

## **MIGHTY SK 691**

### **Chapter 691**

"Handsome man, what do you do?" While toasting Wang Fan, the service lady asked with a smile. In the moment of questioning, her body is also constantly close to Wang Fan, constantly provocative.

Wang Fan pinched the woman, grabbed a grape and put it into her mouth. He said carelessly, "I'm Huaxi coal producer."

"I heard that there are many beauties here, and I can see a lot of exciting things, so I'll come and have a look. Damn it, I've been trying my best to be a loser every day. The more money I spend, the more money I spend. I'm really unhappy. "

Wang Fan's voice is not small, not to mention that the service lady can hear it clearly, even some customers around can hear it clearly.

They all looked at Wang Fan with shocked eyes.

Nima, who is this? I can't spend all my money. Is NIMA too loaded?

When Wang fan saw the people around him looking at him, he not only didn't blush, but also felt complacent. He stood up and said, "there are brothers all over the world. Everyone is open to eat and drink. Tonight's expenses are all mine."

Those who had despised Wang Fan and pretended to be better than Wang Fan, when they heard Wang Fan's words, they immediately fried the frying pan and brightened their eyes.

"Thank you, brother. Thank you, brother."

Nima, it's a treat. If you don't eat, you won't eat. If you don't drink, you won't drink. It's a fool if they don't pick it up. Anyway, they don't know Wang Fan, and Wang fan can't have any plans for them.

The service lady also opens her mouth wide. Does your sister have such a fork?

At the same time, she also works harder to tease Wang Fan, and finally the whole body is tired of Wang Fan.

Wang Fan didn't care at all. He showed a dandy and a black sheep incisively and vividly. He flipped his hands on women wantonly and took advantage of them.

Soon, a manager like man came over and said to Wang Fan, "Sir, you spend too much. You need to settle the account first."

Originally, Honghu bar does not need to check out in advance, as long as you check out when you leave.

Hui Shao, as the boss behind the scenes, has so many thugs in captivity here that he is not afraid that someone will dare to spend money.

As a matter of fact, no one dares to spend all his money.

Since the establishment of Honghu bar, a total of five people have been unable to settle their accounts after consumption. All of them have been cut to death in the street. Not only that, but also all the family members have been killed.

Although many people know that this matter has nothing to do with Honghu bar, it is a pity that there is no evidence at all.

As time goes by, no one dares to default in Honghu bar.

"Check out first? Are you fuckin 'wrong? Do you know who I am? Do you know how much money I have? Do you look down on Lao Tzu when you do this? "

Wang Fan listened to the manager's words, instantly angry, slapped the table, directly stood up, "Damn, look down on people, I still don't play. I'll count the money. "

The manager didn't expect that Wang Fan would be so angry, and he was so angry that his face became ugly.

It's not a mistake to load forks, but if you load forks in Honghu bar, you're looking for death.

With a wave of his hand, several younger brothers approached, and at the same time, he said darkly, "your consumption plus your treat is 2.38 million."

2.38 million?

Listening to the consumption, the guests around them are all in a daze.

Nima, come to a bar and relax. It's only 2.38 million. Isn't that too pitiful? It's too expensive, isn't it?

What's more, Wang Fan didn't do anything, just sat for a few minutes, most people said they couldn't accept it.

Just thinking of Wang Fan's previous invitation, they were relieved.

To pay for so many people, plus Wang Fan also pick the most expensive consumption, maybe not really much.

"It's only 2.38 million. I want to urge your sister to do it. Does Lao Tze look like a poor man?" Wang Fan

pointed to the manager's nose and scolded him, then immediately took out a check.

The manager picked up the check and looked at it.

A hundred million?

Nima, spending more than two million yuan, took out a billion yuan check. Is there any mistake?

He even doubted whether the check was true.

Honghu bar is different from other bars in that it accepts checks. Because there is an underground arena, most people don't have so many cash and overdraft cards, so it's normal to write checks.

"Oh, I'm sorry. I took it wrong. I should give you this one." Wang Fan suddenly patted his head, took back the one hundred million check, and took out another five million check.

"Five million, is that enough? Get out of here. I don't need to change my money. I'll give it to the waiter directly. "

"It's really boring. I planned to spend it well. I didn't expect that I would never come again."

Wang Fan seemed to be angry and stood up directly. He was about to leave.

Service miss see Wang Fan appearance, quickly stopped Wang Fan, "brother, in play for a while." "What do you want to play? I go to heaven and earth to spend. The manager is respectful to me. In a small bar in a county, the manager dares to sweep my face. What else do you want to play?"

"Where can't I drink? I have to be here. I'll go somewhere else. Damn, bad luck. It's really bad luck. It's not exciting at all. It's boring. "

Wang Fan said, pushing away the woman and walking to the door of the bar.

The manager's face was hot and he didn't know what to do.

After returning to his mind, he winked at others quickly, stopped Wang Fan, and then dialed the phone.

It wasn't long before he confirmed that the check was true.

After the manager confirmed that there was no problem with the check, the cold sweat poured down.

This is the God of wealth. He pushed away the God of wealth. What can I do?

If it's known, he won't have to mess around.

Is this the owner of bad money?

Thinking of this, the manager didn't dare to think about it any more. He stopped Wang Fan and said, "I'm sorry, little brother. I'm wrong. Are you playing for a while? The next consumption is mine. It's my treat. "

This guy made a smart account. Anyway, Wang Fan gave more than two million yuan to him, whatever he asked.

What he was afraid of was that Wang Fan would not patronize any more.

"Forget it, it's boring." Wang Fan waved his hand, "every day is to drink and play with women, too boring, not exciting at all."

"I didn't have much interest, but I'm not interested at all now because of you. I'd better go home and sleep. "

"Exciting?"

The manager's eyes lit up when he heard this. He came up to Wang Fan and said in a low voice, "brother, we have exciting things here, but I don't have the right to take you. Why don't you wait and I'll ask for instructions? "

The underground challenge arena of Honghu bar is not so strict with the examination of guests. Generally, as long as you have money, as long as you have acquaintances with you.

Because Hui Shao is very conceited, he thinks that there are no people and things that he does wrong in the county. With his strength and power, even if the capital comes, he will have to kneel down.

But even if the underground challenge arena is not strict with customers, the manager does not have the right to directly introduce people to go down, he still needs to ask Pingtuo youth, that is, the real person in charge of the first floor of the bar.

"Really exciting? Don't fool me! If it's really exciting, I can not only tip you, but also introduce my brothers. "

"But if it's not exciting, not only I won't come, but also the people in my circle will let them go."

Wang Fan said impatiently. He gives people the feeling that he doesn't think about whether he can go down or not. What he thinks about is whether he can stimulate or not.

## **Chapter 692**

"Yes, yes, guaranteed. Just a moment. I'll go and ask for instructions The manager nodded and said, then ran to the young man.

Wang Fan's performance from the beginning to the end was also seen by the young people with flat heads.

Although Hui Shao said that it might not be peaceful tonight, someone would come to the scene and ask them to step up their guard.

But what did he think? Wang Fan was a rich second generation ancestor. He didn't look like a troublemaker at all.

So Pingtou youth did not hesitate, agreed to Wang Fan to go to the third floor underground.

In fact, even if the manager doesn't ask for instructions, he plans to get Wang Fan to the third floor underground. Wang fan is so rich that if he doesn't get to the third floor underground, he's sorry for himself.

What money can we get from the first floor of the bar? Only when we get to the third floor underground can we squeeze out Wang Fan's money.

"Brother, please." The manager said and took Wang Fan to an elevator entrance behind the bar.

Next to the elevator, there are two burly youths. Compared with the men in windbreaker who went to the hotel to make trouble, these two youths are not weak at all. They have a bulging waist and obviously don't have weapons.

"The guest introduced by brother Huang." The manager didn't say much, he said directly.

Two burly youths casually glanced at Wang Fan, showing a fool's expression, and directly opened the elevator.

In their eyes, Wang fan is just a rich second generation. This kind of person, although now arrogant, maybe when he comes out, he can't even afford a box lunch.

The manager did not send Wang Fan down, but watched Wang Fan enter the elevator.

The elevator is very big, and there is an enchanting girl in three-point style.

"How do you do, sir? Welcome." The girl smiles at Wang Fan and presses down the third floor underground.

As soon as Wang fan saw the enchanting girl, he knew that she was also one of the tools for collecting money in the bar.

She wears so little, and there are red bills under her collar, which is obviously a reward from the guests.

Wang fan is a little depressed. NIMA, he spends so much money before he even sees Xiao Xueren. It's really uncomfortable. If you can't get it back with interest later, you'll be dead.

