

MIGHTY SK 531

Chapter 531

Wang Fan was filled with righteous indignation and looked just.

Man's whole body trembles, he how all didn't think of, unexpectedly still really have meddlesome person. Feeling the burning pain on his face, he had the heart to kill Wang Fan.

The curtain thousand heart see Wang Fan, is pretty face a soft, instant tears.

She didn't expect to make a phone call, Wang Fan actually came.

Her mind can not help but come up with a variety of Wang Fan to save her.

For her sake, Wang Fan killed five tigers in Hanzhong regardless of his life; for her sake, Wang Fan killed Xiang Yang's two dogs and rescued her.

For her sake, Wang Fan beat Li Wuji in the sea. In the face of many outlaws and guns, he never turned back.

Although she paid at that time, she was Wang Fan's employer, how many people in the world could really do anything for the employer, even at the cost of their lives?

However, Wang Fan paid so much for her, but she did not hesitate to poison Wang Fan, almost poisoned Wang Fan.

Curtain thousand heart is very guilty, she lowered her head, tears, but did not dare to see Wang Fan.

At this time, she really understood who was really good to her.

If Wang Fan's mind is as broad as the ocean, then she is a woman with a heart of snakes and scorpions.

"Beauty, are you ok? Don't worry, I will never let these curfew hurt you. "

At the moment when Muqian's mind was like a tide, Wang Fan had come to her and helped her up.

At the time of lifting her, her right hand also touched the wound on her back a few times, which restrained the deterioration of the injury.

"Come on, stand behind me. I will never allow anyone to commit a crime in front of me."

Wang Yi's words are right, and he pulls the curtain behind him.

Mu Qian's heart was slightly stunned, but he soon recovered.

Wang Fan obviously does not want to let these two people know the identity, only then intentionally has this saying.

She looked at Wang Fan's back and saw a warm current in her heart.

At this moment, as if the sky had fallen, she would not be afraid.

"Damn, mind your own business? You want to die! " At this time, the guy who was pushed by the curtain thousand heart knee had already recovered. He yelled and rushed at Wang Fan.

"Oh, is the gangster still so arrogant? It's a crime, you know? " Wang Fan was so angry that he kicked the man.

With a bang, the man's ribs were torn instantly, and the whole man flew out like a shell, crashing over a garbage can and falling to the ground heavily.

Wang Fan this sudden show out of the fierce, so that is about to start another man to give up the idea of starting.

Just this, he has seen that he is not Wang Fan's opponent at all.

He subconsciously touched his still hot cheek and looked at Wang Fan, "friend, do you really want to meddle in your business?"

"In this world, there are many people you can't afford to offend. I advise you not to ask for trouble."

"If you turn around and leave now, I promise that you will not pursue the matter just now, just as you did not show up. Otherwise, I'm afraid you can't afford the consequences. "

He began to threaten Wang Fan, trying to use this method to prevent Wang Fan from interfering in this matter.

But who knows, Wang fan doesn't eat it at all.

See Wang Fan eyebrow one pick, Pa Pa is two slaps, "what do you say? Threatening me? Am I something you can threaten? Are you looking for death? "

Wang Fan roared angrily, with two feet again. The man was directly kicked down and began to roll.

"Be honest with me, hold your head and squat down until I call the police and catch you at the police station."

Wang Fan said maliciously, took out the phone, "Hello, 110, I want to report, I found two murderers."

The curtain thousand heart looking at this scene, almost vomit blood.

But the two men's faces changed, and they suddenly got up and ran to the distance like rabbits.

They can't be caught in the police station. In that case, the young master will kill them directly.

"Hey, don't run, stop for me!" Wang Fan yelled, but they ran faster and disappeared in the blink of an eye.

Wang fan saw two people disappear, finally can't help but breathe a breath, finally is to get rid of these two guys.

Screen thousand heart is to walk to Wang Fan side, low head, voice is also low can't hear, "thank you, sorry."

Thousands of words stuck in the throat, and finally only said these six words.

"I'm sorry. I've forgotten the past. Let's go. I'm so sleepy. Go back to sleep. "

Wang Fan waved his hand and said it lightly, then walked towards the car in the distance.

Screen thousand heart is a Leng first, followed by a smile, quickly followed behind.

Half an hour later, they returned to the villa.

As soon as I entered the room, the delicate body of Mu Qian Xin pasted up and whispered, "I swear, I will never hurt you again. Please forgive me."She said, already handed on the sexy red lips.

Wang fan reaches out his hand to stop muqianxin's invasion.

Screen thousand heart slightly a Leng, mood instantly fell to the bottom.

Does Wang Fan still refuse to forgive her?

She was at a loss.

But soon, her heart came up again.

Wang Fan pinched her chin and said, "excuse me? It's up to you! But are you all right now? "

"Yes Curtain thousand heart finish saying, excited again rushed up.

Wang Fan did not immediately move the curtain thousand heart, but first gave her treatment of the

wound, of course, eat tofu is inevitable.

After the treatment of the wound, the next thing will come naturally.

I don't know how long later, they finally fell asleep. When Wang Fan opened his eyes again, it was already 12 noon the next day.

"I'll do it." Wang Fan murmured and sat up from the bed. He still felt uncomfortable and couldn't lift his strength.

I can't help it. Muqian's heart is too crazy. He almost lost his bones. Turned to see a side, curtain thousand heart already not in.

Wang fan is a little depressed. Is this woman running away secretly again?

But this idea just appeared, Wang Fan's mouth appeared a smile. He heard the jingle of the kitchen.

After Wang Fan went to the living room, muqianxin just put the last dish on the table.

Four dishes and one soup, although simple, but warm.

"Wang Shao, come and have dinner." The curtain thousand heart see Wang Fan, pretty face emerge a little woman's happiness, Qiao smile Qian Xi said.

Big things have become more beautiful. People who watch them are very excited.

Wang Fan went to the sofa and sat down. He said, "can you eat?"

"Yes." Mu Qianxin nodded and took a bite of the four dishes. Then he picked them up and handed them to Wang Fan, "don't worry, there's no poison. Once I've regretted it, and I'll never have another."

Her face was serious and her eyes were sincere.

Wang Fan Leng for a while, followed by a smile, "what poison or not, what do you think?" "I mean, can you cook? Can I have a meal? "

He rolled his eyes and took a bite. It tasted good.

Two people so eat up, eat is very warm, curtain thousand heart from time to time to Wang Fan clip vegetables, like a just passed daughter-in-law.

After dinner, Wang Fan finally looked at mu Qianxin, "who is chasing you? Why do you want to chase you? What's your plan in the future?"

Chapter 532

The curtain thousand heart listens to Wang Fan's question, the facial expression becomes gray, "sorry, Wang Fan, I cheated you."

"In fact, I'm a chess piece buried in Li's family by Bai Xiaoren. It was Bai Xiaoren who ordered me to do so when I poisoned you last time."

"After I poisoned you, I went back to Bai Xiaoren and waited for his next instructions. But I didn't expect that you didn't die, and you abandoned Kang Yangzhong. "

"Because I gave Bai Xiaoren a clear reply that you are dead, but now you are not dead, I know Bai Xiaoren will never let me go."

"So I plan to run away, but I didn't expect that Bai Xiaoren's reaction was so fast that he immediately sent someone to watch the railway station, airport and other places, and also locked me, and launched a chase against me."

"After several twists and turns, I couldn't escape their lock, so I called you for help."

Speaking of this, mu Qianxin's eyes became soft. "In fact, I called you mainly to hear your voice. I didn't hold much hope for you to save me."

"But I didn't expect you to come. Do you know how touched I was when I saw you? "

Curtain thousand heart said, tears came down, also can't help but rushed to Wang Fan's arms, "I really didn't expect you would come to save me, I'm sorry, I'm really sorry for you."

"White Owl benevolence?" Wang Fan's eyes narrowed for a while, and then began to comfort the curtain thousand heart, "well, don't cry, it's all over, I won't blame you."

"Thank you." Muqianxin said thank you, and then said, "I plan to go to the south in a few days. Although I have been expelled by Li, I still have my connections there."

"As long as we get there, Bai Xiaoren can't help me. I'm loyal to him, but he is so kind to me. I'll never wait to die. "

Screen thousand heart eyes suddenly become sharp, "even if I do everything, also want to give white Xiao Ren create obstacles. He doesn't want to capture Li's country, so I won't let him succeed. "

Muqianxin is also a very ambitious woman, she is absolutely not reconciled to mediocrity.

