

## **MIGHTY SK 671**

### **Chapter 671**

Wang Fan did not dare to stay for a moment, and ran to the foot of the mountain quickly.

The news of withered yellow grass has been leaked, which means that there will only be more and more ancient warriors going to Jiulong Mountain. At that time, it will be more and more dangerous, and it will be more difficult to get down the mountain.

Wang Fan's only advantage now is that no one knows that the withered yellow grass is on him. Once he is known, his situation will be even more dangerous.

Wang Fanfei ran down the mountain quickly. Whenever he met people, he would avoid them in advance and never meet them.

But soon Wang Fan's face became gloomy. Ten meters away in front of him, there were five ancient warriors with dark face and strong breath.

The strength of these five ancient martial artists all reached the congenital middle stage. The terrible smell on them made Wang Fan feel palpitation.

Wang Fan looked at the five people with strong breath from a distance. His eyelids jumped for a moment and stopped in an instant.

His heart became anxious.

These five people are not what he can eat at all. At this time, whether he continues to go down the mountain or turns, he is bound to be discovered by these five people, and then he has doubts.

It's no secret that the withered yellow grass appeared in Jiulong Mountain. Other ancient warriors are going up the mountain, but Wang fan is going down the mountain. It's strange if he's not suspected.

Wang Fan's idea suddenly changed in his heart, and he turned his head in an instant, pretending to go up the mountain and ran slowly. And also deliberately bypassed the road, ran to another direction.

In this case, Wang Fan must behave like the rest of the ancient martial arts, so as not to appear abrupt and arouse suspicion.

His speed is neither fast nor slow. It's like going up the mountain to look for the withered yellow grass. There's no escape.

While Wang Fan turned to run, the five people also saw Wang Fan, but they didn't care too much.

There are so many ancient warriors going up the mountain. There are not many more than one king, and

there are not many less than one king. What's more, just one Wang fan can't pose any threat to the five of them.

Of course, they didn't see that Wang Fan came down from the mountain. They just turned abruptly and went up the mountain after they found five of them. Otherwise, they would not let Wang Fan go easily.

Wang Fan probably ran for more than ten minutes and found that the five people didn't catch up. He couldn't help but feel relieved.

He doesn't have the strength to compete with the five mid congenital Tauren. It's a good thing that he can avoid the past.

Otherwise, he won't be able to win a fight. If he attracts the rest of the ancient warriors, he will die without a place to die.

After Wang Fan got away from the five people, he wiped the cold sweat on his forehead, and then continued to run down the mountain.

This time, he became more cautious.

More than half an hour later, Wang Fan finally ran to the foot of the mountain and saw the mountain road.

But what made him vomit blood was that there were many people on the winding mountain road, who were constantly coming and going up the mountain.

In this case, Wang Fan naturally did not dare to go down.

They all went up the mountain, but he suddenly went down and left. Even if he didn't have yellow grass on him, he would be stopped.

Wang Fan was so anxious that he hid in a bush and waited for the chance to leave.

After more than an hour, Wang Fan was almost desperate.

He wondered if all the people in red city had come. For an hour, Jiulong Mountain seemed to be a tourist attraction, and the people who came never stopped.

Wang Fan feels that he can't go on like this any more. If he goes on like this, he will be found sooner or later.

He has to find a way to leave.

At a certain moment, when a red Chevy appeared in Wang Fan's field of vision, Wang Fan's eyes

suddenly brightened up.

For such a long time, he only saw such a car coming. This is his only chance.

And look at the speed of the car, the owner is obviously in a hurry, and it doesn't look like he is looking for the withered yellow grass.

Wang Fan immediately decided to leave with the help of this car.

As long as he can get on the car, even if he is exposed to the withered grass, he will have a 30% more chance to leave.

He can take advantage of his excellent driving skills and the natural advantages of Jiulongshan mountain road to get rid of anyone's pursuit.

20 meters

10 meters

8 meters

Wang Fan calculated the distance between Chevrolet and himself, the timing of the shot, the possibility of the siege of those ancient warriors around him, how to fight back, how to get on the car in the fastest way, and how to get control of the car.

Just after Wang Fan had calculated everything, when the car was only five meters away from him and he was about to move, something happened.

Originally, when Chevrolet came, most people took the initiative to avoid it, because they all wanted to find and snatch the withered yellow grass quickly, but they didn't have the mind to cut corners and waste time.

But there was a square faced man in his twenties who didn't give way. He walked carelessly in the middle of the road, as if he didn't notice Chevrolet at all.

The owner of Chevrolet was surprised to see that the square faced man didn't give way. Subconsciously, he stepped on the brake and honked the horn. The rasping sound of the horn made the square faced man frown. In an instant, he looked back at Chevrolet and stood in the middle of the road.

Chevrolet was forced to stop immediately.

The square faced man saw the Chevy stop, and without a word of nonsense, he went directly to the side of the Chevy.

He pulled the door a few times, but didn't pull it open. He immediately put out his hand and knocked up the window. "Press, press, I'm scared. I don't know. Get out of the car for me."

Square face man tone is very angry, are about to break the window.

Similarly, the movement here also caused the onlookers around, and all of them subconsciously turned their eyes.

Wang Fan took advantage of these people's attention was diverted, eyes a bright, instantly ran out of the bushes, jumped on the road.

Although his speed is fast and the timing is good, he is still noticed by three or four people. Those people can't help frowning when they look at Wang Fan.

However, Wang Fan did not pay attention to them, but quickly walked towards Chevrolet.

At this time, Chevrolet's window has been opened, showing a delicate but slightly pale face.

The owner of this face is a woman. She is about twenty-seven or eight years old. She is not gorgeous, but she is charming.

She bit her lip and looked at the square faced man, saying, "I'm sorry, I didn't mean it. I just have something at home. You're in my way. I'm worried, so I pressed it."

She didn't expect that this square faced man was so unreasonable. He stopped in the middle of the road and didn't get out of the way. He honked the horn a few times and stopped his car. He was so vicious.

"Not on purpose? You said you didn't mean it, didn't you? Are you worried? I'm more worried than you."  
"

The square faced man first swore and then laughed, "Hey, I'm still a pretty young woman. It's just that I'm on a lonely journey. Come down to me and go up the mountain with me."

He obviously had a bad idea about women.

Looking at this scene, the ancient warriors around shook their heads, but no one was bothered.

The first is that they don't want to meddle in this kind of business. The second is that the strength of the young people themselves has reached the early congenital stage, not to mention that they are accompanied by a hunchback old man in the middle congenital stage.

Looking at the old man with a hunchback, he was obviously playing the same role as a young servant. It can be seen that the young man's identity and background were not general.

## **Chapter 672**

"Young master, business is important now. Shall we not delay?" Seeing the young man's appearance, the old man with a hunchback frowned and said.

His original intention is to let young people not waste their time on this woman. The most urgent thing is to go up the mountain quickly. However, young people misunderstood him.

"Uncle Bing is right. We can't waste time." The young man nodded, then looked at the woman again, and his tone became impatient. "Do you hear me, please come down to me."

"If you dare to procrastinate any more, Ben Shao will smash your old car here and strip your clothes."

Evil spirits and evil spirits.

Lu Qianqian listening to this, the whole body can't help but start shaking.

She didn't expect the young man to be so unreasonable and arrogant.

The hunchback old man looked at this scene, but he couldn't help sighing. His young master is good at everything, but he is too arrogant and lecherous.

But he didn't persuade any more. He knew it was meaningless.

When Lu Qianqian was in a daze, the young man was already very impatient. With a bang, the whole door collapsed and completely concave convex.

Lu Qianqian screamed and said, "don't smash it again. I'll get off. I'll get off."

She's a little weak. She rents the car. If it's damaged, she can't afford to pay for it.

Lu Qianqian quickly stepped down from the car. Her trembling body and pale face brightened the young man's eyes.

Although this woman is not very beautiful, she has a good figure, especially in the front and back. She is protruding and warping.

When he looked at Lu Qianqian, he already had a feeling.

"You are wise enough to go up the mountain with Ben Shao. As long as you are obedient, Ben Shao will never treat you badly. Otherwise, you know the consequences. "

The young man said coldly and pinched Lu Qianqian's waist directly.

"Ah, sister, why are you here? Why are you here? Didn't I tell you it's dangerous and don't come here? You have to listen. Look, something's happened now? "

Just as the young man was about to pinch Lu Qianqian, a voice suddenly came. Then a pair of strong arms hugged Lu Qianqian and tried to avoid the young man's salty hands.

