

MIGHTY SK 761

Chapter 761

"I want to protect you!" The night cold spit out five words, very cherish words like gold.

Wang Fan almost vomited blood, he pointed to his nose, "do you think I need protection?"

He was speechless. When did he become a national first-class protected animal, he still needed the protection of people like night.

"I think so." Night nodded seriously, "last time, if it wasn't for me, you would have been shot in the head with garlic nose."

"So for your safety, I'd better follow you. If you don't have long eyes and get into some serious roles, wouldn't you be dead without me? "

Night originally wanted to talk with Wang Fan well, but I was not happy to hear Wang Fan's tone and content.

What the hell is this!

Wang Fan some collapse, but did not go to wrangle, directly and powerlessly waved, directly ran to Lu Mingyue's cross-country.

Although Lu Mingyue left, the car was left for Wang Fan. After all, Wang Fan was more convenient.

Wang Fan just unlock the door, night is very impolite to sit in the co driver's seat, also fasten the seat belt.

Wang Fan looked at the appearance of the big sister's head in the dark, but he was not calm, "I said, do you have such protection? Are you protecting me and asking me to drive? "

He felt that his nose could be crooked by anger.

"I'm just protecting you. I'm not the driver. Of course you drive." Night's right way back.

Wang Fan suddenly feels that his vital capacity is not enough. This woman is really his own nemesis.

Wang Fan has always been angry with others. When did he get angry with others. But to this night, Wang Fan also has no way.

He gave a deep glance at the pride of the night, which was tightened by the seat belt. Then he started the car and left.

More than an hour later, Wang Fan came to a Shangri La. He called Su Weiwei and sat down in the living room.

The night followed and sat opposite Wang Fan.

Wang Fan was too lazy to pay attention to this woman. He took out a newspaper and read it for himself.

Although the woman is beautiful, she has a hot temper. She is more explosive than dynamite. Wang Fan has no interest in her.

Wang Fan watched for about five or six minutes, then Shangri La came in again with a group of guests.

This group of people are well-dressed, their eyes are full of pride, and they are followed by a group of burly bodyguards. They are very powerful.

Headed by a young man in his twenties, the young man combed his back, his eyes were high and his mouth was high. At first sight, he was an extraordinary and arrogant master.

In his arms, he also held a little girl, who was dressed in fancy clothes, suspenders and shorts, with a large area of white skin exposed and gorgeous.

With her walking, the skirt is also ups and downs, there is a gap looming, causing reverie.

She nestled in the arms of the young people, while walking and talking in a sweet voice, full of anger.

The young man, on the other hand, moves his hands and feet towards the woman in his arms and scans around. The person he has swept will almost bow his head in the next second and dare not look at him.

I don't know whether they know the young man, are afraid of his identity, or whether the young man himself has a strong air and has become a deterrent.

Behind the young people and women, there is a middle-aged man in his forties who bows and bows. The middle-aged man's face is full of flattery and flattery, just like a pug.

Wang Fan felt that someone had entered, so he looked up.

His eyes stayed for one second on the young leader, for two seconds on the woman in his arms, and for three seconds on the middle-aged man behind him. Then he quickly bowed his head and covered his face with a newspaper.

His heart secretly scold, really special Niang is day dog, oneself seven or eight days did not go out, this just went out, met enemy, still want to live.

He could only pray that the enemy didn't see him, and didn't recognize him. Wang Fan didn't want to

see blood on the good day when Su Weiwei was discharged from hospital.

What only made Wang Fan's egg ache was that the more he was afraid of something, the more he would come. He obviously felt that a group of young people came towards him.

Nima.

Wang Fan wants to swear.

Night is also aware of Wang Fan's movement and expression changes, she looked at Wang Fan, and looked at a group of young people, can not help but frown.

She was thinking, this guy is really not a thing. There are enemies everywhere. If there is no self-protection, how can Wang Fan live!

"This beautiful lady, I'm Li taikai of Li family. Here is my business card. Can we make a friend?"

The young man soon came to Wang Fan and introduced himself as he handed out his business card to the night with a smile.

Li taidiao?

Wang fan is secretly saying that he will be wrong. It turns out that the other party doesn't recognize himself, so he comes to find his bad luck. At the same time, listening to the name, I couldn't help laughing.

Nima, this name is too standard, isn't it?

When the young man heard Wang Fan's laughter, his eyes immediately darkened.

Without waiting for him to speak, the middle-aged man behind him looked at Wang Fan fiercely, "what the hell are you laughing at? Do you want to die?"

Li taidiao, the prince of daowumen, is second only to the core nephew of the eight families in the capital.

You know, how big is the capital? How many core nephews do the eight families have? It can be said that Li taidiao can almost walk horizontally in these four or nine cities.

Everyone knows that what Li Tai Kai hates most is that others laugh at his name.

Once one of his favorite women joked about his name. The next day, someone found that the woman had been crushed to death on the street, and she was not crushed to death, but insulted to death.

There is also one of his best brothers who ridiculed his name. His brother was even worse. He directly skinned his whole body and hurt him to death. His means were cruel.

It can be seen that Li taikai is so taboo to his name and cruel to those who laugh at his name.

Now Wang Fan dares to laugh at Li taikai's name. How can a middle-aged man who is eager to flatter Li taikai miss this opportunity?

"I'm sorry. I didn't mean to laugh. I just saw a joke and laughed."

Wang Fan covered his face with newspaper, "you go on, you go on, I'll go there, I'll go there."

He said, gray Liuliu stand up, they intend to go to another location.

Anyway, these people didn't come to him for bad luck. He didn't bother to make trouble.

As for the night, even if Li taidiao really blew up the sky, now he wants to soak in the night. Wang fan can only pray for his own happiness.

Night is also Leng for a while, completely did not expect that this group of people did not come to find Wang Fan, but to soak her.

She just doesn't care what Li taikai or Li butaikai is. She makes a gesture and plans to attack. Only when she sees that Wang Fan wants to run, she immediately bears the thought.

"I said Wang Fan, they're going to soak me. As a man, you can't stand out, but you still have to run. Are you still a man?"

The night said angrily, tearing off Wang Fan's newspaper directly.

Wang fan is dull for a moment, this NIMA.

"It's you?" At the same time, the middle-aged man also saw Wang Fan clearly.

First he was stunned, then he was furious, "good boy, you can't find a place to break the iron shoes. It doesn't take much effort. Originally, I was thinking about how to find you, but now you've sent me to the door."

The middle-aged man said to Wang Fan and looked directly at Li taikai, "Li Shao, it's this guy. If it wasn't for him, the Xiao Xue you saw last time would have been brought back by me."

"He's the one who interferes with us. It's bad for us!"

Middle aged man, it's Huang Yao!

When Wang Fan came out to Lu Qianqian's family and went to the underground arena to save Xiao Xue, there was an auction session in the middle. Wang Fan had a conflict with Huang Yaoqi in the auction session.

Li taikai listened to this, his eyes suddenly narrowed, and he suddenly looked at Wang Fan, showing his killing chance!

Chapter 762

Daowumen, the absolute giant of the underground world, can be called a giant.

Its tentacles are all over the country, with a profound foundation.

It is said that this Daowu gate is the same as Yuanmeng Pavilion in nature, and it is backed by the ancient Wuzong gate.

It's just that yuanmenge takes a high-end route and collects money by controlling the consortia, and its actions are relatively low-key.

Daowumen, on the other hand, is a kind of deviant sword. It collects money by controlling the underground forces, and its means of dealing with affairs are also cruel and brutal.

So compared with fame, daowumen is much louder than yuanmengge.

As the prince of daowumen, Li taikai was arrogant and domineering.

In addition to the eight nephews, he is afraid to mess around, others, he is simply not in the eye.

If you dare to offend him, step on him to death.

Over the years, he has read countless beauties, and it can be said that there are few beauties he can see.

In addition, some beautiful women's family background is still more terrible, and he does not dare to touch them easily. In this way, his beautiful women resources are even rarer.

Xiao Xue is one of the beauties he can meet his requirements.

After huishao's new favorite Xiao'er's propaganda film came out in Guyang, Li taikai was moved at the first time. Only when he had something to do at that time, he didn't catch up with him, so he sent Huang Yao, the kingpin of Jiangdong, to come forward, and also sent a master to Huang Yao.

Although Li taikai didn't pay much attention to huishao in Guyang County, huishao still has a lot of energy in Guyang county.

Although Daowu gate has a long way to go, it doesn't extend to a small place like the county.

