

## **MIGHTY SK 441**

### **Chapter 441**

Wang Fan grasped the club and became serious.

At this moment, he had no cynicism, no dallying, no grandstanding.

In a flash, he was like a changed person, an invisible momentum sent out, even those who sneer at thousands of gold, can not help straightening up the waist, stop sneering.

Meng Bowen's face slightly changed, obviously did not expect that Wang Fan would suddenly become so solemn.

There was a faint uneasiness in his heart, but it was soon dispersed by force.

Grass roots are grass roots. No matter how much they pretend, they can't turn the sky. He doesn't believe that Wang fan can really win him.

At this moment, Wang Fan has already made a move.

The movement is elegant and full of momentum.

That is not inferior to the professional player's action posture, gives a strong feeling at the same time, but also pleasing to the eye.

Whoosh.

Swing the club and hit the ball accurately.

The golf ball crossed a beautiful arc, flew out directly, and finally landed in the position that the naked eye could not see clearly.

All of them stood up and looked up. Some even took out their telescopes.

Ah.

A scream, the distant caddie suddenly jumped up excitedly, "into, into, a hole!"

There was a dead silence.

Meng Bowen's face was instantly stiff, and he felt a burning pain.

He did not talk nonsense, ran to see, the ball has indeed entered the hole, and the number is the one Wang Fan shot out.

"Good luck. I don't believe it. You can get a hole next time." Meng Bowen returned and said to Wang Fan with a stiff smile.

Wang Fan ignored him.

Whoosh.

Second shot.

This time, Meng Bowen directly picked up the telescope to watch.

I saw the white ball across a beautiful parabola, fell on the ground, rolling towards the hole.

"Don't go in, don't go in." Meng Bowen looked at the scene, inexplicably worried, and began to shout in his heart.

But the ball didn't listen to him at all. Although it rolled slowly behind, it finally fell into the hole like drunk.

"Meng Shao, is it luck this time?"

Wang Fan looked at the ugly Meng Bowen with a smile, said a word, and then swung the third shot.

Whoosh.

One more hole.

Meng Bowen's face was a little pale, and sweat oozed from his forehead.

He couldn't believe it. He didn't seem to be able to hit Wang Fan before. Suddenly, he was like a different person, so against the sky.

One shot into the hole, maybe it's luck, three shots in a row, who dares to say it's luck?

"Meng Shao, I've been lucky to score three goals in a row."

Wang Fan said with a smile, the fourth swing.

Whoosh.

One more hole.

The fifth shot.

One shot into the hole.

Sixth shot.

One shot into the hole.

The seventh, the eighth, the ninth and the tenth, all went in one shot.

In a flash, the audience was dead again.

The young and the old fully stood up and forgot to breathe.

The beautiful caddy even covered his mouth and looked at Wang Fan with all the stars in his eyes. He could not express his admiration.

Handsome, really handsome.

Meng Bowen's cheek was stiff and he could hardly stand.

His face was burning with pain. He just wanted to find a way to get in.

Originally, he was full of confidence and could trample on Wang Fan, which made Wang Fan unable to lift his head. Now it's better, but Wang fan can't find the north.

This sharp contrast, he simply can not accept.

Son of a bitch, why do you want to make a fool of yourself and create the illusion that you can't play golf?

Hateful!

"Meng Shao, don't say I bully you. I'll give up the next ten strokes and let you do ten. Come on, caddy, count the score. "

Hiss.

Meng Bowen spewed blood directly.

It's bullying.

Beautiful caddy is also a dull face. Just now, it is clear that Meng Bowen has scored nine goals. Isn't Wang Fan deliberately humiliating others by doing so?

A contest ended like this. Wang Fan went back to the loft of the airing platform with a smile. He picked up 20 million cheques and put them in his pocket.

"Ha ha, I won, I won, ten million. It's my treat at noon today. I'm free to eat and drink. It's not bad for money."

Wang Fan laughed heartily and his face was full of pride.

For those who hit him in the face, if he can bear it, he will bear it. If he can't bear it, he will fight back a hundred times. He is not polite.

Meng Bowen almost spat out another mouthful of blood. He gave Wang Fan a gloomy look and left with a breath,—

Xiangyuan 8 villa, Li Wuji face gloomy sitting on the leather sofa, constantly dialing the phone.

It's a pity that several times he dialed, all the mechanical sounds coming from there were not in the service area, which made him have a bad feeling.

Since uncle Eagle went out last night, he never came back, and he couldn't get through the phone. He subconsciously felt that something must have happened to Uncle eagle.

It's just that he can't figure it out. How can uncle Ying have an accident? He is so powerful, just a Wang Fan, who can kill uncle Ying?

He was very anxious, even uneasy.

The beauty, wine and food in front of him can no longer arouse Li Wuji's interest. His face is very gloomy.

Feeling Li Wuji's gloomy face, the bodyguards and thugs around all held their breath, and the atmosphere did not dare to breathe.

The atmosphere is very depressing.

An enchanting woman who was very popular with Li Wuji couldn't bear the pressure. She took a glass of wine with a smile and came to Li Wuji with a delicate and greasy voice.

"Li Shao, uncle Ying certainly didn't have time to fight, so he didn't come back. He won't have an accident."

"Come on, let's have a drink and relax. Maybe uncle Ying will finish his task later and send you good news."

The woman is delicate and greasy. She approaches Li Wuji and lingers with her enchanting and hot body. She drinks a mouthful of red wine in her beautiful red lips, and then approaches her mouth to mouth.

Women are always charming, but now they are making such provocative sexual moves, which is really hard to control.

In the past, Li Wuji could not resist the temptation and began to fight on the spot.

But now, he is not in the mood at all.

Pop!

A slap, Li Wuji mercilessly fan the woman to the ground, and then stand up is a crazy kick, the whole person is like a raging rhinoceros.

"Eat, drink and have fun. What the hell do you do besides eat, drink and have fun seducing men? Damn, now uncle Eagle has no news. Are you still in the mood to have fun? I'm going to NIMA's bitch

Li Wuji roared angrily, grabbed the ashtray on the table and smashed it down at the girl.

Just a few times, the girl was hit black and blue, fell to the ground, choking, issued a shrill scream.

All over the body is blood, no longer the previous enchanting.

Her face was pale. She knew it would be like this. She said that she would not go up and beat her.

"Drag it down for me, and give it to those hard-working brothers. Damn, don't you like to play? I'll let you play enough. "

Li Wuji roared ferociously. Several thugs immediately walked out and dragged the girl out.

"No, don't. I'm wrong, Li Shao. Spare your life." The girl screamed and fluttered, but it didn't help at all.

Step on, step on.

As soon as the woman was dragged out, a younger brother knocked on the door and came in. "Report to Li Shao and find out where muqianxin is hiding. We also found the security company, which is called Wang fan'anbao. It has been established for less than half a year. "

When Li Wuji heard this, he was stunned and said in a ferocious voice, "inform the two vicious dogs that their chance to show is coming. I want to see muqianxin's body before dark. "

"And Wang fan'anbao, I'll take it with me. Damn, dare to fight against me, Li Wuji. I want them to die without a place to die! "

## Chapter 442

The weather in Jinzhou will change as soon as it changes. The sun is shining one second before, and the wind may howl the next.

At one o'clock in the afternoon, the weather is gray and gloomy, which makes people feel inexplicable and irritable.

Wang Fan an insurance company, the front desk miss just had lunch, some sleepy, but she is forbearing, bored playing with the mobile phone.

As she is not a business company, Xu Ruyun does not have strict control over her employees. If there are customers, she will entertain them. If there are no customers, she can order at will, as long as she does not leave her post without permission.

Creak.

A series of harsh sounds sounded. The front desk girl subconsciously looked up and saw three golden cup cars suddenly stop, and dozens of masked men came down from the car.

These people are all carrying sticks and knives in their hands.

After getting out of the car, they didn't have half a word of nonsense, they rushed directly to Wang Fan's security.

As long as it's not a fool, you can see that it's not good.

The receptionist's face turned pale. She grabbed her mobile phone and ran to the second floor without hesitation. At the same time, she screamed, "it's smashing. Someone's smashing."

Boom!

Perhaps it is to cooperate with her scream, her voice just fell, the thick glass door was blasted, glass fragments flying around at the same time, the fierce men rushed in.

Lai Ergou, the leader of the team, looked at the front desk sister who ran to the second floor. Instead of rushing to chase her, he grinned grimly:

"smash it for me, smash it hard, chop it for men, scrap it for women, and leave none!" With a ferocious smile, the iron bar with thick and thin wrists in his hand blasted at the front desk.

