

MIGHTY SK 831

Chapter 831

Drop by drop.

Without waiting for the Meng elite to answer, Wang Fan's mobile phone rang.

He took a look and his brows relaxed.

Xu Ruyun sent a message saying that Bei Jingui and five employees went back safely. As for how they went back, she was not clear.

Although Wang Fan was puzzled, he didn't think much. He looked at Meng Tuolin, "Meng Tuolin, it's over."

He said, grabbed a knife from the side, hissed, and went into Meng Tuolin's heart.

Meng Tuolin's face turned pale in an instant and fell down holding Wang Fan's hand.

Instead of closing his eyes immediately, he said with difficulty, "remember to keep my Meng family blood"

"I will." Wang Fan nodded, then forced a draw, the red knife was pulled out, raised a large blood fog.

Red blood sprayed out, dyed the ground red, dyed red Meng Tuolin skirt, he slowly closed his eyes.

A generation of Xiaoxiong, the master of Meng family, Meng Tuolin, die!

There was another dead silence.

No one thought that Meng Tuolin should have died like this. Meng Tuolin, who has been powerful for most of his life, was killed by Wang Fan with one knife.

The remaining elite of the Meng family were filled with grief, but they could not bring up their revenge.

They know that when Meng Tuolin dies, the Meng family is mostly finished.

Once this incident is reported, it will cause a sensation throughout the country.

"From today on, the Meng family will be removed. You can go back and tell the remaining Meng family to withdraw the 10 billion yuan reward and be a man. If you dare to do it to me again, Meng Tuolin, that's the end. "

"Let's go."

Wang Fan coldly looked at the remains of the Meng family elite, directly with the night left here.

Tonight's Meng family banquet, gathered more than half of the Meng family high-level, although Wang Fan did not fight them, but most people are still dead in the eyeless bullets.

In addition to the death of Meng Tuolin, the Meng family is no longer the original, and is destined to be removed from the eight families.

Even if you linger, you will be reduced to a third rate family.

In a short time, the news of Wang Fan's killing Meng Hu and Meng Tuolin spread all over the capital.

The whole country is shaking!

The Meng family of the eight families, even said that they were destroyed? Meng Tuolin, the leader of the Meng family, and the high-level officials of the Meng family, even said that they were killed when they were killed?

Wang fan is really a great talent!

Meng Hu people, in particular, know that he is the strong one who came out there. He had already set foot in the congenial world ten years ago.

Wang fan is just a young man in his twenties. No matter how powerful he is, he is just a rising star.

He even in the front of the charge, strong cut Meng Hu people, this is what strength?

National sensation!

Wang Fan's two words, once again deeply rooted in the hearts of the people, as long as he can survive this storm, he is destined to rise and become famous.

Although the Meng family has not been destroyed in a real sense, it is almost destroyed in other people's eyes.

Now we are just paying attention to the aftereffect, to see if Wang fan can survive the storm.

After all, the Meng family is one of the eight, and their contacts are beyond comparison.

If Meng Tuolin and other key figures are killed, it will not be easy to say so. Even if Wang fan is powerful, has a strong background, and has a legitimate reason, it is not easy to survive this disaster.

In less than two hours, the men who made friends with the Meng family got up one after another and

interfered in the matter.

Some bigwigs also slap the table and stare directly, threatening to teach Wang Fan a lesson and make Wang Fan go to the military court and never turn over.

After all, the impact is too bad.

If everyone is like Wang Fan, saying "kill" and "destroy" means "kill", isn't that a mess, eight families or eight families? "?"

What's more, Wang Fan just killed people on the pretext of Meng Tuolin instigating Yang Jun to kidnap, which is not enough.

Numerous military and police officers started to search and arrest Wang Fan in the whole city, with a dignified atmosphere.

Countless people's eyes are concerned about this matter, want to see, Wang fan can calmly jump out of the vortex.

As for the night, she is only Wang Fan's valet, and she has been wearing sunglasses, hats and masks, which has long been forgotten.

At this time, Wang Fan has appeared in a small residential area.

Residential construction is very simple, there are only some three storey buildings, at best can only be regarded as a mid-range residential area.

However, unlike other communities, this community is very green, rockery and hot springs, and even there are ponds and lakes in it, with a quiet environment.

And within a ten mile radius, there is only such a community, no other community.

At the gate of the community, there are more than ten guards of real guns and nuclear bombs. These guards, with the lowest strength, are comparable to the first-class special soldiers. The strength of the high, but also to achieve the day after tomorrow.

You know, these guards are only guarding the gate. They are all so powerful. Can you imagine the guards inside?"Who?" Wang Fan just close to the community, a guard will stick up, the rest of the guards, is all the muzzle pointed at Wang Fan, no taboo.

It seems that as long as Wang Fan has any improper action, they will immediately shoot and kill.

"I'm wang fan. I'm here to see HuaLao. Here's my pass." Wang Fan didn't care about the guard's action, but flew the express on the pass.

He knows where this place is, who these guards are, and what people live in it, so it's no surprise that he is alert to these guards.

"Just a moment." The guard took a look at Wang Fan's pass, did not immediately release, but dialed a phone.

Before long, a young man came out of the community and welcomed Wang Fan in.

When you enter the community, the guards are even more strict. You can see armed guards patrolling every three to five hours. You can't say that there are three steps, one post and five steps, one sentry. At least there are ten meters, one post and fifty meters, one sentry.

Pingtou youth did not speak, but with Wang Fan toward one of the floors.

In this community, all the floors are three floors. There is no high-rise building. Besides, outside each floor, there are guards on guard, and the security is very strict.

Soon, Pingtou youth will Wang Fan into one of the floors, ring one of the doorbells.

After opening the door, the young man didn't go in, but stepped back respectfully.

When Wang Fan changed his shoes, he saw an old man in pajamas sitting on the sofa, as if he had expected his arrival.

"Chief." Wang Fan went to the old man and saluted respectfully.

"You still have me in your eyes?" The old man looked at Wang Fan and said, "Wang Fan, you really don't have to go to the three treasures hall."

"I haven't come to see my old man since I've been in Beijing for so long. Why do you want to come to me now that you are in trouble? "

The old man hated the iron, but he said, "you are really powerful. Just as the disturbance of Shenyao No.1 incident subsided, you made such a big mistake again."

"You killed the Meng family and Meng Tuolin openly. You're not a coward. Do you know the impact of killing Meng Tuolin? Now, there are many military and police officers out there are arresting you? "

Wang Fan listened to the old man's words, can not deny a smile, "chief, I'm not here to seek asylum, I'm here to give gifts."

He appears to have no fear, "if you don't want this gift, then I can go to Nantian mansion, I believe, ye Nantian will not refuse my gift."

"Oh? What gift? Tell me about it?" The old man suddenly laughed and asked.

Wang Fan did not speak, but took out a mobile phone, a USB flash drive.

Chapter 832

An hour later, the old man was smiling.

Wang fan is in disguise, left the community, returned to the South Tianfu.

Then, the inner ring boss forced to stop the search for Wang Fan, and seized the core of the Meng family.

Not only that, but also the crimes committed by the Meng family over the years.

For example, drug trafficking, smuggling, private possession of guns, private support forces, tax evasion, corruption and bribery, and so on, the evidence is solid.

When the news came out, there was another uproar in the capital.

No one thought that Wang Fan had such ability to turn out the charges of the Meng family, and also got the hard evidence.

The Meng family, once again, fell apart and completely withered.

Most of the Meng family members who survived Wang Fan's killing were taken away by the military and police one by one, and those who were waiting for them were expected to be sentenced to life imprisonment at least.

Meng family, completely weak, almost faded out of the capital stage overnight.

Those who have a good friendship with the Meng family, seeing the hard evidence listed above, and seeing the inner ring boss come forward, are unwilling to stop and fall into silence.

The next few days, Wang Fan became low-key, he has been living in the South Tianfu, did not go out.

The aftermath of the Meng family incident is too strong. Wang Fan did not expect that the impact would be so great and the consequences would be so serious.

He secretly congratulated himself that if he hadn't prepared in advance, he would have let heiluocha start to investigate the Meng family, and the South Tianfu also provided a series of hard evidence, I'm afraid he would not be able to get out.

Even so, Wang Fan learned from the mouth of the night that this matter is far from over.

Meng Jiaxiong has been in the capital for so many years, and his relationship is complicated, behind which there is a guwu family.

I'm afraid that before long, not only the 10 billion reward from the underground world will come to Wang Fan for trouble, but also the guwu family will come forward.

Wang Fan sighed to himself about these family details. At the same time, he could only plan to block them with soldiers.

Up to now, he has no choice.

What we should face is to face after all.

The only thing that makes Wang Fan helpless is that all the core direct families of the Meng family have fallen into it, which directly leads to the fact that the 10 billion reward can not be revoked, which makes him a headache.

At the same time, Wang Fan also knows that the people who help him resist Meng Wei and save Bei Jingui and others are Dahu erhu and others in nantianfu.

