

## **MIGHTY SK 821**

### **Chapter 821**

"Wang Shao, what's the matter? How can I see something wrong with your face?" When Wang Fan hung up Zhao's phone, Bai Xiaoren came in with several assistants.

"Oh, don't talk about it. I've been ruined by Beijing." Wang Fan took a look at Bai Xiaoren, but sighed, "originally I thought I was just walking around. Bei Jingui didn't dare to play any moth."

"But I never thought that the people from my company were detained by Beijingui. Not only that, they seem to have moved their hands. "

"When I ran to Beijingui's office, there was no one in the office. Now my people can't get in touch. I'm worried."

Wang Fan's face was a little ugly. He was very happy about this. He was angry when he thought about it.

"What, such a thing?" Bai Xiaoren could not help but frown, "Bei Jingui has so much courage, dare to buckle your people? Doesn't that mean that he played with me, too

Bai Xiaoren took a deep breath, his face became ferocious, "Damn, it seems that our name is not hard enough, the weight is not enough!"

"I'm a white owl who dares to play the dark means of kidnapping in a formal company."

Bai Xiaoren pinched out his mobile phone, "Wang Shao, don't worry, as long as they are in the blue entertainment media, even if they dig three feet, I'll find it for you."

"Thank you, Bai Shao." Wang Fan thanks, and then said, "Bai Shao, please do me a favor, send a few people to guard, don't let them take my company's people away, I'll go up and have a look."

"By the way, I've called Meng Qingyang and Zhao maniacs. If they come here and ask them to search me directly from the first floor, I don't believe it. They can still hide my people in the safe."

With that, Wang Fan ran up to the eighth floor again.

It happened on the eighth floor. We have to go to the eighth floor to find clues.

White Owl benevolence should a, send a few people to guard in front and back door exit and underground garage, then followed Wang Fan step up the eighth floor.

Wang Fan was the first one to come to Bei Jingui's office. Looking at the messy tables and chairs, and the trace of blood on the ground, his face became more gloomy.

Nima is bleeding. How terrible is this?

Xu Ruyun is just a woman, and there are so many office workers. How are they?

The White Owl benevolence that follows closely looks at the scene miserable situation, also can't help but gloomy mouth, "it seems that this Bei Jingui still has no long memory, early know, should not let him go at the beginning."

Wang Fan did not speak, but left the office, looking for the floor staff.

When this happened on the eighth floor, even Xu Ruyun ran out, he didn't believe that there was no witness.

Looking at Bai Xiaoren and Wang Fan storming in, those employees were scared and shivered.

Especially after the White Owl benevolence newspaper became famous, they were even more afraid.

In their eyes, the shadow of the famous tree and the White Owl benevolence are legendary. Now when they see the real person, and the real person still has such a fierce expression, who is not afraid?

As for Wang Fan, not many people are afraid. Wang Fan's prestige is limited to the top circle. These ordinary people have never heard of him.

Before long, a few female employees could not bear the pressure and began to talk.

"I saw Mr. Yang and a group of people enter Mr. Bei's office, and then there was a jingling sound. In a few minutes, a group of bodyguards dragged Mr. Bei and his party out. As for where they dragged them, I don't know

"I saw president Yang with a group of people chasing a woman. The woman ran towards the stairs over there. I don't know what happened later."

What these employees know is very limited, but they mention a key figure, that is president Yang.

"President Yang?" Wang Fan's eyes brightened for a moment, and he couldn't help asking, "Mr. Yang, which Mr. Yang, what's his full name?"

"His name is Yang Jun, a small shareholder of our company." An employee said quickly.

"Yang Jun?" Wang Fan couldn't help frowning. He didn't know this man at all.

At the same time, he felt it was more and more strange.

It was not Bei Jingui who overcame him, but Yang Jun who overcame him and Bei Jingui.

Listening to this, Bai Xiaoren doesn't need Wang Fan to say hello at all. He has already taken out his mobile phone and made a quick call to check the information of Yang Jun.

At the same time, he recorded a video of several people's speeches.

It didn't take long for Bai Xiaoren to get the news that Yang Jun, the son-in-law of the Meng family, is half of the Meng family.

So far, it is very clear. It's the Meng family that's in charge of the game, obviously to deal with Wang Fan.

Wang Fan's face is more gloomy. It seems that it's time to find a chance to visit Meng's family.

Since the Shenyao No.1 incident, the Meng family has been aiming at him, calculating him, and even using Meng Wei to take his life.

Now, the Meng family has decided to kidnap Xu Ruyun and others.

Wang fan can't bear it! Just then, Bai Xiaoren's phone rang again. He picked up the phone for three seconds, and his face became gloomy.

"Wang Shao, my subordinates report that Yang Jun, with six people, injured my man and left by the back door."

"Oh?" Wang Fan narrowed his eyes and said, "Bai Shao, please use your relationship and contacts and try to block them for me. Then help me call the police and let the police get involved. "

"Good." White Xiao Ren nodded and arranged quickly.

Knowing that Yang Jun and others had left, Wang Fan did not stay with the blue entertainment group.

He informed Meng Qingyang to stay in the blue entertainment group to help the police negotiate, and then he got into a car and chased Yang Jun in the direction of escape.

However, Wang Fan underestimates the energy of the Meng family. Rao is Bai Xiaoren's personal relationship, but he still can't lock the car of Yang Jun and others.

An hour later, several of Yang Jun's men had disappeared.

Rao is Wang Fan. He has the ability to drive, but he is also unable to return to heaven.

He doesn't even know where he is. How to save him?

Blue entertainment group, also completely shocked.

In less than an hour, he was surrounded by the military and police, and the washed out surveillance was restored, clearly showing the scene of Yang Jun asking someone to take away Bei Jingui and a gang of Wang Fan Group executives.

Looking at the surveillance video clearly displayed, Bei Yongrong, chairman of blue entertainment group, was also angry and pale.

First, blue entertainment group such a thing, I'm afraid it will cause turmoil in the stock market. Second, Bei Jingui is also his son. Now that Bei Jingui is taken away, how can he not worry?

Meng Qingyang is a little strange. Shouldn't Xu Ruyun also be taken away? How can we not see Xu Ruyun in the surveillance.

The Meng family.

A car turned around, the door opened, and Yang Jun and his party got down.

He seemed a little nervous, but after entering the Meng family, he was obviously relieved.

His six bodyguards are still in charge of Bei Jingui and Xu Ruyun, but there is no Xu Ruyun.

"Xiaojun, you're back. By the way, where's Xu Ruyun?" As soon as Yang Jun got out of the car, Meng Tuolin met him, but soon frowned.

"Dad, the woman Xu Ruyun is too cunning. She slipped away, but I brought all the elites of Wang Fan group back." Yang Jun said.

"What? Did Xu Ruyun slip away? " Hearing this, Meng Tuolin's face immediately changed. "There are so many of you, you can't even catch a woman. What are you doing to eat?"

"Xu Ruyun is the key person. Now she's gone. What's the point of catching these people back?"

Meng Tuolin is so mad that he can't accomplish anything but defeat it.

## **Chapter 822**

In the women's toilet on the third floor of blue entertainment media, Xu Ruyun hides in one of the rooms, with a gloomy face.

Compared to the high spirited when she came, she was a little embarrassed at this time.

Meticulous suit on a few more footprints, hair has been scattered, cuffs and wrists is a trace of blood.

The button of the neckline is even more strained and broken, and the black bra and spring scenery can

be seen.

Xu Ruyun is also hard to get rid of Yang Jun and his party's tracking, hiding here.

Her cell phone was knocked off on the way, even if she wanted to call Wang Fan for help, she couldn't do it.

At this time, Xu Ruyun did not dare to go out. Yang Jun's madness really surprised her.

She also does not know how many people there are in blue entertainment media and Yang Jun. in case she is blocked before she meets Wang Fan, it will be really over.

Dada dada.

Xu Ruyun was awakened by the sound of a high-heeled step on the ground. Her face changed slightly and she opened the door and looked out.

Only a woman who looked like an employee came in, but Xu Ruyun didn't think of anything else and jumped out in an instant.

Before the employee entered the grid, he pressed it against the wall and covered her mouth.

The female employee was shocked. She didn't seem to think that this would happen when she went to the toilet.

However, when she saw that Xu Ruyun was a woman, she was a little relieved. Just some don't understand, this dress is like a strong woman woman, what do you want to do?

