wang Fan killed three people, did not do more stay, but a flash, then quickly appeared in xuanyiyi and Yanyue side.

Wang Fan looked at Xuan Yiyi and said gratefully, "elder martial sister, thank you for your help this time."

For xuanyiyi, Wang fan is really grateful, because without xuanyiyi to delay for him, he really can't kill

these three people, or even die.

Xuanyiyi heard Wang Fan's words, also impolite, said with a smile, "it's OK, remember to repay later, anyway, it's not the first time to save you."

"Good." Wang Fan's face was a little black, but he nodded.

Three people did not dare to do more stay, quickly left here, rushed to the direction of taishenzong.

Although xuanyiyi and Yanyue were seriously injured, they didn't affect their actions, but they were slower.

It's OK for them to recover while they are on their way. When Wang Fan three people rushed to taishenzong, taishenzong, the war has completely entered the white hot.

Yuan Dao, the leader of Wangyun palace, showed great strength. Facing the top of eleven immortal statues, Du Si was not afraid.

Not only that, he killed six people, from passive to active.

Such a terrible war has already completely destroyed taishenzong. One building after another collapsed. Countless elders and disciples were affected and died in the sect.

Only a few monks escaped from taishenzong.

However, those taishenzong elders and disciples who escaped from taishenzong failed to save their lives in the end.

As soon as they got out of Taishen mountain, they met Pang Yuanhai and his party from Wangyun palace.

There was no unnecessary nonsense at all. Pang Yuanhai and others directly killed all the elders and disciples who had escaped from taishenzong.

Now the situation, the two sides are dead enemies, no right or wrong, different positions.

If they don't kill those people, they will pose a threat to Wangyun palace.

After Pang Yuanhai and others joined the regiment, not long after that, all the five remaining people who besieged yuan Dao had been killed, and none of them had escaped.

This war can be described as extremely tragic and soul stirring.

Eleven of them were killed. Not only was taishenzong defeated, but even the alliance of Chu Dynasty

suffered heavy losses.

Of course, the worst is still taishenzong, because now taishenzong is almost destroyed.

Except for taichuba and the elders and disciples who went out for training, almost no one survived.

This kind of taishenzong, even if it is taichuba's return, I'm afraid it will not be able to regain its peak again.

Chu Dynasty.

When the emperor of Chu Dynasty learned about this, he was not only angry, but also shocked.

You know, this time in order to ambush the Wangyun palace strongman, their preparation is very full.

Especially against Yuan Dao, he sent out eleven immortal masters.

Such a terrible lineup, let alone yuan Dao, can make Wangyun palace suffer a heavy loss even if the peak of Wangyun Palace xianzun comes together.

However, he never thought that Yuan Dao would be so terrible. He could fight 11 people alone, and all of them could fight against six people and gain the upper hand.

It's just horrible.

How strong is yuan Dao?

Such yuan Dao, even the emperor of Chu Dynasty, could not be suppressed.

Because Yuan Dao's strength exceeded their estimate, and Pang Yuanhai and others arrived, their backhand did not dare to use.

You know, they are thousands of miles away, and they also ambush eight xianzun peak strongmen, just to destroy all the invading Wangyun palace strongmen.

It's a pity that Yuan Dao was too strong to kill the six immortals by himself. As a result, those people didn't dare to move at all.

### **Chapter 3578**

After the destruction of taishenzong, under the leadership of Yuan Dao, the Wangyun palace returned directly to the sect.

Wangyun palace is not easy to provoke others, but others don't want to provoke Wangyun palace.

The reason why Wangyun palace didn't choose to fight back after the attack of the Alliance Army of Chu Dynasty last time was that the loss gap between the two sides was not big, and even the Chu Dynasty needed more.

But this time, taishenzong and xuantianmen got married. Anyway, yanmu and Wang Fan were invited.

In this case, the Taishen sect's strongmen besieged yanmu and even were chased and killed by Taichu emperor, the leader of Taishen sect. How can Wangyun palace bear it?

