

MIGHTY SK 711

Chapter 711

"I Pooh!" Mo Yunyan looked at Meng Qingming that way, almost did not spit out, "willing to go with you? Don't make me sick, will you? "

"I'm Mo Yunyan. Even if I like a pig, I won't like your insidious goods."

"Mo Yunyan, you forced me." Meng Qingming listened to this, his face suddenly became ferocious, his eyes flashed crazy, "since you don't want to go with me willingly, no wonder I'm strong."

He said crazily, then sped up and ran towards Mo Yunyan.

But he just ran forward two steps, suddenly stopped, and then quickly retreated.

Come on, come on.

Almost as soon as Meng Qingming ran away from the spot, a series of bullets blasted at the position where he had stood before, blowing out the soil fog.

More than a dozen young people of good quality appeared from afar, armed with a gun, and they were very close to each other. They soon ran here to protect Mo Yunyan.

"Miss Yunyan, are you ok?" A young man quickly came to Mo Yunyan and said respectfully, "sorry, we are late. By the way, where's captain TYA? "

He just came here and didn't notice the body nearby. What's more, TIA's head was blown out, even if he noticed it, he couldn't recognize it.

"Captain TYA is dead." Mo Yunyan took a look at Tiya's corpse in the distance, and then his eyes became cold, "that is, he killed Tiya, but also snatched the first drug."

"You kill him for me!"

Although Mo Yunyan didn't know these people, let alone the leading youth, she knew that they were from the Mo family by looking at the badge on each other's chest.

"Yes, Miss mo." The young man answered, then raised his head and looked at Meng Qingming.

At the moment of looking at Meng Qingming, the humility in his eyes disappeared, but he became bloodthirsty and fierce,

"no matter who you are, you dare to kill captain Tiya, you dare to disrespect Miss Mo, you dare to think about Shenyao No.1, you will die today."

He holds a gun with one hand, looking at Meng Qingming, only cold in his eyes, "fight fast, kill him, and then leave here."

With his orders, the more than ten Mo elite launched a shooting at Meng Qingming at the first time, and did not give Meng Qingming a chance to speak at all.

As the elite of the Mo family, these people are all people who have experienced the bloody fire. Countless examples tell them that all fighting back from defeat is due to too much nonsense.

What's more, Meng Qingming's ability to kill captain Tiya is enough to prove that Meng Qingming is not simple and they dare not be careless at all.

So they didn't talk too much, and they were very decisive.

Dozens of bullets were fired at the first time, like firecrackers, which exploded madly and crackled.

When the bullet exploded on the ground debris, it was like vegetation flying, rocks flying, the momentum can be described as extremely heroic.

Smoke of gunpowder filled the air.

In the face of so many crazy bullets, Meng Qingming didn't hesitate at all. He flashed to the distance and found a shelter.

Countless bullets are almost close to his heel exploded on the ground, extremely dangerous.

But even so, Meng Qingming is extremely calm, except for two bullets he did not avoid, shot in the scapula, the other bullets were he dodged.

The Mo elite looks at Meng Qingming, who is as quick as a monkey. His face becomes ugly. At the same time, the bombardment is more crazy.

They didn't expect that Meng Qingming was so powerful, so many bullets were ejected, and they didn't kill him.

Just very soon, their bullets have been shot, and Meng Qingming, but still not much damage.

At the moment when he found out that the elite bullets of the Mo family had run out, Meng Qingming turned his head and grinned grimly, "it's a good fight, isn't it? Next, it's my turn."

He grinned grimly, touched the ground with his right foot and let out a roar. The whole man shot at the elite of the Mo family like a shell.

Looking at this scene, the young man's eyelids trembled and his face became ugly in an instant.

"Together, kill him!"

With his voice, more than a dozen people throw away their empty guns, draw out their swords from their calves, and fight madly toward Meng Qingming.

Well trained.

Meng Qingming looked at the scene, not angry but laughing, "just a group of garbage, go to die."

With his voice, he quickly ran to the head of the young man, turned to avoid the other side's knife, left arm stuck in the other side's head, snapped.

All the people who watched the crisp action were a little scared.

In the air, filled with a repressive atmosphere.

"Waste is waste. Without a gun, you are a bug in my eyes. You can be crushed to death."

Meng Qingming laughs scornfully, grabs the young man's sabre, kicks it away, and then kills the rest.

Whoosh.

A knife, split in one of the neck, skyrocketing blood column spray, the other's head was also chopped up, like a blood gourd flying to the distance. Meng Qingming kept moving. He twisted his body, snatched another Sabre and stabbed it with his backhand.

With a sneer, the saber in his hand pierced into another man's chest, completely penetrating, and it seemed that he could not survive.

At the moment when he drew out his saber, the blood all over the sky sprayed out and splattered all over his body, rendering his whole person as a blood man.

To understate the three, Meng Qingming did nothing.

The rest of the elite looked at the scene, their eyes were full of fear.

However, they did not shrink back.

"Elite? You deserve to be elite, too? Ridiculous Meng Qingming vigorously forward, the whole person like a jackal tiger rushed to a person, will bump up.

At the moment when the other side flew up, the saber came out and directly cut off the other side's

legs.

The bloody legs fell to the ground, and the man screamed bitterly.

With a single hand knife, you can cut off flesh and blood, bones and legs. How hard does it take to do all this?

Meng Qingming cut off the enemy's legs. Without moving his eyelids, he ran out again with a knife like a tiger.

This is a massacre. It's a unilateral massacre. The Mo elite without a gun is like a pig or dog that can be slaughtered at any time in front of Meng Qingming, vulnerable and vulnerable.

With the spray of blood mist and the shrill howling, just a moment later, more than ten elites were all killed by the sword, and there was no one alive.

Blood, dyed red Meng Qingming, blood, dyed red the ground, the scene is as terrible as hell.

Mo Yunyan looked at this scene, it is cold hands and feet.

Meng Qingming is too powerful. She never thought that Meng Qingming would be so powerful.

"Ah, it has nothing to do with me. It has nothing to do with me." Mo Yunyan in front of the driver looking at this scene, scalp numbness at the same time, crazy general opened the door, jumped down, fled to the distance.

Meng Qingming is so terrible that he would rather escape and be punished by the Mo family than die in Meng Qingming's hands now.

"Want to run?" Meng Qingming grinned and sneered in his eyes. With a swish of his right hand, the saber was thrown out and inserted into the back of the driver's head.

Blood burst out, Mo Yunyan's eyes were gray.

She knew that she couldn't go away, and she couldn't keep the magic medicine No.1.

After Meng Qingming killed the elite of Mo family, he didn't continue to talk nonsense with Mo Yunyan, so he knocked him out directly. Then he grabbed Mo Yunyan in one hand, and God medicine No.1 in the other hand, and left here quickly.

Chapter 712

The Mo family in the capital.

After Mo Yuanxing learned that Meng Qingming's blood killed the elite of the Mo family and robbed Mo

Yunyan and Shenyao No.1, he broke his beloved antiques.

He had a ferocious face and only anger in his eyes.

"Meng Qingming, the Meng family, is so brave. If you dare to fight against my mo family, if you dare to make the first idea of divine medicine, you are looking for death!"

Mo Yuanxing never thought that Meng Qingming, or the Meng family, should be so bold and dare to attack the Mo family.

He really wanted to release the news that Meng Qingming had robbed Shenyao No.1, but he had already revealed that Shenyao No.1 had been robbed by Wang Fan?

Now he finally knows what it means to lift a stone and hit himself in the foot.

"Mo Feng, you lead the team in person, kill Meng Qingming at all costs, take back Shenyao No.1, and try to protect Yunyan's safety."

"Mo Rui, you call the Meng family immediately, saying that Meng Qingming of the Meng family has hijacked Yunyan. Let the Meng family give me an account and monitor the Meng family 24 hours. Don't let them make any small moves."

"Mo Xing, please go to master Huguang and ask him to help you to cooperate with Mo Feng and take back the first Shenyao. Shenyao No.1 is of great importance. We must not let it slip away! "

After Mo Yuanxing's brief anger, he immediately gave the order.

"Mo Feng takes orders."

"Mori takes orders."

"Don't take orders."

The three people behind him got the order, immediately, and then quickly backed out.

"Meng Qingming, Meng family, regardless of the face and the agreement, you even made a hand at Shenyao No.1 and washed away the elite of Mo family. But you broke the agreement first. No wonder I don't travel far. I hope you can afford the consequences! "

Mo Yuanxing grinned, and his eyes flashed with a huge murder.

Mo family occupies the R & D right of Shenyao No.1 and is stationed in Jinzhou base, which is the common default of the eight families, and Mo family also gives up enough interests.

