Chapter 464

Henry was standing on the bus door. Behind him, a couple of people were pushing hard.

But the bus was also full of people. They couldn't get in at all.

The person behind him pushed him, but the person in front of him couldn't move, so her soft body was immediately attached to Henry's body.

Standing in front of Henry, Amity blushed and clung to Henry's chest. She couldn't move at all, nor did she have a place to move.

There was a person keep pushing Henry.

"Buddy, come on, go further inside."

Henry's back was pushed, and Amity was

in front of him. Her body carried a faint fragrance, and it Henry could smell it.

Henry smiled awkwardly and turned back to say, "Brother, don't push. You can't get in."

"Then squeeze in!" The young man behind him said.

According to the current situation, the words "squeeze in" could be understood in many ways. At this time, the people behind Henry kept pushing his back so that Henry could feel the round object in front of him.

After pushing for a while, the bus door finally closed.

It was not easy for Henry to hold to an armrest. Amity had no place to stand, so she could only hold Henry's arm.

The bus was stopping and then moving all the way, and from time to time the driver had to step on the brake. Amity could not stand firm, and she constantly fell into Henry's arms.

This trip was not only a kind of suffering but also a kind of enjoyment for Henry.

The girl's smell was pure, shy and sweet, attacking Henry from time to time.

He subconsciously lowered his head to have a look. From his angle, he could see something along Amity collar.

"It's so white..."

More than 40 minutes later, the bus finally arrived at their stop.

After getting off the bus, Amity's face was red. Just now, she clearly felt that something was wrong behind her.

Henry got off the bus and sat in the bus stop for a long time. He felt that he had to calm down before he could get up.

"Henry, it only takes you a little to get carsick," said Amity's mother.

Henry smiled bitterly and looked at Amity.

Amity embarrassedly lowered her head, turned around, and turned her back to Henry.

But as soon as Henry saw the graceful figure of Amity, he thought of what had just happened on the bus. He quickly shook his head, took a deep breath, and stopped thinking about it, otherwise, he would be embarrassed again.

Shan City World Hotel, a super hotel was a combination of accommodation, leisure, entertainment, and great food. This hotel was one of the best in the whole Shan City.

At a glance, the top floor, the luxurious decoration, the grand parking lot, and the golden door were all showing the luxuriousness of the hotel.

When Amity's mother came to the hotel, she slowed down her pace. When she saw such a hotel, she had a sense of fear and felt that she was incompatible with all this.

The three of them had just reached the entrance of the hotel. Just as they were about to enter, a BMW 3 pulled over with a sudden brake and stopped in front of the door.

When the door opened, a woman in her fifties came out of the car proudly and threw the key to the security guard waiting at the door of the hotel.

The woman was wearing a red dress, a golden watch worth nearly 10,000 yuan on her hand, and a string of pearls necklace around her neck. She looked like a nouveau riche.

There was a pair of sunglasses on the woman's face. She slowly took down the sunglasses and turned her head. Then she

saw Amity and her mother.

The woman made a surprised expression. "Oh, you are all here? How could the bus be so fast? It took me a lot of time to drive my BMW here. That's a car worth more than 300,000 yuan. That amount is enough for you to take the bus for the rest of your life!"

"Brother Henry, this is my mother's relative." In a low voice, Amity said to Henry. She didn't call her aunt at all. She hated very much this kind of relatives who lied to her family. Her father's current state was also caused by this kind of relatives.

Henry nodded. Even if Amity didn't say it, he could see it.

Amity's mother stared at Amity's aunty. Although she really wanted to ask where she got this car, she refrained from saying anything and said, "If our money wasn't taken by others, we could afford this car!"

"It's really interesting." Amity aunty laughed. "You're all stupid. The money has been taken by others. Who else can you blame?"

"If it weren't for you, how could our money be taken away?" Amity couldn't help but said.

"Hey, hey, hey, look at what you said, it sounds like I took your money." Amity's aunty curled her mouth. "I think you two are really thick-skinned. Big brother just invited you to dinner today just because he was polite. But you two really showed up, can you two enter this kind of hotel? You are so dirty!"

