

MIGHTY SK 511

Chapter 511

Wang Fan did not immediately rush to Baidu map location address, but around the city for more than an hour, to speed up.

The shark gang members on the back two cars were almost furious when they watched this scene.

Wang Fan drove the car so fast. They thought Wang Fan was going to escape, but they didn't expect that the goods took them around in circles.

"Blood hall leader, that boy seems to have found us. Do you want to catch up and force us to stop?" A young man couldn't help asking a bald man in the middle.

The bald man closed his eyes and his face was full of crisscross wrinkles. He looked terrible.

He was wearing old clothes that were not broken. It seemed that his clothes had been washed by blood. There were dry blood stains on them, which gave people a kind of gloomy feeling.

There's no doubt that this guy is a blood ghost.

The blood ghost listened to his subordinates' questions, and his egg like eyes suddenly opened, flashing a cold light, and spitting out two words in his mouth, "no need."

Wang Fan wants to beat around the Bush, and he doesn't mind letting Wang Fan beat around the bush. In his eyes, Wang fan is already a dead man, just the difference between early death and late death.

His subordinates heard the blood ghost's words, but they didn't dare to ask again,

Wang Fan went all the way west and arrived at a dilapidated warehouse in half an hour.

Without any hesitation, he stopped the car and went straight in, faster than the rabbit.

The blood ghost and his party couldn't help frowning at the scene.

They did not expect that Wang Fan took them to such a place for a long time.

Is there an ambush inside?

The whole Party became cautious and speechless.

Even the blood ghost could not help frowning. He felt that Wang Fan was very interesting.

"Master of blood hall, what shall we do? Shall we go in directly?" The subordinate asked again.

The blood ghost frowned and was about to speak when the door of the warehouse suddenly creaked open and Wang Fan stood at the door.

"Grandsons, come on, come and kill your grandfather. Aren't you very powerful? Grandfather is standing here waiting for you to kill him. "

Wang Fan pointed to the nose of the blood ghost group and was very arrogant. "I heard that you are the leader of the blood ghost Hall of the shark Gang?"

"Come on, tell me which one is the blood ghost. I will not beat you to be a real ghost!"

"His grandmother's, is the leader of shark gang out of his mind? Send you shrimp soldiers to make do with me. Are you out of your mind?"

Wang Fan's arrogant tone and heroic figure have the style of being a man.

The blood ghost and his party were angry when they heard this.

Nima, the grandson didn't hide or run away. On the contrary, he dared to yell at them. Is this seeking death?

"I, Cao NIMA, how can I talk to our blood hall leader? Do you want to die?"

"Son of a bitch, if you have seed, you will come out. You don't need the blood master to fight. I'll beat you every minute. You can't find the north."

"Son of a bitch, dare to challenge the blood hall leader, do you believe I cut you off and feed the dog?"

Filled with righteous indignation, the young people took out their weapons one after another, pointed to Wang Fan and chopped him apart, hoping to tear Wang Fan to pieces.

However, cautious they are still no one dares to rush in.

Wang fan is so confident that there are ambushes in it.

The blood ghost didn't get angry. He just looked at Wang Fan coldly, and his blood gas sent out, releasing endless pressure.

Wang Fan sneered, "you stupid forks, just like you, come out to kill people. Hurry back to wash and sleep. Don't be so shameful."

He pointed to the blood ghost again, "aren't you a cow? You're a blood ghost. I Pooh!"

Wang Fan spat on the ground, "why don't you call it a blood tortoise? I think you are more like a blood tortoise."

"There's only one man in your twenties and thirties. You dare not come here. It's a shame."

Scorn, ridicule.

"Irritate me? How to motivate? Is it too tender? " Blood ghost finally export, "if I guess correctly, you must have been in ambush inside?"

"With such a poor method, do you think my blood ghost will be deceived?" Blood ghost is very disdainful.

"Ha ha ha ha." Wang Fan laughed and gave a thumbs up, "smart, you are so smart. I'm just motivating you. I'm setting an ambush in it. "

"So you don't dare to come in. Well, you'll wait here. I'm leaving. Goodbye. "

Wang Fan said, bang when a, closed the warehouse door.

The blood ghost looked at the scene, and his face was ugly.

He vaguely felt that he had been deceived. Wang Fan was singing empty city plan. But he had an intuition that there was an ambush.

As the No. 3 general of the shark Gang, blood ghost is not only powerful and abnormal, but also has a lot of brains.

Otherwise, he would not be able to stand out from the numerous members of the shark Gang, be reused by the gang leader, and become the No. 3 general of the shark gang. Listening to the distant voice in the warehouse, the blood ghost finally couldn't help but waved and gave the order, "kill with me!"

"I don't believe it. No.30 elite of my blood hall can't even kill a security minister!"

"Even if there is an ambush inside, what can we do? Can his security company be compared with the elite of our blood hall? "

"Come in with me and crush them!"

At the command of the blood ghost, they rushed to the warehouse like wolves.

The blood ghost took the lead. Before people got close to him, his right leg went out like a shell.

The rusty iron door couldn't bear the blood ghost's leg. It opened with a bang, and the scene clearly

appeared in front of the crowd.

The whole warehouse is empty, except for Wang Fan, there is no half figure.

At this time, Wang Fan has jumped to the second floor, and opened the window, a look to jump down.

Looking at this scene, the blood ghost was more angry and felt that he had been fooled.

"Son of a bitch, kill me!" His instinct made him have no time to check whether there was an ambush in it. He roared wildly and led the crowd to chase Wang Fan.

Ah, ah, ah.

But soon, there was a scream from his subordinates.

Blood ghost is also a corner of the mouth, suddenly looked at the right foot.

Nima, his foot was caught in a hunting iron clip.

Looking at the subordinates, they are also a kind of force, skipping, covering their left foot and right foot, whining incessantly.

"Ha ha, blood ghost, you are so powerful. I put so many clips here that I didn't even clamp a stray dog. I didn't expect to clamp you. "

"The No.3 General of shark Gang, the elite of blood hall, really deserves the reputation. I admire you, I admire you."

Wang Fan looked back at the scene and laughed.

The blood ghost and his party are about to explode.

Son of a bitch, mean, shameless.

"Well, I won't play with you. It's time for the game to end." Wang Fan put aside his cynicism and waved, "no one left!"

Whoosh, whoosh.

With his voice, behind the obstacles of the warehouse, more than 20 agile young people suddenly appeared. After they appeared, the wind rushed to the blood ghost and others.

At the head, a Biao is just like a black bear, powerful and magnificent, with amazing momentum.

The blood ghost looked at this scene, his face suddenly changed, and then went crazy.

He wanted to know why Wang Fan was beating around the Bush on the road, obviously to set up an ambush and clean them up.

He has also figured out why Wang Fan provoked them and made a appearance of escaping, as if he was bewitching people and letting them step on the clip at the same time.

Chapter 512

But it's too late to say anything. There's only one way for blood ghosts, that's to get out!

"Kill

The blood ghost roared, grabbed the iron clip on his feet and pulled it down from his feet.

Let alone himself, even Wang Fan has some foot pain.

Wang Fan's clip is dead. As long as it is clamped, you can either pry it open with forceps or drag it down. There is no third choice.

After all, he's not a real hunter. He won't take off his pants and fart by setting a switch on the clip.

The rest of the blood ghost's men didn't dare to neglect him. They gritted their teeth and pulled the clip down.

But they don't have the courage of blood ghosts. Under the stimulation of pain, they can't help grinning, and even some people can't help screaming.

Some bad luck, feet are bleeding, dyed red shoes, looks very scary.

At this time, the security elite has rushed to the blood hall elite, crazy fight up.

Originally, with their strength, they were inferior to the elite of the blood hall, but because of the clip, they made up for all the disadvantages.

Fight, roar, howl, scream, all kinds of voices soon rang out, both sides soon killed red eyed.

Wang Fan didn't make a move. He just watched the scene quietly.

He did so in order to hone the company's elite. Only through blood can he grow. Otherwise, blood ghosts are not enough to clean up by themselves.

King to King, soldier to soldier.

A Biao such as became the essence of the black bear, the target directly at the blood ghost.

Two elite blood hall want to block the way, respectively, by a Biao twist their heads, click and rotate 360 degrees, violent death.

