

## **MIGHTY SK 631**

### **Chapter 631**

"You're also traveling to red city, so am I. I'm a stranger from other places. I think we'd better get together. "

Ji matchless didn't seem to recognize Wang Fan's meaning. With a surprise, he looked at the passenger beside Wang Fan, "this big brother, can you change the position? I want to be with my brother."

Wang Fan listened to this, almost want to bump dead.

This woman's face is really thick enough. Isn't her refusal tactful enough?

His heart is also very shocked, it seems that this woman is to find him, ah, just do not know what the purpose of this woman.

Wang fan is sitting next to a man in his forties with a beard and beard. This man is full of vigour, but according to Wang Fan's perception, his strength has not yet reached the day after tomorrow.

He didn't want to change seats, and even wanted to eat Ji Wushuang tofu, but Ji Wushuang's face changed greatly after showing a little momentum.

"Yes, I'll change it with you." He did not dare to hesitate, quickly left the seat, went to Ji unparalleled position, even did not dare to see Ji unparalleled one more.

Obviously, he also knows that Ji Wushuang is not the person he can provoke. If he offends Ji Wushuang, his end will be miserable.

A tempting aroma came, Wang Fan's heart began to thump. The woman herself is already very attractive. Even Wang Fan still wonders what perfume she has sprayed.

Wang fan doesn't want to offend this woman.

The first is that he can't see through the woman. The second is that if he doesn't get to Hongcheng, he will offend such a powerful master. He doesn't know how he died, let alone the withered yellow grass in the elixir garden.

Previously, Wang Fan had shown a shy look that he had never seen a woman before. Now, naturally, he had to pretend.

He blushed and lowered his head. It seemed that he was very nervous. He rubbed his hands and didn't know what to do.

But the passengers around were already whispering, especially some male passengers. The eyes looking

at Wang Fan were full of envy and jealousy.

Most of the people in the car are those who lick blood on the tip of the knife. Naturally, they are more daring than ordinary people.

Journey slowly, Ji matchless so beautiful a woman even take the initiative to chat up with Wang Fan, also a pair of upside down appearance, how can they not envy.

Wang Fan listened to those whispers, really want to stand up and roar: you like it, you take it away quickly, I don't want to be with this bitch.

"Cluck, big brother, why are you so nervous? My sister doesn't eat people. By the way, what's your name? "

Ji matchless looking at Wang fan that the facial expression of embarrassment, seem to feel very interesting, giggle straight say.

At the same time, he unconsciously leans to Wang Fan, and the whole upper body is about to stick to Wang Fan.

"Big sister, I'm not nervous. I'm wang fan." Wang Fan said.

Although he said that he was not nervous, his tone, coupled with his stuttering, obviously said that I was really nervous.

"Wang Fan? Cluck, good name, good name Ji matchless chuckled, "brother Wang Fan, haven't you talked about your girlfriend yet?"

Ji matchless said, the body has been close to Wang Fan, a hand even put on Wang Fan.

That frivolous appearance, live off a small fresh meat of the old woman.

Wang fan is about to die of depression. He has been flirting with Niu all his life. Today, he was flirted with by Niu. It's amazing.

He really wants to seize this Ji matchless hard to two, just think of each other's strength, he did not dare to make a mistake.

Wang Fan really can't understand that there are so many people in the car, and he is not handsome enough to cry. How can Ji matchless find himself.

"No, No." Feeling the heat of Ji matchless body, and the hand that makes trouble, Wang fan can only say nervously.

He is about to cry, in public, this woman even moves, how can't wait.

If you want to be an ordinary woman, Wang fan can find an excuse to escape even if he can't go back. But this Ji is matchless, obviously a little unusual.

"Sure enough." Ji matchless giggled again, but the hand didn't stop. "Big brother, they are strangers. When you get to red city, you should take care of your sister."

While she was talking, she was getting closer to Wang Fan. The heat from her mouth even hit Wang Fan.

There was a trace of confusion in Wang Fan's eyes and a touch of evil fire in his heart, but it was soon suppressed.

"Sure, sure." Wang Fan mouth said, no longer dare to let Ji matchless continue, but stood up, "that sister, I want to go to the bathroom, later come back to chat."

"Oh? Would you like to go with me?" Ji matchless asks a way, but it is to spread legs, gave up a position.

Wang fan is a burst of dry mouth, quickly waved, "no, no." Said, he rubbed Ji unparalleled legs to leave the seat, fled to the bathroom.

Ji Wushuang looked at Wang Fan's back and thought, "this little guy seems to be afraid of me. Is he aware of my strength?"

Soon Ji matchless shook his head again, "shouldn't ah, just a day after the peak of the little guy, how can I feel the strength."

"It's said that this guy is not very lecherous. How can he resist it when I have to paste it upside down? There seems to be some deviation in the rumor. "

"It's interesting. It's really interesting, but I don't believe you can escape from my matchless palm."

Ji matchless soliloquy, then took out the mobile phone to play, neither with Wang Fan in the past, and did not pay attention to Wang Fan.

However, look at the expression on her face at this time, where there is the kind of coquettish that can't wait before?

Wang Fan didn't know what Ji Wushuang thought, so he ran to the bathroom.

After running to the bathroom, he groped on himself and quickly found a locator the size of a grain of rice.

Wang Fan's face became gloomy. The girl was really upset and kind-hearted.

He just couldn't figure out what identity Ji Wushuang was and why he was targeted at him?

If Ji Wushuang is a member of the dream Pavilion, she can do it directly. Wang Fan believes that with Ji Wushuang's strength, she will not be an opponent.

But if Ji Wushuang isn't a member of Yuanmeng Pavilion, who will she be? I haven't offended this person.

Soon, Wang Fan's face was ugly again, and he even found a locator.

This locator is much more hidden than the previous one. If Wang Fan was not careful enough, he would not have noticed it at all.

What a treacherous woman! She almost fell for it.

Wang Fan has a deep fear of Ji Wushuang.

According to the general situation, Wang Fan will surely relax his vigilance when he comes up with the first locator, and he will not have the heart to find the second locator.

In this way, Ji Wushuang can easily lock his position. Fortunately, I was careful, otherwise I don't know how to die.

Wang Fan continued to grope on his body. After more than ten minutes, he was finally relieved.

It seems that Ji Wushuang just put two locators on her body, or the third one hasn't come yet.

Wang fan installed the two locators, quickly left the bathroom, and then ran toward the other car.

Ji matchless side, Wang fan is afraid to go back, he just want to leave this woman the farther the better.

## **Chapter 632**

"Eh, this little guy found my locator and wanted to run?" Wang Fan's run the first time, Ji matchless noticed, and raised his head.

"It's a little bit interesting, little vigilant." Ji matchless playful murmur, but did not chase.

Her mobile phone screen did not know what system she entered. Two red dots appeared on the system. At this time, the red dots were moving rapidly.

Obviously, those two red dots are locators.

Wang Fan ran several cars in one breath, then stopped, and then hid in a hidden position to stare at Ji

Wushuang's position.

Although he knew that as long as the locator was on him, he couldn't escape Ji Wushuang's lock. Only from Ji unparalleled far away, he will be at ease.

These two locators Wang Fan also did not throw down, but has been carrying on the body, he is afraid that he throws down, Ji matchless will discover.

Wang Fan's luck was pretty good. After a few minutes, the car stopped at the station.

This stop is not red city, but Wang Fan still did not hesitate, quickly ran down.

He doesn't want to be in the same car with Ji. It's really dangerous.

Bang, Wang Fan patronized the car, but accidentally bumped into a man in his thirties.

As soon as the man got out of the car and was ready to light a cigarette, he was hit by Wang Fan, and then the lighter flew out.

Wang Fan Khan, quickly apologized, "I'm sorry."

The man was a little upset, pointed directly at Wang Fan's nose and scolded, "you don't have eyes, get off the car in a hurry, and get reincarnated?"

"I'm sorry, that lighter is imported. Now it's broken by you. I'll lose money."

Wang Fan listened to this, angry can't help but come up, just think of Ji matchless, or suppressed.

Without any hesitation, he took out his wallet and handed it to the man. "I'm sorry, I'm afraid that's enough, isn't it?"

Based on the idea that more is better than less, Wang Fan plans to spend money to avoid disaster.

He saw the lighter just now. The one sold in the supermarket for one yuan is not imported at all.