Clang when a, sawdust flying, a mess.

At the same time, the rest of the fierce men also began to launch a crazy smash on the first floor. Before long, the whole first floor was in a terrible mess.

"Do what, do what." Liao Feng with the crowd quickly appeared, looking at the scene in front of him, instantly angry, "call the police, call the police for me, damn it, it's against you."

"What are you doing? Of course it's you! Give it to me! And call the police. I'll call NIMA. " Lai Ergou didn't care at all. With a wave of his hand, the fierce men rushed towards Liao Feng and his party.

Murderous!

"Fight!" Looking at this scene, Liao Feng's anger swells completely. He asks people to call the police while taking people to attack him fiercely.

The same momentum!

The two sides soon fought fiercely.

In a flash, the hall on the first floor became a battlefield of fighting. The shouts, shouts and screams were interwoven and played into a wonderful movement.

Although Wang fan'anbao's strength is good, he is not inferior to the fierce man in black at all, but compared with the fierce man in black, he is less fierce and fierce.

Not long after, several people fell to the ground, issued a heavy howl.

Of course, those fierce men in black are not so good. Several of them have been overturned and their combat effectiveness has been completely destroyed.

For the time being, the two sides are equally matched.

When Liao Feng saw his brothers fall one by one, he became crazy.

Click.

Like a fierce tiger, he rushed into the middle of the people in black, hands up and hands down, and a man in black was thrown out, emitting a bright blood mist.

"If you dare to make trouble in our Wang fan'anbao, you will die." Liao Feng roared wildly, and his momentum was amazing. Before a fierce man could react, he was knocked and lifted by his knee.

When he vomited blood, his ribs cracked and hit the ground, his limbs facing the ground, and he could no longer climb up.

In the blink of an eye, Liao Feng rushes to the third person, who is about to stab him in the back, but Liao Feng hits him in the head.

Brain flies, blood flows.

In a short period of time, Liao Feng showed a strong fighting capacity. Obviously, he has grown a lot during this period.

However, his bravery soon attracted the attention of the fierce men in black. At least five of them gave up their opponents and surrounded Liao Feng crazily.

A fierce man gives a fierce fist and blasts at Liao Feng's head. His fist is amazing and frightening.

Two fierce men are from the left and right sides of the legs, legs wind like electricity, hard hit to Liao Feng left and right ribs, ruthless.

The remaining two men, however, were outflanking from behind. One man grabbed a knife and stabbed Liao Feng in the back, and the other stabbed Liao Feng in the head.

Liao Feng was killed in an instant.

But he didn't have the slightest fear, his whole body momentum suddenly soared, ignoring the left and right two people's flying legs, suddenly rushed forward, and his hands grabbed the fierce man's fist that hit his head.

When he caught the fierce man's fist, he took advantage of the situation, and at the same time, he turned the fierce man back and hissed twice.

The two stabs from the back stabbed the fierce man, one stabbed him in the head and the other stabbed him in the chest.

The scarlet blood spewed out like a waterfall, at least more than ten meters away, splashing on the ground, scarlet.

The fierce man even didn't have time to scream, so he closed his eyes and died.

Liao Feng uses the enemy's hand to kill the fierce man in the flash time. Without breathing, he rushes to the right fierce man. At this time, the right fierce man's big foot has been kicked, but Liao Feng is not afraid, straight and stifling, with his chest against the past.

Bang.

While Liao Feng paid for his blood, the fierce man broke his leg and fell to the ground.

His body is like a sandbag, rubbing the ground for five or six meters, until it hit the wall, his head hit the wall, the whole person fell into a coma.

In the blink of an eye, Liao Feng wants to move a third person, but he has no chance.

The leg of the fierce man on the left side has been swept on Liao Feng's waist. Liao Feng's whole body has been overturned, and a mouthful of blood mist has been emitted.

However, while flying backwards, the bayonet hidden in his left hand had also been stabbed into the other side's foot, bringing up a blood fog.

One against five was a dead end. Now Liao Feng has not only broken the dead end, but also killed one person and abandoned two. His strength is terrible.

Lai Ergou watched the scene and became furious.

Looking at Liao Feng who once again gets up and rushes to his hands, his eyes twinkle ferociously and fiercely.

He was really like a vicious dog. He jumped in front of Liao Feng in an instant, and his fists blasted in the past.

Liao Feng has already been injured. How can he beat the vicious Lai Er Gou. He didn't even have time to fight, but he was blown out by Lai Er Gou and fell to the ground and couldn't get up again.

"Damn, smash, hit, kill and bite hard!" Lai Ergou kicks Liao Feng's feet and gives a roar, rushing to the rest of the security elite.

Before long, all the elite were overturned and fell to the ground.

"Go up to the second floor." Lai Ergou didn't hesitate at all. He rushed to the second floor.

President's office.

Xu Ruyun looks at this scene from the monitoring, and her face has turned pale. While calling for the rest of the security elite, she dialed Abiao heiluocha.

A Biao has something to do with going to school, while heiluocha is on the other side of muqianxin. Xu Ruyun didn't expect that someone would smash the scene, and the timing was so good.

I just picked a time when the two masters were away.

Woo.

On the road, a BMW is roaring. It's like crazy, even ignoring the traffic lights.

In the car, a Biao's face was very gloomy, and his body was full of murderous intent.

Although Wang Fan Anbao is Wang Fan's company, it is his joint venture and painstaking efforts.

He doesn't allow people to trample on him.

At the same time, Qihong No. 6 villa, received a call of black Luochoa hastily arranged a, the security work to Chuwei Baidi and others, then hastily drove back to the company.

Less than ten minutes after heiluocha left, Lai Dagou and 30 fierce men killed him.

Lai Dagou, Lai Ergou, these two vicious dogs are not only fierce and powerful, but also know how to use their brains.

While killing two birds with one stone, he also played a game of Tiaohu Lishan.

### **Chapter 443**

"No one is allowed to enter a private house. If you go one step further, we will not be polite."

Several elite security guards hiding in the dark saw Lai Dagou and his party approaching and ran out immediately.

"You're welcome?" Lai big dog grinned, the next second, a slap on the call out.

Pop!

The palm like palm slapped hard on the unresponsive face. Under the violent force, the whole person was thrown out, and a tree with thick and thin thighs was smashed into two parts.

"You dare to say you're welcome to me, what the hell!!" Lai Dagou grinned wildly and continued to move forward.

The 30 fierce men around them all rushed out crazily.

Eight elite security guards didn't react. They were caught off guard. In addition to the difference in the number of people between the two sides, they were immediately knocked down and fell to the ground dying.

Thirty fierce men turned over the elite and rushed directly to the villa without any delay.

When close to the villa, Lai Dagou raises his leg, which makes him sink.

With a bang, the door of the villa was kicked to pieces, and a group of people rushed in.

Inside the villa.

As soon as the White Emperor of Chu Wei found something wrong, he summoned a good man, and Lai Dagou led others to break in.

Screen thousand heart is hiding behind, pretty face a pale.

She didn't expect that Li Wuji's people came so fast. In just one day, they locked her down and killed her.

The most important thing is that Wang Fan, Hei LuoCha and a Biao are still not here, and her heart is somewhat uneasy.

"You call Wang Shao. The rest of you are here with me. If something goes wrong, you can do it. Remember, don't dwell on it. Try to procrastinate. "

Chu Wei saw the extraordinary of Lai Dagou at a glance. He quietly arranged his subordinates and looked at Lai Dagou at the same time.

"In broad daylight, there is no royal law to break into a famous house. Once you are caught by the police, you will not be able to run away for at least ten years. If you are smart, just go away. I don't think it happened. "

Chu Wei looks at Lai Dagou and makes a sound. He didn't ask his brothers to do it immediately, but he was trying to find a way to delay.

Lai Dagou grinned, "Wang fa? I'm the king of law! Those who know the truth, get out of my way. "

He pointed to the scene and said, "my goal today is that woman. I don't want to kill her. But if you want to die, I don't mind. "

"Don't turn a deaf ear to my laidagou's words. My laidagou is so big that it doesn't kill one or two people. I don't care how many more lives I have."

Lai Dagou originally wanted to turn Chu Wei and his party directly, and then take away the curtain thousand heart. It was only when he saw that there were more than 20 people on Chuwei's side that he changed his mind for a moment.

Although there were more than 20 people, he still didn't pay attention to them. But it's more troublesome to fight. In case of delay until the arrival of the police, even if his task fails, he may even be arrested.

"Big dog Lai? Xiang Yang's two dogs are big dogs Chuwei had obviously heard of Lai's name.

