

## **MIGHTY SK 861**

### **Chapter 861**

Several security guards looked at the arrogant woman. Although they were upset, they ran to her for the first time.

As an expensive private hospital in Beijing, Shengao hospital is world-class in medical technology and experts, and its patients are all rich or expensive.

Although women say it's exaggerating to ask for their dog's life, if they're not happy with them, there's no problem with their security guards.

This kind of person they see many, can only curse in the heart, but dare not have the slightest performance on the face.

They soon welcomed the two substitutes to the hospital and informed the doctors and nurses.

"Immediately arrange for my mother to go to the best ward and find the best doctor. Quick, quick, money is not a problem."

Acting as the daughter of the stand in, while shouting, while taking out a gold card left in the toll gate, rich.

Those doctors and nurses who were not high-level did not dare to neglect the gold cards thrown out by women, and quickly began the arrangement.

Several young people who were strictly guarding the hall looked at the scene and frowned slightly, but they didn't pay much attention to it.

They subconsciously took the scorpion as a person. Now they see two people appear at the same time, and they don't think about the scorpion at all.

In addition, this is St. O's Hospital, and it's normal for patients to go in and out. Naturally, they won't care.

With a lot of money, two of scorpion's substitutes were soon assigned to an intensive care unit.

However, as Wang Fan's ninth floor has been completely covered by Bai Xiaoren, the two doubles have not been able to live on the ninth floor, but have been arranged to the eighth floor.

They didn't care too much, and they didn't strongly demand to live on the ninth floor. In that case, the nature is too obvious.

Now they can avoid the attention of the spies outside and come to the eighth floor safely. Half of the

success has been achieved. The next step is to find a way to enter the ninth floor and kill Wang Fan.

"Hello." A doctor who followed in was about to speak when the double who played his daughter slapped her on the back of the neck and knocked her unconscious.

At the same time, the lady in her forties, who was still sickly, sprang up from her bed like a tiger and attacked the other doctors and nurses.

In an instant, all the doctors and nurses were overturned and fell into a coma.

Without a word of nonsense, they quickly changed into doctor nurse clothes and left the ward.

They only have 15 minutes in total. Now they have passed about five minutes. It can be said that they are pressed for time and dare not waste it.

After they left the ward, they went straight to the fire passage without hesitation.

Naturally, it's impossible for them to waste time waiting for the elevator. It's only one floor short of eight floors and nine floors, and it won't waste much time to take the stairs.

The two soon got close to the ninth floor, blatantly, without the slightest cover up.

On the ninth floor, there are four guards.

When the four saw the two nurses coming up, there was a ray of suspicion in their eyes, but they didn't care much.

They have received an order from Wang fan that any suspicious person should approach and let them go directly, especially the medical staff. Of course, don't be too obvious to cause suspicion.

So, even if they don't think these two people are poisonous scorpions, they won't stop them if they insist on entering the ninth floor.

"What are you going to do? Did your leaders not tell you that the ninth floor has been wrapped up and no one is allowed to enter? "

One of the men said coldly to the two doubles as a routine.

"Big brother, there's no medicine down there. We're going to the warehouse on the ninth floor to get some medicine." Scorpion two doubles seem to be scared, shiver back a step, one of them said.

"Take the medicine?" The young man could not help frowning. He was going to hold back for two or three seconds, and then wave his hand to let him go. But at this time, the two doubles suddenly moved.

Two scalpels suddenly flashed out of their hands, and then frantically rushed to the four guards.

Don't move like loose, move like thunder!

Come on!

It's so fast!

Two hisses!

Before the two youths could react, the sharp scalpel had pierced their throats, and the blood gushed.

The other two youths, who were a little farther away, saw this scene and their faces changed greatly. Subconsciously, they would take out the guns in their arms.

Just as they had just grasped the handle of the gun, before they had time to take it out, a stand in had suddenly leaped in front of them, and the cold scalpel ran through their heads.

With two hisses and blood gushing, the four youths who were guarding the passage fell to the ground in a flash and died in a pool of blood. They didn't even have time to make a sound.

The two doubles turned over four people without any hesitation, arranged their clothes, and then walked out quickly.

Their goal is very clear, straight to Wang Fan's ward.

"Stop!"

"Who?"

The elite guard in the corridor can't help but make a cold voice when they see them. But what is waiting for them is the merciless bullet. The two doubles didn't talk nonsense at all. They took out their guns and pulled the trigger at these people.

Come on, come on.

A series of gunshots rang out, a large number of elite fell in the pool of blood.

The rest of the people saw the situation was not good, while calling for support, while quickly looking for a shelter.

They also did not expect that the other side should be so crazy, half a sentence of nonsense did not, directly ferocious with a gun to open the way.

This has exceeded their expectations and predictions.

Originally, according to Wang Fan's idea, even if the scorpion came, there was only one person. They'll let the scorpion come in.

But the appearance of the two doubles and the ferocity they showed completely exceeded Wang Fan's expectation and caught these elite off guard.

The two doubles were ruthless and opened a way of blood with bullets in an instant. They ran to Wang Fan's ward.

During this period, there are countless bullets coming, but they are leisurely avoided, crackling sound resounding.

At a certain moment, they got the order, did not continue to shoot, but let the two close to Wang Fan ward.

They just want to shoot Wang Fan as fast as possible and then evacuate. They can't wait for song Rumei to return.

In less than ten seconds, they had already run to the door of Wang Fan's ward, then kicked the door open with a bang, and directly flashed in.

As soon as they entered the ward, they heard a crash, and before they could respond, a bucket of water poured down from the top of their head, directly pouring them into a drowned chicken.

"No! There is deceit

Their faces changed greatly, and they could not care about anything else. Subconsciously, they wanted to quit. But at this moment, there was another sound, and a bag of white flour came straight at them.

Water and white face, two people don't mention how embarrassed, instant even eyes can't open.

Their bodies are still sticky and heavy, not to mention how uncomfortable they are.

"Son of a bitch, I'll fight with you!" Both men were furious, screaming and raising their guns, trying to pull the trigger at random.

But just as they raised their guns, they felt a pain in their wrists, and then their guns fell to the ground.

Then, there were two big footprints on their chest. They flew out like a broken kite and hit the wall hard. Then they fell to the ground with blood in their mouth and couldn't get up again.

Wang Fan bit a popsicle and walked to them with a smile. He couldn't help asking, "Why are you here,

scorpion? Why didn't she come?"

Although Wang fan doesn't know scorpion, he can see that they are not scorpions.

Although they are good, they are far worse than scorpions.

It's impossible for a person like scorpion to be subdued so easily. Otherwise, she would be ashamed of her reputation as the fifth best mercenary in the world.

## **Chapter 862**

A stand in reached out to wipe the thin mud from the corner of his eyes and glared at Wang Fan without saying a word.

Another stand in could not help biting his teeth and yelling, "Wang, you're mean. You set up a game to let us take the bait!"

"Thank you for being a big man. You have the ability to fight with me. What's the ability to play such a devious way?"

Her eyes were full of grievances and indignation. "You are such a mean and shameless person. If you want to know my elder sister's whereabouts, don't dream!"

"Mean?" Wang Fan laughed, "you all sneak up to kill me, and have the face to say I'm mean?"

"As for what you said, it's a joke. When did I set up the bureau? Even if I set up a bureau, I didn't ask you to take the bait, did I? "

He didn't want to talk any more, pointing to the silent substitute, "I'll ask you one last question, where is the scorpion? You say it first

"Bah!" The stand-in took a bite, but he didn't say a word.

If you want her to sell scorpion, don't dream. Even if she is dead, she won't sell scorpion.

"Hard mouth, isn't it? I like people who have a hard tongue Wang Fan did not get angry, but grinned, suddenly grabbed the scalpel in her hand, and then hissed and stabbed it into her heart.

When the scalpel was drawn out, blood gushed wildly, and the double died in a pool of blood.

Although the two scorpion doubles are very good, they are still women, but Wang fan is still merciless.

