### **Chapter 3641**

Pumi city.

Yin family.

Yin family is the strongest family in Pumi City, so the mansion is also magnificent.

The grand mansion alone has proved the inside information of the Yin family.

At this moment, the door of the ten meter high and nearly one hundred meter wide residence of the Yin family has been completely opened, and countless monks are competing to enter.

On both sides of the mansion, there were rows of guards in red armor.

The cultivation of these guards is not high, only in xianzun's junior high school, but everyone is full of iron and blood. Obviously, they have experienced the most severe ordeal of life and death.

As a matter of fact, all eight of them have such private guards, but the cultivation of these people is extremely difficult, and most of them have lost their potential.

Therefore, this is also the reason why each family did not send their own guards to fight for the quota.

After all, when they go to Zhongzhou and Dongyu, they are all looking for development and opportunities. Once those people succeed in cultivation, they will feed back to their families in the future.

If you send such a group of potential guards in the past, it would be like digging your own grave.

"I'm sure I can make it in the preliminaries!"

"Zhongzhou Dongyu, that's the place I've been longing for for many years. This time I must get the quota!"

"If you miss this opportunity, the next one will be three years later. It's too long."

Those monks who came into the Yin family, countless people were gnashing their teeth and talking to themselves.

Some people look firm and confident, while others are nervous and nervous.

It's a great chance for anyone to go to the eastern region of Zhongzhou.

Although Pumi city has been regarded as the boundary of central state, it is far away from the holy land.

Except for a few of the most powerful, many people have never reached the real holy land of Zhongzhou in their whole life.

There were also people who tried to cross the endless deep sea in the past, but most of those people fell into the vast deep sea without any bones.

As a result, every three years, the secret of wind withering is opened. For everyone, it is opportunity and opportunity.

Outside the residence of the Yin family, Wang Fan and his party arrived quietly.

They looked at the monks with different expressions who poured into the Yin family, and they were also filled with emotion.

"So many people, the competition is too fierce."

Niu Dazhuang stares at the crowd and says.

When he spoke, he was still a little pleased. Fortunately, he was selected ahead of time. Otherwise, it would be too difficult for him to participate in the preliminaries.

Thinking of this, Niu Dazhuang can't help but peek at Wu Zhen.

It's nice of this guy to give him a chance.

Seeing Niu Dazhuang's eyes, Wu Zhen seemed to see through what he thought. He was angry, but he didn't speak.

"It's like this when the secret is opened every three years. However, most of these preliminaries are not a threat to us, unless some dark horse figures emerge

Hong Tao also said with emotion.

When it comes to the dark horse, I have a meaningful look at Wang Fan.

Wang Fan's face is muddled.

What do you want me to do? Am I a black horse? I'm not a black horse, but a real strong one.

"The holy land of Zhongzhou, it's the place that our friars dream of. It's said that there are so many arrogant people there, so there are so many clan forces, and there are so many opportunities for the contrarian treasures. Opportunities are everywhere. "

"Over the years, there have been countless strong people there. Let's just say that today's eight masters are all rising in the holy land of Zhongzhou. "

Wu Zhen has been silent, but also can not help but sigh, eyes full of yearning.

Zhongzhou holy land, which is their dream holy land, no one does not want to go.

Wang Fan listened to these people's words and looked at their expressions. Although he also understood their feelings, he could not empathize with them.

When he came to the holy land of Zhongzhou, he just had no way, but he didn't yearn so much.

"Let's stop feeling. Let's go in and have a look."

Wang fan is too lazy to listen to these people's chatter. It's really meaningless. He said very untimely, then took the lead and walked towards the Yin family mansion.

Hong Tao, Wu Zhen and Niu Dazhuang were speechless when they looked at Wang Fan's back.

But they didn't say anything, they all followed.

Wang Fan and his party soon entered the Yin family and came to a huge martial arts arena with the flow of people.

The arena is very large, covering tens of thousands of square meters.

However, in front of the arena, there is no platform, but there are ten illusory space doors.

Wang Fan looked at the door of the ten illusory spaces, slightly surprised.

Hong Tao seemed to notice Wang Fan's surprise and said with a smile, "younger martial brother Wang, those ten doors are the entrance to the battlefield, and inside are the battlefield." "You know, this is a battle between the immortal and the strong. You don't think you will build ten platforms to fight."

Wang Fan's face is black. Is it despised?

He coughed and said, "I know. I'm just curious."

When Hong Tao saw Wang fan like this, he laughed and said nothing.

Wang Fan did not care about Hong Tao's smile, but looked at Niu Dazhuang and asked, "brother Niu, do you know the rules of the game? Is it going to be one-on-one elimination? "

Wang Fan's words fell, and several people died in an instant.

Is this guy an alien? Don't even know the rules of the game?

Although Wang fan doesn't need to participate in the preliminary competition, he can't even know the preliminary competition rules, can he?

Niu Dazhuang is also a face of shock, "you, you don't know?"

Wang Fan didn't have a good way, "I'll ask you if I know?"

Niu Dazhuang gave a dry smile and said in a low voice, "how can it be a one-on-one game? How long will it last. The preliminaries are very cruel. We have to fight in groups of ten, leaving only one person

At this point, Niu Dazhuang secretly looked at Wu Zhen, "speaking up, I also want to thank you and elder martial brother Wu. If it wasn't for you, I'm afraid I would not have been able to cross the preliminary and directly participate in the second round."

Although his voice was small, Wu Zhen heard it.

Wu Zhenna looked at Niu Dazhuang with cold eyes. Although he didn't say anything, he was scolding in his heart.

What the hell are you talking about?

He has decided that once he meets Niu Dazhuang in the semi-finals, he will be dealt with well.

"Look, is the Yin family coming? That's Yin Xuan fairy? I've heard for a long time that Yinxuan is one of the eight beauties in Pumi city. When I see her today, she really deserves her reputation. "

"You have a problem in your mind. When is it that you still want to think about it? Yinxuan fairy is not only one of the eight beauties, but also one of the eight young masters. If you hear this, you will die. "

At a certain moment, accompanied by a commotion, Wang Fan and others noticed that at a junction in front of them, a group of people slowly walked into the martial arts arena.

The leader is a woman. She is wearing a long red dress with enchanting figure and charming face.

Her cheek smile, every move, every frown and smile, are extremely tempting, hook people's mind, it is palpating.

In terms of appearance, she may not be much better than Chen hanyue, but in terms of charm, she is thousands of times stronger.

"Goblin Wang Fan sighed in his heart. Instead of paying attention to Yin Xuan, he looked at the people behind her.

### **Chapter 3642**

Behind Yinxuan, Wang fan saw several acquaintances.

Xue Wuyue, a cold faced blood fairy, and Li Dao, the boxing master who had conflicts with him, as well as Yin Xuan and Yin Yu brothers.

Even the blood fairy, Li Dao, Yin Xuan and Yin Yu, who were arrogant and arrogant that day, followed Yin Xuan respectfully. It can be seen that Yin Xuan's status in the Yin family.

Wang Fan swept blood fairy a few people one eye, drew back the line of sight, did not pay attention again.

After all, the other side is also strong, he has been staring at people, people can feel.

If it causes unnecessary trouble, it's not very good.

However, although Wang Fan had been very careful, Xue Wuyue, the blood fairy, still felt Wang Fan's sight. She looked at Wang Fan and immediately saw Wang Fan.

Seeing Wang Fan, the blood fairy seemed a little surprised, but he didn't say much. He nodded slightly and shifted his sight.

On the contrary, the boxing respected Li Dao, Yin Xuan Yin Yu, and did not feel Wang Fan's attention.

From this we can see that their strength is not as good as blood fairy.

As for the eight beauties, oh no, Yin Xuan, one of the eight little statues, because many people's eyes were on her, she didn't notice Wang Fan.

After all, Wang Fan's cultivation is only immortal. In her eyes, this kind of cultivation can't enter her eyes at all.

"Good demon woman, this woman is so enchanting and charming, is she really one of the eight little zuns? If so, it's too dangerous. "

Niu Dazhuang gave a glance at Yinxuan and quickly turned his eyes away.

Although his strength is not weak, but compared with the eight less respect, there is still a big gap.