Xiang Yang's two dogs, the famous vicious dogs of the Beihu generation, have committed countless bloody crimes, extremely vicious and heinous crimes.

Compared with the five tigers in Hanzhong, the names of these two vicious dogs are not weaker, or even better.

Chu Wei didn't expect that this kind of Desperado was killed.

"It turned out to be Xiang Yang Er Gou. I've heard so much about him." Chu Wei flattered each other and went straight to the theme:

"you two must have been entrusted by Li Wuji to take money for business. How about Li Wuji giving you double benefits? "

"Double? It seems that you're not going to have to drink a damn toast! "

Lai Dagou became furious. "Li Wuji gave us one hundred million, double that is two hundred million. Can you take it out? As long as you can take it out, I'll go right away! "

Chu Wei didn't talk nonsense. He took out the check directly, wrote 200 million, and then threw it away.

"Here are 200 million cheques. Have a look. You can even call now to check. There's nothing false. "

Chuwei's goal is to delay time, and there is no pressure to write 200 million cheques.

Not to mention that they have made 6 billion yuan, even the lives of more than 20 brothers are more than 2 billion yuan in his eyes.

What's more, although the check was written out, Lai Dagou had to have the life to cash it. If you can't cash it, 200 million is a bad check.

Lai Dagou obviously didn't expect that Chu Wei was so bold and didn't frown, so he happily wrote out 200 million cheques.

He took a look, and without hesitation, kicked it into his pocket.

"Good boy, bold. I'll take the check, but I'll take the woman with me. I'll give you another three seconds to think about it. Let's get out of the way! "

Lai did not leave, but became impatient.

"Do you want to go back?" Chuwei browed.

"Go back? ha-ha. You don't ask. When did I have credibility? It's your brain to tell me about credibility.

"Lai beat the dog with a grim smile and a sudden wave of his hand, "don't delay your time. Since you are not witty, don't blame me for being impolite."

"Kill me, those who block the way, kill them all!"

At one order, thirty fierce men rushed madly. Their dazzling machetes were full of lethality.

"Kill

Chuwei knew that it was no longer possible to procrastinate. He kicked the sofa in front of him to the fierce man, and rushed up with the same rate.

The wooden sofa fell on several fierce men and overturned a large area. At the same time, the two sides fought fiercely.

Chuwei is no longer the dandy who was hollowed out by wine and sex. He has grown up a lot in recent months.

However, his strength, compared with these fierce men who lick blood all day long, is still a little insufficient.

After he overturned the two fierce men, he was already struck by the third fierce man. He fell to the ground in blood and became a bloody gourd that could no longer stand up.

Chu Wei, who had no fighting power, and those fierce men were not in a dilemma. They rushed directly to the rest of the elite.

Their goal is to take away muqianxin, or kill muqianxin. They don't want to waste time.

Boom, boom.

The harsh sound resounds, and the villa hall turns into a hell on earth.

Blood storm shot, scream repeatedly, one after another fall, one after another stand up, bloody fight, never die.

In the blink of an eye, the red blood dyed the whole ground, sticky, dazzling and uncomfortable.

Lai Dagou is even more fierce. After the two elites, he went straight to the screen.

But before he ran to muqianxin, he was blocked by the White Emperor.

Baidi, like Liao Feng, was one of the five captains selected by Wang Fan in Yindi.

After being expelled by Zhong Daliang, he was taken to the security company by a Biao to stand in his own way.

White Emperor against Lai Dagou, two people crazy fight.

Although Bai Di is not weak, he is much stronger than Chu Wei, but he is a little weaker than Lai Dagou.

After more than a dozen moves, he could no longer resist Lai Dagou's fist, and the whole person was split out.

Lai Dagou flew to Baidi, but he didn't pay the price. He took two blows in the chest, broke a rib, and blood appeared in the corner of his mouth, but his combat effectiveness was not greatly affected.

He looked at the battlefield with a grim smile, ignored those subordinates, and ran straight to the direction of muqianxin.

The curtain thousand heart already see the situation not good, rushed into the inside room, and backhand lock. As she climbed to the window, she took out her mobile phone and dialed Wang Fan.

"Wang Fan, help me!"

Only, she just said these two words, boom, the wooden door has been kicked open, a piece of wood flew over.

Mu Qianxin tried to avoid it, but he couldn't avoid it at all.

The wood chips hit her hard, her body faltered and her mobile phone fell out.

"Cunt, where to escape!" Lai Dagou laughs and rushes to muqianxin.

#### **Chapter 444**

On the Mercedes Benz, Wang Fan's face was very gloomy.

He first received a phone call from Xu Ruyun saying that someone had smashed the security company, so he quickly apologized to Kong Wucheng and rushed to the security company.

However, before he arrived at the security company, he received a phone call from mu Qianxin saying that Li Wuji's man had been killed.

No way, Wang Fan turned around in an instant and rushed to Xianghong villa.

One bad news after another made him a little irritable. Although he had known for a long time, he would surely face a blow after receiving the list of thousands of pieces.

But still did not expect, just one day, the blow came, but still so devastated.

Compared with the security company, muqianxin is more important.

Because Li Wuji is against muqianxin's life. Once muqianxin is captured, he may die.

At that time, not only the final payment can not be given, but also their reputation of Wang fan'anbao will plummet.

The most important thing is that he has received the phone call, abio heiluocha rushed back in time, and the situation has stabilized.

In addition to Lai Ergou and several cronies who escaped, all the others were put down and taken away by the police.

To divert the tiger away from the mountain and strike the West with the East.

Wang Fan knew instantly that it was a bloody conspiracy.

By the time Wang Fan arrived at Qihong villa, the battle was over and muqianxin had been taken away.

"Wang Shao, I'm sorry, we failed to live up to our orders and didn't protect our employers." The White Emperor was very ashamed and said with his head down.

Heiluocha arranged him here to protect muqianxin, which is his trust. But now muqianxin has been captured, and he feels that he has failed to live up to this trust.

The White Emperor didn't make excuses, let alone say that Lai Dagou and other 30 people were too fierce to stop.

It doesn't make sense to say that. The fact is that they didn't protect muqianxin. Muqianxin was taken away by Lai Dagou.

"Don't say that. You've done your best. Brothers, I've worked hard. One of them counts as one, and each one is rewarded with 100000 yuan. I'll show you the wound first. "

Wang Fan didn't blame him, so he quickly finished and began to give them needles.

He's going to stabilize everybody.

Among the more than 20 people present, except for three elite who were hacked to death and could not be saved, no one else was in danger.

However, Chu Wei was seriously injured. He was just a few millimeters short of being stabbed in the

heart. It can be said that he had turned around and now he was in a deep coma.

Wang Fan gave them an injection and asked them to be sent to the hospital. Then he went to the security company.

Security companies are also in a mess, with heavy casualties. Although the blood on the ground has been washed away, the smell of blood is still full.

"I'm sorry, I didn't expect Xiang Yang Er Gou to be so cunning. He played a game to get rid of the tiger."

"Wang Shao, I'm to blame for this. I shouldn't have left the company. If I were in charge, there would be no such thing in the company."

Black Luo Cha and Biao apologized one after another, his face full of guilt.

Wang Fan waved his hand, "it's no use to say that now. The most urgent thing is to find out Li Wuji's foothold immediately and rescue muqianxin."

"Muqianxin is a big employer. When we take her money, we have to make sure she is safe. She can't do anything."

"In fact, I also have an unshirkable responsibility. I should protect my heart. Well, after all, I underestimated Li Wuji."

Wang Fan was a little depressed and a little angry.

He really didn't expect that Li Wuji's Revenge would come so fast and so crazy.

"Don't worry, Wang Shao. I've asked people to investigate. It's estimated that there will be news soon." As soon as he finished speaking, he received a short message.

After reading the text message, a look of joy appeared on her face, "Wang Shao, the position of Li Wuji has not been found for the time being, but we have found the foothold of muqianxin and Xiangyang two dogs."

"They went to a Siheyuan in Dongxiang with muqianxin. Now they are drinking and celebrating, but there is no Li Wuji in it."

Black Luo Cha says quickly.

"Let's go." Wang Fan immediately stood up with a fierce twinkle in his eyes,

"Damn, he smashed our company, hijacked our employer and even dared to drink to celebrate. I'd like to see how good the Xiang Yang Er Gou is. "

Wang Fan said, immediately left the company.

Black Luo Cha a Biao wants to take more people to, by Wang Fan wave stop.

A group of mobs, where to use so many people. What's more, they are regular units, they are to save employers, they are not underworld fighting, there is no need at all.