Amity frowned and was about to speak.

Henry patted the shoulder of Amity, indicating her to calm down. He stepped forward and said, "Why don't I find the manager of the hotel and ask him if we can get in?"

"Who are you?" Amity's aunty looked at Henry with disdain.

"This is my daughter's boyfriend." Amity's mother said proudly. On the way here, she also asked about Henry's basic situation. Henry did not say much and said that he also opened a small company, and his monthly income was not bad.

In the eyes of her mother, Henry had his own company at such a young age, which was quite successful. He would he definitely be better than her brother in the future. It was really good for her daughter to find such a capable man.

"Oh?" Amity's aunt curled her mouth.
"Such a sharp tongue. I hope you will stay
like that."

After Amity's aunt finished speaking, she waved her hand and walked towards the hotel. She was very clear that once her niece saw the family of Amity, she would

definitely ridicule them and they would be humiliated by her!

Amity's mother stood there, her face full of anger. She had worked with Amity's aunty for several years. Usually, if she had something good, she would share it with her. But in the end, she turned out to be like this.

"Auntie, don't be angry. I will find a way to get her to return the money." Henry walked to the front of Amity's mother and said.

Amity mother nodded.

The three of them went to the elevator and took the elevator upstairs.

There was a large room on the second floor of the hotel, and that private room was booked by Amity's uncle.

Only a well-known figure in the whole Shan City could book this type of private room. Although Amity's uncle-in-law opened a

company, he was not qualified to book this private room. The reason why he was able to book this room was that his daughter worked as a supervisor here and was giving many compliments to the manager. So he booked it for them.

When Henry and the other two came to the outside of the room, they heard a burst of noise coming from inside.

"Come on, let's drink!"

"Boss Guo, I propose a toast to you!"

"Ha ha ha."

Listening to the laughter inside, Henry frowned.

Chapter 465

Amity's uncle called the family of Amity to come for dinner. However, it seemed that there were a lot of people inside, and they had already started it.

"Is it this room?" Henry asked uncertainly.

"Yes, that's it." Amity nodded. She also heard the voices inside.

Henry opened the door of the room. He immediately saw Amity's aunt, whom he had just seen at the door of the hotel, sitting at the table and eating. She called the waiter in the room to pour her some wine.

Henry looked around the room. There were about ten people sitting in the room at the moment, and more than half of the dishes on the table had been eaten.

The door of the private room was opened, and people looked over almost at the same time.

Sitting in the main seat was a middle-aged man in his fifties, with a short hair and a big gold chain. It was Amity's uncle, Garnett Guo.

When her uncle saw Amity's family, he frowned. He was just being polite when he called them, saying that he had booked a room in the World Hotel and he was just showing off. He didn't expect that his two poor relatives would really come. In the past, when he invited them, they didn't have the courage to come to a slightly better hotel. Why did they come this time? Wasn't it a shame for him?

Amity's mother smiled at her brother and said, "Big brother."

"Hmm." Amity's uncle answered gruffly. He nodded his head and pouted to the side,

"Find a place to sit."

Amity and her mother took a look and found that almost all the seats on the table were occupied. There was no place for them to sit down. Those sitting at the table were also motionless and unwilling to make space. The two of them stood there and didn't know what to do.

Amity's aunt looked at her as if she was looking at a joke.

"Waiter, bring three chairs for us." Henry said at this time. Then he walked to the table with Amity and her mother. He walked casually to the two people who were sitting near the table and said, "Please make some space."

The two of them looked at Henry with dissatisfaction and slowly moved away.

"Who is this?" Amity's uncle looked at Henry and asked discontentedly.

Amity's aunt said, "Big brother, this is your second sister's son-in-law, and he has a sharp tongue."

"Oh." Amity's uncle nodded and scolded Henry, "Young people should have the consciousness of their own. Do you understand that when you speak, you should assess the occasion and be clear of your position?"

