

## **MIGHTY SK 461**

### **Chapter 461**

"I want to ask, is it the kind of personal protection, eating, drinking, living and sleeping together?" Wang Fan asked, then pinched his finger and began to calculate:

"the price of packing me is 10 million yuan a month. If you give 50% discount here, it will be 5 million yuan. Five million a day, less than 167000 a day. "

"In addition to being a bodyguard, it's hard to avoid bumps. It's sure to be dangerous. You'll get 50000 yuan a day."

"167000 plus 50000, 217000. Even if I am more generous and erase the change, I will get 200000 at least in one day, and 600000 in three days."

At this point, Wang Fan widened his eyes, and then grabbed the agreement. Without looking at it, he tore it to pieces.

"600000 is already a discount. You only gave me 100000. How can you send beggars? I won't do such a loss making business! "

Lin Ruoxue looks confused.

She originally thought that if she gave Wang Fan a hundred thousand yuan in three days, Wang Fan would definitely sign his name and flatter him. But I didn't expect that Wang Fan tore up the agreement and said he wanted 600000.

Nima, do you think you are the bodyguard of Zhongnanhai?

"Don't be greedy, Wang!" Lin Ruoxue's arrogant and rapid ups and downs, stretched out her slender jade finger and angrily pointed to Wang Fan:

"your security company has just been established for less than half a year, and it has already paid you 100000 yuan in three days. You can't be shameless."

"Too little, isn't it? If I add another 100000, I'll sign the bill immediately. If I don't, I'll leave immediately!"

She thinks that Wang fan is in the pinch, want to sit on the ground price.

If it wasn't for the conflict between Wang Fan and song Rumei, she would not have hired Wang Fan, even if it was for Wang Fan's money.

It's really hateful. Lin Ruoxue is always on top of the world. How ever did she get such bird spirit.

"You go." Wang Fan was very impolite and waved, "600000 is already for the sake of our acquaintances. I gave you a discount, but you only gave me 200000. Who do you despise?"

Wang Fan hummed, very dissatisfied, "I work hard in bed, and I have to work hard under the bed. Maybe my life is still in danger. If you want to make such a loss, you should be wise. "

On bed power, under bed power?

Lin Ruoxue was about to vomit blood. He said, "300000!"

She's a little crazy. The devil wants Wang Fan to help out in bed. She swore in her heart that when she hired Wang Fan, she would humiliate him and show her evil spirit.

"Mr. Lin, please come back." Wang Fan was not moved. "I said that 600000 is already a discount, but you hit me in the face again and again, either 100000 or 200000, and now it's 300000."

"I tell you, you pissed me off. If you don't have a million, don't talk about it." Wang Fan looks very angry, but he is happy in his heart.

He so stimulates Lin Ruoxue, also calculate to give song Rumei ruthlessly out of a bad breath?

I really want to record Lin Ruoxue's expression at this time, and then show it to song Rumei. Maybe their mustard will ease.

"Wang Fan, don't be shameful! Mr. Lin is very lucky to hire you. Don't start from the ground! "

"What's the matter? Do you dare to insult Mr. Lin again? Do you believe me to tear your mouth?"

A bodyguard who can't stand Wang Fan for a long time, angrily stands out and points to Wang Fan's nose to show off his power.

Lin Ruoxue is their goddess. She is sacred and inviolable. However, Wang Fan teases her again and again. She is looking for death.

Especially Wang Fan's unbridled eyes, he felt that his beloved things were robbed, and his heart was like a knife.

Pop.

Wang fan is not polite. He slaps the bodyguard in the face and flies him out, disdaining him.

"What's the matter? The master talks. When is it the dog's turn to interrupt? Are there any rules?"

Wang Fan said, looking at Lin Ruoxue, "Mr. Lin, you have to take care of your dog. It's too disobedient. He's just smearing you. "

"You." The bodyguard is mad and wants to pick up Wang Fan, but he is stopped by Lin Ruoxue.

"Wang Fan, don't go too far. Even if my dog has no rules, it's not up to you. "

The bodyguard was even more furious and clenched his fists. "Aren't you also a bad bodyguard? Pretend to be anything. Wait for me. When you become President Lin's bodyguard, I'll see how I deal with you."

"Ah, ah, I'm scared to death." Wang Fan was scared to shrink back, and immediately said, "Mr. Lin, you don't have five million dollars in this business. I won't take it."

"It's terrible. It's too dangerous not only to fight against foreign enemies in bed, but also to guard against internal fighting."

"You The bodyguard was furious.

Lin Ruoxue is also mad.

"What are you? I'm not president Lin's bodyguard now. Laozi is the chairman of Wang fan'anbao company, and President Lin is talking business with Laozi. You're beeping. Do you believe I'll slap you again? "

Wang fan head high, a proud face, unbridled face. Lin Ruoxue is very angry. She has never seen such a shameless person as Wang Fan.

Three days, five million. Why don't you rob it?

She took a deep breath, took out a check, swished out five million, slapped in front of Wang Fan, "this is five million, take it."

With that, she looked at the assistant behind her, "assistant Zhang, draw up the agreement for him and sign it immediately."

"Wait a minute." Wang Fan waved quickly.

"What else can I do for you?" Lin Ruoxue asked.

If it wasn't for Wang Fan to be her bodyguard or to stimulate song Rumei, she would have slapped her in the face.

"It must be clearly stated in the agreement that I am the first bodyguard and I am equal to President Lin. I'm free, except in bed, and Lin is always in danger. "

"I can't be insulted by anyone's words, otherwise, I won't take this list."

Wang Fanfei said quickly.

Lin Ruoxue is about to get angry. She is hiring a bodyguard, not an uncle.

But she also saw that Wang Fan was so reckless that she obviously didn't want to take her list.

She held back her anger and waved, "write it to him."

The bodyguard was in a hurry. "Mr. Lin, think twice. Who does he think he is? He can't be so indulgent."

Pop.

Lin Ruoxue's anger seemed to find a vent and slapped the bodyguard in the face, "shut up, when is it your turn to question my decision?"

She said, looking at the assistant, "write it for him!"

Assistant Leng for a while, without the slightest hesitation, immediately draw up.

Wang Fan opens his mouth wide. NIMA, what are you doing?

He had some regrets.

I underestimated Lin Ruoxue.

"Mr. Lin, I think elder brother bodyguard is right. You should think twice. You can't indulge me like this."

"Why do you want to go back?" Lin Ruoxue eyebrows pick, "are you playing with me?"

She raised her mobile phone and said, "I've recorded what I said just now. You, the chairman of the board of directors, are you going to turn your security company on?"

The trough.

Wang Fan felt that he had fallen into the pit again.

Looking at the agreement drawn up, Wang Fan was helpless and trembled to sign it.

He can't let the company be ruined in his own hands.

An hour later, Wang Fan left the hospital beside Lin Ruoxue with a depressed face and asked: "Mr. Lin,

where are we going? Can I go home and have a meal? I've been in the hospital for seven days, and I've got no oil in my stomach. "

Lin Ruoxue looked at Wang Fan and said, "go to Yindi group. Don't worry, I won't delay your meal. I'll let you go when I get to silverland. "

Wang Fan knelt down in an instant.

## **Chapter 462**

"Well, Mr. Lin, can I go to the toilet? I can't hold it." Wang Fan said pitifully.

This Lin Ruoxue is really NIMA's scheming whore. She even takes herself to Yindi group.

It can be imagined that if song Rumei sees herself with Lin Ruoxue, the misunderstanding between them can't be solved.

"Yes, I'll follow you, but if you dare to slip away, I'll let someone smash your security company." Lin said.

"Well, forget it." Wang Fan rubs his head and goes to Lin Ruoxue's room.

This NIMA is really playing big, he is thinking about how to get out.

"Where are you going? Is Mr. Lin's car available for you? Get out of here

The bodyguard watched Wang Fan go to Lin Ruoxue's car. He vomited blood and couldn't help drinking again.

Lin Ruoxue's car, has never been a man up it, Wang Fan as a bodyguard, unexpectedly want to with Lin Ruoxue with the car, how can this?

Even if Lin Ruoxue is worried about safety and needs bodyguards' personal protection, he should be the first bodyguard. When is it Wang Fan's turn?

"Ah?" Wang Fan opened his mouth, and then excited, "that's great. I don't want to go up yet. Mr. Lin, it's your people who won't let me get on the bus. Goodbye. "

Wang Fan said happily and turned to leave.

Lin Ruoxue's eyes are quick and quick. She grabs Wang Fan and looks at the bodyguard. She looks angry and says, "shut up

She scolded, did not hesitate to pull Wang Fan up, and then bang, closed the door.

The bodyguard was about to vomit blood, but he had nothing to do.