But at this point, Wang fan doesn't want to argue. After all, it's a big deal. If Ji Wushuang is brought here, he'll fart.

"A thousand? Where are you going to send the beggars? Don't think this is the platform, I dare not move you. Leave all the money in your wallet, or don't blame me for being impolite. "

The man reluctantly said, but also close to Wang Fan, seems to be afraid of Wang Fan run away.

When Wang Fan just took out the money, he saw that there were at least two thousand yuan in Wang

Fan's wallet.

It's a windfall, three thousand yuan. Even if he gets off the car to fight with Wang Fan and goes to Hongcheng, it doesn't matter.

Besides, the lighter was his. Although it was not valuable, it was damaged by Wang Fan after all. He killed himself. The lighter was imported, and the police couldn't do anything to him when they came. What's more, he wasn't grass-roots.

Of course, if Wang fan is more powerful, maybe he will give him three or five hundred, and the man will not care.

Can see Wang fan so soft egg, and see Wang Fan as if anxious to get off the car, where the man will tube so much. Meet such a silly fat sheep, don't kill is he silly than.

Wang fan is a little speechless. He has seen shameless people, but he has never seen such shameless people. He doesn't know. Is this guy interested in the money in his wallet?

Wang fan is not willing to suffer losses, and he will not be used to this guy. Just as he was going to put away the thousand yuan and teach the man a lesson, his face suddenly changed.

He saw Ji Wushuang coming through the window.

See Ji matchless, Wang Fan where also have the heart to think other, directly the wallet inside the ID card bank card out, and then all handed to the man.

The man saw Wang fan so honest, instant smile, pointing to Wang Fan's nose, cheered, "count your wit."

"Yes, yes, I hope you can enjoy the three thousand yuan." Wang Fan said, quickly into the stream of people, left the platform.

When the man heard Wang Fan's threat, he planned to say something, but at this time, the conductor had whistled to let the people smoking on the platform get on.

The man listened to the whistle and looked at Wang Fan, who disappeared without a trace. He could only sigh helplessly and grabbed Wang Fan's wallet and got on the car.

Creak.

The door closed and the car moved quickly.

Ji Wushuang was afraid of Wang Fan getting off the bus, so she came to have a look.

But she was a little late. As soon as she got to the red spot, the door was closed.

Ji Wushuang didn't see Wang fan outside the platform, and didn't see Wang fan out of the station, so the moment the door was closed, she felt something was wrong and took out her mobile phone directly.

Looking at the mobile phone, her face suddenly gloomy.

The two red dots on the mobile phone have been separated, one is not far from her, and the other is moving and going further and further. Ji matchless instant know, either is Wang Fan midway off, or Wang Fan found out one of the locator, put on a midway off person.

Although she didn't know which possibility it was, she felt that the second possibility was more.

Because she really can't believe that Wang Fan, a big man, should be so careful to find out the first locator, but also find out the second locator.

You know, the location of her second locator is very hidden.

"Brother Ming, you're lucky. You'll earn 3000 yuan by smoking a cigarette. When you get to Hongcheng, you must treat your brother to a big meal."

"Ha ha, that's for sure. I just casually said that the lighter is imported. I wanted to have more money, but I didn't expect that silly guy took it seriously. I should have known more. "

"Ah, yes, thanks. We should have followed that silly boy out of the car. Look at that silly guy. He must be a man with a lot of money and no place to spend. He is also timid. "

"Who said no, it's just that silly is a little too fast to run. When I react, I can't see anyone. Forget it. He's lucky. "

The man who blackmailed Wang Fan 3000 yuan is whispering with his companion, but in the middle of the conversation, his voice suddenly stops.

His side unexpectedly appeared a mature woman full of young women's amorous feelings. At this time, the woman was looking at him with a smile. His eyes like water made him blush.

The man's companion also saw the woman, his eyes were dull and his breath became short. That shining eyes, as if eager to put a woman on the spot.

"Brother, can I sit with you for a while? I want to ask something." Ji matchless looking at man companion, say.

The tender and crisp voice made the man's bones numb.

"Yes, of course." The male companion naturally did not have any hesitation, hastened to stand up, rushed to the toilet direction.

He was a little envious in his heart. His companion was really lucky. As soon as he blackmailed 3000 yuan, a beautiful woman came to the door.

"Brother, I just heard what you said about 3000. What's the matter?" Ji matchless looking at the man, Jiao didi asked.

Her heart has been uncomfortable, Wang Fan even put the locator on such a goods, obviously, Wang Fan has left the car.

### **Chapter 633**

The man hears Ji matchless to ask his words unexpectedly, use of still so Jiao Di Di's voice, the moment some heart is fiery.

He rose red face, while boasting, while can't help but start to move, but were Ji unparalleled hidden past.

Two minutes later, Ji unparalleled holding Wang Fan to the man's wallet, face thoroughly ugly.

She knew that Wang Fan really ran away. Wang Fan put one of the locators in his wallet and gave it to the man, which obviously confused her.

"What a determined and cunning boy." Ji matchless mouth whispers, she can only pray that Wang Fan won't find another locator, and is don't change clothes.

Once Wang Fan found another locator or changed her clothes, it would be difficult for her to find Wang Fan.

"Sister, what do you think? Do you have any relatives in Hongcheng, or I'll find you a place to live?"

Men see Ji matchless seems to be thinking about things, the heart is ready to move, while saying, while extending his hand again in the past.

Ji matchless sneer, stretched out the white right hand in the man's head up for a while, the man instantly lay on the small table, as if asleep.

She is in a bad mood. This guy is still acting. She is really looking for death.

Wang Fan didn't know about Ji Wushuang. After he left the station, he stuck the locator on a stray dog, and then found a hotel to stay.

Ji unparalleled appearance to Wang Fan sounded the alarm, he did not dare to show his true colors.

Although he doesn't know why Ji Wushuang put a locator on him, it's lucky for him to avoid this time. Next time he meets Ji Wushuang, it won't be so easy to avoid.

What's more, there are so many experts on the train, which makes Wang Fan more careful. He still underestimated the madness of the elixir garden and the withered yellow grass. He must be more careful.

Wang Fan tossed about in the hotel for more than two hours. When he came out, he had changed his face and turned into a man in his thirties.

In the train, he found that this kind of rough crazy man is the most, easy to look like this, it is not easy to attract people's attention.

After Yirong, Wang Fan changed his clothes and took a taxi to Hongcheng.

In the taxi, Wang Fan called Gong Feixue. Since he came to Hongcheng, he said he would go to see Gong Feixue for everything.

But Gong Feixue didn't answer the phone. Wang Fan felt strange, but he didn't think much about it. He took a taxi to Gong Feixue's place.

Red city, Repulse Bay villa area.

This is the largest and most luxurious villa area in red city. The environment is elegant, fresh and natural. Both greening and construction in the area are first-class.

Those who live here are also some local rich people in red city, who are rich or expensive. It can be said that living here is a symbol of identity.

One of the villas is brightly lit, but the atmosphere is dignified.

Gong Feixue was dressed in red, enchanting and charming.

But her face was very ugly, and there was anger in her eyes.

Beside her, there were also a group of bodyguards with the same gloomy face. All of them looked ahead like enemies.

In front of Gong Feixue, there are still more than a dozen people, led by a young man in his twenties.

With a cigarette in his mouth, he looks up at Gong Feixue in front of him with frivolous eyes, which is full of desire that only men have.

"Liao Dongheng, what do you want to do? This is Gong Feixue's house. When you break into a famous house in the evening, do you want to be in jail? "

"Believe it or not, if I make a phone call, the police will let you go? Don't think you are the son of the Liao family. You can do whatever you want. I tell you, Gong Feixue is not so easy to bully. "

Gong Feixue stares at the young man, his face is ugly and his eyes are burning.

She didn't expect that Liao Dongheng was so bold that he broke into his residence at night.

She had planned to go out to meet Wang Fan, but she just opened the door of the villa. Before she went out, Liao Dongheng brought someone in.

Liao Dongheng is the son of the Liao family. He has a lot of contacts in Hongcheng. Gong Feixue also knows that he always has some evil thoughts about himself.

Just because of their own identity, plus their own careful, so have not dare to play Yin just.

I don't know what's going on tonight. It's like Liao Dongheng has eaten the heart of a bear and the gall of a leopard.

