

MIGHTY SK 541

Chapter 541

"Guild leader, it's not good. Someone's coming up." In the private room on the third floor, shark is playing with two girls. A little brother stumbles in.

Shark look a Zheng, eyes suddenly flashing fierce light, "what, someone killed up?"? Damn, that boy of black wolf is really kind enough to dare to kill here. How many people have they come?

The shark didn't panic much, but became more ferocious, and his eyes were full of fighting spirit.

He can do this position, not by mouth, but by fist.

He has experienced 80 times of life and death crisis without 100 times, and the bones he stepped on can be piled up into hills, so he didn't pay attention at all.

Only through life and death can he be stronger.

"One, one." Some of the hands said.

"What, how many people?" The shark almost wondered if he had heard the wrong thing. Is it a joke that a man killed his shark gang and made his subordinates panic?

"One!" His subordinates could only say again, "the other party is too tough. In less than two minutes, he overturned 20 swordsmen on the first floor and killed them on the second floor."

"In less than three minutes, all the 30 good players on the second floor were defeated and completely lost their combat effectiveness. Now he's on the third floor. "

His voice trembled when he spoke.

Until now, he did not dare to imagine the picture he had just seen.

Wang Fan's toughness is too powerful. With the wave of the umbrella, a group of people will fall down. With a kick, another group of people will fall down.

But for what he saw, he couldn't believe it.

What on earth do you have to experience to achieve such a magnificent killing?

Wang Fan's killing is not like a battle of life and death, but more like a performance.

If he didn't know clearly that those good players had no acting elements, and they were also real or injured or dead, he would doubt whether the director group invited by the guild leader was making a

movie.

"What did you say, five minutes, knocked over 50 of my subordinates?" Finally, the shark couldn't sit still and stood up.

It's not that he hasn't killed anyone, nor that he has never seen a master, but he's as abnormal as Wang Fan. He's just unheard of.

The shark clenched his fists and widened his eyes. "Are you kidding? Are you lying to me? "

"How dare I? Just go out and have a look. Guild leader, I think you'd better hide quickly. The other party is too abnormal. Brothers can't stop it. According to his speed, three or two minutes at most, it will be here. "

The subordinate choked at the corner of his mouth and cried.

"Did they say who it was? Does he have a gun in his hand? " Shark face finally dignified, but still not much fear.

"No, no gun. He just brought an umbrella." Hand swallowed saliva, respectful answer.

"No guns." The shark breathed a sigh of relief, and then looked at a dozen subordinates nearby, "all of you spread out, keep your guns on guard."

"He'll come in later and follow my orders. I'll tell you what. You'll shoot him immediately and beat him into a sieve."

Shark appears to be very angry, "Damn, just a person, dare to kill me shark help, this is to die?"? Don't you think I made a shark out of mud? "

"What's the matter with you? What's the matter with you? I'd like to see if you can pass the gun even if you have more Kung Fu."

Said the shark, staring, opening the window and looking out.

Wang Fan, dressed in black, is fighting with more than ten men. His whole body has been dyed red with blood, and his feet are even worse.

Outside in the corridor, blood overflowed, hard to stimulate the shark's eyes.

Wang fan is like an indefatigable killing machine, which is fierce and powerful.

The two youths rushed from the side. Before they reached Wang Fan, they had been stabbed in the head by the tip of the umbrella. While the blood was spraying, they died.

A man rushed from the front and punched Wang Fan's head, but Wang Fan suddenly grabbed his arm and twisted it violently. The man's arm was twisted like a twist.

Then, Wang Fan didn't wait for him to open his mouth to scream, he had already pulled him out.

Boom, boom.

With a harsh and heavy sound, his body just like a shell into the crowd, smashing down a large area.

Those who were hit, have vomited blood back, either broken bones or killed.

It is simple, direct, cruel and brutal.

They are vulnerable in front of Wang Fan.

Wang Fanji rushed forward, and two feet out, and two people were flying out, one hit the wall, fell to the ground in a coma, the other fell directly down the first floor.

The shark looked at the scene, and his scalp felt numb.

Now he finally knows that there is no water in his subordinate's report. Wang Fan's valiant performance can only be realized by seeing it with his own eyes. "Everyone be ready and listen to my command. If this person can't be used by us, he must die and never leave trouble in the future."

The shark slammed the window, went back to the sofa, sat down and gave the order.

At the same time, he also took out a gun, holding it in his hand, staring at the door.

Because only in this way can he feel a little more at ease.

Bang.

Almost shark just grabbed the gun, Wang Fan kicked the door and came in.

"You are a shark?" Wang fan is not afraid of the muzzle of many guns and looks at the shark on the sofa.

His indifference, his killing, his momentum, it seems that he is the monarch between heaven and earth, king of the world, not afraid of everything.

"I'm a shark. Who are you?" Shark throat grunts for a while, stares at Wang Fan to ask, "is black wolf sent?"

When he was talking, he unconsciously held the gun in both hands and pointed at Wang Fan. His eyes,

but also staring at Wang Fan, as long as Wang Fan has a little bad action, he will shoot at the first time.

Although shark didn't want to admit that he was afraid, he was.

His hands were shaking, and even one hand could not hold the gun.

You know, the shark club, but there are hundreds of good players stationed in it, but Wang Fan killed all the way in. How can he not be afraid?

"Black wolf?" Wang Fan said, "do you think he is qualified to send me?"

Wang fan is very disdainful, "shark, originally I have no injustice and hatred with you, we are also well water, not river water.". But if you want to kidnap my people, I can't just ask. "

Wang Fan said while walking slowly towards the shark.

That calm, that spirit, it shocked the audience.

"Don't come here. If you go one step further, I'll shoot you." Shark see Wang Fan close, face a change, suddenly began to roar.

"I tell you, I have a dozen people here, and everyone has a gun in his hand. As long as I give the order, you will be beaten into a sieve."

"You'd better listen to me and stay there, or the bullet will be blind."

Both voice and color are fierce.

"Oh?" Wang Fan's eyes flashed a touch of irony, but he still stopped.

Shark see Wang Fan did not dare to move, is also relieved.

It seems that Wang Fan still has some scruples about guns, otherwise it is impossible to stop so obediently. It is estimated that Wang Fan did not expect that there are so many people and guns in them, right?

The shark finally recovered.

Chapter 542

"You said I kidnapped your men? Who did I kidnap? And who are you? If you don't give me a satisfactory answer today, I'm sorry. I'm afraid you can't leave here alive. "

Shark recovers a bit of confidence, and thinks of Wang Fangang's words, so he can't help but frown and ask.

Because he really did not remember that he had kidnapped people, and he did not know who he had kidnapped.

"Shark, don't pretend. At noon, you send tie Luohan to find Lin Ruoxue for trouble. At night, you kidnap Huang Tingting and Dai Yuying. Isn't that to deal with me? "

Wang Fan sneered, "you can't tell me that all those things are decided by your subordinates without permission, and have nothing to do with you. Don't tell me you don't know me

"Are you wang fan?" Hearing this, the shark suddenly woke up.

Although Lin Ruoxue and Huang Daier's daughter were not taken charge of by his subordinates, Wang Fan was right.

That is, he really didn't know Wang Fan, and he didn't even see Wang Fan's photos.

Just a security company boss, shark is not in the eye, even if tieluohan is taken away by the police, he thinks it is Wang Fan's good luck.

In addition, he has been busy with the deployment of dealing with the Black Wolf Gang all day. He only takes time to relax in the evening. I really haven't seen Wang Fan's photos.

Shark is one Leng at first, immediately after is big angry, "are you for those two women to come?"? I sent someone to kidnap them, but it didn't work at all. "

The shark is very angry.

For the sake of two women who didn't kidnap successfully, Wang Fan killed here alone and killed more than 100 elite. Is this a joke?

