

MIGHTY SK 851

Chapter 851

As time went by, Wang Fan's killing continued.

He is just like a civet with Dai Shuangshuang shuttling in Xiangshan Park, never stop, also dare not stop.

In Xiangshan Park, there are dangers and murders everywhere. After the rockery, in the jungle and on the road ahead, several people would appear from time to time to launch a fierce attack on Wang Fan.

This is even if, Wang Fan also have to guard against the hidden in the dark of the shooter, also have to protect Dai Shuangshuang. Rao is powerful and still a little tired.

Wang Fan did not know how many people he had killed. He estimated that he had killed at least hundreds of people.

On the mountain road that he ran all the way, there were piles of bones and blood.

But even so, compared with the powerful figure of 500, the 100 people he killed were too rare, only one fifth of them were killed.

"Killers, dead men, blockade Xiangshan Park. Who are they and how can they make such a big effort? Is it the seven

Dai Shuangshuang was also a little suspicious, which was really crazy. If it goes on like this, both of them will die on the mountain sooner or later.

Wang fan is only a person, not an immortal.

In the face of endless death and killers, he is always exhausted. Most importantly, he also needs to be distracted and alert to hidden dangers.

If these 500 people and those killers come out at the same time and rush up, Wang fan may still have a chance to live.

Can the other side so endless play Yin, that is different, Wang Fan no matter is the body, heart, or head, will be more tired.

"This lineup, this formation, not seven, I'm afraid it's almost the same. I also want to know who they are and why they are so angry with me. "

"The Meng family has been destroyed by me. Is this the work of the Song family? But it's not like that! The Song family didn't jump out of the Shenyao No.1 incident, but they jumped out at such a time. Is that right? "

Wang Fan also some doubts, frowning analysis.

At this time, his clothes were almost all red with blood, and there were several scattered scars on his body. The injury is not serious, not fatal, but also painful enough to affect the combat effectiveness.

Wang fan is saying, suddenly face a change, suddenly picked up Dai Shuangshuang and jumped forward to go out.

Come on!

A bullet came flying in the air and blasted fiercely. In his previous standing position, rocks collapsed and debris flew.

Wang Fan holds Dai Shuangshuang with his back against the stone wall and looks coldly at one of the directions, jumping in his eyes.

"This shooter is so annoying that he has fired more than ten shots, right? Almost killed me every time. No, I'll find a way to kill him. "

Wang Fan frowned and said.

This hidden killer gives Wang Fan a lot of pressure. Almost half of Wang Fan's mind was wasted on each other.

Otherwise, with a group of small fish and shrimps, at most, he will lose his strength. There is no way to add so many small injuries to him.

"The other side is at nine o'clock. There should be only one person. It's just that our distance is too far, and he's very flexible. He can shift his position at any time. There are many killers blocking the way along the way. It's not easy to kill him. "

Dai Shuangshuang also frowned and said calmly.

"We can't control that much. If he doesn't die, we'll die." Wang Fan said, directly pulling Dai Shuangshuang toward the shooter.

If the shooter doesn't die, he will have a lot of pressure. He has to find a way to kill the shooter.

Come on!

Two more bullets came. Wang Fan's eyelids jumped and rushed to the side with Dai Shuangshuang in his arms.

It's just that Rao's reaction was fast enough, and the bullet passed his arm, leaving another scar.

Hot pain.

"Damn it Wang Fan couldn't help but burst into a rude remark, and the killing was even more fierce.

Sobbing!

A voice came, Wang Fan suddenly frowned.

He saw a drone.

The drone hovered about 10 meters above his head, whistling and even arrogant.

Wang Fan scolds a son of a bitch, grabs a piece of stone as big as his fist and throws it out.

The rubble broke the air, stabbed the air, and hit the UAV hard. With a roar, the UAV fell to the ground with terrible force.

This is the fifth UAV that Wang Fan has smashed. It's very annoying.

These drones didn't carry explosives. Wang Fan estimated that most of them didn't dare to drop explosives because it was an important place in the capital and it was in broad daylight, so the other side fired a lot.

Otherwise, ten of his wangfan would be dead.

But even so, Wang Fan marveled at each other's handwriting.

What a bloody hate, how much I want to kill him?

"Let's go!" Wang Fan compares the middle finger to the sky, and then with Dai Shuangshuang rushes to the shooter's direction. In the RV, Li Tianying was about to explode. Wang Fan was too arrogant to tolerate.

He picked up his walkie talkie. "He's at three o'clock. Now he's approaching nine o'clock. Stop him and kill him at all costs!"

He has been singled out by Wang Fan's arrogance. With 400 elite and 100 killers, he not only failed to kill Wang Fan, but also was killed by Wang Fan. What a shame?

The blood skeleton didn't speak, but he still grasped the water cup and drank it, enjoying it.

Li Tianying frowned and even felt sick when he looked at him.

Because what's in the cup is not water, but blood.

The blood of the dead!

With the command of Li Tianying, a large number of dead men ran to Wang Fan.

It's killing.

As soon as Wang Fan's two talents had swept 20 meters, more than ten fierce men rushed out.

Wang Fan didn't want to talk nonsense at all. He released Dai Shuangshuang in an instant, pulled out the shadow knife, and the ghost ran towards more than ten people.

More than ten heads are flying up in the sky, and blood is spilling all over the sky.

Cruel, dead silence!

The two killers pounced from the left and right sides at the same time. They rushed to Wang Fan with great momentum. Their swords and guns flashed and attacked Wang Fan.

On one side of Wang Fan's body, the sharp bullet flashed, and the shadow knife turned half a circle and swept out again.

Hiss!

There were two more noises. The two killers fell to the ground with blood on their chest and died without a sound.

After killing these two men, Wang Fan didn't stop at all. As soon as he picked his eyebrows, he suddenly ran forward and came out with two roars. Three fierce men who had just emerged from the corner and had not yet had time to raise their weapons were bumped out by Wang Fan. Their bones were broken and they lost their fighting power.

All the seven people in the back were silent, staring at Wang fan like hell.

Wang Fan didn't give them a chance to react. He sprang out of the front of the body, with a series of actions, such as knife, boxing, knee bump, gorgeous and beautiful. Seven people nosed and fell to the ground one after another.

At this time, Dai Shuangshuang has run to Wang Fan, and Wang Fan has no nonsense. He pulls Dai Shuangshuang and continues to get close to the shooter quickly.

Behind a huge stone, a young man with a cold face looked at the scene, and his eyes were also shocked.

He didn't expect that Wang Fan would be so powerful. He not only avoided his shooting more than ten times, but also killed so many killers. His momentum was like a rainbow.

Looking at the dead man who was reaped like straw in Wang Fan's hand, looking at Wang Fan who was getting closer and closer to himself.

He suddenly got a little flustered.

Chapter 852

Come on! Come on!

Two bullets cut through the sky and shot at Wang Fan again. Wang Fan's body suddenly stagnated, and the first bullet flew close to his skull.

It's breathtaking.

Then, Wang Fan with Dai Shuangshuang suddenly a lateral shift, the second bullet also flew close to his body, almost a millimetre.

Wang fan is just like a humanoid machine. He is as quiet as a virgin, and moves like thunder. No matter in reaction, consciousness or speed, he is not like a human.

Every bullet, he can avoid danger and danger, even if injured, it is only scratch, far from serious injury or even death.

"How can it be? How is that possible? I'm a sharpshooter. This is a special gun, a special bullet! How could he not be killed? "

Looking at this scene, the shooter was completely flustered and confused.

He is proud of the shooting, proud of self-confidence, in front of Wang Fan, was smashed by the impact!

He couldn't take it.

"I don't believe it, I don't believe it! I can kill him! I'm sure it will be His forehead was discontented with sweat, and he could not help roaring.

It's like fear. It's like cheering yourself up.

However, his hands holding the gun were shaking slightly.

Confused, his shooting is doomed not to play to the peak.

Come on, come on, come on!

He once again shot five bullets, but the five bullets, were Wang Fan calmly avoided the past.

