

MIGHTY SK 551

Chapter 551

Wang Fan looked at these people's performance with a sneer, and his eyes were full of sarcasm.

Yuanmeng Pavilion is really full of talents. In order to deal with him, all the moves have been made.

Until the first man finished speaking, Wang Fan just light export.

He pointed to Honghong and asked, "is she your wife? Are you sure? "

"What do you mean?"

The first man was very angry. He pointed to Wang Fan and his whole body trembled. "No matter how brain damaged I am, I don't even know my own woman, do I? Why, I'm blocking you up. Do you want to admit it? "

"Damn, you sleep with my wife, spend my money, and now you're arrested by me. It's impossible for you to muddle through like this. Today, I want justice for everything I say. "

He was trembling and his words were furious.

The expression of suffocation, the ferocious face, the trembling body, everything is so lifelike, impeccable.

"Good, good." Wang Fan laughed, grabbed an ID card and grabbed an ID card in her right hand.

, "now that you say she is your wife, then you tell me her name and registered residence now. If you can say yes, you don't need to get justice, I give myself three knife to vent my anger."

Wang Fan grabbed his ID card and looked at the man. "Come on," she said, giving her name and registered residence. Don't tell me you name your wife's place and registered residence.

Wang Fan could have used violence to solve these people, but since these people want to play tricks with him, he doesn't mind playing with them.

Of course, the most important thing is that there are many unreasonable people around, and even people taking photos and videos.

Wang Fan himself is indifferent, but he does not want to become a celebrity honglili, fire all over the network.

Wang Fangan affirmed that even though they had investigated the red identity through the car, they could never have remembered the details of the registered residence.

Of course, they probably don't even know Honghong's full name.

The head man listened to Wang Fan's words, his face turned black immediately.

He was only ordered to stop Wang Fan from delaying his time. How could he know so much.

don't mention the red registered residence. Even the red and red full name is unknown to him.

But this guy's reaction was not slow, and soon he became more angry, as if he had been humiliated,

"Damn, you sleep with my wife, what's the right to question me? Why should I cooperate with you? I'm here to seek justice today, not to accept your questioning. "

"That is to say, what are you and what qualifications do you have to question brother Youge?"

"Is it reasonable for you to sleep with my sister-in-law?"

"Dog men and women, shameless!"

Several of his brothers followed suit.

Wang Fan looked at them, not only not angry, but also laughed, "so you can't answer? Well, I can also think that you are here to find fault? "

"There is no need to deny or pretend to be angry. The eyes of the masses are bright. "

, "I have made it clear that you just want to tell her full name and registered residence, and I will stab myself three times, and let you handle it. How easy is that?"

"But you can't even say such a simple thing. On the contrary, you make a face of being humiliated. Do you think all the people around you are fools and will believe you? "

Wang Fan Light said, trying to reverse the impression of the masses around.

Sure enough, when the people around heard Wang Fan's words, combined with the expression of these men, they all felt something was wrong.

Yes, such a simple thing, it won't affect anything if it is said, will it? They all feel it's not easy.

That group of men are angry, "son of a bitch, it's reasonable to sleep with Laozi's wife and frame Laozi for finding fault. Laozi will kill you."

They roared and rushed to Wang Fan.

He is fierce and murderous.

Honghonglili's face turned white and she was trembling. She didn't dare to say a word.

Wang fan is to smile, "this is exasperated to become angry, want to start?"? Don't you know that I'm the ancestor? "

"Well, I'm not afraid to tell you. In fact, I wanted to do it for a long time. I just didn't want my two friends to be wronged in vain."

"You were given the chance to reason. If you don't grasp it, no wonder I do."

Wang Fan said, the two girls behind a pull, the right leg will be momentum like a rainbow kicked out.

Boom.

With a loud noise, the young man who rushed to the front was directly kicked out, fell to the ground and screamed, and could not stand up any more.

Wang Fan's body moved forward, his hands quickly grasped their arms, and pulled them hard.

There was another bang, and they bumped into each other face to face. They had a sharp headache and nosebleed. Wang Fan's action is not stop, but also a blow.

Another man was blown out directly, his bones cracked, and he grinned and let out a cry like killing a pig.

In a twinkling of an eye, the only person standing was the man who was the leader.

The scene died down in an instant.

No one thought that Wang Fan, who looked so weak, would be so fierce and powerful.

The audience just felt nervous and excited.

The first man is afraid of shock!

He had heard of Wang Fan's power for a long time, but today he saw it with his own eyes.

This man is so terrible that he can't deal with it at all.

"Eight days ago, two congenital, six acquired, plus a bunch of outlaws, all failed to take my life. Do you think you can do it?"

Wang Fan walked slowly in front of him and patted his face with his right hand. "Tell me, how long will the people from Yuanmengge go to Linchuan province and how many people will come?"

Listening to this, the head man's face was dead in an instant.

He didn't expect that Wang Fan could see through their purpose and knew that the dream pavilion was behind the scenes.

How is that possible?

"No? Good! Then you'll never say it. Although I dare not kill you in broad daylight, as a little miracle doctor, I have some means to let you die slowly. "

Wang Fan said with a smile and took out a silver needle with a long middle finger.

Looking at the silver twinkling needle, and the sharp tip of the needle, the first man's pupil instantly condensed, his face turned white.

"I said, I said. They will be here in about half an hour. I don't know how many people or good players are coming

"Good, good." Wang Fan smiles.

He quickly cured these people's injuries, and then with red Lili on their car, quickly left here.

In the car, the first man took out the phone, "brother Li, I'm ah you. Where are you? I'll pick you up."

"Wang Fan, he went back to the hotel to have a rest after dinner. Don't worry. I'll send my brother to watch him. Once he wants to leave, I'll let you know as soon as possible."

An hour later, five cars stopped at the door of a remote hotel in the suburb. The door opened and a group of people came down.

Three of them were surrounded in the center, and the people around them were respectful and even scared.

They are all in their forties. They are ordinary in appearance and not big in physique, but they have a lot of momentum.

Their eyes were full of pride, as if they didn't look down on the ordinary people around them.

These three people are the three inborn strongmen who were sent, and the rest are the members of the dream chamber who cooperated with them.

Chapter 552

"Brother Li." When the crowd ran out of the car, ah you and his brothers came out from the door of the hotel to welcome them.

Wang fan dressed up as a younger brother followed ah you, but his eyes looked at the three people in the middle.

Looking at the three, he couldn't help narrowing his eyes.

Two in the early stage and one in the middle stage are really great.

This line-up is stronger than the two who killed him that night, and the six who finished the day after.

Wang Fan was shocked by the strength of the dream Pavilion and the identity of the dreamer.

Who is this in the end? How can we send so many experts? It's just to deal with Wang Fan.

"Well."

A burly man standing next to the three congenitally strong men, saw Ah you come out, eh, and strode to ah you, with a look of coldness and pride in his eyes.

"These three elders are the experts sent by the top. They came here specially to deal with Wang Fan. Where is Wang Fan now? "

Hearing this, ah you couldn't help looking at the three congenitally strong men, but they didn't look at him at all and didn't take him seriously.

Right heart is very angry, but dare not attack.

He looked at the burly man, that is, brother Li, and said respectfully, "they are hiding in another hotel one kilometer away. Now they may have fallen asleep."

"I've sent my brothers to keep an eye on them. Once they come out, or want to leave, I'll get the first message."

Ah you said, looking at brother Li, "brother Li, why don't you have a meal first, have a rest, and wait for the night before you act?"

Li elder brother did not speak, but looked at three congenital.

Although he's in front of ah you, he's still like a mole ant in front of three congenitally.

What's more, he came to cooperate with the three men. Has the final say what to do and when to act.

"Don't be so troublesome. Take us there now. Kill him earlier and go back to recover his life earlier, so as not to have a long night's dream."

The strong man in the middle of his life snorted and said.

The other two congenital early frowned at the surrounding environment, but also very uncomfortable issued a complaint.

"I said, how come I haven't heard from Wang Fan for such a long time? It turns out that he's really careful to hide in such a place where birds don't shit."

"Well, we've come all the way to clean him up. He's good. He's hiding in his room to have a rest. It's really annoying to hear that there are two women with him."

Those two congenitally didn't like Wang Fan either.

The first is that Wang Fan killed their two younger martial brothers. The second is that when they think that they are on their way, but Wang Fan sleeps with a woman in his arms, they are very unhappy.

"That's right. There are three of them. The good days of Wang will come to an end today, and he will never survive tonight."