It's just that he has shown the appearance of a rich upstart, and it's hard to say if he doesn't give a reward now.

When Wang Fan entered the elevator, he noticed the camera above, obviously monitoring the guests.

"You too." Wang Fan grinned, pulled out several thousand pieces, stuffed them into the girl's neckline, and then squeezed them.

He didn't feel like taking advantage of himself.

The girl also didn't care, just slightly twisted down, obviously this kind of scene has seen more.

Wang Fan sees the girl like this, also did not continue to take advantage of interest.

Soon, Wang Fan came to the third floor underground. Someone had been waiting at the door of the elevator. After Wang Fan came out, he was directly taken to a huge room not far away.

It's a room. It's not suitable because it's the size of two football fields.

There is a huge arena in the middle. When Wang Fan entered, there were two fierce men fighting in the arena.

The following is also full of guests, one by one look angry, the scene atmosphere Honglie.

Wang Fan was arranged to sit down in a front seat, and the shuttle service lady quickly put delicious food and wine on the table.

Similarly, there are two enchanting girls standing beside Wang Fan.

Wang Fan directed them to hook fingers, they will face happy to come over, a left and a right sitting in Wang Fan's side.

The guests who can come to the underground three floors are either rich or expensive. If they are liked, their consumption is also a big income.

Wang fan is embracing both of them, teasing them while secretly observing the surrounding environment. At the same time, he is also scanning the challenge arena.

When others were excited and exclaimed, he also screamed with excitement, his face turned red, as if he felt the real stimulation.

In fact, Wang Fan's heart is speechless, this kind of garbage challenge, he simply despised, but he had to make a full interest, and excited expression.

He knew that when he first came, someone would pay special attention to him. Before seeing Xiao Xue, Wang fan doesn't want to expose his identity.

Before long, accompanied by a series of screams, a fierce man stepped on another fierce man.

The fierce man was kicked off in a flash, and fell off the challenge arena after rowing a parabola.

Looking at this scene, the following customers are crazy, men scream, women roar.

Even some women, but also struggling to tear off the clothes, while waving, while the next waiter Xiaosheng pressed in the chest.

Wang fan is a little speechless. As for being so crazy, he is about to fall asleep.

Just think so in the heart, he can't be calm on the surface. I could only stand up, clench my fists, wave and scream, not to mention that. I reached out to the two girls and began to grasp them.

The two girls didn't feel much, and they seemed even more excited than Wang Fan. The victory was decided, and soon the winner retreated, and someone cleaned the blood of the challenge arena.

After cleaning up, a mature beauty in her thirties and full of charm stepped onto the challenge arena.

She was sparsely dressed, charming and seductive.

The people below couldn't help watching the woman start screaming.

The woman ignored the screaming guests, but picked up the microphone in her hand and put it to her mouth,

"good evening, everyone. I think most of the customers come to our new favorite Xiao'er."

"Now I don't talk much, I'll go straight to the auction. As long as he can beat our champion, the one with the highest price will not only get a million yuan bonus, but also get Shaw's permanent use right. "

"Of course, if we can't beat our champion, we can spend the night with our new favorite Xiao Er, and the bonus will be reduced from one million to one hundred thousand."

With a woman's voice, most of the customers below are even more crazy, eyes shining, shouting "Xiao'er" "Xiao'er".

Wang Fan listened to this with a sneer in his heart.

He finally knows how shameless the underground challenge arena is. It's not funny to take people out for auction and defeat the champion?

It sucks gold. It sucks hard.

"Next, let's welcome our new favorite Xiao'er." Another wave of the woman's hand, Hua ground, behind a curtain opened, revealing a cage inside.

In the iron cage, a naked woman half kneels and half falls, presenting herself to the public.

Her body covered only three points, half hidden and half exposed, full of the ultimate temptation.

The snow-white and crystal clear skin shows delicate luster under the light. It looks perfect.

Her figure is hot, without any flaws, coupled with the half kneeling posture at this time, as well as the thick chain around her neck, instantly pushed the scene atmosphere into climax.

Wang Fan also stood up, his eyes are not excited, no desire, there is only extreme anger.

He could see that the woman had been drugged, her cheeks flushed, her body trembling, almost unconscious.

Wang Fan killed, almost can't help but directly lift the scene.

Hui Shao treats people like dogs. Now he auctions them like slaves. He also uses drugs. It's inhuman and has no bottom line.

Wang Fan's stand did not attract much attention, because most people stood up, shortness of breath, red face. Even some guests can't help rushing up.

### **Chapter 693**

"Well, no more nonsense. Now the auction begins. However, before the auction, I would like to remind you that we must auction rationally. If the auction is really successful at that time, but we can't get the money, that's not good. "

The enchanting girl saw that the atmosphere on the scene was rising, and her eyes also flashed a touch of satisfaction. She pressed her hand again, and the charming voice spread all over the audience.

"Although our Honghu bar is only a small bar, we will never allow this kind of cheating. If this happens, we will try our best to get justice."

With the enchanting girl's voice, several cool young people suddenly stood on the high platform around

the bar, all of them were full of bloody and powerful breath, and even some of them had guns in their hands.

It's very powerful.

When the customers saw the young people in the town, their eyes went crazy and they were more rational.

They just remembered that the backstage of Honghu bar is very hard and powerful, and it is absolutely forbidden to make trouble. Beauty is good, but it must be done according to one's ability.

Of course, they didn't think about cheating. It's just that the appearance of Xiao'er, a new favorite, made them crazy.

It is said that Xiao'er, the new favorite, was just cultivated by Honghu bar. She still has a perfect body and is proficient in playing, playing and singing. She is the most perfect pet of Honghu bar so far.

It's just that this new favorite Xiao'er is very mysterious. Some time ago, she was only publicized. This is the first time that she has been pulled out to be watched by people and regarded as a prize.

"The bottom price of Xiao'er's new favorite is 100000 yuan, and the increase should not be less than 10000 yuan at a time. Now it's time to auction."

With the enchanting girl's voice falling again, the atmosphere of the scene was pushed to a climax.

"Ten thousand."

"150000."

"Two hundred thousand."

"Half a million."

In just a few seconds, the price of Xiao'er, a new favorite, was up to 500000 yuan, which was terrible.

It's still clear to all that no matter how high the auction price is, it's very likely that you won't beat the champion, and you can only enjoy the new favorite Xiao'er for one night. Otherwise, the price will be even more crazy.

Half a million a night?

What's the concept?

Some third tier stars and supermodels are estimated to be at this price.

Wang Fan did not bid, just coldly looking at the scene, listening to the people's offer.

He knows that the current offer is just the beginning, but far from the end. Even if he makes a bid, it is estimated that he will soon be overwhelmed by the rest of the prices. It's better to wait and see.

At the same time, Wang fan is also a bit speechless. There are so many rich people. If you go out and hire a college student for 500000 yuan, even if you have 30000 yuan a night, you can still play for more than half a month, and it's still high-quality.

This group of people is really brain problems, there is no place to spend more money.

Of course, Wang Fan just thought that if people have money to play like this, he can't control it.

"Eight hundred thousand."

"Eight hundred and fifty thousand."

"A million."

It's a short time, Xiao Xue's price is fried to one million, but there is still a rising trend.

However, relatively speaking, to this point, there are not many people who continue to increase the price.

After all, a million is not a small sum. No matter how rich you are, no one wants to play like this.

The most important thing is that if you go out for a million yuan, you may only play for one night. It's really not cost-effective.

"A million, a million. Is there anything higher? Xiao'er is the best so far. She is not only proficient in playing, playing and singing, but also a student in a famous university. She is also top-notch in temperament and education. "

"To tell you the truth, we spent more than a million on her training. I can assure you that with Xiao er's beauty and talent, if you put it in the entertainment circle, it will be a great success in less than three years. "

"Don't say it's a million. Even if it's ten million, you won't be able to touch one of our fingers. If you can't buy a million yuan, you'll suffer a loss. If you can't buy a million yuan, you'll never be cheated. If you miss this village, you won't have this shop. "

"What's more, if anyone has confidence in himself or his bodyguard, he can get Xiao'er forever. What does it mean to get Shaw forever? It's not only a bed warming maid, but also a money tree. "

The enchanting girl looks at the price increase of the customers below, and constantly wriggles her waist above to promote the atmosphere of the scene.

There were some customers who didn't want to increase the price. When they heard this, they couldn't help increasing the price again.

It's true that Xiao'er's beauty is no less than those of the first-line stars, and her education and talent are no less than those of the first-line stars.