"Hey, Gong Dong, I'm not scared by Liao Dongheng. If you want to threaten me, you've got the wrong person."

Liao Dongheng doesn't care at all. He stares at Gong Feixue with a straight smile. "Besides, I'm here for you today, but I don't have any bad thoughts."

"I have a big brother who takes a fancy to your residence and hopes to stay with you for a few days. During this period of time, you can move out and live, or you can serve my elder brother here. "

"Of course, if you don't want to serve my elder brother, you can also come to live with me. My bed is very big and we can sleep more than two people."Liao Dong horizontal smile of Yin Yang strange spirit, "not afraid to tell you, my big brother temper is not good, also not as good as I talk."

"If you don't know what's interesting, I'm afraid you'll end up miserable when he comes. You don't want to call the police or anything. My elder brother has a lot of energy. You can't provoke him. "

"Excuse me?" Gong Feixue's face is ugly to death, "why should I lend you my elder brother's house? What is he? "

"I tell you, Liao Dongheng, don't think I'm afraid of you with the support of the Liao family. It's a big deal that we'll be caught dead."

"As for your elder brother, since he has so much energy, let him go to someone else. It's impossible to

borrow my house. "

"Well, I have something else to do. I don't want to talk to you too much. Get out of here, or I'll call the police."

Gong Feixue says, then plans to take a person to leave.

She hasn't seen Wang Fan for a long time. She has missed Wang Fan very much. She also wants to have a warm dinner with Wang Fan. She has no time to waste with this guy.

"In this case, if you propose a toast instead of a penalty, I'm very sorry. I can only offend you and rob the mansion."

Liao Dong said with a smile. With a wave of his hand, the people around him immediately rushed to Gong Feixue.

Gong Feixue almost died of anger. Is that too arrogant? It's worse than robbery!

Without her greeting, the bodyguard beside her rushed out and fought with the bodyguard brought by Liao Dongheng.

The crackling sound suddenly rang out, and the whole villa hall was in a mess, shouting and killing.

The fight between the two sides was inextricably divided, blood splashed, and soon someone fell one after another.

Although Liao Dongheng is well prepared, he obviously underestimates the quality of Gong Feixue's bodyguards.

After Gong Feixue's experience of the wolf king incident in Northwest China, bodyguards no longer save money. It can be said that she hired the elite of the elite.

A few minutes later, all the bodyguards brought by Liao Dongheng were knocked down and fell to the ground with bloody nose and mouth. They had no power to fight any more.

Gong Feixue's bodyguards also fell three people, but it is not a big impact.

"Liao Dongheng, in the face of the Liao family, I don't care with you today. I'll take your people away immediately. Otherwise, don't blame me for being impolite."

Gong Feixue walks up to Liao Dongheng, points to Liao Dongheng's nose and cheers coldly.

"Damn it Liao Dongheng is very angry. He didn't expect that Gong Feixue's people would kill him. It's a shame to be at Grandma's.

"Bitch, smile first, and you'll cry later." Liao Dongheng said and yelled at a bodyguard who was not seriously injured, "please come in."

### **Chapter 634**

When the bodyguard heard Liao Dongheng's order, he ran out of the villa without hesitation.

Gong Feixue wanted to stop it, but it was too late.

What's more, it's a blessing, not a curse. She can only see what Liao Dongheng's eldest brother is and why he is so rampant.

"Gong Feixue, originally I came here to give you a chance, but you should propose a toast instead of a penalty. That's no wonder to me. My elder brother is not as easy to talk as I am. You can wait to be abused. "

Liao Dongheng looks at Gong Feixue and says fiercely.

He knew that once elder brother came in, Gong Feixue would have nothing to do with him.

But he has no way, who let Gong Feixue don't listen to him, his people can't provoke Gong Feixue?

At the thought that Gong Feixue's fragrant body would soon belong to elder brother, he couldn't help feeling a little uncomfortable.

"Liao Dongheng, don't scare me with your elder brother. This is a legal society. I don't believe he dares to do anything with me." Gong Feixue said coldly.

"Ha ha." Liao Dongheng laughs and says, "I'm really fearless. My elder brother is not an ordinary person."

"I'm afraid you've heard about a lot of ancient warriors in red city. My elder brother is the mysterious ancient warrior."

"Although I don't know if my elder brother dares to fight against the country, it's more than enough to deal with an ordinary woman like you. You just wait to cry. Maybe you can't even cry. "

Gong Feixue listens to this words, in the heart clapping for a while, had a kind of bad premonition.

Of course, she knows a lot about the appearance of ancient warriors in red city, and she also knows that it seems that she came for some spirit grass.

It's just that she's not an ancient martial artist and doesn't practice martial arts, so she doesn't know very well.

In addition, she has nothing to do with those ancient martial artists, and she doesn't want to snatch any spirit grass from others, so she doesn't inquire in detail, and doesn't pay attention to it.

But she didn't expect that Liao Dongheng had something to do with the ancient warrior, who also took a fancy to her residence.

Gong Feixue even doubts that Gu Wu's residence is fake. Liao Dongheng wants to take the opportunity to force himself to submit.

It's even possible that the Liao family wanted to take advantage of the ancient warriors to root out themselves and annex the Gong group.

Gong Feixue's face finally changed. If it is, the consequences will be a little bad.

Although she didn't know how powerful the ancient warrior was, what Liao Dongheng said was right. It was still no problem for people to clean up Gong Feixue.

Gong Feixue thought of this and was about to speak when a voice came in.

"Liao Dongheng, you are really a waste. You can't even manage a woman for such a long time. Do you think you've lived on a dog for so many years?"

With the sound, a young man in his thirties walked in.

The young man was dressed in white, his face was white and tender, but his eyes were overcast. At first glance, there is a sense of weakness.

However, Liao Dongheng did not dare to make a mistake for the young man. He changed his domineering attitude towards Gong Feixue before, trotted with a submissive face and nodded to please him.

"The big brother's lesson is that Dongheng is really a bit of a waste, and let him down. Dongheng didn't expect that the bodyguard under this woman's hand would be so powerful, even my people are not opponents. "

"What's more, I didn't expect that this slut was so ignorant. I was so kind as to persuade him. I even raised my elder brother and didn't give him any face."

Liao Dongheng's appearance of bowing and fawning is like a pug.

"Oh, no face?" The young man began to smile, but there was something wrong with that smile.

He turned his eyes to Gong Feixue and said, "I'm still a delicate young woman. Just in time, I'm very

lonely. Let this woman accompany me."

The young man said, and looked at Gong Feixue seriously, "little girl, it's your blessing that Ben Shao takes a fancy to you. I hope you are wise. Otherwise, don't blame Ben Shao for his hard work."

"Come on, kneel down and say hello. These days, you are Ben Shao's pet."

The young man is condescending and looks like giving to Gong Feixue.

Kneel down and say hello? Little pet?

Gong Feixue is about to explode.

At least she is also a famous shopping mall strongman in red city. When was she so insulted? I'm still a little pet. It's a damn Pooh.

Gong Feixue's face immediately became ugly and said with a sneer, "I don't want this blessing. I'm afraid I can't enjoy it. I think you'd better find another one."

Although Gong Feixue was angry, she didn't dare to speak too hard.

It is obvious that the young man is not simple, and Gong Feixue doesn't want to offend him.

"So you don't want to face? You don't have to toast or drink. " The young man's eyes narrowed. "For the disobedient little pet, I always have to wear a dog chain. Don't force me to do that."

Wearing dog chains?

Gong Feixue's face was instantly ugly, and her anger came out. It was so insulting. How could she bear it?"Get the hell out of NIMA. I think you'd better go back and let your mother make a pet for you and wear a dog chain for your mother."

"There's a thing that nobody raises in life. I really don't know what it is to give birth to a bastard like you."

Gong Feixue gas can't help, directly burst out of the rude, but also said is very ugly.

This guy didn't give her face, so humiliated her, she had nothing to be polite about.

The most important thing is that Gong Feixue can't bear this kind of insult.

Boom.

As soon as Gong Feixue said this, the young man's face was completely frozen.

Liao Dongheng's heart is more clattering, secretly cry bad.

He didn't expect Gong Feixue to be so superior and dare to talk to the youth like this. According to the youth's temperament, Gong Feixue is afraid to be finished.

A few days ago, Liao Dongheng saw with his own eyes that one of the women didn't have long eyes and provoked the young man. He just scolded her and was directly maimed by the young man. At night, he chased her and killed her.

