

MIGHTY SK 471

Chapter 471

After the arrangement, Li Wuji seemed to think of something again and asked, "by the way, what happened to the big bear? Did he blow up the security company?"

"Not yet, bear. They're on their way. Look at the time. It should be almost there." He replied respectfully.

Li Wuji nodded, "tell big bear to make a quick decision and don't delay. Damn, dare to provoke me, Li Wuji. I'll blow up his security company. "

"Yes." He nodded.

At the moment when Li Wuji began to arrange, a van with ten passengers had stopped at the gate of Wang fan'anbao company.

The door opened and ten men roared down. The leader was a fierce man with a big arm and a round waist. He waved his hand and looked fierce,

"Li Shao said, fight quickly and make a quick decision. After you go in, you can chop at the sight of people and don't be merciful. Ten minutes later, no matter how many people are killed, evacuate immediately, and then bomb this place. Do you understand? "

"Yes, Brother Bear." Nine fierce men answered in unison.

"Go Big bear was very satisfied with his opponent's performance. With a wave of his hand, he took the lead and rushed into Wang fananbao.

"Damn, I've come to play. Anyone? Get out of here."

After leading people to rush in, Da Xiong intended to chop when he saw people. But to his surprise, the hall was empty, and even the front desk lady was missing.

Bear immediately realized that something was wrong, while signaling his subordinates to be careful, while shouting.

However, his shouts fell, no one responded, only his echo could be heard.

"Damn, do you know I'm coming and hiding? You two go up and see if there's anyone. The rest are on the first floor with me. "

"Son of a bitch, do you think it's OK to hide? Even if there is no one, I will smash this broken company. "

Bear a stomach gas no place to vent, immediately ran to the front desk side, a knife ruthlessly split down.

Hiss.

There was a loud noise, and the bar was torn apart, just followed by a series of harsh sounds.

Big bear's knife seemed to be on the switch, and countless crossbows and arrows shot out from the back cabinet of the front desk with great force.

Big bear's face changed greatly, and he quickly waved his knife to stop the arrows.

But although his reaction was quick, there was still a shot in the shoulder, inserted a few centimeters deep, blood flow over the shoulder.

Big bear was so powerful that he was stabbed, not to mention those men, except that the three men were a little far away and barely avoided the key.

The other four were shot to death on the spot, fell to the ground and flopped a few times without any sound. The two brave men who ran to the second floor were the best, and they escaped a disaster.

"Grandma is a bear, playing Yin with me?" The big bear was so angry that he was about to explode.

He had come to smash the field, but now no one saw him. Most of his men were killed by concealed weapons, and he was also injured. How can he bear the bird's breath?

He grabbed the crossbow and pulled it out with a sneer. At the same time, he could not help kicking at the edge of the counter.

Bang!

With another loud noise, the bear gasped and jumped up on one foot.

I saw a hunter's iron clip pinned to his foot. It hurt when I just looked at it.

Bear looked down and almost blew up.

The bottom of the counter was full of clips, obviously waiting for them to take the bait.

"NIMA!" Big bear couldn't help but make a rude remark and wanted to get the clip down. But at this time, he found that his hand was glued to the crossbow and arrow, and he couldn't separate it at all.

Looking back, several other subordinates, like him, threw their swords on the ground and struggled to break the crossbow.

Big Bear looked at the scene and almost didn't breathe out.

It's like losing money, madam, and turning over soldiers. Without even cutting a man, he was turned over by these gadgets.

Just as he was about to throw down his machete and try to get the crossbow and the clip down first, a woman's scream came from the second floor, followed by two bangs. The two men covered their eyes and flew down, falling to the ground like a dead dog.

Big bear rubbed his eyes to see, who are not his two subordinates?

He was just about to ask what happened when the two subordinates covered their eyes and screamed. The eyes were covered with sticky foam, and they couldn't open.

"Hooligans, indecent, son of a bitch." A scream came out again, but a more than 20 year old girl ran off the two floor with a wolf spray. She rushed at two people.

At the same time, she couldn't help kicking her feet. The two men bow and howl like pigs, almost crying.

The woman sprayed for a long time, only to find several people in the distance.

looked at the machetes in her hands or beside her. Her face was white, her anti wolf spray fell to the ground, and then she screamed with her muffled mouth.

"Come on, someone broke the scene. Call the police." She screamed and dialed the police without hesitation. Big bear is about to explode, finger a little two injured hands, "go, catch that girl for me."

"Yes." They answered and ran to the woman immediately.

the woman changed her face, and quickly picked up the anti wolf spray on the ground. She was stabbed at two people.

poor two fierce men, are usually killed four sides, people see people fear, children see the child crying the ruthless Lord, today was actually a wolf wolf spray peck eye, screamed with his eyes ran bounce up.

"Damn it, get out of here." Bear's face finally changed. He realized that something was wrong and that he had been cheated. He reluctantly bit his teeth and gave the order to withdraw.

Just as his instructions had just been issued, a group of armed police rushed in and controlled several people.

Machetes, explosives, together with big bear and two of his subordinates who are wanted at large, were directly taken to the police car.

The whole army was wiped out.

At the moment when a group of people were captured, Wang Fan's private room also welcomed five fierce men.

After the appearance of the five fierce men, one guards at the door and stares at Wang Fan. The two take out their guns and point at the people. The two rush to the central figure Meng Bowen.

Clear division of labor and quick action.

Obviously, they know that Wang fan is powerful, and holding Wang fan is tantamount to seeking death, so they plan to use Meng Bowen and others to threaten Wang Fan.

All the people present were rich in background, especially Meng Bowen, Bai Qingying, and the Beijing bull fork. When did they get such a slap in the face?

One by one, their faces were gloomy and terrible, and they were about to open their mouth to scold. The fierce man at the door was already thinking about the muzzle of the gun and said: "don't move the hell, I'll kill anyone who dares to move, the bullet has no eyes!"

Ferocious, arrogant and overbearing!

The young and the old were dying, but under the muzzle of the gun, they had to suppress their anger.

They are thinking, who is eating bear heart leopard gall, dare to play this hand with them, is tired of living crooked?

Meng Bowen and Bai Qingying, whose faces are more gloomy, can drip black water. They don't know whether to cry or laugh.

It's raging!

Chapter 472

Looking at the performance of Meng Bowen and others, Meng Han was very satisfied. He turned to Wang Fan and said, "Wang Fan, if you don't want to have something to do with your friends, just follow us. Li Shao has been waiting for you for a long time."

Listening to the fierce man's words, many young people were shocked at first, and then burst into a rage.

"Wang Fan, I don't know how anyone dares to break into our private room to look for trouble. It turns out that you are the one who caused the trouble."

"Son of a bitch, I'm afraid you came to our private room just to use us? Mean

"Brothers, are you mistaken? We don't know him well, we are not friends."

A group of young and old people were excited and denounced Wang Fan.

If it wasn't for Wang Fan, how could it be such a thing? Wang Fan came to their box obviously to use them against the enemy.

They all hate Wang Fan.

Lu Qiao was even more angry. Her little face turned white and she jumped up. "Miss Wang, I have seen that you are not a good thing for a long time. I really don't have a good heart."

"You son of a bitch, with the help of Meng Shao's trust in you, how shameless do you want to play with us?"

"I tell you, you can't expect us to help you out. You can do it by yourself and solve it by yourself. "

Meng Bowen and Bai Qingying also look at Wang Fan discontentedly. Although they are angry at the provocation of these fierce men, they are even more angry at Wang Fan's use.

The fierce man could not help frowning.

He thought they were friends, so he took Meng Bowen and others as chips.

If Wang fan doesn't have a good relationship with them, or even can't talk about friends, it's not right for him to do so. He can't force Wang Fan to commit a crime.

Just when he planned to shoot first to deter him, Wang Fan stood up and looked at Meng Bowen and others apologetically.

"People have wronged me. I really didn't mean to take advantage of you. I didn't know they would come for trouble. You can rest assured that I, Wang Fan, will never involve you. "

Wang Fan said apologetically and looked at the fierce man, "I'll go with you, but please don't embarrass them. I just know them. I'm not familiar with them. "

"Meng Shao, Miss Bai, Miss Lu, and all of you, I'm really sorry. I'll make amends to you some other day."

Wang Fan said, directly with the curtain thousand heart toward the box went out.

Meng Bowen is silly.

Bai Qingying is silly.

Lu Qiao is silly.

