Chapter 3671

After learning that Wang Fan had returned to the Chen family, the ancient family originally wanted to send someone to get people.

However, when I saw that the Chen family had a strong fight to the Yang family, I immediately gave up the idea.

They have no doubt that if they dare to go to the Chen family to get people, the Chen family will dare to fight with them.

Sometimes, things are just so funny.

When you can be bullied, everyone dares to step on a few feet, but if you show enough strength, it will be frightening.

Wang fan is still relaxed in the Chen family, and has not encountered anything.

In this way, another day passed quickly, and it was the day when the wind dried up and the secret place opened.

The entrance to Fengku is near the sea.

Just after dawn, a hundred friars, including Wang Fan, Chen hanyue, Hong Tao, Xiao Yu and Niu Dazhuang, arrived at the sea by spaceship.

When they arrived, all the other seven monks also arrived.

For a moment, everyone's eyes fell on the Chen family.

Especially looking at Chen Yu and Wang Fan, their eyes are strange.

These two people are too bossy.

Chen Yu and Wang Fan came to the Yang family.

This kind of thing is unthinkable.

The Yang family and the Gu family look at Wang Fan with bad eyes.

Especially the Yang family, the eyes that look at Wang Fan, almost want to eat people.

Wang fan is very low-key, did not go to see them.

Anyway, it's just a rumor that Wang Fan has not been caught.

If anyone mentioned it, he would not admit it.

"Now that you are all here, open it."

See all people to Qi, Yin family strong came out, swept the other seven to lead a strong eye, light said.

Chen Yu seven people also have no nonsense, directly out of the crowd.

The eight strong men suddenly soared into the air, and each of them grabbed a disk in his hand, and Xianyuan was injected into the disk.

All of a sudden, eight arrays of silver light appeared in the disk, eight silver light soared into the sky, crazy shining, and soon gathered together.

With a hum, the moment when the eight silver beams converged, the void began to tremble violently. Then, an illusory door appeared in everyone's sight.

Wang Fan looked at the illusory door and the eight strong men, and found that their faces were pale.

Obviously, this kind of opening will consume them a lot.

At a certain moment, when the illusory door solidified, the strong of the Yin family suddenly drank again: "enter!"

With the sound, most of the friars suddenly flew into the air and rushed in.

"Go ahead, I'll wait."

Wang Fan did not enter immediately, but said to Niu Dazhuang and others.

Originally, he really wanted to work with Niu Dazhuang and others. Many people would take care of him.

But now, he did not dare to be with a few people.

The top ten immortals of Guyang family came to the Chen family and showed their determination to kill him.

In this case, the two hundred monks of Guyang are likely to join hands to ambush him.

Therefore, if he continues to work with Niu Dazhuang and others, it will harm them.

"Don't you go in together? Let's go in together, and we'll take care of each other. "

Chen hanyue looked at Wang Fan and said.

Wang Fan shook his head, "I feel that the people of Guyang two families will join hands to deal with me, in this case, we only separate, will be more secure."

Chen hanyue heard Wang Fan's words, just hesitated for a moment, then nodded, "be careful."

"I will. Be careful." Wang Fan nodded.

Chen hanyue didn't talk nonsense any more. She murmured, "let's go!"

Then he took the crowd into the air and rushed into the door.

Little respect of the two families in Guyang was slightly surprised to see that Wang Fan was not with the Chen family, and then a sneer appeared at the corners of his mouth.

Two people look at each other, there is no nonsense, with the crowd rushed in.

When Wang fan saw that both Guyang and his family had entered, he rushed to the door.

However, just at the moment of rushing into the door, the strong man of the Yang family suddenly attacked Wang Fan.

Wang Fan's face changed. Without hesitation, he urged Xianyuan and his physical strength to resist the attack. At the same time, the wind and thunder flashed at his feet and rushed in madly.

"Yang family, you wait for me. If I don't die, you Yang family will be destroyed."

At the moment before rushing into the door, Wang Fan's voice suddenly spread out. The next second, bang, accompanied by a spatter of blood light, his whole person has disappeared without a trace.

"Yang Kun, how dare you

Chen Yu looks at this scene, his face is also in the moment gloomy down, extremely angry. Yang Kun snorted coldly, "Chen Yu, he's not your Chen family. Why are you so angry. Hum, if you want to do it, I will accompany you. "

Chen Yu was angry but helpless.

For one thing, he still has to maintain the energy of the portal. For another, Wang fan is just an outsider. Now he has entered the wind withered secret place, and he will definitely not come back in the short

term.

In this case, can he really fight with the Yang family for Wang Fan?

The wind withers away.

"Hiss" a, Wang Fan mouth gushes out a mouthful of blood, the whole person instantly fell to the ground.

At the moment, his face is pale, his back bone is broken, and his injury is quite serious.

Although Yang Kun is not Chen Yu's opponent, he is far from Yang Ji's two bodyguards.

He can become the elder of the Yang family. Even among the monks of the ninth floor of xianzun, he is absolutely the top one.

This kind of person, give Wang Fan a palm, Wang Fan did not die already was the day big lucky.

In fact, if it wasn't for Wang Fan's quick reaction, if it wasn't for Yang Kun's need to maintain the door, he would be killed by a blow.

"Yang family, Yang Kun, you want to die!" Wang Fan's face was ferocious, and his eyes were full of cold killing intention.

However, as soon as his voice fell, a colder voice came from his ear.

"Wang Fan, I think it's you! You're just an immortal, and you dare to enter my Yang family. It's a shame that you won't die today! "

With the sound, the sound of breaking the wind resounded. Just in an instant, 200 monks appeared in Wang Fan's sight.

What's more, Yang Yu and Gu Ba are both holding an array tray in their hands.

The array disk is shining brilliantly, which has blocked the void.

Obviously, they are afraid that Wang Fanshi's exhibition space will move away.

Wang Fan raised his head and looked at Yangyu and Guba first. Then he looked at the other monks.

"You want to kill me, too? It's not Gu Yang's family. I advise you to leave as soon as possible. Don't get angry

"Although Wang Fan's strength is not strong, it's still no problem to kill some weak friars! If I can survive today, all of you will be buried with me! "

Wang Fan's voice is very calm, even calm are some terrible.

Gu Yang's two clans were OK. Their faces just changed a little and then returned to normal.

But those non Guyang monks were hesitant.

Yeah, do they really want to get involved?

Once Wang fan doesn't die, what about them?

I can't even think about it.

Chapter 3672

Yangyu and Guba saw the monks hesitating, and their faces became more and more gloomy.

They know that they can't continue to drag on. If they drag on again, I'm afraid no one will dare to do it.

However, just when they were going to order to start, Wang Fan had already started.

Although he can't make a big move, his lightning skill is still very strong.

Lightning power, to be exact, is not graded.

He just controls lightning to speed up. The higher your accomplishments are, the stronger your control over lightning will be, and the faster your speed will be.

Wang Fan's thunder is surging at his feet, and he is blessed with wind elements. His speed can be said to be extremely fast.

Just in a moment, he had rushed to a ferocious monk and split out with a sword.

The friar was a little stunned. He never thought that Wang Fan would take the lead in attacking him.

However, when he reacted, it was a little late.

With a hiss, the archaic sword penetrated his throat directly and raised a cluster of blood fog.

An immortal was killed in this way.

It's not as good as grass.

Wang Fan killed the immortal three layers, instantly retreated to the distance, sneered, "if you don't want to die, roll, otherwise, once you fight later, don't blame me for being merciless."

Many monks' faces changed again.

Yang Yu's face became gloomy.

He did not give Wang Fan the opportunity to continue to speak, the whole person killed Wang Fan at the same time, also issued an order, "start!"

With his voice, dozens of friars immediately rushed out to kill Wang Fan.