As soon as Wang fan saw muqianxin like this, he knew that it was useless to persuade him, so he said:

"well, since you have made up your mind, I won't advise you. Be careful. Remember to call me if you have anything. By the way, when are you going to leave? I'll make arrangements for you. "

"Well, I'll call you for sure." Mu Qianxin's pretty face is ruddy. She shrinks in Wang Fan's arms and becomes as meek as a cat:

"It's not urgent to leave. I want to accompany you in a few days. After all, there will be fewer opportunities to meet in the future

"Besides, I still have a big gift in my hand that I didn't give to Bai Xiaoren. How can I leave like this?"

Wang fan is about to ask what gift, suddenly the phone rings. Wang Fan took a look at the caller ID and found that it was Lin Ruoxue, so he quickly connected.

"Wang Fan, come here quickly. I'm being watched by the shark gang." Lin Ruoxue's voice was a little hasty and flustered.

"The sharks?" Wang Fan patted headache's head, asked after the clear position, quickly dressed to leave.

He felt that he was really busy recently. One thing after another, he was a little busy.

In the same way, Wang fan is angry with the shark gang. These people are so annoyed that they make trouble for him again and again. They really need to clean up.

"Wait for me at home. Don't go anywhere. I'll send someone to protect you." Wang Fan said to Mu Qianxin in a hurry, and then left the villa.

Shengshi hotel is just a mid-range hotel.

At the end of the new year, in order to reward the employees for their hard work in the past year, Lin Ruoxue made a living room here and had a staff dinner.

Litchi hall is already overcrowded. All of you are employees of Lin Ruoxue company.

However, the scene, which should have been enjoyable, is now a little quiet.

Lin Ruoxue and a group of high-rise people on the main table are even more unsightly and livid.

Because on each table, there are four more uninvited guests. These people stare at the female employees around and watch them.

As long as anyone dares to take out the mobile phone, their palms will be called in the first time.

So far, more than a dozen employees have been slapped, bleeding from the corners of their mouths and dare not say more.

At the door of litchi hall, several strong men stood guard to prevent any staff from escaping.

As for the hotel attendants, the strong men didn't care much. They should serve the food and the service, but they didn't look very natural.

Apparently, the hotel executives have also been paid.

On the main table, Lin Ruoxue's face was also very gloomy. She looked at the fierce man who was sitting in front of her, her eyes were cold,

"who are you? Don't you know that your behavior is against the law? Although Yuanbei pharmaceutical is not ranked in the world, it is still famous in China. "

"Do you want to get through the bottom of the prison? Believe it or not, the police are coming, and you're all going to have to eat and go? "Lin Ruoxue is wearing a white sweater with a simple body. The pride on her chest is highlighted. Her sleeves are rolled up, revealing a small jade white lotus arm.

On the slender and delicate jade neck, there is a platinum necklace hanging. The necklace goes through the jade neck and makes people want to have a look at the scenery.

Her lower body is wearing a pair of tight jeans. Jeans perfectly set off her slim and sexy legs. They look more slender and irritating. At the foot, is stepping on a pair of white sports shoes.

Because it's a dinner party, Lin Ruoxue's dress is also casual, which is quite different from her usual style.

"Ha ha, Mr. Lin, don't threaten me. I haven't been to school. I'm very timid." Listening to Lin Ruoxue's words, the fierce man turned his lips and didn't care:

"what's more, I just want to get justice today, but I didn't mean to look for trouble. What can the police do to me when they come?"

He said, also pointed to the ground a few half dead, looks very miserable man, "my brother took your medicine, are dying, you should not give me account?"

At this point, he slapped the table, his face became fierce, "I tell you, don't say you don't have a chance to call the police, even if you have a chance, the police really come, I'm not afraid."

"My brother is half dead after taking the medicine from your company, but you are still in the mood to eat, drink and have fun. I have a point in this matter, even when it comes to the horizon."

The fierce man is fierce in voice and color, and he is not afraid at all.

He is tieluohan, the No.2 figure of the shark gang. He came here today to find fault. His purpose is to

blow Lin Ruoxue's face.

Of course, if it can lead to Wang Fan, it will be better. He can directly turn Wang Fan over here.

Tieluohan didn't want to steal Lin Ruoxue, but his character made him unwilling to do so.

The reason why he chose to do it in public is to tell others that the shark Gang is not so easy to be provoked. No matter who dares to provoke the shark Gang, there will be no good end.

He is just building up momentum, making an example to others and shaking the tiger.

Chapter 533

Lin Ruoxue's face is gloomy and terrible, but she doesn't know how to deal with it.

She never dreamed that Tieluohan and others should be so arrogant and openly give her a bad impression at the dinner party.

It's crazy beyond her imagination.

"What, you said they took our company's drugs? It's absolutely impossible. You're spitting blood

A vice president of a company took a fancy to the guy who was obviously acting on the ground. He couldn't help saying.

Pop.

But as soon as his words came to an end, Tie Luohan threw them in the past with a slap, "bloody mouth? Where does Lao Tzu have a bloody mouth? "

"If you don't believe it, just call the relevant department to check whether they have taken your company's drugs. Damn, I dare to say that I'm spitting out blood, you don't deserve to beat me! "

Iron Luo Han ferocious hiss, rushes up and mercilessly slaps several times.

The vice president was drawn back, and finally fell to the ground with a flop, his face covered with ashes.

He can see that these guys are lawless.

"Ah A female executive nearby saw that the vice president was beaten and screamed with fright. Her eyes were full of fear.

Tie Luohan frowned and suddenly stepped forward. His left hand grabbed the female executive's hair, and his right hand already slapped up.

"Call NIMA. You broke my eardrum. Can you afford to pay for it?" Tieluohan slapped and took the cigarette from the corner of his mouth directly. All the ashes were knocked on the head of the female executives.

The female executives cover their faces and look at tieluohan in horror. They dare not scream any more. Instead, they suppress the pain and start to sob with shrugging shoulders.

She is a proper businessman. How could she ever meet such a maniac?

Tieluohan patted the beauty executive's face in shame, then sat down with a golden knife and looked at Lin Ruoxue,

"Mr. Lin, ten people, pay a billion yuan, right? I'll give you five minutes. If you don't see the money, don't blame me for being rude. "

As he said this, he pointed to the group of senior executives, "as well as you, shut up to me one by one, or I will kill you directly."

In the face of the arrogant and domineering tieluohan, the senior executives here began to bow their heads and dare not breathe.

This group of people is too crazy, too overbearing, they simply can't provoke.

A female manager secretly took out her mobile phone to call the police, but was found by a fierce man beside tieluohan.

Without a word of nonsense, the fierce man grabbed the head of the female manager and knocked heavily on the table.

The roaring sound made all the tables jump up, and the head of the female manager was hit with blood.

"Call the police? Report NIMA! If you dare to make small moves, it's your turn now. " It's not enough to knock the head of the female manager.

He gave the female manager a few slaps and grabbed her cell phone, threw it on the ground and crushed it.

So far, no one dares to report to the police secretly.

Lin Ruoxue looked at this scene, trembling with anger, "one billion? You are so arrogant! Let alone compensate you for one billion yuan, I will not give you a cent. "

"Not only will I not give it to you, but I will also pursue your criminal responsibility! If you wait and beat

my staff openly, you will not come to a good end. "

Lin Ruoxue's eyes were bloodshot and her body trembled.

Tieluohan's bluster is a huge blow to her company.

With so many employees suffering losses and being beaten, who dares to work in the company in the future?

"No money? What about accountability? " Tieluohan laughed. He suddenly stood up and waved his big hand. In an instant, the whole package hall was in a mess.

"Hey, girl, she's pretty. Do you have a boyfriend?"

"Come here and beat my leg."

"This little mouth is so long. I don't know what it's like to eat bananas."

"Tut Tut, I'm in great shape. I think I can play for several years because of my long legs."

Tieluohan's subordinates were smiling one by one, and they grabbed the nearest female employees one after another. Not only does he spray feces in his mouth, but also he takes advantage of it. His hands are not idle and he moves his hands.

Once someone dares to evade or resist, they will slap each other mercilessly and make each other obedient.

The group of male employees were even more miserable. Just as they were about to stand up and be filled with righteous indignation to save the United States, they had already been kicked to the ground by triangle feet, rolling and wailing.

For a moment, the whole room was full of crows and barks, and the waiters were scared to run out and never dare to come in again.

