Chapter 3661

Niu Dazhuang felt his mind roar, and suddenly he regained his brief lucidity.

The color of blood in his eyes faded gradually.

Niu Dazhuang did not speak, but gratefully looked at Wang Fan, and then quickly stepped into the team.

He didn't say anything to Wang Fanduo, but sat down directly with his knees crossed, as if he understood something.

Outside.

The strong man in the Yang family is a little blue.

How could that be?

How can this be!!!

Yang family that strong hand, the original intention is to kill Niu Dazhuang, weaken the strength of the Chen family.

Why did an accident happen?

Now it's good that Niu Dazhuang didn't kill him, but the strong man fell.

This is not good for the Yang family.

"Hum!" The strong Chen family is also a cold hum, disdain to see the Yang family a glance, did not say much.

His heart was also relieved.

At the same time, I'm glad that the Chen family's harvest is good.

First, he recruited a genius like Wang Fan, and then a black horse like Niu Dazhuang.

You know, Hong Tao and others are all strong in the face.

Wang Fan and Niu Dazhuang are accidents.

In other families, they all took a deep look at Chen Jiaqiang and set off huge waves in their hearts.

So far, Chen jiasuan is the biggest winner.

Hong Tao and others did not say much about Wang Fan. He is a big variable.

Plus Niu Dazhuang, the Chen family won't take the lead, will they?

However, these strong people don't talk too much nonsense.

Then there will be scuffles. Whether the Chen family can win the final victory depends on their performance.

The strong man of Yin family took a deep breath, then said in a deep voice, "scuffle, start!"

With the spread of his voice, in an instant, the space battlefield fell into a short silence.

All the strong members of the eight families stood up, occupied one position and began to be ready.

At the same time, thousands of strong men are also full of momentum, full of the whole battlefield and powerful.

However, no one moved.

Because they're all afraid of being targeted.

The location of the ancient family, those monks eyes all fell on the direction of the Chen family, eyes in the murderous surging.

The location of Yangjia is the same.

Both families have chosen their rivals.

Chen family.

In any case, we should sweep the Chen family friar out first.

Wang Fan, in particular, must die!

The rest of the families, seeing the performance of the two families, also keep flashing eyes, intentionally or unintentionally glance to the Chen family.

They seem to be thinking about whether to destroy the Chen family first.

The destruction of a family has not happened in the past.

Wang Fan felt this subtle change on the scene, but also can not help but eyebrow light pick.

He looked at Hong Tao and others, and said, "hold together later, don't spread out easily, in case you are attacked one by one."

"If you are invincible, or have the power of falling, then try to leave and rush out of the space battlefield. Life is more important than anything. Once it falls, there will be nothing

Wang Fan's voice is very serious and deep.

Although he is not familiar with most of the friars, they are all team-mates on the same front now. Naturally, Wang fan does not want to see them die.

As the saying goes, a good friend dies but not a poor one. Although Wang Fan has been alone for so many years, he is naturally partial since he is a teammate.

"What do you mean? Are you going to fight alone? "

Hearing Wang Fan's voice, all the monks' faces changed.

This is too dangerous.

No matter how strong Wang fan is, if he goes out alone, he will be besieged by many powerful people and become the target of public criticism.

In that case, it is almost certain to die.

Wang Fan nodded, "that's right. I'm going to kill the strong men of the Yang family and the Chen family. As for my safety, you don't have to worry about it. I have a way to protect myself. "

He said the means of self-protection, of course, is a big shift in space.

For the monks on the eighth or ninth floor of xianzun, he could only escape for his life.

Even, if facing those extremely powerful eight or nine levels of immortal, he could not even show it.

But in the face of these early xianzun strong, it is the biggest killer.

At the beginning of xianzun's life, he had no ability to block the space, and Wang Fan couldn't make a big move.

In this way, Wang fan uses space to move, assassinate and attack. That's the biggest weapon.

What's more, Wang Fan's body method is extremely fast even if he doesn't need to move a lot of space.

Looking at all the monks on the scene, I'm afraid there are not many who can surpass Wang Fan in speed."Be careful then."

When Hong Tao and others heard Wang Fan say so, they didn't say anything more.

After all, Wang fan is a monk of xianzun, and he has great fighting power. Since he has said this, I'm afraid he's really sure.

After the communication, Wang fan saw that the people from all directions still didn't start, and immediately took off.

Wang Fan's action touched everyone's nerves in an instant. In an instant, everyone's eyes fell on him.

But Wang Fan didn't care about those people. Instead, he said coldly, "ladies and gentlemen, today Wang only killed two people in Guyang. If anyone stops him, there will be no amnesty. Also, if anyone dares to target the Chen family, don't blame Wang for not dying. "

Wang Fan's voice is extremely overbearing and arrogant.

His voice fell, the eight families of those top strong, can not help but slightly frown.

As for the friars of the ancient family and the Yang family, they almost got angry.

"What a big tone!"

"You want to die!"

"It's just a fairy, a friar. How dare you challenge our two families at the same time?"

"I don't know how to live or die!"

But Wang Fan didn't pay attention to those calls and curses. He had been bathed in countless thunder lights all over his body. His whole body turned into thunder and lightning and killed him in the direction of the ancient family.

His goal, Gu Chaonan!

This defeated Wu Zhen, second only to Gu Xuanyuan.

"To die!"

"Stop him!"

"Kill him!"

Seeing this scene, the faces of the ancient family changed in an instant.

With a series of roars, more than a dozen strong men came out in an instant and went straight to Wang Fan.

At the same time, the other monks of the Chen family also made some moves.

"Kill the Yang family."

With a roar, Hong Tao takes the lead and directly kills the Yang family.

When the other five families saw this scene, their faces changed slightly, but soon they all went out to look for their opponents.

The war starts in an instant.

The scene was extremely chaotic.

You know, this is a big scuffle among thousands of monks. You can imagine how chaotic it is.

Besides, Wang Fan's eyes were frozen in an instant when he looked at the ten people killed from the ancient family.

"It's just a mole ant. I dare to block you. I'm dead!"

With a roar, Taigu sword cut out instantly and went straight to one of them.

In a flash, the sword was in the air and the murderous spirit was wanton.

The fierce sword, instantly tearing the void, tearing out subtle cracks, chopped to one of the three layers of immortal.

Come on!

It's so fast!

The immortal's face just changed for a while, and he didn't even have time to make any action.

With a hiss, the archaic sword had torn his body.

For a moment, blood splashed.

A three-tier immortal, falling down!

Chapter 3662

The void trembled and the scene was dead.

Instant kill!

It's instant killing!

Wang Fan, facing the siege of more than ten xianzun's three-tier strongmen, killed one person face to face. What strength is this?

Terror!

It's terrible!

"Kill

"Death

Fortunately, the other strong people's reaction was not slow. Almost at the moment when Wang Fan killed one person, they came back to their senses.

Countless magic weapons burst out dazzling brilliance, turned directly, stirred the air, and went to kill Wang Fan.

However, Wang Fan didn't touch those people at all. Before their magic weapons were close to their bodies, he had already made a big move and disappeared in the same place.

"Space magic?"

The monks' faces changed again!

Xiandi level magic weapon, space moving magic, this is too against the sky.

If the xianzun peak, with so many cards means, they are not uncommon.

But Wang Fan, he is just the beginning of xianzun.

Although in the previous challenge, Wang Fan had a big move in space, but there were not many monks to see it.

Wang Fan's speed was extremely fast, and he was in the storm of weapon self explosion, so they didn't

notice.

But at this moment, everyone can see clearly.

"No!"

Almost at the moment when Wang Fan disappeared, Gu Chaonan's face had changed.

He was aware of an extremely dangerous atmosphere. He had no doubt that Wang Fan was coming for him, and the purpose was to kill him.

If the fighting power is at its peak, Gu Chaonan is not afraid.

Although Wang fan is strong, it is absolutely impossible to kill him instantly.

But now, he's been hit hard.

Gu Chaonan knew this, so did the rest of the ancient monks.