Looking at this scene, Lu Qianqian was a little confused, and so was the young man.

The young man, in particular, was about to explode.

Nima, he's going to pinch it. He can feel the touch immediately. This boy's foot at the door is bad. Is he looking for death?

"Sister, what are you doing in a daze? Why don't you get on the bus?"

Wang Fan ignored the young man's ugly face. After holding Lu Qianqian to avoid the salty pig's hand, he immediately opened the rear door which was almost blown away and pushed Lu Qianqian up.

Wang Fan finished all this, then turned back to look at the youth, a face to please, "brother, I'm sorry, my sister is not sensible, I'm here to make amends for you."

He said, but also pinch out the already prepared two hundred dollars and a cigarette, handed in the past, "come on, first smoke a cigarette, the money is my filial piety to you."

Looking at the inferior cigarette and 200 yuan that Wang Fan handed over, the young man almost blew up and slapped it.

The smoke fell on the ground and two hundred yuan flew up.

"Little brother? Who the hell are you? If you dare to do something bad, you're going to die. " The young man's face was ferocious in an instant. He raised his hand and patted Wang Fan.

What Wang Fan shows is that he looks like a full-fledged jerk. He's just a jerk. How dare he do good to him? I'm looking for death.

What's more, you just want to take care of him for 200 yuan? What about sending beggars? Let alone 200 yuan, even if Wang Fan took out 20000 yuan, he did not have to see it.

"I'll fuck you!" At the moment when the young man slapped Wang Fan, Wang Fan's face suddenly changed.

He grasped the young man's palm with a very fast speed. With a strong twist and a click, the whole arm of the young man was twisted to pieces.

When the young man opened his mouth and subconsciously wanted to scream, Wang Fan kicked his foot hard again. The violent force surged out through his toes and directly touched the young man.

The whole young man was kicked upside down, and his bones were crushed. At the same time, the blood in his mouth was puffing, puffing, puffing, puffing.

He hit the wall and fell to the ground. His face turned pale and looked like a useless man.

All this happened between the electric flint light, no one thought.

When people around looked at the scene, the whole scene was dead.

No one thought that Wang Fan, who was servile one second before, would be so cruel the next.

Almost in the blink of an eye, the strength of the youth reached the early congenital.

This strength, this ruthlessness, can be called shocking.

Wang Fanke didn't pay attention to the shocked eyes around him. While kicking the young man, he already threw himself at the old man with a hunchback and hit him in the air. The style of boxing is very fierce and the power is terrible.

"Good courage! If you dare to touch my young master, take your life!" The hunchback old man went crazy in an instant.

Under his eyelids, the young master was injured and almost abandoned. This is a great shame.

The most important thing is that he can't go back to work.

When he faced Wang Fan's blow, he didn't mean to escape at all. He just moved back a little, then clenched his right fist and blasted out.

Bang.

There was a terrible sound, and all the energy around seemed to be torn, overflowing around.

The hunchback old man's face is the emergence of a touch of unnatural blush, almost a mouthful of blood spray out.

Wang Fan was even more unbearable. As soon as his face turned white, he immediately spat out a mouthful of blood.

He just fought Lin Qiejin fiercely before, and killed him. His strength has not recovered, so he is not a hunchback old man's opponent at all.

In addition, now that he is hit by the old man again, his combat effectiveness has declined again, less

than 50% of the peak.

If he continues to fight, even if he can kill the hunchback old man in the end, he will be seriously injured or disabled, or even die.

In that case, the withered yellow grass will be cheap to others.

So, he has to go.

Wang Fan thought like this in his heart, but he showed no mercy on his hand. The shadow knife came out of its sheath in an instant, crossed a knife awn, and chopped the old man with a more crazy attitude.

Looking at him like that, he seems to have the momentum of never giving up without killing the hunchback old man.

As soon as the hunchback old man came back, he found that Wang Fan's shadow knife had come down. Feeling that momentum, his old face slightly changed, subconsciously began to retreat.

Although he was sure to take Wang Fan's blow, he didn't want to waste his strength. As long as he avoids Wang Fan's knife, the next Wang Fan will be slaughtered by him.

However, at the moment when the hunchback old man retreated, his face suddenly changed.

Wang Fan unexpectedly took back the shadow knife in an instant, the whole person quickly turned back, opened the door and jumped up directly.

Without waiting for him to recover, Wang Fan had already started the car quickly, and the accelerator was far away from here.

"What a treacherous boy! I want to die!" The hunchback old man's face changed wildly. With a roar, he chased after Wang Fan.

Wang Fan was a little shocked. NIMA, this old guy even chased him? Don't you care whether the young man is alive or dead?

Wang Fan's face changed wildly. As he accelerated wildly, he suddenly grasped his pistol and turned around to pounce.

## **Chapter 673**

Dense bullets burst out of the chamber and shot madly at the hunchback old man.

Looking at this scene, the hunchback old man almost blew up his lungs.

He did not expect that Wang Fan's skill is good, even if there is a gun in his hand.

Although he was not afraid of bullets, it was painful to hit him with so many bullets.

Subconsciously, he began to dodge, but after he dodged the bullet, Chevrolet had no shadow.

In the car.

Lu Qianqian clung to the seat back with both hands and fastened her seat belt. Her face was pale.

She's never been in such a fast car, and she's never been in the back with a seat belt.

Fast, it's too fast.

She felt that the car was about to fly. She even suspected that what she was sitting on was not a car, but a plane.

Looking at the cliff outside the window, watching Wang Fan drift again and again, her whole heart is mentioned in her throat, deeply afraid of a careless, to a car crash.

At the same time, she was also a little nervous.

Wang Fan's cruel hand, she also saw. Although Wang Fan saved her, she didn't know Wang fansu and was not the so-called elder sister in Wang Fan's words. She did not know what Wang Fan would do to her.

If Wang Fan, like that young man, wants her to accompany her, what should she do? And Wang fan is so cruel, in case of killing her in the middle, what should she do?

Ah, no matter what, we can only go one step at a time.

Lu Qianqian closed her eyes in despair. Anyway, she can't resist and choose now.

Wang fan doesn't know what Lu Qianqian thinks. He just plans to leave Jiulongshan as soon as possible and get rid of those ancient warriors as soon as possible.

When far away from Jiulongshan, confirmed that no one can continue to track, Wang Fan slowed down and stopped at the roadside.

Lu Qianqian felt this scene, and her heart thumped. She immediately held her chest with both hands and looked at Wang Fan with tears in her eyes. "What do you want?"

Her voice trembled. "If you want to be here with me, I promise not to resist, nor call the police, try to cooperate with you, but please don't kill me."

"My brother didn't know how to offend the underworld forces and was sent to the hospital. My parents went to find someone else to argue with him and were also interrupted."

"Now I'm the only one in my family who can earn money. If I die, my family will be ruined."

"I beg you, don't kill me, OK? As long as you don't kill me, whatever you want me to do. "

Lu Qianqian said with a runny nose and tears.

She was really flustered.

Although it is far away from Jiulong Mountain, it is also inaccessible. At a glance, you can't see a car at all.

If Wang Fan killed her here, she would not be able to resist.

She had been working well in Hongcheng, but suddenly she received a phone call. Her parents and brothers were all admitted to the hospital, so she rented a car to go home in a hurry.

But she didn't expect that such a thing happened on the way before she got home.

Is this the life of their family? Why is the life of her family so miserable?

Wang Fan was a little stunned. He took a look at Lu Qianqian and was a little depressed.

Do you look like a bad person or a beast? Damn it!

However, listening to Lu Qianqian's words, Wang Fan has some sympathy.

This woman is too tragic, she has been very bad luck. It can be said that without herself, Lu Qianqian has definitely become the plaything of the square faced man.

Even after playing with her, they may kill her.

But Wang Fan did not expect that the life of this woman's family did not seem very good. You see, I offended the underworld forces and was sent to the hospital. What a shame and tragedy.

Wang Fan thought of this, said with a smile, "you don't have to worry, I won't go to you, and I won't kill you."

"Although I'm not a good man, I'm not an animal. I can't force a woman or even kill a person for no reason."

Wang Fan tried to make his smile closer and Lu Qianqian less nervous. "Although I helped you today, in a

sense, you also helped me."