If shenyao-1 was robbed on the way, it can only be said that the Mo family has no ability to protect shenyao-1. No wonder others. But the Meng family of the eight families had already violated the original agreement.

Because shenyao-1 was really robbed in the middle of the journey, it disrupted the deployment of the Mo family. Not only did the Mo family send out a large number of elite troops again to encircle Meng Qingming, but also the helicopters that were watching Wang Fan's car were evacuated at the first time.

They monitor Wang Fan, the purpose is to track Wang Fan position at any time, and then use Wang Fan to attract fire.

Now Shenyao No.1 has been robbed. Where else do they want to watch Wang Fan? The most urgent task is to find Meng Qingming and take back Shenyao No.1.

Wang Fan was still thinking about how to get rid of helicopter surveillance, but when he saw that the helicopter had to evacuate, he couldn't help being silly.

He doesn't understand. He's under surveillance. Why should he evacuate?

But Wang fan is not a fool, he guessed for the first time that something important must have happened, and it is likely that the real God medicine No. 1 was robbed.

Wang Fan thought of this and was very happy. He almost clapped his thigh and cried out.

It's really a good fight. It's a second fight. It's a quack fight. No matter who robbed Shenyao No.1, Wang Fan thought that the Mo family deserved it.

They have wronged themselves and let themselves attract fire. Now the retribution is coming, that is, if they don't die, they won't die.

Just as Wang Fan thought about these things, his phone rang.

Wang Fan put on the Bluetooth headset to connect, and soon the voice of black LuoCha came from the phone.

"Wang Shao, something happened. Mo's elite was washed by blood, and both Shenyao No. 1 and Mo Yunyan were robbed on the way. "

Wang Fan had already guessed this matter, so the report to heiluocha was not very unexpected. He asked casually, "do you know who robbed him?"

"Meng Qingming of the Meng family." The short voice of heiluocha came from the other end of the phone.

"Meng Qingming?" As soon as Wang Fan's face changed, his eyes suddenly condensed.

He had thought that it might be the five headed demon king, or LAN Mingzi, or border Voldemort, but he didn't expect that it would be Meng Qingming.

However, Wang Fan soon realized that Meng Qingming's contact with Mo Yunyan was probably for the sake of the divine medicine No.1.

If he guessed correctly, Meng Qingming must have done something on Mo Yunyan, otherwise he would not have succeeded so easily.

"Now you release the news that the Mo family wronged Wang Fan just to confuse people. Now the real God medicine No. 1 has been robbed by Meng Qingming."

"By the way, if possible, we can get some pictures of the killing and expose them to make things more realistic and let them bite the dog."

"Don't let people realize that it's our news. Besides, you can find and track Meng Qingming for me, and tell me his trend in time. "

Wang fan made a decision in an instant and gave an order.He didn't want to stir up the Shenyao No.1, but now that he has been involved, he doesn't mind playing.

Now for Wang Fan, no matter the Meng family or the Mo family, he doesn't like the Shenyao No.1, and he doesn't want the two families to get it at all.

As for those foreign forces, Wang Fan didn't want them to get it.

Shenyao-1 is of great importance. If it is exported to foreign countries and produced in batches, it will be a disaster for China.

Wang Fan was a soldier, but he didn't want this to happen.

If he didn't participate in this matter, he should try his best to stop it.

If possible, Wang fan doesn't mind taking Shenyao No.1 into his pocket.

"Yes." Black Luo Cha should be a, silent a few seconds, then said, "by the way, Wang Shao, song consultant that you were framed, has rushed to the past."

"What?" Wang Fan's face changed in a moment, "you say Mei elder sister also mixed in? You immediately find a way to contact her and let her go back. "

"It's too dangerous here. Shenyao-1 is also sensitive. It's not good for her to get involved. What's more, I

can do it all by myself. "

Wang fan is really in a hurry.

Although song Rumei is a congenital master, how many murders has she experienced? In the face of those crafty underground power experts, she is difficult to please.

If nothing else, how many rockets can she carry?

"OK, I see. I'll contact consultant song as soon as possible." Heiluocha nodded and hung up.

Wang fan is to accelerate toward Mo Yunyan driving line ran past.

Not long after, the news that shenyao-1 was taken away by Meng Qingming was released, along with the killing photos on the scene.

After the news was released, it was a sensation. Most of the underground forces and fierce people joined in the search and encirclement of Meng Qingming.

Of course, some people are still following Wang Fan. After all, who knows whether this kind of news is true or not, is it a trick played by the Mo family?

Wang fan is still suspected.

Wang Fan didn't care about those people who were tracking. In fact, he had completely abandoned those people.

Now, his target is the capital, Meng Qingming.

More than two hours later, Wang Fan had already arrived at the border of the capital. At the same time, he got the news that Meng Qingming had been besieged into the Wuhuan mountain.

Without much hesitation, Wang Fan went directly to Wuhuan mountain.

It's just that he didn't move forward for long. His eyes narrowed and he suddenly stepped on the brake.

In front of the car, a woman in plain clothes stood elegantly with a slender willow waist and a tall figure.

The cool night wind lifted the skirt, revealing two charming legs, which was eye-catching.

Her figure is even better to burst, eyes such as silk, pretty face such as fox, red lips light pursed, full of temptation. The pride of the chest is more firm, half covered, half exposed.

Wang Fan looked at this unique creature full of temptations like a fox spirit. There was no desire in his

eyes, but only dignified.

Kou Guo, LAN Mingzi.

Chapter 713

Wang Fan eyes flow, almost instantly jumped out of the car, a face of doubt, "sister, are you lost? In the evening, why are you here? Where are you going? Why don't I give you a lift? "

At the same time, Wang Fan's whole body muscles are taut, and his internal Qi is flowing. He is crazy and ready to fight at any time.

Although LAN Mingzi didn't show her breath, Wang Fan felt her danger.

This is a strong enemy.

Of course, this is not the key, the most important thing is that Wang Fan caught a few obscure breath in the dark, needless to say, he was also the follower of LAN Mingzi.

LAN Mingzi looks at Wang Fan with no change in his expression, as if he is staring at a mole ant.

See her red lips light open, empty valley You Lan kind of cold voice spread to come out, "hand over God medicine one, then roll!"

"Ah?" Wang Fan opened his mouth, a panic expression, "what are you talking about? I don't know. Sister, do you recognize the wrong person

Wang Fan said, pretending to move forward two steps unconsciously, while narrowing the distance with LAN Mingzi, he stood in the middle of two giant trees.

When LAN Mingzi saw Wang Fan pretending to be a fool, his face became cold and there was no more nonsense. He waved his hand slightly. In an instant, several bullets came out of the dark.

Wang Fan had been on guard against those Gunners in the dark. Almost at the moment when the bullet was fired, the whole person had rushed to LAN Mingzi like a tiger.

At the same time, he took out his gun at the first time and fired three shots in a row towards the distance.

Come on, come on.

Three shots later, accompanied by a few stuffy hum, three figures fell from the dark, a head hit the ground, life lost.

Wang Fan overturns three people, the body shape of forward rush suddenly stops, pours, a bullet flies

past his forehead, raises a trace of blood.

In the face of this bullet, Wang Fan's eyelids didn't move. Two shots were fired in the direction of the bullet.

The shooter fell down and died on the mountain.

A row over four people, Wang Fan did not have the slightest satisfaction, continue to run toward LAN Mingzi.

He is as quiet as a cunning rabbit and as active as a fierce tiger.

In front and back, left and right, running and stopping, taking advantage of excellent military quality and the sense of danger, while avoiding bullets and getting close to LAN Mingzi, they are also reaping the lives of those Gunners in the dark.

"It's worthy of Wang Fan, and his strength is really extraordinary. Let me learn from him today." When LAN Mingzi saw that his subordinates could not do harm to Wang Fan, he was killed by Wang Fan instead, and his face was finally slightly dignified.

She waved her hand slightly, and the shooter in the dark stopped in an instant.

Then, as soon as LAN Mingzi stepped, the whole person rushed towards Wang Fan, like a wolf.

"Sister, is your name LAN Mingzi? It's a long night. It's not good to use a knife and a gun. Why don't we have a long talk in a hotel and experience a hundred flavors of life? "

"You are so beautiful, I am so handsome, we are absolutely talented and beautiful, the best gun friend, er, no, the best couple."

Wang Fan laughs and says that he has already rushed to LAN Mingzi's side and blasted out with one punch.

At this time, he didn't have the slightest pity for jade. His pity for jade meant that he was going to die.

"Shameless maniac, seek death!" LAN Mingzi listened to Wang Fan's teasing words, and his expression finally fluctuated and became angry.

