

MIGHTY SK 741

Chapter 741

Pop, pop, pop.

When Wang Fan heard Cai Kun's question, he didn't panic. Instead, he clapped his hand with a smile. "Mr. Cai's question is good. Now I want to tell Mr. Cai that I was wronged."

Wang Fan's words became sharp, "you said I was suspected of killing Mo's family and kidnapping Mo Yunyan. Excuse me, what's the evidence?"

"You can't convict me and take me away with your imagination or your hearsay?"

"I also said that Cai Kun was suspected of killing Mo's family. Should I take you back?"

Wang Fan sneered, "I don't embarrass you, as long as you take out the evidence, even if the clues can't be qualitative evidence, I don't frown to go with you, how?"

"On the contrary, if you can't produce the evidence, get as far away as you can, and don't be shameful here."

Cai Kun furious, "you, you, those things are exposed to the Internet, there are live photos, do you want to deny?"

He was a bit subdued, and one of Wang Fan's documents became a talisman. In addition, Wang Fan's eloquence made him feel powerless.

It's the first time he's been in this situation since his debut.

"Exposure to the Internet, live photos?" Wang Fan looked at Cai Kun seriously, "so excuse me, do you have me in the picture, did you take me?"

"Of course, I did, but you changed your face to look like Meng Qingming and Meng Shao." Without thinking, Cai Kun blurted out, "you want to plant this thing on Meng Shao!"

"Ha ha." Wang Fan sneered and laughed, "I changed my face to look like Meng Qingming, which means that you photographed Meng Qingming, or the person who changed my face to look like Meng Qingming, not me?"

Wang Fan looked at Cai Kun as if he were looking at an idiot. "I also said that it was you who changed face and became Meng Qingming at that time, or how can you be sure that it was not Meng Qingming himself, but someone who changed face?"

"I said, Mr. Cai, if everyone handles cases and arrests people like you, then I will really mourn for my

compatriots. You can find such ridiculous reasons. What else can't you do? "

Cai Kun's face turned red. He felt that there was something wrong with his words.

As for the people he brought, he couldn't help being speechless.

Originally, if they won Wang Fan as soon as they came up and didn't give him a chance to argue, there would be nothing left and they didn't know anything.

But after listening to them for most of the day, they both felt that Cai Kun was a bit of a mess.

Cai Kun stares at Wang Fan, but he still doesn't give up. "But if you didn't do it, why do others say it's you? Why doesn't anyone say it's me?"

"You idiot?" Wang fan is really lazy to go on with this brain damage, but yelled, "plant frame, you understand?"

"As for nobody saying it's you, it's very simple. Now I'm going to call out and hire 100000 Marines to frame you up, OK?"

Cai Kun was speechless.

Sobbing.

At this moment, a few more car engine sound, not long after, more than a dozen people will run to this side.

Although the other side has only a dozen people, they don't have a simple role. They are all full of strong breath tempered in blood and fire, cold and shocking.

They have created a huge deterrent to all the military and police on the scene, as if more than a dozen people can be worth thousands of troops.

It was a momentum, a momentum emanating from them, from their bones.

Led by a tall woman, a woman wearing a military uniform, carrying five stars on her shoulders, noble status, valiant.

The straight and slender legs with rhythmic steps, step on the ground, making a sound, deep and powerful.

The perfect body with concave and convex shape seems to be full of infinite explosive power. The whole person is like a leopard, as if she can jump up to kill at any time.

When Wang fan saw these people, especially the woman, his eyes narrowed slightly and he couldn't help looking at them more.

But the woman didn't go to see Wang Fan at all. Instead, she went directly to Cai Kun, threw out a certificate and said coldly, "we've taken over the business here. You can leave."

Domineering and publicity.

Cai Kun looks at the certificate thrown out by the woman and listens to the overbearing words of the woman. The whole person looks more subdued, "why? I'm in charge of this. Why should you take over?"

"This is the order of the superior. If you have any questions, you can ask the superior or complain about me. Remember, my name is Lu Mingyue."

Cai Kun's old face became a pig's liver, but he finally pressed it down.

Lu Mingyue's status is unusual, and she is not a system. He really can't manage it.

"Let's go." Lu Mingyue did not go to see Cai Kun again, but looked at Wang Fan and said coldly.

Wang Fan looked at Lu Mingyue, who seemed to treat strangers, and wanted to laugh.

He knew that most of the women were afraid of showing their familiar appearance and being pinched, so they didn't come forward to say hello. However, Wang Fan did not immediately follow Lu Mingyue to leave, but shook his head, "wait a moment, before I leave, I have to do one more thing."

"What's the matter?" Lu Mingyue couldn't help frowning.

"Kill this scum, of course. I was going to kill him just now, but I was interrupted by this guy, so I didn't have time to kill him. "

"Now that I'm leaving, I'd better finish what I haven't finished before I leave."

Wang Fan pointed to Meng Qingming, who was sitting on the ground with an uncertain face, and said faintly.

Since Wang Fan pinched Cai Kun, Meng Qingming kept his head down and didn't speak any more. In this way, he tried to let Wang Fan ignore him and give him a way to live.

The arrival of Lu Mingyue, and also strong to take Wang Fan, this is to give Meng Qingming hope.

He almost buried his head in his crotch. In his heart, he only prayed for Wang Fan to roll quickly.

But he never thought that Wang Fan had not forgotten him and even wanted to kill him.

"Wang Fan, I'm the Meng family. Now in front of so many soldiers and police, if you kill me, you will be doomed!"

Meng Qingming suddenly raised his head and roared like a wolf, "you dare to kill me, the Meng family and the government will not let you go!"

"Even if you have a special identity and the right to kill, you are not qualified to kill me like this!"

He looks ferocious, close to madness!

Damn, it's such a time. Wang Fan even wants to kill him. Is that reasonable?

Cai Kun also changed his face and suddenly took out his gun and pointed to Wang Fan, "you move him. I'll see if you dare to move him. I'll kill you first even if I fight for my life!"

Cai Kun said, looking at Lu Mingyue, "you see, it's not that I don't give you face, it's that this guy is too rampant!"

"Why did he kill Meng Qingming? Is it because of doubt and his identity background that he can kill people wantonly?"

"If he dares to kill Meng Qingming today, I, Cai Kun, will kill him regardless of everything. Whoever blocks him will not give anyone face!"

Cai Kun tries his best to protect Meng Qingming, and is in a crazy state.

If Wang Fan kills Meng Qingming in front of him, where is Cai Kun's authority? How can he explain to Meng's family?

Lu Mingyue's face changed and she looked at Wang Fan angrily. She didn't understand what Wang Fan wanted to do.

"I wantonly kill people based on my identity?"

Wang Fan narrowed his eyes with a smile, suddenly took out his mobile phone, opened the video and raised it up, "open your eyes and see clearly. This is the reason why I killed Meng Qingming."

In the video, everything Meng Qingming said before is played back clearly. People present can see that what Meng Qingming said is true. After all, it's too detailed.

If it is a fabrication, it is impossible to fabricate such details.

Cai Kun secretly scolds Meng Qingming for being out of his mind. This kind of trick is left to Wang Fan, but he is still fighting for it. "Even if you have evidence, even if Meng Qingming deserves to die, you can't kill him here. This matter still needs to be solved."

When he just said that, Wang Fan had already taken out his gun and banged out Meng Qingming's head.

Meng Qingming was killed by the blood.

Wang Fan took the gun and looked at Cai Kun. "I don't have time to listen to you. Now I have to go. If I have a problem, I can report it to my superior."

Wang Fan said, waving to a Biao in the distance and leaving.

It's a dead silence!

Chapter 742

The Meng family.

When Meng Tuolin, the head of the Meng family, learned that Meng Qingming, his brother Meng Qingliang, and 100 elite Meng family members had been killed, he almost passed out in anger.

That's the bright brother, plus a hundred Meng elite. How could the whole army be destroyed when so many people came out?

There are two coffins in the mengjialingtang. In the coffin, there are two bloody bodies, the bright brothers.

"Son, how can you leave like this? How can you let your mother live?"

"Son, open your eyes and say something to your mother. Just say one word. Open your eyes quickly."

"Ah, yesterday was good. We were still having dinner and chatting together. How can we say that it's gone without it?"

Two women in their 40s and 50s were crying beside the coffin, with unspeakable sadness.

It's the most painful thing in the world for a white haired person to send a black haired person.

The whole hall was filled with the atmosphere of mourning and depression.

The men of the Meng family were standing in the distance, with their heads down and their bodies puffing and weeping.

As for whether they are really sad or acting, only they know.

While the two women were crying, Meng Tuolin came in wearing a white nightgown.

Meng Tuolin is about 1.7 meters tall. He is a little fat, but he is dignified.

He looked at the two coffins, his eyebrows congealed, his eyes full of evil spirit.

It's the biggest shame for the Meng family to be killed just like this.

If this matter is spread out, the Meng family will definitely become a laughing stock!

