

Their Gemini Wolves Chapter 5 - Tips

0 9 minutes read

{Rylee's P.O.V.}

When Lexie and Lanie asked me about marking, I couldn't help but blush at the thought. Even though being s****l with Wyatt was nothing new and everyone knew how we were together behind closed doors, it was a little embarrassing to talk about with two complete strangers. I could see the excitement and giddiness in their eyes, wanting to know all of the salacious details of how I marked Wyatt again, and a part of me was a little too excited to tell them.

I already told the other girls, and I was certain that Wyatt had already bragged to the guys about it, but telling two mysterious guests that just came of age was completely different. And I kind of felt like I would be bragging about my private intimate moments, which in reality I would be, and I found it to be quite invigorating.

"Well, it is a long story ..."

—Flashback—

It's been a month since the entire ordeal we went through with the vampires. I had successfully turned and saved Dianna's life, and things were getting back to normal, at least somewhat. Wyatt was being punished by the Elders council for the whole clone thing and working with Svetlana to draw Alessandro into the territory. Because of his recklessness in that aspect, the Elders had basically put him on probation.

Though Wyatt was still the Alpha, he could not make any major decisions regarding myself or the pack without their approval; additionally, any major issues that arose such as rogue attacks, new pack members, and of course taking in children off the streets had to be reported to the Elders first. Wyatt felt betrayed by the Elders because of all the good he had done and said that one wrong should not cancel out of the good, but that's not how the Elders viewed it.

Wyatt was upset and frustrated with everything, so I decided I would have Grace and Ronan watch Sam so I could have a picnic with Wyatt. Melody told me about this natural hot spring waterfall hidden within the mountains that had become her favorite private sp0t to spend with Kendrick when they both had

time to themselves. It was about an hour's walk but was still within the territory, and apparently, only they knew about it. It was the middle of winter, and going to a hot spring sounded like a great idea to make Wyatt feel better.

"Hey, Wyatt," I knocked on his office door one Saturday afternoon.

"Hey Tink, what's up?" he said looking up from his computer.

"Are you busy?" I asked, closing the door behind me.

"No, just finishing up some stuff for the company. Did you need something?" he asked as I sat down on his lap.

"I was thinking we could go out together and enjoy the snow. Everything is back to normal, somewhat, and we didn't get to enjoy the winter season last year with the whole memory loss bullsh!t,"

"You know, that's a good idea. I could use the fresh air and I'm sure Blade could use a run,"

"Awesome, I packed some hot soup in a canteen and toasted turkey and cheese sandwiches. I know of a secluded area where no one will bother us," I said and smiled at him.

"What about Sam?"

"Your parents are going to watch him for us,"

"Okay, let's go pack up some clothes, and we can shift and go in wolf form." I nodded my head. He turned off his computer and we went to our room to pack a small duffle bag with our clothes. Though secretly, we weren't going to need them for a while with what I had planned.

After we packed, I went down to the kitchen and got the picnic basket and blanket together, and met him out back. We quickly stripped out of our clothes and shifted in our wolves. Kaleigh and Blade were really excited to play in the snow so we let them have their fun while she led Blade to the spot that Melody had told us about.

Going in wolf form got us there faster, and when we saw the waterfall we were all shocked at the scene in front of us. Although it was the middle of winter, you could see the steam rising from the pool and the waterfall was smooth.

Blade stopped midtrack and turned around. Kaleigh and I could see him lift his wolf brow in confusion. Wyatt and I still couldn't mind link since I had yet to mark him back, but I was hoping that would all change here momentarily.

Without saying anything, Kaleigh placed the picnic basket down and trotted over to Blade. She rubbed herself against him and flipped her tail against his face. She was such a tease, and Blade was into it. Though it seemed like Kaleigh was going to let Blade mount her, she and I had a different idea. As soon as he dropped his guard, Kaleigh shoved Blade into the pool. Blade surfaced almost immediately, and he looked like a wet rag doll with all of his fur just laying flat and damp against his body. I was laughing in the back of Kaleigh's mind while she was rolling around in the snow laughing as well.

While we were too busy laughing, we didn't notice that Blade had jumped out of the pool. Once we composed ourselves, we saw he was gone and stood up to look for him. She walked over to the edge of the rocks and looked down. The water was a little cloudy due to the steam rising so we couldn't see anything. Kaleigh heard something behind her, but by the time she reacted, it was too late. Blade had snuck up and pushed her into the pool as well. He jumped in right after us and they started to play.

After they had their fun, Blade and Kaleigh gave Wyatt and me back control; however, I still wasn't the best swimmer and Kaleigh was in the deep end. When we fully changed back, I immediately sunk.

"Whoa, I got you, dearest," Wyatt said as he grabbed my arms and put them around his neck.

"Pleh! Pleh!" I coughed up the water that I accidentally swallowed.

"Hahaha, you okay?" Wyatt asked while laughing at me.

"Yes, ugh," I grunted in annoyance. Wyatt swam backward closer to the rocks where we could both stand. "What do you think of this place?" I asked him as we got our footing.

"How did you find this place?" he asked as he looked around.