In front of a Biao, they are like fragile paper men, vulnerable.

When the blood ghost saw his subordinates killed, his eyes turned scarlet instantly.

He roared a hiss, bang bang two punches will two security elite blast out, straight to a Biao.

Bang!

The blood ghost is like a heavy tank. It's very powerful. It jumps up like a cannon ball. It swings straight with one leg and smashes a Biao's head from top to bottom. It's like Taishan's top.

The piercing sound of the air burst is resounding, which shows the horror of the blood ghost. The heavy pressure is sent out, which makes people dare not underestimate.

Abio felt the madness of the blood ghost and his face was slightly dignified. He felt like a small boat, in the face of the storm waves in general, is so weak, so irresistible.

He didn't choose to hit hard, but quickly began to retreat.

Although a Biao is famous for his strength, he is not a brainless fool.

He knew that if he carried the blood ghost in a hurry, he would be defeated in the first round, even if he did not die.

Boom!

The blood ghost's right leg fell to the ground, and the whole ground began to shake. Between the cracks, there were flying debris of stone and soil, and there was a huge hole in the ground.

A Biao looked at this scene, eyelids straight jump.

The blood ghost's explosive power is not weaker than him, even a little stronger.

"Come again!" The blood ghost did not hit, but did not stop. Instead, he rushed to a Biao again.

His right leg swayed wildly in the air, and he kicked out more than ten legs in a row. His legs were tough and straight to the point.

In addition to Wang Fan and a Biao, the rest of the people at the scene couldn't see where the blood

ghost's legs were. They could only see pieces of leg shadows.

It can be seen from this that the blood ghost's domineering kick speed is extremely fast.

A Biao's eyes are also scarlet. While holding his fists, he began to fight the blood ghost's flying legs. At the same time, he kept retreating, trying to reduce his damage to the minimum while resolving the blood ghost's moves.

At the same time, he is also waiting for the opportunity, waiting for the blood ghost exhausted, the opportunity to fight back.

But, the blood ghost just like open hang general, the legs link unceasingly, bravely attacks, does not stop.

That gesture, as if to work hard to kill a Biao.

A Biao only felt the numbness of his arms. Under the terrible force, even the corners of his mouth spilled blood.

But he still did not fall, but to endure the tingling numbness, crazy waving fists.

In the process of falling behind, every time he stepped down, he would smash a footprint on the ground, which shows the madness of the two men's fighting.

A Biao retreated thirteen steps in a row before he could stabilize himself. His eyes showed unprecedented dignity.

The strength of blood ghost was beyond his expectation. It was the only strength he had seen in his life except Wang Fan.

A Biao's Qi and blood surged, and he retreated two steps, leaning against the wall.

In the face of the blood ghost's storm, he still wanted to retreat, but there was no way out.

"Go to hell!" The blood ghost laughed wildly, and his right leg was like a storm. He killed a Biao. He did not expect that a Biao should have such ability to hide under his chain kicks.

But it's all over.

"Roar!" A Biao roared. He suddenly raised his breath and held his arms to protect his head. As a mad cow, he hit the bloody ghost.

There is no way to retreat, only fight to the death.

Boom!

Two people crazy collision, a Biao the whole person was kicked back, hit the wall, throat gushing a stream of blood, directly out.

His arms were shaking wildly and numb. His arms were bumped against his chest by the blood ghost's legs, and a rib was broken.

The pain is unbearable!

The blood ghost didn't expect that a Biao would be so crazy. Under the impact, the whole person flew upside down and felt that his legs were going to be broken.

He never dreamed that someone would dare to shake his whip leg with his arms. This is definitely the first time since his debut.

The blood ghost retreats crazily. At the moment when he is about to hit the wall, he claps his right palm against the wall and turns over to the ground to stabilize himself.

His right leg, shaking uncontrollably, was obviously not feeling well either.

However, compared with a Biao, his situation is much better, at least not injured.

"Death The blood ghost stares at a Biao fiercely, just takes two breaths, then rushes over crazily again.

The murderous spirit is surging, and the blood gas is surging.

Along the way, two youths blocking his way, he didn't even look at them. He bumped them into the air like sandbags. He also grabbed a handful of each other's blood on his face and licked them. His expression was even more ferocious.

"Kill A Biao Leng for a moment, eyes also become scarlet.

This time, he did not choose to retreat, but suddenly drum up the whole body strength, crazy to fight up.

Previously, he was like a retreat, lost the opportunity, was the blood ghost seize the opportunity, so he ended up in such a field.

He will never make the same mistake again.

Boom!

Blood ghost right leg point, suddenly turned up, left leg into a thunderbolt, hard toward a Biao point.

Although his left leg is not as fierce as his right leg, his ruthlessness and ferocity can not be underestimated.

A Biao grinned and waved his left arm. As his strength surged, he opened the blood ghost's left leg and clenched his right fist. He focused forward and blasted the blood ghost's chest.

Life for life!

Boom!

The blood ghost's left leg is on a Biao's left arm. He presses his left arm and smashes it on his left face. With great force, a Biao pours blood and falls to the ground.

At the same time, his eyes are crazy, and his right fist is also hard on the blood ghost's chest. With a heavy noise, the blood ghost is also thrown out.

Blood gushing!

Chapter 513

A Biao and the blood ghost almost fell to the ground at the same time.

Both sides lose.

Wang Fan's eyes narrowed as he watched the scene.

He didn't expect that the bloody ghost should be so fierce and beat a Biao like this.

It seems that he underestimated the shark gang.

It's just No. 3. It's so terrible. No. 2 is more powerful?

The strength of the Black Wolf Gang is similar to that of the shark gang.

Wang Fan suddenly has a headache, this NIMA, he wants to live quietly, is it really so difficult?

At this time, in addition to a Biao blood ghost, other people's fighting is coming to an end.

The strength and madness of the Security Elite far exceeded Wang Fan's expectation. In just ten minutes, most of the elite under the blood ghost's command had been killed and injured, and there was no power to fight again.

In contrast, the security elite, in addition to a few people were seriously injured, although the rest have seen blood, it does not affect their combat effectiveness at all.

"The blood ghost has been defeated, do you want to die? He who knows current affairs is a hero. If he doesn't want to die, surrender

Wang Fan jumped down from the second floor and roared at the elite of the blood hall.

The five or six remaining elites of the famous blood Hall who are fighting bravely, listen to Wang Fan's words, can't help but be stunned for a while, and then their faces change greatly.

How did they not expect that the almost invincible blood ghost was defeated, even so quickly.

They couldn't help looking at the blood ghost, and their faces turned pale.

See blood ghost is staggering stand up, chest blood, obviously hurt not light.

"Damn, when did I lose? Don't talk nonsense!" The blood ghost stares at Wang Fan fiercely, almost to death.

When did he lose? Did he win.

Although he and a Biao are both defeated, he believes that a Biao is more seriously injured than he is, and he can kill a Biao in the next round of attack.

He just wanted to catch his breath, and then deal with a Biao, but unexpectedly, Wang Fan said he was defeated.

Grandma, how can you bear it?

This is simply shaking his morale!

"Ah? You haven't lost yet? Oh, I've made a mistake. The blood ghost hasn't been defeated yet. Let's go together and chop the remaining evils to death. "

Wang Fan touched his head in surprise, and then suddenly roared.

Hearing Wang Fan's order, the elite security guard who had stopped suddenly became fierce and rushed to the remaining five or six blood hall evils again.

Those five or six people were miserable. They could have survived for a while.

But the words "blood ghost is defeated" severely broke their will.

In this case, they have no way to compete with the security elite, and the fight is almost one-sided.

Come on, come on!

With a burst of blood spurting sound, soon, five or six remaining evils of the blood Hall fell into the pool of blood.

There is anger, reluctance and resentment in their eyes, but nothing can be changed at all.

Shameless! Shameless!

If possible, they really want to pull Wang Fan to their side and whip him 10000 times.

This son of a bitch is really hateful.

"You The blood ghost was also very angry. He was so angry that he couldn't help a mouthful of blood.

This son of a bitch is not only shameless, but also good at grasping people's mental calculation. He hates Wang Fan to death.

"What are you doing? Now, you should be defeated, right? Why don't I let these 20 people fight with you again? " Wang Fan looked at the blood ghost and said with a smile.