However, they were not sent by Ye Nantian, but in their personal capacity.

Wang Fan did not expect that he was just fighting against the landlord in nantianfu at the beginning, and the group of people he made friends with actually gave him such a big favor.

In this regard, Wang Fan came to the door one by one to thank him, and also gave him a great gift.

However, although Wang Fan did not leave nantianfu, he did not do anything.

He not only asked Song Rumei and Pei Qingcheng, who were far away in Jinzhou, to see if they had a chance to share the cake of the Meng family in the chaos, but also asked Bai Xiaoren to help Xu Ruyun win 30% of the shares of blue entertainment media.

Ten percent of Bei Jingui, plus 20 percent of Bei Yongrong's promise, is just 30 percent.

This time, there was no accident. Everything went smoothly.

Song Rumei and Pei Qingcheng also spent a lot of money and drank a lot of soup while they shared the cake of Meng family.

Ten days after the destruction of the Meng family, Chu Wei called. He went to the capital and asked Wang Fan to come out for a talk.

Wang Fan also stayed in nantianfu, so he left nantianfu.

He changed his casual dress into a white casual suit, a baseball cap and a pair of black framed glasses. Then he left.

According to the time, the blood, skeletons, poisonous scorpions and others who have been offered a reward of 10 billion have almost entered Beijing, so Wang Fan has to be careful.

At 11:30 at noon, Wang Fan appeared in the accord restaurant.

"Wang Shao, I haven't seen you for a few days. I can't recognize when you have become an unemployed youth." When Chu Wei saw Wang Fan, he immediately welcomed him with a smile.

Compared with the White Owl Ren Kong Wucheng, his performance is more casual. After all, they need to be closer.

Chu was accompanied by a tall and coquettish beauty.

The beauty is twenty-four or twenty-five years old. She is one meter seven in height, and her two long legs are in golden proportion.

She is full of famous brands, fashionable, jeweled, with emerald bracelets on her wrists and diamonds on her neck.

The eyebrows are high, the corners of the mouth are high, cool and arrogant, yet charming.

Beauty saw Chu Wei and Wang Fan say hello, a pair of eyes also looked at Wang Fan, but her eyes swept around Wang Fan, then turned away from her eyes, and there was a trace of disdain in her eyes.

Although Wang Fan's clothes are not bad, they only cost thousands of yuan.

There is no famous watch, no famous belt, no famous car key hanging around the waist, even if the family is good, it is not rich enough. Wang Fan took a light look at the beauty, did not care, but looked at Chu Wei, "Chu Da Shao, I remember you are not in the vicinity of Kun city to build a branch business thing, how free to Beijing?"

"By the way, who is this beauty?"

Although the beauty looks down on Wang Fan, Wang Fan still has to be polite. What's more, seeing Chu Wei's close relationship with the beauty, they are obviously lovers.

But Wang fan is a little puzzled. He remembers that Chu Dashao's girlfriend seems to be Xiao Han. How did she change so soon?

But thinking of his own situation, Wang Fan has no face to ask more.

"Well, it was originally planned there, but I suddenly received a list of capital cities, so I came here."

Chu Wei, while welcoming Wang Fan to his seat, introduced, "she's my new girlfriend, Liao Zhenyan. Zhenyan, this is Wang Shao, my elder brother. "

"Hello, big brother." Liao Zhenyan said a word to Wang Fan, then sat down, took out her mobile phone and began to play.

Chuwei frowned slightly, but he didn't speak.

Wang Fan also didn't care, but asked, "what big list, unexpectedly Lao you Chu Da Shao personally come, how can you come alone?"

"Don't mention it. It's an inclusive group concert. We are invited to maintain the order of the scene. Originally, I disdain to pay attention to it, but when I think about you in Beijing, the other side has offered a high price of 10 million, so I came here. "

Chuwei took a sip of tea and said, "I came to see the situation ahead of time and signed an agreement by the way. Brothers will be there in the evening."

Chu Wei said here, as if thinking of something, and then said, "by the way, Zhenyan said that she knows a person called Li Shao, who has a lot of energy in the capital. I'll introduce her to you later."

"On the one hand, it can ensure that there are no accidents in our list. On the other hand, it can also enable us to make more contacts and have more confidence in opening stores in the capital in the future."

Chu Wei has been busy preparing for the establishment and opening of the branch recently. He has no idea what Wang Fan has done in Beijing.

Although he also knew that Wang Fan was very powerful and energetic, he didn't have many concepts.

In addition, he wanted to change Wang Fan's view of Liao Zhenyan, and he wanted Wang Fan to have a good impression on Liao Zhenyan.

"Oh, really? Thank you, sister Zhenyan Wang fan light a smile, thanks Liao Zhenyan a, but in the heart is thinking, this Li little, can't be Li taikai?"

Hearing this, Liao Zhenyan finally abandoned her mobile phone and looked up at Wang Fan, "you don't have to thank me. If you want to thank me, thank my Chuwei. If it wasn't for him, I wouldn't bother to introduce you."

"Besides, Li Shao's status is not ordinary. He has a lot of contacts. After a while, Li Shao comes. You should focus on Li Shao. Otherwise, Li Shao will be angry. I can't save you! "

Chapter 833

Chu Wei listened to Liao Zhenyan's words and could not help frowning again.

Although he knew that Liao Zhenyan was a little powerful, he didn't expect that he would be so powerful, and he still had such an attitude towards Wang Fan that he was no longer gentle when he was alone with him.

He originally wanted to introduce Liao Zhenyan to Wang Fan to make everyone closer. After all, they are all his own people, but he didn't expect that they would look like this.

"I know. I will respect Li Shao." Although Wang Fan was not happy in his heart, he didn't care too much. He still said with a warm smile.

Anyway, Liao Zhenyan is Chu Wei's girlfriend. Wang Fan doesn't want to conflict with her because of such a small matter. He is not so narrow-minded.

"It's good to know. It's interesting. By the way, I still have some sisters to come. I was going to introduce it to you at my Chuwei's request, but now it's better to see. "

"You remember to behave generously. Just give a thousand and eight hundred red envelopes. If you want to go further, don't think about it. You should be self-conscious."

"They are all celebrities in Beijing. They have high vision. They are not working class like you."

Liao Zhenyan was satisfied with Wang Fan's attitude and said again.

She can see Chu Wei, not because of Chu Wei Wang Fan security general manager identity. It's just a general manager of a security company, but she can't get into her eyes at all.

She just takes a fancy to the identity of the provincial capital Chu family. Even so, Chu Wei is just a spare tire.

If there is a better man, she will not hesitate to kick Chuwei.

Originally, Liao Zhenyan thought that Chu Wei's Wang Shao had a little background. Even if he was not rich, he was at least a local tyrant.

But now she was totally disappointed.

Baseball cap, casual wear, black frame glasses, where do you look like a local tyrant? As for the young and the big, he he, Wang Fan has no other people's style and temperament.

Wang fan is a vagrant. He wears a pair of glasses and looks like an intellectual. He's an intellectual. Baseball cap has affected his image. It's nothing like that.

Disappointment!

Great disappointment!

"Zhenyan, how do you talk? If you dare to talk like that again, don't blame me for turning over! " Chu Wei couldn't sit still again. He stood up and got angry.

Liao Zhenyan is too much to look down on Wang Fan. If he had known this, he would not have brought Liao Zhenyan.

"Chuwei, how dare you yell at me?" Liao Zhenyan saw Chu Wei yelling at her, and her face immediately changed.

The previous arrogance disappeared, replaced by a watery expression, "is what people say wrong? It's just a reminder to your friend. What's wrong with that? "

"If I had known that he was like this, I would not have let my little sisters come. What a shame! Do you want me to be ridiculed all my life by my sisters in the circle? "

It has to be said that Liao Zhenyan's acting skill is too high. She used to be arrogant, but now she is watery and weak.

Obviously, the Chu family is a little attractive to her.

"Chuwei, sit down. Don't let this little thing hurt you." Finally with Chu Wei get together once, Wang Fan also don't want to make unhappy, quickly stand out to speak.

"I think sister Zhenyan is right. I'm a foreigner. I really can't think of toads eating swans."

Wang Fan looked at Liao Zhenyan seriously, "sister Zhenyan, I've remembered what you said. I'm sure I'll have self-knowledge."

"Well, you're smart!" Liao Zhenyan's face softened when she heard Wang Fan speak for her.

Chu Wei also snorted coldly and sat down with a frown.

He has already felt that his girlfriend's character is in question, and he is typical of following the crowd and dislikes the poor and loves the rich.

He even doubted whether Liao Zhenyan deliberately pretended to be gentle and considerate when they

were alone.

After such a thing happened, Chu Wei was embarrassed to Wang Fan.

Wang Fan didn't care. He chatted with Chuwei and asked about the development of the company.

Liao Zhenyan is playing with mobile phones again.

As Liao Zhenyan's best friend was coming, they didn't move their chopsticks even though the meal was on the table.

