

## **MIGHTY SK 411**

### **Chapter 411**

A knife cut, momentum like a rainbow, in the air tearing out hiss hiss voice, as if to split everything.

Master!

Wang Fan's face suddenly changed. Without any hesitation, he jumped out of the room with Qin Xue in his arms.

As soon as he jumped out, the knife had been cut down in the previous position, and there was a loud noise, and a deep pit with the thickness of his thigh appeared on the ground.

Violent, mighty!

There are snipers in the dark, and there are so powerful swordsmen in the face. Wang Fan immediately decides to retreat, and he won't fight any more.

Light and dark attack, if you stay longer, there will be danger. Even if he can kill out, it's not so easy for Qin Xue to be intact.

Qin Xue looked back and her pretty face turned pale in an instant.

This kind of strong visual impact, even if she is the criminal police captain, has some lingering fear.

"Li Wuji, I'll spare your life today. You'll wait for the police to pursue you." Wang Fan left a word. With a wave of his left hand, a large toothpick came out and the ceiling lamp was knocked down. The whole bar became dark instantly.

Then he didn't hesitate, holding Qin Xue, he ran out towards the door.

"Stop them, stop them, don't let them leave alive." Li Wuji screamed wildly again, and looked at the middle-aged man with a knife beside him, "Uncle eagle, stop him, don't let them run!"

Li Wuji was called Uncle eagle. He was in his forties. He had thick eyebrows, big eyes and no beard. He had a sharp spirit.

After the Li family's great kindness, he also paid a huge annual salary of 1 billion yuan. No one knows his background, only his strength.

Over the years, he did not know how many problems and crises he had solved for Li. Because of his existence, Li's country became more and more stable and unbreakable.

"Li Shao, I can't leave you. I want to protect you." Instead of moving, uncle Ying stares at Wang Fan, who

rushes to the door of the bar with solemn expression:

"this man is powerful and hard to deal with. Once I leave you, he is likely to kill you."

"Don't worry, Li Shao. Even if he leaves alive tonight, I won't let him live for three days."

Uncle Eagle said slowly, but his eyes were full of confidence.

Wang Fan did not pay attention to Li Wuji behind him. He rushed to the door of the bar with a few flashes.

Along the way, Wang Fan bumped into the outlaws and screamed.

In less than a minute, Wang Fan, like an unstoppable tiger, ran out of the bar with Qin Xue and disappeared in the thick night.

"Waste! Rubbish Li had no base to jump, but he had nothing to do.

"Clean up the scene immediately and evacuate quickly." He quickly gave the order, then packed up and left.

Wang Fan two people go smoothly, he must change a place to hide, at the same time use the relationship to suppress tonight's matter. Otherwise, once Qin Xue is surrounded by a large number of police, he will become very passive.

"Beauty is a disaster. For you, I almost killed myself tonight." At some intersection, Wang fan stopped and said breathlessly.

"That son of a bitch is so arrogant. Sister Xue, you should take someone to kill him directly. In broad daylight, oh no, the use of a gun or a sniper gun at night is a rebellion. "

Qin Xue choked hard at the corner of her mouth. Her face was a little unnatural. "Can you take your hand away?"

"Hand, what hand?" Wang Fan Leng for a moment, subconsciously grabbed two, and then just like a rabbit jumped to one side, "Oh, sorry, too nervous, I forgot."

He said, PA, stretched out his left hand and slapped it on his right hand, "you said, why are you so disobedient? Can you catch sister Xue's chest? I want to kill you. "

With that, PA, his right hand slapped hard on his left hand again, "and you, it's not a thing. You should catch Xuejie's ass, it's not honest."

Qin Xue's face is red and black. This son of a bitch is really not a thing.

However, by Wang Fan such a stir, originally nervous mood, can't help feeling relaxed a lot.

Feeling the strange feeling from the two sensitive parts, Qin Xue was angry and blushed, but not angry.

"Wang Fan, we'll settle our accounts slowly. Now I have something to do. I'll leave first. Be careful yourself." After returning to God, she quickly said a word to Wang Fan and left here.

Hanzhong three tigers appear in the night beauty bar, Li Wuji also secretly possession of guns, intend to shoot her this criminal police captain, she must immediately mobilize the police force to encircle and suppress these people, in order to avoid future trouble.

"Hoo hoo, I've finally left. This ten million belongs to me." Wang Fan looked at Qin Xue's back, relieved, took out ten million checks to have a look, full of joy.

He did not leave immediately, but also took out his mobile phone, "black sister, find a group of smart people to protect Qin Xue secretly, stare at Li Wuji, and wash off the monitoring of the night beauty by the way."

with that, he went straight back to the villa and fell asleep. Originally, Wang Fan was going to take Qin Xue out and go back by himself, but Qin Xue's performance made him give up his mind.

In this case, if he goes to kill Li Wuji, he is bound to meet with the police. And if Li Wuji is killed, Qin Xue will also suspect him.

Wang Fan didn't want to expose his strength, and he didn't want to be suspected by Qin Xue, so he finally gave up.

In less than an hour, Qin Xue has mobilized a large number of police forces, straight to the night beauty, and even sent out special police.

But their action is a step late, night beauty has already gone empty, even half a person's shadow is gone.

Qin Xue stamped her feet, but she had no choice but to order her pursuit.

At eight o'clock the next morning, Wang Fan woke up from his sleep. He had planned to go to work in Yindi.

After all, he is the security minister of Yindi, and he also wants to meet the vice minister Zhong Daliang. Just a call from a Biao made him change his schedule.

"Brother fan, there's a big order again. It's just a little tricky. I don't know if I want to take it. Take a look." Abio said quickly on the phone.

Wang Fan said a good, no nonsense, quickly dressed and washed, and then rushed to the security company.

He was thinking about what big order made a Biao so excited. He also felt that it was a little tricky and he couldn't make up his mind.

An hour later, Wang Fanti walked into the security company with a bag of steamed buns with soy milk and fried dough sticks.

"Hello, Mr. Wang."

The voice of front desk girl Tiantian almost made Wang Fan fall.

"Little sister, I'm not Wang Dong. Don't yell." Wang Fan looked at the sweet looking little sister. There was a soft flash in his eyes. He seemed to see the shadow of Ye Xiaowu.

Are so young, so full of vitality, smiles are so sweet.

"I don't know." The little sister at the front desk immediately lowered her head when she heard what Wang Fan said. She didn't know how to deal with it.

Yesterday, Mr. Xu explained that Wang Fan was the chairman of the company. She said hello so respectfully. But I don't know why, Wang Fan didn't admit it.

"Well, you can call it whatever you want. Come on, have a bun to calm you down." Wang Fan looked at the little sister at the front desk and said nothing more. He went to the front desk to put down two steamed buns and entered the elevator.

The little sister at the front desk looks at Wang Fan's back and stares at the two steamed buns. She doesn't know what to say.

She didn't expect that the chairman would be so young and still have no airs.

"Mr. Wang, you are here. Mr. Chu has introduced a business to us. We are not sure. Come and have a look."

Xu Ruyun see Wang Fan, the same wind to meet up, can't help but drag Wang Fan into the president's office.

Wang Dong? President Chu?

Wang Fan listens to this address, suddenly some big head.

**Chapter 412**

Xu Ruyun has a bright smile on her pretty face. Maybe it's because of her excitement that she takes Wang Fan's arm in her slender lotus arm and sticks her whole body up.

Wang Fan felt the tenderness of Xu Ruyun's delicate body, and then smelled the fragrance of her body. He couldn't help feeling a little depressed.

I've been eaten tofu again.

He looked down at Xu Ruyun, and his breathing began to be short.

Inside Xu Ruyun's black coat is a low collar shirt. From Wang Fan's point of view, you can just see the steep and undulating mountains. The steepness can catch the souls of all men.

"Wang Shao."

"Van Gogh."

Several voices rang out at the same time. Wang Fan quickly took back his sight and pretended to be a gentleman.

See a Biao Chu Wei two people meet up.

"Brother fan, you finally came. I wanted to call you yesterday. I just saw that you just came back. I was afraid you were tired, so I didn't call you."

Chu Wei seems very excited and gives Wang Fan a bear hug.

Wang Fan Leng for a moment, "chuzong, Chuwei?"

