Chapter 3601

Nangong Cheng finally didn't dare to go out, because he had found that not only the elder who attacked the second master of the Dark Alliance was staring at him, but also some other elders were staring at him, murderous.

Nangong Cheng did not dare to fight. The second one of the Dark Alliance was in crisis.

He was careless for a moment, and was seriously injured by the elder. In an instant, he was caught by the other side and started the deadly volley attack.

The second one of the Dark Alliance didn't have the chance to breathe and recover at all. It was suppressed directly and burst back again and again, and there was a lot of blood fog on it.

Rao Shi has madly released the immortal realm, madly condensed the vigorous Qi and elemental energy to protect his body, but it doesn't help at all.

"Nangong Cheng."

The second one of the Dark Alliance has blood red eyes, retreating madly while roaring angrily.

However, at this moment, he just dare to roar, but no longer dare to pay attention to Nangong Cheng.

Now, he hates Nangong Cheng to death.

If he was not cowardly and did not dare to fight, how could he have come to such a state.

If Nangong Cheng had joined hands with him at the beginning, he would have been killed long ago.

Now in this case, as long as one more person died in Wangyun palace, it was a huge advantage for the Chu Dynasty alliance.

However, Nangong Cheng retreated to Wangyun palace. Even if he refused to fight, he had no way at all.

"Ha ha, the second one of the Dark Alliance? But that's all. Today I will kill you. I hope the power of the cloud palace. "

Compared with the miserable situation of the second one, the elder of Wangyun palace is more brave and fiercer.

Under his crazy attack, the second one of the Dark Alliance is getting more and more seriously injured, and later there are even signs of collapse.

In the distance, the first master of the Dark Alliance, who was fighting with Yuan Dao, saw this scene, and his eyes almost split.

"Stop him for a while, and I'll give him a hand." He quickly left a word, no longer mind to pay attention to the front of Yuan Dao, body shape a flash, is already disappeared.

If other Dark Alliance strongmen die, they will die, and he will not interfere.

But the second one, that is the existence of the Dark Alliance next to him. How can he die?

Now all the nine masters of the Dark Alliance, except the first one, the second one not far away, and the third one stationed in the Chu Dynasty, have been killed.

If the second one is killed again, he and the third one will be left.

In this case, even the destruction of lookout cloud palace is not a good thing for his dark alliance.

Because once the Dark Alliance demonstrated, who knows whether the two forces of Chu Dynasty and royal palace will directly unite against him.

You know, before, the Dark Alliance and the five forces were hostile.

There are countless bloody battles between the two sides, which can be said to be a sea of hatred.

Even now, the alliance is not so secure.

Of course, this is also the first one. I don't know that the third one stationed in the Chu Dynasty has fallen. Otherwise, I'm afraid I will vomit blood.

When the emperor of the Chu Dynasty heard the words of the first one, his face became gloomy and almost yelled.

At this time, this son of a bitch is going to save the second one. Isn't that giving him pressure?

However, he was not idle. Almost at the moment when the first one of the Dark Alliance disappeared, he launched a crazy attack on Yuan Dao.

In any case, he had to hold back Yuan Dao. Only in this way can the first one really save the second one, and even kill the elder.

Once the elder falls, the balance of victory will be on their side.

However, Yuan Dao is not a fool.

Although the emperor of Chu Dynasty was fast, his speed was faster.

Almost at the moment when the first one of the Dark Alliance disappeared, his pressure was greatly reduced. At the same time, he also stepped out and disappeared.

The next moment, he had already appeared in front of the second body of the Dark Alliance, and cut it down.

The second one of the Dark Alliance is not Yuan Dao's opponent even if its combat power is at its peak, let alone now.

Yuan Dao was not able to compete with the emperor and the first Zun of Chu dynasty until now.

With a slap, the second one didn't have time to respond at all. The xianzun area had burst, and then the whole body was photographed as blood mud.

Yuan Dao didn't stop. After killing the second one, he grabbed the magic weapon of Xiandi level with his left hand, and without the slightest pause, he chopped it out to the rear.

The face of the first one who had just arrived changed and suddenly began to retreat.

With a bang, there was a ravine on the earth that did not know how many miles long, just as if the earth had been split in two from the middle.

If he hadn't escaped quickly, he would have been seriously injured.

"Yuan Dao, you are looking for death." After the first one stabilized his figure and looked at the dead second one, his eyes were almost splitting.

He never thought that the king of Chu could not contain Yuan Dao.

He did not expect that Yuan Dao could still break out and be so strong even now.

The old man had hidden his strength before.

Hateful!

However, Yuan Dao didn't bother to pay attention to him at all. He didn't talk nonsense, so he flashed to fight in the past.

"Idiot."

The emperor of the Chu Dynasty also had a gloomy face, and he couldn't help being rude.

He was almost mad with anger.

If this idiot didn't have to leave the war to save the second one of the Dark Alliance, how could the second one fall so quickly?

Now it's good. Instead of saving the second one, the other one died ahead of time.

"What are you saying, you are calling me an idiot?"

The first master of the Dark Alliance was also angry. While fighting wildly with Yuan Dao, he looked coldly at the emperor of the Chu Dynasty, "you are the first man of the Chu Dynasty. You can't even contain Yuan Dao? Son of a bitch, did you mean it? "

The first one of the Dark Alliance is really angry.

Up to now, the strong members of the Dark Alliance have almost died, leaving only his bare rod commander. How can he not be angry?

If we go on like this, oh no, we don't need to go on like this. Now, even if we can destroy the cloud palace immediately, how many benefits and resources can the Dark Alliance get?

On the other hand, the people of Chu Dynasty and royal palace were also dead and wounded, but they were much better than the Dark Alliance.

"The first one, don't spit out blood. How can I deliberately let him kill the second one? He's hiding his strength. Don't you see that? "

The emperor of Chu Dynasty is also angry. When is it? The first one of the Dark Alliance is still fighting against each other and questioning him.

"Well, only you know if you did it on purpose. Play by yourself. I won't play with you any more. "

The first one of the Dark Alliance was even more angry. With a roar of anger, the next moment, his body had already soared to the sky and disappeared in an instant.

"You --" the emperor of Chu Dynasty looked at this scene and was really about to explode.

So far, the first one of the dark leagues ran away?

How can we fight this? Is it a failure?

No, it's not just a failure.

If one is careless, I'm afraid all of them will die.

Chapter 3602

Sure enough, with the death of the second statue of the Dark Alliance and the escape of the first one, Yuan Dao soon turned the war around.

In an instant, the tug of war, which was originally balanced, tilted. Not long after that, there were countless strong men falling down again in the alliance of Chu Dynasty.

"I hate it!"

The emperor of the Chu Dynasty looked at this scene, his eyes almost split, his face sad.

He is really hateful.

This time, in order to destroy Wangyun palace and kill Yuan Dao, how much did the Chu Dynasty alliance pay?

The Chu Dynasty, the Royal Palace, and even the Dark Alliance, almost all of the top powers were killed.

Originally, victory was just around the corner, and these people could be destroyed immediately.

But now, with the fall of the second one of the Dark Alliance and the retreat of the first one, it is a failure.

How can he be reconciled?

However, if you don't want to fight again, I'm afraid even he will die here.

At a certain moment, after another crazy attack from Yuan Dao, the emperor of the Chu Dynasty suddenly fell into the air, gritting his teeth and yelling, "withdraw!"

This withdrawal word, almost exhausted his full strength, runs through the void, in the sound wave collision, the space is in the wave trembling.

After hearing this, the rest of the League did not dare to fight. They soared into the air in a moment, and then they quickly headed for the distance.

In fact, up to now, they are tired and afraid.

All these people in Wangyun Palace are lunatics. They are all lunatics.

If they go on fighting, they feel like they're going to die, too.

"Want to go?" On the side of Wangyun palace, someone wanted to pursue him, but he was stopped by Yuan Dao.

Although they have won this battle, they have also won miserably.