To him, it was just like being slapped in the face by Wang Fan.

At this time, Wang Fan was less than ten meters away from him.

Ten meters, compared with Wang Fan, can be said to be an instant.

He couldn't calm down any more and shot all the bullets at once. Try to bring injury to Wang Fan and try to fight for his own life.

But though the idea is beautiful, the reality is cruel.

This time, Wang Fan didn't even have to hide. The bullets hit the sky, and he didn't even touch his clothes.

"Did you have a good fight? Did you have a good time? Next, it's my turn. " Wang Fan looked at the shooter cruelly, and the next second, he had already rushed past with Dai Shuangshuang in his arms like a sharp sword.

"I'll fight with you!" The shooter was shocked and smashed the gun at Wang Fan. Then he clenched his fist and rushed towards Wang Fan.

Wang Fan's strength is so strong that he can see clearly before. In Wang Fan's hands, those dead companions are just like chopping melons and vegetables.

Therefore, he didn't want to run away at all. He could only try his best to seek life.

"Spell? What do you count? Do you have the strength to fight with me? You are a novice shooter. If you don't keep hiding in the dark, I can crush you every minute. "

"Now that you don't have a gun, it's not worth mentioning in my eyes! You can't kill me with a special gun and a special bullet. How do you kill me now? "

Wang Fan disdains to smile, grabs the special gun thrown by the shooter, throws it to Dai Shuangshuang in his arms, then gets up and blows out.

Great momentum!

Boom!

There was a heavy sound, and the gunner's fist was smashed by Wang fanhong in an instant. When he

retreated, Wang Fan had pinched his head with his backhand, pressed it hard to the left and pointed at the side stone wall.

Bang!

There was another loud noise. The shooter's head broke and blood gushed.

But he didn't die. Wang Fan left him a breath.

The shooter screamed bitterly, his eyes full of shame, anger and madness.

Compared with the pain of the injury, his heart is more painful.

How can Wang Fan bear to call him a rookie shooter?

Insult!

It's an insult!

"What? Not convinced? " Wang Fan looked at the angry look of the shooter and threw him on the ground like a dog, disdaining to sneer, "do you know why I didn't kill you? I just want you to see what a sharpshooter is

Wang Fan said sarcastically, suddenly released Dai Shuangshuang, took out the gun from his arms, and pulled the trigger mercilessly at the shooter.

Bang bang bang!

After five snatches, the five fingers of the shooter's left hand were all smashed, and the bullet exploded into rags.

Five fingers? What a small goal is that? In addition, the five fingers of the shooter are not spread out, but slightly curled up.

In this case, Wang Fan was able to accurately explode five fingers without any deviation. What's the shooting method?

The shooter screamed bitterly, and his eyes were full of shock.

Wang Fan's shooting and voice, just like a sharp stab, pierced his heart, made him despair and fear!

"See? This is the sharpshooter? By the way, I'm going to blow up your other five fingers. Be prepared. " Wang Fan said lightly and raised the pistol again.

He was very angry with the shooter. Now he took the chance to humiliate him. For a gunner, there is nothing worse than shattering his confidence.

As soon as the shooter's pupil instinctively shrinks, the other hand instantly holds the wheel to revolve, and approaches the body.

First of all, it's heartfelt. It's really hard to get a broken finger. Second, he didn't want to let Wang Fan succeed and crush his confidence.

As long as Wang fan can't hit his other five fingers, he won't feel so miserable and humiliated.

Come on, come on, come on!

Wang Fan looked at the action of the shooter cruelly, with a lift of his right hand, he had pulled the trigger again.

After the gunshot, the other five fingers of the shooter were smashed again, and even several bullets were put into his body, blood gushing.

"Ah

The shrill scream resounded in the air, which was chilling.

"I didn't cheat you, did I? It's called a sharpshooter, you know? "

Wang Fan still severely humiliated the shooter, then put away his gun, took the special gun from Dai Shuangshuang's hand, grabbed the cartridge clip on the ground, put it on, and aimed at the foot of the mountain.

He has clearly seen that a large number of dead people are jumping up crazily.

Great momentum.

"Next, let me show you what a sharpshooter is. Open your eyes and experience a visual feast. "

Wang Fan said with a smile. He pointed his gun to the dead man at the foot of the mountain. His fingers moved and pulled the trigger.

Come on, come on.

A series of sounds, the dead at the foot of the mountain, were shot in the head one after another.

They are like moving targets. Every time the gunshot goes off, one person's head will explode and fall to the ground. The gun is accurate and bloody.

The rest of the dead were startled, and in a moment they screamed and dodged to the side, looking for shelter quickly.

But even so, can not stop Wang Fan's killing, gunfire is still resounding, merciless bullets, still harvesting one life after another.

Even those who found the shelter were all hit at the same place by Wang Fan's several bullets, punctured the stone wall and broke the head.

The shooter looked at the scene, his eyes were dead and his face was pale.

"See? That's how guns play. Next life, remember to practice the gun, and then play with the gun Wang Fan said, the muzzle of the gun turned, aimed at the shooter's head, and then, bang, pulled the trigger.

The shooter died.

In the RV, Li Tianying couldn't sit any more. He couldn't help punching on the window glass. The glass cracked.

Blood skeleton did not continue to enjoy the blood in the cup, but slowly got up, his mouth issued a ferocious and bloodthirsty voice, "time is almost up, I want to go up."

Chapter 853

"I'll go too. I'll see him die with my own eyes. I'll see him go to hell with my own eyes!" Li Tianying stood up, his eyes full of ferocity.

"I humiliated my son and killed so many dead men of Daowu sect. Is it hard for him? Does Wang Fan think that Daowu sect is easy to bully? I want him to die, I want him to live forever

Li Tianying roared angrily.

He didn't plan to deal with Wang Fan, but the blood skeleton found him and gave him heavy benefits. In addition, knowing that his son knelt down to Wang Fan and was humiliated by Wang Fan, he decided to deal with Wang Fan.

At first, he thought that if Wang Fan could fight again and again, five hundred fierce men would go over and kick Wang Fan to death with one foot.

But I didn't expect that Wang Fan was so powerful, not only didn't be killed, but also killed so many of his elite.

Li Tianying also heard about the killing of one hundred Meng guards by Wang Fan, but he didn't take it seriously and thought it was just a rumor.

After all, he is less than the grade of the eight families, and he doesn't understand the horror of Meng Wei. There is also news that Wang Fan did not kill 100 Meng Wei in front of him. He just made a sneak attack.

On the positive side, Wang Fan just killed more than 20 Meng Wei.

Kill more than 20 people, this kind of achievement is terrible, but it is not enough to make Li Tianying afraid.

"If Mr. Li comes out, the death of Wang Fan will be faster. You can rest assured that you will not be disappointed. Today, Wang Fan will die. "

Blood skeleton listens to Li Tianying's words, light smile, took the lead to walk out of the car.

Li Tianying followed closely.

After Wang Fan exploded the heads of many dead men, he deterred others. For a moment, no one dared to charge towards the mountain.

Wang Fan also got a chance to breathe.

As he healed himself, he sat down and regained his strength.

Dai Shuangshuang is also as clever as a female cat sitting beside Wang Fan, looking around warily while blowing air at Wang Fan's wound, trying to make Wang Fan's wound better faster in this way.

Wang Fan felt funny, but he didn't say anything. He gently stroked Dai Shuang's hair, and then tried to recover.

After killing so many people and running for so long, Wang fan is actually very tired.

No matter how oxen and forks he is, he is also a mortal body, not an iron fist.

It can be said that such a long time of consumption is physically and mentally exhausted.

He only hopes that Su Weiwei and others will bring people to come as soon as possible. After all, his mobile phone has no signal, which is equivalent to losing contact. Su Weiwei and others can't be unaware of it.

Dai Shuangshuang's heart is also very moved, she looked at those wounds on Wang Fan's body, only felt that her heart was pricked by a needle.

Although she did not want to be a burden to Wang Fan, but for her existence, Wang Fan would not have

suffered so many injuries.

It can be said that 50% of Wang Fan's injuries are for her.

