

## **MIGHTY SK 621**

### **Chapter 621**

"Go away!"

Wang Fan sneered, "the most annoying thing is you guys. If you have the ability, come up and turn me over. If you don't have the ability, get out of here. Don't beep

"Don't you feel ashamed that you have no ability, but you are always frightening others by name?"

"Don't talk about Wang Shao in your mouth. I don't care about him at all. Even if I put it in my eyes, do you believe I should beat you or not? "

Wang Fan said with a sneer that he didn't pay any attention to these people, let alone take their threat seriously.

Wang fan is really annoyed by these people who have no ability but move backstage all the time. This kind of person, sooner or later, will pit the backstage.

"You." Listening to Wang Fan's scornful words, the young and the old were all red and angry.

They never thought that Wang Fan was so rampant that he didn't pay any attention to them or even take Wang Shao seriously.

When did Jinzhou have such a powerful character? Why don't they know?

But although they were angry, they still did not dare to rush up to look for abuse.

Wang Fan's strength they see clearly, even Guo Weiwei's bodyguards are not rivals, how can they do?

"Why, do you want me to reward you for staying here? If so, I don't mind

Wang Fan looked at them with a full face of sarcasm and walked past.

They looked at Wang fan like this, there was a trace of frustration in their eyes, and then they turned around and left without hesitation.

Meet Wang Fan this kind of person, they also have no way, others don't care about your identity, directly rely on fist, what can they do?

If you change people, you will at least ask about their identity and who Wang Shao is. Then they will be able to boast.

But Wang Fan didn't ask. Instead, he had to do it. Even if they were not willing to do it, they could only

turn away and write down the scene first.

When one of the young people came to the gate of the courtyard, he was really angry. He turned his head and threatened, "you wait, we'll come back. Wang Shao won't let you go."

It's a pity that his words just came down, and he flew over all the time.

Young people only feel a pain in the butt, the whole person flew up in an instant, hit the garbage can outside.

With a crash, his head fell into the dustbin, which split in an instant.

After he struggled to climb out, he heard Wang Fan's faint voice, "really, just roll, if you want to beep, then I'll give you a kick."

The young man's eyes cracked and he almost vomited blood.

Wang Fan finished cleaning up the flies, and took Lin Ruoxue back to the room. He didn't take it seriously at all.

Like Guo Weiwei, who doesn't have long eyes, he doesn't know how many steps he takes every year. He's numb.

What's more, Wang fan is not afraid of White Owl benevolence. If he says blackmail, he will be afraid of just a few people?

Wang fan doesn't believe it. Wang Shao is better than Bai Xiaoren.

On the contrary, Lin Ruoxue was worried. She looked at Wang Fan and said, "Wang Fan, let's leave here first."

"Guo Weiwei knows me, and she knows my background and energy. But even so, she dares to provoke me, obviously the backstage is not general, I feel we'd better leave here as soon as possible

Lin Ruoxue is not a fool. Naturally, she can see that Guo Weiwei's people are not bluffing, but really have the strength.

This also shows that Wang Shao is really unusual, at least not afraid of her Lin Ruoxue.

Wang Fan took Lin Ruoxue and sat down. First, he put a Coke chicken wing in Lin Ruoxue's pocket, and then he put a Coke chicken wing in his pocket. While chewing slowly, he said, "Mr. Lin, you're a monk. Are you a temple? If Guo Weiwei doesn't know you, I'll take you now. I won't stay here for a moment. "

"Anyway, they don't know us. As long as we leave, they can't find us, and there's no way."

"However, they know you. If you leave, they can go to Yuanbei pharmaceutical to find a market. How can you run then?"

"Instead of this, we might as well wait here and solve the problem once and for all."

Wang Fan took a sip of red wine and said, "don't worry, I haven't paid attention to people like them."

"If Wang shaogou doesn't come, he'll be fine. If he dares to come, I'll step on them all."

"I really don't believe it. It's just Jinzhou City, and people who can't be stepped on by Wang Fan. If we really can't step on it, we can't run too late. "

Lin Ruoxue listened to Wang Fan's words, her eyes softened, and a touch of emotion appeared in her heart.

It's a good feeling to have a man around to shelter himself.

No matter how strong she is, no matter how powerful she is, she is also a woman. After all, she has her own weak side and needs men's care. If there is no Wang Fan, she will have to find a way to solve the problem. But Wang fan is here. She doesn't have to worry at all. She just needs to listen to Wang Fan.

Lin Ruoxue's heart suddenly springs up with an impulse to hold Wang Fan firmly in his hand.

"Thank you. Let's drink." Lin Ruoxue gently looks at Wang Fan and holds up the wine glass.

"Cheers." Wang Fan drank it down.

Wang Fan looked at Lin Ruoxue's gentle eyes, and his heart thumped for a while, saying that it was not good. This woman would not really be interested in him. If so, what could she do?

Lin Ruoxue is still very beautiful. Although she is a bit unscrupulous to the enemy, she still has nothing to say to her own people. She is very hearty.

This kind of person doesn't fall in love. Once he falls in love, he will treat him sincerely until he dies.

It's good to say, it's true temperament, it's supreme emotion, it's hard to say, it's stubborn, just like cattle, it's a bit of a muscle.

"Wang Fan, I want to ask you a question. Can you answer me honestly?" Lin Ruoxue suddenly asks Wang Fan with wine strength.

Wang Fan suddenly some big head, but still said, "you ask."

"Do you like" Lin Ruoxue only had time to ask out three words, and suddenly a loud voice came from outside.

"They are in it, Wang Shao. You must make the decision for us." Guo Weiwei's sharp voice comes and goes.

Guo Weiwei and the previous youth are not less, all respectfully follow behind a man in white, expression full of anger.

Obviously, the man in white is their core, but their so-called Wang is less.

Behind Guo Weiwei and others, there are more than 20 men in black, who are obviously bodyguards.

They stormed into the courtyard, domineering and arrogant.

Several waiters and managers who were blocking the way were all kicked aside by them mercilessly, and the target was Wang Fan's room.

Lin Ruoxue looked at the scene, and her face became gloomy.

She finally summoned up her courage and asked Wang fanxi if she liked her. But at the critical moment, she was interrupted by these bastards. How could she not be angry? It's a good time for these people to come.

Wang fan can't help but frown. He thinks that Guo Weiwei will certainly move the rescue troops. But he didn't expect that they would come so fast.

Bang.

Just when Wang Fan frowned, the door of the room had been kicked open, and then an arrogant voice suddenly came in, "which son of a bitch beat my woman and brother, get out of here!"

## **Chapter 622**

Wang Mingqiang made a bluster.

As a young man in Haicheng, he just came to Jinzhou to talk business, but he was humiliated. How can he bear it?

If it is in the capital, Wang Mingqiang may not dare to be so rampant, but this is Jinzhou, so he does not believe that there are people who can not make their own decisions.

What's more, Guo Weiwei also said that Lin Ruoxue is just the daughter of the Lin family in Beijing. It's just the Lin family. It's not the eight families. Wang Mingqiang hasn't paid attention to him.

"Wang Mingqiang?" When Lin Ruoxue saw Wang Mingqiang, she couldn't help standing up.

Although she didn't know Wang Mingqiang, she knew him.

This guy is a famous young and rich man in Haicheng. This visit to Jinzhou is due to the government's investment promotion. It is said that it is a field trip.

If it's just like this, Lin Ruoxue may not worry about it, but the Wang family is not so easy to provoke. Although the Wang family's territory is not in the capital, the strength of the Wang family is not weaker than that of the Lin family.

Lin Ruoxue is secretly surprised. Obviously, she didn't expect that the person next to Guo Weiwei is Wang Mingqiang. No wonder she is so confident that she dares to challenge herself.

"Oh? Do you know me?" Wang Mingqiang obviously heard Lin Ruoxue's voice, and his eyes suddenly became cold. "Since you know me, Wang Mingqiang, who dares to touch me, don't you think some people don't pay attention to me?"

"As the saying goes, it depends on the master to beat the dog. Is it too much for you to beat me like this?"

Wang Mingqiang said with a sneer and went directly to the table. He poured three glasses of wine and pointed to Lin Ruoxue.