"Don't make a noise, or I'll take all your clothes and throw them out of here." Xu Ruyun stares at the female staff. She has lost her strong female demeanor in the company for a long time. She seems to have become the woman who used to be a gangster.

"Wuwu" female staff looked at Xu Ruyun's fierce appearance and nodded quickly.

Xu Ruyun didn't talk nonsense either. As she slowly released the female staff's mouth, she asked, "what's going on outside now? Are Mr. Yang on the third floor?"

"I didn't see Mr. Yang. Instead, a lot of police came to arrest Mr. Yang. I heard that he kidnapped Bei Shao and a group of company executives."

The female staff member said in horror, suddenly surprised, "you are not also the executive of that company, are you?"

"Kidnapped Bei Jingui? Here comes the police?" Xu Ruyun didn't answer the female staff's question, but

she was just a little stunned, but she soon wanted to understand something.

The feeling is that Yang Jun kidnapped Bei Jingui and dealt with them in reverse, which led to all this.

Xu Ruyun also wonders, Mingming has made an appointment with Bei Jingui, and Bei Jingui has made it clear that he has been waiting in the office. How can he suddenly disappear and have an accident?

Now she understands.

However, Xu Ruyun did not relax at all, even though she knew that there were police coming and that the police were coming to catch Yang Jun, she did not dare to go out carelessly.

Who knows if there are Yang Jun among the policemen? What if she goes out?

"Do you have your cell phone? I'll make a phone call Xu Ruyun was silent for a long time and said.

"Yes, yes." How dare the female staff talk nonsense? She quickly took out her mobile phone and handed it to her.

Xu Ruyun took the phone and dialed Wang Fan.

She has always been more cautious, has long been Wang Fan number in mind.

Wang Fan received a phone call from Xu Ruyun, first a Leng, followed by great joy.

He didn't hesitate to turn around and return to blue entertainment media.

By the time Wang Fan went back, the police had already left. Only Bai Xiaoren, Meng Qingyang, Zhao fanren and blue entertainment media were left in the hall.

"Wang Shao, I'm really sorry. I didn't expect that Yang Jun could escape our lock. But you can rest assured that as long as others are still in the capital, I will have a way to find out for you. "

"Yang Jun is a wanted criminal now. I don't believe it. The Meng family dare to protect him openly!"

White Owl benevolence see Wang Fan turn back, side meet up, side said angrily.

He Bai Da Shao used his connections, and finally let only one Yang Jun escape, which made him feel very shameless and shameful.

"Wang Shao, Yang Jun is so lawless that he dares to kidnap openly. I, Zhao madman, would like to help you to recover. Even if there is Meng family to protect me, I will fight them to the end! "

Zhao madman followed suit.

Wang Fan's powerful killing of Meng Wei and Meng Duzhong has caused a sensation in the capital. The seven families also ordered that Wang fan should not be offended.

In this case, Zhao maniac naturally did not dare to cause Wang Fan even a little dissatisfaction, he even wanted to find a way to hold Wang Fan's thigh.

"Wang Shao, I didn't expect such a thing to happen. My Bei family will do their best to help Wang Shao. In order to apologize, in addition to Jingui's 10% shares, I, Bei Yongrong, would like to give up another 10% shares. "

Dong Beiyong, the old man of Lan Yu, stood up and said in panic.

Wang Fan has a bad reputation. He is afraid that Wang Fan will vent his anger on his Bei family. In that case, he will be miserable."Bai Shaoyan is heavy. I didn't expect that the Meng family would do this. I'll try to solve this problem myself."

Wang Fan said to Bai Xiaoren and looked at Zhao madman, "Zhao Shao, I'm so sorry. I've wronged you. I'm here to apologize."

"As for going after Yang Jun with all one's strength, it's OK to knock on the Meng family, but I know what you want."

He finally looked at Bei Yongrong and said, "I'll talk about the shares later. Now I dare not ask you for blue entertainment shares. This time, it's the senior executives of our company who have been kidnapped. Next time, it's estimated that I will be the one who has been kidnapped. "

Hearing this, Bei Yongrong's face suddenly changed and almost fell to the ground.

He has lived most of his life, how can he not understand Wang Fan's meaning?

Wang Fan obviously suspected that he had colluded with the Meng family and calculated Wang Fan together.

"I have to go to the third floor. Excuse me first." With that, Wang Fan went straight up to the third floor.

He came back here to see Xu Ruyun, but he didn't want to talk nonsense with these people.

Wang Fan quickly came to the third floor, and burst into the women's toilet in the eyes of the staff. In a few minutes, he pulled Xu Ruyun out.

Behind them, the female staff member with an uncertain face was also followed.

"Sister Yun, I'm so sorry, but don't worry, I'll solve it. I will bring back a lot of company executives. "

Wang Fan promised Xu Ruyun. He has some regrets. In troubled times, he should not let his own people set foot in the capital.

"I'm fine. The key is the employees. Their safety is too important. If you come to sign an agreement, you will be kidnapped. If there is another accident, who dares to work for our company?" Xu Ruyun said.

"Well, you're right. It's my fault. I underestimated the madness of the Meng family."

Two people say, left blue entertainment media.

Wang Fan had a meal with Xu Ruyun and settled down. Then he thought about saving people and dealing with the Meng family.

Meng family's successive attacks, let Wang Fan decide to take the initiative to fight back.

It's just that killing the Meng family in broad daylight is obviously not proper, and it will also cause people to talk. Even if he wants to kill someone, he has to wait for the night.

At least, after the event, even if everyone knows that Wang Fan did it, he can't leave any evidence.

Just when Wang Fansi was plotting these things, he suddenly received a call from Kong Wucheng.

Wang Fan's eyes suddenly brightened as he listened to the phone.

I really want to sleep, so someone gives me a pillow.

### **Chapter 823**

At four o'clock in the afternoon, Wang Fan appeared in the No. 1 residence.

"Wang Shao, you are really a big hand. You did such a beautiful fight last night. It's just this kind of famous thing. Why don't you take me, Kong Wucheng, and let me follow you. "

Before Wang fanren came to Kong Wucheng, his bright voice came out.

Wang Fan some speechless, "Kong Shao is really joking, after this kind of thing, must be called on Kong Shao, let Kong Shao lead the battle."

"Well, Kong Shao, is what you said on the phone true? Do you really find out that Yang Jun took people into the old house of Meng family? "

Wang Fan went straight to the theme and was shocked.

What Bai Xiaoren, Zhao madman and Meng Qingyang can't find, Kong Wucheng can find out. How much

energy does he have?

What shocked Wang Fan most is that Yang Jun is now a wanted criminal. Does the Meng family really dare to let him enter the old house? Are they not afraid to bring disaster to the Meng family?

You know, once the cover up of wanted criminals is exposed, even the reputation of the eight families will be greatly affected.

What big families pay most attention to is reputation. If reputation is affected, what's more?

"Wang Shao, what do you say? Can I make fun of such things? What's more, I Kong Wucheng can't cheat you wang Shao even if I cheat anyone. "

Kong Wucheng said, took out his mobile phone and opened a video.

The video clearly shows that a black business car enters the Mengjia manor, and then Yang Jun and his party walk down with Bei Jingui and the executives of Wang Fan group.

The most important thing is that it was Meng Tuolin, the head of the Meng family, who welcomed them.

The video has only pictures but no sound. Meng Tuolin and Yang Jun exchanged greetings. Suddenly they became furious. Yang Jun bowed his head and said nothing. Then, several people entered the house.

With Wang Fan's eye power, we can naturally see that the video is real, not synthetic.

he is more shocked by Kong Wucheng's ability. He has a large family in every area, and his eye liner has infiltrated into the old home of Meng family. How much is this ability?

"Kong Shao, you are my lucky star. With this thing, I can go to the Meng family to have a VIP. Just don't know, can Meng Shao give me a video? "

Wang Fan didn't ask Kong Wucheng how he got this kind of video. After all, everyone has everyone's secret, but he said with great joy.

He needed to sneak into Meng's house at night, but with this thing, he didn't have to sneak. He killed him openly, and no one dared to say anything.

The name is right.

"Of course." Kong Wucheng nodded without any hesitation and sent the video to Wang Fan's mobile phone.

After finishing these, he said, "Wang Shao, do you know that you are famous, and countless killers are

on their way to China, threatening to take off your head?"