Because of Hui Shao's energy in Guyang, and Li taikai's purpose was to get Xiao Xue, he didn't try to force her.

But he didn't expect that Wang Fan's involvement in the auction ruined his good deeds. Afterwards, Wang Fan directly killed Hui Shao, which made him lose his idea of robbing Xiao Xue from Wang Fan.

Originally, he wanted to send troops to Guyang to kill Wang Fan directly, but he happened to know ah Jiao in his arms at that time, and his attention was diverted, so his mind was temporarily dispersed.

Li taikai was going to get tired of Gillian and find a chance to investigate and deal with Wang fan when he was free, but he didn't expect to meet Wang Fan here.

"Hey, uncle, how do you talk? Can you talk? Everyone has a love for beauty. How can it become a bad thing for you? "

"Auction" means that whoever has more money is the master. At that time, you didn't have as much money as I did, and you didn't photograph Xiao Xue. Blame me? "

Seeing that Huang Yao recognized himself, Wang fan stopped hiding and directly stood up.

He doesn't want to cause trouble, but it doesn't mean he's afraid of trouble. He wants to step on Wang Fan's head, let alone Li taikai, even his eight nephews.

"A lot of money is a master?" Huang Yao almost nose gas crooked, "son of a bitch, in Guyang, I can't move you, in this capital, do you believe I can step on you every minute?"

"Compared with Laozi, what the hell are you? Aren't you a coal rich man in West China? What are you going to do with Laozi?"

Huang Yao saw that Wang Fan was still so arrogant. He was very angry. He pointed to Wang Fan's nose and scolded him.

At the time of the auction, Wang Fan pretended to be an upstart and claimed to be a coal producer in West China, so Huang Yao wrote it down.

Wang Fan listened to this, immediately a little uncomfortable, "what do you mean, look down on the West China coal?"

"I'll tell you, I'm pissed off. I'll take money to kill you every minute. Over the years, there are not ten or eight people like you who have been killed. It's not bad for you. "

Wang fan is very arrogant said, but also can't help pretending to be a nouveau riche.

Huang Yao was so angry that he almost had to go up to smoke Wang Fan's ear.

Fortunately, he knew that Wang Fan's strength was strong, and his ability was not enough for Wang Fan to wreak havoc, so he didn't dare to rush up to find it.

Li taikai saw that Wang Fan was so arrogant, and even called Huang Yao in public. His eyes were getting colder and colder, and his killing was getting colder and colder.

Huang Yao is his dog. Now Wang Fan says that he killed his dog with money, which is a slap in the face.

"Boy, how can you talk? You are so arrogant in front of Li Shao. Haven't you ever died?"

"Son of a bitch, are you tired of living? Hurry to kneel down and apologize, then slap yourself and take the initiative to go back with us to get the punishment, otherwise we will let you know how to write the dead word. "

Before Li taikai had time to get angry, the group of followers behind him couldn't help showing off.

Those bodyguards are more active scattered, surrounded by Wang Fan, as long as Li taikai a command, will directly rush up to take Wang Fan.

Even Ah Jiao in Li Tai Kai's arms couldn't help looking at Wang Fan Jiao's knife, "ah, Hello, who am I? It turns out that I'm a coal producer in West China."

"You are a coal producer in West China. You dare to challenge Li Shao. I'm really knowledgeable."

Ah Jiao said, looking at Li taikai, "dear, I don't like this man. Step on him quickly." "You look at his eyes, staring at others, as if he wanted to swallow them in his mouth. It's too uncomfortable. They have goose bumps."

This Gillian is not a thing, she has more violent factors than normal people.

Her favorite is watching Li taikai trample on people. The harder and more ferocious Li taikai tramples on others, the happier, the more excited and the more climax she will be. She can be called a wonderful flower among the wonderful flowers.

She didn't have a long time with Li taikai, but many people trampled her to death.

In addition to some people who had offended her, even some people she didn't like were deliberately provoked by her and let Li taikai step down.

Wang Fan looked at Gillian, some speechless mouth, do not know what to say.

He didn't see if this woman was good at all. When did she turn pale, and when did he want to swallow her? Is this NIMA's ability to open her eyes and tell lies too strong?

Wang Fan pointed to Gillian, pointed to those Li taikai followers, one by one shouting, "Oh, I go, you are really funny."

"If I had died, could I still stand here? Am I your father's reincarnation? "

"Let me kneel down and beg for mercy, slap myself, and then go back with you to be punished? I think you've seen too many movies, haven't you? You think you're a jerk? As soon as the tiger's body shakes, others have to kneel down and surrender? "

Wang Fan pointed to Gillian again and scolded her impolitely, "and you, a woman, even said I look at you? To swallow you? "

"I Pooh!" Wang Fan hard toward the ground dry spit, "you are like this, I see you a second more feel like vomiting, give me nothing."

Wang fan is very good at swinging his fist. He is not bad at all in eloquence.

Wang Fan's aim is to use any moves to anyone. If you use your fists against me, I'll beat you. You can't take care of yourself. If you use your mouth to spray me, I'll spray you. You can't look up forever.

"You, you, you." Ah Jiao didn't expect that Wang Fan would fight with each other. In a flash, she almost exploded.

She trembled and pointed at Wang Fan, her face turned red, and she didn't know what to say. The two things in front of the chest also swayed out of the soul stirring radian.

Before, when did those people face Li Shao, who was not shuddering? When did she meet Wang Fan, who was so arrogant? Didn't Wang Fan see the bodyguards behind Li Shao?

"You, you, what you are." Wang Fan pointed to Gillian and said, "I think you'd better stay away from me. I'm afraid your two balloons will explode and spray booty on my face."

"Ah Gillian could no longer help screaming, "Li Shao, I'm going to kill him, I'm going to kill him!"

Gillian some collapse, Wang Fan even said her pride is a balloon, for a woman, nothing more insulting than this.

Chapter 763

Li taikai's face was also completely ugly, and he could no longer bear to open his mouth. "As a man, if you open your heart to a woman and say such words, would you be too ungracious?"

"Do you think that if you have a little money and strength, it will be great, and no one will pay attention to it?"

"I tell you, in these four or nine cities, there are eight hundred people who can trample on the upstarts like you. Don't be too self righteous."

The more Li taikai said, the colder his tone was.

If it wasn't for Shangri La, if it wasn't for Wang Fan's skill, even if he did it, he couldn't take Wang Fan for a while. He would have let people do it.

"Grace?" Wang Fan sneered, "with people like you, what kind of manners do I need to talk about? I didn't even look at that bitch. He said that I wanted to eat her, and you wanted to trample on me. Why should I tell her manners? "

"Is it difficult for a dog to bite me? I have to go and tell the dog a lot of truth. When I know it, I will move it with emotion and reason?"

Wang Fan sneered, "what's more, you have come to soak my women in front of me, and I want to talk to you about manners. Are you too naive?"

"If I asked you to give me that bitch as a dog, would you tell me how to behave?"

Wang Fan's words are very impolite, shame is also red fruit.

When he said that, not only Gillian was about to lose her breath, but even Li taikai was about to blow up her hair.

Around those far concerned guests to hear Wang fan so rampant words, but also bursts of shock and fear.

While admiring Wang Fan's courage, they all secretly sweat for Wang Fan.

That's Li taikai! How many people dare to point their nose like this?

In some ways, Li taikai is more terrible than the eight nephews. After all, the eight nephews still have to worry about face in public.

Li taikai, an underworld prince, doesn't care so much. He offends him. No matter whether he is in public or not, he dares to kill you.

Listening to Wang Fan's words in the dark night, he was angry and angry.

Wang Fan took her and Gillian than even, but also compared Gillian to a dog, which indirectly also scolded her into it?

However, although she felt that Wang Fan's language was very vulgar, she also felt that it was a relief.

Sometimes, it's better to humiliate the other party than to use fists directly. After all, using fists only hurts the body, but it hurts the heart.

If it were night, she would not have Wang Fan's eloquence. She would only use her fist to fight violence.

"Son of a bitch, how can you talk to Li Shao? I think you are looking for death!" Huang Yao saw that Li taikai was insulted by Wang Fan, so he couldn't help jumping out and slapped Wang Fan directly.

At this time, even if he was afraid of Wang Fan's strength, he had to step forward, otherwise Li Shao would be dissatisfied with him in the future, and the consequences would be terrible.

"What are you? You dare to fight against Wang Shao. I think you are looking for death!"

Wang Fan did not speak, a cold voice came, followed by a figure in front of Wang Fan, the same slap fan out.