At the same time, Dai Shuangshuang is also very remorseful. If she hadn't called Wang Fan to Xiangshan Park, Wang Fan would not have been ambushed.

Knowing that there are 500 people ambushed in the mountain, Wang Fan has been protecting her in the face of all kinds of gunfire. She doesn't hurt her at all. She feels that she doesn't love the wrong person.

Wang fan is really worthy of her love.

Dai Shuangshuang nestles up to Wang Fan and looks at Wang Fan affectionately, with admiration and heartache in her eyes.

A moment, she suddenly saw, closed eyes of Wang Fan, suddenly opened his eyes.

As soon as Dai Shuangshuang's face changed, he subconsciously looked around and saw that they were walking up the mountain.

Those who hide in the dark elite, after seeing two people, one after another exposed, respectfully followed behind them, just like an entourage.

Dai Shuangshuang saw two people's that moment, eyes suddenly a coagulation, subconsciously blurted out a voice, "Li Tianying, blood skeleton?"

"Li Tianying? Blood skeleton Wang Fan couldn't help frowning, "sister frost, do you know them?"

Wang Fan some doubts, "blood skeleton kill me, I can understand.". But Li Tianying, why do you want to kill me? His surname is Li. Does it have anything to do with Li taikai? "

Dai Shuangshuang's face was heavy and nodded, "yes, he is Li Tiankai's father, and he is also the leader of Daowu sect, Li Tianying."

"Daowu sect leader?" Wang Fan frowned more deeply. "Is he for Li taikai? It's just that I didn't embarrass Li taikai, and Li taikai provoked me twice before. There's no reason. "

"It's mostly the blood skeleton who gave up the heavy profits that led Li Tianying to deal with me. Originally, I couldn't figure out who was so powerful that he not only mobilized hundreds of people, but also blocked Xiangshan Park and blocked the signal. "

"Now, I understand."

Wang Fan's eyes twinkled with cold.

Dai Shuangshuang didn't speak, because at this time, the blood skeleton chestnut eagle had already come not far away from them, less than ten meters away.

"Wang Fan? Wang Shao? I've heard so much about you! I've heard that Wang Shao is a brilliant young man. I didn't believe it, but I believe it when I see him today. "Li Tianying looked at Wang Fan and said with a wild smile, "I don't know. Can Wang Shao be satisfied with my gift to Wang Shao?"

When he said that, his eyebrows suddenly picked, and his expression became fierce. "In the face of hundreds of people rushing to kill, Wang Shao, you not only didn't die, but also killed more than half of them. It really deserves your reputation. Good, good! "

Wang fan face Li Tianying, face not much change, slowly up, "Li door master joked, I Wang fan is an ordinary person, how dare to accept gifts easily?"

He punted, "what's more, this gift may be big in your eyes. But in my Wang Fan's eyes, it's too small for me. "

Wang Fan's face became cold, and he didn't want to be hypocritical again. "Mr. Li, you come here with a gift like this, aren't you afraid that I, Wang Fan, will send you back?"

"Although your Dao and Wu men are powerful, they seem to be a little worse than the Meng family. If you can't kill Wang Fan today, I'll kill you in turn. "

"You said, you old arm and old leg, don't stay at home, eat and drink like an old man, wait to die, come out to join in the fun? I'm afraid you can't bear the strong wind and heavy rain. "

"Ha ha." Li Tianying laughed wildly, "you have seed. You really have seed. You deserve to be the famous Wang Fan and Wang Shao!"

He is not hypocritical and snake, "since Wang shaodu said so, it seems that today is to say that nothing can let you leave Xiangshan Park alive."

"Although you have killed nearly 200 people, I still have 300 people here. They are armed with knives and sticks, and Mr. blood skeleton is in charge. How can you deal with them barehanded?"

His face became ferocious. "I can't think of any chance for you to survive! Die, die! Today, Xiangshan Park is your graveyard! I, Li Tianying, will personally end your legend. "

Bold words!

"Li Tianying, I'm afraid you're not worthy to kill Wang Fan." Wang Fan sneered and said that he didn't care about Li Tianying any more. He looked at the blood skeleton, "blood skeleton? Third in the world of killers? A godlike master? "

His eyes only sneer, "I really don't understand, you a killer, don't hide in the dark to engage in a sneak attack, just stand up for what, do you want to deliver food?"

"Just right, although I killed so many killers and caused a certain deterrent to the killers and mercenaries, I still lack the top power."

"I was worried that I couldn't find you, but you came out by yourself. It seems that this is providence. "

Wang Fan said, and suddenly pushed Dai Shuangshuang behind him. The next second, he rushed to the bloody skeleton Li Tianying.

Wang fan knows the truth of killing the king first. As long as the blood skeleton of Li Tianying dies, their men are not worth mentioning.

Chapter 854

"It's not certain who will kill you. Although my blood skeleton is only a killer, you don't need to be assassinated to kill you now."

As soon as the blood skull's mouth was coagulated, a bloodthirsty light flashed in his eyes, and then he quickly stepped back.

"Go ahead, kill him for me!" At the same time, Li Tianying also burst to drink!

Wang fan is strong and bloodthirsty. They won't let Wang Fan have any chance to hurt them.

Even though they are confident in their own strength, they still dare not underestimate Wang Fan.

They want to let the cannon fodder behind them consume Wang Fan's strength by a large margin, and then show a thunderbolt attack at the last moment. Only in that way, the chance of winning will increase.

"You're really mean. You all scream so loudly and cheerfully. How can you counsel when you start? Even if these people's cannon fodder, you don't have to be so naked, do you? "

Wang Fan sneers, grabs a young man who rushes in and tugs him in his arms. The young man can't help but run into Wang Fan's arms.

Wang Fan's eyes in a kill, mercilessly raised his knee.

Bang!

There was a sound of fear. The young man's whole chest was crushed, his eyes protruded out, and he screamed bitterly.

Wang fan is really too powerful, just like a little fighter who can't fight to death. His fighting capacity is always so fierce.

Especially listening to Wang Fan's words of cannon fodder, they couldn't help but struggle in their eyes.

The resolution wavered.

"What are you still doing? Why don't you hurry up and kill him for me?" Li Tianying saw this scene and could not help roaring again.

He had a bad feeling in his heart. Wang Fan was really good at playing tactics in his heart. In a few words, he even shook the determination of his subordinates. This is not a good omen.

"Don't shout so cheerfully, you'll come if you have the seed?" Wang Fan sneered at Li Tianying, "as the leader of Dao Wu sect, you are just like a turtle with a shrunken head. Why do you want others to block your sword and send you to death?"

"Li Tianying, aren't you very good? Aren't you going to kill me? Come on, you come in person, I'll stand here and kill you! As the head of a school, you don't have the courage to fight. What's the right to blame others? "

Wang Fan's words can be described as the heart of the word, the face of those cannon fodder more struggling.

Although they are cannon fodder and members of Daowu sect, they don't want to die in vain.

Wang fan is too powerful. If there is hope to kill them, they will rush up regardless.

But now, they don't see hope at all.

The most important thing is that when the sect leader comes in person, they are not bloodthirsty. Instead, they just hide behind and ask them to rush. What do they think?

"Sharp teeth, sharp mouth! Wang, let Li Tianying come to meet you in person! " Chestnut Eagles gnash their teeth.

He said crazily, suddenly took out a gun, then pulled the trigger at Wang Fan.

Come on!

The sound of gunfire resounded, the sound of shock was harsh, Wang Fan jumped to hide, and then easily hid in the past.

He looked at Li Tianying and sneered in his eyes. "It seems that you are really old. I thought you were

going to fight with me, but I didn't expect you to be so mean and so tortoise."

Wang Fan said, the next second, then momentum like a rainbow toward Li Tianying rushed past.

"Damn it! Call me a tortoise? When I came out, you didn't even know where to feed." Li Tianying was so provoked by Wang Fan in the face. He was also very angry. He immediately threw away his gun and went up to Wang Fan.

The cannon fodder could not be expected. He had to do it himself.

