

MIGHTY SK 681

Chapter 681

Those black wolves will hear Wu Teng Yan's words, without half hesitation, instantly took out the steel pipe blade knife or something, and rushed to kill Wang Fan.

KTV door, the public, in broad daylight, even dare to move a knife stick, this shows how arrogant the black wolf will be.

Wang Fan's face was cold in the instant, and her eyes flashed cold. "You woman really toasted, didn't teach you a lesson. You don't seem to give me any color to see. You really think you're not a cow."

Wang Fan looked at the thugs who rushed over, but also moved his anger, and the opportunity to kill suddenly rose.

In particular, Wu Teng Yan even wants to revenge Lu Qianqian and turn Lu Qianqian into a plaything, which makes Wang Fan even more murderous.

He can tell from Wu Teng Yan's tone that this woman must have done this kind of thing.

The thugs were all murderous and soon rushed to Wang Fan.

Wang Fan grabs Lu Xiaojun and pushes him back. He pushes Lu Xiaojun out of the encirclement, and then the whole person greets him like a jackal.

"In broad daylight, you are really good at using knives and sticks. Get out of here!" Wang Fan dodged a chopping knife and raised his right leg, which was a heavy kick.

Boom.

A thug with a knife in his hand rushed to the front. His eyes were round in an instant. He just felt as if he had been bombed by the fast-moving shells and flew out directly.

With a crack of bone, he was kicked more than ten meters away, smashed the KTV gate and fell into it.

Another man came from the side with an iron stick. If the stick hit Wang Fan's head, it would be absolutely bloody. He would be either dead or disabled.

Wang Fan's eyes twinkled with a touch of coldness. He grabbed the iron bar with his backhand and clapped his other hand.

With a slap, all the teeth in the guy's mouth flew out, and the whole person was also pulled out. He fell to the ground and began to cry feebly.

"Black wolf will be, today I will let you become black dog will be." Wang Fan said with a sneer, grabbed the iron bar and rushed into the crowd, starting to smash up and down.

Boom.

A hitter was directly hit by the arm. When the arm was broken, the whole man flew up and fell to the ground, bleeding all over the ground.

Boom.

Another thug was hit in the chest, accompanied by a numbing sound of bone fracture. The whole person was also smashed out and fell to the ground.

In his chest, the blood could not stop flowing out, and the bones could still be seen.

Two fierce thugs, taking advantage of Wang Fan's efforts to kill all sides, quietly hide behind Wang Fan and want to give him a fatal blow from behind.

But their weapons have not yet attacked Wang Fan. Wang Fan looks like he has eyes behind him. He suddenly turns back, and the iron bar is also smashed down.

After two blasts, their spines were smashed to pieces. They fell to the ground and smashed their noses again, making a shrill scream.

The wind is strong and the killing spirit is fierce.

At this time, Wang Fan was just like the God of war, crazy and evil.

He just grabbed the iron bar and smashed it. In a loud bang, all the thugs were blown away, crying and howling.

Blood, dyed the ground red, is so shocking, in the sunlight, dazzling.

Those thugs are just like straw, waiting for harvest. All the places where iron bars pass are broken.

Soon, it seemed as if it had become a hell on earth, with blood, wailing, screaming, amputation, and fear.

Five minutes later, dozens of hitters, who were still aggressive before, had all fallen to the ground and could not get up again.

Their eyes looking at Wang Fan were full of panic and disbelief.

In their eyes, Wang fan is not a human being, but a murderer.

Under the sun, Wang Fan's blood stained body was so outstanding that it was depressing.

It takes less than five minutes for an enemy to solve the battle. This kind of strength can only be described as terror.

Lu Xiaojun was also silly. He didn't expect that his brother-in-law was so powerful and abnormal.

There was a touch of fear in his eyes looking at Wang Fan.

Not to mention Wu Teng Yan, her red lips are slightly open, her breath is short, her mature body is trembling at the same time, her proud upper circumference is also fluctuating violently.

Wang Fan's strength is better than that of the number one general of the black wolf club.

"Ah Wu Teng Yan wakes up after a short period of stagnation. She no longer dare to stay, no demeanor towards the KTV ran in.

She did not dare to face Wang Fan, she was going to move the rescue, to seek the protection of the black wolf.

But before she ran into the KTV, her hair was suddenly caught, and then a wave of pain came and she was pulled back.

Looking back, she saw Wang Fan's brilliant smiling face.

But that smiling face in her eyes at this time, is more terrible than the devil."You, what do you want?" Wu Teng Yan thoroughly flustered, can't help shivering ask a way.

Wang Fan said with a brilliant smile, "don't you still have a cow just now? Why don't you get up now? By the way, you just said that the strong dragon doesn't press the local snake, now you say, I'm the strong dragon, do you press the local snake? "

Wu Teng Yan bit her lip. "This is the black wolf club. I'm the woman of the black wolf. If you dare to move me, you won't come to a good end. Why don't you let me go and I'll take you to the black wolf? "

"Not so much." Wang Fan sneered, "don't threaten me. If I'm afraid of threats, I won't dare to come here. What's more, I've cleaned up so many black wolves, and I care about cleaning up you one more? "

Wu Teng Yan's face is as pale as ashes. What Wang Fan said is right. Now Wang Fan has a big fight here and has turned over so many people of the black wolf club. If he doesn't take care of her, the black wolf club won't let Wang Fan go.

Wu Teng Yan is a little nervous. What should she do?

Wang Fan's ruthlessness, but she saw that none of the thugs were intact. It can be said that all of them were broken and became disabled.

If such a fierce person would show mercy to her, she would never believe it.

Wu Teng Yan also wanted to tempt Wang Fan with her body to see if she could seek a short-term life. But she looked at Wang Fan's indifferent eyes and finally gave up.

Wang Fan looked at her, just like looking at a man, most of her seduction will not succeed.

"What do you want?" Wu Teng Yan can't help asking.

"Not so good. You go over there, take off your clothes and do a strip dance for me, and I'll spare you. Don't you want to make Lu Qianqian a plaything? I'll make you a plaything first. "

Wang Fan said with a smile.

Defects must be reported!

"What did you say?" Wu Teng Yan listens to this words, facial expression changed immediately, "that is impossible, I won't do that."

Wu Teng Yan's voice was trembling. She is the woman of the black wolf. No one is allowed to desecrate her.

In order to make a living, it doesn't matter if she sells her body in front of Wang Fan. After all, the situation forces her to get the understanding of black wolf.

But if she takes off her clothes in public and is appreciated by the public, her nature will change. Even if Wang fan doesn't kill her, the black wolf won't spare her lightly.

How arrogant is black wolf? How can his women be appreciated like exhibits in public?

"Impossible? I'm sorry. I can only break your neck. " Wang Fan didn't force him either. He said with a smile and held Wu Teng Yan's throat directly.

Chapter 682

Wu Teng Yan's face turned pale and became frightened.

She was pinched by Wang Fan's throat, her breath became short, and her face turned red in an instant.

Feeling the increasing strength, she finally felt fear, as if death was waving to her.

"I, I promise you." At a certain moment, Wu Teng Yan couldn't stand it and made a hoarse voice intermittently.

"You're smart. Go ahead. If you dare to do anything, I'll kill you right away." Wang fansong opened Wu Teng Yan and said with a sneer.

Wu Teng Yan didn't dare to resist. She bit her lip and went to the side of the road. She began to tear her clothes with her head down.

Before long, the tender and white skin was exposed and the spring light was released.

Looking at this scene, the people around all couldn't help but be shocked, and even some people began to secretly take out their mobile phones to take photos.

Of course, these things they do are very obscure, deeply afraid of being found out.

Wang fan is too lazy to appreciate Wu Teng Yan. After seeing that Wu Teng yantuo's underwear is all that is left, he takes Lu Xiaojun into KTV.

Wang Fan didn't want to humiliate Wu Tengyan, but this woman is too arrogant.

Not only let the beater fight, threatened to kill him, but also directly threatened Lu Qianqian, so Wang Fan did not hesitate to give her the most serious humiliation.

KTV top floor box.

The thugs behind the black wolf had all gone out, and the black wolf also took off his coat, revealing his muscles.

Two chicks are hugging and lying on the sofa, twisting like a water snake, while bearing the attack of the black wolf.