"Oh? Is that the case? " Wang Fan squinted, "I really don't know. Is it the Meng family offering a reward?"

"That's right." Kong Wu Cheng nodded, "it's not only a reward, but also a price."

"Sky high price?" Wang Fan finally came to the interest, "what a sky high price, let's hear it."

"Ten billion." Kong Wucheng held out a finger.

After listening to these words, Wang Fan spewed out the tea in his mouth and said, "ten billion yuan as a reward for my head? Is the Meng family crazy? "

Wang fan is really shocked. The average S-level mission is 100 million to 300 million.

Does it mean that Wang Fan's head is worth more than that of some big presidents?

"It's true that the Meng family is offering a reward of 10 billion yuan for my brain. Why. He gave me 10 billion yuan directly. Maybe I'll turn my head off and give it to him. " Wang Fan said jokingly.

Kong Wucheng didn't take over, but just smile, "Wang Shao, you'd better be careful, not to mention the cats and dogs and the new rising stars. It is said that the blood skeleton, the third in the world of killers, and the scorpion, the fifth in the world of mercenaries, are all out. "

"Blood skeleton, scorpion?" Wang Fan's eyes narrowed again, and finally paid a little attention.

Even if the blood skeleton, just a killer, Wang Fan has not been in the eye. As long as he does not hit, Wang fan can kill him in the front.

But scorpion is an absolutely difficult character.

Wang Fan in the mercenary world still knows something about it. It is said that the strength of those who step into the top 20 has reached the level of the day after tomorrow. The top ten have reached the congenital level.

Scorpion can sit in the third place, obvious strength has been in the late congenital, or even stronger.

Even if it's OK, this scorpion is good at using poison. It's changeable. One second, she may be a charming dancer, the next, she may be a scorpion that will kill you.

"Thank you for reminding Kong Shao. Wang Fan has it in mind." Thank you, Wang Fan. The news is really valuable. Otherwise, he would not know how to die.

"Well, we're friends." Kong Wucheng waved his hand and said. He didn't tell Wang fan that the Meng family had invited the Meng tiger people out of the mountain, because he didn't know about it.

Wang Fan didn't stay in the No. 1 residence. He exchanged greetings with Kong Wucheng again and left.

Eight in the evening.

The old house of the Meng family is brightly lit and full of singing and swallowing.

A bright hall, hundreds of square meters of hall is full of guests.

Red carpet, crystal chandelier, mahogany table and chair, elegant and luxurious.

Many young and handsome young men and women shuttle back and forth in the hall.

Today is a happy day for the Mengs, because the Menghu people are back.

In order to celebrate the return of the Meng Hu people, the Meng family held such a banquet temporarily, and also invited many good friends in a small range.

However, even if the time was short, even if the Meng family only had a small-scale banquet, and did not send out a large number of invitation cards, many people still came.

There are all kinds of dignitaries and dignitaries. It can be said that all the people who come here are absolutely dignitaries in the capital.

I dare not say that if you stamp your feet, there will be three earthquakes in the capital. At least if you sneeze, there will be a lot of waves.

Even those beautiful men and women who serve tea and pour water are all celebrities with small status. It's just that they squeeze their scalp and exhaust their relationship to get in.

The general little gold, the little rich, the little celebrities, do not even have the qualification to enter here.

Wang Fan killed hundreds of Meng Wei and Meng Duzhong (actually killed by Bai Xiaoren). Although the news was sensational, it was suppressed by the above. Only eight families and some top figures knew it.

It is obviously not qualified to know about these famous political figures and dignitaries. They only know about the Shenyao No.1 incident and know that a man who didn't have eyes offended the Meng family. The rest are not very clear.

At the main table in the hall, Meng Tuolin was smiling with a thin man.

The man looked in his forties and was not very good-looking. He belonged to a type that could not be recognized when he was thrown into the crowd.

However, his body is from time to time to release a strong breath, so that people around him only feel the pressure of Mount Tai, breathing heavily.

I dare not underestimate it.

Yang Jun was also at the scene, but he was hiding in the corner with his sunglasses and drinking with a group of well-dressed young men and women. Obviously, his identity is the lowest.

### **Chapter 824**

"Tiger man, I know it's not easy for you to come out once. Originally, I didn't want to invite you out, but I really can't help it."

"That Wang fan is really too fierce. The killing is too heavy. He not only killed Qingming, Qingliang and Duzhong successively, but also killed 100 Meng Wei of my Meng family last night. "

"If we go on like this, I'm afraid our Meng family will die soon."

Meng Tuolin said in a low voice as he toasted the man.

Although Meng Hu is only a younger generation, people come from there, and their strength is unfathomable. Even Meng Tuolin has to be respectful.

Otherwise, once Meng Hu people are dissatisfied, he will turn around and leave, and he will have no choice.

"You're welcome, uncle. Since I came out, I'm going to solve the problem for our Meng family. You can rest assured that Wang Fan will not be around for long. I will go to him after dinner and take his life. "

"Dare to provoke my Meng family, dare to kill the core of my Meng family, and force my Meng family to die. Not only will I kill him, but after killing him, I will go to Jinzhou to go around and level all his people. "

Menghu people drink a mouthful of wine, light said.

Although his voice is flat, it gives a heavy chill. And listen to his tone, did not put Wang Fan in the eye at all.

Just a young man in his twenties, no matter how powerful he is, where can he be? Meng Hu talent will not care.

Ten years ago, he had already set foot in the congenital world. In the past ten years, he has been

practicing hard and dare not relax for a moment.

His strength has already reached the congenital middle stage, only one step away from the congenital peak.

Even a year ago, he had a head-on killing. Even if that congenital peak is a weak congenital peak, it is also a real congenital peak. Where is the realm.

It can be said that under the congenital peak, he is invincible. He can walk horizontally even there, as long as he doesn't provoke the ten ruthless people.

As for the secular world, under the pinnacle of congenital, he did not pay attention to the matter of killing at will.

"Uncle, although you have entertained a lot of friends, I still hope not to spread my name."

"I didn't pay attention to that Wang Fan. I was just afraid of the one in the South Tianfu. If he knows that I'm coming back, if he interferes, I'm afraid something will happen. "

Meng Hu people thought for a while, the facial expression slightly some dignified say.

When he mentioned the words "South Tianfu", there was a touch of fear in his eyes.

The one in nantianfu is a real fierce man. Even there, there is no small prestige.

Even if he reached the top of the congenital peak, he didn't have the slightest resistance ability in front of the South Tianfu.

"I know about it. I'll arrange it. But you don't have to worry about the one in nantianfu for the time being. It is said that he has been seriously injured and has not appeared for a long time. "

"Now, even if we are alive, we are still breathing. There is only one breath left."

Meng Tuolin said.

Ye Nantian's fame is big enough and loud enough for anyone to be afraid of. But if ye Nantian is going to die soon, there are not many people to be afraid of. At most, they keep the heart of awe.

If ye Nantian is not injured, his strength is still at its peak. Even if he gives Meng Tuolin 100 courage, he does not dare to send out 100 Meng Wei to attack Wang Fan.

It is because ye Nantian's injury is getting worse that he dares to be so unscrupulous.

As for Wang Fan for ye Nantian healing, and ye Nantian strength has begun to recover things, Meng

Tuolin simply do not know.

Don't mention Meng Tuolin. In fact, even in Nantianfu, no one knows about Ye Nantian except at night and a few people who can get in touch with Ye Nantian.

"That's good. As long as Ye Nantian doesn't interfere, Little Wang fan is not afraid." Said the man.

Meng Tuolin was greatly relieved to see that Meng Hu people were so confident.

Wang fan is a thorn in his heart. If Wang fan doesn't get rid of it, he can't sleep and eat well.

If Meng Hu people can really kill Wang Fan, it will not only remove Wang Fan's great trouble, but also save 10 billion yuan for the Meng family, so that they can have the best of both worlds.

Meng Tuolin did not doubt the strength of Meng Hu people. In his opinion, it is more than enough for the Menghu people to kill Wang Fan.

Time points to 8:30, the scene atmosphere also gradually entered the climax.

The warblers sing and the swallows dance.

Meng Tuolin has also got up and started toasting to his friends table by table, thanking them for coming.

Sobbing

a harsh voice suddenly came, which surprised everyone present.

They can all recognize that it's the sound of a car's engine when it's racing.

It's just that this is the old house of Meng family. Who dares to drag in here? Are you impatient?

"No, someone's driving in!"