Almost without hesitation, most of the monks were scared away.

At this moment, their selfishness is displayed incisively and vividly.

No one wants to die for Gu Chaonan.

After all, they only fight on behalf of the ancient family, not the ancient family. Why should they die for the ancient family.

As for Gu Chaonan himself, he began to retreat in a hurry.

He must retreat, he must hide, or he will die.

However, the ancient south just retreated not far, Wang Fan's body has suddenly flashed.

The Taigu sword splits out again and goes south.

"No!"

Gu Chaonan's face was frightened, but just when the Taigu sword was about to hit him, two monks suddenly came out, one left and one right, blocking Wang Fan's sword.

Under a sword, the two people were shocked to spit out blood.

But they soon put up with it, burning blood essence crazily, and slaughtered Wang Fan.

These two people are from the ancient family.

Others can sit and watch Gu Chaonan die, but they can't.

"Since you want to die, I will help you."

Wang Fan looked at the two people who had been killed, and the corners of his mouth curved. The immortal yuan in his body suddenly went away, and the archaic sword chopped it out.

The first move of the sword.

The roar of the sound of instant resounding, endless road sword instant burst out, toward the two people.

Their faces changed wildly and they resisted madly.

However, he was still torn by the sword and retreated.

Wang Fan didn't stop. His body was in the air and his momentum was very strong. He soon displayed the second move of the divine sword.

When the second move of the sword falls, the two strong men of the ancient family with three levels of immortality have no more power to resist. The magic weapon in their hands is directly cut to pieces, their bodies are broken, and the way of life and death disappears.

Another two strong men, meteorite!

Three people, in a short time, Wang Fan killed three people!

Looking at this scene, countless people were frightened.

Gu Chaonan's face was extremely pale.

Fortunately, at this time, the rest of the ancient monks finally came back to God and went to kill Wang Fan.

Previously, Wang Fan's display space was moved and disappeared. They were afraid of being targeted by Wang Fan and fled around.

But now, Wang Fan appears, they unite together, there is not much fear.

Wang Fan hummed coldly. He didn't take care of those people. He moved the space again and disappeared directly.

The next moment, Gu Chaonan had been frightened to find that a long sword emerged from behind him and cut it straight at his head.

"No, no!"

Gu Chaonan screamed in despair and dodged to resist.

But even so, an arm was cut off.

"I'm the lineage of the ancient family, I'm the descendant of the ancient family, you can't kill me, you can't kill me!"

Gu Chaonan was hoarse.

At this moment, he was afraid. He's really scared!

Originally, he thought that he was a legitimate member of the ancient family. Even if Wang Fan hated him again, he did not dare to kill him.

Don't mention Wang Fan. Even other monks dare not kill him.

But now, he knew he was wrong.

Wang fan is a lunatic.

A complete lunatic.

It is true that Wang Fan did not hesitate because of the threat of Gu Chaonan. He did not continue to perform the eight moves of the magic sword, but the Taigu magic sword was still cut out one after another.

After three swords, Gu Chaonan died!

"If others can die, why can't you? Even if you're an ancient family? Since we have participated in the competition, we should treat them equally! "

Wang Fan disdain of cold hum, no longer go to tube the ancient family, but turned to look at the Yang family position.

The Yang monk, who was fighting against the Chen family, felt that Wang Fan's sight was for no reason, and his whole body was chilly.

Wang fan is a killer on the battlefield and has been in an invincible position.

In this case, being targeted by Wang Fan will have terrible consequences.

Wang Fan didn't give the friars of the Yang family so much time. As soon as his body flashed, he had already killed the friars of the Yang family.

When dealing with the Yang family, he didn't deal with the ancient family as he did. He only dealt with the south facing ancient family and the road blocking friars in the middle.

He did not aim at any friar of the Yang family, but treated them equally.

After rushing into the center of the Yang family friars, Wang Fan's archaic sword would have cut out countless swords and killed them everywhere.

For a moment, those with strong cultivation are better, while those with weak cultivation are either killed or seriously injured.

It's very sad.

At this moment, Wang Fan, holding the archaic sword, is like a demon. The God blocks the killing of the God and the Buddha blocks the killing of the Buddha.

"He's crazy!"

"Kill him!"

"I give up!"

"I surrender!"

"I took the initiative to leave the battlefield."

After a brief killing, the Yang family is in complete chaos.

Some people roar hard to kill Wang Fan.

Some people are in a state of mind collapse, yelling to surrender.

For those who take the initiative to admit defeat, Wang Fan did not start again.

But for those who cry to kill him, he started without the slightest mercy.

Chaos!

The scene is even more chaotic!

It's not just the Chen and Yang families, but even the rest of the way.

In the battlefield, blood is sprayed like rain, and from time to time, bodies will fall from high places, just like Shura hell.

These people are all arrogant!

In their respective small areas, they are all regarded as the pride of heaven and the hero of man.

But at this moment, it is just like grass, vulnerable.

Outside.

Looking at the chaotic scene of the killing, everyone's faces were heavy and ugly.

Even the Chen family is no exception.

What a tragedy!

However, compared with the Chen family, the Gu family and the Yang family are more angry.

Wang Fan!

The two strong men's eyes were dim, and they stared at Wang Fan in the battlefield. They were extremely angry!

Chapter 3663

On the outside, the strong members of Yanggu family are furious, but on the inside, Wang fan is still killing people everywhere.

In the Yanggu family, except for the top strong, the rest of the friars were blue with fright.

Even though many of them have gathered together, there is still endless fear in their hearts.

Terrible!

It's terrible!

Wang Fan, armed with the archaic sword, killed them as if they were killing pigs and dogs, which was impossible to prevent.

The most important thing is that no one knows when Wang Fan will appear and who the target is.

In this way, people are in danger and everyone is in a panic.

This is not the most important thing. The most important thing is that every time Wang Fan appears, he will retreat with one blow, and he will not give others the chance to besiege him.

Even if some quick reaction friars start, they will be easily dodged by Wang Fan.

Whoa!

Another spatter of blood light, the ghost of Wang Fan's body appeared and disappeared in a flash.

Among the strong members of the Yang family, a monk separated his head from his body and went to the end quietly.

I don't want to die.

"Wang Fan, get out of here. It's a kind of aboveboard battle!"

"Wang Fan, you are also a strong man. What is the ability of sneak attack?"

"Come out!"

"Get out of here!"

Guyang two families, can no longer bear that kind of pressure, have been drinking.

But Wang Fan didn't care about them at all. He didn't care about them at all.

On the other side of the Chen family friar, Hong Tao is also with the crowd, fighting madly with the two powerful Guyang families.

Originally, the Chen family had a small number of friars. Facing two families, one family had no advantage at all. It could even be said that it was suicidal.

However, because of the existence of Wang Fan, they had the upper hand and killed everywhere.

There's no way. The two families of Guyang are bound too much.

In the face of Chen Jiaqiang, they should also be on guard against Wang Fan's sneak attack. In this way, they can be said to be restrained and extremely subdued.

On the side of the two families in Guyang, the monks are constantly falling.

Other battlefields, though not so tragic, are constantly falling.

The number of people in the battlefield is also rapidly decreasing.

In a short time, the number of fallen monks and escaped monks has reached more than 100.

You know, they're all powerful people, not ordinary people.

Wang Fan didn't pay any attention to the fleeing monks at all. For him, as long as the number of the two families killed was reduced, the interests would be greatly damaged. There was no need to kill them all.

Of course, if those friars fight to death, he will never show mercy.

"Everybody, this man is so evil, do you want to watch him continue to kill like this?"

"Why don't our seven families join hands to kill Wang Fan first and sweep up the Chen family?"

"You know, we will all go to Fengku's secret place in the end. He is so powerful that when he gets there, the threat to us will be even greater. "

At a certain moment, a strong man in the ancient family couldn't help looking at the other six families and began to roar.

He was angry.

He was afraid, too.

He wants to join hands to eradicate Wang Fan and the Chen family first.

