

MIGHTY SK 701

Chapter 701

"Well, let's sit down and have a good talk. Why do we have to do it? I really don't want to do it."

Wang Fan looked at this scene, eyes full of sarcasm, said, right foot suddenly a little, that was Hui Shao smashed table, instantly was agitated out.

The two Diezhong didn't react at all, so they were swept by the table and fell to the ground with blood.

Wang Fan raised his hand, retreated and swung forward. With a whoosh, a wine bottle broke out and hit Hui Shao in the back of his head.

Hui little aware of the wind, suddenly a hide, bottle Bang hit the door, hit a hole, and then broken.

It is also because of Hui Shao's escape, so he did not leave the box smoothly, but looked at Wang Fan angrily again.

Wang Fan didn't pay any attention to Hui Shao at all. At this time, he slowly raised his head, reached for his hand and grabbed it. A Diezhong's arm was directly pulled, and the whole person was dragged to bump into Wang Fan.

Wang Fan released his other hand and smashed it forward.

With a click, the sternum of the Diezhong was smashed directly, and the whole person was blasted out with great force, bumping into another Diezhong.

Clattering, clattering and crashing together, the two people made a bone fracture sound like setting off firecrackers, and then fell to the ground embracing each other, spitting blood.

The air, emitting a strong smell of blood, heavy pressure on people's hearts.

Seeing Hui Shao in this scene, his face became ugly in an instant. He only felt a cool air coming out from the sole of his feet and his scalp was numb.

He thought that Wang Fan was very powerful, but he didn't think that Wang Fan was so powerful.

Four of his diehard loyalists were turned over in a short time, even without a face-to-face interview. It's really abnormal.

You know, these four people are all the same.

Hui Shao looks at Wang Fan in shock. He finally realizes why he is afraid of Wang Fan.

He had never heard of such a powerful man.

"Hui Shao, do you really want to leave? If you don't come and sit down, don't think about it?" Wang Fan turns over four people, eyelid all didn't blink for a while, turn head to see toward Hui little, light ask a way.

Hui Shao's throat grunted, "what do you want?"

"That's a good question. I spent a lot of money in Honghu bar at night. I'd like to ask you to pay for it." Wang Fan said with a smile.

Although those cheques have been voided, huishao people can't cash them, but Wang Fan still wants to blackmail.

Hui Shao has no bottom line. He has set up an underground challenge arena and even a drug factory. He must have made a lot of money these years.

Wang Fan's company is in a period of rapid development, and it's time to use money. If he doesn't blackmail huishao before killing him, he will be very sorry for himself.

"I can give you the money, but can you spare my life?" Hui Shao asked, biting his teeth.

The final defeat of the four diehard loyalists has defeated his last chance.

He thought that he had the strength to compete with Wang Fan, but now it seems that he is not Wang Fan's opponent at all, even far from it.

Although he can beat the four diehards, he is certainly not as relaxed as Wang Fan.

"You are not qualified to talk about terms with me. I am in a good mood. Naturally, I can spare your life. But if I am in a bad mood, I am sorry."

"Now that I'm in a good mood, you'd better pay me. Maybe I'll be satisfied. Maybe I'll let you go."

Wang Fan said with a smile.

If you let Hui Shao go, don't dream.

Wang Fan will never let go of such people.

"Look at the mood?" Hui Shao's face became ugly. It was obvious that he didn't want to give him a living.

But although he was angry, he still bit his teeth and turned money to Wang Fan.

He has no choice.

Wang Fan took a look at the text message, and suddenly stood up, full of anger, "are you playing with me? How can you send a beggar for such a little money? It seems that you don't want to live. OK, I'll give you a ride. "

Hui Shao stares at Wang Fan all the time. Seeing Wang fan stand up, he makes such an expression and almost spits blood.

It's more than one billion, isn't it? He can make so much money in this small town, it's very amazing.

Wang Fan even said that he just sent beggars, but also shameless?

"It's too deceiving. I'll fight with you!" Hui Shao roars madly, then rushes towards Wang Fan.

He knew that there was no hope of escape at all, only death.

Even if you can't fight Wang Fan, you can tear off a piece of Wang Fan's flesh.

Wang Fan didn't want to talk nonsense at all. He suddenly jumped up and kicked Hui Shao's fist.

He didn't keep any hands on this foot. The air also made a heavy hissing sound under the pressure of his right leg.

With a bang, Wang Fan's foot soon touched Hui Shao's fist. Under that strong force, Hui Shao's fist didn't even hold on for half a second. At the moment of contact, he was torn inch by inch, and his arm bones were all broken. Blood mixed in the meat spray out, is so disgusting, so dazzling.

Hui Shao's face also changed in an instant. His imagination was subverted by his strength.

Even if it's in the middle of the congenital period, or even in the peak of the congenital period, it can't break out such a fierce force, can it?

He couldn't think so much. Wang Fan's right leg soon tore his arm and touched his chest.

Again, Hui Shao's body was kicked to the ground, and his face turned pale.

There was an extra blood hole in his chest, and the bones in it were invisible and bloody.

His life began to fade.

He knows. He's done.

After death, Hui Shao finally understood what kind of existence he had offended.

If we go back in time, he will never provoke the Lu Qianqian family.

"If heaven does evil, you can still live. If you do evil, you can't live. It's not a pity that you will die if you sell in captivity and set up a drug factory. "

Wang Fan said with a sneer, stepping on Hui Shao's face, Hui Shao died completely.

Wang Fan tidied up his clothes. Without looking at Hui Shao, he left the box slowly.

The box door closed and everything calmed down again as if nothing had happened.

Wang Fan went down the second floor, subconsciously looked at the stage, did not see Lu Qianqian. He took another look at his seat and still didn't see Lu Qianqian.

Wang Fan's mood suddenly becomes not good, Lu Qianqian person, oneself went to the second floor to turn a bend, disappeared?

He was thinking of making a phone call to Lu Qianqian when he received a text message, which was the same number as before.

This time, Wang Fan didn't dial it back, but his eyes were cold and he ran to the room in the bar quickly.

"What are you doing? You are not allowed in here!" By this time, the number of people in the bar has begun to decrease.

Wang Fan broke into it, naturally attracted the attention of the bar, and soon someone stopped him.

"Go away!" Where does Wang Fan have the mind to talk nonsense with these minions? He just raises his feet twice.

The two hitters were kicked more than three meters high, fell 10 meters away and couldn't get up again.

Wang Fan had already rushed to the door of the hut, and without hesitation, kicked the door open.

Bang, the door is broken, but the scene inside makes Wang Fan angry.

Two fierce men are tearing Lu Qianqian's clothes. Lu Qianqian seems to have been perfused with medicine, and her face is red. She is struggling to resist with her consciousness, but she is very weak.

Part of her dress has been torn, showing a white, but the key parts have not been violated, which makes Wang Fan relieved.

Chapter 702

The two brave men originally saw that Lu Qianqian was very talented in singing. They wanted to sign a contract to see if they could sing in the bar, but they didn't expect to be rejected.

After they were rejected, they immediately had evil intentions and wanted to go to Lu Qianqian.

Although Lu Qianqian is not gorgeous, she has no body. She is also full of charming mature woman atmosphere, which can be said to be the favorite of some people.

But they never thought that before they had time, someone would kick open their door.

Who is this NIMA? Is this crazy? In their territory, they dare to kick their door. It's like death.

"Who the hell do you want to die? Get out of here."

"Damn, blind your dog's eyes, dare to make trouble here, believe it or not, I'll ask people to kill you every minute?"

Both of them were very angry. If they hadn't rushed to Lu Qianqian, they would have rushed up.

"Scum." Wang Fan coldly scolded a, straight toward Lu Qianqian ran in the past.

He wants to see how Lu Qianqian is and whether she has any health problems, and then clean up the two animals.

"Lying trough, don't give me face. I'll kill you." Those two guys saw that Wang Fan didn't give face, but they were angry.

They flashed ferocious in their eyes, waved their fists directly, and rushed to Wang Fan angrily.

Wang Fan originally planned to deal with these two guys later, but these two guys even wanted to die. They rushed up first. How could Wang Fan be polite.

He didn't hesitate at all, just slapped his hand.

With two slaps, they didn't even touch the corner of Wang Fan's clothes, so they were fanned out. Their fat faces were swollen, and they vomited blood from their teeth.

"Just lie down there, I'll deal with you later." Wang Fan coldly said a word, quickly ran to Lu Qianqian side to check up.

Seeing Wang Fan, Lu Qianqian was relieved, and her nervous tension also relaxed. However, when she relaxed, she could no longer bear the medicine and hugged Wang Fan with a red face.

