

## **Mighty Sk 3631**

### **Chapter 3631**

The water fairy and others are all muddled. I'm afraid they are crazy today?

They told me not to make trouble outside. How could this guy make trouble?

Although they are also very angry and want to kill the bastard opposite, people with clear eyes can see that they must have backstage.

In the water fairy and others muddled circle, Yang Ji is also a dull face.

He also did not expect that he and the Narcissus dialogue, the Narcissus around those who are strong nine immortal Zun did not speak, immortal Zun eight Xuanzhao is open.

Short dull, Yang Ji's face has become ferocious.

It's just a fairy. He dares to shout in front of Yangji. Good, good!

Yang Ji thought bitterly in his heart and moved his fingers slightly.

In a flash, one of the immortal Zun's nine layers behind him had stepped out, and the powerful momentum came out and rushed directly to Wang Fan.

Wang Fan's face changed slightly. The next second, his figure flashed, and he was behind Wu Lankui.

Are you kidding? It's the ninth floor of xianzun. Where can he deal with it?

Wang Fan's speed is incredible.

When the immortal ninth floor noticed that Wang Fan was hiding behind Wu Lankui, his brow could not help wrinkling.

However, he did not stop, but directly blew out a punch, hit Wu Lan Kui.

Although Wu Lankui is also a strong man in the ninth floor of xianzun, he has not paid attention to it.

There are strong and weak monks in the ninth floor of xianzun.

"You --" Wu Lan Kui was angry. First, he was angry with Wang Fan's calculation. Second, he was angry with Yang Ji's arrogance.

However, although Wu Lankui was angry, he didn't have time to do anything else at this time. Instead, he madly encouraged Xianyuan to go out with the same punch.

Bang!

A deep explosion, two people's fists collided in mid air, burst out bursts of ripples.

The energy of terror is rampant, and the prohibitions around the shops are beginning to ripple.

Under the impact of that powerful force, Wu Lankui's fist immediately burst out a stream of blood mist. While his bones were exposed, the whole person could not help but retreat a few steps, and then hissed, a mouthful of blood gushed out.

Wang fan saw this, quickly stepped forward to hold Wu Lankui, and asked, "elder Wu, are you ok? Are you ok?"

As he said this, he looked at the ninth floor of xianzun, "garbage, how dare you hurt elder Wu? You're dead. You must be dead."

"You --" Wu Lan Kui was mad and his face turned green.

Is this mysterious sign that the brain door is squeezed by the door? Is this trying to kill them?

He had a faint sense that something was wrong.

Unfortunately, it's too late.

"To die."

That immortal Zun nine layers already more angry, a nu drinks, then killed Wu Lan Kui again.

I didn't urge him to kill Wu Lankui.

Because Wu Lankui and Wang fan are in the same group. It's the same to kill Wu Lankui and Wang Fan.

What's more, Wang Fanxiu is just a matter of making a fist at the bottom.

When Wu Lankui saw that the other party had killed him, he was really going to explode.

Unfortunately, he had to fight back.

Because if he doesn't fight, he will be killed immediately.

At this time, the Narcissus finally came back. She looked at Wang Fan coldly, "Xuanzhao, you."

However, before she finished her words, she was interrupted by Wang Fan, "Miss, you can't kill or

humiliate me. What does this guy want to do? Don't you understand? I would rather die than let the young lady be humiliated. "

Wang Fan said with awe inspiring righteousness, and looked at xiangyangji, and said angrily, "dog thing, just you, also want to hit my miss's idea, which onion are you?"

"Damn it, if you want to get my lady's idea, you should climb over our bodies first."

As Wang Fan's words fell, some monks around him could not help nodding to themselves.

This guy is good. Although he is a bit reckless, he is intelligent, but his character is OK. He is loyal to the Lord.

They didn't know that the water fairies were going crazy.

Not only the water fairies, but also the rest of the strong people in endless city are going crazy.

Because they have determined that the omen in front of them is not a omen at all, but a change of people.

Xuanzhao is a stuffy gourd. They can't hold a fart for half a day on weekdays. If it wasn't for Wang Fan's fake, they would have killed themselves directly.

However, they know this, but Yangji doesn't.

Yang Ji has been completely angry, just angry to madness.

"Together, kill them for me, kill them."

"Bastard thing, just a mole ant, just a dog leg, dare to humiliate again and again, this is less, it's just looking for death.""By the way, that woman left a living, the woman I Yangji fell in love with, no one can escape the palm of the hand."

Yang Ji is angry.

His face is ferocious and crazy.

He is the young master of the Yang family. He is the second ancestor of the Yang family.

In other places, he may not be ranked, but in this Pumi City, there are not many people who can provoke him.

Now, he was humiliated by a dog leg guard on the eighth floor. If he could bear it, would he still be Yang Ji?

"Yes

Yang Ji's voice falls, and the other three immortal Zun's nine layers should all be one. The next second, they directly kill shuiyouxing and others.

"Wang Fan, are you wang fan?"

"Wang Fan, you are looking for death!"

"I killed you!"

When shuiyouxing and his party saw that the three immortals were killed on the ninth floor, they were also completely angry.

However, the object of their anger is not Yangji, but Wang Fan.

However, no matter how angry they were, they didn't dare to fight Wang Fan at this time. They could only kill the three immortals.

Wang Fan looked at the scene with a sneer.

As soon as his figure flashed, he had already rushed out of the shop.

Fight, fight, dog bite, it's nothing to do with anyone who dies.

He's got this place in a mess. He can get out of here.

Wang Fan's speed is extremely fast. After he rushes out of the shop, he moves several spaces in a row, and then he has disappeared in the same place.

Previously, he didn't dare to move away, because Wu Lankui and shuiyouxing were both on the ninth floor of xianzun.

Once he escapes, the other party is likely to catch up with him with the fluctuation of space.

But now, these people are restrained, he has no scruples.

"Wang Fan, you should die."

"Where to go!"

As soon as Wang Fan left, both sides were even more angry.

But at the moment they are all fighting, they can't distract themselves to chase Wang Fan.

Yangji is also mad, his face is more ferocious.

Unfortunately, he did not dare to pursue Wang Fan.

He has only seven levels of cultivation, but Wang Fan's breath is eight levels. If he pursues Wang Fan alone, it's not murder, but death.

"Kill them, kill them first."

Yang Ji angry, can only vent their anger on the water fairy and others, but also grabbed the communication bead to call up the opponent.

Not only him, but also the daffodils have begun to call out the rest of the endless City strongmen.

This ·

can't be done without shouting.

If they don't shout, they are afraid that none of them will be able to leave.

## **Chapter 3632**

Wang Fan didn't care about the water fairy. After he left, he changed his appearance and went to a restaurant.

The restaurant is called wanyuanlou. There are many monks in it. The business is very hot.

And wanyuanlou is not only a restaurant, but also provides accommodation.

Wang Fan inquired, the price of accommodation here is very expensive, a month needs 80 million Yun elixir.

It's not a small number.

In a place like the King City of Chu Dynasty, 80 million Yun immortals are enough to rent a cave for one year.

Wang Fan didn't show any affectation. He gave 80 million yunxiandan directly and lived here.

The guest rooms of wanyuanlou are not a room like other inns, but a small courtyard.

"Master, this is your residence. You can call us if you have something to do. I'll be busy. "

The nun was very polite. She took Wang Fan to the gate of the courtyard and then turned away.

Although she is very humble, her accomplishments are not weak. She has eight levels of immortals.

The eighth floor of the Immortal King, even in the senior middle class, is a strong one. But in pumicheng, it's just a waiter.

Wang Fan sighed in his heart. Without thinking much, he went straight into the courtyard.

As soon as he entered the courtyard, he felt a strong sense of immortality. Not only that, there were prohibitions around the courtyard. Although those prohibitions can't get into Wang Fan's eyes, they are OK.

"Yes, it's a good place. You can stay for a while and inquire about the situation."

"I don't know what happened to daffodils and Yangji. Well, whatever they are, they are not good things anyway. It's good to die. "

Wang Fan sat down in the courtyard. After he was banned, he could not help muttering.