"Here comes my friend." At a certain moment, Liao Zhenyan stood up, said quickly, and walked out of the box.

Three minutes later, she came in with three equally well-dressed, showy women.

Although these three people are not gorgeous, they are also very beautiful. Moreover, they are all dressed in fashion and fashion. The most important thing is that they are still very young. They are all in their twenties.

One is called Hu Meimei. She is wearing a black silk sling and a short skirt with buttocks. She is really like a fox, charming and provocative.

What should be collected and what should be exposed fully shows her young capital. One is Su Rourou, just like her name. She is relatively conservative in dress, but she is also well-dressed and looks relatively easygoing.

Another is Liu Cancan. She is just like a copy of Liao Zhenyan. She is cool, arrogant and invincible.

"Meimei, Rourou, Cancan, I'd like to introduce you. This is my boyfriend, Chu Wei, a junior of Chu family in Linchuan province. This is Chu Wei's friend. His name seems to be Wang Fan. "

Liao Zhenyan soon welcomed the three to the table and began to introduce them.

When she introduced Chu Wei, she was still smiling, and specially mentioned the Chu family in Linchuan province. It was very casual to introduce Wang Fan.

Chu Wei's face was almost black. If it wasn't for Wang Fan's eyes, he would have been furious.

Wang Fan still did not care, but politely got up, and extended his hand to say hello one by one, "Mei Mei, Rourou, Cancan, Hello, my name is Wang Fan."

Hu Meimei and Liu Cancan ignored Wang Fan, as if they didn't see Wang Fan's outstretched hand and sat down on their own.

But Su Rourou hesitated for a long time and held out her white hand with Wang Fan. "Hello, my name is Su Rourou."

The two hands parted at a touch, and then sat down one after another.

Chu Wei feels that his face is even worse. Who are Liao Zhenyan's friends. Fortunately, Su Rourou shook hands with Wang Fan, otherwise his face would be even worse.

"Well, what did you say just now? Wang Fan? It seems that there is a royal family in the capital. Are you a member of the royal family? "

After sitting down, Liu Cancan seems to think of something and asks Wang Fan in surprise.

However, although she looked surprised, there was sarcasm and disdain on her lips. Obviously, he was laughing at Wang Fan and hitting him in the face.

After all, if Wang Fan is really the youngest of the Wang family, how dare she be so arrogant? What's more, Liu Cancan is qualified to sit at the same table with Wang family?

"Sister Cancan is joking. I'm just from a small place. I'm not a junior of the Wang family." Wang Fan said with a smile.

"Oh, I'm scared to death. I thought you were a kid of the Wang family. I haven't been there for a long time."

Liu Cancan exaggeratedly patted that towering chest, and then the front of the words changed, the tone became sharp, "by the way, Cancan is not what you call, please respect me, call me Miss Liu."

Chapter 834

"Yes, Miss Liu." Wang Fan nodded his head wisely.

He wasn't very angry, just a little funny. There are people like Liao Zhenyan and Liu Cancan everywhere.

"By the way, Wang Shao, when we meet for the first time, don't we have any gifts? After all, it's all fate to meet each other. As a man, how can you get a red envelope? "

Hu Meimei raised her head, a pair of peach blossom eyes blinked to Wang Fan, voice crisp said.

That pair of eyes blink, as if to hook away the soul of people, coupled with the itching voice, it is estimated that a man can't stand it.

When she was speaking, she specially stressed the word "Wang Shao", which was obviously not a compliment, but a sneer.

"The gift of meeting?"

Wang Fan Leng for a while, and then very embarrassed raotou, "sorry, go out of the hurry, forget to prepare. But although I didn't prepare a gift or a red envelope, I still have some money. "

He said, put his hand into his pocket, took out his wallet, and then took out three hundred dollar bills with great pain, and handed them to each person one by one

Pop!

Liu cancan's face turned black immediately. He knocked out the hundred yuan note Wang Fan had handed him. "One hundred yuan? You sent beggars? Forget it. Take it back. Don't make a fool of yourself with that hundred yuan. "

Her heart is very angry, give a red envelope, at least is a thousand start? And no red envelope, no wechat?

Unexpectedly, he handed over a hundred yuan. Whose face was that? Especially Wang fan that a pair of flesh pain appearance, looking at feel beat.

Hu Meimei's face turned black. She snorted, turned her head and didn't speak.

A hundred dollars, she also despised.

Su Rourou's face was not so ugly, but she didn't pick up the hundred Yuan Wang Fan handed over.

Chu Wei looked at this scene, could not help it any more, and his temper suddenly came up.

Birds of a feather flock together. What kind of friends are Liao Zhenyan? It's just unreasonable.

Whether it's Liao Zhenyan's performance or her friend Liu cancan's and Hu Meimei's performance, Chu Wei thinks it's too much. He has planned to go back and kick Liao Zhenyan.

Just when Chu Wei was going to attack and clap the table, he was stopped by Wang Fan's eyes.

Chu Wei was unwilling, so he had to hold back his anger.

"I'm sorry, I'm from a small place. There are only so many. Since you don't like it, I'll put it away. " Wang Fan didn't get angry. He laughed and put the money back into his wallet.

People have arrived, soon, a few people will move the chopsticks.

Because of Wang Fan's performance, Hu Meimei and Liu cancan are too lazy to pay attention to Wang

Fan. They discuss what kind of famous brand bags are good, jewelry is expensive and cosmetics are easy to use.

Liao Zhenyan also felt that Wang Fan had lost someone to her, and even complained about Chu Wei, so she kept silent, except eating and playing with her mobile phone.

However, Su Rourou did not chat with Wang Fan, for example, do you have a car, do you have a room, and so on.

Wang Fan also answered one by one, saying that I have them all, but they are all in my hometown.

Then, Su Rourou has little interest in Wang Fan.

At a certain moment, the box door was suddenly pushed open, and then two tall and handsome young people came in.

These two people are famous brand all over their body, and they are swaying and swaying on the road, and they are full of arrogance and arrogance.

Looking at them, Hu Meimei suddenly stood up, welcomed them with a smile, and soon jumped into one of the men's arms.

"Honey, you're here. Come and sit down." She is like a clever cat, let the man in her buttocks up and down his hands, people will meet.

"Come on, let me introduce you. This is my boyfriend, Yan Dapeng, the youngest of Yan Family in Beijing. These are my best friends, Liu Cancan, Su Rourou and Liao Zhenyan. "

Hu Meimei began to introduce, and her eyes were full of superiority.

"Hello, I'm Yan Dapeng. I happen to be working nearby. When I heard that Meimei was eating here, I brought my friends here. This is my friend, Qiu Zhenghai, the elder and younger of the Qiu family. "

Yan Dapeng said with a smile and introduced the youth he had brought.

Although his words sound very polite, his expression is very arrogant, aloof and invincible.

Chuwei's face is even darker. NIMA, it is clear that he invited Wang Fan and introduced his friends to Wang Fan. Now it seems that it has become a pimp's treat for Hu Meimei?

Wang Fan also felt funny, but he didn't speak.

Yan Family in Beijing? Qiu family? He didn't seem to have heard of it.

However, Wang Fan has not heard of it, but it does not mean that Liu Cancan and others have not.

Yan Family and Qiu family, though not first-class family, are also third rate families.

The capital, the third rate family, is already very good. Of course, this is good, compared with the identity of Liu Cancan.

When you hear that Hu Meimei's boyfriend is Yan's junior, and Qiu Zhenghai's junior, is that great?

Liu Cancan changed his haughty attitude towards Wang Fan and began to pay attention to Qiu Zhenghai.

Qiu Zhenghai came alone, so she naturally wanted to seize the opportunity.

Even Liao Zhenyan is a little excited. Regardless of Chu's presence here, there is a word without a word.

Relatively speaking, only Su Rourou appears to be relatively silent.

For a moment, Wang Fanchuwei seemed to be an outsider and was completely ignored.

Yan Dapeng, Qiu Zhenghai, is blowing into the sky, superior show up a sense of superiority. One blow is bigger than the other. It's like the whole capital has nothing to do with them.

Even Qiu Zhenghai said that he and Bai Xiao, the White Owl of the Bai family, had drunk on the same table, and even Bai Shao would give him some face.

White Owl benevolence, that's the big and small oxen in the capital. It's great to have a relationship with White Owl benevolence and let White Owl benevolence give face?

Liu Cancan is desperate to offer up the hospitality, and even the body has been attached, let Qiu Zhenghai eat tofu.

Even Su Rourou, who is relatively silent, has some unusual movements. Her eyes shine brilliantly, and she also sets up a close relationship.

Liao Zhenyan's heart is blue. How can she confirm the relationship with Chu Wei in advance and bring Chu Wei here?

Looking at Liu Cancan and Su Rourou's two daughters who are fighting with Qiu Zhenghai, she can't help but join the siege and completely put Chu Wei's spare tire aside.

Wang fan can't stand it any more. The reason why he can bear it up to now is to give Chuwei face and disdain these women.