With a slap, it was not Huang Yao's slap on Wang Fan's face, but Huang Yao's firm and solid slap, which made the whole person fly up and fall out like a dead dog.

After he fell to the ground, he covered the bloody corners of his mouth and uttered a cry of pain.

I saw a woman in plain clothes standing in front of Wang Fan. She was tall, delicate and hot.

Obviously, that was what she said just now, and Huang Yao was also her fan.

No one would have thought that such a delicate woman should have such terrible strength that she could fly out the Yellow Yao fan of nearly 200 Jin in one slap.

"Sorry, Wang Shao, I'm late." Su Weiwei slaps Huang Yao and turns to Wang Fan. At the same time, her eyes become tender.

She pointed to Huang Yao on the ground, "Wang Shao, this guy has offended you. Do you want Wei Wei to drag him out?"

Su Weiwei's tone is very gentle, but the content is very rough, and the listener is numb.

No one believed that Su Weiwei didn't see Li taikai and the bodyguards, but it was obvious that Su Weiwei ignored them.

Wang Fan didn't speak, but suddenly there was another Scream: "ah --", and a big man stepped on Huang Yao's palm carelessly and walked slowly.

The burly man is 1.9 meters tall, and his weight is estimated to be 300 Jin, which gives people a strong pressure.

Li taikai's burly bodyguards compare with this burly man, that's a small Witch sees a big one.

With his foot down, Huang Yao suddenly felt miserable. His whole hand was crushed to pieces, leaving a trail of blood.

But the burly man didn't seem to hear Huang Yao scream at all, and didn't see the other side's bloody palm. He walked slowly to Wang Fan's back.

Obviously, this burly man belongs to Wang Fan. He is a Biao.

"Ah Biao, you are so rude. How can you do that? If I were you, I would step on his third leg and let him die! "

Wang Fan looked at a Biao with a soft twinkle in his eyes, and then rebuked him impolitely. But the content of the reprimand was surprising.

He reprimanded a Biao, and then reprimanded Su Weiwei, "Weiwei, I have not said, girls, don't always start."

"You said that you always don't listen to me and are always so violent. How can you get married? Is it like a girl's words to drag people out and sink them? It has to be changed in the future! "

"Good Wang Shao. Weiwei knows her mistake. She will change it later." Previously, Su Weiwei, who was tough and shameless, was like a docile female cat in front of Wang Fan.

When she enters the hotel with a Biao, she immediately sees that Huang Yao is going to kill Wang Fan.

Su Weiwei, who would hesitate, rushed over directly.

Although a Biao's strength is strong, his speed is far less than Su Weiwei, so he can only follow Su Weiwei to mend the sword.

People around look at the face of Huang Yao's cruel and shameful, but they are also a little dull and even jealous of Su Weiwei, who is gentle and shameful.

Who is this guy who can tame such a tough woman?

When they look at Su Weiwei and a Biao, they immediately realize that Wang Fan, the so-called upstart

in West China, is not an ordinary upstart.

They just want to know how the next thing ends.

After all, Li taikai is not a vegetarian.

Li taikai's face is gloomy and terrible. The appearance of Su Weiwei and a Biao makes him lose another 10% of his chance to clean up Wang Fan here.

But if he does, he will not be reconciled!

In these four or nine cities, no one dares to insult him like this. Except for the core of the eight families, he has no character who can't step down.

Li taikai winked at a valet nearby, and asked the other side to call for help, while looking at Su Weiwei,

"Miss Su, it's really fate that we meet again. But are you sure you want to stand out for this so-called king? Offend me, Li taikai? "

Li taikai knows Su Weiwei. In a sense, Su Weiwei is one of the women he likes but can't move.

Because Su Weiwei is the red man in front of Bai Xiaoren. Bai Xiaoren has eyes and hands, and the energy in these four or nine cities is even more frightening.

Although Li taikai was not afraid of Bai Xiaoren, he didn't want to fight with Bai Xiaoren for a woman.

Once he offends Bai Xiaoren, although he can't carry the capital branch of daowumen, he can also make him bleed, even if he doesn't take action.

But recently it seems that Su Weiwei seems to betray Bai Xiaoren and take refuge in others, so Li taikai is not so polite to Su Weiwei.

Chapter 764

Su Weiwei heard this, slowly turned her head, and finally took her eyes to see Li taikai for the first time.

But when she looked at Li taikai, her attitude was not as gentle as when she treated Wang Fan. "What is Li taikai, and dare to challenge Wang Shao?"

Su Weiwei points at Li taikai and doesn't give her half face at all. Her words are very direct and cruel.

"Wang Shao is the master of Su Weiwei now. He has something to do with you! Do you dare to touch him? Believe it or not, Su Weiwei slaps you in the face directly? "

"Also, I su Weiwei and you Li taikai are not so familiar. Please don't get close to me. There is no so-called

fate between us."

Su Weiwei is sincere to Wang Fan now, and her maintenance is tight. It can be said that now Wang fan is Su Weiwei's taboo, against scale, no one can provoke.

In addition to the former little Lord Bai Xiaoren, even if the head of the eight families dare to challenge Wang Fan, she Su Weiwei dares to jump up and take a bite.

Even if she knows that Wang fan is not afraid of such things as Li taikai, what's the use of Su Weiwei if she needs Wang Fan to do it herself?

"Su Weiwei, do you really want to die?"

Li taikai listen to this words, anger can no longer suppress, burst out, "you think now you, still have the right to shout with me?"

"I tell you, without the protection of White Owl benevolence, you are not as good as fart in my eyes! Believe it or not, can I make you lie naked on my bed tonight and beg me to go to bed? "

Li taikai was completely angry!

Just a su Weiwei, without the protection of White Owl benevolence, but still dare to find him Li taikai bad luck, this is simply looking for death!

In particular, the reason why Su Weiwei called him Li taikai was another upstart who made him very unhappy, which made him even more angry.

First, he was beaten in the face by Wang Fan, and now he was scolded by Su Weiwei by pointing at her nose. How can he tolerate it?

"I beg you to go up?" Su Weiwei listened to this, pretty face a cold, "I bah!"

Her speech is more obstinate, "you are such a toothpick goods, also want to go to my mother, you don't take care of yourself what? I think you'd better go home to your mother? "

Wang Fan was stunned by this.

This girl has her own five point standard.

It's good. It's good for you.

For people like Li taikai, Wang Fan likes to see others gnashing their teeth in anger, with a desperate expression, but helpless.

Although the bodyguards are powerful, they can also be regarded as figures, but in front of a Biao, they are not enough to see.

Accompanied by a miserable cry, soon, those bodyguards were beaten around, no one can get up.

Shock, shock.

No one thought that a Biao was so strong that he could beat over ten bodyguards of Li taikai. A Biao turned over the bodyguards, did not move Li taikai, but respectfully stood back behind Wang Fan, as if he had not done everything before.

Look at his indifferent expression. If it wasn't for the group of bodyguards who fell on the ground were still bleeding, I'm afraid others would think that he was out for a drink.

Wang Fan looked at Li taikai, "Li Shao, right? Now, do you still want to step on me? You people are not good enough. "

He smilingly, looking harmless, "by the way, do you want to continue to call people to do me, or stop here?"

"If you're going to send for me, I'll wait here, and I'll be with you. If that's the end, I'm going to leave. "

Wang Fan didn't want to make trouble, but now he has no way.

When a soldier comes to block the water and cover the land, he can only see the moves.

Creak creak

without waiting for Li taikai to speak, suddenly there came a series of harsh brake sounds outside the door.

Listen, there's more than one car.

Those at the door can clearly see that at least 20 black cars are parked in the opposite street.

Dust rippling, imposing.

Then, the door opened, and a group of well-trained youths, all in black clothes and trousers, came out of the car to serve the United Youth.

In the next second, they rushed to Shangri La, arrogant and domineering.

Those guests looked at this scene, no longer dare to stay, quickly ran toward the stairs and elevators.

However, there are still people who slow down a step. Those who slow down a step are caught and directly thrown out of Shangri La.

At this moment, not to mention the guests, even those front desk ladies and lobby managers were afraid to hide and could only secretly ask the senior management for help.

Hundreds of people filled the hall in an instant. At a glance, the hall was covered with black heads.

They ran respectfully to Li taikai and made a sound.

"Li Shao."

"Li Shao!"

The hall is full of momentum.

Li taikai looked at these people and finally regained his confidence. His face was full of grimace.