Just scolded a word, beat disabled, also catch up to kill. Gong Feixue scolds so ugly, how can he please?

"It seems that if I don't deal with you properly, I'm sorry for myself." With a cold smile, the young man rushed towards Gong Feixue.

Gong Feixue's face changed and she quickly stepped back. At the same time, her bodyguards, who were invited at high prices, were crazy to meet her.

However, those bodyguards are not enough to see in front of young people.

The young man just put forth his hand four times, and four bodyguards broke their bones and were blasted out. They fell to the ground and sprayed blood foam. It seemed that they could not survive.

The young man turned over four people, without blinking his eyelids, but he kicked out again. A bodyguard was kicked out directly and hit the wall severely, breaking his head and bleeding.

A bodyguard pulled out his weapon to sneak attack, but the young man grabbed his wrist and snapped it. Before the bodyguard screamed, the young man's other arm had wrapped around the back of his head.

Then he bent hard, and the bodyguard's head was rotated 360 degrees. He could not die any more.

The whole scene was dead and silent, giving people an indescribable chill.

Liao Dong's legs are trembling. This elder brother is really crazy.

Gong Feixue's face became pale. Is this the ancient warrior? It's too fierce.

Her bodyguards were beaten to death even after ten seconds. She couldn't get along with them.

"Tell me what you said just now, I didn't hear it clearly."

Young people turn over so many people, but they are not affected at all. It's like walking in a leisurely court. He walked slowly to Gong Feixue and said with a smile.

Gong Feixue's throat grunted a few times, but there was no sound.

Her face was so ugly that she didn't even have the courage to fight in front of the young man.

### **Chapter 635**

"Why, don't you dare to say that? Aren't you very kind? Where's your courage just now? But even if you don't dare to say it, there will be a price to pay. "

With a smile, the young man suddenly raised his hand and hit Gong Feixue.

Gong Feixue's face changed greatly. She wanted to step back, but her reaction couldn't keep up with her consciousness. The speed of youth was too fast.

The young man's slap is Gong Feixue's face. Even if Gong Feixue doesn't get seriously injured, it will at least be destroyed. Maybe he will be disfigured.

Young people do not care about all this, Gong Feixue dare to scold him, will pay the price. What's more, Gong Feixue's charm doesn't just lie in her face. Even if she is disfigured, it doesn't matter.

Standing on one side, Liao Dongheng couldn't bear to close his eyes. He didn't even dare to say a word of intercession.

Whoosh.

Just as the young man was about to slap Gong Feixue in the face, a fierce wind came, and the young man felt a touch of danger.

He didn't have time to respond at all, so he felt the pain in the palm of his hand. When he recovered, a silver needle had been inserted into it.

"You are very kind. You dare to touch my woman. Who gives you the courage?" A plain voice came, and then Wang Fan appeared in the villa.

Looking at the sudden appearance of Wang Fan, the young man's eyes choked.

He didn't know when Wang Fan came in, and he didn't even notice.

He immediately realized that it was not good, and he met an expert.

"Master, I'm Xu Wuhu. I don't know she's your woman. Please forgive me for offending you."

Xu Wuhu immediately realized that it was not suitable to stay here for a long time. He apologized and planned to leave.

But Wang fan is blocking his way, did not give him the opportunity to leave, "according to your meaning, if she is not my woman, can you insult?"

Wang Fan didn't give Xu Wuhu a good face. This guy's eyes twinkle. It's not a good thing. Fortunately, he came earlier. If he came later, what would happen.

At the thought that Gong Feixue would almost be insulted by this scum, Wang fan can't calm down and his anger can't stop expanding. If he doesn't know what happened, he wants to kill people.

"What do you want?" Xu Wuhu's face was ugly, "master, I know you are powerful, but I'm not easy to provoke Xu Wuhu. It's not good for anyone if we put it all together. "

"What's more, I and my elder martial brother have also come to Hongcheng. If you move me, you will not be able to eat. It's better to settle an enemy than to settle it. Why should we be aggressive with such a trifle? "

Anger has sprung up in Xu Ruhu's heart.

Although he felt that Wang Fan was more powerful than him, he didn't think that Wang Fan would definitely eat him.

After all, where is Wang Fan's age? How can he be the most powerful?

He just didn't want to conflict with Wang Fan at this juncture. After all, they came to Hongcheng for the purpose of elixir garden and withered yellow grass. Now they don't see anything. There's no need to provoke such a cruel man as Wang Fan.

Gong Feixue was relieved, but at the same time, her face was puzzled.

She didn't understand why the mustache wanted to save her. In her memory, she had never seen such a mustache.

Is this big beard's purpose the same as Xu Wuhu's, to occupy his own residence, or even himself?

In that case, no matter who she falls into, she will not be able to do well.

Because Wang fan is easy to come over, so Gong Feixue didn't recognize Wang Fan at all.

"Oh, are you threatening me? Don't you think you're the only one with a senior brother and I'm alone? " Wang Fan looked at Xu Wuhu with disdain in his eyes,

"what's more, you've moved my woman. Is this a little thing? Then I'd like to ask you, what's a big deal? "

"Why don't you take me to your house and let me insult your woman? If you can bear that, I'll swallow it. "

Xu Wuhu listened to Wang Fan's shameless words, almost no old blood gushed out.

Can it be the same? This guy is really irritating.

Wang fan is too lazy to pay attention to Xu Wuhu and goes directly to Gong Feixue, "are you ok? I'm sorry I'm late."

Gong Feixue looks at Wang Fan Leng for a while, then suddenly wakes up, this person is Wang Fan.

She couldn't help it any more and threw herself into Wang Fan's arms.

She didn't expect that Wang Fan appeared at the most critical time. No wonder Wang Fan defended her so much.

Although Gong Feixue doesn't know why Wang Fan changed face, she won't be silly to ask here. She is satisfied to see Wang Fan in this situation.

The only worry is whether Wang fan can be Xu Wuhu's opponent.

"I'm fine, but if you come a little later, I'm afraid I'll be busy." Gong Feixue said,

"I was going to go out to pick you up, but they broke in and said they wanted to occupy my house, and they wanted me to be a pet." "I was so angry that I scolded that guy. But unexpectedly, he was so angry that he hurt my bodyguard and even touched me."

Gong Feixue has nothing to hide from Wang Fan and says it all at once.

Wang Fan listens to this words, the facial expression is instantly iron green, the opportunity to kill suddenly rises.

It's nothing for a martial arts practitioner to kill, but how can we say that there should be a bottom line?

As an ancient warrior, this guy even bullies Gong Feixue, an ordinary woman, for no reason. He even wants others to be a little pet. It's just too much bullying.

"Is that true? You want my woman to be your pet?" Wang Fan stares at Xu Wuhu and asks coldly.

"Yes, I did intend to, but now your woman is not my favorite? Do you really want to kill me for him? "

Xu Wuhu was very angry and drew out a soft stick.

He didn't expect that Wang Fan would fight with him for the sake of an ordinary woman. If he did, he would teach Wang Fan a lesson even if he was seriously injured.

"The net is broken when the fish is dead?" Wang Fan smiles. At the next moment, he is already in Xu Wuhu's incredible eyes. He comes to Xu Wuhu and holds Xu Wuhu's throat with one hand.

Xu Wuhu's heart bursts of horror, this is what strength, is it congenital mid-term or even peak?

Although he has overestimated Wang Fan as much as possible, he still underestimates Wang Fan.

He didn't even react, so he was pinched by Wang Fan. It can be seen that he is no different from mole ants here in Wang Fan. He is only killed in seconds.

"You deserve to talk to me, too? You think too much of yourself. " Wang Fan disdained to say, the other hand has already slapped past.

Xu Wuhu's teeth were splashed out and brought out a string of blood, but he didn't dare scream at all.

He knew that he had kicked the iron plate, Wang Fan this kind of strength, let alone him, even if his elder martial brother came, most of them were also enough. If you want to clean up Wang Fan, you have to wait for his master to come.

The most important thing is that he offended Wang Fan, and Wang Fan killed him without any reason. In this case, he did not dare to make mistakes at all, and he could only wait for revenge later.

Xu Wuhu already hates Liao Dongheng. If this guy didn't bewitch him to come here, how could he bully Gong Feixue and offend Wang Fan?