Iron Luohan is a fork, a point to one of the beautiful female executives, "come here, sit on my leg, pinch my shoulder."

Beautiful female executives just slightly Leng for two seconds, iron Luohan has rushed forward, suddenly grabbed her hair pulled over, pressed on his leg.

"Be honest and give me a pinch. If I feel uncomfortable, I will give you a pinch in front of so many people."

Iron Luohan looks fierce threat, big hand has fallen on the female executives. Female executives tearful,

pale, want to resist, but see iron arhat that ferocious look, and some dare not. In the end, I can only wipe tears to bear the shame of each other.

"Son of a bitch, scum!" Lin Ruoxue really couldn't stand it any more, and his whole body trembled with anger.

She yelled, grabbed the cutlery in front of her, and shot hard at tie Luohan's head.

Tieluohan grinned and grabbed the hair of the female executive in his arms. The tableware was smashed on the head of the female executive.

The female executive screamed bitterly. Tieluohan had already pushed her to the ground and began to kick her hard, "call NIMA, have you never been hit in the head?"

"I'm paralyzed. It's bad luck for me. Remember, it's Mr. Lin who hit you, not me. If you want to blame it, you blame president Lin

Tieluohan kicked the female executives a few feet, looked at Lin Ruoxue, eyes shining, but also licked his lips, "dare to move me? Yes, you're amazing. "

He thumbed up, "I don't want to give you five minutes to think about it. I just want to ask you one last question, one billion, give it or not?"

"I advise you to think clearly before you answer. If your answer doesn't satisfy me, not only you will have bad luck, but all your employees will have bad luck."

"Most of my subordinates are single dogs. They have to live and die. Don't force them to do something bad to everyone."

Threat!

There is no threat of the bottom line!

Lin Ruoxue is biting her silver teeth. There is anger and helplessness in her eyes.

In her whole life, she was scheming against others, and she overcame others in her death. This was the first time that she was threatened by such a vicious blow in the face.

She had never thought that a bad gangster would dare to threaten her, and her anger would not be mentioned.

She regretted that she didn't take Wang Fan with her. She regretted that she fired Yang Wu, the first bodyguard, too early.

Wow.

Just when Lin Ruoxue was in a dilemma, the door of Baoting hall was pushed open, and Wang Fan rushed in with a crazy face.

"Who the hell is making trouble here, stand up for me! Don't you know that Lao Tzu is the bodyguard of general manager Lin, and do you pay attention to him? "

Wang Fan roared, all the way forward, along the way is still very crazy, several are molesting female employees of the fierce man kick down again and again, a face fierce.

Looking at this scene, everyone was stunned, and the whole audience fell into a dead silence.

No one thought that Wang Fan would be killed on the way.

As for tieluohan, his eyelids jumped and his eyes sparkled with bloodthirsty light.

Chapter 534

"Damn, those who dare to touch me, fuck him!" Tie Luohan roared, and his men rushed out from both sides and rushed to Wang Fan.

"Fuck me?" Wang Fan shook his eyelids and grinned wildly.

He didn't hesitate at all. He stamped his right foot and rushed up like a rainbow.

Pop!

A slap thrown out, a fierce man was directly pulled away, a crash, the whole person fell on a table, the table turned.

Wang Fan overturned one person, turned around and kicked another foot.

With a bang, a fierce man was kicked in the chest, and his whole body turned out like a bomb. He fell on the ground and vomited blood continuously, and was unable to climb up again.

"Come, come, tell me, who are you going to do?" Wang Fan grinned wildly.

He continued to rush forward, his hands and feet kept popping out, and there was a series of sounds. The several fierce men who came could not even react, so they had been overturned and fell to the ground.

A fierce man rushed with a stool in his hand and smashed Wang Fan's head, bloody and ferocious.

Wang Fan's eyes glared, his arm blocked, and the stool smashed into Wang Fan's arm with a crack.

Wang Fan did not frown, the other hand has become a fist, hard to his head.

With a thump, blood splashed on the corner of the man's mouth. The whole man was knocked over five or six meters away and fell to the ground and could not get up again.

Click, click.

Wang Fanka knocked over a few fierce men again. While he was trampling on them, he yelled, "just like them, you still want to do me? Come on

Those fierce men were trampled on repeatedly, but they could not fight back.

Looking at this scene, those employees are excited, and finally feel a fierce out of a bad breath.

These people had been around them before, either teasing female employees or humiliating male employees. They had been holding their breath for a long time.

Now see these people are dry prone, feel in the heart that tone smooth a lot.

These scum, damn it.

Tie Luohan and others turned pale.

He didn't expect that these 20 good hands would be killed so soon, which was beyond his imagination.

At this time, Wang Fan has come to tie Luohan, one hand suddenly grabbed his head, the other hand patted him on the face.

"You want to do me? Come on, come on, I'll stand here and let you do it. If you have any means, you can do it

Tieluohan was patted on the face by Wang Fan and felt endless humiliation.

He suddenly roared, side head and Wang Fan open distance, a fist has swung, hard to Wang fan head.

Wang Fan laughs wildly, suddenly reaches out his hand, grabs tie Luohan's arm and gives it a severe twist.

With a click, tie Luohan's arm was broken instantly. Wang Fan's ruthlessness and ferocity made everyone's scalp numb.

"Revolt? Hit me? " Wang Fan grinned, stepped forward two steps, slapped a few people, "threaten Mr. Lin, beat Mr. Lin's staff, you're a cow. Come on, tell me who you are?"

Tieluohan was slapped by Wang Fan. He was furious!

How did he ever suffer such humiliation?

However, anger comes from anger. He realized one thing, that is, he underestimated Wang Fan's strength.

"Son of a bitch, let go of Rohan."

"You want to die!"

Tieluohan next to a few Diezhong reaction, face a change, crazy toward Wang Fan.

Wang Fan suddenly smiles, grabs one of his right legs, raises his knee and knocks it down.

That sharp action, ferocious side, let everyone is some scalp numbness.

With a click, the fierce man's right leg was directly knocked in half. He could no longer help but opened his mouth and let out a shrill howl.

"Play with me, do you have the power of that?" Wang Fan disdained to say, body side, a palm knife split in another fierce man. The fierce man was cut off and fell to the ground.

The other two were already afraid to move.

Wang Fan's strength and ruthlessness are totally beyond their imagination, and they dare not make redundant moves any more.

Wang Fan didn't plan to let them go at all. He stepped forward two steps and patted their faces one by one. There was a loud noise. Within a minute, all the fierce men were patted to the ground and began to howl.

At this point, all the people brought by tieluohan, except tieluohan, no one stood.

There was a dead silence.

Employees just feel proud.

Son of a bitch! Scum! At last, I was punished!

Wang Fan slowly came to tie Luohan and asked, "who gave you the courage to come here to look for trouble? If you don't give me a satisfactory account today, you won't have to leave. "

Wang Fan's tone is very arrogant, of course, at this time he does have arrogant capital.

Wang fan is not polite to deal with these people.

If he doesn't beat his face hard, I'm afraid this kind of thing will happen again. Tieluohan choked and roared, "I'm not here for trouble, I'm here for justice! My brother took your company's drugs and now he's half dead. "

"You not only don't give us justice, but also fight us. Is there any reason? I'll tell you, you're going to kill me today, all of us. "

"Otherwise, even if one of us goes out alive, we will poke today's affairs on the Internet and let you explain to my brother."

The iron arhat was fierce in voice and color, which obviously left a way for himself.

"Black heart company does harm to people, not only does it not do justice, but also injures and maims their relatives and friends. Once this incident is spread to the Internet, you will face not only the pressure of public opinion, but also legal sanctions."

Wang Fan listened to this, Baji Baji mouth, laughed, "legal sanctions? Do you have the face to talk to me about the law? "

He is very disdainful, "if you have the law in your eyes, why don't you go to the court directly to sue, you come here to dry hair?"

"I can understand that you seek justice for your brother. It's just that you openly threaten our employees and humiliate them. Is that too much? Are you breaking the law? "

Wang Fan side sneer, side is not slow to reason, "you are like this, also his mother to me the law?"? By the way, if you ask Mr. Lin to compensate you for one billion yuan, is that blackmail? "

Since tieluohan has a high sounding voice, Wang Fan certainly doesn't mind playing with him.

What's more, this kind of thing, once spread out, no matter it's true or false, is not good for Lin Ruoxue.