The most important thing is that yanmu is still missing, so far there is no news.

You know, yanmu is the top strength of xianzun. His strength is not much weaker than that of Taichu emperor.

One of the reasons why he was chased that day was that yanmu had already gone through a great war and consumed too much. In addition, he also had Wang Fan with him. In the hands of Taichu emperor, he had the magic weapon of Xiandi level, which was stronger than that of yanmu.

Under all kinds of factors, Yan Mu was not the opponent, but ran away directly.

Such a strong man should be hunted down and disappeared. How can Wangyun palace be reconciled if it doesn't say so?

Will it not be said in the future that everyone will be able to cast wild on the head of Wangyun palace?

This kind of thing, Wangyun palace naturally can't bear, so yuan Dao will do it.

Because Yuan Dao and others are not afraid of anything, so there is no cover up.

Therefore, the three of Wang Fan had not yet reached taishenzong, they had already felt their breath.

"That's the palace master." Wang Fan's spiritual power is stronger than xuanyiyi and Yanyue. He is the first to feel the breath of Yuan Dao and others and says.

"They're back?" Yan Yue was slightly surprised, but soon, she also felt the breath of Yuan Dao and his party.

Xuanyiyi took a look at the sky and said, "since the master yuan and others have returned, you should not be in danger. I'll go first."

After that, xuanyiyi didn't wait for Wang Fan's reply. His figure flashed and disappeared in an instant.

Her identity is more sensitive. Once recognized by the top strong, it will not only be bad for her, but also for xuantianmen.

After all, Xuantianmen is still independent and has not chosen to form an alliance with any other company.

As the daughter of Xuantian sect leader, if she is known to be too close to Wangyun palace disciples, she is likely to cause trouble for Xuantian sect.

"Be careful, elder martial sister." Wang Fan did not stay Xuanyiyi, just said to the direction of her departure.

On the spaceship, Yuan Dao and others had already noticed Wang Fan's breath earlier.

Similarly, they also saw Xuan Yiyi's leaving, but they didn't manage it.

The spaceship soon stopped in the sky and an elder stepped out.

"Wang Fan, Yan Yue, why are you here? And what's the matter with your injuries? "

After the elder stepped out of the spaceship, looking at Wang Fan and Yan Yue, he couldn't help asking.

You know, in this situation, Wang Fan and Yan Yue should be in Wangyun palace. What are they going to do? Do you want to die?

Once discovered by the people of the Chu Dynasty alliance, the fate of the two must be doomed.

Wang Fan, in particular, had a lot of animosity with the Chu Dynasty, the Imperial Palace, and the Dark Alliance.

"Elder, we'd better go in. There's something wrong with Wangyun palace." Wang Fan simply said that he and Yan Yue entered the spaceship together.

"What happened? What's the matter? " Pang Yuanhai, the Deputy palace master, was the most irascible. After they entered, they asked directly.

Especially, seeing Yan Yue's internal injury, his face was extremely gloomy, and he said in a deep voice, "Yan Yue, what's the matter with your injury? Did the people of the Chu Dynasty alliance hurt you?"

Yan Yue shook her head, but Wang Fan said, "palace master, deputy palace master, elders, after you left, Nangong grew up and rebelled."

"He joined forces with the Dark Alliance's three immortals and led a group of palace elders and disciples to attack the Deputy palace leader of chimingshan in the later period of his reign."

"Now the Deputy palace leader of chimingshan has fallen, and Wangyun palace has been controlled by

Nangong Cheng."

"It's hard for us to escape. As for elder martial sister Yanyue, she was hurt by Nangong's elder subordinates."

"What? I beg your pardon? Is Lao Chi dead? When Pang Yuanhai heard this, his breath burst, and the tables beside him were shattered.

As for Wang Fan and Yan Yue, they just feel an invisible pressure and can't help retreating.

Wang fan is better, but Yan Yue can't bear it at all. She can't help gushing out a mouthful of blood, and her face turns pale instantly.