He looked at Wang Fan, "so far? Do you think I'm going to stop here? What did you say just now? No matter how many people I call, you will go on and accompany me to the end? "

"Well, I like the person who can play with me to the end. I just hope you don't let me down."

He said with an abusive face. Suddenly he thought of something and asked, "by the way, do you want me to give you ten minutes to call someone?"

Chapter 765

"Yes!"

Wang Fan nodded seriously.

"Well, I'll give you ten minutes to call people. I'd like to see what kind of people you can call, you upstart in West China." Li taikai laughed and didn't take Wang Fan seriously at all.

Wang Fan did not pay attention to Li taikai, directly felt out the mobile phone to find a number to dial out. Just make him some depressed is, the other party did not answer unexpectedly, ring a few to hang up.

This made Wang Fan lose face and Li taikai sneer.

Even the night, can't help thinking, Wang Fan this guy is in bluff.

She's even thinking about whether to do it by herself or ask someone to come.

Only Su Weiwei and a Biao are calm and don't worry about Wang Fan at all.

Wang Fan's strong, they two people are the most clear, even eight nephews can step down, just a Li taikai, how can put in the eye?

Wang fan is a little upset. If he continues to dial, he doesn't believe that the other party can not answer all the time.

After three times of hard work, the other party finally got through the phone impatiently, and was furious when listening to the voice, "who, you want to die, don't you? You'd better give me an explanation, or I'll kill you every minute! "

I'm a arrogant and domineering master again.

But Wang Fan didn't care at all. He said slowly, "if you go back to mengshao, I'm wang fan. Now you have the chance to show yourself."

"Bata."

The person on the other end of the phone was obviously stunned, and then it seemed to be the sound of the mobile phone falling to the ground.

After three seconds, the other party's shaking voice came, "you, are you wang Shao? You, what do you want me to do? "

"I'm in Shangri La now. I accidentally offended a local villain. They directly asked a hundred people to block me. As you know, I'm a stranger and I can't compete with these local people, so I have to ask for help from you. "

Wang Fan said casually.

"Give me five minutes. I'll be right there." Although the person on the other end of the phone didn't want to talk to Wang Fan, he didn't dare to. Finally, he gritted his teeth and said.

"Well, I'll wait for you here. If you come a minute late, I'll be chopped to death." Wang Fan finished and hung up.

The object of his call is not others, it is Meng Qingyang.

Last time Meng Qingyang was almost killed by Kong Wucheng, it was Wang Fan who saved his life. Meng Qingyang said at that time that he would be loyal to Wang Fan.

Although Wang Fan didn't pay attention to Meng Qingyang at that time, he asked Kong Wucheng for a

phone call afterwards in case of emergency.

But Wang Fan did not expect that the phone was used so soon.

To deal with people like Li taikai, it's most appropriate for Meng Qingyang to deal with them. First, they don't have to do it by themselves. Second, they can let their dogs bite their dogs.

Why not?

After all, it's not only hard to do it yourself, but also likely to get hurt. It's not cost-effective to ask Kong Wucheng or night for help.

Li taikai saw that Wang Fan called Meng Shao. For a moment, he couldn't grasp whether Meng Shao was a member of the Meng family.

He also heard Meng Shao's reaction before. The first sentence is full of the spirit and demeanour of the core nephew of the Meng family. But in the back, there is no demeanor at all. It sounds worse than Wang Fan's subordinates.

However, he feels that the other party is unlikely to be the core of the Meng family.

After all, how could the powerful Mencius be so afraid of Wang Fan?

Wang Fan even if is again niucha, also is only a West China upstart, how possible niucha to this situation.

At the same time, he also felt that Wang Fan's name was familiar, but it was too popular. In addition to the Guyang incident, he knew the name, so he didn't think much about it.

Next, the two sides began a long wait.

Li taikai is not in a hurry. Cats play with mice.

Wang fan is not in a hurry. Mice play with cats.

Both are very patient.

Night guessed the object of Wang Fan's phone call, in the heart secretly called Wang Fan this guy insidious shameless at the same time, to Wang Fan this means is also some sigh.

She also temporarily restrained the intention of calling or starting.

Su Weiwei and a Biao are in no hurry.

Wang fan can step on Bai Xiaoren and kill the core nephew of the song Mo Meng family. How can he be

afraid of a Li taikai?

Let alone one Li Tai Kai, even ten Li Tai Kai, Wang Fan killed them when he said to kill them. There was no pressure at all. At most, he offended one more Dao Wu sect.

Just four minutes later, with the sound of car engines, at least 200 people appeared outside Shangri La.

Two hundred people, more than one hundred people, stood guard at the door, while the rest of them all broke into it with great momentum.

After these people came in, they immediately saw the people of Li taikai in the hall. As soon as the leader waved his hand, his subordinates directly kicked Li taikai's people away, separated them from each other, and then walked in.

Li taikai looked at the head of the youth, eyes instantly dull, heart also became shocked. Meng Qingyang.

It turned out to be Meng Qingyang.

Wang Fan really found the core of the Meng family.

His pupils choked, and his face choked with an unnatural smile. "Meng Shao, do you want to fight with me for this guy?"

Dong!

Meng Qingyang didn't want to talk, so he directly aimed at Li taikai, which was very impolite.

"Dead beat? Are you qualified to fight with me? Dare to offend Wang Shao? Are you out of your mind? Do you want to die? "

Meng Qingyang is very angry. If it wasn't for Li taikai, how could Meng Qingyang appear here and openly help Wang Fan?

You know, after this incident, he will definitely be expelled from his family by the Meng family.

But in the face of Wang Fan's orders, he did not dare to listen, because after several investigations these days, and in the case of throwing out a lot of money, Meng Qingyang finally found out that Wang Fan actually lived in nantianfu.

What's the concept of living in nantianfu?

This means that, not to mention his eight family nephews to deal with Wang Fan, even if the eight families to deal with Wang Fan, have to weigh.

So when Meng Qingyang came back, he brought enough people. His purpose was to satisfy Wang Fan, and then follow Wang Fan thoroughly.

Because he has no way back. If he doesn't follow Wang Fan, he will be expelled by the Meng family, and his Meng Qingyang is finished.

"Offended Wang Shao? Meng Shao, you can't be mistaken. Isn't he a upstart in West China? When did he become a member of the Wang family? "

Li taikai was kicked, but he forbade his anger. One is that he shocked Meng Qingyang's respect for Wang Fan. The other is that Meng Qingyang's manpower is now dominant, and he does not dare to mess around.

There is a word in his heart, that is, even if Wang fan is a member of the Wang family, Meng Qingyang doesn't have to be so respectful or even afraid, does he?

"Western China upstart?" Meng Qingyang sneered, "who told you that Wang Shao is a nouveau riche? Do you think Wang Shao is a nouveau riche? "

"Damn, even Lao Tzu doesn't dare to provoke Wang Shao. He has to bear to beat Lao Tzu. What the hell are you? Is it hard for Li taikai to be better than Laozi? Do you think you can't do it if you're called taikai? "

Li taikai was shocked by this.

Wang Fan beat Meng Qingyang, Meng Qingyang have to endure, this is a joke, right? He can't believe it at all.

But if this is false, why does Meng Qingyang say that? Isn't he afraid of losing face?

Meng Qingyang is also very helpless. In fact, he wants to say that Wang Fan's killing him is the same as killing a chicken, and there is no pressure to kill Li taikai. Even Meng Qingyang wanted to tell the cruel things Wang Fan had done to frighten Li taikai.

But he was afraid to say it, Wang Fan would not be happy, so he didn't say it.

Meng Qingyang didn't want to work with Li taikai either, because he just had a little knowledge of his family. It can be said that these people were the only capital for him to be expelled from the Meng family. If one died, there would be one less.

Wang Fan? Fight Meng Qingyang, Meng Qingyang must endure?

Li taikai repeatedly pondered, his brain suddenly surprised, suddenly thought of a character.

In an instant, his face changed and he was sweating.

Chapter 766

Li taikai had already guessed who Wang Fan was. According to common sense, he should have guessed the identity of Wang fan when he knew Su Weiwei had been given priority to Wang Fan.

What is hateful is that Huang Yao's five words of "West China upstart" influenced his thinking and his judgment.

In addition, Wang Fan has been constantly provocative, his anger backlog, almost lost his mind, this has not guessed the real identity of Wang Fan.

Now, Li taikai, who vaguely knows Wang Fan's identity, is a little scared. He even has the heart to kick Huang Yao to death.