But now that it's too late to say anything, he can only ask Wang fan not to kill him immediately.

Liao Dongheng over there, looking at this scene, was completely shocked.

He didn't expect that Wang fan should be so superior. Beating Xu Wuhu is just like beating a fly, merciless.

He really couldn't figure out how Gong Feixue could know such a character.

You know, the reason why he was able to catch up with Xu Wuhu was by chance, even at a great cost.

## **Chapter 636**

Gong Feixue's bodyguards were shocked and relieved.

Before Xu Wuhu that son of a bitch so arrogant, now finally suffered retribution?

While they are grateful to Wang Fan, they also worship him.

Xu Wuhu is so powerful, one person beat them a group, just like a family. Can be such a strong person, in the hands of Wang Fan, but not the slightest fight back, Wang Fan how terrible?

They are very glad that their boss Gong Feixue knows such a fierce person as Wang Fan.

"You are very good. Are you able to bully ordinary people just because you are an ancient warrior?"

"If you want to occupy people's houses, you have to occupy people's bodies. Don't you think you are the king of heaven? I'm so much stronger than you. I'm not as arrogant as you. "

"It seems that you still have some backstage. I'll spare your life today and give you a chance to move backstage. Go away. "

Wang Fan said, directly kicked in Xu Wuhu Dantian.

Xu Wuhu was a little excited when he heard that Wang Fan wanted to spare his life, but when Wang Fan abandoned his Dantian, he was no longer excited.

He pointed to Wang Fan, eyes Yiyu crack, "you, you actually abandoned me?"

"Why, no? Since you are not satisfied, leave another arm Wang Fan said, holding Xu Wuhu's left arm and twisting it. With a click, Xu Wuhu's arm was broken.

Xu Wuhu's scalp is numb and angry.

This guy is really too cruel, because this little thing abandoned Dantian even, but also twisted his arm, it is too much deception.

But now, he didn't dare to say a word. Besides, it was estimated that his life would be lost.

He looked at Wang Fan with hatred, reached out to wipe the blood from the corner of his mouth, then got up regardless of the pain and left the villa.

When he left, he didn't even pay attention to Liao Dongheng.

"Brother, wait for me." When Liao Dongheng saw that Xu Wuhu had gone, he dared to stay there and quickly climbed up.

Xu Wuhu, such a cruel man, was cleaned up by Wang Fan. He didn't have any temper. If he stayed here, it would be great.

I'm afraid Wang Fan will die if he farts.

Just as Liao Dongheng just ran to the door of the villa, Wang Fan had already picked up a chair and smashed it directly at Liao Dongheng.

Bang when a, Liao Dongheng was directly hit on the ground, immediately a mouthful of blood sprayed out.

"Brother, no matter what I do, it's Xu who calls me. It doesn't matter much to me. You can't get angry with me."

Liao Dongheng has no backbone. Before Wang Fan speaks, he kneels down and kowtows. At the same time, he puts all the responsibility on Xu Wuhu's head.

"Oh, really, how did I hear you brought him?" Wang Fan walks to Liao Dongheng with a faint smile and asks without hesitation.

"No, absolutely not. He took a fancy to the villa and threatened me. That's right. He threatened me to come here. I'm also a victim. Brother, you must believe me. "

Liao Dongheng said, tears and snot came down. He was just looking for an excuse, but after the excuse came out, he felt that it was a good excuse and almost took himself seriously.

"I'll trust you once. I believe you can deal with things here. I'll go out for dinner. If I come back like this, or if you haven't settled things, I don't mind going to your Liao's house. "

Wang Fan Light said, quickly to Gong Feixue bodyguard treatment, and then with Gong Feixue left the villa.

"You can fix it, you can fix it." Liao Dong nodded his head, but he didn't dare to say anything else.

Looking at Wang Fan's back, he thought about running away, but he soon gave up.

Gong Feixue knows where he can go unless he leaves red city.

"I'm so sorry that I'm late. I didn't expect that Xu Wuhu was so arrogant that he dared to attack you. Don't worry. I'll take care of it for you. "

Wang Fan looked at Gong Feixue and said.

"Well." Gong Feixue nodded, and then it seemed to think of something, "by the way, how can you change your face? Are you also for the spirit grass?"

"Well, I don't want to change my face either. It's just that a disgusting woman is staring at me for some

reason. I can't beat her, so I can only change my face."

Wang Fan thought of this thing to some depressed, "but although I am to Ling Cao, but the most important thing is to miss you, I want to come to see you."

Wang Fan naturally will not be silly to say that he is mainly for the sake of lingcao, to see Gong Feixue is to take along.

His EQ is not that low.

"I miss you too." Gong Feixue listens to Wang Fan's words, her pretty face turns red immediately and nestles in Wang Fan's arms.

Gong Feixue, dressed in red, still looks sexy and charming. Her pretty face is full of young women's amorous feelings, and her delicate body is as hot as ever, revealing mature charm.

Gong Feixue is like a fire, rushed into Wang Fan's arms, but also not stingy to send the fragrant lips.

Wang Fan embraces Gong Feixue. Wen Cong pushes away the woman and says with a smile, "let's go to dinner first. You can rest assured that there are plenty of opportunities in the evening."

Gong Feixue has long been his woman, and he is not embarrassed about Gong Feixue.

"Well." Gong Feixue gave a sound and hugged Wang Fan's arm intimately.

Since Wang Fan helped her to solve the northwest wolf king, she has completely belonged to Wang Fan.

She is a woman in her thirties. She hasn't seen Wang Fan for nearly a year. You can imagine her missing.

If it wasn't for Gong's group, and Wang Fan was busy and often not in Jinzhou, she would have been looking for Wang Fan.

The headquarters of Gong's group is in Hongcheng, and there is only a branch in Jinzhou, so she was not in Jinzhou for most of the time after she came to power.

Wang Fan took Gong Feixue for a walk in the street after eating something.

They haven't seen each other for more than a year. Gong Feixue misses Wang Fan very much and has a lot to say to Wang Fan.

Wang fan is afraid that Liao Dongheng hasn't finished what happened in the villa. In addition, he asked about several hotels, which are already full. So I can only accompany Gong Feixue on the street and listen to the voice of women.

Unconsciously, the night gradually deep, two people in the street lamp pull out a long reflection.

Two people walking, I do not know when, a black Mercedes stopped on the opposite side of the road where they are.

When the car door opened, a cold faced woman in white came out of the car, followed by more than ten good quality bodyguards.

After getting off the bus, the woman in white inadvertently glanced at Wang Fan, turned her head and walked into the red city hotel.

Only after she had taken two steps, she suddenly came back and looked at Wang Fan again.

She looked at Wang Fan, who was close to each other. There was a touch of sadness and complexity in her eyes.

Even if Wang Fan changed her face, she recognized Wang Fan at a glance. In addition, Wang fan is still with Gong Feixue, so she is more sure.

Because Wang Fan's back to the woman in white, plus the car to and fro, are stop and go, so did not pay attention, but Gong Feixue is to see the woman's appearance.

Seeing the woman, Gong Feixue was shocked. Then she took back her sight without any trace and hugged Wang Fan more intimately, with a coquettish voice in her mouth.

"Husband, let's go to this hotel. I think it's good here."

### **Chapter 637**

Wang Fan was a little puzzled. They asked so many hotels just now, but they were all full. Gong Feixue couldn't have known.

Now that I know, why did she suddenly say that she wanted to go to the hotel, with such a loud voice and a coquettish tone?

"Husband, they're tired and can't walk any more. Let's get them in quickly."

Seeing Wang Fan in a daze, Gong Feixue pouts her lips again and puts her arms around Wang Fan's neck like a water snake.

Wang Fan sees Gong Feixue like this, how can she think so much? With a bad smile, she claps again under Gong Feixue's waist and holds the woman directly.

His mouth also said with a smile, "well, you snow sister, see how I deal with you tonight."

With that, Wang Fan directly hugs a princess, picks up Gong Feixue and walks into the hotel.

Gong Feixue is looking at the cold woman, showing a proud smile.

She recognized the woman.

Although she knew that the woman had left Wang Fan, they seemed to have no contact for a long time.

But she didn't know whether there was such a woman in Wang Fan's heart. But look at this woman that look in the eyes, in the heart obviously still have Wang Fan.

At the same time, she has also been aware that the cold woman recognized Wang Fan after the face change.