Seeing this, Pang Yuanhai quickly held back his anger, restrained his breath, took out a pill and sent it to Yan Yue. Then he asked, "is this true?"

The other vice palace leaders and elders, also with ugly faces, could not help but ask in a deep voice: "Wang Fan, do you know that this kind of thing can't be joked?"

"Yes, although Nangong Cheng is eager for quick success and instant benefit, he should not have the courage to collude with the Dark Alliance and fight against the red vice palace leader?"

"Hum, Nangong Cheng, the old man, thinks highly of fame and wealth. I've known for a long time that he's not a good man."

These strong people are furious, some are suspicious, and some are angry and disdainful.

"Shut up." Yuan Dao, the palace master, frowned and scolded everyone. He looked at Wang Fandao and said, "Nangong Cheng colluded with the top three immortals of the Dark Alliance? Do you know which three? "

Yuan Dao had little doubt about Wang Fan's words.

How can Wang Fan lie about such things?

What's more, he had already noticed something wrong.

Otherwise, he would not leave secretly and choose to go to taishenzong alone.

Wang Fan first looked at the elders and the Deputy palace masters, "elders, how dare I joke about this kind of thing? Nangong Cheng is really rebellious. "

With that, Wang Fan looked at Yuan again and said, "as for which one the Dark Alliance came to, I don't know."

Wang Fan really didn't know, because he didn't see much about the Dark Alliance.

Pang Yuanhai slapped the table and said angrily, "Nangong Cheng, how dare you collude with the leader of the Dark Alliance? I must chop him alive

Another hot tempered elder also scolded:

"Nangong Cheng is nothing. I hope Yungong has given him so many cultivation resources to make him grow up to the present situation. Now, he dares to collude with foreign enemies and attack Lao Chi. It's disgusting

Wang Fan didn't speak, just listened.

He can't get in the way of such a thing.

What's more, Nangong Cheng's strength is far from what he can deal with now.

Anyway, he just brought the news to Yuan Dao. As for how Yuan Dao did it, that was Yuan Dao's business.

"Let's go back first." Yuan Dao's face could not see the joy and anger. He said a word, and there was no voice.

## **Chapter 3579**

Wangyun palace.

At the moment, Nangong Chenggao sits in the first place, and his face is not good-looking.

One is that Huang Feng, who was sent out to kill Wang Fan, has not come back. The other is that he has received news from Taishenzong.

Yuan Dao, alone, was besieged by more than a dozen of Xianzun's top strongmen of the same level. He killed five of them without any damage.

Now, Yuan Dao has joined Pang Yuanhai and other powerful people and returned to Wangyun palace.

For Nangong Cheng, this is just like a piece of terrible news.

You know, according to his plan, Yuan Dao went to Taishenzong, which is sure to go back.

As for Pang Yuanhai and his party, although it is unlikely that the whole army will be destroyed, it is quite possible to lose more than half of them.

In this way, even if someone is alive, it is impossible to pose a threat to nangongcheng.

With the support of the Dark Alliance, he can sit still and watch the cloud palace master.

Even he knows that he is just a puppet, so what? A puppet palace master, at least better than an elder?

You know, he is not only under yuan Dao, the head of the regional palace, but also some elders who have higher status than him.

But now --

"Mr. Yuan, the hiding is really deep enough. I didn't expect it to be so strong."

Nangong Cheng scolded in a low voice, but it was not ambiguous. With a flash of his body, he quickly went to the cave of the two great masters of the Dark Alliance.

Now the situation, Yuan Dao and others back, alone with him, is simply unable to compete.

Even if there is a big battle to protect the palace, it won't work.

After all, no one knows more about the palace guard than yuan Dao.

Wangyun Palace's palace protection array may be able to stop other top strong men, but it can't stop yuan Dao.

In this case, he had to ask the Dark Alliance or the Chu Dynasty Alliance for reinforcement, in order to be able to compete.