A lot of money is silly.

They didn't expect that the shameless Wang Fan would become so great at this moment, saying that one person should be the one to do things.

They don't know whether what Wang Fan said is true or false.

The fierce men were also very surprised, but they didn't pay attention.

Anyway, their purpose is to force Wang fan out of the world on the sea, and the rest is unimportant.

However, in order not to have an accident, the fierce man at the door added an insurance. Pointing to Meng Bowen and Bai Qingying, he yelled at the four companions,

"you take them and go out together. You dare to blow your head directly."

"Yes." The four brave men answered and directly put up Meng Bowen and Bai Qingying.

Meng Bowen frowned and resisted a little. He was hit by one of them and scolded to be honest.

"If you dare to beat Meng Shao, do you want to die?"

"Who are you, holding Miss Meng Shaobai? Did you eat bear heart and leopard gall

"Son of a bitch, Miss Meng Shaobai can't be provoked by you. Let them go, or you can't afford the consequences."

Seeing that Meng Bowen and Bai Qingying were to be held hostage by the fierce men, the group of young and old men were furious and pointed to their noses one after another.

But their drinking and scolding, not only did not get the fear of the fierce man, but also got two fierce shots.

With two thumps, the two most happy youths were shot in the shoulder and fell to the ground with a shrill scream.

The red blood was flowing out, dyed the shoulders red, dyed the ground red, shocking.

For a moment, everyone was silent and did not dare to shout any more.

Meng Bowen scolded his pig teammates, his eyes became cold, "brother, who are you Li Shao? Do we know each other?"

"Although Meng Bowen is not a big man with a head and a face, he is not something that ordinary people can step on. Are you not afraid that you Li Shao will blow your head because of this? "

The tone is mild, but the words are sharp, and the needle is hidden in the neck.

Meng Bowen can see that these people are desperators. It's useless to reason and threaten. We can only use soft means.

"You don't care who we Li Shao are. We Li Shao won't know you. If you don't want to die, just cooperate. Otherwise, don't blame me for blowing your head."

"Anyway, I have more than one life in my hand. It doesn't matter if I kill more people. You'd better not challenge my bottom line." Menghan Leng for a while, finally found that Meng Bowen's bearing is extraordinary, but he did not burst out Li Wuji's name, but threatened.

So far, even if Meng Bowen's status is more prominent, it's too late to recover. It's better to go black.

What's more, he also forces Wang Fan to go out to work for Li Wuji. He believes Li Wuji will not blame him.

Wang Fan looked at this scene, finally can't help but open his mouth, "big brother, my business, it's unnecessary for you to involve them?"

"I'll go out with you to see Li Wuji honestly. How about you let Miss Meng Shaobai go? They are innocent. It's hard for me to do that. "

Wang Fan said painstakingly, "you let them go, I'll follow you honestly, otherwise, don't blame me for tearing my face."

"You know my ability. If I don't cooperate, you are not qualified to invite me out."

"Damn it, challenge?" The first fierce man listened to Wang Fan's words, first he was stunned, then his face became ferocious.

He slightly raised his head, a fierce man directly shook his hand, and threw it on Bai Qingying's face. Bai Qingying's pink white face suddenly had five striking palms.

At the same time, another fierce man raised the butt of his gun again and knocked on Meng Bowen's head. Meng Bowen immediately snorted and blood oozed from his head.

"If you go or not, I will blow their heads." The first fierce man stared at Wang Fan with fierce voice and

color.

"Damn it, if you give me something shameless, dare to move Miss Meng Shaobai. You are looking for death!"

Wang fan is very angry. His figure suddenly flashes to Bai Qingying's side, and his fists blow out.

The two fierce men were shocked and subconsciously tried to pull the trigger, but where was the time?

Wang Fan's right elbow was knocked on one of the men's chest. The man was strongly impacted and vomited blood.

Taking advantage of this gap, Wang Fan has grabbed the right hand of the other fierce man with a gun and pulled the trigger.

In a flash, there was a scream at the scene.

Those young and old people were scared to get under the table and scolded Wang Fan for being crazy.

Bullets have no eyes. If NIMA hits them, they will die.

The sound of gunfire resounded, and the two fierce men and the first fierce man who held Meng Bowen were shot one after another and fell to the ground with blood on their wrists.

Just when the two fierce men wanted to stand up and hijack Meng Bowen again, Wang Fan had already kicked the fierce men beside him to one side and rushed towards them crazily.

After two blows, the two fierce men vomited blood and retreated. They fell to the ground and lost their fighting power.

It's a dead silence!

Chapter 473

Wang Fan's ruthlessness and ferocity convinced everyone.

No one thought that Wang Fan turned the war around in such a short time and knocked down five armed men.

Meng Bowen's eyes narrowed and a strong shock emerged in his heart.

Although he has already heard that Wang fan is powerful, he has picked over the Song family and knocked down Zhao Rongguang, but all the rumors are not as shocking as the live broadcast at the moment.

The five fierce men are not terrible. They have guns, but what is terrible is that their guns are pointing at their heads and Bai Qingying's.

In this case, Wang fan can turn the situation around before they react. This strength is really terrible.

"Meng Shao, Miss Bai, are you all right?" Wang Fan downplayed in the trouser legs wiped his hand, looking at Meng Po Wen white shadow, apologetically asked.

"It's OK. Thank you, Wang Shao." Meng Bowen shook his head and said calmly.

The light tone, as if he had not been hijacked, his head was not blasted in general.

"I'm sorry. I'm the one who implicated you." Wang Fan apologized, took out two packets of powder, handed Meng Bowen a packet, and then went to Bai Qingying and handed the other packet,

"this powder is some of my own gadgets, which is very effective for those bumpy injuries. You can make do with it first. The next thing is up to me. "

Wang Fan said, went to the head of the fierce man side, no sign is a foot, "I have not said, don't move them?"

The fierce man was kicked over by Wang Fan, fell to the ground and screamed, but this was just the beginning.

"Did I say that if you let them go, I'll go with you? Why do you take my words for granted? "

Wang Fan roared and kicked at the fierce man, "Damn, I dare to move even you Li Shao Li Wuji. What the hell are you?"

"Didn't Li Wuji tell you that I want to be a man with my tail between my legs?"

Wang fan is very violent, a few feet down, the first fierce man was kicked into a dead dog, blood dripping.

This scene, not only deeply shocked the audience, but also the other four fierce men, their faces were pale.

It's so cruel. It's so cruel. This NIMA is not human.

Meng Bowen's eyes also flickered with fear, and he once again had a new understanding of Wang Fan's ruthlessness.

But the second time I heard Li Wuji from Wang Fan's mouth, his face was a bit gloomy, and his eyes flashed with meditation.

Bai Qingying is rubbing the powder on her tender face while watching the scene with shock. Obviously, she didn't expect Wang Fan to have such a fierce side.

Lu Qiao's face was white, her mouth was wide open, and her face was shocked.

She is glad that she didn't offend Wang Fan in the last two times, otherwise her fate would be miserable.

"Come on, lead the way. I'll see Li Wuji." Wang Fan's violent man turns over and gives Meng Bai an apologetic look, then leaves the private room.

At the moment when he went out, he looked at Meng Bai, Lu Qiao and others with that kind of look. His mouth turned up and he couldn't help laughing.

His purpose has been achieved.

Wang Fan's move has two purposes. The first is to let Ramon Bowen and others go into the water to make them hate Li Wuji and kill people with a knife. The second is to frighten Meng Bai and others.

These eyes are higher than the top, and each energy is terrible. Wang fan doesn't want to offend them or trip himself.

Today, such a thing happened. Seeing his own means, Wang Fan believes that Meng Bowen and others have to weigh up even if they trip themselves.

"Meng Shao, what shall we do?" After Wang Fan and five fierce men left, a young man asked Meng Bowen.

"Xiaobai, you are responsible for sending the injured brother to the hospital first. Xiao Wang, you call the principal of the sea world and ask him to give me an account."

"Damn, I'm eating here, and I'm being held with a gun. Doesn't he want to open it on the sea?"

Meng Bowen said, and looked at the third person, "you call the official to ask, I Meng Bowen in Jinzhou City was pointed at with a gun, how do they do this public security?"

"You tell them directly that if they can't solve the problem and give me justice, I'll solve it myself and give them justice."

Meng Bowen's refined face became fierce and said like a wolf.