The hand of the black wolf has already penetrated into the skirt of one of the girls. When he can't bear it and wants to vent, suddenly a thug comes in.

The black wolf, who was going to show his strength, was so frightened that he lost half of his interest and almost didn't give up.

"Damn it, you want to die. Don't you know to knock first when you come in? Don't you know if I'm busy now? How does Lao Tzu teach you on weekdays? "

"Damn, you'd better give me a reason for the past, or I'll chop you up and feed the dog now."

The black wolf looked at the intruder, furious!

Fortunately, it hasn't started yet, otherwise the little brother will break in and he will be paralyzed.

The younger brother looked at the murderous black wolf. As soon as his face changed, he immediately knelt down, "brother wolf, it's not good, it's not good."

"Lu Xiaojun came up with people, and Miss Wu was forced to take off her clothes on the street."

The younger brother said quickly while sweating. He was afraid of the black wolf and killed him directly.

You know, the black wolf is not saying that. He may have chopped himself up and fed the dog.

Once upon a time, a black wolf confidant accidentally contradicted the black wolf. Without saying a word, the black wolf killed the confidant and cut the bones into pieces to feed the captive Tibetan mastiff.

"What did you say?" The black wolf widened his eyes, and his whole body was blue. "Lu Xiaojun brought people to fight? Does Wu Teng Yan take off her clothes in public

"Have you made a mistake, or are you out of your mind? What is Lu Xiaojun and what are his skills?"

"Wu Teng Yan, did she eat bear heart and leopard gall? Dare you take off your clothes in public and bring me green? "

"What's more, do you all eat dry food? Can't even stop Lu Xiaojun? "

Black wolf yelled, he just had the interest to enjoy the two girls, now was interrupted, still heard such news, can't believe it.

"What I said is true. I really didn't lie. If you don't believe me, go down and have a look." The little brother was about to cry, he said.

"Where are they? How many people did Lu Xiaojun bring?" The black wolf calmed down and asked grinning.

"They've already hit the third floor. Lu Xiaojun has brought them, one person." The younger brother said that he was a little weak.

The black wolf's eyes glared and he stepped forward.

Bang, little brother was kicked several meters away, directly hit the wall, spit out blood.

However, he didn't dare to scream and beg for mercy. Instead, he got up and knelt down in front of the black wolf again.

And the black wolf, has come to the younger brother in front of him, a hand holding his collar, a hand has turned into a slap, Pa Pa Pa Pa down.

"Are you kidding me? Alone? Laozi has a hundred elites here. Can't even one person stop him? "

"Are you really tough, or are you rubbish? Damn, I think you people are enjoying too much. You don't have the original blood. I'd rather have a dog than you. "

Black wolf said, finally heavily a kick to the younger brother kick over, and then picked up the coat put on, then went outside, at the same time to the younger brother issued instructions, "give me recruit wolf tiger."

Wolf tiger.

Black wolf will be the first fierce general and the first mad dog. Although he is a person, he is just like a wolf tiger. He has no humanity at all.

He is more a mad dog in the black wolf's pen than a human being. He will bite whoever the black wolf says to bite. This bite is not an adjective, but a real bite.

Moreover, the black wolf never treats the wolf tiger as a human being. Instead, he keeps it like the beloved Tibetan mastiff, biting raw meat, eating scraps, and even taking the wolf tiger to fight with the real dog.

This also makes the wolf tiger's teeth quite sharp and has the ferocity of wild animals. Even he almost regarded himself as a beast, not a man.

The little brother heard that the black wolf wanted to recruit the wolf tiger. His face changed a little, but he dialed the phone carefully.

His fear of the wolf tiger was no less than that of the black wolf.

Although the black wolf is a bit fierce, it is still a person, but the wolf tiger has no humanity at all. Maybe he'll come up and bite his throat.

As soon as the black wolf came out of the compartment, with a scream, a figure flew over and fell heavily at his feet.

Looking at the whole body stained with blood, crazy choking younger brother, black wolf's eyes narrowed and looked forward.

See, Wang Fan took Lu Xiaojun to walk slowly to come over, seem to leisurely court to take a walk.

Behind Wang Fan, a large area had fallen down, with dark shadows, just like a hill.

The scarlet blood dyed the corridor carpet red, making the red carpet more bright and dazzling.

In the air, also rippling with a strong smell of blood, the breeze, people feel a kind of biting chill.

The black wolf looked at Wang Fan, who was stained with blood all over his body and looked indifferent. His eyes could not help squinting for a while, and he was more alert in his heart.

He can become the president of the black wolf club, although Hui Shao has no little support, but his ability is beyond doubt.

He can see at a glance, Wang fan is not simple, is not a easy person.

"Are you the black wolf?" Wang Fan kicked out a fierce fighter who was not afraid of death. Then he looked up at the black wolf and asked with a smile.

"Who are you? I, the black wolf, will ask myself that I have never offended you, and I have no injustice or hatred against you, but you have hurt my people and even hit here. Are you too arrogant, or are you deceiving people too much? "

The black wolf stepped back slightly, put his right hand in his pocket and asked, biting his teeth.

"There's no way. I didn't plan to do it, but I planned to let the woman named Wu Teng Yan bring me up. But she didn't want to, and she asked someone to do it to me, so I had to do it like this. "

"Well, it's not easy to see you. Besides, your people are so hospitable. That's why this kind of misunderstanding happened. I hope you don't mind."

Wang Fan said with a smile, just like pulling home.

Chapter 683

"Hospitable? Don't mind? " The black wolf trembled with anger at this.

Wang Fan didn't pay attention to him. He was the face of chiguoguo.

In particular, Wang fanala's homely words are the biggest contempt and humiliation to his black wolf.

If the black wolf could swallow this breath, he would not be a black wolf.

"What do you want? Do you really want to fight with us for Lu Xiaojun? I'll tell you, the water is a little deep here. Be careful, you'll be doomed. "

The black wolf clenched his fist and said, biting his teeth.

"Never again? Ha ha Wang Fan laughed, "I've been to places that are beyond redemption, and I'm still alive."

"You're right. I've been deceiving people too much. What can you do? I just don't like you black wolf, so I hit the door. What can you do to me? "

Wang fan is also lazy to talk nonsense with the black wolf, directly arrogant mouth, "my purpose is very simple, hand over what is called huishao, and then let Xiao Xue go, and then you hurt yourself, dissolve the black wolf will, go away, I can spare your life."

"Otherwise, don't blame me for killing all sides and killing you black wolf. But if you want to think clearly, I'll do it. You're not as simple as a disabled arm or leg. "

"Ha ha." The black wolf laughed at this.

What is arrogance and arrogance?

This is it!

Wang Fan pointed to the nose of the black wolf and asked him to hand over Hui Shao and kill himself. Then he dismissed the black wolf and went away.

Black wolf has never seen such an arrogant guy.

Does Wang Fan think he can fight? Can you challenge the black wolf club and kill it?

If the black wolf could be destroyed so easily, it would not exist for so long and would have been destroyed long ago.

"What an arrogant guy. I've seen arrogant, and I haven't seen you so arrogant. If you have seed, you will destroy my black wolf club. If you destroy my black wolf, I will see if you have that ability. "

Black wolf gas can no longer help, put in the pocket of the right hand directly out, with out, and a gun.

His eyes were cold and his face was ferocious. He held the gun in one hand and pointed straight at Wang Fan's head. "Aren't you arrogant? Aren't you a cow? Come on, give me another one. "

"I want to see if you can be arrogant and fight again, if you can be arrogant and fight again. I'd like to see if it's your speed, your fist or your bullet. "

Wang Fan has long known that the black wolf has a gun, so it's no accident to see the black wolf take out the gun.

Lu Xiaojun can't do it. After all, he is just an ordinary man. When he saw Wang fan turning over so many thugs before, he was already scared and vomited for a long time.

Now seeing the black wolf take out his gun, how can he calm down? He almost can't help falling down.

That's a gun. With a bang, they're dead.

If he hadn't thought about Xiao Xue in his heart and wanted to see whether Xiao Xue was alive or dead, I'm afraid he would have fainted.

Black wolf pointed a gun at Wang Fan, and his eyes were fixed on Wang Fan's expression. He tried to see the fear from Wang Fan's face.