Wang Fan let a Biao sit in the company, in case Li Wuji crazy, another sneak attack, and then with black LuoCha xiehu rushed to Dongxiang.

Xie Hu was also one of the five captains promoted by Wang Fan at the beginning. He was expelled and later came to Wang fan'anbao. He was also a master who could stand in his own way.

Dongxiang, as the name suggests, is already a country, about 50 or 60 kilometers away from Jinzhou City.

This is a gathering place for the poor. They live in either the villagers with poor local conditions or some migrant workers who are not satisfied. Xiang Yang's two dogs are notorious and wanted at large. It's not surprising that they stay in such a place.

In a courtyard, there were a lot of voices and laughter.

Lai Dagou, Lai Ergou and his subordinates are killing chickens and sheep, drinking and celebrating.

They not only smashed Wang fan'anbao, but also successfully captured mu Qianxin. It can be said that they won a great victory and returned home. Naturally, they need to celebrate.

Lai Dagou originally wanted to go directly to Li Wuji with mu Qianxin, but he didn't know where Li Wuji was.

However, he has informed Li Wuji's confidants that Li Wuji will send someone to take muqianxin away later.

"Damn it, Wang fan'anbao is such a hard nut. I almost can't come back."

"That big man named a Biao is a son of a bitch. He knocked over more than ten subordinates of Lao Tzu and broke a rib."

"This time, I'll apply to Li Shao for anything. I'll take a few guns. When the news is over, I'll burst out and go back to kill him."

Lai Ergou was tearing at a piece of fat and munching on it. He was swearing with a ferocious look.

When he thought of a Biao, he gritted his teeth and couldn't breathe.

If it wasn't for a Biao's sudden killing, he would have killed Wang Fan's security guard, even captured Xu Ruyun's charming girls.

Thinking of Xu Ruyun, his anger towards a Biao is deeper.

"Ha ha, don't be angry, second brother. He won't live for a few days. As soon as the wind is over, our brothers will kill them together. "

Lai Dagou laughed, "this time, big brother has gained a lot. He not only brought back the girl mu Qianxin, but also paid 200 million cheques. It's a big profit."

"Now I've asked someone to cash a check. As soon as the money arrives, even if Li Shao doesn't provide us with weapons, we can buy them ourselves."

"It's nothing to worry about just one Wang Fan'an Bao. A grenade can kill him."

"200 million?" Lai Ergou and his subordinates' eyes also brightened up. This is a big deal. It's enough for them to escape overseas for a lifetime.

"Big brother is mighty. Come on, let's drink and celebrate. Cheers."

"Cheers."

Everyone cheered up to celebrate and did it to the end.

Boom!

Almost as soon as they had drunk the wine, there was a loud noise.

Gate blasting, Wang Fan with black Luosha xiehu surging into.

"Oh, drink, why don't you call me, come on, celebrate together." Wang Fan went to the table with a laugh, raised a bottle of wine and smashed it on Lai Dagou's head.

Boom!

The wine bottle is broken, and Lai Dagou's head is bleeding.

There was a dead silence.

**Chapter 445**

"Damn it, you son of a bitch In the short silence, Lai Ergou took the lead to recover. He grabbed the fork on the table and stabbed Wang Fan.

Wang Fan's eyes flashed. Without hesitation, he grabbed the broken half of the bottle and stabbed Lai Ergou with his backhand.

Thorn!

The voice of grinding teeth makes people tremble. Half of the bottle is like a sharp blade, and it goes into Lai Er Gou's wrist.

The artery was cut and the red blood flowed out. Lai Er Gou opened his mouth and gave a shrill scream, and the fork fell to the ground.

Two fierce men came from both sides. Wang Fan tilted his head slightly, and the black Luocha xiehu, who had already been prepared, ran out like a sharp sword.

Boom!

Heiluocha hit the man with one shoulder, and the man fell like a sandbag, and the three men behind him were overturned.

At the same time, Xie Hu also hit the other fierce man with a straight fist. The fierce man fell to the ground in the scream.

The rest of the people want to start, Wang Fan has suddenly an elbow bump, the slow down Lai big dog attack break, while the left hand pressed his head to the table hard knock.

Bang.

The heavy wooden table with the palm of an adult's hand cracked like a spider web. At the same time, the half bottle in Wang Fan's right hand hit his neck.

"Don't move. If you move again, he'll have blood in his throat." Wang Fan's insipid voice came out, and many fierce men were dull in an instant.

"Brother, who are you? I have a bad memory. I don't know when I offended you fierce people."

"If you ask for money, I have five million dollars in cash, 20 million dollars in the card, and you take them all."

"If it's revenge, I'll apologize to you. I promise I'll make a detour when I see you in the future. The well water won't violate the river water."

Lai Dagou Xiaoming was pinched in his hand, his posture was very low, but his fists were clenched secretly.

As long as there is a chance, he will definitely fight back and cut the three bastards who dare to hit him in the face into pieces.

"Elder brother, they are Wang fan'anbao's people. I know that woman. Her name is heiluocha." Before Wang Fan could make a sound, Lai Er Gou roared.

At the same time, looking at Wang Fan, "son of a bitch, let go of my elder brother. He has something to do with you all."

"We have more than 20 people here, not many, but they are all experienced masters. It's not difficult to leave you three."

Fierce and fierce, the style of hob meat shows.

"Heiluocha, go to see Miss Mu and see if she has anything to do. Xie Hu and I are here."

Wang Fan issued a command to heiluocha, and then looked at laiergou, "good one, he has something to do, I have something to do."

He said, stabbing his right hand.

Lai big dog roared, a wound suddenly appeared, not fatal, but the red blood was flowing out.

Looking at this scene, no matter Lai Ergou or those fierce men, they fell into silence again.

They are so angry that they want to tear up Wang Fan, but the life of Lai Dagou is in Wang Fan's hand, and they dare not move at all.

Wang Fan looked at Lai Ergou and suddenly became arrogant. "Now he's busy. Come on, let me see. How can I be busy?"

Lai Er Gou clenched his fists, his face became gloomy, and his eyes were full of angry flames.

There are more than 30 of them, but now they are held by Wang Fan. It's really a shame.

On weekdays, they are the ones who threaten others and smash others' courts. When is it their turn to bully them?

In the Beihu generation, Xiang Yang's bad reputation for two dogs was enough to scare and cry children. But now, Wang fan doesn't pay attention at all. It's more funny than a joke.

"Are you here for muqianxin?" Lai Dagou's eyes were cold and fierce in vain. He looked at the black Luochoa running to the house and suddenly said, "come on, stop him!"

"I can die. Muqianxin can't be taken away. Otherwise, Li Shao will blame us and none of us will survive."

He roared wildly, turned his head and looked at Wang Fan fiercely, "boy, I've killed countless people and committed a lot of blood debts. Even if I die, I don't care."

"Just think clearly, if you dare to move me, my brothers will pay you for your life, and even kill your family!"

"Wise, you should let me go immediately, and don't try to take away Muqian's heart. I'll give you another five million yuan if it didn't happen today. How about it? "

Lai Dagou showed his due calmness, coercion and inducement at the critical moment.

He would rather die than let muqianxin be taken away, otherwise, they can't bear Li Wuji's crazy means.

If muqianxin is kept, he will die alone at most. If muqianxin is not kept, all of them will die.

Over the years, Lai Dagou deeply knows Li Wuji's cruelty and the strength of the Li family.

With the voice of Lai Dagou, the fierce men were stunned at first, and then the wolf rushed to heiluocha."To die!" With a cold smile, Wang Fan flipped his wrist instantly and inserted it into Lai Dagou's shoulder rib with a sneer.

At the same time, Wang Fan threw half of the wine bottle, just like the God of war, he lifted at least 200 kg of Lai Dagou and hit those fierce men who rushed to heiluocha.

Boom!

There was a tremendous noise, and the three fierce men were smashed and turned upside down in an instant, with blood gushing from their mouths.

Lai Dagu's Qi and blood were surging, and his viscera seemed to have shifted. The blood in his mouth was gushing out, and he couldn't get up for a while.

"Bargain with me, you deserve it? It's ridiculous that only 20 people dare to leave me behind. "

"Xie Hu, kill me!"

Wang Fan roared and went straight to Lai Er Gou.

"Son of a bitch, I'm going to tear you up!" Lai Er Gou also became furious, not in the back, crazy toward

Wang Fan.

It's killing.

The iron fist, just like a Lang hammer, was fierce and domineering. It pierced the air and went straight to Wang Fan's head.

At the same time, at least 20 fierce men came after Wang fan like wolves.

