

## **MIGHTY SK 371**

### **Chapter 371**

Zhao Qi two groups of people see Wang Fan three people return, wait for a long time did not see out, simply angry.

After sending someone in to inquire, they found out that they went to the bar on the second floor.

Damn it, they are waiting here like a fool, but the three of them are eating, drinking, playing and going to the bar. That's not to mention.

Zhao Rongguang was even more angry and almost smashed the car. When did he feel so depressed?

Without hesitation, two groups of people rushed to the bar in an instant.

It's better to start in a bar than a hot pot shop. It's a place like a bar where right and wrong are easy to happen.

Two groups of people stormed in and soon met at the door of the bar, but there was no answer.

They all recognized each other, but although they had the same goal, their positions were different. In addition to the airport incident, it would be good if they didn't immediately use the knife. How could they talk to each other.

Wang fan saw two groups of people come up, eyes playful smile, but did not intend to pay attention. Just see the package of strict Zhao Rongguang, a clever plan was born in his mind.

"Shishi, I've had almost enough to drink now. Do you want to go somewhere crazy?"

Wang Fan looked at Lin Shiya's red face. He pretended to sweep the white under the collar. He pointed to the middle stage and asked.

Maybe it's too hot in the bar, or maybe after drinking some wine, Lin Shiya pulled down the zipper of her collar, and Wang Fan was just able to capture the charming spring inside.

Lin Shiya looks at the three girls on the stage, who are crazy and wriggling. They are a little shy, but they are also a little emotional.

Wang fan saw that Lin Shiya was moved and quickly struck while the iron was hot. "You are a top graduate of Film Academy. This is your strong point. If you don't show it, how can you be right?"

"Besides, it's the best way to release depression. And you wear so much, and you're not as exposed as they are. What's the shame? "

"You don't have to worry about safety. I'm the first flower protector in the capital. With me, I will never let others take advantage of you."

Wang Fanzhen has a word.

With the atmosphere of the bar, the stimulation of alcohol and Wang Fan's persuasion, Lin Shiya finally put down her reserve.

She really needs a good release.

"Get out of the way, get out of the way." Wang Fan acted as an emissary to protect the flowers. He dashed forward and opened a road ahead.

Before those people reacted and got angry, Wang Fan had already taken the second daughter to the edge of the stage.

"Supporting actors, down, the protagonist to appear." Wang Fan pointed to the three exposed girls on the stage and roared. He took Lin Shiya's soft waist and jumped up.

He directly pushed the girl in the middle to one side and let Lin Shiya occupy his position.

The people below are furious. Isn't that something? In the distance, a group of spectators were not good at running.

"Let go, I'll shout for you below." Wang Fan's mouth is close to Lin Shiya's earlobe, whispers, and then jumps off the stage.

Lin Shiya's short shyness began to dance with the music rhythm.

The top students of Film Academy, that's not blowing. Dancing is their strong point.

Even though she was conservative and a little shy, she soon let go and fell into madness.

Charming and pure, the combination of contradictions, but full of unique charm. In addition to the gorgeous dance, the angel's face, in an instant the spotlight on the two girls beside, detonated the whole audience.

"Good, good jump!"

"Beautiful, so beautiful!"

"Those supporting roles, you all roll down, don't stain our eyes."

The people below began to roar, only Lin Shiya was left in her eyes.

The two girls are angry. Who are these people? They even try to steal their limelight. However, they dare not break out and can only step down.

Those crazy bar guys, looking at this scene, stopped for a moment, and there was a flash of light in their eyes.

This kind of effect, if the bar can sign this girl, it will make a lot of money.

Looking at Lin Shiya on the stage, Zhao Rongguang was also surprised and angry.

He was surprised, did not expect that this little sister, there are such means.

He was angry that such a beautiful woman should take advantage of others.

Waving back the bodyguard, Zhao Rongguang can only give up the plan to start immediately and wait for the opportunity to act.

The next stage belongs to Lin Shiya. Her gorgeous dancing posture, pretty face, white legs and the devil's body completely impressed everyone on the scene.

Her every move, affect everyone's nerves, is so charming, people can't stop.

At a certain moment, when Lin Shiya couldn't stand it and pulled down his collar, the people below were completely crazy.

They roared, their eyes full of wild animal red light. It's a little uncomfortable to expose girls. They expose so much that they don't see this group of people like this. Lin Shiya just showed a little bit

Wang Fan was a little worried. This girl won't be excited. Let's take it all off. In that case, he would lose a lot.

At a certain moment, when Lin Shiya stops, Wang Fan jumps up.

The following wolves are very angry. They are planning to speak. Wang Fan has already won the first place. He grabbed the receiver. "Ladies and gentlemen, is she good?"

The following people didn't know why, but they still yelled out a word, "OK!"

"Would you like another one?"

"Yes."

"Well, let's settle the account first." Wang Fan said, I do not know where to pull out a bag.

"One hundred people, the old and the young are not deceived. They don't buy or sell small businesses on credit. After this village, there is no shop."

Wang Fan ran to the stage with a bag, but the words he said were in a mess. "If you have money, hold a cash market. If you don't have money, try to make it. Come on."

The trough.

What the hell is that?

But those people didn't hesitate much. They quickly took out a hundred yuan bill and threw it into the bag.

This kind of girl, this kind of dancing posture, is rare and hard to meet. What's more, if you come to the bar for consumption, even if you are not rich, you won't care about the 100 yuan.

Before long, the bag became heavy.

Lin Shiya's face is black, but Wang Fan's face is full of smile. He throws the microphone on the stage and presses it down, trying to decorate more money.

Those exposed girls are more uncomfortable. Why didn't they think of this move?

The bar manager is also black faced. It's robbing them of their money!

Zhao Rongguang's face is more gloomy, and Wang fan can't do it.

Commander Qi's group of villains can't take care of so many, especially listening to the people below yelling for another one, they are even more impatient.

How long will they have to wait for this? They're in a hurry to get back to work.

Thinking of this, they quickly pushed away the crowd and ran to the side of the stage. One of them even shot several red banknotes on the stage, and there were 100000.

"Girl, I've got a crush on you. Let's go with you."

This man has a bit of brain. Instead of robbing people directly, he played such a game.

## **Chapter 372**

"With you?" Wang Fan smiles, takes up the money to weigh, the human and the animal are harmless.

But the next second, with a bang, the money hit the man's face.

"Who the hell do you look down on? Who are you going to fool with 100000 yuan? Haven't we met anyone with 100000 yuan? "

Wang fan is like a fierce lion, suddenly become terrible, "100000 yuan? Who are you insulting

The man didn't expect Wang Fan to do it at all. He was so angry that he was mad. At this time, Wang Fan had already looked at the people under the stage,

"do you still want us to dance? If you want to see it, throw out these bad scum! "

The following people are first a Leng, then crazy rushed to the ten strong man.

These fierce men are not slow reaction, quickly started, three or two will run in front of the people to the ground.

If in the past, people would have been afraid to see this kind of array.

But now, with the roar of music and the stimulation of alcohol, they will only be more crazy.

In just a few seconds, more than a dozen fierce men were drowned by the crowd and were all decorated.

Of course, many of the guests were injured.

The manager of the bar was so confused that he didn't expect this to happen.

He wanted to fight, but there were too many people to control.

"What are you doing? Do you really want to dance again?" When Lin shiyazheng was full of fog, Wang Fan had quickly grasped her hand and flashed off the stage.

"Go." After flashing off the stage, Wang Fan grabs Lin Shihua and runs to the first floor with her two daughters.

"Damn, it's a mean way to play again!" Looking at this scene, Zhao Rongguang couldn't help thinking about the airport incident and gritting his teeth.

"Let the people on the first floor stop them, let's go!" He waved, gave the order, and went to the first floor.

On the first floor, even now it's early in the morning, there are still many diners, and the business is still booming.