"Ha ha." Chu Wei laughs, "I know you set up a security company, so come and find a position. Won't Dong Wang look down on me?"

"No way." Wang Fan said, "if you come to our company, I'll give you both hands and feet. It's just that you can't afford to call me Wang Dong. I'm afraid my temple is too small to accommodate you, the great God. "

Chu Wei heard Wang Fan's joke, beat Wang Fan a punch, talking about the business, "a rich woman paid a billion yuan, to our company to hire bodyguards."

"It's just that the rich woman is in a lot of trouble, too much involved and too dangerous. I don't know whether to take it or not."

"If she didn't offer a huge price of one billion yuan, I would refuse without frowning, but now, I can't make up my mind."

"Take it. I'm afraid it will bring trouble to our company. If you don't take it, the price of one billion is so high that you can't let it go. "

Chuwei said directly, "if this list can be followed up and successfully completed, our company will be a big hit and business will continue in the future."

"Of course, if we fail, we will not only face the risk of bankruptcy, but also life-threatening."

If Wang Fan didn't show his strength and make a big stir in the Song family, Chu Wei would absolutely refuse without hesitation.

But now, Wang Fan's strength was there. Chu Wei felt that Wang Fan could eat it, but he was afraid that it would bring danger, so he couldn't make up his mind for a moment.

"A billion?" Wang Fan's eyes brightened, "what's the source of the other party, what's the trouble, let's hear it?"

Wang Fan security has just been established and is in its infancy. It really needs to make a big order to improve its popularity.

Billion, which is already the sky high price among the sky high prices. If this list can be completed beautifully, it will be of great benefit to Wang fananbao.

"Muqianxin, the lover of Guangzhu tycoon Li Lishan, is said to be Li Lishan's favorite beauty."

Chu Wei obviously did an investigation, "just don't know why, she was Li Lishan son Li Wuji crazy chase."

"Even last night, I was almost shot in the street by the Hanzhong five tigers sent by Li Wuji. I was desperate to find Wang fananbao."

"Li Wuji, curtain thousand heart?" Wang Fan mouth hard choking for a while, the mind can not help but emerge out of the big thing last night.

It's not like that, is it?

Wang Fan still had some doubts, "why did he come to us with so many security companies in Jinzhou? One billion yuan, even in the face of Li Wuji, is enough to make other security companies take risks? "

"I don't know, but I think it's mostly the security companies who don't dare to answer. There's a lot of money, but you have to spend your life. "

Chu Wei made an analysis, "Li Wuji, as the young master of Li family, is not only a hob meat himself, but also has countless desperators working for his life."

"To take this order means to challenge Li Wuji. According to Li Wuji's temperament, he will definitely kill and vent his anger."

Chu Wei said, looking at Wang Fan, "brother fan, can we take this list. Now I'm waiting for you to make up your mind. I'm waiting for a reply. "

"Pick it up, why not." Wang Fan did not hesitate to clap, "to hand the fat, how can it fly."

"You call mu Qianxin now, and say that Wang Fan's security took the list, and made an appointment with her to finalize the details."

If it was before last night, Wang Fan would never take this list or get involved in this vortex. But now that he has offended Li Wuji, he doesn't care so much.

"OK, I'll get in touch." Chu Wei said excitedly, took out his cell phone and left the office.

Yalan club, the gathering place of Jinzhou dignitaries, is no stranger to Wang Fan.

This is the place selected by mu Qianxin. The two sides have made an appointment to meet here.

Wang Fan didn't come alone. He brought not only Chu Wei, but also a Biao, heiluocha, Liao Feng, Wei Jian and Zhang Tiezhu. It can be said that he has brought all the backbone elites of Wang fan'anbao, with the purpose of making this war a brilliant one.

A group of seven people into the Yalan club, looking at the familiar environment, Wang Fan some sigh.

Courtyard 8, this is the place agreed by muqianxin.

The seven soon came to the gate of the No. 8 courtyard. When they were planning to go in, Wang Fan was a little impatient, so they didn't go in together. Instead, they went to find a place to solve the problem.

Chu Wei didn't talk nonsense either. He took five people to enter first.

When they went in, there were a lot of people in yard 8.

In the middle of the main seat sits a black curtain thousand heart, at this time she has not last night's delicate, pretty face cold, face if frost.

There are eight bodyguards standing behind her. They are very strong and powerful.

On both sides of the lower part, there are three people sitting respectively, and behind each of them are several bodyguards.

Chuwei looked at the scene, and his face became gloomy immediately.

He recognized the people sitting below. They were all the owners of other security companies in Jinzhou City.

Obviously, muqianxin did not invite Chuwei alone, but all the security companies who received the order.

She has to personally check and decide which security company to hire.

In the small courtyard, the boss of several noisy security companies was a little upset about this move. When he saw Chu Wei bringing people in, his face became even more upset.

Huo Tianguang, the boss of Huo's security, got up directly and glared at mu Qianxin. "Miss mu, don't tell me that the last security company you asked us to wait for is their Wang fan'anbao."

"Wang Fan an Bao has just been established for two months. What qualifications do you have to compare with us? Do you hit us in the face?"

Zhang Hongxiong, the boss of Zhang's security, also denounced, "Miss mu, you just don't pay attention to us! You go out and inquire. We are all famous companies in Jinzhou City. How can we be compared with each other? "

The bosses of the other four security companies also stood up in anger:

"Miss mu, you just didn't pay attention to us, and even compared us with Wang fan'anbao!"

"That's to say, it's unreasonable to let so many of us wait for their family! Wang fan'anbao is not well-known and powerful. His airs are really big enough! "

### **Chapter 413**

Six security companies jumped out one after another to blame Wang fan'anbao and muqianxin. The crowd was excited and indignant.

Jinzhou is not a big city, and the competition in all walks of life is very fierce. The establishment of Wang Fan'an insurance company naturally caused the dissatisfaction of its peers.

It's just that because Wang Fan's security has just been established, it's too weak, and they didn't grab their list. They don't bother to go to Wang Fan's security.

Now, in the face of one billion orders, Wang fananbao not only comes out, but also makes them wait for half an hour. How can they not be angry?

This has touched their interests!

"General manager Chu, instructor a Biao, black instructor, Captain Liao, Captain Wei, Captain Zhang, you Wang fananbao are all here. The company's elite are all here."

Huo's Huo tianguangteng stood up and looked down at Chu Wei and others with sarcasm in his eyes? You, Wang fan'anbao, are also entitled to the share? "

"What do you really think of your company as a green onion? I dare to take such a big order just after I was founded, and I'm not afraid to support you? "

Zhang Hongxiong, a new company, dare to let so many of us wait. What the hell are you

Provocation!

Naked provocation!

Chu Wei's face was gloomy and his eyes were full of angry flames.

When was he so provoked? He was almost desperate to order a Biao and others to fight.

Just for the sake of this billion dollar bill and Wang Fan's reputation of security, he tried his best to bear it down.

He doesn't want mu Qianxin to think that Wang fananbao is not qualified people, and they are all local ruffians and hooligans who fight against each other in a word.

Instead of paying attention to the six bosses, he looked at mu Qianxin and said, "Miss mu, what do you mean? Play with us? "

Chuwei was a little annoyed. He was annoyed not only by the provocation of the six bosses, but also by the cunning of muqianxin.

If muqianxin doesn't play such a game, or make it clear on the phone, where will there be so many things?

"It's not interesting." The curtain thousand heart looking at Chu Wei, the voice is not slow not urgent, "everyone is the person who receives my list."

"For convenience, I invited you here. By the way, I also looked at your strength and decided which company to choose."

"After all, whether it's for my own safety or for my money, I need to think carefully."

"I don't want to lose my safety, let alone my money. It's that simple."

The curtain thousand heart single knife straight into, directly say the voice of the heart.

The law of the jungle is the law of survival, and her billion is not so easy to earn.

"What do you want? Let's have a competition? How to compare, row down the road

Huo Tianguang looked at the curtain and said, then turned to Chuwei, "but I want to make it clear in advance, the competition can, abio black Rocha can't move."

"They are instructors. Our people are ordinary elites. They are unfair to us."

"If they have to fight, I'll call our experts to come here immediately. It's only fair that soldiers fight soldiers and generals fight generals."

Huo Tianguang obviously did an investigation on Wang fananbao, and knew clearly the identity of Abiao heiluocha.