For the water fairy and others, he has no pressure in his heart.

Those guys in endless city don't have a good thing. They are not only insidious, but also mean.

Although the water fairy didn't have a direct conflict with him, he was a man of endless city after all. In this case, Wang Fan naturally had no way.

At the same time, Wang Fan's heart is also very distressed.

To tell the truth, he really wants to find a place to practice quietly.

You know, he still has an immortal vein.

According to Wang Fan's estimation, that immortal vein may not make him directly promoted to the late xianzun period, but there is no problem in the middle xianzun period.

It's just that the immortal pulse is too precious, and if you practice it with the immortal pulse, the movement is too big. Even if you have the forbidden and shielded breath, you are likely to be noticed.

It is the so-called wealth is not exposed, and with Wang Fan's strength, he can't keep such a treasure as xianmai now, so this is the reason why he has never dared to use xianmai to improve his strength.

Wang Fan sat in the courtyard for a while and went to the restaurant in front of him.

Wanyuanlou's restaurant is very chic and elegant. Unlike other restaurants, we all gather in the hall, but separate small rooms one by one.

Of course, those rooms have no doors, so they don't hinder people's communication.

All in all, the settings are very interesting.

Wang Fan entered a small room, and soon after he sat down, he heard the monks talking outside.

"Hey, hey, have you heard? The Yang family, who is in conflict with others, is fighting a war. "

"I've also heard that the other party is a stranger. When he first came to Pumi City, the Yang family took a fancy to one of the nuns, which led to the conflict."

"Hey, you don't know. I just came back from there. The war was terrible. Even if it's Yang Ji, he's been cut off and almost killed. "

"What? Anything else? I'm afraid it's a big deal. I'm afraid none of them can leave, can't they? Can you let them go with the domineering style of the Yang family? "

"Hey, hey, you're wrong. Those people are very strong. They have already escaped from Pumi city. It's just that the people of the Yang family have gone to catch up. As for whether they can catch up, I don't know. "

Many monks are talking about the battle between water fairy and Yangji.

Wang Fan was not surprised to hear these people's comments.

After all, it's hard to make a stir in Pumi city in the battle of the ninth floor of xianzun. It's normal for news to spread quickly.

However, Wang Fan's escape from pumicheng to the daffodils was somewhat unexpected.

You know, when he left, there were four immortals on Yangji's side, but there were only two immortals on Shuixian's side.

Yang Ji there even if is three to two, then the last immortal Zun nine layer deal with other people, also completely enough.

In this case, Wang Fan really did not know how the daffodils and their party escaped from Pumi city.

It seems that the Yang family is not as strong as expected. Just as Wang Fan thought about these things and shook his head, another sound of discussion came into Wang Fan's ears.

"Ah, recently, the secret place of Fengku has been opened, attracting many strong people. It is said that not only the eight young masters of Pumi city are going to attend, but also many famous and powerful people outside are coming. "

"It's a natural and windy secret place. It's a secret place that can lead directly to Zhongzhou and Dongyu. Though it's extremely dangerous, it's better than crossing the endless deep sea, isn't it

"Well, that's true. It's just that the big eight hold the quota, and it's hard to get in. "

While drinking, Wang Fan listened to the monks' comments, but his heart couldn't help moving.

The secret place of wind withering? Direct to Zhongzhou and Dongyu? Eight? Quota?

These words flashed through his mind, and he realized that he had a shortcut to the holy land of central state.

Wang Fan dare not distract, continue to listen to those people talk, want to understand more clearly.

More than an hour later, Wang Fan finally made it clear.

There are eight families in pumicheng, and there are eight shaozuns in the eight families. All the eight shaozuns are the three-tier strong ones of xianzun, and all of them have the mid-term achievements of cross-border killing xianzun, which can be described as amazing talents.

And this wind withered secret place is jointly controlled by eight big companies. It is opened every three years to transport a group of talents to the eastern region of Zhongzhou.

Of course, the quota is also limited. There are only 300 places in each of the eight families, that is, 2400 places in total.

Moreover, one third of the 2400 places are in the early, middle and late stages of xianzun.

Don't think there are more than 2400 places. You know, there are many monks in Pumi City, at least 30000. As for the monks in fairyland, they are even more numerous.

When Wang Fan first entered Pumi City, he didn't see the monks below xianzun's later period. That's because all the monks gathered at the entrance of the city gate were the monks of xianzun's later period.

After all, only the later monks of xianzun dare to go out and hunt monsters.

As for the later monks of xianzun, they were all in other areas.

There are only 2400 places in the late period of more than 30000 xianzun, which shows that the competition is fierce.

### **Chapter 3633**

"The secret place of Fengku leads to the eastern region of Zhongzhou, and the danger is much less than crossing the endless deep sea. Not only that, but also there are countless opportunities. It seems that I have to find a way to get a place."

Wang Fan murmured, thinking about these things in his mind.

He didn't take that BA shaozun seriously at all.

The eight shaozun of the eight families are only three-tier immortal Zun. Are you kidding?

No matter how strong this strength is, Wang fan doesn't have much fear.

Wang Fan didn't know that the eight families had not only eight shaozun, but also eight zhongzun and eight dadzun.

There are less, medium and large, corresponding to the early, middle and late xianzun periods.

Of course, even if they know this, Wang fan may not care too much, only scoff.

It's just the realm of immortals. There are eight kinds of Immortals: eight little ones, eight middle ones and eight great ones. Are they ridiculous.

After listening for a while, Wang Fan knew that although the eight families controlled the quota, there was competition.

For example, Yang family has 300 places, but it doesn't mean that Yang family must allocate 300 places.

In the early days of xianzun, for example, the Yang family controlled 100 places in the early days of xianzun.

If the monks who sign up for the battle in the Yang family are strong enough, and the one who ranks the 101st defeats the top 100 of the other seven families, then the Yang family will control the 101 xianzun initial quota.

Similarly, the number of xianzun in the defeated family will be reduced to 99 at the beginning.

Moreover, the quota here is not only a simple quota, but also involves the distribution of interests among the eight families in pumicheng.

It can be said that the quota represents the distribution share, so the competition is so fierce.

Wang Fan listens to these news, in the heart also is abdominal Fei unceasingly.

This involves the fight for resources, and it's all pervasive. Even if it's just a few places, it's all about the allocation of resources.

For the sake of their interests, these eight families have really taken a lot of pains.

At the same time, Wang Fan has learned that there are eight masters in Pumi City, Yin, Yang, Chen, Gu, Wu, Tian, Jiang and Qin.

Among the eight families, Yang family is the weakest, Yin family is the strongest, and the other six families are not much different.

The Wanyuan building where Wang fan is now is exactly the site of the Yin family.

"Wanyuanlou is actually the property of the Yin family, and most of the monks who come here recently sign up for the Yin family. So, should I sign up for the Yin family too?"

Wang Fan thought in his heart, but he didn't make a decision immediately. Anyway, he was not in a hurry. Let's have a look first.

After all, this kind of registration, the eight families are all welcome, how many people to sign up.

Anyway, the strength is weak and can't be shortlisted. It's just the life of cannon fodder. The big eight have no loss at all.

Only those who are famous and powerful will be valued by the eight families, which makes them compete with each other.

Just as Wang Fan was thinking about this, at the gate of Wanyuan building, accompanied by a noisy voice, a group of three people came in.

There are three people, two men and one woman.

The two men were dressed in gorgeous robes, with noble temperament and a touch of pride.

However, at the moment, they were accompanied by the nun with a smile on their face, which seemed respectful and polite.

Wang Fan looked at the nun for a few minutes. The nun was not so gorgeous, but her breath was very fierce and her evil spirit was very heavy.

Compared with the two men's extraordinary nobility, she was only cold and murderous. It felt like a

sharp sword, and she would drink blood at any time.

The three men's accomplishments were all in the third level of xianzun, but it was obvious that the fighting power of the two men was far worse than that of the nuns.