As long as Wang Fan shows even a little fear and fear, he can humiliate Wang Fan wantonly.

But to his disappointment, Wang Fan was as calm as ever even in the face of the gun. It was as if he had a toy gun instead of a real one.

The black wolf was a little annoyed. Wang Fan really didn't give face to the gun.

He shot at the two men who were knocked down on the ground by Wang Fan, and then shot two shots.

With the shrill scream, the two thugs burst out a bunch of blood and rolled on the ground in pain. The eyes looking at the black wolf were full of fear and resentment.

How can you shoot your own boss?

They just can't accept it.

"Kneel down to me. I forgive you for your rudeness. Damn, don't you think you'll be great in a few moments? Do you think this is a toy gun in my hand, just to scare you? "

"Kneel down!"

Black wolf stares at Wang Fan, the face is ferocious to shout a way.

He believed that the two guns had already deterred Wang Fan, and Wang Fan absolutely did not dare to make trouble.

In front of the gun, even if Wang Fan was beaten by iron, he had to kneel down, not to mention that Wang Fan was just a mortal with flesh and blood.

Wang Fan raised his head and looked at the black wolf. His face became cold. "Do you really want me to kneel down

Wang Fan's heart has emerged a murderer.

It's not that he hasn't seen the black forces with guns, but it's the first time that he has seen the black wolf.

In order to frighten himself, he didn't hesitate to shoot his subordinates. Although Wang Fan didn't like the two guys who were shot, they were black wolves after all.

Is the black wolf too cruel and has no bottom line? Think of Hui Shao's arrogance to Xiao Xue, and the so-called drugs in the box. Wang Fan has killed the black wolf.

"Why, up to now, do you still want to kill Laozi's black wolf club and let Laozi kill himself? Are you too naive? "

The Black Wolf grinned, "I want you to kneel down, don't you hear me? Are you kidding me again? Do you believe I shot you in the head? "

With that, the black wolf pounced two more shots and directly blew out the heads of two subordinates, as if he was proving Wang Fan's accuracy.

"If you are really arrogant, it seems that you can't be eliminated today." Wang Fan sneered and flashed to the black wolf.

The black wolf's pupil suddenly shrank and raised his hand to pounce two shots, but to his horror, he didn't hit Wang Fan.

Wang Fan just twisted his body twice, almost miraculously avoided his bullet.

Before he had time to fire the third shot, Wang Fan had already flashed in front of him with a sneer and grabbed his wrist.

The black wolf looked at the scene, his face changed wildly.

As he crazily raised his left arm to resist, he began to retreat.

It's just, it's all in vain.

With a slap, Wang Fan had already grasped his wrist and twisted it hard.

Click.

The black wolf's wrist was directly twisted, and the left arm of the crossbar was limply hung back due to the sting.

Wrists broken, muzzle turned.

Wang Fan grabbed the hand of black wolf and pulled the trigger without hesitation.

Come on, come on.

A row of four bullets, all hit the black wolf chest, blood sputtering, shocking.

Black wolf liver and gall to crack, severe pain, the whole person was shot back and forth.

But Wang Fan didn't stop at all. He pinched the black wolf's wrist and pulled the trigger again.

Come on.

There were two more shots, and the bullet hit the black wolf's legs. The black wolf let out a cry and fell to the ground powerlessly, his face turned pale.

He never thought that Wang Fan was so fierce and powerful that he could turn the situation around in an instant when he had a gun in his hand, and he shot him six times in an almost brutal way.

At the moment, he finally understood that he had offended cruel people, and he was still quite cruel.

Wang Fan knocked over the black wolf, let go and stepped on it. The third leg of the black wolf was broken, and he howled bitterly.

Just as the wailing sound just came out, Wang Fan stepped on his mouth with the sole of his foot, and stepped back the sound.

Wang Fan stepped on the black wolf's face with the soleplate of his foot and asked, "now, do you want me to kneel down?"

There was a dead silence.

At the same time, hula, a fierce man like a beast, with more than ten people, rushed up.

Black wolf will be the first war general, wolf tiger!

Chapter 684

Wang Fan glanced slightly at the wolf tiger and his party.

The leading wolf tiger man is tall and majestic, with a height of 1.9 meters. His body is also majestic. He walks like a tiger, and exudes the same prestige as Mount Tai.

His eyes were narrow and slender, and there was only a gap left. What was revealed in the gap was a piece of killing machine and wild animal like green awn.

The most striking thing is that his hands are thin and long, and his nails seem to have never been cut or washed. Black long black long, with thick black mud and blood on it, it looks extremely sharp.

Strictly speaking, this guy is not like a person, but more like a ferocious beast.

Those fierce men behind him have the same temperament as him. Not to mention their strength, just the fierce beast like breath on them can make people fear before they fight.

Those members of the black wolf society who were overturned on the ground by Wang Fan, after seeing the wolf tiger and others, their faces turned white, even their screams were a little smaller, and they began to suppress them.

In their eyes, there was a deep fear of this group of people, or wolves and tigers, as if they were not facing companions, or even people, but wild beasts.

Under the pressure of blood, Lu Xiaojun also couldn't bear it and finally fell to the ground.

He bowed his head and his face was as white as paper. He felt that he was facing the fierce lion and tiger in the primeval forest. The natural ferocity had made him gasp.

Wang Fan looked at the wolf tiger and his party with a look of great interest in his eyes.

He didn't expect that a black wolf club should still keep such people in captivity, and even know how to keep thugs in captivity in this way. It's incredible.

At the moment when Wang Fan looked at the wolf tiger and others, the black wolf who was trampled on the ground by Wang Fan also saw the wolf tiger and others.

Seeing the wolf tiger, the black wolf could no longer care about the pain of his whole body. He gritted his teeth and said, "wolf tiger, go up and kill him!"

The hoarse voice, the angry voice, was frightening. Moreover, his tone is not like giving orders to a person at all, but more like giving orders to a dog.

Wolf tiger took a look at the half dead black wolf on the ground, and then at Wang Fan with a cool face. He grinned his teeth, then turned his hands into claws, suddenly got up and rushed to Wang Fan.

He was not like a man at all, but more like a beast.

Right leg on the ground, upper body forward, left claw, right claw, people have not rushed to Wang Fan's body, the sharp right claw, has pierced the air, ruthlessly toward Wang Fan's head down.

Fierce and powerful!

At the same time, he opened his mouth and showed his slightly sharp tusks. Maybe it was because of the hoarse raw meat all the year round. His tusks also looked very sharp, as if they would really bite up the next moment.

A fierce and bloody smell came to his face, and Wang Fan even had a feeling of facing the wolf tiger.

He couldn't help frowning, took a step back, and then kicked out with one foot. He drank heavily in his mouth, "beast, get out!"

Wang Fan's voice just like from nine days away, thunder rolling, deafening, the wolf tiger's face even appeared a touch of fear.

The next second, Wang Fan's right leg has been like a shell, directly swing his claws, heavily kicked on his chest.

Boom.

With a loud noise, the wolf tiger was kicked upside down and flew out with a big mouthful of blood in his mouth.

His face also changed in an instant, and a touch of fear appeared in his eyes.

But to Wang Fan's surprise, the skeleton of the wolf tiger seemed very hard, and he couldn't break it with one foot.

After the wolf tiger fell to the ground, a carp straightened out and stood up again, but his limbs were facing the ground.

He was just like a wild animal, pedaling Wang Fan, as if imagining whether there was a chance to swallow it.

"For your sake, I'll spare your life today and take your people away immediately. Otherwise, I'll break your leg and your mouth. "

Wang Fan coldly glanced at the wolf tiger, his face was cold, and his whole body released moriran's killing chance.

Wolf tiger body trembled, subconsciously back a step, the heart is also more fear.

For a long time, he was kept as a wolf dog, and naturally had a kind of beast like instinct for danger.

He felt the danger from Wang Fan, even the same danger as death.

"Wolf tiger, what are you still doing? You have so many animals, can't you even manage just one? Did I raise you for nothing? Let's go together and bite him to death! "

The black wolf saw that the wolf tiger did not dare to move any more. He could not help but burst out again.

If he had not been abandoned by Wang Fan and could not move his hands and feet, he could not help shooting wolf tiger in the head.