"Elder brother, you have to decide for Qingming Qingliang! It's a terrible death for them. "

Seeing Meng Tuolin coming in, Meng Qingming's mother knelt down and climbed over, holding Meng Tuolin's thigh.

"They are still young. How can they die like this? You must help them get justice."

Meng Tuolin's face was even more gloomy when he heard this. He had killed Wang Fan thousands of times in his heart.

Meng Qingming and Meng Qingliang's mother are suffering, so why not him?

It's the blood of the Meng family, especially Meng Qingming. No matter how bad he is, no matter what he's expelled from the family, it's still the blood of the Meng family, and it's the real peak of the day after tomorrow.

How ironic that such an excellent nephew should have been killed by Wang Fan, and it was under the eye of CAI Kun and others?

He would like to order regardless of everything, the whole city search for Wang Fan, shoot to death, and send someone to Jinzhou destroyed Wang Fan's company.

But just now someone has said something, so let it go. The Meng family is not allowed to investigate, let alone revenge.

In addition, several videos have been sent, in which Meng Qingming's actions and Wang Fan's killing of Voldemort and the five headed demon king are clearly recorded.

In the face of the tough video, plus the above pressure, even if Meng Tuolin was angry, he wanted to eat Wang Fan's bone and drink Wang Fan's meat, he had to suppress it.

If his Meng family doesn't occupy Voldemort's credit against his will, he can still deal with Wang Fan under pressure, but how can he start when he occupies the credit?

The above meaning is that he has acquiesced that the Meng family took the credit for killing Voldemort and let them calm down.

If he dares to deal with Wang Fan, this video will be exposed. What face does his Meng family have?

Therefore, Meng Tuolin didn't dare to deal with Wang Fan openly. To deal with Wang Fan, he had to come in secret.

In this incident, the Meng family not only suffered heavy losses, but at last they didn't even see the hair of Shenyao No.1. They were so angry that they vomited blood.

"I'll take care of it. You go down first. It's getting late. Go to bed early. " Meng Tuolin forced his anger and asked people to help the two ladies down.

After the two ladies were helped down and Meng Tuolin sent all the servants away, he stood in front of the coffin and looked at the dead and miserable bright brother. His old face was completely gloomy.

He clenched his fists and made a voice like grinding teeth in his throat. "Wang Fan, I Meng Tuolin will not break you to pieces. I Meng Tuolin swear not to be a human being!"

The voice that repressed the anger seemed to vent the anger, and it seemed to announce the oath.

With his voice, outside, suddenly a strong wind, the sky is more dim.

Mo family.

Mo Yuanxing's mood is similar to Meng Tuolin's, which is just like eating Xiang.

The Meng family is still better, but they have lost two of their lineages and 100 of their elite. But Mo family, in addition to the loss of soldiers, heavy losses, God medicine No. 1 also inexplicably No.

Their mo family also saw the video, and they saw one more than the Meng family. The extra one is that the Mo family framed Wang Fan and used Wang Fan's picture clips.

As soon as Mo Yuanxing saw this video, he knew that the Mo family had been infiltrated and there were people on it. Otherwise, it would be impossible to record this video with such clarity. It's just that now he knows these things, and it's of little significance.

He was also warned not to deal with Wang Fan, and this matter was stopped.

Moreover, because the Mo family's means are despicable, they take the credit for Wang Fan's killing five demon kings, and they also frame up and use Wang Fan, so Shenyao No.1 belongs to the state.

Because this kind of behavior of the Mo family is no longer worthy of the divine medicine No.1.

At the same time, Mo Yunyan was also sent back, intact.

Mo Yuanxing looked at those videos, looked at Mo Yunyan, also can only knock off the teeth to swallow in the stomach, endure this tone.

In the same way, he hated Wang Fan in his heart.

If you can't do it in the open, come in the dark.

He doesn't believe that he can't play Wang Fan with Mo's family background.

At the moment when Mo Meng's two families are biting their teeth and struggling to sleep, Wang Fan has arrived at a hotel and falls asleep.

Lu Mingyue wanted to say something to Wang Fan, but seeing that Wang Fan was so tired, she could only give up for a while and wait until the next day.

With the escort of Lu Mingyue, Wang Fan had a good sleep and no pressure.

He slept until noon the next day, and when he woke up, he was fresh and fresh again.

Drop by drop.

Wang Fan just took a shower and was about to take a cigarette to refresh himself. The knock on the door had already started.

Wang Fan put down his cigarette and ran to open the door. Lu Mingyue came in with a cold face.

"Oh, sister Mingyue, please come in, please come in. Thank you so much for your help last night. I'm afraid I can't sleep without you. "

"I've just got up. I'm thinking about inviting you to dinner. You're here first. We really have a heart to heart."

Wang Fan welcomed Lu Mingyue to the sofa with a happy face, and his face was full of flattery. "Say, what do you want to eat? It's my treat. Money is not a problem."

Lu Mingyue has changed her military uniform and put on an ordinary T-shirt.

The slender legs are wrapped in jeans, and the people who see them are eager to grab them. The haughtiness of the upper circle is also very tall and straight, lofty and steep, soul stirring.

At this time, Lu Mingyue is like a neighbor's sister, young and wild, full of temptation.

"I'll talk about it later. I said Wang Fan, you are too bold to kill Mo Meng's family. Don't you want to live?"

Lu Mingyue pointed to Wang Fan, pretty face frost, very angry, "do you know how dangerous you do, if you are not careful, you will be doomed?"

She hated that the iron could not be made into steel, and her haughty upper circle was also bumpy with emotional fluctuations. "Which of the eight families is good to provoke? It's good for you to offend two at once, or to offend to death. "

"Do you think you are really invincible if you have a few skills? I tell you, the eight families are not as simple as you think. They can kill you easily! "

The more Lu Mingyue said, the more angry she was. "And, you're very powerful. You're fighting against Voldemort, the five headed demon king, and LAN Mingzi. Do you really live enough and want to die?"

Wang Fan lowered his head and did not say a word. He just stared at Lu Mingyue's subversive Shangwei. He was worried.

Don't fall! But in case of falling down, do you want to pick it up with your hand or not? If so, can you catch it with one hand?

Lu Mingyue scolded Wang Fan for a long time. Suddenly, she felt something wrong and couldn't help looking down at Wang Fan. "I said, did you listen to what I was saying?"

With that, her face changed. "What are you looking at?"

"Chest." Wang Fan blurted out unconsciously.

Your uncle!

Lu Mingyue is so angry that she raises her leg.

Wang Fan, with a scream, clambered for mercy, "Oh, I didn't see anything. Sister Mingyue, have you finished? Let's go to dinner."

Chapter 743

After a little ambiguous fight, Wang Fan and Lu Mingyue come to a good western restaurant.

On the way, Lu Mingyue tells Wang fan that a Biao has been sent to the hospital to recover his wounds, and the shenyao-1 incident has also ended due to the above interference, telling him not to worry about Mo Meng's family jumping over the wall.

Just cut off the five head demon king and Voldemort's credit, was occupied by the Mo Meng family, told Wang fan not to have a knot in his heart.

Although Wang Fan was a little upset, he didn't say anything.

Compared with those fame and wealth, he cares more about the safety of people around him.

However, he also knew that it was only temporary for the momeng family not to fight, or that they just would not fight openly. Secretly, they would try their best to kill Wang Fan at all costs.

Wang fan is not very worried about this. For him, as long as the Mo and Meng families do not dare to fight openly, it is enough. As for those dark means, Wang Fan will not be afraid of anything.

As long as he is not encircled by the artillery of large forces, even if the congenital peak comes, Wang fan can go if he wants to go.

"Sister Mingyue has worked hard. I can't repay you for your kindness. You see, you've helped me so much. Do you want me to give you a hand? "

Wang fan stopped thinking about those unhappy things, sipped his tea and looked at Lu Mingyue with a smile, his face became shy,

"I don't have anything else, but my body is still pretty good. Now the most precious thing in my body is for the first time."

Poof

Lu Mingyue listens to Wang Fan's words and directly sprays out a mouthful of tea. If Wang fan doesn't hide fast, it will spray on Wang Fan's face.

Your sister!

She is talking about serious things with Wang Fan here, full of worry, this son of a bitch is good, even thinking about these things in her mind, it's really bad.

She didn't stare at Wang Fan angrily, "I said, can you be more serious and serious? The knife is all around your neck. Don't you worry at all?"

"Although Mo Meng and his family will not deal with you openly, they will definitely make small moves secretly. As long as there is a chance, I will crush you at all costs! "

Lu Mingyue is really angry with Wang Fan's nerve, she can't help but burst out rude, "besides, you son of a bitch, for the first time, do you want to be shameless?"

Wang Fan some innocent, can't help whispering, "I certainly want to face ah, how I'm not the first time, this month has not opened meat."

Lu Mingyue almost didn't get angry when she heard this. She couldn't help but grab the tableware in front of her.

Wang Fan quickly catches it with both hands, and can't help complaining, "elder sister, calm down, calm down, these tableware are broken, but you have to pay for it. Even if you don't feel sorry for breaking me, you have to feel sorry for the money in my pocket?"

