

MIGHTY SK 361

Chapter 361

"Thank you, Wang Shao." Zhang Huo looks at Wang Fan with gratitude in his eyes.

"You're welcome. That's what I should do." Wang Fan waved his hand. "Here are some simple moves I've sorted out. Now I'll give them to you."

"I'll give you another 10 million. If you can't stand up in this way, I can't say anything more."

"Well, that's all I can do for you. I'll leave first. We'll see you later."

Wang Fan said, holding Lin Shiya's little hand, he walked towards the door.

It's not a short time for him to come out. It's time for him to go back.

"Thank you, Wang Shao. You've helped me so much. If I can't stand up like this, I'll stop mixing in the future. It's better to live a down-to-earth life."

"Wang Shao, it's getting late now. Don't you stay for one night and leave tomorrow? It's OK to have a meal."

Zhang Huo said, opening his mouth to stay.

"No, it's been a long time since I came to Jiyan. Well, you don't have to. We'll see you later. "

Wang Fan once again said, with Lin Shiya no nostalgia to leave.

Zhang Huo saw that Wang Fan had made up his mind, so he didn't keep him.

More than two hours later, Wang Fan returned to Sanlin with Lin Shiya.

By the time they got to Sanlin, it was past one o'clock in the middle of the night.

"Shishi, you see it's so late. It's not good for us to go back and disturb your sister. Let's go and open a room."

Wang Fan looked at Lin Shiya and said with a smile.

Lin Shiya listen to this, that small face called a red ah, she spat Wang Fan, not angry said, "hooligan, I don't open a room with you, you open a room with others."

Although the words say so, but can't hear a bit angry meaning.

"How can I be a hooligan? I mean, we have two rooms, one for each. What's in your mind. It's not like I have too much money to spend. "

Wang Fan said, the car has stopped, he pointed to the side, "how do you look here?"

Lin Shiya made a big blush, is about to get angry, but can't help but follow the direction of Wang Fan's fingers to see in the past.

"Guest house!"

She a face black line, "want to live you to live, this kind of place I just don't live!"

This son of a bitch is too stingy. He gives Zhang Huo tens of millions, but he brings her to the guest house. It's really annoying.

"It's not good. In fact, I don't think it's good here. Our ideas are really the same." Wang Fan, laughing, drove to a place again, "where is this?"

Lin Shiya saw that there were several black lines.

"Public bathhouse, stay plus ten yuan."

You son of a bitch, you really disgust yourself.

"Well, actually it's not good here. Let's change it." Wang Fan felt that Lin Shiya was almost amused, so he was not joking.

This time, he drove to Hilton.

"Let's live here. The bed here is big enough to roll without worrying about falling on the ground. Besides, we don't have to open two rooms."

Lin Shiya took a look at it, and it was silly.

Hilton, is that too luxurious?

Just after hearing Wang Fan's words, she blushed, and could not help it any more. She grabbed Wang Fan with shame and anger, "you bastard, I'll let you take advantage of me, I'll let you take advantage of me."

She's almost ashamed. This guy is dead. But she couldn't help thinking about how big the bed was.

"Ah ah, when did I take advantage of you? I'm not afraid that you will fall to the ground if you don't sleep honestly?"

"The suites here are not only luxurious, but also big enough. You can sleep enough by yourself. Don't worry about rolling on the ground."

Wang Fan said quickly.

Lin Shiya finds out that she has been teased by Wang Fan again. If this bastard plays the word game with himself.

Looking at Wang Fan really parked the car, Lin Shiya couldn't help saying, "here, it's too expensive, don't waste so much. Let's go to Rujia or Hanting and just open two single rooms. "

"That how line, ten thousand half night you meet hooligan how to do, throw you a person in the room, I can't rest assured."

Wang fanxin swore.

"Bah! Where are so many hooligans? I think you are the hooligan. Do you want to plot against me? " Lin Shiya spat at Wang Fan, but his heart was sweet.

Wang Fan felt guilty for Lin Shiya, so he wanted to make up for it in other ways to make her happy.

They quickly approached Hilton.

The beautiful front desk lady saw the two people come in, immediately sent out a sweet smile, "Hello, sir, do you have a reservation?"

"No Wang Fan shook his head.

"What kind of room would you like to live in? We have it here," the front desk lady began to introduce.

Lin Shiya listened to the names of the rooms from the front desk. She blushed with shame, and her head was too low to lift. The front desk lady obviously treats them as lovers, so she introduces some couples' suites.

"That's all?" After the voice of the receptionist stopped, Wang Fan asked.

"That's it." The receptionist nodded.

"Well, I ask you, which is the most expensive couple and how much is it?" Wang Fan's eye brow is picked, appear to be rich and powerful.

The front desk lady "ah" for a moment, and simply did not know how to answer.

Where is such a guest? Just ask what is the most expensive room. It's Hilton!

She felt like she was about to collapse.

Lin Shiya is also a black line, head pressure is lower, more dare not lift up.

This guy is really shameful. She wants to turn around and leave, saying she doesn't know Wang Fan.

"Ah what, little sister, brother, I'm not short of money. Just say it." Wang Fan took a look at Lin Shiya and said carelessly that he was just teasing her.

Try every means to make Bomei smile.

Soon, they opened the room and entered the room.

Lin Shiya was dull all the way. She was scared by the amazing price.

If Wang Fan had not been holding her hand, she would have run away without looking back, which was too luxurious.

However, she is feeling sweet, at least the side can see, Wang Fan also care about her.

Looking at the luxurious room, round bed, feeling the ambiguous atmosphere, Lin Shiya suddenly has something strange.

This guy, he's not really going to be a hooligan tonight, is he?

At that time, should I accept it or refuse it?

Emotionally, she doesn't want to refuse, but intellectually, she really can't accept it.

At this time, Wang Fan has opened his mouth with a smile, "how about poetry? Is the bed big enough and rolling enough? Look, there are hot springs. Would you like to have a dip? "

Lin Shiya's face flushed and her body trembled, but it was strange that she didn't get angry, but fell into a struggle.

Sure enough, the rascal finally showed his fox tail.

What should she do now?

Do you agree or refuse?

Chapter 362

"Well, I'm kidding. I'm sleepy. I'm going to sleep." Wang Fan yawned and entered the suite.

Lin Shiya's face is black. For a long time, is this guy teasing her? It's a waste of her feelings.

She stares at Wang Fan hard. If her eyes can kill people, Wang Fan has died many times.

Soon, Wang Fan entered the suite, but without waiting for Lin Shiya to relax, Wang Fan came out again.

Lin Shiya was startled, "you, what do you want?"

Is it hard for this guy to go back and insult himself again?

"No, I want to say that this room is not locked. Don't come in at night and insult me. I'm used to sleeping naked and I sleep dead."

Wang Fan said with a smile,

"go away!" Lin Shiya couldn't bear it. The universe broke out. She grabbed the pillow and threw it.

"It's barbaric." Wang Fan curled his lips, quickly dodged, and then entered the room, and slammed the door.

Lin Shiya is so shy. What's in this son of a bitch's mind?

Sleeping naked?

It's scary!

It has to be said that it is not easy to make the gentle and quiet Lin Shiya angry.

Wang fanshu took a hot bath and lay down on the big bed. He soon fell asleep.

Just, Wang Fan sleeps sweetly, Lin Shiya can't sleep any more.

She's tossing and turning all night. What's the son of a bitch going to do when she gets to her bed half the night? Should we accept or reject?

Thinking about it, I finally fell asleep.

The next morning, Lin Shiya woke up from hunger. She rubbed her two panda eyes and got up. She struggled again and again and entered Wang Fan's room.

When she went in, Wang Fan was sleeping sweetly. He was in a big shape with a slight smile at the corner of his mouth. It seemed that he had a dream.

Lin Shiya looked at this scene, and immediately became angry.

I didn't sleep well all night. I didn't even dare to take off my clothes. This guy is good. He sleeps like a pig.

What a beast!

Oh no!

It's better than animals!

She angrily walked over and directly lifted Wang Fan's quilt without saying a word.

She wants to see if Wang fan can still sleep after taking off his quilt.

"Ah A scream, Lin Shiya covered his face, "hooligan, asshole!"

This guy, sleeping without clothes!

"Ah Wang Fan opened his eyes hazily, followed by screams, and then suddenly pulled over the quilt to cover the key parts, "you, what do you do to me?"

Lin Shiya is going crazy. Who is this!