Wang Fan's reputation is so fierce that he killed Mo Meng's nephew without blinking an eye. He was even safe afterwards. Would such a person dare not kill Li taikai? I'm afraid he doesn't believe it himself.

Li taikai's anger receded like a tide, and his face became respectful. "Wang Shao, I'm sorry, I just offended you."

He apologized to Wang Fan, and then suddenly went to Huang Yao, who was not far away. He brought him a few big ears, and his voice was fierce!

"Blame this son of a bitch. If it wasn't for him, I wouldn't be confused, and then offend Wang Shao."

Li taikai finished fanning Huang Yao, then pulled Gillian's hair in front of Wang Fan, "and this bitch, if she hadn't fanned the flames, I wouldn't have clashed with Wang Shao."

"All of them, all of them!"

Li taikai is very direct put the responsibility on two people, "they let me lose my sense! Wang Shao, I'll leave these two people to you. Please don't forget the villains. Please forgive me this time. "

Li taikai said and slapped himself twice.

Although the fight is not heavy, it is already an attitude.

Even if he didn't want to, he couldn't keep his head down in such a situation.

In the face of Wang Fan and other powerful ruthless people, unless they are killed directly, otherwise they will die in turn!

If Meng Qingyang doesn't show up, even if he knows Wang Fan's identity, he can still touch each other.

Even if No. 100 people shoot directly, the stray bullet can kill Wang Fan.

But now Meng Qingyang has come, and has brought more than 200 people. How can he fight against such a scene?

Another call?

Joke!

This is the capital, this is Shangri La, three hundred people appear at the same time, it is estimated that it has attracted the attention of the above, if you call people again, he will only die faster.

If it's in the suburbs and it's at night, maybe he can call people. But this is the city. It's still day.

"Wang Shao, please forgive me. I have eyes and don't know Taishan. It's all my fault that I offended you. It's all my fault. Please forgive me!"

Huang Yao's heart has fallen to the ice cellar. He never thought that Wang Fan was like a catfish on the chopping board a second ago. At this moment, the catfish became him.

He fell to his knees with a plop, pleading for mercy, taking responsibility and slapping with his intact hand.

Pa Pa Pa sound resounding, every time, all hit very heavy, palm palm see blood, palm palm palm to meat, can be described as extremely cruel.

Gillian is also stunned, a blank brain.

Li Shao has a day of counseling? Who can't afford to offend? She didn't even think about it!

On weekdays, when was it not that they trampled others beyond redemption? When was it like today that even Li Shao had to slap himself in the face and ask for forgiveness?

"Damn it, bitch, what are you still doing? Don't you kneel down and apologize? But for you, how could I have offended Wang Shao? "

"You've been with me for such a long time. How many things have you caused and how many people have you stepped on? And when did you not make trouble? "

"Even before, I'll put up with you, but today, you even dare to provoke Wang Shao. Are you out of your mind?"

Li taikai saw that Gillian didn't move and rushed forward with a few hard feet.

Poor Gillian, directly kicked to the ground, cried and knelt on the ground. She didn't ask for mercy, she just cried.

Her heart is a little broken. When Li Shao dotes on her, he dotes on her to the bone, but when he is cruel to her, he is really cruel to the bone.

Wang Fan looked at this scene, finally raised his head, slowly opened his mouth, "Li Shao, really forget it, no longer make trouble?"

He didn't like people like Li taikai. He was arrogant and domineering in the face of people who were not as good as him. When he faced people who were better than him, he was directly cowardly.

It's not the key. The key is that he pushed his brothers and women out to block the sword. Such a person is really not good.

It's just that Wang fan doesn't like Huang Yao Ajiao, so he doesn't care about their dog biting.

"No, I knew it was you. Even if you gave me a hundred courage, I didn't dare to offend you." Li taikai gritted his teeth and replied with a dry smile. As for whether he was sincere or not, only he knew.

"In that case, I'll give you face. That's the end of the matter. I hope, too, that's the end of it. "

Wang Fan stood up, "you take your people to go, remember to clean up the scene before you go, train other people's hotel customers." He hands a little Huang Yao and Gillian, "as for them, they don't need to explain to me. They're your people. They don't have much to do with me. "

Wang Fan said, went to Meng Qingyang, Pian Pian polite, "Meng Shao, this time really thank you, or, let's go to the opposite coffee shop to have a drink?"

"Thank you, Wang Shao. It's my honor to Meng Qingyang." Meng Qingyang nodded quickly.

He was afraid that Wang Fan would not be satisfied and would not care for him. In that case, if he was expelled from the Meng family, he would not be human on both sides.

He is more afraid. Wang Fan yells at him and does not look at him. In that way, his heart will be more wronged.

Fortunately, Wang Fan didn't do it, and he was polite enough to invite him to coffee, which made him feel grateful to Wang Fan for his face and relieved.

Li taikai all recognized counsels. Naturally, his subordinates didn't dare to make trouble. They automatically separated and let Wang Fan and others go out.

Li taikai looked at Wang Fan's back. His eyes were full of fear, fear and reluctance. He clenched his fists several times and struggled. Finally, he forced himself to fight back.

It can be said that this is so many years, he planted the most ruthless.

However, Wang Fan's strength was terrible and his reputation was impressive. He was accompanied by Meng Qingyang and deterred by more than 200 people. He could only endure humiliation.

Wang Fan several people soon came to the opposite coffee shop, found a private room to sit down.

After Wang Fan sat down, Su Weiwei had planned to stand behind Wang Fan and pinch her shoulder, but Wang Fan let her sit down.

Wang Fan suffered a lot and was not used to being served.

Coffee snacks quickly come up, after waiting for the waiter to leave, Meng Qingyang bit his teeth, suddenly stood up, and then fell to his knees, "Wang Shao, I'm desperate now, please Wang Shao can take me."

"Meng Shao, you get up first. We have something to say slowly. It doesn't need to be like this." Wang Fan did not accident Meng Qingyang's action, but smile, light said.

Wang Fan naturally knows Meng Qingyang's next situation. The reason why he brought Meng Qingyang here is that he didn't give him a chance.

If Meng Qingyang can realize the bad situation and show his attitude, Wang fan doesn't mind helping him.

But if Meng Qingyang didn't realize his situation and didn't show his attitude, Wang Fan would be too lazy to waste his time and energy.

A guy who has no brain and is not even aware of his own danger is a waste even if he supports him.

Now Wang fan is still satisfied with Meng Qingyang's performance.

Chapter 767

"Wang Shao, since last time, my position in the Meng family has plummeted. Not only the owner of my family was dissatisfied with me, but also several cousins started yelling at me. "

Meng Qingyang did not stand up, but began to say with his fists in his hands, "Meng Duzhong even pointed to my nose and scolded me for being rubbish. He could not even step on Kong Wucheng or you, Wang Shao."

"He also scolded me for wasting my opportunity. If he changed my position to Meng Duzhong and happened to be provoked by you, he would definitely take the opportunity to kill you to avoid future trouble."

Meng Qingyang face indignant to Wang Fan big spit bitterness, "now, they have not many people put me in the eye, all in the back pointing to my spine scold soft bone."

"Plus, today I'm less than a king, I think things will soon spread to them. In that case, I will be expelled from my family, and I may even be served by the family law. "

Meng Qingyang saw it through and analyzed it thoroughly. "Therefore, I can't go back to the Meng family. I need the protection of Wang Shao."

"This time, I'm sincere. I'm willing to follow Wang Shao and be an ox and a horse. As long as Wang Shao gives an order, I, Meng Qingyang, will go through fire and water and never frown!"

He clenched his fist and expressed his determination, "in the future, I, Meng Qingyang, will be a dog of Wang Shao. I will bite whoever you want me to bite, and I will bite whoever provokes you."

"Even if the other party is my nephew of the Meng family, I will rush to protect the Lord without hesitation!"

Meng Qingyang is the core of the Meng family. When was he not high up, but now he fell from the temple of heaven to hell. How can he bear this kind of taste?

If he didn't have those rights, maybe he wouldn't care, but he did! Now faced with the possibility of being expelled from the Meng family, how can we be reconciled?

Originally, he hated Wang Fan, because the culprit was Wang Fan.

But since the investigation that Wang Fan lived in nantianfu, he couldn't hate it. He even felt that this was an opportunity.

If you take refuge with Wang Fan, he will really be able to return to the peak.

Wang fan is now in the capital and has no team of his own. If he doesn't surrender now, when will he wait?

If Wang Fan has a team and contacts in the capital, can he still see Meng Qingyang?