"Roar!" The wolf tiger heard the black wolf's words, his face changed, his mouth opened and he roared like a wild animal. The fierce men behind him, as if they had heard the wolf king's order, also roared, and then rushed to kill Wang Fan.

"Roar, roar, roar"

more than a dozen people and beasts, like wolves, roared and roared. The whole corridor was humming and powerful.

In addition to their crazy rush to Wang Fan's array, it gives people a sense of scalp numbness.

"I don't know how to live or die!" Wang Fan couldn't help but frown. He raised an iron bar at the tip of his foot and then he killed the humanoid beasts.

He really doesn't want to fight with these guys who have been raised as beasts in captivity. As soon as they are pitiful, their fingers are dirty. It's disgusting to see them. If they are accidentally touched, it's even more disgusting.

But since these guys are so illiterate, no wonder Wang fan is not polite.

Just in a moment, he had rushed to the group of humanoid beasts. The iron bar suddenly smashed, and with a click, the claw bones of a humanoid beast were smashed and flew out.

Wang Fan was in the gap of smashing the two human shaped beasts. They came from the side. One of them stabbed Wang Fan's chest fiercely with his claws, while the other grabbed Wang Fan's collar with his claws. At the same time, they showed their sharp fangs and bit Wang Fan's neck.

Wang Fan's eyes flashed a fierce light, and his right leg swung out. He flew out the beast that grabbed him by the collar. At the same time, the iron bar had blasted the other beast's tusks.

With another bang, the humanoid was broken by the teeth of the iron bar, whimpered and flew out.

The blood splashed all over his face. It was terrible.

"Animals are animals. It's a shame. In that case, don't blame me for interrupting your dog legs." Wang Fan said, again before the hand of the iron bar is also up and down dance.

In a click sound, wherever he passed, all the humanoid beasts fell to the ground without accident, either with broken claws or legs.

When Wang Fan fell in front of the wolf tiger, all the subordinates of the wolf tiger had fallen to the ground and had no fighting power.

Looking at this scene, the scene was dead and everyone was numb.

Chapter 685

The black wolf's face was as white as paper, as ashes.

He did not expect that the wolf tiger, which he was proud of, was defeated by Wang Fan in the end, which was too incredible.

Wolf tiger looked at Wang Fan who came to him, his whole body trembled instinctively, and his mouth made a whimpering sound.

Before Wang Fan started to fight him, he had already started to beg for mercy. He even tried to stick out his tongue and lick Wang Fan's trouser legs like a dog.

Wang Fan felt a chill and quickly stepped back.

Although this guy has been bred into a dog, he is really a man. When a big man does this kind of action at his feet, Wang Fan's goose bumps come out all over his body.

"You want me to spare you?" Wang Fan looked at the wolf tiger and asked coldly.

Wolf tiger whimpered and nodded quickly.

Wang Fan sneered, "that's impossible. I've given you a chance just now. You're not sure. Now don't blame me for being impolite."

Wolf tiger listened to Wang Fan's words, and his face turned pale in a flash. Then, as if he thought of something, he suddenly rushed to the black wolf, and without hesitation, he bowed his head and began to bite.

"What are you doing, you beast? Get out of here." Black wolf yelled angrily. He never thought that the wolf tiger he had raised would bite himself one day.

It's just the opposite of heaven.

Just, with his current state, even if he is angry, there is no way. How can he be a fierce opponent?

In a sharp roar, the wolf tiger had already bitten off a large piece of flesh and blood from the black wolf, chewed it and swallowed it in his mouth.

The black wolf was bleeding and rolling on the ground in pain, but it didn't help.

Wolf tiger is now only trying to please Wang Fan, Wang Fan to make a military order, where will the black wolf pain.

He is trying his best to deal with the black wolf in the most ferocious way, so as to gain life.

Wang Fan looked at this scene and laughed. It's good for them to let the dog bite the dog.

"Take it easy. If you kill him, I'll pay for your dog's life."

With Wang Fan's voice, the wolf tiger is also more hard to bite, but it is toward the less lethal place to bite, afraid of accidentally killing the black wolf.

He heard the hope of living from Wang Fan's mouth, and naturally he worked harder to please him.

The black wolf screamed bitterly. This scene was worse than killing him.

The pain of being bitten by a wolf tiger in an almost cruel way is beyond ordinary people's understanding.

What's more, he had been repaired by Wang Fan before. It can be said that life is worse than death.

Those people at the scene of the black wolf meeting also felt a chill when they looked at this scene.

They all held back the stabbing pain and lowered their heads. They did not dare to make any more noise.

Wang Fan, who was deeply afraid of being offended, let the wolf tiger bite them.

"All right, stop first." Wang fan saw that the bite was almost done. He called and went to the black wolf.

Wolf tiger also timely shut up, like a dog crawling at the foot of Wang Fan, directly into a clever cat, as if the previous Ferocious Bite is not what he did.

However, maybe he knew that Wang Fan hated to lick his trouser legs, so this time he didn't dare to lick them.

Wang Fan looked at the black wolf and said, "are you going to die now? I've crippled you black wolf. Surely black wolf will be almost finished?"

"I have only two conditions. Hand over Hui Shao and Xiao Xue. I'll spare your life. Otherwise, I don't mind letting your dog bite you. "

Black wolf bursts of anger, but also dare not make an accident, the previous pain for him is a nightmare, he does not want to bear once.

In the same way, he hated Hui Shao.

If that guy didn't want to deal with Lu Xiaojun, which made Wang Fan such a murderer, would he be like this?

"I don't know where Hui Shao is, because he seldom contacts me or comes here. He will come to me only if he deals with something important. "

"As for Xiao Xue, she was also taken away by Hui Shao, and she is not with me now. However, according to my guess, most of Xiao Xue has been sent to the underground boxing ground and become a gold sucking pet. "

Said the wolf, biting his teeth.

"Oh, isn't Hui Shao a senior member of your black wolf association? How can you not contact him? Listen to you, he seems to be higher than you in black wolf? What, are you just a puppet? "

"Also, where and when is the underground boxing ground active? What's the meaning of gold sucking pet playing? How to use gold sucking method?"

Wang Fan listened to the black wolf's words, immediately felt something wrong, can't help but ask out.

He thought that Hui Shao was just a senior member of black wolf, but it was obviously not.

If Hui Shao is just a high-level, black wolf can't contact Hui Shao. If something happens, Hui Shao will come to him."You're right. I'm a puppet. Hui Shao is the boss behind the scenes." Up to now, the black wolf has nothing to hide.

"As for the underground boxing ground, it's on the third floor of Honghu bar in the suburbs. There's going to be a race there every night. "

"In every competition, huishao will find some playmates as rewards to stimulate the rich to spend money and the experts to come on stage."

"No matter who sprinkles more money, or who defeats the champion, they are likely to get the reward

of playing pet. As for who the final pet belongs to, it depends on the scene

Wang Fan listened to these words, could not help frowning again.

Damn it, Hui Shao is so heartless that he dares to do anything.

Wang fan can understand and even accept his underground challenge arena and pet to stimulate others to make money.

But, at least those who play pet to voluntary ah, if you use coercion means, this is a bit of a sin, say he is scum, insult scum this word.

"The last question is why he killed Lu Xiaojun and even implicated his family. Is it really just because Lu Xiaojun ran into him to take drugs or drug trafficking? "

After all, Wang Fan still felt that this reason was far fetched and asked again.

"No The black wolf shook his head. "Huishao is not a drug dealer, but a drug processing factory in the suburbs. Last time he came here, it was also the Silver Triangle's big owls that he invited

"Because several people in the private room are wanted, once exposed, his purpose is likely to be seen through."

"Even if Lu Xiaojun was just an ordinary man, Hui Shao didn't dare to bet whether he recognized those big owls or not, so he chose to kill them all."

Wang Fan's face finally completely cold down, this Hui little is really unscrupulous in order to make money.

Wang fan is very resentful for the horror of drugs. Although they have been banned repeatedly, they can build processing plants in China. It's the Chinese who are harmed.

How many people become addicted to drugs, lose their family and property, get separated from their families, or even go to a dead end?

Hui Shao's delusion of setting up a drug processing factory in the suburbs is simply devoid of human nature and extremely selfish.

Wang Fan also hated Hui Shao and killed him.