"Xue Wuyue, the blood fairy? The Yin family even invited this one? "

"My God, it seems that the Yin family has spent a lot of money to open this secret place. Xue Wuyue, the blood fairy, is comparable to the existence of eight shaozun. "

"It's said that the blood fairy takes killing as his pleasure. His sword is stained with countless blood. He will drink blood when he comes out of his sword."

With the entrance of the three people, the scene first fell into a brief silence, and then someone could not help but whisper.

Of course, most of those who talked in a low voice were in the middle and late xianzun periods.

Because all the friars in xianzun's early days were so scared that they didn't dare to speak.

"Xue Wuyue, the blood fairy? Sword repair? It's really good. It's a great man. "

Wang Fan listened to the comments of the people around him and looked at the nun. He couldn't help picking his eyebrows.

The so-called blood fairy was really strong, and even gave him a dangerous breath.

You know, Wang Fan has killed the existence of the seven layers of xianzun.

Now just a fairy Zun three layers, unexpectedly let him feel the dangerous breath, from this we can see the strength of the other party.

At the same time, Wang Fan also knew the two young people who accompanied the blood fairy. One was Yin Xuan, and the other was Yin Yu. They were both the legitimate members of the Yin family, and their status was second only to the shaozun of the Yin family. When they entered the restaurant, they didn't stay any longer. Yin Xuan and his wife took the blood fairy into the residential area behind them. It was obvious that everything was ready.

"Ah, treatment." Looking at this scene, Wang Fan couldn't help sighing.

He thinks that his strength is not weaker than that of the blood fairy, but his treatment is worse than that of the blood fairy.

When Wang Fan came here, no one paid attention to him. Looking at other people, he was accompanied

by two legitimate members.

Wang Fan did not think too much and continued to drink.

Here, it's good to know more about Tianjiao. Don't become an opponent at that time. It's a boat capsized in the sewer.

Wang Fan sat for more than half an hour, did not wait for the strong to come, but saw the blood fairy from inside.

After the blood fairy came out, the scene fell into a short silence again. However, the blood fairy did not care about those, looked around, and then went to the empty seat next to Wang Fan and sat down.

As soon as she sat down, Wang Fan felt a strong evil spirit and murderous spirit. It was not aimed at him, but brought by the blood fairy after killing countless people.

Wang fan is speechless. How many people did this woman kill.

It seems that I can't stay here any longer. I'm so close to this woman, and I have only one level of immortality. Isn't it that I have no reason to attract other people's attention?

Wang Fan sighed, just about to get up and leave, suddenly, a startling wind shot from the outside, the next second, with a laugh, immediately a young man with a dark face killed him.

"Ha ha, Xue Wuyue, I didn't expect you to be here. Just in time, I want to see if you are as strong as the rumored one. "

At the moment of his voice, the young man had already rushed to Xue Wuyue 100 meters away, and the next second, a huge fist had already blasted directly towards Xue Wuyue.

This sudden scene made all the monks in the restaurant turn pale.

Those in the middle and later period of xianzun were OK, but those in the early period of xianzun were miserable.

The lucky ones had already dodged to one side ahead of time, but the unlucky ones had been affected by the torrential weather and directly vomited blood and fell to the ground.

## **Chapter 3634**

Wang Fan just got up to feel this scene, his face is also a little cold, his eyes burst out a flash of death.

This guy is too arrogant and domineering.

He even enveloped himself in his attack.

In other words, if he is just an ordinary immortal, he will die in the face of his opponent's fist.

"Boxing respects Li Dao?" The blood fairy felt the attack of the comer, and also gave a cold hiss, and suddenly jumped up.

The next moment, a dark golden sword appeared in her hand, and she swept out with one sword.

Boom!

The deafening explosion sound sounded in the restaurant, and some immortal statues around them were directly bombed out by the rampant energy at the initial stage, and suffered a heavy damage instantly.

All the tables and chairs in the restaurant were destroyed in an instant.

If it wasn't for the array protection on the edge of the restaurant, I'm afraid the whole restaurant would have been smashed in an instant.

Blood fairy side, Wang fan is also a blow out, swing those residual boxing awn, then coldly looked at the boxing respect Li Dao.

At the moment, the shadow of Li Dao's boxing has collapsed at the same time as the sword of the blood fairy, and the whole person has been shaken back a few steps.

However, he did not go to see the blood fairy, but looked at Wang Fan, his mouth issued a light Yi.

"It's just xianzun. I haven't been killed or even injured. It's a bit interesting."

Li Dao seems to be very surprised, obviously did not expect that he would meet such a strong xianzun here.

You know, although only a small part of his fist was covered by Wang Fan before, it was absolutely not something that xianzun could resist.

Let alone the first level of xianzun, even the third level of xianzun, if its strength is not strong enough, it will also suffer heavy losses.

Blood fairy also some surprised to see Wang Fan, but it is quickly turned the line of sight, did not care too much.

Although Wang Fan's performance is good, in her eyes, it's just like that.

After all, Wang fan is just an immortal. No matter how strong he is, how strong can he be?

If she is against Wang Fan, Wang Fan will surely die.

"Li Dao, I heard that your boxing skills are unique. You are arrogant, domineering and overbearing."

"Today I saw that you are arrogant and domineering, but your boxing is a bit disappointing."

"Hum, you, Li Dao, want to show off your power in front of me. You are blind."

The blood fairy looked at Li Dao coldly, without the slightest nonsense. The long sword in his hand trembled, and directly swept out with a sword.

"Ha ha, you are so tasty. I like you." However, Li Dao laughed and did not retreat at all. He was in the middle of the sky and stepped out of the void with one step. Even if it was another blow, he went out.

However, this time, although it seems that there is only one punch, there are innumerable changes of moves in that punch, which is extremely dangerous.

The sword broke through the void and swept over the shadow of the fist, making a roaring sound.

The fist mang starts to smash unceasingly, actually starts to condense unceasingly.

On the contrary, it was the sword of the blood fairy who pushed forward in the frenzied explosion, as if he would never stop fighting Li Dao.

"It's really worthy of being a blood fairy. It's really something." Li Dao felt this scene, his face was also slightly dignified, and he punched again.

This fist directly turned into countless Dao fists, and began to encircle the blood fairy's sword from all around.

The roaring sound sounded again, and the sword gradually began to collapse.

"Hum." The blood fairy looked at the scene, snorted, his face was cold, and he was about to cut it out again.

But at this time, two figures are quickly appeared in the restaurant.

"Blood fairy, brother Li, stop it."

The two men who came quickly were the Yin Xuan and Yin Yu who had accompanied the blood fairy to enter.

Whether it's blood fairy or Li Dao, they are all the most powerful people in the early days of xianzun

recruited by his Yin family. They don't want to fight each other now.

When Yin Xuan and Yin Yu arrived, the blood fairy was not good enough to fight again. He could only bear his anger and take back the sword.

Li Dao also stopped working, looked at the two people and said with a smile, "ha ha, brother Xuan, brother Yu, don't worry, I'm just playing with the fairy."

As Li Dao said this, he had already restrained his momentum.

Wang fan saw that the two sides were not fighting, and he didn't mean to stay.

He gave Li Dao a cold look and turned to leave.

Previously, he was going to teach this guy a lesson, but he thought it over and over again, but he forbore it.

Now he didn't know what happened to the water fairies and whether they had sneaked back to Pumi city again. Once his identity is revealed at this time, it's not a good thing.

Wang Fan cold, Yin brothers did not notice, but the blood fairy and Li Dao are noticed.

Li Dao sneered, suddenly looked at Wang Fan and said, "stop." Wang Fan raised his eyebrows, turned to look at Li Dao, and did not speak.

He thought of the words of the blood fairy, who was arrogant and domineering.

Now, that's true.

Li Dao saw Wang Fan stop and said with a sneer, "why, do you have a problem with me? What do you mean by that look? "

"Do you think I dare not deal with you when I live in wanyuanlou? Believe it or not, even if I cut you off, no one dares to stand up for you. "

Li Dao's face was cold and his voice was cold. Where was his smile.

He smiles at the blood fairy, because the blood fairy is equal to his strength.

He was polite to the Yin brothers because they were there.