He looked at Wang Fan who went to the back seat of Lincoln with Lin Ruoxue, clenched his fists and flushed his eyes.

Son of a bitch, sooner or later he will show Wang Fan.

"Oh, it hurts. It hurts. Mr. Lin, you hurt me. But I like it. I like a strong woman like you. "

Wang Fan cried, lying on Lin Ruoxue's legs, taking advantage of her hands wantonly.

This woman wants to make use of herself, so she's so sorry for herself. But not to mention, Lin Ruoxue's elasticity is very good, slippery and greasy.

"Get up, you get up for me." Lin Ruoxue is just like a lioness who has stepped on her tail. She cries out in shame and anger and pulls Wang Fan hard.

It's just that Wang Fan's arms are too tight to help.

She wanted to cry without tears.

It's the first time that she has been so indecent by a big man.

She looked at Wang Fan lying on her lap and felt Wang Fan's breath. At the same time, she felt a little strange.

Hateful. It's really hateful.

She was at a loss.

In front, the beautiful woman driver looked at the scene and opened her mouth, but she soon took back her sight and did not dare to see it again.

Lin Ruoxue is still very authoritative. She doesn't dare to make her angry.

Wang Fan took advantage of it, then got up, looked around and said excitedly, "Mr. Lin, let's start now."

"I've never played in a Lincoln before. It's big enough. It's leather. It's absolutely exciting."

"Go away!" Lin Ruoxue was so angry that she couldn't help shouting.

Just as her voice just fell, Wang Fan simply opened the door and ran down.

"You told me to get out of here. Mr. Lin's words are very good. I can't go back on them. Bye." Wang fan is very happy, this time, this woman can't find the pattern.

Lin Ruoxue realized that she had been cheated and showed half of her body to pull Wang Fan, but she didn't pull him. She could only stamp her feet.

No one found out. In a car not far away, a man saw all this and took several pictures with a click.

Yindi group, president office.

Song Rumei stood in front of the huge French window, looking very sad.

Zhong LAN is seriously injured and has been sent to Beijing for treatment. When she leaves, she wants to go with her, but she doesn't know why. She can't bear to leave.

Since that night, Zhong Pengcheng has lost contact, Zhong's employees have resigned one after another, and Yindi group has taken control of her again. But even so, she is still not happy.

Three days ago, Wang Fan also called her, but she was angry to hang up directly. These days, when she wanted to receive a call from Wang Fan, Wang Fan didn't call at all.

She holds the mobile phone, wants to call Wang Fan, wants Wang Fan to give her an explanation. But after pressing the number, she didn't press the dial-through key.

She is waiting, waiting for Wang Fan to take the initiative to call, or to give her an explanation in person.

Drop by drop.

A rush of mobile phone voice, song Rumei excited to open the phone, but soon, her face became gray.

She didn't wait for Wang Fan's information, but saw a picture that made her feel like a knife.

Wang Fan, even with Lin Ruoxue, seems to be very close. Click.

The mobile phone fell to the ground, and song Rumei burst into tears.

Five minutes later, she wiped the tears from the corners of her eyes, and her eyes became dead.

Her heart is dead.

After another five minutes, song Rumei picked up her mobile phone and dialed out a phone call, "Miss Bai, I promise your request. I'll follow you to Beijing."

After dialing the phone, song Rumei left Yindi.

An hour later, a plane took off and headed for the capital.

Wang Fan eats something and goes to Yindi group. When he arrives, he is told that song Rumei has left.

Wang Fan, unwilling, rushed to song Rumei's villa, but the villa was empty, and there was no one.

Wang Fan calls, but the display is off.

He suddenly had a bad premonition. On the one hand, he asked heiluocha to send someone to inquire about song Rumei's trace, and on the other hand, he went crazy to search all over the world.

He went to the bar, restaurant, milk tea shop, coffee shop and even the beach where they went for a long time, but got nothing.

Is she really not willing to believe in herself and Zhong LAN? Is she really going to break up with herself?

Wang Fan's sorrow is greater than his heart's death.

Just when he was at a loss, heiluocha called.

Song Rumei has left Jinzhou for the capital.

Yindi group has also changed its ownership and was acquired by Lin Ruoxue.

Wang Fan listens to this news, the brain roars, a blank.

For a long time, he laughed wildly: more than a year of feelings, more than a year of sharing weal and woe, countless times to save song Rumei and in trouble, in the end, he really can't compare with Zhong LAN.

Song Rumei would rather believe Zhong LAN. She would rather break up with herself and go to the capital than believe herself.

It's ridiculous. It's ridiculous.

It's just that all this has never happened.

Wang Fan murmured and went to the bar to get drunk.

His heart, really hurt.

The heat wave is rolling, the heavy metal music is booming, and countless men and women are writhing on the dance floor.

Enchanting posture, large-scale dance, hot and provocative action, can not attract Wang Fan's attention.

In his eyes, there was only wine in front of him.

Why is he here Not far away, a woman who was also drunk looked at Wang Fan with a surprise in her eyes.

Although she came to get drunk, she was not as crazy as Wang Fan. Wang Fan was just drinking to death.

With unbearable, she refused a few to take advantage of the sex wolf, step by step toward Wang Fan.

### **Chapter 463**

"Sir, you can't drink any more, you'll be drunk." The woman soon came to Wang Fan and advised him.

Wang Fan glanced at the woman and waved impolitely, "go away, don't bother me."

He said, holding up his glass and peeping to the bottom.

Woman Leng for a while, quickly pressed Wang Fan's hand, "you really can't drink, don't drink any more."

"I told you to go away, didn't you hear me? I'm not interested in you. Get out of here! " Wang Fan said impolitely, Shua Shua took out a pile of banknotes and threw them on the table.

"Don't you just want money? Here you are. Get out of here at once!" Wang Fan's heart is very uncomfortable, so his attitude is very bad.

He is a heavy emotional person, but now in exchange for song Rumei's distrust, he is heartbroken.

Wang fan is not a man who can't afford to lose, nor can he afford to bear, but he is still suffering.

The woman took a look at Wang Fan, who had a bad attitude, and then at the bank note that was patted on the table. There was a gray look in her eyes, and tears could not help flowing out.

She came to persuade Wang Fan, for the sake of Wang Fan's good, but now in exchange for Wang Fan's humiliation, she can't accept it.

She didn't try to persuade Wang fan or take the money on the table. She got up and planned to leave.

She didn't want to find discomfort, let alone shame.

"You son of a bitch, are you refusing me for the sake of this little white face? Damn, where can I not compare with him? "

Before the woman left, a rough voice came. A muscular man with four or five younger brothers came to the woman.

He angrily pointed to the woman and swore, "are you a bitch? I'll take the initiative to find you, but you'll refuse. People don't look up to you, but you actually paste it upside down. Are you cheap? "

Said, he also looked at Wang Fan, "Damn, drink into this bird like, also NIMA pretend than. When is it your turn to yell at the woman I like? "

Looking at the muscular man, the woman changed her face and said, "brother tiger, I'm not that kind of person. I'm sorry."

She said, and then pointed to Wang Fan quickly get rid of the relationship, "I come to wine is not like him, but because he is a friend of mine, you don't want to think."

"Think more? When did I think more? Bitch, you betrayed him in Liding commercial building, and he and his party died miserably. "

"If it wasn't for Lao Tzu's pressure, you would have been killed by the people of the Black Wolf Gang."

"I'll ask you whether you want me to be a woman or not. If you dare to refuse, I'll poke your affairs out directly, and some people will deal with you. "

Zhang Hu pointed to the woman and said.

Zhang Hu is a small leader of the crocodile Gang, and the woman is no one else. It was in Liding commercial building that he took Wang Fan to find song Rumei's shopping guide, Ning Yao.

After that, Ning Yao knew that she couldn't stay in Liding commercial building, so she decided to leave.

Zhang Hu, who is obsessed with Ning Yao, knows about this, so he tries to suppress it, trying to make Ning Yao submit and throw himself into his arms.

But who knows, no matter he bullied, lured, or dogged, Ning Yao would rather die than follow.

These days, the rascals who are a little bit aggressive are not strong at women. They all want to impress them with their skills.

Zhang Hu is no exception.

But he couldn't stand being rejected again and again.

"Tiger brother, I'm not that kind of person. I know you are good to me, but I don't feel for you. I just treat you as my brother."

Ning Yao begged, "isn't it good for us to be brothers and sisters? Do you have to force me like this?"

"Brother and sister? Who the hell is going to be your brother and sister? " Zhang Hu was very angry, "brother and sister, as for me to play with you so patiently?"