"Three drinks from the penalty, even if the matter is in the past, I will not pursue it, otherwise, don't blame me for being impolite."

If Wang Mingqiang just wanted to help Guo Weiwei find a place, now he has thought about how to soak Lin Ruoxue.

He didn't expect that he would meet Lin Ruoxue, a woman of the highest quality, here. She was so much better than Guo Weiwei.

If Lin Ruoxue is wise and willing to accompany him, everything will be easy to say. Otherwise, don't blame him for Wang Mingqiang's disobedience.

Lin Ruoxue didn't go to drink the three glasses of wine, but looked at Wang Mingqiang, "Wang Mingqiang, how can you be regarded as a well-known figure? Now you are looking for trouble indiscriminately. Are you losing your identity?"

"Is it wrong for your people to break into our courtyard and be arrogant and aggressive? Why should I make amends?"

Lin Ruoxue is neither humble nor overbearing. Although she is afraid of Wang Mingqiang, it doesn't

mean she is afraid of him.

"Breaking into your yard? Even if you break into your yard, are you qualified to hit people? Would you like these three drinks? If you don't, don't blame me for being rude. "

Wang Mingqiang's face was instantly ugly, and his tone was even more overbearing. The bodyguards behind him even put on a good posture, and they meant to do it if they didn't agree with each other.

Lin Ruoxue's pretty face was cold. As she was about to speak, Wang Fan had already stood up and said, "Wang Shao, isn't it three cups? It's wrong for me to hit someone. I'll drink for Lin first."

Wang Fan said, without hesitation, picked up his glass and drank it. Not long after that, all the three cups fell.

Lin Ruoxue can't help but frown and take the initiative to make amends for drinking, which is not quite like Wang Fan's style.

Guo Weiwei and others can't help showing sarcasm.

They thought Wang Fan was so good. Now it seems that Wang fan is also a good judge.

Didn't you have to be a bull before? Why did Wang Shao come here and give advice now? How could he be a bully?

But if Wang Fan thinks that Wang Shao can let him go, then don't dream. Wang Shao may have let Lin Ruoxue off because of her beauty, but it is absolutely impossible to let Wang Fan off.

"Ha ha, I don't know. You're a good drinker. It's just, when do I want you to drink? I want Mr. Lin to drink, don't you understand? "

Wang Mingqiang points at Wang Fan and laughs. He directly carries two bottles of red wine and slams them in front of Wang Fan. "Can't you drink them? Come on, drink them for me."

"I tell you, I want face most. If you don't drink it, you won't give me face. Don't blame me for being rude then. "

The threat of chiguoguo.

Lin Ruoxue's face was instantly ugly. "Wang Mingqiang, don't go too far!"

"Too much? I just went too far. What's the matter? " Wang Mingqiang sneered, "if I guess correctly, was he the one who hit me just now? Why didn't you say too much when he hit people, but now you say too much instead? "

Wang Mingqiang pointed to Wang Fan, arrogant and domineering, "have a good time, drink or not? If you don't drink it, don't blame me for Wang Mingqiang's impoliteness. I'll tell you that I'm so angry that I'm afraid of myself. "

"Wang Shao? Do you really want it? Are you kidding Wang Fan looks at Wang Mingqiang and his expression becomes serious.

"Nonsense, do you think I'm playing with you? Do I know you very well? Are you kidding? I tell you, I'm wang Mingqiang. I never joke with people I don't know. "

Wang Mingqiang pointed to Wang Fan, the voice is very firm, "drink, give me a drink quickly!"

"Ah." Wang Fan sighed and picked up the bottle. Looking at this scene, Guo Weiwei and others are more proud and feel relieved.

Just now is not very cattle, now why cattle do not get up, there are species do not drink, there are species continue to cattle ah?

Wang Mingqiang's mouth is full of ridicule. Originally, I thought Wang Fan was so superior. Now it seems that he is just a counsellor. Don't you see that he still counsels, and doesn't even have the courage to resist?

It's also true that Wang Mingqiang has a good reputation. There are not many people who dare not give him face. It's normal for Wang Fan to give advice like this.

However, just when everyone thought that Wang Fan was going to bite his teeth to drink the wine, Wang Fan suddenly grabbed the bottle, and then banged on Wang Mingqiang's head.

With a click, the wine bottle fell apart. Wang Mingqiang staggered and almost fell to the ground.

The red blood accompanied with the wine flowing down from the forehead made him look so ferocious.

"You are really shameless." Wang Fan dumped Wang Mingqiang's bottle, raised his head and said faintly, "originally, I didn't want to step on you. I wanted to drink three glasses of wine, so I'll go there."

"But you just don't know what to do. You have to beat me. That's no wonder." Wang Fan said, without warning, picked up the second bottle of red wine, hit the head again.

Wang Mingqiang's whole body shakes and can't stand any more. He falls to the ground. Fortunately, the people nearby help him in time.

"Face is earned by oneself, not by others. If you don't give me face, why should I give you face? Which onion are you?"

Wang Fan said, picked up the third bottle of red wine, "and you just said the dog also depends on the owner, I'm sorry, this sentence in my here, does not work ah."

"Because I always don't look at my master when I beat a dog. As long as I dare to provoke my dog, I will fight it without hesitation. If I am in a hurry, I will even fight with my master."

Boom.

When the third bottle fell, Wang Mingqiang couldn't help screaming.

Guo Weiwei and others, looking at this scene, were numb.

Who is this? Is this too violent?

That's Wang Shao. He gave them three wine bottles. Don't you want to live?

They all felt chills.

Especially looking at Wang Mingqiang's bloody head, I suddenly feel a little pain in my head.

### **Chapter 623**

"You, you dare to touch me?" Wang Mingqiang's eyes are ready to crack. He never thought that Wang Fan would dare to touch him, and he would still drink three bottles of wine directly.

Wang Fan did not talk nonsense, but directly picked up a bottle of wine, and then blasted at his head.

Looking at this scene, everyone can't help but open their mouths, some dead.

They all have a chilly feeling.

It's too violent. There's no such thing as smashing a wine bottle without even saying a word.

Wang Fan roared Wang Mingqiang for a while, then said faintly, "now I know if I dare to move you? Don't ask such stupid questions in the future. Because I always don't like to use words to answer, I prefer to use practical action. "

Wang Mingqiang choked from the corner of his mouth. He felt that his lung was going to explode.

Lin Ruoxue wanted to laugh, but he didn't laugh when he looked at Wang Mingqiang's ferocious expression.

"OK, OK, what are you doing? Kill him!" Wang Mingqiang gritted his teeth and said two good things, then yelled at Wang Fan.

The bodyguards listened to the order and rushed to Wang Fan in an instant.

It's just that the room is a little small. It's impossible for more than 20 people to attack Wang Fan together.

It's said that more than 20 people went up together. In fact, only three or five people rushed to Wang Fan's side.

"If it had been like this, nothing would have happened. I like to solve problems with my fists." Wang Fan looked at the several people who rushed up and laughed disdainfully.

On one side of his body, two fists shot out, and the two bodyguards were shot out in an instant, with a cracking sound.

Several bodyguards couldn't dodge and were directly hit. Alas, a large area fell down.

Wang Fan didn't stop. He leaned back and pointed out again.

His right leg hit two bodyguards in the chest in an instant, and the two bodyguards were not accidentally shot out.

They just felt as if they had been hit by a speeding train, spilled blood, smashed the window and flew out of the room.

More than 20 people are dealing with Wang Fan. It looks very powerful and terrible. But the war was almost one-sided.

Those bodyguards in Wang Fan's hands are no different from those in paper paste. Wang Fan just needs to move, and then he will overturn them out, and there will be no power to fight again.

In less than a minute, more than 20 bodyguards fell to the ground and could not get up any more.

The scene died down in an instant.

Guo Weiwei, a group of people's eyelids whimpered.

Although they knew that Wang Fan was powerful, they never thought that Wang Fan was so powerful.

This is beyond their understanding. How can there be such a powerful person in the world?

Wang Mingqiang also felt the chill.

Although his more than 20 bodyguards are not very strong, they are also veterans. Now they are abandoned by Wang Fan, which makes him feel that his money is not worth it.