There are only eight old brothers who used to fight side by side, and all of them are seriously injured.

In this case, there is still a huge risk if you pursue. If you are careless, you will fall.

Yuan Dao understood the so-called "do not pursue the poor."

Wangyun palace.

Nangong Cheng looked at the scene, trembling all over, and his old face turned white.

What?

Did the people of the Chu Dynasty alliance retreat?

Waste, what a waste!

As soon as the people of the Chu Dynasty alliance retreat, what should he do?

Do you want to escape?

Are you kidding? In the face of Yuan Dao, how can he escape?

But if you don't escape, you will die.

Yuan Dao and others did not take charge of nangongcheng, let alone see him. Instead, they began to clean up the scene and collect the spoils.

The strong members of the Chu Dynasty alliance, more or less, had some resources.

Now that so many strong people have fallen here, it is also a great income.

In this war, Wangyun Palace also suffered heavy losses. Naturally, we can't let go of these resources.

After cleaning up the battlefield, the party collected everyone's space ring, and then looked at the location of Wangyun palace.

Yuan Dao coldly glanced at Nangong Cheng and said, "open the palace guard array."

His tone is very calm, no anger, no grief, only calm.

However, this calm words, bring Nangong Cheng, but only huge pressure.

"Palace, palace master, I am also forced to be helpless, I am also forced to be helpless." Nangong Cheng screamed, "master, I just made a mistake because I was confused for a moment. Over the years, Nangong Cheng has not made any contribution, but also has made some hard work. Can we --"

"shut up!" However, before Nangong Cheng's words were finished, an elder could not help but yelled and interrupted his words, "Nangong Cheng, you traitor, you have the face to say this?"

"What has Wangyun palace done to you and your descendants over the years? But how do you treat Wangyun palace? "

"Nangongcheng, you collude with the Dark Alliance to kill elder martial brother Chi. You deserve to die."

With the elder's voice, the others could not help shouting, "traitor, today, I will kill you!"

"Nangong Cheng, if you don't want to break your blood, you should take the initiative to open the big formation. Otherwise, don't blame us for being merciless."

The elders of Wangyun Palace are really angry.

Wangyun palace, there is a spy? How ridiculous?

The most ridiculous thing is that chimingshan, who was dedicated to Wangyun palace, was killed by the traitor. It's unbearable.

"Are you going to force me?" Nangong Cheng's face has become ugly, and suddenly becomes ferocious. "Although Nangong Cheng is not as strong as you, he is not a soft persimmon. If I explode, you will have to be buried with me."

At this time, Nangong Cheng, with a ferocious face and a crazy appearance, was extremely terrible.

Self explosion, this is his only way to live, only in this way, can maximum shock these people, give him a chance to live. Yuan Dao's tone was still calm, "Nangong Cheng, I'll ask you if you can open the palace guard array."

Nangong Cheng grinned, "master, if you promise not to kill me, I'll open the palace guard array."

"Ah." When Yuan Dao heard this, he sighed, "well, in that case -"

before Yuan Dao's words fell, his right hand had been raised abruptly.

In an instant, a dazzling golden light flashed out. The next moment, it was like a golden lightning, bombarding the palace guard array.

"You --" Nangong Cheng's face changed greatly.

However, he just said a word of you, and there was a brilliant light on the palace guard array. The next second, the array suddenly opened a crack.

As soon as the crack appeared, the void in front of Yuan Dao's body had already slightly twisted, and his figure was also disappearing in an instant, leaving only a remnant shadow.

Fast, it's too fast.

Many people didn't react to this scene.

Nangong Cheng's pupil is also the big one. His face struggles for a moment. The next second, he bites his teeth. Xianyuan in Dantian begins to become furious.

It's just, it's late.

Yuan Dao's figure had already appeared in front of him. His old palm stretched out forward and pointed out.

Boom.

Nangongcheng's Dantian burst in an instant.

In front of Yuan Dao, even in front of Yuan Dao, who is seriously injured and whose state is not at the peak, he has no chance to explode himself.

Nangong Cheng's face turned pale and his body turned upside down. He was extremely frightened.

How could it be so strong?

Now he really realized how terrible the palace master was.

Nangong Cheng, at least, was the powerful existence of xianzun. But in front of Yuan Dao, he didn't even have the chance to explode himself.

"Keep your whole body." Yuan Dao's face was still calm, without any fluctuation. However, a voice came out of his mouth.

With this sound, he hit Nangong Cheng again, and killed his life.

"Inform Yuanhai that the matter here is over. He can come back. Let's treat each other first."

After killing Nangong Cheng, Yuan Dao said something to the others. He sighed and disappeared.

At the same time, on the other side, the face of the emperor of Chu Dynasty was also extremely ugly.

Chapter 3603

In this war, the loss of the Chu Dynasty alliance was too great.

In order to destroy Wangyun palace, the Chu Dynasty alliance first sent out 200 immortal statues.

In the later period of the two hundred immortals, one hundred died when they ambushed Yuan Dao and others, and one hundred died outside Wangyun palace.

In addition, the emperor of the Chu Dynasty brought nearly 50 immortal statues to the Lookout Cloud Palace.

But up to now, there are only less than 20 people left in the strong team of 250.

Of the 20, there were 13 in the Chu Dynasty and five in the Royal Palace.

As for the Dark Alliance, there is no one left, the only one who survived. I don't know where it went.

"Hateful!"

The emperor of the Chu Dynasty looked at the defeated generals with less than 20 people, and it was hard to let go.

After this war, the Chu Dynasty, the Royal Palace and the Dark Alliance would be in complete decline.

Now, what they are worried about is not the destruction of Wangyun palace, but the Revenge of Wangyun palace.

Besides Wangyun palace, there is Xuantian Gate.

Xuantianmen didn't take part in several battles, so there was no loss.

On the contrary, because of Yan Mu's affairs, Yuan Dao was killed by Taishenzong, and the loss was also extremely heavy.

On the spaceship, no one spoke, and everyone seemed very silent.

In fact, they dare not speak.

The three top forces, the Lord of the Royal Palace, died in battle, and the first one of the Dark Alliance ran away again. It can be said that among the three top forces, only the emperor of the Chu Dynasty was left.

It's not nice to say that even if the emperor of the Chu Dynasty mainly recruited them and annexed the Royal Palace and their forces, they did not dare to say more.

When the atmosphere of the spaceship was silent, all of a sudden, the king of Chu seized the communication bead.

"Wang Fan, Pang Yuanhai!"

The next second, he was no longer under control, burst out of a strong extremely murderous.

At this moment, the emperor of Chu Dynasty was twisted and ferocious. His eyes were red and he was about to go crazy.

The Chu Dynasty was attacked by Pang Yuanhai and Wang Fan.

Not only that, Wang Fan broke into the core area and stole the immortal pulse.

Xianmai, that's the foundation of Chu Dynasty. Now it's stolen by Wang Fan.

Hateful!

The rest felt the murderous spirit of the emperor of Chu Dynasty, and did not dare to speak, let alone ask.

They all bowed their heads and kept silent.

On the other side.

Pang Yuanhai is recovering, when he suddenly receives a message from an elder.

At the moment of receiving the message, his face became extremely cold.

Wang Fan, who was healing, felt something was wrong and couldn't help asking, "palace master, what happened?"

Although the words ask like this, but his in the mind is but can't help clapping for a while, had a kind of bad premonition.

Pang Yuanhai's face is so ugly. Is it because of Yuan Dao's accident and heavy losses?

Wang fan is thinking, Pang Yuanhai Ning voice said, "Wang Yun palace, took back, but, it is a heavy injury."

Wang Fan heard this, first a Leng, and then his face also became heavy up.

He understood that in the war between Wangyun palace and the alliance of Chu Dynasty, Wangyun Palace won, but it was a tragic victory.

Pang Yuanhai took a deep breath and then said, "we can't stay here any longer. It's not safe here."