But, Wang Fan, what is this immortal level? What qualifications dare to make that kind of expression to him?

Li Dao's voice fell. In a flash, Shua Shua, countless eyes fell on Wang Fan, and his expression was incredible.

At this time, it was remembered that the previous war did not affect Wang Fan, the nearest immortal.

Yin Xuan and Yin Yu brothers also looked at Wang Fan. This is the first time that they noticed Wang Fan and looked at him with their eyes.

However, feeling Wang Fan's cultivation, their faces were cold.

"Brother Li, what's the matter? Has he offended you?"

Yin Xuan looks at Wang Fan coldly with a bad look.

Yin Yu pointed to Wang Fan and said, "are you also my guest of Wanyuan building? Give you a minute, get out of the ten thousand yuan building immediately, and then apologize to brother Li. "

Wang Fan almost couldn't help laughing when he heard this.

He turned his eyes, looked at Yin Yu and said with a smile, "get out of the ten thousand yuan building? Apologizing? For what? I'm a guest of wanyuanlou. I'm a guest of your Yin family. Is that how you treat your guests? "

Wang Fan said, pointing to Li again, "and what is he, and what qualifications do you have for me to apologize? He deserves it, too? "

Boom!

Wang Fan's words fell, and the whole audience was dead and silent.

No one thought that Wang Fan, such an immortal, would dare to be so arrogant and challenge the Yin brothers and Li Dao. It's just crazy for death.

As everyone knows, Wang fan is also very angry at the moment.

He wants to keep a low profile, to be patient.

But if he is forced to bear this kind of burden, then he is still practicing fart. He might as well find a place to sleep.

## **Chapter 3635**

"You're looking for death!" Yin Yu is furious!

With a roar, he suddenly pounced out and killed Wang Fan.

It's just an immortal. He dares to provoke his Yin Yu in his Yin family's territory. He is still in full view of the public.

If he could bear it, he would have no face to see anyone in the future.

At the moment, Yin Yu was extremely angry and arrogant. He was like a bomb. He rushed to Wang Fan in a moment, and then slapped Wang Fan.

He is confident that in the face of Wang Fan, a slap is enough.

"I think you're the one who's looking for death." Wang Fan also sneers at this. It's just a three-tier Fairy Statue. How dare you trust so much? How much do you despise yourself?

Wang Fan didn't mean to give way at all. Almost at the moment when the voice fell, the whole person had already rushed to Yin Yu.

Without the slightest fancy, the surging Xianyuan suddenly surged into the fist body, converged with the fist a little, and the next second, Wang Fan's fist followed.

Boom boom!

Wang Fan fired three fists in a row at a very fast speed and made three blasts.

Yin Yu only felt a violent force coming into his body. The next moment, his mouth had already spurted blood and flew out.

Boom!

Yin Yu's body hit the forbidden system at the door and then fell to the ground.

Silence!

There was a dead silence.

All the people are wide eyed, incredible looking at this scene, can't believe the fact in front of them.

The Yin family, Yin Yu, is so defeated, so vulnerable?

You know, although Yin Yu and Yin Xuan brothers are not as good as Xue Wuyue and Li Dao, they are also very strong.

With their strength, they entered the top 100 of xianzun's early stage and got a quota, which was almost no problem.

But now, Yin Yu is defeated, and also defeated very thoroughly.

If he was defeated in the hands of unknown monks in the same territory, maybe everyone could barely accept it.

But he was defeated in the hands of an unknown immortal, which is almost like a big joke.

Wang Fan three boxing break Yin Yu, cold hum a, disdain a way, "you so arrogant, I thought how fierce, unexpectedly just show off."

"Well, if you didn't have a good family background, you would have died many times."

Wang Fan said with a sneer, then looked at Li and said, "I don't care what kind of boxing respect you are. I can't care if you bully others. You are far from bullying me. "

"Do you think it's great to be two levels higher than Laozi? Hum, if I'm in a hurry, I'll still kill you. If you don't believe me, I'll try. "

At the moment, Wang fan is extremely arrogant and overbearing.

His voice fell, and his momentum suddenly rose again. In an instant, it enveloped the whole restaurant, making the whole restaurant depressed.

Yin Yu, who had fallen to the ground, wanted to get up and work hard, but he felt the powerful momentum. His face turned pale immediately, and he didn't dare to make a sound.

Yin Xuan's face was also very ugly. He squeezed his fists tightly and didn't open his mouth in the end.

He and Yin Yu's strength are almost the same. Yin Yu is all beaten by Wang Fan's three fists. If he starts, the result will be the same.

At that time, they will lose not only their own people, but also the people of Yin family.

The most important thing is that Wang Fan was just at the beginning of the immortal family, and even his realm was not as good as theirs. In addition, they provoked things, so the strong men of the Yin family could not intervene in this matter.

Li Dao's face was also extremely ugly and gloomy.

He stares at Wang Fan with cold eyes, and wants to rush up immediately to blow up Wang Fan's resentment.

Can feel the momentum of Wang Fan, and then think of Wang Fan's three fists, he also felt the pressure.

He respected Li Dao and was not sure that he would win Wang Fan, let alone kill him.

"Garbage one, didn't you be arrogant before? Don't you pay attention to me? Why don't you do it now?"

"I thought you were so powerful. I didn't expect you to be a bully."

"Hum, if you fight with the blood fairy, what's the matter with me, rubbish. You'd better not let me meet you in the war, or I will kill you. "

Although Li Dao and others didn't speak, Wang Fan was reluctant and scolded again. Seeing that the three didn't respond, he turned around and left.

When it's time to keep a low profile, it's time to make it public.

The reason why Wang Fan has shown such publicity is also purposeful.

Because only in this way can he rise rapidly in Pumi city and be noticed by the big eight.

In this way, he will be valued and won over.

You know, being solicited by the big eight is quite different from going to the door to sign up. It's just that he didn't make a move. Now that he has made a move, Wang Fan naturally wants to show some publicity.

Wang Fan was wild and uninhibited, and soon he had left Wanyuanlou.

The monks around the restaurant looked at Wang Fan who had left. Their eyes were very complicated, shocking and amazing.

They didn't know where Wang Fan came from.

It seems that this time in Pumi City, it's really a gathering of clouds. Maybe a lot of dark horse characters will be killed.

As for the three men in Yin Yu, their faces were even more ugly, and their inner murders were wave after wave, which could not be suppressed at all.

However, they did not dare to do it in the end.

Without him, Wang Fan's realm is lower than theirs.

In this case, if they really beat Wang fan or killed Wang Fan, then everything is OK.

But if you lose, or if you are killed, your reputation will be ruined.

Another point is that the competition has not started yet, and they don't want to work hard with Wang Fan. In case of serious injury, it's not good for the next competition.

"I didn't expect that there was such a strong person on the first floor of xianzun in wanyuanlou. I didn't notice that before. It seems that this competition for the number of places in the secret place is a little difficult. "

Xue Wuyue, the blood fairy, looked at Wang Fan's back and couldn't help murmuring. Then she glanced at Li Dao and left.

"Younger martial brother, please stay."

On the other side, just as Wang Fan walked out of the restaurant, a voice came.

Wang fandunbu, looking back, immediately saw a monk on the fourth floor of xianzun with a smile on his face, and quickly walked towards him.

"What's the matter, elder martial brother?" Wang Fan looked at the middle-aged man, his heart moved, but on the surface he made a confused appearance.

"Younger martial brother, this time you come to Pumi City, you must be fighting for the number of places in the secret place, right? I'm Chen xuanyang of the Chen family. I'm in charge of the Chen family. I don't know if my younger martial brother is interested. Go to my Chen family and sign up. "

"Don't worry, younger martial brother. As long as you can successfully enter the top 100, and keep the quota, my Chen family will have a reward of one billion Yun elixirs."

Chen xuanyang also has no nonsense, straight to the theme, and also threw out the reward.

Chen xuanyang can see Wang Fan's performance in Wanyuan building clearly.

This kind of person, as long as there is no accident, can definitely get the quota.

## **Chapter 3636**

When Wang Fan heard Chen xuanyang's words, he couldn't help but feel a little stunned.