"It seems that you don't want to follow Lao Tzu. Well, Lao Tzu will abandon you as a drunkard friend first, and then force you on. Tomorrow, I'll tell you that you killed him."

Zhang Hu yelled, went directly to Wang Fan and said, "drink, drink NIMA, drink, come on, get up, kneel down for me."

Shasha Gang, a new black force in Jinzhou City, is as powerful as Wulang gang. That's why Zhang Hu dares to fight against Wulang gang and protect Ning Yao.

Similarly, because Zhang Hu has a shark Gang background, he doesn't pay attention to Wang Fan at all.

"On your knees?" Wang Fan raised his head for the first time and looked coldly at Zhang Hu, "who do you want to kneel?"

Wang Fan tone indifference, "while I'm not angry, hurry to roll, don't bother me, otherwise, I let you kneel down."

Wang fan is a little angry in his heart. He doesn't let people have a good time drinking. Some annoying flies are coming. Do you want people to live?

"What did you say? Can you say that again? " Zhang Hu was angry in an instant!

Since Zhang Hu became the leader of the shark Gang, when did anyone dare to fight in the face like this? What's more, the other party is still a drunkard.

"Damn, how can you talk to tiger brother? Do you want to die?" "Don't you dare to beep, believe me to stab you with a knife?"

"Are you tired of NIMA's work?"

A few doglegs are also clamoring one after another, Hua La takes out a knife, flaunt one's might.

Ning Yao face big change, "misunderstanding, misunderstanding, you don't like this."

She looked at Zhang Hu, "brother tiger, forget it. I'll go with you. Don't hurt him."

Although Ning Yao knows Wang fan is powerful, Zhang Hu is not easy to provoke. That's the man of the underworld who always stabs people with knives.

Don't say that Wang fan can provoke Zhang Hu. Even if Wang fan can, how can he fight with Zhang Hu?

"Go? It's too late Zhang Hu pulls Ning Yao apart and looks at Wang Fan. "Damn, you dare to challenge me, Zhang Hu. You are very kind!"

As soon as his words were finished, Wang Fan had grabbed the bottle and smashed it on his head.

Wow.

The bottle burst, Zhang Hu also staggered back three steps, head broken blood.

"Ink!" Wang Fan cold drink out a, two wine cups smashed out again, "let you roll, you don't roll, deserve to find beat!"

He said, rushed forward, grabbed the dizzy Zhang Hu who was hit by the wine glass, and stepped on his feet.

Click!

Click!

Zhang Hu suddenly broke his bones and fell to the ground. His mouth opened and he screamed bitterly.

Ning Yao is stupid.

Those doglegs are stupid.

No one thought that Wang Fan, who looked drunk and had no fighting power before, would suddenly become so cruel.

The scene was dead in an instant.

In the short silence, Zhang Hu was the first to come back to his senses and yelled bitterly, "kill him, kill him for me! Damn, I dare to waste my legs, I want him to die! "

The most venomous voice came out, dogleg first was a Leng, and then frantically rushed to Wang Fan, shouting at the same time, "brother tiger has been beaten, someone has smashed the field!"

A roar, the bar instant chaos.

This is the territory of the shark gang. Some people beat Zhang Hu and smash the field. They are tired of living.

Hula.

Around the moment, countless people rushed to Wang fan like wolves.

Wang Fan Leng for a moment, instantly awakened.

He pulls up Ning Yao who is at a loss and runs away.

#### **Chapter 464**

With the bright sunshine on his face, Wang Fan frowned and opened his eyes.

He felt that he had become a soft footed shrimp. His whole body was soft, without any strength, and his whole body was extremely sore.

"Ah, where is this? What happened." Wang Fan sat up from the bed, the next second, he suddenly surprised, quickly lay back.

He was naked.

Wang Fan awoke in an instant and found that it was a hotel room.

The room is in a mess. The tables, chairs and sofas have been misplaced. The most important thing is that a hole has been cut under the waist of the sheet, and there seems to be scattered blood around.

Wang Fan looked at the scene and his mind was blank.

"Ning Yao!"

He yelled, but no one answered. He ran to the bathroom and swept around. It was empty. There was no one there.

He remembered that last night, after taking Ning Yao on the road, they found a big stall and drank a lot. Then, he didn't remember anything. Wake up, it's already like this.

Booze, booze, booze, booze, booze, booze, booze.

Wang Fan didn't think much about it. He washed and dressed quickly and ran out of the hotel. But the receptionist told Wang fan that Ning Yao had left more than an hour ago.

Wang Fan spent thousands of yuan to monitor. Ning Yao limped away from the corner of the wall.

Wang Fan felt so guilty that he put others to sleep.

He wanted to call, but he didn't know Ning Yao's number, so he had to give up.

Just as Wang Fan thought about it, he went to Liding commercial building to see if he could find Ning Yao's telephone number, and asked Qin xuehei to help him find it, his mobile phone rang.

"Wang Shao, Muqian wants to see you."

Hei Luocho said hastily, "she said that she has made an agreement with Li Wuji and will meet at noon. But she is not at ease when you are not around. She asks you to go with her. "

"OK, I'll be right there." Wang Fan rubs his headache and rushes to Qihong villa.

Muqianxin is the first big customer and the first big order of the security company. Wang Fan also wants to solve the problem of muqianxin as soon as possible and complete the list.

As for Ning Yao's side, we can only deal with the affairs of Mu Qianxin.

Forty minutes later, Wang Fan came to Xiangyuan villa.

Curtain thousand heart has put on a suit, sitting in the living room sofa. The ashtray in front of her also had several cigarette ends, obviously waiting for a long time.

The curtain thousand heart see Wang Fan come, quickly stand up, show a smile to welcome up, "Wang Shao, I've been waiting for you for a long time."

"I've already talked with Li Wuji. I'll meet him on the sea at noon. Although Miss Black has no strength, I'm not sure. So I want you to go with me. Do you have time? "

Mu Qianxin's attitude is very low. She is clearly an employer, but it's like asking Wang Fan to escort her.

Wang Fan looks at mu Qianxin's watery eyes and her expectant eyes. He says that it's a waste for this woman not to act.

He didn't refuse and nodded directly, "this is what I should do. When should I start?"

"The sooner the better." The curtain thousand heart says.

After they had a good talk, Wang Fan called heiluocha to one side, "heiluocha, please help me check the whereabouts of Ning Yao, the shopping guide of Liding commercial building."

"Send a few people to protect her secretly, and don't let her be hurt. I'll call you when I'm finished."

Wang Fan vaguely remembers that last night's Zhang Hu was from the shark Gang, and Zhang Hu threatened Ning Yao to surrender with the threat of Dong Ben's affairs.

In other words, if not, the shark Gang, the Black Wolf Gang and all will attack Ning Yao. Wang Fan has to be cautious.

"Yes, Wang Shao." Heiluocha nodded, then looked at muqianxin in the distance and said in a low voice,

"Miss Mu went out alone yesterday afternoon on the pretext of shopping. She went to yaoge garden and didn't know who she met."

"I wanted people to follow me to inquire, but all the spies I sent out were pulled out, so I didn't get any useful information."

"I inquired about it. Yaoge garden has been bought some time ago. The defense is very tight. Obviously, the people in it are unusual."

Heiluocha has a dignified look. The spies she trained dare not say that they are none in the world. At least they are the elites among the elites, but they are unconsciously pulled out. It is obvious that the other party is not simple.

"Oh?" Wang Fan frowned for a moment, instantly thought, the people inside will be the curtain thousand heart backstage.

But he didn't pay much attention to it. "Yao Ge yuan, just send someone to pay attention to it. Don't get close to it, and don't let your own people get into danger."

"No matter who they are, as long as they don't offend us, they don't need to pay any attention. We just need to garrison the base camp and finish the list of muqianxin as soon as possible. "

"The water in Jinzhou is a little muddy recently. There are not only Zhong family, but also shark gang and Black Wolf Gang. It seems that there is a big move. We should try not to get involved in the muddy water."Although Wang Fan said so, he had no music in his heart.

Dong Ben's affair has made him offend the Black Wolf Gang. Last night, because of Ning Yao, he offended the shark gang.

It's obviously difficult for him not to get involved in the muddy water.

Fortunately, whether it's the Black Wolf Gang or the shark Gang, they don't know his identity, so he won't be locked so quickly.

After the arrangement of heiluocha, Wang Fan rushed to the sea with muqianxin.

Black Luo Cha wants to go with, Wang fan does not agree.

In addition to the fact that Ning Yao's affairs need to be followed by heiluocha himself, Li Wuji and Wang

Fan think that they can be handled by one person. If there are too many people, they are likely to become cannon fodder and cause accidents.

Sea world, paradise for the rich.