They are so cruel to kill so many elite outside, even if they die ten thousand times. What's more, they are all here to kill themselves, so why should they be merciful.

"You The other double looked at the scene, his body trembled and his eyes became angry.

She never thought that Wang Fan was so ruthless that she had no room to turn around. Wang Fan's expression, as if killing is not a person, but a chicken.

"Don't worry about it. Where is the scorpion? If you don't, you can go with her. "

Wang Fan killed the stand in and wiped the blood stained scalpel on her clothes. Then he looked at another stand in and said with a smile.

"Hum, if you have seed, you will kill me. I won't betray my elder sister! You killed our sisters. My elder sister will take revenge for us. You can wait to regret it. "

That woman is very backbone, not only did not tell the whereabouts of scorpion, but also threatened Wang Fan.

"Yes? Well, I'll wait for scorpion's revenge

Wang Fan said, a direct wave, looked at the night of the nurse, "she will give you, ten minutes if she does not account for the whereabouts of scorpion, directly killed."

Night no nonsense, picked up the stand in and entered the inside of the suite. The double still wanted to struggle, but after a blow in the dark, he couldn't fight any more.

There was no scream or even hum in the suite. Five minutes later, the night came out.

Wang Fan asked with a smile, "she told me?"

"I told you, scorpion is in a black Passat opposite the hospital. In addition to scorpion, there is a substitute for her." Said the night.

"Well, let's go down and meet the scorpion. Keep a close eye on the Passat and don't let the scorpion run away. "

Wang Fan Baji mouth, "really did not expect, scorpion this kind of person, unexpectedly also has the double, I really miscalculated."

Three minutes later, Wang Fan, who had changed his clothes, left the ward at night.

Passatne.

Scorpion face some dignified, while she closely watched the hospital movement, while watching the time.

"Elder sister, you don't have to worry. Five elder sisters and six elder sisters come out in person. Wang Fan will not survive tonight. You can wait for their good news."

The double in the driver's seat looked at the scorpion's dignified appearance and couldn't help comforting him.

"I always feel something's wrong. They're not going to make it."

The scorpion murmured, and soon his face changed. "No, it's seven minutes since the gunshot started. How come song Rumei hasn't come back yet? Hasn't anyone informed her of what happened here?"

Scorpion think of here, face instantly become ugly, "not good, we are in the trap, quickly withdraw!"

She already felt very upset.

According to her investigation of song Rumei, if Wang fan is really in danger, song Rumei will definitely put everything down and rush back as soon as possible.

With song Rumei's strength in the middle of her life, it's only three kilometers. Even with running, one minute is enough. Where did she use five or six minutes?

The double in the driver's seat couldn't help changing her face when she heard this, but she didn't ask much. She started the car directly and planned to leave, but it was too late.

At the moment when she caught the car on fire, several fierce men suddenly rushed out of the roadside grass towards Passat.

At the same time, the opposite hospital also rushed out a large number of people, straight to their PASAT. "Rush out!" The scorpion's eyelid jumps and orders madly.

But at this time, bang, a bullet came from a distance, hit the front tire hard, and the tire shriveled instantly.

Scorpion a heart sink to the bottom of the valley, but it is not a bit nervous, but caught the eagle sitting under the desert, out of the window, aimed at the group of men outside.

Come on!

When the trigger was pulled, a man who rushed forward was shocked by the huge impact force, and a blood mist came out of his chest and fell back.

Come on, come on!

The scorpion kept on firing three shots.

Three more men splashed blood on their chest or head and fell to the ground.

Her precise shooting and fierce style instantly shocked the rest of the people. For a moment, the fierce men were shooting at Passat, while frantically lying on the ground or finding a shelter.

But the bullets they shot were blocked by the bulletproof glass, and they didn't hurt the scorpion and the double.

"Damn it, fight with these dog days! Elder sister, I'll cover you, you go

The driver's stand in looked at the scene, her face changed wildly, she suddenly tore her clothes, then kicked open the door and jumped down.

"Don't shoot. I'm a scorpion. I surrender." The moment she jumped out of the car, she raised her hands and roared.

Looking at the naked scorpion substitute in the distance, the fierce man suddenly became surprised, and his eyes couldn't help flashing a touch of desire.

No matter who, in the face of a naked enchanting beauty at night, I'm afraid they can't stand it.

What's more, the beautiful woman also raised her hands high and had a panoramic view of her whole body. As long as it's a man, you don't have the heart to shoot.

"Brother, people are like this. Do you have the heart to shoot? Please let me know. I want to see Wang Fan. I want to have a word with him. "

When the scorpion double saw that the men didn't shoot, there was a ray of irony in his eyes, but in the dark, there were not many people aware of it.

When she speaks, her eyes are full of spring water, and her pretty face is charming. Her delicate body is still slightly twisted like a snake, just like a snake beauty, which is very attractive.

The doubles cultivated by these poisonous scorpions are not only powerful, but also changeable. Naturally, they are proficient in the basic skill of seducing men by acting.

In the first second, they may be cruel killers full of killing. In the second, they may turn into charming Daji.

Charm is born.

**Chapter 863**

Several strong men listen to the voice that the scorpion double can make the whole body numb, and then look at each other's unconscious twisting action, can't help swallowing saliva, but soon recovered calm.

"Don't move! You two control her, the rest search the car! " One of them calmly said, while sending two people to control the scorpion stand in, while personally taking people carefully around to Passat.

Wang Fanshen explained that there were two people in Passat, and now only one came out, obviously there was another person inside.

They dare not relax their vigilance.

With the order, the two fierce men immediately ran to the scorpion stand in front, forced not to look at her charming body and pretty face, rudely twisted her arms.

"Oh, brother, don't be so rude. You should be careful. It hurts people." Scorpion stand in was controlled arms, Jiao body can't help a tremor, whine in the whine gas said.

Two men listen to this, almost can't help but put the gun on the horse, but finally forced down.

This woman is really too coquettish, is simply reincarnated fox spirit, the voice is unbearable.

Of course, their efforts to control the scorpion doubles were a little relaxed. No one can bear to be rude to such a woman, even the enemy.

The others soon surrounded Passat, looking like they were facing the enemy, but when they opened the door, they were stupid.

The car was empty and there was no one in it.

"What about people? Where is your companion? " One of the men couldn't help looking at the scorpion stand in and asked coldly.

"Companion? Didn't your companion get caught? Where is the companion! By the way, Wang Fan, people want to see him. "

Scorpion stand in the white man of all kinds of look, voice crisp said.

The reason why she got out of the car naked was to attract these people's attention and make a escape for the scorpion.

The reason why she didn't do it now is that she strongly demanded to see Wang Fan, just to see if she could find a chance to kill Wang Fan.

If you can kill Wang Fan, even if she is dead, it's worth it.

"Oh? You want to see me?" Meng Nan did not speak, a faint voice came over, followed by Wang Fan appeared not far away.

"Wang Shao."

"Wang Shao."

Those men saw Wang Fan, respectfully say hello, at the same time, separate a road, let Wang Fan come in.

"Wang Fan? Are you ok?" When the scorpion double saw Wang Fan coming, she was a little uneasy. Her eyes became cold and her killing chance burst.

Originally, she didn't believe it was a bureau, but now, she did.

Nima, didn't he say that Wang Fan was seriously injured and was unconscious? Why did he come out now?

This shameless son of a bitch is so mean.

"Why, I'm disappointed to see that I'm ok? Ah, it seems that the scorpion has run away again. She is really cunning. "

Wang Fan sighed helplessly, some indignant.

He came at the fastest speed, but unexpectedly, the scorpion still ran away.

After setting up such a big situation, even song Rumei, who was far away from Jinzhou, came to cooperate. In the end, she failed to catch the scorpion, but just caught a few small fish and shrimp. How can Wang fan not be disappointed?

"Cunning?" Scorpion double sneered, "compared to your despicable, my elder sister is much better!"

"Wang, go to hell!"

She grinned grimly and twisted her arms like a water snake. In an instant, she broke free from the shackles. Then she rose up and drew a white line and rushed to Wang Fan.