Gong Feixue as a woman, although also know Wang Fan side more than one of her, but her heart is quite small.

She doesn't want that when Wang Fan comes to Hongcheng, he will destroy their Wencong because of other women.

The cold woman looked at Wang Fan and the others who entered the hotel. There was a touch of pain in her eyes, but it soon dissipated.

"Let's go in, miss." At this time, a bodyguard like man came up to her and said respectfully.

She nodded, turned her head and entered the red city hotel. At the moment of turning her head, her eyes were completely frozen, and there was no emotion.

If Wang fan saw this cold woman, he would recognize her as song Rumei. Moreover, song Rumei's strength has reached the middle stage of terror.

This just how long, song Rumei unexpectedly from an ordinary woman powerful to such a degree? It's unbelievable.

Unfortunately, Wang Fan did not see song Rumei.

Sometimes, the distance of a street is eternity, invisible, invisible.

"Do you have a room, boss?" Wang Fan has been holding Gong Feixue into the hotel, and came to the front desk.

"Sorry, there is no room left." The receptionist said apologetically.

"Boss, my girlfriend is tired and wants to have a rest. Do you think you can spare a room? You can rest

assured that money is not a problem."

If it is normal, Wang Fan will not entangle, but now, he does not want Gong Feixue disappointed.

After all, Gong Feixue offered to stay in the hotel and said he was tired. Now Wang fan can't get a room. How shameless is he?

"I'm sorry, it's not about the money. There's really no room." The receptionist said apologetically.

"Husband, forget it. We'd better go home. I don't want to live here anymore." Gong Feixue saw that Wang Fan still wanted to open his mouth. There was a touch of softness in his eyes and he said quickly.

She just came here to get angry with song Rumei, but she didn't really want to live here. But she was very happy to see Wang Fan care about her.

"All right." Wang Fan had no choice but to sigh helplessly.

They left the hotel soon and ran back to Gong Feixue's residence.

But Wang Fan's face soon changed. He found that he was being followed.

What's more ridiculous is that the people who followed Wang Fan didn't follow from the hotel where Wang Fan came out, but from the Red City Hotel opposite.

Wang Fan frowned and couldn't figure it out.

He knew that there were many ancient martial arts masters in red city, which meant that there would be some chaos in red city.

However, if the person following comes out from the hotel, Wang fan can understand.

After all, he said in the hotel that he was very rich, money is not a problem, the other party may be for money, may also be for Gong Feixue this woman.

But the person who followed actually came out of the red city hotel. There is no reason. Wang Fan really couldn't figure it out.

What makes Wang Fan feel even more ridiculous is that the person following him is still in the early days after tomorrow.

It's unreasonable to dare to follow Wang Fan at the beginning of the day after tomorrow. This also proves that his identity has not been exposed, the other party can not be the dream pavilion or other enemies.

Because those enemies all know his strength. They know that they will come out at the beginning of the day after tomorrow, that is to deliver vegetables.

It's impossible for Xu Wuhu. He was killed by Wang fan when he reached the peak the day after tomorrow. How could he just send him to follow him the day after tomorrow?

Wang Fan really couldn't figure it out, so he didn't think much about it. The soldiers came to cover up the water and the earth. Anyway, they were just a little bit of a soldier. At the beginning of the day after tomorrow, he didn't pay attention to it. "Snow elder sister, you go to that KFC to wait for me, I go to come." When passing by a KFC, Wang Fan said to Gong Feixue.

"What's the matter? What happened? " Gong Feixue immediately realized that something was wrong and asked.

"It's nothing. I don't know which one doesn't have eyes. It's on my head. I'll ask for a few words and come to you after asking."

Wang Fan comforted Gong Feixue, "don't worry, I have nothing to do. I'll be back in ten minutes at most."

"Well, be careful." Gong Feixue heard this, did not ask, clever into the KFC.

Wang Fan directly changed his direction and went to a remote place. Although he felt just a day after tomorrow, he couldn't do anything about him, even with Gong Feixue.

But who knows if there are any accomplices at the beginning of the day after tomorrow? What if a powerful accomplice is not found in the dark? So Wang Fan didn't take risks.

Two minutes later, Wang Fan came to a hidden alley. He turned back and looked into the dark place,

"come out, don't be furtive. If you have a word, you can fart. Don't delay me. I'm still waiting to go home and sleep with a woman."

Wang Fan said very impolitely.

"Ha ha, I didn't expect you to have two sons." With Wang Fan's voice down, a man with a hooked nose came out from the dark.

He looked at Wang Fan, eyes full of surprise, "although I did not deliberately hide identity, but you can find me, also enough to prove that you are not simple."

The man with hooked nose looked at Wang Fan. Although he was surprised, he didn't pay much attention to it.

He came to see Wang Fan just because the young lady looked at Wang Fan more. In his opinion, Wang Fan was most of the young lady's former friends.

Since Wang Fan was once Miss's friend, there was nothing to be afraid of. He could crush to death with one hand at any time.

Eagle hook nose found in Miss's eyes that Miss seemed to have feelings for this man, so she planned to kill Wang Fan.

He doesn't want Miss to affect his cultivation because of this ordinary guy. What's more, Miss is not what Wang Fan can touch.

"Don't talk nonsense. Just tell me what you want to do with me. I asked myself, 'I don't know you, and I've never seen you before. Why do you follow me?'"

Wang Fan didn't have time to talk to this guy and said directly.

"Ha ha, it's really arrogant. Do you think you have a little identity, or two talents, that's great?"

Eagle nose man listen to Wang Fan, angry straight smile, "I just see you are not happy, so just follow you, how, do you have an opinion?"

"I'm following you. What can you do for me? I will not only follow you, but also beat you now. What can you do to me? "

Eagle nose arrogant said, directly ran to Wang Fan in front of a slap on the fan down.

He had planned to kill Wang Fan directly, but now he doesn't plan so much. He wants to humiliate Wang Fan first, and then kill him.

## **Chapter 638**

When Wang Fan saw the crooked nose, he dared to come and slap him. He wanted to be angry and laugh.

Just follow him at the beginning of the day after tomorrow. He hasn't done it yet. This guy wants to do it first and slaps him in the most insulting way.

Wang Fan finally knows what it means to be fearless.

"Yes, you're right. I just thought I'd be great if I had two talents. You follow me, and I do have an opinion. "

"As for what I want to do with you, it depends on my mood. But now, I'm going to slap you twice."

How did Song Rumei come to Hongcheng, and when did Song Rumei have a subordinate in the early days after tomorrow?

Wang Fan can't believe it.

"Yes, yes, Miss Song Rumei." Eagle nose atmosphere dare not breathe, "we just arrived in red city, is to wither yellow grass."

"When I got out of the car, Miss Song Rumei saw you cuddling with a woman. There was something wrong with your face and I noticed it, so I"

"withered yellow grass?" Wang Fan's face changed again. "What does an ordinary woman want to do with withered yellow grass? Besides, you are already in the early days after tomorrow. How can you be her subordinate? "

Wang Fan immediately realized why Gong Feixue was so intimate with him before. It turned out that he saw Song Rumei.

At the same time, Wang Fan also knows that Song Rumei recognized himself after Yi Rong. Although he doesn't know how Song Rumei recognized himself, he obviously recognized it.

Ordinary?

Eagle hook nose just want to laugh, he really want to point at Wang Fan's nose scold, if Miss ordinary no one ordinary. If Miss is here, I'm afraid she can kill Wang Fan by blowing.

Just this words Eagle hook nose still dare not say, even the expression dare not change for a while, still so frightened, "Miss is our school's miss, I am his subordinate, very normal."

"What's more, the young lady is already in the middle of her life. I'm a subordinate of the young lady the day after tomorrow. What's so strange about that?"

"Congenital metaphase?" Wang Fan is simply shocked by the news.

Song Rumei is in the middle of her life. Are you kidding?

Wang Fan worked hard for so many years, and even went through a narrow escape to get a hundred years of green leaves, so as to advance to the top of the day after tomorrow.

Can Song Rumei and he this just separate how long, already from an ordinary woman reached the height of congenital medium?

Wang Fan's first reaction was that he didn't believe it, but he couldn't believe it when he looked at the crooked nose.

Wang fan is going to ask what sect the eagle nose is in, and where song Rumei is now, when he suddenly sees a woman coming this way.