It is said that the boss's background is in the capital, and the energy is terrible, so no one dares to make trouble here. It's absolutely safe.

Of course, it has become a safe haven for some people to escape, and even some dark transactions will be conducted here.

Although the boss of the sea world knows these things, he doesn't mind at all. As long as you have money, he doesn't care what you do here, let alone whether you escape the pursuit.

The reason why muqianxin chose to meet with Li Wuji in the world of the sea is that he naturally takes a fancy to the background of the boss behind the scenes and the safety here.

However, even so, she was not sure about Li Wuji's madman, which brought Wang Fan this reassurance.

By the time they arrived, there were already a lot of luxury cars on the sea, and all the people in and out of the gate were high-energy, beautiful and full of force.

Wang Fan found a remote corner to stop the car, and then put on a pair of sunglasses, followed the curtain thousands of heart behind entered, full of the role of follower.

"Hello, welcome." Crisp voice, a tall maid came forward, tall body, not vulgar temperament, attracted Wang Fan's attention.

His eyes hidden behind the sunglasses, in each other's body unscrupulously scan a circle, especially in each other's faint visible white legs, with spring on the tender chest stay a few seconds, this is reluctant to give up to take back the line of sight.

Wang Fan didn't speak because he was just a valet. His eyes swept the hall, looking at every probe, every passage. In my mind, I also calculate the best escape route in case of conflict.

## **Chapter 465**

"Private room 8." Mu Qian's heart nodded slightly, and the tall lady gave a smile, then walked with curly steps, twisted the water snake belt, and they went forward.

Room 8 is on the first floor, which is also selected by muqianxin himself. Obviously, she was afraid of Li Wuji's tricks and chose the first floor.

In this way, even if there is a conflict, muqianxin can easily escape with the help of Wang Fan.

I have to say that muqianxin is very careful and cautious.

Through the corridor, about five minutes later, Gao Tiao and Wang Fan came to the door of No. 8 private room.

"Please." She politely toward Wang Fan two people said, then smile back.

Wang Fan's eyes inadvertently swept around a few private rooms, showing a playful look in his eyes.

These private rooms are full. Most of them are fierce men, obviously not like dignitaries, but more like bodyguards and thugs.

Obviously, those are all Li Wuji's people. Today's negotiations are likely to be unexpected.

In the same way, there are two burly bodyguards standing at the door of No. 8 private room. They are just like door gods standing on both sides of the door, releasing terror.

Muqianxin takes a deep breath, "I'm muqianxin. Let me in."

"Miss screen, please." Two bodyguards did not embarrass, get out of the way, and respectfully made a please gesture.

Muqianxin didn't talk much, but Wang Fan was stopped when he wanted to enter.

"Li Shao said that she could only go in alone and wait outside." The voice of bodyguard has no emotion, indifference says.

The curtain thousand heart listens to this words, the facial expression immediately gloomy get up, she is going to scold, but be interrupted by Wang Fan.

"Miss mu, since Li Shao has said that, you can go in first. It doesn't matter if I wait outside for a while. Don't worry, I won't be bored with these two big brothers with me. "

Wang Fan was very soft, and showed endless flattery and flattery to Li Wuji in his words: "Li shaoke is a young master of the Li family, a celebrity and a dignitary. We naturally want to give him this face. I also believe that Li Shao will not mess with you. "

Curtain thousand heart frowned, almost no old blood spit out.

If Wang Fan didn't help her kill Hanzhong five tigers and Xiang Yang two dogs before, she had some doubts about whether Wang Fan was bribed by Li Wuji and sold himself.

She was about to speak, but Wang Fan winked at her, which forced her to be unhappy and enter alone.

Looking at Wang Fan's performance, the two bodyguards hummed, then raised their heads with pride, their nostrils turned to the sky and their faces disdainful.

This silly bodyguard must be frightened by Li Shao's bad name, otherwise he would not be so smart. Thanks to Wang Fan's wisdom, otherwise their fists would be very powerful.

"You, just stand here, or I will teach you to be a good man." A bodyguard looked down at Wang Fan and hummed.

Just his words haven't finished, Wang Fan jumped to the distance, directly took his words as a deaf ear.

He is red in the face and red in the ears. He is going to attack and catch up with Wang Fan to teach him a lesson. But see Wang Fan has run to the distance to see a group of dressed obviously extraordinary young Qian Jin in front of.

"Ah, sister Tyrannosaurus Rex, it's you. Why are you here? We are so predestined. By the way, are you here for dinner? I didn't eat either. Let's go together. "

"By the way, are these your friends? Tut Tut, they are so high-end and elegant. They don't mind an extra pair of chopsticks, do they? "

Wang Fan excitedly said, has seized one of the charming woman's small hand, "that day a farewell, such as three autumn ah, by the way, your fruit machine OK?"

A group of people were talking and laughing. Suddenly, Wang Fan, a funny guy, just looked silly.

That coquettish woman is one Leng more, immediately after burst into a rage, "son of a bitch, is it you?"

She angrily scolded a, draw out small hand, a lift Yin leg toward Wang Fan split past, fast like lightning.

That posture, that movement, that fierce degree, without thousands of times of tempering, absolutely can't achieve this effect.

"Ouch." Wang Fan screamed and jumped up quickly, "there's no need to be so cruel, right? It's good to know each other, and you'll be relieved. "

"You're a disciple. You've repeatedly provoked me, and you dare to eat my tofu. If I don't kill you, how can I get along with you?"

Lu quietly is very angry, two times to see Wang Fan, almost be angry half dead. This third time, Wang Fan even grabbed her little hand in front of so many friends. This is a great shame.

When did Lu Qiao lose so much? If she hadn't been able to find Wang Fan, I'm afraid she would have chopped Wang Fan to death.

"Oh, I'm wrong. I'm wrong. Please calm down. It's just a meal. How can I be so angry? I'll eat it myself if you don't invite me. "

Wang Fan said, and in the small hands of Lu quietly grabbed a, and then pretended to inadvertently sweep the next compartment a look, and ran away."Son of a bitch." Lu Qiaoqi's jumping foot, is going to chase, but is pulled by a friend nearby.

"Qiao Qiao, there are plenty of opportunities to deal with him. Besides, Miss Meng Shaobai is already inside. Let's not make jokes in front of them. "

Advised a young man who looked extraordinary.

In a few words, he has recognized that Wang Fan has offended Lu Qiao. Although he couldn't figure out what Wang Fan meant by this move, he didn't want to make trouble at this time.

"Damn it, take advantage of that son of a bitch. If you dare to challenge Miss Ben, you will chop him to death sooner or later. " Lu quietly stamped his feet hard and could only bear it for a while.

"You stare at him and see which compartment he goes to." The young man said to a bodyguard behind him, and then led several people to enter quietly.

"Pretty, which one doesn't have long eyes makes you unhappy. Do you want mengge to help you clean up the things that don't have long eyes?"

In the private room, a gentle and elegant young man looked at Lu Qiao with a gentle smile and said, "I heard your voice all the way."

"Mengo." Seeing the young man, Lu Qiao's displeasure suddenly disappeared, and a shy smile appeared. "It's nothing. It's just a wimp. She can handle it by herself."

Lu Qiao is as clever as a cat in front of Meng Shao. There is love in her eyes. How can she be half domineering in front of Wang Fan?

"Hum." Meng Shao hasn't spoken yet, and a woman with extraordinary status nearby has already said, "I think it must be Qiao Qiao who has offended others. Her temper, Meng Shao, you don't know. You have to change it."

Obviously, this woman is not interested in Lu quietly.

"Bai Qingying, who do you say?" Lu Qiao is very angry. She is about to slap the table, but Meng Shao stops her. "Don't say a few words. Don't hurt the harmony because of outsiders."

The two girls all gave a cold hum, turned their heads to one side, and ignored each other. Only to Meng

Shao, they are very obedient.

Love triangle!

Wang Fan teases Lu Qiao and confirms that the person in the private room is Meng Bowen and Bai Qingying. When his goal is achieved, he leaves with a smile.

The reason why he molested Lu Qiao was not a whim, but to determine whether the people in the private room were the two gods.

Because he had previously swept into the Meng Bai two people, but did not see clearly, not sure, this deliberately staged such a.

Confirmed that the private room is Meng Bai two people, Wang Fan to Li Wuji have a bit of assurance, happy to come to the 8 private room.

He hummed happily, and was about to enter, but was stopped by the left bodyguard.

"Damn, I want you to stay here. Don't you understand? Take Lao Tzu's words for granted? Do you owe me a beating? "

#### **Chapter 466**

"Big brother, we are all bodyguards, so there's no need to embarrass me? You Li Shao are big men. I understand you don't want to go in. "

"But miss Mu is a beautiful woman. If there is any danger in it, how can you deal with it? I can't. I'm going in. I'm going to protect Miss screen

Wang Fan said that he was going to rush in, but he was stopped by the bodyguard.