"Wang Shao, are you satisfied with the result? If you're not satisfied, just call. If you're satisfied, get out of here. Just remember, don't provoke me again. Otherwise, I won't be able to talk so well next time. "

Wang fan is as reasonable as ever.

Unless it threatens Wang Fan's life and touches Wang Fan's rebellious scale, Wang Fan will never be killed.

Of course, if Wang Mingqiang is too long-lived to find someone to deal with him, he can't be blamed for his ruthlessness.

"Go." Wang Mingqiang looked at Wang Fan with hatred. Without any nonsense, he left here in humiliation.

He can't get back to the court now, and it's humiliating for him to stay.

When this happens, Wang Fan and Lin Ruoxue are not in the mood to continue eating and drinking. After checking out, they leave Yalan club.

Wang Fan accompanied Lin Ruoxue in Jinzhou and separated.

Wang Mingqiang is in a simple bandage, back to the hotel.

"Wang Shao, are we really going to let it go like this? Are some of them too cheap?" One of the youths couldn't help asking.

Guo Weiwei also followed, "that guy is too arrogant, he just didn't pay attention to you."

"And that Lin Ruoxue, it's too cheap to do anything with her man. I don't know what kind of luck she took, finding such a powerful man. "

Guo Weiwei is very jealous.

Why, why Lin Ruoxue was able to hold her down in those years and now?

I thought that Wang Mingqiang, a backstage girl, could win back her previous performance, but unexpectedly, she was beaten in the face again.

She is a little envious of Lin Ruoxue. Why should Lin Ruoxue be stronger than her and find a man who is more powerful than her?

Pop.

As soon as Guo Weiwei's words came to an end, Wang Mingqiang could not help slapping her in the face, "you shut up and put away your little careful thinking." "Don't think I don't know. You are responsible for this today. If you want to find Lin Ruoxue for revenge, it's OK, but you can't take me in. "

"Guo Weiwei, I tell you clearly that you are a bitch and a plaything of Wang Mingqiang. You are not qualified to play tricks with me."

"You're worse than Lin Ruoxue. It's too far away. Forget it this time. Next time I find you playing tricks with me and taking my name to brag. Don't blame me for being the first one to deal with you. "

Guo Weiwei covers her face and looks at Wang Mingqiang in disbelief. She can't help crying.

She can't believe it. Wang Mingqiang beat her, scolded her as a bitch, and even said that she was inferior to Lin Ruoxue.

She really wanted to retort, but she didn't dare. She clearly knew that even if Wang Mingqiang was unbearable and suffered losses in Wang Fan's place, he would not be able to deal with it.

That group of young people after this experience, coupled with Wang Mingqiang's attitude, Guo Weiwei also did not have a good face.

If it wasn't for this woman, how could they offend Wang Fan and lose face? To put it bluntly, Guo Weiwei led everything.

But they still couldn't help asking, "Wang Shao, are we really going to let it go? Is there no revenge? "

They are all people with status. No matter how powerful Wang fan is, he doesn't want to admit it.

"Forget it, how can it be." Wang Mingqiang's eyes flashed a touch of cold, "he is not very able to fight, he is not very powerful?"

"We don't fight him, we don't do it ourselves. Tell the police about it and let them deal with it. "

"I'd like to see if he is so powerful that he dares to fight against the government. If he dares, it's Wang Mingqiang's fault. "

Those young people heard this, first a Leng, followed by eyes bright up, "worthy of Wang Shao, high, is high ah."

Wang Mingqiang's move is really amazing. He doesn't need to send his own people, but also can use the police force to deal with Wang Fan. It's killing two birds with one stone.

Not long after, Wang Mingqiang called the police chief on his mobile phone. After hearing this, the police chief was very happy to guarantee that the murderer would be severely punished.

Just heard that the other party is Wang Fan, immediately became perfunctory up, not long, but also hang up the phone.

Wang Mingqiang felt the other side's changing attitude. He felt something wrong in his heart.

It seems that Wang fan is not as simple as he imagined. It seems that even the police have to be afraid. It seems that Wang Fan has any special identity.

With the help of the government, Wang Mingqiang gritted his teeth and dialed another phone. Since it's not possible to rely on the government, we can only rely on others.

He believed that this man would get justice for him.

## **Chapter 624**

"Bai Shao, I want to borrow some people from you." As soon as the phone was connected, Wang Mingqiang's face showed a humble smile.

Obviously, the person on the other end of the phone, even he has to respect, even through the phone are not dare to make a mistake.

"Wang Shao, you are a young man in Haicheng. You have a hundred bodyguards and numerous followers. Who can you borrow from me? Why, is there anyone else in Jinzhou that you can't handle? "

A burst of hearty laughter came from the other end of the phone. If Wang Fan was here, he would be able to recognize that it was Bai Xiaoren's voice.

"Bai Shao really upset me. I really can't handle that man. Not only have I been beaten in the face, but also the more than 20 bodyguards I brought with me have been beaten to pieces. "

"I really can't help it, otherwise, how can I borrow from you. I know Bai Shao has a good eye in Jinzhou City. That's why he's so old. Please. Otherwise, I would have no face to go out. "

Wang Mingqiang didn't seem to feel ashamed of being beaten. He said with a half true smile.

White Owl benevolence listened to this, immediately had a kind of bad premonition, can't help but ask, "Oh, Jinzhou there are such capable people? Who is he? "

"I don't know who he is, but I do know that his girlfriend's name is Lin Ruoxue." Wang Mingqiang said.

Bai Xiaoren's heart thumped for a moment, and he could not help standing up again. His hand holding the phone began to tremble.

He tried his best to calm down, and then he said, "Wang Shao, I'm sorry, I can't help you with this. If I

guess correctly, that guy's name is Wang Fan, even I can't stir him up, so you'd better take care of yourself. "

Dudu.

Bai Xiaoren finished and hung up directly.

Wang Mingqiang's face is dull.

Who is Bai Xiaoren? It's the capital. In the capital, there are many people who can't stir up trouble in Jinzhou City?

For a long time, his heart could not be calm.

However, he doesn't believe in Bai Xiaoren's words. He doesn't believe that Bai Xiaoren can't provoke Wang Fan. He just thinks that Bai Xiaoren doesn't want to fight with Wang Fan for him.

But even so, it shows that Wang Fan's idea is not simple.

Wang fan can make White Owl benevolence fear, obviously is not an ordinary person.

For ordinary people, Wang Mingqiang may have swallowed this breath, but he can't swallow it today.

The three wine bottles were his humiliation and nightmare. How could he forget them easily?

"Well, well, it's really iron. Since you can't help me, I'll try my best. I, Wang Mingqiang, don't believe it. Just a native of Jinzhou, I, Wang Mingqiang, can't get into trouble. "

Wang Mingqiang's face was gloomy and he made a grinding voice.

Guo Weiwei and others stayed aside and did not speak. From Wang Mingqiang's gloomy face, they had guessed that Wang Fan was not as simple as they imagined.

At this time, where dare they talk, they can only stand on one side with their heads down, waiting for Wang Mingqiang to make his own decision.

Wang Fan didn't know that Wang Mingqiang had tried every means to get him. He not only turned to the authorities, but also to Bai Xiaoren.

After he separated from Lin Ruoxue, he bought some nutriment and rushed to the police station.

Qin Xue is his woman. Now that he's back, he's going to see Qin Xue.

Although Wang Fan has Ning Yao, he can't be partial to each other and forget Qin Xue.

But before Wang Fan entered the police station, he saw Qin Xue following a group of people and rushing out.

Look at their eager look, as if something big happened.

Seeing that Qin Xue was about to get on the bus, Wang Fan speeded up and ran over, "sister Xue, sister Xue."

Qin Xue heard Wang Fan's cry, stopped, saw Wang Fan, that serious expression had a trace of softness, in the eyes also had a trace of joy.

Obviously, she is very happy to see Wang Fan.

She couldn't help looking at Wang Fan and asked, "when did you come back? I heard you went to Jiangcheng. I thought you were not in Jinzhou."

"I've just come back, too. I'll come to you if I don't come back? Sister Xue, are you in such a hurry? What happened Wang Fan said quickly.