"Yes, Meng Shao." Several child brothers took action one after another. One of them couldn't help saying, "Meng Shao, are we caught in the trap of Wang fan when we do this? He obviously wants to pull us into the water."

Obviously, these child brothers are not idiots. They react quickly and are calculated by Wang Fan.

"What about a trap?" Meng Bowen's face became ferocious. "Although Wang fan is a son of a bitch, he pulled us into the water and showed an awe inspiring look of justice. But at least, his appearance is very good. ""What's more, when did Meng Bowen suffer such a big loss? Li Wuji's subordinates dare to hold me, Meng Bowen, and attack me. If I don't fight back, what do people think of me? "

"Compared with Wang Fan, I'm more annoyed at Li Wuji. With the rapid development of Li's family in recent years, I've netted a group of red outlaws, and I don't pay attention to us any more."

"It's said that he raved in public more than once, and that the capital was a little bit of a goner. He provoked him and killed him one by one!"

"Damn, I've been trying to deal with lawless things for a long time, and he even dares to rush to the door to find abuse!"

"This time, Lao Tzu let him know what is the difference between native chicken and Phoenix! Isn't Wang Fan trying to deter us? We will take advantage of Li Wuji's stinking stone to deter him and let him weigh our power. "

Meng Bowen cheered.

Obviously, he also saw Wang Fan's calculation clearly.

This group of people really don't have a fuel-efficient lamp.

Wang Fan didn't know what Meng Bowen said in the private room, and didn't know that his careful thinking was seen through. Of course, even if he knows, he doesn't care.

His purpose is to deter, and to kill. He also believed that even if Meng Bowen saw through his little 99, he could not swallow Li Wuji's tone, and he would definitely take Li Wuji to the sword.

After all, Li Wuji is more hateful than himself.

After Wang Fan left the box, he took the small hand of Mu Qianxin and walked out slowly.

Curtain thousand heart enchanting Jiao body just stick to Wang Fan, appear a little nervous, "Wang Shao, do we really go out like this?"

"Li Wuji must have ambushed many outlaws outside. Once we go out, he will order the fire to be opened up. That's a madman."

"Although I know you are powerful, you still have my burden. How can we get out?"

"Get out of here?" Wang fan saw the curtain thousand heart one eye, the right hand can't help but live behind her to clap, "who said we want to kill out, didn't see I walk so slowly?"

"Ah?" The curtain thousand heart opened mouth, by Wang Fan pats of small face blush.

She twisted her waist unnaturally and was about to speak. Wang Fan's eyes suddenly lit up, and then immediately let her go. Like a rabbit, she ran towards a gorgeous woman in front of her.

"Shuang Shuang, help me. Someone wants to kill me. You have to decide for me."

Chapter 474

Wang Fan shouts, and soon pours into Dai Shuangshuang's arms, who has just stepped into the sea world. He also looks aggrieved: "someone threatens me and wants to kill me. I'm so afraid."

Wang Fan said wrongly, holding Dai shuangshuangshuang's soft waist in both hands, and her head was still rubbing in her arms, as if she had found her mother.

Dai Shuangshuang was embarrassed and confused.

The followers behind her were equally silly.

It's the first time that they've seen someone dare to eat the bean curd of Dai Shuangshuang's cold faced LuoCha.

Although Dai Shuangshuang has always been modest and polite in front of Wang Fan, even gentle as water, people familiar with him know that this is a Rosa, a rose with thorns.

"Wang Shao, don't do that. Get up first and speak slowly." Dai Shuangshuang's face showed an unnatural blush. As he spoke, he pushed Wang Fan.

Today, she is wearing a black fur coat, which is a white snow sweater. Wang Fan really takes advantage of it.

"If I don't get up, if you don't promise to support me, I won't get up." Wang Fan played a rogue, "they are super oxen, young Li Wuji. How can I fight with them?"

"If you don't decide for me, I'll die. Frost, you can't ignore me."

Dai Shuangshuang's face was black. Just as she was going to comfort Wang Fan a few more words, she suddenly turned red, and then grabbed Wang Fan's ear.

"Ah." Wang Fan screamed, quickly let go of Dai Shuangshuang and took out the air conditioner. "How can you treat me like this? We are friends at least. Even if you don't help me, you can't fall into the

well?"

"Let go, let go quickly, my ears are almost gone, hissing." Wang Fan's whole face twisted, this girl, it's too cruel.

"Hum." Dai Shuangshuang stares at Wang Fan, hums coldly, rubs his red face to his chest.

There was a large area of wet, no doubt someone's saliva.

"Oh, I'm sorry, I'm sorry, I didn't expect tears to flow to your chest. I'll clean it for you now."

Wang fan is a little embarrassed. He quickly says that he has to stretch out his hand to wipe it.

But before his hand reached out, his ear had been seized again.

Dai Shuangshuang has a black face.

Tears? How dare this guy insult his intelligence?

She felt that Wang Fan couldn't make a good face, otherwise she would kick her nose on her face and snort, "Wang Shao, aren't you very powerful? Where's your courage to kill all sides in the capital? Why are you afraid of a Li Wuji now? "

Wang Fan's face was wronged, "Shuang Shuang, you have wronged me. I heard that the desperado under my command is like the Qing of crossing the river, who wants people and guns. As a grass root, how can I fight others? "

"Besides, I have to protect my beautiful boss. I can't afford to lose anything." Wang Fan said, quickly pulled the curtain thousand heart over.

"Here, Shuang Shuang, let me introduce my beautiful boss, muqianxin." With that, Wang Fan pointed to Dai Shuangshuang again, "boss mu, this is my sister Dai Shuangshuang. We can have a good relationship."

Dai Shuangshuang looks at the curtain thousand heart, immediately recognize, this is before with Wang Fan very close that woman.

She was a little angry and almost gave Wang Fan a Puyin leg. Fortunately, she finally endured it.

Wang Fan embraces her and doesn't care. She doesn't mind playing with her because she has a good feeling for Wang Fan.

But Wang Fan in front of her left and right, also want her to protect another intimate woman, this she is a little uncomfortable.

When Wang Fan was talking to the two girls, he suddenly saw several fierce youths running in from the door.

Each of them was carrying a black bag in his left hand, and his right hand was in the bag. There was a faint smell of gunpowder in the air, obviously containing guns and other weapons.

"Shuang Shuang, hurry up. I'll give you my heart." As soon as Wang Fan's face changed, he quickly pushed Dai Shuangshuang's second daughter to the side, and the whole person ran towards the young man like a cheetah.

"What are you doing? Come back to me. Our people will be here in a minute!" Dai Shuangshuang's face changed greatly. He wanted to pull Wang Fan, but he didn't.

Just as she was about to take a few steps forward and pull Wang Fan back, the piercing gunfire rang out.

Come on, come on.

The violent bullet came out of the chamber and exploded in the hall. Dai Shuangshuang's whole face suddenly became cold.

She clearly saw that Wang Fan had dodged three bullets while twisting. Just when Wang Fan was going to dodge the fourth bullet, his action was slightly delayed, and the bullet accurately hit Wang Fan's chest.

Dai Shuangshuang's heart vibrated violently for a moment, and tears fell like rain.

Because the bullet was aimed at her, Wang Fan was obviously afraid that she would be hurt.

The piercing gunfire broke the silence of the hall, and everyone screamed. In horror, they ran around looking for shelter, in chaos.

Dai Shuangshuang holds back her tears and gives a helping order to her followers. Then she flies back with her heart. Fierce Youth Division of labor orderly, after a round of strafe, see Wang Fan did not fall, immediately launched a second round of attack.

Their quality is extremely high. Obviously, they have experienced orthodox military training. They are agile, calm and ruthless. All of them demonstrate their strong fighting ability.

Wang Fan's face was as gloomy as water, so he could only turn over and keep avoiding.

The strength and tacit understanding of these people exceeded his expectation. In addition, he blocked the bullets for Dai Shuangshuang before, which directly led to his temporary loss of the opportunity to take the lead.

Come on, come on.

The piercing gunfire exploded into a ball. The walls, floors and chandeliers were all riddled with holes and in a mess.

Some customers were shot by debris and fell screaming, bleeding all over the floor.

Chaos, extreme chaos.

Several young people are not affected at all, they just stare at Wang Fan's position coldly, shooting calmly and pressing close at the same time.

The goal is clear and direct at Wang Fan.

Dai Shuangshuang's four retainers saw that the fierce youth's attention was not on their side, and took advantage of his unprepared moment to shoot four shots at the fierce youth.