"Why don't you get dressed when you sleep, rascal!" Lin Shiya screams.

"Who's going to sleep and get dressed?" Wang fan is more aggrieved, "this is my room, as if I told you, I used to sleep naked, ah, how can I be a hooligan."

For a moment, Lin Shiya didn't know what to say.

Wang Fan felt a little interesting and decided to continue teasing Lin Shiya.

"You, you didn't do anything to me, did you? Oh, my God, I'm sleeping so hard. Can't I really feel it? "

Lin Shiya was so angry that he said, "how can I do something to you when you think about beauty."

"That's good, that's good." Wang fan is relieved.

Lin Shiya is going crazy. What kind of attitude and expression does this bastard have?

She was too lazy to talk to Wang Fan again and said directly, "I'm hungry."

"Then you can cook."

"You Lin Shiya didn't want to talk to Wang Fan any more. As soon as her eyes were sore, she turned and went out.

As soon as Wang Fan patted his head, the secret way broke down and played too much. He quickly took his clothes and put them on and chased him out.

"Oh, I'm wrong. I'm kidding. I'll call the waiter to deliver the meal."

He said and quickly dialed the phone.

"I don't want to eat hotel food. I want to eat what you make." Lin Shiya was angry and decided to be angry with Wang Fan.

Originally she thought Wang Fan would refuse, but she didn't expect that Wang Fan nodded without hesitation.

"OK, I'll go shopping and come back to make it for you." Wang Fan said and went out.

Lin Shiya was stunned for a moment, and quickly grabbed Wang Fan, "I'm joking with you."

"I'm serious." Wang Fan said.

"Oh, it's a joke. Who makes you angry with me? I'll ignore you again."

"All right, all right, it's up to you."

At noon, they returned to Lin Shiya's house.

But before they got in, a dozen thugs jumped out and surrounded them.

Compared with the previous timidity, Lin Shiya saw these bastards without much fear.

She knows a little about Wang Fan's strength. These ten bastards are not enough. "Who are you? What are you stopping us for?" Wang Fan's face became cold and angry.

How can you meet this kind of thing everywhere? Is it easy to bully yourself? A group of little bastards, he is really lazy to do it.

"Hey hey, are you Lin Shiya, Lin Shihua's sister?" A Hun Zi looked at Lin Shiya with an obscene face, "tut Tut, you look good, much better than your sister."

"This woman is so beautiful that she deserves to be a top student in the film academy. It's just

different."

"Damn, I haven't seen such a beautiful girl since I was so big. If I could last time, I would die."

The rest of the gangsters followed suit, their eyes rolling around on Lin Shiya, and the evil light in their eyes flickered.

Wang fan is on fire.

I didn't want to clean up these guys, but now it seems that I can't do without it!

I dare to give Lin Shiya an idea. I'm really looking for death!

He rubbed the first two steps, and in the blink of an eye, he kicked out more than ten feet.

Those bastards didn't even react, so they covered their crotch and screamed and jumped up and down.

"Come on, what's the matter with us? If you dare to talk nonsense, I'll kick your third leg!"

Wang Fan said fiercely. He just hurt himself and didn't kick.

"I, brother leopard, ask you to come over. Brother leopard has Lin Shihua in his hand." A Hun Zi calmed down and said quickly.

Just for a moment, he knew that they couldn't provoke Wang Fan, and they didn't dare to look and shout.

Wang Fan began to get upset again.

This what person, unexpectedly tied the floret, this is not for him to find not happy?

Sure enough, Lin Shiya's face immediately changed, "what's wrong with my sister? Why did you kidnap her?"

"Shishi, don't ask. Let's go and have a look. Don't worry. Your sister will be fine. "

Wang Fan comforted Lin Shiya and looked directly at the gangsters, "lead the way!"

He knows that it's a waste of time to talk with these gangsters. It's better to go there as soon as possible.

The gangster did not dare to hesitate and quickly led the way.

They came in a broken bread car, but when they didn't come, there were ten people in the car. When

they went back, only Wang Fan and Lin Shiya were in the car except for a gangster.

More than half an hour later, the car drove to a chess and card room which was not small in scale.

There are three floors in the chess and card room. The Hun Zi takes Wang Fan and Wang Fan to the third floor.

On the third floor, a man was sitting at a table. Behind him stood six Sunglasses bodyguards. Opposite him, Xiaohua was sitting.

Xiaohua's face was a little pale, and she obviously cried, but she didn't seem to be insulted.

When she saw Wang Fan, she was obviously relieved.

On the table, there was still a piece of white paper.

Wang fan can clearly see the words on the white paper.

It's a two million IOU with Xiaohua's signature and handprint and date on it.

Obviously, these guys are aiming at the two million Yuan Wang Fan gave to Xiaohua.

Chapter 363

"Brother leopard, people have brought it." The Hun Zi led Wang Fan to the man and said respectfully.

Lei Bao is also a character in Sanlin city.

He is a special usurer, and he also has a group of outlaws.

He doesn't stir up the gang's right and wrong, and he doesn't get involved in the storm. He just guards his own three-thirds of the land, so there is no big man to trouble him.

Lei Bao nodded, and the bastard bowed out. He didn't dare to say a word more, and didn't dare to reveal that Wang Fan had abandoned more than ten of them.

Lei Bao raised his head, his eyes swept over Lin Shiya, and then he looked at Wang Fan, "are you Lin Shihua's noble man?"

"Lin Shihua borrowed two million yuan from me a few months ago, but it hasn't been paid when it was due. I think it's not easy for her to be a woman, so there is no coercion. "

"Two days ago, I found that she had two million yuan more in her account, so I asked her for the debt, but she said that the money here is yours, and she can't make the decision."

"Now I ask you, do you return the money or not? Give me a good word. " LeiBao said slowly.

"Wang Shao, don't listen to him. I didn't borrow any money from him. This IOU was just made yesterday. He forced me to sign and press the fingerprints."

Lin Shihua heard Lei Bao say so, immediately stood up and explained to Wang Fan.

She doesn't want two million dollars.

"Well?" Lei Bao squinted in his eyes and immediately looked at Lin Shihua.

He didn't expect that this woman, who had been submissive before and didn't even dare to breathe, would dare to argue.

"Well, what? I didn't lend you money. You forced me to sign the IOU. Is there anything wrong with what I said?"

Lin Shihua was not afraid at all and continued, "Wang Shao, I really didn't borrow money from him. You have to believe me."

Her previous vino forbearance was just to protect herself from being bullied. Now that Wang fan is here, what else is she afraid of?

She is still counting on Wang Fan to help her sister deal with the affairs in the capital. At this point, she dare not leave a bad impression on Wang Fan.

"In black and white, put it here. Since you didn't borrow it, why do you want to sign it? If I force you, do you want to sign it? What's more, I haven't forced you! "

Lei Bao's eyes picked, and he was not happy with Lin Shihua, but he didn't care.

He had already investigated Lin Shihua, and knew that the woman had no background, so he was not afraid that Lin Shihua would be able to turn over the waves.

He looked at Wang Fan and said, "I'll ask you again, do you return it or not?"

"I'll see the IOU." Wang Fan did not answer Lei Bao's question, but looked at the IOU, "I want to confirm whether the IOU is true."

"Wang Shao, you can't do this. You have to believe it." Lin Shihua was in a hurry.

Wang Fan waved his hand to interrupt her, just calmly looking at Lei Bao.

Lei Bao smiles, takes up the IOU and hands it to Wang Fan.

Wang Fan took the IOU and looked at it.

As soon as he saw it, he knew that the IOU had just been written. It was not a few months ago.

Obviously, what Lin Shihua said is true.

Wang Fan was so angry.

This NIMA is too arrogant.

It's like robbing money!

Thanks to the appearance of Lin Shiya, everything changed. He met this incident. Otherwise, the two million yuan will not help but harm Lin Shihua.

Thinking of this, Wang Fan was a little angry.

He grabs the IOU and tears it to pieces. Then he throws the pieces and asks, "is there any IOU now?"

Lei Bao's face darkened.

He didn't expect that Wang Fan would tear up the IOU.

But that's good. He has an excuse to do it.

"Boy, if you want to die, you dare to tear the IOU!"

"Damn, did you pay back the money? You just tore up the IOU. Do you believe I killed you?"

The six bodyguards behind Lei Bao didn't move, but the doglegs on both sides were shouting.

"Pick it up for me and stick it on it, or I'll kill you!" One of the doglegs came forward and poked his finger at Wang Fan's head.