Niu Dazhuang naturally has this self-knowledge.

"Boon." Wu Zhen heard Niu Dazhuang's words, looked at him contemptuously, and uttered a rude sentence in a rare low voice.

It was Hong Tao who introduced him to Wang Fan, "that is shaozun of the Yin family. He has three levels of immortal Zun, and is very powerful. If you meet younger martial brother Wang, you should be careful."  
"

"Don't look at the enchanting and charming woman. It seems that human beings and animals are harmless, but she is extremely ruthless. Moreover, the charm technique is unparalleled in the world."

"I don't know how many outstanding young people have fallen under her feet and are willing to die."

Hong Tao is introducing, the Yin Xuan over there seems to have an induction, that pair of enchanting eyes sweep toward this side.

Hong Tao's face was slightly smothered. He quickly shut up and said no more.

Yin Xuan nodded to Hong Tao with a smile. She glanced at Wang Fan again, especially Wang Fan. Then she looked away.

"This woman has such a keen sense." With a bitter smile, Hong Tao became more and more afraid of Yin Xuan.

Wang Fan did not speak, but looked at the door of the ten illusory spaces.

He's here to watch the game, not the women.

On the other side.

Yin Xuan pointed to Hong Tao and said, "I didn't expect that the people of Chen family came to my Yin family. It seems that they are afraid of my Yin family."

"That should be Tu Dao Hongtao. If you meet him in the final, kill him. Don't be merciful."

Yin Xuan said these words with a smile. Her voice was soft and beautiful.

But her words are not in line with her pleasant and charming tone. When it comes to killing people, they all have such a charming expression.

With Yin Xuan's voice, Xue Wuyue, the blood fairy, Li Dao, and even Yin Xuan and Yin Yu brothers couldn't help looking at Wang Fan.

Originally, they planned to see Hongtao in Yinxuan's mouth, but they didn't expect to see Wang Fan at first sight.

"Is that him?"

"Son of a bitch, how dare he come to my Yin House?"

"Motherfucker."

Li Dao, Yin Xuan and Yin Yu, the three boxing masters, immediately became ferocious when they saw Wang Fan. They were all gnashing their teeth.

Yin Yu, in particular, wanted to rush up and kill Wang Fan immediately.

That day in wanyuanlou, this son of a bitch brought him shame, which he still remembers.

This can be really should that sentence, the enemy meet particularly red eyed.

Wang Fan also felt the sight of Yin Yu and others. He laughed and nodded to some people with a friendly expression.

"Son of a bitch!"

But his expression, in the eyes of the three people, was more unbearable.

This is clearly a provocation!

"Why, do you know that fairy?" Yin Xuan felt this scene, but she was a little surprised and couldn't help asking.

"That day, he was the first floor of xianzun who was domineering in Wanyuan building." Yin Xuan said with a gloomy face.

He didn't mean to say that Wang Fan was the guy who hurt Yin Yu with three fists. That would offend Yin Yu to death.

"Oh?" Yin Xuan's face changed. She really didn't see that Wang Fan was so strong.

Although she didn't see what happened in wanyuanlou that day, she still knew it.

Wang Fan's three fists hurt Yin Yu badly, and he also suppressed Li Dao strongly. It's not so strong.

Even if Wang Fanxiu was on the third floor of xianzun, she would pay enough attention to this step.

Not to mention, Wang Fan has not had three layers of xianzun, only one layer of xianzun.

Does this not mean that if Wang Fan enters the second level of the immortal Zun, he can sweep all the early stages of the immortal Zun?

Terrible!

Against the sky!

"Come on, let's go and have a look." Yin Xuan soon recovered her smiling face and walked directly towards Wang Fan.

"How did the enchantress come?" Niu Dazhuang glared and muttered, then he quickly lowered his head and did not dare to say more.

Although he is also a strong man with a rebellious character, it depends on the occasion and time.

On the battlefield, it is natural to be rebellious and domineering.

But outside the battlefield, it's not necessary.

In the face of the strong, we have to admit counsels. Only in the face of the weak, can we be ruthless and overbearing.

This is Niu Dazhuang's code of conduct.

But now, he is in the territory of other people's Yin family. If he is thought about by Yin Xuan and killed by her, he will die in vain.

Hong Tao also can't help but slightly pick eyebrow, obviously don't know what Yin Xuan come to do?

Do you want to do something to get rid of them in advance? Not really?

Wu Zhen's expression is also a little nervous and dignified. The immortal yuan in his body has already started to surge. When something is wrong, he immediately makes an impulse.

Among the people, Wang Fan was the only one who was calm.

Of course, he was just calm on the surface, but he was alert secretly, and he was ready to start or run away at any time.

"I don't know what to call this younger martial brother?" Yin Xuan soon came to Wang Fan and his party and began to smile.

Wang Fan gave a dry cough and made a nervous expression. He didn't dare to look at Yinxuan and said, "Niu, Niu Dali."

Heaven and earth can be learned. He didn't mean to cheat Yinxuan, but because he noticed Yangji and ShuiXianzi not far away.

They are all great enemies, and their accomplishments are still in the later period of xianzun.

If he dares to name Wang Fan, he is sure that even if Yinxuan doesn't mean to fight him, Yangji and ShuiXianzi will kill him regardless of everything.

Wang Fan cursed in his heart that these people were in the late xianzun period. They came to see what xianzun was fighting in the early xianzun period. It was really painful.

Moreover, he was also surprised that Yangji actually came together with the water fairy, which ...

### **Chapter 3643**

"Niu Dali?"

Listening to the name, Yin Xuan didn't feel much, but Niu Dazhuang and Hong Tao were shocked.

Especially Niu Dazhuang, how is the name so familiar? What the hell is this guy doing?

"It's brother Niu." Yin Xuan didn't care about Niu Dazhuang's expression, or she noticed it, but she didn't take it seriously.

In her opinion, it was she who came to talk with Wang fan that caused the shock and curiosity of these people.

After all, she is eight little Zun. Oh no, she is one of the eight beauties. She came to find a guy who only has xianzun level, which is not shocking.

In fact, at the moment, many people around have noticed this side.

Even water fairies and Yangji are no exception.

There's no way. Yinxuan is very famous and arrogant.

It is impossible for her to find a fairy.

"Younger martial brother Niu, I've heard your name for a long time, and I admire you very much. I wonder if younger martial brother Niu can give me a chance to let me be a good host?"

Yin Xuan's pretty face showed a charming smile and said with a cackle, which charmed all living beings for a moment.

At this moment, Wang Fan only felt a strong mental force pouring into his mind. The next second, he saw a beautiful scene.

Yin Xuan was wearing a gauze and came step by step. She looked at Wang Fan with deep feelings.

If not for Wang Fan's firm mind, I'm afraid he would be lost in this illusion.

Wang fan is still like this. Niu Dazhuang and others are even more unbearable. Their eyes are red and they are breathing heavily.

Only Hong Tao was a little normal, but his face turned red.

In Wang Fan's body, the immortal yuan is surging wildly, and his mental power is surging out, which directly dissipates Yin Xuan's mental power. He says in a cramped way,

"the fairy can't stand up to me, how can I stand up to the fairy. Fairy, Niu has something else to do, so let's go first. "

With that, Wang Fan snorted, which made Niu Dazhuang and others wake up, then turned around and left.

This woman is so hateful that it's ridiculous to use this method to attract him.

Is he Wang fan that kind of person?

Of course, the reason why Wang fan doesn't want to stay here is not only because of Yin Xuan, but also because of Yang Ji and water fairy.

That's the enemy of life and death. Once the identity is exposed, I'm afraid it will be really miserable.

Wang Fan was so fast that Yin Xuan didn't come back.

Waiting for his reaction, Wang Fan has gone away.

"Fairy, we're leaving."

"See you later, fairy."

Hong Tao and others also quickly said hello and followed Wang Fan.

They were all shocked.

One is the powerful spirit that shakes Yinxuan, which almost makes them sink, but shakes Wang Fan.

Wu Zhen and Niu Dazhuang, in particular, were in a state of turmoil and could not be calm at all.