Wang Fan took her two daughters to the first floor, and without looking back, she ran to the door.

But they were stopped by five people before they took a few steps.

These five people are all strong, with pride in their eyes. They are Zhao Rongguang's people.

"Don't leave in a hurry. We'll invite Zhao Shao and give him some face." One of the men stepped forward and said to Wang Fan.

The rest of the men were on guard, with their hands in their pockets.

"Zhao Shao? Which Zhao Shao?" Wang Fan asked with his mouth wide open and his face full of doubts. He let go of Lin Shihua and put the red note on his arm in his hand.

"It's Zhao Rongguang, Zhao Shao." The man unconsciously raised his head, full of pride.

"What? A thousand dollars a night? Don't let go if you don't? what the fuck! Who the hell do you look down on! Does Lao Tzu seem to have never seen money? Why don't you let Ben go?"

Wang Fan suddenly got angry, grabbed a pile of banknotes, then slapped them on the man's face,

"stare at your dog's eyes and see clearly, I'm not short of money! Who are you threatening? When Ben came out, you were still playing with mud

Wang Fan said angrily, Pa Pa Pa Pa was several times, the other several men also hit a face muddled force.

The man who opened his mouth before was about to vomit blood. When did he say 1000 yuan a night and he would not let go if he didn't do it? This guy is obviously looking for trouble!

He was about to get angry when he saw Zhao Rongguang come down from the second floor.

At this time, Wang Fan has already yelled to the diners around, "everyone comments, is this a fuckin 'man? We're going to be wrapped up for a thousand yuan, and if we don't do it, we won't let it go, isn't it too arrogant?"

"Is Ben Shao like a bully?"

Wang Fan was filled with righteous indignation.

Zhao Rongguang, who was just coming down, was almost mad. He trembled and pointed to Wang Fan, "son of a bitch, you are still so shameless!"

Wang Fan looked at Zhao Rongguang, first a Leng, then excited, "Zhao Rongguang, Zhao Shao?"

"I like you so much! I love you so much! You are my idol Wang Fan said excitedly. He rushed to Zhao Rongguang and grabbed his sunglasses mask.

"This handsome face, haven't it been adjusted? These eyelashes, can't they be fake? "This" Wang Fan said excitedly, patting Zhao Rongguang's face and dragging his eyelashes.

Zhao Rongguang was completely confused.

Which one of NIMA's plays?

Just when he recovered and was about to get angry, Wang Fan waved his hand to the guests who were full of excitement all around him. "Zhao Rongguang is surprised. It's hard to meet him in a hundred years. Why don't you come here and ask for your signature?"

"This is a big star. It's said that it's still ten billion movie stars!" Wang Fan's words set off a hot pot, and all the young people rushed to Zhao Rongguang.

Wang fan is startled, quickly away from Zhao Rongguang, flash to Lin Shiya sister next.

"Zhao Shao, if you are busy first, I will go first." Wang Fan waved to Zhao Rongguang from afar and left with Lin Shiya. Zhao Rongguang is going crazy.

This is the second time that it has been planted in Wang Fan's hands.

Although he knew that Wang Fan was shameless, he did not expect that he would be so shameless.

He wanted to rush out of the crowd to kill Wang Fan, but he was afraid to hurt these ordinary iron powder, which was very embarrassing for a moment.

The bodyguards were even more depressed. Although they were not surrounded, after they rushed out of the crowd, Wang Fan's shadow disappeared.

You are too cunning.

Shangri la, Wang Fan three people have big swing back to the room.

Compared with last time, Lin Shiya didn't blame Wang Fan at all.

Zhao Rongguang's appearance with others has confirmed that Zhao Rongguang is a member of the Zhao family, and she doesn't like the Zhao family at all.

"Shishi, are you afraid? Do you want to sleep together so that I can protect you?" Wang Fan looked at Lin Shiya and asked.

"No need." Lin Shiya white Wang Fan one eye, "I just don't want to sleep with you, I want to sleep, you go back to your room."

She said, yawned and lay on the bed.

As soon as the two white legs were lifted and the skirt was lifted, the attractive scenery flashed away.

Wang Fan swallowed his saliva and went back to his room.

All night long.

The next day at noon, three people wake up from sleep.

"Don't go out in your room. If you are hungry, ask the waiter to deliver the meal. I'll go out and come back as soon as possible."

After washing, Wang Fan told her to leave Shangri La.

He wants to go out and solve Lin Shiya's problem.

Before leaving, Wang Fan called the manager of Shangri La and showed his ID card. He asked him to pay attention to the second daughter's room and not let any suspicious person near. If there was any problem, he should call him immediately.

When the manager saw the certificate, he didn't dare to talk a lot, so he promised again and again.

A high-end restaurant, a set of dark gray clothes Mo gentle sitting in the corner by the window, is elegant tasting milk tea.

The hair is tied up, elegant and noble, the collar is open with two mouths, you can see the attractive scenery vaguely, and the sexy and slender legs are crisscrossed from time to time, teasing people's nerves.

The fiery lips are biting on the straw and sucking milk tea, which is the unspeakable temptation of the picture.

Mo gentleness came out after receiving Wang Fan's phone call. After the Zhao Qi incident, she had regained her freedom. Although the engagement was not explicitly cancelled, it was almost the same as the cancellation.

After all, Zhao Kuangshan is already a waste. How can he marry Mo Ruan, a thorny flower?

"Gentleness elder sister, you are so early, ah, traffic jam on the road, I am so tired, I'll have a drink first."

An untimely voice suddenly came, followed by Mo gentle mouth coffee was robbed. When she looked up, Wang Fan was drinking the remaining milk tea with the straw she had bitten.

### **Chapter 373**

Mo gentle heard Wang Fan's voice, first a joy, then gnash teeth.

How can this product drink its own milk tea by biting its own straw?

Looking at Wang Fan's wretched appearance, she felt as if her mouth had been bitten. It hurt.

"Oh, I'm so thirsty. I'm so thirsty. Gentle sister, your milk is delicious." Wang Fan drank the milk tea and said.

Mo gentle a face black line, feel chest a little pain, "a period of time did not see, you are really as shameless as ever."

"False praise, false praise." Wang Fan laughs and doesn't care at all, "sister gentleness, I haven't seen you for a few days. It's getting more and more beautiful. Look at your face. It's moist recently. What's the matter? You've got a new girl? "

Boo.

Mo gentleness didn't have good spirit of gave Wang Fan a violent Li, "the dog mouth spits out ivory, say, look for me what matter."

"I'm too busy to talk with you rascal. If you don't dare to be serious again, I'll shout at once. The romantic little gentleman is here. Now many people are looking for you. "

Wang Fan has a big mouth and a dull face.

"Sister gentleness, you can't be like you. How can you put on your clothes and not recognize people. When you use me, in a word, I'll go with a knife and a fire. "

"But it's my turn to use you. I'm so impatient. You'll make me cold. How can I help you in the future?"

"No, I'll go." Mo gentle ignore Wang Fan this stubble, directly stood up, posture to go.

Wang fan that sweat ah, quickly get up to pull Mo gentle, and put her on the seat, fingertip brush incense shoulder, is very rippling.

"I'm wrong. I'm wrong. I really need your help. Find me a place to live. It doesn't need to be too big. It's enough to be a hundred years old, as long as it's absolutely safe. "

"Looking for a house?" Mo gentle sneer, "how, sleep other people, can't get away from the body, intend to Jinwucangjiao?"

"You're very powerful. You rescued people from the wolf's den, but sent them to your tiger's mouth. It's a good game for heroes to save beauty, but can some animals be inferior to them? "

Wang Fan Leng for a while, and then understand why Mo gentle attitude so bad, the feeling is because of this thing.

