

MIGHTY SK 401

Chapter 401

"Which eye can you see that Lao Tzu is over fifty years old. Lao Tzu is only forty-one or forty-one this year, do you know?"

Zhong can't help roaring. The boy's words are too irritating.

"What's the difference?" Wang Fan asked weakly.

"Good boy, I remember you, you wait for me! And you, Huang Tingting, I hope you do well! Let's go

Zhong was very angry, but he didn't fight in the restaurant. He left the restaurant with two cruel words.

"I'm leaving now? I haven't had time to play. I also want to ask, how does he know I look like a soft rice man? It's not interesting

Wang fan is a little disappointed. The typical thunder and heavy rain of the goods are small. He's over before he warms up. He's not up and down. He's really upset.

"Brother fan, your slap in the face just now is too relieving. But you still have to be careful. Some of the people surnamed Zhong are not easy to get into trouble. I heard they have something to do with the islanders. "

Huang Tingting first smiles, then worries.

"It's OK, brother fan. I like to cure all kinds of diseases." Wang Fan smiles, but he doesn't care at all.

Compared with Wang Fan's calmness, Zhong's face was a little ugly when he left the restaurant.

He waved back the men and women, went to the corner alone, took out his mobile phone, sent out a picture, and then dialed the phone.

"Xiaodao, send twenty swordsmen here. I want this man dead tonight!"

"Yes

The man on the other end of the line answered quickly and hung up.

Zhong moral long breath, "son of a bitch, fight with me Zhong moral, you are too young, tonight I will kill you!"

Wang Fan didn't know that he was missed by Zhong De Li. After eating, he sent Huang Tingting back home and took a taxi to the villa.

In the middle of the journey, Wang Fan suddenly heard the gunshot, and then he was shocked to find that several cars in front of him were playing the chase game.

From time to time, an arm came out of the window of the car, holding a gun and shooting repeatedly.

Pedestrians and vehicles were far away from each other, the sound of braking and screams were continuous, and several rear end accidents occurred.

"My God, it's so scary. Driver, turn around quickly. I don't want to die." Wang Fan shivered and said to the driver.

This NIMA is too crazy to play chasing Gunfight at night. He doesn't want to become a sieve, let alone get involved in it.

"Good, good." The driver had already been scared out of his wits, stopped in a panic and turned around.

But he soon found out that the car behind was blocked and he couldn't get off.

The driver was about to cry.

Wang Fan also saw a burst of egg pain, directly took out a hundred pieces to throw in the car, and planned to get off.

But just as he opened the door, his eyebrows could not help picking. In a car behind him, a young man was grinning at him.

No, it's for me.

Wang Fan was surprised and quickly took out a pile of money and threw it to the driver, "brother, you take the money and lend me the car. Tomorrow you go to Yindi group to find me and I'll return your car."

The driver looked at the money Wang Fan handed over. He was confused and didn't know which one Wang Fan was playing.

At this time, five or six young people with sharp knives were running down the back of the cars, and they came to this side quickly.

Wang Fan quickly roared out, "they're coming for me. If you don't want to be cut to death, just go."

The driver was stunned for a while, and finally recovered. He got out of the car in a hurry with the money and ran towards the distance.

Mom, it's so scary. He doesn't want to be cut to death.

Those young people took a look at the driver, but they didn't pay any attention at all. They walked quickly towards Wang Fan and killed him.

In front of the pursuit of gunfight, did not make their pace have half a silk pause, the goal is clear, directly at Wang Fan.

Wang Fan on the car has jumped to the driver's seat, reached out from the window, made a gesture with his middle finger down, and then roared, the car ran out.

When!

At the moment when the car ran out, two sharp knives were cut down and made a jingling sound at the back of the car.

"Bastard, chase!" A few swordsmen a Leng, then burst into a rage. They did not hesitate to return to the car, crazy on the accelerator launched a chase.

"Swordsmen, it's interesting. It seems that he was sent by Zhong." Wang Fan was sitting in a taxi with a flash of abuse in his eyes.

He didn't expect that Zhong's revenge was so fast that he sent out 20 well-trained swordsmen in a short time.

It seems that the Zhong family is not simple.

Although Wang fan can kill those swordsmen directly by thunder, he doesn't want to do that.

It's only 8:00 p.m. now. It's not late at night. There are too many people outside. Wang fan doesn't want to be infected with the murder.

The most important thing is that he is too cheap to deal with these people.

Of course, Wang Fan did not intend to let them go. Following the gun fight in front, there was a scene of chasing in the back, but it turned into a knife fight.

Wang Fan's expression is very calm, he constantly stepped on the accelerator, put in gear, the taxi under his control is like a rampant old cow.

Wang Fan did not drive back to the villa, but ran in the direction of the gunshot.

Although he didn't want to get involved in the whirlpool, he didn't mind killing people with a knife.

The knights were very close to each other, and they were very biting. They kept getting closer to the taxi, but there were a lot of vehicles in the way, so they didn't catch up for a while.

The Knights looked at the taxi that they were about to catch up with many times, but they couldn't catch up with it all the time. They were annoyed.

They wanted to have a gun in their hand and blow up a taxi tire.

It's a pity that they are just swordsmen, but they don't have guns.

Wang Fan soon caught up with the vehicle in front of the gunfight.

The sound of gunfire was loud, and it was like fireworks in this dark night, very dazzling.

Wang Fan also saw clearly that four cars were chasing one car, and the car that was chased had been hit with a lot of holes and tattered by guns.

It's just that the people inside seem to be OK, and their driving skills are also very good. They have dodged the bullets fired at the tires, mailbox and other key positions for many times.

"Son of a bitch, get out of here!" The people in the four cars were furious when they saw that Wang Fan was driving a taxi and was followed by seven or eight cars.

In one of the cars, an arrogant man with a face full of flesh stuck out his head from the window and couldn't help scolding him. At the same time, he shot two shots at Wang Fan's taxi.

Come on.

There was a sharp gunshot, and a big hole in the ground.

Wang Fan was so angry that NIMA was unreasonable.

But for his cleverness, he would have had a flat tire just now.

Wang fan used to feel guilty about killing those swordsmen behind by their hands, but now he doesn't feel guilty at all.

"NIMA, dare to let me go and die!" Wang Fan roared, stepped on the gas pedal and crashed into the car.

In a flash of the car, the man with a face full of flesh had not yet had time to retract his head, so he hit the windowsill and his head broke.

He wiped the blood on his head and was about to shoot Wang Fan angrily. Wang Fan has already spurred to speed up, surpassing to the front, and said domineering:

"brothers, chop these sons of bitches for me!"

With Wang Fan's voice down, the group of chasing swordsman vehicles behind have been chasing up, and the bright sharp knife is sticking out from the window.

Chapter 402

"Son of a bitch, shameless!" The swordsmen originally intended to chop Wang Fan's taxi, but after hearing Wang Fan's words, they almost blew up. This product obviously wants to kill people with a knife.

When the arrogant man heard Wang Fan's voice, he looked at the swordsmen again, and his face changed greatly!

He didn't think much about it. He turned the gun around and got two shots. Compared with Wang Fan, these swordsmen are more dangerous.

Come on.

The bullet was shot madly, and a swordsman was shot directly. Two blood mists burst out on his head, killing him instantly.

The death of the swordsman caused the madness of other swordsmen. They could not care whether they were used any more, so they directly accelerated and ran into four cars.

Boom boom!

There were several noises, and all the four cars were smashed and forced to stop.

The people inside were also very angry. They opened the door and shot at the swordsmen's car.

"Damn it, I dare to break the five tigers in Hanzhong and seek death!" A savage man roared angrily. The muzzle of his gun was aimed at the driver's car, and his fingers were repeatedly buckled.

The gunfire was loud and harsh.

Under the dense bullets, several swordsmen were killed again in an instant and fell into a pool of blood.

The other swordsmen were not fools. They didn't stay in the car waiting to die. Instead, they took advantage of the gap of a round of shooting and went down one after another to find a shelter.

At the same time, they took the opportunity to throw a knife and hit the shooters hard. They used the bayonet as a concealed weapon.

Come on, come on.

Several of the shooters couldn't escape. They were directly cut down by the bayonet, splashed with blood, and their heads were in different places.

"Son of a bitch, beat them up and kill them." When the arrogant man saw that his subordinates were killed, he yelled angrily and raised his gun for another round of crazy shooting.

It's just that soon they've run out of bullets and become barehanded and empty footed.

"They have no bullets. Eight of them will come out with me to kill them. The rest will go after the cunning son of a bitch."

When a swordsman saw that the other side had run out of bullets, he was relieved and immediately gave an order.