"Kill me? Who are you going to kill? "

Wang Fan's eyebrows suddenly picked up, and his hand grasped the dog's leg, and the poked finger was bent.

Click!

The crisp breaking sound sounded, and the dogleg grinned and screamed.

"Are you going to kill me? You deserve it, too?" Wang Fan cried, but he didn't give up. He grabbed dogleg's head and bumped into the table in front of Lei Bao.

Bang!

There was a loud noise, the table broke and the dog's legs broke!

Lei Bao's face was very gloomy, and his eyes flashed murderous.

"Damn it, you dare to do it, you want to die!"

In addition, dogleg was trembling with anger. He was about to meet him with a fist, but he was stopped by Lei Bao.

"Don't you think it's too much, brother?" Lei Bao looked at Wang Fan and said coldly, "even if you don't pay back, you don't need to tear the IOU, do you?" "In our line of business, tearing the IOU means breaking the path of wealth. How do you let me live if you break my path of wealth?"

Lei Bao said coldly, as if it was quite reasonable.

"Are you my son?" Wang Fan asked.

Lei Bao didn't speak, but his face turned black.

"Are you my grandson?" Wang Fan asked again.

Lei Bao's face was even more gloomy, and his fists had already been clenched. It was obvious that he had made a real fire.

"Why, none of them?" Wang Fan's voice suddenly raised, "you are neither my son nor my grandson. How do you live?"

"Pay back? Do I owe you money? Do you want me to pay it back? I'm just tearing the IOU. What can you do?"

"He said I'm too much. You're a big man who takes a fake IOU to entrap a woman. You said I'm too much?"

Wang fan is very angry.

He wants to stand out for Lin Shihua.

"Son of a bitch, how can I talk to brother leopard?"

"Cao NIMA, dare to talk to brother Bao like this, I'll kill you!"

Dogleg roared angrily again and rushed to Wang Fan at the same time.

This time, leopard didn't stop it.

His patience has reached its limit.

"Who do you scold and who do you talk to?" As soon as Wang Fan's eyebrows stand up, he suddenly grabs the heads of the two barking doglegs and smashes them together.

Bang!

Both of them had blood on their heads, and covered their heads with a scream.

But Wang Fan didn't stop at all. He stepped forward. His two palms were moving at the same time, and he threw them away.

Two people were beaten, Venus straight up, the name of "Tso NIMA" dogleg, teeth are all knocked down.

This time, the rest of the dogleg are all silly, dare not move.

Nima, this is too cruel, too violent.

Wang Fan gave them a feeling that he was more cruel than those Desperado under Lei Bao.

What Wang Fan wants is this kind of effect. To deal with this kind of shameless bastard's hob meat, he has to be more ruthless and hob meat.

"Boy, are you going too far?" Lei Bao also became violent and waved to the six bodyguards, "maim him for me!"

Wang Fan grinned. Before the six bodyguards started, he suddenly stepped forward. He grabbed Lei Bao's collar with his left hand and scraped it with his right hand.

Pop!

A harsh sound, mixed with Wang Fan's angry voice:

"who are you going to harm?"

Chapter 364

The scene fell into a dead silence.

No one thought that Wang Fan slapped the Panther.

Is this the rhythm of death?

Six bodyguards subconsciously stopped, their faces became ugly.

Because Wang Fan has one hand stuck in Lei Bao's head, one hand stuck in Lei Bao's throat.

The bodyguards were very gloomy.

Wang Fan even held his employer in front of them. This is a slap in the face!

"Boy, have you thought about the consequences? Believe it or not, I won't let you leave this chess room alive? "

Lei Bao's face was suddenly gloomy, but he didn't have much fear. "If you have seed, you will kill me. I don't believe you dare to kill people!"

He said, regardless of the danger, to the bodyguard issued an order: "up! Kill him! He dare not kill me

"Hard mouth?" Wang Fan's ghost smiles, loosens Lei Bao's throat and touches it quickly.

Shua!

A knife appeared in Wang Fan's hand, and a wound appeared in Lei Bao's throat. The blood flowed out, but it just cut the skin and almost cut the blood vessels.

The bodyguard who had planned to come forward saw this scene and stopped again, his face darkened.

Thunder leopard's eyes also flickered a touch of fear, he did not expect, Wang Fan actually dare to start.

If the previous cut had been deeper, he would have died.

"You say, dare I kill you?" Wang Fan knife than the thunder leopard throat, asked with a smile.

Lei Bao didn't answer Wang Fan's question, but his tone was soft. "I'm Lei Bao. I'll let you go. I'll let you go. The gratitude and resentment will be written off."

He said, biting his teeth.

Wang Fan's ruthlessness was beyond his expectation. He also saw that Wang Fan seemed to be some young men and tigers. He didn't want to be a short-lived ghost under Wang Fan's impulse.

"Let us go? Is it all over? " Wang Fan sneered, "are you a little too naive?"

"If you invite me to come, I'll come. If you let me go, I'll go. What do you think of me as? Your men?
"Running dog?"

Six bodyguards and a group of doglegs have black lines on their faces. Wang fan is obviously calling them dogs.

"What do you want?" Lei Bao asked in anger.

"I don't want to do anything." Wang Fan grinned, "don't you want to blackmail me two million? I don't want any more. As long as you give me four million, I'll go right away! "

"Four million?" Lei Bao's face turned black.

Although he is rich, he has four million, which is not a small amount. This son of a bitch is a lion!

"You are blackmailing!" Thunder leopard screams angrily.

"Blackmail? Do you know blackmail? " Wang Fan slapped Lei Bao's face with his knife face, and suddenly became furious, "don't talk nonsense, give it or not?"

Thunder leopard was so angry that he gritted his teeth.

But when the knife hit his face, the burning pain and cold feeling made him dare not be impulsive and stupid.

"I'll give it to you!" He finally bit his teeth and nodded.

"That's right." Wang Fan suddenly laughs and becomes harmless to people and animals. He also reports his bank card number.

Wang Fan's angry and smiling appearance is just like a madman, which is unpredictable.

Lei Bao didn't dare to offend the madman. He gritted his teeth and turned four million yuan. "Now you can let me go."

"Of course." Wang Fan grinned and released Lei Bao, then called to sister Lin Shiya, "let's go!"

Lei Bao's eyes flashed a touch of surprise, obviously did not expect that Wang Fan actually let him go.

Is this guy out of his mind?

According to the normal situation, shouldn't Wang Fan hold him all the time and let him go until he is safe?

Lei Bao thought, but his body quickly stepped back, and then ordered, "take him for me!"

He did not want to think so much. Since Wang Fan wanted to die, he would help Wang Fan.

The six bodyguards had already held their breath, and without any hesitation, they rushed madly towards Wang Fan!

It's hard to get rid of Wang Fan's grudge if he doesn't have a cramp!

"Not honest?" Wang Fan laughed. He suddenly turned back and kicked out.

Bang bang bang!

Toes in a very fast speed, blink of an eye point on the six bodyguards, six bodyguards pain fly, toward the second floor fell.

There was a piercing sound of bone fracture in mid air, and six people screamed.

Lei Bao's face changed greatly!

The bodyguards hired at a high price are not Wang Fan's rivals. They are obviously hidden. They used to be pigs and tigers.

"Son of a bitch, seek death!"

"If you dare to make trouble in my brother leopard's yard, you will be blind!"

Several clamour came, and a group of outlaws poured into the corridors on both sides.

Wang Fan grinned and took advantage of the situation to pull Lin Shiya's second daughter back and kick her out.

Great momentum!The desperado, who rushed up the third floor from Wang Fan's side corridor, had not come up completely, but just emerged, was directly kicked and flew down.

Oops, oops.

It's crackling.

After a series of sounds, the fugitives were also affected and rolled down a large area.

The other end of the outlaw has completely come up, looking at brother Bao's tragic situation, looking at the scene of chaos, one by one looks like a crazy tiger.

"Brother leopard? You are so enthusiastic to leave me, don't you think the four million is too little? " Wang Fan didn't care about those outlaws. Instead, he looked at Lei Bao with a cruel look on his face.

Lei Bao's face is ugly and he scolds his subordinates secretly.

So many people, even Wang fan can't clean up.

But from the previous shot, he also saw Wang Fan powerful.

Nima, this guy is playing pig and eating tiger!

"Dare to blackmail and threaten brother Bao, seek death!" The desperado over there was so angry that he pulled out his sharp knife and was about to jump on it, but he was stopped by Lei Bao.