She is a high-ranking figure in Kou country. I don't know how many people respect her. In terms of martial arts and Taoism, she is a master. When did anyone dare to tease her like this?

LAN Mingzi's delicate body twisted, and immediately avoided Wang Fan's fist. Then he split his right leg to 360 degrees and hit Wang Fan's head.

Her attack is not those tricks that are empty and cool, but the real killing tactics.

Not only fast, but also ruthless.

If Wang fan is kicked, he will die.

Wang Fan's face was dignified, but his mouth was unforgiving. "What's shameless? I mean it from the heart. Why?"

"You said, as a woman, you always cheat. That's not good. Even if it's a split, we should go to bed and split. "

Wang Fan Baji mouth said, the action is not slow, dodge LAN Mingzi's long legs, backhand is a palm.

Pop.

A clear sound, LAN Mingzi was shot in the back, when even a mouthful of blood.

But her reaction is also very fast, in the shot at the same time, the right fist is also like a water snake, bang in Wang Fan's chest.

Wang Fan only felt a strong attack. When he was blown out, his face turned pale.

"You mean mole ant, dare to insult me and die!" LAN Mingzi gave a cold drink. Regardless of his injury, he jumped up, raised a piercing roar and rushed to Wang Fan again.

Do you always cheat?

Wang Fan dare to insult her with such dirty words. If she doesn't kill Wang Fan, it's hard to get rid of her hatred! Just, LAN Mingzi just rushed out, her face changed.

Wang Fan, who retreated, burst up and rushed to an attendant who was hiding in the dark.

The attendant saw that Wang Fan jumped to himself, and his face suddenly changed.

He subconsciously wanted to shoot Wang Fan, but Wang Fan's right hand flashed, shadow knife broke the air, had cut his throat.

Gudong, Gudong.

Two low sounds, followed by a cluster of sound, spurted out the blood mist all over the sky.

"What a cunning thing!" LAN Mingzi is furious!

Rao is that she is not angry in general, and is not despised by Wang Fan.

This guy not only insulted her body with words, but also insulted her IQ now. It's like looking for death.

LAN Mingzi stamped at his feet, and the stone and earth all over the sky poured down. The whole person rushed to Wang Fan in a frenzied manner.

Wang Fan was shocked. With a little bit of his right foot, the shooter's body was spotted and blasted to LAN Mingzi.

"Sister, I'm not cunning. I'm very simple. Just now I just accidentally took a knife, and this guy died. No wonder I did

As Wang Fan retreated, he yelled, "sister, we never know each other. Why do we work so hard? Do you fall in love with me and know that I have a lot of beauties, so you fall in love with me? "

"No wonder I'm so handsome and I have a lot of beauties. Isn't that normal? As long as you stop now, I will not only guarantee you a place, but also give you a taste of my instant shot of hundreds of millions of bullets per second. "

Boom.

LAN Mingzi's right foot has been kicked in the shooter who was killed by Wang Fan, and the shooter's chest was directly kicked out of a blood hole and flew out.

At the same time, LAN Mingzi had already run to Wang Fan, raised his right hand and clapped it.

She was really about to explode. Her body was trembling and her height was undulating.

Since her debut, she has never seen such a shameless guy as Wang Fan, and she has never been so infuriated.

Shooting hundreds of millions of bullets in a second?

This is the biggest insult to her!

"Death Another dead word spits out. Due to Wang Fan's escape, LAN Mingzi's right palm slaps on the stone beside Wang Fan.

Boom.

There was a thunderous noise, and the stones fell apart.

The momentum is terrible.

"Why, is it true? Do you have to kill them all?" Wang Fan said that his body had already jumped out like a cheetah.

LAN Mingzi, who had just clapped his hand, had not recovered before he was suddenly knocked down by Wang Fan, and the two rolled on the ground.

"Heaven is a quilt, and earth is a bed. It's not bad. It's more meaningful than a big bed in a hotel. Hehe." Wang Fan grins straight. At the same time that LAN Mingzi is about to attack, he tears her dress and slaps her in the face.

Pop.

The scene was silent for a moment, and LAN Mingzi's surging strength was released in an instant. A blush appeared on his cold pretty face, and her beautiful eyes became angry.

At the same time, in the dark, the fingers of two shooters who were going to shoot were also stiff for a moment.

They did not expect that Wang fan should stick together with LAN Mingzi in such a shameless way and take advantage of LAN Mingzi.

Second, in this case, they dare not shoot at will, because if one is not done well, it will hurt LAN Mingzi.

Chapter 714

"Shameless apprentice, you let me go!" LAN Mingzi screamed crazily, and the killing voice seemed to spread across the whole valley.

"Hey, hey, do you want to let go? I haven't shown you my invincible shooting yet. Make sure you surrender every minute and kneel down and beg for mercy. "

Wang fan is laughing, but his action is not stop. He moves quickly on LAN Mingzi, which inspires her strength and tears her dress.

Large areas of snow-white skin exposed, for the dark valley to add a bit of beautiful, vivid.

"Wang Fan, if you dare to touch me today, I will kill you." LAN Mingzi was very angry, but at this time, he had nothing to do.

She couldn't bring it up at all.

Whenever she has some strength and plans to attack violently, Wang Fan will scatter her fingers.

Pop.

Wang Fan listened to the threat, not only did not let go, but also gave a hard pat, unhappy way, "scare who, you when I scared big ah?"

Wang Fan's mouth said, but the action is non-stop, and soon the clothes on LAN Mingzi's body became a piece of cloth, which can no longer cover the exciting spring scenery of the lake.

LAN Mingzi is pretty, hot and gnashing her teeth.

She never thought that she could not kill Wang Fan, but she was humiliated by Wang Fan.

Anger!

Endless anger!

"Lan Mingzi, I don't have Shenyao No.1. It's wrong of you to find me. For the sake of you being a woman and loving me so much, I'll spare your life today. Next time you dare to use a knife or a gun at me, don't blame my people for being ruthless. "

Wang Fan said that he tied LAN Mingzi's hands and legs and kicked him in the distance. Then he jumped up in an instant and ran away.

He didn't want to kill LAN Mingzi, but he didn't dare to.

Although Wang Fan, the follower of LAN Mingzi in the dark, killed a lot of people, there were still a few people who didn't.

Those people feel very dangerous to Wang Fan, and Wang Fan also smelled a strong smell of gunpowder.

Obviously, they have sniper guns or rockets in their hands.

This is also the reason why Wang Fan knocked down LAN Mingzi in an instant and stuck with her.

"I'll kill you!" Almost Wang Fan's figure had just disappeared, and LAN Mingzi's strength had been restored.

With a swing of his hands and feet, his strong spirit spewed out, directly tearing the shackles, and then a carp straightened out, which made him stand firmly on the ground.

Previously, if Wang Fan had not shamelessly pointed at her sensitive parts so that she could not lift her strength, this piece of cloth would not bind her at all.

After LAN Mingzi regained his freedom, he planned to pursue Wang Fan, but when he looked at himself,

he gave up his mind.

She LAN Mingzi is a person with a head and a face. If she appears in such a state, she can't afford to lose that person.

"Fire, kill him!" LAN Mingzi roared out with hate, and his body flashed a few times. He ran directly into the car not far away.

Boom.

A rocket burst out of the air and blasted in the direction of Wang Fan's escape, setting off a fire all over the sky.

Unfortunately, the rocket failed to hit Wang Fan.

LAN Mingzi also knows that it's impossible to hit Wang Fan. She's just venting. After changing her clothes, she ran to Wang Fan's car quickly and searched carefully.

Although she has confirmed that most of Shenyao No. 1 is not on Wang Fan, she still wants to confirm it.

Looking for a long time did not find a god medicine one, LAN Mingzi face completely cold, "let's go."

Wang Fan looked back at the fire all over the sky, choked at the corner of his mouth, and then yelled, "your sister's, you're really cruel. Next time I see you, I have to lift your skirt and smash your butt. "

Wang Fan scolded and flashed into the jungle.

According to the positioning from heiluocha, he is constantly approaching Meng Qingming, the target of Shenyao No.1.

Half an hour later, Wang Fan ran to the top of a mountain according to the gunfire.

At the bottom of the mountain, Meng Qingming is running furiously with the divine medicine No.1.

By his side, he has sniped dozens of Meng family elite, while Mo Yunyan is bound with his hands and pressed forward by two elite.

Behind them, a group of people are struggling to pursue, which is sometimes mixed with harsh gunfire.

The sound of gunfire resounded like firecrackers, which was extremely loud in the silent valley.

Meng Qingming originally intended to leave alone with Shenyao No. 1, and then used the elite of the Meng family to attract fire.