But now, they don't pay attention to Chu Wei. Even Liao Zhenyan, Chu Wei's girlfriend, openly plays with

Qiu Zhenghai. Why should he give each other face?

Just as Wang Fan was about to get up and hit him in the face, suddenly his phone rang.

Wang Fan gave Chu Wei a look that forbore not to attack, then got up, connected the phone and went out.

"Hello, I'm Xu Xuanxuan. Xie Xiliu wants to take revenge on you. He will probably call you later. Don't answer, let alone come here, or he will break your leg."

As soon as the phone was put through, an anxious voice came from inside.

Wang Fan listened to the voice and frowned slightly. Xu Xuanxuan, Xie Xiliu, what the hell?

But soon he remembered that Xu Xuanxuan was the host with a good voice in China?

At that time, because Xu Xuanxuan had cleaned up a few miscellaneous hairs that didn't have long eyes, it seems that Xie Xiliu was Xie Ge in the mouth of those miscellaneous hairs.

"Where are you, and where is Cecilia?" Wang Fan couldn't help asking.

"I'm at the accord and they're there. You must remember, don't answer their phone, and don't come over." Xu Xuanxuan said quickly.

Chapter 835

"Accord restaurant?" Wang Fan frowned, then stretched out, "coincidentally, I'm also in accord restaurant. Where are you now?"

Xu Xuanxuan on the other end of the phone is completely stupid.

A minute later, Wang Fan met Xu Xuanxuan at the door of the bathroom.

Xu Xuanxuan changed the host's dress on that day, wearing a black silk T-shirt with short skirt and silk stockings underneath.

Two slender legs protrude from the skirt, and exude attractive luster under the package of silk stockings. The whole person looks more mature.

Her hair was shawled over her shoulders, her pretty face was slightly pink, and her lips were painted with light color, pure and charming.

At this time, Xu Xuanxuan looked like a ripe peach. She was full of mature women's amorous feelings, which made her want to take a bite.

Xu Xuanxuan is much better than Liu Cancan, Liao Zhenyan and others in the private room in terms of beauty, figure and charm.

It's just that she lacks the arrogance and invincibility of Liao Zhenyan and others, and her eyes are obviously tired, obviously tortured by brother Xie.

"Hello, Miss Xu. We meet again." When Wang Fan saw Xu Xuanxuan, he also felt a twinkle in front of his eyes and said hello politely.

"Ah, why did you come here. You go. Get out of here. They are not far away from the box. When they see them, you are finished

When Xu Xuanxuan saw Wang Fan, she was very anxious and said quickly.

She had just accidentally blurted out her position, but did not expect that Wang Fan actually came.

Looking at the young man who looks like a big boy and has such a good talent for singing, she really doesn't want to see Wang Fan ruined by Xie Xiliu.

"It's OK. I have a few friends here. They have a lot of energy. They should not be afraid of Xie Xiliu. Why don't you come with me to our box

Wang Fan smiles, glances at a thin man not far away and says carelessly.

"Well, then." Xu Xuanxuan thought about it, but she finally agreed.

He thought of Wang Fan's strong skill that day, and the domineering power when he left his residence and telephone number. Maybe Wang Fan's friends really have the strength to fight Xie Xiliu.

Two people soon have a no sentence, while chatting, while back to the box where Wang Fan.

As soon as they entered the box, the whole box was quiet.

Liao Zhenyan, Hu Meimei, Liu Cancan and others stare at Xu Xuanxuan, with obvious jealousy in their eyes. Obviously, I hate Xu Xuanxuan for being so beautiful that she overshadowed them and stole their limelight.

Yan Dapeng and Qiu Zhenghai also fixed their eyes on Xu Xuanxuan for a moment, and their eyes were full of greed.

The combination of purity, maturity, charm and contradiction endows Xu Xuanxuan with unique charm.

She is just like a lazy female cat, scratching Yan Dapeng and Qiu Zhenghai's heart. They can't move their eyes for a moment.

Qiu Zhenghai immediately lost interest in Liu Cancan and Liao Zhenyan, thinking about how to hook up with Xu Xuanxuan. Even Yan Dapeng wants to get rid of Hu Meimei and get rid of Xu Xuanxuan.

After all, Xu Xuanxuan is so attractive. It feels like a boiled egg. Once it's peeled, it's unbearable.

Chu Wei didn't go to see Xu Xuanxuan much, but admired Wang Fan.

Is Wang Shao worthy of great fame? He just went out for a few minutes and brought such a beautiful woman back?

It's just the rhythm of the whole game.

Wang Fan ignored people's eyes and took Xu Xuanxuan to sit down in front of him. Then he introduced, "Hello, she's Xu Xuanxuan, a friend of mine. I just met you when I went out, so I came here together. "

"Xuanxuan, this is Yan Dapeng, Yan Shao, this is Qiu Zhenghai, Qiu Shao. They are all children of big families in Beijing."

"Qiu Shao, in particular, is said to have a friendship with Bai Xiaoren, the White Owl of the Bai family. Bai Shao has to give him three thin noodles."

"So you can forget the name of Xie Shao. Yan Shaoqiu can do it in minutes."

When Liao Zhenyan heard that Wang Fan had brought Xu Xuanxuan, she even introduced her. She suddenly got angry, stood up and pointed to Wang Fan's nose.

"Who are you? What's your status? What's your qualification to bring people in and introduce them to Yan Shao and Qiu Shao? Do you think Yan Shao and Qiu Shao can know all kinds of people? "

She can be said to hate Wang Fan to the extreme, even if she has no ability, she even brings a fox spirit to grab the limelight. What is it?

"Shut up Chu Wei couldn't help but stand up and slapped Liao Zhenyan down. "If you dare to provoke Wang Shao, get out of here."

"You, you dare to hit me?" Liao Zhenyan immediately became angry, and she was about to tear up with Chu Wei, but she was held by Yan Dapeng, "what are you doing? What are you doing? What are you doing with a good meal?"

Qiu Zhenghai also followed, "that is, a little matter as for it, there is nothing to make.". Now that they're all here and sitting at a table, they're friends. Don't let people see jokes. "He said, also looking at Chu Wei, "and you, don't beat women, that can show your man's prestige, will only make people look down on you."

Chu Wei is not angry. He wants to attack, but he is stopped by Wang Fan.

Wang Fan looked at Liao Zhenyan and said, "I'm nothing and I don't have any identity. But if I remember correctly, did Chu Shao treat me to this meal? Am I not qualified to bring people here? "

"If I am not qualified to bring people here, who is qualified to bring people here?"

He pointed to Liao Zhenyan, Hu Meimei and Yan Dapeng, "it's you, you, and you?"

By Wang Fan pointed to the nose, and listening to Wang Fan's voice, Liao Zhenyan and his party's face was ugly again. Even Yan Dapeng and Qiu Zhenghai look a little ugly.

Just looking at the mature and moving Xu Xuanxuan around Wang Fan, they forced their anger down.

Xu Xuanxuan was also a little confused. Didn't Wang Fan say that all the people in the box were friends? How do you think it's not like that?

"You're kidding. You're kidding. Don't get angry. Zhenyan has drunk too much. You don't mind. " Qiu Zhenghai soon regained his mind and made a happy ending. He also changed the topic.

"By the way, Miss Xu Xuanxuan. Just now, I heard this brother say, what's the name of Xie Shao? What's the matter? Can you tell me? I still have some energy in this capital. "

In Qiu Zhenghai's eyes, Wang fan is just a bad thing. Xu Xuanxuan can get to know Wang Fan, but obviously she can't go anywhere.

Her identity is directly doomed, and the people she offends will not go anywhere. So Qiu Zhenghai is very confident.

Although Xu Xuanxuan felt that the atmosphere was not right, she told the story again out of politeness. Even when Wang Fan was singing and had a conflict with Xie Xiliu's subordinates, she accidentally offended Xie Xiliu.

But she did not mention the name of Xie Xiliu, but always called Xie Shao.

Qiu Zhenghai suddenly realized.

It turns out that Xu Xuanxuan is just a small host of a second tier city TV station, and Wang fan is just an insignificant singer.

He also wondered how Wang Fan could know such a beautiful woman as Xu Xuanxuan. Now, he is clear.

Qiu Zhenghai is more relaxed, directly patted the chest, "Miss Xu, please rest assured, that what Xie

Shao, I help you settle."

"If he comes later, it's better. I'll step on it directly. If he doesn't come, you'll take me directly."

"I'd like to see who dares to be so arrogant in these four or nine cities to embarrass other people's programs."

Boom!

As soon as Qiu Zhenghai finished his heroic words, the door of the box was kicked open, and then a dozen young people stormed in.

Xu Xuanxuan looked at the young man, her face turned white in an instant, and her body could not help shaking.

Chapter 836

Xie Xiliu!

This is Xu Xuanxuan's nightmare.

Since she came to the capital, she has run into a wall everywhere. Not only can she not work normally, but even her private life has been affected.