"When do I need a billion, evidence?" Tieluohan sneered and refused to admit it. "Besides, you said I molested and beat your employees. This is your slander. When did I molested and beat them?"

Iron arhat is very strong, "I tell you, have ability, you come up with evidence, otherwise, I accuse you of spitting!"

"Ha ha." Wang Fan laughed, "it seems that you don't see the coffin and don't shed tears."

Wang Fan said, went to Lin Ruoxue's side, took out her mobile phone in her coat pocket, "all your words and deeds, this mobile phone is recorded, you can't rely on it."

"Although some distant places may not be photographed clearly, I'm sure your behavior can be photographed clearly. As for your voice, it's clearer. "

Wang Fan said, still holding a mobile phone patted iron arhat's face, "do you want me to open it for you?"

Tieluohan's face was as pale as ashes. He gritted his teeth and rushed to the front. He wanted to seize the mobile phone, but Wang Fan kicked him to the ground.

"Why, afraid? Don't worry! Don't you have a brother who is half dead after taking medicine? You have a point. What are you afraid of? "

Wang Fan said, has gone to those half dead guy side.

He didn't have the slightest politeness. He was kicking at the crowd.

Those people didn't respond at first, but later, they all jumped up like rabbits and howled.

Wang Fan was surprised, "aren't they all half dead? I really can't see where half dead and half dead look like this

"Brother, you are finished. You start beating people and extort one billion yuan. You are going to spend the rest of your life in prison."

Wang Fan finished and dialed the phone directly.

The iron arhat is just stupid.

How can these brothers stand up. You know, after taking the medicine of Yuanbei pharmaceutical, they also took a kind of medicine which is rare in the world.

That kind of medicine is colorless and tasteless. After drinking it for ten minutes, it will be completely dissolved in the blood and can not be detected by any instrument.

Moreover, if you take this medicine, you will be half dead within 24 hours, and the immortals will not be able to save you.

However, it's far less than 24 hours now. How can they get better?

Weird.

Chapter 535

Iron arhat's face is as grey as death.

His underestimate of Wang Fan's strength led him to hell.

Before long, a large number of police have come to take tieluohan and others away.

There are videos, recordings, all the staff, human and material evidence. Iron arhat has no way to argue and can't change the ending.

When this happened, Lin Ruoxue didn't lose heart and didn't cancel the dinner.

After Wang Fan gave simple treatment to some injured employees, she announced on the spot that all employees would be rewarded with 50000 yuan to show her apology.

The audience cheered.

Wang Fan did not leave, but stayed at Lin Ruoxue's side.

As a bodyguard, he still needs some professional integrity.

What's more, Lin Ruoxue has just suffered such a big change. If he is not here, Lin Ruoxue will feel chilly.

The most important thing is that this incident is mostly caused by him. If he pats his ass and leaves, he will feel a little sorry.

"Wang Fan, thank you. I really don't know what to do without you." On the way, Lin Ruoxue found an opportunity and whispered in Wang Fan's earlobe:

"I really didn't expect that these guys should have no bottom line and make a big noise here."

"If you don't show up in time, even if I deal with them afterwards, the company will have more or less negative effects."

"Here's to you."

Lin Ruoxue said, holding a glass of red wine, with Wang Fan a touch, drink.

"Mr. Lin, we don't need to be too polite. These are what I should do."

Wang Fan looked at the woman's pretty face, which was slightly ruddy and charming because of drinking some wine. Without too much refusal, he drank it all in one gulp.

"Mr. Lin, I advise you to be more careful when you go in and out. Most of the people in the shark gang will not give up."

"It's my fault. I didn't expect that the shark gang were so bold, even you dare to move."

When Wang Fan spoke, his eyes became cold.

He really didn't expect that the shark gang was so bold and had no bottom line.

You know, Lin Ruoxue has a background in Beijing. Where did the shark Gang come from?

"I'll be careful. I'll call Beijing in a moment. Someone will beat the shark gang."

When Lin Ruoxue heard Wang Fan's concern, a touch of softness flashed in her eyes. She enjoyed this feeling very much.

With that, she suddenly turned her words and looked at Wang Fan with emotion. "Besides, you said you would protect me, right? With you, I believe I can get through any difficulty. "

Wang Fan suddenly felt a headache. He couldn't stand the woman's expression and quickly changed the topic:

"by the way, Yang Wu, why isn't he here? Although his strength is not as good as mine, he is at least a good hand. "

"Even if you can't stop tieluohan, it's easy to stop other people. You're not so passive, are you?"

Lin Ruoxue saw Wang Fan change the topic, very dissatisfied rolled his eyes, "he was fired by me, just fired in the morning."

"I know that he plotted against you, set up a game for you and didn't deal with you, so I opened him up. I did it for you."

Wang Fan felt a headache again.

Yaoge garden.

Wearing a white robe, Bai Xiaoren sat on a stone bench in the backyard.

His face was not as gentle and elegant as it used to be, but became indescribable and fierce.

In front of him, two strong men knelt on the ground, their heads touching the ground, shaking all over, and they dare not breathe.

They are the two masters who are in charge of catching the curtain of thousands of hearts. After the mission failed last night, Bai Xiaoren has fallen asleep. Until now, he was summoned by Bai Xiaoren.

"Waste, what a waste! I've worked hard to cultivate you for many years. I've wasted so much money and resources on you. In the end, you can't even make up your mind. What do you do? "

Bai Xiaoren is a little angry, and he is.

Kang Yangzhong's abandonment, Li Wuji's death, and mu Qianxin's escape made him feel angry.

I'm not happy.

For so many years, it was the first time that he felt so depressed.

In the capital, he always goes with the wind and the water, and almost nothing he wants to do is impossible. But when he got to Jinzhou, he suffered a series of failures. How could he bear it?

"I'm sorry, little Lord. It's our fault. It's all our fault. We underestimated muqianxin. We didn't expect that she had any helpers. We are willing to accept punishment."

Two men face White Owl Ren's anger, fear, dare not refute, posture is very low.

"Punishment? Is it useful to punish you? Punish you, and muqianxin will come back? " When Bai Xiaoren heard this, he was even more angry and got up with two feet.

The two men were directly kicked and rolled several times, their heads were knocked on the stone and their bags were knocked out, but they didn't dare to cry at all. After returning to God, he quickly knelt down at the foot of White Owl Ren like a dog."If it wasn't for your loyalty, I would have shot you. You said someone saved muqianxin. Do you see him clearly? Is it a man or a woman? "

Bai Xiaoren poked their heads with his fingers and asked angrily.

"Man." Two men with one voice, but then some embarrassment, "just, we did not see him clearly."

"That guy is very cunning. He hasn't given us a straight face, and we don't know what he looks like when it's dark."

"What?" White Owl benevolence anger can't vent, "you are all beaten into dogs, even the enemy look didn't see clearly?"

He almost wanted to vomit blood.

Listen to what these two guys mean, the other side is obviously not masked. In this way, they don't see clearly. How useless is this?

Two men did not dare to answer, they also feel a little ashamed.

White Xiao Ren is going to kick these two guys again, when the phone rings.

Five minutes later, Bai Xiaoren, who hung up the phone, couldn't help holding a gun and banging off their heads.

He was informed that the police received evidence today, which clearly showed that Li Lishan had engaged in the drug business.

There are not only trading time and trading place, but also some trading videos.

This is not the most cruel, the most cruel is, there is a video, clearly see the scene of Li Lishan killing with a gun.

This bloody evidence is enough to keep an eye on Li Lishan. Even if his hands can reach the sky, he can't recover.

"Son of a bitch!" White Owl benevolence anger can't vent, he didn't look at the two subordinates who were blasted off the head, the gas of a blow on the stone table.

Bang!

A loud noise, half refers to the thickness of the stone table, was smashed by him, split.

Strength, strength.

"A thousand hearts! I want you to die Bai Xiaoren's eyes became ferocious when he raised his head, and he burst out a turbulent killing opportunity.

At this moment, even the flowers and plants around seemed to feel the dead air and withered one after another.

In the White Owl Ren anger can not vent, shark gang leader shark is also angry to the extreme.

After Huang biaoqiang, blood ghost and Zhang Hu were damaged, tie Luohan was also broken and was caught in the police station.

Tieluohan is the No.2 general under his command. It's a bolt from the blue for him to be caught in this way. He's about to explode.

Shark tried his best to calm down his anger and called the people behind him to settle the matter, but the matter was not settled, but he was scolded severely.