"Damn it, toast, no penalty." The bodyguard was very angry and felt that his dignity had been challenged.

Before, Wang Fan was so soft that he didn't dare to challenge himself. Now he dares to refute himself. He is looking for death.

The bodyguard looked at Wang Fan unhappily. Without hesitation, he waved his fist and beat Wang Fan on the nose.

He must let Wang Fan know his strength and the gap between them.

Dong.

However, before his fist hit Wang Fan's face, Wang Fan jumped and yelled, "Oh, come on, someone hit

me."

"It's safe on the sea. No one dares to do it? Help! Help

Wang Fan jumps and screams with a look of panic.

The bodyguards were all confused and black faced.

Nima, do you have one?

Wang Fan's voice is not big, hula, soon ran to the countless security of the sea.

"What's the matter? What's the matter?" The head of the security guard, with a bad look, stares at Wang Fan and asks coldly.

The safety of the people at sea is a gold lettered signboard. He will never allow others to destroy it.

"He's going to hit me." Wang Fan pointed to the bodyguard's nose.

With that, Wang Fan looked pitifully at the head of the security guard, "you have to make the decision for me. He is not only hitting me in the face, but also hitting you on the face of the sea. "

"Is that so?" The head of the security guard turned gloomy. Although Li Wuji is a bull and fork, his authority on the sea can not be challenged.

The head of the security guard was not only angry at the disregard of the rules by the bodyguards, but also angry at Wang Fan's shouting.

Originally, the bodyguard just picked up Wang Fan quickly, and he would turn a blind eye to avoid causing panic.

But now, Wang Fan yelled out, and even some people around the box poked their heads out to watch the excitement, which was a bad end.

"Misunderstanding, misunderstanding, he's joking with you." The bodyguard also has a black face. He thought about all kinds of possibilities, but he didn't think that Wang Fan would shout like a grandson.

Nima, do you have any bodyguard integrity or backbone?

"Who's kidding you?" But Wang Fan was very upset, "do I know you very well? That's true

Said, he took advantage of the bodyguard not to pay attention, directly pushed open the box door to flash in.

The bodyguard wanted to stop him, but he didn't stop him. He wanted to get in, but because of Li Wuji's authority, he didn't dare, so he had to stomp.

"Watch out for any more trouble." The head of the security guard didn't want to make a big deal and cause a joke. He left behind a cruel remark and led people away.

Box 8 is very large, with a total area of three or four hundred square meters and complete facilities, just like a small bar.

Li Wuji sat in front of a huge round table, with his legs up, enjoying the red wine leisurely, and staring at the opposite muqianxin playfully.

Behind him, there were more than a dozen fierce men standing. At first sight, they were hobnobs and outlaws.

There are many people standing behind muqianxin, but they are not muqianxin people, but sea people.

Mu Qianxin is afraid of Li Wuji's cheating, so he hired ten security guards on the sea to fight.

"Secretary mu, as long as you dry these three glasses of wine, and then hand over what you have in hand, and be my li Wuji's woman, I promise to let bygones be bygones."

"Otherwise, I will fight for the things in your hands and let you die here today. Don't doubt my li Wuji's words. I'll do what Li Wuji says. "

Li Wuji stares at muqianxin with a playful smile and slightly shakes his head. A fierce man goes directly to muqianxin and pours three glasses of red wine.

Li Wuji never thought about trading with muqianxin, let alone giving money. Li Wuji is not so easy to compromise.

The reason why he agreed to muqianxin's request is to induce muqianxin to come out and take it personally.

No. 8 Baoting is basically full of Li Wuji's people, and he also ambushes many good players outside the sea.

He believes that it is difficult to fly.

"Li Wuji, you turn back?" The curtain thousand heart facial expression a change, Teng Di stood up, "since you have no sincerity, that we have nothing to talk about, goodbye."

She said, turning to leave.

"Ha ha." Li Wuji smiles and waves his hand. In a flash, the fierce man immediately jumps out behind him and directly blocks in front of muqianxin.

"It's not the first time I've done this kind of thing. We've known each other for so long. Don't you know today?" Li Wuji smile is very Yin Rou, "come to all come, you can't naive think, you can still leave?"

"Sit down. Don't make me do it, let alone tear my face. If you hadn't been loyal to Li for so many years, if you hadn't had some beauty, do you think I would have talked to you about the present? "

Mu Qianxin was very angry. "This is the world on the sea, and fighting is not allowed. Why, do you want to violate the rules of the world on the sea?"

At the same time, the group of security guards on the sea also said, "Li Shao, I'm not allowed to fight here. Please respect Miss mu."

"When your enmity is out of the sea, we will not interfere even if we kill it like hell."

"But if you want to do it here, you can't do it. Please order your men to get out of the way."

The security guard looked at Li Wuji and said coldly.

"Get out of the way?" Li Wuji grinned, suddenly leaped forward, grabbed a bottle of wine, ran up to the security guard and hit him on the head, "what the hell are you?"

"What an egg on the sea? I, Li Wuji, started here. What can you do? "

Li Wuji is very arrogant and overbearing!

Click.

The clear and harsh voice came out, the security guard's head was broken and blood was shed, and his whole body was straight to the ground, directly in a coma.

"How dare you do it?" The remaining nine security guards are furious! One person quickly grabs the intercom to call people, eight people directly rush to Li Wuji.

Li Wuji grinned and tilted his head slightly. A young man with a flat head rushed out and slapped the security guard who was holding the walkie talkie in the face. The security guard fell to the ground.

Just as he was about to get up, the young man with a flat head had already stepped down, and with a click, he directly broke his ribs, and his walkie talkie was smashed.

He is as quick as a cunning rabbit.

The young man in Pingtou knocked down the security guard and rushed directly to the other eight security guards.

His fists and feet flew, and the three security guards couldn't even fight, so they had already screamed and flew backwards, knocked over several tables and fell to the ground.

When they want to get up, the rest of the fierce men have already rushed on and mended their own feet, which not only destroys their combat effectiveness, but also destroys their walkie talkie.

The young man with a flat head was like a rainbow. He kicked out again. The three security guards rolled back, broke their bones and tendons, and fell to the ground.

Then, the young man with flat head connected his hands again. With the sound of clicking and a series of screams, the last three security guards also fell to the ground, bleeding all over the ground.

In just ten seconds, ten good human security guards on the sea were knocked down by a young man with a flat head. This combat effectiveness can be called terror.

The curtain thousand heart looked at this scene, the whole heart trembled.

#### **Chapter 467**

Muqianxin didn't expect that Li Wuji really didn't obey the rules and fought in the sea.

What she regretted more was that she didn't let Wang Fan follow her. If Wang Fan was by her side, she would not be so weak.

"Secretary curtain, you can't count on these wastes any more. Will you come and drink it yourself, or shall I feed you? "

Li Wuji looked at the screen thousand heart, unbridled laugh.

He likes to see Muqian's despair most.

In order to deal with this woman, he has lost two groups of outlaws, five tigers in Hanzhong and two dogs in Xiangyang.

If you don't take muqianxin back to torture him, Li Wuji feels sorry for himself.

"I drink it." Screen thousand heart bite teeth spit out two words, dispirited sit back position, a row of three cups dry down.

Now, she can only wait for Wang Fan to come to rescue. This situation, she wants to leave alone, it is absolutely impossible.

"It's just fun." Li Wuji looked at the curtain and drank the wine. He nodded his head.

He went to Mu Qianxin and sat down. Pi Xiaorou said without a smile, "now, it's time to hand over the things in hand, isn't it?"

The curtain thousand heart in the heart clap Deng for a while, is thinking of wording, Li Wuji already fiercely slapped to draw on her face.

"Why, are you playing with me?"

Li Wuji's face, which was still smiling, became extremely violent in the next second. He tore Muqianxin's hair and grinned grimly, "do you really think that I, Li Wuji, dare not move you? Do you want to hand it in or not? "

Muqianxin was slapped, and blood came out of the corner of her mouth. She didn't scream, let alone cry.

But forced to endure the pain of tearing his hair, his right hand suddenly turned out a bayonet and stabbed Li Wuji.

Fast as lightning!

As soon as Li Wuji's eyes changed, he drew his hand and retreated, but it was a pity that he was so slow for a second.

A stab, the bayonet along his chest across, straight out of a bloody wound.

It's not fatal, but it's dead.

Blood flow, bright red glare.

Li Wuji wiped the bloodstain on his chest and licked it at the corner of his mouth. "It's worthy of being the curtain secretary. This means is really sharp."

