

MIGHTY SK 521

Chapter 521

Zhang Hu vomited blood, so many people, he could not see the shadow of Wang Fan.

The most important thing is, can he lead people to chop in the box, dare to lead people to hunt all over the world with knives?

At present, it only causes a small number of customers to panic. If all the customers in the box are alarmed, it will be a big deal.

"On your side, on your side, I'll go to the monitoring room." In desperation, Zhang Hu could only give orders in this way.

He is very unwilling, very angry, but still did not give up.

Tonight, he will cut off the red lady anyway.

Wang Fan took Yi Xue with him. He was not with red lady. Red lady was at the end of her life. As long as he killed red lady, he could finish the task.

Zhang Hu soon came to the monitoring room, where he can attack and kill, obviously has something to do with KTV.

What makes him vomit blood again is that the KTV monitoring is black. I don't know when it will be destroyed.

"Asshole!" Zhang Huqi's fist smashed on the table, smashed the table into rags.

Wang Fan has no time to care whether Zhang Hu is angry or not. He has already run to the street with Yixue in his arms.

Along the way, I was so happy that I grasped and pinched.

Yixue was caught by Wang Fan, some blush and pant. She wanted to cut off Wang Fan's throat with a knife, but the first one was that she couldn't lift her strength, the second one was that she couldn't bear it.

No matter what, Wang fan is also her life-saving benefactor.

Wang fan doesn't know how long he has been running. Yi Xue finally can't help but blush and say, "can you put me down?"

"Yes." Wang fan is very obedient, quickly stopped to put down Yixue. Just put down the time, that hand

still can't help but live in her waist and waist under pinch a.

Yi Xue is a little ashamed and angry. She almost wants to kick it.

Wang fan is to explain quickly, "elder sister, I didn't mean to, I just want to see, you have bone after all."

"You're the big pole dancer. I adore you. The first time I saw you perform, I was deeply attracted by you and couldn't extricate myself. "

"I always don't understand how your body can be so flexible and make so many movements that ordinary people can't do. Today I finally understand, sister, you are really weak and boneless. "

Wang Fan sighed.

Yixue almost hit the ground.

She's the third sister in pink dress. She's adored as a pole dancer. Is that a fuckin 'slap in the face?

She didn't know whether she should be angry or happy.

Be angry, Wang Fan really saved her, be happy, be regarded as pole dancer, she is really not happy.

"I'm not a pole dancer. You've got the wrong person. But thank you for saving me Yixue lifted her hair and said seriously. At the same time, she began to look at Wang Fan carefully. "

But Wang Fan's face was covered. She could not see anything except that Wang Fan's eyes were bright and young.

However, Yixue, as the third elder sister of the powder clothes gate, is not a vase. Wang fanmeng's face saves him. It's definitely not as simple as taking her as an idol, but she doesn't tear it down.

"Ah? You've got the wrong person? " Wang Fan opened his mouth, then pulled off the cloth on his face and began to wipe his sweat. "It doesn't matter if I recognize the wrong person, but I decided to treat you as an idol from now on."

"You know, I was shocked to see your thrilling performance just now. You're better than that pole dancer. "

Yixue has a black line.

Nima, is that a show?

It was a fight of life and death!

Wang Fan didn't wait for Yi Xue to speak, then he quickly began to talk about the terms, "elder sister, do you think I should repay me for saving you?"

"I really like you, I really adore you, you can rest assured that I am not insatiable, lion big mouth people, as long as once."

"Just once?" Yi snow listens to this words, is a Leng at first, followed by facial expression immediately cold come down.

"I thank you for saving me, but don't offend me any more. I'll kill you now!"

She said, hands shaking, hands suddenly out of two crescent hand knife.

Wang Fan was scared and said, "Oh, you're kidding. Remember, you owe me a life. Bye."

He said and ran away like a rabbit.

Nimah, this girl is so hateful that she doesn't even tell me how to save her life. At the same time, he also has some regrets. It seems that the girl who wants to go to the powder clothes door has a long way to go.

Yixue looked at Wang Fan's back, and then quickly left here.

On the other side, after escaping from the KTV, red lady directly dials the phone of the leader of the Black Wolf Gang. Her voice is a little low: "leader, I've been attacked, I've been attacked by the people of the shark gang."

Red lady told the story in the shortest way, with anger in her eyes. It's a small thing for her to be attacked. It's a big thing for Yixue to be attacked.

The Black Wolf Gang tried their best to invite the people from the pink door. But they were attacked and killed as soon as they arrived. She escaped like a lost dog. How can she cooperate in the future? What do people think of the Black Wolf Gang?

Red lady knew that her crisis had not been solved, so she immediately sent the news back. She was afraid that if she died, the Black Wolf Gang would not know who the killer was.

KTV。

A Xuan is still singing, but a Xuan is absent-minded.

Wang Fan has been out for more than an hour and hasn't come back. She is worried.

Although there was bloodshed in KTV, it was suppressed by the boss of KTV. Except for the customers

who happened to see them outside, it didn't have much impact on the customers in the box.

And KTV boss in order not to affect business, but also took the initiative to inform the box customers, just ordinary fight, has been dealt with, and returned to each box to send a fruit plate to apologize.

"Ah Xuan, what do you think? Don't you miss your brother?" Seeing ah Xuan absent-minded, Zhang Han comes to her side:

"it's true that people have only been away for an hour. Is it necessary to think so? What's more, they may have something urgent. "

The other two girls who didn't sing also advised, "Yeah, yeah, don't think about it. You're so beautiful, and you're afraid he'll run away. Maybe you'll come back later."

"If you're really worried, just call him and ask. Ah Xuan, I can't see that you are so attentive to men. It seems that that guy is really lucky. "

Ah Xuan listened to her friend's words, but she didn't want to be disappointed. She said with a smile on her pretty face, "I didn't think about him, I was just thinking about other things."

"Come on, let's keep playing."

Soon, several people sang again.

Only willow looked scornful.

She would like to say that Wang fan is an egg, no ability even if, now is to leave ah Xuan, obviously not worth ah Xuan to love.

But thinking of ah Xuan's maintenance of Wang Fan, I still didn't say it. She was afraid that ah Xuan would turn against her again and drive her away.

She will stay here as Lin Hao's eyes. How can she go? But she was a little depressed. Lin Hao said that she would come for revenge soon, but why hasn't she come for such a long time?

Yang Liu was thinking about it. With a bang, the box door was kicked open, and then a group of people stormed in.

These people's faces are not good, and their bodies are full of fierce breath. Ah Xuan, who is sensitive to blood, can even smell the smell of blood. It's obvious that they have just seen blood.

The fierce man at the head has a fierce and ferocious face. Half a step behind him, he follows Lin Hao who is full of flattery.

Willow looked at these people, eyes a bright: finally came.

Zhang Han and other people's faces suddenly changed.

They can see that it's not good to come.

Chapter 522

"Brother tiger, that's them." Lin Hao pointed to ah Xuan and others, and said to the fierce man.

This fierce fierce man is not others, it is Zhang Hu who didn't kill the red lady Yi Xue and suffocated.

He didn't chase and kill, but after adjusting the monitoring, he started to command by remote control. He was not good at fighting and killing, not to mention dealing with such fierce people as red lady and Yixue.

It's no use chasing him.

When Zhang Hu was angry, Lin Hao came up and asked him to help vent his anger.

He charged Lin Hao a lot of filial piety fees. Naturally, he wanted to protect Lin Hao. In addition, he choked his stomach, so he didn't hesitate at all, so he ran with Lin Hao.

The most important thing is that Zhang Hu is trying to vent his anger. Lin Hao sends him the object to vent his anger. Naturally, he won't neglect it.

"Well, where's the grandson? Did he run away?" Lin Hao just nodded to Zhang Hu, then suddenly found that Wang Fan was not there, and his face became angry.

He pointed to willow, "willow, where's the son of a bitch?"

Yang Liu shivered and ran to Lin Hao. "He just went out, but he hasn't come back yet. I don't know where he has gone."

Yang Liu said, also took out his mobile phone, "I thought he went to the toilet, but did not expect him to go out for more than an hour did not come back, you see, I also sent you wechat."

Pop.

Lin Hao was so angry that he slapped Yang Liu in the face and said, "you're stupid. You won't go out with me? I give you money to eat excrement? "

Lin Hao roared angrily and slapped willow several times.