Obviously, they all see that Wang fan is the leading role. To catch a thief, we should catch the king first.

Twenty fierce men, together with Lai Ergou, pounced on Wang Fan, six or seven fierce men pounced on Xie Hu, and all three pounced on heiluocha.

The division of labor is orderly and powerful.

Such a visual impact of the scene, simply catch up with the movie clips.

It's killing.

"Ah Wang Fan looked at the scene, choked at the corner of his mouth, suddenly stopped rushing forward, and then retreated like a rabbit.

"Son of a bitch, where to run!" When Lai Ergou and others saw Wang Fan retreating, they were more eager to fight. They rushed like mad dogs, and their momentum soared to the extreme.

It's just that soon their faces changed.

Wang Fan ran to the other end of the table and suddenly lifted it.

The boiling hot meat soup, just like the rain all over the sky, splashed on them.

Their faces changed greatly, subconsciously waved their arms to block them, and they began to back up, bumping one by one.

It's just, it's boiling hot soup. Where can I stop it?

Hula, all the rain fell on them, more than 20 people began to scream and jump.

Lai Ergou, who was in the lead, and several diehard loyalists were even more miserable. They were directly splashed all over their faces and even in their eyes.

Screams.

**Chapter 446**

"Mean!"

"Shameless!"

Lai Ergou yelled at Wang Fan and wanted to rush up to overthrow him.

It's just that they can't open their eyes when they are splashed with spicy soup, and their combat effectiveness is reduced.

Wang Fan has no time to pay attention to Lai Ergou's group of people for the time being. His toes are on the ground.

Whoosh, whoosh!

A few smashed plates then toward that around Xie Hu fight several fierce men to blow, fast if meteor.

At the same time, he roared, "look at the sword!"

Six or seven fierce men were frantically besieging Xie Hu. When they heard the sharp wind behind them and Wang Fan shouting, their faces suddenly changed.

Without the slightest hesitation, they ran around.

It's just that their speed is not so fast.

At least five people were hit by a series of sounds, with blood red marks on their bodies.

Although not fatal, combat effectiveness has not been much affected, but the pain, or let them subconsciously slow down.

That is to say, Xie Hu, who was at a disadvantage, turned the situation around in an instant.

With a roar, the sharp fork in his hand was thrust into a fierce man's chest.

At the same time as the fork was drawn out, the blood shot with the wind, reddening his whole dress.

Xie Hu kicks the fierce man, without pause, and inserts the fork into another person's head again.

The man's head directly burst out the disgusting red and white things, even the miserable cry did not send out, with unwilling to fall to the ground.

The third man recovered, and his fists and feet went to Xie Hu's chest.

Xie Hu had no way to avoid it, so he didn't retreat. He took a punch and put the fork into the heart of

the opponent.

In a short period of time, three people were left behind, and the pressure was greatly reduced.

Wang fan is very pleased to see Xie Hu's performance. He doesn't pay attention to it any more and rushes back to Lai Ergou and others.

Although Xie Hu has been injured, now there are three opponents, it seems still dangerous. It's just that growth needs blood. It's an opportunity.

If Wang Fan all help Xie Hu down, his achievements will still be limited.

As for heiluocha, Wang Fan didn't even go to see it.

If heiluocha could not even clean up the three fugitives, she would not be qualified to be an instructor, let alone a valiant general of the northwest wolf king.

As a matter of fact, heiluocha has turned over three people in the flash time, looking for the trace of thousands of hearts.

"Mean! Shameless! Son of a bitch! Come on, brothers, cut him off Lai Er Gou, who had calmed down, was about to explode when he looked at this scene.

Thirty people cut three people. It's a sure way to win. However, this guy's shameless means stirred him up. Now he's killed himself, and he's turned over.

This NIMA is as unyielding as she needs to be.

"Kill

"Kill him!"

The rest of them were equally angry and murderous.

"Cut me off? Kill me? You deserve it, too?" Wang Fan disdains to sneer, has whirlwind rushed to Lai two dogs in front.

Just when Lai Ergou is fierce and wants to kill Wang Fan with one blow, Wang fan reaches out his hand and stabs Lai Ergou twice in the eye.

Lai Ergou's eyes, which had been soaked in spicy soup, just barely opened, were blown in by chili powder before he opened them for a few seconds.

He could not help but cover his eyes again and let out a shrill scream.

Wang Fan kicked Lai Ergou off, lifted the lid of chili powder, and whooshed at the rest.

Those people see, forward the pace of a slight stagnation, subconsciously cover face.

Just as they covered their faces, Wang Fan had attacked like a wolf.

Boom boom!

A series of harsh sounds sounded, and at least ten fierce men were thrown out. Either their legs or their bones were broken, and they roared like pigs.

The rest of the fierce men could not vent their anger. Seeing that Wang Fan had no pepper powder, he was not afraid of death.

Wang Fan waved his arm, and the three fierce men felt as if they were hit by a shell and flew out straightly.

However, his toughness did not scare off the rest of the fierce men, but made them more crazy.

Also, these people are desperators, not afraid of death.

Being attacked by Wang Fan one after another with shameless means, he has already choked his stomach and killed his eyes. How can he manage so much.

The bayonet whistling, full of brilliant white light, penetrated the air and stabbed Wang Fan's head, chest, heart, throat, arms and other vital parts.

Fierce and tricky, murderous.

Seven people and seven swords, their eyes full of bloodthirsty luster, fierce and fierce.

Wang Fan Ya's a strange cry, instantly back two steps, and then in the air, a right leg whip.

Dong Dong Dong.

The bayonets in the hands of the seven fierce men were all picked out, and they covered their wrists and retreated with pain. Wang Fan didn't give them reaction time. When they landed, they threw out their right leg again.

That fell bayonet, immediately like a long eye, crazy toward seven people back stab back.

Hiss, hiss, hiss.

A sound of knife cutting into the meat, followed by a shrill scream.

All seven people fell to the ground with blood.

The red blood dyed the clothes, the ground and the whole courtyard red.

Dark wind blowing, the nose is full of thick bloody smell, cold piercing.

The fierce men's eyes to Wang Fan finally changed, and there was only endless cold in their whole body.

What strength is this?

Wang Fan ignored those fierce men, but went to Lai Ergou, "give you a chance to live, tell me where Li Wuji is?"

"Damn, the head can be broken and the blood can flow. If you want me to tell you, don't dream."

Lai Er Gou grinned and showed his iron side.

But before he finished his words, Wang Fan stepped on his five limbs without hesitation.

With the sound of bone fracture, Lai Er dog howled like a pig again.

Nima, the plot shouldn't be like this. Shouldn't it be right to threaten me first and torture me step by step? Besides, you should let me finish what I have to say.

Lai Ergou's face was full of bitterness and resentment, which was about to explode.

Wang Fan ignored Lai Ergou and went to Lai Dagou who pretended to be dead. "He said," where is Li Wuji? You only have one chance. "

Lai Dagou, who had pretended to be dead, got up immediately after hearing Wang Fan's words and flattered him with his face, "I don't know, I don't know."

He saw Wang Fan's ruthlessness, but he didn't want to be a waste like Lai Ergou. What's more, what he said is true. He really doesn't know.

Wang fan doesn't talk nonsense, but points it out again and again. Lai Dagou also follows Lai Ergou and howls constantly.

Nima, he's telling the truth.

At this time, the black Luo Cha has already supported the curtain thousand heart to walk out.

Look at the appearance of the screen thousand heart, in addition to pale, and no insult.

"Sorry, let you suffer, you can rest assured, this kind of thing, won't happen next time." Wang fan made a promise, and then waved to Xie Hu, "let's go."

"What about these people?"

"Break your leg, call the police."

The fierce men turned pale.

"Snow elder sister, I caught a few red wanted criminals for you again, you must thank me well." Wang Fan muttered and dialed Qin Xue.

An hour after Wang Fan left, Li Wuji, who received the news, was furious again.

The duck that got it flew again.

#### **Chapter 447**

Villa 8, Xiangyuan, backyard pool.

Muqianxin changed into a dark green three-point swimsuit, fluttering in the clear water like a mermaid.

Tender and white skin can be broken by blowing, exuding attractive luster. Two slender legs a move, but also to stir up people's nerves, unlimited amorous feelings.

Muqianxin likes swimming, but also loves swimming. Whenever he experiences big things and is upset, he will vent his anger in this way.

On a reclining chair on the bank, Wang Fan was reclining on it with a straw in his mouth, which made him feel a little depressed.

It's the hardest thing for him to see and eat.

Wow.