"Do you know where Hui Shao might be now? And where is the processing plant built? Is it in use now? " Wang Fan asked again.

"I really don't know about this. Hui Shao never told me about it. Even the processing plant, he didn't tell

me about it. He just once talked about it after drinking."

"As for his foothold, his whereabouts are always mysterious. It's impossible for him to tell me, but in my opinion, he is likely to go to the underground challenge arena at night."

"But even if he went, he would not be able to show up, mostly in seclusion. That's all I know. I really don't know the rest. "

Said the black wolf, taking a deep breath.

"For the sake of your honesty, I'll spare your life today. If it comes to me next time, it won't be so cheap."

Wang Fan didn't tell the black wolf that he left KTV with Lu Xiaojun.

If he takes out the black wolf, the black wolf will be half finished. If he takes out huishao again, the black wolf will be completely finished.

Wang Fan decided to go to the underground ring in the evening. The first is to see if Xiao Xue can be rescued. The second is to see if huishao can be killed.

Chapter 686

On a spacious bed that can accommodate more than ten people, two white bodies are rolling up and down, and the whole room is rippling with intoxicating sound.

Wind and rain stopped, the man lay flat on the bed, took a cigarette, with a lighter click lit.

The woman is clever to lean down and wash the residue with her mouth, which makes her lean like a cat in the arms of the youth.

He looked up and showed his charming face.

Wu Teng Yan.

Not long after Wang Fan entered the KTV, she came here.

The man in front of her is no other than the mysterious Hui Shao.

"Hui Shao, that guy not only insults me with words, but also makes me take off my clothes in public. You must make the decision for me." Wu Teng Yan looked up and said coquettishly.

Everyone thinks that Wu Teng Yan is the lover of the black wolf, but no one knows that Wu Teng Yan is actually the chess piece that Hui Shao ambushes beside the black wolf.

Although Hui Shao is also more important to the black wolf, and he asks himself that the black wolf doesn't dare to do anything, he is very vigilant and suspicious, and still can't completely believe the black wolf.

Wu Teng Yan is very valued by the black wolf. It can even be said that Wu Teng Yan is the scale of the black wolf. No one is allowed to touch her.

But Hui Shao doesn't care about these. In his eyes, Wu Teng Yan is just her plaything, which can be given away at any time.

As long as he is willing, not to mention Wu Teng Yan stripped off to be appreciated, even if Wu Teng Yan is sent out as a pet, he will not frown.

"Don't worry, I'll make the decision for you. If you dare to provoke me, I'll be a black wolf. If you dare to interfere in huishao's affairs, I'll let him know what life is more than death."

Hui Shao holds the cigarette in one hand, and wanders wantonly on Wu Teng Yan's proud posture with one hand. His tone is calm, and there is only cold in his eyes.

Drop by drop.

An untimely voice came. Hui Shao released the hand that made trouble on Wu Teng Yan and grabbed the mobile phone at the head of the bed.

When he opened it, his face darkened.

"What's the matter, Hui Shao? Is something wrong?" Wu Teng Yan a see Hui little this appearance, perceived not right, can't help but ask a way.

"The black wolf was disabled, the wolf tiger rebelled, and all the 100 elite were disabled. That miracle doctor is really a good means."

Hui Shao murmured, "I didn't expect that Lu Xiaojun's sister could find such a powerful man. It's incredible."

"Just, do you think that if you pick the black wolf and pick the black wolf meeting, you'll be able to pull the wrist with me? Without the black wolf, I still have the Yellow wolf and the white wolf. I want to see who can play who. "

Hui Shao's face is gloomy to say, in the eyes twinkled a grim.

Black Wolf and black wolf club are just his dogs and tools. Even if it's all dead, he won't care.

It's just that he can't stand it.

Even if the black wolf's disability, the black wolf will fall apart, not to let him hurt his muscles and bones, but after all, he trained up.

Now that he has been chosen like this, even if the other party doesn't know that he Hui Shao is the boss behind the black wolf club, he Hui Shao can't swallow this tone.

"What, the black wolf is disabled, the wolf and tiger are abandoned, and all the elite are abandoned?" Wu Teng Yan opened her mouth wide, her upper body undulated abruptly, and her eyes were full of incomprehensibility.

Although she saw Wang Fan's power with her own eyes, she was not so powerful, was she?

With the strength of one person, the elite selected 100 elite, including black wolf, wolf tiger and wolf tiger army, which can hardly be described as terror.

"That's right." Hui Shao nodded, then frowned, as if very dissatisfied with Wu Teng Yan's performance.

"What shocked you? No matter how strong he is, he is just a person. Where can he be strong? This Guyang County, but my world, I do not believe he can really turn the sky

"What's more, although this kind of achievement is incredible in your eyes, it's just that in my eyes. Any prefecture level ancient warrior can do all this easily. "

Hui Shao's insight is obviously extraordinary. "It's said that there has been withered yellow grass in the red city recently, and most of the ancient warriors have flocked here."

"That Lu Qianqian also happened to come back from red city, and most of them have somehow colluded with Gu Wu."

"However, at this juncture, to be able to put down the treasure of withered yellow grass and instead come to take part in the affairs of Lu Qianqian's family, I don't think his strength is much stronger."

Hui Shao hums a way, tone still faintly some disdain.

Although his influence is universal, it is limited to Guyang county and Hongcheng, so his information is not so well-informed.

He didn't know that Kuhuag grass had been taken away, and it was still taken away in Jiulong Mountain. He did not know that Wang Fan and Lu Qianqian also met on the road at the foot of Jiulong Mountain, and Wang Fan left with the help of Lu Qianqian's car.

Otherwise, he is afraid that if he deliberates at will, he will be able to work out the withered and yellow grass. There is a great chance that it will be on Wang Fan. Even Wang fan is not as simple as he

imagined.

After all, in the eyes of many ancient warriors, those who can take away the withered yellow grass, even if they are opportunistic speculators, also prove their strength. Unfortunately, Hui Shao didn't know this, so he despised Wang Fan.

After all, a person who abandons the withered grass and takes part in this kind of affairs for the sake of ordinary women, how powerful can he be?

The day after tomorrow, the peak has reached the sky.

"Yes, Hui Shao's lesson is that I almost forget that Hui Shao is also a master." Wu Teng Yan came back and said quickly.

Hui Shao snorted, "the master can't talk about it, but he won't be afraid of the ancient warrior who is bad for me."

"Isn't he going to fight? I want to see who can fight who. I've sent someone to the hotel to invite Lu Xiaojun's family. Now they are mostly here. "

"I think that Lu Qianqian is not bad. Today, I will treat her as a gift for people to have fun and play with for free. I think many people will like her."

Hui Shao had a chill in his eyes.

"What Hui Shao wants is to be considerate. If he dares to offend Hui Shao, they all have to die." Wu Teng Yan followed suit.

Under Hui Shao's disdain or arrogance, she has less fear of Wang Fan, and even feels that Wang fan is just like that.

At the moment when Hui Shao and Wu Teng Yan plan to have another in-depth exchange, five men in windbreaker have come to Lu Qianqian's hotel.

After entering the hotel, they went straight to the front desk.

The first man took a picture of Lu Qianqian's family on his mobile phone, with the corresponding name on it.

He directly to the front desk Miss coldly asked, "these people live in which room, dare to nonsense ink, I directly break your head."

Evil spirits and evil spirits.

"Excuse me, sir. Who are you?"

The front desk lady was startled by the windbreaker man, and her face turned white. However, due to the criticism, she did not immediately check the information, but asked in a trembling voice.

"You don't seem to understand me." The first man gave a cold smile, grabbed the front desk lady's head suddenly and knocked on the front desk.

Bang, the table vibrated violently, the front desk lady also screamed, a huge bag appeared in front of the white greasy forehead, and blood oozed out.

Her tears immediately came down, her legs trembled, and she almost fell to the ground, but she was caught by the collar of the windbreaker man.

"For the last time, which room are they in? If you dare to talk nonsense again, next time, it will definitely break your head. "

The front desk lady has been scared, this time did not dare to hesitate, shivered to check up.

At the same time, several security guards in the hall also noticed that something was wrong and rushed over quickly.

Chapter 687

"Who are you and what are you going to do?" One of the security guards has not arrived at the front desk, and the voice has been heard.

