

Chapter 744

Wade and the others clenched their fists and stared at Barry.

"You've put my elder brother into jail for nine years! You're ruining him!"

Wade's current aura was no longer as powerful as it was during the rainy night.

"He violated the rules of the Recluse Association and he has to be imprisoned. I am the Punishment Messenger. It's just a matter of doing business," said Barry.

"Doing business?" Aaron smiled. He had two purposes for his appearance this time.

First, to let those from the underground forces enter the Qi-cultivation realm.

The second was to find out where Henry was.

Aaron stared at Barry and said, "Punishment Messenger, let me ask you, which rule did my younger brother violate?"

Barry shouted, "He took the initiative to provoke a war between clans and slaughtered the members of the Zhu clan!"

"Haha." Aaron chuckled. "Since you say that my younger brother is a member of the Recluse Society, and the Zhu clan has massacred the Zhu family, how can he be guilty of attacking the Zhu clan?"

"It's a crime to act on his own!" Barry said, "If you are not satisfied with the punishment result, you can bring it up to the top management of the Recluse Association."

"It's a crime to act alone?" Aaron sneered. "In my opinion, blaming other people for crimes is the biggest crime!"

Barry stepped back subconsciously. "Aaron Bai, what do you mean?"

"What do I mean?" Aaron took a step forward. This was the first time he moved after entering the bronze door. "Barry, I will give you one chance to tell me where my junior fellow apprentice is!"

"What? You want to save him?" Barry's face showed a joking expression. Just as Barry was about to speak, a loud shout came from the side.

"Joshua Zhu, you're crazy!" Freud looked at Joshua with disbelief. He covered his chest with his hands. At that moment, Joshua had launched a surprise attack on him.

"Crazy? I think you're the one who's crazy, Freud!" Joshua shouted loudly, "Your Su clan has set up the Spirit Gathering Formation in Yinzhou. What do you all want to do?!"

Freud was stunned when he heard this. Then he looked at Sylvia, who was standing in the Zhu clan's team, and said, "B*tch! You dare to betray me!"

Joshua laughed out loud. "Freud, you've agreed to betroth this girl to our Zhu clan. She's now a member of our family. If she shared this information with our family members, does it still mean that she has betrayed you?"

Dylan Xiao, who hadn't spoken much all this while, also let out a sound because of the words 'Spirit Gathering Formation'. "Freud, you established the Spirit Gathering Formation?"

Freud's hands were clenched into fists. He couldn't imagine when Sylvia was related to the Zhu clan. What good would it bring to her? She was a woman, did she really think that she could get some part of the Zhu clan's share and some money?

Freud didn't expect Sylvia to do this at all, because there was no benefit she could get!

"Freud Su, what's the purpose of building the Spirit Gathering Formation? I know it very well. Do you, the Su Clan want to build an army?" Joshua took a step forward, holding a mass of Qi in his hand.

The other two Qi-concentrating experts of the Zhu clan also came out and formed a triangle with Joshua, surrounding Freud.

"The Su clan, you are playing with fire!" Dylan also spoke. He walked three meters away from Joshua and also faced Freud. One person also came out from the Xiao clan and joined the attack.

Because of the participation of the two Xiao clan's members, the original triangular became a circle. Freud stood at the centre of the circle.

As he looked at the five individuals at his side, his eyes became downcast. "From the looks of it, you all have already discussed this a long time ago."

Dylan laughed lightly. He didn't say anything, but his intention was obvious.

Joshua cast his gaze on Barry and the other three and deliberately said, "Your Su clan has secretly set up the Spirit Gathering Formation. If you want to build an army, not only would you violate the clan's rules, but you would also violate the rules of the Recluse Association. I don't

think that the four Punishment Messengers would just sit back and do nothing."

Barry and the other three were shocked. They didn't expect that Joshua would suddenly get the four of them involved in this matter. But since it had already been said, Barry and the other three couldn't just ignore it. The Zhu clan and Xiao clan wanted to kill Freud through another's hand!

When the clan was just re-born, it was the time when its power was at its weakest.

"Four Punishment Messengers, what do you think? Do you want this traitor to be killed or just sit by and let him break the rules of the Recluse Association?" Joshua asked Barry.