He did not expect that the other party would be so direct, not only directly said the purpose, but also said the reward.

After a short time in a daze, Wang Fan instantly recovered and said with a smile, "elder martial brother Chen is right. I came to pumicheng for the secret place."

"Now I haven't signed up yet, and it's not impossible to go to your Chen's house, just -"

Wang Fan said here, pausing slightly, as if thinking about the wording.

When Chen xuanyang saw Wang Fan pause, he thought that Wang Fan was not satisfied with the reward. He said quickly, "younger martial brother, don't worry. If you don't think the reward is enough, I can apply to see if I can get more."

When Wang Fan heard this, he shook his head and said, "elder martial brother misunderstood. It's not the question of reward, but I offended some people. If I go to war on behalf of the Chen family, I don't know --"

before Wang Fan finished speaking, he has been interrupted by Chen xuanyang, "younger martial brother, please don't worry. I've seen everything about wanyuanlou just now."

"I can assure my younger martial brother that before the competition, whether it's Yin family or Li Dao, they don't dare to trouble my younger martial brother."

Wang Fan wry smile, "no, elder martial brother misunderstood, I mean Yang Ji of Yang family."

"Yang taboo of Yang family?" Chen xuanyang has some silly eyes.

How did Wang Fan offend the second generation ancestor.

The most important thing is that Wang Fan offended the second generation ancestor. How can he live to the present?

You know, Yang Ji's strength is average, but he is accompanied by the four immortals.

Wang Fan, however, is just an immortal. He has offended Yang Ji. How can he live till now?

Wang Fan didn't hide it. He said, "I think elder martial brother should have heard about the previous war?"

When Chen xuanyang heard this, his mouth began to open and his brain was full of black lines.

What do you mean?

Is it hard to be, the previous war, and the shadow of Wang Fan?

In that case, it would be a bit difficult.

Wang Fan sees Chen xuanyang this facial expression, also can't help some headache, don't know how to

say.

This kind of thing, although it's OK not to say it, after all, he has changed his face. Even if he meets Yangji on the street, Yangji may not know him. It's terrible because he's afraid of the water fairies.

Wang Fan has already known that Fengku can reach the eastern part of Zhongzhou, and the danger is much less than the endless deep sea. How can the water fairies not know?

Presumably, they will also find a way to get the quota, and then go through the secret place of Fengku.

In this way, once Wang fan is outstanding in the battle for the number of places in the secret place, he is likely to expose his identity.

If the water fairy and others obstruct him and tell Yang Ji his identity, it's not so good.

Wang Fansi thought before and after, or simply said the previous thing again.

After that, his eyes are staring at Chen xuanyang, as long as this guy's expression is wrong, he will leave immediately, and then change a face.

Fortunately, after hearing what Wang Fanxu said, Chen xuanyang not only didn't show any abnormality, but also was relieved.

"It turns out that's the way it is. Anyway, Yangji doesn't know you. If he dares to make trouble at that time, my Chen family will never sit by."

"Then I'm relieved." When Wang Fan heard Chen xuanyang's words, he couldn't help but feel relieved.

He can see that Chen xuanyang is not perfunctory.

In fact, the quota is related to the resource allocation of the Chen family, and Chen xuanyang can not be perfunctory.

After all, he is expected to get a place.

Of course, Wang Fan will not take it lightly. He has decided that if things go wrong, he will try to escape immediately. As for whether we can escape, we'll talk about it later.

"Younger martial brother Wang Fan, this is my family token. Now you can take my token to the Chen family to find Chen hanyue. She will help you arrange the registration and competition."

After some communication, Chen xuanyang grabs a token and says to Wang Fan.

"Thank you, elder martial brother Chen." Wang Fan hugged fist to thank a, also have no politeness, took

the token to rush to Chen's house directly.

Now that the matter has been settled, he will definitely go to the Chen family to sign up. It's better to go earlier than later.

Wang Fan just inquired a little, then he found out where the Chen family's residence was, and went straight to the past.

More than an hour later, he finally arrived at the Chen family.

The Chen family covers a large area, which can catch up with the size of a small town.

Fortunately, Pumi city is big enough, otherwise it may not be able to accommodate the next eight.

You know, the Chen family is so big, obviously the other seven are not much smaller.

Fortunately, Wang fan is also a person who has seen the world, so he was not too shocked.

At the moment, thousands of friars are standing in the open space outside the Chen's residence, and they are standing in a neat line to register. Wang Fan had a headache. He didn't pay attention to the monks in line. Instead, he directly crossed them and went to the main entrance of the Chen family.

He was a little lucky that he showed his strength and attracted Chen xuanyang's attention, which made the other party take the initiative to solicit.

Otherwise, it would be a waste of time to queue up for registration.

"Stop, sign up there. Outsiders are not allowed to enter the government."

Wang Fan just walked to the place 100 meters away from the door. A Chen family guard in armor came from a distance and stopped Wang Fan directly.

The guard's accomplishments are not high, only nine levels of Immortal King.

However, the nine layer friars of the fairy King were just guards, which still surprised Wang Fan.

Of course, surprise is surprise, but his action is not slow. He quickly grabs Chen xuanyang's token and hands it over.

"This younger martial brother, I was introduced by elder martial brother Chen xuanyang. He asked me to go directly to Chen hanyue fairy."

The guard saw the token in Wang Fan's hand and heard Wang Fan's words. At first, his face changed slightly. Then he glanced up and down at Wang Fan. There was a trace of doubt in his eyes.

The monk introduced by master Chen xuanyang naturally understood what it meant.

However, Wang Fan's cultivation is only immortal. Is master xuanyang wrong?

Of course, the doubt turned to doubt. The guard soon recovered and immediately bowed himself and said, "in that case, please come with me."

As he spoke, he went inside.

Wang Fan did not hesitate, followed closely.

They entered the residence quickly, and after walking for more than ten minutes, they came to a huge martial arts arena.

Nearly 500 monks have gathered in the center of the martial arts arena.

Most of the five hundred friars are in the third level of xianzun, only a few in the second level and a few in the first level.

In front of the 500, there were more than 20 people.

There are more than 20 men and women, all of them are in the third floor of xianzun.

However, their breath is very powerful, much stronger than those of the three layers of immortal Zun among the 500 people.

Among the more than 20 people, the leader was a woman in red.

The woman's eyebrows were like the moon, her expression was cold, and she was holding her chest in her hands, scanning the 500 people back and forth.

### **Chapter 3637**

The bodyguard soon took Wang Fan to the woman's side and bowed to speak.

At the same time, the woman's eyes have fallen on Wang Fan.

She nodded to the guard, who immediately retired and left the arena.

But the woman looked at Wang Fan and said, "are you the one who injured Yin Yu with three fists in wanyuanlou?"

Obviously, the woman already knew about Wang Fan.

And with the woman's voice, Shua Shua, in a flash, the 21 people behind her, eyes all fell on Wang Fan, eyes in the emergence of the color of surprise.

What does the Cold Moon Fairy say? In front of me, this guy with only one level of xianzun hurt the third level of Yinyu with three fists?

You know, although these people may not know Yin Yu, they also know Yin Yu.

Among the monks in the early days of xianzun, Yin Yu was not the top group, but he was definitely the strong among the strong.

Even there were some people who were confident that they could beat Yin Yu, but few of them had such confidence.

Wang Fan heard Chen hanyue's words, but his expression was calm. He said with a smile, "the fairy of the cold moon has praised me falsely. It's just a fluke."

However, in spite of his words, he looked arrogant and took it for granted.

Chen hanyue saw Wang Fan's arrogant appearance, Daimei couldn't help frowning slightly, obviously didn't like Wang Fan's attitude.

No matter how powerful Wang fan is, he is only immortal.

What's the right to be proud of her?

The most important thing is that although Chen xuanyang has said Wang Fan's achievements, in fact, she is still skeptical.

After all, the first floor of xianzun can hurt the third floor of Yinyu with three fists. Are you kidding?

Even Chen hanyue can't do it.