Where can I find such a woman?

We should take advantage of the fact that we are not well-known. If someone is really thrown into the entertainment industry in the future, one or two million yuan will be the price of cabbage. It's really possible that they can't even touch their fingers.

Those who are confident in their own strength or the strength of their bodyguards, the price increase is even more crazy. "One and a half million."

"Two million."

"Two and a half million."

In the blink of an eye, the price soared again, shooting nearly three million.

Wang Fan looked at this scene and couldn't help blinking. There are so many brain damage.

Enchanting girl mouth is showing a proud smile, the higher the auction price, the higher her Commission, in her place, the price is naturally the more the better.

As for Xiao'er, will she become a first-line star? Will there be a big fire? She just sniffed.

Xiao'er was originally made by them by improper means. Do you dare to make Xiao'er prosperous? They don't do this kind of brain damage.

When the price increased to 4 million yuan, Wang Fan knew that he could not wait any longer.

"Five million." He immediately stood up and added a million.

Wang Fan's voice was full of vitality and spread all over the audience in an instant.

In a flash, there was a brief silence.

It's still very shocking to increase the price by one million at a time to five million directly.

But the short silence was soon broken by others.

"Six million."

A voice followed.

This is a middle-aged man in his forties, followed by two bodyguards of good quality.

At the same time, he also looked at Wang Fan coldly, as if in provocation.

Wang Fan looked at this scene, could not help but Yi Yi teeth, smile, "ten million."

After he yelled, he was very upset and muttered, "special, I have more money than me, I will kill you with money! Is the name of Laozi Huaxi Dongge boastful? The worst thing about Laozi is money. "

Although Wang Fan's voice is not big, many people have heard it.

He looks like a wealthy upstart.

Four million yuan was added at one time, and there was a brief silence at the scene.

This is not a matter of money, but not money at all.

However, hearing that Wang Fan was from West China, those people around him were relieved.

It's said that there are a lot of rich upstarts in the coal industry in West China. Wang fan is probably such a person.

When the middle-aged man heard Wang Fan's price increase, his eyes were cold, and he said again, "15 million."

His voice has a hint of warning and threat, as if as long as Wang Fan dare to increase the price, he will be rude to Wang Fan.

"Thirty million." But Wang Fan didn't pee at all, and his eyebrows didn't wrinkle, so he added up to 30 million yuan, and stood up, with the expression that I have money to fight with you to the end, and I want to dry you.

I'm kidding. Wang Fan, who is so good that he doesn't even throw away the inborn strong, can't be afraid of an ordinary person?

**Chapter 694**

"Well, well, you have seed!" The middle-aged man stood up with a purple face.

Now it's not about auctions, it's about slapping faces.

Wang fan does this, is hitting his face crazily.

On site customers also noticed the smell of gunpowder between the two people and could not help but stop the price increase. Of course, in fact, the price to this point, the basic price increase is gone.

Thirty million is not a small sum for anyone.

Those who recognized the middle-aged man couldn't help but sweat for Wang Fan.

The middle-aged man was named Huang Yao. He was a famous ruthless in Jiangdong province and was well-known in underground circles.

This kind of people, is not ordinary people can provoke, even if this is not Jiangdong, still not many people dare to provoke.

When Wang Fan heard Huang Yao's words, he disdained to sneer, "do I have any seed for you to say, if you want to increase the price or not, you should hurry up, if you don't, you should get out of here. I'm still anxious to spend the Spring Festival with the beauties. "

Slap in the face!

Red fruit hit face!

Huang Yao is about to explode. He has been around for so many years. When was he beaten in the face like this? What's more, he's just a little boy?

If this is placed in Jiangdong, no matter how hard the background of Honghu bar is, he will not hesitate to pull out Wang Fan and crush him to death.

It's a pity that this is not Jiangdong. Even if Huang Yao is a bull, it's not easy to make trouble here. He also saw the shooters who appeared in Honghu bar just now. If he dares to make trouble, he can't do well at all.

"Fifty million!"

If you can't make trouble, you can only use money to get the court back. Huang Yao quoted 50 million yuan directly.

Wang Fan curled his mouth and laughed, "do you want to fork with me? More money than me? "

He took out a bunch of cheques from his pocket and slapped one of them on the table

Wow.

With that, Wang Fan also tossed the rest of the checks, toward Huang Yao disdain provocation, "come on, go on, I want to see who the hell has more money than who."

Rich and powerful.

The customers at the scene are going crazy. The one-time price increase is 50 million, and it's increased to 100 million. Is that too crazy?

This price, including those first-line stars, is more than enough, right?

Enchanting girl listen to Wang Fan's offer, the mouth of smile almost can't close. If possible, she would be willing to give her life to Wang Fan now.

This is too hanging, too domineering, right?

She had never thought about whether Wang Fan could take out so much money, because someone had informed her that Wang Fan was a real rich man, a nouveau riche.

Huang Yao stares at Wang Fan with a cannibal look. He really wanted to increase the price again and kill Wang Fan, but reason stopped his impulse.

It's not worth paying 100 million for a woman.

He stares at Wang Fan, hums heavily, and then leaves the bar directly.

He has lost face. It's meaningless to stay any longer. It's better to leave.

As for Wang Fan, it's just a nouveau riche. We'll find a way to deal with it in the future.

"One hundred million! Oh, my God, this handsome young man has made a bid of 100 million yuan. It's so crazy that I can't help dying. "

"This handsome young man is really sharp eyed. He has discovered the real value and potential of Xiao'er."

"One hundred million, is there anyone else to increase the price? Is there anyone else with the same sharp eyes as this handsome guy? It's a chance. It won't come again. "

Although the enchanting girl knew that it was impossible for anyone to increase the price, she could not help shouting.

What if someone adds it?

Around customers can't help but roll their eyes, fire eye Venus? Have a bad eye? You fuckin 'fool? I think it's brain damage.

If it wasn't for brain damage, where could it be so crazy?

Wang Fan also some speechless, "you don't shout, again shout I can not give money, even if you kill me, I also don't give money."

"Damn it, if it wasn't for that silly fork to install it with me, I wouldn't have paid so much for it."

"I'm sorry now. If you talk about it any more, even if you kill me, I won't let you get a cent."

Wang Fan stares at the enchanting girl and says unhappily.

This woman is really damned. She thinks she's an idiot in her heart, but she says she's a flaming star. Who are you fooling?

Of course, Wang Fan has a purpose to say that. He believes that now someone has paid attention to him.

If he is willing to take a picture of Xiao'er even for a hundred million yuan, people may suspect that he is here to save people.

That's why he expressed his displeasure in order to dispel doubt.

Enchanting girl listened to this, and then looked at Wang Fan's unhappy expression, the voice also stopped suddenly. Although Wang fan is rich, but it offends Wang Fan. People just don't give it. Even killing Wang fan doesn't make sense?

She flattered with a smile, "well, I now announce that the auction of this handsome boy is successful. Congratulations on him getting our new favorite Xiao'er."

Whoa, whoa, whoa.

With the enchanting girl's voice, followed by a burst of rare applause.

The applause is intermittent, and I don't know whether it's really congratulating Wang Fan on his success in holding the beauty home, or laughing at Wang Fan's foolishness for spending a hundred million.

"This handsome young man, next, do you want to challenge our champion, or do you want to give up

and take Xiao'er and a hundred thousand bonus for one night

Wang Fan glared at the enchanting girl, and said, "you're not talking nonsense. Of course you're going to challenge the champion. If you can only play for one night at a cost of 100 million yuan, it will be a great loss. "

Wang Fan said, can't help but a little weak, asked in a low voice, "that, I want to ask, if I fail to challenge the champion, won't I be killed or maimed?"

Look at Wang Fan's expression, this is also his most concerned problem.

Wang fan is also helpless to ask, although he has not seen the champion, but did not put in the eye.

But if he showed a confident look to challenge the champion, it would be more suspicious.

Therefore, only when he looks like he is afraid of being beaten and has little self-confidence, can he not be so abrupt and suspicious.

Wang Fan also has no way, who let him have not rescued Xiao Xue, and there are still ambush shooters around?

When the enchanting girl heard Wang Fan's words, she was not surprised. She said with a smile, "you can rest assured that no matter you succeed or fail in the challenge, you will not be killed or maimed. But injuries are inevitable. You have to be prepared

"That's good, that's good." Wang Fan rubbed his hands, relieved, "do you want to challenge now? I'm a taekwondo black belt. I'm very talented. Anyway, no one's going to die. I can finally let go of my hands and feet and have fun. "

Listening to this, people around suddenly, no wonder this guy wants to challenge the champion, and he doesn't have much confidence. He is a taekwondo black belt.