What he wants to clean up most is Wang Fan. What's the point of Wang Fan's absence?

Willow was pulled over on the ground, covered his face and began to cry, shivering.

She didn't expect that what she did for Lin Hao was slap in the face. She was a little unwilling.

However, she has no way to vent with Lin Hao, because she can't provoke Lin Hao at all.

Ah Xuan's face was gloomy. "Willow, you betrayed us?"

She was very sad.

Although Yang Liu is a little powerful and poisonous, she really takes Yang Liu as a sister, otherwise she won't ask Yang Liu to come with her. But now, willow betrayed her.

Zhang Han and others are also filled with righteous indignation.

"Willow, how can you do that?"

"Did we offend you in any way? Why did we do this to us?"

"You disappoint us so much."

The crowd was excited.

"Shut the hell up." Zhang Hu heard the chatter of the girls and began to shout angrily, "if you dare to chatter with me again, I will kill you!"

Both voice and color are fierce.

Zhang Han and others listen to Zhang Hu's fierce voice, immediately shut up and dare not say more.

They are just a group of students, and they can't provoke Zhang Hu, the hobo meat in society.

"It looks a little bit pretty. It's not bad. It's just that you bullied my little brother. Are you blind?"

Zhang Hu pointed to a group of people and scolded, "which is ah Xuan, stand up for me. It's your blessing that my younger brother takes a fancy to you. He dares to refuse. Have you ever paid attention to me? "

Arrogant and domineering.

This special Niang is to order Yuanyang spectrum, force a Xuan and Lin Hao.

Without hesitation, ah Xuan stood up immediately. "This elder brother, love is a matter of mutual

affection. There is no such thing as blessing."

"I don't like him, but I have to agree to his pursuit? What kind of truth is that? "

"What kind of truth?" Zhang huxie laughed, "what Laozi said is the truth."

He glanced at ah Xuan with unbridled eyes, and tut tut exclaimed, "it's really beautiful. No wonder I'm fascinated by my little brother."

"Woman, is not by the man on it, to whom is not on, why can't give my younger brother?"

Zhang Hu arrogantly said, very unreasonable, "I don't want to embarrass you, take the initiative, immediately go to the room with Lin Hao, take off his clothes, let him on you, this thing is done."

"Otherwise, it will not be him alone, but a group of Laozi brothers."

Zhang Hu said, also pointed to Zhang Han several people, "and you, tonight promised to be obedient to accompany me and my brother, I will not pursue your responsibility, otherwise, directly sell you to the red light district."

Zhang Hu said overbearing, ruffian breath at a glance.

If Wang Fan had been there, he would have been able to fight and vent. But it doesn't matter now. For these women, he can vent in another way.

"If you dream, I won't make you happy even if I die. I'm going to call the police for being so arrogant in broad daylight. "

A girl listening to this, immediately angry roar up, but also pinch out the mobile phone.

With a grin, Zhang Hu suddenly stepped forward two steps, slapped the girl and fanned her out. Her mobile phone was unstable and fell to the ground."Arrogant? I'm arrogant. What's the matter? Still want to call the police, you don't have to drink in a toast! "

Zhang Hu roared, suddenly grabbed the girl's hair, rubbed the ground and lifted it up. Then a big ear scrape fanned it up, and the sound was harsh.

Because of his anger, his hand was also strong, and the girl's pretty face was instantly swollen by the fan, and the corners of her mouth were bleeding and miserable.

"How can you do that?" Another girl was so angry that she wanted to catch Zhang Hu. Unexpectedly, Zhang Hu kicked her in the stomach.

The whole girl was kicked up and hit the wall, spitting blood and howling.

"Damn, that's what happened to me? Why do you want to fight?" Zhang Hu, with a ferocious grin, rushed directly to her side, just kicking her.

The girl opened her mouth and screamed bitterly. She covered her stomach and spewed blood from the corner of her mouth. She couldn't get up any more.

"Son of a bitch!" Ah Xuan was so angry that she took the opportunity to grab the ashtray on the table and smashed it on Zhang Hu's head.

Although a Xuan didn't practice much, she had two talents because she used to watch a Biao fight.

For a moment, Zhang Hu was hit in the head by the ashtray and almost fell to the ground.

"Damn it, I want to die!" This ashtray completely ignited the fierce anger in Zhang Hu's eyes. He suddenly took out a knife and stabbed ah Xuan.

Next to Zhang Han looking at this scene, his face is white, scream, toward a Biao.

If it goes down, ah Xuan will die.

Zhang Hu was stopped by Zhang Han and stabbed in the air, and the whole person became violent.

He wanted to kill red lady Yixue, but failed to kill them. Now he wanted to stab an ordinary girl, but he failed to do so. This is a great shame.

In anger, he reached out with his left hand and suddenly grabbed Zhang Han's hair. The knife in his right hand stabbed him hard.

Come on, come on!

Three stabs in a row, all stabbed in Zhang Han's back.

Zhang Han screamed bitterly. The red blood soon oozed out. When she dyed her clothes red, the corners of her mouth twitched.

"Go away!" After Zhang Hu stabs Zhang Han, he kicks out again, kicks Zhang Han out, and then continues to rush to ah Xuan.

At this time, Lin Hao rushed over, "brother tiger, don't want to."

Lin Hao's face turned white. He just wanted to teach ah Xuan and others a lesson, but he didn't want to kill them. Once someone dies, he's done.

Zhang Hu was stopped by Lin Hao, and his eyes regained some clarity. He pointed to ah Xuan's girls with a horizontal knife and said, "kneel down, kneel down to me, or I will stab you today!"

The girls trembled and the whole room was silent.

Chapter 523

Ah Xuan was also trembling with anger.

She did not expect that Zhang Hu should be so arrogant, even to their group of girls under such a vicious hand.

Looking at Zhang Han who fell to the ground with blood all over her body, there was endless anger in her eyes.

"You'll regret it. You'll regret it." Ah Xuan glared at Zhang Hu and murmured every word as if she had changed a person and could not speak of indifference.

She had no fear, no fear, just cold and murderous.

First, she was taken away by Zhong, and now she was threatened by Zhang Hu. Ah Xuan had an impulse to become stronger.

She finally understood a truth.

That is, only when we become strong, can we be really strong.

She can't rely on her brother and Wang Fan for everything. After all, they can't protect themselves forever.

"Regret? Ha ha, I want to see how you can make me regret it Zhang Hu disdains to laugh, "don't kneel, right? Then I'll cut you first."

Zhang Hu roared and ran to ah Xuan again.

It's ridiculous for a girl student to dare to say that Zhang Hu regrets it.

Red lady's affair had already let him hold back a stomach fire, and now he was threatened by ah Xuan so indifferently. How could Zhang Hu bear it?

Since a Xuan is calling for Zhang Hu to regret, he will let a Xuan know what regret is.

Bang!

Just as Zhang Hu rushed to ah Xuan, suddenly, the door of the box became fragmented, and then a cold

voice came out.

"You move her, I move your family!"

Wang Fan stood at the door of the box, looking at the scene in front of him, his heart was filled with endless anger.

He just went out for a little while, and this happened, which he couldn't bear.

Especially looking at the tragic situation of the women at the scene, Wang Fan only felt some suffocation in his chest.

Damn it!

This Lin Hao, and Zhang Hu, completely touched Wang Fan's scale!

"Brother van?" Seeing Wang Fan, ah Xuan was relieved at last.

Zhang Hu's subordinates became angry after a short period of stagnation.

"Who are you?"

"To die!"

With a roar, they drew their swords and rushed to Wang Fan.

Wang Fan sneers, grabs one of them by the wrist and twists it hard!

With a click, the guy's wrist broke instantly, and the knife in his hand reached Wang Fan's.

Wang Fan grabs the knife and starts to move up abruptly!

Hiss, hiss, hiss!

Four men with blood stained chest, screamed and fell back.

Another fierce man flashed cold light in his eyes and rushed from the side to cut off Wang Fan's head with a knife.

Wang Fan a cold smile, grasp the knife then mercilessly welcome up.

Click, click, click.

A series of loud noises, the knife in the man's hand was cut in half, and he fell off the ground, numb at

the mouth of the tiger!

Wang Fan kicks out!