He felt ridiculous.

"There's no need to reason with people like you. It seems that I haven't wronged you. In that case, you can rest in peace."

Wang Fan's words fell, and he jumped at the shark.

"How dare you do it? I want to die Shark surprised, suddenly a grin, directly and madly pulled the trigger.

Bang, the bullet comes out, but he is frightened to find that he has lost Wang Fan's shadow.

There was a bullet hole in the wall behind Wang Fan.

Before he fired his second shot, he only felt a flash of shadow in front of him. Then his wrist hurt, and his gun came to Wang Fan's hand.

Wang Fan's speed was so fast that only the shark came and fired a shot. No one else responded.

After catching the shark's gun, Wang Fan did not hesitate to turn the muzzle of the gun and fired a dozen shots at the dozen people.

The sound of the gun was loud, and the eardrum of the stabbed man trembled.

The dozen people just hesitated for two seconds, then they were shot in the wrist one after another and their guns fell to the ground.

They all covered their bleeding wrists and gave out a painful hum, and the eyes looking at Wang Fan were full of panic.

What kind of shooting is this? What's the speed?

They just slow down for two seconds for fear of shooting a shark, and then they all fall?

Terror.

Terrible.

They just feel chilly all over.

Wang Fan shot over a dozen people, breathed at the muzzle of the gun, and then poked the hot muzzle of the gun into the shark's head.

"To die? Now tell me, who's looking for death?" Wang Fan's voice is very flat, but in the shark's ear, it is more terrible than the voice of the devil.

Wang Fan said, and looked at the dozen people, "you'd better not move around, let alone try to pick up the gun, otherwise, the next shot will blow up your head."

Listening to Wang Fan's words, several guys who wanted to pick up the gun again were honest and didn't dare to move.

Shark's forehead also exudes the cold sweat, in the heart finally becomes frightened.

He didn't expect that in a flash, the situation turned around, and he became a hunter.

"Wang Fan, I admit that I underestimated you. I'll offer you a price and give you a way to live. Don't

scare me. There are only 16 bullets in this gun. I shot one before, and you shot 12. That is to say, there are at most three bullets in the gun now. "

Shark forced himself to calm down, "three bullets, you can only kill three people, no matter which three you kill, other people have enough time to pick up the gun in their hands, and then shoot you."

"It's a big deal. We'll die together! Anyway, I'm a black shark. I have no relatives. I've carried a lot of lives on my back. It's not a pity to die. "

"But can you afford to die? When you die, the women around you are unprotected. Although the black wolf hasn't done it to you yet, it doesn't mean he will never do it. "

Shark word by word, trying to escape this way.

Listening to these words, his twelve diehards, who had not much fighting spirit, gathered their fighting spirit again.

They looked at Wang Fan and the gun at their feet.

As long as Wang Fan finished the last three bullets, they would pick up the gun at the first time and fight to the death."Oh?" Wang Fan listened to this, disdained to smile, "is worthy of the shark gang boss ah, were spearhead, can also show so calm."

"It's a pity that if you want to threaten me in this way, you've got the wrong person. You don't have the strength to die with me. "

"Goodbye, shark."

Wang Fan said, without hesitation pulled the trigger.

With a bang, the shark's head exploded and the red and white objects sputtered.

But his eyes are staring big, still retain the previous expression, obviously did not expect, Wang Fan even so decisively killed him.

Wang Fan killed the shark with one shot, and the twelve youths also had action at the same time.

They all lowered their heads and rushed to the guns under their feet.

There are two bullets in Wang Fan's gun, which means that he can kill two people at most.

No matter who Wang Fan chooses to kill, he can buy time for the other ten. This is their chance to turn the tables.

At the moment when the twelve people threw their guns on the ground, Wang Fan fired again.

With two blows, he shot two people directly, and then rushed to the nearest youth like a tiger.

The young man's hand just touched the gun. Wang Fan's right leg swept out like thunder. He kicked his head hard and swept him out.

He hit three people on the left side like a shell, three people gushing blood, people tumbling.

At this time, Wang Fan had already lifted the gun on the ground, grasped it in his hand, and started shooting at the same time.

Come on, come on, come on.

Another series of sounds, six people shot, straight to the ground.

At this time, there was no bullet in Wang Fan's gun, and he did not continue to shoot. Instead, he grabbed the gun and blasted at another young man.

The young man was directly hit in the head by a gun. He fell to the ground with his head broken and blood flowing. He closed his eyes and was in a coma.

At the same time, Wang Fan jumped up in an instant and rushed to the last young man left.

The young man was shocked. He rushed to the shark, grabbed the body of the shark and threw it at Wang Fan. Then he opened the drawer and took out several grenades.

He looked at Wang Fan fiercely, his voice was fierce: "don't come here, or everyone will die together!"

His eyes sparkled madness, no one would doubt that he had the courage to die together.

Wang Fan, who had just kicked the body of the shark, looked at the scene, stopped immediately and raised his hands, "brother, don't be impulsive, have something to say."

Wang Fan didn't expect that there were grenades here. Is that a joke?

Although he is strong and has excellent physical quality, he does not dare to shake the explosive grenade with his body.

It's all about death.

Chapter 543

"Don't come here! draw back! Step back Even if Wang Fan raised his hands, the man didn't relax at all.

He grabbed the grenade in both hands and yelled at Wang Fan furiously.

Wang fan is too dangerous, just a short time to get them 11 people, this is simply incredible.

If he didn't have so much talent, and he didn't go to pick up the gun at all, he would have been thrown over now.

"OK, OK, I'll back, I'll back. Don't be impulsive." Wang Fan was afraid that the madman would detonate the grenade, so he quickly stepped back.

Two people's distance is not far, but also not close, Wang fan is not sure before the man detonates the grenade to get him.

But Wang Fan's backward speed is very slow, and in the backward time, he is also carefully staring at the man and the surrounding environment, thinking about countermeasures.

When the man saw Wang Fan retreating, his face relaxed a lot, and his hands holding the grenade relaxed slightly.

But his face soon changed.

Because he saw that Wang Fan, who had been retreating, suddenly rushed towards him.

"You want to die!" The nervous man looked at the scene, his pupils suddenly shrank, and he drank a loud, vicious detonated the grenade.

His eyes sparkled with extreme madness!

Wang Fan dares to shoot at him. It's very good. If you want to die, everyone will die together!

Wang Fan looked at the scene, but he laughed.

His forward body suddenly stagnated, followed by a jump, toward the side of the window hit the past.

With a click, Wang Fan soon smashed the window and rushed out.

His previous rush to the man was just a fake to induce the man to detonate the grenade. In fact, his purpose was to escape from the window.

Originally killed so many people, Wang Fan also thought how to deal with the hand tail, now the man detonated the grenade, which undoubtedly saved him a lot of things.

Wang Fan almost just rushed out. With a bang, there was a strong explosion behind him. The house collapsed and the dazzling fire burst into the sky.

Wang Fan's clothes were burned out in an instant, and his skin and meat were scorched. It was a burning pain. Fortunately, he was fast enough to not be thoroughly baked.

Wang Fan soon landed, looked back at him, choked at the corner of his mouth, and then ran towards his car.

But soon his face changed.

Because eight people suddenly appeared in front of us. These eight people, six of them, have the strength of the day after tomorrow's peak, and two of them have reached the initial stage of terror.

Their appearance is very common, but they are full of spirit. And look at their appearance, obviously they have been waiting here for a long time.

Wang Fan's heart thumped for a while, and immediately realized that these eight people were coming for themselves.

If it was the peak period, he would fight hard, maybe he would fight his way out, but now, it is undoubtedly a dream of a fool.

In the previous war, plus the impact of the explosion, his combat effectiveness was at least 50% lost. If he struggled with these eight people, that was to seek death.