Even though many monks have hesitated, there are still 30 or 40 monks in the two families.

Yangyu and Guba are at the front, and they are very powerful.

They have also sacrificed their magic weapons and directly killed Wang Fan.

Wang Fan's face changed, but he didn't fight with these people. Instead, he flashed and went to the side.

At the same time, the archaic sword in his hand has been lifted up again, frantically chopping out the God chop.

There are only three moves in Tianshen chop. Although it is not as powerful as the eight moves of Shenjian, it is also a very powerful skill.

However, Wang fan can only reluctantly show the first move.

In fact, in such a situation, his hope of breaking through will be even greater if he performs the eight moves of magic sword.

It's just that the eight moves of Shenjian need brewing and time. It's meaningless unless the third or even the fourth sword is directly split.

Although tianshenzhan is not as powerful as the eight moves of Shenjian, the first move is more powerful than the first move of Shenjian.

With a roaring sound, Wang Fan didn't take charge of the attack behind him, but directly killed one of the friars holding the array plate.

He has only one purpose now, that is to tear the gap and get out of here.

Dozens of xianzun three layers, such a strong lineup, fighting head-on, let alone now Wang Fan has been injured, even if not injured, it is not an opponent at all.

With a loud bang, the archaic sword fell on the two immortal monks, and they were directly split out.

However, Wang Fan, the friar holding the array tray, was not hurt.

He wanted to cut the second sword, but it was too late.

Wang Fan's crazy soaring, crazy flashing.

However, in spite of this, there are still countless attacks on him.

His vigorous Qi defense was smashed, and his body was already bloody.

Wang Fan's face was very ugly, and his figure began to twinkle again.

Behind, Yang Yu is laughing, "Wang Fan, you don't struggle, today, you can't leave."

Gu Ba also showed a cold smile on his face. "You are just a fairy, and you are an outsider. You dare to provoke me. Who are you going to die? Next life, open your eyes and don't provoke our two families

Two people say, the speed instantly soars, chase and kill toward Wang Fan.

At the same time, the friars holding the array disk in the periphery constantly compressed the space and narrowed the scope of Wang Fan's action.

Wang Fan's face was ugly and began to flash wildly.

At the same time, he directly used his blood power, and began to burn blood essence and Shouyuan crazily.

Not to mention that, he even broke off a small immortal vein and began to absorb his life.

There's no way. He's in a very dangerous situation. If he can't rush out in a short time, even if he won't be killed alive, he will be killed alive.

At this time, he simply hated Yang Kun of the Yang family.

If the old man didn't attack him shamelessly, how could he fall into such a desperate situation?

Wang Fan urged blood strength, and crazy burning blood essence Shouyuan, the explosive force is absolutely extremely terrible.

Just a sword, there are three monks directly through the body, fell on the spot. Of course, Wang Fan was hit several times again, and the injury was more serious.

Wang Fan didn't stop and didn't even frown.

He had a clear goal and went straight to one of the friars holding the array disk.

Even if there were friars on both sides, he just dodged and didn't fight back.

In this way, once again hard shoulder several attacks, Wang Fan finally killed in front of the man.

He grinned with a cruel smile. In the other party's frightened eyes, the Taigu sword was sacrificed again and split out crazily.

The monk's face changed greatly. He used his body method crazily and escaped without death. But where is Wang Fan fast.

Hiss a, his body is directly torn, array dish also fell on the ground.

Array disk, it is necessary to provide Xianyuan operation.

When the monk was cut off, there was no Xianyuan to provide for the array plate, and a gap appeared in the big array.

Wang Fan looked at the gap and rushed out without hesitation.

"Stop him!"

"Don't let him escape!"

When Yang Yu and Gu Ba saw this scene, their faces turned green.

It's not easy to trap Wang Fan and make him seriously injured. If Wang fan is allowed to leave, it's hard to kill him again.

But now Wang fan is crazy. Who dares to stop him?

The two shaozun also began to burn blood essence and Shouyuan, chasing Wang Fan.

However, Wang Fan has already moved many times and disappeared in the same place.

He didn't even have time to be cruel.

"Damn it, damn it, how could he escape!"

Gu Ba Yang Yu was a little annoyed that he couldn't catch up with Wang Fan even though he tried everything.

Even their eyes to some friars were cold.

Those friars are the ones who didn't do it before.

If they do, Wang Fan will die!

Those friars who didn't do anything were scared by them, but they didn't say anything.

They have made up their mind to leave the two camps when they find an opportunity.

If you stay any longer, you may be killed by the two young masters.

Wang Fan didn't know what happened to Yangyu and Guba. After he ran away for tens of thousands of miles, he finally couldn't bear it any more and stopped.

Just, he just wanted to find a place to heal, his face couldn't help changing.

Not far away, there are countless monsters.

The most important thing is that the spirit of those monsters was not even aware of.

Chapter 3673

Wang Fan looked at the dense endless monster, his face turned pale in an instant.

He didn't know how and when these monsters appeared, why he didn't even notice.

Wang Fan did not dare to have the slightest hesitation, the next second, once again crazy overdraw the body aura, fled toward the distance.

However, he just escaped a thousand miles or so, and could not support it any more.

There is no way, Wang Fan crazy bombardment the ground, directly hit a deep hole, the whole person ran down.

He can't run any more, he can only escape.

As for whether we can avoid it, it depends on luck.

Outside.

Wang Fan just broke into the ground, the endless dense monster has rushed.

At the same time, in the distance, Yangyu and Guba have led nearly 100 strong men to rush here.

They all came to kill Wang Fan, but the number was much less.

Because more than half of the people, dare not continue with them, chose to leave the team.

Although they were angry, they did not dare to fight.

In this case, if the monks were attacked, they would suffer heavy losses.

"Wang Fan, you must not let him escape!"

Yang Yu's face was gloomy, but his face changed as soon as his voice fell.

He had seen the dense monsters in the distance.

Not only he, but also the rest of the monks saw it.

"What's the matter?"

The face of Yang Yu and others is to change of ugliness, the face also some pale get up.

They don't understand why their mental power can't sense these monsters, but can only see them.

The spirit can't feel the existence of the monster, so naturally there is no way to know the strength of the other side.

Just for a moment, Yang Yu and others clenched their teeth, turned around and began to escape.

They are not willing to kill Wang Fan.

Just, even if again unwilling, what way?

Yang Yu and his party are very fast, but those monsters are faster.

Just a short time later, those monsters caught up with several fallen friars.

Their body shape seems to be illusory. They just fly by the bodies of the friars, and the friars have disappeared.

It's terrifying.

Yang Yu and his party feel this scene, more crazy, and they all escape.

Not only that, they did not dare to escape together, but scattered.

Underground.

Although Wang Fan's spiritual power didn't sense the monsters, it was clear that several monks disappeared quietly.

The monks seemed to have never appeared and disappeared out of thin air.

"What's the matter? Those monsters? "

Wang Fan some scalp numbness, the face is also in the moment dignified.

He wanted to go out and have a look, but in the end, he didn't dare to go out.

"It's a dangerous place. It seems that we should be more careful. Yangyu, Guba, you wait for me. When my injury recovers, you will die. "

Wang Fan, with a sullen face and an angry scold, directly grabbed a small section of immortal pulse and countless Yun immortal pills, and started the crazy cultivation recovery.

In such a place, he didn't dare to take out all the immortal veins to practice. It was too noisy.

In desperation, he could only cut a small part.

However, in this way, the effectiveness of xianmai will be greatly reduced.

After all, the whole immortal vein is a good thing.

Once broken, the value will be greatly reduced.

Wang Fan directly started the taixuan Sutra. In an instant, the innumerable Yunxian pills evaporated at the speed of the naked eye and turned into ashes, while Xianyuan poured into Wang Fan's body.