Originally just a woman, Wang Fan didn't care much, but after seeing the woman's appearance clearly, he couldn't care any more and ran in the opposite direction quickly. "You are lucky this time. Next time you dare to follow me and break your head." Although Wang mortal is far away, the voice is spread to the ear.

Eagle nose scalp numbness, but fortunately, life is saved.

He was about to leave when a very mature woman appeared in front of him.

"Who are you, what are you doing here, and why the man just left suddenly, who is he, and what is your relationship?"

The woman stares at the hawk nose, smiling on the surface, but the voice is extremely cold.

"I don't know. I only know that he was a friend of Miss Song Rumei." Yinggoubi experienced Wang Fan's playing pig and eating tiger, no longer dare to support big, fast said.

In the middle of the night, this woman dares to come to this dark alley alone, even if she dares to ask him so. It's obviously not easy.

In addition, yinggoubi feels that Wang Fan's departure has something to do with this woman. How dare she be presumptuous?

"Song Rumei? Once a friend? " The woman murmured, her face suddenly changed, "is it him? Yi, it's really alert to run so fast. "

The woman murmured, and suddenly slapped the eagle's nose, "it's all your fault, you waste my time. You can die."

Yinggoubi never thought that he had just escaped from the tiger's mouth, but he went back to the wolf's mouth.

Looking at the slap of the woman, his face panicked. He tried to avoid it, but he found that he couldn't avoid it at all.

"Congenital?" His face turned pale in an instant, showing a look of panic.

But he can't think so much. The woman's slap has fallen on his head. With a bang, his head is smashed like a gourd, and the blood foam is splashed all over.

With a slap, the woman killed eagle's nose. Without hesitation, she ran to the direction of Wang Fan's departure.

"Wang, who is my surname, is the only one I want. I don't believe you can get away yet."

This woman, astonished is Ji matchless.

Wang Fanfei quickly ran out of the alley, around a few corners, back to KFC.

Gong Feixue had already been impatient. Seeing Wang Fan coming, he immediately welcomed him.

"Don't talk. Let's get out of here." Wang Fan's face is very dignified, pull up Gong Feixue and left KFC, quickly on a taxi.

### **Chapter 639**

To say who Wang fan is most afraid of now is undoubtedly Ji matchless.

The woman didn't know what was wrong, and she stuck to him. What makes Wang Fan most depressed is that he is not his opponent.

Wang fan is sure that even if he changes his face, once he is blocked by Ji Wushuang, he will be recognized and will never leave again.

Although Wang Fan also knew that his feeling was ridiculous, he did not dare to gamble.

Damn, strength, strength of egg pain.

Half an hour later, Wang Fan finally returned to Gong Feixue villa safely, and then he was completely relieved.

Over there, Ji Wushuang, who is tracking Wang Fan, is a little uneasy. She chased for a long time, but she didn't catch up with Wang Fan. How could it be?

"What a cunning boy. You are lucky this time. I don't believe it. I can't catch you." Ji Wushuang, who didn't catch up with Wang Fan, stamped her feet and disappeared into the dark night.

"What's the matter? Why are you so anxious?" Gong Feixue looks at Wang Fan and asks.

Liao Dongheng obviously did not dare to play tricks. He not only disposed of the body, but also cleaned up the blood. If it wasn't for the smell of blood in the air, no one would believe that people had died here.

"It's OK. A coquettish woman didn't know why she fell in love with me and chased me to die. I'm not interested in her and I can't beat her, so I have to run. "

Wang Fan said hatefully.

Wheezing.

Gong Feixue listened to these words, but she couldn't help laughing, "just brag, just like you are now, and there are still people chasing and dedicating?"

"If so, I can only say that the woman certainly does not know where she is ugly. Are you old and fat? "

Wang Fan was a little depressed. "What I said is the truth. Why don't you believe it. Although that woman is not as good-looking as you, she is still in good shape, even better than you. "

Wang Fan's words are not bragging. Ji's unparalleled figure is one in a million, which is stronger than Gong Feixue.

After all, Ji Wushuang is an inborn expert, and her perfect figure is understandable. In addition, Ji Wushuang is also an ancient warrior. If she has a single round charm, she is really better than Gong Feixue.

At least, Ji's unparalleled unlocking posture is absolutely enough.

"You mean I'm not in good shape. Well, I'll let you sleep on the sofa tonight. I'm going back to my room to sleep."

Gong Feixue immediately pouted her little mouth and sighed, "I was going to wait on you tonight, but I don't think so."

Gong Feixue said, already twisted into the second floor bedroom.

In the moment of entering, her clothes were also less and less, and soon showed her perfect body.

Wang Fan looked at this scene, how can he hold back, repeatedly apologized, "Oh, I'm lying, how can she compare with snow elder sister? She's far worse than snow elder sister."

"I'm very moved to hear that you've funded billions of my security company, so I'm going to pay you back hundreds of billions tonight."

Wang Fan said, rushed into the bedroom, from behind hugged Gong Feixue.

"Don't, don't, if you dare to come, people will call the police." Gong Feixue twists and turns, and the appearance that he wants to refuse to return is even more unbearable. He stirs up Wang Fan's nerves.

At the same time, she couldn't help frowning, "what can I do for hundreds of billions? How many billions

do you have? "

"Hehe, of course I have." Wang fanbad smiles and whispers in Gong Feixue's ear. Gong Feixue's pretty face turns red in an instant, "hooligan."

Wang Fan immediately some dissatisfaction, "this has not started, how can call the hooligan, next is the hooligan."

Wang Fan said, gave Gong Feixue a slap directly, pushed down.

In a flash, the voice of children was heard in the room.

The war lasted five or six hours, leaving traces of two people everywhere in the bedroom of more than 100 square meters.

Even the nannies and bodyguards in the villa blushed with that soul stirring voice.

They didn't get a good night's sleep.

Red City Hotel, presidential suite.

Song Rumei is sitting on the sofa. There are seven men with extraordinary strength standing below, but their faces are a little gloomy.

"Who knows where Zhang Qing has gone? Why hasn't he come back now?" Song Rumei asked coldly.

When she woke up, she planned to take someone to the snow mountain, but unexpectedly, there was one less subordinate.

We haven't seen the withered yellow grass, haven't seen the elixir garden, haven't started to snatch, so one person is missing. How can we do that?

"Miss Hui, we don't know. I only know that Zhang Qing went out secretly last night and never came back. I don't know where he went."

One of them returned respectfully.

Although he knew that Zhang Qing was going after Wang Fan, he didn't dare to tell song Rumei. If Wang Fan has a good relationship with song Rumei, and song Rumei turns her anger on them, it's not good. It's just that Zhang Qing hasn't come back yet, and most of them are in danger. Of course, he doesn't dare to say that.

"Who let him go out without permission? No one is allowed to go out without my orders, let alone make trouble, you know? " Song Rumei's face was even colder, even without any emotion.

"I see, miss." The man said quickly.

"Well, let's go to the snow mountain now. Remember, don't provoke right and wrong, let alone ordinary people. "

"I know that you are all ancient warriors and naturally have a sense of superiority, but we are here for lingcao, not for bullying people. If I find you bullying the weak, don't blame me for being rude. "

Song Rumei knew that these people were very domineering and issued a warning before she set out.

Although the seven followers were dissatisfied, they did not dare to refute.

Soon, they left the hotel and went straight to the snow mountain.

After Wang Fan wakes up, looking at the woman lying on her side like a female cat, who doesn't want to move, she can't help but reach out and grab her.

"Oh, don't make noise. Let people sleep a little longer." Gong Feixue feels Wang Fan's big hand, frowns and turns over to give Wang Fan a back.

"What time do you still sleep? It's sunny. Let's talk about a 10 billion project." Wang Fan said with a strange smile.

"Oh, they can't do it. Go and find someone else." Gong Feixue was almost crazy, and a smart man sat up.

Oh, my God, it's so frustrating. She can't stand it.

"Don't talk about it. Tell me where you saw song Rumei yesterday. Do you know where she went?" Wang Fan asked with a smile.

"Oh, I've been working for her for a long time. Didn't you separate? It's true." Gong Fei was a little unhappy when he went to Sheraton, and his tone was sour.

However, she did not hide Wang Fan, and told the story of seeing song Rumei enter Hongcheng hotel.

"For the sake of your honesty, I don't care. By the way, I have something to go out for a while. I don't know when I'll be back. Be careful during this time. If you have something to do, just call me

Wang Fan said and put on his clothes.