But he noticed that there were many strong breath in the dark, so he didn't find the chance.

Bang bang.

The sound of gunfire was deafening.

Many dense bullets are like a big net, constantly exploding on the mountain, with a strong atmosphere and arrows pulling out.

With good military quality, Meng family's elite killed those pursuers crazily, accompanied by the spray of blood fog, followed by the extinction of life. In the sky, helicopters are also circling, from time to time put a few bombs, so that the whole mountain seems to form a battlefield.

Under this terrible firepower, some underground forces who are not very strong have begun to retreat.

Now shenyao-1 has successfully entered Beijing, and the opponent's firepower is still so fierce that not all forces are qualified to play.

Once it causes the anger of the capital and the anger of the eight families, they will be doomed.

Of course, the withdrawal of most forces does not mean the withdrawal of all forces.

Shankou society, heikou regiment and xueya mercenary regiment have not been removed.

Border Voldemort, Kou Guolan Mingzi, haoguo five headed demon king, these underground forces super fierce people also did not withdraw.

Whoosh, whoosh.

With another round of bombardment, soon, the elite of the Meng family killed countless enemies again. The blood dyed the mountain road red, and the whole five ring mountain seemed to become a sea of corpses.

"Withdraw." Another command sounded, another force chose to retreat without hesitation.

Meng Qingming and others are also under great pressure.

However, he did not have time to relax, a few figures appeared in the line of sight, became a roadblock.

Led by a tall foreign man, red arm tattoo, muscular. The dark lines on his body are like those carved with knives. They are angular, hard and full of explosive force.

Carrying a sniper gun on his body, he walked out with five fierce men, arrogant and domineering.

"Leave No.1 medicine, get out of here, or we'll all die together!" The foreign man's poor Chinese came out, his eyes twinkled with contempt, full of momentum.

Black hand, wild cat!

Meng Qingming's eyes shrank and his face suddenly became solemn.

"This is Huaxia, a forbidden area for mercenaries and foreign societies like you. Have you ever thought about the consequences of your blatant intrusion into China? "

Meng Qingming handed the God medicine No. 1 to a sharp man beside him, and said solemnly.

"Consequences?" The wild cat grinned and looked up. A subordinate fired directly into the sky.

With a bang, a helicopter was overturned and exploded in mid air, with blood in the sky.

Provocation, chiguoguo provocation.

The wild cat grinned. "I'll say it again. Leave the magic medicine one. Go away! Besides, what we have committed is not Huaxia, but your Meng family. "

"Shenyao No.1 is the best. You Mengs don't have the strength to own Shenyao No.1."

Meng Qingming's pupils suddenly contracted, and then there was no nonsense, "kill!"

The war will start!

Chapter 715

With Meng Qingming's order, more than a dozen Meng family elite jumped out of the crowd and rushed to the wild cat.

It's killing.

These Meng elite did not use a gun, but in a simple and direct manner, rushed to the wild cat and others, trying to overthrow the enemy with strength.

"Up When the wild cat saw that the elite of the Meng family didn't shoot, he would not shoot foolishly. He jumped up and led the attack.

This is the capital, even in the outskirts of the five ring mountain, has entered the capital. In the capital line, it's natural that no one wants to use a gun without a gun.

In case of attracting Chinese troops, no one will be able to win.

In the blink of an eye, the two sides fought wildly together.

Every time their fists and feet collided, there was a piercing roar, and their murderous spirit was fierce.

Just in a moment, each side suffered damage and died miserably.

Six subordinates of wild cat had been killed by thunder in an instant, and there was no sound.

Of course, eight of the elite of the Meng family were also killed. It can be said that they killed 1000 enemies and lost 800.

Their collision is very simple, direct, rough, no fancy action, no performance nature, every shot, is to kill the enemy for the purpose.

Bloody touch.

Only wild cat, fighting alone three Meng elite, but still seems to be at ease.

After the tragic death of six subordinates, he immediately rushed out of several subordinates and fought with the elite of the Meng family.

At the same time, the wild cat's eyes flashed with the light of a beast, leaped up like a murderer, and directly suffered a fierce kick from a Meng family, and then blew each other's head with a blow.

"You are all going to die." The wild cat grinned and growled!

At this time, another Meng elite rushed from the side, raised his right leg, raised the roaring wind, and straightened the head of the wild cat.

At the same time, a sharp dagger appeared on his toes.

If it's kicked, it's absolutely penetrating the brain.

Ferocious and overbearing.

The wild cat's eyes flashed a touch of madness, clenched his fists, and his strong muscles raised like grasshoppers. Then he suddenly leaned forward and threw himself on the ground, directly blocking the opponent's right leg.

The sharp point of the knife was only a few millimeters away from his head.

However, these millimeters seem to have become a natural moat, and can no longer pierce for half a minute.

"Death The wild cat roared, his arms suddenly forced, and the enemy's right leg was snapped. Before he could scream, the wild cat had already broken his broken leg, folded and stabbed back, and the dagger penetrated his head.

Blood spray, this Meng family even fell to the ground, dead!

Meng Qingming didn't pay attention to the fighting at the scene, and he didn't care about the life and death of the elite Meng family.

At the same time of the war between the two sides, he had quickly retreated with several cronies, intending to leave from another direction.

Shenyao No.1 is very important and can not be lost. He has no time to waste with these people.

The most important thing is that if we delay here for a long time, other forces will come soon. Once we fall into the encirclement, Rao Shihe and Meng Qingming will be hard to please no matter how powerful they are.

What's more, for the sake of shenyao-1, the Meng family has already offended the Mo family. If shenyao-1 is captured, wouldn't it be like drawing water from a bamboo basket?

If the magic medicine No. 1 is available, even if it offends the Mo family, it doesn't matter to their Meng family. But once it is taken away, it will not be worth the loss.

Meng Qingming's calculation is very good, and his retreat is also very fast, but before he leaves, several figures appear again, blocking his way.

This is a group of warriors of the state of Kou. They wear the same samurai sword on their waist. They have a strong breath.

"Shankou society?" Meng Qingming's eyes were ready to crack, "do you also want to snatch the No.1 God medicine? Can you afford the consequences? "

"Leave No.1 medicine, get out of here, or you'll never be left!" The first man pulls out the samurai sword and stares at Meng Qingming coldly. His words are full of disdain.

"You are not qualified enough to kill me!" Meng Qingming gave a ferocious smile and issued the order again.

In a flash, the confidants rushed to the warriors of Kou.

Meng Qingming is alone carrying the medicine one, flashing to another direction.

Only after a few steps did he suddenly step back again.

A group of bloody men appeared from the front, each carrying a gun, blocking Meng Qingming's retreat.

Blood tooth mercenary regiment!

Three forces gather!

"They are not qualified. What about us? If we're not qualified, what do we add up to? " Blood tooth mercenary regiment head blood tooth said, raise hand is three gun.

The speed of his shooting was extremely fast. He raised his hand, aimed and pulled the trigger, almost all at once, not even for half a second.

Meng Qingming's face changed greatly, and he immediately launched a crazy escape.

But his speed is still a beat slower.

Two bullets hit him in both arms and raised two clouds of blood.

The magic medicine No. 1 falls on the ground, and Meng Qingming's whole heart is like an ice cellar. If it's just the collision of body and the confrontation of strength, he may have the confidence to break through the siege.

But now, the other side still has a gun in his hand, he wants to take the magic medicine No. 1 to kill out, which is undoubtedly a fool's dream.

"Kick the medicine one over and kneel down, or it will blow your head!" Blood tooth grins grimly and points at Meng Qingming.

Meng Qingming's face changed again and again. Suddenly, he rushed to Mo Yunyan not far away.

Mo Yunyan hasn't reacted yet, he has been held by Meng Qingming's throat, and his body is hidden behind Mo Yunyan.

"She's Mo Yunyan. She developed Shenyao No.1. Put down your gun, or I'll kill her immediately!"

Meng Qingming screamed, "she is the key to Shenyao No.1. When she dies, you can only get those semi-finished Shenyao No.1. You may not know that the data of shenyao-1 has not been completely improved. "

Meng Qingming can not manage so much, in order to survive, he can only use Mo Yunyan threat.

Up to now, it's still unknown whether he can save his life, not to mention that he can't keep Shenyao No.1.

"Meng Qingming, you are mean!" Mo Yunyan's face turned pale in an instant, and her delicate body trembled.

She never thought that Meng Qingming threatened himself to survive.

Is this still human?

Funny, Meng Qingming said he loved himself before. Fortunately, I didn't believe it, otherwise I would be angry to death.

"Shut up." Meng Qingming cold voice angry, and then looked at the blood teeth, "I can give you the medicine one, can also give her to you, but you have to give me a way to live."