Fisherman?

Wang Fan's anger swelled to the extreme.

He thought of the people who planted the shark gang in the afternoon and were killed by snipers.

Obviously, these eight people are with those people.

Wang Fan deep breath, while retreating, while opening, "you want to kill me? Six are at the peak of the day after tomorrow, and two are at the beginning of their birth. It's really a big hand. "

"I don't know whether I should be honored or sad to pay so much money to deal with a hairy boy."

Speaking of this, Wang Fan suddenly changed his face, coughed two mouthfuls of blood, and his face was decadent. "I know I'm afraid I can't leave alive today. Can I die in peace? Who on earth are you

"No one needs to tell you. After you die, you can ask Yama." A congenital early light swept Wang Fan one eye, "you only need to know, you offended offended the person who cannot afford."

"Remember, don't make trouble in your next life, or shine your eyes before making trouble."

With his voice, eight people suddenly step forward, the fury directly tears the air, rolling towards Wang Fan.

Forced by this momentum, Wang Fan stepped back a few steps, but he could not help spouting a mouthful of blood.

He raised his head, his face speechless pale, his tone dispirited, "my eyes have been very bright ah, although I caused a lot of trouble, but never caused a big deal."

"I really can't figure out which enemy has so much courage to send you out."

Wang Fan's tone is very sincere, but also very serious, "give a clear vernacular, don't let me die, OK? I'm already dying. Don't you even want to satisfy me? "

"If you can't figure it out, don't think about it." The inborn strong man said again, "you, prepare to die."

With that, he was about to wave the kill order.

Wang Fan's body is suddenly straight up. "Are you serious?" See Wang Fan eyebrow a pick, in a flash, the momentum on the body startles the sky but rise.

"You are really good, but I'm not a vegetarian either. It's a big deal. I can assure you that even if you can kill me tonight, I can at least pull half of you on the back. "

Wang Fan's tone is very arrogant, with the voice, the momentum on the body is crazy climbing, in an instant over eight people.

Great momentum!

Wang Fan raised one hand and pointed at eight people, his tone full of contempt, "are you going up one by one, or together?"

Arrogant, domineering!

Eight people feel this momentum, face suddenly changed, step also stopped in an instant.

They obviously did not expect that Wang Fan could be so strong after the shark gang war.

It is reasonable to say that Wang fan should not be at the end of the storm. How can he release such momentum?

"Play the devil, let me meet you first." The face of the congenitally strong man changed and soon returned to normal.

He took a big step forward, then waved his right hand and chopped fiercely at Wang Fan.

The friction between his body and the air made him hiss, and the cut palm knife seemed to set off the thunder.

At this moment, the momentum of the inborn strong is revealed.

"It's just congenital. I dare to clamor in front of Ben Shao. I want to die!" Wang Fan cold smile, not retreat into, crazy to meet up.

He didn't dodge the attack of the inborn strong, and the same palm knife followed.

With a click, the palms collided and made a loud noise.

As soon as Wang Fan's face changed, the blood in his body rolled wildly and almost vomited out. Fortunately, he suppressed it.

The face of congenital strong person is to become ugly, full face anger of looked to Wang Fan.

He had a silver needle in his palm. It was bloody. At the same time, he felt numb.

He wants to spurt blood, just want to say, Wang Fan despicable.

But at this time, Wang Fan has suddenly raised his knee and hit his Dantian.

A loud noise, congenital strong Dantian was abandoned, his face instantly pale.

Wang Fan still didn't stop moving. He grabbed his neck with his hands and gave him a hard twist and a click, which ruined his life.

"Just born, dare to shout in front of me Wang Fan disdains to curl his mouth, kicks the inborn strong and looks at the other seven.

"Who else?"

All of you, dead silence!

Chapter 544

No one thought that Wang Fan was so terrible. In a flash, he turned over a congenital strong man.

Their faces became dignified and did not dare to be careless any more.

"What? Don't you dare? Aren't you going to kill me? Come on, let's see who killed who today

Wang Fan stands under the night sky and glares at the eight people. He is like a sword about to come out of its sheath.

Da!

He stepped forward with his right leg.

Forced by the powerful momentum, the seven people stepped back and their faces changed.

One person's power, frightens back seven masters, this is what kind of courage?

"Wang Fan, don't die. No matter how perfect you are, you can't cover up the end of your dilemma. "

Only the other congenitally strong man had a grunt in his throat to cheer himself up and his companions. "Don't be afraid, everyone. He had been killed in a shark club before and was injured by an explosion."

"I had a fierce fight with brother Yubing just now. I'm sure I don't have much fighting power now. I think he has exhausted his physical strength by abandoning brother Yu Bing. Now he is just trying to support us. His purpose is to scare us away. "

"I don't believe that six of us are at the peak of the day after tomorrow and one is at the beginning of the birth. We can't kill Wang Fan who has experienced the third world war with so many of us."

"Come with me and kill him!"

The inborn strong man said, and his momentum rose wildly, and approached Wang Fan.

The other six were stunned, and they regained their confidence in an instant. Their momentum rose from the sky and pointed directly at Wang Fan.

As masters, they all have their own pride. How can they allow themselves to retreat without fighting? If they are scared away today, their future growth will be limited.

They were afraid, almost blinded by Wang Fan's bluff.

"Kill me? Ha ha ha, come on, let's see who died today Wang Fan laughs wildly, his momentum rises again, and rushes towards the seven people.

Seven people's faces changed, subconsciously retreated.

At this time, Wang Fan had turned around and rushed into the nearby Hutong.

Fight to the death?

That's a joke. How can he fight to death? He doesn't want to die.

In his current state, the fight to death will only be torn alive.

"Damn it. We'll chase you." Seven people looking at this scene, first a Leng, and then burst into a rage.

They were fooled by Wang Fan.

Without any hesitation, they immediately rose to chase Wang Fan.

Anyway, Wang Fan must die today!

Wang Fan took a breath and ran desperately.

He vowed in his heart that if he found out the person behind him, he would defeat him.

The other side not only used him to kill the shark Gang, but also ambushed so many experts outside, making it clear that they wanted him to die.

Wang fan is not so easy to use.

But no matter how much anger you have in your heart, the most urgent thing is to get rid of the pursuit. Otherwise, revenge is a joke.

"Wang Fan, you can't escape. Please stop. Maybe we'll give you a whole body. Otherwise, you will die without a burial place."

That inborn strong person's speed is the fastest, has already thrown away six prefecture level dozens of meters. He stares at Wang Fan's back with disdain.

Wang Fan for his threat, even the reason are lazy to take care of, still biting teeth blindly run.

Now he has a serious lack of physical strength, running hard, where the strength to talk with this old miscellaneous hair.

But soon Wang Fan's face became gloomy, and he found that he could not shake off the inborn strong man.

The other side's speed is too fast, although for a while can't catch up with him, but it is too tight.

If it goes on like this, he will be caught up sooner or later.

Wang Fan has no way, can only slow down tone, and secretly ready to calculate the congenital strong and his distance, intend to give him a hit.

Only by turning over the inborn strong man, can he escape from the heaven, otherwise, he can die today.

"Why, no strength to escape? Or can't escape? Don't worry. After you die, I will take good care of your women. "

Congenital strong see Wang fan speed down, eyes a bright, again speed up. At the same time, his words stimulate Wang Fan, trying to make Wang Fan affected, angry and anxious.

It is precisely because of his words that he once again gave Wang Fan endless anger.

Wang Fan suddenly felt the whole body's strength surging up again. He was full of strength and was ready to kill.

However, he was stifling the murderous spirit and force, forcing himself to calmly calculate the distance between the two sides, and then issued a thunderbolt.

One moment, when the distance between them was less than five meters, Wang Fan's eyes suddenly lit up.