"Yes, that's right." The other five also said one after another.

Chuwei was about to explode when he heard this.

He brought a Biao black Rocha to come here, this is to show the strength, this does not let the hand, what is the significance of their coming?

What's more, they are given a list to protect muqianxin. What they compare is their Kung Fu, which has something to do with soldiers and generals?

He really wanted to point to the nose of six people and say, you call all the experts quickly, don't make ink.

Can think of the curtain thousand heart present, he finally did not say.

The curtain thousand heart smell speech a smile, "give you half an hour, find the most powerful person under your banner."

"I'm an expert and a bodyguard to protect my life. No matter I'm a soldier or a general, I'll use whoever is powerful."

At this point, her voice rose and became cold. "I spent a billion days, but you brought a group of garbage. Who do you look down on? Is my billion so worthless? "

"Yes, your billion is not so valuable!" Huo Tianguang immediately said, "don't think I don't know. What

you offended is Li Wuji. Even last night, you were chased by Hanzhong five tigers under Li Wuji."

"If we protect you, our lives will be in danger. To put it bluntly, we will gamble our lives again! If you don't do it well, you will be under the crazy pressure of Li Wuji! "

"One billion, we can only play them. If we want to play the trump card, at least six billion, otherwise we can't talk about it!"

Huo Tianguang grinned and showed his sharp tusks. "Jinzhong security company, there are 50 companies without 100 companies, but only seven of us dare to be involved. Isn't that enough to prove all this?" "Moreover, among the seven companies, there is Wang fananbao who makes up for the number. If you use their company, you can't guarantee your life even if your money is 100% wasted."

"Except Wang fan'anbao, there are only six companies left. How can we work for you if you don't give us the funds that make us excited?"

"Six billion, one billion for each family. How about playing trump card to protect you? It's a good business, isn't it?"

Huo Tianguang hit a beautiful account, not only the Wang Fan security get rid of out, but also the other five pulled in.

In this way, the five security companies will not be offended. On the other hand, in the face of Li Wuji's crackdown, the pressure can also be relieved. The abacus is good.

"I support Mr. FOK's opinion that if we have six billion yuan, each family will have one billion yuan. If we lose one point, we will not talk about it!"

"Our six families work together to protect you. Your money won't be wasted and your safety will be more guaranteed. It's very cost-effective."

"If you don't agree, none of the six of us will take over this business any more, so that you will have money and no one to protect you. Every minute, you will be hit by Li Wuji."

The other five bosses responded one after another. Their tone of voice was obviously threatening, and they began to force the palace.

Their six families were tied to a battle line in an instant, which forced muqianxin to a dead corner.

If muqianxin refuses, there will be only one company left. They believe muqianxin will not be so stupid.

If muqianxin agrees, they can share the pressure and kill two birds with one stone.

The curtain thousand heart spirit jump feet, this group of bastards is the lion big mouth!

Her original intention is to gather these people together and choose the strongest company, but now, she is forced into a corner by these people.

Six billion, it's really a big tone!

Wang fanan insurance company, mu Qianxin just casually contact, in fact, she is not optimistic.

How powerful can an emerging security company be and how to face the crackdown of Li Wuji?

Just Chu Wei came to the phone, she refused, called together, but did not expect to become such a situation.

She wants to refuse very much, but once she refuses, her life will not be guaranteed.

If she agrees, six billion yuan, she will feel a little heartache.

For a moment, muqianxin was in a dilemma.

#### **Chapter 414**

Chu Wei and others looked at the scene with gloomy faces, and no one spoke.

He had been excited to come to take orders, but he didn't expect to be beaten in the face, which led to his dissatisfaction with muqianxin directly.

He wants to see how muqianxin chooses.

If Mu Qianxin really chooses Huo Tianguang and others, he will leave immediately without hesitation.

After the previous scene, he had no initial excitement about the billion.

"What's the matter? I'll give you three minutes. If you don't agree, we'll leave immediately. Then you'll take your billion to Wang fananbao, a waste company, and wait for the money to go away. "

Huo Tianguang made eye contact with the other five people and stood up directly, aggressive.

He has investigated muqianxin and found that its assets are at least 30 billion yuan, and it is possible to pour out 6 billion yuan. Although it is a bit troublesome, it is still possible.

He's not afraid to say no.

The curtain thousand heart is forced to the corner, the facial expression changes again and again.

She thought of Li Wuji's madness, thought of last night's adventure, and finally gritted her teeth and

nodded, "I promise."

"Ha ha, I hope we can cooperate happily." Huo Tianguang listened to this and immediately laughed wildly.

The other five security bosses also showed a happy smile.

Chu Wei didn't talk nonsense. He waved his hand and turned away.

Mu Qianxin has chosen Huo Tianguang and other six companies. It is meaningless for him to stay here.

Just think of the previous face and screen thousand heart calculation, his heart more or less a little uncomfortable, thinking about later to find a chance to get back justice.

Boom!

With a loud noise, the door of the small courtyard was kicked open, and then several men with sullen and domineering faces burst in.

The first two are full of flesh and blood.

Hanzhong erhu!

"Why? What about the meeting? What about the plot? What about bodyguards? " The two tigers in Hanzhong are aggressive and bring people to break in.

Chu Wei and others looked at the scene and quickly stepped aside to avoid being affected.

And Chuwei also began to clarify, "this matter has nothing to do with us, we just come to make soy sauce."

"Miss Mu has reached an agreement with boss Huo and others. Their company will protect Miss mu."

Chu Wei mercilessly stabbed a knife, but also quickly with people to the corner, make way for the road.

Listen to this, Huo Tianguang and others almost blow up.

Damn, it's just a waste of security. Stabbing them in the head is like looking for death.

The curtain thousand heart facial expression pour isn't how big change, just nerves tight, and retreated to the bodyguard behind.

The one who should come will come sooner or later. She just didn't expect to face it so soon.

"Oh? Is that right? " Two tiger eyebrows pick, three steps two steps will step to Huo Tianguang and others, "is that you want to protect this bitch?"

"What is it? Dare to fight against me? Come on, I want to see which son of a bitch is impatient and dare to challenge me

Two tigers arrogant and domineering say, stretch out palm to face toward Huo Tianguang to clap past.

"Damn it, you dare to fight against us and die!"

"What's the matter? If the tiger doesn't get angry, the monkey will dare to be king? You son of a bitch

Four tigers and others are also domineering, reaching out to the other five boss's face.

Huo Tianguang and others didn't react, so their faces were shot, crackling and stinging.

This is a real face slap in the fuckin 'sense!

The bodyguard behind him was even more indignant.

"How can we talk to our boss? Give me more respect, or don't blame me for being impolite!"

"You're welcome?" Two tiger thick eyebrows a pick, take out a gun is to pounce.

Boom!

The bullet was shot hard and hit the head of the shouting guy. His head exploded like a watermelon, and the red and white objects sputtered out. The people around him were all covered, shocking.

In an instant, the whole audience was silent and in an uproar.

No one thought that erhu would be so arrogant and domineering and dare to shoot and kill in public.

Those who originally wanted to follow the clamour looked at this scene, the cold sweat suddenly flowed down, and the words in their throat choked back, and they did not dare to say a word more.

They just feel the soles of their feet cool and sweat.

"Respect? What is respect? I don't respect you. What can I do with you? If you dare to beep with me, you should go to hell. "

Erhu killed the screamer with one shot, looked at the pale Huo Tianguang again, and stabbed him in the head with the muzzle of the gun,

"why, you want to protect that bitch and fight against me? Where the hell are you from? "

The muzzle of the smoking gun pokes on Huo Tian's bald head, which is burning. Although his heart is trembling, he doesn't want to admit it.

"I know you, two of the five tigers in Hanzhong. This is the Yalan club, a gathering place of Golden State dignitaries. "Huo Tianguang said slowly, "you fired before, you must have alerted others. If I were you, I would run away immediately and not be here to continue my arrogance. "

"You can also kill me, but if you think clearly, kill me, and my people will go all out. Even if they can't beat you, they will delay your escape time. "

"When you're surrounded by the police, you can't leave."

I have to say that this guy is also a character, so calm in the face of the gun.

It's a billion yuan to seek wealth insurance. It's also necessary to take risks.