He said, slightly tilted his head, flat headed youth immediately jumped out like a leopard, straight to the screen thousand heart.

Muqianxin had been on guard for a long time. She threw the bayonet hard, and the whole person retreated madly. At the same time, her right foot was on the seat.

Boom.

The wooden seat immediately went to the young man with a flat head.

It's not a bad reaction.

The young man with flat head had a look of disdain in his eyes. He tilted his head slightly, dodged the bayonet and smashed the seat.

His speed does not reduce, the momentum like a rainbow pours on the curtain thousand heart.

The curtain thousand heart sees this, the facial expression changes greatly, is a foot crazy to point out, but the flat head youth doesn't care at all.

He didn't even bother to avoid it. Without hesitation, he just punched.

Boom.

He smashed his fist on muqianxin's leg and turned muqianxin over.

Screen thousand heart bared teeth, straight air-conditioning, only feel the whole leg has been numb.

Without waiting for her to slow down and make the next move, the young man with flat head had already flashed to her, grabbed her hair and hit her against the wall.

Boom!

The whole wall began to shake, and there was a big drum on the head of muqianxin.

"If you dare to move Li Shao, you're looking for death." The young man with flat head spits out disdainful words from the corner of his mouth. He grabs the curtain and wants to drag his heart to Li Wuji's side. A gust of wind suddenly hits him.

"Damn it, do you want to die by touching my employer in front of me?" Accompanied by an angry voice, a fist slammed down on the flat headed youth.

The young man's face changed greatly. He couldn't care to move the curtain any more and left.

He clearly felt the horror of the punch, he wanted to avoid it, and then he went crazy.

But he underestimated the strength of Wang Fan, or overestimated his speed. He hasn't dodged yet. Wang Fan's right fist has hit him hard.

Click.

The ribs of the young man with flat head were smashed directly, the bones were stabbed back, and the corners of his mouth were sprayed with red blood.

Without waiting for him to fly backward, Wang Fan had already pulled his arm back.

There was another big bang, and his right arm was broken with two strong reactions.

"Damn it, when I'm not here, move my employer. Do you think I'm a bully? Who gave you the courage?"

Wang Fan scolded angrily, did not give the flat head youth buffer opportunity, grabbed his head, then hit the wall.

Boom!

This time, more shocking than that time.

After all, it's still useful for Li Wuji to keep muqianxin. The young man with a flat head just taught muqianxin a little, and didn't dare to die.

Wang fan is different. He doesn't have so many scruples. Taking the collision point between the flat headed youth's head and the wall as the center, a spider web like crack suddenly burst open, and the red blood penetrated into it, shocking.

"Head butting is very smooth. Now I want you to have a good taste of it." Wang Fan grinned grimly and banged into it twice.

Flat head youth's head has become the blood gourd, can't bear to look directly at.

After Wang fansong's hand, he had already fallen to the ground. As soon as his eyes closed, he didn't know whether he was dead or alive.

From Wang Fan to the end, only a few seconds, most people did not respond.

After they recovered, the flat headed youth had fallen.

In an instant, the whole audience was dead.

If there is no previous hegemony of Pingtuo youth, if you have not seen the previous strength of Pingtuo youth, it may be nothing for Wang Fan to do all this.

But now, it doesn't feel the same.

Especially those security guards who were devastated but didn't pass out in a coma couldn't believe their eyes.

The fierce young man who used to kill ten of them with one man's strength was abandoned by Wang

Fan just like a child?

Should we say that they are too useless or that Wang fan is too powerful?

But it doesn't matter. They just feel relieved.

Li Wuji's face has changed. He didn't expect to kill Wang Fan on the way.

Because Wang Fan was wearing sunglasses, he didn't recognize Wang Fan at all. I don't know that Wang Fan was the master who blackmailed him 10 million yuan that night and hit him in the face.

"Miss mu, are you ok? I'm sorry I'm late." Wang Fan looked at the curtain thousand heart apologetically, said.

"Never mind, just come." Curtain thousand heart rubbed soft headache head, did not care.

This is not the first time she has experienced such a scene.

At the same time, she even more recognized the strength of Wang Fan and was more grateful for the value of the six billion flowers. Otherwise, she can't find a master who can compete with Li Wuji.

"Are you the bodyguard of muqianxin?" Li Wuji turned back and pointed to Wang Fan with a ferocious face. "Against me, Li Wuji, have you ever thought about the consequences?"

"Believe it or not, I'll kill you and blow up your security company?" Li Wuji is very angry, suddenly shot a gun, the muzzle of the black hole pointed at Wang Fan, and opened the insurance.

### **Chapter 468**

The black muzzle of the gun, coupled with Li Wuji's ferocious expression, all the people at the scene turned pale.

Especially the security guards on the sea were almost scared to pee.

They have heard of Li Wuji's madness, but they never thought that Li Wuji would be so crazy.

Fortunately, Li Wuji didn't use a gun on them before, otherwise they would have lost their lives.

"Li Wuji, I advise you to move the muzzle of the gun. I'm tired of people pointing guns at me."

Wang Fan's face didn't change much in the face of the black muzzle. "Do you believe it or not, before you shoot, can I put you down first?"

"Ha ha." Li Wuji laughed wildly, "I've seen a bull fork, and I've never seen a bull fork like you."

"That's right. Under the muzzle of the gun, I didn't change my face. I have to say that you surprised me."

"I appreciate you now. As long as you submit to me and be my dog, I'll spare your life today, OK?"

"Don't think that I, Li Wuji, dare not shoot. I don't have the word "dare not" in Li Wuji's dictionary because I am so big."

Li Wuji said, as if to prove his words, the muzzle of the gun turned instantly, facing the three security guards was three shots.

The piercing gunfire rang out, and all three security guards were shot in the thighs, blowing out a dazzling blood fog.

They covered their thighs and cried bitterly, their faces turned pale.

Crazy!

This guy is crazy!

Their eyes to Li Wuji changed. They didn't expect that Li Wuji should be so crazy and open to fire.

Li Wuji never changed his face. He pointed the gun at Wang Fan again and laughed, "why, do you believe it now?"

"I'll give you a chance to kneel down and surrender. I'll let you live! Otherwise, the next shot will be in your head. "

Li Wuji has the heart of soliciting Wang Fan.

Wang Fan, no matter in strength or courage, is much stronger than the youth with a flat head. If he can attract Wang Fan, Li Wuji will surely become a tiger.

Not only will his trip to Jinzhou go smoothly, but even if he returns to Li's family in the future, he will have a stronger voice.

Mu Qianxin's face became ugly at this moment. She knew Li Wuji for so long, but she never knew that Li Wuji's shooting skills were so good.

This guy's hiding deep enough.

Although Wang fan is strong, he can face more than ten li Wuji's outlaws, plus Li Wuji's short gun oppression. Can he really turn the tables?

My heart is not strong enough.

"Surrender? Who do you want to submit to?" Wang Fan burst out laughing. The next second, he rushed to Li Wuji.

Li Wuji's face changed greatly and he was about to shoot subconsciously. But at this time, Wang Fan had already thrown a silver needle at Li Wuji.

Hiss.

Before Li Wuji had time to shoot, he felt a pain in his wrist and the short gun was unstable.

At this moment, Wang Fan had rushed to Li Wuji. His right hand suddenly grasped his hand and turned it over. While pressing his head on the table, the muzzle of the gun pointed at Li Wuji's head.

In a flash, everyone's face changed.

Li Wuji's group of desperators tore and roared.

"Son of a bitch, let Li Shao go."

"Damn it, do you dare to move again? Do you believe me to blow your head?"

"Dare to move Li Shao, do you want to die?"

The fierce men are in a rage one after another, take out the gun in the hand directly, point to Wang Fan crazily.

They blushed a little. Wang Fan was under their noses and threatened by Li Wuji at gunpoint. He took Li Wuji hostage.

They couldn't believe it if they hadn't seen it with their own eyes.

Is that too fast?

"Don't move. I'll kill anyone who dares to move." Wang Fan looked at those fierce men and spoke faintly.

With that, he released a hand and patted Li Wuji's face, "Li Shao, right? Now, do I have to kneel down and surrender?"

Li Wuji was also shocked, but he was not frightened. "Damn, I think Li Wuji underestimated you. If you have seed, you will kill Laozi. If you don't kill Laozi, I will kill you when I slow down. "

Li Wuji said, directly to the group of fierce men issued an order, "give me a curtain thousand heart, I do

not believe, he dares to move me!"

Both voice and color are fierce!

Li Wuji is also a character. Even in this situation, he is still so rampant.

Hearing Li Wuji's order, one of them immediately rushed to muqianxin with a ferocious smile in his eyes.