"What's more, you are a man of status. How can you meet people if they accuse you of damaging property?"

"I'm not angry with you yet?" Lu Mingyue is biting her teeth and stamping her feet.

"Oh, I'm just joking to let you relax?"

Wang Fan carefully pushed the tableware in front of Lu Mingyue and said in a soft voice, "what do you mean when we finally come out for a meal and have a date, and the atmosphere is so tense?"

"Those unhappy things, what do you want him to do? Even if I worry, I can't stop Mo Meng and his family from retaliating, can't I? "

Wang Fan said here, as if to think of something, "by the way, old guy, oh no, did the old chief praise me, said to give me a reward, a red envelope or something?"

"That's the magic medicine No.1. I risked my life to snatch it. How can I get a reward of \$18 million?"

"Eight million?" Lu Mingyue angry and some toothache, "you dream, the chief did not personally shoot you, is the greatest gift to you."

"No?" Wang Fan opened his mouth, "is that how he treats the heroes who charge in the front line? Like him, who dares to shed blood and tears in the future

Lu Mingyue is too lazy to pay attention to this wonderful flower. She closes her mouth and stops talking.

The meal was quickly served, and they began to eat. On the way, Lu Mingyue couldn't help asking, "by the way, what's your plan? Do you want to go back to Jinzhou or stay in the capital for a few days?"

"Of course, I've been here for a few days. I've come to Beijing very hard. I have to play hard, don't I?" Wang Fan said without hesitation.

"Well, that's just right. I'm going to see an elder in the evening. I want to buy something in the

afternoon. Please accompany me." Lu Mingyue said.

Wang Fan suddenly felt that he was a little bit short of mouth. He knew that he should have said it back to Jinzhou.

Nima, shopping, shopping, that's his biggest headache.

How can he go back on his words?

After eating and drinking, Lu Mingyue took Wang Fan to the famous antique street in Beijing.

Wang Fan looked at the garbage on the carpet, but he couldn't help being speechless.

Does Lu Mingyue like to buy this kind of things?

Although here, it is possible to find really good goods, but the probability is too low. Who doesn't know how to do this? How can anyone pick it up? Those things can only be seen on TV or in novels.

"Sister Mingyue, what do you want to buy?" Wang Fan couldn't help asking.

"Buy jade." Lu Mingyue said, "my elder likes collecting jade very much, so I want to buy him a piece as a gift."

Lu Mingyue said, suddenly looked at Wang Fan, "by the way, I heard you have a nickname, called Jinzhou little miracle doctor? Is that true? "

"Of course not!" Wang Fan felt as if he had been insulted. He shook his head without hesitation. "I'm the first little miracle doctor in Jinzhou, not the little miracle doctor in Jinzhou."

He is a face of owe smoke, "and that Jinzhou the first little miracle doctor, also is the past, I am now the capital's first little miracle doctor."

Wang Fan spoke out his great dream and goal, "my goal is to be the first little miracle doctor in China, and even the first little miracle doctor in the world!"

Having said that, Wang Fan looked at Lu Mingyue with full confidence. "Sister Mingyue, if you have any irregular menstruation, infertility, chest pain, buttock pain and other symptoms, you must tell me. I'm sure you can get rid of them."

Lu Mingyue has a black face. She has never seen such a shameless guy since she was so big.

Infertility?

Your uncle, she's not married yet. This son of a bitch is so bad.

Lu Mingyue angrily kicked Wang Fan, and couldn't help sarcastically said, "aren't you the first little miracle doctor in Jinzhou? When did you become the first little miracle doctor in Beijing? Why haven't I heard of that?"

Wang Fan was proud. "You're right if you haven't heard of it, because I've just become the first little miracle doctor in Beijing."

Wang Fan had a good reason. "At the beginning, I went to Jinzhou, so I became the first little miracle doctor in Jinzhou. Now that I have come to the capital, I will naturally become the first little miracle doctor in the capital. "

"When I want to visit the whole country and the world, the two names of the first little miracle doctor in China and the first little miracle doctor in the world will not be far away from me."

Lu Mingyue can't stand Wang Fan. He's so shameless.

She didn't bother to pay attention to Wang Fan any more, and soon took Wang Fan into a fairly good shop.

"This shop is a time-honored brand in Beijing. The price and quality of jade are reasonable and fair, and there is no such situation of killing and deceiving customers." Lu Mingyue said to Wang Fan as she walked.

Wang Fan didn't think so, but he nodded on the surface and glanced around casually.

Although he knew that most of the things on the surface were not good, he still wanted to have a look.

Chapter 744

"Hello, ladies and gentlemen. Welcome." A sweet looking girl came up and began to introduce her with a smile, which made her feel like a spring breeze.

Lu Mingyue is going to wave her hand, saying that she can just have a look. Wang Fan has already patted her thigh and ran towards a direction.

He also waved to Lu Mingyue, "sister Mingyue, this way, this way, I look at a piece of jade. Let's buy it."

Lu Mingyue was a little happy when she heard Wang Fan's words.

Does Wang Fan know jade? You know, she doesn't know anything about it. I just came to have a look when I knew that this shop didn't kill customers.

But if Wang Fan knew jade, it would be better. At least she would not be blinded.

Lu Mingyue soon came to Wang Fan, but when she saw the Jade Wang Fan pointed to, there was a black line on her brow.

Your sister!

Is this son of a bitch teasing her?

Wang Fan only refers to a piece of waste jade thrown on the ground. Generally, only those with no value or poor quality will be thrown on the ground.

This piece of waste jade is one square meter in size, and it's dirty. It's just garbage in the garbage. She really doesn't understand why Wang Fan points to this jade stem.

Coax.

Listening to Wang Fan's exaggerated voice, and then looking at the Jade Wang Fan pointed to, there was a burst of laughter around.

The guests looked at Wang Fan with an idiotic expression.

This guy shouldn't think big jade is good jade, right? This is so funny! What's more, the piece of waste jade that Wang Fan refers to is not sold by shops, but something that people don't want after elimination, but it hasn't been thrown away yet.

"Sister Mingyue, what are you doing in a daze? Why don't you ask how much to buy it? Your elder doesn't like jade. Since he does, of course he will choose the big one. "

Wang Fan was ridiculed as if he didn't know it. He was still shouting there. In other people's eyes, he was a complete fool.

Sure enough, hearing Wang Fan's words, there was more laughter around.

Do you want to buy big jade?

It's the funniest joke they've ever heard this year.

Lu Mingyue really wants to cover her face and say that she doesn't know Wang Fan, but others see her coming in with Wang Fan. It's meaningless to pretend that she doesn't know Wang Fan.

She pretty face in the moment hold red, pointing to Wang fan not angry said, "those are waste, the above is people sell things."

"Waste? How is that possible? " Wang Fan frowned and muttered, "isn't it the same as gold, the bigger the better?"

Lu Mingyue doesn't want to talk to Wang Fan any more. She feels it's a mistake to bring this guy here. She's afraid to kill herself.

"Brother, you are right. The bigger the jade, the better!" A customer couldn't help it any more. He forced a smile to show his thumb to Wang Fan.

The sarcastic tone can be heard by anyone.

But Wang Fan didn't seem to realize it. He went over and held each other's hands. "Do you think the bigger the jade, the better? Bosom friend, really bosom friend! Heroes think alike. "

Wang Fan finished, looked at the service girl, said gallantly, "how much is this jade, I bought it!"

A look of upstart.

"Three, three thousand." The service lady is also very speechless, looking at Wang Fan, for a long time just hold out three words?

"Three thousand?" Wang Fan widened his eyes, took out his wallet directly, shuasha shuasha took out three hundred, "give you three hundred, I want it, love to sell or not!"

The service girls are a little confused. Isn't this local tyrant or upstart? How can it be like this?

She thought Wang Fan would not hesitate to take out 3000 yuan to buy it, and by the way, reward her for hundreds of consumption. But I didn't expect that this guy actually took out 300 bucks.

Three thousand is cut into three hundred. Is there such a bargain?

The service lady couldn't help blurting out, "that won't work. Five hundred yuan, one cent."

"Two hundred more." Wang Fan took out 200 yuan again and could not help muttering, "don't you just want to earn 200 yuan more? Really, I'll earn it for you. Do you think I care about 200 yuan?"

Wang Fan said, eyes and carefully around the sweep up, want to see if there are good things.

But he was very disappointed, other things are very general, ordinary goods.

Soon, the maid packed the waste into a box.

Wang fan is shouting everyone out of the way, don't touch his baby, let people carry the box to the car.

The guests were speechless for a while, and Lu Mingyue wanted to strangle Wang Fan.

Originally, Lu Mingyue still wanted to take a closer look and buy a piece that looks good. But after Wang Fan's stubble, she had no heart and no face to stay, so she had to leave indignantly.

On the bus, Lu Mingyue was so angry that she didn't want to talk to Wang Fan.