With a bang, the man's chest was crushed and he vomited blood. He flew three meters away, hit the wall and fell back to the ground. He choked a few times and didn't move.

The five subordinates brought by Zhang Hu were overturned by Wang Fan in a flash, and the whole audience fell into silence.

Lin Hao, Yang Liu, Zhang Han, and so on, all the eyes were wide open and breathless.

None of them thought that Wang Fan would be so fierce and fierce. In a short time, they cleaned up the five brave and good fighters.

Only ah Xuan's face remained the same. In her eyes, Wang Fan was omnipotent. It was all natural.

"Who are you? Dare to provoke me to help Zhang Hu? Do you want to die? " The corner of Zhang Hu's mouth is also a severe sob, looking at Wang Fan's eyes become dignified.

He felt vaguely that Wang Fan was a little familiar, but for a while, some couldn't remember.

Wang Fan ignores Zhang Hu, but first treats ah Xuan's two best friends, and then goes to Zhang Han.

Looking at the bloody three knives on Zhang Han's back, Wang Fan's anger expanded to the extreme.

"Are you all right?" Wang Fan quickly gave Zhang Han a few needles and asked.

"No, it's OK." Zhang Han's eyes were moist, but he didn't cry.

It's the first time she's ever met such a thing.

She never thought that the bloody plot on TV would happen to her so directly.

"It's just fine." Wang Fan helps Zhang Han up, gives it to a Xuan, and then looks coldly at Zhang Hu.

"You hit them?" Wang Fan's eyes are cold and heartless. Looking at Zhang Hu is like looking at a dead man.

"Yes, I did. What about you?" Zhang Hu was a little scared, but he didn't want to weaken his momentum. "I tell you, I'm Zhang Hu, the leader of shark sect. If you dare to move me, your whole family will die!"

"Is it?" Wang Fan a cold smile, whew but flash to Zhang Hu's side, the knife in the hand directly then

viciously stabbed down. Whoa!

With a sound, Zhang Hu's whole chest was pierced by a knife, raising a string of blood mist.

He couldn't help it. He opened his mouth and screamed.

The heartrending scream, the bloody scene, hard to stimulate all people's ears and eyes.

"The sharks? Is that great?" Wang Fan's tone is very indifferent, "my whole family is going to die? How do you die?"

He said, sniffing at the knife.

Another stream of blood splattered out, spurting far away, scarlet stabbing people.

Zhang Hu felt cold in his heart. He didn't expect that Wang Fan was such a loser that he didn't even pay attention to the shark gang.

From Wang Fan's movement and expression, he knew that he had met the cruel master.

Such a person as Wang fan is definitely not something he can threaten. If he dares to beep again, Wang Fan will definitely dare to kill him.

"It's amazing to beat a woman. Who gave you the courage?" Wang Fan said blandly, grabbed Zhang Hu's head suddenly, and knocked it toward the coffee table.

Frame to a sound, the coffee table was directly knocked to pieces, glass slag into Zhang Hu's head, blood DC.

"Don't you want to know how to make you regret? Don't worry, you'll know in a minute. "

Wang Fan's hands are merciless. He grabs Zhang Hu's head and bangs it hard. Then he picks up his body. As soon as he lifts his knee, he knocks it hard on his abdomen.

With a scream, Zhang Hu felt that his intestines would be broken.

This is not the most important thing. The most important thing is that he had a knife edge on his body. Now when he was knocked like this, the red blood gushed out like a fountain, which was unbearable.

Zhang Hu's heart was cold. He didn't expect that Lin Hao wanted him to deal with such a cruel man.

This kind of person is more cruel than him.

He really regretted it. If he had known that, he would never have come here.

But it's far from over.

"Three knives? Six holes? You are really good Wang Fan's voice is like coming from the abyss, indifferent without any emotion.

At the same time, the knife in his hand poked into Zhang Hu's body again and began to twitch back and forth.

The wound twitches with a knife like this, not to mention Zhang Hu. Even if it's a fairy, I can't stand it.

It's more painful than salt on the wound.

Finally, Zhang Hu couldn't help crying. Finally, he couldn't bear the pain and went into a coma.

Wang Fan kicked Zhang Hu far away, and then looked at Lin Hao's willows, "unconvinced? Revenge? "

Lin Hao face a white, plop a kneel on the ground, shiver.

Willow is scared of incontinence, directly fell on the ground in a coma in the past.

Chapter 524

"No, I don't dare any more." Lin Hao's head fell heavily, and he kowtowed in horror to beg for mercy.

Wang Fan's ruthlessness completely scared him, and he no longer had the courage to challenge Wang Fan.

"Dare not?" Wang Fan walked to Lin Hao with a bloody knife in his hand with a sneer. "You brought Zhang Hu and hurt so many people. You didn't dare to kowtow a few heads and just want to get over it?"

Compared with Zhang Hu, Wang fan is also very angry with Lin Hao.

If it wasn't for Lin Hao, how could Zhang Hu be recruited and how could these girls be injured?

Especially, Wang Fan couldn't imagine what would happen to ah Xuan if she didn't come back tonight?

Zhong's kidnapping, Zhang Hu's threat, Wang fan is also completely angry.

He didn't like Lin Hao at all.

"Elder brother, I dare not. Please forgive me. I swear that I will never pester ah Xuan again and be a man with my tail between my legs."

Lin Hao listen to Wang Fan's words, directly scared to pee pants, but still did not stop kowtow. It seems that only in this way can he be forgiven by Wang Fan.

"Spare you, that's impossible." Wang Fan said indifferently, raised the knife in his hand, "do wrong things, always have to pay the price."

"For the sake of being a student, I won't embarrass you too much. It's just that Zhang Hu stabbed Zhang Han three times, and I'll give you three, isn't it too much? "

Wang Fan said, the knife in his hand has been mercilessly poked down.

Hiss, hiss.

Three times in a row, Lin Hao directly turned into a blood man, fell to the ground and began to howl.

Wang Fan coldly looked at the willow, and finally did not embarrass the woman, and left with ah Xuan.

Wang Fan sent Zhang Han and others to the hospital, went through the check-in procedures and paid the deposit before leaving.

He had intended to stay to comfort Zhang Han and others, but he had something else to do at night, so he had to give up.

Ah Xuan did not follow Wang Fan, but stayed in the hospital to take care of Zhang Han and others.

All these things happened because of her. Now that her best friend is injured, how can she go back to rest?

Wang Fan calls heiluocha and asks her to arrange someone to protect ah Xuan and others, then goes to the company.

"Wang Shao."

When Wang Fan came to the company, heiluocha had been waiting for a long time. She saluted Wang Fan respectfully.

"Are you ready? Let's go when we're ready! It's time for Li Wuji to send him on the road

Wang Fan waved his hand and said to the black LuoCha.

"Ready." Black Luo Cha nods, "I have been sending people to stare at Li Wuji, he is in villa all day today, did not leave."

"That's good. Let's go." Wang Fan says, take a person to leave quickly.

More than an hour later, Wang Fan took heiluocha to the outside of Li Wuji's villa.

The weather tonight is not very good. It's dark and gloomy, and the wind is howling, as if it's going to rain at any time.

But Wang Fan did not care, he took the black Luochoa and others to lurk down in the dark, carefully looked up the whole manor.

In the villa, the lights are bright, and the sound of singing and dancing can still be heard. It is obvious that Li Wuji has not fallen asleep and is enjoying himself.

Wang fan is a little upset. He's blowing cold outside, but the guy is picking up girls in the villa. It's very annoying.

However, although Li Wuji is natural and unrestrained in the villa, he is quite concerned about his own safety, which can be seen from the light and dark sentries of the manor.

In the dark, two sentry guards at the door, although yawning some sleepy, but the eyes are still constantly scanning around, very responsible.

Villa outside a few commanding heights, there are also people on guard, as long as there is any wind and grass, they can find the first time.

In addition to these four people, Wang fanmingxian also felt that there were dozens of breath in the manor, which was obviously a light and dark sentry.

Although these people are not experts who can pick one from a thousand li, they are all desperators.

After years of licking blood, they still have some acumen.

As long as someone appears, or someone is killed, they can find out at the first time and send out signals.

"Heiluocha, you go to solve the two guys at the commanding height, and never let them send out signals. Tonight, Li Wuji must die. He must not escape alive. "

Wang Fan pointed to the two guards at the commanding height and said to the black Luochoa nearby.