His forward body suddenly stagnated, his right leg stepped on the ground, in the ground, the whole person suddenly turned around, crazy toward the congenital strong.

"DeathA roar from the throat, Wang Fan's eyes in an instant become scarlet, the body is surging out of the ultimate intention to kill.

At this time, he was like a Shura climbing out of the blood and bones of the corpse mountain. His evil spirit was amazing!

Congenitally strong feel this scene, slightly a Leng, then become disdain, "beyond measure!"

Instead of flinching, he rushed to Wang Fan.

The whole body's strength expanded to the extreme, and the innate vigorous Qi protected his body. His eyes also burst out a strong sense of killing.

He doesn't believe it. He can't even deal with the seriously injured Wang Fan.

Boom, boom.

In the blink of an eye, there was a violent roar.

Wang Fan blew out dozens of fists and collided with the inborn strongman. With the fierce momentum, the oppressive inborn strongman retreated step by step.

The surrounding walls and so on, are affected, crack collapse, stone flying.

"It's not so easy to kill Wang Fan. Let's die!" Wang Fan roared, the attack is more crazy.

His double fists turned into shadow boxing, covering the congenital strong in all directions. From a distance, Wang Fan's congenital strong was wrapped up in shadow boxing.

The inborn strong man's eyes were filled with horror. He never thought that Wang Fan, at the end of the crossbow, could be so fierce.

However, he did not retreat, but madly fought.

It's not that he doesn't want to retreat, it's that he can't.

Wang Fan in this indomitable fury, once he retreated, it is not far from death.

The whole alley was destroyed in the blink of an eye.

At a certain moment, the inborn strong man was finally an undisputed man, who was hit in the chest by Wang Fan, and the whole man flew backwards.

Although he had innate vigorous Qi to protect his body, Wang Fan's fist didn't cause him much damage. But the fury still made him suffer internal injury and feel pain.

Hissing a, he directly a mouthful of blood spurted out, but soon stood up straight body, "good fierce Wang Fan, but, can you kill me?"

"I'm a congenital strong man. I'm protected by congenital vigorous Qi. Don't say one punch. If you blow me ten more, it won't kill me."

"Besides, my six companions will come soon. When they come, you will die!"

"Appoint!"

A move to lose power, directly make the congenital strong fall into the wind, he side crazy retreat, avoid Wang Fan chase attack, while angry laugh.

"Yes? It seems that you have confidence in your shell. Well, I'll break your shell and tear your confidence

Wang Fanqiang held his breath, sped up, flashed to the inborn strongman, and then sent out a storm

again.

Just at the beginning of his life, Wang Fan only needed three or two times to get it done. But today, he can't get it. His heart is very angry.

Chapter 545

Wang Fan shot dozens of fists, all of which were on the sternum in the early congenital period.

Under that craziness, Wang Fan retreated at the beginning of his life, and the blood in his mouth gushed out like no money.

His face was completely distorted, and his eyes were even more shocked and frightened.

He felt as if his internal organs had been misplaced, and his life was worse than death.

As an inborn strong man, he never thought that he would be beaten so badly one day that he could not even fight back.

Click.

At a certain moment, a frightening sound came out, and his proud congenital vigorous Qi was finally shattered under the bombardment of Wang Fan.

As soon as the congenital vigorous Qi was broken, he no longer relied on it. His internal power poured out and his face was as pale as ashes.

"The tortoise shell is broken. What can you rely on now?" Wang Fan sneered and another blow hit him hard, which made him fly.

Wang Fan didn't give up. At the moment when he flew up, his right hand popped out, grabbed his arm directly and twisted clockwise to pieces.

Then, Wang Fan raised his foot again and even pointed at his Dantian.

Come on, come on.

After a sudden sound, his Dantian was directly crushed, and his old face was no longer bloody.

Wang Fan abandoned the congenital, is planning to make up a punch, the result of his life, but suddenly saw the other six people from the side rushed over.

As soon as Wang Fan's face changed, he gave up mending the knife and ran away.

However, the previous attack overdrawn him a lot of strength. As soon as he ran, the sequelae came. He

faltered and fell to the ground.

Wang Fan grinned, quickly forced to endure the sting, climbed up and flashed to the distance.

He is really going to waste now.

Not to mention the peak of the day after tomorrow, even if a trainee comes out, he will be killed.

"Elder martial brother, are you ok? Elder martial brother Six people quickly ran to the congenital strong side, eyes full of shock, but also full of anger.

"Don't worry about me. Go and kill him. He's at the end of his rope." Congenital strong mouth spurts out a mouthful of blood, difficult said.

There was a strong venom in his eyes.

For an ancient warrior like him, it's more painful to abandon him than to kill him.

He was born, but he was born high, but he became a waste in one day. How could he bear it?

"Yes, elder martial brother." Six people listen to inborn strong this words, also did not have too much hesitation, clenched teeth, then crazy Dynasty Wang Fan chased past.

They came out to kill Wang Fan together. If it's just a simple mission failure, it's nothing.

However, in the case of two congenital casualties, if the mission fails again, they will be in trouble.

If you go back like this, they will never be let go.

Moreover, they can also see from Wang Fan's fall and the long bloodstain on the ground that Wang fan is really the end of the crossbow.

"Am I going to die? Am I really going to die? " Wang Fan felt dizzy, as if he might fall down at any time.

He didn't think clearly until now, who actually sent out such a strong team to kill him, and the timing was so good.

Are they the people?

But it's unlikely.

If those people want to kill him, they can just move their fingers. There's no need for such trouble.

What's more, he has always been very low-key. He's still shrinking in this small golden state. It's

impossible for him to show his feet?

Moreover, if those people wanted to kill him, he would not have been able to live until now, and he would have been killed long ago.

Wang Fan bursts of despair, he felt really about to be unable to carry.

He quickly ran out of the alley, across the street and toward the opposite.

It's about three o'clock in the morning, and there are not many vehicles, so Wang fan is unscrupulous when he crosses the street.

Of course, he can't be unscrupulous. Once he falls into the hands of those six people, he is absolutely dead.

However, when Wang Fan ran to the middle of the street, he finally couldn't help but fall to the ground with a black head and spat out a mouthful of blood.

He bit his lip and was about to get up. With a creak, a sudden brake sounded, and then a car stopped in front of him.

"What's the matter with you? Are you all right?" The door opened and a woman ran down in panic. Her face was a little ugly, even ugly to death.

Because she had drunk a little wine, she didn't know whether the man fell or hit himself.

She quickly went to Wang Fan's side, but when she saw that Wang Fan was covered with blood, she almost fainted.

After all, what is it that makes us so miserable?

She couldn't believe her eyes, but she was sure of one thing, which was that this person was definitely not hit by herself. Even if she is a road killer, it is impossible to hit people like this.

"Leave me alone, let's go." Wang Fan heard someone approaching, raised his head difficultly and waved.

The people who pursued him were all ruthless. He didn't want to hurt these ordinary people because of himself.

"Brother van?" Lili sees Wang Fan clearly, and her eyes immediately widen.

She no longer hesitated, quickly picked up Wang Fan, "brother fan, what's the matter with you, what's the matter with you?"

"It's you?" Wang Fan Leng for a while, this just see clearly girl.

It turned out to be Lili, the waiter of the sea world. He cured Lili's chest pain.

He remembers that there was another one named Honghong who was sarcastic to Wang Fan at the beginning, but he finally pulled down his face and let Wang Fan rule for a while, because it also caused Lin Ruoxue's misunderstanding.

"Don't worry about me, just go." Wang fan saw Lili and was even more worried. He waved and said, "someone is chasing me. If you don't leave, it's too late. They will even kill you."

"Ah?" Lili was startled, but soon recovered, "let's go together."