However, with Wang Fan's two fists and legs embroidered, can he beat other people's champion?

You know, these champions have seen blood.

Even if Wang Fan's Taekwondo training is fierce, he has never seen blood. At best, it's just HuaQuan embroidered legs, right? It's OK to deal with a few ordinary people or ordinary gangsters. If you meet some people who are a little bit of a bull, you can kneel down.

"Of course, we can challenge now, and we don't want to waste your precious time with Xiao er." Enchanting girl said with a smile.

That means, obviously, Wang fan can't beat the champion. He can only have a spring night with Xiao'er.

Since it's a spring night, if you delay one more minute, you'll waste one more minute. Of course, time is precious.

## **Chapter 695**

Wang Fan didn't care. He rubbed his hands and ran to the challenge arena excitedly. He was still rubbing his hands all the way, as if he wanted to show his skills.

The following customers looking at this scene, can not help a burst of uproar, the heart is despised.

It's strange that Wang Fan's face is so funny that he can beat others.

The enchanting girl was also speechless, but she didn't show her face. When Wang Fan stood still on the stage, she said, "let's invite our champion to come on. Good luck, handsome boy. I wish you a beautiful woman forever

After that, she left the challenge arena directly.

In the same way, a strong muscular man came up on the challenge arena.

"Hey, brother, I'm the black belt of Taekwondo. You have to be careful." Wang Fan sees this fierce male, the eye is big bright, while saying, at the same time around fierce male jump.

"You have to be lenient later. I tell you, as long as you let me win, I'll give you five million, oh no, ten million."

"I tell you, I have nothing else. What's more, ten million is just a drizzle for me."

Wang Fan's voice is not very loud. The customers below can't hear it, but he can guarantee that the enchanting girl behind or the backstage can hear it.

Wang Fan said this on purpose. If he wins, it's the champion's way.

When the Master heard Wang Fan's words, his eyes couldn't help but brighten, but they soon faded.

Although he was excited, he didn't dare to let go.

The backstage of Honghu bar is unknown to others. Doesn't he know? If he dares to let go of the water, he will die.

He has been in Honghu bar for so many years, and he is very clear about Hui Shao's means.

"Stop talking nonsense and start." The fierce male soon put away careful thinking, two steps to Wang fan body, a punch blast out.

He's afraid that if he doesn't do it quickly, Wang Fan will throw out heavy profits again. If he's excited at that time, it's really troublesome.

He didn't have the right to use this punch. After all, Wang fan is the gold owner. Now that one hundred million hasn't come to Honghu bar, it's troublesome to blow him to death with one punch.

However, in his opinion, this punch is more than enough to defeat Wang Fan.

"Drink!"

Wang Fan opened his mouth and drank in the face of the fierce man's fist. Suddenly, he jumped and hid.

Then he turned back, raised his leg, and kicked the fierce man heavily.

But with this kick, he not only failed to kick the fierce man down, but also stepped back several steps. Finally, alas, he fell on the ground.

Seeing this scene, the customers below burst into laughter. This NIMA is so funny.

Look at Wang fan like that, even if others stand still and let him fight, he can't win.

Meng Nan was also shocked. He didn't expect that Wang Fan could evade his fist and kick him. Fortunately, there was not much strength in that kick, otherwise he would have lost.

"Come again." Wang fan is some blush, patted the buttocks to stand up, and then again hey, hey, yelled to the fierce male attack in the past.

He kicked the man one foot after another, but he didn't even change his expression.

It was as if Wang Fan's attack was not an attack at all, but a tickle.

But to his dismay, he also made several punches, but none of them hit Wang Fan. Is that too evil?

The following customers are laughing, as if Wang fan is not here to fight, but to be funny.

"Mom, why is your skin so hard and how do you practice it? Big brother, 20 million. As long as you release the water, I will give you 20 million. "

Wang Fan seems to feel very shameless, some blush, neck thick.

As he spoke to the man, he rushed up again.

This time, Wang Fan a foot on the man's chest, the man was shocked back a step.

And Wang Fan, is again the same as before, and toward the back fell to fly out, as if to butt on the ground.

Fierce male also some anger, so long time can't take Wang Fan, that is slap face.

It's a small matter to slap on the face. If the people behind the scenes really think that he is releasing water, he will be finished.

At the moment of Wang Fan's retreat, he suddenly reached out and grabbed Wang Fan's bare feet. He pulled Wang Fan back.

Then, another fist burst out and hit Wang Fan hard on the chest.

Wang Fan felt this scene, not surprised but happy. Instead of avoiding the fierce man's blow, he was pulled over and at the same time, his left leg pointed to the fierce man's belly at a fast speed.

He moved so fast that he believed no one would find out.

In Wang Fan's left leg point in the man's belly at the same time, the man's fist also hit Wang Fan's chest.

Wang Fan was heavily kicked out.

At the same time, the fierce man also jumped up, his eyes full of anger.

After Wang Fan fell to the ground, a carp turned over, and then rushed to the man again. His hands were flying wildly, grabbing at the man's face, and his right leg was attacking the man's abdomen.

This time, his action is no longer hidden, very aboveboard.

Fierce man crazy caught Wang Fan, want to throw Wang fan out, but it is a pity that Wang Fan point in the abdomen, once again pain grinning back.

Wang fan saw this, showing a crazy look, break free from the shackles of the male, crackling is a burst of chaos.

This time, Wang Fan's fist is not as soft and weak as before, and the fierce man is blasted back and forth.

When Meng Nan was about to retreat to the edge of the challenge arena, Wang Fan raised his leg and kicked Meng Nan heavily in the chest.

Plop.

This kick, the fierce man can no longer bear, was directly kicked to the challenge arena.

Wang Fan also flew three or five meters upside down by the anti shock and fell on the challenge arena.

The people below all look silly.

This, this wins?

They felt that the man must have let go.

"Ha ha, I won, brother. Thank you."

Wang Fan took a few breaths, then stood up excitedly,

he gave a roar regardless of his demeanor, blinked at the fierce man under the stage, and then ran to Xiao Xue behind him, shouting, "great beauty, I'm coming."

Hearing Wang Fan's words, those people were more sure that the fierce man was seduced by the money thrown out by Wang Fan and intentionally let go of water.

Only Meng Nan himself stares at Wang Fan. It's hard to say.

Only he knew that he didn't release water. It was Wang Fan who was so shameless that he pretended to be a pig and eat a tiger.

He clenched his fists and clenched his teeth. He felt very uncomfortable.

He wanted to rush to the challenge arena and tear up Wang Fan, but it was a little late to go to the challenge arena at this time.

"No, I have to go now." Fierce male dare not continue to stay, but quickly stand up, toward the bar.

He knows he can't stay here any more. He'll die if he stays.

No matter whether he has released the water or not, it is Wang Fan who wins after all. If Wang Fan wins, it means that he will be punished.

The enchanting girl behind the challenge arena is also speechless. I can't believe it.

That's the win?

Just, Wang fan is aboveboard win, now she is in trouble, have no excuse at all.

And there are so many guests at the scene. Once she is in trouble, Honghu bar has no reputation, and no one will come again.

At this time, Wang Fan has rushed to the back of the challenge arena, lifted the curtain, revealing the charming Xiao Xue inside.

He must take advantage of the other side did not respond to this period of time to save Xiao Xue, as long as Xiao Xue rescued, he will no longer have scruples.

## **Chapter 696**

There are six people, one woman and five men, sitting in a room of more than 30 square meters on the third floor of Honghu bar.

The young man sitting in the first place is Hui Shao, and the woman beside him is Wu Teng Yan. The other four are all subordinates of huishao, who are also the high-level members of Honghu bar.

At this time, they are staring at the big screen in front of them, which shows the scene of the challenge arena.

Wang Fan's appearance aroused Hui Shao's suspicion at the first time, but Wang Fan's subsequent performance dispelled Hui Shao's doubt.

In particular, Wang Fan kicked the fierce man a few feet, not only failed to kick down the fierce man, but he was also shocked to fall back, which made his doubts disappear.

In his opinion, Wang fan doesn't look like a fierce man who can defeat the black wolf club and defeat five fierce generals such as the windbreaker man.

In particular, Wang Fan's shameful four legged dog Yang Shi has no master demeanor. In his opinion, no master would be willing to humiliate in this way.

However, Wang Fan's face changed when he beat Meng Nan and ran to Xiao Xue.

This guy is definitely for saving Xiao Xue. He is definitely the master invited by Lu Qianqian's family.