No one thought that the tied scorpion double could launch a counterattack. All of a sudden, it was a big surprise!

The two men who controlled the scorpion were blushing. They both felt that they were about to lose

their lives.

"Stop her!"

"Stop her!"

After reaction, the fierce men were even more furious and rushed to the scorpion stand in one after another.

The scorpion double looks at the fierce men who are coming. There is a sneer in his eyes.

Her left foot was on the ground a little, her delicate body was in the air, and then her slender jade legs crossed an arc in the air, and she swept out.

Great momentum!

Bang!

A fierce man suffered a heavy blow on his chest, spitting blood and falling back, knocking over a large area.

The scorpion double didn't stop half a minute. Her legs suddenly went wrong. As soon as the fierce man's eyes stagnated and his eyes widened, his subconscious shortness of breath, her snake like palms had been quickly photographed.

Pop, pop, pop.

Another series of sounds, five or six men were photographed fall back, vomiting blood to the ground.

On one side of the scorpion's body, while avoiding a fierce man's iron fist, the delicate body bows slightly, and the white tenderness behind attracts a lot of attention again.

And with this Kung Fu, her delicate body has slammed into a man's arms like a shell. Jiao body into the arms, but the man is not excited, but issued a scream, was a huge force hit fly out, blood like a spring.

This scorpion stand in has brought his charm to the extreme. While using his delicate body to tempt people, he has already turned over a large area and rushed to Wang fan like a storm.

In less than a minute, she broke through the siege of more than ten fierce men and rushed to Wang fan like an angry wild leopard.

Thunderbolt, momentum like rainbow!

In the blink of an eye, she was less than three meters away from Wang Fan. At this time, her hands

suddenly grasped shangwai, arrogantly and forcefully.

Wang Fan couldn't help but stare.

The next second, she had suddenly sideways, right leg raised, fiercely pointed at Wang Fan's chin.

It's a beauty!

Her right leg is as fast as the wind, sharp and sharp.

The air seemed to be torn, and there was a hissing sound explosion.

Great momentum!

She looked at Wang Fan's wide eyed expression of consternation, and her eyes were slightly proud.

Even if the sacrifice of hue is nothing, as long as you can kill Wang Fan, everything is worth it.

It is said that Wang fan is a romantic son. When I see him today, he really deserves his reputation. However, after seeing her, we have to pay a price. What Wang Fan pays will be his life.

With the wind of hula, in the blink of an eye, the toe of the scorpion double was close to Wang Fan's chin, only less than one centimeter.

As long as you step on it, with her strength, Wang Fan will be severely disabled even if he does not die. There is absolutely no other possibility.

But at this time, Wang Fan suddenly moved.

"Ah, he's really a snake and scorpion goblin. He's really cruel." Wang Fan whispered, his right hand whew out, and then grasped the snow-white bare feet of the scorpion double.

With a slap, the double's pretty face was dull for a moment. Then she made a sudden effort, but her right leg couldn't enter any more.

"Although Wang Fan likes the beauty trick, he doesn't like to be killed by the beauty. I really can't do it when you say you look like this."

Wang Fan stares at the scorpion stand in and murmurs. The next second, his left palm has been snapped out and slapped on her chest.

Pop!

A crisp sound, scorpion double only feel a terrible force hit, in Wang Fan loose her snow-white feet

naked at the same time, the whole person has vomited blood fell out, like a dog fell to the ground.

It's hard work, it's dead.

"Your uncle!"

Scorpion double also can't help but glare at Wang Fan, reach out to wipe the blood from the corner of his mouth, and yell.

She is a little ashamed and indignant. Don't you think she can't bear it? Why is she so cruel?

### **Chapter 864**

"Scorpion double, right? Since the scorpion ran away, it's the same to kill you. Don't you like to be naked? That's just right. Anyway, you came to the world naked. Now you leave naked, and you don't need me to do anything

Wang Fan slapped the double of scorpion and did not give up. Instead, he strode forward, stepped on her bare body, and then took out his gun and pointed at her head.

The evil spirit is pressing!

"Wang, Wang Shao, you, you have the heart to kill people?" Scorpion double eyelid jump, heart emerged a moment of fear, but soon calm down, make a pair of people see still pity expression.

She didn't believe that Wang Fan really had the heart to kill such a charming creature.

"I can't bear it." Wang Fan's mouth, the next second -

bang!

It blew up the head of the scorpion stand in.

The scorpion stand in collapsed in the pool of blood and died.

All the people at the scene watched this scene, but they couldn't help it. It seemed that they didn't expect that Wang Fan actually killed the scorpion substitute in this way.

That's a naked beauty. How did Wang Fan do it?

Looking at this scene in the distant night, I was also shocked.

Only now did she realize the horror of Wang Fan.

Although Wang fan is romantic, he will never lose his mind because of the beauty. This is a very calm

and terrible man.

Although Wang Fan also killed a scorpion stand in the ward before, the scorpion stand in has been reconciled. How can he compare with the scorpion stand in front of him who is naked and seductive?

"Buried." Wang Fan explodes the scorpion's double head, spits out two words in his mouth, and then goes back to the hospital directly.

He didn't go after the scorpion, and he didn't ask the whereabouts of the double scorpion, because he knew it was meaningless.

With scorpion's caution, it's impossible for the three doubles to know their whereabouts. And they don't even have a mobile phone, which makes Wang Fan unable to start at all.

The fierce men looked at the bloody scorpion stand in, no nonsense, directly drag it to the car, quickly away from here.

No matter how beautiful the snake and scorpion are, there will be no temptation when they die. What's more, this snake and scorpion beauty now has half of her head exploded, and her body is still bloody. It gives people nothing but horror.

Eight pine gymnasium.

The concert of Han Guotian group is going on.

The three tall and handsome opals of Hanguo are so bright and divine under the stage lighting.

While they roar songs heartily, they do all kinds of cold actions, which can be described as brilliant.

"Handsome, so handsome!"

"Oba! Europa! I MAIGA, my God

"I'm going to have children for you!"

Now, those little girls are totally crazy watching this scene.

Screaming, screaming, shouting, their eyes are full of blind worship, full of hot little stars.

To them, these Europas are the male gods, the supreme existence in their hearts, and no one can blaspheme them.

What's more, these three people are still famous stars in Han country. They are as famous as the king of heaven.

Chu Wei looked at this scene, but also shook his head, while telling the brothers to maintain good order on the scene, do not make any mistakes, while routine around patrol.

Huang Tingting is on the other side, also paying close attention to the scene.

She had planned to come to Beijing to see Wang Fan, but she came a little late and happened to catch up with Han Guotian group's performance, so she came to the scene first.

She plans to go to Wang Fan after the concert.

As for the news that Wang Fan was seriously injured and hospitalized, no one told her, so she didn't know at all.

Soon, the concert will be near the end, Huang Tingting Chu Wei asked people to maintain the scene, at the same time separated a part of the people to Han Guotian group evacuation channel walked past.

This is the time when accidents are most likely to happen. Once Han Guo Tian Tuan is attacked by those brain damaged people at the time of leaving, it will be a matter of dereliction of duty, and even the reputation of the company will be damaged.

There are a lot of brain powder has been waiting for the passage in advance, holding up the name of the three countries Europa brand.

As long as they can have close contact with their idols, they can do anything. If you can take photos and kiss, you will be happier.

"Don't move, don't move, everyone calm down. Once there is a stampede, it will be dangerous."

Chuwei Huang Tingting roared and called her brother to pull up the cordon to isolate the fans.

Their hearts are speechless. They are all Chinese. Why do they respect Han people so much.

Just in this case, where would anyone listen to Chu Wei and Huang Tingting, they are all rushing in, trying to get close to their idol.

Although Chu Wei and others were helpless, they still suppressed the scene and did not let them cross the cordon. Three minutes later, three tall and handsome oba came out. The guy in the middle was 1.8 meters tall, tall and handsome, with bright eyes.

He was also dressed in a black thin clothes, which perfectly showed his figure, and even made those brain powder scream.