Does this not mean that Wang fan is stronger than Chen hanyue?

"Lucky? Hum, since it's a fluke, you can go there. You are not qualified to join our team

Before Chen hanyue spoke, a young man behind her couldn't help laughing and opened her mouth coldly.

He pointed to the area where the five hundred monks lived, and his contempt was beyond expression.

Hearing this, Chen hanyue could not help frowning again, and her face was even colder.

Obviously, this time she is not aiming at Wang Fan, but at the young man.

She didn't like the posture of the other party.

However, this person is a strong person invited by her Chen family. She is very sure to get the quota. She is not easy to offend. Therefore, although she was upset, she was not easy to attack and could only bear it.

Chen Hanyue is not good at offending young people, but Wang Fan is not afraid at all.

When he heard the young man's words, he immediately raised his eyebrows, looked at each other and said with disdain, "what are you, and you are qualified to tell me what to do in front of me? When Lao Tzu talks with the Cold Moon Fairy, do you want to cut in? "

Arrogant!

It's arrogant!

Wang Fan's voice fell, and the whole martial arts arena fell into absolute silence.

What an arrogant guy! He dares to scold directly. The target is Wu Zhen.

You know, Wu Zhen's strength is very strong. Even if he is not as good as Xue Wuyue and Li Dao, he is second only to the other side.

After all, Xue Wuyue, the blood fairy, and Li Dao are all expected to be in the top ten or even the first.

Wu Zhen's face also changed, instantly became gloomy.

He coldly stares at Wang Fan, in the eye eye is emerged has not concealed the killing intention.

It's just like a fairy. He dares to be so arrogant and provocative. It's like looking for death.

Boom!

A strong breath burst out of him. The next second, Wu Zhen's finger had already pointed to Wang Fan, and he said coldly, "it's just a mole ant, and you dare to be reckless with me. I'm looking for death!"

"I'll give you a chance to kneel down and apologize and ask for forgiveness. Otherwise, today will be your death!"

After hearing this, Chen Hanyue's face changed again, but she didn't speak.

Not only that, but also a little distance back.

Wang fan so provocative Wu Zhen, she has been unable to intervene.

If she interferes in this, it is bound to cause Wu Zhen's dissatisfaction. If Wu Zhen switches to other families, it will not be good.

Not only Chen hanyue, but all the others behind her pushed away and looked at Wang Fan with a smile.

They want to see how much strength Wang Fan has and why he dares to be so arrogant.

But Wang Fan didn't care. He looked at Wu Zhen with disdain and said with a smile, "kneel down and apologize? Who are you? I really think the third floor of xianzun is great! I can kill ten rubbish like you with one blow. "

Wang Fan said, too lazy to continue talking nonsense, his breath suddenly burst, the next second, accompanied by a loud bang, the whole person has killed Wu Zhen in the past. Whoosh!

Wang Fan's fist burst out in an instant, hitting Wu Zhen's head.

At the same time, the xianzun area also broke out in an instant, directly enveloping Wu Zhen.

Of course, Wang Fan did not use all his strength, but retained some.

"You're looking for death!"

Seeing Wang Fan dare to be so presumptuous and take the lead, Wu Zhen is really about to explode.

With a roar, he did not dodge, broke through the void with his fist and smashed directly at Wang Fan.

It was only very soon that his face became ugly.

Wang Fan's field of immortality and veneration, even completely suppressed his field of immortality and veneration, so that his field of immortality and veneration began to be imprisoned.

Not only that, he felt as if he had gone deep into the mire, his strength was weak, and he was weakened by 30%.

Boom!

A blast, two fists collide, gas strength overflowing.

The bright Xianyuan is just like ripples, spreading around crazily.

If Chen hanyue and others didn't resist in time, I'm afraid some people would have been injured.

Wu Zhen only felt a surge of force pouring into his body, and rushed to the four limbs and blood tibia in an instant.

His face changed wildly, his mouth uttered a scream, and then the blood gushed, and the whole person flew back, his face turned pale.

But Wang Fan didn't let him go. He jumped up like a roc spreading his wings, and his right leg was like a rigid dragon tail, sweeping directly to his body.

Bang!

There was another sound. Wu Zhen's sternum broke, and his whole body was kicked out. With a roar, he fell to the ground like a dead dog, his face pale.

Wang Fan stands up in the void, overlooking Wu Zhen below, and says with disdain, "looking for death? You want to kill me? Are you overestimating yourself? "

"That Yin Yu, even though he can get away with three punches, you can't even get one. You such rubbish, also have the qualification to be arrogant in front of me? "

"This time, I'll spare you for the face of the Cold Moon Fairy. Next time, if you dare to provoke me again, I'll blow your head with three fists."

Dead silence!

It's a dead silence!

Everyone was shocked to look at Wang Fan, who stood aloof and void, and couldn't believe his eyes.

Is this really just the first floor of xianzun?

As for Wang Fan's arrogant words, those people have already automatically ignored them.

Wang fancai is just an immortal. He is so powerful. He has arrogant capital.

### **Chapter 3638**

Wu Zhen's face was also extremely ugly, but he did not dare to say anything more.

This is a world where the strong are respected. Although Wang Fanxiu is inferior to him, his strength is stronger than him.

At this time, if he dares to continue to resist, he is really looking for death.

In the short fight, he already knew that he was not Wang Fan's opponent at all, and even there was a big gap.

Wang Fan's field of immortality is really terrible.

He couldn't bear it just because of the crushing of xianzun.

Wang Fan despises Wu Zhen for a while. Seeing that the other party doesn't mean to continue to provoke, he doesn't publicize it any more. Instead, he flies to the ground, looks at Chen hanyue and says with a smile, "Cold Moon Fairy, I'm kidding."

When it's time to be arrogant, it's time to be arrogant.

But when it's time to keep a low profile, it's time to keep a low profile.

He is so arrogant to Wu Zhen, but also to frighten people, reduce unnecessary trouble, let Chen hanyue recognize his strength.

But if he is also so domineering to Chen hanyue, he may be upset with the Chen family, and even kill him.

He doesn't think that the Chen family will compromise to be an immortal for a quota.

"Younger martial brother Wang Fan, you're welcome. In that case, it's up to younger martial brother Wang to fight for the number of places in the secret place of our Chen family. Don't worry, younger martial brother Wang. If you can win the quota, the reward will be no less. "

Chen hanyue did not continue to cold face, but responded with a smile.

There is no problem that Wang fan is so powerful, arrogant and domineering.

Wang Fan has arrogant capital.

What's more, Wang fan is very relaxed. She is arrogant when she should be arrogant and polite when she should be polite. She is obviously a very good judge of the situation, and she doesn't want to provoke such people.

Wang Fan smiles. Instead of speaking, he stands behind Chen hanyue.

In the distance, the five hundred monks were shocked to see this scene.

However, they know that this kind of thing can't be envied.

Although Wang Fanxiu had only one level of immortals, he stood out among the three-level monks. But

with the strength of others, who dares to say more?

Chen hanyue looked at those people and said, "ladies and gentlemen, I don't want to talk much nonsense. This time, Chen hanyue is here to dig out talents."

"If any of you are confident that you can beat anyone behind me, you can enter their team without going to the preliminaries."

Chen hanyue went straight in without any drag.

The competition is divided into preliminary competition, second round competition and final competition.

The preliminaries are like auditions, where the top 1000 of each family are selected, and then the preliminaries are held. In the preliminaries, the top 200 are selected.

Only after the top 200 of each family are decided, the eight families will fight each other and decide the top 800.

After the 800 members are decided, resources are allocated according to the proportion of each family. One hundred members are the basis. After all, each family originally has one hundred members.

If the final result is less than 100 places, then we have to give up the corresponding resources. In the same way, if there are more than 100 places, the corresponding resources will be harvested.

Five hundred friars were all ready to move when they heard Chen hanyue's words.

Even many people's eyes fell on Wu Zhen.

Without him, the more than 20 people behind Chen hanyue did not know the strength of others except a few.

Previously, Wu Zhen fought with Wang Fan and was injured, so in theory, he was also the best bully.