With the words of the strong man of the ancient family falling, a strong man of the Yang family also said, "yes, Wang fan is so powerful. He also holds the archaic sword and is proficient in the rules of space."

"Once a man like this enters the secret place of Fengku and becomes an enemy of us, you all know the consequences. Why don't we take this opportunity to kill him? He is in great trouble

When the other six strong families heard this, the weak ones just didn't think much.

After all, their strength is not the strongest. Whether Wang Fan will die or not has little to do with them.

But those with the best strength have some ideas in their hearts.

For example, people like Quan Zun Li Dao.

They are all contemporaries, proud of everything.

Now suddenly killed Wang Fan such a cruel man, how can their hearts be comfortable?

In particular, the existence of Wang Fan really threatened them.

If you enter Fengku's secret place, if Wang fan is their enemy again, they will be really dangerous.

Wang Fan hears Gu Yang two strong person bewitch, the body shape flash instantly, sneer way, "are you idiots?"? Even if you are idiots, do you think others are idiots? "

"Wang Fan has no injustice or hatred against them. Why should he fight against them? People don't offend me, I don't, I'm full? "

"What's more, do you think you can kill me 100% together? What about dreams? "

Wang Fan said with a sneer, this time did not continue to avoid, but instantly into the ancient home.

In his hand, the archaic sword bloomed with brilliant eyes and directly split it.

A bright sword is flying across the sky, and it's gone in an instant. A three-tier monk of xianzun burst out and fell to the ground in silence.

Wang Fan didn't have the space to move. His figure flashed to another direction, and then he cut off with a sword.

The immortal master's face changed greatly. Not far behind him, the strong man of the ancient family who was bewitched by him was also angry, "dare you!"

It's a pity that Wang Fan didn't care about him at all, so he continued to chop down the sword.

With a hissing sound, the immortal was killed three times, but he didn't die.

Wang Fan didn't continue to pursue and kill, but suddenly turned his body. All over, Xianyuan ran away in an instant, and chopped at the bewitched ancient family strongman with one sword.

The man's face changed greatly, and he also offered a magic weapon to resist.

With a roar, Xianyuan overflowed, and several ancient monks were affected, vomiting blood and flying backwards.

Wang Fan's voice of wind and thunder resounded, stepped out and continued to kill each other.

The sword danced in his hand. In a short time, the second style of the sword was brewing.

Boom!

The strong man of the ancient family was blown upside down.

Wang Fan, however, is reluctant to give up, and has the tendency of not killing each other.

He stepped on the thunder and continued to move forward. His momentum broke out and shook the world.

The friars of the ancient family around him were completely frightened by the momentum of his body, and they dodged one after another. For a moment, they forgot to resist.

"Bewitch? Kill me? Ridiculous! I didn't kill you. You want to join hands with others to kill me. In that case, you will die. "

Wang Fan said with a sneer, Taigu sword cut out again, the third move!

Whoa!

This sword, the ancient monk frantically fled, but it was a pity that he could not escape.

The sword falls, the body falls!

Three swords, kill a top three-tier xianzun strongman!

Wang Fan killed the man without any hesitation, and then he killed the strong man in the Yang family.

But in the middle of the journey, he suddenly turned back and cheered coldly, "Li Dao, let bygones be bygones. Today, if you do it, you will die! "

Wang Fan's voice falls, Yin family position, just stepped out of Li Dao, suddenly stopped, full of depression.

What do you mean?

Did he say he would kill Wang Fan?

He is going to deal with the Wu family!

That's really a good idea!

Li Dao is about to cry!

Now he doesn't know whether he wants to deal with Wu Jiaqiang or not!

At the same time, he also saw Wang Fan's hegemony again.

This guy, that's really overbearing.

Most importantly, this guy is still staring at him.

He's a little scared!

Chapter 3664

"Stop him!"

The strong man of the Yang family saw that Wang Fan had killed him, and his face immediately became ugly.

As he roared wildly, he began to retreat wildly.

He's scared!

He's really scared!

In a short time, Wang Fan killed so many powerful people.

The most important thing is that Wang Fan even killed the strong man in the ancient family.

It gave him some fear.

Yes, it's fear.

Wang fan is so crazy. If he really wants to kill him, he is not sure that he can escape.

However, those Yang family friars are not fools.

How dare they stop Wang Fan from killing him?

"Go

A burst of drink, those who were originally fighting with the Chen family friar Yang strong, crazy repulse opponents, began to dodge.

In a flash, a smooth road appeared.

Although these people represent the Yang family, most of them are not the Yang family.

They don't have to die for the strong Yang family.

"Ha ha, stop me, I see who can stop me!"

Wang Fan looked at this scene, also laughed, fingers also point to the Yang family friar, "don't you want to kill me? Come on! Come and kill me! I'm such a waste. I dare to speak up. I'm looking for death! "

The Yang family strongman heard Wang Fan's words, his face turned pale, but he did not dare to fight, but frantically began to flee around the space battlefield.

The strong man of Tangyang family didn't even have the courage to fight the first World War.

Looking at this scene, Wang Fan raised a touch of disdain at the corner of his mouth. He stepped on the thunder to pursue, and said with a smile,

"if you don't want to die, get out of the space battlefield. I'll give you three seconds. If you don't leave in three seconds, you'll die. "

Said, Wang Fan also cold hum a, "dare not fight, do not want to be eliminated, so good thing?"

"If you don't challenge me, maybe I'll give you a promotion, but since you challenge me, don't dream about it."

Wang Fan said, time soon passed three seconds, but the Yang family strong man did not leave.

Wang fan is also too lazy to talk nonsense, holding the archaic sword, directly killed the past.

He didn't mean to fight with each other at all, so he directly displayed the eight moves of Shenjian.

In the face of this group of immortal three layers, even if the other party's crazy counterattack, they could not suppress Wang Fan to perform the eight moves of magic sword, let alone the strong Yang family who was running away without stopping him.

The first style of Shenjian was cut down, and the Yang family's strong man was torn out of his body.

The injury was not serious, but it was a mess.

Wang Fan didn't brew for long, and then he displayed the second style of Shenjian.

When the second sword fell, the strong Yang family only felt a terrible pressure on him. Even if he was blown out, he was seriously injured.

There was a look of despair in his eyes, and his face turned pale.

But Wang Fan didn't care about him. Taigu sword continued to wave, and soon displayed the third move.

"Ah

Feeling the more powerful sword meaning, the strong Yang family didn't dare to continue to avoid, but crazily bit his teeth, decisively burned the blood essence Shouyuan, and began to fight back desperately.

At this moment, he has realized that no matter how much he evades, it is meaningless. There is only one world war.

On the contrary, it's too late.

Once the third move of Wang Fan's divine sword is performed, let alone him, no one can stop all the monks on the scene alone.

Sure enough, the third style of the sword was cut down, and the Yang family's strong man immediately spilled blood into the sky and directly fell on the spot.

This man just fell, Wang fan is going to continue to kill others.

But just then, a voice suddenly came out:

"the scuffle is over."

With the sound, everyone's movements immediately stopped and separated.

Look at the scene, it's bloody.

There were only 800 monks left.

If the space of this space battlefield is not stable, I'm afraid the whole battlefield will be destroyed.

Wang Fan took a look at the Chen family. Now there are 123 monks left, totally exceeding 23 places.

Looking at this scene, Wang Fan sighed, slightly helpless.

He has worked hard enough, but who knows, so many people have been eliminated.

Of the original 200 monks, only 123 were left. As for the 77 who were eliminated, I don't know whether they were killed or fled the space battlefield.

Of course, Wang Fan felt sorry, but there was no way.

The weak will be eliminated in the end.

Even though he has helped to kill many powerful enemies, Hong Tao, Xiao Yu and others are protecting him. But this is a scuffle after all, the strength difference is too much, will still be killed, will be eliminated.

Wang Fan took a look at those promoted friars, didn't say much, sighed, and directly led people to the entrance of space battlefield.

"Be careful." Hong Tao followed Wang Fan, his face solemnly reminded him.

There's no way. Wang Fan killed too many people from the Guyang family.