The Dark Alliance came to support nangongcheng's three venerable masters, the fifth, the seventh, and the ninth.

At the beginning, the ninth statue was killed by Chi Mingshan when the three men severely damaged the vice palace leader Chi Mingshan, so now there are only the fifth and the seventh.

"What do you mean, Yuan Dao killed five xianzun Fengfeng of the same level alone, and none of those who are strong in Yungong will be hurt. Now he is returning?"

The seventh Zun's face changed slightly when he heard Nangong Cheng's words.

He did not expect that this would happen.

"Yes, according to the information I received, it is." Nangong becomes a road.

He didn't ask for help directly, but we are not fools. The two zuns of the Dark Alliance can understand

him.

After all, in order to help Nangong Cheng win Wangyun palace, they also paid a great price.

In this case, how can they watch Wangyun palace be taken away again?

"I will inform the strong members of the Chu Dynasty alliance now and come to support them immediately." Although the fifth one was very angry, he said.

The reason why Wangyun palace is difficult to break down is that they failed last time, first, because Yuan Dao and others are really strong, and second, because Wangyun palace has a strong defense array.

At least, they can't open the palace protection array of Wangyun palace.

Now, it's hard for them to break into the interior. In this way, it will be much easier for them to provide timely support and cooperate with each other.

Therefore, under such circumstances, they would never allow Yuan Dao and others to take back Wangyun palace.

With no nonsense, the fifth one grabs the communication bead and starts to send messages quickly.

In fact, when he sent the message, the Chu Dynasty alliance had already received the message from Taishenzong, and had sent strong people to support him in time.

The alliance of Chu Dynasty is composed of three top forces and numerous clans. Maybe there are not many strong ones at the top, but there are still many strong ones.

This time, the Chu Dynasty alliance sent a total of 200 powerful teams in the late Xianzun period.

The two hundred late monks were divided into two teams. One team was responsible for blocking the road, and the other team was responsible for supporting the Wangyun palace.

Nearly 200 Xianzun later, this lineup, in fact, has been extremely strong.

It can be said that this time, the Chu Dynasty really paid off.

There's no way. Wangyun Palace's strength is too strong. It really can't continue to let it grow.

Especially Yuan Dao, I'm afraid they are already infinitely close to the Immortal Emperor.

Once Yuan Dao broke through to the Xiandi level, there would be no chance for the Chu Dynasty alliance.

If the Chu Dynasty alliance had not offended Wangyun palace before, maybe it would not have cost so much.

But now I've offended you, and if you still don't die, you have to fight hard.

On the other side.

Above the ship.

Wang Fan had already entered a room to recuperate. Although he didn't get much hurt, he still consumed a lot. In addition, he just broke through, but also need time to consolidate the cultivation strength. As for Yan Yue, she also entered a room to heal.

I can't help it. Her injury is really serious.

It can be said that before the war between Wang Fan and Huang Feng, if Xuanyiyi didn't take her away in time, I'm afraid she would have been killed by the afterwave.

Under the control of Yuan Dao, the spaceship was extremely fast. Pang Yuanhai and others on the spaceship were all gloomy and didn't want to talk.

Traitor, this is something no one can tolerate.

Nangong Cheng, unexpectedly, united with the Dark Alliance, rebelled against the Lookout Cloud Palace, eradicated the dissident and took control of the Lookout Cloud Palace.

It's just unbearable for them.

So, along the way, everyone seemed very dull.

At a certain moment, Yuan Dao's face suddenly could not help a little cold, and he said in a deep voice, "there is an ambush, five immortal statues are at the top, more than 40 immortal statues are eight stories, more than 50 immortal statues are seven stories."

Yuan Dao said in a deep voice, but in his turbid eyes, there was a dazzling cold light.

In the later stage of the hundred immortal statues, there are even five immortal statues at their peak. You don't need to ask. You also know who they are.

Chu Dynasty alliance!

Because in addition to the Chu Dynasty alliance, no force can dispatch so many powerful people at one time.