Although he lied, Wang Fan didn't mind lying when necessary.

If Wang fan is honest and says that he came back last night, just went to accompany Lin Ruoxue, and now he thinks of Qin Xue, Qin Xue will certainly be angry.

"Yes, an international felon fled to Jinzhou. Yesterday, he ransacked a gold shop and killed three people. We got the tip that we found the base of the felon, so we went to arrest him. "

Qin Xue's face was dignified. "This guy, nicknamed the murderer, is a famous red wanted criminal in the world. In the past ten years, he has repeatedly committed heinous crimes all over the world."

"Interpol went out several times to encircle and arrest, but failed. On the contrary, many people were killed by the murderer. It was very tough."

"It's just that he used to operate abroad. This time, somehow, he came to Jinzhou and robbed Jindian." Qin Xue's face is dignified, and she is obviously afraid of the murderer.

"So powerful." Wang Fan some worry up, "snow elder sister, so fierce person, obviously not you can deal with ah, otherwise, I go with you, can also have a care."

Wang fan is really worried. Interpol has been out several times, but he has not been able to catch them. On the contrary, several people have been killed. How can Qin Xue deal with them?

One is that there is no bones left.

Wang fan doesn't want Qin Xue to have an accident.

Qin Xue wanted to refuse, but seeing the worry in Wang Fan's eyes and thinking of Wang Fan's skill, she nodded, "OK, then you can come with me."

"But we don't have to worry about it, because in order to catch the murderer, experts are specially sent from above. We are only responsible for the periphery, so there should be no danger."

Wang Fan didn't say anything, but he couldn't deny it.

When the dog is in a hurry, he has to jump over the wall, not to mention an international felon. Once the fight is over, Qin Xue is not in danger, it is absolutely impossible.

"Hey, what are you doing there? Why don't you get on the bus and go? Can you bear the responsibility for delaying the time and letting the criminals run away? "

Just as Wang Fan was talking to Qin Xue, a young man who was planning to get on the bus turned his head and angrily scolded him,

"it's worthy of being a policeman in a small place. There are so many things to do. Just as you are so sluggish and trembling, you should be a policeman and catch criminals."

"If it were not for the criminals in your Jinzhou, we are not familiar with the terrain, and we really don't want to cooperate with you. It's a shame."

Wang Fan listens to this words, immediately some uncomfortable, this what person, such cow roars.

He was about to say a few words, but he was stopped by Qin Xue, "don't worry about him. At this point, it's still important to arrest the criminals. Don't fight with each other."

"He's from the top. It's said that he's also Interpol. It's understandable that he's a bit high up there."

"What's more, they are the main force in this operation. We just cooperate. If we can catch the murderer, it's nothing to be ridiculed by him."

Qin Xue said.

"Well, I'll listen to you." Wang Fan grabs Qin Xue's hand. It's her own mother.

Two people also have no nonsense, quickly get on the car, toward the destination.

The place where the murderer hid was a half mountainside villa. It is said that the owner of the villa had been killed and the murderer occupied it.

It's surrounded by mountains on all sides. Retreating is the deep mountains and forests. It's obvious that the murderer is very vigilant and has long thought of a way out.

Once besieged, as long as he hides in the mountains, the police will have no way to take him.

## **Chapter 625**

When the car was about five kilometers away from the hillside villa, it stopped. A group of police got off the car and were fully armed.

The team leader is a young man less than 30 years old. According to Qin Xue, this guy is Pang Weibo, and his strength is very strong. But Qin Xue didn't know how strong she was.

Pang Weibo was accompanied by two deputies, one male and one female, who was the young man who had denounced Wang Fan before.

"You spread out and get close to the villa. Remember to hide and not expose. The rest followed me up the path, close to the main gate

"As for Qin Xue and other Jinzhou police, they are responsible for the periphery, and don't let the criminals escape."

Pang Weibo looks at the police and gives orders in an orderly way.

But when he saw Wang Fan beside Qin Xue, he couldn't help frowning, "you show your love, pay attention to the occasion, we are here to arrest criminals, not to travel."

"What time is it? Hand in hand. You think it's a honeymoon. Give me a serious point, delay the business, take you to ask

Qin Xue listened to Pang Weibo's reprimand, immediately broke away from Wang Fan, and said seriously, "Pang team, he is the one I asked to help us, he is a master, with his help, our action will be twice the result with half the effort."

Qin Xue didn't quibble about Pang Weibo's reprimand. After all, Wang Fangang did hold her hand. She was a little guilty.

But she said that Wang fan is a master, let Wang Fan help, this is from the heart.

Others don't know Wang Fan's strength, but Qin Xue knows it very well. Even if it's not as good as Pang Weibo, I'm afraid it's not that bad. With Wang Fan's help, we will be more confident in this operation.

"Nonsense!" Pang Weibo didn't speak. The young man had already spoken before he scolded Qin Xue.

"Master? Where can I go? We are Interpol and led by Pang team. Can we let a few criminals escape? "

"Besides, if we can't take the criminal, what can he do? How dare you say master in front of us? It's really a small place. "

"It's just people like you who are arrogant and sit back and watch the sky." The young man said sarcastically, his tone full of disdain.

The girl beside the young man was not idle either. As soon as the young man finished speaking, the woman immediately followed the irony,

"that's to say, Pang team is here, and he didn't dare to say that he is an expert. It's ridiculous that you said it first."

"Do you know what Pang's strength is? It's said that they are going to break through congenital. Have you heard of congenital?"

"If you haven't heard of it, that's right. Who told you to come from a small place? It's normal not to have heard of it. "

"Well, I won't talk to you anymore. Open your eyes and see clearly. Later you will know what a real expert is."

This woman is very invincible. She doesn't see the Master Wang Fan in Qin Xue's mouth at all.

Qin Xue listens to this words, immediately some bad taste.

She swore that she really wanted Wang Fan to help arrest the criminals. She didn't mean to show off or make a fuss.

But these people's words are really a little too irritating. They have nothing to sneer at themselves, but they can sneer at Wang Fan. Why?

Qin Xuedun can't bear it any more. She just wanted to retort. Wang Fan has already held her, "don't you say don't fight against each other? Why do you need a little thing?"

"Since they don't appreciate it, then forget it. It happens that I'm happy and can accompany you more."

Wang fan doesn't care. If these people have a better attitude and ask him to help, he may really help. After all, Qin Xue is here, and he can't get away with it.

But this group of people even showed such an attitude and looked down on him. That's OK. How can we make these people suffer.

Of course, it would be great if these people could win the notorious murderer.

"Well, don't make any noise. It's important to arrest the murderer now." Pang Weibo interrupted the two deputy's sarcasm, "Qin Xue, you all have to be honest with me and follow my orders, you know?"

"Especially the master you are talking about, you have to give me a good look. Don't let him act or show himself."

"Otherwise, once the murderer is alerted or run away, I will not spare you."

Pang Weibo finished, and then no longer look at Qin Xue two people, directly began to act.

Qin Xue was a little uncomfortable, but she didn't speak.

If she had known this, she would not have brought Wang Fan, not to mention that Wang Fan was a master. That's true. Good intentions are like donkey's liver and lung.

Wang Fan also thinks it's funny. Pang Weibo regards him as a person who loves to face and show off. He is really speechless.

Wang Fan didn't want to be in the limelight. What he believed in was always low-key.

It's just that there is no one who dares to say that he is arrogant and looks down on him. Who on earth is to sit back and watch the sky, who is to be arrogant?

A group of people soon approached the villa, the villa was quiet, there was no movement at all, it was very wrong.

Wang Fan listened attentively, and knew that all the people were lying in ambush in the villa, waiting for them to come.

Obviously, this operation leaked the news, and I don't know where people got the news.

In Wang Fan's perception, there are at least eight people in the villa, all of whom are carrying guns, because he asked about the strong smell of gunpowder.

As for the others, Wang fan is not clear. After all, he only felt it by perceiving the heartbeat and so on. He didn't go into the villa or see it with his own eyes.

In a word, the villa is very dangerous, and this operation is not as smooth as Pang Weibo thought.