Previously, they were almost lost in Yin Xuan's spiritual fantasy, but Wang Fan, who was mainly targeted, was not at all OK, which was too terrible.

"It's interesting." However, they were shocked, and Yin Xuan was even more shocked.

She had doubts about Wang Fan's strength, but now she has no doubt.

Among other things, Wang fan is incomparable only in his mental strength and will.

"Sister." Yinyu saw Wang Fanyuan go, some unwilling, slightly called.

Just as he just said a word, he was scolded by Yin Xuan, "shut up! You're such a waste, such a person, you've offended and gone. "

"This man has a strong spirit, a firm will, and can compete with Li Dao. If he can fight for my Yin family, he will win a place."

"But you are such a waste. You are such a waste. You are such a waste."

Yin Xuan changed her smile and her face was cold.

Yin Yu's scalp was numb, but he didn't dare to say a word more.

Don't say it's him. Even Li Dao, who was invited by the Yin family, didn't dare to talk much at this time.

On the other side.

The water fairy looked at Wang Fanyuan, and a look of doubt appeared in his eyes.

She always felt that this person was a little familiar.

The first level of xianzun was together with the early strong xianzun invited by the Chen family, and was able to resist Yinxuan's spiritual fantasy.

The more she thought about it, the more weird she felt.

This person, can't it be Wang Fan?

However, it is hard to say.

After all, this is Pumi City, and it's possible for a strong man to emerge.

"Yao Yao, what's the matter? Do you know him?"

Yangji felt the change of Shuiyao's face, a hand around her waist, yawned and asked. "I don't know. I just feel familiar." Shuiyao felt the dishonest hand, and a touch of disgust and murder appeared in her eyes, but she didn't dare to show it.

She is also a woman of great means. Although Yangji has got her, she is infatuated with her, almost to the point of obedience.

"Familiar?" Yang Ji can't help but pick eyebrows, "in Pumi City, you should not know many people."

Yang Ji said, suddenly in the mind a flash of light, "immortal respect a layer, is he at the beginning you that bold guard?"

Obviously, Shui Yao had already told him about that day.

Shuiyao nodded, "I feel like it, but I'm not sure. After all, this is Pumi City, and it's not impossible for the strong to emerge. "

At this point, Shuiyao pondered a little and added, "but I really think he is familiar with it. After all, Wang fan is also an immortal, and he is very powerful. "

When Yang Ji heard this, his eyes narrowed, "what do you want to do so much, tired or not. Since I think he is familiar with it, I'll take it first. "

"It's just a level of immortality. It's hard to be successful, but it's also against heaven. Ben Shao wants to take him. No one can stop him. "

Yang Ji said wildly, looking directly at the four guards behind him, "go to two people, take down the mole ant for me. If you dare to resist, kill them directly."

When the four guards heard this, they hesitated slightly.

This young master of our family, what's the madness.

You know, those people are fighting on behalf of the Chen family. If you do this to them, are you asking for trouble?

Thinking of this, one of them couldn't help saying, "young master, they are from the Chen family."

"Chen family? Is that great? " Yang Ji disdains, "what's more, Ben Shao didn't let you deal with other people, only for the immortal."

"Presumably, the Chen family will not be upset with our Yang family because of a fairy."

Yang Ji runs rampant and is used to being overbearing. Even the Chen family doesn't pay attention to it.

Four guards heard this, although still some hesitation, but soon, or nodded down.

However, they didn't all go out. Instead, they left one and ran after Wang Fan quickly.

It's just one story for an immortal, and nine stories for an immortal. It's worth seeing Wang Fan.

### **Chapter 3644**

Shuiyao looked at the ninth floor of xianzun, and a cold smile appeared in her eyes.

Wang Fan, Yang Ji, these two people should die.

Although she has to compromise and commit herself to Yangji now, she still hates Yangji very much.

If she had a chance to eradicate this guy, she would not be soft hearted.

Of course, Shuiyao doesn't show it on the surface. Instead, she says, "he's a member of the Chen family now, and we haven't determined his identity yet. Will it lead to hostility from the Chen family if he acts rashly like this?"

Yang Ji disdained smile, "just a layer of fairy respect, you don't worry, it's OK."

With that, he hugged Shuiyao's waist and walked out of the Yin family slowly.

The other three guards of the ninth floor of xianzun were behind them, but they were not good at looking at Shuiyao.

However, now Yangji is infatuated with Shuiyao, so no matter how bad they are, they can't say anything more.

On the other side.

Yin Xuan and others are also aware of Yang Ji's actions, and even hear their conversation.

"What does Yangji want to do? Does he know the bull Yin Xuan was puzzled.

Yin Yu didn't speak, but his expression was a little schadenfreude.

Since Yin Xuan doesn't kill Wang Fan, Yang Ji's action is also good. It's a big help for them.

"You, follow me." Yin Xuan didn't think much about it, but pointed to a guard on the ninth floor behind him and said.

As a shaozun of the Yin family, she naturally has nine levels of protection.

"Yes." The immortal master nodded, but soon asked, "Miss, if he is in danger, should I do it?"

Yin Xuan was a little silent, then shook her head, "no need."

"Good." That immortal Zun nine layers didn't say more, body shape a flash, directly disappear.

Wang Fan just walked out of the Yin House, he noticed that Yang Ji's guard chased him out.

"Still recognized? It shouldn't be Wang Fan eyebrows slightly pick, he really did not think, he just came out, Yangji will send xianzun nine layer chase.

However, Wang fan is not vague, but while speeding up, he said to Hong Tao and others, "I'm in some trouble now, you go back to Chen's first."

"After you go back, you will tell hanyue fairy that the people of Yang family want to kill me and let her bring people to save me."

After that, Wang Fan no longer talks nonsense, his figure flashed and disappeared in an instant.

Hong Tao looked at each other, confused.

What's wrong with this?

How is it so good that it's related to the Yang family?

They are very depressed.

Today, I came to Yang's home to watch the battle, but before the preliminaries started, I met a big wave of inexplicable things. It's really speechless.

However, a few of them, as three-tier monks of xianzun, responded very quickly.

Instead of following Wang Fan, they immediately turned around and rushed to the Chen family from the other side.

That immortal Zun nine layers didn't go to see them at all. Instead, he speeded up and chased Wang Fan.

Wang fan is as fast as lightning.

But no matter how fast he was, he was not as good as the immortal ninth floor.

After running to the bustling Main Street, Wang Fan ran wildly and yelled to the ninth floor of xianzun:

"master, you are the strong one in the ninth floor of xianzun in Yang family, but now you come to hunt me down. Don't you think it's too much?"

"I'm a monk invited by the Chen family to join the war. Are you not afraid to arouse the anger of the Chen family when you chase me in the street like this?"

"You Yang family can't recruit experts, but now it's despicable and shameless to use this method to pursue and kill experts recruited by other families."

Wang Fan ran wildly and scolded at the same time. In an instant, he aroused the eyes of countless monks.

What?

The strong Yang family is chasing down the monks invited by other families?

It's too blatant and rampant, isn't it?

Everyone is a little confused.

After all, this kind of thing has never happened in previous years.

Even if other families want to entrap the strong competitors in secret, they will never be so blatant.

"Son of a bitch, you are just a bunch of bullshit." After Wang Fan, the Yang family guard was about to explode.

This bastard dares to frame him up like this. I'm really looking for death.

Wang fan is no matter so much, cold hum way, "a bunch of nonsense? Then tell me, why are you after me? Have I ever offended you? The ninth floor of xianzun is chasing me. How shameless are you? "

Wang Fan hummed coldly. He didn't wait for the Yang family guard to reply. He continued, "what's more, dare you say you're not the Yang family guard? Just now I saw you standing behind Yangji. How dare you deny that? ""Did you see that I was favored by the Chen family, and just now I was recruited by the fairy Yinxuan in the Yin family, so I was jealous, so I wanted to kill me?"

"Son of a bitch, you are so mean. You mean animals, I will not fight for your Yang family. "

Wang Fan was filled with righteous indignation and seemed to be extremely angry.

At the same time, the Yang family guard was not far away from him.

There's no way. No matter how fast Wang fan is, he can't reach the first level of xianzun. Where can he reach the Ninth level of xianzun?