Wang Fan was a little depressed. He quickly knocked Lu Qianqian dizzy and pressed several positions on

her. Then he looked coldly at the two men.

"Dare to slap me, dare to rob my woman, I will kill you."

Those two guys still don't realize that they can't provoke Wang Fan. They are still yelling and scolding.

Wang Fan sneer, directly rushed to two people's side is two feet, two people just like soft shrimp general was kicked on the ground a few roll, issued a shrill scream.

"Since it's a beast, it's useless for you to ask for it. Let me scrap it for you." Wang Fan cold finish saying, is two feet step down again.

Two people first body a draw, then issued a slaughter pig like scream.

They were infiltrated with blood, and life was not like death.

They stare at Wang Fan with anger, resentment and fear.

Wang Fan ignored them and quickly left the bar with Lu Qianqian in his arms.

Although Lu Qianqian was knocked unconscious, but the drug has not been released, he must get it done as soon as possible.

The next day, Lu Qianqian woke up from her sleep and found herself lying on the big bed of the hotel.

Her mind was startled, and then she remembered what happened last night.

Then her whole face turned red with shame.

There was shame, anger, uneasiness and a little sadness in his eyes.

She looked around, Wang fan is no longer there, but it is with a note and bank card.

Lu Qianqian felt a sense of loss in her heart. She took the note and looked at it. It said;

"Hui Shao and black wolf club have been dealt with by me. You are safe, and I have to go. This card has some money. It's my compensation to you. The password is six eights. "

"I love your decent song, and I hope you can find someone you really love. Well, that's it. I'm leaving. We'll meet again. "

The content on the note is not much, but Lu Qianqian is full of tears.

Wang Fan left without even leaving a contact information. Lu Qianqian could not help but feel relieved

and lost.

She was relieved because something like that happened. She didn't know how to face Wang Fan.

What she lost was that Wang Fan didn't even leave a mobile phone number.

Perhaps, they are destined to be just passers-by in life.

She knew that it was impossible for her and Wang Fan to meet each other, but their hope was very slim.

While Lu Qianqian was looking at the note, Wang Fan was already on the bus to Hongcheng.

His right hand is a little sore. It's all caused by overwork last night.

Lu Qianqian's medicine is very heavy. It's too late for Wang Fan to want acupuncture and detoxification. But he didn't want to harm others, so he had to

Wang Fan didn't know how to face Lu Qianqian, so he left a note and left in a hurry.

He has let Gong Feixue back to the red city, he will let Gong Feixue secretly take care of Lu Qianqian's family. There was no dog blood incident on the car, and Wang Fan soon came to Hongcheng.

A Raffin Maserati stops at the gate of the bus station. In front of Maserati's car, there is a mature beauty in red, with a stunning appearance.

Luxury car beauty is the favorite of many losers. There are many men and women taking photos secretly around, but the beauty's face hasn't changed.

Similarly, there are many pretentious young talents who have chatted up with each other, but without exception, they are scared by the beauty's indifference and run away.

As for aggressive and strong, joking, there are still two bodyguards standing beside the beauty, no matter how tough people are, they don't have the courage to do that.

What's more, even if there are bull people near the bus station, they can't go anywhere. They are not so brave.

Many onlookers are wondering who the beauty is waiting for, or who needs the beauty to wait in the sun?

You know, birds of a feather flock together, people flock together, beauty is so rich and beautiful, her friends estimate is not simple, how can you take a car?

Just as everyone was guessing, the beauty's face suddenly burst out with a touch of touching smile, and

then happiness appeared on her charming cheek, and she ran towards the front.

This smile, in an instant, seems to make the world pale.

When people saw that the beauty had jumped into the arms of an ugly young man, they were shocked, as if they had seen a ghost in broad daylight.

The young man is an ordinary stall, and he has no temperament at all. Except his face is not ugly, and he has a breath of sunshine, he has no shining point.

This is typical of the loser's attack on Bai Fumei.

Those young men who were watching felt that they were getting a dog, envied, envied, and hated. They were so popular with beautiful women. The young man was really happy.

Beauty, it's Gong Feixue.

The young man is Wang Fan.

Wang Fan looks at Maserati, at the bodyguard, and at Gong Feixue, who pours into her arms. She is speechless.

"You goblin, you are just giving me hatred. It's so hateful. I'll punish you when I go back."

Wang fan is very dissatisfied to say, in Gong Feixue waist hard pinch.

Gong Feixue cunning smile, such as goblin soft fall in Wang Fan's arms, issued a charming voice, "I'm waiting for you to punish, I'm afraid you can't do it."

Wang fan is furious, "woman, if you don't give up your arms and beg for mercy tonight, I won't leave red city in my life."

"Oh, don't say that. I'm afraid you can't live without red city." Gong Feixue sighed, provocative way.

Wang fan is very angry, this woman is really not clean up!

They were laughing and talking like this, and soon got on Maserati.

The people around them were on their knees.

Nima Oh, what is Wang Fan's virtue and how can he live?

Chapter 703

Wang Fan stayed in red city for a week.

This week, he accompanied Gong Feixue to visit all the scenic spots in Hongcheng during the day, and at night he was trying to satisfy women.

Gong Feixue seems to know that Wang Fan won't stay long, so he doesn't go to work. He is tired of Wang Fan during the day and night, and is afraid to waste every minute.

She also knew that Wang Fan was very busy, and most of the time they spent together in the future would be less, so she didn't want to separate from Wang Fan every second.

On the eighth day, Wang Fan boarded the plane to Jinzhou in Gong Feixue's tears.

The moment the plane left the ground, Gong Feixue burst into tears.

Zizhu manor is a newly developed manor in Jinzhou. However, this manor was bought by Pei Qingcheng at a high price and was renamed wangfan manor directly.

After Pei Qingcheng became the agent of Wang Fan group, with rich experience and amazing means, he not only expanded his field to real estate, film and television, but also bought a manor in Jinzhou.

In her opinion, Wang Fan, as the chairman of Wang Fan group and the soul of Wang Fan group, would lose his identity if he did not live in his own territory.

Only by establishing a manor for Wang fan can Wang Fan's identity be revealed.

Although Wang Fan manor is named after Wang Fan, in fact, the people who live in it are all senior members of Wang Fan group.

All the high-level members of wangfan group have moved here, and they have also trained countless good quality bodyguards. On the surface, although wangfan manor is no different from other manors, in fact, it is a piece of iron.

Numerous bright and dark security elite, coupled with advanced laser infrared defense equipment, the whole wangfan manor is like an iron bucket.

Although I dare not say that a fly can not fly in, but at least if you want to sneak in unconsciously, I'm afraid it's not so easy.

In the reception hall of Wang Fan manor, Wang Fan sits in a high position, followed by song Rumei, Pei Qingcheng, Xu Ruyun, Dai Yuying, a Biao, a Xuan, heiluocha, Zhang Tiezhu, Baidi, Wei Jian, etc.

It can be said that except Chu Wei, Xie Hu and Huang Tingting, almost all of Wang fananbao's elders have arrived.

Zhang Tiezhu also with their own efforts, with strong strength and ability to ascend the top of Wang Fan group, with an annual salary of 10 million, can be described as a salted fish turn over.

As for Chu Wei, they went to the provincial capital to set up a branch and were busy about the business of the branch.

Wang Fan never thought that he would have his own industry in Jinzhou, and still do so much. Looking at the familiar faces below, his mood could not be calm for a long time.

"Thank you for your support all the way. Everyone has contributed a lot to the development of wangfan group."

"You are all senior elites of the company. I believe that with your efforts, Wang Fan Group will be able to do better and bigger."

"I don't know much about company management, and I don't participate much in it. Thank you for your trouble."

"I'm not good at shopping mall management and so on, and I won't give more opinions, but if there are any problems that can't be solved, please let me know, and I'll find a way to deal with them."

"No matter what happens, we don't need to panic or be afraid. As long as you remember, as long as you don't break the law, don't involve the bottom line of the law, don't extort, just let go. "

"Even if it's a big thing, I'll find a way to deal with it."

Wang Fan said, looking at Song Rumei, "sister Mei has been back to the gold owner for some time, but she has no position in the company."

"Now I'd like to announce that Mei Jie will become the special consultant of Wang Fan group and have the right to decide all matters of the company. Including company management, bodyguard training, personnel management and so on. "

"When I'm away, sister Mei can completely represent me and drive right. Of course, if you think sister Mei's decision will affect the interests of the company, or if there is anything wrong, you can call me directly for advice. "

Song Rumei was once the president of Yindi group, and she was also a congenital medium-term expert. She was outstanding both in business and military.