"Although the alliance of the Chu Dynasty was defeated, the emperor of the Chu Dynasty was still alive. They had returned to the Chu Dynasty. If they find us, it's dangerous. "

Wang Fan and Yan Yue nodded.

Wang Fan and Yan Yue don't talk about it. Let alone they have injuries. Even if they don't, they have no ability to resist the emperor of Chu Dynasty.

As for Pang Yuanhai, his injuries were also very serious. Even if he could kill the ordinary nine layers of xianzun, he would only die in the face of the king of Chu.

Without any nonsense, they soon left here and returned to Wangyun palace.

Along the way, Pang Yuanhai was also very careful, afraid of meeting those people in the Chu Dynasty alliance.

Wang fan is also very nervous. After all, he stole the immortal pulse of others.

He didn't have to think about it at all. He knew that the other party must have received the news.

If this is met, he must die.

The emperor of Chu Dynasty killed Wang Fan regardless of everything, let alone Pang Yuanhai. Even yuan Dao in the period of total victory could not protect him.

They walked cautiously and soon left the boundary of Chu Dynasty. They could not help but feel relieved.

However, it was not long before they relaxed, their faces suddenly changed.

To be exact, Pang Yuanhai's face changed.

"The emperor of Chu dynasty?" When Pang Yuanhai gazed into the distance, his deep eyes seemed to be able to penetrate the void and see the emperor of Chu Dynasty thousands of miles away."What, the emperor of Chu dynasty?" Wang Fan's face can't help changing.

They were so careful that they didn't want to meet the emperor of Chu Dynasty. They didn't expect to

meet him in the end.

"Let's go. They've noticed us and are coming here. No, the breath of the emperor of Chu Dynasty is so violent. "

Pang Yuanhai's face was ugly. When he said that, his face was even more ugly, and he even had some doubts.

No, it's just him and his two younger generation. The emperor of Chu Dynasty was so angry that he even saw the enemy who killed his father?

Wang Fan's face is also very ugly, he bit his teeth, "palace master, their goal should be me, you take Yanyue elder martial sister to go there, I go to the other side."

Wang Fan said that he didn't wait for Pang Yuanhai to respond. His body flashed out of the spaceship, and then he moved his space and left here quickly.

He took out a lot of pills in his hand and swallowed them into his stomach. The power of blood on his body came forth. Not only that, but also the blood essence and Shouyuan were burned crazily.

At the same time, the elemental energy of wind and thunder is also crazy around his body, taking him running towards the distance.

At this moment, Wang fan is really exhausted all at large, do not hesitate to self destruction.

Under this huge overload consumption, his wound, which has healed for most of the time, has cracked again, and the corner of his mouth is overflowing with blood.

His vitality is in the crazy passage, even the face, but also in the visible speed of aging.

Wang fan is really crazy. In the face of people like the emperor of Chu Dynasty, he has no ability to resist at all. Once he is caught up, he will die.

At the same time, Wang Fan's heart is also roaring, dog day, this luck is really bad, unexpectedly happened to really meet the emperor of Chu Dynasty.

On the other side, Pang Yuanhai was a little confused when he heard Wang Fan's words. After he recovered, Wang Fan had already run away.

"This -"

perceiving Wang Fan's change, Pang Yuanhai was slightly stunned.

But he didn't have time to chase Wang Fan. Instead, he took Yan Yue and ran to another place.

The emperor of Chu Dynasty is very close to him.

If he doesn't go, I'm afraid he will be in danger.

Chapter 3604

Pang Yuanhai just ran for a short time, he couldn't help but stop. His face was strange and dignified.

Yan Yue saw that Pang Yuanhai stopped and looked at his expression. She couldn't help but ask in a low voice, "what's the matter with grandfather Pang?"

Pang Yuanhai said strangely, "the emperor of the Chu Dynasty, go after Wang Fan."

At the same time, he didn't know what he was feeling.

The emperor of Chu Dynasty, one of the top five forces, did not pursue Pang Yuanhai, but Wang Fan?

What does that mean?

Pang Yuanhai is one of the vice palace masters of Wangyun palace, the powerful existence of xianzun peak, while Wang fan is only xianzun.

Can we say that in the serious situation of the emperor of the Chu Dynasty, the existence of the peak of the immortal statue was not as good as that of an immortal statue?

It's just... I look down on people ·

"ah? What can we do? Can Wang Fan escape the pursuit? " Yan Yue heard Pang Yuanhai's words, but she didn't think so much. Her pretty face turned white.

It's not a funny thing to be chased by the emperor of Chu Dynasty. It's almost impossible for Wang Fan to escape.

Pang Yuanhai's face became heavy, and suddenly said, "go back first, I'll save him."

However, as soon as his words fell, Yan Yue interrupted him, "grandfather Pang, although I also want you to save him, we can see your current state and strength... Let's pass the news back and leave here first."

Although Yanyue also wants to save Wang Fan, she knows that Pang Yuanhai can't save Wang Fan at all.

If Pang Yuanhai didn't go, Wang Fan would be the only one who died. But if Pang Yuanhai went, they would be two.

Pang Yuanhai felt sad when he heard this.

However, he also knew that Yan Yue was telling the truth, and that he had gone in vain.

Pang Yuanhai didn't talk nonsense. His body flashed and disappeared with Yan Yue. At the same time, he sent a message back to Yuan Dao.

However, he himself knew that it was useless to summon Yuan Dao.

It is impossible for Wang Fan to hold on to Yuan Dao.

On the other side.

Wang fan is frantically fleeing, his face is already pale and can't see.

His whole body, it is burst out countless red blood, it seems that every pore is bleeding.

"The emperor of the Chu Dynasty is deceiving people too much. Today you are chasing me like this. If I don't die, I will pay you back a hundred times in the future. "

Wang fan is roaring in the heart, is also incomparable anger.

He was chased and killed again.

Moreover, it was the leader of Chu Dynasty who pursued him.

He felt that he would be finished today.

Facing the top existence in xianzun's peak, he didn't even have the hope to escape.

At this moment, although he had done his best and was still tens of thousands of miles away from the emperor of Chu Dynasty, he began to run wildly.

But now, how long has it been? The emperor of Chu Dynasty has shortened the distance to 2000 Li.

It's two thousand li. It sounds like a long time, but it doesn't take long for the immortal monks, especially the emperor of Chu Dynasty.

Wang fan is really about to collapse.

He poached the immortal veins of the Chu Dynasty. As for chasing him like this.

Of course, if you want to return, you have to escape.

Escape, perhaps there is a chance of life, can not escape, that can really end.

Two thousand li or so behind Wang Fan, the emperor of Chu Dynasty was running madly with evil spirit.

With his flight, the void trembled, and there was not even a shadow in the air.

He straddles the void, each step of the fall, there are nearly a hundred miles away.

"Wang Fan, you can't escape! Kill my descendants and steal my immortal veins. If I don't kill you today, all my spirits will be destroyed! "

The emperor of Chu Dynasty chased Wang Fan crazily while roaring hysterically.

The killing intention in his heart has reached an extreme.

Under normal circumstances, even if Wang Fan provoked him, he would never go after him.

The strong have dignity.

As the emperor of Chu Dynasty, unless he met Wang Fan by chance, how could he pursue such a mole ant?

This is why Wang Fan repeatedly provoked the Chu Dynasty, but he didn't do it in person, and even didn't send top figures to pursue and kill.

But today, he was angry, completely angry.

If he didn't kill Wang Fan, his heart would be bitter.

He didn't kill Wang Fan, and his mind was not fixed.

If he doesn't kill Wang Fan, it's hard for him to sleep and eat.

At the beginning of his life, Wang Fan broke into the core of the Chu Dynasty and stole the immortal vein.

How can we tolerate such events?In addition, his previous attack on Wangyun palace was not successful. On the contrary, he suffered heavy casualties. His anger soared to a limit and continued to vent.

At the moment, Wang Fan has become his vent.

Wang Fan did not say a word, sullen crazy jump, the heart is also fast thinking about the strategy.

What to do?

Now what?

Hiding?