"Surnamed Wang, at least you were also the former security minister. I heard that you are still a gold medal bodyguard. Is that all you can do?"

Blood ghost gnaws toothache to hum, "have ability, you fight with me, play these intrigues, calculate what ability?"

"First of all, they deceive us, give us the appearance of you escaping, and let us relax our vigilance. It's really despicable of you to step on the trap, then let the ambush attack us, and finally shake our hearts

"You are not a man of iron, you are not a man? Have seed, you fight with me, don't let me look down on you

Blood ghost grits his teeth and roars, stimulating Wang Fan to fight with him.

He doesn't want to kill Wang Fan now. What he wants is how to leave here.

For today's plan, only by forcing Wang Fan to fight alone and holding Wang Fan, can he leave smoothly.

Otherwise, the elite security guard of No. 20 will come up, and even if he can kill more than half of them, he will die.

The previous fight with a Biao, overdraft is too much, the strength is less than 30%.

"A real fight?" Wang Fan sneered, "please, why should I have a real fight with you?"

"As for how you look up to me, I don't care. How can you look up to me, how can you look down on me? It's not how to live for me? No woolWang Fan was very disdainful, and pointed to the blood ghost and said, "besides, I am a legal citizen, you are a underworld, I tell you, what else do you need to say aboveboard?"

"I'm despicable. What can you do? It's ridiculous that I should be called despicable. "

"You." The bloody ghost's nose is crooked.

Nima, since his debut, has never met such a person as Wang Fan.

However, although he is still very angry, Wang fan means, but also can not stop some fear.

Step by step, deep-seated, said Wang fan is probably such a person.

"What are you doing?" Wang Fan said again, "tell me about the foothold of the boss of the shark Gang, and tell me about some shady activities done by the shark gang."

"When I'm in a good mood, I can let you go. If I'm in a bad mood, I'll have a good time."

"You dream!" The blood ghost laughs wildly!

"Hard air?" Wang Fan laughs, "kill, don't leave one."

With that, he left the warehouse directly.

"Damn, didn't you say you were a legal businessman? Is there a legitimate businessman who kills people? " The bloody ghost almost vomited blood.

Nima, the legal businessman says that killing people is even milder than the underworld who kills countless people. Is this a legal businessman?

"I'm in self-defense. You're going to kill me. Do you want me to be lenient?" Wang Fan disdained to curl his lips, and still walked towards the outside.

He didn't have time to argue with the blood ghost. If he didn't want to use his special identity, so that the old man wouldn't say he was in trouble, he would have taken out his gun and legally exploded this guy's head.

Wang Fan didn't walk fast, on the contrary, he was quite slow, and he was deliberately close to the blood ghost.

Although he ordered the security elite to kill the blood ghost, although the blood ghost has been injured, but this person is still dangerous.

The bloody ghost who jumps over the wall in a hurry will certainly be more terrible.

He wants to create tension for the blood ghost at the same time, by the way, give the blood Ghost a chance to hold himself.

As for why Wang Fan didn't kill the blood ghost directly, it was Wang Fan's mind. He can defend himself and kill the blood ghost openly. Why should he do it innocently?

Sure enough, in the face of the fierce security elite, the blood ghost takes another look at Wang Fan, who is getting closer and closer to him. His eyes suddenly become ferocious.

"Die with me! Even death! I'm going to pull you on the back, too!" The blood ghost roared wildly, and the whole person jumped up like a cheetah, and rushed to Wang Fan fiercely.

Amazing momentum!

Wang Fan looked at the scene and grinned.

Chapter 514

"Just waiting for you to do it!"

At the moment when the blood ghost is about to rush in front of Wang Fan, Wang Fan suddenly turns back and blows out.

No fancy, no cover up, just a simple and direct punch.

However, this fist fell into the eyes of the blood ghost, but it was as powerful as thunder, and it could not be avoided.

His face changed. It became extremely ugly.

He didn't expect that Wang Fan was so terrible, and the timing of his hand was so good.

Boom!

Wang Fan's fist seems to have penetrated the heaven and earth, and is imprinted on the blood ghost's chest.

Ah, with a scream, the whole blood ghost was blown upside down and fell back like a meteor.

Blood spray, in the void to form a dazzling blood, his eyes, is gradually dim down.

Wang Fan's fist has penetrated his heart and shattered his vitality.

Boom!

Blood ghost fell to the ground, Gulu Gulu gushed out two mouthfuls of blood and died.

He never dreamed that he would break into Wang Fan's hands. If he had known this, he would not listen to tuoda and should have forced his hand on the way.

Unfortunately, it's too late.

Wang Fan killed the blood ghost, showed the injury to a Biao and others, and then left the warehouse.

He went to the hotel, Qin Xue still did not go back, helpless, directly back to the villa.

"Van Gogh Van Gogh, you're back." As soon as Wang Fan entered the villa, ah Xuan came up like the wind.

Ah Xuan is wearing a black sweater on the top and a short skirt and panties on the bottom, which is less green and more mature.

That Qiao smile Qian Xi pretty face, with a bright smile, eyes are bent into crescent shape, it is very happy.

"Ah Xuan." Wang Fan, seeing ah Xuan, was stunned for a moment, and then showed a kind smile on his face, "shouldn't you be at school? How did you skip class?"

"They don't have it." Ah Xuan pouted her lips. "This weekend, I'll have a rest."

As she said this, ah Xuan took Wang Fan's coat and hung it on the hanger. After Wang Fan sat down, she pinched her shoulder behind him.

Wang Fan felt very warm. While enjoying a Xuan's massage, he asked, "by the way, is your injury OK? Do you feel uncomfortable?"

A Xuan was kidnapped by the Zhong family last time. Although Wang Fan had been treated and went to the hospital, Wang Fan was not at ease after all.

"It's OK, but it's OK. I just feel a little pain." Ah Xuan said in a low voice while holding it to Wang Fan.

"Does it hurt?" Wang Fan sat up straight body immediately, "where ache, give where elder brother to see."

Wang Fan really treats ah Xuan as her sister and doesn't want her to have anything to do with her.

"Come on, it shouldn't get in the way." Ah Xuan hesitated and hesitated, as if he was very embarrassed.

Wang Fan was a little depressed. He patted ah Xuan's waist with a slap. "I'm still polite with brother fan. The little girl doesn't clean up. Hurry up, or I'll hit you again."

"Oh, you come with me." Ah Xuan covered her back and shivered. She went to the bedroom with a red face.

Wang Fan didn't think much about it, so he followed her quickly.

Ah Xuan soon lay flat on the bed and took off her sweater. She shyly closed her eyes and lifted up her vest.

Her two legs are still drooping under the bed, slightly separated, this appearance, this posture.

Wang Fan, that sweat.

If it wasn't for the fact that he and ah Xuan were already familiar with each other, they all thought that this was the woman who was sent to play the beauty trick.

Ah Xuan quickly lifted up her vest, pointed to a position in her abdomen and said with a red face, "I still feel some pain here. I don't know why."

Wang Fan immediately convergence mind, quickly walked past.

The scar on ah Xuan's abdomen was completely healed. There was no scar at all.

It's just that she said it hurt inside. Wang Fan was very surprised.

"Don't move. I'll show you." Wang Fan said, put his hand on it, closed his eyes and felt it carefully.

Ah Xuan's belly was as smooth as jade. She really answered that sentence. There was no fat in her flat belly.

Ah, bah, what are you thinking about healing.

Wang Fan quickly abandoned his disordered mind and felt it carefully, but he didn't feel anything.

He was not reconciled and pressed it gently.

Ah Xuan couldn't help yelling and dancing, as if in pain.

Her face also exuded sweat.

At the same time, Wang Fan also pinched a hard thing, which was obviously infected and grew something.

"Brother fan, it hurts. It hurts." Ah Xuan said with a cry.

She is a girl with strong willpower. She even said these words, which shows how painful it is.

"It's OK. Don't worry. I'll cure you right away." Wang Fan said, quickly took out the silver needle, pricked up ah Xuan, and then covered her eyes. Then, Wang Fan finds a scalpel from the medicine box and cuts ah Xuan's abdomen.

There is something growing in ah Xuan's abdomen. Silver needle can't cure it at all. He can only operate.