However, the fierce young man seemed to have realized that his body was only slightly twisted, so he calmly avoided the past.

After hiding, they didn't show any mercy. They continued to oppress Wang Fan. The rest turned in an instant, pointed at the four followers and pulled the trigger without hesitation.

The four attendants' faces changed greatly and subconsciously avoided, but they were still one step slower.

Come on, come on.

In a series of dense guns, except for one person who was shot in the thigh to avoid the key point and find shelter, the other three people were all shot in the head.

Their heads burst like popcorn, red and white objects splashed on the ground, and then fell silent.

The bloody scene, which was almost cruel, shocked all the people on the scene. They were numb and pumped air-conditioner.

Wow.

At this time, the glass door of the world on the sea was smashed, and Li Wuji, with a face of arrogance, rushed in with many fugitives.

"Wang Fan, aren't you a bull? Why don't you dare to come out? What the hell do you think I can't do to you if I'm trapped in it? "

"If you dare not come out, I will come in. Kill me, kill me hard. Even if it turns the world on the sea upside down today, I want Wang Fan to die! "

Li Wuji screamed wildly, with anger in his eyes that could not be concealed.

Chapter 475

Li Wuji is quite angry.

He endured the injury left by Wang Fan in the box and waited outside in order to see Wang Fan frustrated.

However, he waited for a long time, not only did he not wait for Wang Fan to come out, but he did wait for the news that a group of people in big bear had been destroyed.

How the hell can you bear that?

Li Wuji, who was already unable to bear it, couldn't bear it any longer after hearing that Wang Fan was on the first floor, so he gave the order to kill him.

The arrogant and domineering Li Wuji appeared in the hall, and there were dozens of desperators behind him. Everyone's face changed again.

A few timid guests, even can not bear this oppression, directly simply coma in the past.

Dai Shuangshuang pulls the curtain and hides in the corner with a worried face.

This scene, this formation, plus Li Wuji's clear goal and his fangs pointing at Wang Fan, I'm afraid Wang fan is hard to please.

Come on, come on.

Several fierce youths were not disturbed by Li Wuji's intrusion, and their expressions were still calm and calm.

They shot and oppressed while approaching Wang Fan, with cold murders in their eyes.

Wang Fan calmly hiding behind a corner, eyes as deep as water.

He was not frightened by Li Wuji's madness, nor did he show any fear.

He is calculating the distance between the two sides, waiting for the best time to take the shot.

If he was not afraid of injuring innocent guests by mistake, or adding unnecessary casualties, he would

have solved these bandits long ago. How could he wait until now.

Ten meters

eight meters

six meters

at a certain moment, Wang Fan's eyes lit up and moved instantly!

WOW!

With his right hand, he threw out the coat he had already grasped.

Come on, come on.

As soon as the fierce young man's nerves tightened, he pulled the trigger at his coat without hesitation. The gunfire was loud, and the coat was riddled with holes in an instant.

Wang Fan took advantage of the gap between the other side's concentrated fire on the coat, grabbed the sofa behind him with both hands, and then smashed it at the fierce young man.

Fierce youth slightly a Leng, instant back, toward the sofa will pull the trigger again.

Sawdust is flying.

However, although the sofa was blasted full of holes, but in that powerful force, it still blasted in front of them in an instant.

The head youth slightly a Leng, a punch blows out, the entire sofa is blown out.

Just in the moment of flying sofa, his face suddenly changed.

He saw Wang Fan hiding behind the sofa.

"Wai Rui Gu De, you can die." Wang Fan grinned at the young man. His right hand suddenly pinched the young man's wrist, and then his left hand turned into a fist and blasted at his head.

Boom!

With a loud noise, the young man's head was broken and bleeding.

At this time, several other youths came back to their senses, turned their guns around and pulled the trigger mercilessly at Wang Fan.

Of course, Wang Fan's reaction was also extremely fast. He immediately pulled the young man in front of him to make a meat mat and made a series of loud noises.

Young people are soon beaten into a sieve, full of holes.

The red blood gushed out, and the whole young man turned into a dazzling shower.

Wang Fan took advantage of the pause of several fierce young men's shooting, suddenly grabbed the gun in the hands of the young people beside him. While his body darted forward, he repeatedly pulled the trigger and fired mercilessly.

A series of rapid and harsh sounds, a few young people did not respond, instant was shot in the head, all killed.

Click.

With an empty sound, Wang Fan threw his gun and ran to the last fierce young man like a wolf.

The young man's reaction was also very fast. He stepped back abruptly and pulled the trigger at Wang Fan.

Wang Fan showed strength, let him feel the crisis, he knows he is not the opponent.

But his dense bullets in front of Wang Fan, just like cotton ball funny, Wang Fan just twist a few body, then all Dodge, and then flash, has appeared in front of him.

Seeing this, the fierce young man knew that it was no longer possible to shoot. Without hesitation, he threw away his gun and started a hand to hand fight with Wang Fan.

Decisive.

However, his shooting is not Wang Fan's opponent, and hand to hand combat is even worse.

Wang Fan gave him a look of disdain, understatement and then seized his fist, forced a twist.

The young man's arm was as numb as a flower, but his quality was not comparable to that of ordinary people. He tried to bear the sting, so he planned to lift his knee to give Wang Fan a heavy knock.

But his knee has not been raised, the whole person has been swung up by Wang Fan, sandbags toward Li Wuji and others.

"Son of a bitch, get rid of him, get rid of him!" In a rage, Li Wuji suddenly grabbed a man's gun and pulled the trigger at the young man. Under the huge bullet penetration force, the young man landed half

a meter in front of him, bleeding.

Wang Fan sneered at Li Wuji, picked up the gun on the ground and started shooting again.

Come on, come on.

Several fierce men who rushed forward had not rushed to Wang Fan's side, but had been shot in the thigh and all fell to the ground.

Wang Fan didn't stop. He threw two shots at Li Wuji's legs. Li Wuji fell to the ground with a scream. Then Wang Fan went back to the sea like a rabbit.

"Li Wuji, if you attack the club in broad daylight and kill people rampantly, you will be in prison."

"Lawlessness, lawlessness! If you don't put yourself in jail or get shot a hundred times, it's just like heaven has no eyes. "

Wang Fan hid behind a corner and began to shout at Li Wuji.

Li Wuji was a little confused. He couldn't figure out which one Wang Fan played, but he was soon blinded by hatred.

Wang Fan was killed by so many people. In the end, Wang Fan was not killed. On the contrary, he was killed.

What a shame!

"Kill, kill me, kill this son of a bitch at all costs." Li Wuji roared madly. When his subordinates heard the order, they rushed to Wang Fan bravely.

Sobbing, sobbing.

At this time, the rapid and harsh siren suddenly rang up.

In Li Wuji's shocked eyes, one by one the soldiers stopped outside the sea. At first sight, it was obvious that the soldiers who had undergone orthodox training, armed with real guns and nuclear bombs, rushed in with a look of Xiaosha.

"Damn it Li Wuji's face changed greatly, "I'm not all good, how can there be military and police?"

He angrily denounced Wang Fan. He could no longer chase Wang Fan. He threw out two smoke bombs and ran to the side corridor with the help of two subordinates.

"Squat down with your head in your arms and hand in the gun, or you will be killed." An officer fired two

shots in the air, warning.

Those who did not come and hid or left the outlaws, first a Leng, followed by crazy four scattered.

When this kind of thing happens, this kind of war, if they are captured, they will never be able to get along. What's more, there is not a clean one under these hands. Once you go in, it will be difficult to get out.

The chief officer looked at the scene, first a Leng, then a wave, the guns pointed out, mercilessly pull the trigger.

Come on, come on.

More than a dozen fugitives could not dodge, so they were beaten into a sieve, filled with smoke and blood.

Chapter 476

Luxury suite on the sea.

"Wang Shao, I'd better go to the hospital with you. I'm not sure if I don't go to the hospital. If you don't want to go, I can call a doctor

Dai Shuangshuang said eagerly and untied the buttons of Wang Fan's clothes. His eyes were full of concern.

After the arrival of the military and police, those who did not leave were either killed or captured. Li Wuji, who escaped, was also hunted by someone.

Wang Fan originally wanted to go back to the villa to have a sleep, but Dai Shuangshuang's worry brought him here.