With a splash of water, mu Qianxin's slender legs swam to the shore like a mermaid.

The lotus arm, which is as thin as the cream jade, protrudes out of the water. The snow-white hands lie on the bank, revealing a delicate face stained with water drops.

She didn't wear a swimming cap. She just pricked three thousand green silk. Now she is also soaked in water, making her whole person like a mermaid out of water, full of different charm.

Muqianxin was originally a great beauty, but now it's like this again. No one can stand it. It's a disaster to the country and the people.

Come on.

Wang Fan's drink spurted out, and his eyes looked straight into his collar. From his point of view, you can just see the alluring white.

"I said, Miss screen, have you had enough? Come out as soon as you have had enough. I'm afraid I'll be a beast when you look like this. "

Wang Fan said bitterly.

After Xiang Yang's two dogs' hijacking, mu Qianxin made a request to Wang Fan.

She must be protected by heiluocha or Wang Fan, or she will terminate her cooperation with Wang Fan Anbao.

Because heiluocha is dealing with the company's affairs, Wang Fan has no way but to protect himself temporarily.

Of course, he is willing to protect Qianxin.

After all, women are so beautiful that they can look good together. But Wang Fan did not expect that after muqianxin came back, the first thing was swimming, which was the biggest challenge to him.

"Wang Shao, don't you come here for a swim? Let's relax. " The curtain thousand heart a change before of indifference manner, Jiao smile.

"Don't tell me you can't swim. But if you really can't, I can teach you. "

She said, also playfully toward Wang fan hook finger.

That sultry action, that charming smile, just like a seductive goblin, looking forward to Shenghui, no one can stand it.

Even, in the face of Wang Fan's peeping action, she not only did not shy cover up, but also deliberately stood up, as if deeply afraid that Wang Fan could not see clearly enough.

There are reasons for muqianxin to do so. First, Wang fan is really powerful, and she doesn't resent it. Second, she wants to tie Wang Fan tightly to her side.

Only then will she be absolutely safe.

For her absolute safety, she doesn't mind using her capital.

"Together?" Wang Fan raised his eyebrows and stood up, "you are playing with fire."

He said and walked slowly to muqianxin. Squat down, can let oneself see more clearly at the same time, stretched out a hand to hold the woman that tender chin.

"Miss mu, I advise you not to play with fire. It really pisses me off. I can do it a hundred times. To tell you the truth, I'm so crazy that I'm afraid of myself. "

Wang Fan's eyes scraped hard on the deep road and said maliciously.

"Is it?" Instead of being afraid, Muqian stretched out his fragrant tongue and rubbed it on Wang Fan's hand. His eyes were rippling and charming.

"Come on, don't just talk and don't practice. I'm not afraid you're not crazy. I'm afraid you have lust heart and no lust gall."

Provocation.

Chiguoguo's provocation.

After several contacts, mu Qianxin has a certain understanding of Wang Fan.

Hooligans are lustful, but there is a bottom line.

The first time they met was when she was chased by five tigers in Hanzhong and had to flee to the taxi where Wang Fan was.

At that time, they were strangers. Wang Fan was very impolite. He ate her tofu and pretended to be innocent.

The second time she met, she became Wang Fan's employer. After that, Wang Fan never went beyond the Leichi.

Obviously, Wang Fan has a clear distinction between public and private. He has his own bottom line. He will not bring his rogue nature to business, let alone be an employer.

"You can kill a scholar, but you can't insult him. You forced me." Wang Fan was so angry, "you are playing with fire!"

"Come on, hurry up, people are waiting." The curtain thousands of heart without fear, red lips evoke attractive radian, pretty face put on a charming expression. That small appearance, let a person want to be honest.

Plop!

As soon as the words of the curtain fell, Wang Fan jumped out of the swimming pool and grabbed her hot body with both hands.

"Ah." Screen thousand heart subconscious scream, obviously did not expect, Wang Fan would really be so rough. It's a big joke now and then.

Just as she was thinking about this, Wang Fan had already hugged her from behind, his hands covering the pair of softness, his body leaning back, his right leg stepping on the bank, and they jumped out like arrows.

"Wang Shao, don't be so rude. Can't you be gentle?" The curtain thousand heart is about to cry, can't help but voice.

At this time, she was in front of the proud Wang Fan grasp, the whole person is almost lying on Wang Fan, the back is also close to Wang Fan, she felt the strange Wang Fan.

Wang Fan didn't speak. His legs were like fish scales, and he went crazy.

Bang!

With a sound, a powerful bullet capsized in the place where they were, splashing countless water.

Mu Qianxin's face changed greatly.

She saw five masked youths coming from afar, each holding a gun barrel.

They aimed at Wang Fan, who was merciless for a while.

Come on, come on.

The bullet exploded in the pool and the waves surged.

At this time, Wang Fan had already rushed to the other side of the bank with a thousand hearts in his arms, and they rushed out of the water.

Five young people lost their bullets and launched the second round of shooting without hesitation.

Their cooperation is also very tacit, the bullet not only penetrated Wang Fan, but also blocked all the exits around them.

The curtain thousand heart already dead embrace Wang Fan, dare not let go.

She felt strong danger, at this time, Wang fan is her only dependence.

Wang Fan felt the bullet coming like a net. His face didn't change at all. He stepped on the ground with his right foot and lifted up more than three meters with the curtain in his arms.

The sudden scene made five people turn pale.

Nima, holding a person can jump more than three meters high, is this making a movie?

They feel incredible.

With their amazing Kung Fu, Wang Fan, who had dodged the dense bullets, had already tumbled on the spot and rushed into the villa.

Five people a few hit, did not retreat, continue to crazy forward, toward the villa to kill.

But they haven't rushed to the villa yet. Five shots have been shot from the villa.

Five people were shot in the wrist, guns fell at the same time, retreated in the scream.

There was a mist of blood on their wrists, and they were bleeding.

Their faces suddenly changed, they threw smoke bombs one after another, quickly evacuated, and even dared not pick up the guns that fell on the ground.

Wang Fan wanted to pursue, but he was afraid of the enemy's transfer, and finally dispersed his mind.

He asked people to take five guns to heiluocha to see if they could find out each other's identity, and then honestly stayed by muqianxin's side.

#### **Chapter 448**

"Miss mu, I think it's my duty to understand the grudge between you and Li Wuji, so as to better deploy."

On the second floor of the villa, Wang fan is sitting on the sofa in a bathrobe, holding a cup of coffee in his hand and looking at the opposite curtain with a smile.

Muqianxin has also put on a simple black sweater, sitting elegantly in a chair, with long legs overlapping and a lady's cigarette in his hand.

Li Wuji's firepower was so fierce that Wang Fan had to be cautious.

"I'm Li Lishan's first secretary and one of Li's top policy makers." The curtain opens slowly.

"Li Lishan has a lot of trust in me, and I will be in charge of everything. A few years ago, he also dealt with some company affairs, but in recent years, he basically ignored them and almost gave me full power to deal with them. "

"I didn't live up to Li Lishan's expectations. I took care of everything in an orderly way. I even went straight after Li Lishan."

Speaking of this, mu Qianxin began to laugh at himself, "maybe it's the high achievers. Li Lishan noticed these and began to crack down on me."

"I was just a part-time worker, and I didn't expect too much. In fact, as long as Li Lishan says, "I can even leave Li."

"But Li Lishan didn't do that. Instead, he played a trick on me in the dark. They not only slandered me for embezzling Li's property, but also slandered me for colluding with the outside world. And they sent someone to me. "

"After my heart died, I went back to the Li family and was chased by the Li family. After all, I know too many secrets of the Li family. The Li family didn't allow me to exist. "

"It's just that although the Li family is unjust to me, I'm not a fickle person. For so many years, I still have feelings for the Li family and Li Lishan."

"After I heard that Li Lishan had an accident, I rushed to Jinzhou to see if it could work and rescue Li Lishan."

"But I didn't expect that the Li family took me as the murderer who framed Li Lishan, and Li Wuji launched a crazy attack on me."

"You know the next thing, but for you, I'm afraid I would have died in the hands of Hanzhong five tigers. So I want to thank you for saving me

Curtain thousand heart slowly said, that look to Wang Fan's eyes, is also full of gratitude.

"Thank you. That's what I should do. By the way, what are your next plans? Do you want to continue to save Li Lishan, or do you want to let him take the blame seriously, or do you want to stay away from the whirlpool? "

Wang Fan asked.

He didn't believe much of muqianxin's words. The woman obviously lied.

Li Lishan is the overlord of Li family. What kind of person is he? How can Li Lishan be afraid of the mere

act of thousands of hearts, and still achieve great success?