Not to mention that even if he was hiding, hiding the breath of convergence, it was absolutely impossible for him to hide the mental power of the emperor of Chu Dynasty.

Let's say he's under the nose of others. How can he hide?

Now he's hiding under the ground. That's what he's doing to the blind, and he's still doing it to the blind who have no mental power.

Obviously, the emperor of Chu Dynasty was not blind.

Wang fan is about to collapse.

This is definitely the most dangerous time since he entered the high-level state.

Xianzun was chased and killed by xianzun peak, and he was also the peak of xianzun, the emperor of Chu Dynasty. This is simply -

"follow me."

Just as Wang Fan was about to despair, suddenly a voice appeared in his ear.

The next moment, an illusory shadow has appeared in his side.

He didn't have time to respond at all. He said that the shadow had quickly rolled him up and disappeared in the same place at a faster speed.

Under the speed of terror, Wang Fan could not bear it any more. He suddenly spat out a mouthful of blood and almost fell into a coma.

There's a slight short circuit in his brain.

He was saved?

Who saved himself?

Wang fan can feel that the strength of the other side is at the peak of xianzun, and it's still the top one.

However, this person is obviously not yuan Dao and Yan mu.

Wang Fan was familiar with Yuan Dao and Yanmu.

Even if it was just a shadow, he could recognize it.

"I don't care about so much. I'll get rid of it."

Wang Fan did not think who saved himself, and no longer thought about it, but began to recover quickly.

After him, thousands of miles or so, the emperor of the Chu Dynasty also wanted to crack his eyes.

"Bastard, put down Wang Fan, or I will never die with you. No matter who you are, if you dare to save Wang Fan, I will kill you even if you are blue and blue."

He's really going crazy.

Wang Fan is about to be overtaken, but he was rescued again?

Moreover, the man who rescued Wang Fan was very fast, at least much faster than he is now.

Who is this man?

Who on earth is it!!!

The emperor of Chu Dynasty is going crazy.

If in the peak period, his speed must be faster than the other side, and he will be able to catch up.

But now -

in such a short period of time, the distance between the two sides has widened once again to 1500 Li.

What depressed him most was that he didn't know who he was.

Because there seems to be no such person among all the people he knows.

Chapter 3605

"Damn it

The emperor of the Chu Dynasty roared with great indignation.

That's the immortal vein of Chu Dynasty. It's really hateful to run away like this.

However, he did not give up, but is still desperately chasing.

Unfortunately, the state is not at the peak of him, but simply can not catch up with the figure in front of him, can only watch the other side run further and further away, and finally disappear in his mental range.

Tens of thousands of miles away from the emperor of the Chu Dynasty, the figure was still running with Wang Fan, and the speed reached an extreme.

It was not until more than half an hour later that the opponent slowed down and put Wang Fan down.

At this time, Wang Fan finally saw the so-called life-saving benefactor.

It turned out to be a woman, and a very beautiful woman.

Women wear high crown, elegant, full of high cold breath.

The most important thing is that this woman is still very young. She looks like she is only in her twenties.

At least it looks much younger than Wang Fan now.

Wang Fan's eyes flashed away, and then he quickly bowed to his body and said, "thank you for saving my life. If one day --"

however, before he finished his words, he was interrupted by a woman: "don't talk about those empty words. With your current strength, it's far from enough to repay you."

Wang Fan's face was muddled when he heard this.

Is this woman too direct?

Wang Fan just thought of this, but the woman said again, "you are now being watched by the old man of Chu Dynasty, and you can't stay in this area any longer."

"Go away. The farther you go, the better. You can live in the holy land of middle and low-level states. Only in those places can you live in."

Said here, the woman dun dun, suddenly again way, "do you know cloud Philippines that wench?"

Wang Fan Leng for a long time, then nodded blankly, "know."

The woman's expression is more strange.

"Take care of yourself."

But she did not say much, but left such a sentence, it has disappeared without a trace.

Wang fan is a little speechless.

It's all about what.

The most important thing is, who is this woman and why did she save him?

Is she a relative of Yunfei?

It just doesn't sound like it.

Wang Fan did not think much, but to find a direction, quickly disappeared.

The emperor of Chu dynasty may still be chasing him. Without this woman's guidance and protection, once he is targeted again, it will be miserable.

Wang Fan did not continue to think, nor did he plan to look back at the cloud palace, but ran toward the endless deep sea.

The endless deep sea is a sea area that runs through this area and the holy land of Zhongzhou.

If you want to go to the holy land of Zhongzhou, you can only cross the endless deep sea.

However, the endless deep sea is not what ordinary people can cross.

There are complicated forces, countless strong and ruthless people, and demons are rampant.

It is said that even if the peak of xianzun wants to cross the endless deep sea, there is a 50% risk of falling.

Wang Fan also had no way, so he planned to cross the endless deep sea and go to the holy land of Zhongzhou.

As for the intermediate or lower states, he never thought about going back.

I'm kidding. He offended such forces as the Chu Dynasty. If he returned to the middle or lower level states, he was provoking disaster for the middle and lower level states.

Once the emperor of the Chu Dynasty learned that he had returned to the intermediate realm, he would surely kill him.

However, the power of the emperor of Chu Dynasty, even the great power such as haotianmen, is absolutely not an opponent.

The emperor of Chu Dynasty can absolutely destroy the whole middle and lower states.

Because of this, Wang Fan planned to go to the holy land of Zhongzhou.

After running for several days, Wang Fan finally came to a small city: endless city.

Endless city is the nearest city to the endless sea area. Many people who want to go to the holy land of Zhongzhou, especially those who are engaged in free cultivation, usually come here to take a spaceship.

Of course, the ticket price of the spaceship here is extremely high, and it is not responsible for the safety.

It is said that every year endless city will send 10 spaceships to Zhongzhou holy land, but only two or three of them can return smoothly, which can be described as a high risk.

I don't know whether the other spaceships met danger on the way to the holy land of Zhongzhou or on the way back.

If it's dangerous on the way back, it's better. But if it's dangerous on the way back, the risk is even higher.

However, every year, many people still go to endless city to buy tickets to Zhongzhou holy land.

No other, because if a single person or several people cross, the risk will be greater.

After entering the endless City, Wang Fan didn't mean to walk around. Instead, he found an inn to live in, and then went to the endless commercial building, because the tickets were bought here. There are many friars in endless commercial building, most of them are looking at a big screen in front of them.

On the top of the screen, the top is the situation of the remaining tickets of the spaceship, and below is a series of tasks.

Yes, it's the mission.

On this side of endless City, there are many monks who do not have enough resources to buy tickets, so they can only continue to earn money by doing tasks. Only when they have enough resources can they buy tickets to go.

As for those missions, most of them are on the edge of the endless deep sea.

It's nothing more than killing those monsters and forces that are acting on the edge, and even killing some monks who are specially hunting and seizing on the edge of the endless deep sea.

These monsters, forces and ruthless people who specialize in trading without capital may not be strong, but they are all very cunning.

It's not so easy to kill them completely. It takes energy and time.

The strong people of endless city don't want to waste time doing these boring things, because they are time-consuming and laborious, and they don't like the resources they get.

Therefore, the mission was completed and given to the friars who wanted to go to the holy land of Zhongzhou, but had no resources to buy tickets.

As for the remaining tickets of the spaceship at the top, it is simpler.

The spaceship of endless city does not set out at a fixed time, but only after the tickets are sold out.

After all, the risk is so great, if the resources are not enough to make up for the risk, no one will do this kind of thing.

Endless city falls down countless friars and masters every year, which is a huge loss.

If there are not enough resources, how can endless city cultivate the following monks to do filling?

Wang Fan looked at the big screen on the spaceship, which showed that there were eight tickets left on the spaceship, and he would set out when he sold out.

However, after seeing the ticket price, he was completely stupid.

"Low class, price, billion yuan elixir, or equivalent."

"Intermediate class, price, ten billion yuan Yun elixir, or equivalent."