Dai Shuangshuang's coat had been taken off, and she was only wearing the thin white snow knitted shirt. She half bent down to untie the buttons for Wang Fan, and Wang Fan felt that his nose was about to bleed.

"Frost, I'm fine. I can't do anything with just one bullet. What's more, I'm a little miracle doctor in Jinzhou. Can this injury be difficult for me? Let's not trouble the angels in white who save the world and the people. "

Wang Fan said with awe inspiring righteousness, while holding Dai Shuangshuang's fragrant shoulder, motioned her not to be excited.

His heart was warm. Miss Dai is really true. She is much more lovable than those cold-blooded nephews.

"Why haven't I heard of Jinzhou little miracle doctor? Don't brag." Dai Shuangshuang spat at Wang Fan, then gently opened Wang Fan's clothes and frowned, "don't move."

"Good." Wang Fan, sitting on the sofa, did not dare to move.

Dai Shuangshuang looks at Wang Fan's chest, tears are coming down.

There is a deep bullet mark, which has been purulent and bloody. It makes people feel very painful.

Dai Shuangshuang was distressed. She could not help but put her delicate red lips together and gently blew her breath. She asked, "does it hurt?"

Without waiting for Wang Fan to speak, she said softly, "you are so stupid."

"How can this be silly?" Wang Fan really can't stand Dai Shuangshuang's caring appearance, let alone her posture.

She so half lie prone, not only the chest scenery exposure, let Wang Fan have the impulse to control.

Even when Wang Fan's eyes turned to the back, he could see the white greasy which made people commit crimes.

"If there is another time, I will still do it." Wang Fan said, holding Dai Shuangshuang up, and then let her sit on her lap, very seriously said.

"I'm a man with thick skin. It doesn't matter if I get a bullet. I'll get hurt at most. But you are different. "

"There are only a few beauties in the world. If you lose your beauty, there will be another Bachelor in the world. How many people have to cry to death?"

"The most important thing is, I can't bear it. I haven't had time to roll the sheets with you yet. How can I afford to let you lose everything?"

"So, whether it's for world stability, for human peace, or for myself, I have to do it."

Wang fan is very righteous words said, love to the depth, also can't help but Dai Shuangshuang forehead kiss.

"The devil is rolling the sheets with you. The dog's mouth can't spit out ivory. It's disgusting." Dai Shuangshuang blushed and struggled a little, but his heart was faintly throbbing.

Nowadays, there are many people shouting slogans for women, but few of them really do it.

Because to do this, the man has to have not only courage, but also ability.

Although Wang fan is cynical, sensationalist, and even lustful, he is never ambiguous at the critical moment and always moves people.

He is such a seemingly ordinary, but extraordinary man.

"It's OK. I'm not in a hurry. There's a long way to go. I believe you'll roll the sheets with me sooner or later." Wang Fan said with a smile.

"Poor mouth." Dai Shuangshuang has no good spirit of white Wang Fan one eye, "you sit still, I give you bandage."

She said, and took out alcohol bandages, healing drugs and other things from the small medical box.

Wang fan is a little surprised, "can you still bandage it?"

"Of course." Dai Shuangshuang nodded his head with pride. "Back then, they were the first guards in the capital."

Said here, she is first Leng for a while, then can't help but blush of smile.

It's true that they were all damaged by Wang Fan's goods, and they even boasted.

Half an hour later, Dai Shuangshuang finished bandaging Wang Fan, wiped his forehead and sat beside him.

"Wang Shao, don't worry. Li Wuji can't run. His legs have been abandoned, and he is facing the pursuit of the military and police, so it's hard to escape. "

When he said Li Wuji, Dai Shuangshuang's eyes became cold. "Li Wuji is really more and more arrogant. He even opened fire openly. It's really lawless."

Having said that, in fact, Dai Shuangshuang's anger is not Li Wuji's rampancy, but Li Wuji's one shot at Wang Fan.

"Well." Wang Fan nodded, "as soon as Li Wuji dies, my heart will be steadfast and I will be able to sleep safely." He looked a little depressed. "It's really hard to earn six billion yuan. Every day, there's a lot of fire and bullets. I'm scared to death."

Said here, Wang Fan felt bad, quickly shut up, but it was too late.

Dai Shuangshuang suddenly pinched Wang Fan's ear and said, "you still have the face to say that it's your own business, but you want to pull us into the water. You are really shameless."

"I'll tell you, if you use me, you use me. It doesn't matter. But Meng Shao, they are not so easy to fool. You should be careful. After this, it will probably give you a bad impression. "

"No way." Wang Fan shouts injustice and holds Dai Shuangshuang's other hand. "How can I pull you into the water? If I pull you into the water, I won't get in your way. The conscience of heaven and earth. "

"Meng Shao, they just happened to catch up with this. How can I blame them? How can I know that Li Wuji is such a bull and fork that he doesn't even pay attention to Meng Shao? "

Wang Fan said here, and his expression became serious. "Of course, if Meng Shao wants to hold me responsible for this and trip me, I'll just hide."

"As long as I don't touch the bottom line, I can bear it. But if he dares to touch my bottom line, don't blame me for being impolite. I will make him the second song Shaojun. "

Plain words, but showed a strong murderous.

"Not at all." Dai Shuangshuang's face changed, and he quickly covered Wang Fan's mouth. "I know you are powerful, but you really think you can shake the eight families?"

"The Song family was just an accident. It was only for special reasons that they didn't trouble you. Don't think that's really the case with the big eight. "

"Every family is not as simple as it seems. Once you get angry with them, you will be doomed. You can't kill ten of them."

"Oh?" Wang Fan listened to this, his eyes suddenly became deep.

He was about to ask the eight families what they had, but Dai Shuangshuang's phone rang suddenly.

Dai Shuangshuang picked up the phone, and his face became gloomy.

After hanging up the phone, she looked at Wang Fan and said, "Li Wuji ran away."

Chapter 477

"Run away?" Wang Fan some accidents, "should not ah, his legs were injured, this is already a burden, coupled with the pursuit of military and police, how can escape?"

Wang Fan began to analyze, "in the end is the police secretly release water, or someone rescued him? Apart from these two reasons, I really don't know what ability he has to escape. "

Dai Shuangshuang's eyes twinkled with a trace of appreciation. Wang Fan's analysis can be described as a needle in the blood, pointing to the essence.

"You're right. Someone came out on the way to rescue him." Dai Shuangshuang's eyes twinkled with a touch of profundity. "According to the spy's report, those hostages are very high, both in combat ability and anti tracking ability."

"After they overturned more than ten soldiers and policemen, they quickly fled with Li Wuji. Now, the soldiers and policemen have lost their trace."

"Is it?" Wang Fan's eyes became playful. "It seems that these people are not simple. With such a large-scale fight, they can take Li Wuji out of the pursuit of the military and police. This is the energy behind Li Wuji. It's a little terrifying. "

Wang Fan said here, and asked, "by the way, Meng Shao, they have no action? Did their people not bite Li Wuji? "

"No Dai Shuangshuang shook his head, "Meng Shao in the loss of more than a dozen good hands, decisively ordered the withdrawal."

"It's interesting. It's getting more and more fun." Wang Fan laughed. "I thought Li Wuji would die, and I could have a good sleep. Now it seems that this dream is far away."

Wang Fan didn't believe that Meng Bowen could swallow today's bad breath and give the order to withdraw troops easily.

Meng Bowen was not only openly held by Li Wuji's men in the box, but also lost more than ten elites. This is no longer a simple provocation, but a matter of face.

Which of these people in the capital is more important than life?

In this case, Meng Bowen has given the order to withdraw the troops. There is only one possibility that someone has made a deal with him and paid something that makes him excited.

Apart from these, this kind of large-scale fighting, even if the strength of Li Wuji's people is strong enough to go against the sky, it is impossible not to show clues.

With the development of science and technology and the sky's eyes everywhere, it's no doubt a fool's dream to escape.

Now Li Wuji just ran away, which can only show that this matter has been suppressed, and the energy of the people behind him is terrible.

Of course, Wang Fan did not tell Dai Shuangshuang about these things, nor did he ask Dai Shuangshuang to help him trace them to the end.

The water is too deep for him to wear frost.

What's more, even if Dai Shuangshuang helps to trace it, it may not have a result. On the contrary, it will cause dissatisfaction and danger.

"Wang Shao, you don't have to worry. I'll find a way to put pressure on the authorities to find out the whereabouts of Li Wuji as soon as possible."