"Big brother, don't be angry. Henry is still young, not very sensible." Amity's mother said repeatedly.

At this time, the waiter brought three chairs over and was about to put them down.

Amity's aunt spoke first and yelled at the waiter, "Who asked you to bring the chairs here? Do you think there is enough space? Go bring stools!"

The waiter stood there with some

embarrassment and finally looked at Amity's uncle.

Amity's uncle waved his hand and said, "Go and bring stools. There is not enough space for chairs."

Since the boss had said so, the waiter must have listened to the boss's words, so he soon brought three stools.

Henry smiled and sat there without saying anything.

Amity and her mother were sitting next to Henry, acting very reserved.

"By the way, waiter, we've finished all the dishes, take these away!" Amity's uncle waved his hand. The dishes he ordered them to take away were the ones placed in front of Henry and the other two.

The waiter quickly came up and took all the dishes.

In fact, all the dishes on the table were almost finished.

The waiter asked Amity's uncle if he was going to add more dishes.

"Are you all full? Shall we order something like lobster?" Amity's uncle looked at the people around him and asked.

"No, Boss Guo, we've already finished eating. Let's sit down and chat. Let's just drink."

"Yeah, Boss Guo, we had such a great meal today. It's the first time that I'm sitting in a big room in this glamorous hotel because of you."

"That's right. How can ordinary people book this room?"

"We don't want any food. Let's just drink and chat."

Amity's uncle asked other people, but he

didn't Henry and the other two. When he heard that everybody was full, Amity's uncle waved to the waiter and said, "All right, we don't need to add more dishes. You can go now."

The waiter nodded and walked out of the room.

At this time, there were still some leftovers on the table, but in front of Henry and the other two was empty. The tableware placed in front of the three people was very clean and unused.

The table of people, as if they didn't see Henry and the other two, chatted with each other, and no one paid attention to them at all.

Amity's aunt, on the other hand, was able to chat with these people.

Amity's uncle opened a small company with a few million yuan, and the rest of the

people were almost the same. Amity's aunt had put her BMW key on the table. Although there was still a gap between her and these people, she could still talk with them.

"Come on, this is Boss Guo's niece, right? Let's have a drink together?" A middle-aged man in his fifties looked at Amity, and his eyes were full of aggressiveness. As he spoke, he grabbed the small white hand of Amity.

Amity dodged her hand and shook her head. "I'm sorry, I don't drink."

"Why did you come here if you didn't want to drink?" The middle-aged man said discontentedly when he saw that Amity did not respect him at all, and then he did not look at Amity anymore.

Her mother sat there, without saying a word.

The small fists of Amity clenched tightly. No matter what kind of a person one was, no one would be able to stand being bullied like this.

The door of the private room was opened again, and a young woman in a business uniform came in.

"Oh, this is niece Wendy. She is really talented."

As soon as the young woman entered the room, someone in the room spoke.

"Boss Guo, your daughter is getting more and more beautiful."

"Not only is she beautiful, but she is also very capable. She also has a bachelor degree."

"Boss Guo, we are envious of you."

There was a burst of compliment in the room. The young woman who came in was

Garnett Guo's only daughter, a supervisor in the World Hotel.

"Brother Henry, this is Wendy Guo." Amity whispered to Henry.

Henry looked around and could only say that Wendy was very ordinary.

Wendy smiled and said, "Thank you for your praise, uncles."

She took a look in the room, and finally fixed her eyes on Amity, revealing a puzzled look. She deliberately said, "Hey? Amity, why are you here? Shouldn't you be cleaning up for others in that housekeeping company? What, are you not satisfied with 100 yuan per day?"

When Wendy spoke, there was a hint of contempt in her eyes.

Amity nodded and said, "I quit, I've withdrawn all the deposit."

Chapter 466

When Henry heard Wendy's tone, he knew that she didn't have any good words. It was just as he expected.

Wendy continued in a surprised tone, "One hundred yuan a day, three thousand yuan a month. Why did you quit such an easy job? Look at me, although I am one year older than you, I am not as lucky as you. I am too tired. I work eight hours a day, and I only get more than eight thousand yuan a month. The insurance is also paid. I am so tired, hey."