The most important thing is that there are blood skeletons beside him. He believes that blood skeletons will not stand by.

If they join hands, it is not impossible to kill Wang Fan.

Bang!

The fists and feet collided and made a terrible sound. Wang Fan's throat was filled with a touch of fishy salt, and the whole person fell back.

His eyes twinkled with surprise. Is Li Tianying still a congenital master?

General idea!

It's really careless!

However, Wang Fan soon figured out that Daowu gate is similar to Yuanmeng Pavilion in nature, with guwu family behind it. It's just that one is dominated by gangsters, and the other is dominated by annexation of large consortia, with different development routes.

If you look at it like this, it's no surprise that Li Tianying, the master of Daowu sect, has innate strength.

Wang Fan fell back five steps, each step on the ground, has set off a roar, fingers thick and thin cracks like cobwebs in general.

Comparatively speaking, Li Tianying only stepped back two steps and gained the upper hand.

Li Tianying looked at this scene and was very happy. "Wang Fan, I thought you were so amazing. It turned out that you were just a flower!"

"If you only have this strength, then today is your time of death, no one can save you!"

Li Tianying laughs wildly. His whole body is full of vigor and momentum, just like a mountain.

His right leg was on the ground a little, and his body soared in the air like a roc towards Wang Fan.

When he was three or four meters away from Wang Fan, his right leg had already swung out like a bow, raised a strong Qi force, and pointed at Wang Fan's body.

This leg, just like the waves coming, the momentum of terror, the momentum of heavy!

"No!" Dai Shuangshuang looked at this scene, his eyelids could not help shaking, and his tears flowed down.

How she wanted to bear this heavy leg for Wang Fan, but the distance between them was too far. With her strength, she couldn't do it at all.

"Yes? Li Tianying, you look up to yourself too much! Just in the middle of my life, I'm not qualified to die!"

Wang Fan sneered, his chest suddenly closed and inflated, his right fist instantly closed, his muscles contracted, his inner strength surged, and then he blasted out!

Hit the leg with a fist, it's a shock!

Chapter 855

Bang!

There was a huge noise that made people feel numb, and the terrible air waves overflowed, just like boiling water, splashing out.

Under the sweeping of Qi, the surrounding rocks, trees and grass, like boats swaying in the waves, are submerged and smashed.

Wang Fan and Li Tianying's clothes are also hunting. If they were not protected by the strong innate vigorous Qi, their clothes would be torn, even their bodies would not be spared.

Wang Fan only felt a terrible force coming, the whole person suddenly began to retreat, and his face became pale.

A huge stone behind him, also in his hit, bang, like bean curd, burst into pieces, fragmented.

He stifled the surging of Qi, his muscles tightened, and his whole body trembled, dissolving Qi.

Li Tianying was even more unbearable. With his foot to fist, he was directly thrown out by the terrible force, just like a broken kite.

His body smashed into a wall, and with the wall falling apart, the whole person fell to the ground.

"Congenital peak? How is that possible? How can there be such a young congenital peak in the world? " Li Tianying struggled to get up, his eyes full of disbelief.

Wang Fan's gap before and after this is really too big, before in his fist, Wang Fan also fell to the disadvantage, how in the twinkling of an eye unexpectedly so strong?

"There's nothing impossible. You Li Tianying can be the master of Daowu sect. Why can't wang fan be the top of the family?"

Wang Fan sneered, he did not say that he was just born in the early days. After all, his combat effectiveness and strength are not in contrast.

And in this case, the stronger the strength is, the greater the deterrent will be. Wang Fan will not be silly to tell the other party his own realm.

Although he was careless on the surface, his heart was heavy.

Li Tianying's strength is beyond his imagination. It can be said that now his combat effectiveness is less than 50%.

In such a state, there is still a chance to win in the face of Li Tianying, but if you add the blood skeleton that hasn't started all the time, he will be in danger.

Wang fan is also very helpless, no way, although he killed a lot of cannon fodder, but the loss of strength is too big, not so easy to recover.

"It seems that Li Tianying really looks down on you. No wonder he can destroy the Meng family at a young age. It's not to be underestimated."

Li Tianying struggled to stand up, reached out to wipe the blood from the corner of his mouth, and looked at the blood skeleton, "blood skeleton, let's do it together. If we don't get rid of it, we'll have endless troubles! Today, he must die! "

The blood skeleton nodded. The next second, he grasped a blood colored snake wand in his hand and waved it to Wang Fan crazily.

When Yin Feng hunted, the blood colored snake stick in his hand seemed to turn into a strange creeping blood snake, which was frightening.

The tip of the snake stick is more like a snake's mouth. The snake's message is breathed and breathed, sending out a chill.

Wang Fan felt this scene, eyes a coagulation, instant burst from behind.

The blood skeleton gave him a very dangerous feeling. He felt as if he was in the rain of the blood mountain, and his whole body was uncomfortable.

"Drink!" Blood skeleton a big drink, snake stick ruthlessly split in Wang Fan's previous position.

Bang, that piece of position was split in an instant, a deep pit filled out, red blood began to overflow, and also made a hissing sound.

Wang Fan looked at the scene, but also some scalp numbness.

The staff was not only filled with blood, but also poisoned.

This bloody skeleton is really terrible.

Fortunately, he didn't shake it before, otherwise the poison would have been poisoned to death.

Not to mention Wang Fan, Li Tianying's subordinates all felt numb when they looked at this scene.

The weapon is full of blood stained with poison. Who the hell has seen that?

Look at the corrosive strength of the blood poison. I'm afraid if you get a drop of it, you'll lose your life, right?

"Good skill, but can you avoid one blow, can you avoid ten? I'll see how long you can hide. "

Seeing that Wang Fan had dodged his own attack, the blood skeleton didn't look lonely at all. It flashed out again and approached Wang fan like a murderer.

With his eyesight, naturally, we can see that Wang Fan's strength is too depleted to give full play.

He wants to take advantage of the opportunity to win Wang Fan at one stroke and take away 10 billion yuan as a reward.

"My snake stick is made from the gold of Geng. In the process of refining, it is contaminated with 88 kinds of virulence. It has its own toxicity. It can be said that living things will die if they touch it."

"To tell you the truth, I used it to poison a strong man who was born with the highest power. At that time that innate peak, the condition but must be better than you this at the end of the crossbow on too many

"At first, he relied on the innate vigorous Qi to protect his body. He didn't look up to my snake stick and thought that he was invincible to all kinds of poisons. But in the end, he was still poisoned to death by my snake stick."

"You, Wang Fan, are proud enough to die under my snake wand. You know, I never use a snake's stick at the top of my life. "While waving the snake wand, the blood skeleton approached Wang Fan crazily, and described his great achievements ferociously.

Wang Fan's expression is unshakable, just thinking about the countermeasures.

He didn't run in the direction of Dai Shuangshuang, but in the direction of Li Tianying's men, trying to stop the blood skeleton with these human flesh.

However, the snake stick of blood skeleton is really terrible. As he said, it is so poisonous that it can be said that it will die if touched.

When the snake staff is waving, the elite will be swept by the snake's head. Even if they are lightly rubbed, they will immediately fall to the ground with choking, and then they will be dyed red all over and die miserably in the howling sound.

The atmosphere was strange and depressing.

Li Tianying looked at this scene and cried out angrily, "Wang Fan, you have a fight with the blood skeleton. Aren't you very competitive? What is the ability of avoiding blindly? I think you are the tortoise

He roared wildly, and couldn't help looking at the elite of his men, "don't you know how to get away?"

"Let you up, you are afraid of death, danger, also don't know how to hide, you belong to pig ah?"

He's going mad.

These subordinates were originally used to deal with Wang Fan and consume Wang Fan.

But now, instead of consuming Wang Fan, he was poisoned by the blood skeleton. How could he not suppress his anger?

Li Tianying originally wanted to scold the blood skeleton, but he just thought that he would kill Wang Fan by joining hands with the blood skeleton, so he could bear it.

In fact, there was no need for Li Tianying to say hello. His surviving subordinates had already started running to the foot of the mountain.