Wang fan is indifferent, smiling at Lu Mingyue, "Mingyue sister, what's the matter, this is not bought it, you can rest assured that your elders will like it." "Pull it down." Lu Mingyue was not angry and said, "even if I go empty handed, it's better than you to take such a thing."

Wang Fan didn't bother to argue with this woman, so he said, "sister Mingyue, why don't you go to see your elders and take me with you? Is your elder sick? It's hard to cure? "

Wang fan is not a fool. Since Lu Mingyue asked him if he was a little miracle doctor in Jinzhou, he knew that most of the elders were ill.

When Lu Mingyue heard Wang Fan's words, she couldn't help looking at Wang Fan in surprise.

She did not expect that Wang Fan's mind should be so delicate and exquisite. She just asked casually and guessed these things.

"Yes, he is indeed ill, and his health is getting worse day by day. He has invited many world experts and famous doctors in the rivers and lakes, but it doesn't have much effect."

Lu Mingyue nodded, also some not very good meaning, "I take you this time, also want to let you help to see, see if there is any good way."

"Oh." Wang Fan nodded, but he was a little depressed. Do you have to buy things when you go to see a doctor? This is really unreasonable!

"Wang Fan, my elder's status is a bit unusual. You should be careful when you go. Don't be such a rough nerve."

"He's a big man. If you can get his friendship or support, he's a talisman for you. The momens dare not touch you lightly."

Lu Mingyue didn't seem to see Wang Fan's depressed face. She said seriously.

"Such a loser?" Wang fan is a little interested, "who is he? Can you tell in advance? "

You know, can let Mo Meng fear, this identity is absolutely not general, absolutely is the character.

Lu Mingyue shook her head. "I can't tell you who he is. In a word, just be respectful."

When Wang fan saw Lu Mingyue, he didn't ask much.

More than an hour later, they came to a large house.

This mansion is very simple and simple, just like the Yamen of those princes and ministers in ancient times, magnificent.

There are two huge stone lions at the door, which are very powerful. At first glance, it seems that the stone lions are going to rush up, giving people a sense of prestige.

On the plaque at the top of the gate, there was no detailed word, no house, no house, but a green dragon was carved. The green dragon raised its head and opened its mouth, as if it was going to go straight to heaven.

There were no so-called gatekeepers on both sides of the gate, and there was no guard, which was cold and quiet.

But Wang fan can feel that there are several strong breath in the yard and outside.

And those breath has locked him firmly, as if at any time can rush down, to his life.

Wang Fan felt this scene, his heart finally became dignified, and his face became serious.

He roared wildly in his heart. He couldn't feel his strength even though he had a few breath.

Who is this? If people really work hard to kill him, he may not be able to leave.

At the same time, Wang fan is also secretly curious about Lu Mingyue's identity. How can this woman know such a character?

Chapter 745

Lu Mingyue was a little relieved when she saw Wang Fan getting serious.

She's really afraid that the strange flower is just like that.

The two soon arrived at the gate of the mansion. They almost just arrived. With a creak, the two red painted doors full of rustic flavor opened, and then a young man with a cold face and a knife like face appeared.

Young people dressed in casual clothes, combed a small flat head, looking simple and capable.

Wang Fan looked at the young man, his eyes narrowed slightly, and he couldn't help being more curious.

The strength of this young man has even reached the initial stage of his birth, which is almost unimaginable.

Wang Fan even doubted that there was no innate person in this house.

"Hello, miss." Pingtou youth respectfully said to Lu Mingyue, and then made a respectful gesture.

Lu Mingyue nodded at the young man and went in with Wang Fan.

Miss?

Wang Fan listened to the title, but he was shocked.

This is Lu Mingyue. Her identity is really unusual.

Into the house, Wang Fan felt a dignified breath, sacred and inviolable.

His expression can't help but become solemn. In this atmosphere, he can't be serious.

The mansion is very big, retaining the ancient architectural style, and the simple atmosphere is coming. Wang Fan has the feeling of going through the ancient times.

A group of armed guards are standing in every corner regularly. Wang Fan feels that they are so incompatible with the manor.

Wang Fan looked at the guards standing everywhere, his face more dignified.

Who on earth is the owner of this mansion? Isn't that a special identity?

Wang Fan also knows that those guards with open faces are not the most terrible. The most terrible ones are those masters who hide in the dark.

Lu Mingyue is obviously familiar with the mansion. She takes Wang Fan to a simple hall.

It's like a place to entertain guests. When they enter, many people are already there.

There are old and young, Chinese and foreigners. They all gather at a big table. Some people point to drawing with pen and paper, some look at the computer, others look at books, sometimes frown, sometimes meditate and sometimes discuss.

There is a man and a woman sitting on the throne. The man is more than 50 years old, and his body is full of iron and blood. At first sight, he is a figure licking blood on the tip of a knife, a veteran who has been through many battles.

He stood there, with a strong and upright air, as if he could burn all the dark and dirty candles.

As soon as Wang fan saw this man, he knew that he was a soldier, just like himself. Because they have the same thing in their bones - the pride of soldiers.

Wang Fan's face was more urgent and solemn, and his heart was in awe.

That's respect for the elders.

The woman sitting next to the man looks a little younger.

At the age of twenty-five or twenty-six, he has a delicate melon face without any powder. His hair is tied up behind his head, simple and sharp.

She was dressed in black, even if it was loose, it could not cover her proud figure.

However, her willow eyebrows were slightly wrinkled, and her eyebrows were full of anger, as if she would kill someone if she didn't agree, which made people dare not see more.

Her breath is also very huge, real.

Wang Fan took a look at the woman, then quickly frowned and shifted his eyes. He didn't want to provoke this kind of powder keg. If he took a look at it more, he might be offended.

Similarly, Wang fan can see from the faces of these two people that Lu Mingyue's elder is not optimistic, otherwise they would not be this expression.

While Wang Fan was thinking about these, a man and a woman on the throne also looked at Wang Fan and his wife.

"Mingyue, here you are. Sit down." Men see Lu Mingyue, dignified expression slightly eased, waving to Lu Mingyue.

The woman looked at Lu Mingyue and snorted, picking her eyebrows and looking at Wang Fan.

Wang Fangang just took a look at her, as if he frowned and turned his eyes, which made her very dissatisfied.

Is she that annoying at night? If it wasn't for the wrong occasion here, plus that Wang Fan was brought by Lu Mingyue, she would like to teach Wang Fan a lesson.

Lu Mingyue also did not go to see the night, as if they were very different. She walked directly to the man, "second uncle, I brought a miracle doctor, maybe I can show him."

With that, Lu Mingyue began to introduce to Wang Fan, "Wang Fan, this is my second uncle."

Second uncle? godfather?

Wang Fan was shocked by these four words, some did not return to God, but still quickly made a response, "Uncle good."

His heart is set off a storm!

Is this dignified man Lu Mingyue's second uncle? The owner of this mansion is Lu Mingyue's godfather?

No wonder the flat headed man is Miss Lu Mingyue!

Wang Fan instantly felt that his whole person was not good.

Fortunately, I didn't offend Lu Mingyue very much. Otherwise, it's estimated that as long as I use my tongue, I will die. At the same time, Wang Fan also understands Lu Mingyue's good intentions. She knows that she has offended the Mo and Meng families and wants to find an amulet for herself.

Although she has a good status here, she is still young and has too few resources to protect Wang Fan. This kind of opportunity can only be won by Wang Fan himself.

When Wang Fan thought of this, he was even more grateful to Lu Mingyue.

This woman is really thoughtful.

"Yes, you are." Lu Wudou looks at Wang Fan and praises him. He doesn't know where Wang fan is.

The night nearby heard Lu Wudou's praise and couldn't help looking at Wang Fan again. He was shocked.

You know, Lu Wudou has never praised people very well. At most, he can praise them.

She really didn't know why Lu Wudou gave Wang Fan a good evaluation. You know, she didn't see Wang Fan's good at all.

"Thank you for your compliment." Wang fan is also a little bit ignorant, but thanks.

Lu Wudou nodded, did not speak to Wang Fan, but looked at Lu Mingyue, "Mingyue, you said you brought a miracle doctor, who are you?"

He is most concerned about the patient's condition now, so he doesn't have much time for greetings.

Listening to this, the doctors around the table also couldn't help looking at Lu Mingyue.

There are so many of them who have no clue about the patient's condition. They really want to know

who the doctor Lu Mingyue brought.

"That's him." Lu Mingyue is also a little confused. Hasn't she already introduced her?

Can hear second uncle so ask, she can point to Wang Fan to say again, "he is the miracle doctor that I invite, he is very fierce."

Listening to this, not only Lu Wudou was speechless, but also the old doctors around him were speechless.

Is this NIMA teasing me? Just a kid in his twenties, how dare he call himself a miracle doctor?

If it wasn't for the fact that Lu Mingyue and Lu Wudou had a lot to do with each other, those old scholars would have burst out.

It's nonsense. Today's young people really don't know the superiority of heaven and earth. Do they think that after a few days of study and medicine, they think they can't do well? How dare you brag about being a miracle doctor?