"Stop, stop, or you'll be killed at once!" "Stop him! Stop him

"Bang!"

"Bang!"

The noise came, and the whole Meng family's old house was full of flying chickens and dogs, sometimes with gunfire.

Listening to the news, the guests were even more stupid.

Someone's driving in?

Anyone dare to break into the old house of Meng family?

Even shot?

Who is so bold? Is it living impatiently?

Boom!

Another heavy noise came into the earlobe. The glass door outside was smashed and the glass debris was flying around. At the same time, an off-road vehicle stormed in.

Those close to the door of the guests looking at this scene, one after another color change, scream toward the distance to hide.

It's so terrible. How can I survive if I'm hit?

Creak!

There was another harsh sound. The SUV made a huge roar and stopped, then the door opened and a young man strode down. Behind him was a woman with sunglasses.

"Wang Fan?"

Seeing the young man, Meng Tuolin's pupils suddenly shrank and made a gnashing sound.

Although he saw Wang Fan for the first time in a real sense, Wang Fan killed so many people in his Meng family. How could he not have seen Wang Fan's photo?

So at the first sight of Wang Fan, he recognized it.

He never thought that Wang Fan was so crazy that he drove directly into the old house of Meng family. Didn't Wang Fan want to live?

The old house of the Meng family is his territory. Not to mention the existence of hundreds of Meng Wei, this hall is also inhabited by Meng Hu people.

What's more, just breaking into Meng's house is a crime that can be shot. Even if Wang Fan's background is perfect, can't he live?

Is Wang fan out of his mind?

Meng Tuolin has a lot of thoughts and can't calm down for a long time. He really can't believe that Wang

Fan will be so crazy and directly break into Meng's house.

At this time, Wang Fan has looked at Meng Tuolin, "Meng Tuolin, you have been arrested for hiding the wanted criminal. Come with me."

Wang Fan said as he strode toward Meng Tuolin.

Hiding wanted?

Listening to these words, the guests at the scene are stagnant again, saying in their hearts that it is impossible.

How noble is the status of the head of the Mencius? How can he hide the wanted? Is this a joke?

Listening to this, Yang Jun's mind was even more trembling. He had already buried his head under the table and thought about how to get away.

## **Chapter 825**

"Wang Fan, don't spit out blood! Do you know the consequences of breaking into my Meng family and framing my Meng Tuolin? "

"Hiding wanted? What a big hat! Don't say that I don't have a wanted person in mengtuolin. Even if I have a wanted person in mengtuolin, you, Wang Fan, are not qualified to arrest me! "

Meng Tuolin, with a ferocious face, suddenly stood up and yelled at Wang Fan.

His lungs are about to explode, and the guests are full. Wang Fan boldly breaks in and hits him in the face. He even says that he has a wanted criminal to arrest him. This is chiguoguo's provocation.

If he Meng Tuolin is really taken away by Wang Fan, there is no need for the Meng family to exist, and laughter can make people laugh to death.

"Wang Fan?" Meng Huren listened to the name, his eyes narrowed slightly, and suddenly looked at Wang Fan, with a touch of cold in his eyes.

Is it this guy who killed so many of his Mencius' nephews and 100 menwei of the Mencius' family, leading to the death of the Mencius' family?

Originally, he still had doubts in his heart, but now seeing that Wang Fan was so arrogant, he believed it.

Menghu people did not immediately stand up, but quietly followed the development of the situation.

"Who are you? Why do you say that the master of the Meng family is hiding wanted criminals? What qualifications do you have to come and arrest people? Who is your superior? I'll call your superior. "

"Boy, you can't frame up the master of the Meng family at will. You dare to drive into Meng's house in the daytime. Do you know it's a capital crime? "

A few status is not low, the superiority feeling explodes the guy, also can't help but get up, shout at Wang fanyao Wu Yang Wei.

The rest of them all looked at Wang Fan, with shock, abuse and schadenfreude in their eyes.

Isn't this guy out of his mind? At the banquet of Meng's family, Niu rushes in with a roar. He says Meng Tuolin has a wanted criminal in his possession. This is killing him.

This is Meng family, that is Meng Tuolin. Is it so easy to be taken away?

They feel that Wang fan is finished.

"Oh? Master Meng, so you don't admit that you're hiding wanted criminals? " Wang Fan's face remained unchanged in the face of the public's eyes.

As he said this, he tilted his head slightly, and the night behind him moved slowly towards Yang Jun.

Yang Jun's pupils suddenly shrunk, and his nerves immediately tightened. He almost ran to the door.

Just as he was about to get up, rush out of the room and run away, Meng Tuolin spoke angrily.

"I don't know what you're talking about, and I don't know what's wrong with wanted people. But if you dare to break into my Meng family and frame me up in front of so many people, it won't be over. "

"Somebody, take it for me!"

With Meng Tuolin's voice, five burly bodyguards in suits and maintaining the order of the scene rushed towards the night like shells.

As soon as the faces of the guests around changed and screamed, they scattered in all directions.

At the same time, Yang Jun also took advantage of the chaos and ran outside without looking back.

If you don't run now, when are you waiting? In case of being caught, let's not say whether it will affect Meng Tuolin, at least he and Yang Jun will be finished.

"Master Meng, you are trying to cover up criminals to the end!" Wang Fan sighed, "in this case, I have to offend!"

Wang Fan turned to look at the night, "take down Yang Jun, don't let him run away!"

Night heard this, speed suddenly accelerated, rushed to Yang Jun.

At the same time, Meng Tuolin was also furious, "what are you going to do? What do you want? Do you still want to fight my Meng family's guests? Stop him

Yang Jun can't be caught by Wang Fan in any case. Otherwise, even if Meng Tuolin won't be caught because of Yang Jun's wanted criminal, Meng's family will be discredited because of this.

With Meng Tuolin's voice, the five bodyguards also speed up, frantically rush towards the night, trying to stop the pace of the night.

In the eyes of the night, there was a twinkle of disdain. Instead of retreating, the speed speeded up again, facing the five people.

At the same time, her fists had already hit their chests.

Bang Bang twice, the two bodyguards felt as if they had been hit by a meteorite. They fell out with blood and fell to the ground.

The trend of the night is not reduced, and another to pull a kick to the foot, forced a throw, that person instantly issued a scream, the whole person was thrown out like a sandbag.

Boom!

Several tables were smashed to pieces, dishes and leaves were flying, and the people next to them were screaming.

The man fell to the ground and choked a few times. He couldn't get up again.

His whole right leg has been twisted into a twist, blood dripping at the same time, the blood in his mouth is also gushing out, half dead.

The bravery of the night shocked all the people on the scene, and their eyes were shocked one after another.

This woman is too fierce, isn't she?The momentum of the night is like a rainbow, the forward speed is not reduced at all, and the last two bodyguards are blasted out at the same time, regardless of the order, completely losing their combat effectiveness.

The white wall was smashed to crack, also mixed with a touch of blood, looks so bright, dazzling.

At this time, Yang Jun just ran to the door, but before he had time to go out, night's right hand had caught his neck.

"Don't move me, let me go!" Yang Jun was shocked and tried his best to resist. He also waved his fist to attack.

I saw the cold eyes of the night, the right hand instantly released his neck, and then both hands to grasp his arms, forced a twist.

Click, click!

Yang Jun's arm was immediately twisted into a twist, issued a heartrending scream.

This is not over, in Yang Jun's eyes, night directly raised his leg, mercilessly point to his knee.

With two more noises, Yang Jun fell to the ground and became a useless person.

Today's Yang Jun, let alone run away, even if he moves a little bit, it is estimated that it will be very difficult.

There was a dead silence.

For the fierce and fierce fear of the night.

A kind of unspeakable coldness is intended to spread in my heart.

No one thought that this woman wearing sunglasses would be so terrible and cruel.

Five male bodyguards in front of her, even as paper paste, vulnerable.

Night seems to be just a follower of Wang Fan. She is so powerful. Isn't Wang Fan more terrible if she doesn't have a hand?

Meng Tuolin's old face has been congealed into a ball. Obviously, he didn't expect that the night was so abnormal that he turned over his five elites in an instant.

Yang Jun did not even have a chance to go out.

As long as Yang Jun escapes from the gate, it is almost impossible for Wang Fan to catch Yang Jun again.

Meng family elite almost all outside, he heard the footsteps of Meng family elite.

Just one step away!

Just one step away!