She nearly broke down after being tortured by Xie Xiliu.

However, thinking of Niu's Yan Dapeng and Qiu Zhenghai, Xu Xuanxuan was a little more down-to-earth.

Qiu Zhenghai said that he had a good relationship with Bai Xiaoren. If that's the case, he should be able to deal with Xie Xiliu.

While Xu Xuanxuan was thinking about this, Xie Xiliu had already approached with a group of people like wolves, and his eyes were filled with arrogance and arrogance.

"Who the hell is farting? He says he wants to go to me, and he says he wants to step on me and stand up for me!"

Xie Xiliu ignored a group of people on the scene. His rebellious eyes swept through the whole audience, and he raised his eyebrows and cheered arrogantly.

He was wearing a blue and pink plaid shirt, colorful shorts below, and cross slippers on his feet. He was a typical loafer.

He also looked at Xu Xuanxuan, "Xu Xuanxuan, I respect you and give you face, but you dare to cheat me."

"We agreed to go to the toilet. Why did we come here? What's the matter? Help? With all this crap? "

His fingers one by one passed Yan Dapeng, Qiu Zhenghai, Chu Wei, Wang Fan and others, "well, since you move the rescue soldiers, I'll play with you. I'll see where these rubbish can go. "

"In these four or nine cities, can they frighten me, Xie Xiliu?"

While Xie Xiliu was talking, the people behind him had surrounded Wang Fan and his party in an instant.

There is even a guy who can't help but pick up on the coquettish and coquettish Hu Meimei.

Although Hu Meimei is open, how can she tolerate this kind of insult, not to mention in front of her boyfriend Yan Dapeng?

With a slap, she slapped the burly man in the face and said, "be honest with me, or don't blame us for being rude!"

Liao Zhenyan is more angry to jump out shouting, "who are you, who gave you the courage to break into our box, get out for us!"

Liu Cancan trembled with the same anger. She pointed to Yan Dapeng and Qiu Zhenghai, "these two are young people in the capital. Are you so arrogant? Do you think about the consequences? Believe it or not, a call from Yan Shao and Qiu Shao, and hundreds of people will trample on you immediately? "

"Bitch, how dare you beat my brother?" As soon as Xie Xiliu's face changed, he rushed forward two steps, grabbed Hu Meimei's head and pressed it on the table.

Bang!

There was a loud noise, the glass table was smashed, Hu Meimei screamed and her head was broken.

Xie Xiliu completely ignored that Hu Meimei was a woman, and then he pulled her up with his backhand and slapped her in the past.

"Damn it, it's your blessing that my brother likes you. You dare to touch my brother, don't you want to die? "

He tore at Hu Meimei's hair and said, "don't you come out to hook up with a man when you dress like this? What's pure? Believe it or not, I'll let a hundred and eighty brothers turn you on tonight? "

There was a dead silence.

At this moment, Liao Zhenyan and Liu Cancan dare not speak easily.

Xie Xiliu was so cruel that she would not be merciful to Hu Meimei.

After all, they are just women. No matter how domineering and arrogant they are, how dare they compete with Xie Xiliu?

They just ask Yan Dapeng and Qiu Zhenghai to show their authority, call someone to step on Xie Xiliu, and then raise their eyebrows.

Xie Xiliu stepped on Hu Meimei, then pointed to Liao Zhenyan and Liu Cancan, "what do you say, tell me to get out, and ask hundreds of people to step on me?"

"Well, I'll wait here for you to call someone. If you have seed, you can call someone for me? Damn, one is one. Who dares to come, I'll step on it

"One step, one step, two steps, one pair! I'd like to see who the hell tramples on! "

Liu Cancan and Liao Zhenyan are furious, but they dare not speak. They can only look at Yan Dapeng and Qiu Zhenghai for help.

However, their faces were also very ugly. They had already retracted their heads like a tortoise. There was only fear and fear in their eyes.

Obviously, they knew Xie Xiliu, and they didn't get him.

There was no injustice in the capital. At this moment, in front of Xie Xiliu, it seems that they all became jokes.

Wang Fan did not speak, just quietly watching this scene, especially looking at Yan Dapeng and Qiu Zhenghai's ostrich expression, he was disappointed.

He did not expect that these two people could not even manage Xie Xiliu.

Xie Xiliu naturally also saw that the core of the presence was Yan Dapeng and Qiu Zhenghai. He glanced at them and handed them his mobile phone. "Are you Yan Shao and Qiu Shao?"

"Come on, I'll give you a chance to call! Don't you want to trample me to death? Today, if you can't trample on me, I will trample on you!" Yan Dapeng was beaten in the face by Xie Xiliu, and he was completely muddled. He didn't dare to say a word. Even if her girlfriend Hu Meimei fell there with her head broken, she didn't dare to say a word of nonsense.

When Hu Meimei looked at this scene, she felt sad and disappointed.

It's bullshit to coax the people in the capital. It's better than singing. If you meet someone who is more

powerful than them, you will become a tortoise. If your girlfriend is beaten, you will not dare to do anything.

Qiu Zhenghai's face was ugly, but he raised his head. "Brother Xie, I'm just joking. How dare I call someone? By the way, I know your boss Li Shao. Can you give me face? "

Hearing Li Shao, Liao Zhenyan's eyes brightened slightly, but Xie Xiliu's eyes glared and slapped him, "do you know Li Shao? Does Li Shao know you? Do you have face with him? "

"Do you want me to call Li Shao now and ask him to come over and see if he is giving you face or Xie Xiliu face?"

Qiu Zhenghai was slapped on the ground by Xie Xiliu, and his teeth were taken away several times, bleeding.

But he covered his mouth and didn't dare to say a word.

Xie Xiliu was still angry. He rushed to the front and raised his foot, which was a burst of kicking. "Damn, just now in the box, he said that he was the one who trampled on Xie Xiliu. Is that you? Don't you want to step on me? Come on, get up. I'll see how you trample on me? "

Qiu Zhenghai was kicked like a dog rolling, hit the table leg wall, is miserable.

But he protected his head and didn't even dare to ask for mercy.

Where do you have the style of a little bit of ox fork before?

Looking at this scene, the scene is a dead silence.

Liu Cancan, Hu Meimei and others, their faces were ugly, and their whole heart sank to the bottom of the valley.

It's like falling into an ice cellar!

They used to point at Yan Dapeng and Qiu Zhenghai for help. Now they are beaten and dare not say anything. How can they expect that?

The atmosphere of fear spread in their hearts, and they were on pins and needles.

Only Liao Zhenyan, holding back her fear, pinched out her mobile phone, found Li Shao's wechat and secretly sent out a message.

At the moment of silence, suddenly - ---

PA!

A loud slap came out again.

Then, they were shocked to see that Xie Xiliu was slapped out.

He flew five or six meters backward, and the dog fell to the ground.

Wang Fan stood up, shook his sleeves and began to roar angrily, "what are you? How dare you fight Qiu Shao like this? "

"Don't you know that Qiu Shao has a good relationship with Bai Xiaoren and Bai Shao? Even Bai Shao wants to give Qiu Shao face. Why do you dare to move Qiu Shao? Don't you want to live? "

Looking at the sudden appearance of Wang Fan, and then listening to Wang Fan's angry words, the whole audience was dead again.

Qiu Zhenghai, on the other hand, just wanted to be killed!

It's over!

This son of a bitch, this is a pit to death!

Chapter 837

White Owl? Bai Shao?

Xie Xiliu's men, who had planned to rush up to clean up Wang Fan, heard these words and stopped in an instant.

Obviously, these words have a great impact on them.

If Qiu Zhenghai really had something to do with Bai Xiaoren, they would not have stepped on Qiu Zhenghai today, they would have been trampled on by Qiu Zhenghai.

Once Bai Xiaoren comes in person, it's not about who steps on who.

Whether they, including Xie Xiliu, can leave the restaurant intact is unknown.

"He, Bai Shao's friend?" Xie Xiliu's face was also ugly, and there was a touch of fear in her eyes.

However, soon he got up and became crazy, "Damn, he deserves to be friends with Bai Shao? Who the hell are you bluffing? I'm still friends with Wang Fan and Wang Shao. Do you believe me? "

Xie Xiliu was a little angry. He was slapped. How can he bear it? What a shame!

What's more, Qiu Zhenghai's advice doesn't seem to have something to do with Bai Xiaoren. If he really has something to do with Bai Xiaoren, how can he be trampled for a long time and dare not fart?

Wang Fan? Wang Shao?

Listen to these words, the people at the scene are a little confused. Which God is this? How does it sound like it's better than Bai Xiaoren?

Liao Zhenyan and Su rourourou look at Wang Fan. After all, Wang Fan in Xie Xiliu's mouth is less than Wang Fan in front of him. It seems that he has the same name.

Just looking at Wang Fan's appearance, they soon dispersed their thoughts.

Wang fan doesn't look like a young man, or a master who can be on an equal footing with Bai Xiaoren, or even hold each other's head.