Wendy's words were obviously a way to show off. At her age, few people could have a salary of 8,000 yuan with all the benefits paid.

Hearing this, the look on Amity's face darkened a lot.

Wendy sighed vigorously. "Hey, what do you want me to say to you? You really don't know how lucky you are."

After Wendy finished speaking, Henry saw that friends of Amity's uncle, who were sitting on the table, all had a sneer on their faces. Some of them even looked disgusted, as if they were sitting at the same table with a temporary worker who worked for others. They felt ashamed.

"Hey? Who is this?" Wendy looked at Henry again.

"This is Amity's boyfriend," said Amity's mother.

"Boyfriend? Doesn't matter." Wendy crossed his arms in front of his chest. "What do you do? How much do you earn per month? How dare you find a girlfriend?"

Henry shook his head with a smile. "I can't

make a lot of money. I barely have enough to eat."

Wendy sneered and said, "You have the courage to find a girlfriend even if you don't have enough for food and clothes..."

Wendy deliberately pondered for a moment and then continued to say, "But the girlfriend you found is not a big deal. A poor girl, you can give her 500 yuan a month and it would be enough. If it's me, if I find a boyfriend, he must earn more than 30,000 yuan per month, otherwise, he can't afford me."

"No." Amity's mother waved her hand repeatedly. "Our Amity doesn't need Henry to support her. We can support ourselves. Henry has a company, and he is still in the stage of development. He will definitely be fine in the future."

"Has a company?" Wendy looked at Henry unexpectedly. "Where is your company?

What do you do?"

Amity's uncle, as well as his friends, also turned their eyes to him.

When Wendy heard that Henry was running a company, her tone carried a lot of sourness. How could Amity find someone who had his own company?

"It's in Yinzhou," Henry replied.

"Yinzhou? A small third-tier city?" When Wendy heard Henry's answer, she was relieved a lot. "Just a company in a small city? So what? How many assets could he have?"

"I know about that city." A middle-aged man said, "It's not a big city, it's very small. You'll be satisfied if you earn 3,000 yuan a month. I guess it's a great deal for you to have tens of millions in assets."

"Tens of millions?" Wendy raised her eyebrows and shook her head. "I don't

08:38 1

believe it."

Wendy was just observing Henry's clothes. When she saw Henry's ordinary clothes, she was relieved. What kind of business could a company do when he was dressed like this? Moreover, in a small place like Yinzhou, such a third-tier city, even some small store could dare to say that it was a company.

The man's words caused a burst of laughter.

Henry shook his head. "It's indeed not tens of millions."

"How much? Do you want to enlighten us?" Wendy crossed her arms in front of her chest, looking funny. She wanted to humiliate Henry.

Since she was a child, Wendy's life experience was better than that of Amity, but in terms of appearance and figure, she

was way behind Amity. This had always been an obstacle in Wendy's heart. For so many years, every time she saw Amity, she wanted to embarrass her.

Henry stretched out his right hand and slowly stretched out his fingers.

"100,000 yuan?" Wendy laughed and said, "100,000 yuan in the company's assets, hahaha."

"Young man, one hundred thousand yuan. It's not called a business, nor a company." A middle-aged man said, "It's called pocket money!"

"That's right. I really can't believe it. 100,000 yuan is also called starting a company?"

"Yinzhou is really interesting, isn't it? If 100,000 yuan counts as having a company, then everybody in Shan city is a company owner."

"It's not that Yinzhou is so interesting. I think this young man is interesting. Now this young man is looking down on the bosses. What he has done? He has just started, actually, it doesn't count as stating yet. He already dares to say that he is a boss with 100,000 yuan in assets!"

Amity's uncle took a sip of wine, looked at Henry, and lectured, "At that time, when I started a business I had to take out 500,000 yuan and step by step, here we are today. Your 100,000 yuan, is also called a company? You don't know how high the sky and how thick the earth is!"