As she said this, she helped Wang Fan up and yelled at the car, "Honghong, come down to help."

"What's the matter? Why did you stop?" Honghong in the car sleeps a little confused, but when she sees Wang Fan covered with blood, she wakes up immediately.

"Brother fan is hunted down. Get her up quickly, quick." Lili said eagerly.

"Good." Red completely awake, she has no nonsense, quickly get out of the car, help Lili Wang Fan get on the car.

Then two people get on the car, Lili is responsible for driving, Honghong is in the back to take care of Wang Fan.

One foot on the accelerator, the car ran out of crazy.

At this time, the six people just rushed out. They looked at the scene and their faces changed.

Two of them ran after Wang fanlili's car, while the other four stopped the car in the middle of the road.

Before long, two cars were stopped, and six people knocked the driver unconscious and chased him.

Inside the car, Lili was silly to see someone running after the car.

How much hatred does it take to pursue so hard?

She no longer drunk, crazy step on the accelerator, speed up to the extreme.

However, at her level, driving to 156 is the limit. I dare not go any faster.

"Brother fan, who are they, what should we do and where should we go?" The back of the red also no longer drunk, she supported Wang Fan on her body, while panic asked.

Chapter 546

"They are all bad people." Wang Fan took a deep breath and said solemnly, "you can go anywhere, but you can't go back to your residence."

"Just now I saw them robbing and murdering in the alley, so I acted bravely for a just cause, but I was beaten like this by them."

Wang Fan's voice is full of emotion, and his tone is very sad. "Ah, it's all my justice that has harmed me. I really can't do good things these days."

In this case, Wang fan can only make up stories to reduce the burden on the two girls, otherwise, they will be scared to death.

They are all people living in the sun. Wang fan doesn't want them to know too many dark things.

"How can these people be so bad? Is this to kill people?" Red red listen to Wang Fan's words, some angry, "where elder brother, we want to call the police."

"No." Wang Fan quickly shook his head, "you also see, those people are very powerful, if the police, I'm afraid they'll rush to revenge you."

Wang Fan said, again deep breath, said to Honghong, "Honghong, can you help me?"

"What's up?" Red red slightly nervous asked.

"Help me to take out the silver needle in my pocket. I'll treat myself first." Wang Fan said.

"Good." Honghong nodded, quickly stretched out her little hand and groped in Wang Fan's pocket.

Her body is very close to Wang Fan. Wang fan can smell the faint fragrance on her body. He can even see the attractive white greasy.

Wang Fan was excited and quickly took back his sight.

That white greasy irritated him for a while, and restored some strength.

He has a lot of things to do, a lot of revenge, a lot of girls did not bubble, absolutely can not die like this.

Red hands fumbled for a long time, and finally found a box of silver needles.

"Thank you." Wang Fan gratefully said a word of thanks, and then he took out the silver needle and quickly tied it up on himself.

Before long, his skin injury was cured, and even the wound on his back was contained.

It's just that although the trauma is no longer serious, the internal injury is not so easy. Plus overdraft, he still doesn't have much strength.

"Lili, you can just drive to a remote place. If you can get rid of those people, you can directly find a hotel to stay. If you can't get rid of them, you can go around with them."

"I can't. I can leave Jinzhou. Don't worry. If I don't die today, I will give you a fortune. "

"I'll have a drink and have a rest. If there's any emergency, you can call me."

After treating the wound, Wang Fan grabbed the mineral water Honghong had drunk and gulped it up, then said to the second daughter.

He is too weak now. He needs rest and recuperation.

Only when he recovers as soon as possible can he avoid the crisis tonight.

"Good." Lili answered and drove the car attentively.

Honghong is deeply afraid of Wang Fan's bad rest, which makes Wang Fan lean on her.

"Thank you." Wang Fan said thanks, but he didn't squeeze. He hugged Honghong and fell asleep.

About 100 meters behind them, the six strong men of the day after tomorrow took two cars, still struggling to catch up, their eyes flashing fury.

They did not expect that a car would be killed on the way to save the half dead Wang Fan.

It was worse for them than cutting their flesh.

"They have already run towards Linchuan province. It's not a matter to go on like this. We have to find a way or inform the Lord."

One of them stares at Wang Fan's car and says with a gloomy face.

The performance of the two cars they robbed was not very good, and their driving skills were limited, so they couldn't catch up with Wang Fan for a while.

"Damn it, today so many people were sent out, and he killed two of them. We can't let him run so easily, otherwise we can't explain."

"What's more, he's at the end of his rope. If he can't kill him today, it's too difficult to kill him later."

"Maybe he will go crazy, and our power in Jinzhou will be uprooted, so he must die."

"I'll call the cabinet leader now to explain the situation and ask for reinforcements. Son of a bitch, don't let me know who saved Wang Fan, or I'll never forgive him! "

Another person echoed and dialed directly.

He looked very angry.

At the end of the storm, Wang Fan was rescued by ordinary people under his nose, but he was helpless. What a shame?

In front of her, Lili didn't know the calculation of those people. She was still speeding up.

Driving skills are not very good, she can only go all the way, did not dare to have too many turns, not long, drove away from Jinzhou, ran on the road to Linchuan province.

In this state of tension, she did not know how long she ran. At a certain moment, her face suddenly changed and became pale. About 100 meters in front of her, there appeared a group of masked people. They were all armed with knives and guns, which was not a good thing.

In the middle of the road, a car stopped horizontally, blocking the way.

Lili looked at the scene, face changed, quickly stepped on the brake. If they do, they'll all die.

"What's the matter? Why did it stop?" Wang Fan felt the car stop and came to his senses.

"Van Gogh, someone is blocking the way ahead." Red kneaded the shoulder that rubs acerbity hemp, the facial expression pale says.

"Someone's in the way?" Wang Fan immediately narrowed his eyes and looked out.

It's just that his face soon changed.

He can clearly feel the bloody smell of these people, these people are not ordinary people, not easy to provoke.

"Lili, close the window and speed up. Don't let them get near!" Wang Fan quickly roared out, at the same time, his body leaped, his hands pushed Lili, and his whole body squeezed under Lili.

Lili was startled and soon calmed down. At the same time, she blushed a little.

Because her whole body is sitting on Wang Fan, plus the restraint of the safety belt, her body is also very tight, both nervous and uncomfortable.

Wang Fan was not in the mood to think so much. As soon as he grasped the steering wheel, he put his right foot on the accelerator.

With a bang, the car ran out at a high speed. The masked people in front of them, who couldn't escape, didn't react. They were directly hit and flew, and the blood burst out of their bodies.

Wang Fan bumped a few masked people, another wagged his tail, stabbed, another two masked people were swept, screamed and flew backwards, knocked over a few companions, fell to the ground and howled.

Wang Fan hit a few people, and then a perfect drift tail, the cross in the middle of the car knocked out, give way to a road, and then crazy driving jump out.

Just these poor and ferocious guys, Wang fan doesn't care much. What he cares about is the six strong men behind him.

He is absolutely not allowed to be overtaken by those six people, otherwise, he will die.

"Damn it, he ran away. Shoot them and kill them. Call the front brothers and stop them

The masked people, who had not been affected, became furious and started to make phone calls as they frantically fired bullets.

Chapter 547

"Ah -"

"ah -"

in the car, red Lili were screaming. Listening to the bang of bullets, they were almost scared and pale.

In addition, Wang Fan's dazzling driving skills and dodge left and right, the two people's delicate bodies can't help shaking.

Crazy bullets shot at the back of the car, making a crackling sound. They didn't know whether the back was screened or not, but at least the glass was completely broken.

The car Lili bought is also a scooter. It's more than 100000 in appearance, and it's not equipped with bulletproof glass. How can it stand the damage of bullets.