"Stop it

Lei Bao's face was very ugly. "Don't you think it's shameful enough? No one is allowed to move! "

He said, looking at Wang Fan, turned into a smiling face, "this brother, his subordinates are not sensible, and have offended many people. Please, please."

Wang Fan's strength has brought him pressure, he dare not act rashly. What's more, Wang Fan's lunatic behavior and personality, he no longer wants to provoke.

"Ah? Not to give me money! OK, I'll go. Bye. If there is such a good thing in the future, please call me. I'll be happy to help you. "

Wang Fan said, with two women left the chess room.

LeiBao has a black thread. NIMA blackmailed Laozi for four million. It's too little!

He never wanted to see Wang Fan again.

"I'm sorry to frighten your sisters. Let's go. I'll take you to a good meal. I'll be shocked." Wang Fan said to the second daughter, rich and powerful.

Lin Shihua is a little stiff, but the word "fertilize" makes her blush.

Lin Shiya put more open, she said, "no matter how good you eat, you can't eat four million."

Wang Fan's mouth is wide open and she eats four million yuan. This woman really dares to think.

Without waiting for Wang Fan to speak, Lin Shiya said, "how can I see that you are more like a hooligan than they are? What do you do? Are you also like them, mixing society?"

Lin Shiya was a little nervous all of a sudden. "Those who mix with society are not good things. It's said that they will be chopped to death sooner or later. Don't mix, OK?"

She already likes Wang Fan a little and doesn't want Wang Fan to go astray.

"Sister, what do you say? How can Wang Shao be like those people? Wang Shao is just bluffing them so that they don't dare to trouble our sisters any more. "

Lin Shihua grabs Lin Shiya and refuses to let her go on. Then he apologizes to Wang Fan, "Wang Shao, I'm sorry. She's still small and has no words to hide. You don't mind."

Lin Shihua, a woman, has been struggling at the bottom of society for so long. She can see everything better than Lin Shiya.

"It's OK. Shishi is joking with me." Wang Fan waved his hand and said, "besides, she's not small. She's too big to hold a hand."

Wang Fan couldn't help thinking about the night of the crime.

Lin Shihua's face was dull, obviously did not expect Wang Shao to say such words.

Then, she began to wonder. She couldn't catch one hand. Did her sister and he feel shocked for a moment, and then she became ashamed and angry, "what do you mean, you can't catch one hand, have you ever caught it?"

She's going crazy. How can this guy do this? He's dead.

Wang Fan nodded subconsciously and grasped it

Chapter 365

A spirit, Wang Fan suddenly back to God, quickly shook his head, "no, no, I nonsense."

Wipe it. I almost let it slip.

Lin Shiya is more ashamed and angry, "you say, did you bully me while I was asleep last night? Asshole, hooligan

She saw that Wang Fan's face was not right, and she was more sure that Wang Fan took advantage of her last night. Regardless of her sister's presence, she couldn't help exporting.

She was so ashamed to think that she had been touched there. She only hated that she was too sleepy to feel it.

"No, not really." Wang Fan wants to cry without tears, which is really wrong.

Lin Shihua is a blank in his mind.

Did these two really sleep together last night? No wonder I didn't go home!

Wang Fan took great pains to persuade Lin Shiya.

The three entered the restaurant and began to eat. After eating, Wang Fan spoke directly to Lin Shihua, "Xiaohua, I'm going to take your sister to Beijing today. Do you want to stay in Sanlin or go together?"

Without waiting for Lin Shihua to speak, Wang Fan gave his own opinion again, "in my opinion, you can go with me. Your sisters have a good care."

He really wanted Lin Shihua to go with him. Two million yuan, as long as he didn't spend a lot of money, would be enough for her.

The most important thing is that Wang Fan still wants to return to Jinzhou. He can't stay in the capital for a long time. When the two sisters are together, there is more or less care.

"Yes, sister, come with me. I don't trust you to stay here. What if it happens again? How can I study at ease? "

Lin Shiya followed suit.

The first is that she is really worried about her sister, and the second is that she does not want her sister to continue to do that kind of work here.

Lin Shihua listened to their words. Although she was moved, she hesitated. She looked at Wang Fan and said, "will it give you trouble?"

After all, my sister is in a lot of trouble. If she goes there again, what if she gives Wang fan trouble?

"No way." Wang Fan shook his head, dispelling Lin Shihua's concerns, "heaven and earth, where so much trouble."

"As long as you don't stir up trouble, there won't be any trouble for you. What's more, I can handle any trouble. "

"All right." When Lin Shihua heard what Wang Fan said, he immediately agreed.

After the decision, Wang Fan immediately bought the ticket on his mobile phone.

Three hours later, the three boarded the plane to the capital.

-

Beijing.

The Song family was trampled on, Qi Qianxiong and Zhao Kuangshan were abandoned. Before the heat of these two events went down, another event broke out.

Mo Gentleness, the great lady of Mo family, was also patronized by the evil flower picking robber, the romantic little gentleman.

According to reliable information, on the night when Zhao Qi and Zhao Qi were abandoned, the romantic little husband appeared in Miss Moda's boudoir.

It's just that, because it's only recently come out, it's only recently that it's caused a sensation.

The most famous rose with thorns, which was in the capital, has been ruined by the romantic little gentleman.

As soon as this incident came out, the romantic young man was pushed to the top of the storm again, and without any accident, he became the number one enemy in the eyes of all the young people.

Especially Mo gentle those supporters, but also threatened to scrap the third leg of the romantic little gentleman!

Of course, there are also some women who want to be dissatisfied, secretly admire the romantic little husband, and even look forward to the presence of the romantic little husband.

Because if the rumor is true, the romantic husband has three daughters in one night. It can be said that he is not tough!

The Mo family has a headache about it. They try every means to explain it. It's just a rumor, but no one believes it.

In this regard, the Mo family hated the rumor disseminator, but Rao is the Mo family hard means, also did not find out, who is the first to spread the news.

This shocked the Mo family. Is it difficult for someone to take this opportunity to attack the Mo family?

The same is the capital, an independent villa.

A man in his fifties was sitting on a sofa in a Chinese tunic suit.

About one meter eight head, the body is strong, the eyes are bright, rebellious. With a sense of competence that has experienced numerous battles for a long time, he looks down on the world.

On both sides of him were dozens of men standing upright, all of whom were violent and bloody, and all of them were obviously veterans of the battlefield.

This person is Qi Shiren, commander Qi.

He spread the story about the Mo family.

The purpose is to let the Mo family get involved, and then look for the romantic little husband.

After his son was abandoned for such a long time, he didn't find the murderer. He didn't even know the appearance of the murderer. How could commander Qi, who was used to arrogance, bear it?

In a rage, he personally led the troops to the capital.

Now I haven't found the whereabouts of the romantic little Lang, and my subordinates have sent back another bad news.

The man who went to Sanlin city to arrest Lin Shiya failed. Even if he didn't get back, he was beaten in the face! It can be said that everything is not going well!

"Malgobazi!" Commander Qi was so angry that he said, "waste! A bunch of rubbish

"You three men who have killed people with blood can't even catch a girl student who has no power to bind a chicken. What else can you do?"

Commander Qi reproached the three subordinates fiercely. He was very angry, "if you can't catch someone back, you don't even know if you're fucked!"

"You don't have to think about it. It's just a white green tiger. There's a lot of waste growing in a greenhouse. It's so powerful that it's up to you?"

Three men knelt on the ground, head down, the atmosphere did not dare to breathe.

Although they did not dare to ask Wang fan so much about the situation at that time, they do not dare to explain it now.

In commander Qi's place, explaining is tantamount to seeking death!

Commander Qi looked at the three people with their heads hanging down. He kicked them down with

his restless feet and waved impatiently, "roll, roll, I'm tired when I see you."

The three did not dare to talk at all. They quickly stood up, saluted respectfully, and then retreated.

As soon as the three men left, commander Qi issued an order, "you send a message to the Bai family. Bai Qinghu is bad for me. Either hand over Bai Qinghu or compensate 10 billion."

"Otherwise, Lao Tzu will kill the white family. If you see one, you will kill one, if you see two, you will kill a pair!"

"Yes One of the subordinates was ordered to leave.

He did not dare to ask, since commander Qi knew that Bai Qinghu had been planted, why did he make trouble to the Bai family.

Commander Qi then issued a second order, "check it for me immediately, check all the people white green tiger has offended!"