Hei Luochoa answered and left quickly. He ran to the two guards in the dark.

Black Luochoa was dressed in black. Under the cover of the night, it was not easy to find her. Moreover, her speed was so fast that it was even harder to find her.

She quickly went around to a low place outside the manor, listened, and then flashed up like a ghost.

Her speed is extremely fast. At the moment of jumping into the manor, the whole person hides in a dead corner, just avoiding the patrol of the inspectors. When the inspectors left, heiluochoa ran to the two guards at the commanding height.

She moves secretively, as fast as an ape, a few flashes, has been close to the two guards.

In the blink of an instant, her eyes lit up, the whole person burst up, Shua, a knife across the throat of a guard.

The guard didn't respond at all, so he clung his neck and fell to the ground without a scream.

The other guard found that it was wrong and was about to open his mouth and scream. Heiluochoa had already stepped forward and covered his mouth directly.

At the same time, heiluochoa held out his other hand, grasped the back of his head, and twisted his hands clockwise. The guard also turned his eyelids and met the king of hell.

Put down two people, heiluochoa help them up and lean on both sides of the column, give a normal illusion, and then make an OK gesture to Wang Fan.

Wang Fan looked at the scene and gave a thumbs up to the black Rocha.

The strength of heiluochoa was stronger than he expected, especially the body method, which gave Wang Fan a bright feeling in front of his eyes.

Obviously, during this period of time, the strength of heiluochoa has improved.

At the same time, Wei Jian and others beside him are also in high spirits while their eyes are bright.

Wang Fan looked at the two guards at the door and turned to Wei Jian, "Wei Jian, they will give it to you. Don't let them make a sound."

"Yes." Wei Jian answered and ran to the two guards from the side.

He was crawling, and he was very careful.

The focus of the two guards was on the front road, and they obviously ignored both sides, which gave Wei Jian a chance.

Ten meters.

Eight meters.

Five meters

soon, Wei Jian was only five meters away from the two guards.

At this time, as long as the two guards look down, they can find him.

Wei Jian becomes nervous. It's not difficult to kill these two guards, but it's a little difficult to kill them in silence.

Heiluochoa won the first battle. He didn't want to lose face in front of Wang Fan.

Wei Jian crawled forward for another half meter. At this time, the guard who was close to him seemed to be aware of it and turned his head.

As soon as Wei Jian's face changed, his right leg suddenly kicked, and the whole person suddenly jumped up and rushed towards the guard.

The guard widened his eyes and mouth. Obviously, he didn't expect that Wei Jian would come out from the side.

Chapter 525

Come on!

Wei Jian's eyes are quick. At the moment when the guard is about to shout, the whole person has rushed to the guard like a cheetah, and the sharp knife in his hand has been inserted into his mouth.

Sobbing!

The guard purred a few times. He wanted to make a sound, but he spat out a pile of blood stained meat and teeth. He stared at the beads and refused to fall to the ground.

Wei Jian killed one of the guards. He didn't dare to neglect him. He took out his sharp knife and threw it out. Before the other guard made a sound, he inserted it into his heart.

Die.

Tough and capable.

The two guards solved the problem in an instant, and Wei Jian was relieved. His forehead was sweating, and he was obviously nervous before.

What he was nervous about was not that the guard would make a sound and attract the attention of the people in the manor. What he was nervous about was that he was afraid of losing face in front of Wang

Fan.

"Well done." Wang Fan Dynasty Wei Jian thumbs up and leads people to run towards the manor.

Twenty security elites were dispatched tonight. They are not only the most powerful, but also the most smart and loyal group of security companies.

"Fight quickly and make a quick decision. In case of any accident, it's important to fight immediately and protect your life." Near the manor, Wang Fan said again, and then jumped into the garden first.

"Yes, Wang Shao." The elite agreed, and then spread out one by one, jumping in from the four courtyard walls, breaking the whole into parts, surrounded and close to the center of the villa.

Wang Fan did this because he was afraid that these people would gather together and be made dumplings by Li Wuji's outlaws.

He wants to surprise and attack the west, so that he can disrupt the enemy's steps and gradually catch the net.

Wang Fan did not join the fight, but jumped to a commanding height, while staring at the villa movement, while observing the elite security fighting.

No matter which side of the crisis, he can be the first time to detect and rescue.

The reason why he leads these people here is tempering. Only through constant tempering and constant blood running in, can these people become more powerful and stand alone.

If it's just killing a Li Wuji, Wang fan can do it by himself. There's no need to go through a lot of trouble.

The elite did not disappoint Wang Fan. They all showed their strong individual combat ability.

They are like ghosts in the dark, harvesting the lives of one enemy after another.

An enemy lurking in the middle of flowers and plants, just aware of something wrong, a knife has penetrated his throat.

He covers his throat and stares at the unexpected guest with a look of horror.

He wanted to make a sound, but it got stuck in his throat and couldn't be made any more. Finally, he fell to the ground with a plop.

A pair of guards yawning in the garden inspection, they one by one hand weapons, eyes lazy scan around, obviously some absent-minded.

In their opinion, this inspection tour is just a walk through. After all, Li Wuji is not a big man. No one dares to kill him so blatantly.

even more, so many people in the courtyard, so many eyeliner, plus traps, and so on, it is impossible for anyone to kill and not be found.

However, they turned a corner of the moment, a shadow from the dark out. His eyes were sharp, and his target was the last guard.

Just as the guard was about to follow him around the corner, he felt the wind coming from behind. Years of vigilance made him act subconsciously.

The whole body muscle almost in an instant tightening, right fist clenching, turning back, subconsciously is a thunderclap.

It's a pity that although his consciousness and reaction are good, his strength is much worse than that of the other side. The most important thing is that his fist is just flesh and blood, and it is impossible to shake it with a knife.

Hissing, his fist was directly penetrated by the sharp knife, spattering countless blood. He was about to scream, but he had already rushed forward, his arm stuck in his neck and knocked hard on his chest.

His voice was strangled in the abdomen, and then the other side's arm was forced to twist and click, his throat was broken, and he died.

The shadow threw his body into the corner and quickly killed the people in front of him.

Decisive, capable, no procrastination.

This kind of short and effective killing appeared in almost every corner of the manor. The lives of one fugitive after another were harvested, and the smell of Xiao Sha permeated the whole manor.

In this way, twenty people in constant assassination, toward the villa in the center of the manor very close.

That's where they end up.

Villa.

Li Wuji is still drinking and having fun. There is an enchanting woman sitting on each side of him. Two women were feeding him wine while they were leaning in his arms.

Li Wuji is not idle, constantly in the two women's body up and down, the voice of the silver bell continues to ring.

After such a long time of recuperation, Li Wuji's legs have improved a lot, and he can barely walk.

For so many days, although he had been shrinking in the villa, he did not dare to go out. But he was not idle. He not only sent people to kill many enemies who were not good for Li Lishan's release from prison, but also wiped out a lot of evidence of Li Lishan's drug trafficking.

It can be said that the only thing that bothered him was that he was exposed to the sun and became a wanted criminal in the eyes of the police.

Moreover, the two people he wanted to kill most, Wang Fan and muqianxin, were not dead.

These two things are his pain, can't let go.

More than once, he wanted to order to blow up Wang Fan's security company and kill Wang Fan and muqianxin at all costs, but they were all suppressed by the little master.

The little Lord said, Muqian's heart can't move, and Wang fan can't move.

In this case, Li Lishan's release from prison is the key, and we can't create a new branch.

This is also the reason why he did not continue to send people to find Wang Fanmu for such a long time.

Li Wuji is very unyielding, but he can't help following the little Lord's orders.

If there was no little Lord, he would not have lived to the present. If you lose the protection of the Lord, I'm afraid it will be surrounded by the army every minute.

Li Wuji finished a glass of wine again, looked at the man in front of him and asked, "is there any news from the little Lord? Wang Fan has abandoned Kang Yangzhong today. Has the little Lord made trouble for him?"

Although Li Wuji is shrinking here, it doesn't mean that he doesn't know anything about the outside world.

Wang Fan abandoned Kang Yangzhong. He also knew about it and paid close attention to it.

Because Kang Yangzhong is a loyal dog under the young master, he doesn't think the young master can bear to let such a dog be abandoned.