He said, but also took the initiative to kick the medicine No. 1 to the foot of blood teeth.

The bad root of human nature is vividly reflected in Meng Qingming at this moment.

In the past, he threatened the enemy with arrogance, as if he wanted to sacrifice his life to defend China. Now, he even sent out the divine medicine No. 1 and Mo Yunyan.

Don't he know how much disaster it will bring to China once the shenyao-1 and Mo Yunyan are given to these people?

Blood teeth eyes narrowed up, muzzle down, eyes flashing hesitation.

Meng Qingming, taking advantage of the hesitation of xueya, suddenly kicks Mo Yunyan in the direction of xueya, and immediately jumps to the distance.

As long as Mo Yunyan can fight for a few seconds for him, he can completely break through the siege and save his life.

Mo Yunyan's face turned pale and his eyes were gloomy.

Meng family elite see Meng Qingming all abandon God medicine No. 1 to escape, where can also desperately, a short period of time began to run crazy.

The Shankou society and the black hand regiment did not pursue, but turned their targets to the xueya mercenary regiment.

"Withdraw." Blood teeth looking at this scene, but also ignore the escape of Meng Qingming, grab God medicine one, and take Mo Yunyan, turn to go.

Shenyao No.1 has arrived. Now he just wants to think about how to leave Huaxia.

Chapter 716

In order to survive, Meng Qingming sent out the news of Mo Yunyan and Shenyao No.1, which spread out in an instant and shocked the whole capital.

"Meng Qingming is really a scum. In order to survive, he even sent out the first Shenyao. It's shameless."

"Son of a bitch, son of a bitch, it's a shame to me. If I were Lao Tzu, I would kill those bastards even if I were to die. "

"Is shenyao-1 something that can be delivered? Does he want others to cultivate experts and then kill them back to China? "

"It's said that Meng Qingming got the No.1 divine medicine after calculating the Mo family. This kind of person should be cut to pieces!"

Rao Shi's incident has just happened, and it has exploded the relevant circles of the whole capital.

There was a roar of abuse, not to mention that Meng Qingming's reputation was completely rotten, and even the Meng family couldn't lift their heads.

When master Meng got the news, he almost got a heart attack.

On the one hand, he secretly sent people to continue to snatch Shenyao No. 1, and on the other hand, he announced that he had no knowledge of the matter. Meng Qingming made his own decisions about everything, and he also expelled Meng Qingming from his family.

If master Meng had known that Meng Qingming would do this, he would never have sent Meng Qingming to do it.

This not only makes him offend the Mo family, but also may bear the pressure from above.

You know, this is the first drug of God. If Meng Qingming dies in battle and fails to keep it, he can say it's over.

But now, Meng Qingming even directly sent it abroad, and also sent out Mo Yunyan. Isn't this a disgrace to the Meng family?

Mo family, Mo Yuanxing know the news, also don't know is angry or smile.

After all, Meng Qingming made wedding clothes for others.

Wuhuan mountain.

The war continued. Under the joint suppression of the two great regiments, Shankou society and black

hand regiment, the bloody tooth mercenary regiment, which was a fierce and famous one, was hard to please and had to fight and retreat.

Mo Yunyan is held in the middle like a doll, and has no hope of living.

If she was taken away by the blood tooth mercenary regiment, she would never see the light again.

It will not only become a research machine for others, but also a tool for catharsis. She just wanted to commit suicide, but she couldn't do it.

Wang Fan, who was hiding in the dark in the distance, was also a little worried, imagining how to start.

Shenyao No.1 is absolutely not allowed to be taken abroad. What's more, these people have committed crimes in China. How can they leave easily?

If you offend China, you must be killed by thunder!

There are more than 30 people in xueya mercenary regiment, each of whom is powerful and accurate. Under their heavy cover, xueya, with Shenyao No.1 and Mo Yunyan, soon withdrew from the depths of Wuhuan mountain and went to the periphery.

The two major forces, the black hand group and the Yamaguchi society, are constantly pressing close. As for the frontier Voldemort, the five headed demon king of haoguo and others, they have not appeared yet.

Wang Fan didn't hurry to follow. After all the people left the valley, he flashed out from the foot of the mountain and quickly found a member of the dead blood tooth mercenary regiment. He changed each other's clothes on him.

At the same time, he also grabbed a few bloody soil on his face. After confirming that he could not recognize it carefully, he left.

Taking advantage of the chaos, Wang Fan secretly killed many members of the black hand group and the Shankou society, and then mixed into the blood tooth mercenary corps and became one of them.

There is no sudden, and in this tense atmosphere, it has not been found.

The strength of the blood tooth mercenary regiment is really very strong. In the face of the crazy attack of the black hand regiment and the Shankou society, Rao Shi still calmly retreated from the mountain, and soon ran to several pick-up off-road vehicles.

Because of the death of one blood tooth mercenary group after another, Wang Fan mixed in from the outside and became one of the two members who were holding Mo Yunyan, close to blood tooth.

There are six people around xueya. They are all lucky. Their strength and luck are first-class and powerful.

The rest of them all died on the way.

"Damn it, Shankou society, black hand group. If I go out alive this time, I won't be called xueya if I don't blow you a few shots."

"Get in the car, let's go!"

Blood teeth spit out foam, grinning angrily, eyes full of bloodthirsty madness.

This time, although he succeeded in seizing Shenyao No. 1 and Mo Yunyan, the loss was too great.

If his blood teeth don't get angry in the future, he will be angry.

With the sound of blood teeth, he quickly grabbed shenyao-1 and got into one of the cars.

Wang Fan naturally did not neglect, escorted Mo Yunyan to sit up with another person.

The rest of the people didn't think there was anything wrong, so they got on other cars quickly and left madly.

The gunfire of the gangster group of Shankou society was at the rear of the car, which made the earth fog all over the sky. However, it still failed to leave blood teeth, so it could only watch the other party leave.

They are about to chase, the harsh sound of the car engine rang up, almost blood teeth just away, another road, a few heavy trucks will drive crazy. On the heavy truck, there are all the same soldiers.

Looking at these soldiers, Shankou society of the black hand regiment no longer cares to pursue xueya, turns around and runs to the mountain.

In this case, they have no way to pursue blood teeth, and escape is the king.

On the off-road vehicle, blood teeth were knocking on the box with the magic medicine No.1, and their eyes were full of anger.

"Damn, is it really that valuable? This time, I'm really at a loss. If I don't give you three times the Commission, I'll take it myself. "

Blood teeth angry mutter, obviously, the loss is too big, make him some flesh pain.

As soon as his voice fell, the telephone rang. Xueya took a look and connected carelessly. "The thing has

arrived, but I want to increase the Commission."

"Less than 500 million, I'll take the magic medicine one myself! By the way, that Mo Yunyan I also robbed, she how also worth 300 million? Plus 300 million, you choose the place to trade. Otherwise, there is no need to talk about it. "

"Damn, I really lost a lot this time. If I knew that, I would not accept your business."

Blood teeth careless, while saying, while swearing.

"Money is not a problem. You just need to protect Shenyao No.1 and Mo Yunyan. I'll give you 800 million yuan."

"But you have to be careful. I've got the news that the five headed demon and Voldemort have gone to intercept you. Don't fall into their hands."

Said the voice on the other end of the phone.

"Five heads? Voldemort Blood tooth eyelid a stare, "they calculate what thing, also dare to come to my trouble?"

"Damn, I have no place to get angry. If they don't come to me, I'll kill them."

Blood teeth words just fall, pupil suddenly contracted up.

I saw a burly man in his forties standing in front, just like an iron tower, blocking their way.

His body is full of violent and powerful atmosphere, standing in the middle of the road, it gives people a kind of feeling that one man is in charge of everything.

"I see five demons. Hang up first. I'll get in touch with you later." Blood teeth looking at the middle-aged man, instantly hang up the phone, and then issued orders.

"The people in the back stop the five demons, and you can speed up! I don't believe it. He's a five headed devil. He really has five heads! "

"Yes Blood teeth members have to make a good response.

The driver on the side of blood tooth directly stepped on the accelerator to the end and ran into the five headed demon king.

The cars in the back stopped at the first time, and then the blood teeth got out of the car, raised their guns and prepared for the attack.

Chapter 717

When Wang Fan frowned and pondered over who had hired the blood tooth mercenary regiment, the SUV had already set off a fierce roar and crashed into the five demon kings.

The speed of the car exceeds 100 per hour in an instant, and it is still soaring. The whole car is like a runaway wild horse, which makes people experience what is called speed and passion.

Mo Yunyan felt this scene, already a scream, scared fainted.