With his orders, five people ran towards Wang Fan crazily, and eight people killed the arrogant man directly.

Their eyes have been a little red, and their bodies are full of killing intention.

Tonight, they came out to deal with Wang Fan, but they didn't even touch Wang Fan's hair, so they killed and injured most of them. How can they not be angry?

"Son of a bitch! When I was three tigers, you were still sucking! You go and kill that girl, and the rest of you and I will kill all these bastards! "

The arrogant man was not afraid at all. He grinned, tore his clothes, showed his muscles, and rushed to kill him.

At the same time, there are a few people are fast to touch the car they are chasing.

Somehow, the car had stopped in the distance without any movement.

"Wow, it's a wonderful scene, Hollywood blockbuster." Wang Fan looked at the scene and began to laugh.

Instead of leaving, he watched the play quietly.

It doesn't matter that the shooter doesn't know his identity, but those Zhong family swordsmen know his identity, and Wang fan doesn't want to expose it.

He had to wait for all the swordsmen to be cut to death before he left.

Of course, if there are lucky ones, Wang fan doesn't mind helping them.

In the distance, the two sides have killed red eyes, blood flying, scream repeatedly.

The scene can only be described in two words, that is crazy.

Shouting, rushing, roaring, screaming, all kinds of voices form a wonderful symphony.

Just when Wang Fan was watching a good play, he suddenly found that two pairs of men and horses came up.

A pair of knives and a pair of shooters.

The swordsman was obviously aiming at himself, while the shooter was aiming at the car next to him.

Wang Fan looked at this scene, glistened, grabbed the perfume seat in front of the car and smashed it out.

"Son of a bitch, rush up to die! Brothers, cut them to death

Dong!

accompanied by Wang Fan's voice, the perfume seat smashed on the head of a gunman, and the gunman fell down immediately.

His companions looked at the scene and immediately looked at Wang Fan.

Wang Fan's eyes glared, "what are you looking at? I'll dig your eyes again!"

He said, and arrogantly pointed to the group of swordsmen, "what are you doing to eat? Chop them to death for me, don't let them lean over, or I'll go back and chop you to feed the dog!"

Listening to Wang Fan's voice, the swordsmen are mad, and the Gunners are also angry.

The Gunners have long regarded the swordsman as Wang Fan's man. After all, the two sides are already fighting.

Just because they wanted to kill the target as soon as possible, so as to complete the task, they did not fight against the swordsmen.

Now when they hear Wang Fan's words, plus Wang Fan's attack, how can they tolerate it?

Almost without much consideration, he went crazy and killed those swordsmen."NIMA!" The five swordsmen had black lines on their faces, and instantly realized that they had been used by Wang Fan again.

But they did not explain, the same crazy roar to kill the shooter.

Anyway, both sides have been stained with their own blood, and the explanation is meaningless. It's better to kill each other first and then deal with Wang Fan.

Of course, during the war, they were also secretly watching the taxi, not giving Wang Fan the chance to escape.

"Kill them, kill them! Damn, I'm blind if I want to die. "

Wang fan is just like the second generation ancestor, constantly yelling at the outside, and occasionally smashing out a screw cap from a toolbox.

It's just that his accuracy is a little poor, and he doesn't completely hit those Gunners on the head. From time to time, he will hit the swordsman on the head.

Both sides were smashed and yelled. They were so angry that they wanted to kill Wang Fan. Just because of mutual restraint, there was no time to attack Wang Fan.

"Fight, kill, kill them, kill them all." Wang fan is still crying there, blushing and neck thick, like the arrogance of those legends.

Just when Wang Fan was shouting, he suddenly turned to a coquettish girl walking down from the side car.

After getting off the bus, the girl ran towards the taxi immediately, opened the door and got on without hesitation.

The girl is about twenty-five-six, with red lips and white teeth. She is sexy and delicate. She's a real beauty.

Her chest is more arrogant, looking at people breathing heavily, some can't stand, let alone buried, it is estimated that it will suffocate.

The two long legs, which account for at least two-thirds of the height, are exciting, mellow, white and full of strength. It's not enough to play for ten years.

However, she was shot on her left shoulder. The blood hole of her thumb was a little scary, and she was bleeding out. It was heartbreaking and terrifying.

Wang Fan looks at this big beauty, can't help but wonder.

Are those fierce men out of their mind to chase such a beautiful woman? They really don't know how to

pity her.

Wang Fan gulped his saliva and was about to say, "sister, I'm not going to receive guests." the big girl had already taken out a gun, and the muzzle of the gun pointed to Wang Fan's head.

The cherry, who wanted to commit a crime, opened her mouth and uttered two words coldly, "drive."

Wang Fan's heart was in a mess and he called out to the sun.

Chapter 403

"Sister, can you move the muzzle, I'm nervous, I'm afraid." Wang Fan's throat grunted for a moment, and he couldn't help asking.

Click.

Big thing directly opened the insurance, and then spit out two words again, "drive."

Wang Fan's heart clattered, and immediately made a scared expression, "OK, I'll drive now, I'll drive now."

He was about to cry.

Nima deserves to be chased with a gun. She even threatens to be a little fresh meat.

With a bang, Wang Fan stepped on the accelerator, and the taxi ran out immediately.

A big beauty is careless, the body immediately bumps in the back, affects the wound, bares his teeth.

The muzzle of the gun also deviated from Wang Fan's head.

She flashed a touch of anger in her eyes. She was about to turn the muzzle of the gun and continue to threaten Wang Fan. Wang Fan stepped on the brake nervously.

As soon as the rush stopped, the creature almost hit the windshield, and the gun in his hand fell down.

"Oh, I'm sorry. I didn't mean to. I'm so nervous." Wang fan is in a hurry to apologize.

But that flustered raised hand accidentally poked big beauty wound, big beauty Oh, once again bared his teeth.

She is very angry, do not know Wang fan is intentional, or really nervous.

"Ah, are you all right? I didn't mean it. I didn't mean it." Wang fan is still in a hurry to apologize.

But I caught the big one's chest by accident. The big one's eyebrows were frozen.

Wang Fan was so scared that he quickly put down his hand. But this time, he accidentally put it on the leg of the big beauty. When he picked it up, he accidentally broke the skirt.

A little piece of black lace is showing inside, which is a bit of a damn embarrassment.

She was so angry that a blush appeared on her pretty face. She forced herself to bear the sting. She covered her face with one hand and bent down. She grabbed the gun with the other hand.

At the moment when she bent down to grab the gun, Wang Fan clearly saw a trace of snow-white in her collar, and said in her heart that it was so big.

At the same time, the swordsmen and Gunners in the war all stopped fighting one after another and ran towards Wang Fan's taxi.

"Stop!"

"Stop it for me!"

They stopped chopping one after another, and rarely unified their goals.

The reason why the shooters came after them was that they saw the big pet get into the taxi.

The swordsmen's idea is simpler. Wang fan is their target.

"Oh, what are you doing?" Wang Fan looked at the three gunners and four swordsmen who came in a fierce manner. He cried out that they were unlucky and stepped on the accelerator.

With a bang, he was bending over to pick up the gun. The big pet almost broke his waist. When he was in a hurry to raise his head, his head hit the car and gave out a dull hum.

"How do you drive? Can you drive? If you dare to play tricks again, I'll kill you." The big beauty stares at Wang Fan, with cold in his eyes.

"I didn't mean to. They came after me." Wang fan is aggrieved very much, be threatened so by big beautiful thing, step on dead brake again hastily, point to outside.

The big beauty once saw, the facial expression immediately big change, "that still Leng do what, drive quickly, drive quickly."

"Good, good." Wang Fan nodded, but he couldn't catch fire.

It's really not enough to succeed, but it's more than enough to fail.

"Son of a bitch, come down to me!"

"If you dare to use us, you're going to die!"

"You can run, bitch. You should run again. Where do you think you can go? "

The shooter and the swordsman surrounded the taxi, shouting and yelling. What they yelled was also in a mess. Wang Fan had a big head.

He shook his head, his face soon showed a smile, weak asked, "brother, is not a misunderstanding ah, I have nothing to do with her, can you let me go?"

The big creature listened to this, and there was a twinkle of disdain in his eyes.

She is tired of men who are afraid of death. What's more, this son of a bitch is involved in the whirlpool. If the fierce five tigers in Hanzhong will let Wang Fan go, they will be called ghosts.

The five tigers in Hanzhong are poor and ferocious. They kill countless people and are bloody and cruel.

Ten years ago, they slaughtered a family of 35 people, old and young, without any delay, and were put on a red warrant.