"Premium class, price, hundred billion yuan of elixir, or equivalent."

Looking at the expensive price, Wang Fan was just dumbfounded.

When did Yun Xiandan begin to use 100 million yuan as a unit?

Although there are many immortal elixirs in him, they are probably more than three billion.

This is what he got after he killed a lot of people and ransacked the resources of the other party.

Of course, the immortal vein of Chu Dynasty is not included.

As for the pills on him, even if they were sold, they would last less than 200 million.

If you buy a boat ticket, doesn't it mean that the lowest ticket will reduce his resources by one third?

Chapter 3606

Black, it's too black. It's just robbing money. Oh no, it's robbing resources.

Rao is Wang Fan's heart, this time, but also can not help but make complaints about the heart.

You know, he has so many resources, but he killed countless strong people to get them.

Even among those who are strong, there are also many immortal statues.

In other words, even the late xianzun strong, but also to many people, to raise enough money for a ticket.

However, although it feels very expensive, the ticket must be bought.

He robbed the immortal vein of Chu Dynasty, and the emperor of Chu dynasty would never give up.

Although the endless city is stronger than the Chu Dynasty, once the emperor of the Chu Dynasty knows that he is here, he has no doubt that the other party will kill him regardless of everything.

So he has to go as fast as he can.

Otherwise, once the emperor of the Chu Dynasty came here, he would be killed.

However, when Wang Fan was going to buy the ticket, he suddenly felt numb.

All of a sudden, he had some palpitations, as if his own destiny was beyond his control.

Wang Fan's face changed greatly. He knew that someone was staring at him.

At the same time, Wang Fan also woke up. This is endless city. Most of the monks who come here want to go to the holy land of Zhongzhou.

Going to the holy land of Zhongzhou, there must be a lot of resources on him. How can he not be targeted when he shows such a look that he wants to buy a boat ticket?

There is no rule of law here. Robbery and killing happen from time to time.

"Well, I'm still careless." Wang Fan sighed weakly. During this time, he was worried about the emperor of Chu Dynasty, and even forgot this.

I'm a little fairy, and I'm able to afford the sky high ticket. It's a fat sheep.

Thinking of this, Wang Fan did not move his face and quickly came to the counter.

Sitting behind the counter was a nun on the third floor of xianzun. The nun was pretty. In fact, when she reached the realm of xianzun, there were few ugly people.

"Younger martial brother, do you want to buy a ticket?" When the nun saw Wang Fan coming, she didn't feel impatient, and didn't look down on Wang Fan. She asked with a smile.

It's the first time that xianzun is so kind to xianzun.

That is, in endless City, it is impossible to do anything else.

Wang Fan heard this, first nodded, and then some not very interesting said, "excuse me, this elder martial sister, can you give me a discount?"

"Discount?" The nun was stunned.

At the same time, Shua Shua, many friars around also looked at Wang Fan, and there was a blazing light in his eyes.

It's just a fairy. How can you be so rich?

In their opinion, since Wang Fan has said this, it means that even if there is no one billion immortal elixir, there is not much difference.

For a time, many people's eyes became strange and had some ideas.

"How much discount do you want?" The nun was also dumbfounded and asked.

Wang Fan a face of embarrassment, whispered, "four fold, I only have more than 400 million points Yun elixir."

When Wang Fan said this, the nun was speechless.

But she didn't mean to be angry, but she said, "sorry, the gap is too big."

Then she pointed to the big screen not far away. "You can try to do some tasks and earn some more, but be careful."

Wang Fan heard this, a face of disappointment, and then seems to be very unwilling to leave the counter.

Those friars around, when they saw Wang Fan leave, their eyes became fiery.

Four hundred million. To be honest, in the eyes of these friars in endless City, it's not too much, but it's not too little.

If Wang Fan was in the late xianzun period, maybe they would not make up their minds.

After all, all the friars who come to endless city have some skills, which are not easy to provoke.

But Wang Fan's cultivation is too low. He is only a immortal.

This is not the same, the fat sheep.

Because even if we look at the whole endless City, there are not many immortal monks in the foreign world. Even if there are, they will definitely follow the elders of xianzun's later period.

"Ah, it's a pity that xianzun dare to come to endless City alone." The nun behind the counter sighed helplessly when she saw many monks chasing out.

Wang Fan just walked out of the endless commercial building and found that he was being targeted.

There was something speechless in his heart.

The sorrow of low strength.

It's just that those xianzun follow him in the later stage. There are two xianzun follow him in the middle stage?

Wang Fan did not pay attention to those people, but a flash, then quickly disappeared in place.

He didn't use the space to move, because if he used the space to move here, he would surely be guessed by someone who wanted to. That's not good.

"What about people?"

"Run away?"

When the monks saw Wang Fan disappear, their faces changed slightly.

However, when they plan not to cover up, directly catch up with Wang Fan robbery, Wang Fan has entered the inn.

"Damn it."

"It's really -"

when the friars saw Wang Fan enter the inn, they became angry.

Endless Inn, it's the most expensive Inn in endless City, and it's open in endless city.

In such a background, no one dares to go in and rob.

As for endless City, it will not rob Inn guests.

If that's the case, where else would a friar dare to come to endless city to take a sky high price spaceship?

In fact, let alone endless Inn, no one dares to go out and make trouble even in other smaller inns.

After Wang Fan returned to the Inn room, he could not help being speechless. It seemed that he was careless.

He should change his face first, and then buy a ticket.

That way, the risk will be lower.

Thinking of doing it, Wang Fan quickly changed his face and walked out of the inn.

Outside the endless Inn, many monks are staring at the door.

But Wang Fan's departure did not attract much attention.

Of course, Wang Fan didn't care about them either.

After he left the inn, he didn't go directly to the endless commercial building to buy tickets. Instead, he turned around several times and opened rooms in many inns.

After all this, Wang fancai swaggered toward the endless commercial building.

After entering the commercial building this time, without any nonsense, he went straight to the counter, and in the eyes of countless people, he bought a low class ticket with the sky high price of one billion Yun elixir, and then left quickly.

However, this time, Wang Fan just walked out of the endless commercial building, and several figures stopped in front of him.

Endless City, although it is not allowed to make trouble in endless commercial buildings, inns, pills, magic ware shops and other places, but it is not in these places, but no one is in charge.

And the ticket is not a real name system.

In other words, when the time comes, other ship deacons will only recognize the tickets, not the friars.

Therefore, even if Wang Fan bought the ticket, there were still people standing in front of him.

There were five people who stopped him, one immortal eight, three immortal seven and one immortal six.

At the moment, five people are all eyeing Wang Fan, one of them said: "give the space ring, don't force us to do it."

Chapter 3607

Wang Fan looked at the murderous five people standing in front of him, his face became ugly in an instant.

He did not have the slightest nonsense. As soon as he grasped it with his right hand, a space ring appeared in his hand, and then he threw it out without hesitation.

Five people looking at this scene, can't help but slightly coagulate eyebrows, obviously they didn't expect, Wang Fan would be so simple, no nonsense to hand over the space ring.

Although they have some doubts about whether the space ring thrown by Wang fan is real or not, they didn't hesitate at this time. Almost at the same time, they grabbed the space ring.

However, at the moment when they grasp the space ring, Wang Fan suddenly drinks, "kill!"

The next second, a long sword of Immortal King level had broken through the air and cut to the eighth floor of the immortal statue.

The strong man in the eighth floor of immortal Zun was so angry that he even dared to fight against him. It was an insult to him.

"To die!" He couldn't help but shout angrily. The next second, his boxing style was broken and he went straight to the immortal sword.

Boom!

At the same time, his other hand has already won the space ring.

But Wang Fan didn't go to see those people at all. Almost at the moment when the immortal Zun blasted his sword and grasped the space ring, his body was already flashing wildly and left here.

All this happened very quickly, only in a short moment.

"Want to go?"

That immortal Zun eight layers aware of this scene, is also more angry.

Because he has noticed that the space ring Wang Fan threw out is empty, and there is no ticket at all.