"If you believe me, I'll accompany you to your house. I don't have other skills, but I still have some medical skills and Kung Fu. I think I can help you

"Of course, if you don't want to, or don't want me to help you, it doesn't matter. To the county in front, I will leave by myself. "

Lu Qianqian's timely appearance makes Wang Fan find an opportunity to leave Jiulongshan, which can be said to be a big help to Wang Fan.

If possible, Wang Fan naturally does not mind to help Lu Qianqian and solve her family's problems.

Of course, if Lu Qianqian doesn't want to, Wang Fan won't force others.

Lu Qian Qian Leng for a moment, "you really don't kill me? Would you like to help me, too? "She felt that Wang Fan didn't cheat her, and there was no need for Wang Fan to cheat her.

This kind of place, whether Wang Fan wants to kill her or force her to do that, she can't resist. Why should Wang Fan cheat her?

"I don't mind helping you as long as you like." Wang Fan said, "well, you think about it yourself. I'll solve a domestic emergency, and then we'll start."

Wang Fan said and got out of the car.

Lu Qian Qian is contemplative.

Wang fan is not an ordinary person. If Wang fan is willing to help, she is much better than a weak woman.

What's more, since those Mafia forces dare to attack her family, it means that they dare to attack her too.

She is a weak woman to go back. What if she is found by those black forces?

However, no matter how powerful Wang fan is, there is only one person. Can he fight those black forces? If you ask Wang Fan for help, will it hurt Wang Fan?

Lu Qianqian is a little tangled.

Wang Fan soon solved the problem and returned to the car. He looked at Lu Qianqian and said with a smile, "don't you go to solve it? At the front, there will be more people, and it will not be so convenient to solve the problem. "

Lu Qianqian's face turned red as she listened to this.

Is this what Wang fan can ask? It's really shameful.

What's more, Wang fan saw the solution here.

Lu Qianqian thought shyly in her heart, but the tension in her heart dissipated a lot.

"Since you don't solve it, let's go." Wang Fan was relieved to see that Lu Qianqian was not as nervous as before. He said it again and then started the car.

"Wait a minute." Lu Qianqian listened to this and quickly stopped. Originally Wang Fan did not say, coupled with nervous tension, she did not feel so anxious.

But now after Wang Fan's mention, and her nerves relaxed, she suddenly felt a little bit nervous.

"What's the matter? Do you want to solve it? " Wang fan stopped the car according to his words and couldn't help asking. Just as he finished asking, he regretted it.

Before he asked that, just to let Lu Qianqian relax. Now he asked again, didn't he embarrass Lu Qianqian?

"Well." Lu Qianqian glared at Wang Fan with hatred. She let out a low inaudible sound, and then got off the car quickly.

Wang Fan looked at Lu Qianqian like that and couldn't help laughing. Soon the voice of Lu Qianqian undressing came out.

Wang Fan's heart rippled for a while, but he didn't pay attention to it, let alone go to see it.

Peeping?

He didn't have that habit. What's more, Lu Qianqian and he just met by chance. They were destined to be just passers-by.

Soon, Lu Qianqian blushed and went to the car. She kept her head down when it was convenient, so I didn't know if Wang Fan had peeped. Anyway, she felt very ashamed.

"It's over. Let's go." When Wang fan saw Lu Qianqian coming up, he couldn't help but say a word.

He would like to slap himself, your sister Oh, always take this matter, but also do not let others Lu Qianqian live?

Sure enough, Lu Qianqian is too shy to look up. She can only feel depressed in her heart. Does this guy mean it?

Wang Fan looked at the scene and quickly changed the topic, "let's get to know each other. My name is Wang Fan. How about you? By the way, what happened in your family and how did you offend those Mafia elements? Those guys are too arrogant. They put your family in the hospital? "

#### **Chapter 674**

"My name is Lu Qianqian." Lu Qianqian listens to Wang Fan's question, momentarily changed her mind, no longer as shy as before.

She sighed, raised her head, looked a little dejected and said, "I don't know exactly what's going on."

"I only know that it seems that my brother and his classmates went to sing together, and I didn't know what happened, so I was beaten, and then I went to the hospital."

"After my parents knew about this, they went to the KTV to ask about it. They wanted to see what was going on and who beat my brother. They wanted to find a way out."

"But I didn't expect that people at KTV broke my parents' legs without saying a word after they knew that my parents were doing it for my brother."

Lu Qian Qian tone a little excited, "they are too arrogant, too unreasonable. After that, although my parents also called the police, the people who beat my parents have already run away. "

"It's hard for my parents to find out that the KTV has a black background, and seems to be involved with some black wolf."

"Will the black wolf?" Wang Fan feels funny. When did this small county have such a fashionable Gang.

He has heard of the black dragon club, the black tiger club and the black leopard club, but this is the first time he has heard of the black wolf club.

Wang Fan mumbled and asked, "have you ever heard of the black wolf meeting? What kind of power is it?"

"And you know why your brother was beaten? In principle, he is just an ordinary person. Even if he is beaten, he should not be involved in your family and let the other party lay such a heavy hand. "

Lu Qianqian shook her head, "I don't know, my brother is still in a coma, didn't wake up, so what's going on, now I don't know."

"His classmates also said they didn't know. They said my brother was beaten on the way to the toilet."

"Haven't you woken up yet?" Wang Fan frowned. It seems that things are not so simple.

He knew that it was meaningless to ask any more questions. He simply said, "well, don't think so much. Let's go to see your family first."

Lu Qianqian couldn't help looking up and biting her lips, "do you really want to help me, will it involve you?"

"Those people are so cruel, since they dare to beat my parents, it shows that they have a good background. I'm afraid I'll implicate you. "

"I know you're powerful, but no matter how powerful you are, you're just a person. They're a gang. If you can't, don't worry about our family. It has nothing to do with you. "

Lu Qianqian is really afraid of implicating Wang Fan.

Their family has been unlucky enough. If Wang fan is involved again, she will feel guilty all her life.

Black wolf will dare to beat her parents and brother, enough to prove that black wolf will be arrogant and no bottom line, in case Wang fan is also beat disabled how to do?

Wang Fan listens to this words, in the eyes pour is to twinkle one to put on surprise, in the heart to this Lu Qian Qian also many several Fen good will.

At this time, this woman even knows to think for herself, which shows that her heart is still kind, and it's not in vain to help her.

"Don't worry, I haven't paid much attention to the black wolf club. If you dare to provoke me, I will directly choose this gang." Wang Fan said, "you don't have to worry. I can handle it."

Lu Qianqian listened to this, nuzui, but did not say anything.

Maybe Wang fan is sure. The most important thing is that she really needs help.

Otherwise, as a woman, she is likely to be swallowed by the black wolf every minute.

More than an hour later, the car drove into the county. Under the guidance of Lu Qianqian, Wang Fan drove the car directly to the county hospital.

On the third floor, there is a ward, in which there are three people. These three people are Lu Qianqian's parents and brother.

Originally Lu Qianqian's brother Lu Xiaojun was supposed to be in intensive care unit, but because he had no money, he was driven out.

Even so, an old nurse in her forties still scolded in the ward, "what hospital do you say you don't have money to come to?"

"Do you know that you have run out of money and it's time to pay the deposit? I tell you, immediately find a way to pay, otherwise, don't blame me to blow you out

The old nurse's tone was abominable and domineering.

Her broken voice can be heard in almost the whole corridor, but no one dares to say anything.

Lu Qianqian's parents listen to this, are trembling with anger, but dare not speak.

They knew that the old nurse would have some relationship with the black wolf. It was said that she was the relative of a certain leader. She came to disgust herself on purpose.

They also wanted to leave the hospital, but the old couple's legs were broken, and their son was in a coma. In addition, after the accident, all the relatives broke off contact with them one after another, not to mention visiting in the hospital, and even their phone had been hacked.

They want to get out of the hospital, it's not likely.

Two broken legs, with a comatose son, how to leave hospital? Not to mention being discharged, getting out of bed is a problem. So although they are angry, they still dare not attack, and try their best to show their smiling faces to please,

"don't worry, my daughter is on the way back, and it is estimated that she will arrive soon. When she comes back, we will pay, please forgive me."

"Your daughter? Really? Is she rich? I tell you, you'd better not lie to me, or you won't be kicked out. "

Old nurse domineering, spittle flying said. Looking at her like that, she looks like an angel in white. She is even worse than those evil women.