After that, he disappeared for six years and was born again four years ago. He robbed, killed and laundered the gold shop. He committed all kinds of crimes and committed countless murder cases.

Just don't know how, they became the running dogs of Guangzhu tycoon Li Lishan. This time, it was for the Li Lishan incident.

To pursue oneself is also to kill others.

Wang Fan didn't know the connection between the big beast and the five tigers in Hanzhong. He was looking at several people, trying to find a way out.

"Ha ha, are you afraid now? What have you done? " A swordsman was very angry and laughed, "it's a little late to use our brothers to fight and kill so many of our brothers, now we want to survive?" "Damn, be honest and get down here. I'll give you a good time. Otherwise, I'll let you live as if you were dead, and there's no corpse to die!"

The swordsman roared angrily, and he was about to open the door, but was locked by Wang Fan from inside.

He wanted to reach in from the window and pull Wang Fan down. Wang Fan rolled up the window in time and almost squeezed his hand.

Wang Fan only left a small gap, wrongly said, "that can't blame me, who let you chase me, I didn't offend you. Elder brother, give me a way to live, or I won't go down and piss you off. "

"Damn it." The swordsman listened to Wang Fan's angry words, and almost burst into anger, "toast without penalty. Do you think a rotten glass window can stop me?"

He roared angrily and punched out.

Click.

The windows were splintered and pieces of glass were splashed everywhere.

Wang fan or timely cover head, just didn't be affected.

He looked up weakly, still did not give up, "you really can't let me go? Can't you give me a way to live? Do you really want to die? "

"Knock on your sister, you have the right to let me knock on you?" The knife's nose was crooked with a smile, and he stretched out his hand to pull Wang Fan's head, "roll down for me, don't talk nonsense!"

A grasshopper, dying, still say such childish words, also say what dead knock, really his mother laughs big teeth.

"You forced me." Wang Fan suddenly laughed, and then raised his hand in an instant.

Bang!

At the sound of a gunshot, there was an extra blood hole in the knife's hand, and the whole hand retracted, whistling.

"Damn, there's a gun?" The other people's faces changed greatly. Subconsciously, they fell down and looked for shelter.

At this time, Wang Fan said again, "since you don't give me a way to live, don't blame me for not giving you a way to live."

Wang Fan said, fingers repeatedly buckle, flutter a few times, the gunner swordsman all fell in the pool of blood, body twitch a few times, the vitality died.

"You." The knife hand with his palm pierced looked at the scene and his face changed greatly.

At this time, he didn't know that Wang Fan was playing a pig and eating a tiger.

He is about to run away, Wang Fan has said with a smile, "is it too late to run away now?"

"Your brothers are dead. How do you mean to live alone? You've been given a way to live just now, but you won't. Now, you have to die. "

Wang Fan said, without hesitation pull the trigger.

The knife hand's pupil suddenly constricted and exclaimed, "no!"

Bang.

The trigger had been pulled, and the bullet came out of the chamber, whistling out, and penetrating his head, blood splashing and dying.

"It's too late." Wang Fan sighed and suddenly drove the car back.

The beauty's face was dull, and his cold sweat came out instantly.

At this time, she was sure that Wang Fan had been teasing her, pretending to be a fool, playing pig and eating tiger.

At the same time, her heart also set off waves.

Because she found that the gun in Wang Fan's hand was the one she dropped. But she didn't know when the gun came to Wang Fan.

Too late to think, Wang Fan has controlled the car to the side of the fierce man in the crazy war.

Chapter 404

The fighting between the two sides has come to an end, and the swordsmen have all been killed. They are all dead in a pool of blood.

Those fierce men who pursued and killed the great things, except for the three who were still standing up with blood, all the others died miserably.

Heavy casualties.

"Oh, it's terrible. This kind of scene doesn't suit me. I'd better go now." Wang Fan looked at the scene, choked at the corner of his mouth, then stepped on the accelerator and left abruptly.

The corner of her mouth touched her a few times. She tried to open her mouth several times, but she didn't make a sound.

In fact, she wanted Wang Fan to solve the three big men. She just thought of Wang Fan's cunning and

terror and finally shut up.

"By the way, sister, where are you going?" After staying away from the scene of the murder, Wang Fan suddenly tilted his head to look at the big beauty and asked with a smile.

It's so sexy.

The delicate little waist, the fiery red lips, the straight and slender legs, everything, are so exciting.

I just don't know who this great creature is and how it can be hunted down.

"I don't know." The big beauty was about to go to the hotel when suddenly the willow eyebrows stood up and some sweat oozed from his forehead.

She covered her shoulder with a delicate hand. Her attractive mouth opened, hissed and breathed cold air. From time to time, she also gave out oppressive pain hum. It was so heartbreaking and heartbreaking.

Wang Fan looked at the open mouth of the great beauty, and the expression of the hook at this time, and suddenly felt that he had some animals, and some animals were inferior.

The blood is so swollen.

He thought of something unsuitable for children.

"Oh, look at my head. You are injured. I should take you to the hospital." Wang Fanqiang held back his imagination, turned the steering wheel and turned to the hospital.

"No." "I don't want to go to the hospital. You can take me to Haiwei hotel. I'll stay there."

She looked at Wang Fan pitifully. There was tension in her eyes, but also some uneasiness. Her eyes were like water, which made life unable to refuse.

"Sister, you are so seriously injured that you should go to the hospital for treatment. Although the bullet just hit you in the shoulder, you will hang up after a long time. "

Wang Fan looked at the big beauty with a serious expression.

He can see that the big pet is in a bad condition and has lost too much blood. I didn't feel pain before because I was chased all the time and my nerves were tense.

Now there is no crisis, all kinds of negative pain have come.

"It's faster for me to go to the hospital." He blurted out, but soon realized that he had lost his word.

She suddenly licked the sexy red lips, voice with the meaning of pray, "send sister to the hotel, please."

As she said this, she straightened her waist, pulled down her collar, straightened her legs, and slightly staggered them, giving people an impulse to throw herself down immediately.

She can't go to the hospital. Once she goes, she will die.

It's not the police that she's afraid of, it's the people who are after her.

Although Wang fan is cunning and dangerous, she found that Wang Fan has one weakness in her life, which is lust.

Because Wang Fan's eyes always aim at her legs, chest and lips from time to time. Although it is obscure, she still doesn't miss her eyes. She feels that she can use it.

"All right." Wang Fan inadvertently glanced at the big beauty's staggered legs and the white tenderness in the neckline, and finally nodded.

He is a bit dry of mouth.

This is too bad, but who let himself have a heart of tolerance to beautiful women.

Haiwei Hotel, Wang fan is very familiar with, half an hour later, the taxi stopped at the gate of Haiwei hotel.

"Not more, not less, just two hundred." After the car was quite stable, Wang Fan looked at the number displayed on the meter and held out his hand.

Big Youwu was stunned for a moment, subconsciously touching the bag, but the embarrassment was that he was busy running for his life before, and the bag fell on the car, and he didn't even have a mobile phone.

"Can you give me a call and I'll give it to you tomorrow?" The big one said awkwardly.

"Forget it, forget it." Wang Fan waved, some depressed, "count me unlucky, two hundred dollars when you eat."

He said, and handed back the gun to the big one, "now you have the things back, you go."

"Ah, who makes me soft hearted and who makes you beautiful. Let me remind you that this Haiwei hotel is not very safe. You'd better change your place. "

Big thing Leng Leng, took the gun, said thanks, and got out of the car. However, she only took two steps,

but suddenly turned around, smiling, Baimei Hang Seng:

"brother, thank you for saving me, thank you for not caring about my sister's rudeness. It's just that you can leave a phone call for your sister. If you have time, my sister will pay you back and repay you for saving your life. "

When she was talking, she subconsciously pulled down the torn skirt and wanted to refuse to welcome it. This is really a fox spirit."I'll meet you by chance. Bye." Wang Fan greedily glanced at the big beauty, and could not help swallowing, and then refused mercilessly.

The people who pursued and killed the great things before were obviously poor and vicious. Although Wang Fan was not afraid, he didn't want to get involved in the dispute.

Beautiful as they are, they are poisonous. Once they are touched, they will lose their lives.

Wang Fan was afraid that he would be reluctant to leave, so he stepped on the accelerator and left.

"This is really an interesting person," he said with a smile in his eyes

The scene of the bloody battle.

A large number of police have arrived with a dignified look.

Leading the team is a valiant policewoman, 1.7 meters tall, tall and slender, heroic.

She is not beautiful, but it is not ugly, especially the hot figure, enough points, let her into the ranks of the best beauty.

This person is Qin Xue.