Wang Fan was not afraid, but looked at the five demon kings playfully. He also wanted to see the strength of the five demon kings.

At the moment when the car was about to hit the five headed devil, the five headed devil moved in an instant.

His right leg suddenly leaped up like an eagle. It was as if he was performing his peerless lightness skill. His legs began to swing in the air.

When!

The first foot, he stepped in front of the car, with a fierce roar, the whole person again.

When!

Second, he stepped on the glass behind the SUV. The glass began to crack under his strong force, but it was not broken.

You know, the SUV is running forward at a speed of more than 120 per hour, while the five headed demon is jumping backward, one positive and one negative. In this case, he almost broke the bulletproof glass. What's the strength?

It's horrible!

Wang Fan leaned forward slightly to prevent the broken glass from injuring himself, while holding and pressing down Mo Yunyan, who was in a coma, to prevent the woman from being injured.

Fortunately, the off-road vehicle glass did not break, but rushed to the distance, far away from the five demon king.

Then, the crackling gunfire rang out, and the five demon kings had been fighting with the blood teeth.

At the moment when the car rushed to the corner and was about to disappear, Wang Fan clearly saw that all the blood teeth members had been killed by the five headed devil in an almost brutal way. At the same time, he turned back and chased the SUV crazily.

Wang Fan looked at this scene, his face slightly dignified, the strength of the five headed demon king, really can not be underestimated.

And the front of the blood teeth, has a big scold, "Damn, what five headed devil, in front of me is a slag, unexpectedly failed to kill you, really his mother's pity."

"If it wasn't for Lao Tzu's fighting with the gangsters of Shankou society and consuming their strength, how could they be so embarrassed? What a motherfucker! I've been bullied by dogs

Blood tooth appears to be very angry, obviously he also saw the scene that his subordinate was killed by the five headed demon king.

So far, it can be said that in addition to a few people on the car, the elite brought by blood teeth has been completely destroyed and suffered heavy losses.

"If you run after me on two legs, are these five demons out of their heads? I'm in a hurry. I'll go back and smash your dogleg. "

Blood teeth murmured, and from time to time he took out his gun and blasted back to vent his anger.

At a certain moment, with a sharp brake, the off-road vehicle suddenly stopped.

The unprepared xueya almost bumps into the glass. After he stabilizes himself, he slaps the driver on his side.

"how the hell do you drive? If you can't drive, you'll go away. Xueya doesn't want such rubbish as you!"

The driver was slapped by xueya and didn't dare to attack at all. Instead, he pointed to the front area and said, "boss, nail."

Blood teeth by such a reminder, just found in front of the road actually sprinkled a row of tire burst nails, obviously, this is someone intentionally sprinkled.

"Grandson tortoise, you can't beat me with your fists. How can you use this kind of means? What's the matter?" Blood tooth angrily bah one mouthful, but didn't get out of the car, "you go down to have a look, removed the tire burst nail."

Xueya is not a fool. People set up roadblocks here to stop them. Although he didn't see anyone now, he would not believe it if he said there was no ambush around.

He wanted to go down and blow up these dog things, but there were not many people around, so it would be dangerous for him to go down. Second, shenyao-1 and Mo Yunyan are worth 800 million yuan. He doesn't want to make any mistakes.

If both Shenyao No.1 and Mo Yunyan are robbed, he will really lose his wife and lose his army.

Hearing the order of xueya, the driver and another xueya member escorting Mo Yunyan with Wang Fan got out of the car quickly and walked toward the tire burst nail carefully.

For a time, only xueya, Wang Fan and Mo Yunyan were left on the bus.

Xueya has also climbed from the co pilot's seat to the driver's seat, looking forward with a dignified face. Once something goes wrong, he will drive to run for the first time.

Perhaps because his expression was too focused, he didn't notice Wang Fan who didn't get off the car.

Two blood teeth members soon came to the side of the tire burst nail and began to pull out the tire burst nail, but they did not pull out two, and three figures came out from the front.

Headed by a pale, thin man, he wore a white windbreaker, combed a small flat head, and yawned from time to time, with a look of malnutrition.

The feeble feeling, as if a wind came, would blow him down. However, his eyes are very cold, cold like a poisonous snake, also emitting a strange green light, the whole person looks like a demon, people feel chilly.

The two men beside him were half a step behind him, obviously his entourage. Compared with him, the two retainers had more momentum.

His face is cold and his breath is strong.

The blood tooth on the car looked at these three people, especially at the thin man in the middle, slightly stunned, eyes suddenly tightening, "border Voldemort?"

Border Voldemort, in the underground world, is a resounding existence.

Speaking of it, compared with LAN Mingzi of Kou state, the five headed devil of Hao state is even more famous.

His killing and his ruthlessness are well known in the underground world.

When he rose in his early years, all the people or forces who had offended him would have been killed and bled thousands of miles.

For his enemies, he was a nightmare.

No one wants to offend Voldemort, offending him is equivalent to being sentenced to death.

If it wasn't for the fact that Voldemort has gradually retreated from the background in recent years and rarely made moves, I'm afraid his reputation would be even greater.

Compared with the five headed devil, blood tooth is more afraid of Voldemort, because when he rose, he challenged Voldemort, but he escaped with serious injury.

That's why he didn't dare to get out of the car to fight when he met five demon kings just now.

Because he was afraid of Voldemort lying in ambush nearby.

But the blood tooth thousand calculate ten thousand calculate but didn't think of, avoided five evil kings, he still didn't avoid Voldemort.

"Blood tooth, when old friends meet, don't you get off the car to meet them? Are you waiting for me to come and ask you to come down

Voldemort did not go to see the two blood teeth, but grinned at the blood teeth in the car.

However, his smile looks more terrible, it is better not to smile, giving people a more gloomy chill.

"I'm going to get off the bus when you get off. What are you? Damn it, load a fork with me. I'll shoot you to death. "

Blood tooth similarly grin to scold a, lift gun is two.

But all his bullets were dodged by Voldemort three.

By avoiding bullets, Voldemort, like a ghost, rushed to the blood teeth, while his two subordinates rushed to the two blood teeth members who pulled out the tire nail.

Chapter 718

Two blood teeth members saw the enemy coming, and at the first moment they jumped up and rushed to kill each other.

Neither side fired, as if a tacit agreement had been reached.

Two blood teeth members quickly rushed to the enemy's side, every inch of the body muscles are tight, strong strength to carry in the fist out of the air, stab the air, toward the enemy.

The momentum is fierce!

That two Voldemort belong to the following to such fierce attack, did not have the slightest intention to dodge, but the same blow out, with violence!

Bang

there was a loud bang, and the iron fists of both sides collided in an instant.

In this kind of violent collision, the surrounding air seemed to form a ripple, panicked and overflowed around.

Click

there was another harsh sound. The arms of the two blood teeth members were smashed in an instant. Panic appeared in their eyes, and blood gushed from the corners of their mouths. Under the terrible force, they were blasted out.

The gap of strength is too big.

They didn't expect that they were so vulnerable before they were under Voldemort.

Of course, this may also have something to do with their previous war and strength loss. But even so, they are still a little incredible.

If the masters fight against each other, even the slightest mistake will directly lead to defeat.

What's more, it's not a mistake, it's a fiasco.

They didn't wait for the blood teeth to react. They had already attacked them like cheetahs.

One person was directly hit by the enemy's powerful leg and killed instantly. When he fell to the ground, he had no life at all.

The other was sprained off his right leg and smashed to the ground. His head collided with the ground, splitting and bleeding.

Two blood teeth members, almost without any resistance, were killed by Voldemort in an almost brutal way.

Bloody and cruel.

At the same time, Voldemort has rushed to the SUV like a ghost.

Blood teeth eyes Yiyu crack, in this case, he did not have time to shoot, can only quickly start the car, intend to evacuate.

Just as he had just started the car, Voldemort's toes had already stepped on the left front tire in an almost violent manner.

Bang.

The heavy tire, at the foot of Voldemort, exploded like paper.

Xueya's face changed greatly. He knew that it was impossible for him to drive away, so he had to fight hard.

At this time, Voldemort, who had broken the tire, had closed his legs and stepped directly towards the door of the driver's seat.

If you step down, the door will definitely be broken. Even if you don't hide your bloody teeth, you may be seriously injured or killed.

"Damn it Blood teeth face a change, can no longer care so much, directly crazy hit the door of the co pilot's seat.

With a bang, the door was broken, and he had already run out.

At the same time, Voldemort's right leg also stepped on the door. Under his violent force, the door was like a matchbox, which was kicked to pieces, and the dregs spattered in.

Voldemort casually glanced at Wang Fan and Mo Yunyan in the car, opened the door and grasped the magic medicine No.1.