The other five bosses, who were about to be scared, all gritted their teeth and made a sound.

"That is, you must think clearly, don't force us to go all out."

"We are all dignified people in Jinzhou. If you kill us, you will have no shelter and cause trouble for Li Wuji."

"If you are wise, you should leave quickly. We will treat it as if it didn't happen. Otherwise, even if you are desperate, we will keep you until the police arrive."

Up to now, only by holding them together can they survive. Otherwise, they will be killed one by one.

One billion. They don't want to give up so easily.

Now in the face of the two tigers in Hanzhong, they admit to counseling. Do they still earn one billion yuan? What are we going to talk about in the future? How to face Li Wuji?

What's more, if it gets out, the name of their security company will stink. Who dares to find them?

Whether it's the current situation or the long-term interests, it's decided that they can't admit it at the moment.

Only tough!

"Threat? How dare you threaten me? What are you Two tiger thick eyebrows a pick, instant rage, a slap on the head of Huo Tianguang.

"When I'm dying, I'm stuck at the muzzle of a gun, and I dare to shout. I'm so kind. Do you believe I'll shoot you?"

"Still desperate? What the hell are you fighting for? "

The rest of them were also furious, kicking the five bosses down again and again, with guns pointing at their heads.

If they do it before, they may think about it.

But after what happened last night, their hearts had already been choked. How could they manage so much?

They just want to take a bad breath!

#### **Chapter 415**

No one thought that the two tigers in Hanzhong and others would be so domineering. They did not care about the consequences.

Looking at this scene, although most of the bodyguards behind Huo Tianguang and others were scared, there were still several diehards who resisted.

"If you dare to touch our boss, you will die!"

"Let's get together and do them!"

The diehards yelled, quickly drew out their weapons and rushed to Erhu and others.

Their speed is extremely fast, the hand is also extremely fierce, strives for one hit to be sure to hit.

After all, the two tigers in Hanzhong have guns in their hands. If they don't hit, they will die.

"Fuck us? Who the hell are you doing? " Erhu is the fastest. He dodges the bayonet of Diezhong, and his backhand is a shot.

Boom!

There was an explosion, and the bullet hit Diezhong's chest, releasing a blood mist. His forward body stopped immediately. Under the violence, he fell on his back and choked a few times. There was no movement.

"Get them! Except for the six immortals, all the others will be killed and none will be left! "

Erhu screamed wildly, raising his gun and pulling the trigger.

At the same time, the four tigers and others, who had guns, also shot one after another, while those who had no guns joined the regiment with bayonets.

It's bloody.

Those bodyguards who didn't respond well had been hit before they could dodge. Blood was blooming on their bodies, they screamed and fell to the ground, and their life was lost.

In a flash, several people were killed and injured.

"Damn, a group of rubbish dare to shout with me. When I came out, you were still eating mud."

Erhu roared wildly. He put his gun to his waist and rushed to the crowd with his iron fist.

It's fierce and fierce.

Those bodyguards are in his hands, they can't last several rounds at all.

A few punches down, you can kill one person.

Blood splattered and screamed.

Before long, more than five bodyguards were folded in the hands of Erhu.

Compared with Erhu, Siyu is not weak at all. He grins grimly, breaks a bodyguard's neck and kicks him out.

The bodyguard's mouth gushed blood and fell to the ground, just like a dead dog who had been skinned and scratched. He fell to the ground and could not die any more.

A bodyguard came up from behind, holding a sharp knife in his hand and stabbing it hard, trying to kill four tigers.

But four tigers just like behind long eyes, head didn't turn back, fist whirled out, in the bodyguard's knife hasn't stabbed, hit his heart.

Come on!

Blood fog gushed, bodyguards were blown up, people in the air, eyes have been gray, vitality disappeared.

A cruel mess.

At the same time, the rest of the place also became a regiment, the scene is very tragic.

Although those bodyguards have good skills, they are still worse than those outlaws who lick blood on the blade tip.

Before long, all the bodyguards had been killed. Most of them met the king of hell directly. Only a few of them were still choking, but they had more air in and less air out.

In just five minutes, at the cost of two deaths and three injuries, the two tigers in Hanzhong had already wiped out all the bodyguards of six security companies.

In addition to Huo Tianguang's six bosses, mu Qianxin, her bodyguards and Chu Wei, there were no more people standing.

"With this strength, you want to fight against me and protect this bitch? Where do you come from? "

Erhu wiped away the blood from the corners of his mouth, kicked Huo Tianguang with one foot, disdained, "give him a damn one billion yuan, just you trash, 100 yuan is not worth it."

He severely humiliated Huo Tianguang and let out the evil spirit he suffered last night.

Huo Tianguang did not dare to shout any more, and his face turned pale.

One billion is not so easy to earn. I knew I was facing a madman like Hanzhong erhu. They would not take the order even if they were killed.

Without experience, they can't understand their feelings at this time.

The two tigers in Hanzhong are so difficult to deal with. Isn't Li Wuji more terrible? I really should have said that if you have life to take it, you have no life to spend it.

"Tie up these six dogs for me. They are the capital for us to negotiate with the police. We can't miss anything."

Erhu waved to his subordinates and said, then looked at muqianxin, "bitch, this time, I want to see where you are going to escape!"

"It's really a big deal to find a bodyguard for one billion yuan. Is it too much fun to find such a group of waste with a billion yuan

Erhu was full of sarcasm and disdain.

After he yelled at muqianxin, he looked directly at the bodyguards around muqianxin, "I'll give you a

chance to get down on your knees, or you'll be shot in the head!"

The bodyguards listened to this, and their faces turned pale instantly. They looked at the dead guys who fell on the ground, and then at muqianxin.

Twinkle in the eyes of a touch of guilt, directly ran to the front kneel down, blink of an eye, curtain thousand heart side has no one left. The curtain thousand heart looking at this scene, the facial expression is also ugliness.

What is the end of the road? That's what it is!

She did not expect, Huo Tianguang six people unexpectedly so unbearable, even Hanzhong two tigers are unable to stop.

The funny thing is that she expected them to fight against Li Wuji. Now it's just a joke.

In her despair, Wang Fan's figure flickered in her mind.

Yesterday, she was chased by five tigers in Hanzhong. It was because of Wang fan that she was able to recover her life.

Now how much she hopes Wang Fan to appear again, but she knows it's just a dream.

She doesn't know Wang Fan. How can Wang Fan appear?

"Bitch! Come here, kneel down and kowtow three times for me, and then walk with me. I'll spare your life, or I'll shoot you now! "

Erhu suddenly takes out his gun and points to muqianxin, making a vicious sound.

In order to kill muqianxin, he killed and injured so many brothers, and even killed three tigers and five tigers. It's too cheap to kill muqianxin with one shot.

He plans to torture and humiliate the curtain, and then give it to Li Wuji, so as to win Li Wuji's favor and trust again.

"Keke, Miss mu, six billion, how about I help you deal with them?" A sudden voice came, and Wang Fan pushed the door in.

"Who?"

"Dare to stir up our affairs and seek death!"

"Damn, another one is not afraid of death. It seems that I'm not tough enough!"

Hanzhong two tigers and others listen to this, face have changed greatly, toward the door to see.

Erhu turned his gun to Wang Fan.

"Brother, it's not good to shoot. I told you last night that we are civilized people. What can't we sit down and talk about?"

Wang Fan came out with a helpless voice. His body suddenly flashed. In the blink of an eye, he had already flashed to Erhu like a ghost.

Raise hand to grab wrist to turn over, wait for two tiger to return to God, muzzle already pointed to on his head.

His finger was on the trigger and he didn't dare to pull it again.

"It's you?" At the same time, four tigers and others, also have a clear look at Wang Fan, face suddenly changed.

Wang Fan ignored them, still smiling at the screen thousand heart, "six billion, this is the price you give them six security companies."

"If you nod your head and promise to give me six billion yuan, we Wang fan'anbao will take your list."

Screen thousand heart looking at Wang Fan, instantly become excited.

It's him, it's him again!

"I promise." Without hesitation, she nodded and asked, "who are you, please?"

"Wang Fan, chairman of Anbao company, Wang Fan."

Wang Fan's voice came out, and everyone's face remained unchanged.

Huo Tianguang, who fell to the ground like a dead dog, was even more miserable and had mixed tastes.

It's a slap in the face!