Pang Weibo obviously also felt something wrong. He immediately realized that the action had been exposed, and people had set up an ambush inside.

Thinking of this, Pang Weibo didn't continue to be careful. Instead, he suddenly shot at the villa and said,

"come out, murderer. I know you are inside. You are surrounded. There is no way to escape today."

Now that they have been exposed and others know their arrival, there is no need to cover up and sneak. It's better to be aboveboard.

It has to be said that Pang Weibo is also a figure who acts decisively.

"Ha ha." A laugh came from the villa, and then a middle-aged man who seemed to be a little refined came out of the villa.

He was wearing a casual suit and a pair of gold glasses, full of elegance.

On the surface, a university professor is like an international felon who committed a heinous murder?

The elegant man followed the two shooters on the left and right, strode out, as if he didn't pay attention to the fully armed police at all.

He lit a cigarette and said with a smile to Pang Weibo, "Pang Weibo, you are really persistent. You even chased me to Jinzhou."

"This time, if I don't take off Pang Weibo's head, I won't have to be a murderer."

"When people see me, they all go as far as they can, but it's good for you to chase me across most of the world. If you don't take off your head today, how can you live your friendship with me? "

The murderer said, and suddenly waved his hand. In an instant, the gunshot was loud.

## **Chapter 626**

A series of dense gunshots rang out. In an instant, several people fell down.

Under the hands of the murderer, these people are obviously experienced veterans, and their shooting skills are in a mess.

Just in the first round of strafing, Pang Weibo had at least ten subordinates who were shot and fell to the ground.

Bullets flying, blood splashing.

The secluded villa and manor turned into Shura hell in an instant.

Pang Weibo's reaction was very fast. Almost at the moment when the murderer gave the order, he

dodged to the side.

The bullet flew close to his body. Although it raised the blood fog, it didn't get any substantial damage.

"Do it." So far, it's useless to say more. Pang Weibo immediately gave the order.

At the same time of giving the order, he also turned out two pistols in his hand and started shooting at the murderer.

The murderer seemed to have expected it. He laughed wildly. He just dodged the bullet.

It's just that although the murderer leisurely avoided the bullet, his subordinates were not so lucky.

Without time to hide, the four diehards were decapitated. Their white brains were sprayed out with red blood, and their blood and cruelty reached the extreme.

The murderer looked at the fallen man, his eyes did not change at all. He put out his tongue to lick the blood and brain around the corner of his mouth, and looked at Pang Weibo coldly.

"Pang Weibo, I've endured you for a long time. Today, let's leave your life behind. By the way, these chicks look good. I will treat them well in your face. "

The assailant's words fell, and the whole person rushed to Pang Weibo in an instant. The weather was full of shock, and the force was as fierce as a tiger.

Pang Weibo felt the momentum of the murderer, his eyes narrowed, but it was too late to shoot, so he could only put away his gun and met him crazily.

"Murderer, today is your day." He whispered, has been crazy with the murderer war together.

The momentum of the fight between the two men was amazing. There was a sound explosion in the air. Where they passed, the dust was flying and the debris was splashing.

Pang Weibo's attack mainly relies on a pair of iron fists. He has obviously worked hard on his fists. That pair of iron fists set off waves in the air, as if forming a shadow of fists, roaring to the murderer, airtight.

Although the murderer is not as good as Pang Weibo in fist, his body method is very sharp. He resists calmly while retreating.

Although he seems to have fallen behind, his face is not half nervous, on the contrary, there is a bit of contempt.

At the same time of retreating, the murderer took advantage of a gap, did not know where to draw a half arm long blade, and fought back against Pang Weibo.

Originally without weapons, Pang Weibo still had the upper hand, but the murderer had a blade in his hand, and the situation turned around in an instant.

Pang Weibo's fists were so fierce that he didn't dare to collide with the murderer's blade. For a moment, he was pushed back and fell into the disadvantage.

"Shameless, it's unfair to attack our Pang team with a knife."

"That's to say, if you have the ability to fight with our Pang team barehanded and take advantage of weapons, it's no skill."

Pang Weibo's two assistants solved the problem of the villager in the villa. When they came out, they just saw this scene and could not help but scold them in a low voice.

In their view, the murderer is too despicable, obviously occupying the advantage of weapons. Otherwise, he would have been knocked down by Pang Weibo.

They are willing to help Pang Weibo, but this level of fighting is no longer what they can intervene in.

If they rush up, they may not only not be able to help Pang Weibo, but also become a burden to Pang Weibo. At that time, they will lose more than they gain.

Wang Fan listens to these two guys' words, some want to laugh, he feels these two people are really some too naive.

This is a life and death battle. What's shameless. Don't say it's a knife. It's not too much for him to take a gun and blow his opponent's head off.

Of course, Wang Fan just snickered, but he didn't speak. He didn't want to feel uncomfortable.

Although Wang Fan's smile is obscure, it is still seen by Pang Weibo's female deputy.

When she saw Wang Fan's smile, her face immediately became cold and shrieked, "what are you laughing at? Is there something wrong with what I said? Isn't it shameless of Pang to use a knife while he is unarmed? "

Wang Fan coughed and said, "he's really shameless. It's just my sister. It's not a contest, it's a fight between life and death. How can there be such a fair fight between life and death? "

When the woman heard this, her face turned red. Obviously, she remembered that both sides were immortal.

Just want her to bow to Wang Fan, that is absolutely impossible, she can't help humming to Wang Fan,

"even if it's a fight of life and death, you can't snicker?"

"We are fighting in the front line. You can hide here and be a turtle. Now you are still laughing. Do you have any face?"

"You're good, aren't you? By the way, aren't you a master? How can a master hide here like a tortoise?"  
"Wang Fan shrunk his head, "I also want to go up, just Pang said just now, don't let me move, I'm not afraid to affect him?"

"Excuses, all excuses." Pointing at Wang Fan, the woman scolded, "fortunately you are not my subordinate, otherwise you will be kicked out of the team every minute."

"You are a scum. It's a shame to have a subordinate like you!"

Wang Fan listened to these words, almost want to slap in the past.

What this woman said is really ugly.

Qin Xue can't help pouting, "fortunately we are not your subordinates. If your subordinates don't need you to kick, we will quit ourselves. It's a shame to have a leader like you. "

Qin Xue is very angry, but who did they invite? Why did they get sprayed?

"What did you say?" The woman stood up directly and even forgot that Pang Weibo was still fighting there.

"Forget it, Xiaoying. Why should we have the same opinion with them? After this mission is completed, we'll leave. There's no need to be unhappy."

The young man stood up in time to stop the woman and gave Wang Fan a cold look.

"if you don't want to die, just shut up and stop talking. If you don't have the ability, you can't do it. You don't talk. No one thinks you're dumb. "

Wang fan is really lazy to pay attention to these two guys, even Qin Xue can't help but turn his head to one side.

"Wang Fan, do you think Pang team can take down the murderer?" Qin Xue looked at Wang Fan and asked.

"I think it's a bit difficult. He won't be able to support it for long." Wang Fan looked at the two men fighting and shook his head.

"Well, if you don't have the ability, don't talk nonsense. If you don't have the ability, you don't want

others to have the ability. I really don't know what you want. Pang team can't take the murderer, can you take it? It's ridiculous. "

When Xiao Ying heard Wang Fan's words, she couldn't help it.

The young man also looked at them and hummed coldly, but he didn't speak.

This time, Qin Xue didn't care about their attitude. Instead, she looked at Wang Fan, "what should I do? You'd better help. The murderer is a felon and can't let him escape."

"Well, for your sake, I'll try my best to help." Wang Fan sighed and stood up slowly.

But as soon as he got up, Xiao Ying ran to Wang Fan and dragged him back, "what are you doing? What are you going to do? Didn't you tell me not to move? Who is responsible for the accident?"

Youth also really can't help but say, "if you don't have the ability, don't install the fork. If you don't install the fork, no one will treat you as dumb. Pang team can handle it alone."

Hiss.

As soon as his words fell, the murderer's blade rolled up and cut Pang Weibo's right arm.

Pang Wei Bo's sharp blade rolled up a piece of blood mist. Pang Wei Bo was in pain. He could not help choking at the corner of his mouth, and his movements were somewhat dull.