"Ambush? The alliance of the Chu Dynasty is really bold. It seems that they really want to destroy us. "

Pang Yuanhai snorted coldly, his breath suddenly went away, and he stood up directly.

"It's not so easy to kill us. It's just that I didn't enjoy playing in taishenzong before, so I'll fight with them again. "

"The alliance of Chu Dynasty has attacked us many times. We really think we are made of mud. Kill them all."

The rest of the vice palace leaders and elders were also filled with indignation, and their breath all went wild.

In the room, Wang Fan also felt something wrong and suddenly opened his eyes.

"Nearly a hundred strong breath, Chu Dynasty alliance, this is to kill us completely?"

Wang Fan said, grabbing the archaic sword, and then stood up.

At the moment, outside the spaceship, more than 20 late xianzun strongmen came in the air, all holding magic weapons and blocking in front of the spaceship.

When the spaceship stopped, Yuan Dao led the people out slowly. Except for Wang Fan, Yan Yue and an elder who was responsible for protecting them, everyone got off the spaceship.

When Yuan Dao and his party were standing in the void, they also walked out of dozens of monks in the back, left and right directions.

In a flash, a hundred later monks surrounded the Wangyun palace.

### **Chapter 3580**

One hundred strong people in xianzun's later period, and the explosion of xianzun's field at the same time, coupled with the pressure of momentum, are still terrible.

Let alone the early and middle stages of xianzun, even the seven layers of xianzun who don't have a deep understanding of the road will be crushed by the momentum.

However, Yuan Dao and others are not the ordinary late xianzun, but the top-level strong ones at the top of the nine levels of xianzun.

"It's so bold of the Chu Dynasty alliance to send out a hundred immortals to intercept us in the later period. Do you really think Laozi is a soft persimmon?"

Pang Yuanhai roared, and then he was too lazy to continue talking nonsense.

The powerful immortal field is released, and the strong breath of the nine peaks of immortal comes out. The next second, he has killed those people.

"Do it!"

"Kill

The rest of Wangyun Palace's vice palace leaders and elders were not idle. With a roar, they all killed the hundred immortals.

Although the number of Wangyun palace is not as large as that of the other side, they are all the strong among the strong. Everyone's strength is extremely strong.

What's more, they also have yuan Dao, the powerful palace leader, who is not afraid.

"Kill

"Don't be merciful!"

One hundred friars of the Chu Dynasty alliance were not idle. They all went crazy to kill yuan Dao and his party.

The only five xianzun peak, but also three people, directly without hesitation burning blood essence Shouyuan, killed yuan Dao.

Yuan Dao was besieged by 11 xianzun at the peak of taishenzong, and killed six people. His fighting power is extremely powerful.

In this case, how dare they underestimate it?

After all, if one is careless, the whole army will be destroyed.

Therefore, the three immortal peak did not hesitate to burn the blood essence Shouyuan, all killed to Yuan Dao.

Only in this way can they have the chance to kill yuan Dao. Even if they can't kill yuan Dao, they can also bring down Yuan Dao.

Yuan Dao's face became heavy in an instant when he faced three xianzun peaks who had not hesitated to kill, but also those who had burned blood essence and Shouyuan at all costs.

These three people are all the strong among the strong, and their strength should not be underestimated.

In particular, one of them was the head of the royal palace.

In this case, how dare Yuan Dao be careless?

The power of the road on him spurted out in an instant, and the immortal yuan in his body was like a roaring angry dragon, spinning around his whole body.

At the same time, he stepped out and killed three people with Immortal Emperor level magic weapon.

The roaring sound of explosion was constantly spread out, and the surrounding land was crushed, ravines were crazy, and they spread to hundreds of miles away.

As for the surrounding trees and peaks, they were destroyed in an instant and became bare.

Under normal circumstances, it is impossible to resist the shock of such terrible energy.

However, they were all wearing high-level defensive armor, so they were not hurt.

Obviously, we have already made all preparations.

