

Chapter 506

Bradley Wang was his uncle from this island. Now, he was sure that his uncle had a very high position on the island.

"Chop me?" Alex curled his lips into a grin.

"What's wrong? Are you questioning what I said?" Steve was very unhappy. He thought that this person would embarrass himself in front of Sylvia.

"I'm just thinking about how you're going to chop me up." Alex exposed his white teeth and placed his palm on his machete subconsciously.

At this moment, there was a voice on the stage.

"Since no one wants to participate in the challenge, then the meeting will officially begin!" Peze shouted on the stage.

The entrance of the venue was closed at this time. At the same time, countless Reapers in black steel armor appeared around the venue. Each of them wore a ghost mask and held the sharp sword.

When these Reapers appeared, it seemed that the temperature had dropped a lot.

At this time, a spotlight was shot from the ceiling of the hall and locked directly on Alex.

Suddenly, the spotlight in front of him lit up, which made Steve subconsciously reach out his hand to block the light.

Peze's words rang clearly in everyone's ears.

"The devil climbed out of the mountain of corpses and blood. He came with blood waves, and bones paved the way for him. His machete is the sharpest killing weapon in the world. He is the owner of the Killing Ring!"

As soon as the voice fell, those Reaper Warriors, who had just appeared around the venue, wearing black armor and ghost-faced masks, roared in unison!

"Slaughterer, Alex!"

At this moment, Alex suddenly pulled out his machete. The cold light flickered in the darkness. The machete flew up rotated in the air emitted cold light. Finally, it fell on the huge platform. There was a large chair, which was as luxurious

as a throne, made of orange gems. This was the colour of Alex's ring!

Arrogant Steve froze at this moment, as if he had been struck by lightning.

The person in front of him was one of the 10 Kings on Radiant Island?

A strong fear spread in the heart of Steve.

He grinned at Steve and said softly, "Boy, I'll wait for you to chop me up."

After that, Alex strode on the stage, followed by the spotlight, and went to the orange throne and sat down.

Steve was sitting there and his legs kept shaking. Did he just threaten one of the kings of Radiant Island?"

Sylvia was shocked to discover Alex's identity, but she was even more confused. Why would the king of Radiant Island bring her tea?

After Alex sat down on the throne, the Reapers wearing armour and ghost-faced masks all stood behind him, giving off a chilling vibes.

The voice of Peze sounded again. "He stands

behind the bloody sea and overlook the world. With his wisdom, he can kill people invisibly. He wears the achromatic King Ring. He can appear in any corner of the world. He could be anybody or nobody. He is the owner of the Trick Ring!"

"Tricker, Azra." A figure suddenly stood up from the spectators stand and said in a low voice.

At the same time, another spotlight shone over.

The person standing under the spotlight suddenly stretched out his hand and tore his face. A mask made of skin was taken off, revealing the face of a thin white man. It was Azra.

The person who had been sitting next to him was suddenly shocked. "You... you..."

"I'm sorry." He smiled at him. "When your friend talked to me yesterday, he offended me. I put his skin in his bedroom. You can look for it when you go back."

After that, he threw the mask in his hand casually, walked down the stand lightly, and walked to the platform. Besides Alex's chair, there was a chair that changed colour according to the surroundings.

As for Azra's appearance, he was not as violent as Alex, but he gave people a particularly cold feeling. One couldn't even know when he would appear in front of him and give him a fatal blow!

Azra slowly walked to the throne and sat down.

After Azra took his seat, Peze spoke again.

"Desire..."

"Alright, there's no need to keep talking!" A sudden voice interrupted him.

A man in a cloak stood up from the spectators stand and strode to the platform.

"King Olle! He ranks the 7th on the List!"

"What does he want to do?"

All the people present didn't know why King Olle suddenly spoke and interrupted Peze.

"King Olle, are you going to challenge somebody so you decided to come to the stage? The challenge phase is over." Peze looked at King Olle with displeasure.

"Haha." King Olle laughed in a hoarse voice. "I'm going to challenge somebody, but I'm not going to challenge anyone on the List of Top 100 Masters.

Instead, I'm going to challenge..."

As he spoke, King Olle suddenly took off his cloak and revealed his skeleton-like body. He looked around and shouted, "I challenge the king of Radiant Island, The Conqueror!"

"What!"

The words of King Olle were like a bomb thrown into the crowd, causing a burst of exclamation.

Challenge The Conqueror? Where did his courage come from?

Although King Olle was ranked the 7th and was already on the list of top masters, he was still far from The Conqueror.

A person in charge of the Bai family shook his head. "There is some gossip. I heard that King Olle met the King last night and fought with him. In the end, it ended up with the defeat of the king."

"How could it be possible?" Someone said in disbelief. "I know the strength of King Olle, but it's impossible for him to grow to such a high level and challenge The Conqueror."

"It's not him who has grown up. It's The Conqueror himself who got weaker."

"This..."

Those who heard the news didn't know what to say.

The Conqueror was a legend of the underground world. It took him the shortest time to stand at the top of the underground world. No one could surpass him in his battle results. Would this legend end just like this?

"I, Sampson Dean, also challenge The Conqueror!"
After King Olle, a western man stood up from the spectators stand.

"Sampson, a demon hunter from the western world, has been dreaming of defeating The Conqueror for his whole life. Now he is ranked the 2nd on the list. He is very powerful." Some people revealed Sampson's identity.

Sampson, who was wearing a leather coat and carrying a huge sword on his back, walked onto the platform.

"I, Dary, also challenge The Conqueror!"

"I, Shinmyo, challenge the king." A short Japanese man walked down from the spectators stand.