"I dare not. How dare we cheat you? My daughter is really coming back soon, and she is really rich. Two hours, two hours at most, and she'll be here. "

Lu Qianqian's father said, suppressing her anger.

"Well, I'll trust you once. If your daughter can't come back, or can't pay for it, don't blame me for throwing you out."

The old nurse said a vicious, directly left the ward. The old couple looked at their unconscious son with tears streaming down their faces.

"My father, these bastards are going to kill us. Do we want Qianqian back? What if Qianqian comes back and falls into their hands? "

Lu Qianqian's mother said with a runny nose and tears.

"Ah, who knows what's going on? It's just like this in a few days. I don't want Qianqian to come back, but isn't there no way? "

"Now our relatives can't get in touch. We can't get out of hospital. We have to wait for Qianqian to come back and take us away."

"But you remind me that I need to call Qianqian first, ask her to call the police, and then take us out of the hospital with the police."

Lu Qianqian's father also said with tears, pinching the elderly machine next to him and dialing Lu Qianqian's phone.

As soon as Wang Fan found a place to park the car, Lu Qianqian's phone rang. After she got through the phone for a while, she was already in tears when she hung up.

Wang Fan looked at this scene, could not help but frown, asked, "what's the matter, whose phone, why still cry?"

Because Lu Qianqian's receiver was very low, Wang Fan didn't hear what the other end of the phone said.

"My parents were threatened. They were afraid that people from the black wolf club would attack me. They asked me to call the police first and then take them out of the hospital." Lu Qianqian sobbed.

## **Chapter 675**

"What should we do now? Should we call the police?" Lu has no idea at all now.

She did not expect that those people should be so arrogant. I broke my parents' legs and paralyzed my younger brother. After listening to my father's advice, it's still possible to fight her now. Are they going to kill them all?

"Don't call the police. Let's go up and have a look. You don't have to worry. I'm in charge of everything." Wang Fan shook his head, his eyes also flickered a touch of cold.

He also felt that the black wolf would go too far. How much hatred did he have for Lu Qianqian's family?

"Well." When Lu Qianqian heard Wang Fan's words, she relaxed a little and nodded her head cleverly. She has nothing to do now, so she has to rely on Wang Fan.

They soon came to Lu Qianqian's parents' ward.

"Dad, mom." Lu Qianqian saw her parents in plaster and bandage, tears immediately came out, and she couldn't help rushing over.

"Qianqian." When Lu Qianqian's parents saw her daughter, they also choked and left sad tears.

"Dad, mom, how can it be like this? Why is that?" Lu Qianqian looked at her parents' broken legs and her unconscious brother. For a moment, she felt as if the sky had collapsed.

She heard that it was one thing for her parents to have their legs broken and her brother to be beaten unconscious, but it was another thing to see with her own eyes. Looking at her parents and brother's miserable appearance, she really couldn't accept it.

"Don't ask so many questions, let's clean up and leave the hospital. By the way, did you call the police? What about the police?"

Lu Qianqian's parents cried bitterly for a while, and then they remembered the business. Lu's father couldn't help asking.

As soon as his words were finished, he noticed Wang Fan beside Lu Qianqian. He couldn't help but wonder in his eyes, "Qianqian, who is this?"

"He is my friend. He came to help after he heard about our family." Lu Qianqian quickly introduced.

Because she was afraid of her parents, she did not say that she had not called the police.

"Hello, uncle and aunt." When Wang Fan heard Lu Qianqian's introduction, he rushed forward to say hello.

"Good, good." Lu's father and mother looked at Wang Fan and then at their daughter, with a touch of satisfaction in their eyes.

They mistakenly regard Wang Fan as Lu Qianqian's boyfriend. Although this boyfriend is younger and his clothes are a little shabby, he doesn't look like a rich man.

But at this time, Wang Fan even dare to follow Lu Qianqian back, which shows that Wang fan is sincere to Lu Qianqian. So they are very happy.

If you don't treat your daughter well, what's the use? As parents, they naturally want their daughter to find a man who is really good to her.

Wang fan doesn't know what the old couple are thinking, otherwise they will be quite speechless.

Lu Qianqian understood the meaning in her parents' eyes and blushed, but she didn't explain.

She couldn't help asking, "Dad, mom, why do you want to leave the hospital? Can you leave the hospital like this? Do those people really dare to mess around in the hospital? "

"Don't ask any more. Let's go home. But we are living here, and our legs are not good, and we are wasting money. We might as well leave the hospital as soon as possible. " Lu Fu Fei said quickly.

"Oh." Lu Qianqian heard her father say so, can only nod, and Lu father has been forced to endure pain, struggling to sit up.

Wang fan saw this scene, quickly came forward and said, "uncle and aunt, you don't move, I still know some medical skills, if you believe me, let me help you to have a look, and then we will be discharged."

In Wang Fan's opinion, it's better to treat Lu Fu and Lu Mu's legs now. It can not only make them suffer less, but also save some trouble.

After all, they have already broken their legs. If they toss a few times on the road, in case of aggravating the injury, although Wang fan can't cure it, it will be more troublesome.

"You, you know the art of medicine? But our leg is broken. See you again. There is no equipment, no tools, and no way to cure it. "

Although Lu's father was surprised that his daughter's boyfriend knew medicine, he didn't want to waste his time. After all, the longer the delay, the more trouble they will have.

"Don't worry, uncle. I don't need the equipment and tools." Wang Fan said, has gone to Lu Fu's side, tear off the bandage on his leg.

"What are you doing? What are you doing? Stop it?" Just as Wang Fan had just torn off the bandage on Lu Fu's leg, the evil nurse heard the news and rushed into the ward.

he looked at the 32 Wang Fan who tore up the bandage. His old face shook and the foundation fell down.

When Lu Fu and Lu Mu saw the evil nurse come in, their expression was obviously stiff. There was anger and fear in their eyes, but they didn't speak.

Wang Fan also ignored the evil nurse. After tearing the bandage, he put his right hand on Lu Fu's leg to check the injury.

Lu Fu's injury was not serious. He was just broken and did not hurt the soft tissue. This kind of injury, the general hospital can be connected, but later can not be too hard. Wang Fan noticed that the injury was

not serious, relieved and took out the silver needle.

"What are you going to do? This is a hospital, not a place where you can fool around. Get out of here." When the evil nurse saw Wang Fan take out the silver needle, she screamed again.

Wang Fan didn't care about it at all. He had already grasped the silver needle and pricked it down quickly.

At this moment, not only the scream of the evil nurse suddenly stopped, but also Lu Qianqian had some silly eyes.

It's unbelievable that such a long silver needle can be pierced like this.

When the evil nurse recovered, Wang Fan had drawn out the silver needle, went to Lu's mother and tore up the bandage.

Evil nurse looking at this scene, can no longer help, toward Wang Fan rushed in the past, zhangyawuyao, "you give me stop."

Wang Fan suddenly turned back and looked coldly at the evil nurse.

In a flash, the evil nurse felt as if she had been targeted by the wolf, and an unspeakable chill came out of her feet.

She felt as if she had pressed a big mountain on her body. Her breath began to rush, and her forward steps suddenly stopped, and she did not dare to move.

"I'm really standing here. If you dare to say one more word, I'll put this needle directly into your neck." Wang Fan cold finish saying, turn head to give Lu Mu to cure.

The evil nurse was frightened by Wang Fan for a moment, but she didn't dare to speak. When she recovered, Wang Fan had received the needle again.

"Well, it's almost done. After a few minutes' rest, you can walk on the ground. I'll see Lu Xiaojun. "

With that, Wang Fan went to the unconscious Lu Xiaojun.

When looking at Lu Xiaojun's injury, Wang Fan's eyes can't help but squint, and a sense of obliteration flickers in his eyes.

As soon as he saw it, he knew that Lu Xiaojun's head had been bombarded at least a few times, which was a dead hand.

If it wasn't for Lu Xiaojun's great life, he would have been killed instead of being unconscious.

One is the Mafia, the other is the ordinary youth. Is there such a big hatred? In other words, Lu Xiaojun is carrying his family behind his back. Is this revenge from his enemies?

It's not like Wang Fan. Lu Xiaojun doesn't look like someone who often fights.

Wang Fan looked at Lu Xiaojun and sighed. Then he grabbed the silver needle and stabbed it at his head.