"Li Shao, it seems that you are toasting instead of drinking." Wang Fan cold smile, holding Li Wuji's hand suddenly raised, pounce on the ground is a gun.

Boom!

The roaring bullet exploded in the fierce man's head. His head exploded like a watermelon, and red and white objects splashed all over the ground. The audience was shocked.

The rest of the fierce men gasped. Obviously, they didn't expect that Wang Fan would be so fierce and accurate.

One shot at the head, but still control Li Wuji one shot at the head, what strength is this?

"Ha ha, good shot. Bear, if you shoot me to death, I don't believe it. He dares to move me

Li Wuji laughs ferociously and looks crazy.

"Li Shao, you have seed." Wang Fan grinned. At the moment when the outlaws turned their guns to muqianxin, they grabbed Li Wuji's head and hit him on the table.

Bang!

With a loud noise, the wooden Zen wooden table broke, and Li Wuji's head burst out of blood mist, brutal and bloody.

"You just move, it doesn't matter, you Li Shao's head is very hard, a few more times, you won't be hit."

Wang Fan was harmless to human beings and animals, but the fierce men could not help but droop their guns.

No one thought that Wang Fan was so cruel and crazy that he dared to fight against Li Wuji.

Wang Fan didn't pay any attention to those fierce men any more, but patted Li Wuji's face and laughed,

"it's not bad, under the muzzle of the gun, you can still keep your face unchanged. I have to say, you're a surprise to me. You're a bull. I've seen a bull. I haven't seen a bull like you. "

Wang Fan patted Li Wuji's face and laughed sarcastically, "come on, give them another order and let them shoot. I'd like to see how hard your head is and how strong it can stand a few bumps. "

"You Li Wuji's face turned red. He always threatened others and trampled others. This time, it was an exchange, and he was so angry that he could hardly accept it.

"What are you doing? Don't you think it's exciting enough? " Wang Fan eyebrows a pick, suddenly grasp Li Wuji's head, then again hit the table.

With a thump, his whole head turned red with blood. It was covered with blood and was dazzling and ferocious.

"Son of a bitch, have you ever thought about the consequences of doing this to me? For a thousand hearts? Is it really worth it? How much money did she give you? I'll double it. How about if you don't get involved? "

Li Wuji was angry to death, but he had to be soft. He can feel that Wang Fan really dares to kill him.

"It's easy to say. She gave me 6 billion yuan. As long as you pay me 12 billion yuan, I'll turn around and leave." Wang Fan said with a smile.

"Are you blackmailing?" Li Wuji's anger expanded again, "I tell you, you don't want a lion to open your mouth."

"I'm not afraid to tell you that I ambush hundreds of good men around the sea. If you tear your face, it's not good for anyone. Even if you kill me, you can't get away alive. "

"It's a big deal. We're dead!"

Li Wuji's ferocious roar!

### **Chapter 469**

"The net is broken? You deserve it, too? " Wang Fan disdains to smile, suddenly grabs Li Wuji's right hand with a gun, and then pours.

In the harsh roar, the roaring bullets came out of the chamber and directly blasted the fierce men's wrists.

Their wrists were all spattered with blood, their guns fell to the ground, and they covered their wrists and screamed.

Nine guns, nine wrists.

The gun is accurate, and the bullet is not missed.

Everyone was shocked and shocked.

This shot, it's too damn amazing.

At the same time, the faces of the desperado turned pale.

Wang Fan's strength exceeded their expectations. No matter the shooting speed or the accuracy, he threw them 18 blocks.

If what Wang Fan shot was not their wrist, but their head, they could hardly imagine the result.

Li Wuji is also shocked by the numbness of his scalp. He has not seen the sharpshooter or the world. But he never thought that Wang Fan would be so terrible.

"Miss mu, has your business been settled? Has the money arrived?" Wang Fan blew a tone, ignore the public eyes, looking at the same stunned curtain thousand heart asked.

"No, No." Mu Qianxin shook his head.

Wang fan is obviously asking clearly. If the deal is settled, will it be like this?

"Give it to Li Shao and ask him to pay for it." Wang Fan said to Mu Qianxin, "we are here to talk about trade. We can't be teased."

Wang Fan said, and looked at the time, "it's a little more, I'm hungry, you hurry to trade, I'll go to dinner."

Listening to Wang Fan's words, the people present almost vomited blood collectively.

Nima's, all this time, still want to eat, the heart is too big, right?

Without hesitation, muqianxin immediately took out a USB flash drive and handed it to Li Wuji, then quoted the bank card number.

"Li Shao, this is in my hand. According to our agreement, you give me 20 billion yuan. We have nothing to do with each other any more. Let's pay. "

Can mu Qianxin not know that Wang fan is helping her? She is a smart person, and naturally she will not miss this opportunity.

Li Wuji ignored muqianxin, but looked at Wang Fan, "are you threatening me?"

Pop.

His words just fell, Wang Fan couldn't help slapping him in the face and said, "how can I threaten you?"

"Don't you have a deal? Isn't it normal that she delivers and you pay? What's more, I didn't give you the money. How can I threaten you? Don't spit out blood. "

"I'm the most reasonable person, and I never threaten people. You hurry up and don't waste my time. I'm starving. I'm in a hurry to eat. "

Li Wuji almost vomited blood, but he couldn't refute it.

"Good, good." He trembled to grab out the mobile phone, unwilling to screen a thousand heart hit 20 billion into.

The situation forced him to compromise.

He vowed in his heart that he would give Wang Fanmu a thousand good looks when he calmed down, and would never let them leave the world on the sea safely.

After receiving the money, muqianxin simply transferred the balance money to Wang Fan, and also transferred 2 billion more.

After Wang Fan confirmed that he received the money, he was also very happy. He didn't embarrass Li Wuji. He swaggered away from the private room with mu Qianxin.

It's not that Wang Fan didn't want to kill Li Wuji, but this is a public place, and Li Wuji is involved too much.

If you kill Li Wuji here, it will be very troublesome to deal with the end of the hand. He can only give up his mind. However, Li Wuji is sure to die, just sooner or later.

As for the fierce man who was shot in the head, Wang Fan didn't care.

The gun is Li Wuji's gun, and the person who catches it is also Li Wuji. Li Wuji can't make an article at all.

"Damn it." Wang Fanmu Qian Xin just left, Li Wuji angrily kicked over the table in front of him, "give me the eyes of the people outside, once you find that the two bitches go out, directly dry to death!"

"Send another team to Wang fan'anbao and blow up Wang fan'anbao for me! He didn't kill me today, Li Wuji. That's his miscalculation. "

"I, Li Wuji, want to let him know that I, Li Wuji, do what I say. If I dare to provoke Li Wuji, I will pay the price of bleeding."

Li Wuji roared ferociously.

"Yes." There was no nonsense in his hands, so he arranged it immediately.

Li Wuji wiped his head, left a few people to deal with the hand and tail, and left box 8.

At the time of leaving, he dialed a phone call, "sorry Bai Shao, the action failed."

Wang Fanke ignored Li Wuji's anger and left with muqianxin, then ran to the box where landing Qiao was.

Li Wuji's subordinates in the surrounding two boxes didn't even react.

In the box.

A group of young and old people are drinking, and Meng Bowen is more like the stars holding the moon. Bai Qingying sits on his left side and Lu Qiao sits on his right side. Although the two women were not happy with each other, they didn't say anything to Meng Bowen. They both gave Meng Bowen food and wine with affection. Their eyes were full of admiration.

Meng Bowen was very close to them, but he did not go beyond the limit.

All the people around are smiling, flattering and flattering Meng Bowen, and their faces are full of flattery.

"Ah, Meng Shao, Miss Bai, it's really you. I thought I recognized the wrong person. I didn't eat either. Would you mind adding a pair of chopsticks? "

An untimely voice came, Wang Fan with a thousand heart suddenly appeared in the box.

Without waiting for Meng Bowen to respond, Wang Fan had already pulled the curtain and sat down, and grabbed the meat and wine to eat and drink.

Meng Bowen is silly.

Bai Qingying is silly.

Lu Qiao is silly.

A lot of money, all silly.

In the short silence, Lu Qiao screamed and jumped up abruptly, "what are you? Is this where you should come? Get out of here, Miss Ben

, "bastard, you used to play a pretty trick, we haven't asked you to settle accounts yet. Now you dare to send your door to the door to find your own death. Believe it or not, Lao Tzu can kill you in minutes?"

"For Meng Shaofen's sake, if I don't settle with you this time, get out of here now. Don't affect our appetite."

The other several young and big gold also screamed one after another. Looking at Wang Fan's eyes, they seemed to have a deep hatred of blood. They wanted to swallow Wang Fan.