Compared with three months ago, Qin Xue now has a more fierce temperament. Her pretty face is also covered with frost, and her aura is amazing.

As the captain of the criminal police, she rushed to the scene as soon as she received the news, but she was a bit late in the end.

Except for the dead, all the survivors have fled the scene.

"Three of the five tigers in Hanzhong, five tigers?" When Qin Xue saw two of the dead, she immediately confirmed their identities.

"How did they come to Jinzhou? Did they come for the sake of Guangzhu tycoon Li Lishan? But who are they after? "

"There are only three tigers and five dead bodies here, and the big tigers, the two tigers and the four tigers. Did they escape? Who are the dead swordsmen? How come they have never seen them? "

Qin Xue's face was gloomy and confused.

This is the first time that the swordsmen trained by the Zhong family have appeared, so the police have no background and information about them at all.

"Increase the police force and hunt down the five tigers in Hanzhong. If these poor and vicious people are not arrested early, there may be a bloody case. Take a few more photos to check the identity of these swordsmen. "

Qin Xue gave the order immediately.

Recently, Jinzhou City has been in a precarious situation, with various forces surging up. It is a time of trouble, and she, the criminal police captain, is also under great pressure.

In Qin Xue rubbed his head, ready to go back to make a detailed plan, a policeman came.

He is holding a mobile phone in his hand, which is a recorded monitoring picture.

"Team Qin, the surveillance is out."

Qin Xue took a look at the mobile phone, a moment, pupil suddenly shrunk, suddenly narrowed up.

Chapter 405

"Li Lishan's beauty, it is said that Li Lishan is also the most favorite woman, curtain thousand heart? Why did she come to Jinzhou and be hunted by the five tigers in Hanzhong? "

The screen pauses. Qin Xue stares at the big creature who pulls the taxi door and is about to get on the bus. She is shocked in her eyes.

Li Lishan, a tycoon of Guangzhou Pearl River Delta, was arrested in Jinzhou on suspicion of drug trading, which made the whole Jinzhou turbulent and disorderly.

Countless underground forces have poured in, involved in the vortex.

Some of them want to kill Li Lishan by fighting, some want to destroy all the things that are not good for Li Lishan and save Li Lishan.

In short, the forces of all parties are surging and the waves are surging.

As a Guangzhu tycoon, Li Lishan's assets are nearly 100 billion yuan. His background behind him and his own strength are terrifying.

His accident, naturally, attracted the attention of capable people from all sides, the light and dark power competition.

In this case, Qin Xue could not tell whether the five tigers in Hanzhong were Li Lishan's people or Li Lishan's opponents.

She just knew that the appearance of muqianxin would make Jinzhou again. If the curtain thousand heart does not die, this kind of murder, will be staged again.

"Go to find out the whereabouts of muqianxin immediately, and take emergency action when necessary. We must never set off a similar murder case because of her again."

Qin Xue's heart is dignified. She orders again and presses the play key at the same time.

Soon, her eyes tightened again, and her expression became excited, "Wang Fan? How did he come back? Why is he here? "

Qin Xue doesn't know whether to be happy or angry.

Happy is that Wang Fan finally came back safely, angry is that Wang Fan once again involved in the storm, which makes her some difficult to accept.

This guy is a real jerk. He can't do without anything.

-

Lishui Shangpin, a newly built villa in Jinzhou, is of European style.

Rockery, water, vegetation, flowers and birds, everything, green comparable to landscape scenic area, unique, fresh and natural.

Two months ago, a mysterious local tyrant surnamed Zhong bought eight villas in Lishui Shangpin at one go. He made a one-time payment and made a huge fortune.

The middle, largest and best located villa hall.

More than a dozen people sat around a square table in a depressing atmosphere.

Behind them, there were two rows of solemn swordsmen, all of whom were full of Xiao Sha breath and powerful.

Zhong Zhengde, Zhong Daliang, Zhong Pengcheng and Zhong Xiaoyan are all outstanding.

It's just that Zhong Pengcheng and Zhong Daliang are at the front, while Zhong Zhide and Zhong Xiaoyan are at the edge. Their position is clear at a glance.

Sitting in the middle of the first is a young man in his thirties.

Young people are ordinary in appearance, thin in stature, and without any air. They look like passers-by a, B, C, D, and they are not noticeable at all.

However, such an ordinary person, but it is sitting in the first place, so that everyone is silent, no one dares to ignore his existence.

Sitting in the corner of the clock moral character, is only the buttocks accounted for a side, did not dare to sit, forehead sweat, is also daddada continuous dripping, dare not wipe.

"Zhong moral character, have I ever told you that Jinzhou is a troubled time, so we should try not to make trouble, let alone use the Zhong family swordsman?"

"But you are good. You not only mobilized 20 swordsmen, but also destroyed the whole army. Did you take my words for granted?"

The first young man looked at Zhong and spoke slowly. His voice was flat, just like pulling home.

But the plain words fall in Zhong's ears, but they are no less than thunder.

As soon as his face changed and his legs softened, he immediately went down on his knees without hesitation, regardless of the presence of so many people. "Zhong Shao, I know the crime, please forgive me."

He said, began to gnash his teeth, "moral did not expect that bastard should be so cunning, with the help of Hanzhong five tigers to deal with our people."

"I knew he was so shameless, and the five tigers in Hanzhong would take action. I'm sure he would not send swordsmen. Please forgive me."

At the same time, Zhong De Li is also very angry at Wang Fan's shamelessness.

He sent 20 swordsmen to deal with Wang Fan. He thought they were overqualified and used ox knives to kill chickens, but he never thought that all 20 swordsmen would be destroyed.

If it's all the hands of Wang Fan, he can bear it. After all, skills are inferior. But Wang fan is actually with the help of other people's hands, which makes him some unacceptable.

Pop!

The first young man slapped himself on the table, and his voice suddenly turned cold. "Zhong morality, it seems that you still haven't figured out the situation!"

"I don't blame you for using a knife to kill people for your own selfish desire, but have you investigated the identity of the other party in advance?"

The first man was very angry. What he was angry about was not the tragic death of 20 swordsmen, but Zhong's mindlessness.

"That's Wang Fan, security minister of Yindi group, Wang Fan! Do you think you can take Wang Fan?"
"Zhong Pengcheng is directly beaten in the face and provoked in Yindi. He can bear it. Why can't you?"

Zhong morality listened to the first man's words, his face immediately turned white, "what do you say, you say that boy is Wang Fan?"

There was a twinkle of shock in his eyes.

Wang Fan, no one in the Zhong family doesn't know, because Wang fan is the red man around Song Rumei. He saved song Rumei several times and was in a dilemma. For Wang Fan's strength, the Zhong family certainly have a little understanding.

It's just that Zhong Dui was so angry that he didn't recognize him because he didn't see Wang Fan.

"It seems that you really have no brain. It's a mistake to bring you to Jinzhou this time. I'll take back your rights now, and you can go home and wait for disposal. "

The first man was very disappointed with Zhong's moral character, and his tone returned to a flat tone.

"Zhong Shao, give me another chance." Zhong Dewei was so surprised that he was about to ask for help. Two swordsmen came forward and took him out.

All the people in the hall looked at the scene, their faces didn't change much, they just bowed slightly.

The first man looked at Zhong Daliang and said, "you are now the Vice Minister of security in Yindi. Besides Wang Fan's many old departments, he will certainly find you bad luck."

"At that time, you should try your best to irritate him, force him to do it first, and then find a chance to kill him! In this way, Miss Song's side, we also have an explanation. "

"You must remember that it is to abolish him, not to kill him. I will send someone to cooperate with you to ensure that everything is safe."

"I didn't want to do it so quickly, but if I do something wrong, I will pay a price in the end. The swordsmen of the Zhong family always have to pay for their lives. "

The first man said, straight up, left the hall.

"Yes." Zhong Daliang bowed himself and promised that he would never be domineering in the silver field again. Just in the moment of bowing, his eyes flashed the same ferocious killing opportunity as the wolf.

-

a bar, third floor, luxury box.

"Waste, a group of waste, so many people can't even kill a thousand people. What else can you do?"

A 25-6-year-old domineering youth is pointing at the bloody Hanzhong three tigers and roaring.

This man is Li Lishan's son, Li Wuji, the young leader of Li's empire.

He came to Jinzhou this time just for the sake of his father's incident. The five tigers in Hanzhong are also his vanguard.

Li Wuji accidentally found that mu Qianxin had enough evidence to destroy Li's group, which made him kill.

It's an eventful time now. He wants to protect his father as soon as possible. No accident is allowed. In this case, he naturally can't let muqianxin live.