What's more, he hasn't made a big move yet, so the speed is even worse.

When the friars around heard this and looked at Wang Fan and the Yang family guard, they couldn't help talking about it.

"I know that man. He's really from the Yang family."

"Hehe, that's one of the four guards of Yangji. Isn't it the boy who offended Yangji?"

"I don't know how the Yangs dare to be so unscrupulous and go after the strong contestant invited by the Chen family. It turns out that Yangji did it."

"Yang Ji is arrogant and overbearing. It's really possible for him to do such a thing."

At this time, Wang Fan did not dare to continue to speak, but while frantically urging Xianyuan in his body, while frantically running forward.

At the moment, the Yang family guard has completely approached him, ready to move.

In this case, Wang Fan did not dare to be careless, let alone yell.

He was speechless, and his heart was roaring.

Why didn't the Chen family show up?

He has been shouting for such a long time. Is there no one in the Chen family who is strong to hear or rescue? What eight bullshit families!

Boom!

When Wang Fan scolded in his heart, the Yang family guard's eyes flickered with cold light, and it was already a blow.

With a stab, the space was directly torn out of a crack, and the boxing ideas all over the sky were wildly emerging, mixed with endless roads, directly penetrating the void and bombing Wang Fan.

At the same time, his immortal field has also fallen on Wang Fan crazily. He has completely suppressed Wang Fan and slowed down Wang Fan's speed.

With one punch, the world turns pale.

All the friars around gave way in horror, for fear of being affected.

Wang Fan felt this scene, and a ferocious look appeared on his face.

The next second, he was all over Xianyuan had been crazy through the body, at the same time turned back, a punch to meet up.

### **Chapter 3645**

Boom!

With a bang, the furious Xianyuan burst apart. Wang Fan only felt a huge force pouring into his body, spitting out a mouthful of blood, and the whole person flew out in an instant.

He smashed many buildings in a row and fell to the ground.

As for the friars around, many of them were also affected by the aftereffects. They vomited blood and fell to the ground. Many of them even died on the spot.

"The Yang family has killed people. Run away!"

"The Yang family is so overbearing. Why is it so?"

"Son of a bitch, I'm from the ancient family. If you dare to hurt me, you'll die."

Countless calls and curses spread out instantly, and the whole scene was completely disordered.

You know, this is one of the main streets of Pumi city. There are countless friars coming and going, and there are also some friars from eight families.

Now that these people are affected, they are naturally very angry.

The Yang family guard looked at this scene, his face was also extremely ugly, and he hated Wang Fan in his heart.

On the other side, Wang fan is also difficult to climb up from the ruins, his face is very gloomy.

It's dangerous.

Almost killed.

Fortunately, this is the street. The Yang family guard didn't dare to kill Wang Fan.

Otherwise, he will die with one blow.

Wang Fan didn't talk much. His figure flashed and he continued to run away.

If you don't run away, you can't do it. He can't deal with the ninth floor of xianzun.

"Yangji, don't let me seize the chance, or I will kill you."

Wang Fan was cruel in his heart and hated yang to the extreme.

If there is no chance, he will kill Yangji.

Wang fan can't kill the strong one in the ninth floor of xianzun, but he is sure to kill the seventh floor of xianzun in Yangji.

"Want to go? Hum The Yang family guard was slightly surprised to see that Wang Fan had more strength to escape.

However, he soon regained his mind, hummed coldly, and pursued forward.

Things have come to this point, naturally, Wang fan can not be let go.

Otherwise, his reputation stinks, and Wang fan doesn't kill him. That's really the loss of his wife and his army.

Chen family.

Chen hanyue also knew what happened to Wang Fan, and her face suddenly became cold.

"Yang family? What a brave man

Chen Han's face is like frost. He is extremely angry.

"You go first, rescue Wang Fan. As for the Yang family, if they dare to fight, there will be no amnesty for killing them. " Chen hanyue waves her hand and makes a decisive decision.

"Yes

With her voice, the two immortals rose from the ninth floor and disappeared in the courtyard of the Chen family.

"Yang family, Yang Ji, dare to kill the strong man invited by Chen family. Is this deceiving nobody in Chen family? It's too much deception

Chen Hanyue is not idle, cold murmur, while closely followed out.

Behind her, there are also two Xianzun's followers.

As for Hong Tao and his party, they did not dare to follow.

It's the fight of the ninth floor of Xianzun. They can't take part in it.

If you don't do it well, you may be killed directly.

Boom!

Boom!

On the street, the roar is still ringing, a building was bombed collapsed, reduced to ruins.

Countless friars were also lifted up and screamed.

Wang Fan is just like a loach. When he is on the run, once he feels something is wrong, he will show his space to move and escape.

In this way, the Yang family guard's attack fell on the empty space and hurt the innocent friars.

Although Wang Fan doesn't want to show his space and expose his cards, he has no way.

If he doesn't make a big move, he will die.

"Yangji, Shuiyao, you should die."

Wang Fan roared in his heart and his intention to kill was boiling.

If it wasn't for the two men and women, how could he be reduced to such a state.

He hates it!

At the same time, Wang Fan's face couldn't help changing again. Then another space moved and disappeared in the same place.

Boom.

With his disappearance, the place where he used to be was blasted out of a gully thousands of feet long.

The Yang family guard's face was livid, and the killing intention in his eyes was almost strong enough to be terrible.

He never thought that it would be so difficult for him to kill a mole ant.

It's been a long time without killing.

Is this really the first floor of xianzun?

Wang fan doesn't know the idea of the Yang family guard. At this time, he is still running.

At one moment, his face suddenly changed, and he suddenly noticed that two strong breath came from the distance. "Yang Xing, stop it!"

"Yang Xing, how dare you pursue and kill my Chen family? Are you deceiving me that there is no one in the Chen family?"

Wang Fan just felt the two strong breath, two angry voices have followed, the next second, two figures have appeared behind Wang Fan dozens of miles away, directly blocking the way of the Yang family guard.

"Is the Chen family here?"

Wang Fan felt this scene and was relieved at last.

Today, it's really dangerous.

He just wanted to see the preliminaries. He almost died. It's ridiculous.

At the same time, he also realized the arrogance and unbridled of Yangji again.

To tell the truth, he really did not think that Yangji would be so arrogant.

The Yang family guard's face changed when he saw the Chen family.

He had to stop and said in a deep voice, "this man is young, he should die!"

"What's more, he's just a mole ant, and he's not your Chen family. Do you really want to fight Yang Shao for this outsider? Offend Yang Shao? "

The voice of that Yang family guard is also extremely cold, directly carried out Yang Ji.

Yang Ji may not be strong, but he is still very famous in Pumi city. He is a famous villain.

Even if these two are immortal nine layers, I'm afraid they don't dare to offend Yang Ji easily.

After all, one is only a guard of the Chen family, the other is a legitimate member of the Yang family.

"I don't care about the grudge between you. In a word, if you dare to do it again, don't blame us for being rude."

"We are ordered by the fairy of the cold moon. If Yang Shao has any dissatisfaction, he can go to my fairy."

The two Chen family guards were not deterred either, one of them said.

The Yang family guard's face was even worse.

If these two guys don't get out of the way, how can he kill Wang Fan?

The most important thing is that Wang fan is getting farther and farther away from him, and is about to enter the area where the Chen family is located.

"What's the matter?" rubbish, rubbish! It's only a layer of mole ants to kill an immortal. You didn't kill them. Did you grow up eating excrement? It's a real loser. "

At this time, a cursing voice came, and immediately, five figures appeared here.

It was Yangji and Shuiyao who led the group, and the other three were Yangji's other three guards.

At the moment, Yang Ji looked at the Yang family guard, very upset.

It's a shame that the ninth floor of xianzun failed to hunt down the first floor of xianzun.

The Yang family guard heard Yang Ji's scolding, and his face was even worse, but he didn't dare to make a sound.

Yang Ji didn't pay attention to him any more. Instead, he looked at the two guards of Chen's family and angrily denounced the dog. He said, "you two, get away from me. Do you dare to do something bad for me? Are you looking for death?"

### **Chapter 3646**

Two Chen family guards heard Yang Ji's angry rebuke, their faces were very ugly, but they didn't dare to attack.