He had paralyzed ah Xuan's nerves, made her feel no pain, and blindfolded her eyes, so that she could be safe.

"Where elder brother, you cover my eye to do what, still have, I how did not feel, can't very serious?" Ah Xuan was also very smart. She suddenly realized that it was not good and asked with a cry.

She's young. She doesn't want to die.

"It's OK. It's OK. It'll be ready soon. Don't look." Wang Fan said, has been fast from the operation.

Maybe she was infected. A Xuan had a small sarcoma growing under her abdomen, so she felt pain.

Wang Fan cut off the sarcoma.

About half an hour later, ah Xuan's abdomen had recovered as before.

However, ah Xuan's injury was cured, but the blood was on the sheets, ah Xuan's skirt and leggings, which could not be eliminated at all.

After the anesthesia was relieved, ah Xuan felt her stomach. She really felt no pain. She put her arms around Wang Fan's neck and said, "brother fan, you are so powerful."

Then she saw the blood on her clothes and frowned.

"Van Gogh, you wait. I'll change my clothes and cook for you." With that, ah Xuan took off her skirt and pants in front of Wang Fan.

Wang Fan, with a black face, ran away quickly.

"Ah Xuan, are you there? Hurry to get me some food. I'm hungry." Wang Fan just ran out of the room, a rough crazy voice came in.

Then a Biao appeared in the field of vision.

Wang Fan want to cry without tears, NIMA, do you want to come back so coincidentally, is not let you Ya's handle hand tail?

"Wang Shao?" A Biao saw Wang Fan Leng for a moment, then glanced at the room and was stunned for a moment.

See, a Xuan bared upper body, is wearing pants, sharp eyes of him, also saw the bedside sporadic bloodstain.

Oh, my God, is that how Wang Shao got involved with his sister?

A Biao only felt that his head was covered. A moment later, he said, "Wang Shao, you have to be responsible for my sister."

Wang Fan opened his mouth, I did nothing, what responsibility?

At this time, after changing clothes, ah Xuan ran out quickly and glared at ah Biao angrily, "brother, what are you talking about? What are you responsible for? We are innocent. Hum, I don't care about you. "

Ah Xuan said, holding Wang Fan's arm and going out, "Wang Shao, we'll eat outside, and we won't cook for him."

A Biao's face is black. She is really a girl. If you have a sweetheart, you don't want your brother.

Wang Fan felt that he couldn't wash it when he jumped into the Yellow River.

Chapter 515

"Brother fan, don't listen to my brother. He'll make a fuss. I won't let you be responsible." Ah Xuan pulls Wang Fan to her new Chevy and says to Wang Fan.

Wang Fan almost hit the windshield, "ah Xuan, I really didn't do anything to you. It's easy to get misunderstood."

"Oh, I forgot. You really didn't do anything to me. I said something wrong. I'm sorry, Van Gogh Ah Xuan apologized quickly.

It's just that it's hard to hear.

Wang Fan suddenly didn't want to talk.

"Van Gogh, there is a very good restaurant at the back of our school. Let's eat there. It's really delicious."

Ah Xuan started the car and ran to the school.

Wang Fan wants to cry without tears, "don't you make a Biao misunderstand more like this?"

"If he misunderstands, he misunderstands. Anyway, we have nothing to do with him. I don't care." Ah Xuan didn't care.

Wang Fan really wants to say out loud: I care.

Half an hour later, Ah Xuan takes Wang Fan to a restaurant near Jinzhou University.

Judging from the hot business of the restaurant, the taste is estimated to be really good.

Ah Xuan is obviously a frequent visitor here. After a few words with a woman who looks like a manager, the manager arranged a small bag for them.

At the same time, the manager also looked at Wang Fan with great interest and was obviously very interested in Wang Fan.

However, no matter Wang Fan or Ah Xuan, they didn't notice that a young man in the distance was looking at Ah Xuan's eyes.

They sat down quickly. Wang Fan looked at Ah Xuan and said with a smile, "it's not bad. There are all acquaintances in this restaurant."

"Everyone else is queuing up. We even have a box. It's not easy. It's not easy. It seems that I really underestimate Ah Xuan."

Wang Fan really didn't expect Ah Xuan to have such two talents, which shows her communicative skills.

Ah Xuan was praised by Wang Fan. She was obviously very happy, but she said modestly, "what? I just came to have dinner several times and got familiar."

Before long, the food was on the table one after another, and they began to eat.

"Well, yes, indeed." Wang Fan nodded while eating. The food in this restaurant is really authentic and delicious.

"Of course." Ah Xuan was praised by Wang Fan again. She laughed with pride and kept giving Wang Fan dishes. "If you like, eat more."

"Well." Wang Fan nodded and began to grow up. He was really hungry.

Creak.

Just as Wang Fan and Wang Fan were eating comfortably, the door of the box was pushed open and four women came in.

They all look like they are in their twenties. Although they are average in appearance, they are still young and full of youth and maturity.

"Ah Xuan, you didn't tell us when you came here. We can get together." They seemed to know ah Xuan very well, and they said as they walked in.

"That's right. We thought you were going home for dinner as before. You said that you had a hard time coming out. How could you not tell your sisters? "

As they spoke, they sat down.

After sitting down, they seem to see Wang Fan, a girl with a melon face, can't help but say, "Wow, with a little man, who is this? Can't it be your boyfriend?"

The other three also echoed, "ah Xuan, you have a boyfriend. Why don't you tell us or introduce us? We are still not good sisters."

When ah Xuan saw the four people coming in, she seemed to be confused, but soon returned to normal.

She smile, pointing directly at Wang Fan, "he is my brother, Wang Fan."

After introducing Wang Fan, she pointed to the four women, "brother fan, they are all my best friends and good friends."

"Hello, hello." Wang Fan quickly got up to say hello to the fourth daughter.

"Hello, hello." Four female also hastily follow to return a gift.

However, one of the women's reply was perfunctory, and even the look in Wang Fan's eyes was full of disdain.

Her eyes first swept Wang Fan's clothes, and then swept Wang Fan's big meal plate, and then began to become disgusted.

Wang fan doesn't mind either. He doesn't care about other people's opinions, as long as he is happy. What's more, he doesn't have much friendship with this woman, so he doesn't have to care about her opinion.

"Let's eat together, waiter. Add some chopsticks and some dishes." A Xuan gives Wang Fan an apologetic look. Then she calls the waiter to add some chopsticks and dishes, and starts chatting with her best friend.

Her original intention is to have dinner with Wang Fan alone, but she did not expect that she would be found by her best friend.

Ah Xuan didn't even have to ask. She knew that the manager must have betrayed her. Otherwise, these girls would never have known that she was here.

"Ah Xuan, how can you refuse Lin Shao's pursuit? There is a little man in your heart." A round faced girl quickly pointed to Wang Fan and said, "why don't you give us a detailed introduction and give you a good check?"

"Look at how you can be a little man, and let you refuse Lin Shao's pursuit. You know, Lin Shao is not only rich, but also school grass. "

Wang Fan listened to this, almost did not put just drink into the drink spray out.

Nima, it's this kind of drama again. Do you want people to live?

Should he hit face, face or face?

Yangliu, the woman who was disgusted with Wang Fan, saw Wang Fan's expression and said: "it's not necessary to introduce him. If you look at his stalls, food and drinks, you can see that he must be a poor child from the valley."

"I think most of his academic performance is good, and he has captured ah Xuan's heart. After all, it's a time when we don't drink any more. He still drinks it, but it's not good. "

Wang Fan opened his mouth wide and almost gave Yang Liu a thumbs up.

This woman is a cow. I can even see it.

He didn't know whether he came out of the valley or not. After all, he was an orphan.

Ah Xuan was a little impatient and said, "willow, don't talk nonsense."

She said, and looked at the rest of her friends, "don't make a fuss. I'm just friends with Wang Shao, and I don't have that kind of relationship."

"Similarly, he has nothing to do with my refusal to Lin Hao. Although Lin Hao is handsome and rich, he just doesn't like it. I don't like him. Why should I agree to his pursuit? "

Ah Xuan quickly explained.

This group of friends to disturb her has been very embarrassed, she does not want friends to offend Wang Fan.

Hiss.