However, he didn't expect to send so many people to cooperate with the five tigers in Hanzhong and provide so many guns, which failed to kill muqianxin. Even he was almost locked by the police.

How can he not be angry?

At the scene of the murder, the three tigers in Hanzhong were fierce and arrogant. At this time, facing Li Wuji's scolding, they dare not breathe and are as gentle as sheep.

Chapter 406

"What? Don't speak? How to guarantee it before the action? How safe are you? What do you have in mind? "

Li Wuji seemed very angry, and he waved forward and slapped his hands.

The three people who had been stained with blood all over the body were spattered with blood at the corners of their mouths and their faces were straight.

But they did not dare to hide, dare not resist, and even did not scream.

Although the five tigers in Hanzhong were fierce and committed numerous blood crimes, they could not have lived to the present without Li's protection.

Frankly speaking, they are the five dogs of the Li family. How dare they resist when their owners beat them?

"I'll give you one more day, one more day. If you can't do it, I'll cut you off and bury you alive."

"Go away!"

If the five tigers in Hanzhong are granted amnesty, they quickly retreat.

As soon as they left, a woman came in with a sweet voice and made a report, "Li Shao, I have found out the identity of the swordsmen. They are from the Zhong family."

"The Zhong family?" Li Wuji's eyes burst out a fierce light, "isn't the Zhong family coming for the liquid medicine? How can they interfere in our affairs? "

"Is it difficult for them to be employed and want to earn some extra money from it?" Li Wuji couldn't understand it, and his tone was a little scared.

Obviously, the Zhong family is not easy to cause.

"Back to Li Shao, according to his subordinates, the swordsman of the Zhong family was used by a shameless man before he gave his hand to the five tigers in Hanzhong."

"Muqianxin was also saved by that guy. It's just that the guy is too cunning. His subordinates haven't found out his identity yet. "

The woman said respectfully again.

"Use?" Li Wuji's expression suddenly became ferocious. "Just one use, it killed so many of us. Are the swordsmen of the Zhong family pig brains?"

"Check! Check it for me! Dare to break Li Wuji's good deeds, I want him to be better than dead! " Li Wuji is like a ferocious wolf.

"Yes." The woman responded respectfully and decided to quit. But was Li Wuji a pull in the arms.

"Tonight, you stay with Ben." Li Wuji said, one hand raised the woman's chin, and the other hand went in through the skirt.

A woman is like a stake, without resistance or reaction. She let Li Wuji hold it, her expression didn't change, as if she had been used to it.

-

Wang Fan didn't know that he was being targeted by several forces again. After leaving Haiwei Hotel, he drove directly back to the villa.

He had just stopped his car and was about to go to bed when the telephone rang.

"Who is it?" Wang Fan couldn't help asking.

As the mobile phone and card are new, so Wang fan does not know who the caller is.

He wondered if the girl was lonely and wanted to comfort herself. After all, it was this point.

"You Snow elder sister, now I am in the night beauty bar, you come quickly." There was an unfriendly voice on the other end of the phone.

"Sister Xue? Which snow sister? Have you got the wrong number?" Wang Fan was a little puzzled.

He listened to the words "night beauty bar" and the sweet voice of the other party. Although his heart was itching, the tone of the other party made him uncomfortable.

He told himself that he still had such an attitude in the past. Who is he? Wang fan is not a cowherd. He comes and goes when he is called.

"How many snow sisters do you have? I'm Qin Xue. Come here quickly. " Qin Xue on the other end of the phone almost blew up.

I haven't seen you for three months. This son of a bitch forgot himself. It's really not a good thing.

"Oh, sister Xue, it's you. You said earlier, I'll go right away." Wang Fan choked at the corner of his mouth. Without hesitation, he turned the car and ran to the night beauty bar.

In his mind, Qin Xue's plump body and the charm of wearing police uniform came into his mind. He would drool when he thought about it.

In less than half an hour, Wang fan stopped the taxi at the door of yejiaren and swaggered in.

Qin Xue is sitting in front of the bar. She seems to be a little bored. There is a cocktail in front of her, and she has drunk most of it.

Qin Xue asked Wang Fan. First, he didn't see him for a long time and missed him. Second, he wanted to ask about what happened just now.

She could have called Wang Fan to the police station for questioning, but it was late, and she was afraid that Wang Fan would be locked up by Hanzhong Sanhu, who had escaped, so she made an appointment at the bar.

Now Qin Xue has taken off her police uniform and put on a very ordinary knitted sweater. Below is a pair of slim jeans.

Qin Xue seems to love jeans. After knowing her for such a long time, Wang Fan hardly sees her wearing a skirt, either a police uniform or jeans.

But not to mention, jeans on her body, it is really wearing a different temptation.

Sleek legs are set off by jeans more sexy, as if the jeans are specifically for her.

The white and tender face is not as beautiful as pink and black, but it is full of the charm of a mature woman. The red lips are soft and attractive.

The slender jade neck is as white as jade. It has a milk like luster against the light. The radiance of the hills is set off on the chest. People want to grasp it and experience that kind of amorous feelings. Through the pores of the knitted sweater, you can still see a trace of greasy, fragrant and mysterious inside.

Wang Fan looked at Qin Xue, eyes a bright, is going to the past, a graceful young man suddenly appeared in front of Qin Xue.

"Beauty, are you lucky enough to have a drink?" The young man has a confident smile on his mouth and a gentle manner.

"Sorry, no time." Qin Xue didn't look at the young man and said directly.

"My name is Li Wuji." Not only did the youth not leave, on the contrary, he blew up his identity. "I dare not say that there are still tens of billions of assets in the family."

"There are thousands of personal real estate, all over the country's first tier cities, and more than ten thousand luxury cars. One car a day can't drive for three years."

"For me, money is only a number, and I can spend it as I like. Excuse me, miss. Now, am I lucky enough to buy you a drink? "

Li Wuji said, the corner of his mouth cocked up a proud radiance.

At this time, he has no previous face Hanzhong three tigers when domineering, there is only greed and desire.

Because he just entered Jinzhou, he didn't know Qin Xue, the famous criminal police captain.

He fell in love with his subordinate women and went out to drink and relax as usual. Originally, he just wanted to dispel some depressed mood, and did not want to hunt.

But after seeing Qin Xue, he unconsciously had desire again.

In Li Wuji's eyes, no woman can't be smashed with money, so he dazzled his assets without hesitation.

If he shows off his assets, the woman will follow him, and he will only give them according to his mood afterwards.

If he shows off his assets and women don't follow him, he will start to spend money. Ten thousand can't do it, one hundred thousand can't do it, one million can't do it.

He doesn't believe that there are no legs that money can't smash, no women that money can't smash. He doesn't like to be strong with women. He only likes to use money.

"Li Wuji?" Qin Xue, for the first time, finally faced up to the youth.

As a criminal police captain, even if she has not met Li Wuji herself, she has read the materials at least a hundred times.

Qin Xue as a criminal police captain, how can he not know Li Wuji?

Looking at the outline similar to the data, Qin Xue finally determines her youth identity. But her face is not much change, still cold, "sorry, no time."

Li Wuji looked the same, Shua Shua, immediately a stroke of the pen, a hundred thousand checks on the table, "follow me, this money is yours."

"Go away!" Qin Xue's eyes flashed a touch of anger, stabbed twice and tore the check to pieces.

Li Wuji's action is trampling on her dignity. If she didn't know Li Wuji's identity, Qin Xue could not help it.

Li Wuji's face still hasn't changed much. With a few Shua Shua Shua, a million checks slapped on the table, and only self-confidence in his eyes, "one million, buy you one night."

"For the last time, I'm not that kind of person. Get out of here!" Qin Xue tears millions of cheques to pieces. Her anger can't be vented. She's almost ready to fight.

Li Wuji's face finally changed, but he was still not angry. Shua Shua, he waved his hand.

Pop!

"Ten million, buy you one night!"

WOW!

The gorgeous girl who heard this sentence around her became short of breath and fixed her eyes on the check.

Chapter 407

That's ten million. It's enough to pack all the lonely young women in the bar for a night, even how they want to play.

Now, Li Wuji has used 10 million yuan to make a Qin Xue. It's only one night. It can be said that Li Wuji has explained what it means to be really rich.

Envy!

Jealousy!

Crazy!

This is the voice of all the lonely young women at the scene.

Li Wuji calmly looks at Qin Xue. He doesn't believe that Qin Xue really has the courage to tear up the ten million check.

Qin Xue's breathing is also slightly short, proud of the upper Wai also ups and downs.

Insult!

It's an insult!

Her heart burst out a strong flame of anger!

I've heard that Li Wuji is arrogant and domineering for a long time. Today, she really saw it.