No other, status is inferior to people, can only endure.

But they didn't get out of the way either. They were from the Chen family and came at Chen hanyue's command. Naturally, they wouldn't listen to Yang Ji.

Yangji see two people indifferent, is angry.

"Ben told you to go away, didn't you hear me? Just two dogs. I dare to ignore Ben Shao. Are you looking for death? "

Yang Ji is really angry. He points his fingers at the heads of the two Chen family guards, and spit on their faces.

The two Chen guards frowned more tightly, but they still didn't say anything.

As long as they wait for Chen hanyue to come, they don't have to worry about it.

One side, the Narcissus looked at this scene, the face is slightly strange.

You know, in endless City, even if the status is higher, but cultivation is not as good as people, also dare not be so presumptuous.

Take Shuiyao as an example. She is a descendant of the Shuijia family and has a strong ancestor. Few people can compare her identity.

But even so, she also wants to be polite when she faces those strong people in the water family. How dare she be so presumptuous?

Originally, Shuiyao thought that Yangji only dared to be so presumptuous to his guards. She never thought that Yangji would dare to be so presumptuous to Chen's guards.

"This Yangji is so arrogant and domineering. According to his temperament, he will be killed one day. Son of a bitch, it's better to die. "

Shuiyao thought bitterly in her heart and thought of Wang Fan, "that Niu Dali could not die under the pursuit of the strong man in the ninth floor of xianzun. It's extraordinary."

"It is said that Wang fan is also very powerful and has the strength to cross the border to kill the seven layers of xianzun. According to this, it is not impossible for Wang Fan to survive under the pursuit of the nine layers of xianzun."

"It seems that Niu Dali is mostly Wang Fan."

Water Yao thought of here, some gnash their teeth, "damn guy, even dare to calculate the fairy, the fairy certainly can't spare him."

The water fairy thinks of these, over there, Yang Ji is some fried hair.

"You two dogs are determined to break the law, aren't you? Bastard, kill them, give Ben less to kill them.

"

Yang Ji angrily scolds the two Chen family guards, and at the same time, he has given orders to the four Yang family guards behind him.

If these two people are Chen's direct family, it's all right. He can't help it if he doesn't give Yang Ji face.

But these two people are just two dogs of the Chen family. They dare to ignore him like this. They really want to die.

However, just when Yangji is angry and wants to order to start, a cold voice comes, and then Chen hanyue appears here.

"Kill my Chen family? Yang Ji, you are really a big voice! Today, I want to see how you kill my Yang family! "

Chen hanyue looks at Yangji, cold and disgusted.

Although Yangji's cultivation has reached the seventh level of xianzun, she only has the third level of xianzun, but she has no fear at all.

What Chen hanyue looks down on most is Yang Ji. If it's just normal, she won't provoke this madman.

But now, the secret of Fengku is about to open, and all the families are preparing for the quota.

Yang Ji is actually sending someone to kill the strong man whom Chen family solicits. This is humiliating her Chen family, humiliating her Chen hanyue.

When Yang Ji saw Chen hanyue, his smile suddenly disappeared and he said with a smile, "who am I? It turns out that I'm the younger martial sister of hanyue. Don't be so angry, younger martial sister hanyue. You can sit down and discuss something. "

"How about that? Let's go over there and talk about the mole ant in the immortal family?"

Yang Ji's words fell, and many friars around were speechless.

Although they have heard of Yang Ji's shamelessness for a long time, they didn't expect that this guy would be shameless to such a degree.

Typical asshole.

"What are you to invite Ben fairy? As I have said, Wang fan is my Chen family. "

"If you Chen family have the ability to kill him in the final, if you dare to use this dark means again, don't

blame my Chen family for being impolite."

Chen hanyue angrily denounced, and the color of disgust in her eyes became stronger.

She didn't want to talk with this kind of scum again. She flashed and went away with two guards.

"Wang Fan?"

And hear Chen hanyue's words, water Yao's face suddenly changed.

It's really Wang Fan, it's really Wang Fan!

She never thought that Wang Fan would dare to appear in Pumi city and take part in this kind of fighting.

At this moment, Shuiyao has the impulse to go to Chen's house and kill Wang Fan.

It's just that she finally managed to hold back.

If she dares to go to Chen's house, it's like death. "Wang Fan? It's really him At the same time, Yang Ji's face also changed and became a bit ferocious.

He thought of the scene when Wang Fan denounced and provoked him in full view of the public.

"Well, let's go."

Yang Ji cold hum a, also didn't continue to stay more, directly take people to leave.

He has decided to kill Wang Fan at all costs.

Wang Fan was so terrible that he could not die under the pursuit of the Ninth level of xianzun.

Since this kind of person has offended, it must not stay, otherwise, it will become his Yang taboo big trouble.

Wang fan doesn't know what happened to Yangji. Anyway, he has become the enemy, so he doesn't care what Yangji thinks.

At this time, he has returned to the Chen family and his residence.

As soon as Wang Fan returned to his residence, Hong Tao, Niu Dali and Wu Zhen rushed over.

Several people are familiar with it now. What's more, they went to the Yin family together before. They saw Wang fan being hunted down with their own eyes. It's not sudden to come and have a look at Wang

Fan.

In fact, Wu Zhen didn't want to come.

But he was afraid that Wang Fan could not die under the pursuit of the ninth floor of xianzun.

This kind of person, oneself still don't offend of good, a little show good some, also nothing.

Maybe you need to rely on Wang Fan after you enter Fengku's secret place.

"Younger martial brother Wang Fan, are you ok?" Before the Hongtao people arrived, the voice had already come in.

Niu Dazhuang was full of adoration and said, "elder martial brother Wang Fan, you are so powerful that you can fight with the ninth floor of xianzun and survive. How do you do that?"

This wild man really worships Wang Fan.

No way. It's too strong.

It's just inhuman.

At least, he had never heard of a monk on the first floor of xianzun who could escape under the pursuit of the strong on the ninth floor of xianzun.

Even if it's a little respect from the big eight, it can't be done at all.

Wang Fan glanced at Niu Dazhuang and didn't pay any attention to him. Instead, he looked at Hong Tao and said with a smile, "elder martial brother Hong, don't worry. I have nothing to do. Just take care of me. Ah, I'm afraid it would have been a disaster if the two elders hadn't arrived in time. "

Wang Fan didn't say how he offended Yangji, and Hongtao didn't ask.

They exchanged greetings with Wang Fan for a while, and then left the courtyard.

It's just that Chen hanyue came just after they left.

### **Chapter 3647**

"Cold Moon Fairy." Wang fan saw Chen hanyue coming and quickly welcomed her.

In any case, Chen hanyue saved him once, so he still has some good feelings for Chen hanyue.

"Isn't your injury serious?" Chen hanyue waved her hand and looked at Wang Fan.

She is not really concerned about Wang Fan, but at this time, Wang fan is absolutely not injured.

According to the rules, after the preliminaries is the second round, Wang Fan needs to participate in the second round.

Only by participating in the second round and promoting to the top 200, can Wang Fan be qualified to participate in the next finals.

Therefore, if Wang fan is seriously injured during this period of time, which will affect the next battle, it will be extremely unfavorable for the Chen family.

Wang Fan shook his head, "thank you for your concern. I'm fine. I'll be fine for two days."

At this point, Wang Fan also said, "thank you very much for the Cold Moon Fairy today. If it wasn't for the Cold Moon Fairy's help, Wang Fan would be in danger."

Chen hanyue waved her hand, "now you are a member of my Chen family. To protect you is what my Chen family should do. If it's OK during this time, you'd better try not to go out. "

"That Yang Ji is arrogant and domineering. If he meets you, I'm afraid he will attack you. This time you are lucky, but next time you may not be so lucky. "

Wang Fan nodded, "don't worry, I will be careful."

"Good." Chen hanyue nodded, and then turned away.

After Chen hanyue left, Wang Fan entered the room and began to heal and recover.

The next two days, Wang Fan did not go out, and the outside world, it is extremely lively.

With the opening of the preliminary competition for the number of places in Fengku secret place, the whole Pumi city has fallen into a hot spot.