With this gap, the assailant had already laughed, raised his right leg like a startled goose and kicked Pang Weibo in the chest.

With a loud bang, accompanied by a crack of bone fracture, Pang Weibo ejected a large amount of blood mist and fell to the ground like a shell.

With a roar, he fell in front of the youth and others, spewing out a large cluster of blood again, and his face turned pale.

Looking at this scene, the young man's face was ugly for a moment, and he could not say a word any more.

Xiaoying was also shocked, with her mouth wide open and her face pale.

Pang Weibo is not the opponent of the murderer, they are not the opponent of the murderer, this time, I'm afraid it's over.

With the character of the murderer, he will definitely kill them.

## **Chapter 627**

Pang Weibo fell to the ground and turned pale.

He knows, they're done.

He never thought that the murderer would be so powerful that he was not even an opponent.

He finally understood why, after several rounds of arrest, the murderer was able to escape easily.

The strength shown by the murderer is not surrounded by many people, unless several experts or heavy weapons are mobilized.

"Ha ha, Pang, what else can you do now? Damn, I've been chasing me for so long. I've already had enough of you. "

"If I hadn't been afraid of the forces behind you and the siege, I would have killed you every minute. How could I have tolerated you until now?"

"Well, I will kill you today to avenge my dead brothers. Don't worry, these two girls under your hand, I will treat you well in your face. "

Looking at the half dead Pang Weibo, the murderer seemed to spit on the ground, and then swaggered over with a leaf knife.

Looking at his ferocious expression, it is obvious that Pang Weibo will be solved with one knife.

"Son of a bitch, I'll fight with you." The young man saw that the murderer ran to Pang Weibo and bit his teeth. He could not help rushing to Pang Weibo.

Vertical and horizontal is dead, it is better to spell.

"Come back." Pang Weibo saw that the young man rushed to the murderer. His face suddenly changed. Regardless of the injury, he couldn't help cheering.

But his voice is obviously slow, even if it is not slow, the youth will not listen to him in this case.

"It's just a clown who dares to fight with me. Kneel down for me!" The murderer laughs, his eyes twinkle with disdain, and the blade goes out in an instant.

With a hiss, before the young man rushed to the murderer, the blade cut his chest and raised the blood mist.

The young man felt the piercing pain and turned pale.

He never thought that the murderer who had fought with Pang Weibo for such a long time was so

strong that he didn't even have any resistance.

The murderer didn't give the youth time to think at all, so he rushed forward and kicked the youth in the cheek.

With another bang, the young man fell straight from mid air and couldn't get up after falling to the ground.

"Xiao Liang, are you ok?" Pang Wei Bo's eyes were ready to crack. He struggled to get up, but he was too injured to get up.

The young man, who was called Xiao Liang, struggled a few times, but in vain. Finally, he fell to the ground, and there was no more movement.

Xiao Ying was almost mad at this scene.

She wanted to rush out, desperate to fight with the murderer, but she finally put up with it.

There was no point in her rushing up or not.

Pang Weibo looked at the murderer and said difficultly, "murderer, you're the one who planted it in your hands. If you want to kill or cut it, it's up to you. I only ask you to do one thing and let my subordinates go."

"They are ordinary people. They can't threaten you. Even if you let them go, it won't affect you."

Pang Weibo knew that there was no hope for his life, so he could only find a way to excuse Xiaoying and others. Although he knew that the hope was slim, he still wanted to have a try.

"Ha ha, are you dreaming? Let them go and let them bring someone to kill me next time? I'm so retarded?" The murderer sneered with disdain,

"what's more, there are no ordinary people and non ordinary people in my murderer's eyes, only the enemy and my own people. I'll kill one as well as two. Why let them go? "

"But don't worry, I won't kill you so soon. I'll treat you these two beauties in front of you."

The murderer laughs wildly, and has wandered to Wang Fan and Qin Xue. He looks at Wang Fan coldly and hums, "do you want me to do it or do you want me to do it?"

"If you hurt yourself, you will suffer less, but if you want me to do it, you will be worse than dead. You are a smart man. I hope you don't let me down. "

The murderer looked down at Wang Fan with a look of indifference.

Just, although he didn't put Wang Fan in the eye, but now Pang Weibo's only man who didn't get hurt is Wang Fan.

He doesn't want to be interrupted by Wang fan or give Wang Fan a chance to sneak attack when he enjoys women.

Wang Fan listened to the threat of the murderer, but his face didn't change. He patted Qin Xue on the shoulder to comfort him, and then stood up.

"I'm sorry, I don't want to hurt myself, and I don't want to be tortured by you. I choose the third way."

Looking at Wang Fan's expression, the murderer couldn't help squinting. He felt that something was wrong, but he didn't care.

If Wang fan is really powerful, I'm afraid he won't let Pang Weibo and others get hurt. In his opinion, Wang fan is mostly a Hun Ren.

"What's the third way?" Asked the murderer.

"I'll kill you." Wang Fan's expression is extremely serious. "Give the shameless thing to die!" The murderer's face changed as soon as he listened to these words. Without any hesitation, ye Dao drew out again.

It has to be said that this guy's Ye Dao is very smooth. Almost at the moment of making a move, there are many Dao shadows. He is so energetic and willful that he can't tell where the blade is.

Qin Xue felt the sharp edge of the knife, and her whole heart was raised.

She was not sure whether Wang Fan would be the opponent of the murderer. After all, the murderer was so fierce that even Pang Weibo was defeated by the murderer.

But now Wang fan is her only hope. If Wang fan can't deal with the murderers, they will be more or less.

Pang Weibo sighed and closed his eyes.

He can't see Wang Fan well at all.

Xiao Ying can't help turning her head to one side, but she can't help scolding in her heart.

It's really a dead end thing. Even Pang team is not the opponent of the murderer. I don't know where he comes from.

Ah, just look for death. Anyway, Pang's team has lost. Sooner or later, they will die. It's better for Wang

Fan to die in such a brave battle than to be killed as a turtle.

Wang Fan didn't pay attention to people's thoughts. At the moment when the murderer's blade was drawn out, he turned out countless silver needles in his hands and threw them out without looking at them.

He had been observing the fight between the murderer and Pang Weibo. Although he didn't pay much attention to the murderer, he still didn't dare to be careless.

The blade of the murderer is really too smooth. If one is not good, he will be hurt.

In fact, Wang fan can avoid the fierce knife of the murderer, but he can't. behind him is Qin Xue. Once he hides, Qin Xue will be more or less.

Ding Ding, the local voice came out, the silver needle and the murderer's blade collided together, stirring a slow spark.

But Wang Fan didn't stop. At the same time when the jingle came out, he had already found the real body of Ye Dao, and then gathered a fist and blasted out.

Wang Fan's fist seems to be plain, but it rolls up the strength of the sky, as if it is a sharp blade, invincible.

A stabbing sound, his sleeve was cut by the force of the blade, even with blood.

But Wang Fan's face didn't change. His fist went through the shadow of the knife and pointed directly at the murderer's chest.

The murderer felt the scene and his face suddenly changed.

At this time, he didn't know. Wang Fan, the bastard, has been playing the role of pig and eating tiger all the time. He is the strongest person in this. He is even more powerful than Pang Weibo.

It's just that some of the murderers don't understand why Wang fan is so powerful. Why don't he join hands with Pang Weibo in advance, but wait until this time?

## **Chapter 628**

The murderer didn't care to think so much, or Wang Fan didn't give him so many opportunities to think.

Wang Fan's fist has penetrated the shadow of the knife and banged on his chest.

Click.

A cracked voice sounded, and the whole murderer was shot up in an instant and fell back.

His mouth was full of blood mist.

It never occurred to the murderer that he would suffer a heavy blow.

If he didn't look down on Wang Fan, he would not be so passive now even if he used to be more aggressive. However, no matter how much he regretted at this time, it was too late.

However, even so, the murderer is not a simple person, his actual combat experience is too rich.

At the moment of flying backward, he forced himself to bear the sting, and the blade rolled up again and roared to Wang Fan.

He wants to give himself a chance to breathe. He can't let Wang Fan chase after him.