Meng Tuolin's heart is bleeding!

"I'm sorry we're late, master."

"Who are you and who has given you the courage to make trouble with our Meng family?"

"Master, what should they do? Should they be killed immediately?"

Nearly a hundred elite men of the Meng family came out, and immediately surrounded Wang Fan and Wang Fan, with their guns turned and their eyes covetous.

There was a chill in their eyes. As long as Meng Tuolin ordered, they would not hesitate to shoot Wang Fan into meat sauce.

### **Chapter 826**

"Killed?" Wang fan face many muzzle, face unchanged, but the corner of the mouth also appeared to sneer, "who has the courage, shot me in the head, believe I will pull all the people present with me?"

"What do you mean? Are you wearing a bomb? " Listening to these words, those Meng elite faces are stagnant again, and the muzzle of the gun can't help drooping for a few minutes.

Wang Fan two people dare to break into the Meng family, if they have no cards, no one will believe it.

It is not impossible for Wang Fan to be bound with a bomb.

Wang Fan ha ha a smile, didn't answer, but the complexion calmly passes through from those Meng family elite. In the middle of the reaction is slow, blocking the way, were Wang Fan mercilessly kick over with his feet.

A few seconds later, he came to Yang Jun, lowered his head, patted his face as if no one else, "Yang Jun, I didn't expect that we would meet on such an occasion, did we?"

"The man who tied me up, don't you think I can do nothing to hide in the old house of Meng family?"

Yang Jun looked at Wang Fan from a close distance, his heart trembling and his face like ashes.

He didn't expect that Wang Fan would dare to break into the Meng family. He broke his limbs under the eyes of Meng Tuolin, the head of the Meng family.

If he had known this, he would not dare to touch Wang Fan's people.

How long did he tie each other? It's less than 12 hours.

Just as Yang Jun was thinking about the mess, Wang Fan said again, "tell me, is it the old man Meng

Tuolin who ordered you to do it?"

Wang Fan said with awe inspiring righteousness, "Leniency for confession and strictness for resistance. As long as you are honest, I will fight for leniency for you."

Listening to this, the guests at the scene were confused again.

Is Yang Jun really wanted? Did you really kidnap Wang fan or Meng Tuolin?

At the same time, they feel absurd. This is the old house of Meng family, not the interrogation room.

Wang fan is here to settle the case. He directly asks if it is Meng Tuolin's instigation. He also says that confessions should be lenient and resistances should be strict. Isn't it that he is too hard to beat the Meng family in the face?

Yang Jun stares at Wang Fan, clenches his teeth and refuses to speak.

Although Wang fan is terrible, in Yang Jun's eyes, the Meng family is more terrible.

If he doesn't betray Meng Tuolin, he will die at most, but if he dares to betray Meng Tuolin, maybe his whole family will die!

Although he is Meng Tuolin's son-in-law, Meng Tuolin will not blink when he kills his family.

"No? Good. You have a lot of backbone Wang Fan smiles. The next second, he pulls Yang Jun's hand and pulls it up.

"Everyone, his name is Yang Jun. in the morning, he kidnapped Beijin Guibei Shao and five employees of our wangfan group in blue entertainment group. Now he is a wanted criminal at large."

"If you don't believe it, you can take photos to check it, or even check it on the Internet. Wang Fan has absolutely no empty words."

Yang Jun couldn't help but scream bitterly. He was too sad to live.

Although Wang Fan did not seem to use means to deal with him, Wang Fan grabbed his broken arm and picked him up, which is equivalent to torture.

Normal people, who can bear the pain?

The guests listening to Wang Fan's words were in an uproar.

They didn't expect that there was a wanted man at the scene. Most of them took out their mobile phones at the first time and began to verify.

Wang Fan ignored them, but looked at Meng Tuolin, "master Meng, now, what else do you have to say?"

"The most wanted criminal has gone to your Meng family's old house, dressed well and attended your Meng family's banquet. It's not called harboring the most wanted criminal. What's it called?"

Wang Fan's smile is quiet, but his words are very sharp, "don't say that you don't know he is a wanted criminal."

"As one of the eight major families, your Meng family has great ability. If you don't even know this information, the eight major families of the Meng family will have too much moisture."

Listening to this, the guests at the scene were shocked.

Wang Fan's words are too sharp. It can be said that he is beating the Meng family in the face.

How should the Meng family answer Wang Fan's question?

He said that he didn't know that Yang Jun was a wanted criminal. Doesn't that mean that the eight major families of the Meng family have moisture?

But if he knows, doesn't it mean that the Meng family really harbors wanted criminals?

Meng Tuolin was even more trembling with anger. His anger was about to blow up the old house of Meng family.

For the first time in decades, he was so humiliated.

"Wang Fan, I'm still saying that. I don't know what you're talking about. Yang Jun is a wanted criminal. What does it matter to me? "

"He's my son-in-law. Isn't it normal for him to attend a family dinner? How do I know what he's doing out there? "

Meng Tuolin angrily quibbled, "I'm the master of the Meng family. I'm busy. Where can I have time to pay attention to him? Yang Jun, what did he do?"

"What's more, even if Yang Jun is a wanted criminal, it's not the reason for you to break into my Meng family."

"You can tell who you are and come in and arrest people. But what's the matter with you breaking in like this? "Meng Tuolin is worthy of being an old fox who has lived for decades. In an instant, the focus shifted to Wang Fan's breaking into Meng's house.

Yes! Even if Yang Jun is really wanted, what does it have to do with Meng Tuolin? It's normal for people to be confused.

What's more, Wang fan can just come in and arrest people. What's the matter?

The guests around were secretly frightened. They felt that they were all taken to the ditch by Wang Fan. Unconsciously, he was led by the nose by Wang Fan and thought about problems by Wang Fan.

"Oh? So, isn't master Meng deliberately harboring the wanted criminal? Did I blame the master of the Meng family Wang Fan's face is still not much change, as if everything is expected, smilingly asked.

"You are not mistaken, but deliberately provoked and framed! How can I hide wanted criminals? If I had known that Yang Jun had done that outside, I would have tied him up and sent him to the police station."  
"

Meng Tuolin said solemnly.

"So it is. It seems that I really blame the master of the Meng family."

Wang Fan finished, suddenly the conversation changed, "then I'm surprised, master Meng, you didn't investigate, and I didn't see anyone report to you. How can you know that he is wanted, not framed by me?"

"If I say he's a wanted man, he's the one, and you believe it?"

Once the words came out, the whole audience was in an uproar again.

Yes, Meng Tuolin did not investigate and no one reported to him. How could he believe that Yang Jun was really wanted? How did he believe Wang Fan's words?

According to Meng Tuolin's hostility to Wang Fan, it's impossible!

Can we say that Meng Tuolin really knew about this, or that Yang Jun's kidnapping was really instigated by him? It's quite possible! Looking at Meng Tuolin and Wang Fan, they obviously have a grudge.

Thinking of this, they are even more shocked. Who is Wang Fan? He seems to be only in his twenties. How can he have a grudge against Meng Tuolin and still jump to the present?

They have realized that things are not as simple as they seem.

Meng Tuolin's old face also changed greatly. He didn't expect that Wang Fan's heart was so deep and overcast him.

However, he didn't mess up because of this. Instead, he said with a cold hum, "you wang fan are so upright and courageous, and dare to let the people present investigate openly. Can I not believe it?"

Wang Fan sneers and ignores Meng Tuolin. Instead, he looks at Yang Jun and says, "why, do you still refuse to tell who ordered you? I'm giving you a chance. If you're not sure, no wonder I am

"What do you mean?" Meng Tuolin was very angry. "Do you want to torture me to extort a confession and make him frame me up?"

Meng Tuolin was so angry that he said, "you're breaking the law! Believe it or not, I'll call and have you arrested first? "

### **Chapter 827**

"Torture? confess to false charges under torture? Frame up? " Wang Fan laughed, "the master of the Meng family is really a big hat."

He said, suddenly threw Yang Jun to the ground, and then pointed to Meng Tuolin, "don't you admit it? Sophistry? And say I framed it? "

"Well, I'll let you die to understand!"

Wang Fan said, strode toward the direction of Meng Tuolin in the past, leaving only the night alone to stay at Yang Jun.

"What are you doing? Do you still want to take the initiative at home? "

"Stop him!"

Those Meng elite looking at this scene, face is one after another big change.

