

## MIGHTY SOLDIER KING

### Chapter 8 Beat Up The Bastard

'Her again?!'

Peter couldn't believe what was happening.

"Woah! It's so nice to see you again! I actually had a dream about you on the night that we met. I always knew you were special, but I didn't expect you to be the CEO of this company! It suits you with your charm and elegance."

'Perhaps if I sweet-talk her, I'll get on her good side.'  
He might have forgotten the fact that he told her he never wanted to see her again.

"Hahaha, really, now?" She seemed flattered. It was working.

"Really, darling, " Peter assured her.

"Hmmm, interesting. I seem to remember things differently. In my vague memory, you said something like never wanting to see me again? And, hmm. Correct me if I'm wrong but... I kind of remember you refused to give me your number, " Bella said sheepishly.

"I was having a really rough day, to be honest, " Peter replied desperately trying to salvage the situation. How could he have known she was the President of his then-future employer? "Plus, I was very tipsy so didn't think much of it. I'm sorry if I said anything harsh."

"Hmm... Okay. Now that you said you were sorry and that you were really drunk that night, I will accept your apology, " Bella said with a cute pout.

"Aww, thank you so much, darling. You're beautiful on

the outside and on the inside." Seeing that Bella was not angry anymore, Peter started to shift the topic back to work. "Now that we're friends, my darling angel, I'm wondering if we can talk about additional compensation, and maybe a promotion. What do you think?"

Suddenly, Bella's expression changed. The sweet playful girl was gone and the big boss was back. "You shall address me as Miss Song, Mr. Wang."

'What the fuck?'

Peter couldn't believe it. All the flattery was useless!

"I will not take orders from a mere security guard about who I will promote and how much I will pay my employees. Get out! You're fired!" Bella said, loudly slamming her hands on her desk as she stood up.

'Shit!'

Peter felt very frustrated. In a snap, Bella felt like a totally different person!

He said what she wanted to hear, but she still went bananas out of nowhere!

"Well screw you! You're a bullshit CEO. I don't even want to work here anymore!" Peter yelled and started running towards Bella.

"What are you going to do with me?" Bella asked, both alarmed and mildly excited, as she backed up slowly, slumping down her chair.