At the end of this battle, there were 65 people left in the ancient family and 58 in the Yang family.

It's too far from the base of 100.

It can be said that these two are the biggest meat cutters in the final.

The loss of such huge interests, it is inevitable that the two strong will be crazy, regardless of the rules to kill Wang Fan.

Wang Fan heard Hong Tao's reminder and nodded, his heart was also dignified.

He can think of what Hong Tao can think of.

However, he also believed that the Chen family would never sit by and watch him be killed.

That would be too chilling.

After all, the Chen family is not the only winner in this decisive battle, let alone the biggest one.

Because there are one hundred and twenty-one people on the other side of the Yin family.

Outside.

Guyang two strong guards, the face has been completely unable to use gloomy to describe.

They stare at Wang Fan on the screen, staring at the direction of the entrance, and their momentum erupts.

It seems that as long as Wang Fan comes out, he will do it immediately.

The strong guard of Chen family looks at this scene with solemn face and cold eyes.

The breath on his body is also crazy and violent. He stares at them and says coldly, "you two, don't break the rules."

"It's a common rule of our eight families. If you dare to tear it up, you will be responsible for the consequences."

Chen family guard strong said, but also swept the other five families strong one eye, "you, break the rules how much impact, you must know."

"If the rules are broken this time, I don't think it's necessary to distribute the benefits any more."

After hearing this, the strong men in the Yin family and other families couldn't help blinking in their eyes, as if they were thinking about what to measure.

Is it hard to succeed? The Guyang family dare to fight Wang Fan?

At this time, the entrance of the space battlefield began to surge, and the next second, a shadow appeared in the public's sight.

At the moment of seeing this person clearly, the atmosphere of the scene suddenly became strange.

Because he is no other than Wang Fan!

Chapter 3665

Wang Fan rushed out of the space battlefield and suddenly felt the strange atmosphere.

His nerve, in suddenly tight up, vigilant look to the Gu Yang both sides there.

At the same time, he was also a flash of body, flying directly towards the Chen family.

He can't fly to Chen's house.

Now his cultivation is still too low, once the two strong Guyang start, he can't carry it.

At the moment, Chen Jiaqiang is also closely staring at the Guyang two families, ready to move.

Once the two men started, he would immediately kill them.

In any case, Wang fan is a meritorious official of the Chen family. He can never have an accident here.

Otherwise, where is the dignity and face of his Chen family? Who dares to fight for his Chen family in the future?

Guyang two sides, two strong also in the fast spiritual power sound.

"Do you want to do it?" Yang family strong person asks a way.

He was in a bad mood and angry.

This time, the loss of the Yang family, it is really too heavy.

It is not only the pride of the younger generation, but also the loss of resources.

"Well, I'll find another chance later." Although the strong man of the ancient family also gritted his teeth angrily, he still shook his head. If you do it now, it is likely to offend the other six, which is not worth the loss.

after all, this is not only about killing Wang Fan, but also about the rules.

Once the rules are broken, the Guyang family will become the target of public criticism.

Yang family strong heard this, although unwilling, but still nodded, did not say anything more.

At the moment, with the flash of streamers, those who are strong in the space battlefield are gradually coming out.

After they came out, they went to their respective family camps.

However, many people look at Wang Fan's eyes, it seems that some strange and fear.

This guy is really strong.

Prior to the first World War, Wang Fan showed amazing strength, it can be said that the evil to the extreme.

Seeing all the people coming out, the strong man of the Yin family immediately stepped forward and said, "now that the top 800 have been decided, the debate is over."

"Three days later, Fengku secret place opens for the first time. You can enter the secret place and go to Zhongzhou East region."

The strong of Yin family didn't talk about the distribution of interests, because there's no need to talk about it here.

These three days, the eight of them will discuss these matters again.

As for how many people have been promoted by each family, there is no need to make statistics at all.

As a monk of xianzun, you can see the number of people promoted by each family at a glance.

When the other seven strong families heard this, they all nodded.

In addition to Guyang two strong faces are not very good-looking, other families even if the loss, there is not much, or can end.

"Let's go back."

After announcing these things, Chen Jiaqiang didn't say much and left with Wang Fan.

Wang Fan and others soon returned to the Chen family and their respective houses.

Before long, Chen hanyue came to Wang Fan.

"Younger martial brother Wang Fan, thank you very much this time. But in the next three days, you should be more careful. You'd better not leave the Chen family. These things are a little bit of the Chen family's intention. Please accept them. "

Chen hanyue's attitude to Wang fan is much better, very polite, no longer as cold as before.

As she said this, she took out a space ring and threw it to Wang Fan.

Wang Fan grabbed the space ring and glanced at it, but there was something strange in his heart.

Yun Xiandan, 10 billion.

Medium level sword skill: God chop.

Not only the number of Yun Xiandan was several times more than the agreed number, but also a volume of medium quality sword skill was given.

Wang Fan felt very sorry and said, "elder martial sister Chen, is there too much?"

He knew in his heart that this was the Chen family's intention to make friends when they saw his extraordinary strength.

Although Wang Fan wants to leave and leave Pumi, he is not sure that he will come back in the future.

Because it's absolutely no harm to the Chen family to make friends with Wang Fan now.

What's more, in the eyes of the Chen family, whether it's a 10 billion yuan immortal elixir or a respected sword skill, it's not too precious.

"Younger martial brother Wang Fan, you don't have to refuse. This time in the final, you contributed the most, and you deserve it

Chen hanyue said with a rare smile at the corner of her mouth.

When Wang Fan heard Chen hanyue say this, he didn't refuse any more. Instead, he accepted it. "Thank you, elder martial sister."

Chen hanyue nodded and said nothing more. She turned and left quickly.

Yang family.

"Son of a bitch, he killed so many people in my Yang family. I'm looking for death!"

Yang Ji is roaring wildly. Not only that, he is angry at a guard behind him "It's all you rubbish. Last time I asked you to kill him, you couldn't kill him. Why are you so useless?"

Yangji is really about to explode.

Who would have thought that Wang Fan, who had only one level of immortality, had brought so much loss to the Yang family?

In the past, it was just a fantasy.

He is really about to hate Wang Fan. He wants to tear Wang Fan to pieces.

At a certain moment, Yang Ji seemed to think of something, "by the way, is there any news from the Chen family? Has Wang Fan ever come out? I'll keep an eye on him. Once he dares to appear, he will be killed immediately. "

Although Yang Ji says like this, can also know in the heart, these three days, Wang Fan mostly won't come out.

After all, Wang fan is not a fool.

If this comes out, be killed secretly by Gu Yang two families, that can be really cry all have no place to cry.

Yangji is in a rage. On the other hand, the two strong Guyang are also discussing.

"Wang Fan probably won't leave the Chen family these three days. But we can try to lure him out. " The strong man of the ancient family said.

Hearing this, the strong man of the Yang family asked, "how can I induce him to come out?"

The strong man of the ancient family laughed, "isn't he proficient in swordsmanship and boxing? We can throw out two volumes of emperor level martial arts and go to the auction to see if he will be cheated. "

"Emperor level martial arts?" Yang family strong person's face changed, "elder brother Gu, is this some too risky?"

"Once Wang fan doesn't show up, he will be coveted by the other six families and lead them to attack secretly, then we --"

he is really worried.

After all, it's no joke.

Emperor level martial arts, even the eight families will be envious.

If one is not done well, there will be a big problem.

"No harm." The strong man of the ancient family waved his hand. "We can set up more killing arrays. If the other six families don't move, it's OK. Once they move, they can kill some of their strong men."

"With calculation in mind but not in mind, coupled with our preparation in advance, even if we suffer losses, our losses will not be greater than them."

I have to say, this guy is too insidious.

He not only used emperor level martial arts to lure Wang Fan to leave the Chen family, but also calculated the other six families.

It is insidious to the extreme.

You know, this kind of calculation is likely to succeed.

At that time, even if the other six know there are traps and conspiracies, it is estimated that there will be people who can't help committing risks.