Several people throw the gun in their hands, clench their fists and rush forward, trying to block Wang Fan.

Meng Tuolin is the superior existence of Meng family. How can they allow Wang Fan to be presumptuous?

This is the Meng family. They are the elite of the Meng family. If Wang Fan really hurt Meng Tuolin under their eyes, they will die without blame!

"Get out of here!"

Wang Fan looked at the group of Meng family elite who came straight at him. His face suddenly turned cold, his body jumped forward, his right leg was like a bow string, and he directly stepped out like a rainbow.

Bang to a, rushed in the front of the elite abdomen was kicked, mouth gushing blood of the inverted fly out, knocked down a large area, people on horseback.

Those who were knocked down either broke their hands or feet. Alas, they fell to the ground and couldn't get up again. They were in a miserable situation.

"Be honest with me. Don't let anyone hinder us from handling the case! Without guns, you are just rubbish in front of me. "

Wang Fan said with a sneer, then slapped out, two elite spitting blood teeth fell, fell five meters away.

A few of the elite Meng family, when they saw the situation, raised their guns and planned to shoot.

But at the moment of their shooting, Wang Fan had already provoked a gun thrown on the ground and pulled the trigger one step ahead of time.

A series of shots rang out, and the Meng elite who wanted to shoot all got shot in the wrist and screamed back.

Once again, the audience was dead.

Wang Fan slaps two people with one foot, even if he turns over more than ten people, he can still take the gun and shoot in a short time, and the gun accurately hits the elite wrist of Meng family. What strength is this?

"I said, don't move anyone. Whoever moves will die." Wang Fan picks up a gun and plays with it. At the same time, he warns the elite of the Meng family.

The elite of the Meng family are silent and dare not act rashly any more.

They are all awed by Wang Fan's strong strength and shooting skills.

On the ground, blood flowed, and the red carpet was more colorful. The air was full of blood, and the atmosphere was thick.

The guests were also on pins and needles, and no one dared to move.

As for those famous ladies, they have already been scared, their faces are flushed and their bodies are trembling. Even some people, have been unable to bear, coma in the past.

"Wang Fan, you break into my Meng family, frame up my Meng Tuolin, and hurt so many people. Don't you think about the consequences?"

"Do you think you can do whatever you want with your strength and background? I tell you, if you are so reckless in our Meng family, the heavenly king and Laozi can't protect you, you can wait to die! "

Meng Tuolin's face was gloomy, and he stopped the elite Meng family who wanted to stop Wang Fan. "Don't worry about him, I don't believe him. Wang Fan really dares to kill me in full view of the public!"

"Report to the police immediately. It's said that a murderer broke into my Meng family and hurt people wantonly. Let them deal with the matter."

Meng Tuolin stares at Wang Fan, and his anger is beyond words.

The reason why he prevented the elite of the Meng family from attacking Wang Fan was not that Wang Fan did not dare to kill him, but that there was a Meng hu man sitting next to him.

Meng Tuolin believes that with the protection of Meng Hu people, Wang fan can't hurt him at all. He doesn't need to let Meng family elite go up to die.

At the same time, he would have let Meng Wei rush in to kill Wang Fan if there were not too many guests and people.

It was because there were too many guests and too many people at the scene that he didn't let Meng Wei show up. Instead, he chose to let the police intervene in the matter.

"To kill you?" Wang Fan laughed, "I'm not afraid, but it's not the time yet."

He pointed to Meng Tuolin with the same expression, "don't worry, I will let you die before you die."

Wang Fan said, has jumped the Meng Tuolin, walked to the middle of the platform.

Looking at this scene, everyone is a little surprised, Wang fan is not to move Meng Tuolin, he went to the stage, which play?

In their gaping eyes, Wang Fan pinched out his mobile phone and made a good link. Soon, a video appeared on the huge LCD TV above the stage.

The video clearly shows that Yang Jun kidnaps Bei Jingui into Meng's home, and it's Meng Tuolin who receives them in person.

Looking at this scene, the whole audience was in an uproar.

With their eyes, they can naturally see that the video is real, not synthetic. Everyone looked at Meng Tuolin with a strong disbelief on their faces.

They didn't expect that Meng Tuolin actually did such a thing. He ordered Yang Jun to kidnap him and

openly sheltered him.

To be honest, the Meng family does some dirty things, as long as they don't get the handle, even if someone knows, they won't say much.

After all, which big family has no blood or dirty things in its hands?

But now that you've got the handle, the result will be different. What's more, Meng Tuolin had been denying it all the time before. It was just a face sweep, and his face was slapped by Wang Fan.

Meng Tuolin is also staring at this scene, his face is full of disbelief.

How is this possible? How can Wang Fan get this kind of video? Can't he become a Meng family, and Wang Fan's Eyeliner?

He was so embarrassed that he almost wanted to find a table to go down.

"Meng Tuolin, what do you have to say now? If you don't believe the authenticity of this video, I can call now and ask the relevant departments to identify it on the spot. "

Wang Fan looked at Meng Tuolin and said coldly, "you Meng Tuolin are really powerful. You instigate kidnapping, but you still don't admit it, and you instigate your subordinates to commit murder with guns. Who gives you the courage?"

"Are you going to hand them over and go with me, or do I take you by force?"

"Ha ha." Meng Tuolin suddenly laughed, his smile is very cold, his eyes are also full of murderous, "is my Meng Tuolin do, how do you?"

"Take me? I'd like to see if you, Wang Fan, have that ability! You want me to hand it in, don't you? You dream

"This is my Meng family. Today, I will let you, Wang Fan, never come back! As for those people in your company, I will also send them to your funeral! "

Up to now, Meng Tuolin has no need to cover up sophistry, otherwise it will only be his Meng Tuolin.

Only by killing Wang Fan, can he survive the crisis with the help of the Meng family's contacts. Otherwise, the Meng family will be in danger.

"So you're going to fight?" Wang Fan listened to this, not angry but laughing, "just right, I'm worried that there's no reason to do it to you. Now, the reason comes."

Wang Fan said, directly toward Meng Tuolin walked in the past, and roared at the guests, "Meng Tuolin

kidnapping and murder, openly resist arrest, irrelevant people quickly evacuate."

Those guests who use Wang Fan's greeting, already see the situation is not good, toward the outside rushed out.

Meng elite will not intercept them, let them leave.

"Do it? I, Meng Tuolin, want to see how you do it to me and whether you have the ability to go out of my Meng family. "

Meng Tuolin looks at Wang Fan who is striding forward and steps back with a grim smile. At the same time, Meng Huren stands up.

He stares at Wang Fan, the momentum climbs, the killing machine is fierce!

### **Chapter 828**

"Meng Hu Ren?" Night to see Meng Hu people, face suddenly changed, eyes flashing a strong shock.

Although it was still a small night when Meng Hu people became famous, how could she not know Meng Hu people as a high-level member of South Tianfu?

She had long known that the Meng family had invited the Meng Hu people out of the mountain, but she didn't expect that the Meng Hu people came so fast.

"Oh, you know me?" Looking at the night, Meng hu man was also surprised.

He hasn't appeared in the secular world for many years. How could a 20-year-old girl know him?

Night did not speak, just staring at Meng Hu people, dignified expression.

The appearance of Meng Hu people is a variable. If there is no Meng Hu people, she and Wang Fan will join hands, and it is possible to destroy the Meng family.

But with the appearance of Menghu people, the possibility is very small.

Not to mention the destruction of the Meng family, it is still unknown whether the two of them together can defeat a Meng hu man. What's more, there are many elite and hundreds of Meng Wei in the Meng family.

"Meng Hu Ren?"

Wang Fan laughed, he looked at Meng Tuolin, light said, "I say, how can you be so arrogant, but also a very dependent appearance, the original your dependence is him."

"But can he really stop me? Are you sure he's going to keep you? "

Wang Fan's eyes looked scornful and sarcastic. It seemed that he didn't pay attention to Meng Hu people at all.

Meng Tuolin listened to Wang Fan's words, did not speak, just sneer.

If Wang Fan dares to provoke the Menghu people, it will only make Wang Fan die faster.

"Ah, I didn't expect that my Meng Hu people hadn't come out for several years. The young people outside are really more and more arrogant." Menghu people are not angered by Wang Fan's words, he coldly looked at Wang Fan.

"At the very beginning of your life, you dare to talk in front of me. I really don't know whether to say that you don't know the greatness of heaven and earth, or that you are too inflated."