## **Chapter 416**

"Son of a bitch, it's you!"

"Let go of my brother Erhu, or I will shoot!"

For a short time, the desperado brought by the two tigers in Hanzhong roared wildly.

The fierce four tigers turned the muzzle of the gun directly, pointed at muqianxin, and said, "let go of my second brother, or I will shoot her!"

The rest of the shooters were not willing to be outdone. They suddenly put their guns on the heads of the nearest six bosses and said, "let people go, or I will send them to hell!"

The atmosphere at the scene became tense in vain.

Looking at those poor and ferocious outlaws, especially feeling the muzzle of the gun on their heads, all the six bosses turned pale and sweated.

They all believe that as long as Wang fan does not release people, these outlaws will not hesitate to shoot.

Mu Qian Xin's face became ugly. She couldn't figure out how Wang Fan could break the situation.

"Shoot her? Who are you going to kill? " Wang Fan looked at this scene, not only did not fear, but violently jumped up, "damn threatening Laozi, looking for death!"

While roaring, he grabbed erhu's right hand and threw it out.

Come on, come on!

The piercing sound of gunfire came out, and the bullet out of the chamber was just like a rocket, which blasted those Gunners' wrists.

Accompanied by bursts of brilliant blood mist, they all covered their wrists and screamed, their guns fell to the ground, dripping with blood.

Come on!

It's so fast!

Those fast shooters didn't come back!

"To cut off one's fortune is like killing one's parents. Do you have a problem with Laozi when you meddle with Laozi's six billion dollar bill? Is that right? "

Wang Fan glared and roared, and stabbed erhu's head with the muzzle of a gun. Erhu was about to cry.

Nima, even if his head hurts, his wrist is about to be broken.

The desperado became dull one by one, with anger, reluctance and fear.

They are angry at Wang Fan's attack, which is bad for them, but they are afraid of Wang Fan's terrible shooting.

It's just terrible.

Wang Fan continued, "if I remember correctly, are you still wanted? I say you're really brave enough to commit a murder. You don't want to be a man, hide in a corner and pretend to be a grandson, and dare to come out and jump. Do you want to die? "

Listening to this, erhu immediately came back to himself, "don't worry about me, do it, kill these bastards, kill that bitch!"

"There's gunfire here, and the security police will come soon. They're all dead. It's better to pull a few more cushions and kill a bloody road!"

"Do it!"

Two tigers roared eagerly.

They are a group of people who can't be seen. Once they are caught, they will die.

He could not care that he was taken by Wang Fan.

"Kill

"Kill them!"

When the desperado heard the order of erhu, he was stunned, and his expression became fierce.

As soon as they gritted their teeth, they rushed to the past.

"There's personality." Wang Fan picked pick eyebrow, slap two tiger, then lightning rushed to the curtain thousand heart.

Wang Fan didn't pay any attention to the five fugitives who rushed over.

When they hit each other's shoulders, accompanied by a harsh voice, the two fugitives flew out with blood, and their eyes turned gray.

Wang Fan kept on walking, bent out his arms, bent the heads of the two young people, and twisted them down.

The two young men had fallen to the ground without even making a terrible cry and turned into dead

dogs.

Finally, the young man who rushed up was even worse. Wang Fan grinned at him, raised his right knee and pushed it up.

Bang.

Click.

There was a loud noise mixed with the sound of bone fracture. The young man's face turned pale as if he had been cut off his neck.

Body in the mid air, both hands have covered the crotch, mouth open, but how can't cry out.

Fierce!

Fury!

Speed!

Just one face to face, all the six fugitives broke their hands. The dead, the wounded and the wounded had no fighting power.

Wang Fan's hand speed is extremely fast, a few seconds to put over six people, he appeared in front of Muqian heart, three outlaws just rushed to Muqian heart side.

They grin grimly, three people three knives, mercilessly greet to the screen thousand heart key, pity jade at this time is bullshit, ruthless a mess.

They also saw the scene of Wang Fan's repelling six companions, but their actions couldn't keep up with their consciousness.

The sword has been cut to muqianxin. If you want to stop or cut Wang Fan, you can't do it at all.

Looking at the bayonet whistling two times, the curtain thousand heart panic retreat, but can't avoid at all.

Just as she was about to despair and close her eyes to die, she suddenly felt that her waist was being held, and then the whole person moved out. Bang bang.

At the same time, three low voices, accompanied by three shrill screams.

When she opened her eyes, she had already seen the three fugitives flying up like flying people in the air, opening their mouths and screaming, and their mouths were still gurgling and spraying blood mist

out.

"Are you ok? Are you not hurt? You can't be OK." Wang Fan's eyes are full of concern.

The curtain thousand heart is so staring at by Wang Fan, suddenly feel body some dry hot, as if oneself stripped to Wang Fan to see general, some can't stand.

However, she was moved. She didn't expect that the guy who met for the second time would care about her.

At this time, Wang Fan has said again, "you are my big customer, parents of food and clothing. One of your hair is more valuable than them. You can't do anything."

"By the way, if it hurts you, if it scares you, if it feels uncomfortable or painful, I'll rub it for you."

The curtain thousand heart almost didn't a mouthful of old blood gush out.

I thought Wang Fan was worried about her, but I didn't expect that he was thinking about her 6 billion yuan and eating her tofu.

"Thank you. I'm fine." The curtain thousand heart not too comfortable said a, then looked to the battlefield.

She really doesn't want to talk to Wang Fan.

At the moment of Wang Fan's hand, a Biao and others of heiluocha also joined the battle group.

The name of heiluocha is just like a Luocha. Her slender hands are sharp weapons. Wherever she passes, the fugitives scream and fall to the ground one after another, bleeding.

A Biao is also a tough one step muddle headed, fist dance Huo Huo Sheng Feng, fist up and fist down, every shot, there is a person was thrown away, lucky broken bone, bad luck directly killed.

He overturned several people and went straight to the four tigers.

Four Tigers had already injured their wrists, and their combat effectiveness declined. In the face of a Biao's crazy attack, they couldn't resist at all.

Just a few rounds, has been a Biao Bang back and forth, ribs are broken several.

The defeat is settled.

Although Liao Feng, Wei Jian and Zhang Tiezhu are not as fierce as Abiao heiluocha, they also show extraordinary strength.

In the face of those fierce desperado, they not only did not fall into the disadvantage, did not fear, but also had the courage to fight. This courage is really commendable.

Obviously, during this period, they have grown a lot and their strength has improved a lot.

Three people hold into a group, although the whole body has been red with blood, but also put down seven or eight outlaws, is very tragic.

Wang Fan stood by muqianxin's side quietly. He didn't join the regiment any more. He just let a Biao fight.

The first is to show the strength of wangfan Anbao company, and the second is to temper Zhang Tiezhu and others. Without the baptism of blood, they will always be just the flowers in the greenhouse.

### **Chapter 417**

About ten minutes later, the battle was over, and all the people of the two tigers in Hanzhong fell into a pool of blood.

The blood almost dyed the whole yard red.

Dada dada.

The battle almost just ended, a neat line of footsteps sounded, a large number of special police rushed in.

Qin Xue, wearing a police uniform, walked in the front, valiant and full of momentum.

However, when they saw the scene in front of them, they were completely shocked.

The blood is full of blood, the limbs are broken, and the blood under the feet is also sticky and creepy.

The special police all took a cold air, the muzzle of the gun pointed directly at Wang Fan and others, with solemn expression.

Wang Fan looked at the scene, his face was calm and he said, "I'm wang fan, chairman of wangfan Anbao company. They are the most wanted two tigers in Hanzhong."

In the first sentence, Wang Fan called the identities of the two sides, so that the police would not shoot on impulse. Then he continued, "we were talking business with Miss mu, and these outlaws suddenly broke in. And that's what happened

Wang Fan's voice is very calm, rare no cynicism. Even in the face of many muzzles, he did not panic at all.

In front of muqianxin, Wang Fan must show their company's strong strength and determination, and let muqianxin cooperate with them steadfastly.

Two hours later, Wang Fan came out of the police station.

He is the victim, and also helped the police to win the extremely poor and vicious Hanzhong erhu, so the police will not embarrass him.

"You are really capable. You dare to take charge of the affairs of the screen. Are you impatient?"