"Since this guy framed Bai Qinghu, it's obvious that they have a grudge. He wants to kill Bai Qinghu with my hand!"

Commander Qi's eyes were full of light. "He dares to take advantage of my Qi Shiren, and he dares to damage my good deeds. He's so daredevil! Maybe this guy is the so-called romantic little gentleman

Judging from these words, commander Qi was obviously very intelligent, not as rough and crazy as his appearance.

My subordinates were ordered to leave again.

Commander Qi waves his hand. He is about to give the order to kidnap another victim Murong yu'er regardless of everything. However, a subordinate suddenly makes a report and rushes in.

"Report to commander, according to reliable information, Lin Shiya has got up and returned to the capital, and is now on the plane."

"Lin Shiya?" Commander Qi's eyes flashed, "is she alone?"

"No, besides Lin Shiya, there is a man and a woman. The woman is her sister Lin Shihua, and the man's name is Wang Fan."

"Wang Fan?" Commander Qi whispered the name, and his eyes were shining!

Chapter 366

If he remembers correctly, a few days ago, there was a storm in the capital. The guy who beat up the Song family and abandoned Song Qilin was named Wang Fan.

Are they the same person?

Qi Shiren thinks it is possible!

"Do you have a picture of Wang Fan?" Qi Shiren asked.

Without hesitation, the subordinates immediately took out their mobile phone, called out a picture and handed it to commander Qi.

In the photo, there are not only Wang Fan, but also Lin Shiya's sisters.

Qi Shiren sent the photos to his mobile phone, waved his subordinates out, and then asked his friends for the photos of Wang Fan who stirred up the storm in the capital a few days ago.

Not long after, the photos spread to the mobile phone, Qi Shiren took a look, eyes suddenly flashing a fierce light!

"It's him!"

Beijing White House.

Bai Chunming, the owner of the family, received a message from Qi Shiren at the first time. When he received the message, he almost tore up the famous paintings he had collected for many years.

"Qi Shiren, it's too deceiving!" Bai Chunming roars angrily. He arranges for people to call Bai Qinghu back immediately. At the same time, he asks people to investigate the whole story.

Qi Shiren just said that Bai Qinghu had damaged his good deeds, but he didn't say anything, so he still needed to check it by himself.

"Uncle, are you looking for me?" Soon, Bai Qinghu panted and ran in. He didn't have the arrogance and domineering in the past, but just had unspeakable respect and flattery.

The tiger of the past has become a soft cat at this moment.

Obviously, he also knew that the reason why he was able to be arrogant and domineering was because of the protection of Bai family. Once there is no white house behind him, he will be nothing.

"Tell me, when did you offend Qi Shiren?" Bai Chunming has no nonsense and goes straight to the theme,

"I thought that even if you were a bit of a dandy, a little bit of a loser and a little bit of an arrogant, you still have a little brain and won't cause trouble to our Bai family."

"But it's good that you don't provoke right and wrong. With one move, Qi Shiren will be offended!"

Bai Chunming hates iron but not steel: "you are so powerful. You see that our Bai family is too strong. Do you want to train with an enemy?"

Hand over Bai Qinghu, or take out 10 billion, or kill all the Bai family members.

Qi Shiren's big mouth and arrogant attitude made Bai Chunming lose his cool and demeanor.

"Ah?" Bai Qinghu's face was confused, and he was startled when he recovered:

"I haven't offended Qian Shiren, even I haven't been in contact with Qi qianxiong and others recently. How can I offend them? Uncle, what happened? Did you make a mistake? "

If this hat is put on his white green tiger's head, he will be miserable if it brings trouble to the white family.

"No?" Bai Chunming laughed. "Since he didn't, how could Qi Shiren tell my Bai family that you have ruined his good deeds, and I have to hand over you, or take out 10 billion dollars to avoid disaster?"

"They also said that if we don't hand over you or spend 10 billion yuan, we will kill all the white family! How can I believe that you said you didn't offend me? Think about it

"What?" Bai Qinghu's mind boomed and almost fell to the ground.

10 billion? Kill all the white family?

He didn't expect the situation to be so serious.

However, he racked his brains and didn't know where he provoked Qi Shiren's mad dog.

At this time, the person who went to investigate the whole story came back with a message that Bai Qinghu was a bad Qi Shiren in Sanlin city. He also said the whole story.

Bai Chunming was very angry when he heard that.

Qi Shiren is obviously blackmailing Bai Chunming!

Bai Qinghu hasn't been to Sanlin city recently. He doesn't believe that Qi Shiren can't find it, but this guy still comes to his Bai family for bad luck. It's obviously his mother's blackmail.

"Son of a bitch!"

Bai Chunming, who has always been calm and calm, can't help but utter rude remarks. "This madman surnamed Qi actually blackmailed my Bai family. He is deceiving people too much."

He didn't talk nonsense, immediately let people pass word to Qi Shiren, "people have no money, if you really dare to do it, it's a big deal."

At the same time, he also ordered to inform the family children that they should not go out as far as possible in case they have nothing to do recently to avoid being caught by Qi Shiren.

Bai Qinghu was relieved. Fortunately, he found out the news and picked him out. Otherwise, he was really speechless.

But when he let go, the busy Bai Chunming said again, "have you offended any powerful people recently?"

White green tiger is not stupid, immediately realized that it must be his enemy planted frame. He racked his brains to think about it, but he really thought of a suitable person.

Wang Fan.

"Son of a bitch!" Bai Chunming heard that Bai Qinghu had offended Wang Fan. He was so angry that he slapped him in the face. "Who are you going to provoke? Who are you going to provoke?"

Although his white family is not so easy to bully, there are also experts, they are not afraid of Wang Fan, but such people are not easy to offend. If they get angry, it will be a disaster for their Bai family. In some ways, Wang fan is more difficult to provoke than Qi Shiren.

After all, Qi Shiren is not a person, but a group of people. He has his own territory.

If you really tear your face with the Bai family, it's a big deal. Even if you can't get revenge, you can make Qi Shiren hurt his muscles and bones.

But Wang fan is not the same. He has only one family and no real immediate family. If Wang Fan comes to his Bai family to kill him, and then escapes, they can't find him at all.

The white green tiger covered his face and did not dare to speak.

Since Wang Fan hit the Song family, he regretted provoking Wang Fan, but it was too late.

"In the future, give me a bright spot. If you dare to provoke such people again, get out of the White House for me!" Bai Chunming drinks back Bai Qinghu, and then let people pass the news of Wang Fan to Qi Shiren.

He didn't want to get involved in these things, and he didn't want to meddle in these things. He wanted two people to bite the dog.

If anyone dares to lead the war to his Bai family, his Bai family will never give up even if they work hard.

-

Wang Fan didn't know that so many unexpected things had happened in the capital. At this time, he just got off the plane and took Lin Shiya sister to run away.

Suddenly I saw a lot of people standing about 100 meters ahead, as if they were coming to pick up the plane.

Most of those people are little girls. From a distance, they are young and beautiful, which is very eye-catching.

"Tut Tut, I didn't expect that so many little girls would welcome me when I went back to the capital. Isn't that a shame?" Wang Fan's eyes began to shine and he could not help muttering to himself.

Lin Shiya chuckled, "welcome? You don't have a dream. A fool will welcome you. "

Lin Shiya slapped her face mercilessly and pointed to the sign held high by the little girl, "see, people welcome Zhao Rongguang."

"Zhao Rongguang is a big star. This year, he made a movie with a box office of more than 10 billion, which is popular all over the country. Just you, how can you compare with others? "

Wang Fan's face is full of black lines. This little girl is too shameful.

At the same time, he also saw clearly the signs in the little girl's hands, some with the words "Zhao Rongguang" and some with the words "I love you".

What's more, those little girls' expressions are still crazy. Their eyes are full of flower craziness, and they look like "brain powder".

Wang Fan was a little upset when he was beaten in the face by Lin Shiya. Just as he was going to reply, Lin Shiya said again,

"elder martial brother Zhao Rongguang, but the one who graduated from our school is not only my idol, but also the idol of many people in our school. He is the pride of our school. "

Wang Fan was even more upset. As he was about to speak, a voice full of magnetism suddenly came over, "I'm flattered. You are also a student of the film academy. Are you my junior sister?"

Looking around, an elegant man with sunglasses and masks, but still noble temperament, did not know when to stand behind them.

Wang Fan picked his eyebrows and instantly returned to normal.

But Lin Shiya was already excited, "are you Zhao Rongguang, elder martial brother Zhao?"