"Don't be afraid. I'm here." Wang Fan comforted the two women while avoiding the bullet. He just needs to make sure that he doesn't get shot.

When out of danger, he increased the speed to the fastest, one hand holding the steering wheel, one

hand pulling to the seat belt.

Two people crowded in the driver's seat, coupled with seat belt restraint, although ambiguous posture, but also very uncomfortable, space is very small.

Lili's whole body was strangled with some pain.

"Lili, you sit over there. Come on." After Wang Fan pulled off the safety belt, he said to Lili with difficulty.

Pain and happiness.

Lili Oh, quickly toward the co driver's seat to climb, she knows this is not a joke, in case they affect Wang fan driving, three people will die.

She was wearing a small blouse, under which was a small skirt and underpants. She looked like she was lying down slowly, which was very tempting.

Fortunately, Wang Fan's attention is not on her, otherwise, what will happen if she can't keep it.

After Lili got to the co driver's seat, Wang Fan felt much better. He drove the car attentively.

In Wang Fan's hands, the car with a hundred thousand yuan has just turned into a sports car, whining and roaring, and the speed only increases.

Before long, he had completely thrown away the car behind him, and Wang Fan was a little relieved.

It's just that there's a good saying. When people point their backs, they always plug their teeth when they drink cold water.

Wang fan is in such a situation now, and he doesn't know how long he has been driving. He suddenly finds that the car has run out of gas.

In desperation, Wang fan can only drive the car into a grass on the side of the road, greet the two girls, and then set fire to the car.

After all this, Wang Fan and her two daughters ran to the distance along the path.

The two girls were trembling, one left and one right close to Wang Fan. They had never thought that they would encounter such a shocking scene.

The real pursuit in the movie happened to them.

Now, Wang fan is their only backbone, no matter what the way ahead, they can only rely on Wang Fan.

"I'm sorry you're involved. You can rest assured that as long as I don't die, I will repay you a hundred times. "

"As for those enemies, you don't have to worry at all. As long as I recover, they can't do anything to me."

Wang Fan comforted her two daughters as she walked.

He is also grateful to the second daughter from the bottom of his heart. It can be said that without the second daughter, he would really die tonight.

Two congenital, six the day after tomorrow, such a strong lineup to kill him, but also chose such a good time, Wang Fan some admire that scene.

How much this man wants Wang Fan to die.

"It doesn't matter, van. We're not afraid. If it wasn't for you, I'm afraid that Bian would have crippled us. We should have helped you. What's more, you cured us. "

Lili deep breath, looking at Wang Fan said.

Honghong also echoed, "yes, brother fan. Anyway, even if we die, we will die together, and we won't be alone. What are we afraid of?"

"Those people are so bad that they even pretend to be police officers and hold guns illegally. They will definitely die. I don't believe that evil can win justice."

Two women are trying to defend Wang Fan, in the face of the bullets before, they are afraid, but no regret. If they regret it, they will not save Wang Fan on the road.

They just didn't expect that the people who pursued Wang Fan would be so crazy.

"Thank you." Wang Fan looks at the second daughter gratefully. He is going to continue to talk to ease the tension and fear of the second daughter, but his face suddenly changes and suddenly looks forward.

I saw more than a dozen young men with knives walking slowly towards them.

These people obviously got the news that Wang Fan had abandoned the car and fled, so they launched a search.

They walk very slowly and carefully. While they walk, they also scan around warily.

Because there are some shrubs and weeds around the path. If someone hides and doesn't look for them carefully, they can't be seen.

bang, bang, bang, bang, bang, bang, bang, bang, bang, bang, bang, bang, bang.

Blood gushed.

"After me? Search me? How dare you! My Wang Fan, even if the tiger is down and the sun is down, it's not your turn to insult me. "

Wang Fan grinned and flashed to avoid the knife from the side. Then he turned his right hand into a palm knife and chopped it out.

Teng Di a, that person's neck is directly split, the whole person flies upside down, fell to the road below.

Wang Fan's attack continued unabated. He jumped into hiding and kicked out his right foot like thunder.

Another two were hit, their ribs cracked, their mouths gushed blood, and they ran into a huge rock on the side of the mountain, their heads broken and bleeding.

In a short period of time, Wang Fan turned over several people, and his combat effectiveness was terrible. Cold wind blowing, those people can not help but beat a cicada, feel like falling into the ice, cold piercing.

However, Wang Fan did not pay the price. His left rib was stabbed twice, and his blood trickled down.

Chapter 548

The other five or six young people looked at Wang Fan, their hands and feet trembling, and their mouths were full of saliva.

They didn't expect that Wang Fan was so powerful. He fought and fled for so many times, and still showed such a strong fighting capacity.

They just felt numbness in their scalp.

Of course, it's impossible to make them flinch.

They are well aware of the miserable end they will face when they retreat.

One of them holds a knife in both hands and stares at Wang Fan with fear and excitement.

On his knife, the red blood was still dripping. It was obvious that the blade on Wang Fan's body was left by him.

"He can't do it any more. Let's go together and we can definitely keep him! Even if we can't keep him, as long as we delay until the brothers come, our goal will be achieved. "

"Everyone cheer up. Don't give him a chance to make a hole. I'll buy you a drink later."

At a certain moment, he licked his cracked lips, guarding against Wang Fan while cheering up his brother.

After hearing what he said, the five or six men looked up again and regained their momentum by three points.

Yes, they don't need to kill Wang Fan at all. As long as they can delay Wang Fan, why should they be afraid.

What's more, they have no way to retreat. If they dare to retreat, there is only one way to go back. It's better to work hard.

Wang Fan didn't speak, just staring at the young man who cut him, his eyes filled with cold. His right hand, it is fast grasp the silver needle in the wound.

He knows that the other party is procrastinating, but Wang fan is not procrastinating.

The previous battle also had a great loss of his spirit, and he needed time to buffer.

The two sides fell into a stalemate for a short time, and the scene was horribly quiet.

At a certain moment, Wang Fan slowly raised his head and looked at the young man who cut him, "go back to drink? I'm afraid that won't work, but you can drink together on huangquan road. "

Wang Fan sneered and shot at the young man like lightning.

The young man's face was stunned and his momentum soared wildly. He rushed to Wang Fan with a knife in both hands.

A knife cut, his expression is exhausted hiss in the bottom, in the eyes is flashing extreme crazy.

Wang Fan gave a cold smile and hit the ground with his right foot, shooting at the side.

His present condition, although can carry the youth this attack hard, but like that will let him suffer the injury again, the gain is not worth the loss.

The young man fell to the ground and split the huge stone on the roadside. With a thud, the stone was directly split into two parts. The huge shock force and the flying debris were terrible.

His face suddenly changed when he failed.

Just as he was going to split the second knife with his backhand, Wang Fan had already given him a

His confidence has been completely defeated, and he no longer has the courage to fight to death.

"Tell me, who are you from? I can spare you from death." Wang Fan's voice seems to come from Jiuyou. With the cold night wind, it seems that the temperature has dropped a lot.

"Dream house, dream house." The young man gave a shuddering answer without much thought.

Whoosh!

Just as he finished, the knife in Wang Fan's hand was inserted in front of him. He was so scared that he peed his pants directly. "Go away." Only when Wang Fan's voice came out again did he realize that he was not dead. He wiped his forehead in a cold sweat and ran away.

Wang fan is quickly returned to the red Lili side.

"Van Gogh, how are you doing?"

"Are you all right? Have all the bad guys been solved?"

The second daughter asked with great concern.

Wang Fan stumbled and almost fell. Fortunately, he was helped by the second daughter in time.

"I'm fine. Let's go. Get out of here." Wang Fanqiang stood up straight with weakness, and then left here with her two daughters.

Instead of taking the road ahead, he made a detour.