With a smile, he quickly grasped Mo Wenwen's little hand and said with deep feeling, "sister Wenwen, you are jealous. I swear to God, you are the only one in my heart."

Mo gently smoked a few times, did not draw out, not angry way, "say people's words!"

"Well." Wang fan is a little embarrassed. The girl doesn't understand the amorous feelings. However, his face became serious,

"the situation was a little complicated that night. The bastard surnamed Zhao gave them medicine. If they didn't solve it in time, their lives would be in danger, so I gritted my teeth and chose to sacrifice myself."

"You don't know how crazy those little girls are. They almost killed me. Fortunately, I haven't exercised a lot these years, and I haven't finished my homework. Otherwise, I might have done the same thing with them. "

"I'm a victim, too."

Mo gentleness doesn't know what to say.

I've seen the shameless, I've never seen such shameless, and I'm typical of those who get cheap and sell well.

Especially when she heard Wang Fan say that she didn't take less exercise these years and her lessons were declining, she almost wanted to jump Wang Fan.

But she believed Wang Fan's words. Although Wang fan is shameless, verbal flowery, also love to take advantage of small, but there is still a bottom line of principle, at least will not take advantage of others.

She was still a little uncomfortable. "Are you telling the truth?"

"It's true." Wang Fan pats the chest to guarantee.

Then, his expression became melancholy again, "originally I thought this matter was over, and I wanted to do good deeds without leaving a name."

"But by chance, Xia met Lin Shiya and found that the little girl wanted to jump off the building, so"

Wang Fan told her how she met Lin Shiya.

Mo gentle listen to is also sigh unceasingly, she all some pitiful Lin Shiya.

"Well, I don't want to talk about it with you. Anyway, you are not a good person. Lin Shiya is lucky to say that Murong Yu'er, another girl, is not the one to be provoked. "

"She has an aunt named Murong Wuqing, who is said to be from Yuanmen. She is very powerful. Murong Yu has tried to ask her aunt out for this. "

Mo gentle expression some dignified, "put aside these, Zhao family, commander Qi, are also crazy to find you, especially commander Qi, is threatening to chop you to vent hatred, but also regardless of the danger personally came to the capital."

"You are really brave enough to show up at this juncture, or to show up with sister Lin Shiya. Are you really not afraid of death?"

"I advise you to take their sisters out to hide and come back after the show. Commander Qi is a hob meat, not so easy to deal with. "

"Yuanmen?" Wang Fan's eyes narrowed for a moment and flashed cold light, but soon returned to normal.

"Why, look at your expression, can't you have a grudge against the people inside?" Mo gentleness in the heart claps Deng for a while, can't help but ask a way. But how is that possible? No matter how powerful Wang fan is, he is not qualified to offend the people inside?

In other words, if he had offended the people inside, he would have been crushed to death. Can he still live to this day?

"No, no, how can I offend the people in it?" Wang Fan gave a ha ha, "by the way, is Qi in the capital? Do you know where he lives? "

"Why, you want to kill it? I advise you not to be stupid. He has 500 mercenaries all around him, all of them are outlaws. If you take a gun, you can fight against a hundred masters. If you go, you will die. "

Mo said softly.

"Is it better for me to take the initiative to die than for him to kill me secretly? Besides, do you think I can escape? "

"Even if I can escape, can sister Lin Shiya escape? Now, there is only one solution, either he or I will die. "

Wang fan saw through, and then bajizui exclaimed, "all the five hundred mercenaries have arrived in the capital. What a big hand. Is this a rebellion? It looks like a knock. "

"It's none of your business. You just need to provide me with a place to protect their sisters, OK?"

"This is no problem, others dare not say, to protect the safety of their sisters, or can do." Mo nodded gently.

"Thank you, sister gentleness." Wang Fan thanks, once again returned to the cynicism, hehe laughed, "after the business talk, it's time to talk about something romantic."

His eyes are very dishonest in Mo gentle body drop slip up.

Mo gentle today's dress is completely different from the past, less spicy, more noble.

The noble temperament, without a bit of ability, can only flinch, do not dare to approach.

However, it also gives people a strong desire to conquer.

If you can conquer this woman, it's a thrilling thing to think about.

Think of to do, Wang fan is very direct mouth, "gentle elder sister, you see this sunny and sunny, we sit here dry how bad?"

Wang Fan just said here, suddenly found Mo gentle Liu Mei wrinkled.

He looked back and immediately saw a tall, handsome, temperament burst of men, toward this side.

The man's hair is curly, handsome to dregs, and his behavior is full of elegance. The girls and women around him are all green and almost scream.

It's just the killer of housewives, the male god of male gods.

#### **Chapter 374**

As soon as Wang fan saw the man's posture, he didn't feel right.

I'll go. It's for Mo gentleness.

"Oh, sister gentleness, I'm in a hurry. I'll go to the toilet first." Wang Fanfei quickly dropped a word, stabbed and ran to the toilet.

He smeared oil on the soles of his feet and chose to slip away without any bottom line. This guy looks

like a top-level kid, so it's better not to mess with him.

"You give me back." Mo gentle big urgent, is going to catch Wang Fan, but Wang Fan has already slipped away, and entered the bathroom.

Don't be so gentle! Just now I kept saying that I only like my mother. How many minutes have passed?

"Gentle, long time no see." At this time, the handsome man has come to Mo gentleness and sat down politely.

"I'm sorry, that seat is occupied. My boyfriend has gone to the toilet now and will be back soon. I don't want him to misunderstand me. Please leave

Mo gentleness didn't give the handsome man a good face at all, said straightforwardly.

Wang Qiankun, a son of the Wang family, is also a top-level young man.

Before, Mo Wenwen had an engagement with Zhao Kuangshan. These people behaved very well. Now when Zhao Kuangshan had an accident, they all jumped out.

"Boyfriends? Who is it? " Wang Qiankun took a look at the direction of the bathroom, "is it the people in our circle? Then I need to know him more. Congratulations to him instantly."

"It's a lot of luck and ability to stand out from so many of us and catch up with Miss Moda."

Wang Qiankun's mouth said so, and his heart was slightly angry.

He saw Wang Fan just now, but he didn't see Chu's face clearly, but that was enough.

Just serving, he knew that Wang Fan was definitely not a member of their circle, but a loser who didn't know which horn GADA came out.

He didn't pay attention at all.

"Wang Qiankun, I don't want to talk nonsense with you. Don't force me to say that." Mo gentleness's face cooled down, and his tone was as direct and domineering as ever:

"I don't like you, and I won't like you. You'd better not waste your time on me. Now I just want to date my boyfriend quietly. Please don't disturb us

Mo gentleness is what he has to say. He doesn't care to be euphemistic. Otherwise, he won't win the title of "witch".

This time back to Beijing, although her temper has converged a lot, it does not mean that her character

has changed.

Wang Qiankun's face a little bit can not hang up, "gentle."

"Go away, is gentleness what you call it?" Mo gentle tone became sharp, "do you want to force me to do it?"

Wow.

All the diners around looked at me with a dull face.

No one thought that the goddess of Mo gentle, should be so terrible.

They did not expect that the object of the goddess's anger was the handsome male god.

Wang Qiankun's face turned blue and white, and he lost all his shame to his grandmother's house.

But he didn't dare to talk nonsense and stood up.

Despite his identity and background, he can't fight alone. It's good to be scolded now. If you are beaten later, you might as well hit the wall and die.

Wang Qiankun did not leave, but went to the adjacent position and sat down. He wanted to see where Mo's gentle boyfriend was.

Mo gentle also ignore Wang Qiankun, Wang Qiankun has left her table, she is chasing up to scold, a little too much.

She took out her mobile phone and dialed Wang Fan.

"Oh, sister gentleness, I have a stomachache. You are waiting for me for ten minutes." As soon as the phone was put through, Wang Fan's voice came.

Mo gentle sneer, "give you half a minute, don't come back, I'll go, you see to do."