Only Chu Wei was slightly surprised. He knew something about Wang Fan's ability. In his heart, he was sure that Wang Shao, who was in the mouth of zecharius, was Wang Fan.

"Do you know me?" Wang fan is also a little confused. When did his reputation become so big that he even knew Xie Xiliu?

You know, he destroyed the Meng family, although it caused a sensation in the capital. But only a small number of people know it, and most people are not qualified to know it.

"What the hell are you? Why should I know you? Damn, you dare to slap me, I'll kill you! "

"Don't you know Bai Shao? It's just that Lao Tzu and Bai Shao have had several encounters. I'll call Bai Shao now to see if he knows you. "

Xie Xi's gas is quick to corrupt to say, knead out the mobile phone directly, dialed the telephone carefully.

Whether Qiu Zhenghai is bragging or not, he has to be cautious when it comes to Bai Xiaoren.

Although the matter is probably false, if Qiu Zhenghai really knows Bai Xiaoren, and Bai Xiaoren owes Qiu Zhenghai a favor, will he die?

"Well, look at you, don't you mean you know Wang Fan and Wang Shao? My name is Wang Fan, and I'm also Wang Shao. Why am I not something now? "

Wang Fan was a little puzzled and couldn't help refuting.

He originally wanted to reward Xie Xiliu with a few slaps, and wanted him to have a long memory. But when he saw Xie Xiliu calling Bai Xiaoren, Wang Fan put down his mind.

"Hello, Bai Shao." The phone soon got through, and Xie Xiliu's face became respectful.

"Xie Xiliu? Can I help you?" Bai Xiaoren obviously knew Xie Xiliu, but his relationship was not good, and his tone was a little impatient.

"Do you know a man named Qiu Zhenghai?" Xie Xiliu asked cautiously.

"Qiu Zhenghai?" Bai Xiaoren was silent for a long time, and then spit out three words, "I don't know."

Qiu Zhenghai is about to cry. This NIMA is just beating face in public.

Liu Cancan, Su Rourou, Hu Meimei and Liao Zhenyan also despised Qiu Zhenghai.

You're paralyzed. You've been bragging for a long time.

As soon as Xie Xiliu heard that Bai Xiaoren didn't know Qiu Zhenghai, his confidence immediately came up. "Bai Shao, now there is a man named Qiu Zhenghai who is boasting in your name. Do you want to take care of him?"

Qiu Zhenghai has the heart to die.

He didn't expect that he would blow a bull's-eye and bring disaster.

How can he survive if it's spread to White Owl?

"Oh? Is that the case?" Bai Xiaoren's tone was really cold, "where is he? I'll send someone to have a look."

"At the accord." Said Xie Xiliu cautiously.

"Wait a minute. I'll be right there."

Pop!

Bai Xiaoren said and hung up the phone directly.

Qiu Zhenghai felt that his whole body was soft and his face was like ashes.

White Owl benevolence unexpectedly wants to come over personally, he thinks all scalp is numb.

"Damn, you know Li Shao? Know Bai Shao? It's true that NIMA can brag. I almost believe it. Do you want

me to call Li Shao now and ask him if he knows you

Xie Xiliu gets the news that Bai Xiaoren doesn't know Qiu Zhenghai at all, and his arrogance rises again. He pointed to Qiu Zhenghai and yelled a few words, then angrily looked at Wang Fan, "boy, I can't pretend to be any more. I don't have to rely on him. It's time for us to settle the accounts."

"Slap me, you're very kind, don't you know how to write dead words? By the way, what did you just say? Your name is Wang Fan? Are you Wang Shao

"Pooh! If you are Wang Shao, I will be Bai Xiaoren, Bai Shao! "

Xie Xiliu roared angrily and drew close to Wang Fan. There was only unspeakable ferocity and anger in his eyes.

Looking at this scene, everyone's heart sank again.

Even Liao Zhenyan is not calm. Bai Xiaoren intervenes in this matter. Even if Li Shao comes, can he be calm?

Xu Xuanxuan's face was even more pale. She could not help but stand up and said, "Xie Xiliu, don't make any noise. Can't I follow you?"

"I initiated this matter. Please stop here. Don't worry. I'll do whatever you want me to do. "

She looked helpless, her eyes full of sadness.

Things have become more and more serious, and even startled Bai Xiaoren. What can she do? She can only compromise!

"From me?" Xie Xiliu said with a smile, "if you had left me two hours earlier, I might have stopped. But now, it's too late! "

He pointed to Wang Fan, "if I guess correctly, is he the singer who beat me?"

"Damn it, those who beat Lao Tzu, now they beat Lao Tzu even more. What do you say? There's nothing so cheap! "

He pointed to Wang Fan, arrogant and domineering, "I tell you, this thing is not over! Today, if I can't step on you, I won't be Xie Xiliu! "

"Yes, yes, Xie Shao, they caused the trouble. Please don't embarrass us little people."

"It's all his fault and that Xu Xuanxuan. If it wasn't for them, how could they annoy you? If you want to step on them, please don't embarrass us."

Seeing Xie Xiliu's anger transferred to Wang Fan's body, Liu Cancan's several women looked like a Leng at first, and then spoke quickly.

They looked at Wang Fan with hatred in their eyes. "We all blame this son of a bitch. We've been looking at him for a long time. Step on him!"

Even Qiu Zhenghai and Yan Dapeng came forward one after another to blame Wang Fan, as if everything was Wang Fan's fault. They wanted to tear Wang Fan to pieces.

For a time, Wang Fan was the target of thousands of people.

Except Chu Wei, Su Rourou and Xu Xuanxuan didn't come forward to follow suit, everyone pointed the spear at Wang Fan.

Chapter 838

"You all shut up!" Xie Xiliu listened to the noise, frowned and couldn't help drinking.

In an instant, there was silence!

Yan Dapeng and others immediately obediently closed their mouth, and no longer dare to waste half a sentence.

Xie Xiliu pulled his collar and grinned at Wang Fan, "are you wang fan? Wang Shao? I Pooh! It seems that you are not doing well. Even your friends want you to die! "

"It is in response to that sentence that heaven can still live if he does evil, but he cannot live if he does evil himself."

Xie Xiliu said ferociously, and pointed to Yan Dapeng and his party, "he will die, you also have to die! Dare to challenge me, Xie Xiliu, dare to brag on Bai Shaowei's name, and no one can save you. "

Looking at Xie Xiliu's fierce stubble, everyone was silent again, and their breath became dignified.

Wang Fan nuzui, very helpless and serious said, "I am really Wang Fan, Wang Shao, how can you not believe me?"

As he spoke, he opened his mouth cautiously. "By the way, Qiu Zhenghai may not know Bai Shao, but I really know him. If you don't see me in white, you'll give me three thin noodles. "

"And the little chestnut in your mouth, I think I may know him, but I'm not sure."

Coax!

Listening to Wang Fan's words, everyone was stunned again.

Is this the rhythm of Wang Fan's death?

Qiu Zhenghai relies on the name of White Owl benevolence. He has already made White Owl benevolence unhappy. Now Wang fan is doing the same thing again?

Is he trying to kill everyone?

Especially what Wang Fan said, is it possible to know Li Shao?

What the hell is that? Knowing is knowing, not knowing is not knowing. What is possible?

"Son of a bitch!" Xie Xiliu couldn't help cursing, and his lung was about to explode!

He pointed to Wang Fan's nose and said, "do you think that if I can't provoke Bai Shao, you can hold Bai Shao's name against me?"

"What the hell are you? Are you qualified to know Bai Shao? Do you think that if you move out of Bai Shao to frighten me, you will have nothing to do with slapping me? "

"If you don't say that Bai Shao will come over later, you can directly expose your lies. Even if Bai Shao doesn't come here, I will trample on you now! "

Xie Xiliu said that he could not bear the anger in his heart any longer. He raised his hand and fanned Wang Fan's face angrily.

Where he fell, he had to get up. How he was humiliated and beaten in the face by Wang Fan, he would fight back.

Pop!

Unfortunately, his palm did not hit Wang Fan's face, but was caught by Wang Fan's outstretched hand.

Wang Fan looked at him seriously and argued, "what I said is true, or would you like to call Bai Shao again?"

"I hit your sister!" Xie Xiliu is going crazy. "Damn, I've just made that phone call, and it's already embarrassing. Do you want me to lose face again?"

He roared crazily and tried to pull his hands out, but he tried his best and couldn't pull them out.

Xie Xiliu was even more furious, "you let me go, I will kill you!"

Wang Fan frowned, "do you really believe me? And don't you call? Are you really going to kill me? To the end with me? "

"You're paralyzed!" Xie Xiliu said, "what the hell are you, and you have the right to fight with me?"

He said angrily, waving his other hand to fan Wang Fan.

"Well, it seems that there is really no way out." Wang Fan helplessly said, suddenly let go, and then backhand will be again photographed Xie Xiliu face.