Although Wang Fan now has friends such as Kong Wucheng and Dai Shuangshuang, and seems to have the backing of nantianfu behind him, he can't rely on others for everything, can he?

Meng Qingyang, as a young man of the Meng family, has a good understanding of all this.

"Meng Shao, I can take you in and support you, but I want to ask a few questions, and I hope you can answer them honestly." Wang Fan did not immediately agree, but slowly said.

"Wang Shao, please." Meng Qingyang's chest clapped, "I Meng Qingyang know everything."

"First of all, it can be said that I caused you to get to this point. Don't you hate me at all?"

Wang Fan took a sip of coffee with a smile, "don't say you don't hate me, I won't believe it."

"In fact, I wish I could kill you even at the beginning."

Meng Qingyang hesitated slightly and planned to tell the truth. In front of such people as Wang Fan, if he is seen through telling lies, he will never have another chance.

"But then I turned to think that it was Meng Qingyang who was the first to make a provocation. In fact, it was my fault, so I didn't hate that much."

Wang Fan took a deep look at Meng Qingyang, "second question, why do you want to take refuge in me? I'm rootless and bottomless in the capital. To put it bluntly, I'm grassroots, and I have so many enemies. Why do you think I can give you a future and keep you? "

"You are safe after you killed my Meng family and my mo family's nephew." Meng Qingyang said. Then he sighed again, "in fact, I can't guarantee that you can keep me and give me a future."

"But I have no choice now. If anyone else in the capital dares to take me in and fight against the Meng family, it's just you. "

"What's more, where can we not gamble in the future? If you win the bet, you will be rich and noble. If you lose the bet, you will die and become a skeleton. "

Meng Qingyang appears to be very single and direct. "If you wang Shao are successful now, and your position and influence are not weak, I don't think you will accept me."

"Now you are besieged. It's time for you to need help. I'd like to be your pawn at this time."

He did not say that he had investigated Wang Fan's residence in nantianfu. Once this kind of thing came to light, the value of his words would be greatly reduced.

Wang Fan's expression didn't change much. "Third question, what's Mo Meng doing now?"

Meng Qingyang listened to this, heavy relief. He knew that 80% of Wang Fan had planned to take him in, otherwise he would not have asked the third question.

Without much hesitation, he said directly, "Meng Duzhong never paid attention to me. After the last incident, he didn't treat me as a human being. So most of his things won't be told to me, and I won't know. "

"But I do know that he has been associating with Mo celebrities recently, and he has repeatedly found Bai Xiaoren in trouble." "If I guess correctly, he must want to find out Miss Su through Bai Xiaoren and take a bad breath."

Meng Qingyang said what he knew, "I also found out that he recently hired a group of mercenaries in the Silver Triangle, mostly to use these people to deal with you, Wang Shao."

"Although the top interferes, we momeng family can't retaliate against you, but he invites people from outside. As long as he doesn't leave a handle, the top can't blame me and momeng family."

"Silver Triangle?" Wang Fan's eyes narrowed for a while, and suddenly a big enchanting creature like a fox appeared in his mind.

A thousand hearts.

The woman has been back for so long, and I don't know if she has completely controlled the Li's consortium, or whether she has established herself in the Silver Triangle.

It seems that I have to make a phone call sometime to ask. If a woman is in trouble, just go and help her.

After all, I've been in love with dew for a few nights.

"Meng Shao, get up, sit down and have coffee. We have a good cooperation." Wang Fan soon abandoned these thoughts and helped Meng Qingyang up with a smile.

"Thank you, Wang Shao." The stone in Meng Qingyang's heart finally fell to the ground. Just now, his heart was like a roller coaster.

Once Wang Fan refuses, he doesn't know what to do.

"Meng Shao, I don't need you to be an ox or a horse for the time being, let alone go through fire and water. You just need to do two things for me."

Wang Fan sipped his coffee and said with a smile.

"Wang Shao, please tell me that Meng Qingyang will do his best not to let Wang Shao down." Meng Qingyang stood up directly and responded respectfully as the following.

Although Wang Fan only said cooperation and showed due respect for him, he wanted to put himself in a correct position and show his attitude.

At the same time, he was more grateful to Wang Fan and even sighed. He was more determined to follow Wang Fan.

This short time of contact, Wang Fan showed respect, let him to Wang Fan only that silk hate also unconsciously disappear, this guy seems to be very popular.

"The first thing is, you should continue to stare at Meng Duzhong and Mo Mingliu. By the way, you should stare at the mercenaries in the Silver Triangle. If they have any action, please let me know in time." Wang Fan said.

"Wang Shao, don't worry. I will keep an eye on this, but I still want to remind him to be careful. After all, the other side is not a simple person. I don't have to keep an eye on him completely."

"No harm." Wang Fan waved his hand, and his eyes twinkled with a touch of softness, "the second thing"

Chapter 768

"The second thing, you send someone to protect Lin Shiya and Murong yu'er for me. Remember to protect them secretly and don't be noticed by them."

Wang Fan said, suddenly with a meaningful smile, "these two girls, I don't think Meng Shao doesn't know?"

"Yes, yes, but don't get me wrong, Wang Shao. I don't have any idea about them, let alone any idea about them."

Meng Qingyang broke out in a cold sweat, "Wang Shao, don't worry, I will send someone to protect them secretly. If there is anything, I will inform Wang Shao at the first time."

"That's good. Come on, let's have coffee." Wang Fan smiles and takes up the coffee.

The night next to Wang Fan, who was smiling and drinking coffee, suddenly felt that he couldn't see through.

She is completely aware of Wang Fan's not simple.

From Li taikai's provocation, Meng Qingyang's liberation, to Wang Fan's acceptance of Meng Qingyang, the night can be regarded as appreciating Wang Fan's not simple.

Even night has some doubt, from Wang Fan call Meng Qingyang to solve Li taikai, is not even after the plan.

If that's the case, Wang fan is really terrible. It can be said that every step is well calculated.

To tell the truth, at that time, she thought Wang Fan would call Kong Wucheng to help out, but she didn't expect Wang Fan to call Meng Qingyang.

When Wang Fan and Meng Qingyang are chatting and drinking coffee, a young man walks into the VIP room on the third floor of a very humble teahouse.

In the VIP room, there are only three people, Meng Duzhong, Mo Mingliu, and a young man who looks more than 30 years old and looks very lunar.

This young man is called Aojiang, a famous mad dog and ruthless man in Silver Triangle.

He set up a 30 person mercenary team. Besides performing tasks, he also made some achievements in the Silver Triangle.

Although Aojiang can't compare with those big mercenary organizations, he dares to fight, fight and kill. In addition, those who offend him will bite like mad dogs, so few people dare to provoke him easily.

Mengduzhong Mo celebrities invited Aojiang from the Silver Triangle. They just want Aojiang, a mad dog, to help them get rid of Wang Fan.

Although Meng Duzhong and Mo Mingliu knew that Wang Fan was powerful, they could even kill the five headed demon king and Voldemort, but they didn't see Wang Fan's strength with their own eyes, and they didn't take Wang Fan seriously subconsciously.

They have no idea of the strength of such people as the five headed devil and Voldemort. They think that they are just past heroes with a false name.

"Meng Shao, there is news from Wang Fan." The young man went to mengmo and said respectfully, "he appeared in the Bameng Cafe opposite the Shangri La Hotel on Jingnan road."

"Oh? What happened?" Meng Duzhong listened to the news, and suddenly came to the spirit, "how many people are there with him, and who are they?"

During this period, Meng Duzhong has been investigating Wang Fan's foothold, but he has no trace of Wang Fan.

, after all, Nan Tianfu is a taboo place. Meng Douzhong is so fierce that he can't have eyeliner in southern Tianfu. If he can penetrate into the South Tianfu, the South Tianfu will not live up to its name.

His troops are ready, Aojiang also invited, but Wang Fan disappeared, which makes him have a kind of rich but no place to show the feeling.

Now suddenly hear Wang Fan appear, where can not be excited?

The young man took a careful look at Meng Duzhong and said, "there are only four people around Wang Fan. One is his subordinate a Biao, the other is Su Weiwei, and the other is a woman he doesn't know. It's said that she is his bodyguard."

"Another one is young master Meng Qingyang." In the end, the young man said it with an uneasy mood. Meng Qingyang and Wang Fan mixed together, which he never thought about.

"A Biao, Su Weiwei, a woman I don't know?" Meng Duzhong's eyes narrowed. "This Wang fan is really brave. With so many people, he dares to show off?"