Li elder brother listens to this words, while flattering, the side arrogantly looks to a right, "heard, now take the elder generation to go over, early killed that surname Wang, early return to reply a life."

"Good." Ah you nodded and quickly led the way.

Three congenitally, Li Ge and others followed closely.

As for Wang Fan and other young brothers of a you, because of their lower status, they are at the bottom.

Wang Fan looked at the back of the three congenital, grinning coldly.

Since they can't wait to kill themselves, don't blame themselves for starting first.

Wang Fan thought in his heart, and suddenly turned out two pistols in his hand, aiming at the three inborn, he launched a shot.

He won't tell these people about the rules of the river and the lake. If you fight head-on with one punch, you can kill the enemy.

What's more, it's not a skill to say that shooting is good. So many experts are allowed to besiege him,

but he is not allowed to use a gun. What's the reason?

Come on, come on, come on!

Wang Fan shot mercilessly and shot 12 bullets in an instant.

Among the twelve bullets, the one in the middle of congeniality was given more attention, and six of them were aimed at him. The other two were given three in the early days of their birth.

As for Li Ge and other ordinary people, Wang Fan did not pay attention to them for the time being. They did not threaten him very much.

The congenitally strong are very sensitive to the perception of danger, especially the congenitally middle-aged man.

Almost at the moment when Wang Fan shoots a bullet, he has already noticed something is wrong and suddenly pulls the Li elder brother beside him to block behind him.

Five bullets instantly penetrated brother Li's body and beat him into a sieve, blood gushing wildly. He didn't even grunt, so he went to hell.

Another bullet was shot into the shoulder, making a string of blood mist.

The other two were not so lucky in the early days of their birth. Although they also noticed something wrong at the first time, they reflected that they were half a beat slower.

After all, Wang Fan's strength is not vegetarian, and his shooting is not boastful. If ordinary people shoot bullets, they may be able to detect the murderous gas in advance and deal with it calmly. But in Wang Fan's place, it can't be.

Two bullets hit them in the back, slightly deflecting them, and then the last bullet hit them in the back of the head.

With a thump, they burst out of their heads and died.

In the early days of their birth, they didn't even see Wang Fan's face, let alone show their skills. They were shot in the head by Wang Fan. It can be said that they were very subdued.

"Son of a bitch, Wang fan is in the back!" The man recovered and trembled.

He looked at his bloody shoulders, at the two fallen children, indignant and furious to the extreme.

He never dreamed that he was put together by his own people and was given Yin by Wang Fan.

Anger, extreme anger!

At the same time, brother Li's subordinates have come back to their senses. They are shocked to see this scene and fall into a short silence.

Two congenital, so dead?

Is this the death of a powerful and invincible nature?

Aren't they invulnerable? They are afraid of bullets?

Their eyes were full of disbelief.

And ah you, as soon as the gunfire started, started running towards the side of the trees.

He knew that yuanmengge couldn't go back. If he didn't want to die, he had to flee immediately. The farther away he fled, the better.

"Sorry, the gun went off. Ah, ah, why did they fall down? Are they all right? "

Wang Fan innocent look at the anger to the extreme of congenital middle, while very guilty said, the action is not stop, toward him and crazy shot out more than ten.

The gunfire was loud and the bullets were flying.

The dense bullets form a big net in an instant, whistling towards the congenital middle stage, and the momentum is fierce.

"Son of a bitch, mean!" In the middle of congenitally, he was about to explode. He grabbed two young people and blocked all the bullets. Then he jumped up and rushed to Wang Fan.

"How can you do that? I said that the gun went off. How can you still curse? And where am I mean? You're mean. Your whole family is mean. "

Wang Fan seems to be very angry too. He yells out unhappily. The muzzle of the gun turns around and shoots at him.

In the middle of his life, he was almost angry. He had never seen such a shameless person as Wang Fan.

We're all ancient warriors and experts. Can't we fight with our fists and feet? What's the skill of shooting?

Choked a belly of gas rushed to Wang Fan's he, facing that crazy bullet, but had to dodge the edge temporarily, could not but dodge.

"Ah, I'm good at hiding. I'll let you hide. I'll let you hide. I'll let you hide." Wang Fan cried discontentedly, shooting nonstop.

At a certain moment, with a click, the bullet was empty, and the eyes of the congenial middle stage were as sharp as wolves.

"Son of a bitch, you shoot, shoot again, there are no bullets! Now it's my turn. I'll crush you! "

Boom!

With a roar, he shot at Wang fan like a cannonball, murderous!

Chapter 553

"Crush me?" Wang Fan grinned, threw the gun, and the whole person rushed towards the middle of the congenial.

His momentum soared at this moment.

Whoosh!

One punch, directly tearing the air, like a thunderbolt, roared to the middle of the congenial period. The momentum was wild and powerful.

"To die!"

Congenitally, I felt this scene in the middle of congenitally. With a cold smile, I didn't give in at all. My right fist was also raised and blasted out.

He didn't believe it. He couldn't even clean up a single Wang Fan.

With a bang, the two fists collided and made an explosive sound. Wang Fan was hit upside down and flew out.

His feet rubbed against the ground and hissed, leaving a deep mark on the ground.

In contrast, congenial metaphase is not much damage, just back two steps to stabilize the body, and then like a wolf rushed to Wang Fan.

In the previous impact, he had already found out the depth of Wang Fan, and was no longer afraid.

"Well done!"

Wang Fan twisted his neck and made a crackling sound. He didn't retreat, but also went crazy to meet

him again.

Congenitally mid opponent is not so easy to meet, now hard to meet, he will not miss the chance to temper himself.

The sound of roar resounded, and the two of them made dozens of moves in the blink of an eye.

The ground cracked, crushed stone and dust.

This inborn medium-term strength is obviously extraordinary, moves the big opening and closing, crazy fierce to the extreme.

Wang Fan in the other side that stormy bombardment, but also repeatedly retreat, into a short downwind.

However, from the beginning to the end, he did not choose to avoid, but used the most direct way to meet the attack of congenital middle stage.

Whoosh.

The two separate again, Wang Fan has no longer the previous elegant calm, with blood on his body, looks embarrassed.

The middle of the congenital period was not so good either. The corner of his mouth was stained with blood, his face was twisted, and a finger thick blood hole was poked out in his right rib.

Mi Mi blood outflow, unspeakable scarlet dazzling.

Wang Fan shakes his legs and arms crazily, while buffering the pain brought by the violent force, he is also grinning.

There was no fear in his eyes, no retreat, some, just hot.

Congenital mid face is twisted to the extreme, he did not expect, Wang fan should be so stubborn, to stop him from such a violent attack.

He was shocked and angry.

He's so high up in the middle of his life. Now he can't even win a single Wang Fan. Do you want this old face?

The members of the dream Pavilion around them were shocked, watching the scene, breathing heavily, and no one dared to make a sound or step forward.

They can't participate in this kind of fighting any more. They rush up rashly and just want to die.

Some of them still had guns in their hands, but they didn't dare pull the trigger at all.

They are not only afraid of being hurt by mistake, but also afraid that their actions will cause dissatisfaction and lead to death.

"Boy, I underestimated you. Go to hell." At a certain moment, congenitally, he sprang up again in the middle of his life, tearing the air in his right leg and sweeping towards Wang Fan.

The harsh sound burst irritated people's eardrum, and the members of the dream Pavilion couldn't help but close their eyes in horror.

It's horrible, it's perverse.

Where are legs? They're bombs!

"If you want me to die, you're almost there." Wang Fan narrowed his eyes into a line, licked his cracked red lips, and stepped on the ground with his right leg.

Click, click.

Under his crazy trample, the solid ground split like a spider web, and pieces of gravel splashed up.

Wang Fan, on the other hand, rushed out with the help of his own strength and blasted to the middle of his life like a shell.

At the moment when Wang Fan was about to be swept by his right leg in the middle of congenial period, his body turned suddenly to avoid the attack, and then with a palm knife in his backhand, he cut out hard.

In the middle of the congenial period, he grinned and didn't dodge at all. He took back his right leg in an instant. At the same time, his fist and backhand went to Wang Fan's chest.

It's a win-win game!

Boom!

A deafening sound, Wang Fan's palm knife hard split in the left shoulder.

The congenial metaphase immediately crazily grins.

His left shoulder was injured by gunshot before, although it had been suppressed, but now he was bombarded by Wang Fan, and he still felt the unspeakable pain.