Which of them is not the leading figure in their respective fields? Don't mention Wang Fan, even if Wang Fan's teacher is in front of them, I'm afraid they dare not pretend to be a miracle doctor.

Lu Wudou is also a Leng, and then the impression of Wang Fan plummeted, he looked at Lu Mingyue, "Mingyue, I know you're worried about your godfather's illness, but you don't have to be so mischievous?"

Night is a sneer, directly open to accept, "miracle doctor? I think it's God blowing, right? Lu Mingyue, are you out of your mind or stupid? Just him, maybe he is a miracle doctor? "

Chapter 746

"Night, shut up, what right do you have to sneer at my friend? Can you find someone to cure Godfather quickly? "

Lu Mingyue looks ugly. "I'm not here to fight with you. I want to see my godfather."

"So many people can show godfather, why can't wang fan, if he really cured godfather?"

Lu Mingyue's original intention is to bring Wang Fan to have a try. First, she really wants her godfather to get better. Second, she also wants Wang Fan to find a support.

If Wang fan can't be cured, she will lose at most, which will not affect Wang Fan.

After all, there are so many world-famous doctors who can't cure godfather's disease, so Wang fan can't be excused. But if Wang fan can be cured, it will kill two birds with one stone.

But Lu Mingyue did not expect that Wang Fan had not seen his godfather, and even had no hand, so she was questioned and even ridiculed. She couldn't stand it.

"In case?" The night's face also became cold. "You know what if? If everyone comes to see Godfather with the hope of just in case, godfather will be tossed to death. "

"Lu Mingyue, I really don't understand. Are you really worried about Godfather or are you thinking of a way to toss godfather?"

Lu Mingyue was so angry that she didn't know what to say. She couldn't help blurting out, "toss? What is tossing? What do you mean, night? "

"There are so many doctors there. Which one hasn't been seen by godfather? Is Godfather well now? In your opinion, aren't they worrying about godfather? "

Lu Mingyue was so angry that she said all this.

As soon as she said this, the doctors suddenly burst out, and their faces became very ugly.

Lu Mingyue's words just hit all of them in the face.

"Moon, shut up!" Lu Wudou sees Lu Mingyue's words and ridicules all doctors. He can't help but exit.

Although there is no good way for these doctors, as long as they are here, there is hope for a cure.

Once they run away ridiculed by Lu Mingyue, there will be no hope at all.

Night did not speak this time, in fact, she was also very dissatisfied with the doctors.

One by one, he went in to see his godfather with full confidence, but when he came out, he was shaking his head and sighing, only looking at the data and having a heated discussion.

This is the top doctor, the top class, I Pooh! If it wasn't for Lu Wudou and godfather's pressure, she would have been unable to resist beating up the rubbish.

"Are you a miracle doctor?" A slightly younger doctor finally couldn't help looking at Wang Fan and asked coldly.

His name is Chen Dehai. He is 33 years old. He graduated from a top foreign medical college with a doctor's degree. In just three years, he is famous all over the world.

Those old doctors were ridiculed by Lu Mingyue, but they could bear it, but Chen Dehai couldn't.

He couldn't bear it at all, and he couldn't believe that a guy younger than him would have higher medical skills.

Chen Dehai is such a bull. He doesn't dare to call himself a miracle doctor. Why does Wang Fan dare?

"Yes, I am." Wang Fan looked at Chen Dehai, neither humble nor overbearing.

He didn't want to brag here, but if he didn't brag, he would disappoint Lu Mingyue and make her more difficult.

And Wang Fan also saw that if you don't show some skills here, no one will value you, they will only ridicule you.

"Doctor? Ha ha, what a big tone!" Chen Dehai sneered and laughed, "according to you, you can cure all the difficult diseases in the world?"

"I didn't say that, but I don't think I have any problems with the diseases you can cure." Wang Fan said without modesty.

"You." Chen Dehai almost blew up! What does Wang Fan mean? It's not clear. Is Wang Fan better than Chen Dehai?

Wang fan is too lazy to see that he can't hold a word for a long time. All he knows is that Chen Dehai, who is blushing, looks at Lu Mingyue instead.

"Mingyue, since people don't welcome me, let's go. I've learned your kindness, and I'll keep it in mind. "

Wang fan doesn't want to stay here any more, even if Lu Mingyue's godfather status is no matter how high?

Wang Fan didn't come to see a doctor crying and crying. Since people here look down on him, he still looks at farts. Wang fan is not so cheap.

"Go?" Chen Dehai laughed, "how, seeing that so many of our top doctors can't cure us, you know you can't pretend and want to escape?"

"I tell you, I've seen a lot of people like you. After learning some medical skills and curing some difficult and miscellaneous diseases, I began to inflate my eyes and call myself God without others."

"In my eyes, you are more clown than clown! You dare to say that you are better than me, and you don't go to the medical field to inquire. What's my status as Chen Dehai? "

Wang Fan laughed, "Mr. Chen, you have such a good identity and high medical skills. How can you not cure the patient?" "It's none of your business whether I'm blind or not and whether I'm beginning to

expand? I robbed you of your money and ate you? Or steal your woman? "

Wang fan is also a little angry, "besides, I was brought by Mingyue as a doctor, not by myself."

"I'm in a bad mood now. I don't want to be cured. Can't I go? You're just a doctor. What's the right not to let me go? "

Wang fan is really upset. What's the name of NIMA. If he didn't know there were so many experts here and the occasion was not right, he would like to clean up Chen Dehai.

Yes, he's just a doctor. I don't know. I thought he was the master here.

Night heard Wang Fan say so, it is no longer run, but asked, "are you sure to cure my godfather?"

No matter what her impression of Wang fan is, she is really worried about Godfather.

Previously, the reason why she ran on Wang Fan was that Wang Fan was brought by Lu Mingyue, and she was not quite right with Lu Mingyue.

Second, Wang Fan frowned at her and turned her eyes, which made her feel uncomfortable.

Now I see that Wang fan is angry with Chen Dehai and shows that she is not happy to leave, which makes her sense of Wang Fan change a lot.

At least Wang Fan's temperament is true, unlike those people like Chen Dehai, who are afraid to say anything, timid and hypocritical.

If it wasn't for Chen Dehai, the people they invited to see godfather, she would have scolded them.

Wang Fan looked at the night, feeling a little funny, "I did not see the patient, you ask me if I am sure, are you funny?"

"What should I say? I say I'm sure. You must say I'm arrogant. If the patients don't see me, they say I'm sure. "

"I said I'm not sure. You must call me a liar again. If you don't have the ability, you call yourself a miracle doctor."

Wang fan is very impolite, "you are to invite many doctors, they are sure, they are cured?"

The night was speechless. She was just about to say something. Her face suddenly stopped, and then she said to Wang Fan strangely, "come in with me."

The whole audience was shocked.

Chapter 747

Lu Mingyue is also a little strange. Why did the night run on Wang Fan just now and now let Wang Fan in?

But she didn't think much. It's a good thing that Wang fan can go in and have a look. If she can't even go, it's really in vain.

Lu Wudou didn't speak or stop him. He knew that the night had received instructions.

Wang Fan soon followed the night into a small gate behind, and Lu Mingyue followed.

After walking out of the small door, Wang fan saw a rugged and winding path leading to the backyard.

Wang Fan clearly felt that there were more experts in the backyard, and the breath was stronger. But none of the armed guards could be seen.

Entering the backyard, the three soon came to a small two-story building made of white jade.

Before Wang Fan came to the small building, he felt that there was a strong and majestic atmosphere in it.

As high as a king.

Wang Fan's heart set off a storm, in this powerful breath, he has a kind of feeling to kneel down to surrender, which is really terrible. Fortunately, he suppressed it by force.

"Godfather, here we are." The three soon went to the jade building. The night didn't go in, but they bowed and said.

"Cough, I'm so old. Can't you let me stop for two days? Well, since you're here, come in. "

After a while, an old and dignified voice came from the jade building.

"You go in. We'll just wait here." Night listen to this, toward Wang Fan said a, then went to the other side.

Lu Mingyue wanted to go in with her, but she seemed to think of something, but she didn't go in at last.

Wang Fan gathered his disordered thoughts and walked in with his head raised.

As soon as he went in, he felt a strong breath coming on his face, almost unable to stand.

Wang Fan's face was ferocious for a moment, and he drank it in vain. He pressed the breath and went on.

He could feel that although the breath was strong, there was no hostility, as if he was deliberately testing himself, so Wang Fan did not retreat.

Every step Wang Fan took was extremely difficult, and his whole body was almost soaked with sweat.

There is a long ladder in front of him, which leads to the second floor. Wang fan can feel that the breath comes from the second floor. The other party's purpose is also very simple, that is to see if he can go up to the second floor under pressure.

Wang fan is short of breath, and his muscles are tense in an instant. The internal Qi flows through his body, and he moves forward step by step.

Soon he stepped up the stairs and began to climb to the second floor.

On the steps, the pressure is doubled, as if every step has a thrust, which will push him down at any time,

moreover, the thrust on that step is increasing, and every step forward, the thrust will be larger.