So it's no big problem for her to become a special consultant of Wang Fan group.

The most important thing is that song Rumei is Wang Fan's person, and Wang Fan has absolute trust in

Song Rumei.

Wang fan set up this special consultant not for Pei Qingcheng and others, but for those elites who entered the company later.

The company is now in a period of rapid development, just a few yuan is not enough, it will certainly attract many elite talents, and those talents will occupy a high position in the company.

Song Rumei is set up for those people. If someone threatens the interests of the company, song Rumei is a knife, a knife to deal with them.

Wang Fan believes that if song Rumei and Pei Qingcheng work together, Wang Fan Group will be more stable.

"I agree with the chairman that sister Mei will become a special adviser."

"I agree."

"Agreed."

Xu Ruyun and others agreed. They all know that song Rumei is Wang Fan's person, Wang Fan gives song Rumei such a special position, no one has any opinion.

Wang fan saw that everyone agreed, but he didn't say much. Instead, he said to song Rumei, "sister Mei, take out the spirit grass we got in Hongcheng."

"Although most people can't use it, sister Qingcheng, sister Luocho, ah Biao and others can still use it."

"Good." Without hesitation, song Rumei directly takes out the spirit grass she has already brought and gives it to Pei Qingcheng.

After she took them back, they didn't work and didn't come out. She was just waiting for Wang Fan to come back.

And song Rumei also knows what Wang fan means, that is, let everyone show her song Rumei a favor, especially Pei Qingcheng.

Pei Qingcheng used to be a member of Yuanmeng Pavilion. Although she is sincere to Wang Fan now, it doesn't mean that she will admire song Rumei.

In this way, she can win people's hearts.

Each plant spirit grass distribution goes on, everybody becomes excited.

Especially Pei Qingcheng, as a half step congenital master, although she is now managing the company, she still pays great attention to strength. For her, strength is even more important than business.

She didn't expect that Wang Fan would really give her lingcao, which was a surprise.

Although it's just some low-level spirit grass, it's more than quantity. She has 13 plants by herself. What's the concept?

You know, when she worked for Yuanmeng Pavilion, she didn't have more than three trees in a year, and it was good to get five.

"Thank you, Wang Shao. Thank you, sister Mei. Qingcheng will live up to your hope and work harder to let our wangfan group go to the whole country and the world. "

"I believe you." Wang Fan nodded.

Next, Wang Fan chatted with everyone for a while and went to have a rest.

Confused, Wang Fan heard the sound of jingling outside. When he went out to have a look, he saw Song Rumei, surrounded by an apron, busy in the kitchen, with six steaming dishes on the table.

"Wake up, wash your hands quickly, come and have a meal, and try what I've made to your taste."

Song Rumei saw Wang Fan come out, his eyes twinkled with a touch of joy, said.

The woman was wearing a pink nightgown, with a scarf on the outside, and her two snow-white legs were exposed like jade muscles, full of tempting luster.

Her hair is elegant and graceful. She looks more mature and exudes the charm of a woman.

Through the drooping collar, you can still see a small piece of spring in it. It's also a reverie. I'd like to rush over and have a look.

Chapter 704

Wang Fan looks at the busy Song Rumei and the little happiness overflowing from her face, and a warm current emerges in her heart.

He laughed and went to Song Rumei. He held the woman in his arms from behind. "Sister Mei, you don't have to work so hard. Just make two dishes. Why do you make so many?"

"Besides, with such advanced technology, you don't have to cook yourself. Just order some takeout."

"We've known each other for a long time. I never knew you could cook. Can these dishes really be eaten?"

Song Rumei is hugged by Wang Fan. Her delicate body is stiff in an instant, and her pink color extends directly from her tender face to her jade neck.

She listened to Wang Fan's words in front of her. She felt a little sweet in her heart. But when she heard the words behind her, her face turned black.

Wang fan is just laughing at her for not being able to cook, and dislikes her for not being delicious.

Song Rumei turned her head and held Wang Fan's ear directly. She said aggressively, "what do you mean? What do you mean is that my food is not delicious and hard to eat?"

"I tell you, you have to eat these dishes for me tonight. No soup, no vegetable leaves. If you dare to fall down, I'll crack your lifeblood

Song Rumei said maliciously, and reached down to make a click gesture.

"Oh, it hurts." Wang Fan called, and quickly struggled out, said with a bitter face, "sister Mei, you're a little forced, right?"

"How can you give birth to a baby when you click me? You are irresponsible to our children

Wang Fan said with awe inspiring righteousness, "why don't we give birth to the baby first and then eat it?"

Song Rumei a face black line, "give birth to your younger sister, who wants to give birth to a child for you."

There was shyness in her heart.

Soon all the food was ready and on the table.

Eight dishes and one soup can be described as extremely rich.

Although Wang fan made a little joke before, he knew that song Rumei must have learned it recently.

You know, song Rumei used to be the president. She was so high and delicate that she couldn't cook herself.

The reason why she has learned so many dishes and made them is to express her feelings for Wang Fan.

Wang Fan knew that women's intentions, naturally it was impossible to continue to attack women, although women's food is not very delicious, but Wang Fan still ate all, and really ate a clean.

Song Rumei was very moved. When Wang Fan ate all the food, she was already in tears. She hugged Wang Fan and kissed him regardless of everything.

She also ate these meals, and she knew her own level, which was not too bad.

But even so, Wang Fan really ate clean, how can she not be moved?

Wang fan is hugged by song Rumei, and his whole heart is hot. He pushes the woman down on the sofa without hesitation.

He has lost song Rumei once and doesn't want to lose song Rumei again.

The performance of the two people is very crazy, the whole room almost everywhere left two traces, this night, doomed to sleepless.

The wind and rain stopped, and it was already early in the morning, and the two people embraced each other and fell asleep soundly.

The next day, when Wang Fan woke up, it was already 12 o'clock at noon. Song Rumei was no longer around, and most of them went to the company.

Wang Fan didn't care. After washing, he planned to go out for a walk.

But before he went out, he received a call from Pei Qingcheng.

"Sister Qingcheng, call me so early. What can I do for you?" Wang Fan couldn't help asking after he got through the phone.

He has some doubts. Generally speaking, Pei Qingcheng can't call him. How come he just came back now?

"It's too early for the sun?" Pei Qingcheng said happily, and then cut into the main topic, "Wang Shao, originally did not want to disturb you, but now the company has two guests."

"They are all from the capital. They want you to escort them to Beijing by name and offer 50 million yuan. As for the reason, I didn't say

Pei Qingcheng's tone slightly becomes dignified, "originally this kind of small matter, I intend to refuse directly, but their identity is not simple, and you still have a little relationship, so I didn't refuse."

"50 million? You want me to escort you to Beijing? And it has something to do with me? " Wang Fan feels that things are not quite normal.

Although 50 million is not much for Wang Fan, others don't know that he is a congenital master.

Wang Fanming is just a chairman of the board of directors, or a gold medal bodyguard. In this capacity alone, 50 million yuan is escorted to Beijing, which is already a large sum.

This is not the most important, the most important is that the identity is not simple words, which makes Wang Fan some curious, in the end is what identity.

"Well, you tell them to wait for me, and I'll be right there." Wang Fan didn't refuse. He answered and hung up.

For him, no matter how small a mosquito is, it's meat. Anyway, there's nothing to do now, so it's OK to have a look. Fifty million, that's a lot of money. Now the company is in need of money, and his chairman can't do nothing.

An hour later, Wang Fan drove to the company and met two employers in the reception room.

The two men, a man and a woman, are both young and about thirty.

The woman was dressed in a well tailored dress, tall, with a height of 1.7 meters. Coupled with the thin high-heeled shoes, even Wang Fan almost felt the pressure.

Her long hair and shawl are as soft as waterfall, and her delicate melon seed face is superior to others. The body is also full of a cold breath, strangers are not allowed to enter.

Compared with women, men are not bad either. They are handsome in appearance and have a great reputation. In addition, their expensive clothes set him off perfectly.

If it's on campus, it's definitely a school grass level figure, which will definitely cause the screams of those little girls.

This man and a woman stand together, it is simply a talented woman.

But Wang fan is able to see that women seem to be the protagonist, men are just a foil.

However, the man seemed to be more arrogant than the woman. At the moment when Wang Fan entered the guest room, his eyes looking at Wang Fan clearly showed some disdain.

"Wang Shao." Pei Qingcheng saw Wang Fan come in, immediately welcomed up, and introduced to Wang Fan, "these two are employers."