The man behind clearly told him that Lin Ruoxue was not able to move. This time, he had already settled

for him, but if there was another time, he would live and die.

Shark listen to this, directly angry broke the cell phone.

"Son of a bitch, asshole, warning me, what are you? Lin Ruoxue, I can't move. Wang Fan, I can move other women, can't I? "

The shark was trembling and banging, but at this moment, a news that made him more angry came.

Dozens of his venues were attacked by unidentified people and suffered heavy damage.

Chapter 536

An ordinary three story attic, a room on the third floor, a man with a fox face mask standing in front of the window, overlooking the distance.

Behind him, a man and a woman stood with their heads down, and there was absolute respect in the eyes that occasionally turned to the man.

At a certain moment, the masked man turned his head, looked at them and asked, "come on, what's the matter?"

Hearing the man's voice, the woman raised her head slightly, bowed and said, "your honor, as you expected, the iron arhat has been taken away by the police."

"Moreover, ten minutes ago, the Black Wolf Gang had launched an all-round attack on the shark gang. This time, the two gangs were afraid that fire and water would not be tolerated."

"Oh?" The dreamer listened to this, and his eyes twinkled with a touch of light, "did the Black Wolf Gang start first? It's a bit out of my expectation. The situation is becoming more and more interesting. "

"Don't act rashly. Just wait and see what happens. If necessary, add a fire."

Dream of some hoarse voice, "for Wang Fan, you also don't idle, send people to stare at Lin Ruoxue, give her a beating."

"At the same time, they are closely watching Huang Tingting and Dai Yuying. Shark can't get any advantage from Lin Ruoxue. He will definitely deal with them."

"Before dark, if the sharks don't do it, we can do it for them. Wang Fan has been bad for me many times, and I just want to use his hand to move the shark gang. "

"When they both lose, I'll be able to play fair and square. In a month, I will make the whole Jinzhou have only one voice

"I also want to let Wang know that those who offend me will come to no good end!"

At the end of the day, the dreamer's voice became chilly, and the sharp light was shining in his eyes.

"Yes, your Excellency the dreamer." Two people have to order, quickly back.

The dreamer raised his right hand and pinched it tightly. "Picturesque, sooner or later it will be in my hand!"

Wang Fan didn't know that the mysterious dreamer had come to Jinzhou, and he had already set him up secretly.

The dinner is over. It's half past two in the afternoon.

Lin Ruoxue took half a day off for all the staff, and then asked Wang Fan to send her back to the villa.

Perhaps because of drinking a lot of wine, the woman's pretty face is red and her eyes are watery, which makes her more charming.

She did not shy away from the presence of employees, the whole person nestled in Wang Fan's arms, but also intimately with Wang Fan's arms, looking like a couple.

"Mr. Lin, get on the bus." Wang Fan felt the woman's hot body, especially the fragrance. He couldn't bear it and quickly opened the door.

Lin Ruoxue didn't wriggle. She raised her slender legs and sat down slowly.

Wang fan is going to close the door to the front passenger seat, Lin Ruoxue has already stretched out a hand, Wang Fan also pulled up.

Wang Fan has a big head. The woman who drinks wine is really terrible.

He had to close the door and open the window.

He felt that only the cold wind blowing in could keep him awake and not be taken advantage of.

"Coward." Lin Ruoxue looks at Wang fan like this, is very sneer of curl a mouth, then lean on Wang fan body then began to nap.

Wang Fan pretended not to hear her, and was too lazy to pay attention to her.

The beautiful woman driver started the car and drove quickly to Lin Ruoxue's residence.

Wang fan is afraid that Lin Ruoxue will catch a cold, but he closes the car window again.

Lin Ruoxue's eyelashes trembled for a while, but he didn't open them. He just had a smile at the corner of his mouth.

Of course, Wang Fan didn't notice.

The car sped, and soon, the beautiful woman driver said with solemn expression, "Wang Shao, we seem to be followed."

Tracking?

Listening to this, not only Wang Fan became sober, but also Lin Ruoxue could not help sitting up straight.

"Yes, since we came out, we have been followed by three cars. At first I thought it was the same way, but I didn't care. But later, I made a detour on purpose, and the other party was still following us, obviously coming for us. "

Said the beautiful woman driver.

"Who's following? Are they from the shark Gang? But I've already called. I shouldn't have

Lin Ruoxue could not help but frown, "is my warning not in place? Or are the sharks crazy

She couldn't figure out how anyone would dare to follow her.

Although Lin Ruoxue can't compare with Bai Xiaoren, she is not what ordinary people can provoke.

At least, if the sharks want to move her, they have to weigh it up.

"Not necessarily the sharks." Wang Fan seized Lin Ruoxue's hand, let her not be excited, "iron Luohan just fell in, the police will certainly beat the shark gang."

"In addition to your phone call, the shark gang will never attack you at this juncture no matter how much they hate you or how angry they are."

Wang Fan's thinking is very clear, "according to my guess, it's mostly someone else. Or maybe these people are not aiming at you, but at me. ""What do we do now?" Lin Ruoxue asked.

Wang Fan looked at the beautiful female driver, "speed up and drive to the suburbs. Since the other side wants to do it, give them a chance."

"We don't have to rack our brains to guess each other's identity, and then they will take the initiative to say it."

Beautiful female driver hears Wang Fan's words, did not have the slightest hesitation, turned direction to drive to outskirts directly.

The car behind seems to have found Wang Fan's intention, suddenly accelerated and ran into it crazily.

Wang Fan was startled to see that he was planning to climb to the front and drive the car himself.

Unexpectedly, the beautiful female driver's mouth is a touch of sarcasm, and then a step on the accelerator rushed out.

The performance of Lincoln's car is hundreds of times better than that of the three cars behind. Coupled with the excellent driving skills of the beautiful female driver, she soon got rid of the three cars behind.

If it wasn't for Wang Fan's advice not to be too fast to prevent the other party from following, I'm afraid the beautiful female drivers would have thrown them away.

Half an hour later, the car stopped in a remote location.

Wang Fan opened the door and went down, with a cigarette in his mouth. He leaned against the back of the car and waited quietly.

Within 20 seconds, three cars were in sight. However, when the driver saw the stopped Lincoln, instead of slowing down, he accelerated and ran into him.

"Ah Beautiful female driver and Lin Ruoxue watched the scene and screamed.

If Wang fan is in the car, or does not lean against the car body, the beautiful female driver can completely step out of the accelerator to avoid the impact.

But now, if she did that, she would hurt Wang Fan.

Looking at the crazy car, the beautiful woman driver's face turned pale, and some of her hands were helpless.

Lin Ruoxue is also delicate body trembling, some shocked each other's madness.

"No." Looking at the car closer and closer, she suddenly screamed, opened the door and ran down, and rushed to Wang Fan.

She looked like she was going to die for Wang Fan.

Wang Fan looks at Lin Ruoxue's action, a little surprised. He didn't expect Lin Ruoxue to do so.

But Wang Fan soon took back his sight and looked coldly at the car.

"Don't be afraid. Don't move. Wait for me here." He said a word to Lin Ruoxue, then his body moved and rushed towards the car like a shell.

"Is that crazy?" Looking at this scene, not only Lin Ruoxue opened her mouth, but also the other party was a little confused.

People and cars hit, is that death?

Chapter 537

Wang Fan ignored everyone's shocked look. He was staring at the car that was hit by the car. His eyes flashed cold light.

At that moment, all the muscles in Wang Fan's body were completely taut, and the surging power gushed out, as if they would pour out at any time.

Five meters.

Three meters.

At the moment when Wang Fan was about to collide with the car, his right foot suddenly hit the ground, and the whole person rushed to the side.

At the same time, his body turned around, and his right leg pointed to the wheel like a rainbow.

Great momentum!

Bang!

With a loud noise, Wang Fan's right foot was on the wheel. The wheel seemed to be pierced by a sharp sword and exploded in an instant.

With that force and the wheel burst, the driver could no longer control the direction, and the whole car turned to the side.

Boom a loud noise, and soon the car rolled several circles, hit the wall, split.

The driver and all the people in the car were hit with head broken and bleeding, and they were in a coma. It seems that they are more or less in danger.

Looking at this scene, not only Lin Ruoxue and the beautiful female driver are completely stupid, but also the people in the two cars behind are completely stupid.

No one thought that Wang Fan would be so abnormal.