"Melody told me about it. Apparently, Kendrick stumbled upon it several years ago while out on a run and it was the first place he brought her when they found out they were mates," I explained. Wyatt nodded and smiled. "I figured

that you needed a break from all of the bullsh!t with the Elders, so I thought this place could do that.”

“I love it Tink, thank you,” he said and gave me a k!ss. A few pecks later it turned into full-on k!ssing, and since we were both n.aked in the middle of nature, in a pool of water, hidden by the trees, it didn’t take much for me to get what I wanted out of him.

Wyatt k!ssed my neck as he gently entered me. The combination of the hot water and just being outside made me m0an so loud as I grasped onto his shoulders with everything I had.

“Wyatt!”

“Argh, fvck Rylee,” he gr0aned as he started to find his rhythm. He lifted me up, and I wrapped my legs around his h!ps as he gripped my a.ss and pulled me into him as he thrust at the same time. I pulled on his neck with my arms and brought him into a deep k!ss as he hit that perfect sp0t within my body that made me scream in pleasure.

“Wyatt, please, harder. Please, do it harder,” I begged him as our l!ps barely touched. He did what I asked and went even harder. “Oh my god! Yes! Wyatt! Ah! Ah! fvck!” our m0ans filled the air, echoed around us, and then slowly faded. “Ah! I’m going to c.um!” I shouted as he gave me everything he had.

“That’s it dearest, c.um for me,” Wyatt growled as he moved his head down, s.ucked on one of my b.reasts, and rammed his d!ck so far into me my eyes rolled to the back of my head. I felt myself release and my body turned to jelly. Wyatt walked us back towards the rock and put me down on my feet. He found a flat surface just on the edge of the water and laid me down. My top half was lying in the snow, and the bottom half was in the hot water. The mixture of the two turned me on for some reason.

Wyatt adjusted himself between my legs and spared no second before finding his balance and entering me again. I expected Wyatt to go hard and rough like he normally does, but he didn’t. To my surprise, Wyatt went slow and steady and he k!ssed me all over.

“Wyatt? Are you okay?” I asked in shock at his change in demeanor.

“I’m fine, dearest, I just want to enjoy this,” he said softly as he caressed my cheek and then pushed in, making me m0an. “This is the first time we’re able

to have se.x since you turned back to Rylee,” he said to me and k!ssed me deeply as he pulled out and pushed in again. I gasped at the feeling of complete fullness that he was giving me. “I love you, Rylee.”

“I love you, Wyatt,” I replied while gasping again when he found the perfect place. We stayed in this position for several minutes and I had a few more org*asms, only these felt different and lasted longer than normal. Even though we were surrounded by snow and it was starting to get dark out, the moon gave us light and our bodies were warming each other.

“fvck, I’m going to c.um,” Wyatt grunted as he started to go a little faster. I took the opportunity to fl!p us over and now he was lying partially in the snow. I felt him shiver beneath me as I moved my h!ps against him. I bent down and cradled his head as I gave him all the pleasure I could give.

“Wyatt,”

“Ugh, fvck, Rylee, I’m going to c.um if you keep squeezing it like that,” he grunted.

“Wyatt, you belong to me, and no one will ever take you away from me again,” I whispered in his ear. I k!ssed his neck as I felt him thrust upward. I elongated my canines and bit down on his neck, officially marking him again. Wyatt roared so loud that I was pretty sure pack members could hear him. He grabbed ahold of me and bit down my mark as well, making me scream into my bite as I felt myself c.um for the last time. I could feel his release inside of me and it just felt so right.

We were both panting breathlessly for a few minutes before releasing each other and sealed our respective marks. I looked down at my mark on his neck and smiled at it. Wyatt was officially mine again.

“Holy fvck,” he panted and went limp underneath me. I couldn’t stop the giggle that came out of me. “I did not expect you to mark me that way dearest.” I smiled and rested on top of him as we caught our breaths. “I thought we came up here for a picnic?”

“Puahaha!” I started to laugh, and he did too. I looked over at the picnic basket and just shook my head. “I’m pretty sure the soup and sandwiches are cold now,” I said and looked up at him as I rested my chin on his c.hest. Wyatt looked at me so lovingly and it made my heart skip a beat.

“I love you Rylee, so fvcking*g much. I’m so happy that we’re together, as we should be.”

“Me too,” I gave him a deep k!ss and we laid there a little while longer before going back home.

—End Flashback—

I was looking at Lexie and Lanie when I finished my story, and both of their mouths were wide open and their eyes were popping out of their heads.

“What?” I asked.

“Ummm...That’s...Wow...” Lanie stuttered.

“Rylee is it always that...What’s the word...Ummm...”

“Erotic?” Lanie finished.

“Yeah!” Lexie exclaimed.

“I mean, yeah, it can be,” I answered, shrugging my shoulders.

“I want a mate!” Lanie shouted, shocking Lexie and me. Her face immediately blushed, realizing her outburst and it only made me laugh.

“Don’t worry, Lanie, I’m positive that you and your sister have a mate out there somewhere,” I said to her. She had the most innocent smile on her face and Lexie just rolled her eyes. Though Lexie was thinking the same thing as Lanie, she was cooler and collected and kept it to herself.

As much as I wanted them to find their mates, we first needed to find out who was after them and what made them so rare. I also needed to speak to Wyatt and tell him everything that the girls told me.