With that, PA hung up.

In the bathroom, Wang Fan, who is holding a mobile phone in one hand and putting POS in the other, is embarrassed.

Nima, you can't hide.

He washed the handle, lifted his hair, said "handsome" in the mirror, and then ran out of the bathroom.

From a long distance, Wang fan saw that there was no one around Mo Wenwen. He was so happy that he speeded up and ran to the past.

"Sister gentle, where are you? What about the rival? I just went to the bathroom. Why did he run away? You tell me how many phones he has, how many wechat he has, and where he lives. I'll smash his glass at night. "

Mo gentle looking at Wang Fan this affectation, angry and want to laugh.

Wang Qiankun over there is mad. What's the matter? He dares to challenge himself like this. He's tired of living.

"Really? He's over there. Ask him yourself Mo gently pointed to Wang Qiankun's seat and said.

"What?" Wang Fan Leng for a moment, and then looked at the past, and immediately saw that Wang Qiankun was staring at himself.

Wang Fan shivered, "forget it. The boy is so ugly. It's beneath his dignity to beat him. Sister gentleness, let's go. "Wang Fan said, grabbing Mo's tender little hand, he took her and stood up.

Mo gentle some small blush, but soon returned to normal, no struggle.

Wang Qiankun was so jealous that he was going crazy.

He can't help but stand up and stop in front of them. "Gentle, is he your boyfriend?"

"I have to say you have a bad eye! If you open your mouth and shut your mouth, you'll get revenge. If you smash the glass, you'll be a market hooligan. "

"In our circle, he is dogleg, cannon fodder, shoeshine for us, sweep the floor and clean the toilet. Do you really care about him?"

Wang Qiankun's continuous words directly damaged Wang Fan from head to foot.

Originally, he was not such a person with no manners. He just heard Wang Fan's words and the intimacy between them. He was a little angry and said these words.

Mo gentle face cold down, Wang Qiankun so speak, is hit her face.

Wang fan is also a little upset. This guy is too irritating to talk, but he doesn't do it. That's too elegant.

Wang Fan embraces Mo gentleness, squeaks it on her mouth, and then looks at Wang Qiankun triumphantly,

"what's wrong with me? What's wrong with me? What's wrong with me? I can still get goddess. I'm proud! You're a cow. The goddess doesn't like you at all. It's very angry with you. "

"Gentle elder sister, let's go, don't pay attention to this scum man, let him be angry." Wang fan is very rogue of say, embrace Mo gentle that water snake small waist, Rao Wang Qian Kun left.

Since the bastard called him a rascal, he would be a rascal. Who is afraid of who.

Mo gentle one face is confused, this guy, took advantage of oneself again.

Wang Qiankun is the gritting of Qi.

The woman he couldn't get was got by a rogue. I'm so angry when I think about it.

However, he did not catch up and fight, but called to investigate the identity of Wang Fan.

If he had a chance, he would step on it and never allow Wang Fan to jump in front of him again.

Wang Fan and Mo gentleness didn't hang out any more. They found a place to deal with casually and then went to Shangri La together.

One is to take Lin Shiya to her new residence, and the other is to introduce Mo Wenwen to Lin Shiya.

If the two sisters are in the capital, it will be much more convenient if they have no tender care.

Then Lin Shiya sisters, a group of people toward Mo gentle arrangement of residence.

But after running for less than half an hour, Wang Fan found out that he was being followed.

### **Chapter 375**

It's really annoying!

Wang fan is a little depressed.

Although he expected someone to follow him, he was still annoyed to see this scene.

"Gentleness elder sister, find me a remote place, I want to shoot them to death." Wang Fan said gently to mo.

"Don't make a fuss, do you? If we take the main road, they don't dare to do anything. This is the capital. If they dare to mess around in the city, they will kill themselves. "

Don't hesitate.

"Listen to me, go to the remote places. Damn, the tiger doesn't get angry. I think I'm a sick cat. They were given two chances yesterday, the purpose of which was to let them retreat in the face of difficulties. Today they are coming again. "

"If you don't show them some color, you'll be bored to death." Wang Fan was obviously angry.

These people must not know about the new residence, otherwise the Lin Shiya sisters may be in danger.

"Good." Mo gentle no nonsense, toward the remote road.

There are about five or six family cars following behind, killing 20 or 30 people. These people can't pose a threat to Wang Fan.

At a certain moment, when there were few vehicles and pedestrians nearby, the cars behind sped up to catch up.

Mo gentle eyelid a jump, directly simply pull over to stop, did not play with each other chasing game.

"You wait in the car. I'll be right there." Wang Fan called three women, grabbed two iron spanners from under the seat, and got off the car.

As soon as he got out of the car, a group of men rushed down.

Evil spirits and evil spirits, the murderers are exposed!

"Damn, it's really hard to catch you! Commander Qi, would you like to come with us or force us to take you with us? "

A man came forward in a very angry tone. As a wild egg mercenary, he is full of ruffian and arrogant.

"Commander Qi? Are you mistaken? " Wang Fan opened his mouth and said, "I have not been a soldier for many years. Brother, do you think this is a misunderstanding?"

"Misunderstand NIMA." The man roared.

Whoosh!

But before his words were finished, the iron wrench in Wang Fan's hand had already flew out and smashed on the man's head.

Bang, with the man's head as the center, burst out a mass of blood fog, his whole person is also faltering.

"Son of a bitch, how dare you do it?" The rest of the men were so angry that they were about to rush

Wang fan is not so powerful.

In the car, Mo gently looked at Wang Fan's eyes changed again.

She suddenly found that Wang Fan's strength is strong again.

Wang Fan didn't pay attention to more than 20 fierce men of inner strength.

If it wasn't for the capital, which caused more than 20 lives, Wang Fan would have killed them directly.

Two hours later, the group came to a high-end community.

Green area is pretty good, the surrounding is also very prosperous, Wang fan is very satisfied.

He arranged for Lin Shiya's sisters to stay, gave her to Mo Wenwen, and left.

A military region.

A group of soldiers are sweating training, they are all men of iron, eyes full of passion, fighting spirit. In the distance, there was a heartbreaking voice of Junge, loud, hoarse and full of momentum.

Wang Fan followed the old man and looked at the trained soldiers as he walked. He couldn't help thinking of those years in his mind, but he soon returned to normal.

"Wang Fan, you have nothing to do but go to the three treasures hall. What can I do for you?" The old man didn't ask Wang Fan if he got the green leaves, but asked about the purpose of Wang Fan's trip.

"Hey, chief, I can't say that. Am I that kind of person? I can't come to see you if I'm ok. Are you old? I miss you when I pass by the capital. "

Wang Fan said with a smile and a flattering voice.

Anyway, it has been exposed, and the old man can find him. There is no need for him to hide.

"Hey, I've been out for a while and learned to play Tai Chi. Well, since it's OK, I don't think I heard you even if you say it later. " The old man sneered and said directly.

"No, No." Wang Fan quickly waved his hand, "OK, I have something to do. I'm here to serve my country this time. It's a good thing! "

"It's said that commander Qi, the godfather of the underworld, came to our capital with 500 elites. This is a rebellion! What do you think of my invitation to kill him? "

Wang Fan said.

"Not so much." The old man glanced at Wang Fan. "Qi came to avenge his son, not our country. Why do we have to fight?"

"As long as he's not stupid enough to touch our bottom line, why should we fight with him?"

"You are not honest. If you give the old man a second slap, we won't talk about anything

Wang fan is a little depressed. The old man doesn't get oil and salt. He sighed, had to simply say the next thing, and his plan.

Obviously, the old man had heard about it for a long time, and he was not surprised at all.

"I'll talk about you later. Let's go to see those bastards with me first. There's a new instructor up there. It's a good time to introduce you to each other. "

They said and walked to their destination.