They took a look at the flat tire and Wang Fan, who had nothing to do with it. They just felt like they were dreaming.

Wow.

For a short time, the door opened and seven or eight people rushed out.

Two men with guns, the rest with knives, all eyes.

"Damn it, you son of a bitch. First brother arhan was caught, and now he killed our four brothers. Are you looking for death?" The first man pointed his gun at Wang Fan with a ferocious look.

"Aren't you very powerful? Aren't you very powerful? Come on, give me another one? I'd like to see if it's my gun or your hands and feet! "

He was really angry.

The four people on the bus are all his brothers. They are half dead and half dead before they start. How can they bear it?

"Brother Rohan?" Wang fan is not afraid of facing his muzzle, "so you are the people of shark Gang?"

Wang Fan's mouth crossed a touch of sarcasm, "but, you plant other people's shark gang like this, will be too shameless?"

When the first man heard Wang Fan's words, his face changed slightly and immediately returned to normal? Can I still use planting? "

"I'm from the shark Gang, planting a bird! Damn, I'm here to avenge brother Luohan. You're wise. Go back with me. Otherwise, don't blame me for shooting! "

Wang Fan laughed, "stop acting and tell me who you are, or you will have no chance."

"Although I have a grudge against the shark Gang, I know a lot about it. They are big gangs with high quality members. "

"You look at you, one by one crooked melon crack jujube, poor driving skills, poor quality."

"People like you, how can you be members of the shark Gang? How can you be under iron arhat?"

"Don't insult other people's shark Gang, don't insult other people's iron arhat, you don't deserve to carry shoes to other people."

Wang Fan said disdainfully. He had confirmed from this guy's expression that they were not members of the shark gang.

Obviously, these guys are trying to frame up.

It's just that Wang fan can't figure out who these people are and who they belong to.

Don't look at Wang Fan's mouth, they are worthless, but Wang fan can see that their quality is really good.

The reason why he pretends to be such a gangster is that he is just paralyzing himself in acting.

"What did you say? We don't deserve to carry shoes for iron arhat? He's a piece of shit The first man was furious, but when he spoke, he realized that he had been cheated.

In an instant, he became angry and said, "give it to me, maim it all and take it away!"

He was very angry in his heart. The grandson was so cunning that he cheated himself.

With his voice, in addition to his own and another man with a gun did not move, the rest of the crazy rush to Wang Fan.

Their momentum in an instant climbed to the extreme, killing cold and crazy.

"It's really boring to get angry after being exposed. You've all played with me with knives and guns, but you don't even dare to say your identity. I really feel sad for you. "

Wang Fan's mouth curled, his body flashed and rushed out.

At the same time, his right hand trembled, and two silver needles burst into the air and stabbed the two men with guns.

These two guys with guns are a threat to him. We have to deal with them first. Otherwise, in case of being accidentally shot, it would be a shame.

What's more, Lin Ruoxue is still there. Wang fan doesn't want the bullet to hurt Lin Ruoxue.

Two people didn't think that Wang Fan still had the silver needle method at all, when the reaction came over, it was already too late. They felt a pain in their wrist and the gun fell to the ground. When the gun fell to the ground, they realized in an instant that it was not good.

They have seen the strength of Wang Fan's previous tire burst. Without the deterrence of guns, they are not enough for Wang Fan's rampage.

Sure enough, just in the blink of an eye, Wang Fan had already rushed to the six people's side, raised his right foot, even six times.

Six men uttered a scream, directly broke their sternum and flew out. After falling to the ground, they gushed blood and were unable to climb up.

Two people looking at this scene, face a change, suddenly bow, quickly to grasp the gun fell on the ground.

Wang Fan looked at the scene, sneered, his right foot on the two stones.

With a stab, the stone flew up and shot them hard.

Bang Bang two, two people's hands have not caught the gun, has been hit by the stone, back in confusion.

When they recovered, they were about to draw out the knife from their waist, and a big footboard had come from a distance and slapped on their face.

Two people stuffy hum, the corner of the mouth spatters blood to fall to the ground.

In the blink of an eye, Wang Fan's strength shocked the eyes of Lin Ruoxue and the beautiful female driver.

There was a twinkle of wonder in their eyes.

This action, this strength, is comparable to the movie special effects.

Pop, pop, pop.

Wang Fan downplayed, clapped his hands, went to the head man and asked coldly, "tell me, whose people are you? Don't try to act. You can't stand my tricks. "

The first man was stunned for a moment. He was about to speak, but his face suddenly changed.

He went crazy and flashed out to the side.

At the same time, with a thump and a gunshot, the man's head was exploded directly, and a blood mist rose up.

Come on, come on, come on.

Next, there were seven shots in a row, and all the remaining seven people were killed.

Wang Fan's face is very gloomy. Who is this NIMA? How can he always be bad at the critical moment?

He glanced at a commanding height in the distance.

There, a man with a lunar look raised his right hand, pointed his middle finger at him, then put it down again, turned the muzzle of the sniper gun, and shot him hard.

Wang Fan shouts to lie by, climbs to Lin Ruoxue's side, opens the door and pulls the woman into the car.

He didn't go after the sniper. First, he was worried about Lin Ruoxue's safety. Second, he knew it was meaningless and couldn't catch up.

It is obvious that the other party has the real ability to ambush under his eyes for so long without being found out. Not only the shooting skills are superb, but also the strength is absolutely first-class.

It's just a waste of time for him to chase, and he will put Lin Ruoxue in danger.

"Damn it." Wang fan is a little aggrieved. The enemy is more and more powerful.

The water is getting deeper and deeper.

Chapter 538

It's the first time that Lin Ruoxue has seen such a bloody scene.

Looking at the eight living people dying in front of them, their half of their heads exploding, and the blood stained red on the ground, her face was white and nauseous.

"Don't be afraid. They all deserve what they deserve. They can't. just treat them as pigs and dogs."

Wang Fan felt the change of Lin Ruoxue's look, comforted her and rubbed her back.

Through Wang Fan's kneading, Lin Ruoxue's mood finally calmed down. However, when she thought of the previous picture, she was still afraid, but she didn't feel nauseous and vomiting.

Compared with Lin Ruoxue, the mood of the beautiful female driver is much better. Her face just slightly changed, and she quickly started the car and left here.

Lin Ruoxue's mood finally stabilized. She couldn't help asking, "who are they? By the way, this matter won't have anything to do with you?"

"What should you do if you don't go out for a few days? During this period of time, I will also call and try my best to deal with it. "

She is very worried about Wang Fan.

Although Wang Fan didn't kill the people, this incident was also caused by Wang Fan. If it wasn't for tracking Wang Fan, those people would not have come here, let alone be shot in the head.

"It's OK. It won't have anything to do with me. It's not me who killed them, let alone the victim. "

Wang Fan's heart crossed a warm current, grasped Lin Ruoxue's hand, comforted and said, "you don't have to worry, I'm fine. As for hiding, it's not necessary. "

"It has nothing to do with me. Why should I hide? If I hide, maybe the police will really treat me as a murderer. "

"Yes, too." Lin Ruoxue nodded. She knew that she was concerned and confused.

"Why don't you come and stay with me for a few days? I live in a rich area, where the residents are either rich or expensive. It must be safer than you. "

Calming down, Lin Ruoxue regained her former calmness. "Since the other party killed them, it means that it must be killing people. They have sniper guns. It's terrible. I'm worried about you. "

"It's OK. You don't have to worry about me." Wang Fan's eyes twinkled with a cold light, "it's you. Be careful."

Although Wang Fan has not yet made clear the identity of the other party, he has already understood that the other party is coming for him, not for Lin Ruoxue.

It's easy to see from the other side's planting of shark gang that the other side wants to use Wang Fan's hand to move shark gang.

When Wang Fan thought of this, he was filled with anger.

This abacus is really good. Fortunately, he is smart enough to see the other side's small measure. Otherwise, if he really records this account to the shark Gang, both sides will be in a deadlock.

At that time, no matter who gets rid of or loses both sides, there will be no loss to the people behind the scenes, and they can even reap the benefits.

Wang Fan sent Lin Ruoxue back to her residence and left directly.

Midway, he called heiluocha, asked heiluocha to investigate the matter, and asked heiluocha to arrange someone to protect all the people close to him.

Later, Wang Fan called Qin Xue and told him what happened in the afternoon.

With so many people dead, things can be big or small. The most important thing is that road explorers can see that three cars are following Lin ruo's snowmobile. Wang fan is also in the car. He can't get rid of the relationship.