Blood skeletons are so terrible that they are even more terrible than Wang Fan. How dare they stand and wait to die?

Wang Fan jumped up and down like a civet, and did not dare to stop for a moment.

At the same time, he is also looking for opportunities to fight back.

At this moment, the blood skeleton is like a ferocious wild cat, while Wang fan is a mouse, who is chased up and down by the wild cat.

Dai Shuangshuang's heart was raised in her throat, but she had no way to intervene and no chance to intervene.

Now she doesn't move. Everyone ignores her temporarily. Once she moves, Li Tianying will definitely rush up and tear her to pieces in an instant. At that time, Wang Fan will be distracted and in danger.

"Wang Fan, can you really hide? Why, I'm a killer, you don't have the courage to face me? What is the ability to hide like this? "

The blood skeleton couldn't catch up with Wang Fan for a long time, and he was also a little angry. The snake wand was waving fiercely.

The roar of the sound sounded, which is simply split where broken.

For a moment, it was like a rock avalanche and vegetation flying.

Chapter 856

"Hiding?" Wang Fan once again dodged the snake stick cut by the blood skeleton, and couldn't help sneering, "blood skeleton, I say you don't want to be shameful, I think you're flattered."

"As a myth of the killer world, you have the face to say that by uniting with five hundred elite killers of Daowu sect?"

Wang Fan sneered, "I said, don't you have some pressure in your heart? Will you fight against 500 killers for two hours before you fight with me? "

"If you succeed and defeat the enemy, daowumen will unite with me to make you. It only means that you should die. Why don't you think about it? Why didn't daowumen unite with you wang fan to make my blood skeleton

The blood skeleton grinned, "Wang Fan, even if you can hide today, you will die! Let's not talk about the 10 billion reward. You killed so many killers and mercenaries last night, and you should die ten thousand times. "

The blood skeleton grinned grimly, and then smashed the rocks under Wang Fan's feet with two roars. Then he looked at Li Tianying and said, "Mr. Li, do you want to keep looking like this?"

"If you don't do it again, I'll leave. Anyway, my blood skeleton is lonely. As long as I leave, Wang fan can't help me. But you are not the same. Your family has a big business. You should be on guard against his

revenge. "

"What's more, after such a long time, most of the things here have leaked out. Soon, the military and police will surround here. At that time, if you want to kill him again, you will have no chance. "

The blood skeleton can't help Wang Fan for a moment, so he can only stop working and grin at Li Tianying.

He didn't expect that Wang Fan, after such a long time of fighting, could still break out so fast after fighting with Li Tianying.

It's just incredible.

Knowing this, he should have hidden himself in the dark and hit Wang Fan with thunder.

Although the blood skeleton itself is also very strong, as a killer, his assassination method is even more powerful.

If it wasn't for Wang Fan's crazy behavior last night, which completely angered the blood skeleton, and the blood skeleton wanted to get back the reputation for the killer world, he would not have chosen to face Wang Fan aboveboard.

"Well, let's do it together." Of course, Li Tianying can see the situation clearly. He doesn't talk nonsense. Then he suddenly rises up and rushes to Wang fanpao.

At the same time, the blood skeleton is not idle, approaching Wang Fan from another direction, trying to block Wang Fan's retreat.

Wang Fan in this state, in the face of two masters attack, only feel unprecedented pressure.

He almost didn't think about it. With a flash, he ran into Li Tianying.

Compared with the blood skeleton, Li Tianying's threat is much smaller. Wang fan is really afraid of the snake stick of the blood skeleton.

Had it not been for the snake stick, Wang Fan would not have been so embarrassed.

"Good boy, look for death!" Li Tianying saw Wang Fan rushing towards him, and he was even more angry.

Wang Fan just regarded him as a soft persimmon, not a human being.

When he pinched his fingers, he directly pinched out a half arm long five edged spike. With a flash of light, he stabbed Wang Fan in the chest.

In his eyes, only the ferocious murderer.

Wang Fan looked at the scene with a grin. He pointed his toes to the ground and leaned back. At the same time, he pointed out his right leg like thunder and poked Li Tianying's wrist.

Li Tianying gave a ferocious smile. He didn't dodge. The sharp spike suddenly turned and stabbed Wang Fan's feet.

Wang Fan's face still did not change much, but there was a touch of drama in his eyes.

His left hand quickly took out the gun from his arms, aimed at Li Tianying's head, and pulled the trigger.

Take out the gun, aim, shoot, almost at one go, almost to the extreme.

"Mean!" Li Tianying's face changed and he quickly began to escape. But it's still a little late.

Come on!

The gunfire rang out and hit Li Tianying's shoulder directly. Li Tianying retreated with powerful explosive force. His shoulder was full of blood.

At this time, the blood skeleton snake wand had come from behind, set off the wind of hunting, and smashed Wang Fan's head from top to bottom.

There's no match for power!

If Wang fan is attacked, he will be poisoned even if he is not killed.

Wang fan is still very calm, right hand a shake, shadow knife again hand, head did not return, oblique split out.

Ding Ding two sound, the staff was swung away, Wang Fan was also forced down, heavy landing.

There was a pallor on his face.

But Wang Fan had no time to breathe. At the moment of landing, with a gun in his left hand, he pulled the trigger madly against the blood skeleton.

Come on, come on!

The sound of gunfire was loud and intense.

The blood skeleton's body moved left and dodged the bullet.

Reaction, consciousness, speed, body method, a series of actions, it is perfect to the extreme, showing his strong strength and military quality.

Wang Fan slightly stunned, obviously did not expect that the blood skeleton has such a hand.

You know, he didn't use the gun at the first time, but took it out in such a situation, just to surprise. It's just that I didn't expect that when he was defeated, he was able to avoid Wang Fan's bullet in the front for the first time.

Wang Fan did not stop, but shot seven or eight bullets at a time, and shot all the bullets in the gun.

The bullet, like a dense net, shot at the blood skeleton. It not only aimed at the whole body of the blood skeleton, but also blocked the escape track of the blood skeleton.

The accuracy of prediction is the highest.

However, the blood skeleton did not go to avoid, but suddenly raised the snake wand and smashed it towards the bullet.

At the same time, the innate vigorous Qi appeared on him.

Congenital vigorous Qi is like armor, protecting the key parts of the whole body.

Wang Fan's eyebrows shrunk again and his mind was shocked.

What the hell is congenital?

How can this foreigner be a congenital master? It's too deep, isn't it?

He's a little unbelievable.

The sound of jingling came out, and the blood skeleton smashed four or five bullets directly with the snake stick, but there were still two bullets on him.

In a moment, the bullet hit his chest rib and made him shake. In a moment, the bullet hit his wrist.

The force of terror hit, and the blood skeleton could not hold the snake stick for a moment, and the snake stick fell to the ground.

Wang Fan looked at the scene and laughed.

"Blood skeleton, you've been chasing me for so long. Now, it's my turn! Don't you want an open fight? Now, I'll give you a chance. "

Wang Fan said, don't give the blood skeleton to pick up the time of the snake stick, has been like a tiger and a wolf towards the blood skeleton collided in the past.

The blood skeleton was shocked. At this time, he thought that the landing of his snake wand was not accidental, but was shot down by Wang Fan.

Looking at the surging Wang Fan, after the shock of the blood skeleton, he soon became fierce and ferocious. "It's worthy of being a fierce man with a reward of 10 billion. The shooting method is admired by the blood skeleton! However, without the snake stick, I will kill you like a chicken

The bloody skeleton said with a grim smile, instead of picking up the snake stick, he rose up in the sky and welcomed Wang Fan.

With the surging of his momentum, the blood red robe on his body began to swell, just like being blown up by the wind.

And his whole body skin, also in an instant from white to red, whole body congestion, can clearly see the trajectory of blood flow in the body.

His whole person, just like a blood god, fierce!

Chapter 857

"Kill me like a chicken?" Wang Fan laughed, "blood skeleton, you look too high on yourself. Without the snake stick, you are just like the local chicken and dog in my eyes, which is not worth mentioning. "

"I'd like to see if you killed me like a chicken or my king killed you like a dog today."