Wu Zhengan's face became colder and colder as he was watched by those people.

It was a shame to him.

Don't these people think that if Wang Fan defeats him, he can really be bullied?

Ridiculous!

Wang fan is also a little speechless.

These people are really realistic. Many people even look at Wu Zhen.

At the same time, he also understood the purpose of Chen hanyue's coming here, that is to recruit experts in advance.

After all, war can hurt.

If during the preliminaries, there are strong injured, difficult to recover, it is not worth the loss.

Chen hanyue came here ahead of time in order to avoid this situation and give everyone a chance to perform in advance.

"Cold Moon Fairy, can you challenge him?"

Soon, a monk on the third floor of xianzun had walked out of the 500 people. He looked directly at Wu Zhen and asked.

This person's breath is rich, looks not weak, but in Wang Fan's eyes, it is much worse.

This man is not Wu Zhen's opponent at all.

With the spread of this person's words, in an instant, many people's eyes fell on Chen hanyue and Wu Zhen.

Chen hanyue looks surprised, but Wu Zhen's face is livid.

As for the other 20 people, they couldn't help laughing.

Chen hanyue did not immediately answer, but looked at Wu Zhen, want to see Wu Zhen's opinion. After all, Wu Zhen was injured and she had to take care of her face.

Wu Zhen saw that Chen hanyue came, and his face was even colder. He said, "of course."

After that, he directly stepped out, and had already fallen into the center of the martial arts arena.

The monk didn't talk nonsense either. His body suddenly broke out. He stepped out and came to the opposite of Wu Zhen.

"Offended." He said three words with his fist, and then directly killed Wu Zhen.

"Hum!" Wu Zhen is cold hum a, in the heart that suppress of breath instant burst out, body evil spirit boiling.

The next second, he was also crazy to kill each other.

Boom boom!

Just for a short time, the monk who challenged Wu Zhen had been beaten. His sternum collapsed and his whole body was bloody.

Even, the immortal yuan on him has been scattered a lot. Just after it has condensed, it will be exploded by Wu Zhen.

At the moment, Wu Zhen is just like a fierce beast. His hand is a violent attack, and the monk can't fight back.

It's not a fight. It's just abusing food.

After Chen hanyue, many people were speechless and mourned for the monk.

Wang fan is also a black face, this is, the man as their own beat it?

As for the five hundred friars, they were so stupid that they couldn't believe their own eyes.

Especially those friars who wanted to challenge Wu Zhen, they felt cold and congratulated themselves.

That's close.

Almost, they will follow the brother's footsteps.

At the same time, their eyes to Wang Fan were even more shocked.

How strong is this guy.

Wu Zhen's performance at the moment has once again confirmed Wang Fan's strength from the side.

They have a real comparison now.

Wu Zhen didn't say a word. After nearly a hundred punches, he knocked his opponent to the ground.

After this vent, his mood was much better, and his anger was also dissipated.

As for the elder brother, he screamed and became a pig. If it wasn't for the Chen family, I'm afraid he would have died.

Wu Zhen didn't go to see him any more. Instead, he glanced coldly at the 500 people and said, "anyone else who wants to challenge me, just stand up."

His voice was cold and his heart was furious.

Do you really think that Wu Zhen is easy to bully?

Five hundred people looked at each other, but soon another one stood up.

### **Chapter 3639**

This is also a monk at the top of the three levels of xianzun. In fact, most of the monks here are at the top of the three levels of xianzun except Wang Fan and a few.

This man is a bear on a tiger's back. He is very strong. His height alone is three meters.

His breath was also extremely violent, much stronger than the previous monk.

"An Niu Dazhuang challenges you!" The next second, he appeared in the middle of the arena.

When Wang Fan heard the name, he couldn't help laughing, but his face was slightly dignified.

This ox is big and strong. I'm afraid it's not much weaker than Wu Zhen.

Of course, Wang Fan refers to Wu Zhen now, not Wu Zhen before he was injured.

Wu Zhen can be liked by Chen hanyue, or he will not be recruited at a high price.

"To die!" Wu Zhen looked at Niu Dazhuang, and his eyes became more and more gloomy.

He didn't expect that he had already abused a person with blood just now, and even someone dared to challenge him.

It's like hitting him in the face.

Wu Zhen doesn't talk nonsense. In his body, Xianyuan runs away in an instant, and directly flashes to kill Niu Dazhuang.

Niu Dazhuang felt Wu Zhen's strong breath, and his expression was a little dignified, but he didn't have the slightest fear.

With a roar, the soles of his feet hit the ground, making a roaring sound. A breath of shaking the sky and the earth surged out of him. At the next moment, he was as if he had incarnated into a wild animal and killed Wu Zhen.

They soon collided in mid air and started a crazy bombardment.

The deafening roar resounded instantly, and bursts of sound waves broke out in the sky.

"Roar!"

"Kill

"Death

Niu Dazhuang roared while bombarding. He was as fierce as an ox, and he was in a terrible mess.

With the roar, his fists are constantly dancing madly, and every drop of his fists will set off the earth shaking power.

Wu Zhenmian's attack on Niu Dazhuang's face also changed slightly and fell into the downwind in an instant.

He originally intended to beat Niu Dazhuang directly with fists and feet to wash away today's disgrace.

However, he did not expect that Niu Dazhuang was so strong. He was not an opponent at all.

Instead of continuing to compete with Niu Dazhuang, Wu Zhen suddenly grabbed a spear and swept it into the air.

Niu Dazhuang's face was more dignified when he saw Wu Zhen's offering.

Instead of foolishly hitting each other's spears with fists and feet, he dodged and continued to bombard.

It has to be said that Wu Zhen was really strong, especially after he sacrificed his spear.

His spear swept through the void and opened huge cracks. If Niu Dazhuang was careless, he would be killed.

Looking at this scene, Wang Fan couldn't help sighing in his heart. It seems that he can't underestimate the people in the world.

If Wu Zhen had sacrificed his spear before, I'm afraid he would not have been so relaxed.

As for why Wu Zhen didn't sacrifice his spear later, Wang Fan knew that it was mostly because Wu Zhen knew that he was not his opponent and was afraid of being humiliated again.

In mid air, the battle between Wu Zhen and Niu Dazhuang is still going on, and the roaring sound is shaking the sky.

In a short period of time, the two men have already shot hundreds of moves, with scars on their bodies, but they still haven't won.

Wang Fan looked at some speechless, according to this fight, do not know to what year and what month.

Chen hanyue also raises eyebrows, and her eyes that look at Niu Dazhuang can't help but brighten slightly.

She did not expect that Niu Dazhuang should have such strength.

In her opinion, Niu Dazhuang can fight with the injured Wu Zhen to such a point, which is extremely not simple.

"Stop it." At a certain moment, seeing that they seemed to be trying their best, Chen hanyue finally spoke.

With his voice, Niu Dazhuang and Wu Zhen both retreat, looking warily at each other.

Niu Dazhuang is slightly panting and looks at Wu Zhenru facing the enemy.

Wu Zhen is not willing.

I'm ashamed of myself again.

Although he had been injured before, and he was not defeated by Niu Dazhuang, he did not defeat Niu Dazhuang.

That's a shame.

"You don't have to fight any more, Niu Dazhuang. You can get rid of the preliminaries." Chen hanyue ignored their expressions and said.

"Thank you, Cold Moon Fairy." Niu Dazhuang breathed a sigh of relief, a touch of joy appeared in his eyes, and soon came to Chen hanyue.

Wu Zhen's face was very gloomy, but he didn't say much. He also fell behind Chen hanyue.

Chen hanyue ignored the two men, but looked at the other monks and continued, "is there anyone else to challenge? If you perform well enough, like Niu Dazhuang before, you can avoid the preliminaries. Nearly 500 monks looked at each other, but soon someone came out.

However, these people did not continue to challenge Wu Zhen, but chose others.

Although Wu Zhen was defeated by Wang Fan and did not defeat Niu Dazhuang, he still showed his strong strength, which made those people dare not underestimate.

However, after a few battles, no one was able to beat the more than 20 people and ended in failure.