Every day, the major families are full of monks.

Although it's only the preliminaries, the competition is extremely fierce.

After two days, I don't know how many monks died on the platform.

At the same time, some evil characters have come out of their addiction and come into our sight.

For example, Yan Wu, the sword sage of the Yin family, gun Zun Long Hao of the Yang family, Yang Qing, the blood god of the Chen family, and so on.

These people are the top talents of xianzun three levels. They swept everything, killed countless opponents, and became the biggest dark horse in the preliminaries.

In short, in the preliminaries, eight families have evil characters emerged, a time of fame, become a man of the moment.

Some people even say that these evils are no less than those of Xue Wuyue, Li Dao, Hong Tao, Wu Zhen and other celestial arrogants.

In two days, the preliminaries were over, and the top 1000 were decided by the eight major players.

Next, the second round.

More than a thousand people competed for 200 places in each family and then entered the final.

As for why there are more than one thousand people instead of one thousand people, the reason is very simple, because monks like Wang Fan recruited in advance will not be included in the one thousand people.

On this day, Wang Fan was practicing, and Niu Dazhuang came to Wang Fan.

"Elder martial brother Wang Fan, the preliminary match is over. Today is the second round. Let's go there together."

Niu Dazhuang is still a simple and honest look, it seems that people and animals are harmless.

It's hard for Wang Fan to imagine that when he fought with Wu Zhen that day, the cruel man who looked like a wild animal would be this guy.

However, Wang Fan didn't say much. He nodded and went to the Chen family martial arts arena with Niu Dazhuang.

More than 1000 people have gathered in the Chen family martial arts arena.

Among the more than 1000 people, in addition to the 1000 shortlisted friars, there are also some junior members and senior members of the Chen family.

Wang Fan glanced at Chen's house and saw not only Chen hanyue, but also Chen xuanyang.

On that day, it was Chen xuanyang who saw Wang Fan's strength and invited Wang Fan to come to Chen hanyue to fight for the Chen family.

Wang fan saw Chen xuanyang, Chen xuanyang also saw Wang Fan, he nodded slightly, but did not say much.

"Eh, are there so few people in the second round today? Why didn't the monks watch the battle? "

Wang Fan swept a circle, some strange, can't help looking at Niu Dazhuang asked.

When Niu Dazhuang heard this, he was stunned for a long time before he replied, "outsiders are not allowed to watch the second round. Don't you know?"

"The goal of the second round is to decide the top 200. And these 200 people will be the bottom card of every family. "

"In this case, their message and fighting style can't be seen, otherwise, once exposed, they are likely to be targeted."

Niu Dazhuang explained that he was right, and finally added, "however, it doesn't have much to do with you."

"I'm afraid you've already spread to the other seven when you fight with the ninth floor of xianzun that day. By that time, you will be targeted."

Wang Fan heard this, some speechless.

At this time, an old man had already stepped onto the high platform and said:"Ladies and gentlemen, today is the second round. The purpose of the second round is to select the top 200. The rules are also very simple. All 1000 people will enter the space battlefield for one-on-one challenge. "

"Whoever you think is not qualified to be shortlisted can challenge the other party and sweep it out. Winner, promotion, loser, elimination. "

"As for the eliminators, after the first 200 decisions, there is a chance to challenge. If they win, they will be replaced. If they lose, they will be out."

"Well, that's the rules of the game. Now please go into the space battlefield."

As the old man said, he waved his hand. In a flash, a door of illusory space appeared behind him, and then he left the platform.

More than a thousand people looked at each other, but there was no nonsense. With a flash of body shape, they all rushed in.

It is the first time for Wang Fan to enter the space battlefield.

This is a vast and boundless space, giving people a very vast feeling.

This space is also open and terrible, not to mention the naked eye can not see the edge, even the mental power, also can not sweep the edge.

Wang Fan looked at this scene, quite shocked.

"Elder martial brother Wang Fan, let's go there." At this time, Niu Dazhuang has come to him, and then they find a place to stand down.

Not only them, but the rest of them all found their positions and settled down.

Wang Fan, Niu Dazhuang, Hong Tao, Wu Zhen and Xiao Yu are standing in one position, which is quite conspicuous.

No way. All five of them are famous except Niu Dazhuang.

Even Wang Fan, who is only immortal, is famous for being chased by Yang family guards.

"The challenge starts with Wang Fan."

Just after everyone stood still, an ethereal voice came from the vast sky, and Wang Fan almost fell to the ground.

Is this, is this bullying his low accomplishments?

Wang Fan looked around, and it was not surprising that he had the lowest accomplishments.

At the same time, the rest of the people's eyes all fell on Wang Fan and became alert. Even in some people's eyes, fear and fear have emerged.

Here, although Wang Fanxiu is the lowest, no one dares to belittle Wang Fan.

After all, the characters who can take the ninth floor of xianzun and not die, and who can escape from the hands of the ninth floor of xianzun, will not be weak.

Wang Fan didn't waste his time either. He walked out of the crowd and looked at the people around him.

### **Chapter 3648**

Wang Fan's eyes swept by, and the atmosphere of the scene fell into a solemn moment.

Most of the monks couldn't help but bow their heads and didn't dare to look at Wang Fan. Only a few of them were full of war in their eyes.

Wang Fan looked around, and did not choose those with strong fighting power.

He is not invincible, but unnecessary.

The most important thing is that if Wang fan is a monk who has been eliminated or seriously injured and is qualified to win the quota, it will certainly cause the Chen family's dissatisfaction. Naturally, Wang Fan would not do such a thing.

"This elder martial brother, Wang fan is not talented. Please give me some advice." Wang Fan soon threw his fist at a man and challenged him.

The man he chose was also at the top of the three levels of immortal worship, but his breath was not rich, and he was the weak one among thousands of people.

The man saw that Wang Fan chose himself, and his face changed again and again. Finally, a touch of sadness appeared in his eyes, and he walked out with a heavy step.

Everyone wants to go to Fengku's secret place, and everyone wants to go to Zhongzhou's holy land.

Although he knew that his hope was slim, he also had a chance.

However, in the end, it backfired. The first one was chosen because of insufficient strength.

"Yuan Shan, please teach me."

The friar soon went to the open space in the center and gave his name with his fist.

Wang fan doesn't talk nonsense. After Yuan Shan's name was announced, xianzun's field spread in an instant, and Xianyuan in his body ran away in an instant. With a roar, the whole person had been killed.

This kind of battle, naturally, the faster the better. Wang fan doesn't want to waste his time.

"Roar!"

When Yuan Shan saw Wang Fan's killing, he also gave a roar. His breath burst in an instant. Then he stepped out and killed Wang Fan.

He took out a long black stick in his hand. The stick danced in the air and raised the harsh sound of wind and thunder. The long stick sweeps by, and it's powerful.

But Wang Fan didn't care at all. At the moment of Yuan Shan's long stick sweeping, countless thunder dragons appeared around him.

The sound of wind and thunder sounded, and his body turned into a phantom like lightning.

Wang Fan immediately escaped Yuan Shan's long stick sweep, drove straight along the gap, and directly approached Yuan Shan's body.

"Offended." Three cold words came out of Wang Fan's mouth. The next moment, his palm had already been patted out, and he patted Yuan Shan's chest with a very fast speed.

Yuan Shan's face changed greatly. He wanted to avoid it, but he was not in a hurry. In desperation, he could only madly urge Xianyuan to protect his body.

However, nothing worked.

"Bang!"

A tiny inaudible explosion, Wang Fan's palm scattered his body protection immortal yuan, smashed his blood and bone, and directly flew him out.

"Boom!"

With a loud noise, blood gushed from the pass of Yuan mountain and fell directly on the ground, unable to climb up for a long time.

Shock!

Dead silence!

Although all the people present knew that Wang Fan would not have any pressure to deal with Yuan Shan, they did not expect that Wang Fan would be so relaxed.

Almost in an instant, he beat Yuan Shan with a slap.

"So strong!"

"Is he really only immortal? Isn't it the hidden cultivation? "

"It's said that this man would fight with the ninth floor of xianzun and never die. Originally, I had some doubts, but now ..."

more than a thousand monks all looked at Wang Fan with a more dignified face.