On the police car, Qin Xue looks at Wang Fan, some hate iron but not steel.

The towering upper wall is also accompanied by emotional excitement up and down, jumping out of the soul stirring arc.

"Don't you know who Li Wuji is? Didn't you see him last night? Do you want to die if you offend Li Wuji so blatantly? "

Qin Xue looks very angry, "Li's empire has 100 billion assets, it is said that Li Lishan is a super drug lord."

"The desperado under him is just like the Qing who crossed the river. Li Wuji is more prepared this time. If you do this, you won't be afraid that he will give you a secret gun?"

Qin Xue is really worried about Wang Fan.

If Wang Fan's offence last night only made Li Wuji angry, now that Wang fan is involved in the whirlpool and interferes in the event of muqianxin, he is against the whole Li family, which will cause Li Wuji's madness.

Li Wuji just released a Hanzhong five tigers, and he made a mess in Jinzhou, setting off such a big aftereffect.

God knows how terrible it would be if Li Wuji went crazy.

Wang Fan looks at Qin Xue that excited appearance, in the heart delimits a warm current, "snow elder sister, you need not worry, I have the plan."

"I've offended Li Wuji last night. Even if I don't do this business, he won't let me go. In that case, why don't I do it? "

"Six billion is worth my risk. What's more, as you know, my company has just been set up. It has no money. Now it is in urgent need of funds. "

"It's worthwhile to offend a person who has already offended for the sake of six billion yuan."

"What's more, Jinzhou is our territory. If you cover me with snow elder sister, how big waves can Li Wuji make?"

At last, Wang Fan has grasped Qin Xue's hand and started to flatter openly.

Qin Xue wants to kick Wang Fan to death.

She took a few hard strokes, but she didn't take them out, so she let Wang Fan hold them.

She also knows that there is some truth in what Wang Fan said, but she still doesn't want Wang Fan involved.

"Sister Xue, don't be angry. I'm sure it's OK. For such a long time, when did you see me suffer? "

Wang Fan strike while the iron is hot, "what high reputation, black lord, northwest wolf king, Dong pengde, these offend me not all broken?"

"I can even handle these local tigers. Li Wuji is a river crossing worm. What's the matter with him?"

"Well, you must be very busy, sister Xue. I won't disturb your work. I'll treat you to dinner when I have time. Bye

Wang Fan finished in one breath and got out of the car quickly.

An hour later, Wang Fan returned to the security company.

In a specially decorated VIP room, Xu Ruyun and mu Qianxin are sitting opposite each other, talking about the details of cooperation.

After the previous incident and the appearance of Wang Fan, muqianxin signed the agreement without hesitation and paid 10% of the money first.

The remaining 90 percent will not be paid until there is no threat at all, or Li's downfall.

Although it's a bit small to pay 10% first, I can imagine that the original one billion bill has become the current six billion.

Think of such a huge amount is not so easy to make up, Xu Ruyun also did not delay, happily signed.

When Wang Fan came in, they had already signed the contract and shook hands happily."Mr. Wang Fan, I'm going back to the hotel to pick up my things and go to the residence arranged by your company for me. Please come with me."

The curtain thousand heart see Wang Fan come in, the facial expression becomes particularly serious, one board one eye.

"That's OK. Let's go." Wang fan made so much money, naturally embarrassed to refuse, directly followed the curtain thousand heart left.

Haiwei Hotel, two people soon came to muqianxin's room.

When Wang Fan went in, he was shocked.

Women's clothing is flying around.

Wang Fan took a look at those things, and then he couldn't help looking at the curtain.

He was thinking, if muqianxin put on those things, what would be the scene?

Think of all some dry mouth, dare not think about it.

Wang Fan did not expect that the curtain thousand heart this big creature looks so foxy, even if the dress is also so bold and bold.

"What are you looking at? I haven't seen underwear." The curtain thousand heart also discovered those things, complexion a red, hurriedly past to clean up.

Although she looks foxy, just like the fox spirit, but these close fitting clothes were seen by a big man, still a little embarrassed.

"Well, I haven't seen it. It's so fashionable." Wang Fan Baji mouth said, in the heart is to think that inside can wrap ass.

The curtain thousand heart originally run of urgent, hear this words, is a stagger almost fall. Fortunately, she didn't slow down and held the edge of the bed.

But even so, she bared her teeth in pain, covered her left shoulder with her right hand, and twisted her pretty face.

Obviously, it affected the wound.

"What's the matter with you? Are you ok?" Seeing this, Wang Fan couldn't think about it any more and rushed to the past.

He frowned. "Has your injury not been dealt with yet? Let me show you. "

Said, he put the curtain thousand heart help sitting on the bed, involuntarily, directly put the loose clothes lift open.

The snow-white jade neck, the pink fragrant shoulder and even the gully all appeared in front of Wang Fan's eyes.

The curtain thousand heart is not shy, can't help but ask a way, "do you know the skill of medicine?"

### **Chapter 418**

"Of course." Wang Fan listened to this, quickly took back his sight, but also a proud face, "I'm Jinzhou little miracle doctor, even the first people's hospital president want to dig me at a high price."

"Is it?" Mu Qianxin obviously doesn't believe it. She feels that Wang Fan wants to eat her tofu.

Although she does not deny Wang Fan's strength, she was deeply impressed by Wang Fan's shamelessness yesterday, and it is entirely possible to eat her tofu.

"I don't want you to see it. I think we should finish packing and take me to the hospital."

The curtain thousand heart says, then plan to lift up clothes to pack up thing, but it is press down by Wang Fan.

"Don't move." He said seriously, looking at the gunshot wound.

"Tut Tut, the five tigers in Hanzhong are really cruel. Even you are such a charming beauty. It's really not a thing."

Wang Fan said, his right hand on the shoulder, a bullet flew out, at the same time lifted out a large cluster of blood.

"Ah." The curtain thousand heart can't help but open mouth pain to cry, but is by Wang fan cover, "don't cry, you so call, others still think I put you how."

"You can't discredit me!" Wang Fan said solemnly, took out a pill, kneaded it into powder and sprinkled it on the wound. Then he tore the sheet into strips and began to bandage it.

When bandaging, his eyes are always intentionally or unintentionally left under the collar of the big beauty, almost unable to hold.

It's really fascinating.

Half an hour later, they walked out of Haiwei hotel. The beauty kept her head down, her face was red, and she was limping. People who didn't know what had happened to Wang Fan thought.

Looking at the strange eyes of the people around him, Wang Fan said in his heart that he was wronged.

God, he didn't do anything to Muqianxin. Muqianxin fell down carelessly.

Whoa.

As soon as they got out of the hotel, they were about to get on the bus when a business car stopped three meters away suddenly started and ran into them like a mad cow.

The roaring sound, the violent speed, scared Wang fan out of a cold sweat, people around can not help but scream.

At the critical moment, Wang Fan picked up the curtain, and without hesitation, flashed away to the side.

Speed is like lightning.

Boom!

As soon as they got out of the way, the furious business car had hit the car on the side, and the car was directly jacked up, flying debris.

Wang Fan whispered that it was dangerous and that Li Wuji's revenge was coming fast.

Looking at the damaged car, he felt a pain in his heart, immediately relaxed his heart, and stormed past.

What's more, I almost killed him in the daytime and damaged his car. If I don't pay a million, I can't go.

"Damn, how can you walk? You don't have eyes. Do you want to die?"

Wang Fan hasn't had time to start a fight. On the business bus, three aggressive youths suddenly jumped down, pointed to Wang Fan's nose and began to shout.

"Son of a bitch, I crashed the car, and I was so scared that I broke out in a cold sweat. I lost money, you lose money! If you don't lose money, you dogs and men can't go away! "

The youth is domineering, but the villain comes first.

Wang Fan looked at the young man's aggressive look, momentum can not help a soft, can not help but ask, "how much compensation?"

"A million! You're not going to leave without a million dollars! " Young people are very overbearing said.

In his speech, a humble cleaner, quietly toward the screen thousands of heart by the past.

"But I don't have that much money." Wang Fan tone more weak, "besides, you almost hit me, but also crashed my car, to say loss, you also compensate me?"

"You business cars, if you are too strong, you will be able to buy ten with a million."