Qin Xue was also surprised to hear Wang Fan's words, but she didn't pursue them too much. She just told Wang Fan to be careful.

Qin Xue has known Wang Fan for such a long time. She knows Wang Fan's style well. She knows that although Wang Fan's hands are not clean, she will not kill people openly and put herself in danger.

Creak.

Wang Fan just called to finish the arrangement, the car came to a sudden brake, his body a stagger, directly hit the seat back, also issued a bang.

"Did you murder him?" Wang Fan covers his head and looks at the beautiful woman driver in front of him. If he hadn't been in trouble together before, he would have hit someone.

The beautiful female driver pointed to the road ahead with an embarrassed look on her face. "No, it's a person who suddenly jumped out of the middle of the road and almost ran into it."

Wang Fan looked up and saw a woman standing in the middle of the road with a mobile phone. Now the mobile phone fell to the ground. She was looking at Lincoln, who was less than half a meter away from her, and some of her hands were helpless.

There was a movie playing on the screen of the mobile phone that fell on the ground. Obviously, the woman was watching a movie before.

Wang fan is a little speechless.

This low head clan is also low. Is it too enchanted? You don't even see the way to the movies?

He was about to open the car window and let the woman leave quickly. He didn't want to do such dangerous things again. Suddenly, his face suddenly changed.

Without hesitation, he jumped forward, pulled off the seat belt of the beautiful woman driver and put her head down.

Bang!

There was a loud noise. A sniper bullet came through the air and smashed the co driver's glass of the Lincoln car and went out from the other side. The glass is broken and the dregs fly about.

"Ah."

The surrounding pedestrians and drivers screamed and made a mess.

"Damn, it's not over." Wang Fan's face is immediately iron green, suddenly turned his head and looked at the top of a building in the distance.

His emotional capture, there, a figure quickly put away the sniper gun, and then disappeared.

"You go back and leave me alone." Wang fansong opened the beautiful woman driver, told, and then quickly ran off the car, toward the building ran in the past.

His heart bursts of anger, if not the previous emergency brake, I'm afraid the bullet hit his head.

"It's a pity." On the top of the building, a woman dressed as a student grumbled. She disassembled the sniper gun, loaded it into her backpack, and left as if nothing had happened.

At that shot, she was sure to kill Wang Fan, but she didn't expect that the car came to a sudden brake at the critical moment, which directly led to her bullet failure.

This is also a matter of no way, although she shot like a God, calculated everything, but never thought that someone would be stupid enough to watch the movie across the road.

When she kills people, it's always one shot. If she misses one shot, she'll evacuate immediately and arrange afterwards.

She would never shoot twice in one operation, because that would put her in danger.

It is precisely because of this caution that she has lived to this day.

The woman quickly entered the elevator and ran downstairs. She quickly ran to the first floor and walked slowly to the door.

That calm, that calm, as if nothing had happened in general, this shows her inner strength.

As the incident happened for such a short time, the police had not been able to impose martial law at all, and only some security guards were maintaining chaotic order.

In addition, the woman looks pure, looks like a student, and carries a backpack, so she didn't arouse any doubt and left the building easily.

She took a breath of fresh air and soon came to a red ordinary car. She unlocked the door, pulled the door and got on.

But at this time, a hand suddenly without warning on her shoulder.

"Beauty, it's not good for you to leave. Should you give me an explanation?" A light floating voice came, her delicate body tensed instantly.

Chapter 539

She breathed a deep breath, and her body twisted suddenly to get rid of the shackles of Wang Fan. Then she turned around and lifted her right knee up.

The action, speed and timing of kicking are perfect and flawless.

Her attack is also sharp, fast and fierce, obviously experienced a lot of tempering.

This time, if Wang fan is hit, he will either be hit in the belly or in the crotch. No matter where you are hit, you will lose combat effectiveness in a short time.

Obviously, her goal is very simple, that is to get Wang Fan in the shortest time, and then leave here.

Wang Fan's face changed slightly, but he didn't expect that the girl who looked like a student would attack so sharply.

He took a step back and slapped his hand.

PA ground a, the leg of the woman is patted, send out a painful hum, fiery pain.

Wang Fan did not give her the opportunity to continue to make trouble, the body suddenly a top, then close to the woman's body, put her hard pressure on the car.

At the same time, his hand has been out in an instant, stuck in the woman's throat.

"You'd better not move, or I won't be merciful." Wang Fan's eyes become cold, "say, who sent you to kill me."

"If I'm satisfied with the answer, I don't mind giving you a way to live, otherwise, you know the consequences."

The woman is quite beautiful. She is in her mid-20s. She has a pretty face, delicate eyelashes and watery eyes.

At this time, her lips light pursed, eyes with shock.

Obviously, I didn't expect that my attack didn't work. On the contrary, I was subdued by Wang Fan.

Wang Fan stared at the woman and soon opened his mouth.

I'm still an acquaintance.

Wang Fan loose women, some unhappy, "beauty, you disappoint me, ah, is that how you treat life-saving benefactor?"

"I tried my best to save you, but you killed me with a gun. Do you have any conscience?"

Wang fan is really upset, this woman is actually Yi Xue of the powder clothes door.

Yixue didn't recognize Wang Fan, but after hearing Wang Fan's voice, she immediately knew that Wang Fan was the one who saved herself last night.

She was slightly embarrassed. "Sorry, I didn't know it was you."

She really didn't know that the target was Wang Fan. Because it was too dark last night, and she was always held by Wang Fan to take advantage of it, she was ashamed and angry. She didn't look at Wang Fan's face carefully.

If she had not heard Wang Fan's voice now, she would not have recognized Wang Fan in front of her as the person who saved herself last night.

"It's over without knowing?" Wang Fan curled his lips. "I was almost blown up by you. A vengeful person is someone like you. "

"Fortunately, I have a big life, otherwise I will not let you go as a ghost. I pester you every day and follow you, making you unable to sleep and eat well."

Wang Fan's vicious threat.

Yixue some depressed, "I really don't know it's you, if I know it's you, I will never do it."

"Although I Yixue is not a good person, I can tell the good from the bad. I have my own bottom line. How can I repay the kindness?"

Although Yi Xue doesn't believe in the theory of ghosts and gods, she can be threatened by Wang Fan. It's hard to avoid some discomfort in her heart.

"Well, please treat me to a meal, give me a shock, tell me the person who ordered you, and give me some more money. I will not pursue this matter."

Wang Fan said, opened the front passenger door and sat up.

Yixue also quickly follow the car, quickly start the car to leave.

This is not a place to stay for a long time. Once the police come, it will be difficult for her to get away.

Half an hour later, they came to a coffee shop.

Yi Xue ordered two cups of coffee and said, "I'm here to help the black wolf help clear the obstacles."

"The Black Wolf Gang wanted to unify the underground world in Jinzhou, but their strength was not enough, so they hired us at a high price."

"In Jinzhou, the biggest opponents of the Black Wolf Gang are the shark gang and yuanmengge. Our goal is to help them and snipe some senior members of the two gangs by the way."

"Black wolf gave me your picture this morning and asked me to kill you. I didn't recognize you, so I took it

Yixue sorted out her thoughts and said quickly.

She should not have told Wang Fan about these things.

It's only because Wang fan is her life-saving benefactor, and she has made an investigation of the Black Wolf Gang, and she has some antipathy to the black wolf style, that she tells Wang Fan.

she didn't want to help wolverine, but she was the three in the powder door, but there was also her elder sister has the final say.

The eldest sister and the second sister agreed to the business of Wu Lang's help. After the negotiation, she had no way to refuse.

"Dream come true pavilion?" Wang Fan's eyes narrowed as he listened to this.

From the moment he recognized Yixue, he had guessed that the Black Wolf Gang was going to kill him, so there was not much accident. What he paid attention to was the power of dream house. Wang Fan only knows that there is a mysterious man named dream interpreter, who is found in many large companies. Even the former vice president of Yindi group Kaihe has the shadow of this mysterious dream interpreter behind him.

At the beginning, if Wang Fan did not stir up the trouble, I'm afraid the dreamer had already annexed Yindi group.

"What's the power of dream come true pavilion? Tell me about it. By the way, is there a man named dream come true in dream come true pavilion?"

Wang Fan couldn't help asking.

Yi snow Leng for a while, obviously didn't expect Wang Fan to focus on the dream Pavilion. She sorted out her thoughts and said, "dream come true Pavilion is a force that rose during this period of time. It is said that the founder is called dream come true."