His purpose is the first drug of God. As for the blood tooth, he can kill it at any time. He didn't pay attention to it at all.

Just as his hand was just close to shenyao-1, one hand snatched shenyao-1, and an angry voice came out.

"What are you doing? You're robbing, you know? Do you want to be shameless? " Wang Fan grabs the magic medicine No.1, points to Voldemort's nose and yells.

"Our blood tooth boss worked very hard to get the No.1 Shenyao, but now you want to take it. Is it too naive?"

"What's more, our boss is still standing there. Will you be too indifferent to our boss?"

"You can't kill or disgrace me. It's impossible for you to take my boss's No.1 medicine under my nose!"

Wang Fan indignant said, also looked at the blood teeth, "boss, you don't worry, I have in, absolutely will protect the God medicine one and this woman."

"No matter who wants to take medicine one, he must step on my body. Don't worry about this shameless thing. I'll take care of Shenyao No.1. "

Voldemort and blood teeth looked at each other, the brain for a time some short circuit.

Voldemort is thinking, NIMA, where is this to rush out of two Leng son, didn't see blood tooth dare not provoke oneself? He dares to rob himself of the number one medicine. Don't you know how to write death?

Blood tooth also some muddle than, this is which subordinate, how so funny than ah. By the way, why didn't he go down to dig for the flat tire nail just now?

Blood teeth carefully looked at Wang Fan, just because Wang Fan's face was dark, he couldn't recognize his appearance at all. In addition, Wang Fan's words more or less gratified him, as well as Voldemort's covetous, so he didn't think much.

Anyway, it's a good thing that potion one hasn't been taken away. Otherwise, it's really hard for him to get potion one back from Voldemort.

"Voldemort, the magic medicine No.1 was snatched by my blood teeth. It's not kind of you to stick in such a way?"

Blood teeth pointed to Voldemort, angry voice, "although my blood teeth is not your opponent, you are not allowed to humiliate and trample, my blood teeth also have dignity!"

"As long as you let me go with the magic medicine one, I'll give you 300 million, OK?"

Although he looks very tough, he has already shown weakness.

Otherwise, we won't give money.

Wang Fan listen to this, secretly scold blood teeth have no backbone, if he, how drop all have to fight! He started to show weakness before he hit. Voldemort would promise to have a ghost.

Sure enough, Voldemort listened to the words of blood teeth, not only did not nod, but also showed sarcasm.

"Blood tooth, now you'd better think about whether you can save your life in my hands. As for Shenyao No.1, don't think about it. "

While he was talking, the two subordinates had surrounded him and surrounded him in three directions.

Blood teeth looked at this scene, his face became ugly again.

Now he is alone, oh no, and Wang Fan in the car. They are not Voldemort's opponents at all.

If it's a fight to the death, it's no good.

In the car, Wang Fan quickly wakes Mo Yunyan and covers her mouth when Mo Yunyan is about to scream.

"Listen, stay in the car and act according to the circumstances. It depends on your luck if you can survive."

Wang Fan said, in Mo Yunyan that face muddleheaded than the eyes of the car.

Obviously, Mo Yunyan couldn't figure out why he wanted to save her after kidnapping her blood teeth.

Wang Fan didn't pay attention to Mo Yunyan's mind. After getting off the bus with Shenyao No.1, he yelled, "boss, you hold on, I'll take Shenyao no.1 first, and we'll meet at the same place."

After Wang Fan finished, he took the magic medicine No.1 and ran away.

Blood teeth almost spit blood.

Now he finally understood that this guy was not a blood tooth member at all, but a sneaker. Otherwise, Wang Fan couldn't have gotten out of the car to shoot a flat tire nail.

Blood teeth members, no one has so much courage, dare not listen to their own orders, but also let their own mat.

Chapter 719

"You two, go and bring back shenyao-1. I'll clean up this guy first."

Voldemort looked at Wang Fan who was running away. His eyes were cold. At the same time when he gave the order, the whole person had rushed to the blood tooth.

In his eyes, the blood tooth is the enemy, even if the blood tooth is not his opponent, but the strength is still not to be underestimated.

If you go after Wang Fan and leave two subordinates fighting with xueya, most of his subordinates will be killed by xueya.

That's not what Voldemort wants to see.

What's more, just a Wang Fan, Voldemort has not been in the eye. In his opinion, his two subordinates are more than enough to deal with Wang Fan. They don't need to do it by themselves.

The most important thing is that he has to kill xueya. He has a deeper calculation.

At the same time that Voldemort rushed to xueya, the two subordinates also pursued Wang Fan with extremely fast speed.

Up to now, blood tooth where still don't know, God medicine No. 1 has nothing to do with him?

Whether Wang Fan gets it or Voldemort gets it, it has nothing to do with his blood teeth.

Blood tooth thought of here, did not mean to fight with Voldemort, turned and fled in another direction.

At present, the most important thing is to survive. As long as he survives, Wang Fan, Voldemort, Yamaguchi society, black hand group and five headed demon king will come to the door one by one to get rid of this evil spirit.

"Xueya, it's not easy to come to China. Since you're here, don't go. Huaxia is a forbidden area for international mercenaries. Although Huaxia has not sent anyone to exterminate you, I, Voldemort, can do it for you. "

Voldemort said coldly, without half hesitation, pursued the past toward the blood tooth.

Compared with xueya, a rising star, Voldemort, a hero of the older generation, is even more afraid of China.

He is well aware of the horrors of the Chinese military.

If it wasn't for Shenyao No.1, which is of great importance, and he also cares about it, he would not have set foot in China at all.

In doing so, he was afraid that he would be surrounded by the Chinese side and it would be difficult for him to leave the country.

After all, if he killed xueya, it would be a good reason to say that he came here to wipe out xueya and help Huaxia.

Voldemort has been in and out of the underground world for so many years. He is proficient in all kinds of crooked ways. He is not a bloody tooth.

One before the other, they soon disappeared in this area.

The two Voldemort subordinates were also attracted by Wang Fan and disappeared without a trace.

Mo Yunyan in the car saw that all the people had disappeared, and he couldn't care about the others any more. He ran down from the car quickly and chose another direction to escape.

Wang fan is running wildly with No.1 Shenyao. He has been running for more than 20 minutes, and he doesn't seem to slow down at all.

Two of Voldemort's subordinates were also panting after him. They all wondered how this blood tooth member could run so well. Did he practice long-distance running before his debut?

Fortunately, their speed and endurance are pretty good, even if they haven't caught up with Wang Fan, they haven't been thrown away.

At a certain moment, they suddenly saw that Wang fan stopped without any sign, and turned to look at them with a smile.

Ambush?

Their faces changed slightly, followed by a pause, while approaching Wang Fan, while carefully looking around.

But, all around empty, there is no trace of ambush, there is only the whirring wind.

Their faces were heavier and they felt more abnormal.

"Why don't you run? Aren't you good at running? You're running. Keep running? " One of them carefully checked the movement around him and cheered at Wang Fan.

Wang Fan turned to look at the two, some speechless, "run? Which eye did you see me run away? I was exercising, OK

"Don't look around. There's no ambush around. I'm the only one. Don't you want divine medicine one? Come on, as long as you kill me, divine medicine one is yours. "

Wang Fan didn't have good spirit of say, directed two people to hook hook finger.

Facing these two grasshoppers, does Wang Fan need to run?

If it wasn't for the fear of being besieged by Voldemort's blood teeth and attracting the five headed demon king and other forces, would he run away?

These two guys really take them for granted.

"Is there really no ambush?" Two people obviously don't believe that, if there is no ambush, Wang Fan, who ran away like a rabbit before, how can he stop suddenly. Still so bold and fearless to challenge them both?

Did Wang fan not see the brutal picture of them killing the two blood teeth members?

Wang fan is a little impatient, "I say you are also fierce people in the underground world, or Voldemort's confidants. How dare you be like a mouse?"

"How do you get along in the underground world like this? Do you want the magic medicine No.1? If you want it, do it. If you don't want it, go home and wash and sleep. ""I'm very busy. I don't have time to waste with you two grasshoppers. Really, with you two grasshoppers, if I also need to ambush, I will not mix up. "

Two people listen to Wang Fan this almost humiliating words, almost gas explosion lung, some blush neck thick.

This NIMA is so insulting.

They are Voldemort's generals. Even if they are not as famous as Voldemort, they are also famous in the underground world.

Now Wang Fan said that they were grasshoppers and looked down on them, which was more painful than slapping them in the face.

"Ha ha, OK, OK, I haven't heard it for a long time. Someone dares to call me grasshopper! Brother dog, you watch here. I'll meet this arrogant boy. "

One of them grinned ferociously, stepped on the ground with his right foot, and pounced on Wang Fan.