After all, the death of those people was so miserable that he was afraid to frighten the second daughter.

Fortunately, the night was dark enough, and the two girls were far away from the scene of the battle, so they didn't see clearly, otherwise they would have fainted.

Not long after they left, another group of people came here, and the six strong men arrived.

However, after discovering that there was no trace of Wang Fan at the scene, their faces were completely gloomy.

These people have been their last line of defense. They have not stopped Wang Fan. It is very difficult for them to kill Wang Fan.

"Chase, chase, I don't believe he can run." A strong man after tomorrow looked at the young man with a gloomy face and cheered.

Of course, Wang Fan no longer cares.

Around, at dawn, they finally arrived in Linchuan province.

Wang Fan found a shop, left a hundred yuan, took his clothes to change, and took a taxi to the city.

By seven o'clock, they had stayed in an ordinary hotel.

Wang Fan took out a card and put it on the table. "In the next few days, we can only live here for the time being. I've wronged you."

"There's some money in the card. Take it first, buy some daily necessities, and then buy some clothes to change. I'll take you back to Jinzhou after a few days. I can't support it. I'll have a rest first. "

With that, Wang Fan fell into bed and went to sleep. He was so tired that he didn't even have the strength to take a bath.

The two girls looked at each other. They wanted to go out, but they didn't dare. Fortunately, the technology is more advanced now, and they can deliver delivery.

Honghong picks up her mobile phone to order takeout, while Lili rushes to the bathroom quickly, moistens the towel and comes out to wipe it for Wang Fan.

Wang Fan's body has blood, so sleep uncomfortable, she wants to let Wang Fan more comfortable.

When the three of Wang Fan were hiding in Linchuan Province, Jinzhou had already been blown up.

The reason is simple.

The shark is dead.

The death of the shark can be said to set off a chain reaction.

Black wolf in that news, increased the strength of the March, just three days, shark Gang completely disintegrated, members died, injured, escaped.

More than half of the industry of the shark gang has been seized.

Just when the black wolf is about to take full control of the shark Gang industry, the mysterious dream Pavilion suddenly emerges and joins the fight.

The situation is chaotic.

Chapter 549

In just seven days, most of the top members of the Black Wolf Gang were assassinated, and their members were badly injured.

Not to mention the shark Gang's industry, even the Black Wolf Gang's own industry was robbed 89% by Yuanmengge.

If the black wolf were not careful enough, powerful enough, escorted by experts, and ordered to defend the base camp as soon as possible, I'm afraid the whole Black Wolf Gang would disappear.

The sharp fangs and strong strength of Yuanmeng Pavilion shocked the underground forces in Jinzhou City.

On the eighth night, Yuanmeng Pavilion launched a strong attack on the base camp of Wulang gang.

In the face of the thousand elite of the Black Wolf Gang, it took only five hours to kill the thousand elite, and they fell apart.

Black wolf looked at this scene, completely silly.

He never thought that the dream pavilion was so strong.

When the base camp was lost, he didn't dare to stay any longer. He quickly fled the base camp and fled back to the state of Kou overnight.

Only eight days later, the powerful Black Wolf Gang disappeared completely.

Yuanmeng rose like a comet and dominated the whole city of Jinzhou.

So far, the whole underground forces of Jinzhou City, Yuanmengge, has become a well deserved overlord.

The dreamer with Fox face mask stands in front of the window, looking at the north from a distance, his eyes are as deep as a pool, and no one knows what he is thinking.

In just eight days, he dominated the whole city of Jinzhou. According to the normal situation, it should be a happy thing for him, but he could not be happy.

There is a knot in his heart, that is, Wang Fan.

Two congenital, six the day after tomorrow, this line-up to kill the injured Wang Fan, not only failed to snipe, but also Wang Fan killed two congenital. It's a loss he can't afford.

He wanted to find out Wang Fan and trample him to death.

However, eight days later, he still did not find the trace of Wang Fan, which was unbearable to him.

You know, the biggest purpose of his coming to Jinzhou City is to kill Wang Fan, and the establishment of power is only the second. But now Wang Fan has not died, how can he be willing?

He is also very busy to realize his dream. Jinzhou is just a place for him to stay for a short time. He still has many things to do and deal with. He can stay in Jinzhou for two days at most.

These two days, if he can't do Wang Fan, he will have to wait until he has time to come back next time. Of course, this is not the key. The key is, if Wang fan can't be killed this time, can he be killed next time?

What's more, with Wang Fan's character, if he leaves, can Yuanmeng Pavilion bear Wang Fan's anger?

"Wang Fan, do you think I can't help you if you hide? It seems that I can only take that step. You forced me to do that. "

The dreamer murmured, went back to the table and sat down. He pressed the button in front of him with his finger and issued a command, "call the nether world."

Within five minutes of his command, a man in a silver mask and robe came in.

The masked man walks to the dreamer in three or two steps, stops, slightly bows his head, but does not make a sound, waiting for the dreamer's instructions.

"You go to the capital and tie song Rumei up. Bring him back here before tomorrow night. Since Wang fan doesn't show up, we'll try to make him show up."

The dreamer looked at the masked man and said in a deep voice.

"Yes." The mask man agreed, without any nonsense, and directly backed out.

He did not ask why he did not kidnap Wang Fan's relatives in Jinzhou, but song Rumei. He did not ask where song Rumei was in the capital, and he did not ask for information about song Rumei.

It's as if they don't need to know. At the same time, he is full of strong confidence in himself.

In fact, it's not that the dreamers didn't want to tie Wang Fan's relatives in Jinzhou City, but they were very smart. The first time Wang Fan disappeared, they all left Jinzhou to hide.

Rao Shi sent many spies to inquire, but he didn't find any trace.

Hei Luocho, a Biao, a Xuan, Huang Tingting, Dai Yuying, Xu Ruyun, Chu Wei, etc. all disappeared without a trace, as if the world had evaporated.

Not only that, the whole building of Wang fan'anbao has been empty, without a half figure.

It can be said that in addition to Lin Ruoxue's normal commuting, mu Qianxin still stays in the villa where Wang Fan lives. On the contrary, the people related to Wang Fan have disappeared completely.

But according to the dreamer's survey, Lin Ruoxue and mu Qianxin are only employers with Wang Fan, and they are not very close. Kidnapping doesn't seem to make much sense.

Therefore, he can only sacrifice the near and seek the far to kidnap song Rumei, who is far away in the capital.

Because only song Rumei did not hide, as usual, how to live.

Although the dreamer knows that Wang Fan and song Rumei have fallen apart, he believes that if song Rumei has something to do, Wang Fan will appear.

He has only two days. In these two days, he must get rid of Wang Fan, otherwise, he can't leave Jinzhou at ease. Wang Fan villa, the curtain thousand heart like a loyal wife, wearing pajamas, sitting on the sofa, quietly looking at the table of four dishes and a soup in a daze.

There are two bowls and two pairs of chopsticks on the table.

In the past eight days, she has prepared several dishes and set up two pairs of chopsticks for each meal. Only in this way, when Wang Fan comes back, he will feel the warmth of home and will not have no food to eat.

Every meal, she would look at for a while, and then look outside, just like a wife waiting for her husband to go home.

Only when the food is too cold, she will move her chopsticks and eat these things.

Eight days ago, after Wang Fan left, he never came back.

Although heiluocha told her that Wang Fan might have been killed and asked her to find a place to hide and not give the enemy an opportunity, she did not do so.

She's done hiding. She doesn't want to hide anymore.

What's more, can Hei Luochoa and others hide and leave Jinzhou? Can she have a thousand hearts?

I'm afraid as long as she leaves this villa, she will be found by Bai Xiaoren. She can't leave at all.

Most importantly, she did not believe that Wang Fan would die.