"If you go back to Li Shao, the young master hasn't made any moves at present, and he doesn't have any moves to deal with Wang Fan." My men responded respectfully.

"Damn it Li Wuji smashed his fist heavily. He didn't expect that the young master could endure such a

thing.

He was about to speak again when a sharp voice came in.

"There's a killer!"

In a flash, the manor was in chaos, and Li Wuji stood up.

Outside the manor, Wei Jian and others were all stunned. They didn't expect that they would disturb Li Wuji so strangely.

It's just that there's no way to do it. After killing so many people, there's already a strong smell of blood in the air.

And it's not surprising that the other party has noticed after such a long time. It's just that they are still a little depressed.

"Kill

At this point, Wei Jian did not talk nonsense, roared and rushed to the enemies.

Chapter 526

"Enemy attack?" Li Wuji grinned and said, "Damn, it's Lao Tzu who attacks others. When is it their turn to attack Lao Tzu? Are these people out of their heads? "

Li Wuji was very angry, "pass the order down, give me a hard hit, a hard kill, not to stay!"

"I want to let those who come here know that I'm Li Wuji. It's not so easy to deal with. I want them to never come back."

Li Wuji's eyes gushed with surging murders.

"Yes." The subordinates should go at once.

Li Wuji didn't run and didn't panic. He walked to the window and looked out.

But his brain was thinking quickly, who was the enemy attacking, Wang Fan? Shark Gang? Or another enemy?

Li Wuji already knows that he was killed by Wang fanyin and killed Huang biaoqiang of shark gang.

It's just that this matter has been suppressed, and the shark Gang is unlikely to know, let alone kill.

As for Wang Fan, Li Wuji also thinks it is unlikely. Although Wang Fan's strength is strong, but he has so

much ability to bring people here?

Is it someone else?

Li Wuji felt his head with a headache. He couldn't figure out who dares to come here to kill himself.

Looking at the fierce fighting outside, watching his subordinates fall one by one, Li Wuji's eyebrows finally wrinkled.

The quality of these attackers is beyond his expectation. How can he not be surprised that his simple and skillful movements can always take the lives of his subordinates without any fancy or skill?

Looking at the enemy constantly close, Li Wuji's eyes finally show dignified, he is struggling to resist, while taking out the mobile phone, "little Lord, someone killed me."

When Li Wuji dials the phone, Wei Jian and others are still close.

They wave their hands and feet and reap the lives of one enemy after another. The sound of fighting, wailing and screaming become the only main tune in the courtyard.

At their feet, there were fallen corpses, bloody, and the air was full of palpitations.

Soon, Wei Jian and others were close to the villa, less than 10 meters away from the villa. At the same time, all the guards in the courtyard were surrounded by them.

All of them are covered with blood, some of them are enemies, some of them are their own.

However, their bodies are still straight, their eyes are still sharp, and their physical and psychological endurance shows that they are extraordinary and strong.

Wei Jian looked at the villa, which was only ten steps away from him. Instead of staying close, he suddenly waved his hand and gave the order to retreat.

With the release of the word "withdraw", Wei Jian and others, like rabbits, rushed out of the manor in an instant and disappeared in the blink of an eye.

Their speed, tacit understanding and execution are all amazing.

Inside the villa.

Li Wuji looked at this scene, and looked at the hidden on both sides of the door, the gun latent shooter, suddenly clenched his fist.

"Damn it

Li Wuji's forehead is full of tendons, and he almost wants to vomit blood.

He underestimated the cunning of Wei Jian and others.

He thought that Wei Jian and others would come in and give him a heavy blow. Then he can order the shooter to take the other side by surprise.

But he never thought that Wei Jian gave the order to retreat.

"You guys, go after me. The others are here to protect me." Li Wuji clenched his fist, pointed to one and a half young people, and gave the order.

He suffered such a heavy blow that he would never allow Wei Jian and others to escape. He wants to tell Wei Jian and others that Li Wuji is not so easy to provoke.

Five young people took orders and rushed out of the villa in an instant to chase Wei Jian and others.

But before they ran out ten meters, a dark shadow came out in the dark.

"Ambush, watch out!"

One of them changed his face, suddenly raised the muzzle of the gun and tried to pull the trigger.

But he didn't have time to buckle down, a fist had already come, and in his frightened eyes, he hit his head hard.

Bang!

There was a loud noise, and the young man's head was smashed.

On his deathbed, all he saw was a young face suddenly disdainful.

The other four were so shocked that they did not hesitate to shoot.

It's just their bullets, it's just the body of the partner who was killed.

The blood burst and the rain of blood flew.

When they finished a round and were about to launch a second round of strafing, the other side had dodged the guns in their partner's hands and started to shoot.

Come on, come on.

Four sound, four youth all head shot, fall on the ground.

There was only fear and wonder in their eyes.

What kind of shooting is this?

What's the reaction?

What's the speed?

Unfortunately, everything has no answer. Wang Fan killed five people, threw away the empty bullet gun, picked up two guns, and walked slowly towards the villa.

Take a walk in the courtyard.

His eyes, is full of fun and murder, "Li Wuji, old friends come, do not meet it?"

Wang Fan's calm, dare not let people believe that this is true.

Inside the villa.

Li Wuji looked at Wang Fan, eyelid jump, followed by eyes suddenly condensed into a line.

He didn't expect that the culprit was Wang Fan, which was beyond his expectation.

However, his shock was soon covered by hatred. He suddenly opened the window and yelled at Wang Fan.

"Wang, I didn't expect it to be you! Don't worry. I'll greet you well. Since you're here, don't leave tonight. Let's have a good talk. "

Li Wuji gritted his teeth and gave an order with a wave, "kill him at all costs!"

His expression became ferocious and crazy!

He didn't expect that he didn't go to Wang Fan for trouble, and Wang Fan even dared to send him to the door.

This time, he must let Wang Fan die! Only in this way can the hatred in his heart be washed away!

The desperado in those villas heard the order, did not hesitate, frantically rushed to the villa.

They all showed bloodthirsty and ferocious expressions.

Wang Fan disdained a smile, his hands raised his gun and fired repeatedly. In an instant, more than ten shooters were killed without a sound.

Wang Fan kept on walking, still walking towards the villa, and his actions were not idle. He repeatedly fired at the shooters who rushed out.

At this moment, the sharpness of his marksmanship was perfectly presented. All the people in black who rushed out of the villa were shot in the head, not spared.

Soon, the fallen body in front of the villa has become a hill.

Their deaths were very similar. Their heads were exploded and half of their heads were lost.

Looking at this scene, not only Li Wuji, but also the rest of the shooters felt chilly.

How many people must be killed to refine such a spear?

Especially looking at Wang Fan's indifferent expression, they felt as if they were killing ants instead of human beings. They were even numb.

Even if they killed so many people, their faces would change. But what is Wang Fan's psychological quality? What is Wang Fan's psychological quality?

They are not sure who is the outlaw.

"Li Wuji, your hospitality is really unique, but I like it. It's just that I don't really enjoy seeing these three legged cats enough. "

Wang Fan's mouth was full of laughter, and two Shooters' heads were blown off, which was less than three meters away from the villa gate.

Chapter 527

"Kill him, kill him for me, he doesn't have many bullets!"

Li Wuji looked at this scene, and finally no longer calm, while roaring, while taking two women toward the back door.

Wang Fan's strength is far beyond his expectation, which makes him palpitating.

Once again, he felt the crisis and the threat of death.

Wang Fan looked at this scene, grinning, suddenly smashed out the gun in his hand, smashed two shooters, and then rushed toward the villa.

Let alone to Wang Fan caused heavy damage, and even can not stop the pace can not move forward.

Li Wuji, who fled to the back, watched the scene with his eyelids jumping and his scalp numbing.

He raised his hand and fired two shots at Wang Fan, then rushed through the corridor and towards the back door.

Sweat oozed from his forehead, and he hated his parents for giving him two legs less.

"Li Wuji, don't worry about running. All my old friends are here, but you want to run. How can you turn my heart?"

Wang Fan grinned and chased Li Wuji.

His goal tonight is Li Wuji. How can he run away?

"Son of a bitch, die!"

Two Desperado looking at Wang Fan forward very close, although some fear, but still brave not afraid of death rushed to Wang Fan.