"Did he naively think that the above deterrence played a role, and that we, the montmorillonites, really did not dare to fight against him again? Or is he fearless? "

Meng Du narrowed his eyes and murmured, his tone suddenly became linglie, "Meng Qingyang, the waste firewood is mixed with Wang Fan? What does he want to do? Doesn't he know that our Meng family and Wang fan are mortal enemies? "

He clenched his fist, and his teeth rattled. "It's a shame. I haven't had time to settle with him last time. I think he wants to be expelled from the family!"

If young people don't take over, if Meng Qingyang goes too far, if he doesn't waste firewood, if he doesn't get Meng Duzhong's attention, it's still Meng's family. He's not such a small person who can judge and talk about it.

"Well, you go down first, keep an eye on them for me, and report to me as soon as you have any news." Meng Duzhong said angrily, waving his hand directly.

"Yes." The young man nodded and wanted to retreat. But after two steps, he suddenly thought of something, "by the way, Meng Shao, something happened just now." "Wang Fan provoked Li taikai in Daowu gate in Shangri La. Li taikai directly asked for No. 100 people to vent his anger."

"But at the critical moment, Meng Shao arrived with 200 people to help Wang fan out. After that, Li taikai left, and Meng Shaoze followed Wang Fan to the coffee shop. "

"What did you say?" Listening to this, Meng Duzhong slapped the table hard and stood up suddenly. "Meng Qingyang took someone to help Wang fan out?"

"What a waste! It's not enough for success, but more for failure! What does it matter for Li taikai to deal with Wang Fan? He doesn't help Li taikai, but he also helps Wang Fan. What does that mean? "

Meng Duzhong was really angry.

If Meng Qingyang doesn't show up and Wang Fanzhen and Li taikai work together, he can not only take

the opportunity to see Wang Fan's strength, but also make Wang Fan have such an enemy as Li taikai.

Even if No. 100 of Li taikai can't kill Wang Fan, it's good to hurt and maim Wang Fan?

But what is Meng Qingyang doing?

"I'll go down first. If I have any news, I'll report it as soon as possible." With that, the young man retired respectfully.

Meng Duzhong's face was gloomy.

He took a sip of the tea, suppressed his anger, and looked at Aojiang with a smile. "Shao, Wang Fan appears. I'm afraid you have to let the brothers move."

"Ha ha, what Meng Shao said? Since I've got the money, I must do something. Even if you don't tell Meng Shao, I also want to ask where Wang fan is and move him. "

Aojiang laughs, with a wrinkle on his forehead. He looks even more fierce. "I heard that Wang fan is arrogant and powerful. I want to see if he is really so powerful."

"No matter whether Wang Fan has three heads or six arms, I will try to satisfy you. You tell me where he is now, and I'll send someone over

"Thank you." Meng Duzhong said, while feeling out the mobile phone to Aojiang to send the specific location, while nunuzui, as if to say something, but embarrassed.

When Aojiang saw this scene, he frowned and asked directly, "Meng Shao, if you have anything, just say it. I like to be direct."

"That's what I said." Meng Duzhong nodded awkwardly, "you know, it's not allowed for me to deal with Wang Fan. If your people should be caught by him, he didn't say the following words, and Aojiang has taken the initiative to connect them." don't worry, it has nothing to do with you, Meng Shao. I will say that Aojiang wants to move him because I don't like him. "

"Although I'm not a good man and have a bad reputation, I'm still principled. If I don't shake you out, I'll never shake you out! "

"No, you misunderstood me." Meng Duzhong shook his head slowly. "You can say that it's under Bai Xiaoren of Bai family. Although Mo Meng doesn't let us fight Wang Fan, he doesn't say that he won't let Bai family fight."

"What's more, his white Xiao Ren and Wang Fan also have a lot of grudges. If you say his name, Wang fan may not believe it."

"And when you call someone to act, I can send someone to cooperate with you. In this way, if you are caught, you will be more convincing if you say that the person behind you is Bai Xiaoren."

Listening to this, no matter Mo celebrities or Aojiang, there was a chill behind them.

This Meng Duzhong is really insidious.

Chapter 769

"If my people are really caught, I will let them follow Meng Shao's idea. But I think Meng Shao, you are worried too much. My people who boil the river are not so good. Even if the task will fail, they will not be caught

"Well, I'll go down first and make arrangements. I'll let you know. Goodbye." Aojiang said something uncomfortable and left directly.

Listen to Meng Duzhong's meaning, as if his people will be caught. Now there is no action, Meng Duzhong said such words, which makes him feel very uncomfortable.

"Meng Shao, do we really want to do this? If Bai Xiaoren knows, he will bite us." Aojiang left, inexplicable flow can not help but frown said.

"What about biting? Who asked him not to give me face? "

Meng Duzhong didn't worry too much at all, and there was a trace of evil in his eyes. "But don't worry, he won't guess that we are behind him. He will only work with Wang Fan first."

Meng Duzhong is full of confidence, "I bribed a White Owl benevolence confidant, as long as that person appears, Su Weiwei will recognize his identity."

"Coupled with the unified caliber of Aojiang people, Wang Fan will not doubt us too much even if he doubts us. After all, he also has hatred with Bai Xiaoren."

"He will find a way to get back to Bai Xiaoren. With Bai Xiaoren's character, he is beaten in the face by Wang Fan. It's absolutely impossible for him to sit down and chat peacefully. He will only give a tit for tat."

"So they will only fight, and once they fight, who will know that we are the stumbling block behind them?"

Meng Duzhong is confident, "even if Bai Xiaoren thinks something is wrong afterwards, both sides have already done it. No matter how wrong he feels, he has to go on one way."

"Isn't Bai Xiaoren unwilling to help us? Let's help him. Let him stand against Wang Fan and help us lead the way."

Meng Duzhong had a fierce look in his eyes. "He even wanted to threaten me. He wanted to unite with Wang Fan to deal with us. It was a dream. If I let him succeed, I would not be Meng Duzhong."

Mo celebrities behind the cold, he did not expect, before leaving white Xiao Ren said, Meng Duzhong has been in mind.

It is estimated that Meng Duzhong planned to do so at that time? This man is really terrible. He even takes other people's personalities into account.

No matter Wang fan or Bai Xiaoren, they are both very arrogant and good-natured.

If the two of them really fight, it's not possible for them to sit down and chat peacefully. In this way, no one will know Meng Duzhong, the backstage villain.

When Mo Mingliu looks at Meng Duzhong, he suddenly feels numb. He doesn't know if he will hurt himself if he cooperates with such a person.

Thinking of this, inexplicable flow suddenly remembered a thing, "Meng Shao, your tactics are based on the situation that Aojiang's men are arrested. Are you sure that Aojiang's men will be arrested?"

"Eighty percent." Meng Duzhong sneered, "Aojiang seems arrogant, but in fact, he is very careful."

"In addition, Wang Fan's reputation is very fierce. This is the first time for Aojiang to take action. Therefore, his first action will definitely be a trial, not a big fight."

"If he goes all out, there may still be 80% of Wang Fan's killers, but if it's just a trial, there may be 80% of Wang Fan's killers caught."

"So I conclude that the probability of his failure in this mission is as high as 80 percent."

Inexplicable flow or some puzzled, "how do you know that he will only test, in case he really go all out this time?"

"Go all out? Ha ha Meng Duzhong laughed, "how do you think Aojiang lived to the present by what he has done over the years?"

"If he wasn't careful, he would have been found out thousands of times. You can rest assured that before he can't figure out Wang Fan's strength, he will never go all out or even go out in person. "

Meng Duzhong obviously had an investigation into Aojiang and found out the other party's style and disposition.

However, he is not afraid that Aojiang will not do his best. He has many ways to make Aojiang and Wang

Fan work hard.

"Well, we'll just wait to see a good play. Now let's meet Li taikai. The so-called enemy of the enemy is a friend. Dao Women is also a good Dao. If you use it well, it will work wonders. "

Meng Duzhong said, then stood up and went outside.

Inexplicable flow did not continue to speak, followed by the departure.

In the coffee shop, Wang Fan and Meng Qingyang had a coffee for a while. Feeling that the time was almost the same, they planned to get up and leave.

He wants to see if the things in Shangri La are finished. If they are finished, he will arrange for a Biao and Su Weiwei to live in. If they are not finished, he will change a hotel for them to live in.

But before Wang Fan got up, the box door was opened with a creak, and then a tall service lady walked in.

The service girl has an enchanting figure and a pretty face. Her eyes are full of water and spring feeling, as if she can talk. She is also very proud, some soul stirring, giving people a sense of infinite reverie.