"Killer forum, it's going to add photos of your blood skeleton soon. Believe me, the world of killers and mercenaries will tremble because of Wang Fan

Wang Fan said, the momentum of the same surging, and then quickly toward the blood skeleton rushed in the past.

The blood skeleton didn't retreat at all. Under the impact of the blood, his height rose by two centimeters. He was 1.9 meters tall and broke through two meters directly.

From a distance, it looked like the bloody God of war, so he was sent to carry another bloody axe in his hand.

Comparatively speaking, Wang Fan's height of 1.8 meters is not much different from that of a child.

Blood skull feet on the ground, the same crazy toward Wang Fan, set off a violent roar.

If a Biao is here, the battle between them will be wonderful, right?

Want to return to think so, Wang fan is not idle, he suddenly stood up, feet even point to the ground.

Whoosh, whoosh.

Pieces of gravel were kicked up by him, like shells to the blood skeleton.

But the rubble hit the blood skeleton, but it didn't bring out the injury at all, which was not much different from scratching.

"Your uncle!" Wang fan can't help but scold. He feels that the blood skeleton suddenly becomes the boss in the game. They are not at the same level at all.

He suddenly grabbed a huge stone of about 100 Jin and smashed it at the bloody skull.

The blood skeleton is just a fist wave, the hundred jin boulder will be split, as if the general paper paste, vulnerable.

Wang Fan picked up a machete that fell on the ground and threw it hard.

But before the machete stabbed the blood skeleton, it had already been pinched by the blood skeleton's right hand. Then he grabbed the machete with both hands and twisted it, and the machete became several sections.

Wang Fan's eyes gaped.

"Are you so fierce in the world of killers?" Now he has some doubts, even in his heyday, whether he is sure to kill blood skeletons.

Li Tianying looked at the scene in the distance, and there were hopes and surprises in his eyes.

The more powerful the blood skeleton is, the more likely Wang Fan will die, and the happier he will be.

He gave up the idea of going up to help. He felt that the blood skeleton at the moment was enough to kill Wang Fan.

Wang Fan looked at the open hanging blood skeleton, some scalp numb.

He threw a knife, a gun and a stone, all of which were smashed by the fists of blood skeleton. There's no way to stop it.

Blood skeleton has become a bug in the game, God block kill God Buddha block kill Buddha, unstoppable.

The bloody fountain is as gorgeous as the red fireworks.

Li Tianying looked at this scene in the distance, and he was already dumbfounded.

What is the means?

With the gushing of blood, the blood skeleton's body quickly began to shrink and recover, and soon became the same as before, but his face was as pale as toilet paper.

"You His eyes were clear again, and his look at Wang Fan was full of palpitations.

"Blood skeleton, is it cool? How does bloodletting feel? Do you want to do it again? " Wang Fan said with a sneer, had rushed to the blood skeleton body like lightning, grabbed his head and hit the ground hard.

At this time the blood skeleton incomparably weak, where can resist?

"No!" Before his voice came out, his head collided fiercely with the stone wall, and his head was broken and bleeding.

Wang Fan did not stop, tearing his arms, but also a hard twist!

Click, click!

The blood skeleton's arms were broken in an instant and hurt his heart!

He finally completely fear, he did not expect, the strongest state of their own, even can not destroy the Wang Fan.

"Wang Fan, give me one." Regardless of the pain, the blood skeleton took advantage of the moment when Wang fan stopped to beg for mercy.

Unfortunately, waiting for him, but only Wang Fan's shadow knife.

Shua!

With a flash of light, the word "Huo Lu" in the blood skeleton's mouth had not yet vomited out, and his head and body were separated.

It's a dead silence!

The wind, still blowing, this area is full of biting chill.

Chapter 858

Guru Guru Nagetto.

Li Tianying can't help swallowing the cool air, and his fluctuating mood can't be calmed down for a long time.

Blood skeleton, dead like this?

Third in the world of killers, the myth of the world of killers, just died?

How is that possible?

He felt as if heaven had played a big joke on him.

Wang Fan killed the blood skeleton, took out his mobile phone and snapped a few pictures, then turned to Li Tianying.

"Master Li, the blood skeleton is dead. Next, it's your turn. By the way, do you have anything to rely on? Take it all out. "

His tone was full of abuse and killing, "I said, as long as you can't kill me, I will kill you, and I will kill you all over the family."

"Now, if you don't rely on it, you have to face my counterattack. It's the so-called reciprocity. If you give me such a big gift, I'll be very sorry if I don't give it back? "

Wang Fan said, holding the blood shadow knife, slowly approaching Li Tianying.

His pace is steady and powerful. Although his figure is thin and lonely, it seems to be so tall, coquettish and independent.

Li Tianying looked at this scene and was scared out of his wits.

He could see clearly the power of the blood skeleton. But even so, the blood skeletons are all killed by Wang Fan, where does he have the courage to fight again?

Even if he felt that Wang Fan was at the end of his life, in fact, he could not withstand a single blow. He had no courage to go up.

After all, if one can't do it well, it will give one's life.

Wang Fan's attack was too decisive. He would not give any chance to his opponent.

"Wang Fan, you are lucky today. We'll see!" Li Tianying gritted his teeth and roared at Wang Fan. Then he ran down the mountain faster than the rabbit.

There are hundreds of elite at the foot of the mountain, plus the burden of Dai Shuangshuang beside Wang Fan, he does not believe that Wang Fan dares to chase him.

"Go? Can you go yet? " Wang Fan sneered, and his momentum suddenly soared. Then he lit a machete on his right foot and kicked it hard.

The chopper broke through the air and stabbed Li Tianying.

Li Tianying felt this scene and was scared to death. His speed accelerated again and disappeared in the blink of an eye.

"NIMA, a son of a tortoise, ran away at last!" Wang Fan until confirm Li Tianying leave, this just can't help but scold a, then sit on the ground to gasp heavily.

The conscience of heaven and earth, he is really at the end of a crossbow, not much fighting ability.

Although if Li Tianying died, he might kill him, but he would be seriously injured and become weaker.

Now Li Tianying has chosen to escape. Naturally, he won't pursue, and he has no energy to pursue.

"Wang Fan, are you ok?" Dai Shuangshuang came up and asked with watery eyes.

She is really very remorse, he almost killed Wang Fan.

"Nothing? Sister Shuang, are you kidding me? Do you think I'm ok? You can help me down the mountain. I'm so weak that I need to rest. "

Wang Fan didn't say well, but he got up with a stab. He didn't look weak at all.

"Come on, let's go. I'm dying. If they come back, we'll die."

Wang Fan mumbled, pulling Dai Shuangshuang down the mountain, and glancing at a huge stone in the distance.

After the boulder, an enchanting woman with a silk scarf stares at Wang Fan coldly, and the killing opportunity surges up several times, but finally it disperses.

Especially after listening to Wang Fan's words, and then looking at Wang Fan's sweeping eyes, her heart is more clattering, can no longer mention the slightest intention to kill.

In particular, Wang Fan's last glance represented that Wang Fan had found her.

Even if she did, she had no chance of winning.

"Wang Fan, Wang Fan, is really worthy of his reputation, worthy of a reward of 10 billion. You're lucky today. Don't give me another chance. "

The woman said faintly, her eyes swept Wang Fan again, then she got up and left here quickly.

She is just the myth of mercenary world, scorpion.

She has been lurking for a long time, but she has never found a mobile phone.

Wang Fan's strength shocked her several times, especially the scene of defeating the blood skeleton, which destroyed her confidence.

She's not sure.

Wang Fan felt the scorpion leave, this just slightly relaxed, but still did not relax vigilance.

If it wasn't for the fact that when he was sitting and panting, the killing of scorpion caught his attention, I'm afraid he didn't find it.

Wang Fan feels a little funny, killer myth blood skeleton, chose to deal with themselves.

The mythical scorpion in the mercenary world chose to hide and assassinate.

This NIMA's is so funny.