Of course, if anyone dares to take her as a bargaining chip against Wang Fan, she will commit suicide immediately. Anyway, her life was picked up by Wang Fan. She doesn't care any more.

"Wang Fan, are you really dead? Where are you? Why don't you come back? You are not even afraid of Li Wuji. At the beginning, you were so dangerous that you survived. Now what is this little wind and wave? "

"Come back, you know, I've been waiting for you?"

The curtain thousands of heart murmur, tears.

However, her low Nan did not change Wang Fan's appearance.

Mawei, a mountain village in the countryside of Jinzhou City, is a remote place, 200 kilometers away from the urban area. Not to mention the inconvenient traffic, even the communication signal is not very good.

In one of the dilapidated courtyards in Mawei village, heiluocha and others sat on the ground, looking indignant.

After Wang Fan disappeared, they hid here for the first time and never went out again.

They are all clear about Wang Fan's strength. Wang Fan's disappearance is enough to prove that the enemy's strength is not simple.

The reason why they hide here is, first, to wait for the news of Wang Fan's return, and second, not to let themselves fall into the hands of the enemy and become the enemy's chips against Wang Fan.

At the same time, they are also thinking about countermeasures, if Wang Fan really died, what should they do, how to revenge?

Heiluocha has been investigated. Wang Fan's disappearance is related to yuanmengge. If Wang Fan really can't come back, they will take revenge even if they scatter all their assets.

Chapter 550

Wang Fan didn't know that heiluocha and others had been hiding for the first time, and he didn't know that the dreamer had sent Youming to the capital to deal with song Rumei.

After eight days of recuperation, his injury finally recovered 7788, and his strength also recovered 80%.

In the past seven or eight days, honglili has been taking good care of him. Even if the second daughter is always cheerful and forced to smile, Wang fan can catch the worry and haggard between her eyebrows.

It's also a strange thing for a girl who has the same flower season, but because of Wang Fan, he is hiding

in this hotel and dare not go out. Three meals a day depend on takeout. It's strange to be really happy. I don't know when this day will end.

Ding.

A swipe card to open the door sound, the door opened, red Lili flowers came in.

They all have bright smiles on their faces and bright clothes, just like larks, adding a ray of light to the monotonous room.

"Van Gogh, have dinner." Honghong greets Wang Fan with a smile and puts the takeout on the table.

"Here, I'll help you up." Lili is trot to Wang Fan side, as in the past, clever to support Wang Fan up.

They are like this almost every day, facing Wang Fan with the most beautiful smile, facing every day.

They try to make themselves not too dull, and try not to let their emotions affect Wang Fan's recuperation.

"Two sensible little women." Wang Fan looks at the appearance of the second daughter, in the heart across a warm current.

However, he did not allow Lili to hold her up as usual, instead, he grabbed Lili's little hand and pulled her to sit on the bed.

And also go to the busy red side, stop the red continue to open those lunch boxes, the woman also pull to sit beside Lili.

"I've been well. I don't need to take care of you. These days, I've really wronged you."

Wang Fan looked at the second daughter with sincere eyes. "We are not having lunch box this noon. I'll invite you out for a big meal. You've worked so hard for so many days. I should repay you well. "

At this point, Wang Fan deep breath, tone became cold, "I Wang Fan hide for so long, enough. From today on, I don't have to hide. We'll go back to Jinzhou after lunch. "

"Let all those who pursue and kill me go to hell. One is the only one. I, Wang Fan, will visit them in person."

Wang Fan's eyes burst out murder.

In the past eight days, he was really depressed. He didn't even dare to go out of the door except for lunch box and TV every day, just like a mouse.

Wang fan is really fed up with this kind of day. When he goes back this time, he will kill Yuanmeng Pavilion and talk directly with the leader of Yuanmeng Pavilion.

He wants to tell the dream Pavilion leader that Wang fan is not so easy to pursue. If yuanmengge fails to kill him, don't blame him for bringing the place back.

"You wait for me here, I'll take a shower, and we'll get out of here." Wang Fan said, directly into the bathroom.

In half an hour.

As the three walked out of the hotel, Wang Fan watched the traffic, breathed the fresh air, and felt the bright sunshine. It was as if he had come back to life, and his mood was unspeakably comfortable.

The second daughter felt the popularity and was also very happy.

They followed Wang Fan left and right, smiling like flowers on their pretty faces, but they were still worried.

They are afraid that their dream will come to nothing. In case Wang fan is locked and injured by those bad guys again, they will be beaten back to their original shape.

"Let's go. I'll take you to the grand hotel for a meal. Every day, I'm sure you're going to vomit." With a big wave of his hand, Wang Fan directly recruited a taxi and went to Linchuan international hotel.

Half an hour later, they got off at the gate of Linchuan International Hotel and strode into it.

Wang Fan chose a loft near the lake, took her two daughters to sit down, and then began to order.

Here is a good environment, rockery lake, elegant and clean.

The two women's originally slightly nervous mood, in this situation, also become relaxed.

One valuable dish after another was soon on the table, and the three began to make a big piece.

When the three of them were big and big, the dreamer in Jinzhou had already received the news that Wang Fan appeared.

Linchuan province is so big, Wang Fan just appeared more than an hour ago, the dreamer received the news, it can be seen that the magic power of dream Pavilion.

When the dreamer got the news, he asked people to keep an eye on Wang Fan secretly and sent three Xianren to Linchuan province.

This time, he will not give Wang Fan a chance to breathe.

Wang fan doesn't care that he has been locked by the dreamer, let alone that the dreamer has sent out a strong team again. Since he dares to appear in such a high profile, he has thought of all possibilities.

His goal now is to accompany her to enjoy the delicious food and wine. At this moment, heaven and earth are not as important as his accompanying her.

In order to relieve the pressure of the second daughter for so many days, Wang Fan once again showed her extraordinary eloquence and amused her. In this kind of singing and laughing, their last tension disappeared, and they really relaxed.

An hour later, the three had enough to eat and drink and checked out.

Just as they had just left and were planning to rent a car back to Jinzhou, several burly men suddenly appeared.

Their goal is very clear, that is, Wang Fan.

With a wave of the head man's angry hand, the people around him directly surrounded Wang Fan, all of them showed an extremely angry expression.

The first man glared at Honghong fiercely, his eyes were even more ferocious, "you bitch, you don't want to face!"

"I'm working hard to earn money to support my family outside, but it's good for you to hook up with other men with my hard-earned money. Even if you don't care about the children, do you still want to be shameful?"

"If my brother hadn't told me this, I wouldn't have known you were such a person!"

The first man's tone is very angry, the expression is also in place, provoking a burst of criticism from passers-by around.

After roaring Honghong, he looked at Wang Fan again, "son of a bitch, you are very capable of spending my money and sleeping my woman. Are you not afraid of being punished by heaven?"

He pointed to Lili on the right side of Wang Fan, "you're very capable. What kind of cheap woman is she?"

"The world is declining. How many happy families have you destroyed? I'm going to kill you today and do justice for heaven. It's not only for Laozi himself, but also for the families you destroyed! "

The first man's sharp words and sensational expression, coupled with the sensationalism of his brothers,

soon aroused the sympathy of the onlookers.

"Well, well said!"

"Kill these dogs and men!"

"Damn it, if you openly hook up with other people's wives and still support each other, this kind of people will die!"

"That woman is more damned. It's shameless!"

"Kill him! Kill him

People are excited and indignant!

Although it is common, but it can not be put on the table, otherwise, absolute fire, absolute thousands of people.

In the blink of an eye, Wang Fan was scolded bloody, and even some good people almost broke eggs.

Red Lili's mouth is open, and her face is incredible.

In the face of the angry masses and fierce men, they were too scared to speak, so they could only bow their heads and shrink in Wang Fan's arms.