"Son of a bitch, you dare to tease me. Damn you." A roar, that immortal Zun eight layers didn't have the slightest hesitation, flash body then toward Wang Fan chase to kill past.

However, at the moment when he was about to catch up with Wang Fan, Wang Fan had already rushed into an inn.

Looking at this scene, the immortal eight layers was even more angry, and he was just mad.

He didn't think that he could escape from him even if he was just a fairy.

It's a shame.

In the inn, Wang Fan didn't pay any attention to the eighth floor of xianzun. After entering, he went upstairs and went to his room.

When the monks in the inn saw this scene, their eyes were strange, but they didn't stop them.

Even the monks stationed in the inn didn't say much.

They all know that Wang fan is a guest of the inn. He came to open the room not long ago.

If Wang fan is not an inn guest, they will never protect him. But since he is an inn guest, it is impossible for him to be chased in.

Wang Fan quickly entered the room with a sneer on his lips.

It's just eight stories for one immortal, seven stories for two immortals, and six stories for two immortals. It's just a fool's dream to think of him.

Is it so easy for him to rob everything that belongs to Wang?

You know, the previous all, although seemingly simple, but it is he after countless calculations.

Throw out the space ring to attract the other party's attention, and then give it to the immortal eight layers to make the other party angry and dejected. He took the opportunity to escape and enter the inn.

All of this, he has carefully calculated.

Because if he ran away directly, it would not work. Facing the eight levels of xianzun, he would never escape easily.

Of course, the risk is also great.

Wang fan is fast, otherwise, even so, he can't escape the pursuit of the immortal.

Outside the inn.

The immortal looked inside coldly, his eyes seemed to be able to penetrate the space and see Wang fan inside.

"Hum, cunning beast, I want to see if you can hide in it for a few days. When the spaceship opens, will you come out?"

His eyes were dark and cold, and his heart was almost furious.

However, he did not dare to enter the inn, but just stood outside the inn, waiting for the hare.

He's going to book a billion dollar ticket.

In the room, Wang Fan naturally noticed that the immortal Zun didn't leave the eighth floor, but he didn't care at all.

After changing his appearance again, he changed his clothes and walked out of the inn.

When Wang Fan walked out of the inn, the immortal's eyes immediately sat on him, and his mental power began to scan him.

However, he soon regained his mental strength and did not continue to investigate.

Wang Fan did not pay attention to him, but wrote down his breath and left the inn quickly.

In the inn, the two deacons' eyes, which looked at Wang Fan, were also full of doubts.

It seems that they haven't seen this person at all. When did they come in?It's just that there are many guests in the inn. Maybe some people have changed their looks, so they don't ask much.

After Wang Fan left, he found a hidden place and changed his face and clothes. Then he went to the endless inn.

Instead of going to the room he had ordered, he opened a new one and stayed.

In this way, a month passed in a hurry.

This month, Wang Fan has been in the healing.

After a month's recuperation, his injury has completely recovered, and his condition has also returned to the peak.

In other words, he would also like to thank the immortal vein of the Chu Dynasty.

If it were not for the help of the immortal pulse, his injury would not be so easy to recover, let alone recover, I'm afraid it would leave sequelae.

Immortal pulse, worthy of being a good thing, worthy of being a treasure that makes the emperor of Chu Dynasty crazy.

Of course, Wang Fan did not dare to wantonly use immortal pulse cultivation to recover.

After all, this is the endless Inn and the territory of endless city. He dare not be too ostentatious to attract the attention of the strong.

He just used it secretly.

When Wang Fan recovered from his injury, he did not continue to practice. Instead, he went out of the Inn and went to a restaurant not far away.

"I said, have you heard? It is said that the emperor of Chu Dynasty also came to endless city. It seems that he is looking for someone. "

"What, the emperor of Chu Dynasty came to endless city? That's a big shot. Who is he looking for? "

"Hey, you don't know that. He's looking for the demon Wang Fan in Wangyun palace. It is said that Wang Fan robbed the treasure of the Chu Dynasty, and the emperor of the Chu Dynasty was almost mad. He even offered a high price. "

"Wang Fan? Who is that? "

"What? You don't even know who Wang fan is? Have you been in endless city for a long time? "

Wang Fan just entered the restaurant, a series of comments came into his ears, and he was shocked in an instant.

The emperor of Chu Dynasty came to endless city?

This guy is crazy, for just a fairy vein, as for it?

Wang fan is not very calm.

When the emperor of Chu Dynasty entered the endless City, he must have guessed that he was going to escape, so he came here.

In this way, when the spaceship opens, the emperor of the Chu Dynasty will surely go to find him.

If he is not found, it's OK. Once he is found, it won't be that Wang Fan has a big head.

Chapter 3608

Endless City, Lord's mansion.

The emperor of Chu Dynasty is sitting in a hall. In front of him is also a dignified old man.

However, the old man is not the Lord of endless City, but the Deputy Lord.

Endless city has a leader and two vice leaders. Their accomplishments are at the peak of xianzun, and their strength is unfathomable.

Although the old man was only the deputy city master, his breath was not weaker or even stronger than the king of Chu.

After the emperor of Chu Dynasty came to endless City, he came directly to the Lord's mansion.

Even he did not dare to fight against endless city easily, so he had to come to the Lord's mansion.

Otherwise, once the endless city is irritated, even he may fall.

Although endless city does not ask about foreign affairs and does not participate in the disputes among the five major forces, its ability to do such profiteering business is evident.

"Brother Jiang, Chu came here only for one person, that is Wang Fan of Wangyun palace. This son is gifted with demons. He has a deep blood feud with the Chu Dynasty. He won't die. It's hard for Chu to sleep and eat, so I'd like to ask brother Jiang to help. "

The emperor of Chu Dynasty looked at the old man opposite him and threw out a space ring.

Although he said that, in fact, he did not expect endless city to come forward, as long as endless city did not interfere.

In fact, if he had not dared to provoke endless city easily, he would not have come to the city Lord's mansion, but would have found someone in the city directly.

After all, Wang Fan has the immortal vein of the Chu Dynasty. Once endless city knows about this and takes the lead in winning Wang Fan, it will be very difficult for him to regain his immortal vein.

"You're welcome, brother Chu. Since brother Chu spoke, I'll do my part. It's just that we can't cause great turbulence. Otherwise, once things get out of the way, it's not very good for us to deal with our guests. "

The old man, who was called brother Jiang, took the space ring and glanced at it quietly. Although he could not see the change of his expression, his heart was quite shocked.

How on earth did Wang Fan offend the emperor of the Chu Dynasty, and even make the other party go to the endless city to hunt for their help?

As for what the emperor of Chu Dynasty said, he would not believe it.

It's only one level of immortality, even if it's evil, it's also one level of immortality.

Although Zhongzhou holy land has numerous resources and the strong are like clouds, it is easier to grow up, but the competition is also extremely fierce.

It's not easy to grow up from xianzun to xianzun's peak, no matter how talented he is or how lucky he is.

Did the emperor of Chu Dynasty attach so much importance to it?

It's obvious that Wang Fan must have something unusual in him, or that he took something unusual from the Chu Dynasty.

"Thank you, brother Jiang. I'll stay in endless city these days and look for it myself. Please forgive me."

The emperor of the Chu Dynasty didn't care what the old man was thinking. He hugged his fist again and said.

In fact, his heart is about to hate Wang Fan.

Just for the mole ant, he came here to kowtow, risking the immortal vein to be taken away by endless City, not to mention, but also paid a huge price.

If this can't kill Wang Fan, he will be crazy.

He wanted to eat his bones. He immediately tore Wang Fan into countless pieces.

"That's natural, but brother Chu should be careful not to cause unrest." The old man said with a smile.

"That's nature." The emperor of Chu Dynasty nodded, although they chatted again and left.

After the emperor of Chu Dynasty left, the old man's face became gloomy immediately.

"What on earth does Wang Fan have that deserves the attention of the emperor of Chu dynasty?"