Although the size of the ladder is very limited, it is difficult for ordinary people to bear the pressure even if the pressure of each ladder is the same.

Thirty six steps, Wang Fan walked for more than half an hour before he went up under pressure.

When he went up to the second floor, the pressure suddenly disappeared and everything returned to normal again.

Wang Fan's mind also relaxed, the mood inexplicably became relaxed, he felt that his strength seemed to have improved.

Wang Fan took a deep breath, wiped the sweat on his forehead, and walked to a jade bed not far away.

Wang Fan finally knew why Lu Mingyue said that the elder liked jade very much, such as NIMA, jade building, jade bed, jade steps, jade table and jade chair.

Even he can see that the owner of the jade building likes jade very much, and he doesn't like it in general.

On the jade bed lies a man who can't see his age.

It's because on the surface, he seems to be only in his thirties, handsome and tall.

But his breath of vicissitudes seemed to be in his 70s and 80s, and even gave people a feeling of dying.

He was dressed as if he were 40 or 50 years old. He was dressed in a Chinese tunic suit, which was cut to fit.

The man was lying on the jade bed, as if sleeping, with his eyes closed.

Wang fan knows that this guy is very sober, otherwise, how can he exert pressure on himself?

"Come, sit down."

Just when Wang Fan went to the jade table and was about to jump over the jade table, he went to the bed to see the other party's condition, the man's solemn voice came out. At the same time, his eyelids moved and he opened his eyes.

It was hard for him to open his eyes, as if he had used all his strength.

At the moment when he opened his eyes, there was a touch of fine light in his eyes, just like a peerless sword, majestic and sharp.

Wang Fan slowly shook his head, did not sit down, "I'm here to see a doctor, I sit here, how to see a doctor?"

His tone was neither humble nor overbearing, and his speech was slightly casual, as if he was facing an ordinary patient. "Wang Fan, right? I know you, a young, hot-blooded and powerful descendant, have offended yuanmengge, Song family, Zhao family and Bai family."

"Now it's because of the divine medicine No.1, which has offended the Mo family and the Meng family. You are really good. Even me, at your age, I'm afraid I don't have your courage. "

The man tried hard to sit up, but his body was not so good. After a long time, he still couldn't sit up.

Wang Fan frowned and quickly went to help him up.

After the man sat up straight, he looked at Wang Fan and continued, "I know what Mingyue girl is thinking. She's here to help you, isn't she?"

"You've offended the momeng family. It's impossible to resolve your hatred. She's worried about you, so she brought you here."

Men's eyes are full of shrewdness and sharpness.

Wang Fan shook his head again, "you are wrong. I came to see a doctor for you."

He is still neither humble nor overbearing, "maybe sister Mingyue really wants to find me a backer, but I

never thought so."

"And according to my understanding of sister Mingyue, the biggest purpose of her bringing me here is not to find a support for me, but to cure your illness."

What Wang Fan said is true. He really didn't think much about looking for support.

As long as Mo Meng and his family don't fight against the people around him, he really doesn't care about their revenge.

"Oh?" The man's eyes flashed a touch of interest, "can you see my illness?"

"I see it." Wang Fan nodded, of course, at this time, he can not be modest, "you are injured, internal organs, Dantian rupture, meridian damage, so it is so serious."

Wang Fan sighed, "you shouldn't look for a doctor. You are not sick at all. What's the point of looking for a doctor?"

Indeed, if it's a real disease, how can many of the world's top medical experts not do anything about it?

Even if they are proud and realistic, they have real abilities. No matter how big and rare the disease is, they can't be at a loss.

In fact, Wang Fan was surprised at this, but now he is not.

It's not a disease at all. You get a group of doctors. Isn't that funny? No wonder they have a way.

Because this kind of man's injury can't be seen from the outside. Even if the instrument is used to detect it, the channels, internal organs and Dantian are intact. He hurt inside, not outside.

At the same time, Wang Fan was also shocked. Who did this guy offend. How strong should he be when he is so strong and beaten like this?

Chapter 748

"Oh?" The man's eyes brightened, and his interest in Wang Fan increased greatly. "You can see these, which shows that you are really not simple. So you can cure it? "

In fact, he also knew his own situation and repeatedly warned Lu Wudou not to waste his time.

But Lu Wudu didn't listen at night. He had to find a doctor. He didn't have the slightest way. After all, the other side is very kind.

"It can be cured, but not in the short term. You're too badly hurt. I need time. " Wang Fan frowned and thought for a while, and said.

He really didn't boast. With his silver needle method of transforming Qi, he can really reconcile and cure the man's injury. It just takes a lot of time and effort.

To tell you the truth, it is not difficult or simple for a man to be cured.

As long as a powerful congenital master of traditional Chinese medicine, can cure.

Of course, Chinese medicine is powerful, but also innate experts, such people are too few.

"How long will it take?" The man's eyes were burning with hope, and he sighed, "in fact, at my age, I have looked down on life and death."

"But I can't die yet. If I die, no one can suppress those people."

The man's eyes revealed sadness, "and once there is no my suppression, those people will make trouble, when the time comes, there will be chaos."

He didn't say who those people were, but Wang Fan could guess that they were mostly powerful ancient warriors.

If it's not Gu Wu, who else can let a man say such a thing?

After the man finished, without waiting for Wang Fan to reply, he could not help saying, "in fact, since you took away the hundred year old leaves of Jiyan in Hanzhong, I have begun to pay attention to you."

"I've been watching your every move until the yellow grass of red city is born. You are really not simple. Even if ye'er is compared with you, it is estimated that you will be a little worse. "

"It's just that you've offended too many people who you can't afford."

The man looked at Wang Fan, expression is very serious, "whether it is dream Pavilion, or eight families, are not as simple as you imagine."

"There are more or less the shadow of the guwu family behind them, but those experts will not and dare not easily move out."

How clever Wang fan is. As soon as he heard this, he knew that most of it was because of the presence of the man in front of him, which made those experts dare not act rashly. And he also believed that what the man said was true, there was no water.

If he didn't come here and didn't see the man, Wang Fan might not pay much attention to those guwu families.

But now, he has to take it seriously.

Even in front of him, he was beaten without temper. What did Wang Fan do?

In fact, Wang Fan's guess is really right. If it wasn't for the existence of Wang Fan, if it wasn't for his interference, not to mention the Song family, or the guwu family experts behind the dream Pavilion, they would have been unable to help killing Wang Fan.

"Thank you for your protection." Wang Fan accepted this feeling in his heart. He looked at the man and said, "one year at most, I can cure you."

"In fact, if it wasn't for my lack of strength, I could have cured you in three months at most."

Wang Fan's expression became serious, "but you can rest assured that although I can't cure you in a short time, I can still make you walk on the ground in three days without any pain."

"Is that true?" The man listened to this, and his eyes flashed with shock.

Lu Wudou invited so many doctors. No one, Chinese medicine or western medicine, dared to say that.

Don't say that with confidence. They don't even see their injuries.

"How dare I brag in front of you? If I brag, I'm afraid you can kill me with one finger?" Wang Fan said half jokingly.

Although the man was seriously injured, Wang Fan would not really regard him as a soft persimmon. This kind of person absolutely has his own means. It's really possible to kill himself easily.

Not to mention anything else, just the previous pressure on himself proves that this guy is far from as weak as he seems.

"My name is Ye Nantian. If you can really cure my injury, you will be my benefactor. As long as you don't do anything unreasonable, and don't kill innocent people indiscriminately and bully people, I will protect your life no matter how difficult it is. "

Ye Nantian said slightly excited.

For people like him, it's easy not to promise at all. Once promised, it's definitely a spit and a nail.

Although he is not afraid of death, he can't die like this now.

If he died, no one would be able to frighten those goofy and impetuous guwu families, and there would be chaos.

Although these people under him are very strong, those who can stand at the top and shoulder heavy responsibilities have not yet appeared.

"I'll talk about those things later. Now you let the night in first, and I'll let her go shopping and start the injection." Wang Fan said.

All the promises are based on his ability to cure Ye Nantian's injury, so it's too early for him to be happy. It's not too late to be happy when the treatment is effective."Good." Ye Nantian nodded and then pressed a button.

He looked at Wang Fan with more appreciation in his eyes.

This guy is not only young and hot-blooded, but also has not the slightest fickleness of young people. His promises to himself are not surprising.

You know, he Ye Nantian this promise to go out, even if the other party is the head of eight families, I'm afraid will be excited to sleep?

The most valuable thing is that Wang fan is not humble and arrogant in the face of himself. He is very calm.

This spirit is not simple.

He has not seen such an excellent young man for a long time.

Wang Fan's only drawback is that he can cause trouble too much. What he provokes are some strong enemies who are not commensurate with his strength. He can be called a troublemaker.

"Godfather."

"Godfather."

The night was summoned and ran up quickly, followed by Lu Mingyue.

They are all a little strange. What does Godfather ask them to do at this time?