But Wang Fan didn't pay any attention to them at all. Instead, he looked at Yuan Shan and said with a smile, "elder martial brother, do you want to continue?"

He didn't kill because there was no need.

Yuan Shan took a sad look at Wang Fan and shook his head, "I'm defeated."

Wang Fan didn't kill him, and even called him elder martial brother, which has given him enough face.

If he doesn't know what's interesting, he has to fight hard. I'm afraid there will be life beyond him.

"Yes." Wang Fan said two words, did not go to see the rest of the friars, directly returned to his position.

Yuan Shan also laughed miserably and stood up slowly. At this time, not far away, a door of illusion appeared.

Looking at the illusory door, Yuan Shan went out without hesitation and disappeared into the space battlefield.

First battle, Yuan Shan, elimination!

"Elder martial brother, are you really only immortal? How strong Wang Fan just returned to the position, Niu Dazhuang's voice had already come, and there was a strong fear in his big eyes.

As for Wu Zhen, let alone, he was even a little lucky that he didn't fight Wang fan that day.

Otherwise, I'm afraid whether he can live or not is still unknown.

This guy is so perverted.

Wang Fan glanced at Niu Dazhuang and said, "brother Niu, your strength is not the strongest here. If you don't want to be eliminated, I think you'd better do it earlier. "

"Although we will not directly challenge the strong, we will only choose the weak first. But who knows, will someone break this hidden rule and challenge you directly? ""I want to remind you that I have many enemies. Maybe there will be people from the Yang family who have been put in here. "

"You and I are so close, if you are implicated"

Wang Fan didn't go on, but the meaning was very obvious.

Only in this way can we reach the end.

After all, the more challenging this elimination rule is, the more initiative it will have and the greater the opportunity it will have.

Niu Dazhuang's face changed when he heard Wang Fan's words.

Obviously, he also understood this truth.

However, just at this time, a figure flickered out, and immediately, a monk of the third floor of xianzun had appeared in the central area.

Among thousands of people, this person is not strong or ahead.

Obviously, he's a smart guy, so he's going to take the lead.

The man chose a monk who looked relatively weak and started the fight.

They are not too strong in Wang Fan's eyes. They are even slightly better than yuan Shan who was eliminated before.

But the battle between them was extremely fierce.

After hundreds of moves, the winner was separated. Moreover, the winner was seriously injured. Obviously, the victory was not easy at all.

Just after the battle, Niu Dazhuang roared and rushed out first.

His violent breath reappeared, and in an instant it enveloped the audience.

"I challenge you

A roar, Niu Dazhuang's eyes, fell on a person, that momentum, frightening.

Wang Fan looked at the scene, a little stunned.

Is this guy really that stupid Niu Dazhuang just now? You don't have two sides, do you?

The young man, whose face was also ugly, did not avoid fighting and came out.

This person's strength is not too strong. After he was named, he immediately fought with Niu Dazhuang.

In this war, Wang fan saw Niu Dazhuang's cruelty again.

In Wang Fan's eyes, Niu Dazhuang, whose strength is not strong, shows his fierce and violent side.

With only eight punches, he had already completely injured his opponent and won the battle.

With a bang, Niu Dazhuang fell to the ground in mid air, making a huge noise.

"I'm big and strong. Who can fight me?"

A roar resounded through the void. The next second, Niu Dazhuang looked at the crowd with disdain, and then flashed back to Wang Fan.

Wang Fan looks at Niu Dazhuang with bad eyes: this guy is crazy!

### **Chapter 3649**

Not only Wang Fan, but also Hong Tao, Wu Zhen and Xiao Yu have some bad eyes.

"Cough, cough." Niu Dazhuang saw the three people's eyes, hit smart, quickly said, "you brothers and sisters, I don't mean you, I mean them."

He feels scared. Is he a little too inflated?

Wang Fan four, it seems that the weakest is Wu Zhen, even Xiao Yu that woman, estimated to be slightly stronger than Wu Zhen.

And he, but is even Wu Zhen all beat, this if a few people think about oneself.

Niu Dazhuang's goose bumps are about to get up. He dare not think about it any more.

The battle is still going on, and a monk comes out one after another, selects his opponent and begins to challenge.

The roaring sound of the explosion continued to ring, and the world turned pale.

Fortunately, this is a space battlefield, the space is extremely stable, plus the surrounding open, so there is no big damage.

However, the fighting was extremely fierce. After many battles, 50% of the monks died on the spot, 30% were seriously injured, and only a few were safe.

With this cruel competition system and the elimination of a strong man, there are fewer and fewer friars in the space battlefield.

At a certain moment, when another battle is over, a young man in blood red long-distance running walks to the central area.

This man is wearing blood red for a long distance race. He is full of Qi and blood, and his evil spirit is amazing.

His eyes were also bloody red, giving people a sense of cruelty.

"Yang Qing, the God of blood."

And see this person, Hong Tao Wu Zhen and others face is slightly become dignified.

These days, they've seen the Chen family's preliminaries, so they know about him.

Yang Qing, the blood god, is the biggest and most evil black horse in the Chen family's preliminary competition.

This man was fierce and deadly. Almost all those who met his opponents died on the battlefield.

"Blood God Yang Qing, this guy is really strong. If I play against him, I'm not sure I will win."

Looking at Yang Qing, and then feel each other's fierce momentum, even Wu Zhen, face is dignified to the extreme.

Yang Qing, the God of blood, is definitely one of the big black horses. Even Wu Zhen, these people, don't know where this man came from.

This person is just like Wang Fan. Before, he was not famous at all. It seems that he was born in the sky, and then he made a big splash.

Yang Qing also seems to feel the sight of Hong Tao. Her blood red eyes soon fall on them, and the corners of her mouth are slightly crooked, revealing a smile.

Wang Fan looked at the scene and couldn't help browning.

What does that mean? To challenge one of the five?

Wang Fan just thought of here, Yang Qing's eyes have moved away, looking at the rest of the people.

Soon, he picked an opponent and pointed to him.

The man saw that Yang Qing had chosen himself, and his face turned pale instantly.

Even, Wang Fan clearly heard each other's violent heartbeat.

You know, all the people present except Wang fan are the three-tier strong ones of xianzun.

Will the three-tier strong of xianzun still have a heart beat in fear? It's almost like a joke.

Now, however, Wang Fan really heard each other's heartbeat.

"I, I give up."

Under the gaze of all the people, the man did not dare to fight, but directly shuddered to admit defeat.

He dare not fight!

He's scared!

There was a moment of silence.

There is an accident, and it seems to be expected.

However, Yang Qing was able to make a fellow monk dare not fight and admit defeat directly, which was enough to show his horror.

Yang Qing's acceptance of the man's defeat was not unexpected. He glanced at the man with disdain and flashed back to his position. The man left the space battlefield quickly.

Wang Fan glanced at Yang Qing and did not speak, but he wrote down the man in his heart.

If you meet this person, you must be more careful.

Although Wang Fan didn't think he was not Yang Qing's opponent, Yang Qing could make the three-tier monks of xianzun escape without fighting, but he couldn't. naturally, such people should be more careful.

The battle is still going on, and soon, Wu Zhen also made a move.

Wu Zhen chose a friar who was not weak, but not strong. The two soon fought.

Wu Zhen can be selected in advance by Chen hanyue, so there is no doubt about his strength.

It can be said that except for a few people present, others are not his opponents.

Sure enough, after 30 moves, Wu Zhen has seriously injured his opponent and won the battle.

After Wu Zhen, it was Xiao Yu.

Although Xiao Yu is just a woman, her fighting power is extremely powerful.

And her weapon, is also somewhat different, is two short guns. With two guns in hand, Xiao Yu is just like a gun god. He is brave and fierce.

The two guns trembled, and the opponents retreated. After 20 moves, she successfully defeated her opponents and won the victory with ease.

Wang Fan looked at the face of indifferent return of Xiao Yu, the heart is slightly shocked.

This woman, I didn't see it.

Xiao Yu is a little uncomfortable to be seen by Wang Fan, and even blushes.

Wang Fan was speechless, but he didn't say much.