As for that little immortal pulse, it also sent out a very strong immortal yuan, and poured into Wang Fan's body crazily.

Endless Xianyuan roars in Wang Fan's body, washing his meridian bones and repairing his injury.

Wang Fan immediately felt a very comfortable feeling.

He hasn't felt this feeling for a long time.

This practice is three days.

Three days later, Wang Fan's injury finally recovered and his state also recovered to the peak after consuming three small cut immortal pulse and countless Yun immortal pills.

Not only that, but also his strength has been improved once again, only one step away from the second floor of xianzun.

Wang Fan felt that his cultivation was advanced, but he was not surprised, but lost.

The speed is too slow and the consumption is too high.

He consumed so much immortal pulse and Yun immortal elixir that he didn't even reach the second level of xianzun.

According to this kind of consumption, even if he consumes all the immortal veins, I'm afraid it's still a question whether he can reach the later stage of immortal Zun. It's really hard to improve the immortal realm.

Wang Fan shook his head. He didn't think so much and didn't go out immediately. Instead, he took out the God chop and began to practice.

It's an immortal level martial art. It's of great use to him. He has to practice it for a while.

After all, we can't use Xianyuan to slash wildly or perform the eight moves of Shenjian in every war?

, the eight style of the sword is very strong, but it can't suck up early, and it takes time to get ready.

Once encountering a strong man, I'm afraid he will be killed directly before he shows his moves.

It took Wang Fan another three days to thoroughly cultivate the first cut of the Heavenly God.

Although he wanted to continue, he chose to go out in the end.

As soon as he came in, he had already wasted six days here and had to go out.

Otherwise, it would be bad luck to be left far away by other monks, or to encounter the later xianzun middle stage and xianzun later stage.

After all, Fengkui is not only opened once, but three times.

The three times correspond to the entry of the strong in the early xianzun period, the middle xianzun period and the late xianzun period.

And each time, there is only a difference of seven days.

These seven days are just the time for competition outside.

Wang Fan did not continue to change face, but restored his true colors and ran towards the distance.

During this period of time, he has always been easy to look. Now he is restored to his original status, and no one knows him at all.

Wang Fan was in a hurry for two hours when he suddenly stopped.

In front of him a hundred miles or so, two monsters appeared.

These two monsters are extremely powerful, which is equivalent to the six level monsters of xianzun.

"Monster?" Wang Fan muttered to himself, "there is blood on the ground. It is obvious that there was a battle not long ago."

"But why are these two monsters different from the countless monsters I saw before?"

Wang Fan whispered, did not detour, but convergence breath, carefully approaching the past.

He's going to ask some questions to see what's going on.

The wisdom of two respected monsters is no less than that of human beings.

Naturally, they know more about Fengku's secret place than he does.

Wang Fan convergence breath, soon came to the distance between the two beasts about ten li position.

This distance is enough for Wang Fan.

But when Wang Fan interrupted, the two monsters seemed to have a sense and suddenly looked at him.

"Who is it?"

A roar resounds through the void, and the void vibrates.

Chapter 3674

"Exposed? The monsters here are not simple! "

Wang Fan also can't help but slightly coagulate eyebrows. At the next moment, the space moves out and disappears in the same place.

Now that it has been exposed, there is nothing to hide. Kill it first.

Almost at the moment when Wang Fanshi's exhibition space moved greatly, on the other side, two monsters also rose up and roared.

"To die!"

"Damn human beings!"

However, their roar just fell. With a whoosh, a fiery red sword cut down in the air and went straight to the head of one of the monsters.

Wang Fan's immortal realm was also shrouded in an instant, suppressing the two demons.

The two monsters were furious when they noticed this scene.

The monster that was targeted by Wang Fan roared, and his huge claws stretched out directly. Without thinking about it, he went to the burning red sword.

With a roar, the sword was smashed, and the huge claws were bloodthirsty.

However, the monster didn't mean to take it back at all. The Giant Claw bombarded forward again, directly to the archaic sword.

When Wang fan saw this scene, he couldn't help but feel a little stunned.

How dare you use meat claws to fight against the imperial weapon?

The immortal yuan in his body surged into the Taigu magic sword, and swept down with one sword.

With a hissing sound, the sword claws collided with each other, making a burst sound, and there was a faint spark splashing.

However, the next second, a large piece of flesh and blood has been torn open, scarlet blood spilled from the sky.

"Ah, damn it, you want to die!"

The monster is also more angry, a pair of eyes staring at Wang Fan, regardless, directly toward Wang Fan to kill.

At the same time, the other monster also roared, his mountain like body soared into the air, and madly rolled towards Wang Fan.

They can feel that Wang Fan's cultivation is not high, but his fighting power is very strong.

In this case, the two demons naturally did not have the slightest fear.

Wang Fan's eyes twinkled and his face was dignified.

Although the breath of these two monsters is only relative to the sixth level monks of xianzun, they are more powerful than the seventh level monks of xianzun.

In addition, their defense is far beyond the seventh level of xianzun. I'm afraid even the eighth level of xianzun can't help them.

Wang fan face more dignified, he did not choose to fight with each other, but crazy flash, began to avoid.

The two monsters attacked madly, the mountains collapsed and the ground collapsed, as if the end had come.

However, Wang Fan ignored them and avoided them, only occasionally making a sword.

Not only that, every time he put out his sword, he used the God chop.

The first cut of Tianshen's chop, he has just started. It's a good opportunity for practical training.

"God cut off!"

"God cut off!"

"God cut off!"

In the void, Wang Fan's voice is constantly spreading, and the archaic sword is also constantly cutting down.

At first, he was only able to slightly hurt each other, but later, each sword cut down, can hurt two demons.

These monsters, the most powerful is the tibia, now tibia injury, for them is undoubtedly fatal.

Two monsters more crazy, but Wang fan that is really too cunning.

He doesn't touch the two demons at all. Every time he encounters a fatal crisis, he will show his space to move and avoid.

This makes the two demons even more angry.

"Damned human beings, it's no skill to hide. If you have the guts, you can fight head-on."

"Bastard, what a bastard, human, you are shameless!"

The two demons attacked one after another and lost one after another. They were a little angry.

But Wang Fan sneered, "a frontal battle? What's your strength? What strength am I? "

"I'm just xianzun. Now I'm besieged by you two big guys. You have the face to say that I'm in a frontal battle. You have the face to say that I'm shameless?"

Wang Fan disdains to laugh, two demons are also more angry.

However, they have no way to attack Wang Fan for a long time.

At a certain moment, they no longer dare to continue to fight, but roared, turned and ran.

In this way, they will be consumed alive.

You know, their defense is terrible. Even the strong of the ninth floor of xianzun can't hurt their bones, but now it's the first time that they have encountered such a thing in so many years.

"Want to go? Are you ready to go? " However, they want to go, but Wang fan is not happy.

His goal has not been achieved, how can two monsters leave?

"What do you want, asshole?"

Two demons are really thoroughly angry, want to pick the skin of Wang Fan.

This bastard first came to provoke them and beat them black and white. Now they don't pursue them. They are going away. Is Wang Fan still not willing?"I don't want to do anything. I just want to ask you something." Wang Fan attacked and said with a smile, "just now I met a group of monsters. I can't feel them mentally, but I can see them. Do you know what's going on?"

"What did you say?" When the two demons heard this, their tone changed and they became frightened.

The next second, they no longer bother to pay attention to Wang Fan, crazy to speed up the secret technique, in an instant it has disappeared without a trace.

Wang Fan looked at the scene and was stunned.

Are those monsters so terrible?

At the same time, he was also afraid. Fortunately, he didn't encounter those monsters. If he did, he

didn't dare to think about it.

Wang Fan didn't ask for the result. He sighed bitterly, so he didn't ask any more questions and continued to go ahead.