"This is Miss Mo Yunyan from the Mo family in Beijing. This is Mr. Meng Qingming from the Meng family."

Wang Fan had doubts about the two employers, why Pei Qingcheng would accompany him personally,

but when he heard Pei Qingcheng's introduction, he understood.

It turned out to be the nephew of eight families in Beijing. No wonder Pei Qingcheng would pay attention to it.

At the same time, Wang Fan has probably been able to guess that Mo gentle introduced Mo Yunyan to find himself, because they are both Mo family members.

"Hello, Wang Shao. I'm Mo Yunyan. Mo Wenwen is my sister. She recommended me to come to you." Mo Yunyan see Wang Fan, eyes flashing a touch of surprise, but soon covered up.

She came forward with a smile on her cold face and said as she introduced herself.

As for why she wanted Wang Fan to escort her, she didn't say. It was obviously inconvenient to say, or it involved some secrets.

"Hello, since it was introduced by sister gentleness, I will take the task. As you said, 50 million, when shall we start? "

Wang Fan came forward, shook hands with Mo Yunyan, and said with a smile.

Originally, in view of Mo gentle face, he also intended to be cheaper, or no charge, after all, Mo gentle helped him a lot.

But Mo Yunyan didn't even say the reason. Wang Fan immediately gave up his idea. But he noticed a golden box in Mo's hand.

Mo Yunyan was relieved to hear that Wang Fan didn't ask much. She is going to continue to speak, Meng Qingming can't help but speak.

Chapter 705

"Yunyan, are you wrong? Just him, can you protect us?"

Meng Qingming looked at Wang Fan, obviously some disdain, "I think we'd better go, you can rest assured, I protect you, there is no problem."

Meng Qingming obviously didn't pay attention to Wang Fan, "I've heard of Wang Fan, and I've heard that he made a big splash in the capital."

"To be honest, I haven't paid attention to his strength. At that time, I was not there. If I were there, there would be nothing wrong with Wang Fan. "

"What's more, ask him to ask for another 50 million. Did you burn it with money? He's not worth the price at all

Meng Qingming, with a high expression, began to fight in front of Wang Fan.

Obviously, he also heard of Wang Fan, but he didn't pay attention to Wang Fan at all.

Listen to this words, the facial expression of Pei Qing City is instantly cold come down.

Wang fan is the chairman of the group and the soul of the group. How can Meng Qingming's words provoke him? What's more, it's still Wang Fan group, its own territory.

What's more, this time, they came to see the characters, not Wang Fan who was crying and shouting to take over the task. Why should we look at Meng Qingming's face?

If I were Xu Ruyun, maybe because of Meng Qingming's status as a nephew of the eight families in Beijing, I would bear it.

But who is Pei Qingcheng? She is a person from the dream Pavilion, and she is also a half step inborn strong person.

It can be said that she didn't know how many people's blood she saw, and how could she care about a mere eight nephews in the capital?

Pei had no hesitation at all, no hypocrisy or snake at all. It was almost as soon as Meng Qingming's words had fallen that she had followed her.

"In that case, there is no need to talk about this business. Please. Although our wangfan group is not big, it also needs face. What's more, it's our company that you find, not you that our company finds. "

"Fifty million, our company hasn't seen it yet. If it wasn't for Wang Shao's friendship with Mo gentleness in Mo's family, we wouldn't have accepted this list at all."

Pei Qingcheng didn't say half politely.

"Ha ha." Hearing this, Meng Qingming couldn't help laughing. "The president of a small company dares to challenge me. What a big temper!"

"If Yunyan didn't have to come to your company to hire Wang Fan, do you think I would come to you? How ridiculous

Meng Qingming pointed to Pei Qingcheng and said with disdain, "believe it or not, I can make your company doomed with one phone call?"

Said here, his eyes and nose, full of contempt, "with me challenge, you also deserve?"

Pei Qingcheng sneers coldly, just about to speak, but is stopped by Wang Fan.

Wang Fan looked at Meng Qingming and said with a smile, "in this case, please come back. We won't take this list."

He looked at Meng Qingming, his expression was very serious, "by the way, you said that one phone call from you can make our company doomed, I really don't believe it. Why don't you call now? "

"On the contrary, I want to tell you that if our company is really doomed, your Meng family will also be doomed."

Provocation, chiguoguo provocation.

Wang Fan sneered in his heart.

The nephews of these eight families are really arrogant, and they don't pay attention to ordinary people.

The Song family was like this, the Bai family was like this, and the Zhao family was like this. Unexpectedly, the Meng family was like this.

Do they think they are scared?

Meng Qingming's strength, Wang Fan see very clearly, the day after tomorrow peak.

It's just a day after tomorrow's peak. I dare to brag and threaten myself. Isn't it ridiculous?

Don't talk about yourself. Pei Qingcheng can kill Meng Qingming every minute. I really don't know where this kind of person is from.

"What do you say, you want to make our Meng family doomed?" Meng Qingming laughed wildly, but his cold eyes didn't make him half smile?

Just a Wang Fan, even threatened their family, it is to seek death.

Is it difficult for Wang Fan to think that their Meng family is made of clay?

"Meng Qingming, shut up." Only Meng Qingming just planned to attack, was mo Yunyan coldly interrupted.

"It's Mo Yunyan's intention to come here to find Wang Fan. It's not your turn to interfere. Fifty million, I'm Mo Yunyan. It has nothing to do with you. "

"If you don't like Wang Fan, you can leave. I didn't stop you. You Meng Qingming have no right to insult others here."

"As for the protection you said, forget it. I don't need you to protect Mo Yunyan."

Mo Yunyan coldly said, looking directly at Wang Fan, his eyes showed an apology, "sorry Wang Shao, I didn't expect that he would say that."

"Don't worry, he can only represent Meng Qingming, but not Mo Yunyan. Now I'll add another 30 million to 80 million. I hope you can escort me to Beijing. "

"As for when to start, I hope as soon as possible." "Yunyan, you." When Meng Qingming heard this, his face became ugly and his eyes became gloomy.

He didn't expect that Mo Yunyan would protect Wang Fan and stand on Wang Fan's side.

You know, he and Mo Yunyan are together.

"Meng Shao, if you are not satisfied with my decision, you can leave by yourself. And it's also my business. It has nothing to do with you. It's your own business. "

Mo Yunyan slaps her face impolitely. Obviously, she doesn't like Meng Qingming very much. Their relationship is not so good.

"Hum!" Hearing this, Meng Qingming gave a cold hum and a gloomy look at Wang Fan. He turned his head and left the reception room.

Mo Yunyan didn't give him face, so he didn't have to stay here to continue to shame. But his eyes when he left obviously remembered Wang Fan and would not give up.

Wang Fan looked at this scene, but was a little surprised.

Aren't these two together? Why did Meng Qingming leave?

However, he also saw that it was Mo Yunyan's business to escort him to Beijing, but he didn't know how. Meng Qingming actively intervened.

Meng Qingming may want to pursue Mo Yunyan, or he may have some other purpose, but he was swept away by Mo Yunyan, and then he left angrily.

As for Meng Qingming's cold hum and threat when he left, Wang Fan didn't pay attention at all. This kind of person, don't come to him, dare to come, directly trample to death.

"No, in the face of gentle elder sister, just follow the previous 50 million. I'll take this task. You sign a good agreement, and I can escort you away at any time."

When things got to this point, even Mo Yunyan turned against Meng Qingming, Wang Fan could not continue to refuse.

What's more, if you don't look at the monk's face and the Buddha's face, if he refuses, it's not easy for Mo gentle to explain.

Mo Yunyan was relieved to see Wang Fan's promise. He quickly signed the agreement and called 60 million yuan at one time.

In the effort of both sides to handle the formalities, Wang Fan also went to heiluocha.

As the intelligence agent of Wang Fan group, heiluocha can't know nothing about these things.

Although Mo Yunyan did not say, and Wang Fan did not ask more, it does not mean that Wang Fan will not understand.

Only by knowing yourself and your enemy can you win a hundred battles. No matter how powerful Wang fan is, he should be prepared in advance according to the situation. Only in this way can he be safe.

According to the investigation of heiluocha, Mo Yunyan came to Jinzhou to study Shenyao No. 1. This time he returned to Beijing, he also worked out the configuration method of Shenyao No. 1 and planned to return to Beijing for testing.

A year ago, Shenyao No.1 appeared in Jinzhou, which attracted powerful forces such as the Zhong family, the Black Wolf Gang and the shark Gang to spy on and steal.