In this stabbing pain involved, his backhand punch strength also reduced a lot, although it can not be called tickling on Wang Fan, it did not bring much damage to Wang Fan.

However, even so, Wang Fan puffed and spat out a mouthful of blood.

The red blood directly sprayed on the face and eyes of the middle of the congenital period.

Congenital metaphase face changes greatly!

Blood spray on the face is a small thing, but spray on the eyes, that is a big thing. If one fails, he will die. His eyes narrowed rapidly, and the whole person began to retreat.

In retreat at the same time, congenital vigorous gas crazy swept the whole body, protect the key everywhere.

Unfortunately, even so, it is still a step too late.

Wang Fan has been quickly close to his body, body side turn, right shoulder hard against his left shoulder.

A severe injury, congenital injury plus injury.

Wang Fan didn't give him a chance to breathe at all. When he hit his right shoulder, his left fist hit his chest like a shell.

Wang Fan's series of actions are almost completed during breathing, which is almost to the extreme and incredible. Even the congenital vigorous Qi in the middle of the congenital period has not been fully stimulated.

Click.

A deafening sound, congenital metaphase ribs were directly smashed, mouth spouted a long blood mist.

Wang Fan deflected his head to avoid the blood fog, and his right leg pointed out again.

Come on!

The Dantian of congenital metaphase suffers heavy damage directly, that originally pale face, change is dead gray rise.

Wang fan is not a saint, and he will not miss the opportunity to beat the dogs in pain. He takes advantage of the situation and blows out like beans.

Boom boom!

In this kind of storm like bombardment, congenitally in the middle was soon hit, heavy internal and external injuries, dead dogs generally fell to the ground, no longer a battle.

Wang Fan grinned and stepped on the face of the middle congenital period, disdaining to hum, "the middle congenital period is just like this."

Hearing this, I almost vomited blood.

If it wasn't for Wang Fan's despicable shooting, despicable bombardment, shoulder injury and despicable vomiting, how could he have come to such a state?

Humiliation!

Endless humiliation!

Unfortunately, no matter how humiliating he is, it is meaningless.

He is a useless man now, and there is no way to fight back.

The heart of congenital metaphase is very oppressive.

The three of them came to kill Wang Fan with full confidence, but as a result, they were directly shot in the head, and he was trampled into a dog.

"Wang Fan, don't be complacent. If you offend us, you will die sooner or later." In the middle of congenital period, there was a base of strength. With a roar, he directly cut off his meridians and chose to die.

"Ah, he killed the master, shoot, shoot." Those members of the dream Pavilion finally came back to their senses, roared and pulled the trigger crazily.

Wang Fan's face changed, and he ran away in an instant.

Although he is a master, but more bullets, still will be afraid of it.

Come on, come on.

The gunfire was loud. In the blink of an eye, Wang Fan's previous position had been riddled.

As for the middle congenital period, he was beaten into a sieve, most of his head was blown off, and there was no real corpse.

Chapter 554

Jinzhou.

The dreamer stands in front of the huge French window and looks at the traffic outside. His eyes are always as calm as water.

He has sent three congenitally to kill Wang Fan. He believes that this time, Wang Fan will not be able to fly.

Let alone the injured Wang Fan, even if Wang fan is not injured, in the face of three congenital, it is estimated that there is no chance of winning.

Ding.

Just as the dreamer was thinking about whether Wang Fan had been killed, his mobile phone suddenly rang.

He stares at the mobile phone, and his eyes, which are always like a deep pool, suddenly condense.

He received a video, a video he couldn't believe.

This video is exactly the scene of Wang Fan shooting and killing two congenital early and shooting and killing congenital middle.

If Wang Fan knew this video, his scalp would be numb.

It's not unusual for him to be recorded when he killed the middle congenitally. But when he killed the two early congenitally, he was in the last side of the team, so it's impossible to be recorded!

Who on earth is this? How can he hide behind him without finding out?

The dreamer's face suddenly changed when he saw the video.

He no longer calm before, immediately went back to the table, pressed the button, said, "immediately inform Youming, cancel the plan."

"From now on, all members of Yuanmeng Pavilion will turn into zero, leave Yuanmeng Pavilion and wait for instructions."

"Yes." A voice came, and my men were very busy.

Dream of the heart is still some uneasy.

He slammed his fist on the table, the solid wood table was torn apart, and his mouth was gnashing his teeth, "Wang Fan!"

He didn't expect that Wang Fan was so difficult. He sent out a strong team twice, but failed to kill Wang Fan. On the contrary, he lost five congenital talents.

This loss, his heart has some blood ah, even not very easy to account for.

At the same time, he was also lucky that he didn't do it himself, otherwise, he might have died in Wang Fan's hands now.

He thought that even if he was not Wang Fan's opponent, it was difficult for Wang Fan to want his life.

But now he knows that he is far from Wang Fan's opponent.

Congenital metaphase is killed easily by Wang Fan, what does he calculate again?

When the dreamer was a little crazy, news came from his subordinates, and Youming couldn't get in touch for the time being.

Listening to the news, the dreamer left here quickly without any hesitation.

Kyoto University, Beijing.

The sun is shining, birds are singing and flowers are fragrant.

Next to an elegant water lake, there is a woman in white.

The woman looks young, just in her mid-20s. Her face is delicate, her eyes are bright, and her body is full of ethereal atmosphere.

From a distance, it looks like a fairy without dust. It is beautiful but can't be found.

On this cold day, she was still sitting by the lake in her skirt. She had to say that it was very refreshing, but on her face, she could not see the slightest cold.

The woman in white is holding a book in her hand. The book is full of ancient fonts. Besides the ancient fonts, there are some pictures in the book.

If anyone knows the goods, he will find that it is a secret book of ancient martial arts.

However, the heart of the woman in white seems not to be in the book. From time to time, she will look at the lake in a daze with painful eyes, just like those lovelorn women

but can fairies also be lovelorn?

I'm afraid only the woman in white knows it.

Around, some students look at women, eyes from time to time show obsession, but dare not close. Some students are taking pictures secretly, as if they want to record this beautiful scene.

Dada dada.

A clear voice broke the calm. A man in a silver robe and a silver mask suddenly appeared here.

The sudden appearance of the masked man immediately attracted the attention of all the students. The students couldn't help looking at the masked man, and some people took pictures with a click.

When they look at the masked man and the woman in white, they feel like they have gone through the ancient times.

The masked man didn't pay attention to the students. He always looked at the woman in white and never left.

The pace is not slow, toward the woman in white.

The woman in white kept staring at the lake without looking up until the masked man stood two meters in front of her. Then she put away her books and looked at each other coldly.

What kind of eyes are they? How can they be so cold?

Her eyes are like a cold pool, without any temperature, even the words are cold.

"To me? What's up?" She stares at the masked man and just spits out four words. It seems that one more word is blasphemy to her.

"Song Rumei? Please come with me. I don't want to do it." The mask man looked up at the woman in white and said slowly. "Go away!" Song Rumei spits out a word, then ignores the mask man and looks at the lake again.

"Then I have to offend."

The mask man sighed, and his figure suddenly flashed to song Rumei. At the same time, his dry right hand quickly out, card to song Rumei white greasy throat.

However, his right hand has not yet stuck to song Rumei's throat, so his face suddenly changed.

With a crackling sound, song Rumei's white palms first hit his face. He was directly fanned out, with several teeth spurting out, and fell straight on the stone stool not far away.

Under the strong force, the stone stool was overburdened and cracked, and the masked man fell to the ground again and again.

The masked man suddenly became frightened.

How can song Rumei be so powerful?

Is this song Rumei, the former general manager of Yindi group?

Just a few days?

"I'll say it one last time, get out of here!"

Song Rumei looked coldly at the masked man, "I'm not interested in meeting your cabinet leader. Don't pester me again. If you dare to do it again, this big lake will become your bathing place. "

Song Rumei finished slowly, put away the books, got up and left slowly.

The mask man's face changed violently. With a clench of his fists, he suddenly turned over again and rushed madly towards song Rumei.

He doesn't believe that song Rumei, who was weak a few months ago, will become so powerful in just a few months. He is more inclined to belittle the enemy.

This time, the mask man didn't leave any hands, and there was no doubt that the congenital strong breath bloomed.

Looking at this scene, the students around can't help but stare in horror, and their breathing becomes heavy.

Everyone can feel the power and fury of the masked man. Can song fairy really bear the blow?

They all closed their eyes and couldn't bear to look again.

No one wants to see the masked man destroying flowers.