Looking at this scene, not only Lu Qianqian's parents were shocked, but also Lu Qianqian herself was shocked to open her mouth.

That's the head. Is there still life under such a long silver needle?

Needling on the head and needling on the legs are two completely different concepts!

Even the evil nurse's eyes were as big as Tongling, and she almost forgot to breathe.

### **Chapter 676**

Wang Fan didn't care about the expression of Lu Qianqian and others. The silver needle kept sticking on Lu Xiaojun's head. In the end, it almost formed a shadow.

About five minutes later, he took back the silver needle, and some sweat oozed from his forehead.

"How's my brother? Can he wake up?" Lu Qianqian sees Wang Fan receive needle, cannot help but ask a way.

Now she has no doubt about Wang Fan's medical skills, because her parents with broken legs have been able to stand firmly on the ground and walk by themselves.

This shows that Wang Fan's medical skills are powerful.

"Cough." Wang Fan did not speak, but Lu Xiaojun's dry cough gave Lu Qianqian the answer.

He opened his eyes slowly. First he looked around blankly. Then he sat up and said, "what's wrong with me? Where am I, Xiao Xue? Xiao Xue?"

Wang Fan listened to this, some speechless, half dead, but also thinking about others, listen to the name seems to be a woman, is really a kind of love.

"Xiaojun, you finally wake up. Just wake up." Lu Qianqian's parents see Lu Xiaojun wake up, has tears in the face of the past.

They only have such a son. If the son is really half dead and can't wake up in bed all his life, it's worse than killing them.

Lu Qianqian is also excited, but it is not to Lu Xiaojun side, but to Wang Fan sincerely said, "thank you, thank you."

Now she really has some ability to shock Wang Fan. She not only has a high value of force, but also has a fierce hand. Even her medical skills are so amazing.

She secretly congratulated herself that she met Wang Fan, and Wang Fan was willing to help her. Otherwise, her younger brother would not wake up, and even her parents would not be able to stand up in their life.

"You're welcome. That's what I should do." Wang Fan waved his hand, "OK, let's go, let's leave the hospital."

Lu's father and mother also came back to their senses and quickly pointed to Wang Fan and said, "Xiaojun, it's up to your brother-in-law that you can wake up. Don't thank him quickly."

Lu Qianqian listen to this, pretty face a red, almost did not fall on the ground, quickly explained, "Mom and Dad, what do you say, he is not."

Wang fan is also speechless. When did he become his brother-in-law? It's a big deal.

"Thank you." Lu Xiaojun looked at Wang Fan and said thanks, but he was not satisfied with Wang Fan's brother-in-law.

In his opinion, his brother-in-law is too young. He is not even a few years older than him. Moreover, Wang Fan's medical skill is so good that he is obviously a man of real ability.

Although the elder sister is also good, the figure is not to say, but compared with Wang Fan, it does not know where the difference is.

He felt that most of Wang Fan wanted to play with his sister, but he didn't really love her.

Wang fan doesn't know what Lu Xiaojun thinks, but even if he does, he won't care too much.

Soon, a group of people packed up and planned to leave the hospital.

But they have not left, the evil nurse has stopped at the door of the ward, "what are you going to do, who let you leave the hospital, you can't leave the hospital!"

She said, and looked at Lu Qianqian, "you are their daughter, your hospitalization expenses have been owed, hurry to pay, or I'll blow you."

Evil nurse said here, the voice suddenly stopped, originally she subconsciously wanted to say, otherwise

it would blow you out, because this is her mantra, not so easy to change.

But on the way, she remembered that people were going to leave the hospital, so she didn't have to go.

Lu Qianqian listened to the evil nurse's words, some can't stand it, can't help but shout, "our parents and brother have been well, there is no need to live in the hospital, why can't we leave the hospital?"

"What's more, I'll make up for how much we owe? What right do you have to throw us out? "

"As a nurse, what's your attitude? Is that how your leaders train you?"

"Qianqian, don't say more." Lu father heard this, quickly held Lu Qianqian, do not let her continue to speak.

The evil nurse will have something to do with the black wolf. He doesn't want to provoke such people.

"What's wrong with my attitude? Do you care how our leaders are trained? What are you to teach me? "

bad nurse heard Lu Qianqian dare to teach her, and then he was angry, pointing at Lu Qianqian's nose and scolding. "This is the hospital. I has the final say. I said I could not leave the hospital if I could not discharge."

"What's more, you already owe \$110000. When you leave the hospital, what should you do with the money you owe? Who will give it to you?"

"One hundred and eighteen thousand?" Lu Qianqian listen to this, almost no gas back to breath, can't help blurting out a way, "you this is a black hospital, how can you owe so much money, it is blackmail!"

Lu Qianqian is really angry, but also some powerless.

One hundred and eighteen thousand. With so much money, it's hard for her to make up even if she sells iron by smashing the pot.

If she had owed 32000, she would have accepted it and could have paid for it, but she would not have been able to pay for it?Lu Qianqian's parents were also frightened by the 118.

This is no longer a small number. Compared with some ordinary families, it can't be taken out at all.

"Black hospital? Blackmail? How can you talk? I think you are short of fighting! " The evil nurse was even more angry and couldn't help it any more. She raised her hand and slapped it in the past.

It's just that she didn't slap Lu Qianqian in the face, but was pinched by Wang Fan.

"You are a nurse, aren't you? Please pay attention to your attitude." Wang Fan looked at the evil nurse

and said, "you don't have the right to care whether we want to leave the hospital. This is our freedom."

"I can also guarantee that any problem they have after discharge has nothing to do with your hospital."

"As for the one hundred and eighteen you said, to be honest, I haven't seen the money. In this way, how about you pull over the details, let me have a look, and then pay for it? "

Wang Fan said lightly, and took out the ID card, reported the mobile phone number, "this is my ID card, and the phone number."

"With these things, you don't have to be afraid of me running. Even if I do run, you don't have to be afraid of not finding me."

"Now that technology is so advanced and there are heavenly eyes everywhere, where can I go? What's more, I don't have to run for just one hundred and eighteen thousand

After listening to Wang Fan's words, the evil nurse blinked in her eyes and kept Wang Fan's identity information in her mind. Then she said, "OK, you wait. I'll go and get you the details."

She said, directly turned away from the ward, she knew, Wang Fan this man in, she continued to make things difficult to go on also can't get good.

When Lu Qianqian and her family saw Wang Fan's understatement, they suppressed the evil nurse and finally calmed down.

Lu Xiaojun is even more worried about his sister. He doesn't pay attention to the fact that he is still so young. He must be playing with his sister.

"What shall we do? Are we really waiting here?" Lu Qianqian saw the evil nurse disappear and asked.

"Of course, you have to wait. Don't worry, I'm here for everything. Besides, people say that we are in arrears. If we just run away like this, it doesn't make sense. "

Wang Fan said. He wanted to see what could happen to the evil nurse. After staying in the hospital for two days, the arrears were as high as 110000. Coupled with the bad attitude of the nurse, Wang Fan didn't believe it at all.

## **Chapter 677**

After the nurse left the ward, she didn't ask for the details of the expenses.

She said that she owed \$11008 only to make Lu Qianqian's family difficult and prevent them from leaving the hospital smoothly. In fact, where did she owe so much money?

Not to mention the arrears, in fact, there is no debt at all, and there are even thousands of yuan in

balance.

The evil nurse soon came to an office, closed the door and dialed a phone call, "Hui Shao, it's me, there's an accident."

"I don't know where a boy came out and cured the family surnamed Lu. Yes, yes, Lu Xiaojun also woke up. Now they are going to be discharged. What should I do now? OK, OK, I see

After the evil nurse hung up, she cursed fiercely and then left the office.

Instead of going to the ward where Wang Fan was, she found another nurse and whispered a few words, then left.

The nurse was busy for a while, and went to the ward where Wang Fan was.

Wang Fan thought that the evil nurse would try to make trouble, or call someone to come, but it was another nurse.

The nurse, with several pieces of paper in her hand, said immediately after entering the ward, "I'm sorry to have kept you waiting."

"It was sister Rong who made a mistake. You didn't owe me any money. I've finished your discharge procedures. You just need to sign and you can be discharged. "

Lu Qianqian's family listened to the nurse's words and immediately couldn't help opening their mouth.

The evil nurse just now did not let her leave the hospital, but now she let her leave the hospital so happily? Not only that, but also a clean discharge procedures?