When Gong Fei Xuedun hugged Wang Fan from behind, "you just came here and are going to leave. Are you going to find song Rumei?"

She pouted her little lips and was very unhappy. "I thought I was very important in your heart, but after a long time, I was amorous. I still couldn't compare with song Rumei."

Wang Fan listen to this, can't help but live in Gong Feixue body pinch a, "what do you think, I want to go to the snow mountain to see, see if you can pick up some cheap."

"You know I'm an ancient warrior. I can't be powerful without resources. How can I protect you if I can't be powerful? If there's another one that's more powerful than last night, what shall we do? "

Gong Feixue listen to this, feel very reasonable, but still some reluctant, "then you can be careful, I don't care what strength, as long as you good, I will be satisfied."

"You must come back safely. People are waiting on the big bed. Their posture is enough. If you don't come back, people will wear underwear to seduce men and make you a green bastard. "

Wang Fan was very angry and patted Gong Feixue on the top of her head. "You wait for me. I'll come back to clean you up. I don't want to be a jerk."

#### **Chapter 640**

After Wang Fan left Gong Feixue's residence, he rushed to Hongcheng hotel.

He wants to see song Rumei. No matter whether song Rumei has really reached the mid congenital stage, Wang Fan wants to see song Rumei.

But Wang fan is a step late, song Rumei has left.

Without seeing song Rumei, Wang Fan was a little disappointed, but he didn't care too much.

Since Song Rumei came to Hongcheng, most of them were for lingcao. He believed that they still had a chance to meet.

I just don't know whether they will be enemies or friends.

As soon as he thinks that he is likely to meet song Rumei, Wang Fan's heart is very bad. He really doesn't want to go that far.

Wang Fan rubbed his headache head, rented a car and planned to go to the snow mountain alone.

Although he knew that at this time, there must be many experts to the snow mountain, but it still could not stop Wang Fan's pace.

If he wants resources, if he doesn't take risks, how can resources come to him?

If he died and waited in Hongcheng, I'm afraid the withered yellow grass would not belong to him all his

life.

An hour later, Wang Fan drove to the foot of the snow mountain.

It's at the foot of the snow mountain. In fact, it's at least three kilometers away from the snow mountain, because it's full of vehicles, so his car can't drive in.

Wang Fan looked at the dense car, his heart is more heavy.

Now there are so many people in the snow mountain. It's more difficult for him to get the withered yellow grass than to climb to the sky.

What's more, there are cars coming from behind. It's more than ten times more difficult for so many people to compete for so many resources.

But Wang fan is not discouraged, even if not, he will go to see.

If you can't get it, you can only say that Wang Fan has nothing to do with lingcao, but if you don't go, he will regret all his life.

Wang Fan soon came to the foot of the snow mountain, but a large group of people gathered at the foot of the snow mountain, which seemed very lively.

Wang fan is thinking about what happened, how these people do not go up the mountain, but gathered here, they heard a loud bang, followed by a man was blasted out.

When others were in the air, their bones were already broken, and there was a blood mist in their mouth.

Looking at this scene, most people are silent, simply do not dare to talk, just one after another out of the mobile phone.

Wang Fan looked at the young man who had been blasted away. Just a glance, he knew that this guy had been completely abandoned.

If the meridians are broken, the Dantian is broken. I can only be an ordinary person in my life. If I'm lucky, I can be a bodyguard. If you're not lucky, it's hard to say.

"Damn, you want to go up the mountain without money. Do you think I'm a decoration? Don't say you're just an ant. Even if the day after tomorrow comes, you'll have to pay for it. "

A man in his forties spoke arrogantly and came out of the crowd. He spitted and stepped on the face of the injured youth.

The injured young man was dying of suffocation, but he didn't dare to say a word, so he could only endure his anger.

The man looked at the injured youth and nodded with satisfaction. Then he looked at the crowd around him. "The elder of congenial went up the mountain and didn't get any money. Under congenial, everyone had to pay a million."

"I'm tired to collect the mountain climbing fees here. If I don't have the strength and money, I'm sorry. I'll go back where I come from. If you dare to beep, this guy will end up. "

The man arrogantly said, suddenly stepped on the head of the injured youth, the injured youth did not say a word, the head became a pile of mud, blood splashing, dead can not die.

What a tough guy.

Don't kill people too much, but as for being so cruel, do you still crush people's heads?

But next to it, there was no one to say half a word of nonsense, and those with high strength didn't care about these things at all. They quickly entered the snow mountain without any hindrance.

In his opinion, if fewer people go to the mountain, there will be less competition for resources. After all, in case of bloody battle and serious injury, a mole ant is enough to threaten them.

What's more, they are all in a hurry to go up the mountain and grab resources. Where can they have time to deal with such nonsense.

Those with low strength, let alone, dare not say a word of nonsense.

The rich quickly transferred money into the snow mountain, and those without money gritted their teeth and stood on one side. They didn't leave or go up, obviously intending to see if there were any opportunities.

Wang Fan couldn't help frowning.

These guys are so smart that they even start charging at the intersection at the foot of the mountain.

Nima Oh, the day after tomorrow, there are so many experts, and each person charges one million yuan. How much money do you have to earn?

Wang Fan thought in his heart that he was close to the intersection.

By this time, he had seen clearly that there were twelve people standing at the intersection, three at the beginning of their birth and nine at the peak of their life.

This kind of strength, indeed already very strong, intercepts some day after tomorrow master, simply does not have the pressure. What's more, these people are very smart. As long as a team is born, they won't block it. They only block teams or individuals who are not born.

In this case, they are the boss here. Of course, they can do whatever they want.

As for their team there is no congenital middle or more powerful master, Wang fan can understand.

Either they don't have strong companions, or their strong companions have gone up the mountain.

After all, congenital medium or peak, even in Hongcheng, has been a very strong existence. How can such people rob some money here instead of fighting for resources.

Just when Wang Fan thought about these, the two women had already come to the intersection.

One of the two women was born in the early days, and the other was less than the day after tomorrow. It was a strange combination.

They were all dressed in white and almost the same height. As Wang Fan stood behind them, they could not see their faces.

Wang Fan only knew that these two people were in good shape, with slender legs, a willow waist like a snake, and very warped underneath. At first glance, it looks like a pair of sisters.

When they got to the intersection, they didn't want to pay any money, but they were stopped by one of them.

"You didn't hear the rule. One million for one person, two million for two. Why do you want to go up the mountain without money? "

That person's eyes are frivolous, looking at Er Nu, eyes drip Yo to turn, obviously have no good intentions.

Listening to this, the congenital woman's face was instantly ugly, and her tone was extremely cold.

"Don't you say you need to give money only if you are born below, I'm not born below."

"Ha ha, you're right. Our rule is that we only need to pay money if we are born below. But now that I see you, I want to change with you. "

"You need to give money, or you don't want to go up. Of course, if you really don't want to pay, you can accompany our brother for two hours. In two hours, I promise to take nothing and let you go up the mountain. "

The man plays to abuse of say.

It was obvious that he had a bad idea about the two women.

The most important thing is that only one of these two women is born, and the other is not even the day after tomorrow. He feels that it is only when he has decided to eat them that he is in such a dilemma.

"To die!" Congenital woman listens to this words, facial expression suddenly a change, one punch hurtles a man to blow past.

The man didn't expect that the woman said she would do it at all. He was so cruel that he was hit in the chest by the woman in an instant, and a big mouthful of blood came out of his mouth, and the whole person flew out.

His face was livid, and his heart was full of anger. Didn't the woman see that they had three inborn companions? Why did she dare to do it?

But his idea has not yet fallen, congenital woman has already flashed to his body, a foot to step on the Dantian.

"You dare." The young man's eyes are ready to crack. This woman is so bold and cruel!

But the woman didn't have his voice. There was half a pause, and her right foot was still hard.

With a bang, the man's Dantian was instantly hit by a long blood mist. The whole person was completely soft, and his face was gray.

"You are only the day after tomorrow. If you dare to threaten me or insult me, you will be useless. What dare you do?" The woman said coldly.

"What a cruel woman! How dare you abolish my younger martial brother. If I don't beat you to death today, I will be in vain. "

An angry roar came, a congenital jump directly, crazy rushed to the woman.

The woman felt the man's momentum and her face changed in an instant.