The battle is still going on, the weak are gradually swept out of the game, and with the elimination of one of the weak, what is left is also stronger and stronger.

At a certain moment, Hong Tao finally stopped waiting and began to fight.

It's the first time that Wang fan saw Hong Tao fighting. I have to say that this guy is really strong.

Even compared with Wu Zhen and Xiao Yu, they are much stronger.

He is not only very explosive and powerful in fighting, but also extremely rebellious in body method.

When he faced his opponent, his body only flickered a few times, and the opponent lost his trace.

Then, as soon as Hong Tao pointed out, the power of shaking the sky suddenly emerged, and his opponent was beaten out and directly defeated.

Wang Fan looked at the scene and did not hesitate to list Hong Tao as a dangerous person.

In the face of this man, he should be more careful.

The fighting continued, and soon the first round was over, and only 512 people were left in the battlefield.

"Everyone, take care of yourself for half an hour, and then continue to fight. The rules remain unchanged."

In the vast sky, there was a voice again, and everyone began to recover.

Of course, this kind of recuperation and recovery is totally meaningless to Wang Fan, Hong Tao, blood God Yang Qing and others.

Because they beat their opponents with little effort.

This kind of adjustment is only aimed at those weak people who consume a lot.

Half an hour, long or short, will soon be over.

For those who are not injured, half an hour's recuperation is totally unnecessary.

But for those injured, this half hour is extremely precious.

Because it's not only a test of your recovery ability, but also a test of your foundation.

Because if the injury is very serious, the healing pill is not high enough, it is impossible to recover.

Wang fan saw that half an hour was about to pass, and quickly sent a message to Niu Dazhuang:

"brother Niu, as soon as half an hour arrives, you will be the first to go out and challenge. Otherwise, if you drag it behind, you'll be in danger. "

### **Chapter 3650**

Wang Fan didn't really care about Niu Dazhuang, but he wanted to win over some people and fight side by side before he entered the secret place of Fengku.

After all, he hasn't been to Fengku's secret place. It's said that it's very dangerous. In this case, one more friend will bring more strength.

Now that Niu Dazhuang is close to him, he naturally wants the other side to win and get the quota.

"I know." When Niu Dazhuang heard Wang Fan's words, he also nodded heavily.

At this time, half an hour has come, the void again came the voice of the vast, "the challenge began."

Almost as soon as the word "Shi" came down, Niu Dazhuang had already taken the lead and flew out directly.

This guy has a strong body and great movement. Although his speed is not too fast, his movement is attractive enough.

Originally, several monks wanted to rush out at the first time, but after feeling Niu Dazhuang's first step, they immediately stopped the idea of rushing out.

Niu Dazhuang's fighting power may not be the best among the more than 500 monks, but he is definitely a strong one.

Therefore, ordinary friars do not want to encounter him.

Even those who think they can beat Niu Dazhuang don't want to encounter Niu Dazhuang at this time. Because if you get hurt, it will be bad for the next battle.

"Ha ha, I'm here." Niu Dazhuang fell into the central area. His eyes looked around and laughed wildly.

His eyes swept the crowd and soon fell on a monk.

Seeing Niu Dazhuang's eyes sweeping, the friar looked very ugly.

Wang Fan also showed a strange expression.

Because that friar is a seriously injured friar. Even if he still has fighting power, even if he has little left, he can't be Niu Dazhuang's opponent at all.

"Are you going out on your own or fighting with me?" Niu Dazhuang pointed his finger at the man. His voice was like thunder. The eardrums of all the people trembled.

The monk's face was livid, but he didn't avoid the war and came out.

His eyes exude ruthlessness, even if it is eliminated, also want to let this arrogant guy look good.

Two people fight together very quickly, the world roars, Niu Dazhuang fight is very violent, war spirit is towering.

The fierce breath of his body circle after circle, as if to devour the whole vast space, and the oppressed wounded monk was retreating.

After ten moves, Niu Dazhuang blows his opponent out, almost killing the friar.

"I can't help myself." Niu Dazhuang snorted, but he didn't kill him, so he went straight back.

Wang Fan glanced at Niu Dazhuang and had a headache again.

This guy is more and more arrogant.

If it goes on like this, it's strange that it won't be focused by the strong.

If you get some strong people dissatisfied, such as the blood God Yang Qing, I'm afraid it will be miserable.

Niu Dazhuang has no such idea, complacent, but also from time to time to Wang Fan's side, eyes wantonly provocation of other monks.

Those friars trembled with anger. They just glanced at Wang Fan, and then they turned away from looking here.

In the second round of fighting, there was no pressure on Wang Fan and others.

Wang Fan, Hong Tao, Xiao Yu and Wu Zhen all won easily and successfully promoted to the third round.

At the moment, 256 people remain in the space battlefield.

After another hour of recuperation, they entered the third round.

"In the third round, as usual, 56 people were eliminated. At the end of the third round, 56 people have a chance to challenge the promotion

The vast voice came again. This time, as soon as the voice was over, two people rushed out at the same time.

"Damn, it's so fast." Niu Dazhuang, who had planned to rush out, couldn't help but scold when he saw this scene. He was very upset.

The two men who ran to the central area at the same time looked at each other, but they were confused.

I don't seem to understand what to do in this situation.

"You two, fight."

When the voice came from the void again, it made them look ugly at the same time.

Their strength is not the strongest among the rest, otherwise they will not rush out, but they are not the weakest.

If they challenge the weakest, they still have a chance to advance, but if they fight each other, it's mysterious.

And no matter who wins or loses, even the winner will not have the strength of the first World War.

In other words, the two have faced elimination almost at the same time.

Although they were depressed, they didn't talk too much nonsense and soon began to fight.

Sure enough, the two men have the same strength, and it's hard to separate them in battle. The bottom card of their tactics is out, and they are extremely fierce.

After hundreds of moves, with one person killed, another person finally won.

However, the monk in that scenic spot was also seriously injured and almost had no ability to fight again. "Elder martial brother Wang Fan, what should I do now? Do you want to challenge me?"

Niu Dazhuang looked at this scene, his face also changed.

He's struggling, and he doesn't know if he's going to fight or not.

If you go to battle, what if you encounter a friar of the same level and get seriously injured?

But what if you don't fight and are challenged by the strong?

It's annoying.

Wang Fan said with a smile, "of course, we have to fight. Go out quickly and challenge the weak directly. If you meet the situation of those two people just now, just admit defeat and wait for the last challenge opportunity. "

Niu Dazhuang heard the speech and nodded.

Soon, he rushed out.

But this time, he had bad luck and met a nun who was very angry.

This nun's strength is not stronger than Niu Da Zhuang, or even stronger.

However, if they really fight, Niu Dazhuang will be seriously injured even if he can win.

At that time, once challenged, I am afraid I will lose the opportunity.

This kind of battle depends on strength, but it also depends on luck.

If the luck is not good, the strong, may also be out, unless you are strong to a certain extent.

"Women? Hum, Laoniu, if I don't beat women, I'll let you do it once, and you'll win. " Niu Dazhuang looked at the nun, snorted, and then turned away without hesitation.

At this moment, all monks were confused again.

Even the nun was no exception.

What's going on?

You know, Niu Dazhuang is better than the other party.

However, no one was entangled, and the fighting continued.

Soon, 56 people were out, and only 200 people were left at the scene.

In this round, Wang Fan, Hong Tao, Wu Zhen, Xiao Yu, blood God Yang Qing, etc. didn't play, and no one challenged them unwittingly. It can be said that they were promoted easily.

"The fourth round starts."

At the end of the third round, the Chen family did not give them any more time to cultivate themselves. They entered the fourth round directly, and 56 losers challenged.

Another 56 thrilling battles were fought. Among the 56 people, only Niu Dazhuang and one of the young people succeeded in the challenge. Instead, all the others failed.

Wang Fan had expected that.

Niu Dazhuang's promotion was expected. After all, he has the strength of the top 200 or even the top 100. As long as it is not deliberately targeted by the strong, it is impossible to be out.

He first preserves his strength and admits defeat, and then takes the initiative to challenge. It's strange that he can't win.

It was the other man who surprised Wang Fan, because that guy used the same strategy he gave Niu Da Zhuang.

Very smart.