This is ridiculous.

As for mu Qianxin's ability to retreat under Li Lishan's attack, it's even more ridiculous.

Li Lishan is likely to be a big drug lord. Even if he is not a big drug lord, his energy is amazing. Can Li Lishan's troubles make him retreat?

You know, in these two days, a little Li Wuji almost drove mu Qianxin to death.

Li Wuji is so fierce. How terrible should Li Lishan be?

However, Wang Fan has no mind to care about these, anyway, he is taking money to do things, and the resentment between mu Qianxin and Li Jiaen has nothing to do with him.

At least muqianxin has shown that the Li family and her are immortal, which is enough.

Similarly, Wang Fan also regards mu Qianxin as an employer. Sometimes he can play ambiguous and take advantage of it. It involves the bottom line. Absolutely not.

This woman is like this. He doesn't want to get into trouble.

Wang fan is sure that there are people with great energy behind muqianxin.

"It's impossible to save Li Lishan. Li Wuji is desperate to kill me. How can I save him? "

Mu Qianxin took a sip of coffee, staggered his legs, changed a comfortable posture, "as for stabbing him, I will not do that."

"After all, many years of love, he can be fickle, I can't turn a blind eye." This woman's words are very beautiful. She belittles each other and herself.

"Next, I want to negotiate with Li Wuji and exchange some interests." Screen thousand heart eyes in the twinkling of a sharp light.

"I have paid for Li for so many years, not only have I not been rewarded, but also have been treated like this by them. I want to get back the benefits I deserve."

"At least, I ask your security company to spend 6 billion yuan to dig out Li."

"I'll get in touch with Li Wuji during this time, but I'll have to trouble you, Wang Shao. Without you, I dare not show myself."

"Well, in that case, you can make an appointment. I'll be responsible for your safety." Wang Fan nodded and agreed.

He also wants to finish the list of muqianxin as soon as possible and get 6 billion yuan as soon as possible.

He doesn't care if he's crazy. I'm afraid the security company can't bear it.

Wang Fan chats with mu Qianxin again. When heiluocha comes, he leaves Xiangyuan villa. He still has a lot to do, but he can't spend all his time on Muqian.

Wang fan drives a Mercedes Benz to Yindi group. After all, he is the security minister of Yindi group, and song Rumei is still there. He has to go around for both public and private purposes.

The most important thing is that he is afraid of what will happen to the Zhong family.

Wang Fan leisurely listening to music, waiting for a red light at a crossroads, a roar, a Porsche arrogantly stopped at the side of Wang Fan.

Wang Fan subconsciously turned to see a slightly familiar pretty face.

The driver of the car is a beautiful girl with a pair of sunglasses. She's also very well dressed.

When Wang Fan looked at the girl, the girl also noticed Wang Fan's eyes. She turned her head and said, "what are you looking at? Haven't you seen a beautiful woman? I'll dig your eyes again."

Wang Fan ah ah, instantly remembered who the girl was, blurted out, "mother Tyrannosaurus Rex?"

No, this is not the mother Tyrannosaurus Rex we met at the gate of Shanhaitian. Who is it? Wang Fan still remembers that the girl still wanted to smash her car with a fruit machine, but she was unlucky and ate a mouthful of tail gas.

When the girl listened to Wang Fan's words, she picked her eyebrows and immediately took off her glasses. There was an angry cold light in her eyes. She gritted her teeth and said, "son of a bitch, is it you?"

"Oh, how do you know my name is a son of a bitch? You're amazing. It's just that I don't like the name asshole. I prefer my little name, asshole. "

"Wang Liangdan?" The girl murmured subconsciously, and was interrupted excitedly by Wang Fan, "ah ah, how do you know I have two eggs, you peep at my bath?"

"Asshole!" The girl is very angry. At this time, where does she not know that she has been fooled?

Whoosh!

She directly grabbed the brand-new fruit machine and smashed it at Wang Fan, but she was caught between two fingers by Wang Fan.

He looked at the fruit machine and was very excited. "Wow, it's a fruit machine again, isn't it new? Money. It's money. "

Wang Fan put the fruit machine into his pocket and said, "sister Tyrannosaurus Rex, you are so polite. How do you know I like the fruit machine and bought one for me? I'm so sorry. You won't fall in love with me."

#### **Chapter 449**

"Son of a bitch, I'll kill you!" The girl is about to be mad. She grabs a spanner and rushes to Wang Fan.

"Ah, murder my husband." Wang Fan screamed strangely, grabbed the girl's fruit machine, stabbed it and threw it out, then squeezed the green light and stepped on the accelerator.

Fruit machine just like long eyes, accurate along the girl's open collar slide down, the girl in Lengshen at the same time, eat full mouth exhaust.

"Son of a bitch, dare to call Miss Blackburn. I'll kill you if I say anything today." The girl yelled angrily, took out the fruit machine and got on the car. With a bang, she ran after it.

Just make her angry is, she did not chase three minutes, completely lost the shadow of broken Benz.

Wang Fan didn't pay attention to the little farce of the girl. At this time, he grabbed a bottle of mineral water, drank it carelessly, and wandered into the silver field.

"Minister Wang."

"Minister Wang."

The security guards saw Wang Fan and said hello respectfully.

Wang Fan's overthrow of Zhong's family and his regaining of the voice of the security department have caused a storm in the whole company. These security guards respect Wang Fan very much.

Even Zhong Daliang, a rebellious and powerful guy, was kicked out by Wang Fan. How dare they challenge Wang Fan.

What's more, they are not the Zhong family. They are just recruited by Zhong Daliang. I don't have much affection for Zhong Daliang.

"Good, good."

Wang Fan responded with the same smile, entered the elevator and went straight to the president's office.

Song Rumei's secretary is no longer Zhong Xiaoyan, but a beautiful round face girl.

The girl obviously knew Wang Fan, and when she saw Wang Fan, she got up respectfully and said hello, without any more hindrance.

Song Rumei, dressed in professional clothes, is working.

Women still look noble and cool. At this time, the concentrated expression adds an indescribable charm, which makes people very excited.

But there was some fatigue in her eyebrows. It was obvious that the people of the Zhong family were very annoying to her.

"Wang Fan, are you here?" Women see Wang Fan come in, it is very happy, a change before the high cold, like a little woman out of the desk, came to Wang Fan.

Every time I see song Rumei, Wang Fan has a different surprise.

This woman is just a goblin, even if it is always this dress, but every time it gives people a different feeling, never tired of seeing it.

"Come and sit down. I'll make you a cup of coffee." The woman did not hide her love for Wang Fan. She took Wang Fan to sit down on the sofa and then got up to make coffee.

The slender and round legs are still so sexy, the short skirt wrapped hips are still so elastic, and the pride of the upper body is still so eye-catching.

Soon song Rumei made two cups of coffee and sat down in front of Wang Fan. "I know you've got a security company, and you've received a big order these days."

"I thought you didn't have time to come here. Now the security minister is just hanging his name on my side."

Song Rumei said in a slightly resentful tone.

Yindi was made a mess by Zhong, and her employees were basically replaced by new employees. It can be said that she has no one to trust.

If it wasn't for Yindi, she would not have been able to bear it.

Wang Fan's appearance is a dawn for her, which makes her feel steadfast and hopeful again.

"No matter how busy I am, I am an employee of Yindi and a subordinate of general manager Song. How can I not come?"

"Besides, don't say I'm still the security minister of Yindi. Even if I'm not, I have to come often with Mr. Song."

Wang Fan looked at Song Rumei and said seriously.

"Thank you." Song Rumei listened to this, very happy, "by the way, I heard that your company was smashed, then the big order is very dangerous."

"Can you give up the list. I know you want to make money, you want to start a business, but I'm afraid you have something to do

"No matter how much money you earn, if you lose your life, it will be nothing in the end. Besides, I have money. You don't have to fight like that. I don't want you to be in danger. "

Song Rumei grabs Wang Fan's hand and says anxiously.

Wang Fan is now almost her spiritual pillar. If Wang Fan has something to do, she can't imagine the consequences.

Wang Fan listens to this words, the brow can't help wrinkling for a while, but it is very quick to return to normal. He holds Song Rumei in his backhand, and his expression becomes more serious. "Don't worry, I'll be fine. I'm measured."

He didn't want Song Rumei to know too much about herself. After all, fighting is not suitable for Song Rumei, so he changed the topic, "are you finished here? Let's have dinner together."

"All right." Song Rumei nodded, cleaned up, kicked down the slippers on her feet, and looked at Wang Fan playfully, "I'm sleepy, put on the shoes for me."