Just because they offended Wang Fan and were provoked by Wang Fan, their influence disintegrated and faded out of Jinzhou stage.

Later, I don't know how, the Mo family picked up a bargain and directly sent someone to guard the spot where shenyao-1 appeared. They built a factory on the spot, imported equipment and started the research.

After unremitting efforts, it finally achieved results.

Shenyao No.1 is a kind of antidote that can stimulate human potential and enhance human strength.

Once the drug can be mass produced, it will be of great significance to a family or underground forces.

Just imagine, if a family or force mass produced the acquired strong, how terrible it would be?

Wang Fan hears the report of black Luo Cha, for a time some head is big, he feels he was given pit by Mo gentle.

Originally, I thought that this time I went to Beijing, most of them were in danger, but now it seems that there are many dangers.

60 million, it's really too little.

Chapter 706

"Wang Shao, do you really want to take this list? As far as I know, since the collapse of the two gangs of black wolf and shark, although Jinzhou has no other power to rise

"But a lot of underground people came to Jinzhou City, including not only some top underground forces in China, but also foreign mercenaries."

"Obviously, they all came for Shenyao No.1, but they didn't make a big splash in Jinzhou. They just lurked in the dark. I even suspect that there are other governments in them."

Black Luo Cha looks at Wang Fan, the facial expression is some dignified.

After she followed Wang Fan, although she also played the role of security instructor, her main task was intelligence work.

Although Wang fan knows nothing about these things, it does not mean that she knows nothing about them.

Heiluocha had known for a long time that there were many fierce people from the underground world who came to Jinzhou, but they didn't provoke Wang Fan group, so she didn't inform Wang Fan.

Now she heard that Wang Fan wanted to stir up the muddy water. How could she not be in a hurry?

"Then I'm sure. Sister gentleness has helped me a lot. Now she asks Mo Yunyan to come to me, but I can't refuse her."

"The only thing I can consider is how to safely escort Mo Yunyan to the capital. Originally, I thought that even if the escort was dangerous, the risk factor would not be very high. Now it seems that it is not. "

Wang Fan also has some headaches. If he is a fierce man with two underground forces or ten or eight underground worlds, he may not pay attention to it.

But so many people from the underground world came to the idea of shenyao-1, and even other governments got involved, so he had to be careful.

No matter how skillful he is, he is also afraid of guns. Wang fan doesn't think that he is strong enough to ignore all underground forces.

Shenyao-1 is of great significance to both the underground forces and the country. It's no less than the madness of ancient warriors to the treasure of withered yellow grass.

So after Wang Fan knew that Mo Yunyan was carrying the finished product and data of Shenyao No.1, he realized that the situation was not good.

In Jinzhou, it's a good thing to say that the Mo family's forces are there. Coupled with the deterrence of the surrounding Garrison and the local government, those underground forces don't dare to mess around. But leaving Jinzhou, it's hard to say anything.

Even Wang Fan has a kind of conjecture that the reason why those underground forces did not fight in Jinzhou is not that they were afraid of Mo's family and the surrounding garrison, but that they wanted to use Mo Yunyan to work out complete data.

"Sister Luo Cha, do you know which underground forces are making the idea of Shenyao No.1? Who are the people sent by those forces?" Wang Fan rubbed his head and asked.

Black Luo Cha shook his head, "the specific number of fierce people or forces to fight God medicine one idea, I am not very clear, in short, absolutely many."

"According to my investigation, the blood tooth mercenary regiment, the black hand regiment, and the Yamaguchi society, these big foreign forces, have all been involved."

"By the way, I also found out that the frontier Voldemort, Kou Guolan Mingzi, haoguo Wutou demon and other ruthless people came to Jinzhou. According to my estimation, their target is mostly Shenyao No.1."

"Blood teeth mercenary regiment, black hand regiment, Shankou society? Voldemort, Ramirez, the five headed devil? Are they involved?" Wang Fan's face was more dignified.

He never thought that shenyao-1 had attracted these forces and fierce people.

Xueya mercenary regiment, the top mercenary regiment in foreign countries, ranks among the top three in the whole mercenary circle, which is famous.

The reason why xueya mercenary regiment is named xueya is that this organization is famous for its blood. Its history of fame is the history of blood killing.

This mercenary regiment is not only powerful, but also murderous. They not only take all kinds of orders, but also go to destroy the smaller mercenary regiments to strengthen their power.

The black hand group and Shankou society, needless to say, have a history of hundreds of years, and have a profound and powerful foundation.

Voldemort, Ramirez and the five headed devil are all well-known ruthless masters in the underground world. They are powerful, arrogant and frightening.

When Wang Fan joined the army, although he took over many tasks and killed many cattle men, he never met these three men.

To put it bluntly, although Wang Fan was an ox fork, he still couldn't attract the attention of Voldemort, lanmingzi and the five headed devil.

Of course, the most important thing is that Wang Fan has not touched their interests, so they simply disdain to deal with Wang Fan.

"It seems that this task is really arduous." Wang Fan had a headache again. He really didn't expect that Mo Yunyan, or Shenyao No.1, had attracted such forces and powerful people.

No one is afraid of Wang fan when it comes to individual combat capability.

It can be said that although he was a rising star at that time, he was confident that he would not be weaker than Voldemort and others. Now that his strength has improved, he has not paid attention to these people.

But the key point is that people won't fight him alone.

In this era of hot weapons, people like Voldemort are not like those ancient warriors. Their shooting skills are all first-class. Besides, they are not acting alone. Wang fan is really under great pressure. What's more, what Wang fan is facing is not one person and one force, but many people and many forces. If someone else has a heavy weapon such as a rocket launcher in his hand, he or Wang Fan will be blasted to heaven even if he is a bull.

"Wang Shao, although you are strong, this task is really dangerous. It's not good. I advise you to give up."

Once again, heiluochoa could not help persuading, "this mission is really dangerous. In addition to these big forces, I also heard that there are people from the eight families who are also involved."

"This means that if the Mo family wants to be escorted by the government, the effect is not great. You can only rely on yourself."

"I have my own discretion." Wang Fan stood up, "Luocha elder sister, you continue to follow up the investigation. If you find any super forces or fierce people, please contact me in time."

"I'm going to find Mo Yunyan now, and then think about how to leave and how to escort. Don't worry. I'll be careful. If it comes to my life and death, I'll just give up this mission. "

Wang Fan said comfortingly.

He also has his own consideration. Although Wang fan is powerful, he is not alone. He also has his friends, family, and company.

The Mo family, however, is one of the eight families in the capital.

If we can get the favor and support of the Mo family through this mission, it will be of great help to Wang Fan group.

Wang Fan has already offended song, Bai, Zhao and Meng. If he doesn't catch up with several alliances or backstage, his company will be hard to develop.

After all, the world is not just a fist world, and networking is also very important.

"Now that you have decided, I will not advise you any more. It's just whether you want to take more people. Abio, xiehu and others are not very busy recently. Let them take some people with you. "

"Although it is a drop in the ocean relative to the number of enemies, one more person means one more strength and one more security." Black Luo Cha says.

"No, it's more dangerous. It's more convenient for me to act alone." Wang Fan said, directly left the black LuoCha office.

After leaving the office, he also made a special phone call to Mo Wenwen to confirm that Mo Yunyan is really a member of Mo's family, which is also recommended by Mo Wenwen.

Chapter 707

After signing the agreement, Mo Yunyan called Mo's family.

The old man of Mo family began to make proper arrangements as soon as he received the call.

Not only did people ambush in Jinzhou begin to take action, but even the capital did not relax its vigilance.

Shenyao No.1 is very important. The Mo family doesn't want to make any mistakes.

"Grandfather, will we harm Wang Fan by doing this. No matter how powerful Wang fan is, he is only one person. He can fight against so many forces? "

Mo gentle standing in the grandfather Mo Yuanxing side, face some dignified.

Although Wang fan is powerful, no matter how powerful she is, she is only one person. In the face of so many international forces and fierce people, she is really worried about Wang Fan.

In fact, Mo Yunyan went to see Wang Fan to escort her to Beijing, which was not Mo gentle's intention. She didn't want Wang Fan to participate in this matter from the bottom of her heart.

Only when the grandfather's status was there, and he said that he would give Wang Fan some support after it was completed, Mo gentleness agreed.

"No. Wang fan is powerful and extremely smart. With his protection, there will be no problem. "

Mo Yuanxing shook his head, "what's more, no one knows that we hired Wang Fan, so he will be safer."

"I'll send our people to attract fire, and then let Wang Fan secretly escort Yunyan into Beijing. It's absolutely safe. It can be said that there is no accident, and he will not be in any danger. "

Don't go far with a plan.