Another sky full of knife screen flickers. Although the murderer of this knife is injured, it is more powerful than the previous one. I don't know how many times.

All over the sky, the sword curtain rolled to Wang Fan again, and even Wang Fan's face became slightly dignified.

Wang Fan originally really intended to rush up to kill the murderer. After all, he wanted to kill him while he was ill. This has always been Wang Fan's aim.

Just the assailant's counterattack made Wang Fan have to give up his mind. In Wang Fan, he didn't want to talk nonsense with the murderer at all. After that, he directly kicked in the past.

This kind of person, if did not offend even if, now has offended, how can Wang Fan let him go?

Although Wang fan is not afraid of the murderer, he is not alone. He has many people. If the murderer retaliates with the people around him, it will be a big trouble.

Moreover, Wang Fan also believes that if the murderer can get away today, he will surely get revenge in the future.

This kind of person kills countless people and is a famous felon in the world. How can he care about a few ordinary people. His revenge will be even more bottomless.

"To die!" The murderer was furious and looked at Wang Fan's kick. He roared wildly and then punched.

He was so angry that he was about to vomit blood. He doesn't want to fight any more. This guy is still reluctant. Do you really think he is a bully?

His assailant must let Wang Fan know that even if his assailant is injured, it is not just Wang Fan who can

shout.

Pang Wei Bo's face was ugly for a moment, and his heart was crying for the end.

He almost hated Wang Fan. This guy didn't listen to the instructions.

## **Chapter 629**

Wang fan saw the assailant's blow, and he secretly laughed.

If this guy still uses that blade knife, he might be a little scared.

After all, no matter how hard his legs are, they can't be as hard as other people's Ye Dao.

It's just that this guy should use his fist. Don't blame him, Wang Fan.

Wang fan doesn't believe that the murderer's fist is more powerful than his leg.

Of course, the murderer is also helpless, Wang fan so close, and is abrupt foot, where does he come from and wave leaf knife ah. Boxing is just a reflex.

Bang to a collision, issued all over the sky, the murderer instantly felt wrong.

A violent force poured in, and his whole body was overturned, and a blood mist was ejected from his mouth again.

Endless regret has sprung up in his heart, and he has been calculated by this son of a bitch.

Obviously, Wang Fan's sneak attack on him at such a close distance was to induce him to fight, not to use Ye Dao.

He was really taken in.

When the murderer thought of this, he almost spat out another mouthful of old blood.

No matter what, his murderer is also a man who has experienced many battles. Today, he is very good, but he has been schemed by a grasshopper. He has the heart to die.

"Murderer, aren't you very good? Why do you have such strength? In that case, you won't be able to leave today. Come on, give me another punch. "

Wang Fan didn't give the murderer the time to react, let alone the time to use the leaf knife. With the sound, his body was close to the murderer, and his fists bombarded him wildly.

At such a close distance, it is impossible for the murderer to wave Ye Dao. On the contrary, ye Dao has

to protect my life."

Wang Fan Leng for a moment, "Oh, life saving things? Let's see. "

"I can tell you the secret. I just hope you'll save my life." The murderer said difficultly.

Wang Fan sneered, "you are not qualified to talk about the conditions with me. What's more, the things you think can protect your life may be worthless with me."

"If you have something to say, even if you don't say it, I'll give you two seconds. If you don't say it, I'll step on your legs."

When the murderer heard this, he was in a cold sweat.

This guy is a devil. He's so cruel.

Can he not understand Wang Fan's meaning? Obviously, if he doesn't open his mouth, Wang Fan will crush his legs.

Now his hands are useless. If his legs are useless again, he will be a real useless man. It's better to die than to live.

Although the murderer was not ashamed of Wang Fan's behavior, he had no choice but to bite his teeth and said, "in fact, I came to China for a purpose this time."

"My goal is not Jinzhou, but the nearby Red City. It is said that there is a magic medicine garden in the snow mountain of Hongcheng, which even has withered yellow grass. "

"Elixir garden? Withered yellow grass Wang Fan couldn't help but be shocked. He coldly looked at the murderer, "you can't tease me, can you?"

"Red city is just an ordinary city. How can there be a magic medicine garden or even a treasure like withered yellow grass? Do you know the price of cheating me? Believe it or not, I'll kill you right away?"  
"Wang Fan was really shocked.

For a long time, it is difficult for the secular world to have the spirit grass. At the beginning, it was lucky to have a hundred years of green leaves in the secular world.

Now, there are withered yellow grasses that are even worse than the hundred year old green leaves. It's almost impossible.

What's more, what's in the elixir garden? Even those old guwu families don't necessarily have it.

After all, it's too difficult to form a miraculous medicine garden, and the demand for the aura of heaven

and earth is very high.

Even if we leave aside the elixir garden, the value of a withered yellow grass is much higher than that of the original hundred year old green leaves.

Once this kind of news comes out, not to mention the ancient martial arts experts in the secular world will come out. I'm afraid that even those families who can't leave the world will be unable to sit down.

"If you think I'm lying to you, you can take me for granted. Anyway, I got the news by accident. I don't know if it's true. I only know that countless people have gone to red city. "

The murderer said with a sneer.

"Well, your life is saved. I'll trust you for once." Wang fan saw that the murderer didn't seem to be lying, so he didn't feel embarrassed. Instead, he went to Qin Xue.

"Snow elder sister, this person has no threat, what do you think to do? Kill or take it back? "

Listening to Wang Fan's words, Pang Weibo's faces were hot. Wang fan doesn't listen to them, but now he even asks Qin Xue. It's just a slap in the face.

However, no matter how much anger they have, they can only bear it.

"Take it back with you." Qin Xue said.

"That's good." Wang Fan nodded and directly carried the murderer to Qin Xue.

Qin Xue opened her mouth and said, "Wang Fan, Pang team, they are injured. Can you help them treat them?"

Although she didn't want to open this mouth, after all, Pang Weibo's identity was there, and Wang Fan was skilled in medicine, so she couldn't help it.

"Well, I didn't want to pay any attention to them, but since Xuejie asked, I'll try my best to help."

Pang Weibo almost vomited blood when he heard this. Just as he wanted to say that he didn't need your help, Wang Fan had already taken out the silver needle and pricked it up on him.

Before long, he was shocked to find that his wound had healed and he could stand up.

Pang Weibo looks at Wang Fan with a shocked face.

Against the sky, it's too against the sky.

Wang Fan was too lazy to pay attention to Pang Weibo's shock. He went to the young man and kicked him twice. He found that the young man was still alive, so he treated him again.

Anyway, it doesn't matter to help one or two.

Before long, the young man woke up and stood up. Like Pang Weibo, he was shocked.

At this time Pang Weibo didn't know that Wang Fan was really not simple.

He went to Wang Fan and said with a red face, "thank you. I owe you a favor this time."

Even Xiaoying blushed, "sorry, I apologize for my attitude just now."

Wang Fan waved his hand, "you're welcome. Acquaintance is fate. I'm very grateful if you can take care of sister Xue for me in the future. Well, take the murderer back quickly. I'm going home, too. "

Although Wang fan doesn't like Pang Weibo, he doesn't need to give his face since others have bowed their heads.

What's more, Qin Xue has to mix in the system. Even if Wang fan doesn't think about himself, he has to think about Qin Xue.

"It will, it will." Pang Weibo nodded. Of course, he knew that Wang Fan was so polite to pave the way for Qin Xue.

But he doesn't mind. He has seen Wang Fan's adversity. He has surpassed countless people just by his medical skills.

Plus Wang Fan's attention to Qin Xue, he made good friends with Qin Xue, which is equivalent to making good friends with Wang Fan.

A group of people soon separated, Pang Weibo and others returned to the police station with the murderer, while Wang Fan went to the security company.

He plans to go to the red city, the first is to see Gong Feixue, the second is to see the withered yellow grass.

If you don't hear this kind of news, you can count it. Now that you hear it, Wang Fan must go to have a look.

His cultivation stagnated because there was no such spiritual grass.

**Chapter 630**

Wang Fan has been in Jinzhou for such a long time. There have been many wars and even several times he almost lost his life.