She wants to experience the warmth of love. Wang Fan opened his mouth wide. "That's not good. I'm the Minister of security, not your personal secretary."

Having said that, Wang Fan couldn't help looking at the black silk feet, his eyes were slightly hot.

Men's head, women's feet, are taboo, can only see can not touch. He couldn't help but wonder what it would feel like to hold this little foot in his hand.

"I don't care. I want you to dress me anyway." Song Rumei pouts her little lips and scatters her

charming.

"All right." Wang Fan a pair of reluctant appearance, a hand to grasp the black high heel, a hand to grasp the delicate feet, set in.

Fingertips across the bare feet, song Rumei in some shy at the same time, Wang Fan also slightly throbbing.

The first one put on quickly, and then the second one.

Song Rumei has already raised her feet, and her eyes are looking at Wang Fan affectionately, just like a little woman, and the happiness on her pretty face is full of happiness.

But at this time, Wang fan is a disaster in the tip of his nose waved, "song, this taste is so big, you this is how long did not wash."

Dong.

The atmosphere created by Wang fan is completely destroyed. Song Rumei can't help kicking out.

Wang Fan fell to the ground.

"Oh, I'm wrong. I'm wrong." Wang Fan apologized quickly, ran over and put on another high heel.

Just that look in the eyes, but can't help throwing to the middle of the two legs.

For a moment, song Rumei quickly closed her legs, so ashamed.

There are different, happy, exciting, but not angry.

Wang Fan did not know that in a room, several pairs of eyes were staring at the monitoring screen.

They looked at Wang Fan and song Rumei who were flirting with each other, especially at the shy little woman's expression on Song Rumei's face. Their eyes were angry, jealous, even fierce and so on.

One of the women, who was wrapped in white, had a sharp look in her eyes.

Plop.

Feeling the momentum of the woman in white, the rest of them suddenly fell to their knees and trembled like slaves.

Zhong LAN, Zhong Daliang, Zhong Pengcheng, and even Zhong Shao, the mysterious leader of Zhong's family, are all crawling on the ground and dare not breathe.

## Chapter 450

Wang Fan and Song Rumei had a meal together and separated.

Although Song Rumei suggested that Wang Fan could go to her in the evening, and they could go further, they were both intentionally or unintentionally avoided by Wang Fan.

Wang Fan knows that Song Rumei has paid for him, but he is not ready.

He has no way to give Song Rumei a stable life, no way to give Song Rumei so-called happiness, he is afraid to hurt this woman.

"Nerd, wood, asshole." Song Rumei looked at the Mercedes Benz and stamped her feet angrily. "People are like this. Don't you understand people's thoughts?"

"Usually looks so hooligan, how the critical moment on the brain paste, do you want people to say so clearly?"

Song Rumei complained a few words, and pedaled on his Hummer.

But she just started the fire, and before she could start it, she received a phone call, "Miss is not good, madam has been kidnapped."

"What?" Song Rumei's face suddenly changed. Without any hesitation, she drove directly to the villa.

When she returned to the villa, Zhong Pengcheng, Zhong Daliang and his family had already arrived. Their faces were gloomy.

The whole villa was in a mess, with tables and chairs overturned, and scattered blood on the ground.

Song Rumei looked at the monitor and found that it was done by three masked people. One of them was still very big, and her strong figure gave people a heavy feeling.

"What's the matter? How could my mother be kidnapped? Who did it?" Song Rumei asked coldly.

He didn't like the Zhong family, but he still had feelings for Zhong LAN, and even recognized the mother in his heart.

Song Rumei was not surprised by the appearance of Zhong Pengcheng and others. Although they didn't agree with their mother, they even fell out.

But no matter how to say, mother is also Zhong family, now mother is tied away, Zhong Pengcheng and others come here is understandable.

"We don't know. When we got the news and got here, my wife had been taken away."

Zhong Pengcheng said, "when my wife came to Jinzhou, she couldn't even get out the door of the villa. She stayed at home all day and didn't offend anyone. Now my wife has been kidnapped. It's a bit of an accident. "

"Did you call the police?" Song Rumei is not happy with Zhong Pengcheng and others, but this time is not the time to attack. She asks coldly.

"Not yet. I'm afraid that calling the police will make the bandits tear up their tickets and rush to the wall." Zhong Pengcheng said, "but you can rest assured that we have arranged for people to go out and look for them."

"As long as they are still in Jinzhou, we can dig them out. He dares to kidnap our Zhong family. It's a bear's heart and a leopard's gall. "

Song Rumei hated Zhong Pengcheng's tone, but she couldn't care about it at this time. She asked again, "did the kidnapper call? He must have a purpose to kidnap his mother?"

"I haven't called yet." Zhong Pengcheng just said here, his phone rang up, "Zhong Pengcheng, want to save Zhong LAN, you come here alone."

"We're at pier 3 of Wujiang River. We'll give you an hour. We're not waiting on time. Remember, don't call the police, don't bring people, or we will tear up the ticket. "

The voice on the other end of the phone is cold, without any emotion.

Because the volume of Zhong Pengcheng's mobile phone is very high, song Rumei and others listen very clearly.

Even song Rumei felt that the voice was a little familiar. Just because she didn't answer the phone, she didn't really listen, and now she's worried about her mother, so she doesn't care much.

"OK, I'll be right there." Zhong Pengcheng no nonsense, finished hanging up the phone.

"Prepare the car for me, and then call up a hundred good hands. I'd like to see who is so bold and dares to use his wife to deal with me."

Zhong Pengcheng said, directly out of the villa, Zhong Daliang and others are behind.

As for the kidnappers, if they don't take people with them, they all take it as fart.

Song Rumei Leng for a while, also followed up.

The party soon came to the ready car. Zhong Pengcheng looked back at the people and said again,

"everyone's phone is off. The kidnapper is cunning. I'm afraid he can locate his mobile phone."

With that, he also looked at Song Rumei, "especially you, mobile phones must not be turned on. Now with such advanced technology, we don't know who the kidnappers are. We must be careful."

"If you are really worried about your wife's safety, either turn off the power and go with us, or wait for news in the villa."

Song Rumei listening to this, first Leng for a while, and then chose to shut down. She knew what Zhong Pengcheng said was reasonable, and she didn't want to hurt her mother.

Wang Fan an Bao company.

A Biao is sitting in the office drinking tea to rest, but his mobile phone is beeping.

He grabbed the mobile phone and saw that it was his sister's phone. There was a trace of tenderness in his eyes, and then he got through,

"ah Xuan, I'm sorry, I'm a little busy, so I won't go back in the evening. You don't want to cook for me these days. After a few days, I'll take you to have fun. ""Hey, hey, hey." As soon as a Biao's voice fell, there was a smile from the other end of the phone, "is a Biao really a good brother?"

"Your sister is in my hands. If you don't want her to have something to do, you can come to Wujiang wharf 3 alone. I'll give you twenty minutes. If you can't come, your sister will be miserable. "

"Haha, this chick is still very watery. I can't wait. Haha."

Boom.

When a Biao listened to this, his warm eyes were sharp, and the breath of wild animals burst out.

"Who are you, I warn you, it's better not to touch my sister. If she loses a hair, I want you to die. "

The sound of gnashing teeth leaped out from between the teeth, as if from hell on earth.

The icy words, the bone piercing words, make the people on the other end of the phone feel palpitation.

Short silence, the voice of the other end of the phone came again, the voice has no longer the previous Yinrou, "twenty minutes, one second later, I will move your sister."

Click.

With that, the other party hung up.

"Son of a bitch." A Biao's eyes burst out bloodthirsty cold light, under the strong, the mobile phone began to click, as if it would be crushed at any time.

However, he soon returned to normal and stormed out of the company.

In the underground garage, Wang fancai had just stopped his Benz when the telephone rang.

"Who is it?" Wang Fan's smilingly connected, but the next second, his expression was stagnant in vain, his eyes flashed cold light.

"Song Rumei is here with me. She wants to live and come to Wujiang wharf 3 by herself." A grim voice came from the other end of the phone.

"Zhong Pengcheng?" Wang Fan's eyes narrowed and his voice filled with fright, "you are looking for death! I tell you, Mr. Song is short of a hair. I'll uproot your Zhong family! "

Short words, but show a strong momentum, let people cold from the bottom of my heart.

Wang Fan finished, did not give Zhong Pengcheng the opportunity to reply, directly hung up the phone.

He didn't rush to Wujiang wharf like crazy, but dialed song Rumei.

But what makes him uneasy is that song Rumei's phone has been turned off.