Mo gently listened to this, a little relieved.

She talked with her grandfather Mo Yuanxing again and left the room. When she left, she didn't see the strange smile in grandfather's eyes.

People of Mo family attract fire? Wang Fan escorts Mo Yunyan to leave secretly? How is that possible?

Mo Yuanxing's plan is to use Wang Fan to attract fire, and then give them time to enter Beijing smoothly.

It's just that he can't talk to Mo so gently.

No matter how powerful Wang fan is, he is an outsider. And Mo family elite, it is mo family painstaking efforts to cultivate, how can he sacrifice Mo family elite, save Wang Fan.

To put it bluntly, Wang fan is just the cannon fodder he used to attract fire.

Three in the afternoon.

Wang Fan left the company with Mo Yunyan in his car and drove to the capital.

Shenyao No.1 is very important, and it attracts some super forces and fierce people.

So Mo Yunyan didn't dare to take the plane or train at all, because once there was a problem on the plane or train, it would really be that the sky should not be called and the earth would not work.

Driving back to Beijing is at least relatively free and flexible. When there is an emergency, you can take it easy. At least not like the plane train, once surrounded, basic can not run.

Mo Yunyan has worked out the route to Beijing in advance, and Wang Fan just follows the route.

When he drove to the designated line, there were people and cars waiting.

More than 20 cars, parked in a line on the side of the road, looked like a long dragon from a distance.

Nearly 100 well armed Mo elite are also waiting in place, with a huge lineup.

These are just on the surface, Wang Fan also clearly felt that many people were buried in the dark, and there were helicopters hovering in the air. Obviously, the Mo family attached great importance to the shenyao-1.

As soon as Wang fan stopped the car, a vigorous woman with curly hair strode over.

The woman's face is cold, her breath is huge, and her body is full of a high breath.

After she came over, Dangdang knocked on the window three times and snorted to Wang Fan, "your task has been completed, you can roll. The next escort, give it to us. "

The high voice looked down on the ants like a queen, which was very uncomfortable.

Wang Fan opened his mouth wide and speechless for a long time, "is this finished? Don't you mean to escort into Beijing? It's not even in Jinzhou. "

Wang fan is very strange, this even Jinzhou did not come out, told himself to go away, the 60 million is also too easy to earn it? Is there any conspiracy?

"Captain Tiya, he's Mr. Wang Fan, the bodyguard I hired. I asked him to escort me to Beijing, and I've already paid 60 million."

Mo Yunyan also frowned and said.

"Sixty million? How dare you When Captain TYA heard this, his face was cold and he hit the car with a blow.

With a crash, the car vibrated hard and was blasted out of a huge pit.

Tiya glared at Wang Fan, "just you? What kind of thing, dare to collect 60 million, dare to threaten to escort? Is your dog blind? We need your escort for so many people and so many guns? "

"Give me the money and go away, or I'll kill you."

High up, domineering!

Wang Fan was furious at this.

He just opened the door and got off. He just raised his foot.

When Tiya saw that Wang Fan dared to kick her, her face suddenly became ugly. One hand was horizontal in front of her abdomen, trying to resist, and the other hand had already grasped the gun at her waist with extremely fast speed. Wang Fan's eyes twinkled with a sneer. He dared to use a gun in front of him. He was really looking for death.

He slammed his foot on TIA's arm, pressing her arm with great force and pounding her in the abdomen.

TIA turned pale in an instant.

Wang Fan didn't give her a chance to react at all. She grabbed her head with one hand and pulled it down. As soon as she lifted her knee, she cracked her teeth and spewed out blood.

When Wang Fan lifted her head, the other hand also grabbed the gun in her hand at the same time, and pointed to her head.

"Who do you want to go? Who are you going to kill?" Wang Fan's voice came coldly, and the scene was dead.

Seeing this, the Mo elite around them subconsciously wanted to take out a gun and shoot Wang Fan. Wang Fan's face was cold, and he raised his hand to pounce.

Five elite players were shot in the wrist, and their blood came out.

The rest of the people face a cold, want to shoot madly, but Mo Yunyan is jumped out of the car, crazy roar, "stop."

Mo Yunyan yelled and ran to Wang Fan, "don't do it. It's all your own people."

But as soon as her words came to an end, TIA madly ordered, "kill him!"

Nearly 100 elites, without any hesitation, rushed madly towards Wang Fan.

Just because Mo Yunyan was beside Wang Fan, he didn't dare to shoot.

"To die." Wang Fan was so angry that he kicked Tiya, who was ordered to fly. Then he got on the car quickly and ran out crazily.

Tiya defies herself and smashes her car indiscriminately. Wang fancai is angry and intends to teach Tiya a lesson.

In his opinion, it's no harm to teach a Tiya a lesson. As long as the shenyao-1 is safely escorted to Mo's home, it's nothing at all.

But he did not expect that Tiya even ordered to kill him. The most important thing is that the hundred elite really planned to kill him.

Although Wang Fan fought back hard, he could turn over many people and leave calmly, but in that way, his nature would change, and he would be hostile to Mo's family.

Before the escort started, they collided with the elite of the Mo family and began to fight against each other. Even if Shenyao No.1 was safely delivered to the Mo family, the Mo family would have a knot in their heart.

Therefore, in order to avoid misunderstanding, Wang Fan had to leave first.

Just as Wang Fan just drove out of the car, Tiya on the ground suddenly stood up. She jammed Mo Yunyan and the golden box into the car, and then began to scream: "chase, chase, Shenyao No.1 was snatched away by him."

Then the engine went off.

Wang Fan's face was gloomy in an instant.

At this time, if he didn't know that he was being used, he would be a pig.

It's really a deep plan. It's even taken into account his character and work style.

Obviously, it was premeditated.

The scene was crazy in an instant, and more than 20 cars chased Wang Fan.

Chapter 708

Wang fan can no longer care so much, speed up to the extreme, crazy rush out of the bag circle, toward the front.

Conspiracy. It's a conspiracy.

Wang Fan's face was very gloomy.

He knew that he was calculated by the Mo family.

If there is no mo high-level or home owner's instruction, just a Tiya, absolutely dare not so wronged him.

But Wang fan does not know, Mo gentle position is how.

If Mo gentleness knew from the beginning that Wang Fan would be used, he would be too cold hearted.

Mo gentleness helps Wang Fan a lot. Wang Fan really regards Mo gentleness as his own.

The scene was completely crazy, and from time to time there was a piercing gunshot. If it wasn't for Wang Fan's good driving skills, and he chose a modified car, he really couldn't get out of the enclosure.

"Captain Tiya, why do you want to do this, why do you want to wrongly Wang Fan? You will kill him if you do so. How can I explain to gentleness? "

On the back of the car, Mo Yunyan stares at Tiya, her body trembles, and her eyes are only angry.

She never thought that Tiya would play such a game. It was killing Wang Fan to death.

Even if she doesn't know Mo Yunyan, even if she doesn't know Wang Fan very well, she doesn't want to harm people like this.

What's more, Wang Fan has a good relationship with Mo Ruan. How can she get along with Mo Ruan in the future?

"Miss Mo, that's not what I mean, it's what the owner means." Tiya took a look at Mo Yunyan and said coldly.

Although she is seriously injured, everything is developing according to their script. It can be said that her first task has been completed.

"What do you mean, grandfather? Why did grandfather do this? I don't believe it, I don't believe it Mo Yunyan roared and couldn't believe that it was something that grandfather could do.

"No?" Tiya sneered, "do you think that if I don't have the instructions of my master, I dare to do this, dare to do such injustice to Wang Fan?"

"As for why, although the owner didn't tell me, I can guess. That's because Wang Fan has the strength to attract enemy fire so that we can enter Beijing safely. "

Tiya looked at Mo Yunyan and said with a sneer, "originally, I doubted whether the owner would overestimate Wang Fan, but Wang Fan's previous move made me sure that he was really powerful."

Mo Yunyan did not speak, obviously she also believed Tiya's words.

The rich and powerful family is really insidious. My grandfather set up Wang Fan for the sake of Shenyao No.1.

If Wang Fan dies, there will be no loss to the Mo family. If he doesn't die, he doesn't have the strength to fight with the Mo family. Even his grandfather may send someone to kill Wang Fan and the Mo family.

Obviously, grandfather has calculated all this.

Mo Yunyan is a little weak. Her only consideration is whether Mo Wenwen will hate her or even turn against her because of this.

Just when Mo Yunyan was thinking about these things, he suddenly found that the car turned quickly and the detachment of the army took another road.