Yang Liu heard ah Xuan's words and said, "Wang Shao? Which Wang Shao? If you look at the circle of power and nobility in Jinzhou, I don't seem to have heard of Wang. "

"Ah Xuan, don't put gold on his face, OK? Talking too much will cause a joke. Do you think he looks a little bit "less"

Hearing this, ah Xuan's pretty face immediately sank. "Yang Liu, you can insult me or look down on me. Please don't insult Wang Shao."

"I know your influence, but you have to separate people. If you dare to insult Wang Shao again, please leave immediately. Our friends have nothing to do, and the relationship is over."

Listening to this, everyone, including Yangliu, was stunned.

Obviously, they didn't expect that ah Xuan, who was always approachable and seemed to have no temper, would say such strong words.

Chapter 516

"Ah Xuan, are you sure you want to break up with me for such a person?" Yang Liu's face was so blue that he stood up and the pride in his chest also went up and down.

She never thought that she just sneered at Wang Fan. Ah Xuan was going to break up with her, which was ridiculous.

"I said, he's my brother. No one can look down on her, neither can you." Ah Xuan also stood up, as always strong.

"Ah Xuan, don't be like this. Yang Liu said casually that she was the one. You don't know why you should be angry."

"Willow, you really are. How can you say that to ah Xuan's friend? Why don't you apologize?"

Ah Xuan's other three best friends watched the scene and rushed out to make ends meet.

They don't want ah Xuan and Yang Liu to make trouble. After all, they are all in the same school and class.

A little plump girl named Zhang Han, while persuading them, subconsciously grabbed Wang Fan's arm and kept winking at Wang Fan.

She also saw that Wang Fan's weight in ah Xuan's heart was very heavy. In this case, Wang Fan came out to say a few words, which was more effective than them.

Although Wang fan doesn't like Yangliu, he feels good about Zhang Han. The girl is really good for ah Xuan, and she is careful. She knows how to ask him to help.

Wang Fan didn't grasp it, so he quickly stood up and said, "ah Xuan, why bother about a little thing? Sit down quickly."

"What's more, Yang is right. There is no surname Wang in Jinzhou power circle, and I'm not Wang Shao. Don't shout in the future."

Listen to Wang Fan's words, Zhang Han showed a grateful expression, that look at Wang Fan's eyes are not the same.

She didn't expect that Wang Fan was ridiculed by Yang Liu and didn't care. You know, today's young people are very good face.

"I'm sorry, Van Gogh." Seeing that Wang Fan was not angry, ah Xuan was also relieved. However, she still looked at the willow and gave a cold hum, so she sat down and ignored it.

Yang Liu's face turned blue and white. She really wanted to point to ah Xuan's nose and ask how Wang Fan could break up with her.

She really wanted to leave, but she sat down with anger at the thought that her task had not been finished.

Wang Fan didn't expect ah Xuan to be so angry and defend him. He couldn't help rowing a warm current in his heart.

But as a girl, ah Xuan can't bow her head. As a big man, he has to make ends meet.

What's more, Yang Liu's sarcasm is nothing to Wang Fan at all. He doesn't care about it at all.

Wang Fan looked at the willow. "I'm so sorry. Ah Xuan has that temper. Please don't blame her. I'll drink instead of wine and apologize for her. "

Wang Fan said, filling a glass of drinks, Gudong drink.

He did it for ah Xuan's sake. She didn't want ah Xuan because he had no friends.

"Hum." Willow snorted, did not speak, but finally poured a drink to drink down.

Her heart is despised, drink instead of wine, really funny, thanks to Wang fan can think of it.

"Handsome boy, tell me honestly how you captured ah Xuan's heart. I've known her for such a long time, but it's the first time I've seen her defend a boy like that."

Zhang Han was also relieved, then approached Wang Fan and asked in a low voice.

Her eyes were full of curiosity.

Zhang Han is about 1.65 meters tall, protruding forward and backward. He is not only plump, but also mature.

It's a black knitted sweater, off the shoulder, snow white. The bottom of the package hip skirt and underpants is the round hips and legs perfectly highlighted, full of endless amorous feelings and unspeakable temptation.

because Zhang Han is close to Wang Fan's speech, the red lips coated with light lipstick, close to Wang Fan's ears, the breath of exhaling on Wang Fan's face, so that Wang Fan can not stop his heart tremble.

Wang Fan looked at Zhang Han's curious appearance and couldn't help laughing. He hooked his fingers and said, "come closer to me, I'll tell you secretly."

Zhang Han believed it and quickly put his ear close to it.

Wang Fan was close to Zhang Han. He couldn't help looking under his collar and said, "there's only one reason why I can capture ah Xuan's heart."

"Which one?" Zhang Han asked subconsciously.

"I'm fierce!" Wang fan is very proud, "I am very powerful, otherwise, why do you think ah Xuan likes me?"

"Ah?" Zhang Han opened his mouth and his pretty face turned red immediately. After a moment, he couldn't help asking, "how fierce? An hour? Or two hours? "

Wang Fan has a black face. NIMA, are the students so crazy now? How can they be more terrible than themselves?

"One hour, two hours? I mean, I'm great. " Wang Fan some depressed said.

"How powerful? Three, five, or eight? " Zhang Han asked again. Wang Fan was about to cry. He couldn't

help knocking on Zhang Han's head. "What do you think? What do you think? I said that I have a high value of force and can fight very well. I saved ah Xuan several times before I captured her heart. "

Zhang Han looks embarrassed, and then can't help but put his hand on Wang Fan's waist, "you play with me, I don't want to strangle you!"

This son of a bitch is playing word games with himself.

Wang Fan laughed.

Ah Xuan was a little unhappy. How did brother fan see who was colluding with whom? Did he take himself seriously.

Wang Fan teased Zhang Han, and then chatted with a group of people.

Soon he had a good chat with everyone.

In addition to Yang Liu's indifference to him, others have made some changes to Wang Fan.

This guy may not have money, but at least he is humorous, eloquent and eloquent.

Wang Fan and all the other girls talked wildly. Feeling a little anxious, he went to the toilet.

Yangliu saw Wang Fan go out and immediately sent out a wechat.

Wang Fan didn't care. To be exact, he didn't know. After all, if he knew the content of Yangliu's wechat, he would be an immortal.

Wang Fan quickly came to the toilet to discharge water, but when he went out, an enchanting girl with three points of beauty came face to face.

On a cold day, she wears cool clothes.

Suspenders small skirt, face is also very ruddy, slender lotus arm and snow-white legs exposed outside, swinging people's eyes.

"Handsome, do you have a date?" Enchanting girl in close to Wang Fan, homeopathy fell in Wang Fan's arms, sexy red lips close to Wang Fan's earlobe asked.

Wang Fan Leng for a while, suddenly feel some brain is not enough.

Nima, this is a restaurant, not a night show. How can this happen?

He looked at the enchanting girl for a long time, then nodded firmly, "about."

"You are so loving." Enchanting girl Leng for a while, and then quickly on tiptoe in Wang Fan's face kiss, and then Wang Fan into the bathroom.

Not far away, a 20-year-old youth looked at the scene, his eyes lit up instantly.

He quickly sent out a text message, "they went in, you can come out, the bigger the noise, the better!"

Chapter 517

After sending a short message, the young man soon returned to one of the private rooms.

There are seven or eight people sitting in the private room, including men and women.

Sitting in the main position is a man in his twenties. He is wearing a casual suit and has a noble temperament.

This person is Lin Hao, a Xuan's pursuer.

The young man quickly came to Lin Hao's side and asked, "Lin Shao, if you want to clean up that guy, just ask someone to step on it. Why do you want to invite the princess to play at a high price?"

He didn't understand Lin Hao.

In his opinion, goods like Wang fan can be trampled to death by any excuse, and there is no need to do anything more.

Lin Hao took a sip from his glass and said, "stepping on him directly is a lesson for him, and I have a bad breath, but what's the point? Will ah Xuan throw herself in my arms? "

"Maybe ah Xuan will further promote their relationship because of his injury. Didn't I hit myself in the foot with a stone?"

"Nowadays, it's not only about fists, it's also about IQ. I went to the princess for a play. Later, I was found out, and it was a big deal. What would happen when ah Xuan saw it? "

"A guy who is hooking up with another woman and is still blocked in the bathroom, even if he likes ah Xuan, I'm afraid ah Xuan can't continue to get along with him?"