The direction that two monsters escape is the direction when they enter. Wang fan doesn't want to waste time chasing them.

Another hour later, Wang Fan finally noticed the monk's breath.

"Is there someone fighting over there? No, it's a group of people chasing one! Big cow? Damn it, the people of the Wu family are chasing Niu Dazhuang. Did Niu Dazhuang provoke them? "

Wang Fan side said, while quickly toward the direction to go.

He has found out that the people of the Wu family are chasing Niu Dazhuang.

At the moment, Niu Dazhuang looks miserable. He is covered with blood and flesh.

Behind him, there were five monks in the third floor of xianzun who were chasing and killing him. They were like crazy.

"You shameless things, why do you chase me? I found that fruit, and I have eaten it. "

"Son of a bitch, if I'm in a hurry, I'll blow myself up and pull you to be buried with me."

Niu Dazhuang's roar rang through thousands of miles, and his big face was full of anger.

He was just lucky to get a fruit. Unexpectedly, he was chased by the Wu family.

If he hadn't reacted quickly, he would be dead by now.

After hearing Niu Dazhuang's words, the five friars of the Wu family at the back said nothing at first. They were just chasing after Niu Dazhuang, and from time to time they shot a note.

But later, they couldn't stand Niu Dazhuang's scolding any more. One of them said in a cold voice, "self explosion, then you can try it."

never mind eating your fruit. We can make your flesh and blood extract the essence.

Niu Dazhuang was about to explode when he heard this.

What a pity!

Chapter 3675

The five friars of the Wu family pursued and attacked with a constant roar.

Niu Dazhuang was also beaten. He vomited blood and his flesh was blurred.

Although he is also very strong, he is still not good enough to face the pursuit of five monks of the same level.

Niu Dazhuang's eyes are scarlet, and his canthus are about to crack, but unfortunately there is no way.

However, when Niu Dazhuang was in despair, the faces of the five people who were chasing him suddenly stopped.

They looked coldly into the distance and cried, "who is it?"

Niu Dazhuang heard this, also can't help but slightly a Leng, immediately stopped the body shape, forced to stop down.

Is there anyone in front?

He didn't notice at all.

In Niu Dazhuang's suspicious eyes, the front of the void concussion, a figure slowly out.

Wang Fan stepped on the void, and his eyes were cold and terrible.

Five people see Wang Fan, face slightly a change, one of them is humane, "who are you?"? Why never?
"

He was really surprised.

This time, the secret place of Fengku was opened, and only 800 people came into the eight families.

All the 800 monks entered in the same place. Even if they didn't know each other, they had seen each other.

Monk xianzun, it's not easy to remember the appearance of 800 people.

However, they have never seen the new monk.

Although they are not necessarily the only 800 people in Fengkui, this is the periphery. They have just entered.

In this area, it is unlikely that other people will appear.

Even if the monks who entered in the past were forced to stay in Fengku's secret place, they could not be in this area.

Wang Fan looked at the five people, but he didn't want to talk nonsense at all. The Taigu magic sword was directly sacrificed, and one of them was chopped with one sword.

He was extremely fast, and there was no sign in advance, so the five people didn't react at all.

With a hiss, the archaic sword struck the friar in an instant. The Friar's body split and fell.

After the other four people reacted, they were almost splitting their eyes!

"You want to die!"

With a low roar, they directly killed Wang Fan without hesitation.

At the moment, they have not recognized that the person in front of them is Wang Fan.

It's big and strong. I can't help being dull.

Archaic sword?

Isn't that Wang Fan?

He almost suspected that he was wrong.

But Wang Fan ignored Niu Dazhuang. His body was flashing, and a man's attack flew close to his body. The next second, the archaic sword had been cut back.

Boom!

An immortal was ejected from the third floor. He was not dead, but he was seriously injured.

At the same time, the other three people's attacks also came from three directions, directly covering Wang Fan's body.

Wang Fan's eyes and eyebrows are slightly picked, the space is moved and displayed, and the whole person is surrounded and the ghost disappears.

When he reappeared, he had already appeared behind the seriously injured monk.

The Taigu sword cuts out again. With a hiss, the second monk falls.

"Space blink? Are you wang fan

At this time, someone finally responded and could not help opening his mouth.

But Wang Fan didn't pay any attention to them. The wind and thunder flashed at his feet, and he had killed them again.

"Go

The three friars are ready to split their courage. How dare they continue to fight with Wang Fan.

One of them drank low all his life, turned around and ran away.

It's impossible if they don't run away. In the face of Wang Fan, they have no chance to win. If it goes on, there is only one way out.

On that day, Wang Fan's performance in the final was so amazing that no one was afraid.

"Go? Are you ready to go? Now that they are all here, we'd better stay. "

Wang Fan sneered and went after him.

Although the three monks were not slow, they could not compare with Wang Fan.

In a short moment, Wang Fan had caught up with them, and the gods chopped them out one after another, and soon reaped their lives.

Niu Dazhuang, who is not far away, can't help but stare at this scene, wheezing and gasping. His face is incredible.

Wang Fan's fighting power has obviously improved a lot.

He was killed so quickly by the five strong men who had almost driven him into a desperate situation before?

Niu Dazhuang really can't believe it.

Wang Fan put away the five person space ring, and then he walked towards Niu Dazhuang.

Niu Dazhuang rigid body, hey, straight smile, "brother Wang Fan, you are really strong."

Wang fan is speechless, "how did you separate from those people of the Cold Moon Fairy? What about them? "

Although Wang Fan learned from previous conversations that Niu Dazhuang was pursued because of a

fruit. But he did not understand why Niu Dazhuang was not with the Chen family. Niu Dazhuang heard this, his face was not very good-looking. "Before I got a fruit by chance, but I happened to meet the Wu family."

"The Wu family was jealous of the fruit I got, so they wanted to snatch it, but I ate it in a rage."

"My actions aroused their anger, and immediately someone began to attack me. "The Cold Moon Fairy did not stop them, but they were besieged."

"I don't want to implicate everyone, so I plan to escape alone and lead the Wu family away."

Wang Fan heard this, nodded, no longer continue to ask.

He said, "where are they now? Take me there."

"Good." Niu Dazhuang nodded, while taking pills to recover his injury, he quickly led the way.

Neither of them mentioned the fruit. Wang Fan didn't ask, and Niu Dazhuang didn't say much.

Half an hour later, they arrived at an area.

This area, within a thousand miles, has been completely flattened.

The mountains crumbled, the ground crumbled, and the towering trees turned to dust.

Wang Fan just looked at it and knew that the fighting here was a little fierce.

However, at the moment, both sides have disappeared and are far away from this area.

"It seems that they have gone. Let's look for them."

Wang Fan sighed, but did not say much. He quickly ran after him in the distance.

He has a good impression of the Chen family and Chen Hanyue, so he doesn't want to see these people in trouble.

If he could help, he would not stand by.

Wang Fan took Niu Dazhuang to run for about half an hour, and finally noticed a wave.

It's not the battle wave, it's the hidden breath wave.

There are people hiding in a place not far away, and there are still a lot of them.

Wang Fan's mental power swept across the past, and immediately saw Chen hanyue and his party.

However, at the moment, they are all shrinking in a flash, all of them are scarred, obviously injured.

What's more, there are only 30 of the original 100 monks.

Even with Niu Dazhuang, there are only 31 people.

You know, this time the Chen family joined the monks, together with Chen hanyue, a total of 101 people.

"In a short time, 70 people were killed or injured? This loss is a little too terrible, isn't it

Wang Fan murmured, and then did not talk nonsense, directly toward the past.

Inside the cave.

Chen hanyue and others are not aware of Wang Fan's breath, and their faces are very gloomy.

Chapter 3676

"Niu Dazhuang was so reckless that he ate that fruit. If not, how can we be forced into such a situation?"