Henry shook his head and asked curiously, "When did I say it's one hundred thousand?"

"How much can it be? Can it be one million yuan?" Wendy said with a look of disbelief.

Henry still shook his head. "About 10 billion."

Ten billion?

Hearing Henry's words, everyone present, including Amity's mother, was stunned.

Ten billion? What did that mean? They thought that they could not make so much money in their lives. Even if all the people present doubled their assets, they would not have that much!

The ten billion yuan Henry was talking about was the Lins Group. This meant that he could think of the smallest company. All the companies under his name were given to others. The smallest company was over a hundred billion yuan. Some of them even monopolized the energy industry of a country. Even though they were rich, they were under Henry's control.

After being stunned for a while, Amity's aunt was the first to react and said directly, "Ten billion, who are you lying to?"

As soon as Amity's aunt spoke, Wendy also reacted and said, "Yes, everyone can talk big. I also can say that my family's assets are 100 billion yuan! And, is it useful?"

Amity's aunt curled her lips and said, "I really admire this kind of person. You even lie to yourself. Look at your clothes and look at yourself. How do you think you are worth ten billion yuan?"

Amity's uncle also reacted and shook his head. "Young man, we can accept that you are chatting with us normally. If you think that we are so easy to be fooled, you are so wrong. Now you can get out of here."

"Ten billion. Damn it, I almost believed him. Now, this young man dares to say anything," said a middle-aged man.

"If he has 10 billion yuan, then I have 20 billion yuan. F*ck! What the hell is he boasting about? He's boasting in front of us!"

One by one, people cursed in disbelief. No one was willing to believe that Henry could have ten billion yuan.

Amity's mother pulled Amity's sleeves and said in a low voice, "Girl, ask Henry not to talk nonsense. How can he say that he has ten billion yuan just like that?"

Chapter 467

What was 10 billion the mind of Amity's mother? It was absolutely a super astronomical figure. She didn't even dare to think about it!

Amity shook her head at his mother. "Mom, he doesn't talk nonsense. His company is worth 10 billion yuan."

"Don't talk nonsense!" Wendy shouted, with anger on her face. "Amity, do you think it's interesting to brag here?"

Wendy didn't know what was going on. Although she didn't believe that there was really so much money in this boyfriend's company, she would still be angry when she heard this. As long as Amity was comfortable, she would be uncomfortable!

"All right, we don't welcome people like you. Go out!" Amity's father waved his

hand, intending to drive them away.

"That's right. Get out of here. Don't pretend. You're so rich. Don't come here to eat leftovers. You can order good food yourself!" Amity's aunt said.

Henry smiled, stared at Amity's aunt, and said, "We are not here for dinner. We just want to ask, how are we going to deal with the 900 thousand you stole by telling lies?"

"Lies? 900,000? What does that mean?" Wendy was stunned. "Who has 900,000?"

"Of course it's our 900,000." Amity's mother couldn't help but stand up and say loudly, "Big sister, I trusted you so much. You lied to us like that. That 900,000 were for saving my husband's life!"

The face of Amity's aunt changed. When Garnett's friends asked her what did she do for work, she said she was doing some small business. She now felt ashamed

when these people heard that she had stolen 900,000 yuan.

When Amity's aunt was about to speak, Wendy's voice came from the side. "Aunty lied to you and took 900,000. Aren't you too funny? Look yourself in the mirror. How could you have 900,000?"

As Wendy's voice fell, there was a burst of laughter in the room.

Amity's aunt didn't show any mercy. She directly broke up and scolded loudly, "You shameless thing said that I lied to you for 900,000. Go and search for the person that lied to you and don't throw a tantrum here!"

The eyes of Amity turned red all of a sudden. "It was you and the fake doctor you found, you lied and took our money!"

"Ha." Amity's aunt chuckled. "Where's the evidence?"

Henry shook his head. "I don't have any evidence. I only know that you were the one who lied. I'll give you a chance. Why don't you give back the money?"