Hearing this, the young man immediately became angry, "what the hell are you talking about? Tell me again? "

"Now I think one million is too little. You have to pay me at least two million! Give the money immediately, or I will stab you? "

With that, the young man suddenly took out his knife and stabbed Wang Fan.

At the same time, the other two young people were not idle, and at the same time, they rushed to Wang Fan.

The cleaner near muqianxin bowed his legs together, and the whole person rushed up to muqianxin like a cheetah.

The speed and the tacit cooperation are amazing.

Obviously, there was a premeditation.

As soon as Wang fan saw these guys' moves, he knew that they were not soy sauce characters, and their skills were extremely terrible.

He was so scared that he screamed, and the whole person retreated in horror.

The cleaner, who rushed to muqianxin crazily, had been hit by the unscrupulous Wang Fan before his bayonet was cut down, and the whole person was thrown out.

"Brother, what are you going to do? Kill Wang Fan screamed in horror, pulled the curtain and ran away. When running on the road, he deliberately stepped on the cleaner's feet. The cleaner, who wanted to get up, snorted bitterly and fell down again with a face full of reluctance. He wanted to cry without tears.

"Son of a bitch!" Three young people didn't expect Wang Fan to hold hands like this. They could not escape their attack in an instant, and they also disrupted the rhythm of the cleaners.

They are considering whether to chase, Wang Fan has roared, "kill, set fire, hurry to the police!"

Three cleaners stumbled and almost fell to the ground again.

Shameless, jinima! Shameless!

They want to kill Wang Fan!

Looking at the crowd began to take photos, and some people called the police, the first youth gritted his teeth, unwilling to spit out the words.

Just as they were about to evacuate, Wang Fan, who was on the run, had already returned, with a handful of stones in his hand.

"Son of a bitch, you almost hit me and broke my car. Do you want to leave without losing money? I'll kill you

Wang Fan yelled angrily, and the stones in his hands flew out.

The three youths were unable to resist. They were pounded with stones and yelled.

This NIMA is also too shameless, even if the police, but also like a three-year-old child with a stone?

They have never seen such a shameless person as Wang Fan.

"If you don't lose money, I'll kill you, I'll kill you!" Wang fan is still yelling, but also constantly throwing stones, smashing the joy.

The three young people were either hit in the nose or in the head. If they were not lucky, they would be hit in the mouth, eyes and crotch. It was very painful.

It's up there, but not down there.

This guy is definitely from archery. This must be too terrible.

"Let's go." Wang fan is smashing happy, the curtain thousand heart suddenly pulled Wang Fan's clothes, "after a while, the police came, or their companions came, it's trouble."

"Go? Where to? " Wang fan is not willing to, "they crashed my car, but they haven't lost money. How can I get there?"

He was heartbroken, "more than a million Mercedes Benz, ah, so it was smashed and scrapped. If you don't pay a million, you can't let them leave."

The curtain thousand heart mouth corner sobs, "your Benz is there, what they crash is not your car."

"Well." Wang Fan shut up instantly. He took a look at the intact Mercedes Benz and suddenly felt embarrassed.

By this time, a police car had come running.

Wang fan saw Qin Xue through the car window. He had a big head. He quickly stirred up the spirit, pulled up the curtain and left. "We'd better hurry."

## **Chapter 419**

Wang Fan settled down at two o'clock in the afternoon.

He not only sent the black Rocha to protect himself, but also sent 30 elite light and dark alternates, who attached great importance to the safety of muqianxin.

Wang Fan finished these, is thinking to go to silver to go, but suddenly received a call from Huang Tingting, "where elder brother is not good, Ying elder sister was hit."

"Sister Ying? Dai Yuying As soon as Wang Fan's face changed, he didn't hesitate at all. After he asked the location clearly, he ran over.

Dai Yuying was beaten in Yindi group. According to Huang Tingting, although she has left, the handover has not been completed.

Dai Yuying is going to finish the final handover and pack things today. But her things were thrown out by the new personnel manager.

Daiyuying gas but theory, was slapped hard, also asked daiyuying public apology.

When Wang Fan arrived at the personnel department of Yindi group, the whole floor had been surrounded, and the water was tight.

In the middle, a 30-year-old woman pointed to Dai Yuying's nose and scolded her. Her head was raised high. She was as proud as a peacock and domineering.

Dai Yuying was half sitting on the ground with her face covered, her cheeks wet with tears, and her eyes full of humiliation.

Huang Tingting squats beside Dai Yuying and stares at the angry woman, but she has nothing to do.

"Dai Yuying, what are you, dare to shout with me?" Zhong Lili, the new manager, points at Dai Yuying and spits at her.

"you've been expelled. What's wrong with your garbage? Do you want me to keep it for the new year

"I just throw it away. What can you do to me? How dare you say one more word? Do you believe me to tear your mouth

Zhong Lili is very overbearing and arrogant. She is an old woman. She seems to be a big sister of the underworld. She doesn't look like a manager at all.

"Zhong Lili, why do you throw things at sister Ying? Even if you don't like looking at Yingjie's things, you can pack them up and put them in the warehouse. Why do you throw them away? "

Huang Tingting said angrily, "this is the company, not the underworld. You are still the manager of the personnel department. Don't you blush when you are a mother and a mother? What a shame to silver land

"Blush, what does my mother have to blush? What kind of thing are you? What qualifications do you have to take care of my mother's affairs? I think you owe me a fight

Zhong Lili hears Huang Tingting's clamor, is very angry, rushes up a slap to ruthlessly throw down.

Although Huang Tingting is just a girl, she is not so easy to bully. She is not as submissive as Dai Yuying.

Looking at Zhong Lili's slap, she grabs it with both hands to buffer the force. Then her right hand grabs Zhong Lili's hair and drags her to the ground.

Zhong Lili ah's scream, is about to resist, Huang Tingting's other hand has become a slap, hard blow in the past.

Pop.

A clear sound, Zhong Lili was directly pulled to the ground, mouth blood DC.

Looking at this scene, not only Dai Yuying's eyes were silly, but also those employees who were watching.

No one thought that Huang Tingting, who looks beautiful and harmless, would be so violent.

"Ah. Little bitch, dare to beat me, I'll kill you Zhong Lili screamed angrily.

She is like a shrew, crazy towards Huang Tingting rushed in the past.

In Yindi group, in her headquarters of Zhong family, she was slapped by Huang Tingting and stepped on her face. How can she bear it.

Huang Tingting is not afraid at all. Her body shape is wrong. She flashes past Zhong Lili. Then she lifts her knee and knocks it on Zhong Lili's abdomen.

Zhong Lili screams, covers her belly and falls to the ground. She can't get up any more.

"Bitch, dare to beat my mother, security guard, break her arm for me, I want her to live as if she were dead, live as if she were dead!" Zhong Lili screamed.

With her scream, a Zhong security guard standing behind did not hesitate, but rushed to Huang Tingting, fierce.

But before he ran to Huang Tingting, he was stopped by five young people brought by Huang Tingting.

In the face of the five young people, the security guard of the Zhong family was not afraid at all. On the contrary, there was a twinkle of disdain in his eyes.

His right hand popped out, and he grabbed one of the young men's arms. With a twist and a click, the young man's arm was directly twisted and smashed to the right young man.

Boom.

A loud noise, two people scream to the ground.

The security guard of the Zhong family didn't stop. The whole person was like a raging rhinoceros.

His body hit another young man hard, and the young man's hematemeses flew up. At the moment of flying, his legs were broken by his two fists.

The harsh sound of bone fracture stimulates people's heart and makes scalp numb.

In the blink of an eye, three young people were killed. The Zhong family security guard did not retreat at all, and continued to rush to the fourth young man.

The young man has burst out his fist and smashed the head of the Zhong family security guard.

The security guard of the Zhong family disdains to smile and punches out.

When the two fists collided, the young man's arm broke like a twist, and the whole man flew out like a shell, hitting the dead corner in the distance. Head hit the wall, raised a blood mist, the whole person fell to the ground, choking a few times, coma in the past.

Powerful, ruthless, this Zhong family security guard, is not the person that Huang Tingting brings can match.

The fifth young man saw that all his companions had been knocked down. Without any fear, he yelled at Huang Tingting's second daughter to go quickly, and then went crazy to meet the security guard of the Zhong family.

He didn't intend to touch it, but spread out his arms and hugged it. He plans to delay the security of the Zhong family and give Huang Tingting and Dai Yuying time to escape.