"To die!" Seeing the mask man coming, song Rumei finally became impatient, and the cold eyes also twinkled with cold.

She suddenly stepped back, her right leg flashed out like lightning, tearing the air with extreme speed, and directly swept the masked man.

With a bang, the masked man was swept away with blood directly from his mouth. His ribs were snapped and fractured, and at the same time, he fell to the surface of the lake.

With a crash, the lake splashed with huge water, and the masked man's face was like ashes.

"Get out of here now. If you dare to pester me again, I'll kill you next time." Song Rumei looked at the mask man in disgust, coldly dropped a word, a few flashes disappeared without a trace.

Chapter 555

Wang Fan didn't know what happened in the capital. After abandoning the members of Yuanmeng Pavilion, he took honglili back to Jinzhou.

He didn't plan to kill yuanmengge directly, but planned to let heiluocha investigate the information of yuanmengge first, and then kill it.

But to Wang Fan's dismay, heiluocha was turned off.

He hit a Biao again and turned it off.

Next, Wang Fan called Chu Wei, Xu Ruyun, Huang Tingting, Dai Yuying and a Xuan.

But without exception, all of them are turned off.

Wang Fan's heart thumped for a while, and suddenly he had a bad premonition.

Did all these people die? Has Yuanmeng Pavilion already dealt with them?

Wang Fan's heart emerged a strong intention to kill.

If these people have something to do, he will not only kill the dreamers, he will surely wipe out the whole dream Pavilion.

Wang Fan with fear and anger, and dial the screen thousand heart phone, this time, even through.

"Hello, who are you?" When the phone was connected, a haggard voice came soon.

Wang Fan listened to the voice, immediately feel a lot more relaxed.

Fortunately, muqianxin is OK. He's really afraid that all the people related to him can't be contacted.

"I'm wang fan." Wang Fanfei said quickly, "Qian Xin, you haven't met any danger there, have you? By the way, how about heiluocha? Why can't I contact them? "

"Wang Fan?" The curtain thousand heart is a Leng at first, then excited, "it's really you, you're OK, it's really good."

Because Wang Fan lost her mobile phone when fighting that night and now changed her number, she didn't know it was Wang Fan at first.

"The night of your accident, they hid in heiluocha. As for where they hid, I really don't know."

"Curtain thousand heart quickly said," but you don't worry, they will be OK. If they have something to do, the enemy will certainly release information at the first time and force you to appear. "

"So far, no one has released a message, which means they are still safe."

The curtain thousand heart is very rational, help Wang Fan analysis.

Wang Fan listened to this, immediately relieved.

Yes, it's chaotic to care about yourself.

"Wait for me at home. I'll be back in another half an hour. See you later." After Wang Fan finished, he hung up directly.

Then, he called Lin Ruoxue.

Lin Ruoxue is also very excited when she receives a call from Wang Fan. Even if she leaves the company, she rushes directly to Wang Fan's villa.

She also told Wang fan that if she could contact heiluocha and others, she would inform them.

More than half an hour later, Wang Fan with red Lili back to the villa.

The curtain thousand heart forest if snow all happy to welcome up.

The second daughter was obviously concerned about Wang Fan, her eyes were red, and she had obviously cried. Combined with their eyes and haggard faces, it's obvious that they haven't slept well these days.

Wang Fan looked at the scene and was very moved.

He gave two girls a hug, and then pointed to red Lili to introduce, "she is red, she is Lili, this time thanks to them to save me, otherwise, I'm afraid I really can't come back."

"Thank you, thank you." Curtain thousand heart quickly thanks.

Lin Ruoxue is more direct, "thank you, if you lose your job, you can go to my company to work, I give you the position of manager."

She has recognized honglili as the two waiters. The second daughter saved Wang Fan and has been missing for such a long time. Her work must be gone. She doesn't mind giving the second daughter a platform.

"Thank you, Mr. Lin."

"Thank you, Mr. Lin."

Red Lili hear Lin Ruoxue's words, all appear very excited, happy said.

They naturally know Lin Ruoxue's great reputation. Yuanbei pharmaceutical is not an ordinary person. If you want to be a manager, you can't think about it without one or two years of training.

Now Lin Ruoxue gives them such a good platform, how can they not be excited?

In the evening, heiluocha and others got the news and rushed back to Jinzhou.

But to Wang Fan's dismay, the dream Pavilion disappeared in one day, and even the dreamers disappeared without a trace.

It only took a few days for this giant to dominate Jinzhou City. It seems that it has never appeared before. It is rising and disappearing quickly, and it is gone in an instant.

"Run away?" To this, Wang fan is very angry, some indignant.

He didn't expect that the dreamer was so decisive that he finished the evacuation in one day, and the base camp of dream pavilion was empty.

I have to say that this courage is really impressive.

You know, the assets of dream Pavilion, at least more than one billion, are not needed. How painful it is.

Wang Fan also has a better understanding of this dreamer. He is a strong opponent and can bend and stretch. He knew that it must be the news that he had killed three inborn people that made the dream come true and the dreamer ran away in time.

"Yes, the dream pavilion has disappeared, and there is no sign of the dream people." Hei Luochoa nodded, "this dreamer is very mysterious. Up to now, I haven't found out his identity, or even his photo."

"All I know is that he wears a fox face mask all the year round. As for the rest, I don't know anything about it."

"Even if he runs, he is lucky this time. Next time, he may not be so lucky." Wang Fan helplessly nodded,

can comfort oneself like this, "this time wronged you."

"It's OK. We won't be aggrieved, as long as Wang Shao comes back safely." Black Luo Cha said, then want to say again stop.

"If you have anything to say, what else can you tell me?" Wang Fan looked at the black Luo Cha and couldn't help frowning.

"I saw a few photos and a video on the Internet. The photos and the people on the video are very similar to Song Rumei, but I'm not sure. I don't know if I should show them to you."

Black Luo Cha clenched teeth, said.

"Song Rumei?" Wang Fan listen to these three words, the original calm thoughts suddenly surging up, eyes flashing out of the fine awn, but soon dim down.

He tried to control his emotions and voice. "I'll see where the photos and videos are."

Song Rumei is a knot in Wang Fan's heart. Even if Song Rumei goes away, Wang Fan still can't hate her.

After Song Rumei left, Wang Fan had no news of her. Of course, Wang Fan didn't go out of his way to find out.

But now, inadvertently learned that Song Rumei's news, Wang Fan is unable to continue to maintain calm.

At this time, he suddenly realized that, I don't know when, Song Rumei in his heart, has occupied a very important position, whether he is willing to admit it or not.

Hei Luo Cha doesn't talk nonsense. He takes out photos and videos on his mobile phone and hands them to Wang Fan.

Wang Fan just took a look and confirmed that the woman in white on the video was indeed Song Rumei.

But when he saw the video, he was still shocked.

When did Song Rumei become so strong?

Although the video is only a short ten seconds, Wang Fan can still see that the mask man's strength has reached the congenital level.

But Song Rumei was able to make a move. Wang Fan almost doubted whether he had an illusion or whether the video was synthesized.

But soon he denied that it was not an illusion or a synthesis. Song Rumei really became stronger.

What did she go through?

At this time, a message came from heiluocha's mobile phone and found ningyao's trace.

Chapter 556

According to information from spies, Ning Yao appeared in Jiangcheng and opened a clothing store, but her business was not very good.

Although the shark and Wolf Gang were destroyed, Ning Yao should not be in any danger for the time being. But Wang Fan still feels guilty for Ning Yao. He plans to go to Jiangcheng to see if he can do something to make up for Ning Yao.

Of course, before Wang Fan goes to Jiangcheng, he has to find a way to send muqianxin away, otherwise, he can't leave at ease.

Muqianxin pokes out the evidence that Li Lishan deals in drugs. It can be said that Bai Xiaoren has offended him. It is strange that Bai Xiaoren will let muqianxin go.

According to the news from heiluocha, Bai Xiaoren has spread his net all over the place in search of muqianxin, not to mention the railway station, airport, wharf and other important places. Even Jinzhou City is full of Bai Xiaoren spies.

As long as the curtain thousand heart dare to appear, White Owl benevolence will definitely be the first time to detect.

Wang Fan learned of the news, secretly congratulated himself, thanks to the White Owl benevolence did not check his villa, otherwise the curtain thousand heart already exposed.

If during the period of Wang Fan's escape, Muqian's heart was exposed, the consequences would be unimaginable.

At the moment when Wang fan is trying to figure out how to leave safely, Dai Shuangshuang calls to invite Wang Fan to dinner.