Although the two on his side are less attractive, they are both handsome and masculine.

One of them has yellow hair and is very handsome. The other one has a braid and is very cold.

In front of them and behind them, there are more than ten bodyguards with big suits. Those bodyguards protect the three closely in the middle. They are powerful and domineering.

"Han Youji! Han Youji! I love you

"Liao Taiming, you are so handsome. Take a picture with me."

"Golden star, I love you so much, I want to give you a baby!"

Those brain powder watching this scene, scream more Huan, especially those little girls, is struggling to squeeze forward.

But Chu Wei's bodyguards are not vegetarians. No matter how strong the girls are, they can't squeeze in.

Han Youji, Liao Taiming and Jin Xingxing look at this scene, their expressions don't change much. They all seem to have been used to it. They are high above the others and don't squint.

Their expression gives people a cold and arrogant feeling. Those little girls not only stop restlessness without disappointment, but also become more crazy.

"Don't crowd, don't crowd, it's dangerous, it's easy to cause stampede." Chu Wei and Huang Tingting are sweating when they look at this scene. They yell and try their best to stop the brain powder.

Now they just ask the three guys to leave quickly, and then they can finish the team perfectly.

But, contrary to their wishes, at the moment when the three obviously reached a certain position, an enchanting and beautiful woman suddenly went through the shackles of Chu Wei's hands and rushed directly to the three stars.

"Han Youji, I admire you so much. Take a picture with me." Women at the middle of the bald star, eyes hot scream.

Han Youji looks at this woman, eyes can't help but shine for a while, is about to speak, two Wang fan'anbao elite has quickly run to the woman.

"Hello, madam. You are not allowed to enter here. Please go out." One of them said in a very polite tone.

Pop!

However, it was two slaps that responded to him.

After the woman slapped the elite with her backhand, she screamed, "what are you, who are you to talk to my idol?"

"It's just a group of dogs watching the game. Do you have such a big right? Get out of here! Get out of here

The atmosphere was subtle for a moment.

## **Chapter 865**

The bodyguard also covered his face, and there was a flash of anger in his eyes.

He didn't expect that this woman should be so arrogant and domineering. He just gave a polite advice and got two slaps.

But he knows that in this case, there is no way to fight back.

If the other party is a man, he can slap back, and then blow out the cordon. After all, the other party is a woman, or such a beautiful woman.

Sometimes, women do have many privileges.

"What are you doing standing there? Why don't you go away? Don't influence me to take pictures with my idol! What, you think you're human in a suit? When it comes to heads or dogs in human skins? "

Women are reluctant, and their words are vicious.

She scolded once again, and then turned to look at Han Youji among the bodyguards. Just in the moment of looking at Han Youji, her expression has no previous domineering, but extremely gentle.

"Han Youji, I love you so much. Why don't you take a picture with me? It would be better if I could have a hug. " Her eyes were full of little stars.

Han Youji looks at the woman who is changing rapidly, and his heart is also very moved. Especially looking at a woman's pretty face that adores her, her eyes are filled with pride.

Such a beautiful and enchanting woman, such an aggressive and sharp woman, is as gentle as a female cat in front of her. What a great sense of achievement it would be to be able to overcome her.

He was moved.

Wang fan'anbao's two bodyguards frown slightly, and are planning to directly take the woman away from here. Han Youji has cold mouth.

"You go down. It's rare for fans to take pictures with me. I can't chill the hearts of fans. What's more, they are my parents. I can't let them down. "

When Han Youji talks to Wang fananbao's elite, he is just like a superior king, facing his own people.

But when it comes to fans, it shows a low-key humility and awe inspiring righteousness.

"See? Did you see? Han ouba said so. What are you doing there? Why don't you get out of here? "

Listening to this, the woman roared at the two Wang Fan'an bodyguards, then looked at Han Youji with small stars in her eyes, "Han Youji, you are so wonderful. I love you so much."

Although the two Wang fan'anbao bodyguards were frustrated, they had no choice but to retreat outside in anger.

This is an insult. Although they are bodyguards, when are they inferior? Outside those small fans to hear Han Youji's words, it is become crazy.

"Get out of the way, you get out of the way, I want to take a picture with the idol, don't stop us?"

"Damn it, didn't you hear hanuba? We are Han oba's parents. You dogs can stop us? "

"Go away, go away. If you stop me again, I will do it."

They side of angry squeeze scold, side language Diao poison of roar scold up.

Enchanting women make a good start for them. They also try to get close to their idols in this way, and even take pictures and hugs. Of course, if you can warm the bed, isn't it more beautiful?

This time, there was some confusion on the scene, and Wang fananbao's elite situation became difficult.

They only have dozens of bodyguards. How can they resist such crazy brain powder?

What's more, the brain powder is no longer simply pushing inside, even grabbing, scratching, trampling and kicking. It's very sharp and extreme.

"Don't squeeze, don't squeeze, it's easy to have an accident if you squeeze down like this!"

"Don't make trouble. If you want to take a picture with your idol, you can queue up and let your idol choose. Don't be so crowded."

The bodyguards roared with sweat, but it didn't help at all.

In the face of those brain disabled women's scratching and kicking, they are not good at fighting back, they can only endure.

These are all women. How can they do it?

Once it's done, it's expected to be on the front page tomorrow.

Inside, the woman who has begun to take a picture with Han Youji looks at the scene, with a smile flashing from the corner of her mouth, but it is not noticed.

"What's the matter, what's the matter?"

Chuwei Huang Tingting sees something wrong and rushes over quickly.

"Get out of here!" But they just said a few words, a woman's sharp nails have been stabbed in Chuwei's face, immediately picked out two fingerprints.

Chu Wei eats the pain, can't help but use a hand to block, another woman's high heel already ruthlessly poked in his foot.

Chuwei grinned again and began to fall back.

Huang Tingting looked at the scene and was shocked. She quickly backed Chu Wei back and yelled at the two women, "what are you doing? Who asked you to do it? "

Pop!

But in response to her, it was a cruel slap. A well-dressed, little girl like woman slapped hard on Huang Tingting's face, the corner of her mouth can't help but be arrogant and upturned, "my mother is fighting, how can you be such a bitch?"

"I will not only beat him, but also beat you! Damn, it's just a bunch of dogs. Why should we stop taking pictures with idols? Whoever dares to stop me, I'll kill him! "

Huang Tingting angry, obviously did not expect these brain disabled women so crazy.

Pop!

Just don't wait for her to speak, another woman's slap again ruthlessly on her face, "get away from me! Dare to stop me, I'll kill you! "

"I know you. You're the head of this group of dog bodyguards. If your subordinates don't let me take a picture with the idol, I'll beat you!"

A word makes a thousand waves!

Next to the brain disabled woman listen to this, have locusts toward Huang Tingting side crowded over.

Everyone knows the truth of catching the thief first. Since Huang Tingting's bodyguards stop them, they will move Huang Tingting.

The atmosphere at the scene rose suddenly.

Huang Tingting got two slaps, white pretty face has more fingerprints, but also red. However, she did not cry, she just stepped back.

But she only focused on retreat, but did not pay attention to the back, accidentally close to those outer circle bodyguards around Han Youji.

When one of the outer circle bodyguards saw Huang Tingting approaching, he didn't hesitate at all. He just kicked out with one foot and yelled, "get out of the way, don't get close to us three little!"

These bodyguards have been following Han Youji all the year round, and they have developed a supercilious appearance.

And they, who are used to seeing beautiful women, are basically immune to beautiful women. They are totally merciless when they start.

What's more, Huang Tingting is not a fan of Han Youji, but a small head of a group of bodyguards, so they have nothing to care about.

Caught off guard, Huang Tingting was kicked in the back, and the whole person flew out like a broken kite.

With a twist of his waist and a slap, he directly fell on the ground in confusion, with a pale face.

"Damn it Chu Wei saw this scene, can't help it any more, completely angry!"