Chapter 367

"Shh."

As soon as six words popped out of Lin Shiya's mouth, the refined man quickly made a no sound gesture, and then whispered, "keep your voice down, don't be heard by them."

"Well." Lin Shiya nodded and soon recovered from the previous excitement.

"Younger martial sister, what's your name?" Seeing that he had not attracted the attention of the people around him, Zhao Rongguang looked at Lin Shiya and asked politely.

There was a light in his eyes behind his sunglasses, but no one saw it.

"My name is Lin Shiya, elder martial brother Zhao. You have made ten billion blockbusters. Now you are the first person in our school. All the students in our school are proud of you and follow your example."

Although Lin Shiya is not excited, there is still worship in her eyes.

The glory of ten billion blockbusters is not what ordinary people can get.

"It's all luck." Instead of being complacent, Zhao Rongguang was modest and polite, and sent out an invitation with gentleness.

"it's rare for our elder martial brothers and sisters to meet here. It's better to have dinner together in the evening."

"To eat?" Lin Shiya whispered, then shook her head, "I'm sorry, elder martial brother Zhao. I'm afraid I don't have time today. Another day."

They have just arrived in Beijing, and they don't even have a place to live. Naturally, Lin Shiya won't go to eat with Zhao Rongguang. What's more, Wang fan is still here.

She just adored Zhao Rongguang, and they were in the same school. Just now she was a little excited.

Zhao Rongguang's eyes flashed a touch of surprise, obviously did not expect Lin Shiya would refuse him.

However, he did not entangle, nor was he angry because of it. He still looked very gentlemanly. "Well, since he has no time, let it go."

Wang Fan did not speak from the beginning to the end. He just listened to the conversation quietly, just like a passer-by.

His heart is a little strange, this Zhao Rongguang, is not only a master of the day after tomorrow, but also has a noble spirit. How can such a person be a star?

Regardless of strength, Zhao Rongguang's temperament is not something that ordinary people can have, and it is not something that can be cultivated.

It's from the bottom of my heart. It's born and deep-rooted.

This kind of temperament, Wang Fan only in Zhao Kuangshan Kong Wucheng those top young people have seen.

Lin Shihua didn't open her mouth, just frowned slightly.

She is a little uncomfortable. Her sister's enthusiasm for Zhao Rongguang is afraid of causing Wang Fan's dissatisfaction.

Soon, the four came outside.

As soon as they went out, more than a dozen bodyguards gathered around and stood respectfully in front of Zhao Rongguang and protected him in a circle.

He is not an ordinary bodyguard.

Wang Fan looked at the bodyguards with more playful eyes.

Zhao Rongguang waved his hand, indicating that he didn't need to be polite. Then he looked at Lin Shiya, "little younger martial sister, where are you going? Is there anyone to pick you up? If you can, I'll give you a ride."

"No," Lin Shiya just wanted to wave her hand to say no, Wang Fan's eyelids suddenly jumped and interrupted her, "well, we just have no one to answer, thank you Zhao Shao."

Said, he directly with two girls close to Zhao Rongguang side.

In the distance, more than a dozen murderous men came fiercely, like wolves and tigers.

They all had the smell of mercenaries killed with iron and blood, which made Wang Fan guess that they were commander Qi's men in an instant.

Wang Fan's eyes narrowed.

Commander Qi was really capable. He locked himself up so quickly and waited outside the airport. And this guy is arrogant enough to dare to fight here!

Wang Fan was thinking, and the men had rushed to the front.

"Who, stop!"

Zhao Rongguang's bodyguards, naturally, did not eat dry food. They immediately stepped forward and asked in a loud voice.

"We're here to pick up the three of them. Please don't get in the way." The first man realized that these bodyguards were not simple, pointed directly at Lin Shiyu, and did not hesitate to explain the purpose.

Lin Shiyu's face turned pale, and she immediately thought of commander Qi.

She didn't expect that commander Qi should be so reluctant to himself. If he didn't follow Wang Fan, she couldn't imagine the consequences.

Lin Shihua held her sister, her face became ugly, but there was not much panic.

The bodyguard was stunned and embarrassed.

People don't come to trouble their young master. Are they in charge or not?

In the bodyguard Lengshen Kung Fu, Wang Fan has said, "who are you, we don't know you? Sorry, we'll just take Zhao Shao's car. You don't have to pick it up. "

After that, Wang Fan looked at Zhao Rongguang and said, "Zhao Shao, these people are not good things when they look for poetry. It is estimated that they have no good intentions when they come to find poetry. Shishi is your younger martial sister. You can't watch her enter the tiger's mouth. "

Zhao Rongguang listened to Wang Fan's words, and almost wanted to be killed. Although he is not afraid of these people, they are not fool-efficient and easy to provoke.

If you get into trouble today, you may get into trouble in the future, even involving the family.

For a woman, it's not worth it.

Zhao Rongguang thought fleetingly, is going to find a reasonable reason to pick himself out of this matter.

But at this time, the head man has been arrogant, "Zhao Shao? Nothing can save you today! "

Then he glared at Zhao Rongguang with arrogance and arrogance, "boy, if you don't want to cause trouble for yourself, just get out of the way. Don't get in the way of Laozi's business. I'm in a hurry. I'll kill your family! "

Zhao Rongguang's face is gloomy, which is too arrogant, but before he has time to speak, Wang Fan has been furious.

"How can you talk? Dare you talk to Zhao Shao like this? Do you want to die?" Wang Fan said, already three steps two steps jump to the man body, mercilessly a slap in the face fan in the past.

Pop!

Clear voice sounded, the man's front teeth were broken, the whole person turned several circles to fall again.

"I don't know what to do. This time it's just a lesson. Next time I'll kill you."

Wang Fan left a threat, then stabbed him back to Zhao Rongguang and asked for credit with a smile,

"Zhao Shao, I'm good, don't you want to give me some rewards?"

Zhao Rongguang has the heart to die.

The bodyguards and men were shocked and never recovered.

They didn't expect that Wang Fan would dare to do it, and the speed was still so fast that they didn't react.

"Lying trough, you want to die!" The rest of the men came back to their senses and screamed. They were about to rush to Wang Fan with their fists.

But at this time, Wang Fan had already run over and flew out of his feet like lightning again, kicking two of them out, shouting, "dare to threaten Zhao Shao, look for death!"

Zhao Rongguang is about to cry.

Where did you come from? I'm dead.

Those men who are as fierce as tigers are completely furious.

They didn't talk nonsense any more. They took out the knife and rushed up.

But before they rushed to Wang Fan's side, they were blocked by their conscientious bodyguards, and

the two sides fought wildly together.

Wang fan is beside Zhao Rongguang, and the bodyguards are afraid that the men will hurt him.

The scene is completely chaotic, which can be called a hundred billion blockbuster, and Zhao Rongguang is also completely angry.

But when he plans to catch Wang Fan to pinch to death, he is crazy to find that Wang Fan has already taken advantage of the chaos and sneaked away with Lin Shiya's second daughter.

Even if you slip away, Wang fan is still far away waving to Zhao Rongguang, "Zhao Shao, let's go first and invite you to dinner another day."

"Don't worry, I've already called the police. This is the airport again. The police will come out to rescue you soon. You have to resist!"

Chapter 368

"Brother fan, is it too much for us to treat elder martial brother Zhao like this. It was originally our business, but now it involves him. If I meet him at school in the future, how can I face it? "

A rough car, Lin Shiya looking at Wang Fan, eyes have puzzled, but also blame.

"Those people are commander Qi's people. Can elder martial brother Zhao bear it? If there is something wrong, I will feel guilty for the rest of my life."

Lin Shiya is a kind-hearted girl after all. She is very sorry that her own affairs involve others.

"Yo, I'm reluctant to part with it. I'm sorry." Wang Fan laughed, "do you want me to stop the driver and go back to save your elder martial brother Zhao?"

"It's time. You're too busy to think about others. You don't see that Shiya's sister is very kind."

"I didn't mean that." Lin Shiya was a little anxious. She stamped her feet and staggered her legs to make herself more comfortable. "I just don't want to involve other people in my affairs."

"Elder martial brother Zhao and I are from the same school. I have only admiration and admiration for him. I have no other thoughts. Don't talk nonsense, let alone think nonsense."

While she was anxious, she also had some sweetness. Wang Fan still cares about her, otherwise he won't be jealous.