Beauty meet, Wang Fan will not refuse, without hesitation, agreed to come down.

Xiaofei yang, a famous grassland restaurant in Jinzhou City, has absolutely authentic mutton without any adulteration.

When Wang FanFeng arrived, Dai Shuangshuang had already been waiting at the door.

"Wang Shao." See Wang Fan appear, Dai Shuangshuang pretty face showed a kind smile, set off a burst

of fragrance to welcome up.

The woman is wearing a big black sweater outside. The sweater is open. Inside, she is wearing a black snow sweater. Under it are black leggings.

It still looks so charming, so mature, so full of femininity.

"Frost, long time no see, you are still so beautiful. A day without you is like three autumn. I miss you so much. " Wang Fan showed a smile on his face and gave a big hug to the woman.

Wang Fan felt the unique fragrance of the woman and the mature breath of the woman. His mood was inexplicably relaxed.

"Wang Shao, you're joking again. If you really miss me, you won't stay away from me for such a long time. Just talk about it."

Dai Shuangshuang listens to Wang Fan's words, and he looks at Wang Fan angrily, "also, you have so many beauties, where can you have time to talk to me. If I hadn't asked you out tonight, I'm afraid you wouldn't have remembered me, would you? "

"How can it be, frost? You really wronged me." Wang Fan beat his chest and yelled, "you don't know. I wanted to ask you out a few days ago."

"I just met a group of Desperado and almost killed me, so I didn't ask you. You don't know. I've been hiding in the provincial capital for eight days, and I didn't dare to come back until today. "

"No, as soon as I came back, I was going to call you and ask you to come out for a party. Unexpectedly, you called me first. I have to say that we really have an idea."

Wang Fan expression in place, half true half false said.

"You're being hunted? Eight days of hiding? "

Dai Shuangshuang spat at Wang Fan directly, "do you think I will believe this? You are the only one in the world who can chase and kill others. Who dares to chase and kill you? "

Wang Fan was speechless. "What I said is true. The dream Pavilion chased me and sent out more than ten experts. I have injuries now."

Wang Fan said, directly lifted the coat, exposed the wound.

Those wounds were left after the match with the congenitally middle aged player, and they have not been healed yet.

"Dream come true pavilion?" Dai Shuangshuang's face couldn't help changing for a moment. He was shocked, "how can you offend them?"

"Why, do you know this power?" Wang Fan's eyes immediately narrowed up, from Dai Shuangshuang's expression, he realized that the dream Pavilion is not simple.

"What kind of power is this, and who is the dreamer?" Wang Fan couldn't help asking.

Dai Shuangshuang took a look around and said in a low voice, "I don't know. I just know that the dream Pavilion is not simple. Even the eight families have to be afraid of it."

"Wang Fan, if you have nothing to do, you'd better not provoke them. Otherwise, there will be endless trouble." Dai Shuangshuang's face was dignified.

Now she believed that Wang Fan had been hunted down and hid for several days.

Yuanmeng Pavilion really has this strength.

Two people said, has come to the private room, the huge private room only Wang Fan and Dai Shuangshuang two people, very emotional.

After the waiters quit, Dai Shuangshuang continued, "it is said that Yuanmeng Pavilion is a force jointly formed by some guwu families. Their purpose is to make money for the guwu family."

"Under normal circumstances, Yuanmeng Pavilion will not directly participate in secular disputes. Only in special circumstances will they appear in a high profile."

"Therefore, although the dream Pavilion is very powerful, most people do not know their existence at all. Wang Fan, I know you are powerful, but I still hope you don't conflict with Yuanmeng Pavilion.

""Those guwu families are very powerful, and there are many experts in them. You can't beat them."

Dai Shuangshuang's face was dignified and his expression was full of sincerity.

Wang fan is more depressed, "I didn't provoke them, but they want to kill me. Well, I'll listen to you. When I see them later, I'll go as far as I can

Wang Fan knew that Dai Shuangshuang's understanding of Yuanmeng pavilion was also very limited, and he didn't want women to worry about it, so he quickly changed the topic, "by the way, how did you suddenly think of inviting me to dinner? Did you miss me or have something to do?"

"It's nothing." Dai Shuangshuang blushed, "I just want to go back to Beijing tomorrow, so I want to ask you out to get together."

"Back to Beijing tomorrow?" Wang Fan's eyes brightened for a while, and soon returned to normal,

"then I wish you a pleasant journey in advance. By the way, how about Kong shaomeng and them? Will they go back with you? "

Wang fan knows that Dai Shuangshuang, Kong Wucheng, Meng Bowen and others, who are rich and poor in the capital, have something to do with coming to Jinzhou. Now most of the things are finished, so I plan to leave.

After all, all of them are very busy, where they have time to wander.

It's just that Wang fan is not an obnoxious person, so he didn't ask the other party what he was dealing with, let alone whether he needed help. Because if they need to, they will take the initiative to speak.

"Yes, let's go back together. Kong Shao wanted to get together with you, but he didn't come because he knew I had an appointment with you. He asked me to say hello to you. "

Dai Shuangshuang blushed again and said.

"Kong Shao really has a heart. Go back and tell him to invite him to dinner when I have time in the capital." Wang Fan soon figured out something and said with a smile.

"Well, I'll tell him." Dai Shuangshuang nodded.

While they were talking, a waiter came in pushing a dining car with dishes and meat on it.

Dai Shuangshuang turned his back to the waiter and didn't notice anything, but Wang Fan felt that something was wrong.

He saw Dai Shuangshuang's eyes from the waiter, and felt a sense of obliteration. Most importantly, Wang Fan also smelled the smell of gunpowder.

"No, killer!" Wang Fan just flashed this idea in his mind, the waiter's hand under the table was lifted up, and the black muzzle of the gun pointed to Dai Shuangshuang.

Chapter 557

"Be careful, there's a killer." Wang Fan roared, and the whole person jumped up in an instant and rushed to Dai Shuangshuang, who had no idea.

Dai Shuangshuang didn't understand what happened, so he was already knocked down by Wang Fan, and the two rolled on the ground.

Come on!

At the same time, there was a rush to the ground and the sound of gunfire was loud. The sharp bullet went through Dai Shuangshuang's previous position, directly through the opposite window and flew out.

The glass broke and the dregs flew about.

The assassin thought that Dai Shuangshuang was enough to solve the problem with one shot, but he didn't expect that Wang Fan would be killed on the way.

Without hesitation, he directly turned the muzzle of the gun and fired two shots again. At the same time, the whole person approached Wang Fan.

That calm demeanor shows his quality, which is astonishing.

Wang Fan ah, holding Dai Shuangshuang rolling, dodged two shots, and then his right foot hook, a chair crazy toward the killer.

The killer's face changed slightly. He waved his left hand and hit the chair with a click. Then he aimed at Wang Fan again.

"NIMA, oh, it's not over." At this time, Wang Fan has stood up, he did not give the killer the chance to shoot, but directly lifted the hot bottom of the pot on the table, toward the killer.

The bottom of the pot is not terrible. What's terrible is the juice.

The killer's face finally changed. He wanted to escape, but it was too late.

Even if he knocked the bottom of the pot on the ground with one shot, the scalding juice still spilled on his face.

That hot, that hot, Rao is his iron man, can't help but grin and scream.

His heart is very sad and indignant, obviously did not think that he managed to avoid Dai Shuangshuang outside the placement of hands, but finally defeated in Dai Shuangshuang appointment of small white face hands.

Wang Fan won't miss the chance to beat the water dog when he gets a good move. He suddenly grabs a chair and rushes to the killer's side, then smashes it down impolitely.

Boom, boom, a series of sounds, the killer was hit repeatedly spit blood, directly fell to the ground, ribs broken several, don't say, the gun also don't know where was hit.

"NIMA, do you know I'm dating?"

"NIMA, is it going to be easy for me to make an appointment? I can open a room after dinner. Hi, Pipi. You'll come out to dry birds."

"NIMA, dare to destroy Lao Tzu's two person world, dare to disturb Lao Tzu's elegance, and see if I don't kill you!"

Wang Fan looks very angry, scolding while smashing, smashing is very energetic.

The solid wood chair has been smashed into several parts. Just look at the chair, you can imagine how miserable the killer is.

Dai Shuangshuang, who had escaped the disaster, looked at the scene, blushing and afraid.

She blushed that what Wang Fan said was too shameless. Who wants to open a room with Wang Fan.

What she was afraid of was that, fortunately, Wang Fan was here today, otherwise, she would be more or less unlucky.