He rushed directly to the two women in front of them, slapped them wildly, and then looked at Han Youji's bodyguard viciously, "hit the people in our company, right? Give me the fuck

After hearing Chu Wei's order, the bodyguards, who had long suppressed their anger, only left a few people to control the brain powder, while the rest rushed towards the bodyguard.

The crowd is brave, the arrow is drawn!

**Chapter 866**

"Protect idols, protect idols, don't let them hurt our male god!"

"Oba, I'm here. I'll protect you!"

"Dead dog, go away, dare to hurt our idol, I'll fight with you!"

The group of brain powder saw Chu Wei's men running towards Han Youji's bodyguard, and suddenly became more crazy.

But at this time, Wang fananbao's elite no longer keep hands, even if they are crazy, they can't break through the cordon.

"Pa pa"

a few brain disabled women, who are the happiest, the most fierce and most vicious, are slapped in the face by the bodyguards.

That white pretty face instantaneous more fingerprints, the corner of the mouth spattered blood fell back, no longer dare to step forward.

The rest of the mentally handicapped women were also shaken by the fierce eyelids of the bodyguards, and suddenly they stopped.

The reason why they rushed and yelled was that these bodyguards did not dare to fight them, which encouraged their arrogance.

Now that people are merciless, how dare they make mistakes?

No matter how upset they were, no matter how unwilling they were, no matter how resentful their eyes were, they did not dare to rush forward.

They are just a group of ordinary women, where can they be the fierce bodyguard opponents?

At this time, Chu Wei and his party have stormed to the bodyguard, like a wolf.

Han Youji three people look at this scene, face big change, "what do you want to do, what do you want to do, you reverse?"

"I paid you to come here to keep the order of the scene, not to fight my bodyguards and fans? Do you believe that a phone call from me will make you doomed? "

His group of outer circle bodyguards are also emotional anger, "counter counter, dare to fight us, this is your death!"

"Laozi is the king of retired soldiers. One can beat ten of you!"

"Damn it, we're going to kill them!"

"A group of rotten dog bodyguards dare to be arrogant in front of us. They are looking for their own death!"

"At that time, an ox coaxed a young man to rob a woman from Han Shao with his identity, and he also took a bodyguard who claimed to be making hundreds of millions a year to fight against us. We all interrupted him and went to the sea to feed the fish. What the hell are you?"

The atmosphere was high and the arrow was drawn.

Those outer circle bodyguards roared and roared, and rushed towards Chuwei and his party.

Fierce and fierce!

The two sides soon crackled together, and the whole scene was in complete chaos.

Han Youji's bodyguards may be good, but they are just a group of unskilled characters after all.

Facing the fierce Wang fanan, how can he resist?

In a few minutes, those bodyguards who call themselves the king of soldiers and fight ten have been thrown to the ground, and they can't get up like dead dogs.

The eyes of the two bodyguards are full of ferocity. They rush to Chuwei and want to take the thief's head.

Just as they just rushed to Chu Wei's face, Chu Wei's right fist was thundering out and hit one of them on the bridge of the nose.

PA

the guy's nose bone broke instantly, and he fell back.

Just at this time, another guy's fist had been pounded on Chuwei's back.

Bang

another crisp sound, Chu Wei fell to the ground and spat out blood.

He only started training recently. It's very good that he can beat a good quality bodyguard. How can he be an opponent when facing two people?

The guy's fist worked. There was a flash of ecstasy in his eyes. He was going to rush up to control Chuwei directly.

One of Chu Wei's subordinates had already rushed over, and his right leg raised the thunder and swept his head.

Boom

the guy spewed blood from his mouth and nose, and the whole person was swept straight up, turned several circles in mid air, and then fell to the ground.

There was a lot of blood.

"Son of a bitch!" Han Youji three people look at this scene, face big change!

But they did not change the fear, but also emerged in the eyes of a ferocious.

Cila, cila, cila

the three men tore off their clothes in an instant, and then rushed to Wang Fan'an's bodyguard.

Great momentum!

If Wang fan is here, he will feel that these three Europa stars are still masters of the day after tomorrow.

The three soon rushed into the crowd of Wang fan'anbao bodyguards. Their fists hit the flesh, their feet broke the bones, and they were in a terrible mess.

Within ten seconds, more than ten bodyguards were overturned and wailed, no longer fighting.

Watching this scene, the audience was shocked.

No one thought that these three guys had such skills.

Those brain disabled women's eyes are again out of the small starsit's fanatical

handsome, it's so handsome!

Being able to sing, dance and fight is the perfect man!

"Son of a bitch, those who move me are very powerful. Who gives you the courage?"

"The tiger doesn't get angry. Do you think I'm a sick cat?"

"I haven't done it for more than three years. You're a group of dogs. You're very kind!"

"Those who dare to touch Lao Tzu, those who dare to touch Lao Tzu fans, one of you fuckin 'count as one, all of you will be disabled today!"

Han Youji three people over ten people, but did not stop.

While they roared, they rushed to the other bodyguards madly again.

Before Han Youji got close to the bodyguards, his body suddenly soared into the air. With a beautiful sweep kick in his right leg, he kicked the three elite players in front.

Come on!

Sure!

Cruel!

It's not only beautiful, but also full of lethality.

The three bodyguards didn't have time to escape, so they were swept. Their chest bones were smashed, and they flew out with blood.

"Son of a bitch, I'll kill you!"

A bodyguard saw this, instant rage, crazy Korea Youji rushed over. The powerful style of the fist smashed Han Youji in the back of the head.

As soon as Han Youji's face changed and his body slightly turned, he let the bodyguard give him a powerful and heavy fist. Then, without waiting for his fist to be taken back, he reached out and pinched his hands tightly.

Then, a gorgeous fall over the shoulder.

Click

this is the sound of the bodyguard's arm being pulled off.

Whoosh

then, the whole bodyguard was thrown out, spitting out a few mouthfuls of blood mist in mid air.

Miserable, fierce!

Han Youji overturned the man, then got up and strode toward Chu Wei.

His boots on the ground, made a sound, very powerful, also very rhythmic.

At this moment, he seemed to return to the stage, and once again became the focus of the audience.

Those brain powder, eyes shining, breathing again become urgent up.

Even some excited, legs can not help but tightly clamp, the emergence of a wet tide below.

Chu Wei looked at the cold Han Youji, but his eyelids couldn't help jumping up.

He wiped the blood from the corner of his mouth and climbed up with difficulty.

Even if Han Youji is stronger than him, he will not be afraid. Even if he knows that the end is not good, he will not shrink back.

He is Chuwei, with his own dignity and pride.

Han Youji quickly came to Chu Wei, his eyes cold, chilly, "hit my bodyguard, right? Hit my fans, right? Who gives you the right, who gives you the courage

He pointed to Chu Wei's nose and yelled. The next second, he squeezed his hand into a fist and blasted it heavily.

Chu Wei's eyelids jumped, his arm resisted, but he couldn't stop it at all!

Bang!

One punch!

Chu Wei falls back a few steps, the corner of his mouth overflows with blood!

Han Youji's step is not stop, step forward again, and hit heavily!

Bang!

Second punch!

Chuwei's face turned pale with a loud click on his arm!

Han Youji still didn't mean to stop, so he continued to get close to him and made a third blow

Yes, she is a scorpion.

After escaping from the hospital, scorpion comes directly to bakeisong. She just wants to take advantage of the opportunity to lead Wang fan out of the hospital, and then wait for the opportunity to take advantage of the chaotic scene.

"You, who are you? Why do you knock down my cell phone?" Huang Tingting is very angry. She stares at scorpion and scolds him.

She wanted to slap the scorpion twice, but she got a foot in the waist and half sat there. She couldn't reach the scorpion's face, let alone lift her strength.

"Bitch, just ask for help, please! Not only did I knock off your cell phone, I'm going to call you. "

Scorpion a cold smile, pull Huang Tingting hair, slap then crazy fan in the past.

With a series of sounds, Huang Tingting's tender face was suddenly swollen by the fan, no longer human.

This is still the reason of scorpion's mercy, otherwise, her slaps are enough to kill Huang Tingting.