"

One of the monks had an ugly face, a low voice and angry eyes.

"That's right, Niu Dazhuang is really reckless, and he really hurt us."

His voice fell, and the friars immediately echoed.

In their opinion, if Niu Dazhuang had not eaten the fruit, they would not have been reduced to such a state.

When Chen hanyue heard their words, her expression suddenly turned cold, and she said, "shut up! That's no wonder Niu Dazhuang! "

"The Wu's alliance with the Guyang's is not good. Niu Dazhuang is just an opportunity for them."

Then she looked at them coldly, "I don't want to hear such words for the second time. If you are unconvinced, you will leave by yourself. I, Chen hanyue, will not be reluctant. "

This is when, unexpectedly still have the mind to complain about these, Chen hanyue is really upset.

There are not many of them. If they are alienated by their words, they will die.

When the two monks heard Chen hanyue's words, their faces were even more ugly, but they didn't dare to say anything more.

Leaving?

They dare not!

In this situation, if they leave, they will be dead.

"Well, I don't know what happened to younger martial brother Wang Fan. If he were here, I'm afraid we would be in a much better position. "

With a sigh, Hong Tao began to Miss Wang Fan.

Chen hanyue shook her head slightly. "Although younger martial brother Wang fan is strong, I'm afraid he can't change this situation. What's more, he doesn't know whether he is alive or dead. "

Wang fan is really strong and evil.

But in the face of the siege of the three families, what can Wang Fan change?

Chen hanyue's voice fell, and the scene fell into silence.

Yes, even if Wang fan is here again, what can he change?

At this time, the prohibition at the entrance of the cave was suddenly turbulent, and Chen hanyue and others' faces were instantly ugly.

"Who?"

A low drink, Chen hanyue difficult to get up.

However, at this time, there was a gap in the prohibition, and then two figures flashed in.

"Cold Moon Fairy, elder martial brother Hongtao, it's me."

Wang Fan's voice spread, the next moment, people saw him and Niu Dazhuang.

"Wang Fan?"

Chen hanyue's eyes are in a trance. How did Wang Fan find this place? How did he break the ban easily?

Isn't that horrible?

If they are enemies, doesn't it mean that they will be desperate again?

Wang Fan didn't talk nonsense either. He nodded and asked directly, "I heard you say just now that I was besieged by Wu Guyang's three families? What's going on? "

"By the way, why are there only these people left, and the rest of the martial brothers died in the war?"

When Chen hanyue heard this, a touch of bitterness appeared in the corner of her mouth. "More than 20 people died in the war, and more than 50 people rebelled."

"Mutiny?" When Wang Fan heard this, his face immediately became cold.

He didn't expect that anyone would rebel?

However, it seems understandable that facing the siege of the three families, they are afraid of death and mutiny.

However, Wang fan can't accept this kind of thing. What he hates most is this kind of villain.

"I'm sorry, these things may have something to do with me, but I've got you involved."

"I still have some healing pills here. You should recover here first. I'll go out and look for the people of the three families."

Wang Fan said, leaving a few pills, and helped to rearrange some of the array, and then left.

Chen hanyue wanted to say something, but she didn't say it in the end.

If they stay here, they will die.

If you go out, you will be dead if you meet people from three families.

Although it is difficult for Wang Fan to break the game, it is also his only hope.

Chen hanyue is sure that in a short period of time, the three monks will not leave this area. They will search for these people all the time.

Because those who are strong in the middle of xianzun's life will soon enter. At that time, the chances of the three families killing Chen hanyue and others will be even greater.

If not, the middle-term monks of xianzun in the Chen family will also be caught.

After Wang Fan left, his mental power was released without any scruples, and he began to sweep and search wantonly.

He has great mental strength and is not afraid of being perceived.

Just a few minutes later, Wang fan saw a dozen monks.

There are more than a dozen monks in the ancient family camp, the Yang family camp, the Wu family camp, and even the Chen family camp.

Wang Fan didn't have to think about it at all. He also knew that the two monks in the Chen camp were traitors."Eleven, two traitors, three in each family. It's interesting. Now that I've found it, I'll start with you. "

Wang Fan thought in his heart that the next second his body had already escaped into the void and disappeared without a trace.

On the other side.

More than a dozen friars are walking slowly, mopping up their mental strength and exploring everything around them.

Instead of walking together completely, they were divided into three groups, each with a distance of 100 miles.

For monk xianzun, the distance of a hundred Li is nothing. It can be reached in the blink of an eye.

They are so separated that even if something goes wrong, the rest can arrive in an instant.

Of course, this is only a normal situation. If you encounter special circumstances, it will be dangerous.

For example, now -

the four monks are moving forward rapidly. Suddenly, the void in front of them splits, and then a fiery red sword suddenly shoots out.

Endless sword will sweep the void, the void concussion, that sword has split the air in an instant, cut in one of them.

Hiss, blood spatter, the friar in the moment of death, even the expression of horror have no time to make.

"Wang Fan?"

The other three felt the scene and recovered in an instant.

Their breath broke out in an instant, and the weapons in their hands were sacrificed, and they went directly to kill Wang Fan.

But Wang Fan didn't pay any attention at all. He stepped on the void, and the void trembled and roared.

Wang Fan ignored the attack of the monks on the left and right sides, and the archaic sword cut out again, and directly killed the man in the middle.

"God cut off!"

The monk felt the scene, and his face changed in an instant.

He felt the great threat, he felt the unprecedented death crisis.

At this moment, he didn't want to resist at all. Instead, he began to run away with all his life.

Wang fan saw this scene, but he laughed.

With another hiss, the man couldn't escape even a kilometer, but he was torn by the sword light and killed instantly.

It's a high-level martial art. Since Wang Fan has put it into practice, how can he be so easily defeated?

At the same time, the other two people's attack has also approached Wang Fan.

"Lightning!"

Wang Fan a low drink, the sound of wind and thunder on the body rang, instantly toward the front.

But in spite of this, two attacks still fell on him, tearing out a blood hole.

"There's someone over there!"

"Wang fan is over there!"

"Kill

At the same time, not far away, the other six people have also noticed the situation here.

They burst into a frenzied roar.

The sound vibrates and spreads all over the void.

It wasn't long before someone noticed the fluctuation in the distance and killed him in the same

direction.

Wang Fan's face changed slightly, but he didn't leave immediately. Instead, he killed a third person.

It's impossible for him to fight so many people head-on.

They can only break through one by one and escape from the void before being surrounded.

Chapter 3677

Wang Fan's speed was so fast that he almost killed the immortal master in the blink of an eye.

"God cut off!"

He burst out a roar, in the hand too ancient divine sword full strength splits, cuts directly to that immortal Zun three layers of head.

"No. No The immortal master felt this scene on the third floor, and his heart and gall wanted to crack.

Without hesitation, he directly burned Shouyuan's blood essence crazily. Not only that, but also the whole left arm exploded with a bang.

The sword was shaken by the self exploding arm and its power was weakened. However, it still could not stop the killing power.

With a hiss, the archaic sword soon penetrated his chest and raised a blood mist.

Third man, death!

In the blink of an eye, three people died in the team of four. The only one left was completely changed.

Even if dozens of monks had been killed in all directions, he still felt the unprecedented danger.

Wang Fan, it's so cruel and terrible.

In a short period of time, it was unthinkable to kill three immortals.

I don't know whether his strength has been improved recently or whether he has hidden his strength in the decisive battle.

"Wang Fan, you should die!"

"The master of the array set up the forbidden air array and killed him!"

"If we don't get rid of this demon, we'll all die!"

Burst roar from the distance, dozens of monks have been frantically rushed to this side.

Gu Ba of Gu family and Yang Yu of Yang family are shining all over. They are in the lead, with endless killing intention.

This Wang fan is really damned.