The soldiers on both sides were shocked to see that Wang Fan was walking with the old man and said he was laughing. They guessed Wang Fan's identity one after another.

Before long, they came to a square.

A group of iron men formed a circle. In the middle, two iron men were fighting.

"Good morning, chief." A valiant female officer saw them coming, quickly stepped forward and respectfully saluted the old man.

The old man waved his hand, indicating not to be polite, but looked at Wang Fan, "what do you think of them?"

The female officer was shocked. The old chief asked the young man for his opinion. Who is this man?

### **Chapter 376**

"Not bad." Wang Fan said and looked at the female officer.

The height of about 1.75 meters, Wang Fan stood in front of her with a little pressure.

Graceful posture is tightly wrapped by military uniform, especially the pair of long legs, which are definitely more than one meter long, look round, sexy and powerful.

Chest is also very valuable, the clothes lining out attractive radian, people want to see crime.

Coupled with her fierce and capable temperament, she is definitely a military goddess no less than Leng

Wan'er.

Lu Mingyue felt Wang Fan's eyes. She was shocked and disappeared instantly. There was a touch of disgust in her eyes.

If Wang fan is her soldier, if there is no old chief around him, she will definitely knock Wang Fan down with one punch.

"Are you interested in practicing?" The old man didn't seem to notice Wang Fan's eyes and continued to ask.

"Practice? Let's forget it. I have thin arms and legs. How can I stand up to them

Wang Fan waved his hand quickly. He's here for business, not to practice with these people.

It's not that Wang Fan looks down on them, but that he practices with these people with his acquired strength. It's really a bit too bullying.

After all, these soldiers are not the best.

Pop.

Just as Wang Fan had just finished his words, the old man came up on Wang Fan's head and said, "speak to me."

"All right." Wang Fan covered his head, completely out of temper, "they are really good, but not my opponent, I practice with them some too bullying, also can't feed move."

Wang Fan said very honestly.

He knew that the old man wanted him to point out these people, but he was really powerless.

"Oh?" The old man looked at Wang Fan in surprise. He didn't think Wang Fan would say these words.

Lu Mingyue was a little uncomfortable. She couldn't help saying for the first time, "who can't boast? My group of soldiers are all chosen from thousands of miles. It's not sure who will be knocked down."

"Pull it down." Wang Fan looked at Lu Mingyue very impolitely, "don't talk about them, you and them, together, are not my opponents."

Lu Mingyue's nose is crooked.

I've seen one that can pretend. She hasn't seen one that can.

She immediately opened the posture, "or, let's fight?"

"Come on, I don't want to bully women." Wang Fan shook his head. He had no interest at all.

"You look down on us women?" Lu Mingyue is so angry that she smokes. She swore that if the old man was not around, she would really beat Wang Fan.

"No, no, I'm wrong. Well, you win." Wang Fan secretly scolds himself for being cheap. Why don't you provoke this woman.

The women in the army are terrible. How could he forget this.

Lu Mingyue is so angry that she looks down on her.

She was about to ask the old chief to allow her to compete with Wang fan when several men and women accompanied a young man in his thirties.

The young man was dressed in casual clothes with a smile on his face. Wherever he passed, all the soldiers showed their worship and fanaticism.

Obviously, this young man is not simple.

When Lu Mingyue saw the young man, there was a frenzy in her eyes. Obviously, the young man was also his idol.

Lin Yang, the first instructor of the military region, is extremely powerful.

He was temporarily sent to train these soldiers for only three months, and will leave after three months.

It is said that on the first day he came here, he picked over 300 elites with one man's strength and became famous in the first World War.

"Good morning, chief."

"Good morning, chief."

Several people soon came to Wang Fan and saluted respectfully.

Lin Yang did not have any luggage, but nodded slightly and said hello, a little arrogant.

Although the old man was not happy with Lin Yang's arrogant attitude, he remained silent on the surface.

He pointed to Wang Fan, "Lin Yang, you come just in time. Let me introduce you. This is my former

soldier, Wang Fan."

With that, he looked at Wang Fan again, "Wang Fan, this is the temporary instructor from above, Lin Yang."

Although Wang Fan didn't want to pay attention to the arrogant Lin Yang, the old man introduced him, and he couldn't put his face on it. He held out his hand respectfully, "hello."

"Chief, you have already said that he was a former soldier. Since he was a former soldier, he is no longer a soldier now. There is no need to introduce him to me."

But Lin Yang didn't give face at all. He didn't even look at Wang Fan, so he said to the old man.

Arrogance is at its height.

The old man's face was a little hard to hang, but he didn't have an attack.

Lin Yang's action is not only disrespectful to Wang Fan, but also a little bit hard on the old chief.

Wang Fan patted his head and suddenly laughed, "yes, old chief, don't introduce such arrogant people to me in the future. I'm very busy, but I don't have time to deal with these people." Wang Fan has never been a loser.

This guy doesn't respect him. He can bear it, but this guy dares not respect the old chief he respects. He can't bear it. He must fight back.

A word startles a thousand waves.

Not only did the old chief's face change in an instant.

Lu Mingyue's face also changed.

It's over.

Wang Fan has made a big deal. With Lin Yang's character and Wang Fan's words, he will never let Wang Fan go.

Lin Yang's face is really gloomy down, he pointed to Wang Fan, "what are you, what qualifications to say I am arrogant?"

"This is the military region. You are no longer a soldier. Believe it or not, if I break your leg and let you get out, no one can save you?"

Arrogant and arrogant!

Obviously, he didn't pay attention to the old chief at all.

"I don't believe it." Wang Fan's face was gloomy, and a cold light flashed in his eyes.

"Break my leg? Let me get out of here?" Wang Fan said angrily, "what are you?"

"Can you insult me or disrespect me? But what qualifications do you have to disrespect the old chief? Where were you when he was fighting with the devils in the battlefield?"

"You wear military uniform, but you don't even respect the people you should respect. Are you also qualified for the army? To be a soldier? When you look in the mirror, aren't you ashamed?"

Wang Fan has no fear, directly hit the face!

Lin Yang's face is burning and painful. He can't help clenching his fist. There is a murderous opportunity in his eyes.

He didn't respect the old chief, which everyone knows, but no one dares to say, let alone to pierce that layer of paper.

Today, Wang Fan has no scruples to say that it is no longer a slap in the face, but a direct provocation.

"Wang Fan, don't say a few words." Seeing this, the old man grabbed Wang Fan and apologized to Lin Yang.

He knows the strength of Lin Yang. Although Wang fan is better than Lin Yang, he is worse than Lin Yang. He was afraid that Wang Fan would suffer.

"Old chief, you don't have to worry about me, let alone bend over to him. It's just a day at the beginning. I haven't killed him. He's a fart

How can Wang Fan allow the old chief to apologize to Lin Yang, stop him in an instant, and speak wildly.

It's just the beginning of the sky level. What a fart?

This not only surprised the old chief, but also made Lin Yang's pupils shrink suddenly.

### **Chapter 377**

What is the concept of sky level? Lu Mingyue may not know, but the old chief knows very well.

This kind of strength can run rampant in the secular world.

As long as it's not bad luck that provokes some old monsters who live in seclusion, and don't have any

tanks and artillery to fire at random, it's invincible.

But now, Wang Fan even said that it was just a fart, and he said that he had killed more than one. How could they not be shocked?

The old chief stares at Wang Fan in shock, and he is gratified. He knew that Wang Fan never spoke wildly. Since he dared to say so, it showed that there was something really wrong.

Lin Yang finally faces up to Wang Fan.

He has seen through Wang Fan's strength for a long time, and the day after tomorrow he will be perfect.

However, just one day after the big success, dare to provoke him, Lin Yang, in the end is Wang Fan bluff, or Wang Fan hidden strength?

He can't see through.