He pointed to Wang Fan, "you killed a hundred Meng Wei of my Meng family and Qingming, Qingliang and Duzhong?"

"I have to say, you are very good. But, before you killed them, did you investigate that there was a Meng hu man in the Meng family? "

"I have to say that you are a genius when you are young and can practice to the early days of your nature. However, you should not, should not, should not offend my Meng family

Meng hu man stares at Wang Fan, and his momentum has gathered again.

He has lived for more than 40 years, and has experienced more than ten thousand massacres? Even in the face of Wang Fan in his early days, he would not be careless.

There, he has seen too many turnovers and counter murders, which are all caused by neglecting the enemy's carelessness. Meng Hu people will not make such low-level mistakes, even if he does not pay attention to Wang Fan.

PA PA.

Wang Fan listened to this, can't help clapping, "Meng Huren, how about your strength? I don't know, but your ability of pretending to compare is worth my 100 praise for you."

"Are you a good man? When I kill the Meng family, I still need to investigate whether you Menghu people exist or not? Don't say that I, Wang Fan, don't know which onion you Menghu are. Even if I know, I should kill you. "

Wang Fan said, tone suddenly cold, "unexpectedly said I was just a little congenital early, don't you just

a little congenital middle? If you don't even reach the top of your innate ability, you dare to pretend like this. Aren't you afraid of being struck by thunder? "

"Can you perceive my state?" Meng Huren was very angry at Wang Fan's words, but his face suddenly changed when he heard the last sentence.

Wang fan is just at the beginning of his life. How can he be aware of his realm?

Wang Fan didn't speak, but at the moment when Meng Hu's face changed dramatically, others moved.

The strength of his whole body was spurted out in an instant, and his right leg was faster on the ground!

Click!

At the same time when the ground was smashed, his whole body also ran towards the Menghu people like ghosts.

In a flash, Wang Fan seemed to have become a wild and fierce beast, with an overwhelming momentum.

"How dare you do it?" Looking at this scene, Meng hu man's face changed slightly. He didn't flinch at all. He also rushed to Wang Fan.

Even if Wang fan can detect his strength, he is a strong man who has half stepped into the congenital peak, but still comes out from there.

In this secular world, even if it is the real congenital peak, not many people have beaten him, let alone a Wang Fan?

Meng Hu people don't believe it. He has practiced hard for more than 30 years, and can't even clean up a young man in his twenties.

Menghu people are like a soaring eagle. When they are close to Wang Fan, their fists and feet turn into shadows, tearing the air and bombarding Wang Fan.

The sound of hissing in the air resounded continuously, as if the fragile paper had been torn open. It could not bear this kind of power.

In the eyes of the elite of the Meng family, they can no longer see the people of the Meng Hu people, but can only see the dense shadow of their fists and legs. It can be seen from this that the speed of Menghu people is fast and the attack is fierce.

Wang Fan felt the scene, and his face changed slightly, becoming more dignified than ever before.

Although he didn't pay attention to Menghu people in his tone, he thought Menghu people were the enemy in his heart.

Half a foot into the congenital peak, but also from the inside out of the strong, this kind of person, can not be underestimated.

It can be said that Menghu people are the strongest people Wang Fan has met so far. He was more terrible than the top ones who appeared when red city robbed the withered yellow grass.

Of course, Wang Fan didn't count Ye Nantian among them. After all, when he saw Ye Nantian, ye Nantian was dying, and he had no hostility to him, so he couldn't count it.

Facing the fierce attack of Meng Hu people, Wang Fan didn't flinch at all, but suddenly gathered his strength and waved his fists and feet to meet him.

In the face of Meng Hu people's enemies, Wang fan can't shrink back, let alone weaken his momentum. Otherwise, once Meng Hu people have the upper hand, it will be Wang Fan.

Wang Fan did not take out the shadow knife at the first time. In this case, it is meaningless to take out the shadow knife first.

Only when the shadow knife is sacrificed at the critical moment and becomes the trump card, can it play a miraculous effect.

Bang bang bang!

A series of harsh sounds sounded, full of vitality, and it seemed that there were a series of ripples in the air.

Those close to the wall murals, in an instant were torn into pieces, and even the walls were also torn out of cracks.

As for the tables and chairs around them, they had already been shattered.

Looking at this scene, Meng's face changed greatly!

Strong!

It's so fuckin 'strong!

This kind of strong fight, they don't have to take part in, even if they get close to it a little bit, it is estimated that they will be torn into disability by the fluctuating Qi force.

Night's face is also suddenly changed, eyes flashing a strong disbelief.

Wang Fan, how can you fight Meng Hu like this?

Did Wang Fan hide his strength all the time?

She was shocked for a long time.

Night heart shocked at the same time, but do not know, at this time of Wang Fan incomparable uncomfortable.

He felt as if his fists and feet were not on people, but on steel.

Even the bones of his fists and legs seemed to be unable to withstand the tearing and would be broken at any time.

This Meng hu man's fists and feet are hard. It seems that he is no longer a person, but more like steel and iron.

Compared with Wang Fan's shock, Meng Hu's heart is even more shocking.

How could it be that at the beginning of his life, he was able to fight him like this?

When did the secular world have such a abnormal congenital beginning?

Let alone the secular world, even there, he had never seen such abnormal congenital early as Wang Fan.

## **Chapter 829**

Bang Bang two violent sound, Meng hu man and Wang Fan fall back at the same time.

Wang Fan's clothes have been broken and become a piece of cloth. His face is pale and his mouth is stained with blood. He is no longer calm.

His feet rubbed against the ground, and it took him five or six meters to stop.

The red carpet on the ground was torn and pulled out a long mark.

Menghu people are not where they are. Their clothes are also broken, and their faces are gloomy.

Somewhere in his chest, he collapsed, his bones were broken, and blood was oozing out.

However, compared with Wang Fan's retreat of five or six meters, he only retreated three or two meters.

In terms of distance, Wang Fan has obviously fallen behind. In terms of injury, it seems that Meng Hu

was more seriously injured than Wang Fan.

So in the eyes of others, I don't know who wins or who loses.

Looking at this scene, Meng Tuolin's heart sank to the bottom.

Is Wang Fan really strong to such a degree that even the Menghu people can't help him?

If so, doesn't it mean that he will die today?

The night is also very shocking.

Wang Fan shook Meng Huren in the face, but he didn't fall behind. Even they were equally divided, which overturned her cognition.

It seems that even though she has overestimated Wang Fan as much as possible, she has underestimated him in the end!

"What an insidious boy, you are very good! Congratulations, I've successfully angered you. Next, you can die. I won't give you another chance. "

Meng hu man looked down at his blood stained chest and licked his lips, with a strong ferocity in his eyes.

He was Meng Hu Ren. He was injured, and he was still injured by a 20-year-old.

It's a shame!

This is absolutely the biggest shame in his life!

He's going to kill!

He's going to bleed!

He wants to tear Wang Fan to pieces!

Wang Fan took a deep breath, grabbed a bottle of wine not far away and took a few gulps at his mouth. Then he looked at Meng hu man and his words were full of disdain.

"Don't say anything about it. It sounds as if you were lenient just now."

"Can I also say, you bedbug, just now I was just warming up with you. Next, I'm going to slap you to death. Don't struggle any more?"

Coax.

Listen to this, Rao is this kind of occasion is not suitable to laugh, some Meng elite or can't help laughing out.

Wang Fan's mouth is really too poisonous, and it's too slapping.

The whole company of Menghu people is completely black.

Wang Fan even dare to scold him bedbug, he is angry!

Wang Fan didn't seem to see Meng Hu's anger, so he grabbed the wine and took two gulps of it, looking contemptuous.

"Death Where can Meng Hu people tolerate this kind of provocation and contempt? He suddenly yelled angrily, and then pounced on Wang Fan again.

At this moment, the killing machine on his body has completely bloomed, as if it had become the essence.

Wang Fan did not speak, but a squint in the eyes, also pounced on the Meng Hu people.

Thunderbolt, momentum like a tiger!

There is no fear and concession!

Boom!

The fists and legs collided, and there was a big bang again.

The fury of the spirit once again wantonly open, crazy and cold.

This time, Wang Fan did not have the last good luck, under a blow, he was blown upside down. Just like the cunning rabbit in the shell, vulnerable.

But he is dead bite teeth, no mouth, no spitting blood, no scream.