They ran for a short time and saw Su Weiwei, a Biao, Meng Qingyang and others in a hurry. Besides them, Bai Xiaoren, Kong Wucheng, Zhao fanren and even Bei Jingui all came. Not only are they, but they are also followed by a large number of soldiers and policemen.

"Wang Shao, are you ok? I just heard about Xiangshan Park. I didn't expect that Li Tianying and blood skeleton were united. They were looking for death

"What about them? Dare to deal with you like this, Wang Shao. I want them to die in Xiangshan Park today. "

White Xiao Ren see Wang Fan, eyebrow a pick, can't help saying.

"They." Wang Fan just said two words, then his head was dizzy and he was in a coma.

Seeing the appearance of the military and police and so many people, Wang Fan, who was completely relieved, couldn't hold on any longer.

Su Weiwei has a quick eye and a quick hand. She hugs Wang Fan, which doesn't make her fall.

"Come on, get to the hospital!" Looking at this scene, everyone was shocked, and quickly helped Wang fan out.

Dai Shuangshuang also took the opportunity to say the previous thing again.

Next, the military and police surrounded the Xiangshan Park. While blocking the park, they searched for Li Tianying and his subordinates.

Because Wang Fan didn't have time to say that the Scorpion was also hidden in the park, so the military and police didn't know the existence of the scorpion. Naturally, the scorpion escaped calmly.

Not to mention scorpions, even Li Tianying escaped, and only some small fish and shrimp were caught.

Li Tianying's escape can not erase the evil of Daowu.

Daowumen, together with blood skeleton, blocked Xiangshan Park and attacked Wang Fan with military background. It's amazing.

The army and police were mobilized, and the South Tianfu intervened, and the Daowu gate in the capital was uprooted.

Li Tianying also took his son Li taikai and fled the capital without a trace.

Of course, it's just a follow-up.

In the afternoon of that day, the picture of the blood skeleton dead was posted on the forum again.

With the death of the blood skeleton, the whole killer world is completely boiling!

How humiliating and ironic is it that a generation of myths, for the sake of 10 billion yuan, died in China, and after being blooded, cut off their heads and died?

Wang Fan's name was once again famous, and there was no difference in the limelight.

Numerous assassin organization giants have held meetings and ordered their assassins not to take over the task of Huaxia Wang Fan.

Even the king of China was not allowed to take on the task of anyone who was involved. Anyone who dares to disobey will be executed directly!

In fact, where can I use the order? Wang Fan killed all the blood skeletons. As long as they are not mentally disabled, they dare not take on Wang Fan's task any more. It's too late for them to hide.

Almost overnight, Wang Fan became a taboo for all killers.

No one dares to commit.

A reward of 10 billion has become a blank check, and no one dares to accept it.

Of course, except for one person, that is Scorpion.

She has entered China. She will not be reconciled if Wang fan does not die.

Chapter 859

Beijing Shengao hospital, intensive care unit.

Wang Fan, who has been sleeping for five hours, wakes up.

The first thing he woke up was to get up and quickly said, "scorpion is hiding in Xiangshan Park. Find a way for me to find her out!"

When Wang Fan said this, his face suddenly changed.

He found himself in the ward, wearing a loose suit and hanging water.

Beside, Dai Shuangshuang was looking at her with concern. Her eyes were red and swollen, obviously crying.

Su Weiwei's face is not very good. She quietly looks at Wang Fan and cleverly cuts the apple for Wang Fan.

Next to the fruit plate, there are at least a dozen peeled apples.

"Wang Fan, how are you? Do you feel better? Do you want some water?" Dai Shuangshuang saw Wang Fan wake up, in the heart a joy, quickly carried a glass of water, concern said.

Su Weiwei is also a bright eyes, handed the hands of the apple, but it is not speak.

"What time is it now, and how long have I slept?" Wang Fan took a big drink of the water, grabbed the apple and bit it. Then he pulled the hanging water off his body and asked.

"You've been sleeping for more than five hours." Su Weiwei replied that she thought about it and added, "Xiangshan Park has already been cordoned off by the military and police, and has launched a search."

"But unfortunately, Li Tianying ran away, although he caught a lot of swords. His son Li taikai has also disappeared, most of whom have left the capital. "

"As for scorpion, the military and police did not find her trace, it is estimated that most of them escaped calmly."

"Run away?" Wang Fan frowned slightly. It's a small thing for Li Tianying and his son to run away. But if the scorpion runs away, it's hard to catch it.

After the battle with the blood skeleton, Wang Fan also has fear of scorpions.

Blood skeleton, as the third existence in the world of killers, is so terrible. Scorpion, the fifth best mercenary in the world of mercenaries, must not be an ordinary person.

What scares Wang Fan most is that the Powerful Mercenary scorpion is not facing Wang Fan directly, but hiding in the dark like a poisonous snake, trying to strike a fatal blow.

Some of these enemies are terrible.

"What's going on outside now? Did the news of my injury get out? Is the protection and security outside the hospital strict?" Wang Fan breathed deeply and asked again.

"Wang Shao, don't worry. The news of your injury has been completely blocked by Bai Shao, and the outside protection is also very strict."

Su Weiwei sorted out her thoughts and answered honestly, "not only Meng Qingyang personally took people to guard outside, but also Bai Shao, Kong Shao and Zhao Shao put a lot of people in the hospital, and even the night of nantianfu came."

"In terms of safety, you can rest assured that even if the scorpion has wings, it can't fly in and hurt you."

Wang Fan listen to this, can't help but frown, "Wei Wei, you tell Bai Shao them, remove people, don't protect me so."

"Wang fan is just an ordinary person, and he is not the leader of a powerful high-ranking official. Why is it so big?"

"Also, you tell Meng Qingyang, loose outside and tight inside. If you find a suspicious person approaching, report it in time, but don't make any noise or make any action."

"Moreover, if you send out the news, you will say that Wang fan is seriously injured and unconscious, and you will create an atmosphere in which I am seriously injured."

"You remember to be careful and skilful when spreading news, and try not to arouse suspicion."

Wang Fan said in one breath.

"Wang Shao, are you fishing to create opportunities for scorpions?"

Su Weiwei instantly understood Wang Fan's meaning, but she was still worried in her eyes. "It's just that your current state, really facing scorpion, will it be dangerous?"

Dai Shuangshuang can't help but say, "Wang Fan, don't take so much risk? What if you are in danger instead of fishing? When your injury is good and your strength is restored, can't you look for another chance? "

"Don't worry, I'll be fine." Wang Fan waved his hand, and there was a flash of light in his eyes. "Don't you say that the night is also outside? With the protection of night, that scorpion should not be able to turn over the sky. "

"This man is too dangerous. I can't get rid of her. This time, it's an opportunity. If you can't grasp it, it's hard to kill scorpions next time. "

Wang Fan said slowly.

Under Wang Fan's insistence, Su Weiwei wears frost and leaves the ward soon.

Although they didn't say anything about Wang Fan, their faces were full of sadness, even their eyes were red, and there was water mist in them.

It obviously gives people a feeling that Wang Fan's situation is not optimistic.

At the same time, Su Weiwei also let people outside strengthen the protection, can't let a mosquito fly in.

Secretly, she is informed of the White Owl benevolence and others, removed a lot of hands, but did not cause the slightest awareness of others.

An hour later, Lin Shiya, who was in school, got to the hospital quickly.

When she came, she cried, but when she left, she was even more sad, and her shoulders were shaking. This makes Wang Fan who is watching this scene in the monitoring very surprised. This little girl is worthy of learning acting, and her acting skills are really good.

Then, Xu Ruyun and others came into contact and left with the same dignified face.

Later, as far away as Jinzhou, Song Rumei also felt the capital and came to Shengao hospital.

After she went to Wang Fan's ward, she almost never left, but occasionally went out to buy some fruit, fast food and nutrition.

But every time she went out, her expression was very wrong. Although she didn't shed tears, her face was dignified and sad.

Everything shows that Wang Fan's condition is not optimistic and his injury is serious.

In the ward, the night was dressed in a nurse's uniform, but the look in Wang Fan's eyes was full of anger and shame.