But he had not rushed to the Zhong family security side, had been hit by a blow, the corner of his mouth sprayed blood fog.

At the moment of flying upside down, the young man gritted his teeth and hugged the security guard of the Zhong family. They fell down at the same time.

"Go, go."

The young man screamed, gritting his teeth and hugging the security guard of the Zhong family.

"Brother Zhang, brother Zhao." Huang Tingting tears flow out, she brought people to just in case, but did not expect the real accident.

The four were abandoned. Now brother Zhang is desperate to stop the security guard of the Zhong family. While she is angry, she is full of guilt.

"Go, go." The young man was still hissing and screaming, and his mouth was purring and bleeding.

"Let go, let me go!" The security guard of the Zhong family was very angry. He hit the young man's back with his elbows, and his bone was broken.

However, the young people are still biting their teeth, trying to bear the sting and never let go.

The security guard of the Zhong family is about to explode. He's a warrior. Now he's stopped by a garbage man. It's a shame.

His elbows were even harder, and he hit them angrily. Three times later, the young man could no longer help falling to the ground.

The corners of the mouth, the back, the chest, it's all blood.

"Go? Where to go! I've beaten people in our Yindi group, but I still want to leave. There's no such good thing. Please let me break my leg. "

The security guard of the Zhong family grins grimly, rushes to Huang Tingting and kicks her right leg with one foot. Without any pity, he is powerful and cruel.

If this is kicked in, let alone Huang Tingting a delicate woman, even if a fierce man, also can't escape the bad luck of broken leg.

Huang Tingting's face turns pale. She wants to escape, but where can she escape?

"Who dares to touch Wang Fan's woman?"

When the security guard of the Zhong family is about to kick Huang Tingting's right leg, a cold voice comes, and Wang Fan appears at the end of the corridor.

#### **Chapter 420**

"You move her to try, you move her leg, I waste your limbs, have courage, you start." Wang Fan's voice was cold, and his heart was filled with anger.

He couldn't imagine what would happen if he came a few minutes late? At the thought that Huang Tingting should bear the pain of broken leg, his anger could not stop rising.

"What are you and who are you qualified to take care of our affairs? Break her leg, break her leg

Angry to madness, Zhong Lili saw that Wang Fan, Cheng Yaojin, appeared. She was not afraid, but yelled wildly.

The security guard of the Zhong family looked back at Wang Fan and then stepped down on his right leg without hesitation.

Fierce!

"No!"

"Brother fan!"

Dai Yuying and Huang Tingting's two daughters screamed in horror. While Huang Tingting screamed, she couldn't help but close her eyes.

She didn't dare to see the next scene, and she didn't dare to see her broken leg. She was afraid that she couldn't accept it.

"To die!" Wang Fan's face became cold and ghostly. Before the security guard's right leg fell, he had already rushed to him and punched out.

This time, Wang Fan was really angry.

The Zhong family really deceived people too much. After a few months' absence, they made a mess of Yindi group.

The security guard of the Zhong family only felt a gust of wind coming, and his face changed in an instant.

He didn't expect that Wang Fan's speed would be so fast. He was ten meters away before, and now he is approaching himself.

What's the speed?

He can't care to move Huang Tingting any more. His right leg suddenly turns around and kicks Wang Fan back.

Boom!

The fists and feet collided, making a deep explosion.

The security guard of the Zhong family only felt a fierce attack, and the whole person had already shrieked back, and the right leg was cracked in the process of back.

There was fear in his eyes, and Wang Fan's strength was beyond his imagination.

"Did I say, don't move her? Now that you have moved him, you should be aware of being disabled. "

Wang Fan sneers and pounces. Before the security guard of the Zhong family falls to the ground, he has already chased him.

His hands grasped the arms of the Zhong family security guard and twisted them. In the eyes of the people, the Zhong family security guard's arms were broken and could not hang down.

Wang Fan didn't give up. He kicked hard and swept to the youth's intact left leg.

"No, ah, No." The security guard of the Zhong family yelled in horror, but he couldn't change the ending at all.

With a loud click, his left leg was mercilessly broken by Wang Fan, and he screamed again.

The scene was dead.

No one would have thought that Wang Fan was so powerful and fierce. The powerful and chaotic Zhong family security guard, who had been swaggering before, has now turned into a useless person.

"You're done, you're done! Dare to make trouble in our bank group, dare to beat our Bank Group employees, I want you to stay in jail

Zhong Lili got up and yelled, "call the police, call the security guard, come on, there are thugs and terrorists in Yindi!"

Pop!

With a clear sound, Wang Fan slapped Zhong Lili in the face and took her out.

Wang Fan easily does not hit a woman, but this woman is really too exasperating.

Wang Fan, who knows the whole story, naturally knows that this woman is the culprit.

"Call the police? Security, terrorists? " Wang Fan disdains to sneer, "are you blind? Which one of your eyes looks like a terrorist? "

Wang Fan said, incidentally, Huang Tingting Dai Yuying helped up, "as the manager of personnel department, you don't even know me, the security minister. How can you be a manager?"

"Security? Yes, I am! call the police? You can do it! Some people make trouble in our Yindi group and beat customers. As the security minister, I deserve to beat him. This is my duty. "

"I'd like to see if the police are here to help you or me." Wang Fan has no fear at all.

"Secretary of security? As the security minister, you don't even know your security guards? He is the security guard of the Yindi group. You don't help him to fight these troublemakers, but you come out to fight him. Do you elbow out? "

"I suspect you are a commercial spy!" Zhong Lili screamed angrily, another big hat.

"Spies? I'm your sister Wang Fan listened to Zhong Lili's shameless words. He couldn't help but slap them again.

The Zhong family is really irritating. They are either terrorists or spies. They're not a damn thing.

"You say he's my security guard?"

Wang Fan sneered, "as a security guard in Yindi, he doesn't even know me, the security minister, and he doesn't even listen to me. Is he trying to rebel? What's the use of such a security guard? "

"I don't care if he used to be a security guard of Yindi group. In short, he is not now. I want to open him."Wang fan is very domineering, "and you, I will like song general application, even you open together.". I don't think you are fit to be a personnel manager. "

"I don't believe it. Everyone in your Zhong family holds the trump card of a hundred times of liquidated damages."

Wang fan is really angry.

He felt that if the Zhong family didn't clean up again, it would turn out to be the worst and threaten

song Rumei in the future.

Today's event, let him make up his mind, to wash out the Zhong family this group of people, all out of the silver.

"What a big tone." Zhong Lili did not speak, an arrogant voice came.

"I'd like to see who's so good at driving off our personnel manager and security guard."

Zhong Daliang takes a group of security guards to the stage.

None of these security guards, whom Wang Fan didn't know, were strangers.

They all have some strength, and the momentum is domineering, nostrils.

"Zhong Daliang? Deputy Secretary of security? You're just in time. Throw these two troublemakers out. I'll watch them upset. "

Wang Fan points to Zhong Lili and the half dead security guard of the Zhong family, and directly tells Zhong Daliang in the tone of command.

Listening to this, not only Zhong Lili was stunned, but also Zhong Daliang and the group of security guards behind him were stunned.

How did they not expect that Wang Fan even ordered them to throw out Zhong Lili and the Zhong family security guard?

Can't Wang Fan see that they are here to trouble Wang Fan? Is Wang fan out of his mind when he says that?

"Son of a bitch, you still want to throw us out. Are you out of your mind?" After Zhong Lili regained her mind, she yelled out directly:

"they are from my Zhong family. Can you follow your orders? Besides, I'm the manager of personnel department. Are you naive to let them throw me out

"Security guard of Zhong family?" Wang Fan sneered, "this is Yindi group, and the security guard is also Yindi. When did it become the Zhong family? Why don't I, the security minister, know?"

When he finished, he looked directly at Zhong Daliang and said, "do you want to throw it or not? Why, is it hard for me, the Minister of security, to say that you, the Deputy Minister of security, want to rebel?"

"I made your sister's return. What are you?" Zhong Daliang jumped up with an angry face and pointed to Wang Fan,

"I have never paid attention to you, the security minister, let alone me. Even these security guards have not paid attention to you."

"Who do you think you are? Your era is over, and now the security department, I Zhong Da Liang has the final say.

Arrogant and domineering.