"Move Xiao Xue immediately, disperse the guests, and then block the whole bar. That guy is the master that Lu Qianqian's family invited. He must not leave with Xiao Xue. "

Hui Shao's face changed greatly. He pulled the walkie talkie directly and cheered quickly.

He didn't expect that he had gone away. Wang Fan really didn't care about his face. He defeated the champion in this almost humiliating way and approached Xiao Xue.

He must disperse the guests before Wang Fan and Xiao Xue leave the bar. As long as he disperse the guests, Wang Fan will be slaughtered by him.

He doesn't believe that Wang Fan and Xiao Xue can get away from Honghu bar.

Outside the enchanting girl and bar thugs heard the order, immediately began to act.

While a group of people rushed directly to the challenge arena to get close to Wang Fan, a group of people quickly dispersed the customers.

"Everyone will leave now. If you don't leave ten minutes later, you will be responsible for the consequences."

With the sound, there were two shots fired into the sky.

The gunfire rang out, and the scene was in chaos. The customers' faces changed greatly. Without hesitation, they ran out crazily.

At the same time, Wang Fan has also run to Xiao Xue. The shadow knife cuts out and directly cuts off the iron cage and the iron chain around Xiao Xue's neck.

After finishing these, he quickly pulled Xiao Xue up, pricked her with a few needles, and then rolled on the ground with Xiao Xue in his arms.

Come on, come on.

He almost just hugged Xiao Xuegang, just rolled away from the original place, several bullets hit in the position before him, and blasted hard on the ground.

Smoke of gunpowder filled the air.

When Wang Fan looked up, he saw eight young people, armed with guns, approaching quickly and well-trained.

The eight youths formed a human wall. On the one hand, they quickly approached Wang Fanfei, on the other hand, they held high their guns and fired mercilessly. They were decisive and indifferent.

Obviously, they do it a lot.

The piercing sound of gunfire exploded in the whole room like firecrackers, deafening. Under the bombardment of bullets, countless dust splashed on the challenge arena.

Wang fan faces these innumerable bullets, a time is also difficult to have the achievement, can only hold Xiao Xue to retreat repeatedly.

At the same time, his right hand has been taken out with the gun.

Xiao Xue has come to her senses. She looks at her dress and remembers what happened before. She

can't help but blush.

But soon her shyness was disappeared by the dense bullets, feeling the vibration of the ground, she could not help shivering, subconsciously hugged Wang Fan.

"Don't be nervous. Don't be afraid. I'm here to save you. You know Lu Xiaojun. He asked me to save you."  
"

Wang Fan felt Xiao Xue's nervousness, but he didn't turn his head back to comfort him. Then he took advantage of the short interval of the other side's fire and shot eight shots.

Come on, come on.

The sound of gunfire was deafening.

In Xiao Xue's startled eyes, the eight callous and arrogant youths, like living targets, burst their heads one by one from left to right.

When the gunfire stopped, eight people fell on the challenge arena like headless corpses.

Blood rain and brain spray pollute the whole table.

Xiao Xue looked at this scene, almost spit out, fortunately in time to bear down, but it is holding Wang Fan more tightly.

"Hold me tight, I'll take you out." Wang Fan said to Xiao Xue, then put his left hand around Xiao Xue's waist, and the whole person jumped out in an instant.

As he jumped out, he fired two more shots into the air.

Bang Bang two, two ambush in the height of the Gunners were instantly blasted head, a head down.

At this time, Wang Fan had run to the eight young people who died. He quickly put away his gun. With the tip of his foot a little, a young man was spotted and flew up. Like a shell, he blasted at several thugs running to the distance. At the same time, through this gap, Wang Fan's right foot was quickly pointed twice, two guns were pointed up, one was put into his pocket by Wang Fan, the other was directly pinched in his hand by Wang Fan.

Come on, come on.

There was another burst of gunfire, and several young people were shot in the head, unable to fall.

The gun is accurate, the gun is lethal.

Looking at this scene, the rest of the thugs were already flustered.

They so many people, so many guns, clean up just a Wang Fan with Xiao Xue, unexpectedly all failed?

Not only did they fail to win Wang Fan, but they were killed by Wang Fan. What is the strength of NIMA?

Wang Fan didn't have the slightest carelessness. While grasping the gun, he rushed out with Xiao Xue in his arms, and started to shoot at the shooters around.

Before long, several more thugs were killed.

The red blood almost dyed most of the room red, plus the fallen elite, the scene seemed to become a hell on earth, the atmosphere was thick, and the air was full of Xiao Sha.

Wang fan is like a killing God. The God blocks the killing God, and the Buddha blocks the killing of the Buddha.

Every time he went further, several people were killed, just like death reaping life.

Those people around have been stunned by Wang Fan's cruel and merciless killing. No one thought that Wang Fan was so powerful, cruel and merciless.

After killing so many people, I didn't even frown. It's almost like killing a group of chickens. Is this still human?

This is the reason why Wang Fan has no power to bind Xiaoxue with one hand. If Wang fan doesn't hold Xiaoxue with one hand, isn't it more abnormal?

They all have the illusion that this is not their home court at all, but Wang Fan's home court.

Click.

Wang Fan killed several thugs again. When he pulled the trigger again, there was no empty sound of bullets.

Listening to this sound, those thugs became excited instantly, as if they finally had the chance to fight back.

Boom.

Almost in a twinkling of an eye, three young men who were closest to Wang Fan and had extraordinary skills shot at Wang Fan.

Strong wind hunting, strong murderous.

These people are real masters. They are not good at shooting. They plan to beat Wang Fan with their strength.

No matter how fierce Wang fan is, there is only one person, and Xiao Xue is still carrying a towing oil bottle. They don't believe that they can't defeat Wang Fan.

Of course, although there are many shooters at the scene, not everyone has guns in their hands. Those who have guns are all good shooters. Those who have poor shooting skills naturally have no guns and disdain to use them.

The three youths were just like tigers pouncing on food. They immediately pounced on Wang Fan. Their eyes flashed ferocious and bombarded him crazily.

"Ah Xiao Xue can't help but scream. She hugs Wang Fan and buries her head in Wang Fan's arms.

Wang Fan looked up slowly with disdain in his eyes.

### **Chapter 697**

A group of rubbish who haven't arrived the day after tomorrow want to play close combat with him. They are really looking for death.

If these people have guns in their hands, Wang fan may be a little afraid, but they don't even have guns, so Wang fan doesn't care at all.

He holds Xiao Xue in his left hand and stares at the crazy three people coldly. His expression doesn't even fluctuate.

Looking at this scene, the elite around them became excited. In their eyes, Wang Fan must have been scared.

It's also true that Wang Fan's marksmanship is strong, which does not mean that he is also strong in close combat. He is also holding the oil bottle Xiao Xue, in this case, how can not be silly?

In the face of that crazy rush to the three bar elite, at this time, Wang fan is afraid that he can't even take out his gun?

"No death, no death."

"It's hard to protect yourself. It's a dream to take Xiao'er away."

"How's the shooting method? I'll avoid shooting from afar and kill more people. I have to rush out. Are you stupid now?"

All kinds of voices expressed disdain for Wang Fan.

Only their voices came to a halt in the middle of the journey, just like a rooster who had been strangled by his neck. He could not say a word any more.

Only in one of the young fist is about to hit Wang Fan's moment, Wang Fan finally shot.

His right hand popped out in an instant, grasped the young man's wrist, twisted it with force, and with a click, the young man's arm was twisted like a fragile firewood.

This is not the end, Wang Fan's right leg followed by the blast, point in the youth's abdomen, boom, the youth is like being hit by a shell, scream was overturned out.

When the young man was overturned, he also hit the two companions who followed him closely. The two companions didn't even react, so they were knocked over, their bones were broken, and their mouths and noses gushed blood.

They were in the air, and the sound of bone fracture had been heard, which seemed to be extremely penetrating.

Wang Fan's action is simply flowing, not a bit of fancy, speed and extremely fast, almost happened in two seconds.

By the time they reacted, all three of them had fallen to the ground, rolling and screaming like pigs.

The audience was dead in an instant.

Everyone's expressions were stiff, as if they were completely frozen by ice, and their eyes were full of disbelief.

How is that possible?

How can such a big reversal happen in a short time?

They really can't believe it.

"Don't make such a fool of yourself. You are all cannon fodder. I don't want to embarrass you. Tell me where Hui Shao is. I'll find him myself."

Wang Fan turns over three people, the look in the eyes ancient well has no wave, raises the head to say indifferently toward other people.