After the death of three doubles overnight, Scorpio's heart is filled with anger. Now she knows that Huang Tingting is Wang Fan's person, so she has to vent her anger.

If it wasn't for her fear of killing Huang Tingting, which would cause agitation on the scene and alert the police, she would have slapped Huang Tingting to death.

Huang Tingting's grief and indignation, this woman is too bastard, too spicy.

If it wasn't for this woman, how could the scene become like this?

She wanted to kill scorpion regardless of everything, but she knew she couldn't do it at all.

"Is Wang Fan's woman? Wang Fan killed three of my doubles and forced me to run away. I'll settle this with him. "

The scorpion slapped Huang Tingting a few times, then stepped forward and crushed Huang Tingting's mobile phone. The words became vicious, "I would like to thank you for calling. If it wasn't for you, I'm afraid he wouldn't know what happened here."

"Don't worry, you can live another hour. When I kill Wang Fan, I will send you to hell."

Scorpion grimly said, in Huang Tingting Jiao body rub a few times, and then a slap in her throat, let her speechless, and then flashed to the crowd.

Hearing this, Huang Tingting's face suddenly changed.

She knew that all this was purposefully done by the woman in front of her.

She wanted to give Wang Fan a phone reminder, but she didn't have a mobile phone. She wanted to remind her companions, but she couldn't make a sound.

Heartache and suffering.

Over there, Chu Wei has been hit by Han Youji's eight fists. His fists are shocking, and his fists are bloody.

Chu Wei not only broke his arms, but also collapsed his chest. His whole body was stained with blood.

But there was no fear, no trembling in his eyes, and some were just indescribable rebellious.

He stares at Han Youji and says, "son of a bitch, if you have seed, you will kill me. If you can't kill me today, I will kill you! "

His heart was full of grief and indignation. He thought it was just a small security task. How did it develop into such a situation?

Not only the brothers who brought them were maimed, but also he was insulted!

Han Youji, such a group of people, is simply deceiving people too much!

Han Youji listens to Chu Wei's words, disdains to smile, fiercely kicks out, and vigorously kicks Chu Wei's broken sternum.

With a slap, Chu Wei screamed and fell to the ground.

Without waiting for Chu Wei to struggle, Han Youji stepped forward again and stepped on him, "kill me? How did you kill me? "

He stares at Chu Wei, scornful sneer, "just a tiny security company, dare to say kill me, Han Youji? What do you count? Believe it or not, when Lao Tzu was angry, he directly picked up Wang fan'anbao? "Han Youji is very arrogant, "although I Han Youji is only a star, I can communicate with top dignitaries. It may be difficult to step on others, but it's more than enough to step on a security company."

"Don't say you're just a small person in charge of a security company. Even if you're the boss of a security company, what can you do? I, Han Youji, also said, "step on it."

"When I held a concert abroad, a noisy royal family was shouting with Lao Tzu by virtue of his identity.

Lao Tzu beat me and maimed me and fed the dog. What the hell are you?"

"Believe it or not, with a phone call, I can step on your Wang Fan security guard and be doomed?"

Han Youji roared, shaking his heart and pressing his voice.

Domineering.

The scene is a series of dead silence!

What is a man? That's it!

Domineering!

It's so domineering!

Those mentally handicapped women's eyes are glowing, and they can't hold any longer.

Even if Han Youji asked them to take off their clothes and sleep with them, I'm afraid they would not hesitate.

"Oh, really? I don't believe it! Now I'll give you ten minutes to call. I'd like to see how you trampled on Wang Fan's security guard

In the dead silence of the scene, a light voice came from a distance, and then Wang Fan came in with Su Weiwei, night and song Rumei.

Su Weiwei, dark night and song Rumei are all long characters who bring disaster to the country and the people.

Su Weiwei is a little bit better. Although she is beautiful, she looks gentle and virtuous, just like her sister next door, giving people a sense of approachability.

The night is different from Song Rumei. The night is like a cold leopard. The air-conditioning is pressing and the aura is strong. At first sight, not everyone can get close to the master.

Although song Rumei is not so cold as the night, she has a sense of emptiness in her body. The whole person is just like the nine fairies above, which can be viewed from a distance but not profaned.

Wang Fan's voice, together with the appearance of Wang Fan's four people, completely attracted everyone's attention and shocked the whole audience.

Everyone is guessing who Wang fan is and how dare he rise up in this situation.

Although Wang fan doesn't look so high-profile or bright, as long as you look at Su Weiwei, who is closely behind him, you can set off his identity and know that he is absolutely not simple.

Those who don't know Wang fan are OK. Those who know Wang Fan suddenly shrink their pupils, and their faces change completely.

Wang Fan, Wang Shao?

This killing God has come!

It seems that things are getting worse and worse!

Han Youji three people those brain powder, is looking at Su Weiwei three people, in the eyes flashing jealousy at the same time, to Wang Fan also produced great hostility.

This son of a bitch dare to yell at Han ouba. He is looking for death!

### **Chapter 868**

Chu Wei and his bodyguards were relieved to see Wang Fan appear.

Since Wang Fan has come, it shows that their crisis is gone.

Next, it's time for Han Youji and others to have a headache.

In their eyes, Wang fan is a God, the supreme existence in their heart.

In their eyes, Wang fan is omnipotent, even if the sky falls down, Wang Fan's not wide arm can support a sky for them.

Only Huang Tingting's eyes are full of worry. She subconsciously searches for poisonous scorpions, but there is no trace of poisonous scorpions at all.

She would like to tell Wang fan that this is a bureau, a bureau set by an enchanting woman, whose purpose is to force Wang Fan to appear.

She wanted to remind Wang Fan to be careful, but she couldn't do it at all.

She could only watch Wang Fan step by step and let her tears wet her red and swollen face.

"what are you, dare you talk to Han Shao like this?"

"Damn, do you want to die? Don't you know how to write death?"

"Son of a bitch, you want to die!"

No one thought that Su Weiwei, who is as gentle as Lin Jia's sister, should be so tough and not so gentle.

Su Weiwei was originally mixed with Bai Xiaoren, and has developed a arrogant character. It was only after following Wang fan that he became mellow. Of course, she is only gentle to Wang Fan.

There is no woman in her eyes. As long as she dares to threaten her and insult Wang Fan, she is merciless.

What's more, Su Weiwei also knows that this is likely to be a poisonous scorpion's game.

In this case, night and song Rumei should pay close attention to the surroundings and protect Wang Fan's safety. She is the only one who can do it.

Su Weiwei turns over a large group of mentally handicapped women and frightens everyone. Then she slowly returns to Wang Fan and becomes as gentle as a cat again.

It's as if those mentally handicapped women are not beaten by her at all.

This scene once again made a lot of people choke.

Even Han Youji had a touch of jealousy and even anger in his heart.

Wang Fan wait for the whole audience to calm down, this just look at Han Youji, light mouth, "I'm not something, just their group of bodyguards boss."

He added, "that's what you call the chairman of a tiny security company."

Wang Fan's expression was flat, and he could not see his happiness and anger. "I heard that someone was going to pick up Wang fan'anbao, and even a phone call was going to make our company doomed."

"I also heard that for me, the president of the security company, people would step on me if they wanted to. I was a little scared, so I came

Wang Fan said, has come to the nearest Huang Tingting in front.

When Huang Tingting saw Wang Fan appear, she had surprise, loss, shame and grievance in her eyes.

She wanted to rush into Wang Fan's arms and cry, but she couldn't get up at all.

She didn't want Wang Fan to see her now such a miserable look of embarrassment and swollen cheeks, but she still had no way.

She also wanted to remind Wang fan that this was a woman's Bureau, but she couldn't open her

mouth. Wang Fan looked at Huang Tingting, pupil suddenly shrunk, but soon returned to normal.

She gently stroked Huang Tingting's pretty face, indicating that she didn't care, and then her fingers lit on her body.

At the same time, Wang Fan looked at Han Youji again, "didn't you say you want to step on me? How do you want to step on me?"