They tried to stop Wang Fan and buy time for Li Wuji.

However, all of their actions were in vain. Wang Fan just pointed out that they had already been overturned and had no fighting power any more.

In the villa, the only seven or eight fugitives were scared to pee. They didn't dare to move forward any more. Instead, they flopped to the ground.

Wang fan is too terrible, terrible beyond their expectations.

Although they worked for Li Wuji, they were not all loyal. They could not know that they were going to die, and they had to rush up.

"Children can be taught." Wang Fan looked at the desperado who took the initiative to fall to the ground and pretend to be dead and maimed. There was a bit of abuse in the corner of his mouth. He didn't embarrass them and continued to chase Li Wuji.

This guy is too dangerous. It's always a hindrance to keep him. He must be killed.

Ten miles away, on a street leading to Li Wuji villa, ten unlicensed cars are like runaway wild horses, speeding and dusty.

There are three people sitting in the middle car.

One driver, one copilot and one backseat.

It's still a woman, a very beautiful woman, who dominates the back seat.

She was wearing a loose black sportswear, black sneakers, curled hair and no jewelry earrings.

But, even so, can not hide her beauty.

At this time, her mouth light pursed, willow eyebrows slightly wrinkled, that dark eyes, is surging with cold and murderous.

She is Su Weiwei, a subordinate of Bai Xiaoren.

Su Weiwei received Bai Xiaoren's instructions, and her purpose was to rescue Li Wuji.

She didn't expect that someone would dare to attack Li Wuji, which is just looking for death.

You know, although Li Wuji has no great ability, that industry is a small one. If the other side dares to attack like this, isn't it to hit the young master in the face?

"Idiot, some people have guns, but also rescue, really a waste." Su Weiwei grinned and called Li Wuji at the same time. Unfortunately, it can't be dialed.

Su Weiwei felt that the situation was not good, and said, "hurry up, hurry up, speed up."

With her order, the speed increased again, but still could not eliminate Su Weiwei's worry.

"How long?" Su Weiwei looked down at the time and couldn't help asking.

"Miss huisu, it's about five kilometers away. It'll be there in a few minutes." The subordinate Road on the co pilot's seat.

"A few minutes? After getting off later, one group guards the exits separately, the second group is very close to the villa, the third group protects Li Wuji, and the fourth group follows me to fight. "

Su Weiwei gently lifted her hair on her forehead and said coldly.

"Yes." The subordinate nodded and agreed, and informed him of the instruction.

Three minutes later, the car arrived at the door of the villa, the door opened, and a group of people in grey were trained to get out of the car, and then according to Su Weiwei's instructions, they quickly started the operation.

Su Weiwei's eyes narrowed into a line, looked around, and then ran towards the villa with a group of people.

In a dense forest behind the villa, Li Wuji and two women are frantically running for their lives. Not far behind him, Wang fan is following like a cat playing with a mouse.

In Wang Fan's eyes, Li Wuji is already the fish on the chopping board, and can't make waves at all.

He was not in a hurry to kill Li Wuji. He wanted to make Li Wuji collapse and despair before he died.

Because there is a lot of distance from the villa door, so Wang Fan did not hear Su Weiwei and others coming.

No matter how powerful Wang fan is, he is still a man, not a God. He has no eyes or ears.

Li Wuji bit his teeth and ran away, looking back at Wang Fan. There was panic and anger in his eyes.

He never thought that one day, he would become a lost dog and be chased.

He's angry, he's holding back, but in this case, he has no choice.

"Li Wuji, don't run away. You can't escape." Wang Fan looked at Li Wuji, his eyes full of abuse.

Li Wuji spits out his breath hard, and can't help turning to Wang Fan, "Wang Fan, do you really want to kill everything?"

"I admit that I have offended you carelessly. I apologize to you. How about giving me a way to live?"

Li Wuji began to seek perfection against his heart, because he knew that he could not escape Wang Fan's pursuit.

For such a long time, he also saw that the reason why Wang Fan didn't kill him was to torture his body and mind.

Li Wuji said, leaning against a tree for a few breaths, and continued, "you've taken advantage of us in several battles."

"On the contrary, I lost five tigers in Hanzhong, two dogs in Xiangyang, and a gang of outlaws."

"As long as you don't kill me and spare my life, I swear I will never trouble you again. As for the price, you can open it casually. I will never frown as long as I can take it out. "

"Really?" Wang fan stopped and asked seriously, then frowned.

He received a message from heiluocha. A large number of people in grey with good quality and excellent weapons killed them here.

Chapter 528

"Someone's coming?" Wang Fan Leng for a while, he didn't expect that Li Wuji still had reinforcements. However, the thought of Li Wuji's smooth escape last time relieved me.

"You go first. Be careful. I'll take care of this." Wang Fan said to heiluocha and hung up.

"Li Wuji, I wanted to play with you for a while, but I didn't expect that someone came to save you. I'm sorry. In this way, you have to die ahead of time. "

Wang Fan laughs at Li Wuji, moves his steps, and pours at Li Wuji in an instant.

"Stop him!" Li Wuji's eyelids jumped, his right hand lifted, and suddenly shot two shots at Wang Fan. Then he ran to the forest like a rabbit.

He doesn't want to die, and he can't.

In this case, he can only survive by delaying time until reinforcements arrive here.

"Drink!"

At the moment of Li Wuji's escape, the two pretty girls beside him, however, flew up like sharp swords and rushed straight at Wang Fan.

A beautiful girl jumped two or three meters high in the air. Her sexy right leg crossed a long arc in mid air and kicked Wang Fan's head hard.

Another beautiful girl is a carp. She turns out a sharp blade in her hand and stabs Wang Fan in the abdomen.

He is ruthless and cooperative.

Obviously, they are not only vases, but also Li Wuji's bodyguards.

Wang Fan looked at the movements of the two beautiful girls, and his expression didn't change much.

In the case of Li Wuji running for his life, he can still keep these two people by his side, which is enough to prove that these two people are not just playthings in bed.

"A woman should be responsible for being beautiful at home. What does it look like to fight and kill?"

Wang Fan's mouth curved slightly, his body rushed forward, and his right hand grabbed her. The beautiful girl who came from the air was caught naked.

Then Wang Fan slightly side body, flash another beautiful girl stab to the dagger, at the same time right hand force pull frighten!

Flutter two, two beautiful girls immediately and ruthlessly hit together, and then the embarrassed lying on the ground.

The corners of their mouths all gush out red blood, unspeakable desolate and beautiful.

"That's right. Women should lie down on the bed. Oh no, on the ground, they shouldn't be so hot. Otherwise, no man will want them."

Wang Fan said playfully, flashed to Li Wuji and ran after him.

Two beautiful girls are so ashamed and angry that they want to get up, but they feel like they are all over the world. They can't get up at all for a moment.

In front, Li Wuji, who detects that Wang Fan has solved the two, looks even more nervous.

He ran crazy while shooting at Wang Fan, trying to buy time. Just, looking at that distance oneself more and more near of Wang Fan, his in the mind can't say of despair.

He felt that the gun in his hand was like a toy, which was so ridiculous in front of Wang Fan.

Wang Fan just slightly sideways, with speed tore his bullet, let alone hit Wang Fan, even Wang Fan's speed can not be suppressed.

At the other end of the forest, Su Weiwei had heard the gunshot and came with a man.

She looked at the two beautiful girls who fell to the ground and Li Wuji who was chased by Wang Fan, and her expression suddenly became fierce.

"Come on! Come on! Save Li Wuji at all costs. He can't die!" Su Wei Wei roared, and her speed also reached the extreme. With a few flashes, she had already shortened the distance.

The speed of those people in grey is also very good, keeping the formation, only three steps behind Su Weiwei.

At this time, Wang Fan has flashed in front of Li Wuji. He reaches out to pull down a branch and swish to Li Wuji.

With a slap, Li Wuji only felt a pain in his legs, and then fell directly on the ground.

There was despair in his eyes.

This is real despair.

Su Weiwei looked at the scene and yelled at Wang Fan, "I don't care who you are, let him go right away!"

"If you dare to kill Li Wuji today, I will dare to kill your family! Don't question my words, I have the ability! "

Su Weiwei roars, and is crazy to improve the speed to the extreme. In the blink of an eye, she throws away the man in grey and gets close to Wang Fan.