She didn't know why she explained her relationship with elder martial brother Zhao. She said it in a hurry. Maybe she also cared about Wang Fan.

"Why don't you go back and help elder martial brother Zhao? We can run safely by taking advantage of others. I'm sorry for that."

Wang Fan looked at Lin Shiya's serious little face and felt helpless. He grabbed Lin Shiya's little hand, kneaded it and said,

"in fact, it's not too much. You don't have to feel sorry. Don't you find that Zhao Rongguang and Zhao Kuangshan are very similar?"

Wang Fan pinched Lin Shiya's little hand, pretended to casually pull into his arms, and continued, "Zhao Rongguang still has a top grade temperament, which shows that he is definitely more than a star."

"Those bodyguards are not ordinary bodyguards. Ordinary stars will be equipped with so many excellent bodyguards?"

"So, I'm sure he has something to do with Zhao Kuangshan. He's probably still a brother."

Lin Shiya's whole body fell into Wang Fan's arms.

Although she didn't want to think about it, she couldn't help but think of that nightmarish night.

Zhao's voice, face and smile reappeared in her mind, and her whole body trembled.

Wang Fan embraces Lin Shiya, patting her jade back and comforting her, "don't think too much, don't be afraid, let it pass."

He didn't want to talk about Zhao Kuangshan, but Lin Shiya had no choice but to ask.

Of course, he has another purpose, that is to let Lin Shiya out of the shadow completely.

Otherwise, if someone mentions Zhao Kuangshan in front of her one day, or more directly, she accidentally meets Zhao Kuangshan, what should she do?

Wang Fan stretched out his hand, hugged Lin Shiya hard, and continued, "apart from these, Zhao Rongguang himself is not a good thing."

"The three of us are obviously together, but he completely ignores me and your sister, and invites you to dinner instead. Isn't that strange?"

"It can be seen that he didn't mean much to invite you to dinner. You don't have to be stressed to use him. "

"If you're still worried, I can tell you that Zhao Rongguang is a master who has no idea what to do with him."

"Apart from that, it's an airport. The police will be there soon. What can I do for you? You can rest assured. "

Wang Fan gun language Lianzhu, said what should be said, in order to dispel Lin Shiya's guilt.

Lin Shiya was silent.

Through Wang Fan's words, her sense of guilt is really much less.

She thought that Zhao Rongguang was a little strange, but she didn't think much about it. Now, she finally knew what was strange.

She is gentle, courteous and gentlemanly. This is the first feeling that Zhao Rongguang gives her. But how can such a person ignore her sister and Wang Fan?

Is it gentle or dignified?

"All right, all right." Wang fan saw that Lin Shiya was silent. He bit his teeth and threw out a heavy bomb. "If you're still worried, I'll let the driver turn around now."

He said, looking directly at the driver, "driver, go back, double the price."

"Forget it, forget it." Lin Shiya quickly put out a small hand to block Wang Fan's mouth, "big brother driver, he's joking, don't turn around."

She doesn't want to think so much. Anyway, Wang fan is for her. No matter what Wang fan does to others, just be nice to her, right?

An hour later, the three came to Shangri La, where they stayed last time.

The little sister at the front desk looked at Wang Fan's three people and her ID card. Her little face turned red and gave me a big "hooligan" label. Her look at Wang Fan also became strange. This rich boy can really play. He always brings two when he comes here.

Last time I brought a seductive girl Liu Ruyun and a big breasted girl Li Lu. This time, I brought a pair of sister flowers.

Looking at the strange eyes of the little sister at the front desk, Wang Fan didn't feel anything. Anyway, he was very cheeky.

Lin Shiya's sisters can't bear it. It's really misleading.

After registration, the three quickly came to the room, had a little rest, and went out to eat.

Lin Shiya's heart is a little complicated when he comes to the capital again. She didn't know what she would face next, and she was a little nervous.

Can Wang Fan really stop youyou's mouth and those rumors? Can he really bear the pressure of commander Qi and Zhao Jiawei?

She was not sure.

But she knows that now, she can only rely on Wang Fan. Otherwise, she would have to give up her dream.

The airport.

The scuffle has come to an end, and a large number of police have sealed off the scene, and all the troublemakers have been tortured away.

Their fate is very miserable, either broken hands or broken legs, and even a few people resisted and were shot in the head by the special police.

It's absolutely taboo to dare to commit a crime in such a place as the airport. It will only be severely suppressed. It's better to kill than to indulge!

Zhao Rongguang's face was very gloomy. Many of his bodyguards were injured and sent to the hospital.

If the police didn't come quickly, or if he didn't have the means to use his strength under constant pressure, I'm afraid the casualties would be more serious.

At the same time, he has also learned that these poor and vicious guys are actually commander Qi's people!

Commander Qi!

Zhao Rongguang hated Wang Fan to death. If Wang Fan were here, he would not hesitate to crush him to death.

Zhao Rongguang revealed his identity as a young and big member of the Zhao family, and he was the victim. He finally got out.

When he got back to Zhao's home, it was already more than ten o'clock in the evening.

Chapter 369

Zhao Rongguang had just returned when he met Zhao Kuangshan. Seeing Zhao Rongguang's bad face, Zhao Kuangshan couldn't help asking, "Rongguang, what's the matter with you?"

"It's OK." Zhao Rongguang impatiently waved his hand, did not pay much attention to Zhao Kuangshan, and ran into it angrily.

Zhao Kuangshan's face was a little ugly. When Zhao Rongguang walked away, he could not help but clench his fist and scold him angrily. "NIMA, what's the attitude towards Laozi! When my brother comes back, I'll kill you. "

Since the Zhao Qi incident, Zhao Kuangshan is no longer the focus of the family training, status is also plummeting, many people do not give him face.

He was very angry about it, but he had nothing to do.

His only dependence now is his elder brother Zhao Fantian. Only when Zhao Fantian comes back can he have a chance to stand up again.

Over there, Zhao Rongguang has rushed to the master's room.

It's too much trouble. He has to report it, otherwise it will be his Zhao family.

Thinking of this, he hated Wang Fan even more. If it wasn't for the grandson, how could this happen?

"Uncle, I'm giving you trouble." Zhao Rongguang told the story once again.

After hearing this, Zhao Xianguo's face began to look ugly, but he was not angry or afraid.

"Lin Shiya? Commander Qi He whispered a few words and suddenly patted his head, "isn't Lin Shiya one of the two girls who were taken away by Kuangshan and given to Qi qianxiong? She's back in the capital?"

"What a deep calculation. I know that you are the Zhao family and have burned the war on our Zhao family. What's the boy's name?"

Zhao Xianguo is also an old fox. He thought so much at once.

"I didn't ask. I don't know." Zhao Rongguang was a little confused. "You mean, that girl is one of the two girls who were abducted by Kuangshan?"

"So he used me on purpose? It's just not right. We just met at the airport. I decided to come back temporarily. How could he know? "

Zhao Rongguang was shocked.

If it is really Wang Fan who recognizes him as the Zhao family and knows that he arrived in Beijing at this

point, then he calculated and used it, it would be terrible.

"Well, don't think so much about it. I don't know the rest. I only know that you are the Zhao family."

Zhao Xianguo said, and issued an order, "search the whole city for Lin Shiya, and report the news immediately. Then tell commander Qi that the romantic little gentleman has found him. He's by Lin Shiya's side. "

He doesn't care whether Wang fan is a romantic little gentleman or not, he will buckle this excrement basin to Wang Fan's head. Wang fan can get the fire of war to his Zhao family, and he can also make the fire of war burn more vigorously on Wang Fan's head.

This night, after all, is a sleepless night.

The villa hall is brightly lit.

Commander Qi sat on the sofa and growled.

He sent more than a dozen experts to the airport to wait and catch Lin Shiya. He thought it was safe, but he failed.

Even if they failed, they were arrested by the police.

It's like losing your wife and losing your troops, losing your troops and losing your general!

Plus Sanlin that time, this is at the same time he also increased efforts to find the initiator of the incident, Wang Fan.

-

Wang Fan didn't know that he used Zhao Rongguang casually, which caused so many things.

He also did not know that his temporary intention was labeled as resourceful by Zhao Xianguo.

He did not know that because of his arrival, the whole capital was not peaceful again.

At this time, Wang fan is taking Lin Shiya and her two daughters to eat delicious beef hotpot.

The heat was boiling, and the red mandarin duck pot was boiling beef. Looking at it, I couldn't help drooling and had a good appetite.