Chapter 3666

Under the insistence of the strong ancient family, the matter was soon settled.

Before long, a piece of news spread out and made a sensation in the whole Pumi city.

Qianhuan commercial building will hold an auction tomorrow. According to internal information, there will be emperor level skills at the auction.

The news immediately set off a big sensation in Pumi city.

Qianhuan commercial building is the auction house of the ancient family, one of the eight families. Its background is needless to say.

Therefore, the auction of Qianhuan commercial building, and even the auction of emperor level Gongfa, did not arouse many people's suspicion at all.

Soon after the news came out, people began to sell the list of items in the auction on the streets.

There are many exciting treasures on the list.

There are so many magic drugs, magic weapons and martial arts that people are very envious.

At the top are two volumes of emperor level martial arts.

One volume is sword skill.

One is boxing.

It can be said that the two Guyang families didn't hide much at all. They spread the story as quickly as possible and listed the flower books for sale.

In this way, we can not only earn some yunxiandan, but also spread the news faster.

No way. They only have three days.

If you can't do these things within three days, and you can't lure Wang fan out, then you'll be planning for nothing.

It has to be said that in order to kill Wang Fan, Guyang and his family are cruel.

Although Wang Fan's cultivation is not high, it is far from threatening them.

But Wang Fan's fighting power, as well as all kinds of means, is too frightening.

Once in the wind dry secret place, Wang Fan to their two families of the legitimate hands, it is a great loss.

This is not the most important thing. The most important thing is that if Wang Fan comes back alive one day to deal with them, it will be a bigger tragedy.

Yin, Chen and other six families soon learned about it.

The principal members of the six families are all frowning. Some of them don't understand what the Guyang family want to do.

Throw out two volumes of bait of emperor level martial arts. What are you doing? Who is this to lure?

Is it trying to lure and kill the people of their six families?

Weird!

Now no one has thought that the Guyang family is aimed at Wang Fan. After all, the price is too high.

Chen family.

Wang fan is basking in the sun.

Yes, it's just sunshine.

With his current cultivation, ordinary cultivation, has been difficult to inch into.

Although he has immortal pulse, he doesn't dare to practice it.

As a result, he also appears to have nothing to do and bask in the sun in the yard.

Dada dada.

The sound of footsteps came, Wang Fan looked up slightly, and immediately saw Niu Dazhuang coming in.

This guy has a simple and honest face. When he walks, he is sonorous and powerful.

this makes Wang Fan somewhat unable to make complaints about it.

Elder brother, you are a strong immortal. Can you stop?

Niu Dazhuang didn't realize it. As he walked into the yard, he yelled at Wang Fan, "brother Wang Fan, something's wrong, something's wrong."

Wang Fan glanced at him lightly and asked lazily, "tell me, what happened?"

He didn't like it.

Even if something big happens, what does it have to do with him?

He's in the Chen family now. Even if someone wants to kill him, will he dare to enter the Chen family?

Are you kidding me? The Chen family is one of the eight families. If people can easily kill them, it's really a joke. There's no need for the Chen family to exist.

"Qianhuan commercial building will hold an auction tomorrow. There will be an auction of imperial sword skills and imperial boxing skills. In addition, there are countless other top treasures. "

"Elder martial brother Wang, do you think this is aimed at you? I inquired. The Qianhuan commercial building is the property of gujia. "

Niu Dazhuang said.

Although he looks rough, he seems like a Hun man. Where is a real idiot when you reach the immortal state? Everyone is very smart, there is absolutely no fool.

When Wang Fan heard this news, he was a little surprised. "At the ancient auction, should we auction the emperor's martial arts skills, or sword skills and boxing skills?"

He nodded, "it's really a little aimed at me, but I'm only immortal. In order to deal with me, do you want to pay such a large sum of money? Is this to lure me out and then kill me? "

Wang Fan murmured, then shook his head, "who cares, anyway, I don't go out, it has nothing to do with me."

Although Wang fan is a little excited, he really doesn't plan to go out.

This is clearly a trap.

Even if it's not aimed at him, if he dares to jump inside, it's really killing him. What's more, even if it's true and there's no conspiracy, he can't afford emperor level martial arts. Unless he exchanged the archaic sword with xianmai, is it worth it?

Now that he has exposed the archaic magic sword, it is estimated that many people will think about it. If he exposes the immortal vein again.

Wang Fan didn't even dare to imagine the consequences. At that time, even the Chen family might kill him and seize the treasure, right?

"Well." Niu Dazhuang nodded, "I also feel that there is a problem. You'd better stay at Chen's home and be safe. However, such an auction is once in a blue moon. I'd like to see it. "

"Whatever you want." Wang Fan ignored him and said casually.

Niu Dazhuang is already a strong immortal. Naturally, he is not in charge.

What's more, this guy is not his relative, and he can't manage it.

Niu Dazhuang left soon, but Wang Fan frowned and thought hard.

He always felt that something was wrong, but he couldn't remember what was wrong for a while.

One day passed quickly, and the next day was the day when the auction began.

On this day, countless monks rushed to Qianhuan commercial building one after another.

Even the Chen family has mobilized many strong people.

Emperor level martial arts, which are the envy of the immortal and the powerful, let alone them.

Maybe in the holy land of Zhongzhou, the immortal emperor doesn't care about the emperor level martial arts, but in such a place as Pumi City, it's a great treasure.

Therefore, even if we know that something is wrong and there is a conspiracy, there are still many strong people who choose to go.

Not only the Chen family, but also the other five have gone to many of the strong.

Wang Fan obviously felt that the strong breath of the Chen family was much less.

"All the strong members of the Chen family have gone to the auction. The strong members of the Guyang family won't take this opportunity to enter the Chen family. Will they fight me?"

Wang Fan's mouth is murmuring, in the heart unexpectedly inexplicably emerged a touch of crisis.

"No, I can't stay here any longer. I have to disguise myself, stop breathing and hide in another place. "

Wang Fan thought in his heart, and soon he stopped breathing. His body flashed and disappeared in the courtyard.

Several strong members of the Chen family left, but he did not dare to take it lightly.

If someone kills him, he will be killed.

Qianhuan commercial building, on the top of the building.

Gu Zhenyang, a semi emperor of the ancient family, stood there, holding a communication bead in his hand.

"Elder, there is no trace of Wang Fan. He didn't come out."

"The Chen family sent out eight elders on the ninth floor of xianzun and rushed to Qianhuan commercial building."

"We're ready to do it any time."

A piece of news constantly wear, Gu Zhenyang that old face, showed a cruel smile.

The old fox has made preparations!

Chapter 3667

"Do it!"

With an order from Gu Zhenyang, in an instant, in a corner of Pumi City, ten strong men in black suddenly flew into the air and went straight to Chen's house.

The ten strong men all covered their faces, and their identity could not be detected by their mental power.

However, from their strong breath, we can know that they are all immortal nine layers.

Ten xianzun nine strong, even in Pumi City, is absolutely a powerful lineup.

Ten strong men from the ninth floor of xianzun ran into the Chen family and immediately attracted the attention of countless monks.

The monks turned pale one after another and fled away from the Chen family.

These people, what do they want to do?

Are you not afraid of provoking the Chen family, leading to the ancestors of the Chen family and killing all sides?

At the same time, Qianhuan commercial building.

The Chen family has already entered the commercial building, but just at the moment when they stepped into the commercial building, layers of light began to shine, and even opened the trap.

"Gu Zhenyang, what do you want to do?"

"Gu Jia, you are so brave!"

Chen family feel this scene, instant face changed.

Not only the Chen family, but also the other strong members of the family who came with them, their faces became gloomy.

They are here to participate in the auction, but they have just come in, and the commercial building has set up a trap array, which is also the top trap array. What do you mean?

"Gu Jia, you are so brave. Do you want to be enemies with us?"

"Close the trapped array quickly, otherwise, don't blame us for being impolite."

For a time, all the strong people who entered were completely furious.

"Ladies and gentlemen, take it easy."

In the void, a voice came, and then an illusory figure appeared here.