As for the fact that Wang fan saw through his strength, he didn't think it was Wang Fan himself. He thought it was the old chief who told him.

After looking at Wang Fan carefully for a long time, Lin Yang finally determined that Wang Fan was the day after tomorrow.

He sneered, "bluff? Let me fear? If you make such an idea, you are really blind

"I really don't understand. You're just a day after tomorrow. Where do you come from? How dare you say I'm just a day after tomorrow?"

"Don't you kill a lot of super strong people with your wild words? If you have seed, you will come and kill me. I, Lin Yang, want to see how you can kill me the day after tomorrow. "

Lin Yang finally determines that Wang fan is bluffing and sneers scornfully.

"Bluff?" Wang Fan also laughed, without warning, he flashed to Lin Yang's side is a slap in the face.

With a slap, Lin Yang was directly hit, and the whole person stepped back three steps.

"I need to bluff when dealing with a clown like you?" Wang Fan stepped forward again, clapping his hands.

Lin Yang's eyes were ready to crack and he waved his fist to meet him.

There was a great deal of anger in his eyes.

Lin Yang, he was slapped, or slapped in front of so many soldiers?

It's a shame!

But his fist was soon pinched by Wang Fan! See Wang Fan mercilessly pull down, Lin Yang's arm is pulled instantly dislocated, the whole person falls down.

Wang Fan raised his knee hard, just a knock!

"Not convinced? Want to fight? You deserve it, too?" With Wang Fan's disdainful voice, Lin Yang's head knocked on Wang Fan's knee, the sound of bone fracture resounded, blood flying.

"To kill you? You don't deserve it! But I can beat you." Wang Fan continued, holding Lin Yang's hair in one hand and fanning it with the other.

He could have knocked over Lin Yang, but the goods were too arrogant and arrogant. It was too cheap for him. It was better to slap him in the face like this.

Lin Yang deserved it. Originally, soldiers had to shave their heads short, but he had to keep a long head. He deserved to be picked up by Wang Fan.

Pop, pop, pop.

The clear voice is especially loud in this field. Lin Yang is like a three-year-old boy who is slapped in the face by Wang Fan. Let alone resist, he can't even escape.

The soldiers around, the old chief, Lu Mingyue, and the men and women who came with Lin Yang were all in a daze.

Is this still the tough and messy Lin Yang? Is this the same Lin Yang who has won 300 elites?

Their eyes were full of disbelief.

Lu Mingyue, in particular, has mixed feelings.

Wang Fan was not boasting before. He was really boasting.

Fortunately, she didn't have time to fight with Wang Fan, otherwise she would have been beaten in the face.

Even if it's not as miserable as Lin Yang, it's humiliating to think about being abused by Wang Fan in front of so many soldiers.

Wang Fan didn't know how many slaps he slapped Lin Yang. He just felt his hands were numb, and then

he kicked him to the ground. "Young man, remember not to be so arrogant in the future."

"There is a day outside the world, and there are people outside the people. Don't think that your heaven level is great. You are lucky this time. If you meet me and other people, you will be crushed to death. "

"And remember, respect your elders, respect others, and don't be so arrogant. In this respect, you should learn more from me. "

Lin Yang was beaten and trampled by Wang Fan.

It's a pity that he is not Wang Fan's opponent at all. There is nothing he can do.

The old man Lu Mingyue and others were stunned.

What the old man thought was, when did Wang Fan become so powerful? It was a surprise!

What Lu Mingyue thinks is that this guy is such a hooligan. How can he say that? But she didn't dare to say that.

Wang Fan beat Lin Yang is just an episode, Wang Fan did not take it seriously.

Soon, the old chief called someone to carry away Lin Yang, who was like a dead dog.

Wang Fan also got the old chief's approval to deal with Commander Qi, and then left. However, he did not leave alone, but accompanied by Lu Mingyue.

Lu Mingyue is excellent in intelligence, combat, leading troops and teamwork, in order to cooperate with Wang Fan.

In addition to Lu Mingyue, there are also 12 soldiers, all of whom are elites among the elites selected by Lu Mingyue himself.

These people will take Wang Fan as the leader and cooperate with Wang Fan to win commander Qi.

In fact, Wang fan doesn't need their cooperation. He only needs intelligence.

It's just that he's too embarrassed to discourage others, so he can only agree.

At 8 p.m., Wang Fan ordered a table in an upscale restaurant to entertain 13 people including Lu Mingyue.

In any case, these people are cooperating with him. They must have a good relationship, and the superficial work must be done in place.

At first, the twelve iron men were a little stiff. After all, they had seen Wang Fan powerful. Even the first instructor Lin Yang has been trampled into a dog. How can they be informal?

However, driven by Wang Fan's words, the twelve people became more natural.

They found that Wang Fan had no airs at all. Just like his old friends, he was very approachable.

"Ha ha, brother fan, I've been in the military area command for such a long time, and I've faded away from eating. You still know us."

"Damn, high-end restaurant, it's really cost van."

"It's just that there are no girls. It's even better to have a few girls with you."

A group of people were drinking and eating meat, while laughing.

Lu Mingyue looks black, but she doesn't say anything. Her eyes changed again when she looked at Wang Fan. It seems that she didn't expect that Wang Fan would fight with these people in a short time.

"Ha ha, it's a small matter. I'm the head of the Security Department of a large group. My salary is one million yuan a year. I'm very rich. I'm not poor at all."

"When you're out of the army, you'll all go to me and hang out with brother fan. Make sure you're popular and hot. You want money and money and you want girls to have girls."

Wang fan is boasting and farting there. He is not a master at all, but a gangster.

"This is what you said, brother fan. We'll go to see you at that time, but we can't deny it. I've recorded it."

"Hey hey, brother fan, you are so good-looking, handsome, golden, and you have such a high value of force. You must have made a lot of girls, right? There must be a lot of confidants? "

Wine, women, are always the same topic for men. After drinking some wine, these iron men seem to forget the existence of Lu Mingyue.

"It must be." Wang Fan said with pride, "there are more than 80 people who dare not say, but there are still some in the last ten.". Besides, Vango, do I need a girl? They're all waiting for the girl to take the initiative! "

"Brother fan is a good cow."

"I adore you."

Poof.

Over there, Lu Mingyue couldn't stand it any more. The wine in her mouth spurted out, and it also spurted Wang Fan's face.

This is embarrassing.

### **Chapter 378**

After a dinner, it's more than ten o'clock in the evening.

Even Lu Mingyue's pretty face is a bit ruddy.

Delicate, just like a ripe red apple, it looks beautiful.

Wang fan saw that they were drinking like this. He opened a room on the top floor and asked the waiter to take them to rest.

"I'll see you off." Lu Mingyue didn't go in to have a rest. Instead, she changed her clothes and sent Wang fan out.

It's autumn, and the night in the capital is cool.

Lu Mingyue changed into a simple light yellow dress with a plug-in on the outside, which was less capable and more feminine than when she was wearing a military uniform.

Below her is a pair of black leggings. Her slim legs are set off by the black leggings. They are very sexy.

That delicate feet, also wearing a pair of ordinary black heels, making her whole person more tall, compelling.

"You've drunk a lot, too. Go back and have a rest early." Wang Fan looks at Lu Mingyue in this dress, his eyes are suddenly hot.

Her little red face, and this other style of dress, make the whole person like a ripe peach, tickling his nerves.

"I can't sleep." Lu Mingyue's delicate hand lifted her hair in front of her forehead, and her eyes were a little sad. "I have made it clear that commander Qi lives in Qingfeng garden."

"The location of Qingfeng garden is remote, and there are no shopping malls around it, so there are few people."

"Obviously, commander Qi was very cautious. He was also afraid that we would be unfavorable to him, so he chose such a position."

"It's not just easy to defend, it's easy to run. As long as he is not subdued at the first time, his five hundred cavalry will be able to fight for him to leave safely. "

Obviously, Lu Mingyue has made a detailed investigation and has no idea.