The man in the windbreaker, who was the leader, didn't want to talk nonsense at all. He tilted his head slightly, and one of them jumped out immediately.

Bang, his body directly hit the security guard who opened his mouth. The security guard didn't react at all, so he was heavily knocked out, fell on the ground and spat out blood all over the ground.

"If you dare to make trouble in the hotel, you will die!" The rest of the security guards were very angry. With a shout of anger, they pulled out the rubber roll and hit the young man.

As hotel security guards, most of them are retired veterans, and their foundation is pretty good. Unfortunately, it's not enough to see that young man.

"A bunch of trash, get out of here." The young man disdained to curl his mouth, and immediately welcomed him like a weasel.

He grabbed the arm of one of the security guards and twisted it with force. The arm of the security guard cracked. Then he grabbed the rubber roll from the security guard's hand and smashed it at the side of the security guard.

The security guard's rib, which was directly smashed, was broken. After several steps, he fell to the ground and couldn't get up again.

The young man kept on speed. The rubber roller flew out of his hand and knocked over another security guard. At the same time, the whole man stepped forward quickly, folded his arms around the necks of the two security guards and gave them a hard clip. The two security guards fell down even if they were soft.

He quickly stepped back to avoid the right leg kicked by another security guard. When the other side was about to close the leg, his eyes flashed a cold light. His left arm suddenly grabbed the other side's bare foot, and his right hand turned into a palm knife to chop it down.

Click.

There was a harsh sound, and the security guard fell to the ground screaming, his right knee was broken, and his whole body was in a cold sweat.

Between breathing, the young people put down a number of skilled security guards, the combat effectiveness can be called strong.

In particular, his ruthless means made everyone keep quiet.

Both the manager and the receptionists who rushed to hear the news were trembling with fright and did not dare to say a word more.

"A group of rubbish, be honest with me. Who dares to come up, don't blame me for my ruthlessness and blackness. Also, throw away all the cell phones, dare to call the police, and immediately break your legs. "

After abandoning the security guards, the young man gave a cold look at the others and made a disdainful voice.

The man in the windbreaker didn't have many accidents when he overturned the guards. He didn't even move his eyelids. He just stared at the front desk lady who was looking for information. "Have you found out? If you haven't found out, you don't have to."

Threats.

The threat of chiguoguo.

The receptionist shivered and said, "check it out. They're in the presidential suite."

"You'd better not lie to me, or I'll let you know what it means to die." The windbreaker man coldly

dropped a word and ran directly into the elevator.

Among the four people around him, one stayed at the front desk, one at the elevator entrance, and the other two at the corridor exit.

Obviously, they are afraid that someone will call the police, or that someone will tip off the news to let Lu Qianqian and her family escape.

The whole hall was as quiet as death in an instant, and everyone dared not move in a hurry. The cold sweat came straight down, and the needle could be heard.

The windbreaker man soon came to the door of the presidential suite. He didn't want to talk nonsense at all. He stepped back and kicked at the door.

The bulletproof door, under the windbreaker man's foot, burst open like paper paste. Inside, Lu Qianqian's family's frightened face showed.

"It's all here. It's better to come with me." The windbreaker man didn't talk nonsense at all. He made a cold voice directly.

"Who are you and why do you want us to go with you?" Lu Qianqian could not help but ask, but in exchange for a slap.

With a slap, she was directly fanned on her face by the man in the windbreaker. The whole person fell three or four meters away, with blood oozing from the corner of her mouth.

"You, why are you beating my daughter?" Lu's father almost blew up and couldn't help standing up.

Just as he just stood up, he was grabbed by the windbreaker man's head and knocked on the wall.

Boom.

There was a loud noise, and Lu Fu's head was broken.

"I don't want to talk nonsense, and I don't want to waste time. One more word, it's you who suffer. " The voice of the man in the windbreaker was cold and heartless, without any human feelings.

Lu Qianqian's family looked at the man in the windbreaker. While they were scared, they were almost angry.

This is too bullying. Why do you bully people so much?

But although they are angry, they are helpless. They can't provoke the men in the windbreaker. Under the simple and direct violence of the men in the windbreaker, they can't resist and have to give in.

A minute later, Lu Qianqian and her parents came out of the room shivering, even shaking their legs.

Windbreaker man is not slow to follow, just like a hunter guarding the prey. Soon they came to the hall.

When Lu Qianqian saw the hall manager and others, she couldn't help crying out.

"Help, they kidnap!"

However, her voice did not change back to the manager's help. On the contrary, the manager lowered his head in shame.

He is too busy to help Lu Qianqian's family?

"I don't know what to do." The windbreaker man's face is a cold, instantly ran to Lu Qianqian side, Pa Pa is two slaps.

Lu Qianqian was directly hit and fell out, and fell to the ground feebly.

"Ah, help, you bastards, you will die." Lu Qianqian roared wildly, and at the same time, she got up and ran towards the outside.

She tried to attract onlookers in this way to avoid being taken away by the windbreaker man.

She knew that once her family was taken away, it would be hard to come back.

This windbreaker man is not a good man. He is cruel and merciless. In this hotel hall, they dare to slap themselves in the face. If they are really taken to their territory, what's the point?

However, Lu Qianqian is only a woman after all, but also an ordinary woman.

She didn't even run to the door, and the young man guarding the front desk had gone out like a tiger.

Bang to a foot, not the slightest bit of pity in Lu Qianqian's abdomen, Lu Qianqian was kicked upside down, fell to the ground, covering the abdomen, choking and never get up.

The windbreaker man stepped forward, grabbed Lu Qianqian's hair and pulled it up. He said coldly, "don't make me uncomfortable. I'll tear your clothes and drag them out again."

Lu Qianqian's face was gray, her eyes were blank, and her tears were like rain.

When the man in the windbreaker pulled Lu Qianqian's hair, the other four youths also ran to Lu's father and mother and put them up, not giving them any chance to resist or struggle.

"Go Under the command of the windbreaker man, he grabbed Lu Qianqian's hair in one hand and Lu Qianqian's arm in the other hand, and then he dragged it out.

The other four were no exception, and they quickly followed Lu Fu and Lu Mu.

But before they got out of the hotel gate, the door was opened with a bang, and then Wang Fan and Lu Xiaojun ran in.

"Some of the people who hijacked me in this way while I was away are not very good?" Wang Fan said with a sneer, has been stopped in front of the windbreaker man and others.

Chapter 688

"Sister"

"Dad"

"Xiaojun"

Lu Xiaojun, Lu Qianqian and Lu Fu saw each other almost at the same time and became excited.

Lu Qianqian and Lu Fu are both surprised that Wang Fan and Lu Xiaojun rush back at this time, but they are also worried that Wang fan can deal with the men in windbreaker.

Lu Xiaojun clenched his fists, and his eyes were filled with blood in an instant, showing a strong sense of madness and hatred.

Looking at his father's bloody forehead and his sister's swollen face, he was angry.

The windbreaker man watched Wang Fan and Lu Xiaojun appear. First he was stunned, then his eyes became sharp in an instant.

He stared at Wang Fan, not afraid. On the contrary, there was a deep disdain in his eyes. "I thought it would take some time to find you, but I didn't expect you to send me to the door. It's just right. Now that you're back, let's go with us. "

The man in windbreaker didn't pay attention to Wang Fan. He didn't know that the black wolf was maimed and that the black wolf would be picked. He thought that Wang Fan was lucky enough to escape.

Besides, they are all proud of themselves as masters of the underground world. They don't think that they will lose to others in force, let alone Wang Fan.

"Let me come with you? OK, but I'll go with you. Can you let them go? "

"They are all ordinary people. They can't stand your trouble. Don't you feel ashamed to take them away by this means?"

The man in windbreaker thought Wang Fan would refuse, but he didn't expect Wang Fan to nod his head. But when he heard Wang Fan's words, he felt a little uncomfortable and said with a grin,

"It's not up to you to worry about how I do things. Those who know how to do things will follow us and dare to talk nonsense again. That's the end."

The man in the windbreaker said, pulling Lu Qianqian's hair with his right hand, Lu Qianqian screamed in a flash.

The roots of her hair were pulled up, and blood stains could be seen. Her face was even paler.

This windbreaker man didn't have any pity for Lu Qianqian because she was a woman. He was extremely cruel.