But this, still can not get rid of the fact that he was defeated.

Meng Hu people did not retreat from the shock, but suddenly gave a loud shout, and rushed to Wang Fan again.

The previous failure was only a temporary carelessness. This time, he will work hard to defeat Wang Fan.

Looking at this scene, people around are dull.

It seems that I didn't expect that Wang Fan, who had fought with Meng Hu people before, would lose so fast now.

Could it be that the first collision between the two people had already consumed 100% of Wang Fan's strength, and now Wang fan is at the end of the storm?

Meng Tuolin looked at this scene and was very happy!

There's nothing like Meng Hu's killing Wang Fan to make him happy.

Previously, he was still worried that Meng Hu people might not be able to eat Wang Fan. Now it seems that he is worried too much.

Menghu people, as the people in there, have half stepped into the congenital peak of their strength. Where can Wang Fan, a grasshopper in the early congenital stage, compare with him?

Night is a heart sink to the bottom of the valley, she also did not expect, Wang Fan will be defeated so fast.

Just as she was thinking about whether she would stick to her head or move out of the backstage of nantianfu, Meng Huren had already rushed to Wang Fan.Boom!

Another blow, Meng Huren blasted on Wang Fan's chest.

Under this punch, Wang Fan was just like a shrimp in the blast. His body suddenly bowed, and he could no longer help but open his mouth.

Whoa!

A bloody sword came out.

At the same time, there was the click of bone fracture.

Looking at this scene, Meng Hu was very happy!

Just as he was about to rush up again to make up for a punch, he suddenly found something wrong.

How can Wang Fan's blood be so much?

No, it's not only blood, but also red wine!

Meng Hu's face has changed!

Although he didn't know the meaning of Wang Fan's red wine, he still instinctively narrowed his eyes.

He can't have the blood in his eyes. At the same time, he also waved his sleeves to sweep away the blood wine.

At this time, Wang Fan moved!

Taking advantage of the moment when Meng Hu people squint and brush their sleeves and their sight is blocked, Wang Fan, who should have been seriously injured and dying, suddenly moves!

With a wave of his right arm, a startling sword suddenly flashed by, and then Meng hu man instantly froze in the same place.

Come on!

It's so fast!

No one can see clearly what happened. The blade is just a flash, and even some people mistakenly think it is an illusion.

Bang!

Wang Fan fell to the ground heavily, his chest was stained with blood, his face was pale, and he seemed to be dying.

However, after he landed, he quickly put two pills into his mouth, and then took out the silver needle and tied it up.

Menghu people still keep their original rigid movements in the air, and their eyes are full of anger, doubt, reluctance, loss, disbelief and other emotions.

One second

two seconds

three seconds

boom!

He fell to the ground with a thump, and then a column of blood gushed out from his roar.

Die on the spot!

Shadow sword out of sheath, a generation of master Meng Huren, dead!

It's a dead silence!

Everyone was staring at the scene, unable to recover for a long time.

It seems that they can't figure out how to die suddenly when they still beat Meng Hu people under Wang Fan's pressure before?

Wang Fan, why did the Jedi suddenly turn over?

There was no wind in the hall, but everyone felt as if there was a wind blowing on his body, and his whole body was filled with unspeakable chill.

Meng Tuolin has a dull face and a blank mind!

The night was the first to come back to her mind. She resisted the shock in her heart and jumped up like a wolf tiger to rush to the elite of the Meng family.

At the same time, Wang Fan got up and walked slowly to Meng Tuolin.

### **Chapter 830**

"Stop him! Stop him

Meng Tuolin watched Wang Fan step by step. His eyelids jumped and he couldn't help screaming.

His eyes were full of uneasiness and fear!

He never thought that all the Meng Hu people he invited back were dead in Wang Fan's hands.

How is that possible? Menghu people are the strong ones out there. Ten years ago, they stepped into the congenital existence!

After hearing Meng Tuolin's words, the elite of the Meng family were shocked, and then a group of people left to fight in the night, while the other group rushed to Wang Fan with their heads hardened.

Most of them were cultivated by the Meng family and had deep feelings for them. Even if he knew that he was not Wang Fan's opponent, he would lay down his life to protect the owner of his hometown.

"Mengtuolin, Menghu people are dead. Can you stop me with these wastes? In the Shenyao No.1 incident, you Meng family framed me, besieged me, and took away the credit for killing Voldemort. "

"I didn't settle with the Meng family. It's very nice of you to send people to attack me again and again to

immediately fell. He flew more than ten meters before landing heavily. His head was bloody and he was killed instantly.

Wang Fan's eyes were cold when he killed the elite of the Meng family. His right leg was like a bow, and he stepped heavily on the ground. Then he jumped forward like an arrow.

Bang bang bang!

There were several violent noises, and the five or six Meng elite who rushed to the front were hit by Wang Fan, all of them gushed blood and fell. They were not Wang Fan's enemies at all.

Their eyes twinkled with horror. Isn't Wang Fan seriously injured? How could he be so terrible?

They felt that Wang Fan's body was just like iron juice, which was completely out of the category of flesh and blood. Being hit by Wang fan is more painful than being beaten by steel.

"Kill him!"

"Kill

Several other elite men of the Meng family rushed forward bravely with swords and sticks, but under the fierce impact of Wang Fan, they fell apart and became disabled.

Two Meng elite want to shoot, but before they shoot, Wang Fan has taken the lead in shooting two bullets into their heads.

When one man is in charge, ten thousand cannot be opened.

At this time, Wang Fanqiang is just like a demon God. The God blocks and kills the God, and the Buddha blocks and kills the Buddha, which is irresistible.

From the beginning to the end, his pace did not stop half a minute, slowly and forcefully close to Meng Tuolin.

"Meng Wei!"

"Meng Wei!"

Meng Tuolin's face trembled and roared wildly. At the same time, the whole person began to retreat.

Wang Fan was too terrible to stop.

There was a chill in his heart.

But, soon, a bad news came.

Meng Wei, has been entangled by another group of unidentified people, unable to support.

Hearing the news, Meng Tuolin's heart sank to the bottom.

How can a hundred Meng Wei be entangled?

There was a deep sense of horror and powerlessness in his heart.

Wang Fan marched forward bravely, and soon got close to Meng Tuolin, less than five meters away from him.

Meng Tuolin shook his face and roared, "Wang Fan, I have five employees of your company in my hand. If I die, they will be buried with me. How dare you move me?" His voice is hoarse. Now, Meng Wei can't support him. The five employees have become his last card.

"You dare not let them be buried with you, let alone with you. You dare not even move a hair of them."

Wang Fan's footstep is ceaseless, light sneer flashed in his eyes, "if you don't move them, only you die, the core of the Meng family dies."

"If you dare to touch one of their hair, I'll uproot your whole Meng family. I won't let go of any of them."

Wang Fan's tone, indifferent, as if in contempt of all living beings, resolute.

Meng Tuolin felt fear for Wang Fan's determination and indifference.

Is the Meng family really doomed to die? Is the Meng family really wrong?

Meng Tuolin was in a trance.

He had no doubt about Wang Fan's words. After all, Wang Fan was famous for his decisiveness. Even if he wanted to destroy the blood of his Meng family, it was not impossible.

"Meng Tuolin, accept your life and die! If you want to blame it, it's because your Meng family has no bottom line and has repeatedly provoked Wang Fan. No wonder others. "

"Before I kill you, I'll give you a chance to let your people bring Bei Jingui and the five employees of our company."

"They are in good condition. I'll give you a good time. Otherwise, don't blame me for tormenting you old bone. "

Wang Fan walked slowly to Meng Tuolin and looked down at the former hero, said indifferently.

"Ah, a total failure, a total failure!" Meng Tuolin sighed, and his whole body fell down.

This former Xiaoxiong, on the verge of death, no longer looks like a Xiaoxiong, just like an ordinary old man in twilight.

He took a deep look at Wang Fan, waved his hand and issued an order, "go and invite a few people from beishao."

A few of the remaining Meng family elite got to make, quickly ran out.

Many of the elite Mencius have been under the strong attack of Wang Fan and the night, scattered, standing less than ten people.

These ten people have completely lost their fighting spirit and courage.

Wang Fan and the night are too terrible to stop. In front of them, they were just like the weak children.

Before long, those Meng elite came back in a panic, and their faces were very ugly.

Wang Fan looked at this scene, his heart sank, "what's the matter, beijingui them?"