So she doesn't want that one hundred and eighteen? When did she become so talkative? Is there any conspiracy?

Wang fan can't help but be surprised, and then took the discharge procedures, handed to Lu Qianqian, "OK, let's go."

He didn't embarrass the running nurse. There was no need.

Wang Fan also knows that the evil nurses mostly want to find their bad luck after they leave the hospital, but Wang fan doesn't care.

After leaving the hospital, Wang Fan took his family to a hotel not far away. After a long time, Wang Fan was a little hungry.

He also plans to ask Lu Xiaojun what's going on and how he can get into trouble with the Mafia at

dinner.

After Lu Xiaojun woke up, Wang Fan was more sure that this guy was not a gangster. He didn't have that kind of momentum.

In Wang Fan's view, it is mostly Lu Xiaojun who accidentally offended some coworker, or who accidentally knew some secret that caused the mischief.

Of course, we have to wait until we know what's going on. After all, guessing is just guessing.

Soon, several people came to the hotel, entered the box and sat down.

Lu's father and Lu's mother were still a little cramped, but the thought that Wang Fan was his daughter's man, that is, his future son-in-law, was not so cramped.

Lu Qianqian looked at Wang Fan and said, "how can I feel something wrong? Is there any conspiracy?"

"My father said that the evil nurse knew the underworld. Did she really let us go so easily? Previously, she was too arrogant to let us leave the hospital. "

Wang Fan laughed, "you're right. They didn't let us off so easily. They just didn't do very well in the hospital."

"What's more, when we left the hospital, we were targeted, but I don't know why, they didn't do it."

"Ah?" Lu Qianqian couldn't help but open her mouth wide, looking a little surprised.

Lu's father and mother were even more scared. They had no appetite to eat.

They are just ordinary people. How can they provoke those Mafia forces? Now I hear that they are targeted by Mafia forces. How can they calm down.

They really don't understand. Since Wang fan knows that he is being watched by others, how dare he come here to have a meal? Why is his heart so big.

"You don't have to worry. It's just some bastards. I haven't seen them yet. By the way, Lu Xiaojun, what's the matter? Why do those people beat you so hard? "

"Brag! It's like what you're doing! It's just that the skill of medicine is a little bit strong. The skill of medicine doesn't mean the fist is also strong. "

Lu Xiaojun couldn't help hating Wang Fan. Although he was very grateful to Wang Fan for saving their family, he was very upset at the thought that Wang Fan only did it for his sister's health.

The more powerful Wang fan is, the more likely he is to play with his sister, so he can't help thinking of ways to attack Wang Fan.

"Xiaojun, no talking." Lu Qianqian's face immediately changed when she listened to Lu Xiaojun's words.

Others don't know Wang Fan's ability, doesn't she? Wang Fan saved her family. Now his brother is not only ungrateful, but also sneers at Wang Fan. What's the matter? Isn't this the white eyed wolf?

Lu Qianqian has seen Wang Fan's ruthlessness. In case Wang Fan gets angry, Wang fan doesn't care about them any more. In case Wang Fan deals with them, they are doomed.

"Xiaojun, don't talk to your brother-in-law like that." Lu's father and mother can't help but rebuke Lu Xiaojun. They feel that the son is so impolite that they don't feel grateful."It doesn't matter. He's still young. I won't care about him." Wang Fan said very generously.

Wang Fan also saw some hostility of Lu Xiaojun and guessed the reason, but he didn't pay attention to it. Anyway, he had nothing to do with Lu Qianqian.

He just wanted to thank Lu Qianqian and give him a hand. There was no need to care what Lu Xiaojun thought.

"You're not a few years older than me. You're acting like an elder." Lu Xiaojun was more uncomfortable when he listened to Wang Fan's words.

Lu Qianqian really can't help knocking on Lu Xiaojun, "you shut up for me, and if you dare to talk, I won't have your brother, so apologize!"

She was really angry. How could her brother do this.

When Lu Xiaojun was knocked by his sister, he did not dare to speak. He was still a little afraid of his sister.

"You don't have to apologize. Let's talk about it." Wang Fan waved his hand and asked Lu Qianqian.

Lu Xiaojun took a look at Wang Fan and his elder sister. His eyes changed. Then he said, "that night we went to sing K with some classmates."

"I went to the toilet on the way, but I happened to see Xiao Xue, the school flower of our school, getting drunk and drawing close to a private room. So I followed quickly and broke into the private room. "

Lu Xiaojun said here, can't help but clench his fist, "but after I went in, I found that there were a lot of people in the private room, and a guy was tearing Xiao Xue's clothes."

"As soon as my head exploded, I rushed over. But before I rushed to Xiao Xue's side, I was blocked by

several people and kicked to the ground. "

"Then, they took things to my head, and I didn't know anything later. When I woke up again, I was already in the hospital."

Wang Fan listened to this, can't help but frown, "is that all? Just because you broke into the private room, you were beaten like this? "

He thinks it's impossible for a woman to break into a private room by mistake. As for such a heavy hand, does it still involve his parents?

"Did you see who was tearing Xiao Xue's clothes? Or did you see clearly what's in the private room? "

Wang Fan asked again, he always felt that things were not so simple.

"I don't know. I didn't notice. I can see the guy tearing Xiao Xue's clothes clearly, but I don't know him Lu Xiaojun said with red eyes.

### **Chapter 678**

It's really a love affair.

Wang Fan sighed in his heart.

It's obvious that Lu Xiaojun likes the woman named Xiao Xue very much, otherwise he won't rush in directly.

Wang fan does not know how to evaluate Lu Xiaojun. Should he say that he is young and hot-blooded or that he has no brain.

Even if you don't know who is in the private room, how many people there are, you dare to rush in with a fever. What is it to seek death?

If they have the strength and the strength, it's OK, but Lu Xiaojun has no strength.

"Well, let's eat first." Wang Fan knew that he could not ask anything further, so he would not ask more.

Anyway, those who should come will come, and he is not in a hurry. Even if those people don't come, he plans to go to the KTV to see what's wrong.

The meal was quickly served, and a group of people ate it quickly.

Wang fan is really a little hungry, so there is no scruple at all, it is a storm, a big piece of flower.

Lu Qianqian's parents frowned and sighed that although the son-in-law was a little more capable, he

didn't dare to compliment him. People who didn't know that thought he hadn't eaten in his life.

Lu Qianqian saw Wang Fan's face, but she didn't speak.

Only she knew that her parents misunderstood that Wang Fan was not her at all.

When Wang Fan was enjoying himself, he suddenly frowned and looked at the door of the private room.

Wang Fan's action made Lu Qianqian follow her instinct and look at it.

Lu Qianqian is going to ask Wang Fan how, how suddenly did not eat, bang, the door of the private room was kicked open.

Then three strong men broke in.

These three people are big, tall and big. They are full of tattoos. Coupled with the arrogance of hanging in the sky, they almost write that I am a hooligan on their face.

After they entered the private room, Bang's backhand closed the door of the private room and went directly to the dining table.

The man in the middle pulled the chair beside him and stepped on it with a click. Then he bared his teeth and looked at Lu Xiaojun, who was a little pale.

"boy, I thought you would be paralyzed in bed all your life, but I didn't expect that you were so lucky that you woke up."

"I don't talk nonsense with you, just follow me. I don't need to tell you the result of resistance. I think you should know."

Middle man arrogantly finish, suddenly saw Wang Fan beside Lu Qianqian. Looking at Lu Qianqian, his eyes suddenly brightened up.

"You are the immortal daughters. I didn't expect that they were in good shape. Ha ha, it's cheap for me. Please follow me. I won't treat you badly. "

As he spoke, his eyes whirled wildly around Lu Qianqian's body. He almost tore Lu Qianqian's clothes and went to war on the spot.

The two guys around him also couldn't help staring at Lu Qianqian, with shining eyes and funny smiles. Obviously Lu Qianqian was taken as a prey.

"You, why do you want to take my son? What on earth has my son offended you? You can't be so arrogant. You will be punished. "

Lu Fu looked at the three people, and his face turned pale with fright. Just for the sake of his son, he still held back his fear and raised his head.

But Lu's mother couldn't help crying, "you can't do this. Please, let my son go. I kowtow to you."

Lu mother said, want to open the chair kowtow, but it is Lu Xiaojun dead embrace.

Lu Xiaojun holds his mother in both hands, and stares at the three people with red eyes. He looks like he wants to swallow them.