Although his combat effectiveness has been improved a lot, his accomplishments have not been improved at all. Except for taking the hundred year old green leaves, he has no further improvement.

Although Wang fan is not worried on the surface, he is worried in his heart.

In this way, even if he died of old age, he would not be able to enter the "Yuan gate" or even take revenge.

Let alone Yuanmen. It's just a dream Pavilion. He can't make it. What else can he talk about to get revenge on those people?

Therefore, whether the news of withered yellow grass is true or false, Wang Fan wants to go and have a look.

Even if he knew that if Kuhuang grass really existed and the elixir garden really existed, it was bound to cause the madness of some guwu families and even some peerless strongmen, he would not turn back.

Now that Wang Fan has got the news, this is the chance. If he doesn't dare to go, he's going to talk about revenge.

"I'm going to Hongcheng. The time is not fixed. I'll leave everything here to Qingcheng. If there's something that can't be solved, just call me and I'll be back as soon as possible. "

Wang Fan called everyone together and said to the point.

He didn't say anything about the withered yellow grass, let alone the elixir garden, because other people present had no idea except Pei Qingcheng.

What's more, the withered yellow grass is too bad. If Wang Fan says it, maybe Pei Qingcheng will be worried and cause the whole group's high-level panic. That would be unnecessary.

"Don't worry, Wang Shao. I'll handle the company's affairs well. As long as Yuanmeng Pavilion doesn't invade on a large scale, there's nothing wrong with me."

"Just, if you go to red city, do you want to take some people. It's not to protect you, it's just to make it easier for you to go out and do things Pei Qingcheng said.

"No, I can go there alone. I'm mainly going to do some private business this time. I'll see Feixue by the way. There's no need to take someone with me. "

"What's more, the company is now in the stage of development, and there is a shortage of manpower.

There is no need to increase pressure on everyone."

Wang Fan said. He went to fight for the spirit grass. It's meaningless to lead people. If the opponent is too strong for him to stir up, even if he brings people, it's cannon fodder.

If it's a security company, Wang fan may really take people to the store, but it's really unnecessary to rob lingcao.

Pei Qingcheng heard Wang Fan say so, also did not persuade.

Although Ning Yao does not give up Wang Fan to leave, she also knows that this is impossible.

Wang Fan has his own things to do, it is impossible to accompany her every day.

Wang Fan also briefly said a few words, told everyone to be careful, especially told Chu Wei not to be too high-profile, this just scattered the meeting.

After Xu Ruyun left the conference room, Pei Qingcheng didn't leave. She looked at Wang Fan and said with some worry,

"did you go to Hongcheng for kuhuangcao and the elixir garden? In fact, I heard about this news a few days ago, but I didn't tell you all the time."

"What I'm afraid of is that you go to join in the fun, but I didn't expect that I didn't tell you the news, but you still know."

Pei Qingcheng's face is very dignified, "I know that no matter how I advise you, I'm afraid I can't stop you from going to Hongcheng. I just want to tell you to be careful."

"Because I have heard that for the sake of the elixir garden and Kuhuang grass, there are many old families and old monsters out of the mountain."

"Among these people, there are many experts in the middle and even the peak of congenital. Even I heard that there are congenital perfection."

"They all went to the elixir garden and the withered yellow grass. You should know that in addition to the mysterious Yuanmen, whether it's the guwu family or the secular world, the spirit grass is extremely rare and can't be found."

"The lingyao garden is even more legendary. Let alone you and me. Even those guwu families, I'm afraid they haven't seen it in their whole lives."

"From this we can see the madness and difficulty of this trip to red city. If possible, I would advise you not to wade in this muddy water."

Pei Qingcheng is really worried about Wang Fan. After all, although Wang Fan's strength is strong, he can kill the elite. But what about congenital peak and congenital perfection?

In the face of those people, I'm afraid Wang fan can't see enough.

This time, the withered yellow grass in the elixir garden attracted so many top experts. How can Wang Fan please himself?

Maybe one of them is that there are no bones left.

After all, the news is so crazy, even so crazy that people can't imagine it.

Wang Fan looked at Pei Qingcheng's face and said with a smile, "I want to see whether I can get it or not."

"Of course, I'm not a fool. How can I be stupid enough to die? If possible, I will snatch. If it's not possible, I won't do it. "

"Besides, I'm still young, I still have so much money to spend, so many girls to soak, even you didn't touch, how can I be stupid to die.""Don't worry. I'll be careful when I come back. If I don't get the withered yellow grass, I will forget you

Wang Fan said with a laugh.

Pei Qingcheng listens to this words, in the heart can't help but mercilessly shake for a while.

She did not expect that Wang Fan could say such a thing.

You know, the withered yellow grass is very rebellious. For this thing, it's light to say that it's fratricidal. How can Wang fan not shock her by saying that he won't forget her?

Even if Wang Fan just said it, it has moved her. What's more, she can feel that Wang fan is not perfunctory, but from the heart.

Pei Qingcheng looks at Wang Fan, and her expression suddenly becomes serious. After a while, she smiles, "Wang Shao, why don't I give it to you now? I'm afraid I won't have a chance in the future, and I'm afraid I'll leave a regret for myself."

"Don't worry, I'm willing to celebrate your return in advance. Anyway, I'm a woman. Sooner or later, I'll be cheaper than a man. I'll give it to anyone, but it's better to give it to you. "

Wang Fan blushed, touched his head and hummed with pride,

"how can you do that? You are taking advantage of others' danger. In this way, even if you conquer me, you can't conquer my heart. Let's wait until you conquer my heart. "

With that, Wang Fan quickly left the meeting room.

Pei Qingcheng is a bit too much for people to eat. He is really afraid that he can't help eating this woman.

Wang Fan originally wanted to blame Pei Qingcheng for a few words, but he didn't tell him the first time when he knew the news, but he didn't have the heart to blame in the end.

Pei Qingcheng looks at Wang Fan's back and says nothing for a long time.

Wang Fan's refusal of her dedication was both expected and unexpected.

Wang Fan did not delay, and soon got on the train to Hongcheng.

This kind of thing should be done sooner rather than later. If he goes late, he may not even be able to drink soup.

On the train, Wang fan saw many unusual people.

Most of these people are people who have experienced blood training. Even some women are not ordinary. They can feel their coldness even from afar.

Looking at these people, Wang Fan couldn't help screaming.

Nima, how many people were shocked by the elixir garden and withered yellow grass in red city?

He doubted whether he was the last to know the news.

When Wang fan saw two postnatal peaks and one congenital beginning, he could not calm down any more.

Just this train, a carriage, he saw so many experts, can imagine, red city there will be how crazy.

"Brother, are you going to red city, too? I'm matchless. Just call me Xiao Shuang. I think you're alone. Do you want a company? "

Just when Wang Fan couldn't help cursing his mother, an enchanting woman with excellent demeanor curled over.

The appearance of women in their thirties is full of young women's amorous feelings.

Although her appearance is not brilliant, her figure and demeanor are wonderful, and her every move is full of temptation.

In particular, her eyes contain spring, and the waves in front of her chest can shock people's eyes.

She stood there looking at Wang Fan, did not move, can give Wang Fan's feeling, as if her whole body is twisting, let a person some can't hold.

As soon as Wang Fan's mind was tight, he came back in an instant.

He looked at the woman carefully, but was shocked to find that he could not see through.

There are so many people in the carriage, Wang Fan would not be silly to think that this woman has taken a fancy to herself and has come to sell coquettishes.

But Wang Fan couldn't figure out the woman's purpose. He was surprised. Was he from the dream pavilion? If this woman is from the dream Pavilion, her fate will be a little bad.

Wang Fan's mind flickered, but on the surface he made a nervous expression. "That, sister, I'm traveling to red city. I've made an appointment with my sister. She's waiting for me there."

Wang Fan said with a red face, as if talking to women, especially beautiful women, would be shy. He made a face that he had never seen the world, let alone a woman.

His heart is thinking, roll ah, hurry roll ah, don't bother grandfather, grandfather can't pay attention to you this bitch.

Wang Fan also believed that the woman understood what he meant, that is, he had company, his sister was waiting in red city, and he didn't want to be with this woman.