This Hui Shao is too arrogant, too hateful, too ferocious, too no bottom line, not killing fast.

"Damn, I don't believe in evil, I can't kill you! Let's go together and kill him

"Provocation huishao, provocation Honghu bar, also take our new favorite, he is in the face. Let's go together and kill him. I don't believe it. He has three heads and six arms. "

"We still have more than 20 people, three guns, so many people and so much firepower. Can't we kill one of them?"

"That is, if he needs one punch to kill one person, he also needs twenty punches to kill twenty people. We rushed up in all directions and attacked him and Xiao'er. We didn't believe we couldn't hit him with a single blow. Just hit one and he'll be useless! "

Wang Fan's voice not only did not win the compromise of this group of people, but also aroused them more crazy.

They roared vigorously, as if to deter Wang Fan, and as if to cheer for themselves.

Wang Fan eyebrows pick for a while, disdain to make a sound, "a group of cannon fodder just, rush up is also to die.". If you don't take the chance, don't blame me for killing. "

"Arrogance

"To die!"

The group of people heard Wang Fan's words, instant rage, followed by crazy rushed in the past.

Pull a hair and move the whole body, with one person's rush out, the rest of the people will move, all with the rush out.

The cry of killing was deafening.

Their eyes were full of madness and ferocity, as if they wanted to go all out with Wang Fan.

This desperate momentum really makes people feel numb.

If Wang fan is an ordinary person, he will be scared and kneel.

Unfortunately, he is not ordinary.

Wang Fan didn't want to quarrel with this group of cannon fodder, but they wanted to die by themselves, so Wang Fan could only do it.

He didn't drag a bit, his left hand a loose Xiao Xue, then with a very fast speed out of the body only two guns.

With two guns in hand, it's very powerful.

After seizing the two guns, he didn't hesitate for half a minute and started to shoot at the guys who came.

Come on, come on.

There was a dense sound of bullets. More than ten young people rushed in front of them were shot in both legs and fell to the ground with a scream. The gun is accurate, the bullet can see the blood.

Blood like fireworks bloom, bright red.

The young people screamed bitterly after they fell to the ground. The people behind them were also stumbling and fell to the ground.

When the bullets were finished, Wang Fan put away his own gun, threw away another gun, and rushed towards the remaining evils.

Just a few times, all of them fell to the ground with their broken legs.

The three armed thugs were even more miserable. They not only broke their legs, but also broke their hands.

Wang fan can be said to be decisive, without any mercy.

Although these people are cannon fodder, most of them don't have a clean one. They don't know how many bad things they have done.

So when Wang fan saw that they were stubborn, he was ruthless.

In less than five minutes, everyone had fallen to the ground, and there was no one standing except Wang Fan.

Even Xiao Xue was scared by this scene and fell to the ground. If it wasn't for the miserable experience of these days, she couldn't bear to faint. I'm afraid she would have been shocked.

"Come on, where is Hui Shao? I don't want to waste time. Now you just don't protect your legs. If you don't speak, your hands will be gone. "

Wang Fan turns over these people, slowly stands up, returns to Xiao Xue, pulls up Xiao Xue and asks again.

"Yes, in that office." This time, no one dare to hide, have opened their mouths, and pointed to a

direction.

They have completely lost, no qualification to fight again, no fluke.

In this case, if you dare to fight against Wang Fan again, you will be looking for death.

"I hope you didn't lie to me, or you will bear the consequences." Wang Fan see these guys don't seem to be nonsense, quickly with Xiao Xue ran past.

In the hut, only one of the original six people was left, and the rest had already run away.

After seeing Wang Fan turn over the last 20 elite, Hui Shao left here quickly without hesitation.

Although he felt that his strength would not be weaker than Wang Fan, he still did not dare to fight with Wang Fan.

He has only one chance. If he loses, his life will be lost.

He didn't dare to gamble, so he chose to run away for the first time.

When Wang Fan entered the hut, Hui Shao was no longer there, leaving only one person.

Wu Teng Yan.

She was stripped naked and tied to the round table like a dog with a piece of cloth in her mouth.

After seeing Wang Fan, Wu Teng Yan tries her best to wriggle and struggle, and makes a sound of Wuwu.

"What about Hui Shao?" Wang Fan looked at this scene, eyebrows can't help but wrinkle for a while, pick open Wu painful Yan mouth cloth, asked.

"Run, help me, help me." Wu Teng Yan seems to see the Savior, said shivering.

If there is an afterlife, she will never work for Hui Shao again. She did not expect that she would be abandoned as an abandoned son in the end.

Wang Fan looks at Wu Teng Yan and wants to ask more about it. Suddenly he frowns. He quickly cuts off Wu Teng Yan's bondage and runs away from the hut crazily with Xiao Xue in his arms.

"How lucky you are."

With the sound, Wang Fan has been far away from here.

He was crazy and ran towards the bar, but just as he left, there was a loud noise behind.

When Wang Fan looked back, he saw that the fire was raging.

## **Chapter 698**

The Honghu bar was bombed.

If it wasn't for Wang Fan's sensitive perception, hearing the timing sound of the time bomb and his speed, I'm afraid he would have been blown up now.

Such a terrible bomb, let alone the peak of the day after tomorrow, even if its strength reaches the congenital level, it will be a death in the bombing.

"What a cruel Hui Shao. I can't be at ease except you." Wang Fan's eyelids whimpered, and his heart was even worse for Hui Shao.

This kind of person must die, or he will not sleep soundly.

It's a pity that Wang fan doesn't know where Hui Shao has gone. He can only look at the sky and sigh, but leave.

Wang Fan took Xiao Xue to change clothes, and then returned to the hotel.

"Wang Fan."

"Xiao Xue."

Wang Fan two people just arrived at the hotel, Lu Qianqian sister and brother couldn't help welcoming up, full of excitement.

They didn't sleep soundly all night, waiting for Wang Fan to come back.

Lu Qianqian is worried about Wang Fan's comfort. Although Lu Xiaojun is also worried about Wang Fan, he is more concerned about whether Xiao Xue will have something.

"I have nothing to do. Let's have a rest early. By the way, I'm tired. Don't disturb me at night. If there are not enough rooms, open another one. The deposit is enough. "

Wang Fan didn't have the heart to chat with them, so he went back to his room.

Kuhuang grass is not a problem after all. He plans to take Kuhuang grass to improve his strength.

In fact, there is no need for Wang Fan to say "don't disturb me at night", but he is afraid that Lu Qianqian can't help knocking at the door when he is taking Kuhuang Cao.

He knew that when Lu Qianqian heard what she said, she would think more and even feel uncomfortable. Taking Kuhuang grass is very important, Wang Fan had to say.

Sure enough, Lu Qianqian heard Wang Fan's words and looked at Wang Fan's back. Her pretty face immediately turned red and her eyes became gloomy.

She thought that Wang Fan's words were meant to warn her not to go in the evening.

She knew that she was not worthy of Wang Fan, but when she heard Wang Fan's words, she was still very uncomfortable.

She felt as if Wang Fan was pointing at her nose and calling her shameless. But she could not refute that Wang Fan was their benefactor after all.

Originally, she really planned to chat with Wang Fan again and accompany Wang Fan, even if she was willing to give her life for free, but she gave up her mind when she heard Wang Fan's words.

Although Lu Qianqian is just an ordinary woman, she also has self-esteem and wants to face. She is not so cheap, Wang Fan said so clearly, but also shameless automatic door.

Wang Fan didn't know that Lu Qianqian thought so much. He went back to his room and took a bath. After a little rest, he took Kuhuang grass.

Liquid medicine into the abdomen, rich Yuan Li instant burst, directly into his body, toward the four limbs.

Wang Fan feels this scene, almost can't help but feel comfortable and want to shout.

He finally understood why those ancient warriors were frantically robbing the withered yellow grass, which was really against heaven.

Feel the body that hot Yuan Li, feel the whole body that wipe hot, Wang Fan dare not think more, quickly digested and absorbed up.

One hour, two hours

Wang Fan's strength is rising slowly. He feels that his body is like a huge water cup, which is filled by people in the water pipe.

It's just that his water cup is too big to be imagined. He can't fill it.

Strength is rising, but he still can't touch the congenital barrier, let alone congenital, the day after tomorrow's perfection.

Wang Fan originally intended to leave some for Song Rumei, Pei Qingcheng and others, but now, he can't care so much.

He has been stuck in the postnatal peak for many years, so he must rush to the congenital. Only when he rushes to the congenital, can he and the people around him live better.

Whether it is Yuanmengge or Naji, they all put great pressure on Wang Fan.