Dai Shuangshuang bit her teeth and said, "kill people in public, even almost kill me. I must pay for Li Wuji."

If Li Wuji doesn't die, Wang Fan will be in danger. Dai Shuangshuang wants to share the burden for Wang Fan.

"No Wang Fan grabbed Dai Shuangshuang's hand, and his expression became more serious than ever. "Girls are in charge of every family, just as beautiful as flowers. Don't take part in these fights."

"It's just a Li Wuji. I haven't paid attention to it yet. I can handle it myself." Wang Fan said, eyes become gentle, "you don't let me embarrassed, don't let me worry, OK?"

Dai Shuangshuang was moved and powerless. She really wanted to refuse. But looking at Wang Fan's serious and caring eyes, he finally nodded, "OK."

"Good boy."

A luxury manor in the east of Jinzhou.

An ordinary black car drove in, the door opened, and two youths came down with Li Wuji who was shot in both legs.

Li Wuji's face was gloomy and terrible, his eyes were bloodshot and his eyebrows were ferocious. He looked like a ferocious wolf, as if he would rush to bite at any time.

When they entered the villa, there was already a woman in a ponytail waiting.

The woman is twenty-five or twenty-six years old. She has a melon face, willow eyebrows, thin lips, and her eyes are up to the sky.

She was dressed in a Purple strong suit, not loose nor thin, just to outline the concave convex and charming figure.

At this time, she was sitting on the sofa in the living room with her legs crossed, tasting a glass of red wine in her left hand and playing with a silver revolver in her right hand.

The silver pistol seemed to be connected with her hand, and there were countless changes in her hand.

In people's eyes, it seems that she used this pistol to perform, not to kill.

Behind her stood two young men in plain clothes with half pull masks. These young men were upright and straight as guns. Standing there motionless, like a stake.

But their bodies are full of a terrible atmosphere, just like the unsheathed sword general, anyone can feel their domineering. Once out of the sheath, it will be extremely sharp.

Originally, Li Wuji's face was gloomy. When he saw the woman, his face became as gentle as a sheep.

He bowed his head slightly, showing unprecedented respect on his face, "Miss Su."

"Li Wuji, you're so stupid that you can't even make a single scene. You've wasted the little master's efforts to cultivate you."

Miss Su's waist turned straight in an instant, staring at Li Wuji from a commanding position. She told him, "someone, a gun, there is such a good chance, but you failed. Do you think you are a waste?"

"Do you know how much the young Lord paid to save you? You know, tonight, you almost didn't get your life back? "

"What do you want?" Miss Su said, the rotation of the silver pistol stopped immediately, the muzzle pointed at Li Wuji's head.

Li Wuji's forehead exuded a cold sweat. He pushed aside his subordinates and knelt down in pain. "Miss Su, please forgive me."

His eyes twinkled with reluctance, "it was already safe, but who knows, half way out of the police."

"Isn't it all done? How did the military and police show up? If it wasn't for the soldiers and policemen, muqianxin would have been shot in the head by me. Even his bodyguard was thrown to Wujiang River by me to feed the fish. "

Li Wuji's tone is a bit of blame.

Miss Su sneered, "why, are you complaining that the little master has not done well? Why are there military and police forces? Is it not because of your arrogance? "

"If it wasn't for your men who took Meng Bowen and Bai Qingying hostage, would the military and police be sent out? It is clear that your arrogance has harmed you, but now you blame the young master, Li Wuji. You are so brave! "

"Do you know how much the young master paid to calm Meng Bowen's anger? If you hear this, the

young Lord will feel cold. "

Li Wuji's face turned pale, "Meng Bowen? Bai Qingying? We have no grudge! Besides, even if there are grudges, how can I hijack them at this juncture? I'm not stupid

Said here, his mind flashed, "are they Wang Fan's friends, the people in the box?"

Li Wuji is very subdued. Damn it, he is schemed by Wang Fan.

What angered him most was that he couldn't figure out how Wang Fan, just a head of a security company, could know these oxen and forks?

I can't even hit it!

"You still have some brains." Miss Su stood up and said, "take good care of your injuries recently. Don't move. When the wind is over, try to get back today's disgrace."

"Although I would like to shoot you, the little Lord is generous and willing to give you another chance."

"If you can't grasp this opportunity, don't blame the young master for his ruthlessness. Cherish it. "

With that, Miss Su stood up and left the villa.

Chapter 478

Wang Fan had a good sleep in his room and had a candlelight dinner with Dai Shuangshuang. Then he left the world at ease.

Because Wang fan used the bandit's gun to kill people, plus self-defense, and Dai Shuangshuang, it was easy for him to get rid of it, and he didn't even write about it.

Qihong villa.

"Wang Shao, thank you for coming out of the siege today. I cooked some dishes for you myself. Come and have a taste."

Muqianxin is busy in the kitchen with an apron. After seeing Wang Fan coming back, he came up with a smile on his face.

Wang fan is used to the enchantment of the great beauty. Now he can't help but brighten his eyes when he sees the little woman at home.

But he still felt his flustered stomach and said, "Miss Mu has a heart. I've got it."

But he just said here, the curtain thousand heart already stretched out a small hand to block Wang Fan's

mouth, "Wang Shao, this is someone else's heart, you can't refuse."

"I'm leaving tomorrow. I'm kind enough to cook for you tonight to celebrate. Doesn't wang Shao even give you such face?"

"Well, I'll eat." Wang Fan nodded helplessly and wanted to cry without tears.

Soon the meal was on the table.

There are eight dishes, including braised spareribs in soy sauce, chicken wings in coke, fried eggs with fungus, shrimp in Longjing, beef curry, and a soup of tremella and lotus seeds. It seems that they are all full of color, fragrance and appetite.

Obviously, these dishes are made by mu Qianxin with a lot of effort.

Wang fan is a little surprised. Can mu Qianxin cook?

He picked up a sparerib and tasted it. It tasted good. He couldn't help joking, "I didn't expect Miss Mu to have this skill."

"It's like getting into the big bed, getting out of the kitchen, beating the hooligans, and taking them out to look good. It's a blessing to marry Miss mu."

"Is it delicious? If it's delicious, eat more. " The hard work has been affirmed, and muqianxin is very happy.

She gave Wang Fan a few chopsticks in the past, and then opened a bottle of red wine, to Wang Fan poured, "this is my hard work, just to thank you."

"Originally, I wanted to invite Wang Shao outside, but he was not sincere. Don't blame me for being mean."

"Miss Mu has a heart." Wang Fan touched mu Qianxin, drank it all, and then said, "if Miss Mu is stingy, there will be no generous people in the world. What's more, I do things with money, which is what I should do. "

Wang Fan said, "Li Wuji is not dead. Is Miss Mu sure to leave? In that case, I'll take up the stool. "

"Wang Shao's words." After drinking the red wine in the glass, mu Qianxin's pretty face has emerged charming scarlet.

She looked at Wang Fan vaguely, "these days, Wang Shaowei has done enough for me. What's more, without you, I couldn't have got 20 billion. I owe Wang Shao. "

Muqianxin is charming and can be called a beauty. After drinking, it is even more like an intoxicating peach. The charm of the whole body makes people want to take a bite.

Wang Fan's eyes twinkled with a touch of fun, suppressing the impulse, "don't say that, these are what I should do."

"By the way, you are leaving tomorrow. Where are you going? If Li Wuji does not die, your crisis will not be relieved. If you leave Jinzhou, your situation will become much more dangerous. "

"Why don't you wait until I kill Li Wuji? In that case, not only do you have no danger, but also I have really completed the task, killing two birds with one stone, don't you think? "

"Forget it." Mu Qianxin shook his head, "Li Wuji has been abandoned, and can't lift much storm."

"What's more, he killed me for the things in my hand. Now that the things have been handed over, I have no value. He has no reason to fight me again."

"I've been fighting all these days. I'm really tired and tired. I don't want to continue."

"Wang Shao, you don't have to worry about me. Before Li Lishan comes out, Li Wuji's focus will be in Jinzhou. He won't waste his time chasing me, a woman of little value, all over the world."

"It's Wang Shao you. Be careful. Don't follow Li Wuji's way. Although he has been abandoned and many of his men have been arrested, there are still many fugitives working for him. "

Curtain thousand heart wrong legs, eyes appear very sincere.

"All right." Wang Fan nodded, "since you've made up your mind, I won't say anything. Have a safe trip."