At the same time, a car of the same model quickly drove out from another road and joined the team.

The golden cicada comes out of its shell.

It's really well prepared.

The news that Shenyao No.1 was taken away by Wang Fan spread out at the first time. The video of Wang Fan injuring Tiya, and even the video of more than 20 cars chasing Wang Fan, was exposed for the first time.

Those underground forces and fierce men who lurked in the dark, when they heard the news, rushed to the scene quickly and joined the ranks of pursuing Wang Fan.

At this moment, they and Mo elite target is the same, that is Wang Fan, Wang fan is their only enemy.

Unless Shenyao No.1 changes its owner, new enemies will appear. As for who Shenyao No.1 will fall into the final hands, it depends on their own abilities.

Wang Fan group.

After learning the news, Pei Qingcheng, heiluocha, song Rumei and others were also anxious.

How did they not expect that things would develop to this point, Wang Fan has become the target of the public, has become the enemy of all people.

"What a shameless Mo family. I knew they didn't have a good heart. As long as I knew that, I shouldn't have called Wang Shao and asked him to come over. "

Pei Qingcheng's face was very gloomy. She didn't believe that Wang Fan would take the medicine. Let alone she didn't believe it. No one believed it.

"Also blame me, I didn't die to persuade Wang Shao, I really should be cruel, don't let Wang Shao to take this task." Hei Luo Cha also blames herself for not persuading Wang Fan.

Wang fancai just came back from the fight of withered yellow grass. It's rare for her to calm down for a day, but this happened again. How can she not be angry?

"Don't blame yourself. It's useless to blame yourself now, and it has nothing to do with you."

Song Rumei stood up in time, "I understand Wang Fan's character. It's about Mo's family, or Mo's gentle recommendation. He can't avoid it, and no one can persuade him." "Now we are not thinking about these things, but how to help Wang Fan. Although those underground forces are not as powerful as those of ancient martial arts, they are more destructive than those of ancient martial arts."

"No one can guarantee that they have heavy weapons. Once he has heavy weapons, Wang Fan will be more or less lucky this time."

Song Rumei frowned and worried.

She just had a night with Wang Fanwen, and this kind of thing happened. She simply can't accept it.

Who is the most angry and worried here is undoubtedly song Rumei.

Only in this case, she can not show panic, but must show calm.

Otherwise, her song Rumei's heart will be in a mess. What will other people do?

This is very unfavorable to the development of the company.

"What shall we do now?" Black Luo Cha can't help but ask a way.

"What should you do? It's not good for you to participate in such things. I'll go and see the situation first."
"

Song Rumei did not hesitate to say, "Qingcheng, I am not in this period of time, the company will trouble you more trouble."

"Remember, no one is allowed to act rashly, and no one is allowed to send support. This time, things are not as they used to be. If you get involved, you may be caught up in the excuse and our company will be doomed."

Song Rumei said, quickly left the company.

As an inborn middle-term strong person, she may be able to help Wang Fan if she goes alone.

The most important thing is that no matter whether she admits it or not, she is a member of the Song family. Even if the Song family is declining, even if someone knows that Song Rumei is involved in this incident, no one can do anything about her.

What's more, if Song Rumei was careful and changed her face, no one would recognize her.

But the nature of Wang Fan's security personnel is not the same. In case the Mo family gets angry, they will be labeled as a underworld, and they will develop a fart.

The capital.

Mo gentle in that news, and see Wang Fan injured Tiya, get on the car and escape, brain bang, appeared a short blank.

After she stabilized, she rushed into her grandfather's study for the first time.

"Grandfather, how can it be like this? I don't believe that Wang Fan will take the first Shenyao. I don't believe that he is such a person. What's the matter?"

Mo's soft voice is a little hoarse, almost roaring. With her understanding of Wang Fan, it is impossible for Wang Fan to do such a thing.

Chapter 709

"What's the matter? I want to ask you more!" Mo Yuanxing was even more angry than Mo gentleness. "Didn't you say that Wang Fan was trustworthy? How do you say that now?"

"He actually injured Tiya and took away the magic medicine No.1. It's just a great treason and a provocation to our Mo family."

Mo Yuanxing's face is red and his eyes are murderous.

It has to be said that the old fox's acting skills are not boastful. No matter who stands here, he will believe what he said is true.

"Impossible, impossible. Wang fan is not such a person." Mo gentle almost fell down, tears can't help flowing down.

She couldn't help thinking of the scenes when she was with Wang Fan. She couldn't believe that Wang Fan was such a person.

"What's impossible? I don't need to say how important Shenyao No.1 is. You know, who can be sure that Wang Fan didn't move?"

Mo Yuanxing is still splashing dirty water on Wang Fan, "if I guess correctly, even if we don't go to him,

he will join the ranks of robbing the first God medicine."

"It's just that he didn't think that we gave him a better chance. If you want to blame me, blame me for being blind and seeing the wrong person. "

"No, it won't be." Mo gently stood up and ran out of the study like crazy.

Why does Wang Fan do this? Why?

Didn't he know that this would not only offend Mo's family, but also hurt her tender heart? She trusted Wang fan so much. Now?

Mo gentle some waver, although she is reluctant to believe that this is true.

But the video is hard evidence.

In addition to the importance of Shenyao No.1, she did not dare to think about it.

Wang fan doesn't know what happened to Mo Ruan. He doesn't even know that song Rumei has rushed here.

He only knew that he had to get rid of those pursuers as soon as possible. He would be safe only if he completely got rid of them.

During the half-hour escape, Wang Fan clearly felt that not only Mo's family were pursuing him, but also many underground forces joined the pursuit team.

It can be said that Wang fan is now a street mouse, and everyone shouts to kill him.

Some of Wang Fan vomited blood, and Nimah robbed the withered yellow grass, but Wang Fan was hunted down.

It's been quiet for less than half a month now, and I've been chased again. Do you want anyone to live?

At the same time, Wang Fan's heart also emerged endless anger.

This time, as long as he doesn't die, he must visit Mo's family to seek justice.

At that time, even if Mo gentle appearance, he will not give face.

Wang Fan while crazy acceleration, while pinching out the mobile phone, dial the black Rosa phone.

His mobile phone was given to him by an old man. He seldom uses it, and it's hard to locate it.

"Hello." Soon, there was a low voice from the other end of the phone.

"Sister LuoCha, I'm wang fan. Help me find the location of Mo Yunyan and Tiya, and then send them to this mobile phone. The sooner the better."

Wang Fanfei said quickly. He believes that if there is no accident, Shenyao No. 1 is still on Mo Yunyan, so he plans to find Mo Yunyan.

Didn't the Mo family set him up to snatch the magic medicine No. 1? Then he really snatched it once.

As for Tiya, Wang Fan just wanted revenge.

Even if Tiya is a chess piece, but this chess piece makes him into a crisis, Wang fan does not kill her is not comfortable.

"OK, just a moment." Hei LuoCha answered and quickly hung up the phone.

Wang fan is again crazy accelerated up, but a moment, his face is changed.

A hundred meters behind him, an open cross-country sports car was ahead, and the harsh engine roared like an ox.

In the co pilot's seat, a guy with bare upper body and tattoos on both arms was carrying a cigarette, but a rocket gun was on his shoulder.

I saw this guy looked at Wang Fan scornfully, with a grim smile in his eyes, and then started to launch without hesitation.

Boom.

A harsh sound, shells like fire dragon, set off a heat wave, crazy toward Wang Fan's car bombing over.

"Damn it." Wang Fan's eyelids trembled as he watched the scene.

If this mother is blasted, don't say that he is just at the beginning of his birth. Even if he is at the top of his birth, he is dead.

Wang Fan while crazy acceleration, while quickly took out a pistol, aimed at the shell then launched a point shot.

Come on, come on.

All four bullets exploded on the shell accurately. The first two bullets slowed down the impact of the shell, and the second two bullets shot it down directly.

Boom.

The ground trembled and the fire burst into the sky.

Cracks spread quickly, and a huge pit appeared on the ground soon.

Fortunately, it's on the spot. If it's a viaduct and other road sections, the road will be directly broken. A few cars couldn't dodge and rushed directly to the edge of the explosion. The mailbox was burned, followed by a roar and explosion, which made the large troops pursuing directly stranded.

Wang Fan looked at the scene, exuded a cold sweat behind, and then accelerated again, crazy jump out.

Fortunately, he reacted quickly, otherwise he would have been hit by a rocket.

It's not as lethal as a bullet. At such a close distance, it's like hitting anywhere.