"Ah?" Wang Fan was startled and looked pitifully at Meng Bowen, "Meng Shao, although we have such a little misunderstanding, we are not so bitter, are we?"

"If you do, I'll be very sad. It's just having dinner together, isn't it? If it's too big, I'll just go. Why do you yell at me? "

Wang Fan said, looking at Lu Qiao again, and said, "sister Tyrannosaurus Rex, want a lady. Who dares to marry you? It has to be changed. It really has to be changed. "

Wang Fan said, but also very beat the white shadow pulled in, "you learn from others miss white, how gentle, how lady, gap ah."

Wang Fan said this casually, but he didn't expect to poke the hornet's nest.

Lu Qiao is not happy with Bai Qingying. Now Wang Fan belittles her with Bai Qingying. That's great.

She slapped the table, grabbed the fork and jumped up, "what do you say, what do you say? Can you tell me again? Believe it or not? "

"Ouch." Wang Fan was startled and shrunk. "It's terrible, it's terrible."

Bai Qingying is in full bloom, rarely has a good impression on Wang Fan, and even defends Wang Fan, "pretty, what are you doing? Wang shaoke is a friend of mengge. Is it impolite of you to do so? "

Bai Qingying said, and looked at Meng Bowen. She was so pitiful that she said, "Meng Shao, you look pretty. Isn't that the one who lost you?"

Lu Qiao is about to die of anger.

Wang Fan also felt something was wrong.

Nima Oh, it looks like she's been shot.

**Chapter 470**

"Bai Qingying, who do you say and how do you say it?" Lu Qiaoqi jumped up.

Bai Qingying and Wang Fan hurt her in front of her beloved brother Meng. She even had the heart to kill the two dogs.

"Mengo, look at her." Bai Qingying's small mouth makes a delicate appearance.

Lu Qiaoqi vomited blood and wanted to scold, but he was stopped by Meng Bowen, "Qiaoqiao, don't be rude."

Meng Bowen said, looking at Wang Fan, "let me introduce you. This is Wang Fan. Wang Shao is all his own."

Although he also hated Wang Fan, he could not lose his demeanor on this occasion.

As Wang Fan said, if he is angry or drives Wang Fan away, it will be too small hearted.

Meng Bowen suppressed Lu Qiaoqiao's anger and looked at Wang Fan with a gentle smile. "Wang Shao, how did you come to the world of the sea? Is it a new membership card? Do you want me to pay for it? By the way, who is this lady? "

Meng Bowen's words are obviously sarcastic about Wang fantu's steamed stuffed bun. He shouldn't come to such an occasion for dinner.

Similarly, the goods still remember Wang Fan's business in Shanhaitian and asked Kong Wucheng to apply for reimbursement.

"Ah, Meng Shao is so polite." Wang fan is indifferent, he pulled a curtain thousand heart, "she is my boss, curtain thousand heart."

"I just followed her to eat, but I didn't expect to meet Meng Shao. If I had known Meng Shao was so polite, I should have done a card to let Meng Shao apply for reimbursement. It's really miscalculation. "

Wang Fan looks remorseful.

Listening to this, those young and old people almost laughed.

Meng Bowen also has a dull face.

Why can't the goods tell the truth? How thick is the skin?

He doesn't even know how to pick it up.

"Meng Shao, since Wang Shao is here, let's eat together. You don't know. Wang Shao has always been

like this, regardless of the details. "

Bai Qingying chokes at the corner of her mouth, and gives Wang Fan a round.

If Wang Fan didn't help her hurt Lu Qiao and give her a long face in front of Meng Bowen, she wouldn't bother to talk to Wang Fan.

"Thank you, Miss Bai." Wang Fan said, eat up, also toward the screen thousand heart Hello, "the screen boss, eat quickly, tossed a noon, you must be hungry."

"This is Meng Bowen and Meng Shao, who are famous in the capital, and that is Bai Qingying and Miss Bai, who are famous in the capital. They are both great figures and my friends."

"They all have a lot of money. They don't care if we have more chopsticks. What's more, they've ordered so many things that they can't eat up. We've helped them. "

"Just right, you don't have to spend any money. We also helped Meng Shao and introduced you to each other, killing three birds with one stone."

Wang Fan said, not only to his mouth clip vegetables, but also a lot of curtain thousand heart clip.

The curtain thousand heart all some have no language, this is who person.

But when she heard Meng Po Wen's identity, her eyes lit up.

Meng Bowen, Bai Qingying, a group of people are a little speechless.

Even if the son of a bitch ate and drank, the reason was so aboveboard that he even helped them. What on earth did he experience to temper his thick face?

Zhenima is speechless. I've never seen such a thick skinned one before. They've got a lot of experience.

"What Wang Shao said is that you should eat slowly, not in a hurry." Meng Bowen choked at the corner of his mouth and looked at mu Qianxin, "Wang Shao, I remember your boss is not miss song Rumei. When did you become Miss mu?"

"Did you change jobs? Or did Yindi group change its owner? Why didn't I hear that? "

Wang Fan heard this, the action of eating pause, eyes in the emergence of a touch of pain, but soon returned to normal.

He waved his hand, "don't mention that song Zong dumped me, and Yindi group changed its ownership. I'm out of work now, so I have to live with Miss mu. "

"Oh?" Meng Bowen's eyes brightened as he listened to this.

"Don't be sad. I'm here." The curtain thousand heart is the heart to pull for a while, can't help holding Wang Fan in the bosom, in order to show comfort.

Because of heiluocha's personal protection, she also heard about the change of owner of Yindi. She looked at Wang fan that inadvertently revealed the pain, can not help but want to take care of Wang Fan.

Wang fan is naturally happy, taking advantage of the situation in the mind of Muqian and taking advantage of it, "mm-hmm, boss Muqian, I can only rely on you in the future, you can't abandon me."

He said, big hand side in the screen thousand heart body dishonest move, irritable mood inexplicably better.

This figure is pretty good. Wang Fan paid so much for her, even nearly died. He should take advantage of it.

The curtain thousand heart facial expression shame red get up, in the heart some strange, this guy is really brave.

Wang Fan did so with a purpose. He was covering up the pain in his heart.

He doesn't want Meng Bowen to humiliate him by taking advantage of song Rumei. In that case, he's afraid that he can't help but chop Meng Bowen. When people looked at Wang Fan's picture, the compassion that just emerged in their hearts vanished in an instant, and was replaced by deep disdain.

Nima, soft food is so high sounding. There is no one else.

Meng Bowen looked at the scene, then quickly sliding his mobile phone, took a few photos of them, and then sent them out.

"Wang Shao, the past is gone. Look ahead. I believe your future is bright. Here's to you. "

"First, I wish you a bright future, and second, I hope that our previous enmity can be eliminated and we can make a friend."

Bai Qingying stood up with the wine and said to Wang Fan.

"Miss Bai has a heart. I was wrong before. I should respect you. How can you respect me?"

Wang Fan was flattered. He stood up excitedly, grabbed Bai Qingying's little hand and shook it. Then he grabbed the wine in front of him and drank it all in one gulp. "I wish Miss Bai's dream come true and win her husband as soon as possible."

When he spoke, he also looked at Meng Bowen intentionally or unconsciously.

Bai Qingying was originally held by Wang Fan, some can't help but want to attack, but after hearing Wang Fan's words, he was immediately elated, Gudong, and drank it all, "thank you, Wang Shao, I did it."

Lu Qiao looked at the scene, biting her teeth with anger. Her eyes were full of anger, but she was helpless. If it wasn't for Meng Bowen, she would have killed Wang Fan.

Wang Fan looked at Lu Qiao's angry expression, but he didn't care. On the contrary, he laughed.

He likes the way that the girl is not happy with him, but helpless.

When several people were drinking, Li Wuji, who had simply bandaged the car outside, was already a little impatient.

"Haven't the dogs come out yet? What are they doing?" Li Wuji asked a younger brother.

His grandmother's, he thought three or five minutes can revenge, but did not expect to wait for almost half an hour, did not wait for Wang Fan, it is really stifling.

"Li Shao, the boy met a friend and ate in it. It seems that I can't get out for a while." Said the man.

Li Wuji was very upset when he heard this, "NIMA, I stepped on Laozi, but I'm still in the mood to eat? Son of a bitch

He gritted his teeth angrily. "You ask people to warn his friends and check out immediately. And let the dogs and men get out of here."

"They have the best sense of interest. If they don't, I'll try to force them out. Don't he have friends there and threaten them directly

"I don't believe it. That son of a bitch can protect a group of people. Don't worry, I'll find a way to deal with it."

Li Wuji said, biting his teeth.

"Yes." His subordinates answered and quickly began to arrange.