Wang Fan looked at this scene, eyes a cold, killing machine dunqi!

He was already very angry when he saw Lu Qianqian's tragedy. Now the man in windbreaker humiliated Lu Qianqian in his face. How can Wang Fan bear it.

Wang Fan didn't want to talk to the windbreaker any more. He rushed to the windbreaker directly. He broke the air with one blow and hit the windbreaker on the forehead.

The windbreaker man didn't expect that Wang Fan said he would do it, and he was so crazy.

Almost reflexively, he instinctively released Lu Qianqian, while the whole person instantly retreated.

Wang Fan simply ignored the retreating windbreaker man and pulled Lu Qianqian behind him. Then he ran madly towards the four people who were holding Lu's father and mother.

His action is almost flowing, all at once, there is no half of the stagnation.

The four men's faces also changed wildly. They also released Lu's father and mother and retreated to the back.

Just at the same time of retreating, one of them threw out a leg and went crazy to Wang Fan.

Wang Fan grinned and grabbed Lu Fu and Lu Mu's back area. In an instant, he escaped the attack of the other party and stood back as if he had never moved.

If Lu Qianqian and her parents had not been rescued, others would have thought that they were dazzled.

The windbreaker man looked at the scene, his face burning pain.

Wang Fan actually rescued Lu Qianqian from them in the flash time. This is a slap in the face.

At the same time, he has also realized that he has been cheated. Wang Fan has never planned to do it, but only plans to save Lu Qianqian.

He was not only shocked by Wang Fan's strength, but also humiliated by his retreat.

Anger is hard to calm.

Windbreaker man guess is good, Wang fan is really bluff, the purpose is only to save Lu Qianqian three.

The five men in windbreaker are ruthless. If they control Lu Qianqian all the time, Wang Fan will be tied up in a fight.

If one is not good enough, it will hurt Lu Qianqian and others, which is against his original intention to help. Now save Lu Qianqian three people, Wang Fan heart finally steadfast, no longer scruple.

He looked at the man in the windbreaker and asked coldly, "it's huishao who sent you. Tell me where huishao is. I'll spare your life. Otherwise, don't blame my ruthlessness."

The windbreaker man listened to this, almost no old blood gushed out, and his heart was more angry.

He had just threatened Wang Fan with similar words before, but now he was thrown back by Wang Fan. This slap on the face is just a slap.

He stares at Wang Fan angrily, his eyes are angry, "what a cunning boy, he even plays with me. I underestimate you. Today, if I don't beat you up and drag you out, I won't call you vaxiong! "

The windbreaker man said, turning his head, "Teddy, go up and put him down."With his order, the young man, who had been violently overthrowing the security guards, rushed out in an instant and pounced on Wang Fan fiercely.

The hotel manager, the front desk lady, and the injured security guards, seeing the demon's hand, subconsciously opened their mouths and breathed.

They didn't see the strength of the windbreaker man, but they saw the strength of teddy with their own eyes.

The security guards, in particular, have learned a bloody lesson.

They don't think much of Wang Fan at all.

The young man didn't pay attention to the expression of people's fright. He just ran to Wang fan like a tiger in an instant. His right leg became a whip and kicked out fiercely.

Ferocious and ferocious.

Lu Qianqian's family felt this scene, and they all opened their mouths in horror. Especially under the fury, their faces turned pale, and even Lu's mother could not stand still and sat down on the ground.

Only Lu Xiaojun, staring at the young man, only cold and disdain in his eyes.

Seeing Wang Fan's means, he didn't believe that Wang Fan couldn't beat the young man. In his heart, Wang Fan was the most powerful man in the world, invincible.

"Maiming me? Drag it out? You deserve it, too?" Wang Fan sneered at Lu Qianqian's family for several sentences. He pulled Lu Qianqian's family back with both hands and strode out.

In the face of the young man's violent kick, he didn't even have the heart to avoid it. He clenched his right fist, and it was a blow.

The fierce fist tore the air and hit the young man's right leg with a loud bang.

Click.

Then there was a piercing sound.

The young man's right leg cracked like a firecracker, and the whole population's nosebleed was thrown out. His eyes changed from disdain to panic.

Bang.

After the young man landed, he was holding his right leg and sobbing, more miserable than the group of security guards who had been abandoned by him before?

Wang fan blows a blow to the young man. He looks up at the windbreaker man with a changed face and says, "this trash wants to put me down. It's almost hot. Why don't you come together?"

The windbreaker man looks at Wang Fan's light expression and looks at Teddy, who is completely disabled on the ground. His pupils are choking fiercely, and he feels a chill.

Chapter 689

"Let's go together and kill him!" Windbreaker man roars, he does not believe, oneself four people, unexpectedly can not put down a Wang Fan.

Hearing the order of the windbreaker man, the other three gnawed their teeth. Then they rushed towards Wang Fan, and took out the wolf's teeth.

Their fangs are all sharp needles except for the grip.

The front end of the spike is octagonal, which is very shocking.

The killing power of this kind of spike is much stronger than that of the military spike. If stabbed at people, tearing flesh and blood is a small matter, soft tissue will be brutally damaged.

The three men hold the spike in their hands. They are very fierce. They have the spirit that a strong man will never return. The air is full of chilling.

Wang Fan looked at this scene, his face was even colder.

Look at the other side's posture, it's obvious that they really want to cripple him!

Wang Fan coldly looked at the windbreaker man who not only didn't step forward, but also stepped back two steps. There was a sneer in his eyes, and the whole person rushed out like a shell.

He didn't fight hard with the three people, and he didn't fight hard with the wolf's teeth. Instead, he dodged the attack at a very fast speed and stepped on one of the people's faces.

The gap of strength can not be made up by momentum and weapons.

The guy didn't react at all, so he was kicked in the old face by Wang Fan, his nose bone was smashed, and the whole person flew out.

Wang Fan took advantage of this opportunity to wave away the other party's spike, wave away the other two's attacks, and then one of them jumped into the arms of another.

Boom, the man was directly hit up, bone fracture at the same time, blood gushing.

Wang Fan didn't talk nonsense, and the wolf teeth stabbed directly into the last person's shoulder with a wave against the trend.

While the man cracked his mouth and screamed, Wang Fan's spike had been drawn out, bringing out a series of pieces of blood and meat.

Hiding behind the windbreaker man looked at this scene, eyes finally no longer calm, flashing panic.

He knows the strength of his subordinates best.

Even he is not 100% sure that he can win the three companions holding the spike, let alone like Wang

Fan.

Without hesitation, he suddenly took out the gun he was carrying and started shooting Wang Fan mercilessly.

Wang Fan grinned and kicked out his right leg heavily. The young man who was stabbed in the shoulder bone by a wolf's tooth was kicked out instantly.

The bullets crackled and were all stopped by the youth, splashing out a series of blood mist.

The windbreaker man's face changed greatly. He never thought that Wang fan used his companion to block the bullet.

He finally understood why Wang Fan didn't kick out immediately after stabbing his companion. Obviously, he was preparing for this moment.

What a terrible calculating ability. How could he know that he had a gun and that he was going to shoot?

The forehead of the windbreaker man could not help but exude a cold sweat.

After his companion's body was pierced to the ground, he finally saw Wang Fan again.

At the moment of seeing Wang Fan, he pulled the trigger again mercilessly.

Whoosh.

Just, a wind once rang, his that shot of bullet, unexpectedly by Wang Fan throw of wolf tooth thorn hit and block.

That's not to say, after the spike stopped the bullet, it still roared at him with momentum.

"How is that possible?" The windbreaker man's face finally changed, and there was a strong fear in his eyes.

It's incredible that the spike of wolf's tooth, which is just the thickness of arm, can block the rapid shooting of bullets.

After blocking the bullet, he was able to roar over without any reduction, which has subverted his cognition.

You know, the ferocity and strength of the bullet out of the chamber are also terrible.

But he didn't have time to think so much. With a hiss, the wolf's teeth pierced his chest and came out

mist.

With the back of his head and the falling point of the wall as the center, the red blood shot out, shocking.

The wall is even more shaking, blood dyed red wall at the same time, cracks also emerge from the wall, like a spider web.

Cruel!

It's really cruel!

The audience was shocked again. Everyone opened their mouths and breathed heavily.