His eyes were filled with anger and a trace of fear.

"You two old people, shut up and dare to talk more. Do you believe me to break your legs again?"

"Damn, you're really lucky. If you break your leg, you can be connected. What's the matter with you?"

The man in the middle scolded and turned his head to Wang Fan. "Boy, if I guess right, it's you who connected their legs and woke Lu Xiaojun up, isn't it?"

"You are very brave. You dare to take care of our black wolf club. Do you know how to write the word" death "

Wang Fan was dumbfounded when he heard this. Just a bastard, dare to point to his nose and ask how to write dead words, Wang fan does not know what to say.

He looked at the burly man seriously, "back to this big brother, you are right. I cured their broken legs, including Lu Xiaojun. Besides, I really don't know how to write dead words. "

Wang Fan's tone is incomparably serious, but his words are incomparably irritating.

Lu Qianqian and her family are not sure whether Wang fan is showing weakness or provoking.

The burly man did not know whether Wang Fan was showing weakness or provoking.

Originally he listened to the words in front of Wang Fan, but also some proud, because Wang fan used honorific, obviously on the road. Just the following words made him feel wrong and even angry. "Damn, since you don't know how to write dead words, I'll teach you a lesson today and have a long memory."

The burly man was too lazy to think so much. He was so fierce that he slapped him in the face.

"Stop it." But before he slapped Wang Fan in the face, Lu Xiaojun could no longer help his angry voice.

"I led the matter. I'll go with you. Don't embarrass him. He's just an outsider. It has nothing to do with

him. "

Lu Xiaojun stood up, red eyes looking at the three men, "I remember you, you are in the box, also moved to me. How is Xiao Xue now? Has she fallen into your hands and been ruined by you? "

"It's very righteous to yell."

The burly man took back his slap and looked at Lu Xiaojun with great interest. "You are too busy to think about that woman. It's really funny. I advise you to think about yourself first."

"Go and take that boy away, dare to resist and fight directly."

The burly man said, then gave instructions to the two companions, and he himself, is a grasp to Wang Fan next to Lu Qianqian, "little girl, don't want your parents to have something, just follow me."

Bang bang.

Just when he said that, he was frightened to find that the two companions who went to catch Lu Xiaojun fell out.

Wang Fan stood up and just played his feet lightly. His two companions flew out like paper paste, without any resistance.

Click, click.

There were two numbing sounds again. After his two companions fell to the ground, there was a sound of broken bones, and then there was a whine.

Looking at this scene, the burly man immediately broke out in a cold sweat.

Who are these people? Why are they so powerful? How can he grasp his strength so well? When his companion falls to the ground, he makes the sound of broken bones. Is this too abnormal?

Not only the burly man, Lu Qianqian's parents, and even Lu Xiaojun, looking at this scene, can't help but open his mouth, a face of shock.

It can be said that in addition to Lu Qianqian, the rest of the people are all silly, no one thought, Wang fan should be so powerful, so terrible.

Wang Fan kicked over those two guys as if he had done a trivial thing. He patted his hands lightly, looked at the burly man and grinned:

"brother, don't you want to teach me how to write dead words? Now you can teach me. "

**Chapter 679**

Although Wang Fan's smile is very gentle, in the eyes of the burly man, it is more terrible than the devil.

He grunted and said, "no, no, how dare I teach you how to write dead words?"

"Elder brother, I'm a member of the black wolf society. This matter has nothing to do with you. Please don't interfere."

The last sentence was said by him. He tried to use the black wolf to scare Wang Fan.

"Will the black wolf?" Wang Fan disdained of curled his lips, "black wolf will be what thing, I have not heard."

"If you want to threaten me with the black wolf, you're wrong. Come on, now tell me what's going on. Why are you so cruel to Lu Xiaojun and so reluctant to take him away? "

"Don't tell me those messy reasons. If I find out you're lying, I won't hesitate to step on your legs."

"Don't you like to maim others? Just as I like to maim others, let's see who can maim who."

Although Wang Fan's tone is plain, it is with no doubt, listening to the burly man's ears, it makes his heart beat.

Who is this person? It's too arrogant and arrogant. Even the black wolf club doesn't pay attention to it.

What scares him most is that when he says to maim someone, he is still excited or cruel.

But when Wang Fan said that I could beat someone, he was as calm as he said that I wanted to eat and drink. He didn't even have any mood swings. Isn't it too damned that he didn't take "beating someone" seriously?

"Lu Xiaojun broke into our private room and ran into the drug trade. We suspect that he saw Hui Shao, so we plan to kill him."

"It's just that he's better off. He was rescued. Originally, Hui Shao intended to kill him, but he didn't continue to fight after he knew he was unconscious. "

"Now Hui Shao knows that he wakes up and is afraid of revealing the secret, so he sends us here."

The burly man didn't dare to hide at all and said what he knew.

Wang fan is too cruel and powerful. If he doesn't say it, he will probably be abandoned by Wang Fan.

No matter how fierce he was, he couldn't kill those two companions in a moment, so he knew that he had no chance of winning in front of Wang Fan.

"Hui Shao? Who is this? What's the status of black wolf?" Wang Fan caught the key and asked.

"Huishao's full name is Chen Hui. He is the largest young entrepreneur in our county and one of the top ten outstanding young entrepreneurs in our province."

"I don't know what identity he will be in the black wolf. I only know that he will have a high identity in the black wolf."

"Because Hui Shao's reputation is very good, few people know that he is involved in gangs, let alone drugs."

"It was impossible for Lu Xiaojun to break into the private room that night, but there was an accident at the KTV, and the people outside were transferred away, so he was able to break in."

The burly man didn't dare to hide anything at all and told all he knew.

"So that's what happened. Well, you can take those two rubbish and go away. Go back and tell huishao and black wolf club that I will visit them later. Don't go to trouble Lu Xiaojun's family any more. "

Wang Fan said and kicked the big man out.

If it wasn't for the two disabled people who needed this guy, Wang Fan was going to beat him up.

Wang Fan has never had a good feeling for this kind of guy who always bullies ordinary people, bullies the weak and robs women.

The burly man was kicked over several somersaults, his head was hit and bleeding, but he didn't dare to wipe it at all.

He quickly picked up the two disabled companions and planned to leave.

But before he got out of the box, he was stopped by a voice, "wait a minute."

This voice is from Lu Xiaojun. He stares at the burly man and asks, "how is Xiao Xue? Where is she?"

The burly man didn't want to answer, but Wang Fan, who was smiling, bit his lip and said, "I don't know where she is, I only know that she was taken away by Hui Shao."

With that, he left the private room in a hurry.

As soon as they left, Lu Xiaojun knelt down to Wang Fan, "brother-in-law, please save Xiao Xue. Please save Xiao Xue. As long as you save her, I will do anything you want me to do."

"Xiaojun, what are you doing? Get up. Don't do that." Lu Qianqian looked at this scene, and some panic.

It's a great kindness for Wang Fan to help their family. Now my younger brother even asks Wang Fan to save others. Isn't that a slap on the nose?

If Wang fan is really Lu Qianqian's man, it's nothing to save him, but Wang Fan and Lu Qianqian are not so familiar.

Wang fan is also a cold, this sentence from a woman's mouth, he can accept. But from Lu Xiaojun's mouth, it is difficult to hear. He quickly picked up Lu Xiaojun, "don't worry, I will go to the black wolf will see, I try my best, but it's hard to say if I can save it."

His meaning is very clear, that is to say, if Xiao Xue is still in the county, not dead, he can be rescued. But if Xiao Xue is taken away or killed, he has no choice.

But Wang Fan's words are not so obvious. He can see that Lu Xiaojun likes Xiao Xue very much. He is afraid that Lu Xiaojun can't accept it.

"Thank you, thank you." Lu Xiaojun quickly thanks, the previous hostility seems to have gone.

Seeing that Wang Fan was not angry, Lu Qianqian was also relieved, "do you really want to go to the black wolf meeting? Is it too dangerous?"

"It's OK. It's not dangerous."

Wang Fan said, suddenly thought of what kind of knock on the head, "I forget to ask where the black wolf will be, forget it, we all eat almost, first leave here."

"I'll settle you down first, and then I'll go to the KTV with Xiaojun to meet those black wolf people."