Qin Xue did not speak, but picked up the ten million checks, hands a mistake, they intend to open tear.

But at this time, an anxious voice suddenly came.

"Don't tear, don't tear, you don't, I want it." Wang Fan quickly ran to Qin Xue. Before she could react, she already grabbed the check.

He looked at the ten million check with his eyes full of light, and then he looked at Qin Xue with a hatred of iron and steel,

"losers, really losers, this is a ten million check, how can you tear it? Have you got my consent, have you got my consent? "

Wang Fan was very dissatisfied, and then looked at Li Wuji with a smile, "sorry, sorry, my mother-in-law is not sensible, so you are angry. I'll take the check for her. "

Qin Xue is silly.

Li Wuji is stupid.

The people who watched the scene were dumbfounded.

No one thought that Wang Fan would appear on the way.

Wang Fan didn't care about them, so he grabbed Qin Xue's hand and pulled her up, with a dissatisfied tone,

"I told you how many times, don't come to the bar, don't come to the bar, there are few good things here, you have to come. Do you want to clean up? Come back with me

Wang Fan said, can't help but say, pulling Qin Xue out.

"Then." Qin Xue finally came back to her senses. She wanted to talk about Li Wuji and the check, but she was interrupted by Wang Fan. "What do you want to hook up with others here? Don't forget, you are a married woman

Said, the goods go faster.

Li Wuji's face darkened, "stop them for me."

Hiding in the dark to protect the fierce man, Hula for a moment, immediately stopped in front of Wang Fan.

Wang Fan mouth a draw, scared back two steps, "big brother, what's the matter?"

Li Wuji stepped forward and looked at Wang Fan with a gloomy face. "You can go. Should she stay?"

"Stay? Why are you staying? " Wang Fan some doubts, "she is my mother-in-law, I have to quickly take her back to bed sheet."

Hiss.

Li Wuji almost didn't have a mouthful of old blood.

This son of a bitch is playing him like a monkey.

"Are you really stupid, or do you pretend to be stupid with me?" Li Wuji's tone became fierce. "Ten million is the money to buy her for one night. Now that you've collected the money, but people want to leave, are you playing with me, Li Wuji, as a fool? "

"Ah? This is not the money you paid her to drink? Well, we don't want it. We'll give it back to you. " Wang Fan was a little stunned, and then he took out the check and handed it to him.

Pop!

But Li Wuji didn't give face at all. He patted Wang Fan's hand to one side and said, "the money I sent out by Li Wuji has never been collected again."

"Now that you have accepted my check, it means that you have agreed to my terms. Well, I won't talk to you. She'll stay. You can get out of here. My patience is limited. Don't make me do it! "

Li Wuji has been a little impatient, and even some regret.

Ten million packets of Qin Xue, no loss, but Wang Fan's appearance, let him feel loss.

When he thought that such a rubbish was Qin Xue's husband, he was a little upset.

He even thought, at night must be a good toss over Qin Xue, otherwise sorry for his ten million.

"Do it?" Wang Fan murmured, suddenly jumped up, "what do you say, you want to do it?"

Wang Fan's tone suddenly became violent, angry eyes wide open, "do you know who the hell I am? Do you know? "

"Oh, it seems that I have some ability. Come on, tell me Li Wuji, who are you?" When Li Wuji saw Wang Fan jumping up and down, he began to shout and laugh angrily.

"Lying trough!" Wang fan saw that Li Wuji didn't know himself, as if he had been insulted even more. He blushed angrily and said, "don't you even know me? What the hell are you doing in Jinzhou? "

"Do you know what I do? Where do you live? Don't you believe I can call thousands of little brothers to kill you? Believe it or not? "Li Wuji see Wang Fan even more and more push nose face, angry enough, immediately angry, "you calculate which onion, I Li Wuji why want to know you?"

"I don't care what you do and where you live. If you dare to jump in front of me, Li Wuji, I'll kill you today!"

Li Wuji said angrily, and directly ordered, "break this guy's five limbs for me, and drag him up!"

"I want to be in front of him and do his women hard. I also want to ask him who he is and why he dares to be so arrogant in front of me, Li Wuji!"

Li Wuji was very angry. He was extremely angry.

Although he only crossed the Yangtze River, Jinzhou was not his territory. But he, who had a large number of fugitives under his command, didn't pay any attention to anyone at all.

Let alone a Wang Fan, even now eight children stand in front of him, he will not have the slightest fear.

"Arrogant? I'm arrogant. What about you? " Wang Fan grins, grabs a bottle of red wine next to him and smashes it at Li Wuji.

Bang.

With a loud noise, the wine bottle broke, and Li Wuji immediately covered his head and began to retreat.

The red blood accompanied by the red wine left from the forehead, in this dark light, it is impossible to distinguish which is wine, which is blood.

"Don't know me, don't know where I live, don't know what I do? If you dare to shout, it's no use beating you! "

Wang Fan said maliciously, and kicked Li Wuji to fly, then hugged Qin Xue and ran.

"Son of a bitch, dare to fight Li Shao, where to go!"

"To die!"

The desperado, who had a slow reaction, clamored to meet him crazily. At the same time, they called Wang Fan hard.

"Go away!"

But Wang Fan was not afraid, holding Qin Xue in his arms, and kept on walking. He dashed, banged, banged, banged, only a few times, and four or five fierce men were hit and flew, screamed and fell to the ground.

Around the guests have screamed, subconsciously away, in a burst of clattering sound, tables and chairs flying, make a mess.

Wang Fan didn't manage so much at all. Taking advantage of the chaos, he broke through the encirclement and took Qin Xue to run towards the door of the bar.

But he just ran to the door of the bar, intended to go out, but suddenly back.

Three ferocious men with dozens of younger brothers appeared, swarmed in from the door and stopped Wang Fan.

At the moment of seeing Wang Fan clearly, the three fierce men were stunned at first, and then they immediately burst out a huge murder.

"Son of a bitch, it's you!"

They recognized Wang Fan.

Wang Fan, Qin Xue and their faces became ugly as their pupils shrank.

Hanzhong three tigers!

Chapter 408

The three tigers in Hanzhong stare at Wang Fan, whose scarlet eyes are like eating people.

They never thought that they would meet Wang Fan here.

Thinking of Wang Fan's calculation, Wang Fan's shamelessness, Wang Fan's failure in their mission and Li Shao's blame, they wanted to chop Wang Fan.

Qin Xue's face is also a dark, dark way is bad.

This is simply afraid of what to come, she never thought, Hanzhong three tigers will appear so coincidentally. If she had known that, she would not have chosen this bar.

In Hanzhong three tigers stop Wang Fan two people at the same time, Li Wuji people also from behind to encircle.

Li Wuji covered his bleeding head and approached slowly. He looked at the five tigers in Hanzhong with a gloomy face. "Do you know them?"

"Yes, even if he turns to dust, we all know him. It was his shameless interference that caused us heavy losses and led to the failure of the mission. "

Big tiger is biting teeth, eyes Yi want to crack, "curtain thousand heart, is he rescued.". The death of three tigers and five tigers was also indirectly caused by him. "

"Well, it's up to you. Remember, don't kill me." Li Wuji said, then slowly stepped back to one side and sat down to watch the play.

Since Hanzhong three tigers appear, there is no need for him to let others take risks. Hanzhong three tigers are guilty, Li Wuji believes that they will give themselves a satisfactory answer.

Those who worked for Li Wuji were all around him, forming a human flesh wall to protect him. Obviously, they were afraid that Wang Fan would jump over the wall and threaten Li Wuji.

Wang Fan took a look at the people who surrounded him, and then at the three tigers in Hanzhong. His mouth opened, "brother, we haven't seen each other. Is this a misunderstanding?"

"Misunderstand NIMA!" The tiger clenched his fist and growled, "where are your shamelessness and courage in calculating us this afternoon? Where's the arrogance when we hit our car? "

"You have killed so many of our brothers, but you have also killed three tigers and five tigers, which makes our mission fail. Tonight, I want you to pay the price! "

"Don't worry, I won't let you die happily. I will cut off your meridians one by one, and cut off your bones inch by inch, so that you can die slowly."

Dahu's words are very slow, but every word reveals the murderous opportunity. Every word that pops out of his teeth makes his scalp numb.

As he spoke, he waved his hand to let his younger brother clear the scene.

There's going to be a murder here. He doesn't want to be seen. Moreover, if there are more people around, there will be more danger. No one knows if there is Wang Fan's accomplice among the guests around.

"Elder brother, you don't have to be so cruel to kill people, do you?" Wang Fan was about to cry.

"What's more, I didn't do the things you said. I'm just a small man. How can I have the courage?"