"Anyone who violates the rules must pay the price!" Barry shouted. He did not want to get involved in this matter.

Freud's face was gloomy as he sized up his surroundings. He calculated that there was a chance of breaking free.

"Joe, you take Pan and Sylvia out of here first." Joshua instructed Joe.

Joe nodded and walked out of the bronze door with Sylvia. Pan followed him and looked at Sylvia's back with a wretched look.

Sylvia paused when she passed by Helen. She exchanged looks with Helen before striding away.

Freud took in a deep breath. "You guys really want to go against my Su clan?"

"We're not enemies of your Su clan, but your clan deliberately broke the rules and became enemies with all the other clans!" Joshua shouted. He stopped talking nonsense and charged at Freud.

Joshua's attack collided with Freud's, sending a blast of Qi out.

Joshua took a look and found that Barry and the other three were still standing there. He shouted, "Punishment Messengers, are you going to watch the battle from the side?"

Barry was extremely annoyed. This should have been an opportunity to reap the Spiritual Stones, but there were too many variables involved in this matter. But now, there was no other choice.

Barry took a step forward and shouted, "The Su clan violated the rules and should be punished!"

As soon as Barry finished his words, he rushed to kill Freud.

A big white hand appeared out of thin air and reached out to grab Barry

from behind.

"Barry, answer me, where is my junior brother?!" Aaron shouted and also attacked.

The three Punishment Messengers around Barry did not continue to watch the battle. They also made their moves to resist Aaron.

When Soul saw that the four Punishment Messengers were already fighting with each other, he shouted at the underground forces, "Quick, take your stuff and leave."

When the underground forces heard this, they didn't hesitate any longer. They immediately set off and ran towards the bronze door.

Barry watched the group of people run away with Spiritual Stones in their arms, but there was nothing he could do. Under the attack of Aaron, he didn't dare to be distracted at all.

All of a sudden, the audience fell into a chaotic battle.

The people of the Zhu and Xiao clan were targeting Freud. Next to Freud, there were also two Qi-concentrating realm masters. Although there were a lot of people in the Zhu and Xiao clan, all of them were selfish. No one was willing to fight to the death with the Su clan. Under the desperate counterattack of Freud, they were temporarily tied.

Aaron, on the other hand, was fighting against four Punishment Messengers. For a moment, he was unable to take down Barry and the other three.

Chapter 745

After all, Aaron was only in the late Qi-concentrating Realm. He was not much stronger than Barry and the others. His reputation was supported by Justus.

The situation in the arena became chaotic in a short time. Some people took the opportunity to run out of the bronze door, some went into the stone rooms and look for treasures.

Behind the bronze door, different types of Qi could be felt in the air.

This was a battle between people in the Qi-concentrating realm. In this kind of battle, even the masters of Qi-controlling realm had to be extremely careful.

"Little girl, take these boys away!" Aaron waved his hand and said to Future.

She nodded, grabbed Wade's hand, and ran out of the door.

Wade wasn't stubborn. He knew very well that in his current state, staying here wouldn't help him at all. Instead, he would only be dragging his own father down.

The group of people quickly ran toward the bronze door.

There were only Qi-concentrating experts left inside, and they were still fighting.

Almost everyone was mentally prepared for this battle. They knew that it would come, but did not know when it would come. Now, although it seemed that most of the people were just practising, everyone knew that there would be dead people in this battle.

The Zhu clan had already offended the Su clan, so the Xiao clan was temporarily caught in the middle. If the Zhu clan and the Su clan were not hurt this time, then the middleman, the Xiao family, would definitely be pulled by the other two clans. For this battle, the Xiao clan had been on the fence and had not really contributed.

Joshua, however, wanted to kill Freud first. He was willing to take the lead because he would benefit from killing Freud. Now, more than half of the blueprints of the Su clan were in the hands of Joshua. As long as he killed Freud, the things that the Su clan planned to do would naturally fall into the hands of the Zhu clan. The price that the Zhu clan had to pay was to return the Su Family to Sylvia. For the Zhu clan, it was nothing.

Everyone who was fighting with interests in their hearts.

Above the cave.

A dark golden sword that was five meters long chopped down from the skies, heading straight for the man in black.

The man did not dare to face Henry's attack head-on. He realized that Henry had not used his full strength.