With a slap, Xie Xiliu's other palm didn't even touch Wang Fan's clothes, so he was hit again and flew out like a kite.

His mouth was full of blood, his teeth gushed out, his head hit the wall hard, and then the dog fell to the ground.

"Ouch!"

Severe pain, so that he can no longer help, issued a shrill scream.

That look at Wang Fan's eyes, is like bloodthirsty fierce beast, eager to swallow, slowly bite to death.

The silence of the whole audience, Wang Fan's ferocity and strength, deeply shocked everyone.

That's Xie Xiliu. How dare Wang Fan slap others like this? Are you really not afraid of death?

"Son of a bitch, what are you doing? Don't you see me beaten? Why don't you go up and kill him? Is it for you to go to the theatre that I raise you? "

Xie Xiliu resisted the stabbing pain, wiped the blood from the corner of his mouth, and roared.

What a shame!

What a shame!

He's going crazy!

Xie Xiliu's men were so angry that they came back to their senses one after another. They were about to rush to Wang Fan.

But just then, with a creak, the door of the private room was pushed open. Then, a young man with a lunar complexion came in slowly with them.

He also frowned, his eyes a little gloomy.

Before he came in, he looked at the footprints on the door of the private room, and his eyes were a little gloomy. When he came in, he saw the scene inside, and his expression was even more gloomy.

"Li Shao!"

"Li Shao!"

When Xie Xiliu's subordinates saw the young people, they said hello respectfully one after another, then lowered their heads, as if they had met some big people.

Wang Fan looked at the so-called Li Shao, slightly smile, turned his head and sat down beside Chu Wei.

Although the boxes, tables and chairs were flying, Chuwei was not affected. Although the tables were broken, the chairs could still sit.

Li Shao looked at Wang Fan in the lunar calendar, but only saw his back. He frowned deeper, but he ignored it.

He looked at the people, "what's the matter? Why are you here? Why do you still seem to fight?"

"We're here because of this woman." One of them pointed to Xu Xuanxuan, and then quickly told Li Shao what had happened. He also told Li Shao that it had alarmed Bai Xiaoren.

Xie Xiliu is very good, but he is also under Li Shao's hand. It's just that he's doing well. He's the man in front of Li Shao.

Because of this, when Qiu Zhenghai and others moved out of Li Shao at that time, he dared to say "whether or not to call Li Shao, to see who Li Shao would give face to."

Li Shao's face became more and more gloomy when he listened to Xie Xiliu's report. In the end, he was almost as gloomy as black charcoal.

Everyone who knows Li Shao knows that Li Shao is going to be angry. In this case, Li Shao is the most terrible.

Li Shao is also really angry. Xie Xiliu, as one of his people, was slapped and beaten so miserably. Isn't this beating his face?

Who in the capital doesn't know that Xie Xiliu is Li Shao? It's just that I didn't take him for granted!

"Li Shao."

In another voice, Liao Zhenyan, who knows later, responds and runs towards Li Shao. And did not care

Chu Wei presence, directly whining, rushed into Li Shao's arms.

"Li Shao, I'm scared to death. You have to make decisions for others." Liao Zhenyan's voice was no longer as cold as before. She looked weak and pitiful, as if she had grasped some life-saving straw.

"Zhenyan?" Li Shao takes a look at Liao Zhenyan, and there is no fluctuation in his eyes. He light way, "how, with Xie Xiliu conflict person, is your friend, or boyfriend?"

"No, it's not!" Liao Zhenyan shook her head quickly, "I don't know him, and it has nothing to do with him."

"He's just a friend of my spare tire boyfriend. Just now, my spare tire boyfriend slapped me for him. I don't want this spare tire anymore. Li Shao, you must help me make the decision. "

Liao Zhenyan is too busy to take care of herself at this time. How dare she get in touch with Wang fanchuwei?

She not only didn't intercede for them, but directly said the words of her spare tire boyfriend, and even asked Li Shao to help out against Chu Wei Wang Fan.

The bad root of human nature is nothing more than that!

Chu Wei listens to this words, already clenched fist, several desire madness.

No one can bear to see his girlfriend throw herself in the arms of another man. What's more, this girlfriend also said that she was a spare tire in front of others.

What an insult?

Chapter 839

"Oh, is there such a thing?" Li Shao listens to Liao Zhenyan's words, eyebrows slightly stretch, and turns to Wang Fan.

But when he was looking at Wang Fan, his face was completely cold. "It's you who slapped Zhenyan and Xie Xiliu?"

He is just like a king, looking down at the two ants, "in these four or nine cities, who gives you the courage to move me?"

Li Shao said, pointing to Xu Xuanxuan, who was already completely helpless, "and you are a woman. Xie Xiliu is very lucky to see you."

"If you don't take off your clothes and send them to his bed to be trampled by him, you dare to call a wild man to deal with Xie Xiliu. Do you want to die?"

"Do you think you are a famous little host of just a TV station, so you can't be proud? Do you believe that I've let people strip you now, and there's nothing left to do? "

Arrogance!

It's arrogant!

Hearing this, Xu Xuanxuan's face turned white and her whole body began to tremble.

She did not expect that Xie Xiliu, who was already very powerful, had such a big backstage and could speak such arrogant words!

She has some regrets, what she regrets is not that she will fall into Li Shao's hands and become a plaything.

After all, she has already been targeted by Xie Xiliu, which may be fate.

She regretted that she should not follow Wang Fan and let Wang Fan get involved.

Wang fan is a young man with great talent for singing. If he can wrap it up, he may not be the king of the future.

How could she not regret that such a gifted young man would die because of her affairs?

Li Shao's lofty appearance, his cold voice and strong aura made Yan Dapeng, Qiu Zhenghai, Liu Cancan, Hu Meimei and even Su Rourou feel so scared that they could hardly breathe.

After all, Liao Zhenyan still has a relationship with Li Shao. Maybe he can be protected and jump out of the vortex calmly, but what about them?

Li Shao said, looking at the people's trembling expression, he was very satisfied.

But when he saw that King fan of Chu Wei had been sitting there as if no one else, he was a little angry.

Nima, he has said so much here, but these two people are not afraid at all. They are still sitting there with a golden sword. What do you mean?

This is just hitting him in the face!

Li Shao pointed to Wang Fan and said, "I know you. It seems that you run a security company."

"Originally, Zhenyan was going to introduce me to you to help you. But now it seems that you let me down. Even if you hit me, you hit Zhenyan. You're looking for death! "

Li Shao's voice suddenly raised, "I'll give you a chance to kneel down and beg for mercy. I'll slap myself a hundred times. Let it go. Otherwise, I won't let you out of this Pavilion restaurant! "

Boom!

Li Shao's last words, just like thunder, blasted in the whole box, so that everyone's heart could not help shaking!

No one will doubt Li Shaona's determination to kill!

Chu Wei's face changed again and again. He couldn't help fighting back several times, but finally he put down his mind.

He Chu Wei in Jinzhou, Linchuan Province, perhaps can walk horizontally, but in this capital, his weight is still too small.

If you offend these top students, I'm afraid there will be big trouble.

However, Chu Wei is also a proud man. How can he kneel down easily and slap himself?

What's more, this man seems to be the one who wears green for her.

"On your knees?" Wang Fan couldn't help laughing, "Li taidiao, brother Fei, I haven't seen you for a long time. You are so powerful. You said, "who can kneel down and say one more word?"

With the words, Wang Fan slowly turned his head and looked at Li taikai, the so-called Li Shao, with a touch of drama in his eyes.

He had long guessed that Li taikai was the only one with the most cattle in the population. Now it seems so.

It's just that Li taikai is really too much. It's too much for everyone to show up. Now it's time to make Wang Fan kneel down.

Li taikai? Brother Kan?

Listen to this words, Li Tai Kai tiny a Leng, suddenly looked at Wang Fan.

He is too familiar with Wang Fan's voice, but Wang Fan's dress is different from the past, which makes him uncertain for a moment.

He stares at Wang Fan carefully, wants to see clearly, this is that devil equally powerful man after all.

However, without waiting for him to recognize clearly, his subordinates and Liao Zhenyan could not help but make a sound of anger.

"Son of a bitch, how do you talk? Can you call Li Shao a taboo? Damn, are you looking for death! "

"If you dare to speak frankly, Li Shao's name is taboo. If you dare to call brother Kai, I think you are impatient. Do you know that people used to call Li Shao that way? What's the end of them? ""They were all chopped up by Li Shao and thrown into the garbage to feed the dog!"

"At that time, there was also a young man in the capital who was full of cattle. Like you, he called brother Li shaokai. In the end, not only did he have bad luck, but also his family disappeared from the capital."

Liao Zhenyan and Li taikai pointed angrily at Wang Fan's nose and screamed, as if Wang Fan had committed some taboo.

Liao Zhenyan, in particular, is the most fierce and joyful.

"Oh? Is it? Li Shao is really a great prestige Wang Fan clapped his thigh and stood up, "Li taikai, brother Kai, you come to break me up, you come to kill me?"