Hanzhong three tigers listen to this, have no reaction.

Li Wuji, who was sitting there, had a crooked nose. "Little man? Didn't you say you were a cow just now? What's wrong now? Son of a bitch

He's very angry!

When Wang Fan faced him, he was so noisy that he was about to go to heaven.

Now in the face of his three dogs, he is as meek as a sheep. How can proud Li Wuji suffer?

"You're not bullshit?" But Wang Fan didn't beat Li Wuji at all. "You're thin in arms and legs. You look so kidney deficient. I'm afraid you're hairy."

"But these three elder brothers are different. Their arms are almost thicker than my thighs. Can't I?"

Wang fan is very aware of current affairs and admits that he is afraid of bullying others. After that, he looks at Hanzhong three tigers with a smile on his face. "Brother, you must have recognized the wrong person. Please forgive me."

Hanzhong three tiger mouth chokes, is about to speak, Li Wuji over there has already jumped up, "son of a bitch, you blind ah, do not see that they are so respectful to me?"

"They are just my three dogs! Three dogs! Do you understand? You can't even provoke my three dogs, can you? Are you blind? "

Li Wuji has gone mad with rage.

Wang Fan was so angry that he said that he was inferior to his three dogs. It was a slap in the face and a slap in the face.

"Wocao, how dare you call big brother a dog?" Wang Fan was very angry, and then he looked at the three tigers in Hanzhong, filled with righteous indignation,

"three big brothers, you hear me, the boy called you a dog, so I'll chop him first! What about your dignity? "

Hanzhong three tiger gas teeth, not only angry Li Wuji's face insult, but also angry Wang Fan's ignorance. By Wang Fan such a stir, they even forget to attack Wang Fan.

Wang fan saw that Hanzhong three tigers didn't move and jumped up again, which was more anxious than Hanzhong three tigers,

"brother, what are you doing in a daze? Don't you abandon him first? Can you bear that he calls you dogs? Anyway, I can't bear it! "

Said, Wang Fan also angrily looked at Li Wuji, "son of a bitch, dare to shout three big brothers, you wait to die.". The three elder brothers will pick off all your meridians and step on all your bones in a short time, which will make your life worse than death! "Li Wuji is about to explode.

Who the hell is this?

Hanzhong three tigers are also straight mouth smoke, behind all exuded cold sweat.

This is their threat to Wang Fan. Now Wang fan is threatening Li Wuji.

Wang fan is just pitching them.

With Li Wuji's fickle nature, even if they kill Wang Fan today, they are not sure that they will take this matter to trouble them, or even break their bones.

Who let Wang Fan use them to hit Li Wuji in the face?

"Shut up Big tiger finally can't help saying, "don't do it."

Only later did he say a word, which had been interrupted by Wang Fan. Wang Fan pointed to Li Wuji arrogantly,

"did you hear that? Big brother told you to shut up! If you dare to beep again, I'll break your dog's mouth

"What are you? Dare you say big brother is your dog? It's like looking for death! In my eyes, you are my brother's dog

Li is so angry that he can't speak.

Big tiger was in a cold sweat. He couldn't help it any more. He slapped Wang Fan fiercely,

"I told you to shut up, not Li Shao! We are Li shaosan. Don't stir up our relationship! "

"Ah." Wang Fan holds Qin Xue and hides. He slaps the big tiger's palm like a Pufan and immediately pats it on a young man's face behind Wang Fan.

You know, the big tiger slapped him hard, but the young man didn't take precautions.

This slap down, he directly mouth congestion, the whole person was pumped up, fell three meters away.

"Oh, brother, are you all right? Is that too hard?" Wang Fan first looked at the young man on the ground shouting, and then looked at the tiger, "brother, you let me down."

"How can you be that boy's dog? I blew a bottle of wine just now. How hopeless is it to be his dog?"

"Why don't you be my dog and step on him as much as you want. I can also ask you to give him a bottle of wine and blow your head out of his bad temper."

Li Wuji is going mad.

The tiger is about to pee.

Five angry youths were directly smashed over, shouting pain in their mouths, and fell to the ground.

At this time, three young people rushed to Wang Fan's back. A wisp of surprise flashed in their fierce eyes. They started to cut Wang Fan's left arm and right rib.

It's vicious and ruthless.

This is the reason why Li Wuji asked Wang Fan to stay alive, otherwise they would have split Wang Fan's head.

But at the moment when they were about to attack Wang Fan, Wang Fan suddenly lifted back with Qin Xue as if he had eyes behind him.

Whoosh.

The sharp wind sounded, Qin Xue's sexy legs turned into a sharp weapon to kill people at this moment, and swept hard at the three people's arms.

Three people scream, throw knife back, arm pain up and down swing up, that look at Wang Fan's eyes, full of fear.

"Brother, you really recognize the wrong person. The afternoon has nothing to do with me. What's more, we are not good at fighting and killing. We are all civilized people. What's the matter that we can't sit down and talk about? Why do we have to do this? "

Wang Fan by the rest of the desperado Lengshen Kung Fu, looking at the Hanzhong three tigers, painstakingly, "if this let the police know, but to prison ah, brother, think twice."

Listen to this, not to mention Hanzhong three tigers and Li Wuji, even Qin Xue want to slap Wang Fan dead.

This son of a bitch is really thick skinned. He has injured and maimed so many people, but now he says it's not good to fight and kill. Why don't he die?

"Good boy, I didn't expect you to have two sons. I've gone! However, just with you, don't dream if you want to kill them. Today, I will kill you whatever I say. "

Big tiger angry voice, that look at Wang Fan's eyes, is burst out of the undisguised murder.

"Why not." Wang Fan some depressed, suddenly turned to look at Qin Xue, "snow elder sister, they want to kill me, I still calculate justifiable defense?"

"As you can see, I was forced. I endure again and again, but they have to kill me. I can only resist. "

"Sister Xue, if I accidentally maim and kill them, it's not a crime, is it? First, I'm in self-defense. Second, I'm trying to save you. "

Qin Xue choked at the corner of her mouth. She didn't know what to say.

When is the time? This son of a bitch still has the heart to find these reasons and excuses. There is really no one.

"The police?" Wang Fan's words instantly attracted Hanzhong Sanhu and Li Wuji's attention. Their colleagues looked at Qin Xue in shock, and their eyes showed an undisguised murderous opportunity.

No one thought that Qin Xue would be a policeman.

If Qin Xue is really a policeman, today we will say that nothing can let Qin Xue leave.

After all, five tigers in Hanzhong are wanted criminals at large, and now they are entangled with Li Wuji, plus the murder in the afternoon.

Once Li Wuji is locked by the police, he wants to save his father Li Lishan and use the means secretly, but it is not so convenient.

"That's right!" Wang Fan nodded with pride, "my mother-in-law is a policeman. Why, are you afraid? Did you stay? Are you stupid? "

"Hum, you are wise. Put down your arms and surrender. Come to the police station with us. Damn, point a knife at the police. Do you want to die? "

Wang Fan side proud said, while embracing Qin Xue inadvertently moved a few steps to the left.

"I'm afraid. I'm afraid of your shit. Kill them for me." Big tiger gas of enough choke, at the same time issue an order, at the same time crazy toward Wang Fan rushed past.

Previously, Wang Fan's performance was brilliant. He planned to take Wang Fan personally.

"Damn, I dare to attack the police, but I'm against you!" Wang Fan looked at the fierce tiger, with a flash of fierce light in his eyes, and rushed out in an instant. His right hand suddenly out, seize the tiger that shot out of the right arm, hard twist!

Click!

Dahu's right arm, as thick as an adult's calf, was immediately twisted like a fragile twist.

Wang Fan kept moving, pulling tiger's twisted right arm forward and lifting his knee!

Click!

Big tiger's face and nose directly collided with Wang Fan's knee violently. His bones were smashed and his blood flowed!

"Son of a bitch, who are you going to kill? Who are you going to kill?" Wang Fan roared and rushed into the middle of those outlaws.

With one punch, a young man was blown up, his mouth gushed blood and flew ten meters away. After he fell to the ground, he covered his stomach and choked for several times. There was no movement.

With one foot, another young man was thrown out and hit the pillar in the middle of the bar. His waist was smashed by the edges and corners!

Next, it was almost a feast of one-sided slaughter and abuse. Those fugitives were not Wang Fan's opponents at all, and no one could stop Wang Fan.

Just a few times, most of the people have been bloody mouth and nose fell down, no longer the force of the first World War.

Shock!

Dead silence!

The remaining two tigers and four tigers have dull eyes, as if they can't believe this scene at all.