"Well." Mu Qianxin raised his glass again and said, "don't talk about those unhappy things. Today, we are not drunk."

"If you don't get drunk, you don't come back." Wang Fan looked at the curtain with a smile, took the red wine and drank it.

Next, they ate and drank, and soon they were drunk.

During this period, muqianxin received several text messages. Every time he read the text message, the look in Wang Fan's eyes would twinkle with guilt and impatience, but it would soon dissipate. But Wang Fan seemed to have drunk too much, and he didn't notice it at all.

When all the wine was finished, Wang Fan finally stood up and said, "Miss mu, it's getting late, so I'll go back first. Don't worry. I'll let heiluocha protect you. "

"Don't go." Curtain thousand heart a pull Wang Fan, hot Jiao body stick on Wang Fan, right hand touched Wang Fan chest, eyes blurred, whispered, "stay with me, OK?"

Drunk screen thousand heart, the whole person seems to have become the devil, that smile, a word, all bloom with a touching style.

Her pretty face is crimson, her eyes are intoxicated, and her body also exudes the feminine flavor mixed with the aroma of wine. The mature feminine flavor blooms to the extreme.

I don't know when, the zipper of her collar has been pulled down, revealing a vague charming white, and adding countless charm.

"Miss mu, it's not good. You're the employer. We can't." Wang fan is short of breath, but he still sticks to the principle and shows his reserve.

Just his words haven't finished yet, the curtain thousand heart has already gathered up the attractive red lips, blocked up Wang Fan's mouth.

Wang Fan's brain is blank.

When mu Qianxin wriggles his attractive body and peels off his clothes like eggshell, Wang fan can't bear it any more and pours on it.

It's a storm.

Two hours later, the clouds and rain stopped, and Wang Fan was tired in bed.

Screen thousand heart is as if sobered up in general, began to wear clothes.

She looked at Wang Fan, who was sleeping with her eyes closed. The guilt in her eyes reached the extreme.

"So late, where are you going? Don't go, Li Wuji. I'll take care of it. " When Wang Fan said this, he suddenly turned pale and spat out a mouthful of pus blood.

The blood is not red, but black.

Wang Fan's face changed greatly. He trembled and pointed to the curtain. "You, you poison me?"

He couldn't believe staring at Muqian heart, suddenly forward, trying to catch each other, but Muqian heart skillfully evaded.

She did not dare to look at Wang Fan's eyes, but guilt said, "Wang Shao, sorry, as a chess piece, I have no choice."

"Why, who is he?" Wang Fan again ejected black blood, unwilling to ask.

"Sorry, I can't say it." Curtain thousand heart guilt said, quickly put on clothes, "Wang Shao, sorry, I have no choice. I will repay you in the next life. "

Hiss, hiss, hiss!

Wang Fan spewed out three mouthfuls of black blood and fell on the bed without any sound.

Screen thousand heart looking at no breath of Wang Fan, want to come forward to confirm, finally give up. She took out her cell phone, clenched her teeth and said, "done."

With the sending of these two words, a drop of tears splashed on the mobile phone, just like a splash.

Mu Qianxin wiped away his tears, looked back at Wang Fan deeply, and quickly left the villa.

Chapter 479

"Damn, it's really the hardest thing to suffer from beauty. I almost died." Wang Fan confirmed that mu Qianxin left and quickly jumped out of bed.

He first took out the silver needle and pricked it for himself quickly, then dialed out the phone, "heiluocho, muqianxin has gone, let's see where she is going."

Wang Fan believes that mu Qianxin killed himself and will go to recover his life in person. As long as people follow the curtain, we can know who is behind the scenes.

Ten minutes later, Wang Fan received a call from heiluocha, "Wang Shao, the direction of muqianxin is yaogeyuan. Do you need to take her down halfway?"

"No Wang Fan directly shook his head, "how to say also want other people's body, one night husband and wife also a hundred days grace, she can be merciless, but I can't unintentionally."

"Get your men back. Leave her alone. The owner of yaoge garden was able to pull out our spies last time. His strength can't be underestimated. There's no need to take risks again. "

"Good." Heiluocha nodded and hung up.

Wang Fan took a bath, cleaned up the room a little, turned off the switch, and lay down on the bed to have a rest.

The first is that he is really tired and some of them don't want to move.

Second, he believed that someone would come to confirm whether he was dead or not.

Sure enough, about an hour later, Wang Fan clearly noticed that two young people with excellent strength jumped in from the window.

After they came in, they went straight to Wang Fan's room without hesitation.

After entering the room, one of them ran to the bed where Wang Fan was, while the other pressed the light switch.

But he pressed a few times, the light did not turn on, but under, can only turn on the flashlight of the mobile phone.

"What's the matter? Why didn't you turn on the light?" The young man who ran to the bed looked at the scene and couldn't help asking.

"I don't know. Maybe it's broken? Let's see if he's still alive, so we can go back to his life. "

The other young man ran to the bed and looked at Wang Fan's face.

Wang Fan's face was pale, and his mouth was red. It was obviously blood. His appearance was very frightening.

Looking at this scene, the young man's face could not help changing. Then he checked Wang Fan's breath.

After a while, he took back his hand, "no temperature, no breath, dead."

"Well, let's go." The other young man said and began to step back. Just a few steps back, and suddenly think of what, again ran back to Wang Fan in front.

"It's better to reward him for coming here, so that we can be completely at ease." Said the young man, he took out a knife and stabbed Wang Fan.

Only when his knife was just halfway through, he was suddenly caught by a pale hand. To be exact, the knife was caught by two fingers.

The young man's face changed greatly. When he fixed his eyes, he saw that Wang Fan, who was dead to death, opened his eyes and sat up at the same time.

"Deceiving the corpse?" Young people subconsciously low call, but soon back to God, "you are not dead?"

Dong!

As soon as his words came down, Wang Fan was very upset and gave him a violent shudder. The young man snorted and fell to the ground. The knife in his hand had completely fallen into Wang Fan's hands.

"Why are you so mean? I'm already dead. You still want to stab me. Is your heart black? "

Wang Fan was very upset, while he said, he knocked several times on the youth's head, "you will have no friends like this. Are you not afraid that I will not let you go as a ghost?"

The young man was knocked and yelled. He felt that his head was about to be broken.

In addition, the young man was stunned for a moment, then instantly recovered, and suddenly rushed to Wang Fan, "Damn, that girl lied to us, how brave."

Come on!

But before the young man came to Wang Fan's side, the knife in Wang Fan's hand had been inserted into his thigh and fell to the ground.

Without waiting for him to relax, Wang Fan had already raised his leg and smashed it down. His right leg hit the young man's spine and knocked him to the ground.

"What do you mean not to die? I was already dead, and I was going to the palace of hell. But the king of hell said there was a kid who wanted to kill me. Let me come back quickly. "

"If there is no way, I can only survive. I have to thank you. If it wasn't for you, I would be dead. "

Wang fan runs all over the railway.

Two young people with black lines, NIMA, when they are three years old?

They have no nonsense, short dull, suddenly jump up, crazy towards Wang Fan.

One of them raised his toes, straight point Wang Fan chin, fierce and sharp.

The other one spread out his arms and crazily hugged Wang Fan's thigh.

Wang Fan's eyes twinkled with a touch of fun. He patted forward with his right hand and gently opened the young man's toes. Then he clenched his fist with his backhand and roared toward the other young man.

Boom!

With a loud noise, the young man was blown away, but he didn't fall down. Instead, after spitting out a mouthful of blood, the rabbit ran towards the villa. Obviously, he realized that Wang Fan was powerful

and wanted to leave first.

At the same time, the other young man rushed to Wang Fan again, obviously trying to buy time for his companion.

"Save it, since you are here, why hurry to leave?" Wang Fan raised a bit of abuse in the corner of his mouth, and then flew the young man in front of him. Then the whole man flew up and chased the fleeing young man like lightning.

The young man had not run out a few steps, but he was caught up by Wang Fan and kicked back into the house.

The two young people's faces changed greatly, and they realized that they underestimated Wang Fan's horror.

Wang Fan looked down at them and asked with a smile, "come on, who sent you?"

"Want us to betray the little Lord, hum, dream!" A young man did not speak, a young man is proud to raise his head, showing that he would rather die than surrender.

"Congratulations, you can die." With a brilliant smile, Wang Fan grasped the young man's head without hesitation and made a mistake.

Click, click.

The young man's head is directly twisted to 180 degrees, and he can't die any more.