"Ha ha ha!" Amity's aunt laughed loudly and stared at Henry. "Are you threatening me? Believe it or not, I won't let you walk out of this hotel today!"

Amity's aunt said, and took out her mobile phone. The last time, it was a leader of the gang who took Amity's money with her.

When they were still talking, the door of the private room was pushed open. It was a waiter.

Garnett looked at the person who pushed the door unhappily and scolded, "Is there any rule here?"

"I'm sorry, I'm sorry." The waiter quickly said, "I have something urgent to tell to supervisor Guo."

"Go ahead." Wendy looked at the waiter.

The waiter said to Wendy, "Miss Guo, Young Master Wu is here."

Wendy's face changed when she heard this. She didn't have time to ridicule Henry and the others. She hurriedly walked out of the room. When she came out of the room, Wendy said to her father, "Dad, it was not easy to arrange for aunt and the others to come here. Don't let aunt and the others go. Sit a little longer and order some more food."

After that, Wendy left quickly.

Amity's uncle looked at his daughter with a strange look. He didn't understand why his daughter suddenly changed her attitude and ordered food for her family? It was better to feed dogs than to feed these people!

In front of the entrance of the World Hotel,

a red Lamborghini stopped. The door opened and a young man got out of it.

In the passenger seat of Lamborghini, there was a beautiful woman.

"Master Wu, here you are!"

The security members in front of the door of the World Hotel were arranged in two rows, and all the managers and supervisors went out to welcome him.

This young man, called Young Master Wu, was exactly Samuel Wu, whom Henry and the others had seen at noon.

Samual casually threw the car key aside, pointed to the beauty who got off the car with him and said, "Find her a place to stay, and let her not come to bother me first."

"Okay." The manager of the World Hotel nodded and said to the beautiful woman, "Madam, please come here."

The manager ordered people to lead the way for this beautiful woman.

The beautiful woman winked at Samual. "Young Master, I'll take a shower first."

After finishing her words, the beautiful woman walked in the hotel like a model.

Samuel strode into the hotel, and the staff followed carefully. They were very clear about the temper of this young owner. If they made him even a little unhappy, they could lose their job.

The whole hotel was owned by the Wu family.

Samuel waved his hand and said impatiently, "Where is the waiter surnamed Guo?"

The manager of the hotel lobby smiled ingratiatingly and said, "Master Wu, you're talking about Wendy Guo, right? She's the supervisor of the second floor's service

department."

"I don't care what kind of thing she is!" Samuel glared at the manager. "Where is she? Ask her to come over."

The manager quickly waved his hand and asked someone to call Wendy over. More than a dozen seconds later, Wendy ran over in a hurry.

"Master Wu, you are looking for me." Wendy looked at Samuel with a flattering look. Although her family had a small company, she knew that her own company was nothing compared with that of Childe Wu.

Samuel looked at Wendy with dissatisfaction on his face. "Yes, you, didn't you tell me last time that you have a pretty cousin and I saw a photo of her? I told you to bring her here a long time ago. Where is she? Are you playing with me?"

Wendy saw Samuel was angry and quickly said, "I'm sorry, Master Wu. My cousin is here now, but she is... She brought her boyfriend with her. I'm afraid I can't call her."

The lobby manager stepped forward and slapped Wendy in the face. He shouted angrily, "What did you do? Do you say you can't call her? Do you want Childe Wu to call her personally?"

"I'm sorry, I'm sorry." Wendy lowered her head and apologized repeatedly.

"Then what do you want to do? Tell me, just let me see her photo and then nothing." Samuel stared at Wendy and asked.

Wendy shook her head. "No, Master Wu, I just asked someone to bring some food for her. I will put some drugs in the food. I promise, wait a moment, and she will obediently climb to your bed."

When Samuel heard the word "drug", he unconsciously shivered. He still remembered that the time he met Boss Bai, it was in a wine house. A young master whose identity was no worse than his, poisoned a girl in front of Boss Bai. As a result, his limbs were broken by Boss Bai that night. From then on, he did no longer hear about that young master.