This person is Gu Zhenyang, but not a real person, but a separate person.

A monk who is strong at the top of the immortal statue has the ability to transform himself into a monk. However, the conditions are extremely harsh, and few people can do it.

Even if it can be done, it will cost a lot, so few people are willing to realize the separation.

"All of you are here for the auction, so feel free to participate in the auction."

"As you all know, there will be emperor level martial arts in this auction. In case, Gu must not do the same."

"I hope you will understand."

Gu Zhenyang's smile is magnificent.

When they heard this, they all sniffed, but it was hard to refute.

After all, there are so many strong people coming in. Let alone the eight families, there are more than 60 strong people from the ninth floor of xianzun.

If someone snatches the emperor level martial arts skills, and if they fight, the consequences will be very serious.

"Is that so? I don't think you have a good heart Chen Jiaqiang was a little angry and gave a cold hum, but he didn't say anything more."

He never thought that someone would dare to kill Wang Fan in the Chen family.

After all, the Chen family has a strong Immortal Emperor.

Unless the Immortal Emperor comes, who dares to enter the Chen family?

Chen family.

The ten strong Yukong soon entered.

In the moment of entering the Chen family, their mental power has been frantically spread out, covering the whole Chen family.

Below, the monks of the Chen family felt the strong breath, and their faces changed greatly and their hearts trembled.

A strong man in the ninth floor of xianzun, who was sitting in the town, also had a gloomy face. He soared into the air and stopped in front of ten people.

"Who are you? What do you want to do when you come to my Chen family?"

Chen Jiaqiang's face was gloomy and terrible, and he was very angry.

In the light of day and night, some people even broke into the Chen family. How much they despised him.

It's provocative!

"We have no intention of making enemies with your Chen family or hurting your Chen family. We are here for one person, Wang Fan. Hand over Wang Fan and we'll leave immediately! "

One of them, a strong man in black, could not find Wang Fan's trace. He frowned slightly and said in a voice.

Chen Jiaqiang was furious, "Wang Fan? Are you from Guyang family? What a brave man! Have you ever thought about the consequences? "

He was really angry.

These people are coming to his Chen family to pick up people.

What a provocation!

If he does hand over Wang Fan, who dares to join his Chen family? Isn't his family a laughing stock?

"You go to find him. I'll hold him down."

The man in black frowned slightly, but he didn't say much. Instead, he gave the order directly.

The nine people smell speech also have no nonsense, body shape a flash, in an instant toward the lower Chen family and go.

"You dare!" Seeing this scene, the strong man of the Chen family was trembling with anger and his face was livid.

He was just about to stop him, but the man in black, the leader, had stepped forward and blocked his way.

Not only that, the other party's breath broke out, which directly made him look dignified.

The strong!

This is a strong man!

And it's a very strong one!

In a twinkling, nine monks on the ninth floor of xianzun had already entered the Chen family. Their bodies were flashing and they began to search everywhere.

Of course, they dare not kill innocent people indiscriminately, and they dare not kill the Chen family. They are just looking for Wang Fan.

After all, the Chen family has the Immortal Emperor, and they dare not be too presumptuous.

Otherwise, once they are forced out of the Chen family, they will have to die.

Of course, it's easy for Xiandi to be invisible. It's true for all eight families.

As long as the exterminator does not happen, the other party can't appear at all.

They are all closing up and pursuing a higher realm.

At the moment, outside the Chen family.

Wang Fan has swaggered out, but his face is gloomy.

Ten immortals came to the Chen family on the ninth floor to take Wang Fan. It's really a big hand.

Wang Fan's eyes were cold and his heart was furious.

He flashed and headed for a pavilion.

Of course, he didn't dare to go to Gu's and Yang's, because that was death.

But he still dares to destroy the property of several Guyang families and kill several low-level monks of Guyang families.

How could the Guyang family dare to bully him like this?

He wants to let the two families know that he, Wang Fan, is not so easy to provoke.

Wang Fan soon came to a magnificent Pavilion.

In the pavilion, people come and go, and there are also many monks.

However, most of them were in the early days of xianzun and even the monks of Xianwang.

After all, those powerful friars have already been in Qianhuan commercial building.

"Young master, please come inside."

Wang Fan just entered, a enchanting woman came forward, smiling.

Wang fan is lazy to pay attention to her, his mental power has spread, swept the whole pavilion.

Soon, Wang Fan locked a room on the third floor.

In that room, a young man was drinking and having fun.

He was surrounded by many young people and some beautiful women.

It looks like a dandy.

Wang Fan has learned the identity of this person from their conversations.

Gu Qing, the legitimate member of the ancient family.

"What are you going to do, young master?" That enchanting woman saw Wang Fan go upstairs, immediately stunned, quickly asked.

Wang fan is a flash of body shape, instant disappeared without a trace.

The next moment, he has appeared in the room where Gu Qing is.

Chapter 3668

In the room, Gu Qing soon saw Wang Fan.

He is a Leng at first, immediately after the moment rage, "who are you? How dare you break into my room

He didn't give Wang Fan time to reply at all. He pointed to Wang Fan and said, "kill him!"

With his voice, not far away, the two immortals, without hesitation, shot out in an instant and went straight to Wang Fan.

These two are Gu Qing's guards.

Before Wang Fan came in, he had already noticed that the two immortals were on the seventh floor.

Originally, when he killed Gu Qing, he felt a little sorry.

But now, seeing each other's domineering character, there was no pressure in his heart.

These big families are really overbearing.

That Yangji is like this, so is GuQing.

The two immortals killed at the seventh floor in an instant. There were long guns in their hands, one on the left and one on the right, and they chopped directly at Wang Fan.

Wang Fan's face didn't change. The Archean sword came out of its sheath in an instant, and the red sword ran across the air, cutting them directly.

Dangdang.

A clear sound, two people's long gun, burst out dazzling fire, followed by a split in an instant click.

Wang Fan took advantage of this opportunity to make a big move in space and appeared directly behind Gu Qing.

There was no time for Gu Qing to respond to the Taigu sword. With a hiss, Gu Qing was killed by the sword and fell on the spot.

"Immortal Emperor level magic weapon? Are you wang fan

"Wang Fan, you dare to kill my ancient family and seek death!"

When the two immortals on the seventh floor saw this scene, they were shocked at first, and then they were completely angry.

Besides anger, there is fear.

It's incredible that Wang Fan killed Gu Qing.

Besides, isn't Wang Fan in the Chen family?

Isn't there someone watching over there?

Isn't there an elder on the ninth floor of xianzun who went to Chen's house to catch Wang Fan?

Why is he here?

They were both astonished, but they were also incredible.

Wang fan is lazy to pay attention to them, Taigu sword again cut out, mercilessly split to two people.

Boom!

A blast, two people were split repeatedly back, the whole room in a roar smashed.

When people outside saw this scene, they couldn't help screaming and running away in panic.

Wang Fan frowned, but he didn't care about them. His body was suddenly in the air, and he performed the first move of Shenjian.

The first move of the divine sword falls, and the two immortals retreat again.

They fight back madly, but Wang Fan's speed is too fast. For a moment, they can't hit Wang Fan at all. On the contrary, they hit the pavilion full of holes.

Wang Fan's eyes are cold, and he continues to fly across the sky. His mental power has been frantically scattered, covering the area of tens of thousands of miles.

As long as the ninth floor of xianzun comes, he will run away at the first time.

At the same time, Wang Fan's Taigu sword was waved again, and the meaning of the sword filled the world, and soon the second form of the sword took shape.

The two immortals felt the terrible sword style, and their faces changed slightly.

They have seen the eight moves of Wang Fan's magic sword.

When Wang Fan was playing in the final, they saw it outside.

"Fight fast and make a quick decision. He must not be allowed to show his sword skill."

Two people's mental power sound, crazy toward Wang Fan chase and kill.

However, before they could catch up with Wang Fan, the second move of Shenjian had been cut down.

Hiss!

There were two more sounds. They were penetrated by the sword, and a piece of blood mist was scattered.