Compared with the night, Lu Mingyue is more worried. Wang fan is brought by her. If she annoys godfather, it will be the end.

Sure enough, when she came up, she saw Wang Fan sitting on the jade bed with his godfather.

Lu Mingyue was shocked. This guy is too crazy. Is he on an equal footing with godfather? She wants to strangle Wang Fan.

Night is also wide open eyes, that look at Wang Fan's eyes, rising from a strong sense of killing.

Wang Fan dares to be equal to godfather, which is definitely a provocation to her spirit.

You know, ye Nantian is the totem in her heart, sacred and inviolable.

Don't mention Wang Fan. Even the eight family heads can only stand here.

"Wang Fan, what are you doing? Get up quickly. I'm sorry, Godfather. Wang fan is not sensible. Don't be angry. " Lu Mingyue rushed to Ye Nantian, apologized and went to pull Wang Fan.

She felt that her Godfather must be unhappy with Wang Fan's behavior, so she called the night to send Wang fan out.

The night is also angry, "son of a bitch, I will not throw you out!"

She said angrily, already ran to Wang Fan side, a hand pinched to come over.

"Night girl, don't be rude!" Ye Nantian's face changed slightly, and he didn't make any moves. The attack of the night was swept away, and the whole person was stiff in the same place.

Chapter 749

Wang Fan some speechless, this woman is also too unreasonable, even said to do it.

If ye Nantian is not here, or if it is not the other party's territory, Wang Fan wants to teach this woman a lesson.

"Night girl is spoiled by me. Don't care. Now that she's here, you can talk to her if you have anything

Ye Nantian stopped the night and said to Wang Fan.

Listen to this, night and Lu Mingyue are a little surprised. When did Godfather treat people so politely?

Wang Fan listens to this words, pour is not polite, point to night way directly, "you prepare something for me."

Then he made a list of a lot of things, wrote them on the paper and handed them over.

"What do you say, you want me to prepare these things for you?" The face of the night immediately changed.

Who does Wang Fan think he is? How dare he command himself like this? She felt like her universe was going to explode again.

"These things are not for me, but for patients. If you don't want your godfather to get better, you don't have to pay attention to them." Wang Fan said very impolitely.

Night heard this, anger instantly disappeared without a trace, she looked at Wang Fan excitedly, "what do you say? Can you make Godfather better? "

After that, she did not wait for Wang Fan's reply, but left quickly, "OK, I'll go to prepare."

Wang Fan looked at this picture of the night, and his heart was speechless.

This woman's temper is explosive, but she really has nothing to say to Ye Nantian.

"I'll go with you." Lu Mingyue also stood up excitedly. This is the best news she heard today.

If Wang fan can cure godfather, it will kill two birds with one stone.

"Sister Mingyue, you don't have to go. Just stay here for me. Don't let anyone disturb me." Wang Fan said and took out the silver needle directly.

Although he knew that there would be no one here to disturb, because no one dared to come. But he had to be careful.

Ye Nantian's injury is very serious, he must play very spirit. At that time, once disturbed, it is likely to fall short of success.

"OK, I see." Lu Mingyue nodded, went directly to the door and closed the door.

"How can I cooperate?" Ye Nantian sees Lu Mingyue go out and asks faintly.

"Just lie down and don't resist my circulation." Wang Fan said.

"Good." Ye Nantian nodded, lay on the bed, and closed his eyes.

He didn't seem to think that Wang Fan would harm him, or maybe he wasn't afraid of Wang Fan's small moves.

Wang Fan didn't think much about it, so he began to apply the needle after taking a deep breath.

With the injection, sweat oozed from his forehead and his body began to become weak.

However, he is gritting his teeth and sticking to it. Once the needle is withdrawn midway, it will fall short.

If ye Nantian was an ordinary man, he would not work so hard, but ye Nantian was not ordinary. In

addition, he was injured by a master, but also internal injury, where is so easy to cure?

More than two hours later, Wang Fan finally received the needle. At this time, he was already out of breath.

"Well, the first course is almost over. I'll give you the second course in three days." Wang Fan gasped to finish this sentence, suddenly in front of a dark, directly fell down.

Fortunately, ye Nantian helped him in time, so he didn't fall to the ground.

Ye Nantian's heart is set off a storm, he clearly felt that his injury has greatly improved.

At least sitting up and walking have no effect.

You know, the previous him, let alone walking, even sitting up, was very laborious.

"It is worthy of being the elite brought by old man Hua. He is superior in strength, bearing and courage. He is indeed the leader of the younger generation."

Ye Nantian looked at Wang Fan who was in a coma and sighed, "this is how to have a son."

"Godfather, godfather, are you ok?" Ye Nantian just sighed, the night can no longer resist the impulse to rush in, behind Lu Mingyue how to stop all can not stop.

In fact, night has been back for some time, but Lu Mingyue stopped her from coming in.

Now it's more than two hours, and there's no news in it. How can she not be in a hurry?

However, after coming in, the face of the night became shocked.

Ye Nantian even stood up. He not only stood up, but also helped Wang Fan. Besides, he looked at his spirit, which was more than 100 times stronger than before?

"Godfather, how are you?" I can't believe it. So many famous medical experts spent a month without any clue.

How long did Wang Fan come in, and his godfather stood up?

What a miracle!

Ye Nantian wrinkled his brows, and for the first time he angrily denounced the night. "Night girl, you hairy and impetuous temperament should be changed." "The month wench didn't tell to treat period, can't be disturbed? What do you think of your impetuous appearance? If you are like this again, don't blame me for following the rules. "

Ye Nantian's dignified voice was full of anger, and he was also afraid. Fortunately, Wang Fan has finished the needling. Otherwise, he will be disturbed by the night in the middle of the needling. That's the end.

"I'm sorry, Godfather Night quickly apologized, "as long as godfather can completely get better, night let alone be punished, even if immediately to die, are willing to."

Ye Nantian snorted heavily. Instead of paying attention to the night, he rushed to Mingyue and said, "yuewench, you can arrange Wang Fan to go down to have a rest. First, make room for him to live in, and remember to treat him well for me. "

Lu Mingyue was a little shocked, but more delighted.

Since ye Nantian let Wang Fan live here, it shows that Wang Fan has been recognized by Ye Nantian.

Without waiting for Lu Mingyue's joy to dissipate, ye Nantian frowned again and took out a black round card from his pocket. "By the way, you can give this thing to Wang Fan for me. With this thing, it's much more convenient for him to get in and out of here."

Lu Mingyue took over the black round card, almost excited.

Oh, my God! Emperor!

Godfather, what is this to do? Is it to cultivate the rhythm of successors? Is that crazy?

You know, this imperial card is a symbol of identity, it represents Ye Nantian's will.

Wang Fan with this emperor card, not only most places are free to enter and leave, but also the eight family owners dare not to mess with Wang Fan.

Don't mention the eight families. Even those ancient martial arts people have to weigh up if they want to move Wang after seeing the emperor's card.

After all, ye Nantian's identity is there. Although he is not born easily and does not ask about foreign affairs, no one dares to ignore his existence.

Even if he is now terminally ill, as long as he is alive, he will be scared one day.

The name of people, the shadow of trees and the reputation of Ye Nantian are not blown out.

Night is also a bit shocked, Wang Fan with this thing, can be said to have the right to order her.

But she is not jealous, godfather do so, must have godfather's plan. What's more, as long as Wang fan can save godfather, it's better than anything.

"Good Godfather." Lu Mingyue nodded. After taking the imperial card, she supported Wang Fan and planned to leave.

Night naturally won't let Lu Mingyue help Wang Fan alone, and hurry to the other side to help.

At the same time, Lu Wudou, who stayed with the world famous doctors, suddenly changed his face and stood up.

Looking at Lu Wudou's picture, the doctors were shocked and some didn't know why.

Lu Wudou didn't explain to them, but quickly said, "everyone worked hard for such a long time. Lu Wudou thanks again."

"That's all for the treatment. Please leave. I'll call you before 8 p.m. for the reward."

Lu Wudou said in a hurry, invited two people to come in to see off the guests, and then left the hall directly.

The famous doctors were shocked when they heard Lu Wudou's words.

Can they not understand the meaning of Lu Wudou? Obviously, the guy named Wang Fan's treatment had an effect, otherwise Lu Wudou would never have said such a thing.

Chen Dehai, who had previously mocked Wang Fan, was even more miserable. He couldn't believe that Wang Fan could treat Ye Nantian.

Chapter 750

Wang Fan was very tired and fell asleep until dawn the next day. He felt hungry.

He sat up in a daze and planned to get out of bed, but just as his feet had just landed, he almost fell down.

"Are you awake? Are you all right?" A voice suddenly came out from Wang Fan's ear, and then a shadow rushed to Wang Fan and quickly held him.

Wang Fan was startled. After seeing the black shadow clearly, he could not help but feel relieved.

He was not angry and said, "I said you were a ghost. It scared me to death."

Wang Fan said, can't help yawning, "where am I?"

"You're still in our nantianfu, and now you're in the first floor." Night this time did not get angry, but quickly said.