"In this way, even if ah Xuan still doesn't fall into my arms, at least she can break up with him. We beat him. Why not?"

Lin Hao said slowly.

Lin Hao is not only rich and has a background, but also the president of Jinzhou University.

However, he was rejected when he confessed to ah Xuan. How could he bear it?

Especially today, seeing ah Xuan and Wang Fan together, they are still so intimate, which makes him feel even worse.

He Lin Hao has not got the woman, how can others get?

Therefore, he paid a high price to buy willow as an internal agent, and began to lay out a plan to get rid of Wang Fan.

"High, Lin Shao is really high!" The youth gave a thumbs up.

But Lin Hao shook his head indifferently, "it's nothing high. It's your own stupidity. Well, let's wait to see a good play. Next, it's our turn to appear. "

Wang Fan was quickly pulled closer to the bathroom by the woman and locked the door.

The restroom in the dining room is a kind of public restroom for men and women. It is locked and there is no distinction between men and women, so there is no distinction between men and women entering the women's room and women entering the men's room.

The narrow space of the toilet makes the two people's bodies close together, and the enchanting girl is still wriggling, teasing Wang fan like a goblin.

The first time she went in, she tore open her coat with a stab, and then pasted her sexy red lips on it. "Brother, let's hurry up. It's worth a lot of money in spring and night."

Wang Fan a black line, "don't, don't, I don't like so direct."

While he was talking, he sneered in his heart.

Wang Fan obviously heard that there was a rapid sound of footsteps outside. Listening to the sound, it was obvious that he was coming here.

Wang Fan just can't figure out who the hell set up the Bureau and what the purpose is?

"Big brother, they are over there. I saw them go in with my own eyes." A quick voice came, followed by a bang, and the toilet door was kicked open, hitting the enchanting girl on the back.

Enchanting girl can't help but the whole person lying on Wang Fan, issued a painful scream.

A 1.85-meter-tall man tore open the door. He was about to ask angrily, but Wang Fan took the lead.

"Damn, who let you kick the door and hurt my baby, do you know? I tell you, lose money quickly, or it's not over! "

Wang fan is drinking and scolding, but he can't help touching the back of the enchanting girl with a distressed face and asking, "are you ok? Does it hurt? Do you want to go to the hospital?"

A group of big men were confused.

Nima, why not follow the script?

Shouldn't they ask questions first and then fight?

Enchanting girl is also some silly eyes, obviously did not expect Wang Fan in this occasion, even so calm.

She is trying to break away from Wang Fan, according to the script, said she was forced, but was Wang Fan fast in the waist point, and then the whole person has no strength, soft fell in Wang Fan's arms.

She wanted to open her mouth, but suddenly found that Wang Fan gently stroked her neck again, and then she couldn't even make a sound.

Nima, what's going on?

"Well, who are you and what do you do? Do you want to die if you disturb Laozi's good deeds and move Laozi's women? "

Wang Fan continued to be angry, "I tell you, today this matter is not over, no compensation, I will never let you go."

Wang Fan indignation, "his grandmother's, Laozi cultivate some interest easily, unexpectedly by you this group of bastards interrupt, you are not human?"

Listen to this, not only fierce man muddle than, the audience around is also a dull face. Your sister, your sister, this boy is too shameless. He came here to cultivate his interest. He is so righteous when he was found.

The beautiful manager turned red. Isn't that ah Xuan's little boyfriend? Why now

she feels that her brain is not enough.

The first fierce man was also stunned by Wang Fan, until Wang Fan held the enchanting girl away from the bathroom, he just reflected.

No, I'm here to find fault. How can I be found fault?

His eyes suddenly became angry, pointing at Wang Fan and yelling, "stop! Damn, if you seduce my wife in broad daylight, is there any royal law? Do you want to die? "

"I tell you, if you don't give me an account today, I will break your leg!"

The rest of the boys followed suit.

"Son of a bitch, seduce my sister-in-law, you want to die!"

"Asshole, I'm going to kill you!"

"Brother, I can't bear it. It's a green hat for you! Even if the police come, we'll have reason! If you don't break his leg today, how will you get along in the future? "

Filled with righteous indignation!

While they were talking, they also yelled, directly surrounded Wang Fan and their anger rose.

"What, seducing other people's wives? What a shame

"This guy should be damned and killed!"

"I despise such a son of a bitch the most!"

When the guests around listened to this, they were stunned for a while, and then they began to scold. I don't know if I can't eat grapes, envy, jealousy or other reasons.

Wang fan is innocent, "what? Seducing your wife? Which eye did you see me seducing your wife? "

"Are you blind? Can't you see that your wife is tired of being in my arms and refuses to leave? "

"In my opinion, it must have been you who mistreated her or domestic violence that she came to me. Otherwise, how could she be tired of it in my arms?"

At the end of Wang Fan's righteous speech, he added, "what's more, maybe she's your wife. You say she's your wife, that's your wife. Can I have a look at the marriage certificate? "

A group of people are confused again.

At the same time, he was also a little puzzled.

How can this woman not talk at the critical moment and still be tired of being in Wang Fan's arms? According to the script, shouldn't she cry and blame Wang fancai?

Chapter 518

"Son of a bitch, seduce my wife, you still have reason, I'm going to break your leg today! Brothers, give it to me and hit him

The head is fierce and masculine, but he doesn't care so much. He roars and plans to start.

"Wait a minute." But Wang Fan yelled, "it's against the law to hit someone. If you dare to do it, I'll call the police immediately."

Wang Fanyi said, "we love each other. It's none of your business. You say she's your wife. Well, take out the marriage certificate!"

"Without a marriage certificate, you can't prove that she's your wife. I also said that she is my wife. Our little husband and wife love each other. Is it none of your business

When Wang Fan finished, he yelled at the people around him, "are you right?"

"You?" The head is fierce and masculine to death. Obviously, he didn't expect Wang Fan to be so difficult. He couldn't help roaring, "who do you think has nothing to do with putting the marriage certificate in his pocket?"

"Let's call the police. I think the police will give me justice." Wang Fan said directly, "there should always be registration in the Civil Affairs Bureau. It can't be fake, it can't be fake."

Wang fan is still calm. His heart is in sneer, he just don't believe this pair of men and women are husband and wife, put clear is fairy jump.

"Call the police, NIMA!" The first fierce man was made big by Wang Fan. He couldn't help but raised his stick and smashed it down.

"Do it?" Wang Fan sneer, body shape instant forward, swish is a kick out.

MENGNAN only felt a stomachache, and then the whole person flew out, fell down again and again with a roar, and screamed.

Several other Hun Tzu see the boss was beaten, one by one indignant, red face rushed up. It's a pity that they are not in the same class as Wang Fan. Wang Fan has three fists and two feet, so they all work hard.

Wang Fan put them dry lie down, still not finish, directly dial the alarm phone, "Hello, 110, someone hit me, I suspect it is immortal jump."

The men looked confused.

Nima, do you have this kind of play?

Lin Hao and others, who were watching the play in the distance, also looked dull. Obviously, they didn't expect this situation.

At this moment, ah Xuan ran over, "fan Ge fan Ge, what's the matter? What's the matter?"

Wang fan is about to speak, Lin Hao and others came over.

"Ah Xuan, is this your friend?" Lin Hao pointed to Wang Fan's nose and said with disdain, "you are a friend who seduces other people's wives. When you are found, you become angry and beat them up."

"This person's moral character is too low. Ah Xuan, I suggest you stay away from this kind of person. It really lowers your level."

Wang Fan listens to this words to understand immediately, affection is this kid set bureau.

Ah Xuan was very angry when she heard this, "brother fan, is that so? How can you do that? Is she not as good as that woman? "

"I'm so disappointed in you that I don't want to pick the goblin or someone else's wife."

Ah Xuan is very angry.

At first, she was embarrassed to say this, but she was jealous when she saw the enchanting girl in Wang Fan's arms.

Wang fan is silly.

Lin Hao almost vomited blood, too.

Oh, my God, why doesn't the script develop normally?

Wang Fan coughed twice and said quickly, "what do you think? These people are a group. They want the immortal to jump me."

Wang Fan said, immediately in the enchanting girl body point twice.

Enchanting girl to restore freedom, immediately ran to Lin Hao's side, "Lin Shao, I'm sorry, that boy evil door, let me can't move, still can't speak."