She's here to save Li Wuji. How can she watch Li Wuji die?

What's more, her pride is not allowed. Someone killed Li Wuji under her nose.

Wang Fan turned his head and glanced at Su Weiwei, with a look of surprise in his eyes.

He didn't expect that this woman should have such strength. In the blink of an eye, she shortened the distance again. It seems that it's not easy.

He glanced at Su Weiwei faintly, and there was a hint of irony in his eyes. Then his right hand suddenly shook, and the branch swished to Li Wuji's head.

"You, you dare!" Su Weiwei becomes crazy!

"No, no! Miss Su, help me Li Wuji is screaming!

Unfortunately, it's too late, With a sneer, the weak branch was like a sharp sword. It went through Li Wuji's head and lifted a blood mist.

Plop.

Li Wuji's eyes were wide open. Zhu Zi fell to the ground and died.

"Goodbye." Wang Fan killed Li Wuji, said to Su Weiwei, and then rushed to the woods.

"Son of a bitch, seek death!" Su Weiwei twisted her pretty face, and without hesitation, she ran after Wang Fan.

As soon as they ran away and chased after each other, they completely got rid of the people in grey in a few minutes.

Su Weiwei is even more frightened because Wang Fan's speed is far beyond her expectation. She can't catch up with Wang Fan at all. On the contrary, they are still farther and farther away.

At a certain moment, when Su Weiwei pursues one of the positions, she completely loses Wang Fan's shadow.

"Asshole!" Su Weiwei looked around empty and stamped her feet!

She was angry and unwilling.

It's her shame that Wang Fan killed Li Wuji in front of her.

What makes her even more unbearable is that she has not yet seen who Wang fan is, nor has she seen Wang Fan's face clearly, which makes her unable to find anyone to revenge.

Whoosh!

Just when Su Weiwei stamped her feet angrily and planned to withdraw, a sharp wind came from behind.

Her face suddenly changed, and she was about to turn back to attack, but her body was suddenly stiff.

A hard object pointed hard at her back.

"Don't move. I'm a coward. If you move, I'll press and bang, and you'll lose everything."

A faint voice came, Su Weiwei's forehead exuded sweat, more dare not move.

The other side can get rid of her, but also before she did not respond to calculate her, the strength is obviously stronger than her. Plus the other hand has a gun, she has no resistance.

"Who are you?" Su Weiwei forced herself to calm down and asked.

Pop.

But as soon as her words fell, there was a burning pain behind her, which made her blush and indignation.

"Tut Tut, I'm in good shape. Girl, what do you say you are lying on the bed waiting for men's favor and come out to fight and kill? "

A voice of a bad smile came, Su Weiwei felt a hand unbridled in her body began to swim. In particular, she paid special attention to her key parts.

"Kill if you want. Don't touch me." Su Weiwei was so ashamed and angry that she couldn't help roaring. However, the hard object on her back still made her dare not act rashly and dare not look back.

"What's the costume? Girl, if you want to die, you would have been desperate. As for being so obedient? Don't think I don't know what you think. You must feel comfortable, too. "

The voice said slowly, and the big hand moved to the front. She grabbed it twice, and then quickly took it back,

"it's just interest. I tell you, if you dare to chase me again, you will be dealt with directly. You'll never be heard if you break your throat in the wilderness. Take care of yourself. "

With that voice finished, Su Weiwei only felt that the wind was going away. Then, with a patter, the hard object fell to the ground.

The strange taste suddenly disappeared. Su Weiwei felt a little lost, but soon recovered and suddenly looked back.

Unfortunately, it's empty.

When she saw the hard object falling on the ground, she almost vomited blood.

Chapter 529

Half a branch.

Su Weiwei is very ashamed and angry. She never thought that she was defeated by half a branch. If she had known that, she would have had a big fight with Wang Fan.

Looking at the empty surroundings, coupled with the darkness and the threat of Wang Fan, Su Weiwei didn't dare to continue to chase, but pulled back.

An hour later, she returned to yaoge garden.

Bai Xiaoren did not sleep, but sat on the sofa watching the news. Beside him, there were four enchanting girls kneading their shoulders and beating their legs.

Obviously, this guy is not a pure dandy.

"Back? How's it going? " White Owl benevolence sees Su Wei Wei to come back, a smile on the face, ask a way.

Su Weiwei bowed her head, a little ashamed, "back to the little Lord, Li Wuji died, we are a step late."

Bai Xiaoren listened to this, his face changed, but soon returned to normal, "do you know who moved his hand?"

"I don't know." Su Weiwei is more ashamed, "but I know that guy is very strong, I am not his opponent."

"Oh?" Bai Xiaoren's eyes narrowed, "even you are not the opponent, is it Wang Fan?"

Without waiting for Su Weiwei to reply, he began to whisper, "this shouldn't be ah, although Wang Fan's strength is powerful, it can't be your opponent, right?"

"I've seen the video of him beating Zhao Rongguang. At best, it's no more than the top strength of the prefecture level. How can it be your opponent? Is it someone else?"

Bai Xiaoren was puzzled. "It seems that the water is getting deeper and deeper. Who is it? It's going to kill Li Wuji? Although Li Wuji is a little famous, he is unlikely to offend such a powerful person, isn't he? "

Su Weiwei bowed her head and did not speak.

She didn't know what to say.

"Well, you're tired tonight. Go down." Bai Xiaoren doesn't embarrass Su Weiwei too much. She waves her hand and Su Weiwei retreats respectfully.

Su Weiwei is the flag carefully cultivated by Bai Xiaoren. No matter her appearance, temperament, strength or loyalty, she is impeccable.

Bai Xiaoren is very useful to keep her, so she will not be held responsible until she has to.

Otherwise, if you were an ordinary person, he would have been killed directly and would not have been so polite.

After su Weiwei left, Bai Xiaoren took out her mobile phone and dialed a phone call, "add a fire to Mu Qianxin tonight. No matter what she has in her hand, she will bring it back to me tomorrow."

After leaving the woods, Wang Fan went back to the villa to sleep.

Li Wuji's death is reasonable for him. He didn't care about it at all.

Su Weiwei is just a little seasoning episode for Wang Fan, and he doesn't care more.

Wang Fan didn't know that when he fell asleep, many people couldn't sleep that night.

Shark Gang general hall.

The atmosphere was very dull.

In less than a few days, the shark Gang lost No. 3, which was a heavy blow to the shark gang.

Shark gang leader shark is a burly man more than two meters tall. He is like a black bear sitting in the main position, his face is very gloomy.

On both sides of his hands, a group of backbones were sitting, and his face was also not very good-looking.

Some time ago, Huang biaoqiang was killed in the street. In the afternoon, he was sent out to clean up Wang Fan's No. 3 general, blood ghost, and suddenly disappeared. In the evening, Zhang Hu, who went to assassinate the Black Wolf Gang red lady, was stabbed in hemiplegia.

The elite who went to encircle and suppress the red lady were even more seriously injured and killed.

Shark never thought that the increasingly powerful shark gang would suffer such a heavy blow in a short time.

He didn't understand what had gone wrong.

The reason why shark called the backbone meeting in the middle of the night was that he received the battle order of the Black Wolf Gang.

Black wolf has said that from now on, the two gangs will fight in an all-round way.

Sharks do not understand, black wolf is brain water or how, how can suddenly declare war.

You know, now yuanmengge is the biggest threat to them. The two gangs fight to death, which is not only an astronomical number of losses, but also an opportunity for yuanmengge to take advantage.

Black wolf, is this crazy?

Unfortunately, black wolf didn't bother to explain to shark and hung up directly.

"Damn it Shark green veins straight up, angry, "fight on the war, is it difficult that Laozi is also afraid of his black wolf?"

He muttered and looked down at the backbone, "everyone, order to go down. Be careful when you come in and out recently, and guard all the fields under the flag closely. Once the Black Wolf Gang comes, kill him directly. "

"The black wolf bullies people too much. He is arrogant because he has the background of the Kou state. We must not swallow this bird spirit."

"And Wang Fan, take out a group of people to deal with him. Remember to be careful."

"The blood ghost suddenly disappeared because of him. This guy is obviously not good at it. If Ming can't do it, you can do it hard. ""People have weaknesses. There are so many people in his company, and there are so many beauties. Just one can make him jump out of the wall and fall into a trap. Well, that's all for today. It's over. "

With that, the shark turned his head and left the conference room.