Another person did not move, but still carefully looking around, obviously in defense of those "ambush" people.

"You don't believe that there is no ambush. It's really annoying. I was going to go with you and clean up with you. Now it seems that we can only clean up one by one. "

Wang Fan grumbled, jumped up and jumped at each other.

"Don't be ashamed." Hearing Wang Fan's words, the guy laughed angrily, and the murderer suddenly appeared. His eyes flashed ferocious, and he directly pointed to Wang Fan's head.

The fierce spirit roared, tearing out a shallow white line in the air, and the bloody rising breath on him was even more frightening.

Obviously, this is a character who crawled out of the corpse. He didn't know how much blood he had on his hands and how many bones he had stepped down under his feet.

Otherwise, he could not have such a strong murderous and bloody spirit.

"Do I need to be ashamed to deal with grasshoppers like you? If Voldemort comes, I may be afraid. Unfortunately, you, Voldemort's running dog, are not qualified. "

With a sneer, Wang Fan waved the golden box with No.1 Shenyao and swung away his sharp leg.

While dispersing most of the opponent's strength, he dashed forward, stuck his left elbow on the opponent's bare leg, and then lifted the golden box with his right hand and smashed it down.

All of Wang Fan's actions are almost like flowing water, all at once, without half of stagnation. The experience of fighting and the speed of counterattack are amazing.

With a loud bang, the golden box hit the other side's knee, followed by a click, and the other side's leg was smashed to pieces in an instant.

Wang Fan didn't wait for the other party to scream out at all. His right leg had been raised in an instant, tearing the air and pointing at the other party's back.

Bang

Click

there were two more sounds, and the enemy's body was blasted out like a shell, then hit the ground, struggled a few times, and then there was no sound.

The scene was dead.

The other one looked at the companion who was killed almost in an instant, his throat grunted, and his whole body was cold

all over.

Chapter 720

"Are you going to die by yourself, or am I going to crush you? You're a good companion. I haven't warmed up yet. "

Wang Fan killed a man by thunder and turned to look at another Voldemort's man. His eyes were full of abuse.

Table dog listen to Wang Fan's words, can't help but step back, eyes flashing fear and fear.

Only now did he know that in front of Wang Fan, they were just like mole ants. Even if they were slightly stronger than mole ants, they were not much better.

Before, he thought that Wang Fan's blatant provocation must be bluffing and there must be ambush around him.

Now he realized that Wang Fan really didn't pay attention to them. Even Wang Fan's previous words of contempt for them were more true than real gold, and he really didn't care about them.

"You, you're not a blood tooth man?" Table dog did not immediately back, but side carefully back, while staring at Wang Fan asked.

In front of people like Wang Fan, running away will only make him die faster. At the same time, he also determined that Wang Fan was not under xueya.

With Wang Fan's strength, xueya is not necessarily an opponent. Where is the qualification for Wang Fan to be his subordinate?

"Ha ha." Wang Fan laughed, "you have a little brain. You can see that I'm not under xueya. What is his blood tooth, and he is qualified for me to be a subordinate? "

Wang Fan disdained bah a, facial expression becomes impatient, "since you don't come over, that I go over.". You're all together. You'll have to go together anyway. Fortunately, you'll have a companion on the way to huangquan. "

"I'm doing good." Wang Fan said, suddenly flash, like a ghost rushed to the table dog.

Wang fan doesn't like Voldemort at all. They dare to invade China for the sake of Shenyao No.1. This is a provocation.

Although Wang fan is no longer in the army, his blood is still there. To those who dare to trample on their territory, he will only send out three words: no mercy for killing!

Originally, Wang Fan was afraid of being besieged, so he didn't do it at the first time. But these two guys dare to catch up. Don't blame Wang Fan for his impoliteness.

"I'm Voldemort's man. You can't kill me. If you dare to kill me, Voldemort will not let you go."

Table dog see Wang Fan rushed, eyes Yi want to crack, while the crazy retreat, while burst to drink.

He is not Wang Fan's opponent at all, so he can only rely on Voldemort's reputation to deter Wang Fan.

As for Wang Fan's words of accumulating virtue and doing good, he almost wants to swear. NIMA, you're going to kill Lao Tzu and do good? Accumulate your sister's virtue and do your sister's kindness?

"Voldemort is nothing. Don't say he's not here. Even if he's here, I'll kill you if I want to."

Wang Fan disdained to say, the whole person has flashed to the table dog in front of the right fist to tear the air, blasted out.

Table dog saw himself move out of Voldemort, Wang Fan did not fear, still killed over, face more ugly.

He crazily clenched his teeth, trying to dodge at the same time, the same blow to Wang Fan.

There is no way to retreat but to fight to the death.

Even if he was dead, he would tear a piece of meat from Wang Fan to let Wang Fan know that his desk dog was not so easy to kill.

But the ideal is very plump, the reality is very skinny, in front of the huge strength gap, he has no chance at all.

The two fists collided and made a terrible noise. The table dog felt a strong blow into his body, and his arm was smashed.

Table dog made a quick decision, his left hand suddenly flashed, grabbed a sharp stab, regardless of the pain, crazy stabbed to Wang Fan's belly.

This guy is absolutely cruel. He is cruel to the enemy and even harder to himself.

How strong is this guy's endurance?

"Playing with knives?" Wang Fan felt the crazy counter attack of table dog. His face changed slightly and he stepped back.

Sharp stab cut empty, table dog and no accident, suddenly burst to drink, once again crazy to Wang Fan, "go to die!"

"Courage is commendable, but strength is not enough. Playing with a knife in front of me is beyond your ability!" Wang Fan teased a smile, suddenly left step, dangerous and dangerous to avoid the table dog's sharp stab, and then a backhand.

The light flashed, the dog's expression suddenly stagnated, and his body rushed forward several meters under inertia, then fell to the ground.

"I know who you are." he stares at Wang Fan and says a few words intermittently. A blood sword suddenly erupts from his throat, and then he falls to the ground, silent again.

"I don't know. I don't want to die? But don't worry. Voldemort, your eldest, will be with you underground soon. "

Wang Fan snorted with disdain. He was about to leave, but his step was a little, and he suddenly turned to the right.

Just listen to a "Pa Pa Pa" slap sound, a burly and strong man clapped his hands and walked towards Wang Fan.

"Yes, yes, you have some ability to kill the two generals of Voldemort. However, with your ability, it's not qualified to take the Shenyao No.1. "As he said, the burly man approached Wang Fan. "For the sake of you bringing me the No.1 God medicine, as long as you leave the No.1 God medicine, go away, I'll spare your life."

Arrogant and domineering.

He didn't pay attention to Wang Fan at all.

Wang Fan also recognized this guy, the five headed devil.

He didn't expect that the five headed devil appeared here, and he didn't notice it at all.

This is a strong enemy.

Wang Fan's face became dignified.

"Five headed demon king, this is Huaxia. If you appear here aboveboard, aren't you afraid of the suppression of Huaxia military?"

"While the army is not out, I advise you to get out of here and not bury your bones here."

Wang Fan's words threatened the five headed demon king, and he also thought about the Countermeasures in his heart.

He was not afraid of the five headed devil, but of Voldemort and others. Once that happens, there's no big problem for him to break out of the encirclement. It's just that the magic medicine No. 1 is hard to guarantee.

"Ha ha." So, I only give you ten seconds to think about it. If you don't leave No. 1, I will kill you

His words were full of strong self-confidence, as if killing Wang Fan was just stepping on a mole ant.

"Kill me? You deserve it, too? If you want to kill me, you are not qualified. You may as well come here! "

Wang Fan seems to be provoked to the general, suddenly become angry, murderous swept, momentum also began to climb madly.

The five headed demon king felt Wang Fan's momentum, and his expression also became dignified. His whole body muscles contracted in an instant, just like a dragon ready to attack at any time.

"Die for me!" Wang Fan roared again, and then his right leg suddenly stepped on the ground. In a roar, he was about to rush towards the five headed demon king.

The five headed demon king was shocked by Wang Fan's momentum, and subconsciously stepped back. Just at this moment, he saw that Wang Fan ran to the opposite direction like a rabbit, and disappeared in the corner in the blink of an eye.

"What a treacherous boy! I'm not a five headed devil if I don't tear you to pieces today!"

The five headed devil roared angrily. Now he didn't know where he was fooled by Wang Fan?

In his fury, he was like a wild animal. He was about to run over and trample Wang Fan to death, but suddenly he found that Wang Fan came back like a rabbit.

After Wang Fan, Voldemort and lamingzi appeared one after another, blocking Wang Fan's way.

Three fierce people gather!