She said, and ran to several men's side, "brother, it's not my fault, he's too evil. I won't play any more. I'll give you a refund. "

Then she threw down a pile of money and ran away.

She is just a woman, whether it is Lin Hao, or those men, are not provoking.

Today, she didn't go according to the script. After that, the other party won't let her go, so she has to run quickly.

Lin Hao has a black line. He wants to hit the wall.

It's true that he is a team mate like a pig.

In his anger, he winked at several people nearby, who immediately chased after the girl, but he was stopped by Wang Fan, "why do you want revenge?"

"Damn, get out of my way!" The two men who were stopped were very angry, and they were going to slap the king.

But before they could fan Wang Fan's face, they were fanned out by Wang Fan.

Slapping two, two people were directly fanned three meters away, head hit the ground, issued a roaring sound.

Ah Xuan also responded and looked at Lin Hao, "Lin Hao, you are a scum! Don't think that you can stir up the relationship between me and Van Gogh in this way, you dream

"Besides, I'll never look up to you. Let's die."

Ah Xuan is very angry. Although she didn't like Lin Hao before, at least she didn't hate him. But at this moment, she really began to dislike this person.

What kind of person should use such mean means to calculate her and Wang Fan.

Fortunately, it's Wang Fan. If you change to another friend, maybe you'll succeed.

The people around also look surprised.

This just know, unexpectedly really is immortal jump.

"The world is changing with each passing day. Are the young people so shameless now? How can they make it out by any means?"

"NIMA, I'm tired of this disgusting way of using women's Fairy Dance. These scum are just damned."

"It's said on the Internet that there is no bottom line for this group of people to bomb money. They should be cut to pieces!"

We are excited!

Lin Hao's face was very ugly. He never thought that his hard-working situation would turn into this.

First, he hated Wang Fan for not playing cards according to common sense. Second, he hated the betrayal of enchanting girls!

Now that he had done so, he didn't disguise any more. He looked at ah Xuan fiercely and said, "what if I set up a situation? Who makes you don't think highly of me and refuse to pursue me? "

Lin Hao is simply angry, "I have money and good looks. There are so many people who want to go to my bed in school that I don't care about it."

"But what about you? Lao Tzu hisses the cold and asks for warmth, and gives flowers and money. Why don't you look down on Lao Tzu? Where can I be inferior to that son of a bitch? "

Lin Hao has given up at all. He can't tolerate that he is inferior to others and that what he can't get is obtained by others.

"You're not as good as me anywhere." Wang Fan came up to Lin Hao and said, "chasing girls is to move them with sincerity, not by means."

"Money, power, background and appearance may be powerful tools to pursue girls, but it's not the most important. The most important thing is your heart."

Wang Fan's words were gentle, but he said, "now, it's right to prove that ah Xuan didn't choose you. Your heart is so dark. Isn't it really blind that she chose you?"

Ah Xuan also said angrily, "yes, you can't compare with brother fan anywhere, let alone brother fan. In my eyes, you can't even compare with my ordinary friends. You are a scum. I think you are disgusting!"

"Disgusting?" Lin Hao laughed wildly, "I'll show you today, what's really disgusting!"

He pointed to Wang Fan, "Wang, I can't get, you don't want to get, today, I will abolish you!"

Lin Hao roared and rushed to Wang fan like a wolf. He was as mad as a devil.

Chapter 519

Wang Fan was surprised, but did not expect that Lin Hao had so many times, but in his eyes, it was just like that.

In the face of Lin Hao's stormy attack, Wang Fan just lightly kicked out, then easily penetrated all his defenses and touched his chest.

Lin Hao pounced and spewed out a mouthful of blood, and the whole person flew out.

This is because Wang fan is merciful at his feet. Otherwise, this foot will at least kill Lin Hao.

"Waste me? You're not qualified! This is the first time and the last time. If you dare to attack me next time, I will abolish you. "

Wang Fan pointed to Lin Hao, ha ha sneer, "don't think there is a little background on the fork, like you, I have to step on at least one hundred and eighty a year, don't look for abuse."

"And stay away from ah Xuan in the future!"

Wang Fan said, slapping on the side of the iron corridor, the corridor was directly bent, the potential to sink.

The people around looked at the scene and took out air conditioning one after another.

Yang Liu, who had been sneering at Wang Fan before, turned pale.

Only Zhang Han covered his mouth, blushed and murmured: really fierce!

Lin Hao's face is also a burst of green a burst of white, he did not expect that his own hall taekwondo black belt five, in front of Wang Fan was so vulnerable.

"Manager, I'm sorry. I'll pay for the loss here. When the police come, please negotiate."

Wang Fan went to the manager, politely said, and took the initiative to give compensation, and then left with a Xuan.

Lin Hao's face was very gloomy. After a while, he gritted his teeth and dialed a phone call, "brother, I've been hit!"

Wang Fan didn't pay attention to Lin Hao's little action. It was just an episode for him.

It's just a forked student. Wang Fan hasn't paid attention to it yet.

"Well, let's break up and get together again when we have a chance. Ah Xuan, let's go back." After leaving the restaurant, Wang Fan said to the girls.

He has to deal with Li Wuji in the evening, so he has no time to exchange greetings with these girls.

"It's only eight o'clock. What's the hurry. Besides, it's the first time we've seen each other. Why don't you ask us to sing a song? "

A girl is not very happy, jumped out and said, "I didn't enjoy dinner tonight, and I didn't have enough. I just went to KTV to have some more."

Zhang Han listened to this, and quickly agreed, "that is, ah Xuan brought you out for the first time. How can we have this face?"

She said, still embracing Wang Fan's arm, can't help but act coquettishly and rub, lips close to Wang Fan's ear, whispered, "you say, brother MENGAN."

Wang Fan has goose bumps.

Ah Xuan stares at Zhang Han and seems to be angry that Zhang Han eats Wang Fan's tofu.

But knowing the character of this rotten girl, she couldn't get angry. She could only look at Wang Fan, "brother fan, why don't we play for a while?"

Obviously, she didn't want to go back either.

Wang Fan was a little depressed. Looking at the women's praying eyes, he could only nod, "OK."

They soon came to a nearby KTV. After entering the box, they ordered some food and drink and sang.

Wang Fan bored to sing a few, sat on the sofa to crack melon seeds. Just a moment, he suddenly saw a group of people in a hurry through the box door.

Look at their faces. It's obvious that there's something urgent.

Of course, Wang fan is not nosy. The reason why he pays attention to these people is that one of them makes him feel very familiar.

"You play first, I'll go out." Wang Fan did not dare to neglect, quickly said to ah Xuan and others, and left the box.

He followed these people and soon came to the door of a big bag. The music in the box was very loud, but it didn't prevent Wang Fan from hearing their conversation.

"Are you sure? Are they here? "

"I'm sure the next brothers saw them come in with their own eyes."

"Well, I'll see you later. If we can take care of them tonight, we will be a great hero. "

Hearing this, Wang Fan quickly dodged to one side to hide, because he heard the people inside come

out.

Sure enough, in a few seconds, the people in the box ran out and ran towards one of the directions with a dignified face.

Wang fan is a little curious. Who are these people going to deal with? Why are they so big and acting like spies. But he did not care, still followed behind.

No matter who these people are dealing with, he doesn't mind stirring up.

Because the person Wang Fan feels familiar with is Zhang Hu of shark Gang, that is, Huang Biao's strong hand.

Shark Gang to deal with people, Wang Fan naturally to save down.

A group of people soon came to another box. They listened at the door for a while. Then one of them kicked the door and the others rushed in.

The people in the box were obviously not good at it. Almost as soon as they rushed in, there was a fierce thump. Then there was a sound of the wine bottle and tea table being smashed.

Wang Fan close to a look, saw a group of people crazy fight, but also fight is very fierce.

To be exact, it was Zhang Hu who was besieging six people, four men and two women.

The four men and two women were obviously divided into two camps, as if they were talking business, but they were interrupted by a group of Zhang Hu.

The four men were very tough, protecting the two women and pushing towards the door.

Their Kung Fu is also very powerful. Almost all the people who are close to the attack are knocked down. Let alone killed, at least they have lost their fighting capacity.

Before long, more than a dozen of the people Zhang Hu took fell.