But Wang Fan didn't care about them and began to perform the third move of Shenjian.

Two immortals have seven levels. He can't kill with three swords, but five swords should be enough.

There's no way. The seventh floor of xianzun in Pumi city is not comparable to the seventh floor of xianzun in Chu Dynasty.

Two immortal Zun seven levels face Wang Fan to attack, all appear very is to hold back to bend, simply anger arrived acme.

Damn it!

It's so hateful!

However, there is nothing they can do.

I can only watch Wang Fan sweep down with one sword after another.

When Wang Fanshi exhibited the fifth move of the sword, they finally could not bear it any more and died on the spot.

Chen family.

Nine xianzun nine floor in Chen house, looking for Wang Fan.

In the void, there is another man sitting in the town.

But soon, the man's face changed.

He felt the wave of battle coming from tens of thousands of miles away.

Pumi city is extremely huge, covering hundreds of thousands of square kilometers.

Therefore, the distance between families is tens of thousands of miles, which is not an exaggeration. Feeling the fluctuation of the battle, his mental power went away in an instant. Soon, he saw Wang Fan.

Of course, because Wang Fan changed his face, he didn't recognize Wang Fan at all.

In addition, Wang Fan has killed two immortals and put away the archaic sword, so he doesn't recognize Wang Fan.

But he saw that Wang Fan had killed Gu Qing and two ancient family members.

"To die!"

The man sensed the scene and was furious.

However, after much consideration, he did not choose the past.

Because the Chen family is more important.

Qianhuan commercial building.

At this time, the auction has begun.

Many strong people are sitting in the auction house, their faces are not very good-looking.

Because there is a trapped array to shield the mental power, no one knows about the war outside.

Not only that, even the communication bead can't get the news in.

Chen family's zhuqiang sat in one of the positions, his face was gloomy, and he always felt a little uneasy.

However, when they thought of the final two volumes of emperor level martial arts, they were still shocked.

Gu Zhenyang also sat in a position, eyes flashing, do not know what to think.

He doesn't know anything about the outside world.

Because he didn't dare to open the array rashly. In that case, he might be noticed by the strong.

Outside, after Wang Fan killed the two immortals on the seventh floor, he found that none of them came from the ninth floor.

You know, he made so much noise here, and it was the ancient family that he killed.

In this case, how could someone from the ancient family come to investigate the situation?

But where did he know that the strong of the ancient family had already gone to the commercial building and the Chen family, and they were restrained.

Not only the ancient family, even the ninth floor of xianzun in the Yang family, was restrained.

As for the six or seven layers of immortal statues, there are still two families in Guyang. However, the two guards of the seven layers of immortal statues in GuQing were all killed in a short time. How dare they go there?

Only the ten people in Chen's family can free their hands to deal with him now.

But the ten men wanted to kill Wang Fan, and they thought that Wang Fan was still in the Chen family, so they didn't care about him for the time being.

"I made such a stir that no one came?" Wang Fan himself was surprised, but soon sneered,

"are the strong restrained? That's good. In that case, I'll go to Yang's house and kill him. "

Wang Fan murmurs, body shape a flash, directly toward the Yang family killed in the past.

As for why we chose Yangjia instead of gujia, the reason is very simple, because Yangjia is far away from Chenjia and Qianhuan commercial building.

Chapter 3669

Wang Fan convergence all over the breath, soon came to the Yang family periphery.

Because the Yang family never thought that anyone would dare to attack the Yang family, the defense array naturally did not open.

Wang Fan naturally did not dare to act rashly, but hid outside the Yang family.

I don't know if the Yang family has xianzun as the top power. Naturally, he doesn't dare to kill him.

Because that's death.

Wang Fan first made a careful investigation with his mental strength, and soon found out that the Yang family didn't have xianzun on the ninth floor.

However, there are still more than a dozen people on the eighth floor of xianzun. In addition to more than a dozen people on the eighth floor of xianzun, there are more people on the seventh floor of xianzun.

Wang Fan felt this scene, but also speechless.

This kind of lineup, he did not dare to go in openly, only secretly.

Otherwise, once surrounded by the eighth floor of xianzun, it will be the end.

Wang Fan adjusted his own state, without too much hesitation, a big space moved out, instantly appeared in the Yang family mansion.

Of course, he didn't dare to get close to the eighth floor and seventh floor of xianzun.

Because those who are strong are able to detect spatial fluctuations.

Wang Fan entered Yang's house and soon flashed toward an area.

He felt that there were some early monks over there.

Wang Fan was very fast and soon came to a hall.

Inside the hall, a monk on the third floor of xianzun was practicing. Outside the hall, there were also prohibitions.

However, that kind of low-level prohibition is impossible to resist Wang Fan.

Wang Fan just waved his hand and easily tore a crack in the forbidden system. The next second, he had entered the hall.

The monk on the third floor of xianzun was not aware of this scene at all.

"I'm really sorry. If you want to blame it, you're the Yang family."

Wang Fan murmured, and a hand snapped it in an instant.

A huge handprint took shape in an instant and went to the immortal three layers.

Bang, he didn't wake up at all, he had already fallen.

Wang Fan didn't feel guilty at all. He flashed and went to other places again.

If the Yang family wants to kill him, don't blame him for killing the Yang family.

Since the two sides have already formed a big feud, it can't blame him for his ruthlessness.

In this way, Wang Fan shuttled around Yang's house. In a short time, he had killed more than ten early monks of xianzun.

As for xianzun's middle stage, he didn't get close, and he was afraid that he would attract the attention of the strong.

Wang Fan to kill the Yang family, the purpose is not to weaken the strength of the Yang family, let alone he can not do.

Because if you want to weaken the strength of the Yang family, you have to kill the top fighting power.

With Wang Fan's current strength, it is obviously impossible to do all this.

He came to the Yang family, just want to give the Yang family a lesson and warning, he want to let the Yang family know, he wangfan is not so easy to kill.

When Wang Fan killed the Yang family, an old man was practicing in a hall of the Yang family. Suddenly, he suddenly opened his eyes.

"Is yu'er dead?"

With a shout of anger, his whole body suddenly vacated, and then his mental strength spread out.

In an instant, all the Yang family members were shocked.

The more than ten immortals on the eighth floor also rose in an instant and came to the old man's residence.

"Eight old, what happened?"

One of the middle-aged friars asked respectfully.

But the old man didn't answer. At the moment, his mental power has penetrated one of the main halls of the outer courtyard, and he saw the body of the young man inside!

"Yu'er! Who is it? Who is it? Who killed my beloved

For a moment, the old man's eyes were scarlet and his canthus were about to crack!

"What? Is Pang Yu dead? "

The rest of them also changed their faces when they heard the words.

Without any hesitation, their mental power instantly penetrated and directly enveloped Pang Yu's hall.

Sure enough, I saw Pang Yu's body.

Pang Yu is the apprentice of Ba Lao.

However, because he is not the Yang family, so he failed to enter the inner court.

In the Yang family, only the direct family and the late confidants of xianzun were qualified to enter the inner court.

Otherwise, the rest of the people, no matter how evil they are, can only stay in the outer courtyard.

"Thirteen people, thirteen people died. Who did it?"

At the same time, they were also aware of the monks killed in the outer courtyard.

All of a sudden, everyone's face is more ugly.

There are so many of them in Zhenyang's family. Now some people are killed in the outer courtyard, but they don't even know?

What a shame?

If this is blamed by the master of the family and the elder, it's a pity——The whole Party simply did not dare to think about it.

"Start the defense battle immediately, fengsuoyang home, quick!"

After reaction, an elder drank angrily.

The next moment, those Yang family members, they are fast action.

Outside the hospital.

In one area, Wang Fan was a little depressed.

Exposed so quickly?

He just killed 13 people. He hasn't killed enough.

But now he has no time to think so much.

He must leave the Yang family as soon as possible, otherwise, once the Yang family is really blocked, it will be difficult to fly.

Thinking of this, Wang Fan didn't hesitate at all. He moved his space and rushed out in an instant.