"Do you choose to say it or to be like him?" Wang Fan looked at the other young man and asked with a bright smile.

The young man looked at Wang Fan with hatred, bit his mouth without hesitation, and soon died of bleeding from his seven orifices.

Wang fan is silly.

Nima, is that too straightforward?

But he didn't care. He asked heiluocha to deal with Shouwei, and then left the villa.

Wang fan is a little depressed. Does he feel that his hatred value is getting higher and higher? How can someone always want to kill himself?

At ten o'clock the next morning, Wang Fan was still sleeping, and a rush of mobile phone rings.

Wang Fan yawned and got through the phone unhappily, "who?"

"Wang Fan, do you have any company and discipline in your eyes? As the security minister, what time is it? I don't go to work. Believe it or not, I fired you?" There was an angry, icy voice on the other end of the phone.

"Who the hell are you? Fire me quickly. I don't want to do it anyway. Bye." Wang Fan was not satisfied with the hum, mercilessly hung up the phone.

Song Rumei is no longer here. His security minister is doing nothing. He has not planned to go for a long time.

Wang Fan felt vaguely that the voice at the other end of the phone was a little familiar, but he just opened his eyes and didn't think about who it was for a while.

Just as Wang Fan hung up, the bell rang again.

Wang Fan took a look at the same number, and immediately became even more upset. After connecting, he scolded directly,

"I've let you fire me, and you still fart. Don't worry, I don't want the salary these days. Don't bother me any more. I have to sleep."

With that, Du, Wang Fan hung up again.

Chapter 480

"Son of a bitch!" Lin Ruoxue on the other end of the phone was almost angry. She had seen niucha's staff, but she had never seen Wang Fan's staff.

She bit her teeth and dialed Wang Fan for the third time. This time, as soon as the phone was connected, she quickly said, "I'm Lin Ruoxue. I'm ordering you as an employer to come to Yindi group immediately."

Lin Ruoxue didn't give Wang Fan a chance to speak, "less than an hour, I went directly to Wang Fan's Anbao company to complain, and sent micro blog and forum, hired water army, so that your company's reputation was discredited."

"Well." Wang Fan over there finally woke up, "you wait a moment, I'll go right away."

He finally knew why the voice was so familiar. It turned out to be Lin Ruoxue. At this time, he remembered that Lin Ruoxue had acquired Yindi group.

"Hum." Lin Ruoxue gave a cold hum and hung up the phone directly. This guy is so irritating. Do you think her five million is so easy to earn?

After Wang Fan gets up, he doesn't go to Lin Ruoxue immediately, but dials Xu Ruoyun.

He wants to ask Lin Ruoxue if his five million dollars have come to the account. If not, he is too lazy to go there.

But Xu Ruyun told him that five million had arrived. Xu Ruyun also praised him as the chairman of the board of directors. He not only made a big order, but also made a small one.

Wang fan is not depressed, can only reluctantly wash, drive to the silver group.

Yindi group president office.

Familiar place, familiar pattern, familiar decoration, but Wang Fan's feeling is no longer familiar, everything has changed.

Wang Fan felt his heart hurt again, soon dispelled the idea and looked at Lin Ruoxue.

Lin Ruoxue sat in the position of president, tapping her fingers on the table, looking at Wang Fan coldly, her pretty face full of chill.

"Do you know how long you are late? Do you have any professional ethics? If you take my money, you should be at my service. "

"But it's good that you haven't seen anyone. If I hadn't called, would you not have come to me today?"

Lin Ruoxue was condescending and domineering, "Wang Fan, now start timing, three days and 72 hours, you have to stay with me, waiting for me at any time, understand?"

"To be a slave, you must have the consciousness of a slave, dare to disobey orders and directly interrupt your dog's leg!"

The trough.

Wang Fan listened to this, immediately upset, "how to speak, I am a bodyguard, the agreement is very clear, we are equal."

"If you dare to talk like that again, I'll take it as if you broke the agreement and left."

This girl is so irritating that Wang Fan won't get used to her.

"You." Lin Ruo Xue was so angry that she intended to step on Wang Fan to suppress Wang Fan's arrogance. But who knows, Wang fan doesn't care about her at all.

She immediately looked at the first bodyguard Yang Wu and said angrily, "Xiao Wu, give me the palm of his mouth and let him know what is respect and inferiority."

"Yes." Yang Wu saw Wang Fan unhappy for a long time. After hearing Lin Ruoxue's order, he immediately went to Wang Fan and snorted with disdain.

"Dare to challenge Mr. Lin, what is it! Now you are Mr. Lin's bodyguard, and Mr. Lin is your master. "

"Master, do you understand? If Mr. Lin asks you to kneel, you can't stand. If Mr. Lin asks you to go east, you can't go west. That's the rule! "

As he said this, he slapped Wang Fan hard.

"I'll fuck you." Wang fanbiao grabbed Yang Wu's big hand and slapped him in the face with his backhand. "You're so used to being a dog. I'm not used to it."

Wang Fan said, grabbing Yang Wu's arm and twisting it back, then kicking him twice with his right foot.

Yang Wu suffered from the pain. He knelt down on the ground and was in great distress.

"Since you like to be a dog, you should kneel down for your master. I won't accompany you."

Wang Fan said a word, and hard in Yang Wu body kicked a foot, and then toward the outside.

Who are you? This master and slave is really annoying.

Yang Wu's face turned red, green and white. He never thought that he could not teach Wang Fan a lesson. Instead, he was taught a lesson by Wang Fan.

It was hard for him to accept.

Lin Ruoxue's eyes suddenly widened.

Yang Wu is her first bodyguard, who is brought from the capital, and her strength can not be underestimated.

But Wang Fan turned over Yang Wu three or two times. How powerful is this?

She has a new idea about Wang Fan.

"You stop." Yang Wu reluctantly jumped up, "humiliating me, I want to go, where there is such a good thing, I want to fight with you!"

Wang Fan listened to this, very simply turned around, quickly walked to Yang Wu side, without

hesitation is a foot.

That ordinary foot, very direct, very overbearing, not a bit of fancy.

But Yang Wu just couldn't escape. He was directly kicked in the butt by Wang Fan. Ah, he fell to the ground and fell into shit. "Just like you, you still want to fight with me and find your mother for two years." Wang Fan hummed with disdain and stepped on Yang Wu again, making him unable to get up for a while. Then he walked out again.

"Do you really want to go? Are you not afraid of my complaint? " Lin Ruoxue stood up and walked out from behind the president's desk. "I apologize for my behavior just now. I hope we can cooperate happily."

"Apology?" Wang fan stopped and looked down at Lin Ruoxue, "who do you think you are? If you want to humiliate me, humiliate me. If you want to apologize, apologize. What's so good? "

Lin Ruoxue's expression remained unchanged, holding out two fingers, "I'll add two million."

"Not enough." Wang Fan shook his head directly.

"Three million." Lin Ruxue is still calm.

"Pay." Wang Fan nodded very simply.

If you earn five million more in three days, this business fool won't do it. Anyway, if Lin Ruoxue still dares to insult him, he will continue to tear the sheet.

Of course, the most important thing is that Wang Fan has offended too many people recently, and he doesn't want to offend Lin Ruoxue any more.

What's more, Wang Fan's reputation is also very important. A woman like Lin Ruoxue can use any means, and Wang fan doesn't want to tear her face completely.

"Let's go. I've arranged for some people to have dinner today. You'll show your face with me and support the scene by the way." Lin Ruoxue simply transferred five million yuan to Wang Fan's account, and then said to Wang Fan.

Wang Fan's face turned black immediately.

Nima, this bodyguard is really hard to do. It's going to offend people in an instant.

In his impression, eating this kind of game, most of them will cause trouble.

"Mr. Lin, what about me?" Yang Wu heard Lin Ruoxue's words, his face changed, and he couldn't help

asking.

"You're tired. Have a good rest. It's enough to have Wang Fan with me." Lin Ruo snow head also don't return of say.

Yang Wu's face turned pale immediately, and the look in his eyes towards Wang Fan was full of hatred.

This son of a bitch, just came to hit his own face, but also robbed his own position, his heart is full of unwilling.

Wang Fan choked at the corner of his mouth and had a new understanding of Lin Ruoxue.

This girl, she's killing people without blood.

In a word, the contradiction between him and Yang Wu was thoroughly picked up, and it was still the kind that could not be reconciled.