She was born strong. She was a high-ranking woman in nantianfu. She put on a nurse's dress to protect Wang Fan. What the hell is that?

Had Wang fan not been Ye Nantian's life-saving benefactor and holding the emperor's card, she would have slapped and waved it.

If those kids in nantianfu saw this, they would not be able to laugh?

"Night girl, don't look like that. I'm not doing it for you? You look like you're dressed so tightly every day, and you're owed \$1.8 million by others. What's a little feminine? "

"Not to mention, you are really charming in this little nurse's dress. The protruding, the warping, especially the long thin legs and the small waist, are more women than women. "

"I promise to go out and turn around 100 percent. I'll enchant a large area and become the goddess of the whole Saint Austria."

Wang Fan rubbed song Rumei's little hand while eating the apple song Rumei handed, but his eyes were staring at the angry night.

What he said is also from the heart. Wearing nurse's clothes at night is much better than wearing the same black clothes on weekdays.

It's just the uniform temptation in the uniform temptation. If you put it in Kou state, it's another woman's worry, even more than those women's worries.

"Your uncle! Do you have the guts to say it again? Believe it or not? " Night rage, directly raised the hands of the needle, a pair of ferocious look.

What is more woman than woman? She looks like a human demon! This son of a bitch is so irritating.

Song Rumei, dressed in a white dress, listened quietly to the noise of the two people, and her look didn't change much. But at that time, Wang Fan's eyes were filled with tenderness.

At the moment when Wang Fan and his wife quarreled in the dark, a car quietly stopped on the street opposite the hospital.

Chapter 860

In the car sat four women in their twenties.

They are very beautiful, waist thin chest big buttocks, on the outside, proper goddess role.

But their eyes are too cold, cold like winter, people can't stand it.

Among the four, the woman behind the co pilot seemed to be the first, because the eyes of the other three were full of fanaticism and awe.

The girl's breath is more bitter, and her narrow eyes are like scorpions, as if she can kill people at a glance.

She is a scorpion.

The other three women are her attendants, or doubles.

Scorpion is not only powerful, but also trained a number of loyal doubles, which is why she can quickly become famous and never die.

"Elder sister, the news should be true. Wang Fan's injury is really serious. Not only his beauties in the capital, but also song Rumei in Jinzhou. "

"Although they didn't say anything about Wang Fan's situation, from their faces, the situation is not optimistic."

"And Su Weiwei, Wang Fan's maid, secretly ordered that people should be strictly protected and not let a mosquito fly in. What do you think we should do? Do you want to take this opportunity to do it? "

The woman in the co pilot's seat looked at the venomous scorpion and said slowly, "that Wang fan is so powerful that he can kill the blood skeleton in the front."

"If we don't take advantage of his weak time and wait for him to recover, I'm afraid the chance will be even more slim."

Scorpion did not immediately speak, but frown meditation.

She always felt that something was wrong, but she couldn't figure out what was wrong?

According to reason, Wang Fan experienced the attack and killing of Xiangshan Park, plus the battle with blood skeleton Li Tianying, it is not impossible to be seriously injured and weak.

But she always felt that Wang Fan was too cunning. I'm afraid things were not as simple as she thought.

But to let her give up, and some unwilling. Indeed, as my subordinates have said, Wang fan is now in a weak period. It's the best time to start. If you miss it, I'm afraid you won't have another chance next time.

After a while, scorpion asked the other two, "what do you think? Do you want to do it? "

"Elder sister, I think we should do the same. It's better not to miss this opportunity while he's dying of illness. "

"Yes, Wang fan not only killed so many mercenary killers, but also cut off the heads of blood skeletons. Now he has shocked the two circles of killer mercenaries."

"If we can kill him, we can not only get a 10 billion reward, but also leave a name on his bones."

"At that time, my elder sister, your fame will soar again, and you will step onto a peak, and you will earn both fame and fortune. I think this is the best chance, otherwise once Wang Fan recovers, it will be difficult to kill him. "

The other two spoke one after another, saying they could not miss this opportunity.

Today's Wang fan is not the former Wang Fan. The former Wang fan is only worth 10 billion Chinese dollars. Now Wang fan is more than 10 billion Chinese dollars.

If you can kill Wang Fan, the name of Scorpion will definitely cause a sensation at home and abroad, and will rise directly to the top of the pyramid.

At that time, not only fame and wealth will be reaped, but even the value will soar. How can we miss this good thing?

"Well, it's up to you. We'll do it tonight." Scorpion also has some abnormal movements, silence for three seconds again, and then nodded and clapped down.

She was not dazzled by the huge fame and wealth, and still kept calm, "but we can't rush in rashly."

"According to my investigation, that song Rumei is an ancient warrior in the middle of his life, with strong strength. There is also that night, like a fierce man in nantianfu, whose strength can not be underestimated. We have to wait for them to leave before we can do it. "

"Otherwise, our hands will be a joke. Not only will we not succeed, but also the whole army may be destroyed."

"Well, we all listen to the arrangement of the elder sister." The other three nodded.

Next, Scorpion will start a tight deployment and arrangement.

She took out a map from her bag and began to draw on it, pointing out every detail. Even she knew exactly which ward Wang Fan lived in.

If Wang fan is here, she will be surprised. How did she get the map of Sheng'ao hospital? There are so many people outside, how can they not notice it at all?

Scorpion soon arranged, and then the four began to wait patiently.

All their plans are based on Song Rumei's departure at night. If they don't leave, even if Wang fan is seriously injured and in a coma, it's very difficult for them to kill Wang Fan. All their plans are in vain.

At eight o'clock in the evening, the scorpion clearly saw through the telescope that she came out of the hospital in the dark, got into a car and left with a roar.

At 8:30, song Rumei also went out of the hospital, got into a car and went to the supermarket three kilometers away, obviously to buy fruit or something.

Both of them look in a hurry. They come and go in a hurry.

Scorpion looked at this scene, eyes bright. She knew her chance was coming.

"Go ahead, remember, you only have 15 minutes. After 15 minutes, no matter success or failure, evacuate immediately."

"It takes ten minutes to go back and forth from here to the supermarket not far away. Plus the shopping time, it takes 20 minutes at most. Once song Rumei returns, none of you can leave. "

"Although it's important to kill Wang Fan, your safety is more important. Remember, you only have 15 minutes! Song Rumei is very powerful. You are not rivals at all. "

Scorpion face dignified mouth, repeatedly stressed that only 15 minutes, and song Rumei powerful.

Although these three people are only substitutes, the scorpion still cares about them very much. After all, it's not easy to cultivate a strong stand in, which requires a lot of effort.

"Yes, elder sister, promise to finish the task." Two women listen to order, respectfully should a, quickly ran out of the car.

In the blink of an eye, there were only poisonous scorpions and the woman in the driver's seat.

In Scorpio's plan, there are only two doubles, not all of them. She didn't take the risk herself.

Scorpio is very cautious, because her intuition is not right, so she chose to wait here.

And she also believes that if this is not a trap, her two powerful doubles can definitely complete the task.

If this is a trap, even if she went in person, it would be difficult to kill Wang fan or even get away.

Now, she can only pray for two doubles to succeed, which is not a trap.

After getting off the bus, the two doubles rushed to a nearby bus.

One of them made a few moves on the door, and the driver's door was immediately opened, even the alarm didn't sound.

They quickly got on the bus, started three minutes later, and drove towards St. O's hospital.

Just in a moment, the dash came to the door of St. O's Hospital and stopped.

The door opened and the woman in the driver's seat took the lead.

The clothes on her body have been changed into a fashionable and bright expensive brand, and the whole person has become a proud young lady.

"Come on! Come on! My mother was sick, and quickly sent me to intensive care unit, and then let the best doctor rescue. If anything happens to her, I'll kill you

While the woman in a hurry toward the nearby St. o security yelled, while opening the door of the back seat, the companion helped down.

The companion in his twenties, when he got off the bus, suddenly became a lady in her forties.

It's just that some of them are sick and can't even stand.