"It's just that this dreamer is very mysterious. No one knows his age, appearance or even background."

"Moreover, yuanmengge is not dominated by the development of underworld. It seems that their focus is on those big groups and they are not involved in too many fights, so their reputation is not obvious."

Although Yixue also has an investigation into Yuanmeng Pavilion, because the dreamer is very mysterious, what she has investigated is also very limited.

"Sure enough, it's the one who realized the dream." Wang Fan murmured, then thought of something, and asked, "by the way, at noon today, did the black wolf send someone to follow Lin Ruoxue?"

"I'm not very clear about that. After all, we just cooperate, we just take money to do things, and black wolf doesn't need to report to me about what he does."

Yixue said.

"All right." Wang Fan see Yi snow here also can't ask what, also didn't ask again, directly changed the topic, "now it's time to talk about how to solve our affairs."

"I saved you, but you almost blew my head. What do you think of this?" Wang Fan stares at Yi Xue to ask a way.

Now, Wang Fan has the heart to look at Yi Xue seriously.

It has to be said that the girl in the pink door is very charming, and the students' clothes on her make a different taste.

Pure, charming, charming, contradictory combination, but for men, it is a fatal temptation.

Especially her fingers, very slender, like the most perfect masterpiece of God, thin, white greasy.

Wang Fan really can't figure out how a girl who plays with a gun, a girl who licks blood on the tip of a knife all the year round, can still have such beautiful and white fingers. It's not fair, it's not fair.

"What do you want to do, how much money, you make a price, as long as I can take out, will give you." Yixue is a little unnatural that Wang Fan stares at, but still says so.

"I like your attitude." Wang Fan clapped his thigh and became happy. "One hundred yuan, I want one hundred yuan. How about not much?"

"Ah?" Yixue opened her mouth, almost thought she heard wrong, "are you sure it's only 100 yuan?"

She couldn't believe her ears.

"That's right." Wang Fan nodded firmly.

Yi snow in the heart once crossed a touch of move, Wang Fan this is not to have the heart to blackmail her, obviously is not pursue.

When she thought of this, she did not hesitate to throw a thousand yuan to Wang Fan. "A hundred yuan is too little. I'll give you a thousand yuan."

"Wow, so generous?" Wang fan is very excited. He puts a thousand yuan into his pocket and sits beside Yi Xue. The whole person falls into her arms.

"Tonight, I belong to you, don't worry, keep gentle, posture tube enough."

Yi snow is a Leng first, followed by a face of black line.

Nima!

She is to take a thousand pieces to smooth the previous thing, how to listen to Wang Fan's meaning, oneself seem to use a thousand pieces to wrap him?

Son of a bitch, son of a bitch, he even played this kind of word game with himself.

Chapter 540

After leaving the cafe, Wang Fan went back to the villa.

Muqianxin is like a gentle wife. She is very happy to see Wang Fan coming back, and she cooks for Wang Fan in person.

At ten o'clock in the evening, Wang Fan has been lying on the bed with mu Qianxin in his arms. He is planning to turn over Wen Cong, but he receives a call from heiluocha.

Huang Tingting and Dai Yuying two women were kidnapped, but the brothers who were protective were awesome enough to be tied up.

Wang Fan listens to this news, brain bang ground for a while, quickly sat up from the bed, exhort the curtain thousand heart a turn, nonstop rush to two female residence.

Some of his angry enemies have no bottom line. Just deal with him. Kidnapping Huang Tingting and Dai Yuying is nothing.

Huang Tingting's residence, two women are sitting in the living room sofa, pretty face some pale, obviously frightened.

Heiluocha is sitting beside them to comfort them.

"Van Gogh."

"Wang Fan."

See Wang Fan come in, Huang Tingting Dai Yuying face a joy, quickly stood up.

I haven't seen you for a long time. The two girls are obviously a little thin. They are obviously working hard for the company.

"Tingting, sister Ying." Wang Fan said hello, took the second daughter to sit down, looked at the black Luo cha, "who moved the hand, found out?"

Hei Luo cha nodded, "it's found out. It's the shark gang. The shark gang did this obviously to deal with you. "

"The sharks?" Wang Fan's face became cold. "It seems that we really have to teach them a lesson. You check where the shark is now, and I'll meet him

"Forget about Van Gogh." Huang Tingting was shocked by this. Wang Fan went to find shark alone. Are you kidding?

She was a little moved at the same time, not willing to let Wang Fan risk, "anyway, we have nothing to do, even if it, after we pay attention to it."

Dai Yuying also advised, "yes, Wang Fan, those people are not good people. You'd better not go. If you can't, we'll call the police."

Wang Fan waved his hand, "Tingting, sister Ying, you don't have to worry about me. I must find this place."

"It doesn't matter that they deal with me, but they try to kidnap you. This has reached my bottom line. I can't bear it."

Wang Fan's voice is very simple.

He didn't want to be used against the sharks. But what the sharks did really annoyed him.

Black Luo Cha frowned, "do you want to take more people?"

"No Wang Fan shook his head, "you just tell me where he is now."

Black Luo Cha see Wang Fan this way, know to persuade has no much use, told Wang Fan shark position.

Wang Fan learned the shark's position, did not hesitate, quickly rushed to the past.

The night was a little gloomy, with dark clouds on top.

When Wang Fan arrived at the shark club, it rained heavily.

Shark club is not only the industry of shark Gang, but also the general arena of shark gang. Originally, the shark club should be open.

However, due to the sudden attack of the Black Wolf Gang, the shark Club directly stopped business. And all the key members of the gang were sent out. As for Shaq Gang, there are only 100 elite defenders.

The rain was pouring down. Wang Fan opened the door and got off, with a black umbrella on his head.

He had changed into a black leather suit, leather pants, a round hat and a pair of sunglasses.

This image, coupled with the black umbrella on the head, makes the whole person look like the main character of a TV play, which is extremely important.

Black leather boots step on the ground, step on the rain, make a sound, Wang Fan slightly raised his head, and then walked toward the shark club.

The pace is not fast, but very rhythmic, giving a strong visual impact.

There are two men guarding at the door of shark club. Now is the tense moment. When they see Wang Fan, they become more nervous.

"Who? This is the shark Gang's important place. It's not allowed to get close. Those who know the truth should turn around and roll, otherwise they would rather kill than indulge. "

A man looked at Wang Fan with a fierce look in his eyes.

If he didn't see that Wang Fan was alone, he might have thought that the people of the Black Wolf Gang had killed him.

He looked at Wang Fan, very confused.

It's said that Wang Fan came to smash the scene, but there was only one person. It's not really like that.

It can be said that Wang fan is passing by, which is even more ridiculous. After all, Wang Fan's goal is very obvious, which is shark club.

Who and where is Wang Fan? Is he the master invited by the leader? But the leader didn't say he had a helper.

When Wang Fan heard the man's question, he stopped, looked up and said with a smile, "excuse me, is the shark in it?"

He is polite and has a gentle smile.

The man instinctively relaxed a little vigilance, "in it, who are you?"

"Just inside." Wang Fan murmured and did not answer the man's question.

The next second, he grabbed the umbrella and stabbed it forward. With a hiss, he inserted it into the man's neck. Blood shot, and soon was flooded by rain, diluted.

"You Another man's face changed greatly. He never thought that Wang Fan said he would do it, and he was still so cruel.

He was about to scream when Wang Fan jumped up in an instant and put his feet around his neck.

Click.

His neck was broken, his eyes widened and he lost his life.

Wang Fan killed two people, then took out the umbrella, let the rain wash the blood on the umbrella, and then walked into the club.

The shark club is brightly lit, with 20 swordsmen stationed on the first floor.

These people were originally chatting together, but after seeing Wang Fan burst in suddenly, they immediately tensed their nerves and stood up.

At the same time, he also raised the round knife beside him.

The knife is bright and the killing is fierce.

"How did you get in, our brother outside, and who are you?" One of them stares at Wang Fan and throws out three questions in a row.

Wang Fan secretly smiles, "those who want your life."

Roar, roar, a series of loud noise, ten people basically did not make any response, even did not raise the knife, has been knocked out by Wang Fan.

They felt as if they had been heavily bombed by the shells, and they poured blood into their mouths one after another. Their bones were broken and their lungs were displaced.

Their eyes are flashing panic, this is still people, how so terrible?