"Don't you still say that a phone call can make our company doomed? Then you call. I'll give you time. I'll wait for your doom. "

Although Wang Fan's words are plain, they are full of strong confidence and confidence.

He is just like the giant above, scorning mole ants, which is a kind of dignity and arrogance that scorns everything.

Han Youji doesn't like the feeling of being scorned, especially Wang Fan's superior appearance.

As if Wang Fan's appearance, robbed him of all the limelight in general.

He grinned, ferociously pointed to Wang Fan, "step on you, I don't need to move help! As for your company, it's not urgent. "

"Wait until I step on you, and then move your company slowly. Don't worry, you will try to feel doomed soon."

What the hell? I'm a great master, a great star, a great Europa. Even if there are countless Royal girls and fans, I haven't seen song Rumei, a woman like night?

Why did they follow Wang Fan instead of Han Youji?

Wang Fan dares to provoke him and despise him. He must teach Wang Fan a lesson, and then trample him on the ground and insult him wantonly.

At that time, I'm afraid these two women will turn to the light?

Han Youji coldly said, stabbed, pulled off a few buttons, half a strong chest exposed. Then he raised his sleeve and rushed to Wang Fan.

"Ah! Han ouba is too man

"Ah! Han ouba has made a move. That son of a bitch must be finished! "

"Ah! Han ouba, kill him, kill him

Those brain disabled women look at this scene, immediately recovered, scar forget pain, again can't help but see stars, began a sharp roar, have to cheer for Han Youji.

Han Youji looks at those excited little fans with a little balance in his heart, and his momentum is even higher.

He suddenly raised a breath, instantly accelerated speed, crazy close to Wang Fan.

When he was about three meters away from Wang Fan, he pointed his left foot on the ground, and the whole person leaped up in the air, then drew an arc on his right leg, and directly and ferociously split to Wang Fan's head.

It's such a gorgeous move, elegant and beautiful, but extremely sharp!

Those brain disabled women watching this scene, but also can not help but scream up again, shaking chest pinch legs, climax.

In their opinion, Wang fan is dead!

At this time, Wang Fan just finished the treatment for Huang Tingting and got up.

### **Chapter 869**

"Wang Shao, be careful!"

Even if those Wang Fan Anbao elite know that Wang Fan will not be in any danger, but looking at this scene, still some people can't help but scream to remind them.

Whoosh!

While the scream came out, Han Youji's right leg was close to Wang Fan's head. It was like a storm wave with amazing momentum.

Looking at this scene, Wang fan'anbao and other people can't help but pinch their breath for Wang Fan. Even Huang Tingting can't help but close her eyes.

"It's just a shame to be flashy." Wang fan is disdain a smile, muscle in an instant tightening, right hand into a fist, and then hard to blow out!

Boom!

First there was a loud noise, then -

CLICK!

Han Youji's right leg in the crowd's incredible eyes, instantly bent, and then cracked.

Then, accompanied by a crackling sound, Han Youji's whole right leg seemed to be blown out from inside by a bomb, and began to break into pieces, with red blood gushing.

Blood all over the floor!

"Ah

Han Youji a painful howl, in that huge strength, the whole person flies out like a dead dog and falls to the ground.

It's a dead silence!

There was no sound!

No one thought that Wang Fan, who is not good-looking, should be so terrible.

As strong as Han Youji, they are all knocked down and disabled by Wang Fan!

You know, Han Youji has shown great fighting power before. Those Wang fananbao elite are not rivals at all.

In particular, Han Youji's gorgeous and sharp leg had directly knocked over several Wang fananbao elite.

But now, the same gorgeous foot, how was Wang Fan blasted into slag?

Dead silence!

The whole audience is dead!!!

"Ah! no You dare to hurt Han ouba, I'll fight with you! "

"Impossible, impossible! How could that be? "

Han Youji those brain powder look at this scene, can't believe it. In the short silence, they screamed crazily. They felt worse than their dead parents.

Several mentally handicapped women can't bear it, and want to rush forward to seek justice for the male god. But after taking Su Weiwei's slap, they wake up instantly.

"You, you dare to move me, you dare to waste my right leg?" Han Youji is more incredible, after returning to God, his eyes flicker out of madness and resentment.

He is a master, he is a star, he is Europa!!!

His status is prominent, contacts are top dignitaries, a bright future!!!

He still has a lot of fans, many fans don't have Cao, and he hasn't played with Baiwei life. How can he tolerate being disabled?

He's only in his thirties. How can he tolerate spending the rest of his life in a wheelchair?

Crazy, venomous, unbelievable!

But it soon turned into anger!

He's going to kill Wang Fan! He must kill Wang Fan! Otherwise, it's hard to get rid of the hatred!

He not only wants to kill Wang Fan, he also wants to kill all the people related to Wang Fan!

Men's killing, women's humiliation and then killing, one can not let go!

Wang Fan listened to Han Youji's words, only sarcasm in his eyes, "your legs are broken into slag, do you say I dare to move you, dare to scrap you?"

"You have threatened to trample on me, and my company is doomed. Do you expect me to stay?"

Wang Fan disdained to say, eyes suddenly become cold, "what's more, you moved so many bodyguards in our company, can you still expect me to let you go?"

"They are all my people, but now they are humiliated in your hands. As their boss, I always have to do something for them."

"Don't worry, it's just the beginning. It's far from over. Blood debts need blood intestines! "

"Don't you want to trample on me? Don't you want to trample on my company? Well, I'll fight with you today to see whether you trample on me or I trample on you! "

Wang Fan said, strode to the ground of Han Youji body, in his frightened eyes, did not hesitate to step on his other leg.

Click!

There was another violent sound. Han Youji's other leg was crushed, and his sharp bones pierced his skin and flesh. His blood was dazzling.

Those brain powder looking at this scene, some can't help crying, it feels like the death of their parents in general.

Han Youji couldn't help but howl again, and his anger expanded to the extreme.

Unfortunately, in this case, it is difficult for him to resist and do nothing at all!

He, completely abandoned!

Han Youji didn't expect that Wang Fan was so ruthless and decisive that he directly and mercilessly abandoned his legs. The other two Europas, Liao Taiming and Jin Xingxing, came back to their senses. Their eyelids could not help choking. At the same time, their hearts were filled with anger.

"Son of a bitch, you are finished, you must be finished!"

"Dare to challenge us, dare to touch us, kigo, you're dead! We will not let you go. You will die, and so will your family

They couldn't resist the threat of anger, but they didn't dare to rush up.

Although their strength is good, they are much worse than Han Youji.

Han Youji is not Wang Fan's opponent, how can they beat Wang Fan?

Wang Fan listened to this, frowned, eyes in the moment jumped up the murderer, "Oh, I'm dead, my family are going to die?"

He asked with a sneer. The next second, he rushed to them like thunder.

"Tranquil!"

The cold voice spreads out, Wang Fan's slap has already drawn fiercely on the yellow hair gold constant heart face!

With a slap, Jin Hengxin's left face bone was smashed instantly, and his red flesh and blood were ejected from his mouth. At the same time, he hit the ground hard and couldn't get up any more.

His face is completely destroyed!

"If I guess correctly, did you two deal with our employees just now? I wanted to deal with you later, but since you are in a hurry to die, don't blame me for being impolite. "

Wang Fan said with a sneer, kicking Jin Xingxing aside like a dog, and then rushed to the braided youth Liao Taiming.

Liao Taiming's face changed greatly and he stepped back quickly.

How did he not expect that Wang fan should be so cruel and violent, and he would do it if he didn't agree!

Is it not enough for him to step on Han Youji's legs? How dare you touch both of them?

It's a pity that Liao Taiming can't think so much.

Wang Fan has been forced in front of him like a ghost.

"Go to hell!" Liao Taiming's liver and gall want to crack! He resisted his fear, gritted his teeth and roared, then hardened his head and punched Wang Fan hard!

Wang Fan cold smile, right hand suddenly out, a grasp of his wrist, and then crazy twisted down!