It's tragic.

However, no matter how powerful the four were, they couldn't hold up a large number of people. What's more, Zhang Hu came prepared.

After another two minutes, the four men's physical strength was obviously not supported, and they were directly thrown on the ground, spewing out a lot of blood.

Two women looking at this scene, although the face is ugly, but not too much panic.

The woman in red looked at Zhang Hu and couldn't help asking, "Zhang Hu, do you want to go to war in an all-round way? If this matter spreads, you can take the responsibility? "

The woman in red was very angry. She never thought that her actions were so secret, but she was still exploited by the shark.

"Ha ha." Zhang Hu laughs, "full scale war? You all killed our Lord Huang biaoqiang. Isn't it worth a full-scale war? "

After the death of Huang biaoqiang, Zhang Hu replaced Huang biaoqiang, which was also full of spirit. He pointed to the woman in red and sneered again and again,

"red lady, don't think we don't know that they are from the pink door of foreign forces. You meet them secretly, don't you deal with us sharks

Pink door?

Wang Fan listened to these three words, his eyes suddenly condensed.

Fenyimen, a well-known overseas force, is dominated by women, and most of its members are women, which is very powerful.

But what he doesn't understand is that women in powder clothes are stronger than men. Is this woman just a little bit of a brush?

While Wang Fan was thinking about this, red lady said angrily, "we were wronged. We didn't kill Huang biaoqiang!"

She is very angry, also don't know which son of a bitch killed Huang biaoqiang, unexpectedly rely on their Black Wolf Gang head.

Zhang Hu couldn't listen at all. He sneered, "don't quibble. In a word, you won't leave here alive today!"

"Kill

Chapter 520

At the command of Zhang Hu, the members of the shark Gang rush to kill the red lady and the woman in pink.

These people are obviously good hands. They are well-trained and fierce. They are by no means comparable to those mobs.

"Miss Yi, let's go!" The red lady looked at the scene, her eyes were scarlet, and she yelled at the woman

in pink, "they are from the Black Wolf Gang, who come here is not good!"

Red lady doesn't know where Zhang Hu got the news from. She meets with Miss Yi Xue here. However, she knows that Zhang Hu is prepared to come here tonight and obviously wants to kill her.

She was a little bit subdued and angry.

What's frustrating is that Huang biaoqiang's dead shark Gang actually relies on their Black Wolf Gang. Now the other party obviously comes to revenge. The anger is that if she had known this, she should have brought more people.

Yixue naturally doesn't need to be reminded by the red lady. She turns her hands over and directly turns out two semicircular hand knives to kill the two enemies who rush towards her.

She waved her arms like water snakes and hissed twice. Before the two enemies even had time to attack, they had been wiped their necks and fell to the ground with wide eyes.

The blood between the throats was bubbling out, obviously with more air in and less air out.

As the only female leader of the Black Wolf Gang, the red lady is also good at fighting with the shark gang.

Before long, more than a dozen enemies fell.

Zhang Hu looked at the scene, his expression became fierce, "kill, kill for me, never let them run away!"

He's yelling at me!

This is the first battle since he was promoted to the leader of the hall. He can only win, not lose.

Killing red lady can not only avenge Huang biaoqiang and give Wu Lang Gang a hard blow, but also better consolidate their position.

He is absolutely not allowed to fail!

Both sides killed red eyes in the narrow compartment, blood shot, blood filled.

Two enemies attack from behind, want to cut off Yixue's head, but unexpectedly Yixue falls down like a straight pole.

At the same time, he turned around and threw out the crescent hand knife in his hands like a whirlwind.

Hiss.

The two enemies were unwilling to fall to the ground.

Yixue killed the two enemies, hands close to the ground a pat, the whole person like a sword out, two fists hard blow in the two enemy's leg bone.

With two clicks, two enemies broke their legs and fell to the ground in a wail.

Yixue didn't give them the chance to jump over the wall. At the moment when they fell to the ground, their hands had seized their necks, twisted and cut off their vitality.

Although red lady is not as fierce as Yi Xue, she is not easy to kill.

She can become the only female hall leader of the Black Wolf Gang as a girl, and she can also be sent out to entertain Yi Xue, which proves that she is not simple.

She is not as flexible as Yi Xue, but she is no less fierce.

Those two slender legs became the sharp weapon to kill people at this moment, and they were on the enemy's body. After a while, several people fell down.

The sharp ends of high-heeled shoes are even as sharp as the sharpest blades in the world. When you lift your legs, you can cut the flesh and even the throat of the enemy, causing a heavy blow.

Looking at this scene, Zhang Hu was so angry that his lungs exploded.

He didn't expect that the two girls were so brave, and so many elite men didn't get rid of them. But even so, he didn't make a move, he just gave orders in anger.

There's no way. He is superior by his qualifications and loyalty. His strength is just average. He's looking for death when he rushes up.

The only consolation for him is that although red lady and Yi Xue are strong enough to kill many of his subordinates, they are obviously at the end of the rope and can't resist for long.

As long as we stick to it, success still belongs to him.

Wang Fan didn't make a move either. He just watched the battle quietly.

He wants to make a move at the last moment. Only in that way, red lady will be more resentful of the shark Gang, and the two gangs will fight.

As long as the wolf help shark help thoroughly tear face, there is no time to find him trouble.

At the same time, Wang Fan's eyes glanced at Yi Xue from time to time, and finally tut tut sighed.

He thought of a rumor in the river and lake that the girls in the pink clothes door were not only fierce, but also fierce on the bed. The ninety-nine and eighty-one postures were enough to make any man forget to return.

Originally Wang Fan did not believe it, but now he does.

Yixue's body is soft, and it's just as if there are no bones. Always be able to evade the attack in a position you don't expect, and then finish the counter kill.

At a certain moment, when Yi Xue, the red lady, was about to be overwhelmed, Wang Fan finally covered his face, banged open the box door and rushed in.

All of a sudden, the loud noise caught everyone's attention. They looked at Wang Fan at the door at the same time.

They all thought about who Wang Fan was, who he was from, whether he was an enemy or a friend. Of course, no one will think that Wang fan is in the wrong box. After all, Wang fan is blindfolded and looks like he is not good at it.

When everyone was staring at Wang Fan and the scene fell into a dead silence, Wang Fan suddenly pointed to the direction of Yi Xue and roared angrily:

"goddess, my goddess, I've come to save you. Don't worry, no one can hurt you with me!"

Wang Fan roars, kicks two fierce men with two feet, and then quickly runs to Yi Xue.

He blows two fists hard and turns over two shark gang members who are planning to attack Yi Xue. His mouth still murmurs angrily:

"dare to move my idol, you are looking for death! She's mine, she's mine! I'm going to kill you bastards

Looking at this scene, not only red lady Zhang Hu is muddled, but also Yi Xue is muddled.

She is not a star. When did she have such a brain powder?

But she is still very happy, from Wang Fan's blink of an eye to turn over four people's action, Wang fan is obviously also an expert.

In this case, suddenly kill such a master, or to help themselves, she suddenly feel pressure greatly reduced.

Zhang Hu was more angry, clenched his fists, and the wrinkles on his face began to wriggle! Kill! Kill me

"Roar!"

With his command again, the remaining few people crazy toward Wang Fan three people to kill.

Wang Fan was very angry. He grabbed Yixue in his arms and gently comforted her, "goddess, don't be afraid. With me, I will protect you."

He said, directly then embraces Yi snow to rush out to kill to go out.

Two roars.

Two fierce men in the way were kicked as far as five or six meters by the shell, fell out of the box directly, and knocked down a large area.

Zhang Hu is scared to hide to one side, from inside the box to the door, was kicked out of a bloody road by Wang Fan.

"Go Wang Fan kicked out two feet again, overturned the two enemies around the red lady, roared, then picked up Yi Xue and ran out like a rabbit.

Red lady saw this scene, in the heart a joy, the desire to survive inspired her endless potential, crazy kill two people, followed by rushed out.

"Chase! Chase me Zhang Hu is a little crazy!

How can we bear to kill Wang Fan in the middle of the battle, which leads to failure?

"Help, kill, call the police." However, when Zhang Hu leads others to chase him out, he hears Wang Fan's voice that makes him vomit blood.

The whole KTV is in a mess.