Boom!

Wang Fan finally came up on the killer's head and threw away the broken chair. Then he asked,

"come on, who sent you? If you can't say one or two or three, you're finished."

The killer looked at Wang Fan angrily, spit out a mouthful of blood foam, gritted his teeth and choked out two words, "NIMA!"

"Oh, I have a lot of guts. I like you the most."

Wang Fan looked at the killer and cried happily. He quickly ran back to the table, picked up the chili powder and ran to the killer, excitedly said,

"I read the news a few days ago that spreading chili powder on the wound can contain the injury. Pepper powder in the eyes is more conducive to the recovery of vision. I don't know whether it's true or false. Let's take you to test it today. "

With that, Wang Fan poured out chili powder directly and sprinkled it on the killer's wound.

Ah, the killer couldn't help screaming, his eyes full of indignation. He breathed out, gritted his teeth and said, "if you have the guts, just give me a good time. What's the ability to play such a mean game?"

"What?" Wang Fan curled his mouth, poured some chili powder on his fingers, and then poked the killer's eyes impolitely, "mean? I'm so mean. How can you bite me? "

"Ah

The killer screamed bitterly and was going to be crazy.

Over there, Dai Shuangshuang is speechless about this scene. The killer kills people. What a tense and serious thing it is. It's like watching a comedy when Wang Fan stirs up.

She rubbed the previous Wang Fan knead some pain of the hip, and straightened the clothes, slowly came to Wang Fan.

"You don't have to torture him. I know who he is. I'll let someone take him away." Dai Shuangshuang said and dialed the phone directly.

Just very soon, her face changed, she put in the outside of those people's phone, unexpectedly no one can dial. What surprised her most was that in just a few seconds, her cell phone had no signal.

Outside the box. Almost at the moment when the gunfire came out of the box, Dai Shuangshuang's bodyguard had already stood up, and they rushed to Dai Shuangshuang's box for the first time.

However, when they run to the box and plan to save the Lord, five men dressed as customers suddenly come out and jump on them with sharp action.

These five people's standard is very high, the skill is extraordinary, only a few flashes, then rushed to those guards, launched a fierce fight.

Although Dai Shuangshuang's bodyguards are good, they are still one grade worse than these five people.

In less than a minute, all the guards had been overturned and directly fell to the ground.

After killing the guard, without any hesitation, the five ran directly to Dai shuangshuangshuang's box.

They were just on the outside and didn't plan to show up at all.

But the three guns in the box and the chaotic movement made them feel something was wrong.

In addition, Dai Shuangshuang's guards rushed up when they heard the news, but their killer companions didn't show up. They intuitively felt that something had happened, so they had no choice but to do it.

The goal of the five is very clear, that is Dai Shuangshuang's box.

They need to get rid of Dai Shuangshuang in the shortest time, and then evacuate quickly.

In the box.

Dai Shuangshuang's face became ugly. "No, he has friends. Let's go."

"Accomplice?" Wang Fan opened his mouth wide and his face became ugly immediately.

The killer is forced to bear the wound and eye pain, showing a venomous smile, "you can't go, tonight, you all die!"

"All dying? Then I'll kill you first!" Wang Fan grins, grabs half of the broken wood and plunges it into the killer's heart.

Hiss.

Killer eyes stare boss, obviously did not expect, Wang Fan even said to kill him.

The red blood came out and dyed the ground red. His eyes were dim and his life was dying out.

Wang Fan killed the killer, and then quickly pulled Dai Shuangshuang to the window. He opened the window and was about to jump when he was dumbfounded.

Nima, fifth floor.

If Wang fan can still jump in his heyday, but he has just had a big battle with congenitally in the mid-term, and he still needs to take Dai Shuangshuang, then he will die if he jumps down.

He quickly pulled Dai Shuangshuang to hide behind the curtain, but he was going to fall on the ground and pretend to be dead.

But he just hid Dai Shuangshuang and ran back to the table. Before he had time to pretend to be dead, the box door was kicked open and five men stormed in.

Chapter 558

All of them were left-handed knives and right-handed guns. Their eyes were sharp and their killing opportunities were blooming. They looked very powerful and fierce.

Wang Fan looked at the five people and fell to the ground with a cry, "brother, brother, don't kill me. I'm a good man."

"The woman jumped out of the window and ran to the fourth floor. Hurry up and catch up. You can't catch up later."

While Wang Fan was talking, he rubbed his left hand against the ground and dirtied his face, while his right hand quickly picked up the gun that the killer had dropped to the ground.

He had a bad look on his face and a bad cry in his heart.

He knew two of the five intruders.

That's the two unfortunate men who chased muqianxin that night and were saved and drunk by him.

However, at this time, the two unlucky men were standing on both sides, obviously not the leader of the five.

Five people looking at Wang Fan, obviously Leng for a while, hear Wang Fan words, can't help but Leng for a while.

Obviously, they didn't expect that Dai Shuangshuang's appointment with Xiao Bai Lian, who was so soft, betrayed Dai Shuangshuang without hesitation and fell to the ground in fright.

However, the five people are obviously not ordinary people and will not be fooled by Wang Fan in a few words.

The man in the middle gave Wang Fan a cold look and gave the order directly, "you two, go after, you two, search for me."

With his instructions, the four moved quickly.

The man in the middle walks up to the killer. He takes a look at the killer who can't die any more. There is a cold light in his eyes and points his gun at Wang Fan directly.

"what's the relationship between you and that woman? What did he ask you to do here? If you have no value, you can die. "

His eyes are very cold, his voice is very cold, everyone can feel that this is a murderer.

However, Wang Fan's attention is not on him, but on the two men who searched the box.

Looking at the two men approaching the curtain, Wang Fan quickly said, "I have value, I have value, don't kill me, don't kill me."

"Dai Shuangshuang is my cousin. She has a close relationship. She said that she would go back to the capital tomorrow, so she invited me to dinner today."

"Brother, you can't kill me. Kill me. If my cousin really runs away, you won't be able to catch her."

"You might as well kidnap me, take me as a hostage and force my cousin out. I believe that if she knew I was kidnapped, she would save me. "

Wang Fan said quickly, a pair of afraid of death.

When he was talking, he glanced at the three people in the box and calculated the distance between him and them.

Unfortunately, without the opportunity, Wang Fan weighed it over and over again, and finally held back.

Although two people jumped out of the window to chase Dai Shuangshuang, there were only three people left in the box, which greatly reduced the threat.

The other two also because of Wang Fan's shouting, did not continue to search the curtain there, but, they still have a threat to Wang Fan.

According to Wang Fan's intuition for many years, these three people are the best among the experts, especially the leader.

It's not difficult for Wang Fan to kill two people in an instant, but it's difficult to kill three people.

And once he shoots and kills two of them, the other will shoot at him in the first place. In that case, he would be very dangerous, and frost would be even more dangerous.

"Your cousin? Kidnapping your cousin? It's interesting. " The first man listened to Wang Fan's words and laughed, "you are really a soft bone."

"I've come up with this way to deal with your cousin. If your cousin knows, she will vomit blood."

He despised Wang Fan's behavior, and he always despised Wang Fan's soft bone.

But I have to say that there is some truth in Wang Fan's words. Whether kidnapping Wang fan can force Dai Shuangshuang to appear or not, this is always a way.

If Dai Shuangshuang appears, he can take the opportunity to take Dai Shuangshuang. If Dai Shuangshuang doesn't appear, he won't have any loss. He will kill Wang Fan directly.

"Thank you. Thank you." Wang Fan didn't seem to recognize the man's sarcasm at all, and said quickly,

"I'm going to die, where can I manage so much. These days, to live is the only way to be king. If you die, you will never die. Don't kill me. "

The first man sneered, "now don't kill you can, but I want to tell you, if you dare to play tricks, dare to cheat us, or your cousin doesn't appear, you think about the consequences, I will let you live rather than die."

"Brother, don't worry. She will show up. She will show up." Wang Fan nodded and promised.

The first man is going to continue to say something, suddenly frowned, and then looked at the two

subordinates, "that woman really ran away, you take him, we withdraw first."

"Yes." Two men should be a, fast Dynasty Wang Fan ran past. They also put away the knife and gun in their hands, and the look at Wang Fan was disdainful. This kind of soft bone, they simply despise, more did not put in the eye.

"Brother, you should be gentle. I'm afraid of pain. Also, are you underworld? Which Gang? Can I join you

"You don't know, I've long wanted to be a bad man, left hand knife, right hand gun, what an ox fork."