A bath center.

Mu Qianxin is sleeping in one of the rooms. Suddenly, he sits up from the bed.

It took several turns for her to hide in this bath center. Only here can those who pursue her be restrained. After all, they can't just break into the women's bathroom.

Muqianxin is very tired and tired, but years of vigilance still makes her aware of the danger, because she hears the subtle footsteps outside.

Because her nerves have been tight, it is impossible for her to take off her clothes and go to sleep, so she doesn't have to put on her clothes.

After she got up, she put on her shoes and quickly came to the window.

She first lifted the curtain and looked outside, then quickly ran to the bathroom and began to drain water. At the same time, she cut a wire and put it at the door.

Finish all these, the curtain thousand heart then quickly open the window, directly jumped down.

In the room.

The clattering sound of water flowed, soon soaked the ground and overflowed. Before long, the water could submerge the sole of the foot.

Outside, a few men quietly lurking over, looking at the water seeping out of the door, slightly Leng for a while, followed by a kick to open the door, rushed in.

Hiss, hiss, hiss.

However, they soon screamed, choked and began to beat.

After a few beats, he fell to the ground and howled. Soon he was in a coma covered with sweat.

They didn't expect that muqianxin was so cunning that he could conduct electricity through water and turn them over.

At this time, muqianxin has jumped to the ground along the road.

Her feet had just landed, and a gust of wind suddenly came. A man hiding in the dark, like a tiger, had already pointed his foot to her head.

There is no match for domineering and fierce.

Mu Qianxin's face changed slightly, and his body shape suddenly turned to one side, avoiding the man's flying legs. At the same time, he turned out a bayonet with his right hand, and stabbed him hard.

Hiss.

Blood splashed, the man covered his legs and retreated, howling in his mouth.

At this time, two more men came from the side, with fierce light in their eyes.

Two people four fists, fiercely roared to the curtain thousand heart chest, back, waist, head.

Mu Qianxin felt the scene and his face changed wildly.

Both of them are masters. Compared with those who chased her before, they are too strong for her to match.

Chapter 530

At the critical moment, muqianxin gritted his teeth, bowed and stepped on his legs. Then the whole man jumped to the left side like a sharp sword, and the knife in his hand was fiercely split out.

She tried to open the gap by attacking one person with all her strength.

The man on the left didn't expect that muqianxin would use this method. Subconsciously, he was surprised, and the knife in muqianxin's hand had already rubbed against his body.

With a stab, although he tried his best to avoid the key, he was still cut off a piece of flesh. It didn't hurt the bone, but the sting still made him grin.

At the same time, boom, the right side of the man's fist is also hard bang in the screen thousand heart.

Mu Qianxin spat out a mouthful of blood, leaped forward three or four meters, and then fell to the ground heavily.

But she did not have time to breathe, but to bite her teeth, endure the pain, get up and run to the far

lane.

"Damn, chase!" The man who had been skinned spat hard, and a wisp of fierce light flashed in his eyes. He ran after muqianxin.

He didn't expect that he would be hurt by just one scene. This is a great shame.

At the same time, he also understood that the curtain thousand heart hidden strength.

Because according to their understanding of muqianxin, muqianxin can't have such strength at all.

In the alley, the curtain thousands of heart covering his back, his face very pale.

She is also running stumbling, but did not dare to stop.

Because she knew that once she fell into the hands of Bai Xiaoren, her life would be worse than death.

After running for a distance, muqianxin couldn't support it. He climbed to a corner and stopped. Then he took out his mobile phone and dialed Wang Fan.

"Wang Fan, help me." As soon as Wang Fan fell asleep, he received a phone call from muqianxin, and the whole person sat up in an instant.

For muqianxin, his feeling is quite complicated.

Say it's a friend, but mu Qianxin almost killed him. It's the enemy, but he wants the body of others. It's a stranger. It's self deception.

However, although Wang Fan felt complicated, he didn't hesitate a lot. After he asked the location clearly, he rushed over.

In any case, he has been on the screen. He is really unable to do, knowing that the curtain thousands of heart, but indifferent.

If muqianxin didn't ask for help, he would have no reason not to.

Half an hour later, Wang Fan arrived at the position that mu Qianxin said. Just see, two men a left and a right frame screen thousand heart came out.

Mu Qianxin's face is very pale, and his eyes are also desperate.

Her crazy struggle was suppressed by two men, and she couldn't escape from them.

The man on the left felt muqianxin struggling and pulled muqianxin's arm back. He said, "Damn, be

honest with me! If you dare to struggle again, I will injure you directly! "

His eyes were full of ferocity, and his expression was very fierce. He didn't hide his anger at muqianxin.

"Kuang Mao, don't get excited. If you want to deal with her, there are plenty of opportunities to go back. You can't go back to work if you're crippling him now. "

The man on the right looked at his companion's crazy action and couldn't help persuading him.

With that, he also looked at mu Qianxin, "Miss mu, you betrayed the little Lord. You are to blame for all this."

"You know the means of the little Lord. You can't escape. You'd better come back with us. Otherwise, it's you who suffer. "

The curtain thousand heart arm is mercilessly pulled to the back, painful corner of the mouth a draw, the face is more miserable white. She looked at the man on the right:

"brother, can you give me a way to live, one billion, two billion or three billion? As long as you let me go, money is not a problem. "

Muqianxin had a hard time talking. She gasped and continued, "I know the little Lord is terrible, and I know that if I go back, I will have no way to live. But I still don't want to die. "

"Don't you work for the young master for money? Even if you are loyal to the young Lord and have no money, you are not smart, are you

"I'll give you three billion yuan. You can go abroad and enjoy your life before the little Lord reacts."

"Well, Hello, I'm good, everyone is good, why not? No matter how powerful the young Lord is, it's only at home. You don't have to be afraid of him abroad. "

Although mu Qianxin knows that he is unlikely to plot against these two guys, he still doesn't want to miss the chance.

If there is a way to live, who is willing to die?

"Billion? Two billion? Three billion? What an exciting price Jie Jie, the man on the left, laughs strangely.

However, the next second, his expression became sarcastic, "just, would you be too naive? Do you think that we will betray the young master for the sake of money? "

The man on the right can't say no, "Miss screen, don't struggle. You know very well who we are. We will not betray the Lord for money. "

At the time of speaking, they had already walked to a car with a thousand hearts. The man on the left side released a hand and was about to open the door and push the curtain up. The curtain thousand heart is suddenly moved.

I saw her left arm hard a draw, instantly break free from the shackles, and then sideways knee, hard knock on the man.

Man ah to a scream, step back a few steps, cover the following jump up, eyebrows are painful congealed into a line.

He never thought that muqianxin would break away from the shackles by opening the door with his free hand.

Screen thousand heart put over the left man, without any hesitation, body shape with a twist, in trying to pull out the right arm at the same time, left hand into a fist, toward the right man's head.

On the right side of the man's mouth flickered a touch of ridicule. Without hesitation, he relaxed his heart, sidestepped to avoid her fist, and then slapped the wound on his back.

PA ground a, the curtain thousand heart ache of roar up, the whole person is more embarrassed of fall on the ground.

She didn't expect that this guy was so insidious that he patted her wound.

Originally, she had gathered her strength to break away from the counterattack, and she had used almost all her strength. Now she was beaten back to her original shape by the man, and she had no more strength to run away.

However, although muqianxin had no spare power to run away, he still didn't want to die. He opened his mouth and began to scream, "help, kidnapping."

Even though she knew there was no hope, she still wanted to give herself a chance in this way. What if a miracle happened?

"Muqianxin, you are really stubborn. You still want to run away at this time. It seems that you have to learn a lesson."

The man on the right side was also angry. As he spoke, he raised his foot and stepped on the curtain.

Just, his foot has not stepped down, whistling a wind came, followed by a slap, he felt a hot tingling on his face.

Then he couldn't help turning two circles and fell to the ground with a plop.

As he looked up, he saw a young face, followed by an angry voice.

"Son of a bitch, in broad daylight, oh no, how dare you kidnap and kill people in broad daylight and at night? This is a society ruled by law. How can I allow you to commit crimes? "

"Hold your head! Get down