However, fortunately, this rocket blocked the large troops behind and bought him time. Otherwise, it would not be easy for him to get rid of those people.

Wang Fan ran wildly for more than an hour, finally relieved a little.

The large troops behind him can no longer be seen, that is to say, there is no possibility that he will be besieged for the time being.

It's just that the two helicopters in the sky are a little annoying. They have locked him all the time.

That is to say, although he lost his army, his whereabouts are still under the enemy's eyes. People can catch up with him at any time, but he is still not completely safe.

Wang Fan really wanted to fire two guns and bombed the two helicopters, but unfortunately, he didn't have rockets. Bullets, however, cannot deter helicopters.

Wang Fan was thinking about how to deal with the two helicopters when he received a call from heiluocha.

Tiya and Mo Yunyan are in the same car, but the car is on a different road. The car has passed the provincial capital and is heading for the capital.

No accident, they will arrive in the capital in three hours.

Wang Fan listened to the report of heiluocha and vomited blood.

The golden cicadas are really playing with their shells. They use themselves as cannon fodder to attract

fire, but they leave safely with Shenyao No.1.

You know, Wang Fan has just been away from Jinzhou for such a long time. It takes him more than an hour to drive to the provincial capital. The other party has already passed the provincial capital. It can be seen that there is no danger or obstruction on their way.

Wang Fan told heiluocha to continue to track the car, report at any time, and then directly turn to the road where Mo Yunyan's car went.

Want to use him, Wang Fan, the door is not, in any case, he also want to find a way to attract firepower in the past.

At the same time, Mo Yunyan's car also reached a remote area.

It's just that their car had just turned a corner when it suddenly braked and stopped.

In front of them, suddenly came two cars, without any sign of cross in the middle of the road.

It's a roadblock.

Looking at this scene, no matter TYA or Mo Yunyan, her face changed in an instant.

Chapter 710

"Miss Yunyan, stay here. I'll go down and have a look." TIA looked at the scene, said quickly, and got out of the car.

At the same time, the bodyguard of the co driver's seat also followed, leaving only Mo Yunyan and the driver in the car.

Seeing Tiya coming down, two cars running across the road also quickly ran down five people, one of whom was Meng Qingming of the Meng family.

"Captain TYA, long time no see. You're all right." Meng Qingming looked at Tiya and said with a smile, "Yunyan and Shenyao No.1 should be in the car."

"In the face of Yunyan, as long as you hand over the divine medicine No.1, I will spare you from death. How about that?"

Meng Qingming is smiling. People and animals are harmless. It's as if he is playing a family routine.

While he was talking, the four people around him had already pulled out their guns, pointing straight at TIA.

"I know who it is. It's Meng Shao." Tiya saw Meng Qingming, her face changed slightly, and then she said

coldly, "Miss Yunyan is really in the car, but Shenyao No.1 is not."

"You asked us for Shenyao No.1. That's the wrong person. Not long ago, both shenyao-1 and data were robbed by Wang Fan. I'm afraid miss Yunyan would have been taken away if I hadn't tried my best to protect her. "

While she was talking, she pressed a button with her right hand in her pocket.

She's calling in ambush for quick support.

"Ha ha." Meng Qingming laughed. "Tiya, I don't have any problem with you fooling others, but if you want to fool me, you think too much."

Speaking of this, Meng Qingming's face suddenly turned cold, "I don't talk nonsense with you. I'll hand over the Shenyao No.1 right away and give you a way to live. Otherwise, don't blame me for not caring!"

Tiya's face changed, and she said, "we really don't have magic medicine one. If you don't believe it, you can search the car."

She didn't understand why Meng Qingming was so sure that Shenyao No. 1 was in their hands.

Meng Qingming doubted them. There was no problem. TIA could understand it. But Meng Qingming was so sure that she couldn't figure it out.

"It seems that you are really toasting instead of drinking. Do you think you are from the Mo family and I dare not move you?"

Meng Qingming became impatient and said, "kill her!"

Almost as soon as his words fell, the four people around him directly pulled the trigger.

Come on, come on.

The piercing sound of gunfire rang out and hit TYA in her position for the first time.

It's just that Tiya is alert and takes action in advance to avoid the past. But Rao is that she reacts fast enough. She still gets a bullet in the shoulder, and the blood floats out.

As for the bodyguard who came out with Tiya, he was directly shot by three bullets and died on the spot.

The red blood splattered and sprayed, and dyed the ground red.

"Meng Shao, you are so desperate to stop Miss Mo's car and kill our Mo family. I hope you can bear the

consequences."

As she dodged the bullet, she pulled out her gun and pulled the trigger.

Come on, come on.

She just fired four bullets, the four shooters had been hit in the wrist, all the guns landed.

Tiya, as the leader of the team this time, is first-class in both skill and shooting technique, with extremely strong strength.

She is so vulnerable in front of Wang Fan, just in front of Wang Fan, but it doesn't mean she is weak.

After all, if there are few brushes, why dare Mo Yuanxing let her lead the team and protect Mo Yunyan and Shenyao No.1?

After Meng Qingming's four subordinates were shot in the wrist, their eyes were all twinkling with pain, but they didn't cry out.

And almost for the first time, they resisted the stabbing pain, and at the same time they fell to the ground, they grabbed the gun with their other hand.

But Tiya didn't give them a chance. She flipped over, dodged the two bullets from Meng Qingming, and pulled the trigger again mercilessly.

This time, after the gunshot, Meng Qingming's four subordinates were directly shot in the head, fresh blood splashed out, straight to the ground, dead.

Only Meng Qingming escaped Tiya's bullet, but his eyes were cold.

"It's captain TYA. It's a good shot. However, if you dare to kill my subordinates, you are looking for death. "

Meng Qingming's eyes twinkled with a killing machine. He threw the gun directly and rushed towards Tiya.

What he is good at is not the gun, but the skill. The gun is a chicken in his hand, and can only deal with some ordinary goods.

In the face of people like TYA, it's better not to have a gun in his hand.

Tiya didn't speak. She just looked at Meng Qingming coldly, retreating and pulling the trigger madly.

Just make her feel inconceivable is, Meng Qingming unexpectedly just slightly twist a few, dodged the

bullet.

His reaction and speed, almost fast to the extreme, each bullet is almost floating close to his body, not even the slightest scar left. Meng Qingming is as fierce as a tiger. He just dodges the bullet and appears in front of Tiya.

At the moment when Tiya is about to shoot the next shot, Meng Qingming's right hand turns into a palm knife and cuts Tiya's wrist.

Come on.

Tiya's bullet, too, went straight into the sky.

"Threatening me, Meng Qingming, you are not qualified." Meng Qingming said coldly, holding Tiya's arm with his right hand, and then turning his other hand into a fist, slamming it on Tiya's head.

Bang.

Tiya's whole body was blown up. In the middle of the sky, her head had exploded, and countless blood mists had been blown out.

Meng Qingming killed Tiya and walked slowly toward Mo Yunyan's car. "Miss Yunyan, come out. As long as you hand over the divine medicine No. 1 and follow me, I promise to save your life."

"You know, I like you. I can learn from heaven and earth, and express the sun and moon to your heart. You don't have a future in Mo's family. You have to go with me. That's your end result. "

Meng Qingming's eloquence is not bad, and his eyes are still full of tenderness. He doesn't know whether he is hypocritical or really likes Mo Yunyan.

Inside the car, Mo Yunyan is shaking all over. She never thought that Meng Qingming stopped her car and killed Tiya.

At the same time, she also understood why Meng Qingming would catch up, and insisted that she and Shenyao No. 1 were in the car.

Because Meng Qingming put a concealed locator on her and the box containing No. 1 medicine.

If she had not felt something wrong just now, she would not have found it if she had looked for it carefully.

She didn't understand. When did Meng Qingming release the locator? Why didn't she notice?

"Meng Qingming, you are so mean that you put a locator on me. I said, "how can you be kind enough to

protect me? It turns out that your goal is also the first drug of God."

Mo Yunyan didn't get out of the car, but pulled down the window, pointed to Meng Qingming and roared angrily, "where to go? I Pooh! I, Mo Yunyan, will not go with you even if I die. "

"If you want the magic medicine one, you have a dream! If you have the ability, you will kill me and take medicine one away. I tell you, I've already called my grandfather about this. You're ready to bear the anger of my mo family. "

Meng Qingming listened to Mo Yunyan's words, his face did not change at all, and his eyes still flickered with tenderness, "Yunyan, come with me, although I can stun you, and then take you away. But I don't want to do that. "

"I hope you're willing to follow me, and you're willing to take medicine one with you."

Affectionate.