Without hesitation, he gave an order quickly.

Secretly look for Wang Fan, regardless of life or death, and take him back to the main residence.

Endless city is a profiteering business sitting on the tip of a knife. When it comes to this kind of business, it naturally doesn't mind to get involved.

If Wang Fan had a backstage, they might not.

But now, Wang fan is in the endless City, and there is no strong one to hold down the battle. He is alone, and the endless city will not be polite.

With the order of the old man, many strong people of endless city have set out one after another and began to search for Wang Fan in the whole city.

Of course, all this was done in the dark, not in a big way.

After all, endless city doesn't want to tarnish its reputation.

Restaurant.

Wang Fan didn't know what happened to the emperor of Chu Dynasty and the vice Lord of endless city. He was still listening to the comments of other monks and drinking.

But soon, his face had changed.

Because he sensed a familiar mental probe.

The emperor of Chu Dynasty is exploring the whole city with his spirit? Not only Wang Fan, but also some monks around him changed their faces.

"Xianzun peak? Is that the emperor of Chu dynasty? "

"What is he doing? Is he not afraid to arouse the anger of the city Lord's house when he detects us so wantonly?"

"Hateful!"

Many friars were filled with righteous indignation and could not help murmuring.

Although they were not as powerful as the emperor of Chu Dynasty, their accomplishments were all in the late xianzun period. How could they endure such humiliation?

Wang Fan didn't speak, but he was also very careful. He restrained his breath and tried not to be found by the emperor of Chu Dynasty.

Fortunately, the mental power of the emperor of the Chu Dynasty was only swept away, and did not stay much.

Obviously, he didn't want to go too far.

After all, even he would be in trouble if this group of monks revolted.

Wang Fan felt that his mental strength had disappeared, and he was also greatly relieved.

He was thinking, do you want to leave endless city for a period of time, and come back when the spaceship opens.

Since the emperor of Chu Dynasty dares to look for him in endless City, he has already said hello to endless City, otherwise he can't be so brave.

Even if one failed, endless city would help the emperor of Chu Dynasty find him.

In this case, he will stay in endless city and will never be safe.

Although endless city has a good reputation, it has never done anything to the friars in the city.

But Wang fan is just an immortal, not a big man.

If endless City knew that he had the immortal vein of Chu Dynasty, he would not believe that endless city would not move or even start.

Wang Fan was just thinking about this. Suddenly, several friars came in.

These friars seem to be the same as ordinary drinkers. They seem to come to drink.

But Wang Fan felt different. These friars were not as simple as ordinary friars. Their momentum was obviously specially trained.

The most important thing is that after these people came in, their eyes immediately swept all the guests present.

Although their eyes just swept by, Wang Fan still felt a strong uneasiness.

These friars are looking for someone.

Wang Fan kept quiet and continued to drink.

The friars sat down in front of one place. One of them went to a nearby table and took out two portraits.

Wang Fan's mental strength swept the portrait, and his heart couldn't help shaking wildly.

One of the portraits is his original appearance, and the other is his appearance when he first came to endless city and ordered a room in endless inn.

Wang Fan cursed endless city for being mean, but he didn't dare to show his abnormality on the surface.

He has made a decision that as soon as these people leave, he will leave endless city and hide outside first.

Chapter 3609

The friars of endless city didn't stay in the restaurant for long. They just searched for a few minutes and left after finding nothing.

After they left, Wang Fan did not act rashly, because he did not know whether these people would stare outside.

As for the spiritual investigation, Wang Fan did not do it.

Although his mental power can hide from the general strong, he is not sure about those masters in endless city and the emperor of Chu Dynasty.

Wang Fan stayed for more than half an hour again, until a monk left, then he walked out of the restaurant slowly.

After leaving the restaurant, Wang Fan's face changed suddenly.

Because he realized that several friars had been following him.

In other words, everyone who goes out of the restaurant is targeted.

Wang Fan cursed that the endless city was not authentic, but there was no abnormality on the surface. Instead, he went back to the endless Inn first, and then went to the endless commercial building.

He wants to leave endless city directly, which is impossible, because it is easy to arouse suspicion.

But if you go to the endless business building to take a task, it will not be abrupt.

In the hall of endless business building, there are still many friars, most of them come to pick up people. Even many friars come up with the sign of forming a team to recruit people to be people.

Wang Fan didn't get together to form a team, because with his strength, even in the past, people would not like to see him. On the contrary, it is easier to expose him.

Wang Fan stayed in the endless Inn for more than ten minutes before he left.

When he walked out of the endless commercial building, he was already in a cold sweat.

Because there are at least ten monks on the eighth floor of the immortal statue in the endless commercial building, and they are constantly exploring with their mental power, obviously looking for someone.

Wang Fan's heart is very speechless, this endless City, is really black heart terrible.

But he has no way. Who can make himself inferior to others.

At the same time, Wang fan is also determined to leave endless city immediately. At least for now, he can't stay here, otherwise, it will be exposed.

Wang Fan went out of the endless commercial building, and directly showed his figure and flew out of the city.

At the gate of the city, monks came and went in an endless stream.

Some are monks who go out to do missions, and some are monks who return after completing missions.

In this case, Wang Fan's flying in the imperial air was not very conspicuous.

Wang Fan followed the friars and quickly left the endless city and ran to the endless seaside.

Endless City, in a restaurant and private room.

The emperor of Chu Dynasty sat alone in his private room, drinking and searching with his mental power.

But with the search, his face became more and more ugly.

Because he has almost checked most of the friars in endless city. It can be said that he has detected all the people except those in the Lord's mansion, but there is no trace of Wang Fan at all.

Has Wang Fan left endless city?

Or, Wang Fan didn't come at all?

The emperor of Chu Dynasty didn't know, but he soon thought of something. He couldn't help muttering to himself, "is it hard, that Wang Fan didn't come to the endless City, or didn't want to go to the holy land of Zhongzhou at all?"

The emperor of Chu Dynasty was confused.

After all, he was not sure that Wang Fan would come to endless City, and Wang Fan would go to the holy land of Zhongzhou.

He just held one in ten thousand hopes, and then he came to endless city to try his luck.

The capture of the immortal veins means that the foundation of the Chu Dynasty is damaged. If the immortal veins are not taken back, the Chu Dynasty will only decline.

Of course, this is not the key. The key is that the immortal vein is the resource of the Immortal Emperor in the future.

Now that the immortal pulse has been seized, where can he have so many resources to prove the Immortal Emperor?

When the emperor of Chu Dynasty was thinking about this, an old man appeared in front of the counter.

The lady who was in charge of the ticket sales, seeing the old man, got up quickly and said in fear, "I've met you, my Lord."

The old man waved his hand and said, "can someone buy a ticket in recent days?"

Without hesitation, the nun nodded quickly, "yes. A few days ago, a friar bought a lower class ticket

As a monk, she naturally has this memory.

Of course, the ticket price is high and hard to sell. Most of the time, you can't sell one in a few days.

Otherwise, if countless people came to buy it every day, she would not remember it so clearly.

"Who is that man, what is his accomplishments and what is his appearance? Do you know his identity?"

The old man's eyes brightened and asked again.

The nun shook her head. "My Lord, I don't know."

Then she put out her hand again and drew a picture of the void, which immediately showed Wang Fan's

appearance when he bought the ticket. She said, "it's this man. He was astringent at that time, and the younger generation didn't know his accomplishments. It's just, it's just" Just what?" The old man saw the nun stammering, some dissatisfied, Ning eyebrow cheered.

The nun said quickly, "but after he left at that time, five monks intercepted him, and one of them was on the eighth floor of xianzun. It seems that he escaped at last."

Hearing this, the old man's eyes brightened. "Do you know those friars who stopped him?"

The nun nodded, "yes."

Ten minutes later, outside an inn, the eighth floor of xianzun who wanted to rob Wang Fan was staring at the door of the inn. But at one moment, he felt cold all over. The next second, an old man appeared in front of him.