The space fluctuates violently. The feelings of those xianzuns in junior high school are not obvious, but the faces of those xianzuns are all changed.

"Space blinks?"

The old man, who is called "eight old men", yelled angrily. His mental power instantly formed a network and surged out, trying to block the space blink.

But his speed is still slower.

When his mental force collided in the past, Wang Fan had already disappeared in the Yang family.

Wang Fan just disappeared. With a roar, the Yang family's defense array was completely closed.

Eight old is about to explode, "bastard, bastard!"!!! Chase, chase! "

He roared, without any hesitation, and with a flash of his body, he went straight after him.

In addition, more than a dozen immortals on the eighth floor saw this scene, only slightly stunned for a moment, then they separated six people and followed them.

As for other people, naturally, they should stay in the Yang family.

Otherwise, it would be a joke to be killed again.

Wang Fan didn't pay any attention to the old Yang family behind him. After he rushed out of the Yang family, he changed his position three times in a row and made three big moves in space. Then he immediately converged and mixed into the crowd in the street.

He seemed extremely calm and confident.

If the other party is the ninth floor of xianzun, he may not be able to escape.

But it's just the eighth floor of xianzun. It's still under the condition of hindsight. If it can catch up with him, it's a strange thing.

Not long after Wang Fan mingled with the crowd, the old man of the Yang family also appeared on the street.

However, looking at the dense friars, he had some helplessness.

How can I find this?

You know, this is the main road. There are no less than ten thousand monks around. Do you want to check the identity one by one?

The most important thing is, among these people, who knows if there are other seven family cores?

What a headache!

Nevertheless, his mental strength has been swept around wildly.

Chapter 3670

It's a pity, but nothing.

At the same time, Wang fan is less than kilometers away from him, walking slowly and laughing.

The old guy didn't even feel his own breath, and he still wanted to find himself. Isn't that a fool's dream?

However, he did not dare to tease each other, but quickly returned to the Chen family.

He had found that all the ten monks who broke into the Chen family had left.

At the moment, those ten immortal Zun nine layers are incomparably depressed and angry.

The ten immortals and the nine strong men came into Chen's house and wanted to kill Wang Fan. But who would have thought that they didn't even see Wang Fan's face.

If it is said that Wang fan is not in the Chen family, when did Wang Fan go out? How could no one notice?

But if Wang fan is in Chen's family, why can't he find the top ten immortals?

It's a shame. It's a slap in the face.

At the same time.

Qianhuan commercial building.

The auction is over.

However, two volumes of emperor level martial arts have been bought by the mysterious strong.

It's said that it's a mysterious strongman. In fact, everyone knows that it's just the trust of the Guyang family.

It is not until now that the Chen family is really sure that there is a conspiracy between the two families.

At the end of the auction, Gu Zhenyang, who is in charge of the ancient family, did not dare to continue to offend these strong people, but opened the big ban.

He wanted to do something to the Chen family, but after much thought, he gave up.

Now the people of the six families have not bought the emperor level martial arts skills. They all know that this is the conspiracy of the two Guyang families, and they are not happy with them.

In this case, if we continue to do it, it will cause public indignation.

If the auction hasn't started and the Chen family wants to leave by force, it's almost the same at that time.

It's just that it's a little late to say that.

Soon, the strong have come out of Qianhuan commercial building.

As soon as Chen Zhuqiang came out of the auction house, he had already received the news.

There are ten Xianzun nine forced into his Chen house, wantonly search, also don't know who is looking for.

Chen Jiaqiang was furious.

Even if no one in the Chen family was killed, they were still furious.

"Ancient home! Yang family

Without the slightest hesitation, the strong suddenly soared into the air, and the breath broke out madly. They directly divided into two groups and killed them in the direction of the Yang family.

It's such a shame. If the Chen family doesn't get back this face, what face will they have to gain a foothold in Pumi city in the future?

As for why they didn't go to the ancient family, the Chen family didn't have the strength to deal with the

two families at the same time.

But the Yang family is much weaker than the ancient family. Of course, the persimmon is soft.

At the same time, the Yang family also received the news that someone had killed 13 immortals.

Yang family strong smell speech, almost angry explosion.

Wang Fan didn't kill him, but he was killed more than a dozen of the three-tier immortal statues. It's hard to accept.

"Bastard, bastard, it must be Wang Fan. Come on, let's go to Chen's with Ben Zun. If we don't kill Wang Fan today, how can our Yang family get a foothold in the future? "

Yang Kun of the Yang family roars angrily, and the killing is agitated.

However, before he had time to go to the Chen family, his face suddenly changed, and then he felt that dozens of strong breath oppressed the Yang family.

"The Chen family?" When Yang Kun saw this, he was even more angry.

For a moment, the Yang family also took off one after another and looked coldly at the distant area.

It didn't take long for the Chen family to come to the Yang family.

"Yang Kun, you are so brave to enter my Chen family. Today, if your Yang family doesn't give me an account of the Chen family, I'll wait for the destruction. "

Chen Jiaqiang has a strong voice and momentum.

This voice fell down and directly resounded through most of the city of Pumi. Countless friars were shocked.

Chen family, is this going to destroy Yang family?

What a sensation!

Yang Kun was also furious. His breath was more violent. He pointed to Chen Yu and said coldly,

"Chen Yu, that Wang Fan came into our Yang family and killed 13 immortals. In the early days, I didn't go to your Chen family for trouble. Now, your Chen family has come to you. It's just too much deception!"

Yang Kun's words caused another sensation.

What, Wang Fan even entered the Yang family and killed 13 immortals?

Is this a joke?

At any time, just a xianzun would be able to enter a big family like Yang family.

Chen Yu can't help but feel a little stunned when he hears the words, but he gets angry quickly, "it's just a bunch of nonsense!"

"Wang fan is just a fairy. Do you think he killed 13 of them? I ask you, where is Wang Fan? What about other people? "At the same time, Chen Yu's mental power radiated, but he didn't feel Wang Fan's breath.

Yang Kun is also angry, blurted out, "this kind of thing, how can I lie? He has escaped

"Run away?" Chen Yu burst out laughing, "an immortal one layer, killed people in your Yang family, and escaped? Do you think I'm a three-year-old? "

Chen Yu said, waving his big hand and suddenly cheered, "let's do it!"

Boom boom!

With his voice, in an instant, dozens of xianzun nine layers started at the same time.

The terrible pressure covered the sky. Just for a moment, many buildings of the Yang family had been razed to the ground.

Seeing this, Yang Kun was furious. "You want to die!"

He roared and took the lead in the fight.

In a flash, the roaring sound resounded, and dozens of xianzun's nine layers fought together directly.

The monks who were closer to each other were shocked when they saw this scene. The next second, they began to run away.

About ten minutes later, Chen Yu stopped fighting and left quickly with his men.

He came here just to vent his anger and save his face. He didn't really mean to destroy the Yang family.

Are you kidding? There is a strong immortal in the Yang family. If you lead that one out, it will be a big trouble.

"Deceiving too much, deceiving too much!"

Yang Kun is trembling, how many years, how many years no one dares to bully his Yang family? Is the Yang family going to be so ruined at the end of the eight families?

Angry!

Naturally, he also knows why Chen Yu and others came here, apparently because someone broke into the Chen family.

However, it is obvious that the ancient family is the mastermind. Why don't they go to the ancient family?

Yang Kun is more and more angry.

He wanted to chase Chen Yu and his party, but after much consideration, he gave up.

If Gu family didn't help, Yang family couldn't leave those people.

Chen Yu got angry and soon returned to his family.

When I feel Wang Fan's breath, I feel relieved.

Although Wang fan is not his Chen family, he can enter the wind withered secret place. Those Yang family members still need Wang Fan to take care of them.

Wang Fan naturally felt the previous war and couldn't help laughing.

This Yang family is really miserable!

He didn't think much about it, so he continued to cultivate the God chop.

This is an immortal martial art. Since the Chen family has given it to him, it's natural to cultivate it as soon as possible.

This kind of martial art can still be used.