Click on it

Liao Taiming's arm was instantly twisted into a twist, his eyes were splitting, and his scalp was numb!

At this time, Wang Fan has pulled the braid behind him, and then hit the side wall.

"What did you say? You want me to die? You want my family to die? I want to see how you want my family to die! "

With Wang Fan's cold voice, Liao Taiming's head has been in close contact with the wall.

There was a big bang and blood splashed.

Once again, the audience was dead.

At this point, an hour ago, the bright and charming Europa of Hanguo tiantuan suddenly became a bloody dead dog.

Han Youji looked at this scene, can no longer help, pinch out the mobile phone to dial the backstage phone, "Bei Shao, I was called!"

Wang Fan, who has a sharp perception, can't help jumping when he hears Han Youji's call for help.

How about beishao? Which shell is less?

At the same time, Liu Mei, a poisonous scorpion hidden in a dead corner not far away, can't help wrinkling and takes out his gun to aim at Wang Fan.

She is very do not want to understand, Wang Fan contact Huang Tingting has been so long, how not toxic attack?

But she had no time to think so much, since the toxicity did not attack, she could only shoot.

Now the situation has been controlled by Wang Fan. If she doesn't do it again, there will be no mobile phone.

## **Chapter 870**

Scorpion take a deep breath, let his whole person completely calm down, reached a nearly ethereal level.

Only in this way, her strength, her marksmanship to maximize the level of killing Wang Fan's grasp will be greater.

For any warrior or killer, we should never be impetuous.

Ten seconds later, scorpion's eyes burst into a dazzling light, and then slowly pressed the trigger, "goodbye."

Come on!

The piercing gunfire resounded, the bullet whistled toward Wang Fan, and a sneer appeared in the corner of scorpion's mouth.

A distance of more than 10 meters is a flash for a bullet. No matter how powerful Wang fan is, he can't escape.

But at the moment of the bullet, the accident happened.

"Ah! You dare to move me, oba, I'll fight with you! " I saw a little girl like woman suddenly rushed out of the crowd, holding a middle finger long hairpin, crazy and ferocious toward Wang Fan.

This woman is just the brain disabled woman who beat Huang Tingting before, and she also adores Han Liaojin.

She really can't stand her idol being beaten and disabled. She just feels that her heart is broken, and she has almost lost her mind.

Just, she hasn't rushed to Wang Fan's body, pounce on the ground, sharp bullet then madly burst into her back brain.

Her back brain burst like a watermelon, and her whole body fell to the ground while her blood flew.

Death, her hands are dead grasp hairpin, eyes full of ferocious.

"Ah! Kill

"Run

Looking at this scene, all the people in the audience couldn't help it, and then they screamed and hid around.

They are ordinary people, where have they seen such bloody scenes, or use guns directly?

What a mess!

The whole scene is in a complete mess!

Wang Fan eyelids also can't help a jump, quickly grabbed Huang Tingting flash to the corner.

His heart also exuded a cold sweat, can not help some fear.

If the little girl didn't rush out, I'm afraid it would be him who was killed.

Wang fan is incredible. You know, since he came here, although he seems to have been stepping on Han Youji and others, he has not relaxed his vigilance.

Even so, Wang Fan was only aware of the danger at the last second of the scorpion's shooting, and he didn't even have time to make an evasive response.

This scorpion is really terrible!

When Wang fan pulls Huang Tingting to the corner, the night and song Rumei's two daughters are already running towards the scorpion.

Wang Fan brought them here to deal with poisonous scorpions. Now poisonous scorpions may appear. Where will they miss the chance?

"Baga!" Scorpion a gun failure, can't help but use mother tongue burst sentence rude! She didn't hesitate at all, and didn't even plan to fire a second shot. She put away the gun and flashed away.

She knew that she could not kill Wang Fan today. She must leave at once, otherwise, I'm afraid she won't be able to leave.

Scorpion some indignant, what a good chance, was a damn brain powder to destroy.

She originally intended to use these brain powder to create chaos, and then lured Wang Fan to appear, and then killed Wang Fan, but now it is brain powder that in turn saved Wang Fan's life.

She just lifted a stone and hit her own foot. How could she not be angry?

"Chu Wei, you stay here to deal with things, I'll go out for a while, I'll let Meng Qingyang come over."

"Just tell Meng Qingyang that these stars not only want to maim me, but also completely ban me, at least in China. That's what I mean."

"Han Youji seems to have called some big man just now. If Meng Qingyang is not sure, ask him to call me."

Wang Fan to Chu Wei and the company Elite probably treated for a while, finish in a hurry, then left here.

He didn't even have time to reminisce with Huang Tingting, whom he hadn't seen for a long time.

For Wang Fan, Han Youji is just a clown, not worth mentioning at all.

In his eyes, the scorpion is the most important person. He has to kill the scorpion, or he will have trouble sleeping and eating.

Scorpion ran fast, and soon flashed out of the stadium.

Night and song Rumei followed closely.

The speed of the three people are extremely fast, it is almost incredible, in this dark night, outsiders can only see the shadow flash, simply can not see the appearance of the three people.

Scorpion quickly across the street, toward an alley ran past.

In the face of night and song Rumei, she can only get rid of the pursuit with the help of those crisscross alleys.

It's also a relief to see scorpions shuttle into the alley in the dark. She is not afraid of poisonous scorpions going to the deserted alleys, just afraid of poisonous scorpions running across the highway. Scorpion is familiar with these alleys, so is night.

"You keep chasing her, I'll go around to the front." At a certain moment, the night said to song Rumei, and she turned to another direction.

Song Rumei didn't say anything. She just sped up and bit the scorpion.

The scorpion in front noticed that the night changed direction, his face changed slightly, and then stopped immediately.

In the face of the night, she may be afraid of some, but in the face of song Rumei, she is not so afraid.

She has learned that song Rumei's strength is pulled up abruptly in a short period of time, and she has not experienced much blood and fire training at all.

In the face of such an enemy, when fighting alone, the scorpion is 100% sure to kill.

"Song Rumei, I didn't expect that you were so brave that you dared to chase me alone. It's just that I can't kill Wang Fan tonight, so it's good to kill you. "

The scorpion gave a grim smile, pointed his toes on the wall and rushed to song Rumei.

She didn't choose to use a gun. On the one hand, the sound of the gun is likely to cause the night to detect and come in a very short time. On the other hand, facing song Rumei head-on, the effect of using a gun is not very great.

Song Rumei saw the night did not escape the counterattack, eyelids could not help a little jump, but did not speak. Powerful inborn momentum swept in an instant, also facing the scorpion.

Both of them are extremely fast, fast to the extreme, the hissing sound of tearing the air is resounding.

In the blink of an eye, they quickly approached each other and waved their right palms at the same time!

Pop!

The harsh voice spreads out, and the terrible waves wave around. Song Rumei can't help but feel a strong attack and want to retreat.

Just at this time, Scorpio is forced to resolve the fury of the force, a backhand punch, straight Bang song Rumei heart.

It's fierce and fast!

Although song Rumei is powerful, she does not have so much fighting experience as scorpion thinks.

In the face of scorpion's fierce fist, she just had time to cross her left arm to resist.

Pop!

With another sound, the scorpion's fist slams on Song Rumei's left arm. Song Rumei only feels numbness

in her arm and pain in her mouth. A touch of salty smell immediately appears in her mouth, and the whole person falls back.

Dong Dong Dong!

At the same time of falling back, she stepped on the ground, making a cracking sound, and cracks appeared on the ground.

"If you can't kill Wang Fan, I'll kill you! It's just a vase that has never been tempered by blood and fire. You dare to chase me, scorpion. You're looking for death! I think I killed you, then Wang Fan must be very sad! "

Scorpion grins again, and doesn't give Song Rumei time to breathe at all. He rubs the ground and approaches. Then his right leg crosses an arc and points at Song Rumei's head!

One hit after another, intermittently, powerful and sharp!

Song Rumei's face became pale. For the first time, she felt that when she faced the real master, she was so powerless that she was beaten.