If you stand at the back and look at her buttocks, you may not be able to hold it.

Wang Fan looked at the sudden intrusion of the service girl, a Leng, eyes flashing a touch of fun.

Ready to get up, he even gave up the idea of getting up.

Night, Su Weiwei, are women, but also a first-class beauty, this service miss has no interest.

Although a Biao is a man, he is just like a stuffy donkey. Except for his sister a Xuan, he treats women with no false words, so he doesn't have much emotional change.

Meng Qingyang can't stand it. He has read countless women, but he hasn't been to such a top-notch woman.

Although Su Weiwei is the best beauty at night, he can't touch her.

So when he looked at the service girl, he immediately gave a silly look and showed his brother pig's eyes.

He is thinking, when this small coffee shop, have this kind of best. Do you want to come over afterwards and take care of this woman.

when Meng Qingyang was thinking about this, the service lady was smiling and came to several people. Her body also had a faint perfume smell, which stimulated people's senses.

She put down the snack coffee in the tray and made a slightly shy voice. "Hello, you are the 99th table guest in our shop today. This is an extra gift from our shop."

Her voice is crisp and numb. People who listen to her can have goose bumps. The way she talks with her head down is even more like a kind of refusal to welcome. People can't help but want to hold her in their arms and rub her.

Looking at the woman from a close distance, plus the unbearable voice of the woman, Meng Qingyang felt even more itchy.

If it wasn't for Wang Fan's presence here, with his great and little nature, he might have been forced to fall down and make the law right.

Wang Fan's nose moved, his eyes looked at the woman playfully, and then at the coffee. Then he picked up the coffee spoon and stirred it in the coffee. He asked faintly, "are you going to kill me?"

Listen to this, the whole audience is shocked!

Chapter 770

The night, which had been careless, suddenly looked up at the woman.

Su Weiwei and a Biao are even more tense, standing up directly, and the whole body muscles are tense at this moment.

They are just like two fierce wolves, as long as women have any misdeeds, they will rush up at the first time.

Meng Qingyang is dumbfounded, this woman even want to kill Wang Fan? How is that possible?

No matter what he thinks, he can't see that there is something wrong with this woman.

"Cough, Wang Shao, you're not too nervous. She's just a waiter. How can she kill you?"

Meng Qingyang's throat grunted for a moment, and he couldn't help but smile and said, "what's more, Wang Shao, you are powerful. Even if someone wants to kill you, you won't send such a woman, will you? Is the other party brain disabled? Send a woman to die? "

"Ah." The woman screamed and nearly fell to the ground, "what are you talking about?"

She seemed very timid and frightened, as if it was hard to believe that Wang Fan would say that she wanted to kill Wang Fan.

"Meng Shao, it's hard to know people's faces. People say that Wang fan is lustful and has zero IQ in front

of women. I think you are really lecherous. In front of women, your IQ turns to zero. "

Wang Fan looked at Meng Qingyang, sighed and said, "although you have a good overall view, you are also very careful, but your vigilance is too weak."

"I don't really dare to cooperate with you in this way. I'm afraid you'll sell me one day. I don't know."

Meng Qingyang's heart clapped, "Wang Shao, isn't it so serious? Are you a little too alert? She's just a woman. "

He still can't believe that such a coquettish, sexy woman who seems to be shy to say a word will come to kill Wang Fan.

Wang Fan did not continue to pay attention to Meng Qingyang, but looked at the woman, "I'll give you a chance, say it, who sent you, say it, I'll let you go. Otherwise, you will have to stay here. "

"I, I don't know what you mean. I'm just a waiter. How dare I kill people?"

The woman half fell to the ground, shivering all over, voice is like a song, such as crying, people see still pity.

In addition to Su Weiwei, a Biao still believes in Wang Fan and looks at the woman with vigilance on her face, she even doubts whether Wang fan is too suspicious at night.

"Ah." Wang Fan sighed, "it seems that you really don't want to go to the Yellow River. Well, I'll let you die to understand. "

Wang Fan picked up the coffee and smelled it. "If I guess right, there's a little clover in the coffee, right?"

"Three scale grass, from the silver triangle generation, and the yield is rare. It's nothing to take out this kind of grass alone. It's non-toxic and harmless. Even if you take it, it doesn't affect people

"But once this Mitsubishi grass is smashed and mixed with carboxycreatine, it is highly toxic. It will kill people between three breath."

Wang Fan began to analyze slowly, and the woman's face also changed slightly, especially when she heard Mitsubishi grass and carboxycreatine, her body couldn't help shaking for a while, and her eyes twinkled with disbelief.

It seemed hard for her to believe how Wang Fan could know so many things.

Although the woman's expression appeared very short, it dissipated in a very fast time, but it was still captured by the people present.

Wang Fan ignored the look of the woman and was still in a faint voice. "The perfume on your body is very light, but I can smell the taste of carbon oxy creatine."

"If you don't show up, we'll be fine if anyone brings the coffee. But here, you also happen to have the smell of carboxycreatine, which is very intriguing

Wang Fan said here, the tone suddenly became cold, "otherwise, if you think what I said is unreasonable, think I'm talking nonsense, you can drink this cup of coffee for me."

"If you're OK, I'll not only apologize, but also pay you a huge amount of compensation. If something happens to you, it's your life. What's the matter? "

"You're bullshit. You're bullshit. I don't know anything about Mitsubishi grass, let alone carboxy acids."

The woman suddenly screamed, "and I'm just a waiter, not qualified to drink the coffee of the guests, I don't drink, I don't drink!"

"No?" Wang Fan laughed, "it's up to you. I really don't understand. When you attacked me, didn't you investigate me? Don't you know I'm the most famous doctor in Beijing? "

Su Weiwei and a Biao have a black face. They don't know when Wang Fan became the first miracle doctor in Beijing.

Meng Qingyang is also a little confused. As Wang Fan's former enemy, he really doesn't know this.

If there is no objection to this sentence, it will be night.

Wang fan can cure the godfather of many brickers, let alone the first miracle doctor in Beijing. Even the world's first miracle doctor, she will not doubt it.

"Ah Biao, go and let this young lady drink this cup of coffee." Wang Fan ignored the woman's struggle and said directly to a Biao."Good." A Biao responded, took the coffee and walked towards the woman.

The woman looked at this scene, suddenly stood up, look a change before the weak, a foot toward a Biao point stepped in the past.

If you can't make a fool of yourself, you have to do it.

The woman's foot is powerful and powerful. She immediately points the coffee to a Biao's right hand. Obviously, she is afraid of the coffee.

A Biao's face sank, his right hand grabbed the coffee and pulled back. His left fist was already tight, and then he waved it.

Bang.

With a loud noise, a Biao was asked to step back three steps, while the woman rushed to the box with the help of this buffering force.

At the same time, a gun flashed out of her hand and was about to pull the trigger at Wang Fan.

Whoosh.

Unfortunately, her fingers did not buckle down, a fork had been whistling past, hard into her wrist.

It's bloody.

Then, Su Weiwei rushed out like a rainbow and ran towards the woman.

There is no doubt that the fork just now was shot by Su Weiwei.

When the woman saw Su Weiwei rushing in, her face became cold. She resisted the sharp pain of her wrist and raised her long jade legs. She was crazy about Su Weiwei.

Su Weiwei refused to let anyone come. She directly hit the woman's bare feet with powder fist. She hit at the same place every time.

Bang Bang Bang three times later, the woman eat pain, leg back again. At this time, Su Weiwei's body has been pulled out of the air, and her right leg is like a thunder arc outside the sky, hitting the woman's chest hard.

Bang!

A loud noise, the woman's body heavily hit the ground, blood gushing.

She struggled to get up. Su Weiwei had fallen down again and stepped heavily on her delicate body, "don't move."

The woman's face was gray and dull.

She can't believe that Su Weiwei is just a woman, just a follower of Wang Fan, how can she have such strong strength.

Her goal is Wang Fan, but Wang Fan did not even move, she has been taken, which is really incredible.

Meng Qingyang looked at this scene, first a Leng, then immediately ran to the woman in front of anger, raised his foot is hard several times, his face red, "Damn, play with me?"

"I thought you were a real waiter and pleaded for you. Is that how you treat me?"

He grabbed the woman's hair and asked, "who sent you, or I have ten thousand ways to make your life worse than death!"

Meng Qingyang is just like a wolf, fierce and frightening.

His heart is very angry, angry women use beauty, let himself lose his mind, angry in front of Wang Fan lost people.