Commander Qi's power and ferocity are well-known in the world, and many people can't do it if they want to destroy it.

She didn't have much confidence in this action.

Even if Wang fan is strong, commander Qi is not alone. No one knows if commander Qi has any heavy weapons. She is very worried.

Wang Fan was surprised. He didn't expect that Lu Mingyue could find these after drinking with her all night. Obviously, this woman is not simple.

"You don't have to worry about that. I'm in charge of everything." Wang Fan patted Lu Mingyue on the shoulder and was about to comfort her.

A bumpy figure suddenly bumps over. Wang Fan quickly embraces Lu Mingyue and flashes to the side. The figure immediately falls at Wang Fan's feet.

"Ouch." A miserable cry, the woman directly half lying on the ground, hands on the ground, delicate pretty face appeared twisted pain.

With her charming face and watery eyes, her appearance is no less than that of Lu Mingyue.

Especially the posture of half lying on the ground, slightly puckering up, can arouse people's most primitive desire.

If Lu Mingyue who has drunk wine is like a ripe peach, then this woman doesn't need to drink at all, she is already ripe.

Her hot and enchanting, her charming style, her mature taste, are from the heart.

This is a woman enough to make any man crazy.

"Are you all right?" Lu Mingyue can't take care of Wang Fan's shyness. She quickly breaks away from Wang Fan and helps the woman up.

Wang Fan had another headache.

Murong Yuer.

He didn't expect to meet another victim here.

"Damn, run, where are you going. A bastard who has been raped dares to be honest with me. Do you believe I've found ten or eight fierce men to cheat on you? "

An arrogant voice came, and a young man in his twenties with a fierce face appeared with several people.

His eyes to Murong yu'er were full of greed, desire, anger, cruelty and so on.

"Song Shaoming, don't bully people too much. I Murong Yuer is not so easy to bully. If you dare to touch me today, tomorrow, I will make your song family doomed. "

Murong yu'er gets up with the help of Lu Mingyue and points at Song Shaoming, filled with indignation.

She didn't expect that song Shaoming, who had been dogged by himself, would suddenly lose his mind and be crazy today.

"Too much deception? doomed eternally? Your Murong family doesn't have that ability yet! " Song Shaojun's wine is so strong that it's obvious that he's already on his way,

"I've been chasing you so hard for a long time, and I haven't even held my hand, but you're so damn good that you've paid off others for nothing."

"You're a rotten bastard now. What qualification do you have to be pure in front of me? It's your blessing that I want you. Don't be shameless! "

He pointed to Murong yu'er, and his tone became vicious. "Do you think you are as clean as before? Now you are a rotten son of a bitch. It's good for me to pick up your shoes. "

Murong yu'er clenched her teeth and turned pale with anger. She only felt tingling all over. Song Shaoming's words of turning red fruit are like sprinkling salt on her wound and putting a needle in her heart.

Pain through my heart!

"Mr. Song, is it too much for you to do so?" Lu Mingyue couldn't see it and couldn't help making a sound.

But song Shaoming didn't give face at all, "too much? What do you count? Get out of my way. Don't you dare to talk too much. Believe me, song Shaoming, I'm going to see you tonight? "

Arrogant!

Domineering!

It's incredible!

Lu Mingyue's whole body trembles, but she doesn't make a sound again.

She is not qualified to fight against Song Shaoming, let alone offend the Song family.

If one is not well done, his Lu family will be doomed.

In the deep water of the capital, the Song family is upset by Wang Fan. Even if it's weak, the skinny camel is bigger than the horse. It's still hard for ordinary people to shake.

The young and the bodyguards who Song Shaoming brought out all stood aside and watched the play with cool eyes. No one dared to say more at such a time.

The bad root of human nature is fully reflected at this moment.

"Pa Pa Pa" a crisp slap suddenly sounded, Wang Fan slowly came out, he pointed to Song Shaoming's nose,

"Hello cow, you arrogant! Don't you know it's against the law that you want to be a woman in broad daylight

Wang Fan said, but also took out his mobile phone, "give you a chance, immediately roll, otherwise I immediately call the police."

Call the police?

Listening to this, not only Song Shaoming burst out laughing, but also those young people behind him, who looked at Wang Fan like an idiot.

Song Shaoming, one of the most important sons of the Song family, is afraid to call the police?

I don't know where this boy came from.

"Call the police, right? I'll give you a chance, and you'll get it! It's the first time I've ever seen a hero saving beauty in front of me. "

Song Shaoming is very arrogant, "tonight, you'd better go to the police and arrest me, otherwise, I'll break your leg, let your hero become a bear!"

Finally, his voice suddenly became fierce!

"Song Shaoming, don't involve innocent people. I'll go with you!"

Murong yu'er is afraid of implicating Wang Fan. She grits her teeth and stands up. She looks at Wang Fan and says, "thank you for your help. Murong yu'er is very kind. You can go first. He's from the Song family. You can't fight them."

"Go? Are you ready to go?" Song Shaoming grinned and waved. Several bodyguards stopped him.

At the same time, Wang Fan also laughed, "Song family, is it great? I'm a member of the Song family."

### **Chapter 379**

Listening to this, people around a dull.

It's really fearless of the ignorant. They dare to talk so much in the capital. They all regard Wang Fan as an idiot looking for death.

"Ha ha, it's my song family. What a big tone? Come on, Grandpa. I'm standing here. You're going to hit me?"

Song Shaoming was even more angry and laughed. He took two steps forward and pointed to his nose.

"Hey, I like to satisfy people's wishes best. Since you want to be beaten so much, I'll help you." With a smile, Wang Fan ran to song Shaoming, slapping in the face.

The crisp clapping sound is especially loud in the quiet night sky, which is no less than the thunder in the ears of people.

The scene fell into a dead silence.

No one thought that Wang Fan really dared to hit song Shaoming, and no one thought that Wang Fan even hit song Shaoming.

You know, song Shaoming is still accompanied by bodyguards. Do those bodyguards eat shit?

Murong yu'er looks at this scene and is grateful to Wang Fan. At the same time, she says in her heart that it's over.

The children of the aristocratic family value face more than anything else. If Wang Fan hits song Shaoming in the face like this, song Shaoming will never let Wang Fan go.

She did not blame Wang Fan for his recklessness, but became nervous about how Wang Fan ended up.

The sound of Pa Pa Pa Pa is still ringing. Song Shaoming's face is swollen, his teeth are knocked off, and

and asks for mercy.

Now it's not whether he can find Wang Fan, but whether Wang Fan will let him go.

Wang Fan even dares to abolish Song Shaoming. Is Song Shaoming a fart?

"Is it too late to know it's wrong? Aren't you a cow? Aren't you going to kill me? Why don't you kill me? "

Wang Fan said carelessly, stepping on Song Shaoming's right leg with one foot and slowly rolling it down.

The sound of Zizi's broken bones was clear and audible, and everyone was breathing cold air.

Song Shaoming resisted the stabbing pain, even dare not hide, "Wang Shao, I'm wrong, swear, never dare again, you"

he said here, finally can no longer help, issued a harsh scream.

But Wang Fan didn't show any mercy at all. His foot stepped on Song Shaoming's other leg, "don't you want to take those two women? Aren't you going to have sex with those two women? Why don't you? "

He's very angry. He's really angry.

This guy is so arrogant that he has no pity for Murong Yu'er.

"No, I dare not." Song Shaoming gritted his teeth and said that he didn't dare to say anything cruel.

With a slow breath, he cried bitterly, "Wang Shao, I was forced. Commander Qi asked me to do this."

"Commander Qi?" Wang Fan's face suddenly became cold. "What's the matter? You can make it clear."