"It's just that there's never been a chance or a guide. Elder brother, do you still accept people? Why don't you accept me? "

Wang Fan looked at the two men, eyes jump, half afraid half excited said.

What he is afraid of is that he seems to be deeply afraid that these two people do not know how to "cherish fragrance and jade" and hurt himself. Excited is, finally met the "guide".

"Black sister, be honest." The two men almost vomited blood, and they met Huobao. One of them grunted, bent down and pulled to Wang Fan's arm.

However, he bent down and pulled his head to Wang Fan's arm, his pupils suddenly contracted and his face changed.

He saw the gun in Wang Fan's hand.

The black muzzle of the gun was pointing at him.

"No!" The man's face changed and he was about to escape. But Wang Fan grinned and pulled the trigger.

Come on!

A sound, sharp bullets directly into the man's heart, red blood like flowers in general bloom, the man fell to the ground in confusion, dead.

Wang Fan points to kill a person, the muzzle of the gun turns instantly, and points to the other man.

The man had despised Wang Fan, but he didn't think Wang Fan would attack him suddenly, and he still had a gun in his hand.

He moved wildly sideways, only two steps away, and the sharp bullet burst into his forehead.

The blood burst out and died.

"Kidnap me? You deserve it, too?" Wang Fan changed his previous weakness, snorted with disdain, rolled on the spot, and directly pulled up the man beside him to block in front.

Come on, come on.

Almost as soon as he stopped the man's body in front of him, sharp bullets came, and there were four in a row.

The man's body was immediately beaten into a sieve, and clusters of blood spattered on his body like red roses.

The head of the man's face finally changed, he did not expect, things should reverse, more did not expect, Wang Fan reaction will be so fast.

Where is this soft bone?

This is definitely a person with better quality than him!

Chapter 559

With a click, the first man screamed that it was bad. At this time, Wang Fan had already thrown the corpse, and rushed over like a rainbow.

"Ha ha, there are no bullets left. I've been pretending to be my grandson for so long, and I can finally be proud." Wang Fan laughs, grabs the butt of the gun and smashes it on the head of the head man.

It's not that Wang fan doesn't want to shoot his head. In fact, there are no bullets in his gun.

The first man saw that Wang Fan rushed in and looked at the butt of the gun. His face changed slightly. However, his reaction was not slow. His left arm was raised horizontally to block the butt of the gun, and his right hand hit Wang Fan's chin with a hook.

Powerful and murderous.

With a bang, the butt of the gun hit the man's arm, and the corner of his mouth could not help grinning. However, the attack was not affected at all, and he still attacked Wang fan like a rainbow.

As soon as Wang Fan's face changed, he quickly dodged.

At this time, the man's knee has been raised, hard against Wang Fan's abdomen.

Wang Fan, with pain, retreated, but when he retreated, he lifted his right leg and hit the man hard.

The man stepped back, and only after five or six steps did he stabilize himself. At the same time, he spat

out a mouthful of blood.

He looked at Wang Fan, his eyes full of shock.

Obviously, Wang Fan's strength greatly exceeded his expectation.

Wang Fan covers his abdomen and bares his teeth.

This man's strength is very unusual. He almost capsized in the sewer.

He has some secret hatred. If it wasn't for the damned yuanmengge's pursuit, or the damned congenitally middle stage, would he be so passive?

It's just that it's useless to say anything now. At least for Wang Fan now, this man is indeed a strong opponent.

"Who are you sure you want to wade in this muddy water? I tell you, there are many people in the world that you can't afford. You'd better not make trouble for yourself. "

The first man spat out a mouthful of blood foam, staring at Wang Fan and said coldly, "if I guess correctly, Dai Shuangshuang should still be hiding here, right? What a cunning boy! He almost cheated me. "

He said, looking behind the curtain. Obviously, he had found Dai Shuangshuang hiding behind.

Wang Fan screams that it's not good. If the man gives a hand to Dai Shuangshuang, he will be passive again.

You know, when she was wearing frost, Wang Fan was afraid that she would be exposed and closed her movements and voice directly.

In other words, Dai Shuangshuang is only conscious and knows what happened, but he can't move or speak.

The first man is not simple, just from Wang Fan's instant expression, he found the problem. Without hesitation, he ran behind the curtain.

"To die!" Wang Fan looked at the scene, his face changed greatly. He suddenly grabbed two plates and smashed them into the man. At the same time, the whole man rushed over.

The man didn't look at the plate. The body shape of the man who rushed forward was only slightly on one side, so he avoided the key parts. The plate hit him on the back, made a clanging sound, and then fell to the ground.

The man is the speed does not reduce, rushes to the curtain behind Dai Shuang.

His goal is to wear frost, as long as wear frost died, even if the task is completed. At that time, whether it's killing Wang fan or leaving, the choice will be in his hands.

Wang Fan looked at this scene, anxious, suddenly yelled, "frost frost, don't hesitate, shoot, kill him!"

With a roar, followed by a rush to the ground, the man looked surprised, and the whole person suddenly fell to the ground.

But soon his face changed, where there was a gun, where there was a bullet, the previous voice was clearly Wang Fan's imitation of oral skills.

The man's eyes are ready to crack. He wants to continue to rush to Dai Shuangshuang, but it's too late.

Wang Fan has rushed to his body and kicked him in the back.

The man felt Wang Fan's fierce attack. His eyes flashed a ferocious look. Instead of retreating, he bit his teeth and jumped up. He turned around and pushed his chest against Wang Fan's right leg.

Bang to a, Wang Fan was the top of the back again and again, pulled to the wound, mouth spout a mouthful of blood.

The man was even more miserable. His ribs were directly cracked, while the whole man was kicked up, hit the wall and fell to the ground.

However, his vitality is extremely tenacious, or willpower is extremely tenacious.

Just took a breath, he got up again, and then rushed to Wang Fan.

"Death His hoarse voice came from his throat, and he became a fierce beast.

"Ah ah ah, mutation, can't fight Xiaoqiang?" Wang Fan's face changed greatly and he stepped back quickly.

He is very incredible, you know, his foot, but broke several ribs of the man.

For ordinary people, let alone continue to fight, I'm afraid they don't have the strength to get up.

But this guy is good. He not only gets up, but also becomes more fierce. How can he not be shocked?

Wang fan can't be silly, Baji fight with this guy hard, but retreat and hide, and shout. The man stares at Wang Fan fiercely. His scarlet eyes are like bloodthirsty beasts. He is aggressive and overbearing.

Boom.

He hit the wall with one blow, and the whole wall was shaking violently, and the wall was blasted with a big hole.

Boom.

Another foot fell on the ground, the whole box began to tremble, and the cracks on the ground spread like cobwebs.

A ferocious mess.

Wang Fan looks at this scene, the corners of his mouth are choking, thinking about whether this product is a genetic mutation.

However, he didn't dare to relax. He hid left and right. He didn't believe that the goods would be so fierce all the time.

The man couldn't attack Wang Fan for a long time. He became angry and turned to Dai Shuangshuang.

"Your uncle, I'm here." Wang Fan looked at the scene, the back body suddenly stagnated, and then suddenly rushed forward, ferocious toward the man bombardment.

The man was very angry and went back to kill Wang Fan. Wang Fan screamed and retreated. The man turned to attack Dai Shuangshuang, and Wang Fan continued to pursue him.

Anyway, Wang Fan's aim is that if you hit me, I'll run. If you move, I'll chase you.

In the face of this shameless play, the man was almost angry to death, some angry.

No matter how strong his will is, no matter how strong his momentum is, he will not last long when his ribs are broken. If he goes on like this, he will be consumed alive sooner or later.

"Son of a bitch, shameless!" At a certain moment, the man stopped and roared angrily. He didn't know who to beat.

Wang fan is very direct erect middle finger, "I am shameless how, angry to death you."

Men listen to this, Qi and blood can't help rolling, hiss a, also really gas of ejected a mouthful of blood.

At this time, Wang Fan suddenly took a step forward, his right hand trembled, the white light flashed and disappeared in an instant.

The man's eyeball son is to suddenly stare of eldest brother, both hands dead of cover throat,

unbelievable of saw to Wang Fan.

No blood, no sword, no throat.

His eyes filled with disbelief, he finally knew who Wang Fan was.

But he did not expect that he would die like this, that he would die in the hands of this man.

Plop.

The man was not willing to fall to the ground.

The blood in the throat, like fireworks, is so bright and miserable.