The heat beat on the white face of Lin Shiya's sister, which also became red. Her hair was slightly moist, which added a lot of temptation.

"Come on, eat, let go of your stomach, eat hard, then go back and have a good sleep, and all your troubles will be over."

Wang Fan picked up a piece of meat, rinsed it in the dip, and handed it to Lin Shiya's Pink mouth. "If you can't sleep, I'll give you two bottles of red wine. If you can't, I'll go back and massage your head to keep you sleeping."

"Here, open your mouth."

Lin Shiya can't help but open her small mouth and is about to eat it. But Wang Fan throws the beef into his mouth and swipes it twice, then swallows it.

Lin Shiya's embarrassment, this product is just for fun. If the elder sister is not around even, but the elder sister is still looking at it, he teases himself like this, really good?

You know, she had the courage to open her mouth in front of her sister.

Poof.

Lin Shihua couldn't help laughing. Wang Shao is very humorous.

But looking at her sister, she doesn't really like Wang Shao. While she is happy for her sister, she is also a little worried.

"Oh, I'm sorry, you didn't respond for so long. I thought you were shy and didn't want to eat. If I had known, I would have left it for you." Wang Fan, laughing, picked up another piece of beef and handed it to Lin Shiya. "This time, I'm sure I won't fool you. Come on."

"Keep it for yourself. I won't eat it." Lin Shiya is not angry and stares at Wang Fan. After such a disturbance, her irritable mood is much better.

"Well, I'll hold it all the time if you don't eat it." Wang Fan laughs, holding beef on Lin Shiya's lips.

Lin Shiya was ashamed. In order not to let her sister see the joke, she finally opened her mouth and ate.

She stares at Wang Fan and chews hard as if she is chewing Wang Fan's meat.

But Wang Fan didn't care at all. After Lin Shiya swallowed it, he asked with a smile, "Shishi, is my meat delicious?"

"It's not delicious." When Lin Shiya finished, she realized that she had been cheated. When did she eat Wang Fan's meat? It's disgusting. I always play this kind of word game.

At this time, Wang Fan has said again with a smile, "Shishi, you see, you have eaten my meat. Next, is it

my turn to eat your meat?"

"Come on, I can't wait."

Then the goods opened their mouths.

Lin Shiya has a black face.

Lin Shihua almost spurted out the drink he had just drunk.

Chapter 370

"Who's eating your meat? I won't give it to you. I hate it." Lin Shiya's pretty face became crimson, and her shy, angry and coquettish appearance was even more attractive under the tumultuous heat.

Wang Fan couldn't help laughing, "if you don't give it to me, who are you going to give it to?"

"I intend to." Lin Shiya took a few words, only to find that he was cheated again, "ignore you."

She angrily glared at Wang Fan, and then she ate and ignored Wang Fan.

Outside the hot pot shop, there were seven or eight strong men on an ordinary golden cup car. The co pilot's seat is Zhao Rongguang.

Zhao Rongguang volunteered to catch Wang Fan. He was teased by Wang Fan tonight and planned to find the scene himself.

"Zhao Shao, are we just waiting here, not going in directly?" One of the bodyguards saw that the atmosphere was a little dull, and he couldn't help asking foolishly.

"You're stupid. This is the capital. What's the difference between us breaking in like this and looking for death?" Zhao Rongguang slapped the bodyguard on the head and said, "there are so many guests in it, and Wang fan is not weak. It's said that he is still an ancient warrior. If we can't make it right the first time and cause the guests to panic, it's us who are unlucky."

Zhao Rongguang obviously saw through, but also found out the identity of Wang Fan.

"Yes, yes, Zhao Shao is right." The bodyguard laughed and quickly flattered and shut up.

Zhao Rongguang still said: "you all have eyes for me. As soon as the three of them come out, they will deal with the two bitches, and the rest will follow me to deal with Wang Fan. Never give that Wang a chance to escape! "

Zhao Rongguang said maliciously, and obviously resented Wang Fan. "Isn't it the ancient warrior, or the Song family? I really think I'm invincible. Today, I'll let him know what a real master is. "

Zhao Rongguang obviously did not pay attention to Wang Fan at all.

Although the Song family is also one of the eight big families, it did not start with "martial arts". This kind of fight can not be compared with the Zhao family.

If Wang Fan had not picked the Song family that day, but his Zhao family, now Wang Fan would have been a pile of loess.

Of course, the Song family is not as good as the Zhao family in terms of force, but the Zhao family can't match the power in politics.

At the foot of the emperor, it's not like the wilderness. What we fight for is comprehensive strength, not just fists.

"Well." The bodyguard nodded to show understanding.

More than ten meters away from Zhao Rongguang, there are also ten powerful and strong men sitting in other cars.

They have the same temperament as those men who commit crimes in the airport. They are the ones who specially show off their fierce fighting bravery and lick the blood on the tip of the knife.

These people are the second wave sent by commander Qi, and they are also here to arrest Wang Fan.

Unlike the first wave, they also brought six guns to ensure safety.

At the same time, they also learned to be smart. Instead of rushing in and catching people as recklessly as those men before, they began to wait outside.

The two groups of people came for Wang Fan's sake. They were in such a big formation that they could be regarded as the source of blood.

Wang Fan did not know that these mad dogs had found here, and he still tried to amuse Lin Shiya.

"Shishi, I see you are always holding your legs. Are you uncomfortable, or should I rub it? Don't worry. I have a good technique. After one time, you want another time. "

The meaning of the goods changed when it was said.

What does it mean to want the next time after one time? How can we be such a hooligan? With one hand, Lin Shiya lifted her hair, which was wet with hot air, and with the other hand, she pulled down her skirt and said angrily,

"I don't want you to rub it, you sex wolf, trying to take advantage of me. Don't think I don't know. Why do you always lie under the table? "

"For what?" Wang fan is a little curious.

"It's just to see my inner world," said Lin Shiya, her voice suddenly stopped. This guy is really bad.

"What are you looking at? I didn't hear you Wang Fan scratched his ear, "poetry, this is you wrong, you obviously use the heart of a villain to take my gentleman's belly."

"What kind of person is Wang Fan? Would I do that? " Wang Fan was very unhappy, "besides, what's good for you in a white cotton inner?"

This product also began to comment on the hand and foot, "you say it's been so many years, and you still wear such a conservative inside, poetry, you're out, you should wear pink lace inside."

Wang fan is saying, suddenly reaction, he said to slip. This can be particularly embarrassing, he is going to explain, Lin Shiya has been ashamed of the mouth.

"What did you say? Did you see that? " She wanted to find a crack in the ground and never come out again.

She has been on guard so tightly, and she has been seen by the goods. How shameful! Have you seen anything else?

"No, no, I guess, I guess." Wang Fan hit ha ha and shut up.Lin Shihua patted her chest. Fortunately, she was wearing leggings, otherwise she would have been seen by this guy.

However, thinking of her past and this guy's disdain for her, she was disappointed again. Maybe Wang Fan would not be attracted to her even if he really saw her.

The three had enough to eat and drink, and soon checked out of the hot pot shop.

As soon as they went out, Wang Fan couldn't help blinking and quickly took the two girls back.

Outside Zhao Qi two groups of people see Wang Fan three people come out, a excited, had planned to get off immediately, but found that Wang Fan three people back, almost no heart disease.

What's this son of a bitch playing with?

Their hearts roared: come out, get out for me!

"What's the matter? What's the matter?" Lin Shiya couldn't help asking.

"Nothing. I just feel that I need to give you a release." Wang Fan looked at Lin Shiya and said with a smile.

"What release?" Lin Shiya has some doubts.

Wang Fan pointed to the second floor, "bar!"

"Don't you think you should vent? It's better to let out the depression in your heart. "

"The bar is the best place to release negative energy. After playing, you will never have trouble again."

Lin Shiya's eyes brightened, and her heart moved.

She is so old that she has never been to a bar.

The first is that bar consumption is too expensive. She is a poor person and has no money to go. The second is that she is determined to study and keeps herself clean, so she does not disdain to go to such a place.

"Well, let's go and relax." Lin Shiya finally nodded. She really wanted to relax. During this period of time, especially when she came to the capital again today, her nerves were too tight.

The three quickly entered the bar, found a seat and sat down.

After drinking a little wine, Lin Shiya's face turned red and her body became more charming.

Lin Shihua just took a sip and didn't drink much.

She doesn't know anything like her sister. All three of them went out, but Wang Fan decided to go to the bar, which is obviously abnormal.