Even Li Wuji over there, his face has changed a lot!

No one thought that Wang fanhui was so fierce that he had the domineering spirit and strength of being one man at the gate.

Qin Xue also didn't expect Wang Fan to be so powerful. After she recovered, she suddenly took out her police gun and aimed at the remaining two tigers, "get out of the way, or kill them!"

Previously, she had been led by the nose by Wang Fan, and did not react. Now that we have a reaction, we have to strike first.

The most important thing is that the three tigers in Hanzhong didn't appear before, and she didn't want to expose her identity. Now the three wanted criminals have appeared, and the situation has become a bit serious. Naturally, she can't care so much.

Hanzhong two tigers see gun, first is a Leng, followed by eyes become Sen ran up.

"Do you want to compete? I have too! "

They don't do two endlessly, directly took out the black gun which carried with them, then madly aimed at Qin Xue.

Originally, they didn't plan to use guns. After all, whether it's the sound of the gun or the handling afterwards, it's more troublesome.

But now forced to this step, they have no choice.

"You go too, kill them at all costs!"

At the moment when the two tigers in Hanzhong are desperate to take out their guns and aim at Qin Xue, Li Wuji also orders from behind, and several bodyguards rush to them from behind.

At this point, Li Wuji can't let them leave alive.

For a time, Wang Fan and his wife were attacked in front and back, and the situation was critical.

Chapter 410

Qin Xue's face turned pale immediately!

The front and back attacks were all outlaws, and the two tigers and four tigers in front still had guns in their hands. She didn't know how to deal with them.

Even if she had a gun in her hand, she could only deter the two tigers and four tigers in front of her. She couldn't deal with Li Wuji's subordinates in the rear.

Bang bang!

The sound of gunfire is loud, crazy and harsh!

Two tigers and four tigers pull the trigger without hesitation!

However, at the moment when they pull the trigger, Wang Fan has already moved horizontally with Qin Xue in his arms and flashed to the side.

The crazy bullets shot into the chest and arms of two young people, blooming a bright blood mist.

A young man's chest burst out blood mist, the whole person fell to the ground, dead can no longer die.

The other young man covered his arm and screamed in a shrill voice.

Qin Xue's face became dull. She didn't expect that Wang Fan could take her to avoid bullets.

This makes her a little scared, but also a little lucky.

The previous scene is no less than a brush with death. If Wang Fan's reaction is slow, they have to peel off their skin even if they don't die.

Two tigers and four tigers did not expect that Wang Fan could escape the bullet attack, and they killed two Li Shao people.

Shock and dismay.

As for those young people who rush up behind, they all seek shelter and dare not charge any more.

The bullets have no eyes. They are afraid that the bullets of two tigers and four tigers will enter their bodies.

"Waste! A bunch of trash! So many of you can't even take a couple of dogs. Why are you still alive? "

Li Wuji had already jumped up. After scolding the subordinates who were looking for shelter, he looked at erhu and Sihu in a fierce voice,

"and you two, don't you have eyes? Who are you shooting? Ah? Son of a bitch, if you dare to shoot bullets, I'll cut off your legs! "

Li Wuji was furious. Although he knew that the mistakes of the two shots were not due to the two tigers and four tigers, it was because Wang Fan was too fast.

But in this case, he still put the responsibility on their heads. If the two tigers and four tigers go crazy again, the next shot will probably be shot into Li Wuji's body.

Li Wuji's scolding made the muzzle of two tigers and four tigers droop, and no longer dare to shoot at will.

At the same time, the fugitives in the shelter rushed to Wang Fan.

Li Wuji's voice was like a slap, which was hard on their faces and made them feel ashamed.

They have swords, guns and weapons. When they deal with Wang Fan, Qin Xue and the two unarmed guys, they also feel blushed because they have suffered so much.

"To die!" Wang Fan looks at the desperado who rushes over, sneers, grabs Qin Xue's right hand with a gun, aims at them and pulls the trigger.

Come on, come on.

The gunfire rang out, and before the eight fugitives ran to the two men, they were shot in the thigh and fell to the ground.

Eight shots, eight hits, all in vain.

Wang Fan shot the bullet in one breath, holding Qin Xue, jumped fiercely, roared, the solid ground cracked, and the whole person rushed to Li Wuji behind him like a fierce tiger.

The momentum is like a rainbow.

Li Wuji looked at this scene, and his heart was splitting. "Take him, take him!"

He roared wildly and began to retreat at the same time.

He didn't expect that Wang Fan didn't want to break through, but wanted to capture him.

It makes him a little bit frustrated, but also a little angry!

It has always been Li Wuji who stepped on others. He was scared by others to retreat. When did he retreat by others?

What a shame!

A group of Desperado swarmed on, but Wang Fan was not afraid at all.

He holds Qin Xue speed not to reduce, left shoulder ruthlessly a top!

Click!

On the left side, a young man was pushed out and knocked down his companions behind him, at least ten of them.

Wang Fan castrated, right leg kick out, hard kick in a person's chest. That person also flies upside down like a broken kite and knocks down a large area again.

Wang Fan this hit a kick, the road in front of the moment will be empty out, pointing to Li Wuji.

Li Wuji's face changed greatly!

"Stop him, stop him!" He roared wildly and retreated faster.

Wang Fan's strength exceeded his expectation and made him feel threatened.

If it falls into Wang Fan's hands, Li Wuji will peel off his skin even if he does not die today.

How he hates it!

Hate Wang Fan stepped on him, hate Wang Fan hit him in the face, but helpless.

"Stop me? Can you stop it? " Wang Fan evil spirit a smile, momentum like rainbow, speed does not reduce to Li Wuji.

Anyway, he has offended Li Wuji. It's better to kill him without doing anything!

otherwise, once Li Wuji investigates his identity afterwards, it doesn't matter to himself. Those around him can be miserable. Of course, with Wang Fan's strength, it's easy to kill these outlaws and Li Wuji.

But Qin Xue was there. He didn't want to expose his strength, and he didn't want to kill him. So now, he just wanted to kill Li Wuji.

Li Wuji looked at Wang Fan's bloodthirsty eyes, suddenly some fear, he felt the call of death for the first time.

The two martyrs bravely face death, trying to block Wang Fan's steps and give Li Wuji time to escape.

However, in the face of Wang Fan's iron fist, they can't fight at all. Just two fists, two people will fly out, no longer able to climb up.

"Li Wuji, assaulting and injuring the police, this is your suicide, no wonder others." Wang Fan sneer, flash to Li Wuji side, then pinch to his throat.

Qin Xue did not speak, just shocked to see this scene, as if he had not recovered from the shock of Wang Fan's powerful strength.

"Kill me? Go to hell At the end of his life, Li Wuji suddenly became violent. With a roar, his wrist turned over, and a small arm long spear appeared in an instant. Then he stabbed Wang Fan fiercely.

Fierce and fierce, obviously, he wanted to kill Wang Fan by surprise.

Wang Fan looked at the scene with a sneer. His eyes were full of sarcasm, just like looking at the clown jumping around.

But Qin Xue's face has changed. Her pretty face turns pale instantly. She opens her mouth and screams. She turns around and blocks Wang Fan's face. She uses her soft body to block Wang Fan's spear.

Wang Fan looked at the scene, his face changed greatly as he felt a touch of warmth in his heart.

He no longer care to see the play, holding Qin Xue back, two fingers out, then pinched the spike.

His two fingers are as if they were made of steel. It's incredible that the sharp spikes can't pierce the flesh.

Li Wuji's face changed and he made a crazy effort. To his horror, his effort had no effect at all.

Let alone stab or pull out the army, even if Wang Fan's skin and flesh are not pierced.

"Li Wuji, you can die." Wang Fan disdains to sneer. He uses his two fingers as hard as steel, and the military spike is snatched. Then he throws it with his backhand, and the military spike roars to Li Wuji's throat.

Just at this time, Wang Fan's face suddenly changed!

A warning wave swept in his heart. Without hesitation, he jumped out with Qin Xue in his arms.

Come on!

The sound of the sniper gun sounded, and a bullet cut through the sky, hitting the military spike that stabbed Li Wuji's throat accurately.

The stab was hit and dropped, but a bloodstain was drawn in Li Wuji's throat.

Come on!

The first shot was fired, followed by the second.

The bullet exploded in Wang Fan's previous standing position, and a fist sized hole was blasted out of the ground.

Sniper?

Wang Fan's eyes narrowed.

Shua!

At this time, another extremely dangerous feeling came, and a flash of lightning appeared in front of Wang Fan's eyes.

No, it's not lightning.

It's a knife. It's just too fast and powerful. It feels like lightning.