If Wang Fan didn't die, they couldn't sleep and eat well.

"Forbidden air array?"

Wang Fan disdains to curl his mouth, just a group of ants, can he arrange the forbidden air array?

Even if it's arranged, what can I do for Wang Fan?

Wang Fan's array attainments are not boastful.

Of course, Wang Fan didn't dare to stay, but directly moved his space to the periphery.

In any case, he must not fall into the encirclement. Once he falls into the encirclement, dozens of monks bombard him crazily, and Gu Ba and Yang Yu are strong men, his life will still be in danger.

More ants can kill elephants, let alone a group of three-tier strong immortal.

With so many people yelling at him, he is likely to be seriously injured or even killed before making a big move.

When he first entered Fengku's secret place, it was because these people underestimated him that he had a chance to break out of the siege.

Now, these people don't look down on him.

What's more, in the further direction, there are monks coming frantically.

Wang Fan had at least 200 friars.

If there are so many three layers of xianzun, I'm afraid they can kill nine layers of xianzun regardless of the cost.

Wang Fan's display space moved and disappeared, which made most of the monks' faces change slightly.

But Guba and Yangyu didn't show surprise.

In an instant, there was a long halberd in Guba's hand. He spewed a mouthful of blood essence onto the long halberd, and immediately began to bombard the void in all directions.

It was not only him, but also Yang Yu, who also sacrificed his spear, spewed out blood essence to melt, and began to bombard wildly.

Hula, one of the space, Wang Fan was forced to appear, face a little strange.

These guys, yes, can they do this?

Big space move, big space move, he also needs to leave with the help of space, does not mean sudden disappearance.

The other side bombards the space like this, agitates the space, once hits him, he is also very uncomfortable.

"Guba, Yangyu, you want to die! Since you want to die, I will send you on the road. "

Wang Fan looks at Gu Ba and Yang Yu with bad eyes. He roars coldly, and his breath is suddenly strong.

Then, with a flash of his body, he had already killed them with the archaic sword.

It's overwhelming.

Gu Ba and Yang Yu felt the powerful pressure, and then looked at Wang Fan's desperate situation, their faces could not help changing slightly, and they began to retreat without hesitation.

Although they want to kill Wang Fan, they will not deny that Wang fan is powerful.

If Wang fan doesn't care and works hard with them, they will be very dangerous and in danger of falling.

They were afraid and began to retreat.

Wang Fan's eyes were full of disdain and scolded, "waste, idiot, didn't you shout to kill me just now? What's wrong now? You're the only ones who don't respect me. It's really rubbish. "

Wang Fan disdained to scold, the next moment, has once again exerted a big space move, disappeared without a trace.

Gu Ba and Yang Yu were so pale that they even had the heart to kill Wang Fan. But when they saw Wang Fan disappear, their faces changed a little. Then they grabbed the weapon and bombarded the void.

They are afraid that Wang Fan will appear beside them and attack them secretly.

However, two talents just bombarded a few times, but Wang Fan had already appeared in front of a monk who betrayed the Chen family. A smile was raised in the corner of his mouth, and the Taigu magic sword cut him out.

"I hate traitors most in my life, so go to hell."

With that, Wang Fan waved the archaic sword in his hand, and in the blink of an eye, he shot dozens of swords. The monk didn't have much ability to resist, so he was torn into blood mist.

"Gu, Yang and Wu are all very well. Today I have something to do, so I won't play with you. We'll see you later."

Wang Fan's voice once again spread all over the void, the next second, it has disappeared without a trace.

Gu Ba and Yang Yu looked at this scene, their faces were very ugly.

They don't know whether they should chase them or not.

In particular, he was forced to retreat by Wang Fan and bombarded the void around him. This is really a big loss.

The rest of the monks were still frightened to see Wang Fan disappear.

Originally, many people just knew that Wang Fan was powerful and terrible, but they didn't have personal experience and didn't have much concept at all.

But this time, they really felt it.

Dozens of friars surrounded Wang Fan and killed him. Wang Fan was able to escape easily and kill him with his backhand. It's really shocking.

In particular, even Guba and Yangyu were so afraid of Wang Fan. What about them?

Many people already have the idea of not participating in the encirclement and killing of Chen family friars. If Wang Fan thinks about it, they are cannon fodder if Wang fan does not die.

Gu Ba and Yang Yu naturally felt the change of those people's eyes, and their faces were very ugly.

After all, we are not in the same camp, even if we belong to the same camp, we have not reached the point of complete heart to heart.

A group of loose sand, to Wang Fan, they are also very powerless.

"Call all the monks together. Let's not separate. Let's look for the Chen family together. In this way, we will be safer. "

"You don't have to pay too much attention to Wang Fan. The elder martial brothers behind will enter the secret place immediately. When we unite with them, Wang Fan will die and Chen family friar will be destroyed."

Gu BA's face was gloomy and he spoke to boost his morale.

But Wang Fan didn't care about them. He had stopped in a hiding place and began to recover.

Killing people in a short time is great, but it costs a lot.

He plans to grind with these people first, and kill them until they are scared.

Chapter 3678

In the dark jungle, the friars of Gu, Yang and Wu soon gathered together.

At the moment, the three monks add up, there are less than 200, the lineup is extremely strong.

But even so, the losses of the three families are also very heavy.

Some of the Wu family died when they fought with the Chen family, while some of the Yanggu family died when they surrounded and killed Wang Fan.

In addition to those strange monsters, in just a few days, there were less than 200 of the original 300 friars left.

The losses were heavy.

Even so, half of the remaining 200 people have the desire to leave alone.

They are not willing to continue to spend time with Chen Jia and Wang Fan.

It's not only dangerous, but also a waste of time.

Gu, Yang and Wu families were determined to kill all the Chen family members. They were determined to kill Wang Fan, and they were all delayed here.

As for Yin, Qin and other four, I'm afraid they have already gone deep into the secret of Fengku.

Although it's also dangerous to go deep into the secret place of Fengku, there are many opportunities.

Unlike them, they can't get any benefits here. On the contrary, they are in great danger.

In one location, Gu Ba, Yang Yu, Wu Xiao and three Shao Zun also gathered together, and their faces were not very good-looking.

They all went out to look for the trace of Chen hanyue and Wang Fan, but they found nothing.

Wang fan is better. After all, he's only one person. He's good at breathing. It's hard to find him in hiding.

But there are thirty monks in Chen hanyue's side. Even if they are hiding, there should be clues, right?

"Now what should we do? Is it just to wait for the people behind to come in? "

"If it goes on like this, I'm afraid people's hearts will be broken. At that time, we will be very dangerous if we go deep into the secret place of wind withering."

Wu Xiao frowned, and his tone was very low.

Now he even has some regrets about attacking and killing the Chen family.

When Gu Ba heard Wu Xiao's words, he sneered, "what do you mean? You want to quit? Do you think it's too late to quit now? Your Wu family also killed many of the Chen family. Will Wang Fan let you go? "

"Although Wang fan is not a member of the Chen family, the Chen family is still kind to him. And from the performance of this period of time, the mind is not big, but also must report. Even if you leave and are watched by him, will you have good fruit to eat? "

"So, we'd better join hands honestly and try to get rid of Wang Fan. If Wang fan doesn't die, we're afraid we'll all die."

Yang Yu also nodded, "yes, this guy is a madman. It's just xianzun who dares to sneak into my Yang family to kill people. This shows his madness. "

"If this kind of person doesn't offend, it's all right. Since he has already offended, how can he be relieved if he is not removed?"

Wu Xiao frowned, but he was helpless.

Wang Fan, that is really too difficult.

Just entering the wind withered secret place, he faced the encirclement and killing of two hundred friars in Guyang alone, but he didn't die.

That's all. It appeared earlier, but it was a short time to kill several people and leave.