Wang fan doesn't want to waste time because of these things. He plans to solve the trouble of Lu Qianqian's family as soon as possible, and then find a place to take Kuhuang grass. After his strength is improved, he will hurry back to Jinzhou.

Now he is also the chairman of the board of directors, a big business, the company is still in the period of rapid development, there is not so much time to waste.

Wang Fan soon settled Lu Qianqian's family in the largest four-star hotel in the county and the most luxurious presidential suite.

In his opinion, only in this kind of place can the Lu Qianqian family be more secure.

After settling them, Wang Fan left with Lu Xiaojun.

Because he didn't know which private room Lu Xiaojun broke into that night, and he didn't know what Xiao Xuechang looked like, so he had to take Lu Xiaojun with him.

Jinding KTV is the largest and most classy KTV in the county. In a luxury box on the top floor, a man in his forties is drinking with two girls in his arms.

Behind him, there are still seven or eight beaters who seem to have great strength. Those beaters seem to stand up with their hands down and have great momentum.

This man is the head of black wolf. He is not big, but he has a fierce face.

On his face, there was a scar with a long middle finger. The scar slanted down from his forehead and occupied half of his face. It looked terrible.

Black wolf means cruel, bloody cruel, under the foot do not know how many bones. It is said that his face, or his black wolf name, can make children cry in the middle of the night.

## **Chapter 680**

Dada dada.

A rhythmic sound of footsteps sounded, a tall and charming woman in her thirties stepped in.

She is wearing a cheongsam with split ends. With the swing of her skirt, her two slender snow-white legs are hidden and floating. It's tempting to find out.

Her face is delicate and dimpled, her skin is white and greasy, and she exudes snow-white luster under the light. The bulge in the front and the warping in the back perfectly set off her unbearable waist, which is very close to the temptation.

She is the owner of this KTV and the lover of black wolf, Wu Tengyan.

Wu Teng Yan quickly went to the black wolf, bowed her head slightly and said, "president, the three people you sent to catch Lu Xiaojun have lost contact. Most of the actions have failed. Please give us the next instructions."

"Lost contact? Failure?" The black wolf, who had been drinking, suddenly raised his head, and a fierce light like a wild animal appeared in his eyes. "How can they fail?"

"The Lu Xiaojun family has no background or strength. Why did they fail? Is it the so-called miracle doctor?"

The black wolf was shocked and angry.

He didn't expect that he would fail to send someone to bring some ordinary people back. This is not only

in his face, the most important thing is that he can not explain to Hui Shao.

Everyone thinks Hui Shao is just the top of the black wolf club, but only the black wolf knows that Hui Shao is the boss of the black wolf club, and he is just a spokesman.

Hui Shao said that he must do it well and never let his unclean identity be exposed. But now he's black wolf, but he doesn't even do this little thing well. How can he face Hui Shao?

"I think it's mostly the miracle doctor. I'm not very clear about the specific situation. Because all three of them have lost contact, no one knows where they have gone. "

"I also sent people to the hotel, but there was no trace. The monitoring of the hotel was broken, so I don't know whether they were killed or escaped."

Wu Teng Yan still lowered her head, even didn't care about the scenery between the neckline, respectfully said.

The black wolf will be strictly controlled, and the end of the mission failure is also very tragic, so it is very likely that the three people will not dare to come back to recover their lives after the mission failure, but choose to escape.

In fact, this kind of thing has not happened in the black wolf club.

"Doctor, you are so kind that you dare to fight against me. Did you find out the identity of the miracle doctor? What's the background? "

The black wolf listened to this, bared his teeth, and his whole face was hideous. With the scar, he could not say that he was frightening.

"Now we haven't found out his background. I only know that he seems to be Lu Qianqian's boyfriend. This time he came back with Lu Qianqian." Said Wu Teng Yan.

"Lu Qianqian? Is that Lu Xiaojun's sister? Isn't she a clerk in a small company in red city? Where can her boyfriend be so powerful? "

The black wolf's eyes twinkled with disdain. "Do you know where they are now? Continue to send people to me. Be sure to bring them back. If you really can't, just do it all for me. "

"Damn it, an outsider who dares to fight against Laozi and break ground on Laozi's land is just looking for death."

"OK, I'll arrange it now." Wu Teng Yan nodded and agreed, and quickly withdrew from the private room.

The black wolf's face was gloomy.

Wang Fan didn't know that the three guys didn't go back to the black wolf club, but ran away directly. After he left the hotel, he took Lu Xiaojun to KTV.

As soon as they got to the door of KTV, they saw a sexy tall woman coming out with a lot of fierce men.

Wang Fan secretly smacks his tongue at this scene. It seems that the KTV is really not clean. Similarly, he did not expect that a woman was leading the team.

When Wang fan saw a group of Wu Teng Yan, Wu Teng Yan also saw two of them.

Her eyes in the moment narrowed, tall body also tight up, "is it you?"

"Oh, you know us?" Wang Fan laughed, but behind the smile, there was a chill, "look, you are so inspiring, don't you just go to find us?"

Wang Fan's eyes turned wantonly on Wu Teng Yan, "who are you from the black wolf society? Are you not the plaything of the black wolf? Just in time, I have something to do with your master black wolf. Take me to see him. "

Wang Fan's words are very impolite, trying to stimulate Wu Teng Yan's anger.

Although this woman is tall and sexy, it's not a good thing at first sight, especially her fierce eyes. It's estimated that there are no less murders under her hands.

And seeing them like this, they are mostly looking for trouble with Lu Xiaojun's family. Fortunately, it was blocked by Wang Fan, otherwise the consequences would be unimaginable.

Plaything?

Wuteng is trembling. Although we all know that she is a black wolf plaything, who dares to say it?

Wang Fan now even said it in front of so many people. It's just looking for death.

Especially Wang Fan's sneering eyes made her feel uncomfortable. Since she talked to black wolf, who dares to talk to her like this, and who dares to laugh at her like this, except for a few people, such as black wolf huishao?

Don't laugh. Most people don't even have the courage to look at her. When she walks in the street, as long as someone dares to glance at her, the light one will be maimed, the heavy one will be killed, and even women will be stripped naked.

So Wu Teng Yan was so humiliated and looked at by Wang Fan. She was very angry and couldn't stand it.

"Son of a bitch, how can you talk to the lady? You want to die!" Wu Teng Yan hasn't spoken yet, a strong man beside her stares round eyes and pours at Wang Fan.

Although Wu Teng Yan is just the plaything of the black wolf, it is their master. How can they bear the humiliation of their master?

The strong man's face was fierce and ferocious. He rushed to Wang Fan in three or two steps, swung his fist round and blasted at Wang Fan's head. His eyes were bloodthirsty and cold.

Lu Xiaojun looked at this scene, already a little scared, but he stood with his teeth clenched and did not step back.

Wang Fan sneered and stepped forward suddenly. One of them sidestepped to avoid the strong man's fist and swung out with a backhand slap.

With a slap, the strong man only felt the darkness in front of his eyes, and the whole person was taken away. His two teeth spit out in the blood and fell four or five meters away, just like a dead dog in a mess.

"Who is going to die? I'm talking to your master. When will it be your turn to bark. If you are so worried about your master, do you have an affair with her? Be careful that the black wolf knows to take off your head. "

Wang Fan disdained to say, looked at Wu Teng Yan, "look at you are a woman's sake, I don't move you, obediently take me to find black wolf, otherwise don't blame me for destroying flowers."

Wu Teng Yan stares at Wang Fan, breathing heavily, and the front is also up and down.

Although she knew that Wang Fan was very powerful, she could not help being shocked when she saw him with her own eyes.

But it's impossible for her to admit it. This is the territory of their black wolf club. There is only one person Wang fan can fight.

She didn't believe that the powerful black wolf would not be able to get rid of just one Wang Fan.

Wu Teng Yan thought in her heart, and suddenly stepped back two steps, hiding behind the group of thugs, and said sharply,

"hard hand to destroy flowers? I'm afraid you don't have that ability! Have you ever heard of a saying that strong dragon doesn't oppress local leaders? This is our territory. Even if you are a dragon, you have to lie down for us

"I don't care about our black wolf club. If I don't break your mouth and dig out your eyes today, I won't be called Wu Teng Yan."

"And your girlfriend Lu Qianqian, I'm going to let her do her best! Don't you say I'm a plaything? I'll make her a real plaything

"Wu Teng Yan says, abruptly again step back, shout a way," give me up together, kill him! "