Wang Fan drank all the liquid medicine in one breath, and Yuan Li in his body became more crazy.

An hour later, his strength has achieved the day after tomorrow's success, and is still rising.

Another hour later, Wang Fan finally felt the congenital barrier. Under his constant crazy collision, at a certain moment, with a click, it was as if a layer of membrane in his body had been blasted. His strength reached the level of congenital barrier.

Wang Fanteng stood up from the bed, clenched his fists, and felt the unprecedented strength.

What Ji matchless, what Dream Pavilion, in the eyes of Wang Fan now is a fart, he does not need to put in the eye.

Even if the Dream Pavilion, Wang Fan does not know how many experts Dream Pavilion, want to choose Dream Pavilion may still have some difficulty.

But that Ji is matchless. If he dares to come in front of him again, seduce him and put a locator on him, he will definitely slap him in the past.

Click.

Maybe Wang Fan was so excited that he let out his anger. With a click, the bed under his feet was cracked, and Wang Fan almost fell down. Wang Fan is a little speechless. NIMA, I don't know her very well.

He quickly took a bath, washed away the muddy impurities, put on his clothes and walked out of the room.

How does he sleep when the bed collapses? He wants to change rooms.

"Are you OK? How can I hear a click? Are those people coming again?" As soon as Wang Fan came out of the room, Lu Qianqian, dressed in pajamas, ran out.

She lived next door to Wang Fan and didn't fall asleep all night. Wang Fan's words really hurt her heart.

Now when she heard something in Wang Fan's room, she couldn't help it and almost ran out at the first time.

Wang fan is the benefactor of their family. No matter what, we can't let Wang Fan have something to do.

"I'm fine. Why haven't you slept yet?" Wang Fan some embarrassed, "that bed is too weak, I sleep well, unexpectedly collapsed, I want to go down to change a room."

"Ah?" Lu Qianqian opened her mouth wide and blushed.

How did the bed collapse? Did Wang Fan find a woman? Crazy?

She wanted to go in and see if there was a woman hidden in the room, but she didn't have much to do with Wang Fan, and she didn't want to go in because of Wang Fan's previous words.

"By the way, you haven't said why you haven't slept. It's more than two."

"I can't sleep." Lu Qianqian lowered her head and said, she can't say that Wang Fan's words hurt her, right?

Wang fan is about to say that I'm going to change rooms, you go to bed early, his mobile phone suddenly rang.

Wang Fan took a look and found that it was a short message with only seven words in it.

"Hui Shao is at the night bar."

Wang Fan took a look at the message and immediately dialed it back, but the other party turned it off.

Wang Fan frowned. He didn't understand who was informing him. You know, he didn't have any acquaintances in the county.

However, no matter whether the content of the message is true or false, Wang Fan plans to go and have a look. He doesn't want to miss the opportunity.

This Hui Shao is cruel and ruthless. There is no bottom line. It must be removed.

Although Wang fan doesn't care about Hui Shao, Lu Qianqian's family can't help it. If he leaves tomorrow, Hui Shao will deal with Lu Qianqian's family in turn. That's not what he wants.

"I'm going to the night bar. Would you like to join me?" Wang fan made a quick decision and asked Lu Qianqian.

"Ah?" Lu Qianqian first opened her mouth, then said, "go, you wait for me, I'll change my clothes."

### **Chapter 699**

Lu Qianqian quickly changed her clothes and came out. She was wearing a black woolen coat, with a snow white T-shirt inside and a black skirt and panties underneath.

Simple dress, but full of charming amorous feelings, mature woman's breath is in full bloom.

Her hair was also tied up, and her white face was flushed. Her whole body was like a ripe peach, which made her want to take a bite.

Lu Qianqian's clothes are not top brands, but she is good at dressing up. If she goes out like this, her charm will definitely increase.

"Let's go." Lu Qianqian raised a fragrant wind and went to Wang Fan. She said it and then walked in front with her head down.

She didn't know why she didn't even hesitate, so she agreed to go to the bar with Wang Fan. Wang Fan just broke her heart at night.

Does she really like Wang Fan? Or is it really so mean and shameless that people don't like themselves and have to stick it shamelessly?

Lu Qianqian dare not think about it any more.

"Let's go." Wang Fan nodded and followed.

Originally, he was not bad at concentration, but he just took Kuhuang grass and was promoted. The sun was very strong. In addition, Lu Qianqian's charming amorous feelings and the ambiguous scene of the two people in the hotel room before, so he still couldn't help thinking about it.

He couldn't help thinking of Lu Qianqian's charming little mouth

they soon left the hotel and got into a taxi.

Wang Fan and Lu Qianqian are very close to each other. Looking down, they can even see the snow-white under the neckline.

He secretly scolded himself for his poor self-determination. He could not help but turned his head and did not dare to watch.

However, although he did not dare to look at Lu Qianqian, Lu Qianqian's body that hot, as well as fragrance, but still let him feel strange.

Lu Qianqian is also low head, did not dare to see Wang Fan, in fact, her heart is also uneasy.

The atmosphere in the car was suddenly a little depressed.

"Do you think I'm shameless?" At a certain moment, Lu Qianqian finally couldn't help but ask in a low voice.

"Ah?" Wang Fan Leng Leng, simply do not know how Lu Qianqian suddenly asked, but he soon returned to God, "how can, how can you think so?"

"Do you think I'm going to sneak into your room at night? That's what you say. I know you must treat me as a shameless woman." Lu Qianqian could not help murmuring.

"I know I don't deserve you, but I really don't know how to repay you. You know, because of your words, I didn't sleep all night

"In fact, I also feel that I'm shameless. You said that, and I came out with you. I don't know what's going on. Maybe I'm really shameless. "

Lu Qianqian plucked up her courage and said everything in her heart. She didn't know what was wrong with her.

Wang Fan opened his mouth wide and remained silent for a long time. He didn't expect that Lu Qianqian thought so much about his own words.

He looked at Lu Qianqian and said, "you really think too much. I have something to do at night and can't be disturbed. That's what I said."

"If that really hurt you, I apologize now. I really don't think you are shameless. I think you are very good. "

"Besides, I'm willing to help you. I don't need you to repay me. What's more, your reward is enough."

"I'm very playful, there are many women, I can't give you the future, so I don't want to hurt you."

"You are so charming. What if I can't help doing you harm? I won't forgive myself then. "

Wang fan can only harden the scalp to say so.

He didn't expect Lu Qianqian to think so much.

It's said that you can't guess a girl's mind. Now it seems that you can't guess a woman's mind. You don't know what they are thinking.

What's more, what Wang Fan said is also true. He is a normal man and can't sit back.

If they have too much contact, if they can't control it, they will hurt themselves.

"Is that true?" Lu Qianqian heard Wang Fan's words. Although she was relieved and slightly pleased, she still couldn't help asking.

"Of course it's true. When did I cheat people?" Wang Fan said. The taxi driver in front of

heard two people make complaints about the Tucao.

Especially looking at Wang Fan's flat face, he really wants to say, do you want to be shameless?

A lot of women? What do you think you are an ancient emperor? You're such a loser. You're a fart taxi. Why don't you drive a sports car?

And Lu Qianqian, he really does not understand, such a mature woman, how can take a fancy to Wang Fan such a second class. The most important thing is that Wang Fan still pretends to be better than others. How do you want them to live?

However, although the taxi driver despised in his heart, he did not speak.

The atmosphere fell silent again and soon stopped at the door of the night bar. "Let's go in and sit down." After getting off the bus, Wang Fan took Lu Qianqian in.

Although it is nearly three o'clock in the morning, there are still many people in the night bar. Looking at the dense crowd, Wang Fan really didn't know how to find Hui Shao.

In the middle of the dance floor is a huge stage, but no one is dancing on the stage, but singing.

Wang Fan ignored those people. After entering the bar, he found a good place to sit down and scanned around.

He's here to find huishao, not to have fun.

Lu Qianqian also sat down beside Wang Fan. After a few drinks, she was affected by the atmosphere and suddenly pointed to the stage and said, "I want to go up and sing a song."

Wang Fan Leng for a while, he didn't expect that Lu Qianqian still has this talent.

He did not sweep Lu Qianqian's face, nodded, "go, if someone dares to bully you or take advantage of you, I will come out. Don't worry, sing boldly, I'll do everything. "

"Well." Lu Qianqian nodded, took off her coat and approached the stage.

Wang Fan did not follow in the past, but is looking for Hui Shao at the same time, paying attention to Lu Qianqian.

Not long after the people on the stage went down, Lu Qianqian stepped onto the stage.