The man in black wanted to avoid the huge sword in the air. But as soon as he took a step back, he heard a voice behind him.

"Your fighting consciousness is rubbish."

The man in black was stunned. His body trembled and he turned his body around stiffly. A dark gold sword tip pierced through the centre of his back and came out from his chest.

The long sword in Henry's hand dissipated. He clenched his fists and punched hard on the back of the man in black.

Like a meteorite, the man in black fell straight down the cliff, which was hundreds of meters high.

With a "boom" sound, the man fell to the ground, creating a deep hole in the ground. If not for the Qi protecting his body, he would definitely have been turned into a bloody paste.

Even so, the man's injuries were not light. The Qi sword that ran through his body had caused him severe damage.

At this time, Joe, together with Sylvia and Pan, just walked out of the cave and saw the man in black who had fallen to the ground.

"Get out of my way!" The man in black shouted and shot out a blast of Qi. He directly pushed Joe and the other two people away and went into the cave. He did not dare to hesitate at all. Henry's killing intention had completely scared him.

Joe looked at the figure of the man and shouted, "Let's go first! There are still people coming here. We can't stay here!"

After Joe finished speaking, he strode to the distance with Sylvia and Pan.

Another dozen figures ran out of the cave. They were all from the underground forces. After they ran out, they didn't dare to stop and left directly.

In the depths of the cave, behind the bronze door, the battle was getting more and more intense. From the initial testing of each other, the battle had evolved into a series of killing moves.

Barry and the other three people were fighting neck and neck with Aaron.

"Aaron, are you sure you want to be the enemy of our Recluse Association?" Barry roared.

Behind Aaron, a white-eyed tiger with a white forehead was partly hidden and partly visible, constantly roaring, "If I kill you now, how would the Recluse Association know?"

After hearing and seeing this, Barry and the other three people were all shocked.

"Impossible! How is it possible for you to enter the Divine realm that easily!" The eyes of Barry and the other three widened, all of them wearing a look of incredulity.

"I will ask you for the last time. Where is my junior fellow apprentice?!" Aaron waved his hand, and the white-headed tiger behind him pounced forward.

"He's in the Hell Prison!" Barry said, "If you want to save him, don't even think about it. Unless we, the Recluse Association, are willing to let him out."

"Hell Prison!" Aaron's face suddenly turned gloomy. Of course, he knew where this Hell Prison was. It was definitely the most horrible cage of the Recluse Association. There was no other cage. Since ancient times, how many masters had been sent to the Hell Prison over all this time, and no one could come out from it.

"Aaron, Henry is a member of our Recluse Association. He will be released from prison in nine years." Barry spoke. At the same time, he winked at the remaining three people.

The remaining three nodded their heads, forming strange and complex moves with their hands.

"This is not a verdict, but a murder!" Aaron roared, and the white-headed tiger in front of him jumped directly at Barry.

Seeing the white-headed tiger in front of him, Barry shouted, "Now!"

A blue disk was taken out by Barry. Then he threw it in the air. At the same time, the other three Punishment Messengers all shot out blue Qi straight toward the blue disk.

At the moment of contact between the Qi and the disc, the disk spun rapidly. Then, streaks of Qi were emitted from the disk one after another and enveloped Aaron and the white-eyed tiger.

The blue Qi line looked as thin as a fish wire, but it was very resilient. It

wrapped around the white-head tiger, and it would not break no matter how hard it bit. At the same time, it formed a large net and covered Aaron in it.

Aaron tried to get rid of it, but he couldn't do anything about it.

Barry sent Qi to the disk while sneering, "Aaron, even if you can step into the Divine realm, so what? You are not really the Divine realm expert. How could you break the net? Let's see who will run out of the Qi first!"

The large blue net covered Aaron, trapping him in it and preventing him from using any effective means to attack. Barry and the other three people stood there and couldn't attack because they were constantly injecting Qi into the disk. The two sides were at a stalemate for a short time, and only the three big clans were still fighting.

"Okay, let's see who dies first!" Aaron snorted. Anyway, Wade and others had left, and he had nothing to worry about. Even if he was delayed, today's first purpose had been realized. All the major underground forces would get familiar with the Qi from today on.