This guy, not only crazy, but also powerful, plus the ghostly body method and space blink, is a nightmare like existence.

Unless the strength is absolutely crushing, or it is not much different from it, otherwise, as long as he is targeted, he will surely die.

Although there are many monks here, they are all strong ones killed. But how many of them are sure that they will not die in the face of Wang Fan's sneak attack?

The conversation of the three men was not hidden, and the rest of the monks' faces were dignified when they heard their words.

Even the monks who didn't want to stay were hesitant.

Yes, according to Wang Fan's character, they are going to leave now. Is it too late?

If Wang Fan also hated them, they would die faster if they left.

What a headache.

Who would have thought that more than 100 monks would be scared to such a state by just one immortal?

"Ha ha, everyone, meet again. Are you going to let me have a meal together? Well, I'll go and find them one by one. Let's die. "

Just when some people were worried, a laugh came out from the void not far away.

The next moment, a road of startling sword has appeared, directly toward those monks chop down.

The roaring sound continued to resound, and dozens of sword Qi burst out almost instantly.

Then, the shadow that just appeared disappeared quickly, and I didn't know where it had gone.

Those friars who gathered together were very ugly.

At least a dozen people were seriously injured and pale.

On the ground, there are also deep pits and bloodstains.

Although no one died, but this scene, or let many people are more angry and fear."Wang Fan, you are mean!"

"Wang Fan, if you have seed, come out!"

"Son of a bitch!"

Gu Ba three people are also angry face iron green, when they are going to kill Wang Fan, but Wang Fan has no trace.

It can be said that there is no trace.

This guy appears, splits dozens of swords and runs. It's extremely hateful.

"Son of a bitch, son of a bitch!"

Gu BA's three men were almost angry. They wanted to tear up Wang Fan, but there was no way.

Thousands of miles away from here, Wang Fan's body flashed and his face was full of fun.

What can he do if there are many people?

He's going to kill these people until they collapse.

An hour later, Wang Fan flashed again, appeared in front of the monks, chopped out dozens of swords in a row, and then turned around and left.

This time, more than ten monks were injured, and even one died.

"No, it can't go on like this."

"Let's get out of here and get on our way."

"If it goes on like this, all of us will be consumed."

"We'll try our best to get on the road. Wang Fan won't necessarily come after us. The people behind will come in soon. There are still 30 people hiding in this area in the Chen family. Wang Fan won't leave them to pursue and kill them alone. "

Some monks could not bear it any longer and began to speak one after another.

This is not the way to go on, sooner or later will be consumed.

Now the only hope is to speed up and get away from this area.

Gu BA's face was also black and terrible.

When did they suffer such a great insult as shaozun?

It's just unbearable.

Just, leave now, not reconciled, the later immortal Zun's medium term is about to arrive.

But if they don't leave, the monks will collapse.

At this time, just left Wang Fan, suddenly appeared again.

This time, instead of launching a large-scale attack, he focused on more than ten people, directly more than ten Tianshen chop.

More than ten swords down, seven friars died instantly, and several other friars were seriously injured and lost their fighting power.

"Ha ha, cool, cool!"

Wang Fan burst out laughing and disappeared.

After these times, he found that his use of Tianshen chop was more and more pure, that is, it consumed too much.

"That's a good man. Do you know that I need to improve my martial arts skills and help me?"

Wang Fan resumed consumption while sneering.

Chapter 3679

Wang Fan left, but Gu Ba and others were angry.

How can this son of a bitch always use such mean means?

Just, Wang fan is haunted by ghosts, for a time, they really have no way.

"Gu shaozun, we'd better leave. If we go on like this, we will be killed all

At a certain moment, someone finally couldn't help talking.

Along with this voice, many people echoed.

"Yes, we'd better hurry. Wang Fan didn't fight with us at all. He just came here from time to time in the dark. If it goes on like this, sooner or later everyone will collapse. "

They are really scared.

This is the first time, so afraid of a small fairy.

"Wang Fan, asshole!"

Gu Ba and others are also pale, but looking at the person who was killed or injured by Wang Fan, his face is also extremely ugly.

Let alone the friars, even the three of them, all collapsed.

"Well, it seems that Wang Fan and the Chen family can't be killed. I don't want to play with you any more. There are so many people in my Wu family. If they die, it's hard to cross the wind withered secret place. "

Wu Xiao took a look at the dead monks. He could not help sighing and finally made a decision.

"Wu family, follow me. Let's get out of here."

Wu Xiao was also very straightforward. After he made the decision, he did not hesitate any more. He waved his hand and took dozens of people away.

Gu Ba and Yang Yu looked at the scene, and their faces were also very ugly.

Instead of staying here, they gritted their teeth and chose to leave.

Not far away, Wang Fan felt the scene and raised a touch of irony in the corner of his mouth.

However, he did not continue to look for those people's trouble, but returned to the cave where Chen hanyue and others were.

"Cold Moon Fairy, all the friars of the three families have gone. Let's go, too. I'm exploring the way ahead. Be careful. If something happens, send me a message in time. "

Wang Fan didn't want to waste his time here. He was afraid that the mid-term monks of xianzun would come after him.

In that case, the trouble would be even greater.

Wang fan can deal with the friars in the early days of xianzun, but he can deal with dozens or even hundreds of them in the middle of xianzun.

"Good." Chen hanyue nodded and did not ask any more questions. She arranged for all the friars to say a word and planned to set out.

They do waste too much time here to continue to waste.

In this way, Wang Fan in front of the road, Chen hanyue and others fell in the area of thousands of miles behind, the party began to hurry up.

Of course, Chen hanyue and others dare not go on the road in a big way. They are also afraid that the three families will kill each other.

Wang Fan didn't worry that the three families would return. While he was on his way, he was also paying attention to the surrounding terrain and environment.

It's a big secret place, and it's already an independent world.

It's just that the spirit of immortality here is not strong, and it's not suitable for cultivation.

In the secret place, there are many monsters, but the threat to Wang fan is not great.

Several times he easily avoided, as for those who can not avoid, is to kill, can not kill to escape.

In this way, more than ten days passed quickly.

Although Wang Fan has encountered some troubles in the past ten days, there is no fatal crisis.

But he found a strange thing.

Once, when he killed a monster, the monster's body disappeared strangely, leaving only some bloodstains.

A body, vanishing out of thin air?

Wang Fan's scalp is numb.

He thought of the strange monsters he had seen before, and all these things seemed very unusual.

Wang Fan, while summoning Chen hanyue and others, quickened his pace and started to go on his way. At the same time, he pointed out some dangerous areas for them to avoid as much as possible.

But a month later, Wang Fan was shocked to find that he could not summon Chen hanyue.

The communication bead has lost its function.

Aware of this scene, Wang Fan's face changed greatly, instantly showed a big move of space.

But he soon found that the space can not be used to move.

"Space seal? I'm in the seal space? "

Wang Fan became more and more vigilant and began to retreat as he murmured.

He wants to go back along the previous road to find Chen hanyue and others.

But soon, he was desperate again.

He couldn't find his way and lost his way.

"Where on earth is this, and how can it be?"

Wang fan is not calm at last. As a monk of xianzun, how can he get lost.

Is it difficult that the scenes in this area are changing at any time? Otherwise, why would he get lost?

Wang Fan grabs the archaic sword, and his mental power spreads wildly.

However, what he felt was only gray, and nothing else could be seen at all.

In this way, I don't know how long later, a golden hall appeared in front of Wang Fan's eyes.

The Golden Hall hung above the void, as if it were a heavenly palace, with a vague feeling.

Not only that, vaguely, but also you can see that the illusory steps fall from the hall and connect to the ground.

On the stairs, there was a figure walking around, and on both sides were beautiful women in court costumes.

"This ..."

Wang Fan opened his mouth in surprise and rubbed his eyes hard.