Looking at the mature and beautiful Lu Qianqian, although the people below were stunned, they didn't care too much.

Lu Qianqian picked up the microphone, cleared her throat and said, "I want to sing a decent song for him. I hope he can like it."

No one knows who Lu Qianqian's "he" is, and no one cares.

The melodious and sensational music soon began, and Lu Qianqian began to sing along.

"Don't pile up memories to make the plot bloody."

"Why destroy the classics after years of deep love?"

"They're all grown-ups, no delay, no debt."

"It's my pleasure to waste time."

"Like an actor at the curtain call."

"Watching the lights go out."

"There's no time for more dynamism."

"Keep the dignity of farewell."

"I love you without regret."

"And respect the end of the story."

Lu Qianqian's voice is very clear, crisp also with hoarse, very distracted, the moment will drive everyone's emotions into.

There was a brief silence at the scene, but Lu Qianqian's voice was still ringing. Her eyes were always fixed on Wang Fan and never left.

Wang Fan was also a little surprised. He didn't expect that Lu Qianqian still had this talent.

He knew that Lu Qianqian's song was a song. Although it was not suitable for him, it still expressed Lu Qianqian's heart.

"No one should say sorry."

"Why do you owe me."

"I dare to give, I dare to break my heart."

When singing these sentences, Lu Qianqian is almost crying to sing out, that hoarse voice, let people feel heartbroken.

At this moment, Lu Qianqian no longer seems to be that ordinary woman, her body suddenly tall and independent, became the only one on the scene.

Brilliant and unique.

Wang Fan sighed, can only avoid Lu Qianqian's eyes, he can not give Lu Qianqian future, can only avoid.

He thought, if possible, it can give Lu Qianqian an opportunity, a platform, let her singing talent not die out.

While Wang Fan was thinking about these, a woman who seemed to be drunk suddenly rushed to Wang Fan.

When she was near Wang Fan, she didn't seem to stand firm. She faltered and fell into Wang Fan's arms.

"I'm sorry, I'm sorry." Before Wang Fan could speak, the woman got up in a hurry and went away quickly.

Wang Fan looked at the woman, eyes flashing a touch of fun, his hands have more than a note. It says, "huishao is in private room 8 on the second floor."

Wang Fan took a deep look at the woman and Lu Qianqian on the stage. Then he got up and walked to the second floor.

Wu Teng Yan.

Wang Fan has recognized the woman. He doesn't understand how the woman escaped from the explosion.

**Chapter 700**

In private room No. 8 on the second floor of the night bar, Hui Shao is sitting on the master's seat drinking, with a gloomy face. Behind him, there are four die hard loyalists.

These four men are the most powerful of his subordinates and are responsible for protecting him.

Hui Shao's face is very ugly. He never thought that one day he would run away like a dog in his own territory.

It was the biggest insult of his life.

Night bar is also one of huishao's industries, but few people know about it, so he came here for the first time after fleeing Honghu bar.

He does not believe that Wang fan can find here.

Hui Shao never thought of leaving the county from the beginning to the end. This is his headquarters. He will never leave until he has to.

"Damn it, Wang. If I don't tear you to pieces, I won't be human. And the Lu family, you all wait for me. If I don't let you know what regret is, I'll come here for nothing. "

Hui Shao gritted his teeth and murmured. He squeezed the glass with his right hand. The glass was crushed under his strong force, and the glass residue stabbed into the meat, as if he didn't feel any pain.

Just as Hui Shao was whispering, his mobile phone suddenly rang.

Hui Shao takes a casual look, his face suddenly becomes dignified, connects quickly, and his expression is speechless respectful.

However, before he could speak, there was an almost roaring voice on the other end of the phone.

"Idiot, are you a pig? How can you offend him? Even if you offend him, you don't want to run away and stay in the bar to drink. You want to die? "

"Hurry up and leave Guyang. The farther you go, the better. Do you know? Waste, what a waste

The voice on the other end of the phone was very angry, with a sense of hating iron but not steel. His tone made people doubt whether he would kill Hui Shao directly if he was here.

Hearing this, Hui Shao's face changed again and again. After a while, he said, "it's not that serious. Who is he?"

He is a little incredible. Who is Wang Fan? He can make people on the other end of the phone so scared, even scared?

You know, the people on the other end of the phone have never been so gaffed, as if the sky had fallen, they were all calm and calm.

"Don't talk nonsense. Just remember that he's the one you can't afford. I warn you, get out of here. "

The person on the other end of the phone finished and hung up with a slap. There was no explanation at all.

"Is it that serious?" Hui Shao listens to the blind voice on the other end of the phone, and finally becomes dignified after several facial sobs.

Although he still doesn't pay much attention to Wang Fan, he still has to listen to his orders.

Boom.

Hui Shao can't help but punch on the table in front of him. The table is smashed and smashed under his strong force, and the wine bottle is spilled all over the floor.

"Damn, let's go. But one day, I will come back. I've remembered all these places. I'll pay them back a hundred times in the future. "

Hui Shao cursed fiercely and stood up reluctantly.

He has been operating here for many years, and has built his own kingdom of collecting money, even a drug factory.

But just a few days later, all his efforts failed?

How sweet he is!

However, he has no choice.

"Wang, wait for me. If I don't take revenge, I won't be Chen Hui!" Hui Shao can only roar angrily to vent his anger.

"Oh, really? I'm afraid you have no chance. " However, Hui Shao's words just fell, and a faint voice came from the door.

Then, with a bang, the door of the private room was kicked open, and Wang Fan came in slowly.

Hui Shao steps a meal, instant see to Wang Fan, facial expression becomes stiff.

He did not expect that Wang fan should have found here so soon, and also found his private room.

It's just incredible.

After a short absence, Hui Shao gradually calmed down, and his eyes flashed with extreme anger.

This is the man who ruined everything. How can he not be angry?

Wang Fan closed the door of the private room with his backhand and looked at Hui Shao calmly.

Two people's eyes collide in the mid air, as if surging out a turbulent spark.

It was the first time they met. After fighting and fighting for so long, they never met each other head-on.

Hui Shao may have seen a picture of Wang Fan, but Wang Fan now knows what Hui Shao looks like.

"Xiao Xue, you saved me, and you killed so many of my people. Instead of looking for you, I chose to run away. What else do you want?"

"Do you really think it's up to me? I'll tell you, if you piss me off, we'll all die together. "

Hui Shao stares at Wang Fan, clenches his fists and roars wildly. He wants to rush up and tear up Wang Fan regardless of everything, but he is not sure. If he fails, he will die.

So he tried to use threats, words, let Wang Fan fear, and then retreat.

Hui Shao's four Diezhong's faces became dignified, and they divided into four directions and surrounded Wang Fan secretly.

As long as Wang Fan has any action, they can rush up at the first time and give Wang Fan a heavy blow.

"Don't you want to take revenge on me? I heard you were looking for me, so I couldn't wait to get it. Why, are you not satisfied? "

Wang Fan's voice was full of sarcasm, "not what I want, but what you want. This sentence should be I ask you, not you ask me

"You sent so many shooters and used bombs, which almost killed me. But I don't even know what you look like. I can't sleep without coming to see you. "

"Fortunately, we are predestined, otherwise, we will miss it. You're going to leave, aren't you

Wang Fan said, walked to the sofa and sat down, took out a bottle of red wine from the box on the ground, opened it and drank it slowly.

That cloud light breeze light facial expression, didn't put Hui Shao five people in the eye at all.

Looking at Wang Fan, Hui Shao clenched and loosened his fist again and again, and said hoarsely,

"now that you have seen me, you must have been able to fall asleep. Take your time. If I have something else to do, I'll go first. "

Hui Shao finished and walked directly towards the door. Although he wanted to work hard with Wang Fan, he finally suppressed his anger. He's going to leave here and talk about it later.

Whoosh.

However, he just took a step, a bottle came from the back of his head, Hui Shao's face changed and he turned to hide.

The bottle flew past his earlobe, banged on the wall, and then smashed.

Wang Fan's voice also followed the slow spread, "it's not easy to see you and me once, you'd better not go."

Hui Shao took a look at the broken wine bottle. The whole person was furious in an instant. He suddenly turned back, just like a wild animal. His scarlet eyes glared at Wang Fan, "do you really want to die?"

Wang Fan raised his head, and his voice was disdainful? Just you? You think too much of yourself

"Too much deception." Hui Shao roared, "kill him for me!"

Four die loyal to order, instant toward Wang Fan.

Hui little is to take advantage of the opportunity, flash to the private room.