They were all shocked by Wang Fan's fierce blood.

The four men in the windbreaker were even more pale, repressed and afraid to scream, for fear of being treated harshly by Wang Fan.

Lu Qianqian looked at this scene, is a Leng, and then bit his lip, quickly ran in the past, "don't fight, and then hit the human life."

She caught Wang Fan dead, "let's go, you can help our family, we have been very grateful, there is no need to break the law for us."

Lu Qianqian grabs Wang Fan and is afraid that Wang Fan will kill the windbreaker man by mistake.

Wang Fan hears Lu Qianqian's voice and doesn't start any more. He gives Lu Qianqian a reassuring look, and then looks at the windbreaker man, "where is Hui Shao?"

The man in the windbreaker stared at Wang Fan bitterly, biting his teeth and making no sound at all.

"Yes, a tough guy." Wang Fan nodded, just about to do something more, and the harsh siren rang out.

As soon as Wang Fan's eyebrows coagulated, he immediately knew that someone had called the police. He had to give up and continue to use means to coerce Lu Qianqian, and rushed out of the hotel gate with them.

Although Wang Fan didn't have to escape, he didn't want to expose his identity.

Once his identity is revealed, he may be guessed that the withered yellow grass is on him, so he has to avoid these policemen for the time being.

But just before going out, Wang Fan's voice spread to all the people in the hall, "you can say what you should say, and what the fact is. If anyone dares to talk nonsense, he will bear the consequences."

Chapter 690

Wang Fan and Lu Qianqian's family quickly left the hotel. This time, instead of looking for a star hotel, he opened three rooms in a hotel near the Public Security Bureau.

Hui Shao is so arrogant that he even dares to break into star hotels, and he still breaks into them with guns, which makes Wang Fan a little wary.

He doesn't believe it. Huishao dares to send someone to do this in the hotel opposite the Public Security Bureau.

After settling in Lu Qianqian's family, Wang Fan also took a rest in his room.

He plans to recuperate, and then go to the underground arena of Honghu bar in the evening.

He not only wanted to rescue Xiao Xue, but also wanted to see who Hui Shao was.

If it's possible, he doesn't mind stepping on Hui Shao directly. If it's impossible, he will look for another opportunity.

Because of Hui Shao's arrogance, Wang Fan didn't dare to take Lu Qianqian's family out for dinner, instead, he ordered some takeout with his mobile phone.

After eating and drinking, he took another bath and lay on the big bed of the hotel.

Lying in bed, Wang Fan finally felt relaxed.

This period of time, his nerves have been taut very tight, some tired. Now he doesn't want to move, and doesn't want to waste this rare rest time.

Dangdang.

Not long after Wang Fan lay down, the door was knocked.

"Who is it?" Wang Fan rolled his eyes and reluctantly climbed up from the bed and walked towards the door.

He guessed that the person who knocked on his room door was either Lu Qianqian or Lu Xiaojun, and others were not likely.

As soon as the door opened, with a gust of fragrance, a figure crowded in.

Wang Fan also saw Lu Qianqian's pretty face with a slight blush.

I don't know where Lu Qianqian found a red nightgown and put it on her body. Her snow-white skin came out. That white greasy, give a person a kind of unspeakable temptation.

The scar on her face also recovered completely under Wang Fan's medicine, without any redness and swelling.

Maybe it's because she just took a bath, her hair is still a little wet, her apricot cheeks are pink, and her plump and ripe figure exudes an attractive smell.

"Sister Qian, why don't you have a good rest and accompany your parents? Go back and have a rest. I'm sure Hui Shao doesn't dare to mess around here. "

Wang Fan's eyes moved away from Lu Qianqian's round and sexy legs and said quickly.

He felt that there was something wrong with Lu Qianqian. Most of them wanted to devote themselves, but Wang Fan didn't want to do that. If he does that, the quality will change.

The most important thing is that he and Lu Qianqian are only passers-by at most. It's not good to treat others like this.

Lu Qianqian closed the door with her backhand, lowered her head and did not dare to look at Wang Fan, "I know I am not worthy of you, and I also know that after this incident, you and I will not meet again."

"But you have helped me so much, and also helped my family a lot. I really don't know how to pay the debt, so"

"although I'm not very beautiful, I'm still confident about my body. What I can give you is only my body."

Lu Qianqian lowered her head and said in a low voice, already slowly pulling open her nightgown.

In a flash, spring dew, this half covered appearance, it is more than all naked temptation.

Wang Fan stepped forward and quickly stopped Lu Qianqian's action. "Sister Qian, I said that I help voluntarily and don't need you to pay anything."

"What's more, you helped me a lot, and I should help you. If you have to, you look down on me. "

Lu Qianqian didn't say anything, but jumped into Wang Fan's arms and began to sob.

After returning to the county, she was also in a bad mood.

If it wasn't for Wang Fan, whether Lu Qianqian could live or not, she would have been ready to take the

body compensation, but Wang Fan didn't want it, so she was grateful to Wang Fan from the bottom of her heart.

Wang Fan comforted Lu Qianqian for a while, then sat down on the bed again.

Lu Qianqian did not leave, but also followed in the past.

Wang Fan was a little depressed, but he was also embarrassed to drive others away.

In fact, Lu Qianqian is also very embarrassed.

Although it's interesting for her to come here, she was forced by her parents.

In the eyes of his parents, Wang fan is his son-in-law. Now Wang Fan has helped so much, but he leaves others in a room. It's not good.

A man and a woman in the same room, everyone is a little embarrassed.

Especially Lu Qianqian specially wore such a nightgown, which made Wang fan depressed.

"Sister Qian, sit down first and I'll have a rest." Wang Fan some depressed said, then lay down and closed his eyes.

He was afraid that he could not stand the temptation of Lu Qianqian and did something about animals.

It doesn't matter to lie down. At first, Wang Fan couldn't sleep, but slowly, his tiredness hit him and he fell asleep.

He had a dream that he was rolling in bed with a woman in his arms. The woman's face was blurred, like song Rumei or Gong Feixue. Wang Fan wants to look at this face carefully, but he finds that he can't see it clearly. When he gets a little clearer, he feels like Huang Tingting and Pei Qingcheng.

Wang Fan some depressed, he carefully looked at the face, finally, finally see clearly, this woman turned out to be Lu Qianqian.

Wang Fan was surprised, and immediately opened his eyes. At the same time, he felt something was wrong.

I saw Lu Qianqian actually

"sorry, I, I see you, so, so" Lu Qianqian is also a God in a daze, quickly sat up to wipe her mouth, and then left the room.

Wang fan is a little speechless. What's the matter?

at seven o'clock in the evening.

Wang Fan changed into expensive clothes and wore a pair of black framed glasses. He dressed himself as a rich second generation and ran to Honghu bar.

By the time he arrived, the Honghu bar was full of luxury cars and people.

Wang Fan straightened his collar and swaggered into the Honghu bar.

Wang Fan didn't know where the three underground floors were, so he didn't know how to get down.

In addition, he is here to save Xiao Xue, so he can't expose his identity for the time being, let alone fight directly.

Otherwise, once Hui Shao feels uncertain about him, transfers Xiao Xue, or kills Xiao Xue, his plan to save people will fail.

As soon as Wang Fan sat down, a tall and sexy service lady came over. She gave Wang Fan a slight smile, bowed her head and showed a professional smile. "What do you need, please?"

"Yes? Of course there is." Wang Fan squinted at the white greasy under the collar of the service girl, took out a pile of money and a card and patted it on the table.

"First give me two bottles of the most expensive red wine, and then some of the most expensive snacks, and then you stay with me. The money is yours."

Wang Fan said, grabbing at the back of the service girl, then took half of the money out of the pile and put it directly into her collar, and muttered,

"Damn, too much money is his mother's trouble, and I can't spend it all."

Miss service was caught by Wang Fan, originally intended to attack, can see Wang Fan's money, can hear Wang Fan's voice, immediately resist attack, eyes brighten up.

"Just a moment." She threw a wink at Wang Fan, and then quickly left here.

Wang fan saw that the service girl whispered a few words with a Flathead man, and then she flashed into a hut.

Before long, she changed her coat and came out of the hut, then sat down in front of Wang Fan with what Wang Fan ordered.