He thought it was just a common drama of forcing the good family. Unexpectedly, there was Commander Qi behind it, which was so special that he couldn't bear it.

"Well, Commander Qi came to me and asked me to deceive Murong Yu'er to him. After that, he will support me in the Song family and give me a billion yuan. For a moment, I was greedy for profits, so I agreed to his terms. "

Song Shaoming said with a runny nose and tears.

"Is it?" Wang Fan sneered, "Qi is just a gangster. Can he support you? I'll give you a billion dollars back. I'm afraid you'll have life to take it, but you'll have no life to spend it? "

Wang Fan is very speechless to Song Shaoming. This guy is a brain cripple. To cooperate with

Commander Qi is to seek the skin of a tiger.

Commander Qi will give him a billion yuan for such a dandy? Anyway, Wang Fan won't believe it.

Not only Wang Fan, but also the young people around him and the bodyguards look at Song Shaoming with strange eyes.

Commander Qi is famous for eating people and not spitting bones. Will he give Song Shaoming a billion yuan? This guy is obviously carried away by the temptation of the upper position.

However, Wang Fan didn't bother to deal with those things, so he asked directly,

"Where is Commander Qi? Take me there, and I'll meet him. If you do well, I'll give you a break today. If you dare to do anything, you're going to spend your life in the hospital. "

Wang Fan is very angry in his heart. He plans to attack ahead of time.

As he said this, he quickly took out the silver needle and tied it up on Song Shaoming. Soon, Song Shaoming was basically recovered, and he could no longer see that he had been maimed.

### **Chapter 380**

Looking at this scene, people around the air conditioning again.

A person who was maimed just now actually stands up again. What is the means.

Song Shaoming's scalp is numb. No one knows his injury better than him.

With such a serious injury, Wang Fan made him feel as if he had never been hurt. This method was beyond his cognition.

Just as he thought of heaven and hell, he did not dare to give up any more. He immediately nodded in fear, "I'll take you now, I'll take you there."

He was afraid of Commander Qi, but now he was even more afraid of Wang Fan. He didn't want to bear the pain of broken bones again, and he didn't want to spend the rest of his life in the hospital.

Lu Mingyue is also shocked by Wang Fan's methods. Although she has known Wang Fan's provocation against the Song family for a long time and that Wang Fan is not afraid of Song Shaoming at all, she is still shocked by this scene.

Seeing that Wang Fan was going to find Commander Qi now, she couldn't calm down any more and quickly stood up, "Wang Shao, you."

"Don't worry about me. I have my own sense of propriety. Go back and have a rest first, and you won't

be in charge of the next things."

Wang Fan wave to interrupt Lu Mingyue's words, light said.

Commander Qi is so deceiving that he has to start ahead of time.

Wang Fan didn't expect Lu Mingyue to help them. He just took them out for a walk and needed Lu Mingyue to help him find out commander Qi's whereabouts.

"I'm not sure. If you have something, how can I explain it to the chief." Lu Mingyue is a bit stubborn, "or I'll call them all up, you rush into battle, but they are sleeping, there's no such reason."

"Since the action belongs to all of us, we all have to work together. What do you mean by acting alone?"

Lu Mingyue's voice is very firm, and there is a trace of concern in her eyes. As she spoke, she took out the phone.

Wang Fan quickly stopped, "don't let them have a good rest. In this case, let them go, it's death. "

"Believe me, I'll be fine. Even if something happens, I can get out safely. When you go, I have to take care of you. Go back and wait for my good news. "

Wang Fan was a little moved, but now is not the time to get excited.

Lu Mingyue, these people are all soldiers with iron bones. They are not in the right state tonight, and commander Qi is a wolf.

Wang fan is afraid of not taking good care of him.

Every casualty of them is a loss to the country.

Lu Mingyue is biting her teeth and doesn't speak any more, but her eyes are a little sour.

"Let's go." Wang Fan greets song Shaoming, and song Shaoming takes Wang Fan to his car.

But before Song Shaoming had time to start it, the other door opened and Murong yu'er followed.

"Little girl, why don't you go back to sleep and join in the fun with me?" Wang fan is a little depressed. As soon as Lu Mingyue is sent away, how can Murong yu'er get together?

"Why can't I come up with my business?" Murong yu'er has a bad attitude. "Don't think you helped me today, I'll get your love. We'll keep our account and work it out later."

Wang Fan's heart clapped for a while, and immediately realized that his identity had been exposed.

The woman guessed that she was a romantic little gentleman.

But how is that possible?

In order to test, Wang Fan couldn't help asking, "little girl, if I remember correctly, I just saved you. What's the matter? It's just like your enemy. Is there some misunderstanding? "

"Misunderstanding?" Murong yu'er sneered, "you know it in your heart. Do you want me to say it? You men don't have a good thing. Do you dare to do it? "

Shit.

This little girl is so irritating.

"Well, you can do it yourself. Don't blame me for any mistakes later. " Wang Fan didn't say well.

They are also victims. If you look at Lin Shiya and Murong yu'er, you can see that they are just like heaven and earth.

Although he took advantage of Murong yu'er, it was really to save people at that time, but Wang Fan was too lazy to explain.

"Hum!" Murong yu'er snorted. His legs were wrong. He closed his eyes and ignored Wang Fan.

She has long been through the investigation, as well as all kinds of signs, guessed that 80% of the romantic little Lang Jun is Wang Fan.

The meeting tonight, together with Wang Fan's performance, made her directly sure.

If Wang fan is not a romantic little gentleman, why do you want to get involved in her and Lin Shiya? In order to risk death to offend commander Qi?

The answer is obvious.

Wang Fan looks at Murong yu'er that proud appearance, also some anger. I really want to press her on my leg and give her a few hard times. It's so irritating.

Song Shaoming doesn't know what happened, why Murong yu'er was so angry with Wang Fan, and he didn't dare to ask more questions. He just drove carefully. More than an hour later, the three came to Qingfeng garden.

"Wang Shao, how can we get in and rush in directly?" Song Shaoming looks at the lonely breeze garden and shivers. He can't help but turn back and ask Wang Fan.

"You're mentally handicapped. Do you want to die if you go in?" Wang Fan did not have the good spirit to say, "you tell commander Qi, said Murong yu'er to bring."

"From now on, I'll pretend to be your bodyguard and go in with you. You don't have to ask or talk much, just take me to see commander Qi smoothly. "

Wang Fan said, pulled a suit to change, and put on a pair of sunglasses.

"A little bit of a brain." Murong yu'er heard Wang Fan say so, slanted Wang Fan's head and snorted.

Wang Fan really can't stand this woman. It's like taking gun medicine. But the thought of her, or endure down.

"Murong yu'er, the situation was special that night. I was also forced to have no choice. Without me, even if you were not done by a group of people, you would have been burned to death."

"I am your Savior, not your enemy. You owe me. I don't owe you. If you take such an attitude again, I'll leave you to commander Qi directly, regardless of this matter. "

Wang Fanqiang held back his anger and explained.

Now he has arrived at Qingfeng manor. He doesn't want to make any mistakes because of Murong yu'er. The most important thing is that he can't stand Murong yu'er's attitude. He thinks it's necessary to explain it.

His heart is to save people, but also to get into this pile of trouble, he is still angry.

Murong yu'er, listening to Wang Fan's words, suddenly stares at Wang Fan fiercely, clenching her fists like a furious lioness.

But she soon calmed down and returned to normal.

She didn't speak, just turned her head, and there was a tear in her eyes.

Wang Fan looked at this scene, softhearted for a while, just, love how drop how drop it, why bother with a woman.

"Who, stop!" At this time, more than a dozen people came up with guns, and the muzzle of the gun pointed to the window.

Song Shaoming shuddered, stopped the car, rolled down the window and said, "don't shoot. Don't shoot. I'm song Shaoming. I've brought Murong yu'er. I want to see commander Qi. "