"Before, master."

Looking at the sudden appearance of the old man, the immortal's face changed, his legs could not help softening, and his face turned pale.

The old man didn't talk nonsense with him. He grabbed his neck with one hand and picked it up. As soon as his body flashed, it disappeared.

Wang fan doesn't know what happened in the endless city. At this time, he is about to reach the edge of the endless deep sea.

The endless deep sea is very big and vast.

After hundreds of monks rushed into the endless deep sea, they could not see a single person for a long time.

Wang Fan also did not delay, mental power swept out, found a no man's area, immediately flashed past.

He didn't come to the endless deep sea for a mission. He wanted to avoid for a while. Anyway, as long as he didn't miss the departure time of the spaceship.

After Wang Fan rushed into the no man's area, he was trying to find a place to hide. Suddenly, with a roar, a huge splash of water came up. The next second, a sea demon opened a ferocious mouth and devoured him.

Wang Fan looked at this scene, eyebrows slightly frown, but it is not the slightest hesitation, Taigu sword instantly scabbard, a knife cut, then to the monster's body.

With a hissing sound, the blood mist shot. The archaic sword penetrated a bloody skeleton in the belly

of the sea demon. The blood flowed out and instantly dyed the Sea red.

However, the sea demon was not dead at all. With a shrill roar, he once again flapped the wings that blocked the sky and rushed to Wang Fan crazily.

"Sirens with wings?" Wang Fan looked at this scene, quite shocked, not only shocked the sea demon can fly, but also shocked the strength of the sea demon.

Chapter 3610

Wang fan can clearly feel that the strength of the sea demon is equivalent to the fourth floor of xianzun at most.

It's only the fourth floor of the immortal statue. Wang Fan cuts it out with a sword. It's reasonable that he should be able to kill it with a sword.

But now, let alone kill the sea demon, he didn't even hit the other side hard.

In Wang Fan's surprise, the sea demon had rushed to Wang Fan again.

Its wings spread out to cover the sky and the sun, turning the whole sea into black.

That ferocious claw, blood red big mouth, is crazy toward Wang Fan bombardment over.

As for its eyes like a washbasin, they are scarlet and terrifying.

"It's just a beast, dare to fight against me, die!"

Wang Fan felt the ferocity of the sea demon, but also could not help but be very angry.

It turned out that because of the emperor of Chu Dynasty and the endless City, he was upset to death. Now a mere animal dare to touch his brow, which is very angry.

In Wang Fan's body, the immortal yuan gushes out crazily, and the spiritual power is like a sharp blade, which is agitated crazily.

The archaic sword in his hand was shining brilliantly. It set off a hot heat and cut the sword to the throat of the sea demon.

Whether it's human or demon, the throat is a relatively vulnerable part. Unless it's the tough monks, it's the weakness.

Wang Fan didn't practice for one day or two. Naturally, he also understood this truth.

The archaic sword traverses the void, and in an instant it forms a towering sword. The scorching heat

and the burning air begin to hiss.

When the sea demon saw Wang Fan's sword coming, he was even more furious. His huge claws swept through the void and directly grabbed the archaic sword.

There was a local sound. The Taigu sword cut on the sea demon's claws. At first, there was a sound of jingo. But soon, a sound came, and the sea demon's claws had been cut off.

"What hard claws." Wang Fan looked at the scene, could not help muttering, but his face was a little pale.

You know, the archaic sword is a magic weapon of the Immortal Emperor level. He holds the archaic sword and has even killed the strong of the seventh floor of the immortal statue.

But now, in the face of a sea demon equivalent to the fourth floor of xianzun, he just barely broke each other's claws.

From this we can imagine how powerful this sea demon is.

Of course, this also has something to do with Wang Fanxiu's failure to give full play to the real power of the archaic sword.

The sea demon was cut off by Wang Fan's giant claw, which was also more furious and fierce, roaring.

It that pair of wings crazy beat the sea, set off a huge wave.

"Kill

Wang fan is a violent drink, directly a space big move, away from the sea demon.

The next second, his body was empty, and then the Taigu sword cut down again.

At the moment, Wang Fan's expression has become dignified.

He has realized that he belittled the people in the world, oh no, he belittled the demons in the world.

Originally, he thought that with his ability to cut the seven layers of xianzun, even if he was the best in the middle of xianzun's life, he would have no difficulty in cutting each other. But now, he didn't dare to think that.

A fairy four layer sea demon on the edge of the endless deep sea is so powerful. What about the depth of the endless deep sea? What about the holy land of Zhongzhou?

In those areas, let alone in the middle of the beheading immortal Zun period, even in the same territory,

can he really be called invincible?

Wang Fan's body soared into the air and launched a crazy battle with the sea demon.

For a moment, the sound of roar was heard all the time. The wave below has never disappeared.

Fortunately, this is the sea area. If it's on the ground, I'm afraid I don't know how much damage it will cause.

Wang Fan was more and more frightened because he was shocked to find that he could not kill the sea demon.

Rao is that he has stabbed countless wounds on the sea demon, but he still hasn't killed him.

Even several times, he was almost swallowed by the sea demon.

At the moment, Wang Fan's body has also countless blood, the whole person has become a blood man.

Of course, the siren's injury is much more serious than his.

"The sea demon on the edge of the endless deep sea is really not simple. Is it because of years of fighting that they are so powerful? "

"Here is still the most marginal sea demon. If we go deeper, or even deeper, the sea demon will be more powerful."

Wang Fan thought so in his heart, but he was merciless.

He had already begun to perform the eight moves of the divine sword. When the fourth move of the divine sword fell, he finally killed the sea demon.

Wang fan is about to take away the other side's demon core after killing the sea demon, but he feels that countless sea demons have been killed in the distance.

The sea monsters were extremely ferocious. Wang Fan didn't even know them and never saw them. Even some sea monsters rushed out of the sea and flew into the air. Wang Fan felt this scene, could not help but curse a bad luck, no time to continue to get the sea demon's demon core, body shape a flash, quickly left here.

The strength of those sirens is very strong. Once they are killed, Wang fan is not an opponent at all.

However, Wang Fan just flew a thousand li or so, two figures suddenly stopped in front of him.

The two men, a man and a woman, are full of rich water vapor, and obviously have been active in this

area for a long time.

Their accomplishments are all in the fifth level of xianzun, and they are extremely fierce. They are much stronger than other monks in the same realm.

After the two men appeared, there was no nonsense at all. One put out a sword and the other put out a sword to kill Wang Fan.

At the same time, the two men's immortal field is also crazy over Wang Fan, trying to give Wang Fan the greatest oppression.

Wang fan saw that the two people did not agree with each other, so he was very angry.

He waved the archaic sword in his hand again and cut them directly.

However, with the roar of two sounds, his body instantly inverted out.

When they saw this scene, they didn't have the slightest change in their expression. Their body shape flickered and they went directly to kill Wang Fan. They were extremely decisive.

Looking at their expressions, it seems that they will never stop beheading Wang Fan.

"Ladies and gentlemen, I have nothing against you. Why do you want to kill me? If you want something from me, I can give it to you. Why do you have to do it? "

Wang fan body inverted, but the mouth is fast said.

His heart was also irritated.

These two people are obviously the murderers who do business without capital, and they are also the must kill people on the endless commercial building task list.

They are dedicated to a generation of activities at the edge of the endless deep sea, sitting in the business of killing and plundering. They are vicious and inhumane.

The most important thing is that these two people have also killed people in endless City, so they are on the list of must kill tasks.

Wang Fan originally thought that with his strength, it would not be difficult to kill them if they met.

But now, he knows that he is wrong.

The two are powerful. If they really fight for life and death, Wang fan is not necessarily an opponent.

Wang Fan felt that he was about to vomit blood.

Since entering the endless City, it seems that I have had bad luck and everything is not going well.

Now, there are two murderers blocking the way in the front, and countless sea monsters coming from the rear. It can be said that they are the former wolf and the latter tiger. It's really bad luck.