Wang Fan was panting heavily and fell to the ground powerlessly.

But soon he got up again and ran to Dai Shuangshuang.

"Frost, let's go." Wang Fan pricked Dai Shuangshuang a few needles, pulled her up and ran.

He didn't dare to stay here any longer. If there were more men like that, he would be here.

Dai Shuangshuang doesn't talk nonsense. He just follows Wang Fan and leaves quickly.

Although she couldn't move or speak before, everything was in her eyes and she was very moved.

They rushed out of the box and ran to the first floor.

Because of the homicide here, let alone the customers, even the waiters have run out, and the whole restaurant has become empty.

Wang Fan did not dare to take the elevator, but with Dai Shuangshuang down the stairs, straight out.

But, after all, he is still slow.

At least 30 masked people rushed in with knives and guns, led by a masked woman.

Wang Fan took a look at those people and the masked woman. He yelled "Mama" and ran back to the second floor with Dai Shuangshuang.

He knows more about White Owl Ren. This guy is really annoying. No wonder mu Qianxin is so scared.

Whether the two men in front of him or the woman at the head of him who chased and killed muqianxin, let Wang Fan confirm that these people are Bai Xiaoren's people.

He just didn't know why Bai Xiaoren wanted to kill Dai Shuangshuang. Don't they all come from the capital?

Is it because of Li Lishan?

However, Wang Fan has no time to think so much.

Chapter 560

"Chase, don't let them run away." With a big wave of her hand, the masked woman headed for the second floor. The masked people behind her followed closely, with a tiger like momentum.

Masked women's strength is very good, that several meters long stairs, just jumped twice, jumped on the second floor, as vigorous as monkeys.

Although the masked people behind her were a little worse, the difference was limited. A few twinkles, they ran to the second floor and chased Wang Fan.

Looking at this scene, Wang Fan choked and pulled Dai shuangshuangshuang to flee. He could not help but cry and ask, "Shuangshuang, who are you offending? How so fierce. Call someone quickly. I'm afraid we can't support it. "

Wang Fan has a big head. He has personally learned the strength of a masked woman.

If it's the heyday, Wang fan doesn't pay attention at all. But now, let alone so many people, even for a masked woman, he is dead.

Needless to ask, this masked woman is Su Weiwei who supported Li Wuji that night, but was taken advantage of by Wang Fan in the woods.

"I'm sorry. I'm the one who bothered you. I'll call you now." Dai Shuangshuang apologetically said, quickly grabbed out the mobile phone. Only when she pulled out her cell phone did she realize that there was no signal.

It's not that she doesn't want to tell Wang Fan the identity of these people. First, she's not sure. Second, she doesn't want to drag Wang Fan into the vortex.

At this time, Su Weiwei has led people to catch up with Wang Fan. The distance is only ten meters.

Su Weiwei looked at the back of the two people and said in a vicious voice, "you can't escape. You are wise. Stay here and die."

She screamed and shot twice without hesitation.

Wang Fan ah, quickly toward the side flash, even so, a bullet is very dangerous to wipe his ear, he felt a fiery sting.

Wang Fan was so angry that he was about to be shot in the head.

With Dai Shuangshuang in his arms, he leaped forward a few steps again, opened the distance, and then didn't turn his head back to scold, "girl, you're going to die, you're going to be a couple for a hundred days, you're going to shoot me when you meet, right?"

"At that time, you were not like that in the woods. You were very gentle and obedient. Why, it's only been a few days, so I don't recognize people when I put on my pants? "

Wang fan is very angry, this chick is too shameful, knew early, should have done her really at the beginning.

Su Weiwei listens to this words, the body shape that rushes forward suddenly stagnates, in the eyes twinkled unprecedented shock.

"It's you?" She gritted her teeth and suddenly became furious.

Even if she died, she would never forget the scene in the grove. She is both shy and angry when she thinks of it.

As a capable general of White Owl benevolence, she never suffered such humiliation. Although she did enjoy the process, it was a stain after all.

Even Bai Xiaoren didn't take advantage of her or humiliate her.

"Nonsense, it's not who else I am. Get out of here, or don't blame me for not remembering the old love."

Wang Fan ran with Dai Shuangshuang, whistling, "I'm in a hurry. You don't have a good life, but you know my strength."

Suweiwei was shocked again when she heard this.

However, those subordinates behind her can't stand it any more.

"Son of a bitch, how can you talk to Miss Su?"

"Can you insult Miss Su?"

"To die!"

A burst of angry voice, followed by several people behind Su Weiwei, without hesitation, raised the muzzle of the gun and launched a crazy shooting at Wang Fan.

Su Weiwei is not only their head, but also their taboo. How can they allow Wang Fan to be so vilified?

Even if they know that they will never get Su Weiwei, they will never allow Su Weiwei to be humiliated by Wang Fan.

The crazy bullet spewed out, and in an instant, the barrage swept to Wang Fan and Wang Fan. Wang Fan, alas, quickly took Dai Shuangshuang to escape.

But after all, his strength is not the peak, plus Dai Shuangshuang holding a person, after all, some can not do.

Even if he avoided the crucial point, there were still two bullets hitting him, one in the shoulder and the other in the waist and abdomen.

The deep red blood spurts out, while dyeing the red clothes, Wang Fan also feels the hot stabbing pain.

He could not help faltering and almost fell to the ground.

"Son of a bitch, seek death!" Wang Fan was so angry that he let out a roar and slapped the two bullets on his shoulders, waist and abdomen. He grabbed the two bullets and threw them back.

Whoosh!

The bullet he threw was faster and more powerful than the gun. In an instant, he went through Su Weiwei and stabbed them in the middle of their eyebrows.

They fell to the ground with a plop, and they died in peace.

The audience was shocked.

Throwing bullets with bare hands and nailing two people. What is the strength? Su Weiwei was also surprised, and then recovered her reason.

"Kill

She waved her hand mercilessly and gave the order to kill.

She has seen that Wang Fan has been injured now and has no strength in the woods that day, so she has no scruples.

"Kill your sister!" Wang fan is very angry. He raises his hand and shoots a pile of silver needles at Su

Weiwei and others.

Although Su Weiwei is strong and dodges the silver needle, several unfortunate people behind her are not so lucky.

The silver needle pierced them directly, which made them howl.

Wang Fan did not dare to entangle with these people. After throwing out the silver needle, he burst into the front room with Dai Shuangshuang in his arms, and then directly smashed the window and jumped out.

Su Weiwei looks at the injured subordinates, her eyes are ready to crack, and she waves her hand to chase them.

"Wang Fan, are you ok? Don't worry?" On the street, Dai Shuangshuang looked at the pale Wang Fan with concern in his eyes.

"I can't die now. By the way, did you call someone? When will they arrive?" Wang Fan grinned, grandma's, and hurt.

"Sorry, there's no signal." Dai Shuangshuang was very embarrassed.

Wang Fan listened to this, almost fell over again.

He was about to make a few complaints when he suddenly put his eyes on Dai Shuangshuang, put his arms around Dai Shuangshuang, flashed on his side, and then put his foot on the rock under his feet.

Boom!

Rock smashed, a rock crazy call, pounce on the ground, hard into the front of a man's head.

The man, holding a gun in his hand, hid in the middle of the flower garden. Just as he was about to shoot, he was nailed to death by a stone and died.

"It's not suitable to stay here long. Let's go." Wang Fan didn't talk nonsense. He took Dai Shuangshuang and ran away.

With his keen consciousness, he escaped three waves of assassinations, killed eight opponents, walked around dozens of streets, and finally stopped at the door of a hotel.

Wang Fan gave himself a simple treatment at the door of the hotel, tore a few pieces of cloth from Dai Shuangshuang's clothes, simply bandaged them, and then went in with Dai Shuangshuang.

Dai Shuangshuang's heart beat like a deer.

Wang Fan such a tear, her large skin can be exposed, do not know people, still think it is what.

Pop.

Wang Fan went to the front desk, arrogantly took out two thousand yuan, how how how shout way, "open a room for me, the best room, hurry up."

It's very bullish.

The front desk lady is a Leng first, is going to say please show your ID card, next to a manager like person quickly stopped.

He took a look at Wang Fan and Dai Shuangshuang. There was a hint of ambiguity in his eyes. He quickly put away the money and then swiped a room card.

"Three zero eight on the third floor, please."

Wang Fan no nonsense, proud hum a, grab the room card, embrace Dai Shuangshuang, can't wait to enter the elevator.

Dai Shuangshuang's face is as red as an apple.