Not only that, but also his mental power was surging wildly and began to investigate carefully.

He felt like he was in an illusion. But after investigation, we found that this is not the environment at all, but the real existence.

As for those figures, the spirit is also unable to feel, only the naked eye can see.

"Damn it."

Wang Fan muttered, some want to retreat, but soon he found again, there was no way behind, and was blocked by an invisible barrier.

If he wants to move on, the heavenly palace in front of him is a must.

"Heaven? maid? Immortal? What the hell Wang Fan murmured, "speaking up, I am also a monk of xianzun now, and I should be regarded as an immortal, right? What am I afraid of? "

Wang Fan comforted himself and walked forward carefully.

Half an hour later, Wang Fan appeared a hundred li away from the heavenly palace.

That layer upon layer of stairs, just a few kilometers in front of him.

However, this short span of several thousand meters is full of cracks.

It's a space crack.

Don't worry, Wang fan can even feel the crisis in the space crack.

"Space cracks? Isn't space sealed? How can there be a space crack? Since there are cracks in the space, can I use my space? "

Thinking of this, Wang Fan instantly moved his space, but failed again.

Wang Fan clenched his teeth, did not continue to try to move the space, but hardened his head, carefully broke into the area full of space cracks.

Since we can't retreat, we can only move forward.

Even if the road ahead is dangerous, he can only move forward.

Chapter 3680

"Stab

A weak sound, a space crack from Wang Fan's body across.

As soon as Wang Fan's face changed, he quickly retreated.

But even so, the space crack crossed his left arm and made a slight scar.

Wang Fan looked at the scar on his left arm and could not help frowning slightly. At the same time, he was more alert.

With his strength and physical body, it's almost hard to hurt him with such things as space cracks.

But here, it seems different.

The most important thing is that Wang Fan clearly perceives that the space crack on him is not the most powerful.

There are many crackling cracks in the distance, which give him a fatal sense of crisis.

"What a powerful space crack. What's going on and what's in front of it? Damn it, how come I'm here? I don't want to come. "

Wang Fan's mouth murmured, but his movements kept moving forward slowly.

The cracks in the open space are OK, but the cracks in the dark or sudden space can not be prevented.

A careless person may die here.

"Is this the only way to the east of Zhongzhou? If so, how many of those people in front of us can pass through alive? "

"If you don't talk about the monks who are weak in cultivation, I'm afraid it's hard for them to pass, even those who respect Yin Xuan and Xue Wuyue, the blood fairy?"

Wang Fan murmured, but also more vigilant.

"Stabbing."

At this time, the original calm void in front of him suddenly burst out numerous cracks.

As soon as Wang Fan's face changed, he moved to avoid.

But at the moment of his escape, countless cracks appeared in the direction of his escape.

Wang fan can't avoid it. The cracks in the space tear his body in an instant and directly bring up a large blood fog.

Wang Fan's face is gloomy. He runs Xianyuan in his body crazily and recovers his body. At the same time, he gritted his teeth and sped up to the court in front of him.

He doesn't dare to move on cautiously because danger is everywhere and you don't even know when the accident will happen.

In this way, it's better to go through this space quickly and get to the bottom of Tiangong several

kilometers away.

That's how you save your life.

But soon, Wang Fan felt a little desperate.

With his in-depth, space cracks are more and more, constantly tearing his body.

He is also crazy to urge Xianyuan, and even use the hidden mixed lines in the body, began to spare no effort to repair.

He hasn't used it for a long time.

It's not that the mixed grain trace has no effect on him, but that the friars he contacted are more and more powerful, and he dare not use it.

Once this kind of thing is perceived by the strong, he will die.

The archaic magic sword and the immortal vein of Chu Dynasty are not worth mentioning at all compared with the mixed grain Dao trace.

With the crazy repair, Wang Fan soon found that his body had changed.

The original white bone, actually began to qualitative, showing a faint golden.

Wang fan is very surprised, but also too late to think so much.

While he was going crazy, he was running Xianyuan and mixed grain trail crazily. Except for some extremely powerful cracks in space, he would avoid them for a while. For others, he was too lazy to avoid them.

I don't know how long later, with a bang, Wang Fan only felt a pain all over, and finally passed through the space crack area and fell to the ground.

And his flesh and bones, has completely collapsed, completely become a blood man.

However, his physical body is repairing at a very fast speed, and the light golden light on his bones is more intense.

"Golden bone? What the hell Wang fan is a little speechless. He has never heard of such a thing.

However, Wang Fan did not care about them. He quickly condensed his body and looked up.

At this moment, the scene in front of him suddenly changed. All the court maids and immortals who

shuttled on the steps disappeared, leaving only one bronze bronze man.

Each step, two golden men. All of them are barehanded, and there is no breath on them.

At the same time, on the top of the heavenly palace, it seems that there is a fairy voice.

"You can enter the heavenly palace after passing the examination. The assessment is dangerous and life-threatening. Those who take part in the assessment should be cautious. "

Wang Fan's face changed. Soon, he wanted to curse his mother.

He doesn't want to go to the fairyland palace.

Now he just wants to leave this ghost place, and then find a place to practice in seclusion, to break through to a higher level.

In places like the holy land of Zhongzhou, the strong are like clouds. His accomplishments have passed, but they are not enough to see."Practice? "Immortal pulse?"

Thinking of these, Wang Fan suddenly brightened his eyes and sat up in an instant.

Isn't this a good place to practice?

Before, no matter in endless city or in Pumi City, he was afraid to be noticed by the strong, so he did not dare to practice with immortal pulse, but there was no strong here.

Thinking of this, Wang Fan did not hesitate. With a wave of his right hand, a huge immortal pulse appeared on the ground.

At the same time, the ground is covered with a dense collection of Yun Xiandan.

Wang Fan closed his eyes, crossed his knees, ran the taixuan Sutra crazily, and began to absorb and cultivate it crazily.

Hum!

With Wang Fan's absorption, a large number of immortal aura poured into the body, just like the roar of angry dragon.

Wang Fan only felt that Nongyu Xianyuan was washing his body crazily and converging towards Dantian.

However, Wang Fan soon found something wrong.

His body, even in the absorption of Xianyuan, crazy condensed.

Wang Fan frowned slightly, but he didn't think much about it. He began to make a crazy impact on the second floor of xianzun.

I don't know how long later, with a roar, the barrier of the second floor of xianzun was broken, and a huge and powerful pressure enveloped the vast space. Wang Fan laughed and stood up.

Xianzun second floor, xianzun second floor!

He laughed, but he didn't stop practicing, and he continued.

However, at this time, there was a roar, and suddenly a roar came from the sky.

Immediately after that, countless huge thunders had already passed through the sky, directly splitting Wang Fan's body.

"To rob?"

Wang Fan's face changed again.

Up to now, he has not survived the disaster, but the number of times is very few.

Because the rules of heaven and earth are not complete, only in a specific area, or in a specific environment, chance coincidence, there will be looting thunder.

But now, he in this ghost place, unexpectedly attracted rob thunder.

Boom!

There was a loud noise, shaking the void.

Wang Fan hit the ground hard, the whole person is not good.

However, he found that although he was in a mess, he was not substantially hurt. On the contrary, those thunder robbers are still helping him build his body.

Wang Fan was not worried, and began to go through the robbery crazily.

More than half an hour later, the robbery stopped. Wang Fan turned to look at it, and his face turned black.

The original huge immortal vein was only ten feet in size.

As for those Yunxian pills, they have already been reduced to ashes.

"Immortal pulse? There's someone over there

Just as Wang Fan showed his teeth, a voice suddenly came out. At the next moment, several figures appeared out of thin air and fell in front of Wang Fan.

Wang Fan glanced at these guys, but he couldn't help sinking.

Xianzun!