"By the way, I still have an industry in Jinzhou called wangfan group. You can go to Jinzhou by the way, uproot my wangfan group and let it disappear from Jinzhou."

Dead silence!

It's a dead silence!

No one thought that at this time, Wang Fan even dared to say such words, even openly called chestnut taikai. Didn't he really know how to write dead words?

Only Chu Wei, Su Rourou and Xu Xuanxuan noticed something was wrong.

Wang fan is not the clamor of brain swelling, but it seems that he really has something to rely on.

Li taidiao looked at Wang Fan who got up, and his heart thumped!

He finally confirmed the identity of Wang Fan!

God, how did you meet him?

Li taikai cried wildly in his heart!

Let's not say that Wang Fan stepped on him before, even if it was some time ago, Wang fan made that

kind of amazing things, he was shaking when he thought about it!

Meng family? What kind of existence is that? That's the eight families in Beijing!

It can be said that he was destroyed, except for Meng Qingyang, who followed Wang Fan ahead of time, the core lineage was almost finished.

I'm afraid I can't turn over in my life.

Li taikai's scalp is numb!

He was so careless that he got into trouble with Wang Fan.

Although Wang Fan wants to destroy his Daowu sect, it's difficult, but it's not difficult to kill Li taikai!

"Son of a bitch, how dare you be arrogant when you die? Do you think we're kidding? Can't Li Shaozhen destroy you? "

Where can Liao Zhenyan accept Wang Fan's swagger? Listening to Wang Fan's words, he jumped out again, and pointed to Wang Fan's nose.

Pop!

But before Wang Fan could speak, Li taikai had slapped Liao Zhenyan in the face.

"You bitch, how can you talk to Wang Shao? Do you want to die? Dare to be disrespectful to Wang Shao, I'll kill you! "

Li taikai scolded wildly, and beat Liao Zhenyan hard. That's merciless!

Liao Zhenyan spattered blood at the corners of her mouth and her cheeks were swollen. She was beaten.

What's going on? It's hard for her to accept!

"Wang Shao, I'm sorry to offend you. Tai Kai is willing to be punished! That son of a bitch, Xie Xiliu, even dares to touch your woman. I'll kill him now! "

Li taikai finished beating Liao Zhenyan, then said carefully, slapped himself two times, and ran to Xie Xiliu angrily.

Looking at this scene, the whole audience was again dead.

Xie Xiliu's mind went blank.

Wang Shao? Wang Fan?

His whole heart is like an iceberg!

Chapter 840

"Li Shao, I'm sorry." Xie Xiliu knew that in this case, silence would only make him die faster, and subconsciously wanted to open his mouth and beg for mercy.

His heart is dark hate, how did not believe Wang Fan's words, Wang Fanming all said the identity.

Only when he said a few words, Li taikai had already run to his side and kicked him hard.

Bang bang bang!

Heavy more than ten feet fall, originally already miserable embarrassed Xie Xiliu, is the whole body bloodstained, miserable.

His heart was so cold that he could only pray that Wang Fan would not kill him.

Looking at this scene, Liu cancan, Hu Meimei, Su Rourou, and even Yan Dapeng and Qiu Zhenghai are totally confused.

It seems that I never thought that things would suddenly change so much.

They shocked to see that not far away Wang Fan, heart for a long time can not be calm.

"Wang Shao, do you want to kill him?" Li taikai kicked Xie Xiliu wildly, then looked at Wang Fan and asked carefully.

Although he started very hard and scolded fiercely, he was actually unwilling to kill Xie Xiliu.

Although Xie Xiliu was arrogant, he still had the ability. If he killed him in this way, he would lose a lot.

In fact, the reason why Li taikai laid such a heavy hand was to ask Wang Fan to spare Xie Xiliu's life.

Of course, if Wang Fan insists on killing Xie Xiliu, Li taikai has no way.

He has no ability to fight with Wang Fan.

"Wang Shao, I'm wrong. I'm blind. I shouldn't believe your words or offend you. Please forgive me for not remembering villains."

When Xie Xiliu heard Li taikai's words, how dare he keep silent? Regardless of the sharp pain in the

corners of his mouth and his whole body, he knelt down directly in front of Wang Fan, begging for mercy and slapping him.

Wang fan is a man who dares to kill Meng Tuolin. To kill Xie Xiliu is too much pressure.

"Wang Shao, I promise that I will never pester Miss Xu again, and I will strengthen my support for her work. Will you spare me this time?"

Xie Xiliu begged for mercy and looked at Xu Xuanxuan, "Miss Xu, would you please speak for me? Although I am disrespectful to you and disturb your work, I have helped you, haven't I? "

"Last time you were made difficult by others, I helped you solve it. I know I'm not a thing, but I still want to ask you to say something for the sake of helping you. "

Xu Xuanxuan was also stunned, a little confused.

Her heart can't be described by shock. It's almost like a dream.

One of the singers who came across on the open-air stage was so arrogant that Xie Xiliu bowed his head. If he hadn't seen it with his own eyes, who would believe it?

"Xie Xiliu, I have just told you that I am Wang Fan and Wang Shao, but you don't believe me. Now, do you believe it? "

Wang Fan drama abuse looking at the kneeling to beg for mercy of Xie Xiliu, light asked.

"Yes, yes." Xie Xiliu nodded quickly, and slapped himself hard. "I just lost my mind and didn't believe what you said. I hope you can give me a chance."

"Well, if I had known that, why did I have to do it in the first place. I told you my identity earlier. If you don't believe me, I have to get to the present situation. Well, I'll talk about your business later. I'll settle with Li Shao first. "

Wang Fan said a word, then he didn't bother to pay attention to Xie Xiliu, and looked directly at Li taikai.

"Wang Shao, what's the difference between us? I don't seem to have offended you? " When Li taikai heard that Wang Fan wanted to settle accounts with him, his face immediately changed, and he almost could not help kneeling down.

Liu cancan and others were dead again.

How can Wang Fan make Li taikai so afraid?

They are even more remorseful, regret their dog's eyes, missed the opportunity to make friends with

Wang Fan.

Liao Zhenyan trembles with the same anger. Chu Wei has such a good friend. Why don't you tell her earlier?

If Chu Wei had told her earlier, would she have been so embarrassed, so shameful, and even abandoned Chu Wei to embrace the big tree Li taikai?

Her heart to Chu Wei is to hate more!

"No offense?" Wang Fan eyebrows a pick, "so to say, you just said to me to kneel down, I heard wrong?"

"What's more, Xu Xuanxuan is my friend. Just now, in front of me, you said that she should take off her clothes and let Xie Xiliu ravage her. You also threatened that she would be raped directly here. You also called me a wild man. I heard you wrong?"

Wang Fan raised his voice and suddenly pointed to Liao Zhenyan, "even if I heard them wrong, what are you and this woman?"

"That's my brother's woman. Even if my brother doesn't want it, can you touch it? Do you take my brother seriously when you are playing with each other? Have you ever paid attention to me, Wang Fan? "

Li taikai listened to these words, cold sweat immediately came out. He really wants to say that your brother is a fart. If you don't protect him, I know which onion he is?

What's more, I haven't slept a hundred times and I've slept 80 times. How about meeting you earlier than your brother? If I hadn't limited these toys to finding spare tires, would your brother have lived to this day?

But these words, Li taikai is absolutely can't say. Once he says it, he will die.

Li taikai bit his teeth hard, then knelt down directly, "Wang Shao, I'm wrong. If you want to kill or cut, please do as you please!"

He said, and slapped himself in the face.

Two slap down, mouth directly see blood.

In front of people like Wang Fan, playing tricks against threats will only make him die faster. He is not as good as a bachelor to admit his mistake in a low attitude, so there may be a ray of life.

Yan Dapeng, Qiu Zhenghai, Hu Meimei and Liu cancan are all the more stupid when they see Li taikai kneeling down and slapping himself.

They just feel cold all over, from head to foot.

Wang Fan was so terrible that he forced Li taikai to kneel down in a few words.

That they mocked Wang Fan before, but also ignore Wang Fan, does not mean that they have to end?

Li taikai brought those two people, including Xie Xiliu's group of subordinates, to see this scene, no longer dare to pretend to be stupid, knelt down one after another.

Li taikai all knelt down. If they don't kneel down, even if Wang fan doesn't deal with them, Li taikai won't let them go.

When Yan Dapeng, Qiu Zhenghai, Liu cancan, Hu Meimei and Liao Zhenyan saw this scene, they were shocked at first and then knelt down. They didn't dare to drag their feet.

For a moment, the whole box knelt down, except Chu Wei and Xu Xuanxuan. Everyone knelt down, including Su Rourou.

Originally, Wang Fan planned to play with Li taikai, but Li taikai knelt down and slapped him, and knelt all over the ground in a chain reaction, so he lost interest immediately.

Bang!

Just when Wang Fan wanted to speak impatiently, the door of the box was pushed open again.

Then, Bai Xiaoren came in with several people.