Now she still expects Wang Fan to cure her Godfather. How dare she ridicule Wang Fan?

"Oh." Wang Fan nodded, and then said, "I'm hungry, get me something to eat."

"Good." Night did not refuse, holding Wang Fan to sit outside the stone table, then ran into another room.

Before long, she came out with a few dishes just like a waiter.

"It's all made by Mingyue. You can eat it while it's hot." Said the night.

Lu Mingyue followed and came out with two dishes.

She had an apron on her body and a few fragrant sweats on her forehead. It was obvious that she was busy just now.

"Wang Fan, how do you feel? Are you better? I don't know what you like to eat, so I made it casually. I hope it suits your taste. "

"Thank you, sister Mingyue. I don't choose." Wang Fan said gratefully and began to eat.

After eating for about three minutes, Wang Fan couldn't help looking up, "Why are you looking at me like this? I'm embarrassed to eat."

Wang fan is speechless. The two women stare at him, which makes him feel very uncomfortable.

"We're not hungry. You eat and you eat. If it's not enough, we'll do it again." Said the night.

"You raise pigs." Wang Fan did not have the good spirit to say, then asked, "by the way, I asked you to prepare the thing, all ready?"

"It's all ready." The night nodded.

"That's good." Wang Fan said, let the night to find a pen and paper, began to write and draw up.

Half an hour later, he handed the paper to the night, "let people boil it according to my collocation, and then give it to your godfather, three times a day. Remember, you must match it according to my method. If you match it wrong, it will have no effect. "

"All right." Night nodded, carefully folded the paper and put it in his pocket.

After eating and drinking enough, Wang Fan's strength recovered a lot, but his internal Qi did not recover at all. His strength was less than 20% of the peak.

In his current situation, let alone Meng Qingming's peak day after tomorrow, even if any special forces come over, they can beat him.

Wang Fan originally wanted to go to the film academy to see Lin Shiya and Murong yu'er, but after thinking about his physical condition, he gave up.

If he goes out in such a state, momon and his family can kill him in minutes.

"Oh, if only there was a spirit grass." Wang Fan sighed helplessly. He was going to go back to sleep when he suddenly remembered something and stopped.

"What's the matter, do you have any orders?" Night now has more eyesight than yesterday. Seeing Wang Fan's expression, he can't help but come forward and ask. It's more intimate than the intimate servant girl.

"There's no order. Can you let someone bring in the jade I bought yesterday in the trunk of sister Mingyue's car?" Wang Fan said.

Night listening to this, the first time is to look at Lu Mingyue, intend to car keys.

Lu Mingyue can't help but frown, "what do you want that broken jade for? Don't you really want to make a gift for godfather? Godfather will not be happy

Wang Fan had a hard time establishing a relationship with his godfather. Lu Mingyue doesn't want to make a bad impression of him because of a broken jade.

"No, I just have nothing to play for myself." Wang Fan said.

Lu Mingyue sighed. Finally, without saying anything, she took the night to get the jade.

Before long, they came in carrying the jade.

Wang Fan some speechless, "you won't let others come in, really."

The second daughter rolled her eyes and did not speak.

Here, not everyone can come in.

Wang Fan did not think much, quickly opened the box, moved out the piece of "waste jade", grinning.

With this, his strength recovery is just around the corner.

This jade is not waste jade. It has aura. Although aura is very weak, it is much better than ordinary jade.

"Lingyu?" At night, I felt the aura in the jade, and the shock flashed in my eyes.

Lu Mingyue couldn't feel the aura because she was not qualified to practice ancient martial arts, but the night was different. She's a genius.

This is also the reason why the two daughters, both of whom are Ye Nantiangan's daughters, are treated separately.

One is trained in person, the other is forced to leave in the barracks.

In fact, Ye Nantian still dotes on the two girls.

"It's not Lingyu, it's just that GATT has some aura." Wang Fan waved his hand and moved the jade directly into the room. With these auras, his strength can at least recover to 50%.

Night did not ask, but felt Wang Fan is not simple.

This guy knows Lingyu and can feel Lingqi. Doesn't it mean that this guy is also a martial arts practitioner and an expert?

But why did she not notice Wang Fan's strength at all?

Lu Mingyue was shocked, and she wanted to be killed in shame.

In her eyes, the waste jade turned into Lingyu. Is this a joke?

You know, Lingyu is very valuable. Even the Lingyu that has been added is very expensive. We can't see it in the market at all. Even if we see it, it's a sky high price.

Think about the beginning, she was just like those people, laughing at Wang Fan's stupidity.

Now it seems that they are stupid. Wang Fan bought a piece of Lingyu with 500 yuan.

If the shop owner knew about it, he would be angry and commit suicide, right?

It took Wang Fan more than an hour to absorb those auras and restore his strength to 50%.

He felt that he had the ability to protect himself now, so he planned to see Lin Shiya's second daughter.

But before Wang Fan went out, his phone rang.

Wang Fan glanced at the caller ID and said with a smile, "Kong Shao, good afternoon. Call me at this point. Do you want to invite me to dinner?"

Kong Wucheng on the other end of the phone laughed, "Wang Shao is joking. Please have a meal. Isn't that right?"

"You don't mean enough. You've come to the capital and haven't called me. Don't you treat me as a friend?"

"Where would it be? Isn't there too many things to contact you? It's Kong Shao who dares to call me under such circumstances. It's really beyond my expectation. "

Wang Fan chuckled and said, "Kong Shao, please tell me a place. I'll go now."

"Good." Kong Wucheng nodded, gave Wang Fan an address, and then hung up directly.

Wang Fan washed, changed his clothes and planned to go out.

To be honest, Wang Fan didn't expect Kong Wucheng to call him in this situation and invite him to dinner.

You know, he's the enemy of the momon family. Does Kong Wucheng's action mean that he is fighting against Mo Meng's family?

"Wang Fan, are you going out?" Lu Mingyue, at night, saw Wang Fan go out and immediately met him.

"Yes." Wang Fan nodded, "a friend invited me to dinner, I can't help giving people face?"

"I'll go with you." The night said without thinking. Now Wang fan is a key figure. No mistakes are allowed.

Wang fan is a little depressed, "elder sister, won't you, when do you like me so much, even I have to follow me wherever I go? Will you give me some freedom? If it's like this, I don't care about your Godfather. "

"You say you are so hot tempered. If you hurt my friend, what should I do? Do I still want to be a man? It's pretty much the same with sister Mingyue. She's much more gentle. "

He really didn't want to take the night. There was no one else except ye Nantian in this woman's eyes.

In case of her temper up, really put Kong Wucheng and others to beat, Wang fan can be embarrassed.

The night gnawed his teeth and said for a while, "don't worry. I won't make trouble without you."

"If Mingyue can do it, I can do it too. I'll act as your bodyguard and servant girl. I won't talk much, let alone make trouble."

She is really worried about Wang Fan's accident. She wants to protect Wang Fan.

"Wang Fan, if you can take people, take the night with you. It doesn't matter whether I go or not. If you can't take people with you, take it as if I didn't say it. "

Wang fan is about to speak, but Lu Mingyue opens her mouth.

Although she is not against the night, she still knows the identity and strength of the night. With the protection of night, she will be very relieved of Wang Fan's safety.

"All right." Wang fan can't nod. What else can he say now?

Lu Mingyue saw Wang Fan nodding and looking at the night, "night, but you have to change your clothes and wear sunglasses."

It's nothing for Lu Mingyue and Wang Fan to appear together, but the night is different. Although ordinary people don't know night, it doesn't mean that no one knows her.

If someone recognizes that night plays the role of Wang Fan's girl, how wonderful is that?

"I know." The night nodded and quickly went to change clothes.

Soon, night changed into the same dress as Lu Mingyue, with a T-shirt on the top, jeans on the bottom, a cap on the top and black sunglasses on the eyes. Wang Fan make complaints about the dark night.

Your younger sister, is this like a servant girl? People who don't know think it's a big star.

It's too catchy. How can he pick up girls?

But Wang Fan didn't say anything more and went out with her two daughters.

During this period, someone didn't recognize the night, and couldn't help coming to ask, the night was intended to attack. Only after seeing Wang Fan did he patiently take out a gold brand.

Those people saw the gold sign and immediately let it go respectfully.

They are all speechless. Who knows this aunt dressed like this?

As for Wang Fan and Lu Mingyue, few people know each other, so it's normal for people to stop them.

Wang Fan looked at this scene and couldn't help looking at the night, "that, sister of the night, can you give me a sign like this?"

"Otherwise, living here would be like living in a prison. I can't get out of the house. How depressing it would be?"

Night listening to Wang Fan, want to swear, you have a special emperor card, also need this brand? I've never seen anything like this!

Lu Mingyue is embarrassed smile, quickly took out the emperor card to Wang Fan, "this is the pass, you take this brand, you can go in and out here."

"All right." Wang Fan took the imperial card, a little disappointed, "ah, people are gold medals, this is a black card, the gap is really big!"

Night clenched his fist, suddenly want to beat!