As for the three people who were attacked by Yuan Dao, they were all repulsed. Except for the leader, the other two began to turn pale.

In fact, these two people are the top strong men of Chu Dynasty and Dark Alliance respectively.

However, they haven't reached the top level to be able to compete with Yuan Dao, who holds the Immortal Emperor level magic weapon.

"Mr. Yuan, you are hiding so deeply. Let's go together and kill him."

The Lord of the Royal Palace yelled angrily, holding a big tripod. The tripod was dark, emitting terror.

His whole body was full of immortal yuan, and the power of the road poured into the tripod, directly smashing the tripod out.

Whoo!

The tripod instantly broke through the air and attacked Yuan Dao at a speed that was hard to distinguish with the naked eye.

At the same time, the other two xianzun peak also did not idle, they were all more brilliant Xianyuan, the hands of magic weapons repeatedly waving, display a powerful martial arts, attacking Yuan Dao.

Yuan Dao had a dignified look, but he didn't touch the tripod from the Lord of the royal palace.

He didn't want to waste Xianyuan.

With a roar, Yuan Dao's whole body was surging, and his figure disappeared as soon as he stepped on it.

The next moment, he had already appeared in the profile of one of the xianzun's top strongmen, and took a picture with one hand.

This palm, emitting a strong blood, blood palmprint condensation appear, instantly soared into the size of a millstone, terrible.

Boom!

Although that xianzun peak has burned Shouyuan's blood essence crazily again, his reaction is still a little slow.

He just managed to blow out a palm, and the bloody palm print had already smashed his arm and printed directly into his chest.

Hiss.

A blood sword flew out, and the xianzun flew out upside down. His mouth was full of blood, but he was not killed directly.

Yuan Dao saw this scene, can't help but slightly pick eyebrows.Originally, in his expectation, this palm was enough to kill this person, but in the end, it didn't.

He knew that the other side was also wearing high-level defense armor.

Yuan Dao didn't give up. The space in front of him was torn again. The next moment, he appeared in front of the immortal again.

This time, he didn't use his palm to attack. Instead, he blew out the magic weapon of Xiandi level.

The imperial palace is the most powerful of the three xianzun peaks who surround and kill him, and they are the most difficult to kill with xianzun peak level magic weapons.

The other two are relatively easy.

In this case, he must cut off the other two as soon as possible, in order to kill the Lord of the Royal Palace more easily.

The most important thing is that he can't delay at all, because if he delays for a long time, the elder of

Wangyun palace over there will probably fall.

The siege of dozens of xianzun in the later period may not pose much threat to Pang Yuanhai and other four vice palace masters. But it is a great threat to the other immortal elders.

After all, the combat effectiveness of both sides is not at the same level.

Therefore, Yuan Dao must make a quick decision. Only in this way can the loss of Wangyun palace be minimized.

Yuan Dao's attack fell this time, and the immortal Zun failed to escape.

He was killed in an instant and turned into powder.

"What a strong strength."

When they saw this scene, their faces changed slightly.

Strong!

It's so strong!

Originally, although they had heard of Yuan Dao's terrible achievements, they did not know much about him because they had no personal experience.

But now, they have fully understood Yuan Dao's terror.

Such strength has absolutely reached the limit of xianzun. Without any accident, you can definitely step into the realm of Xiandi within a few years.

Immortal realm!

That's the Immortal Emperor!

It's frightening to think about it.

"Kill

The Lord of the Royal Palace was gloomy and roared again. Then he began to burn Shouyuan's blood again.

This time, his old face became more old with a faster speed.

At the same time, his breath has become more and more terrible, and soon reached a peak.

As for the other xianzun peak, he did not dare to hesitate. In an instant, he burned most of his blood essence and Shouyuan.

Their breath soared wildly, and they killed yuan Dao at the same time.

Yuan Dao's face was more and more dignified.

Under normal circumstances, he can drag it until their burning power is exhausted, but now, he can't drag it at all, he can only meet each other.