And they failed in the challenge, and the end was very miserable. Although they didn't die, they were all abused by blood, and they were seriously injured.

There's no way. The 20 or so Tianjiao are all shameful and dignified.

If someone challenges them, it means looking down on them and thinking that they are the weakest.

Who can bear such things?

Therefore, they are not easy to start, they are crazy and terrible.

Wang Fan sighed, but he didn't speak.

No one challenged him anyway, but he was relaxed.

Until no one challenged, Chen hanyue left with Wang Fan.

"The preliminaries will start in three days. Although you don't have to do the preliminaries, if you have time, I hope you will all go and have a look."

"Because in the preliminaries, maybe there will be some dark horses that will threaten you."

"Also, I want to remind you that every fight for the number of places in the secret place is very cruel. If you are careless, you will lose your life."

"So I hope you take it seriously. After all, it's related to the interests of the eight families."

Chen hanyue nodded as she left with the crowd.

Said, she paused, and said, "if you have time, you can also go to other families to see the preliminaries, to see if there are any particularly tough opponents."

"Especially in the Yin family, our eight families, the Yin family has the strongest strength and the most abundant information, so many strong people are willing to go to the Yin family to register."

Wang Fan and his party nodded again, but no one intervened.

Soon, the party went to Chen's inner courtyard. After Chen hanyue arranged for Wang Fan and his party's residence, they went straight away.

When Wang Fan entered the Chen family, the Yang family, daffodils, Wu Lankui, shuiyouxing, Muyou

and others were just like prisoners in a big hall, and their faces were very ugly.

Around them, dozens of strong men of the Yang family were staring at each other, and their eyes were full of murderous spirit. It seemed that only a few people would kill them if they had misdeeds.

## **Chapter 3640**

The water fairies were very subdued. Although they had escaped from Pumi city before, they didn't let their family chase them. In the end, they were captured.

Yes, even if they were captured, there are only eight of their original ten strong men.

At the moment, Narcissus and others are extremely resentful, not only resenting Yang family, but also Wang Fan.

If it had not been for Wang Fan's obstruction, they would not have been reduced to such a state.

In the center of the hall, above the first place, an old man sat high in his seat, his eyes cold, scanning the water fairy and others below, and his killing intention was not concealed.

This person is a senior member of the Yang family, named Yanggu, whose strength is unfathomable.

If it had not been for the opening of the secret place in the near future and the allocation of resources, I'm afraid he would have ordered the killing of water fairies and others.

"Want to live?" Yanggu cold looking at the water fairy eight people, a moment, deep breath, cold mouth asked.

The water fairy and others stared at the old man, but no one spoke.

Yanggu didn't care. He said, "if you want to live, I will give you a chance. If you don't want to live, I will kill you directly."

Water fairies and others still don't talk.

Yanggu see this scene, eyes in the emergence of a touch of cold, finally is unbearable.

All of a sudden, his right hand suddenly grasped, and muyuan, the eighth floor of xianzun, was directly caught in his hand.

Muyuan didn't even have time to respond. He didn't even scream. The next second, Yanggu's palm was firmly grasped, and muyuan turned into a blood mist.

Looking at this scene, the face of the narcissus and others can't help changing, only feel a little chilly all over.

Muyuan, on the eighth floor of xianzun, is not so powerful, but it is definitely not weak.

Even the endless city master, I'm afraid, can't kill muyuan so easily.

But now Yanggu has done it.

What a terrible strength it must be.

Has it reached the legendary realm of Immortal Emperor?

Yanggu slapped muyuan to death, and then said coldly, "I'll ask if I want to live. If I keep silent, I'll let you shut up forever."

When the water fairy and others heard this, they couldn't help clapping.

This time, they didn't dare to be silent again. They didn't wait for Yanggu to ask questions, so they quickly bit their teeth and said, "I want to live."

"Humph, bitch." Yang Gu saw the performance of the people, sneered, and continued, "since you want to live, then on behalf of my Yang family to fight."

"Fengku's secret place is about to open, and the eight families in pumicheng are involved in the competition for the number of people. You fight on behalf of our Yang family. "

"If you can get the quota, I'll spare your life. If you can't, I'll die. Do you understand?"

Water fairy and others are all muddled.

They don't really understand.

Because they just came to Pumi City, they didn't have time to stay, so they were chased by the Yang family. They didn't know the secret place of Fengku.

"Yangji, tell them the details. If they dare to do anything, kill them directly. "

Yanggu is lazy to say more, leave a word, directly disappear.

Yang Ji, who was standing on one side, didn't come out until Yang Gu left. He said carelessly, "hum, I don't like you. It's your blessing. I dare to fight and die."

"Aren't you arrogant? Aren't your bones hard? Now let's try to be arrogant again? "

Yangji is extremely arrogant and domineering.

He didn't get down to business at all, but started to scold directly.

Not only that, he also went to the daffodils and other people, next to a slap face humiliation.

Water fairies and other popular madness, but did not dare attack, can only endure humiliation.

Yang Ji see this group of people recognize counsels, this just satisfied, began to introduce the wind dry secret place thing.

After the introduction, no matter what these people think, they point their fingers directly at the water fairy and say, "don't go with Ben. Hum, if you dare to resist, I'll kill you first."

The water fairy's face was blue and white. He was almost angry, but he didn't dare to resist at all. He had to bite his teeth to keep up.

The rest of the strong people in endless city looked at this scene, and their faces also showed anger and humiliation.

They naturally know what Yangji wants to do when he takes the water fairy.

Unfortunately, they have no strength to resist.

In endless City, they may be regarded as the powerful overlord, but in Pumi City, they are really nothing.

Wang fan doesn't know what happened to the water fairy. At this time, he has already lived in the residence arranged by the Chen family.

For the next three days, Chen hanyue didn't disturb Wang Fan, so Wang Fan was quiet.

On that day, as soon as it was light, Niu Dazhuang came to Wang Fan's house.

Wang fan saw Niu Dazhuang, slightly stunned, and could not help saying, "what's the matter?" He was not familiar with Niu Dazhuang, but he knew that he lived next door.

However, in the past three days, Niu Dazhuang did not disturb him, so they were not familiar with each other.

Niu Dazhuang nodded and said with a smile, "elder martial brother, the preliminary competition will start today. Don't you go and have a look? How about us

At this time, Niu Dazhuang, where there was the fury of Wu Zhen in the first battle, just like a simple and honest country bumpkin.

Wang Fan looked at Niu Dazhuang's picture, a little hairy, not quite adapted.

But after thinking about it, he nodded, "OK, let's go and have a look."

As for Niu Dazhuang calling him elder martial brother, Wang Fan didn't care.

In this world, the strong are respected.

Although Wang Fanxiu is stronger than Niu Dazhuang, his strength is stronger than him.

"Good." When Niu Dazhuang saw Wang Fan's promise, a smile appeared on his big face. "Elder martial brother, my name is Niu Dazhuang. I don't know what to call my elder martial brother?"

"Wang Fan." Wang Fan said.

"Elder martial brother Wang Fan, where are we going to watch the preliminaries? The preliminaries are all held at the same time. Which one shall we go to?" Niu Dazhuang asked.

Wang Fan thought, "isn't the Cold Moon Fairy saying that the Yin family is very strong? Let's go to the Yin family."

"Good." Niu Dazhuang nodded.

The next two people did not talk too much nonsense, directly out of the Chen family.

However, they just walked out of Chen's house and saw Wu Zhen and others.

Wu Zhen saw Wang Fan and his face was a little bit ugly.

Especially looking at Wang Fan, he always thinks about the events three days ago, and feels very humiliated.

Wang Fan didn't have so many ideas and didn't bother to pay attention to these people. He bypassed them and planned to leave.

But before he left, a young man said with a smile, "you two, since you met me, why don't you join us? We're going to the Yin family. How about you

The young man said, as if thinking of something, and said, "yes, I'll call it Hongtao."

Wang Fan didn't want to deal with these people originally, but as the saying goes, everyone is in the Chen family, so he nodded politely:

"since elder martial brother Hong is interested, let's go together."
