

God, the Real Miss Hated Everyone Equally

Chapter 106

Chapter 106

Tana and Lov immediately went to pick up the firewood.

Soon, they started the fire.

Tana held down Jebi to prevent him from struggling to escape. Lov grabbed one of his hands and put it into the fire.

"Ah!"

Jebi screamed and struggled violently.

Intense pain came from his hands, making him feel worse than death.

This kind of pain was countless times more painful than when his foot was cut off!

But no matter how he struggled, he could not break free from the control of Tana and Lov.

Just like that, he watched helplessly as his hand was burned into a blister, sizzling in the flames and emitting a burnt smell.,

"Brielle... I beg you to kill me... I beg you to give me a quick death... I will kowtow to you..."

Jebi cried and begged for mercy.

It was too painful.

It was too painful.

This was simply not a pain that a human could bear.

He only wanted to be freed quickly, and he did not expect to live..

Brielle laughed, "Aren't I sending you on your way? Don't worry. According to this speed, it should be burned down in two or three days."

"Bear with it a little longer. Two or three days will pass soon."

Jebi's pupils shrank, his eyes filled with despair.

Two or three days...

Normally, it wouldn't be long.

But now, he felt that every second was like a year, and even if he lived for one more minute, he would still feel extremely long.

"I can't take it anymore... I can't wait for two or three days... Please kill me right now, I beg you..." Jebi's tears streamed down and he wailed.

Brielle sighed and shook her head in disappointment. "You are Widian. Isn't Widi stronger than people from other countries?"/

"How can you not take it?"

"You really embarrassed Widian."

Jebi cried, "I am a waste, Widian is a waste... Please kill me..."

Brielle said, "I respect life very much. I won't kill people casually. Don't always induce me to commit crimes. This is very immoral."

Jebi's lips trembled fiercely.

Brielle continued, "Don't worry, I will do my best to let you live longer."

"After all, you have done many evil things. In your next life, you may not be able to reincarnate as a human again. I will let you experience the happiness of being a human for the rest of your life. It can be considered accumulating merit."

Jebi wailed in despair. "Ah! I don't want to live anymore! Don't help me! Just kill me with one slash!"

Brielle had a faint smile on her face as she admired his expression of wanting to die but not wanting to live.

When the surface of the meat was burnt, Brielle even used a knife to cut it off and used the tip of the knife to stab the charred meat into his mouth.

"Eat something and replenish your strength."

Jebi shook his head in horror, and his body trembled even more violently.

The way he looked at Brielle was filled with fear.

She was not human!

She was even more terrifying than a devil!

He stared at the charred piece of meat. His chest heaved violently, and he forcefully shut his mouth, refusing to eat it even if he died.

The corners of Brielle's lips curled up, and her voice was still calm and gentle. "You don't want to eat it?"

"It doesn't matter. I have a way to send things directly into your stomach and not let you die."

"Although my medical skills are not very good, it is still easy to hang your life and strengthen your pain."

She threw the meat on the tip of the knife to the ground, and the tip of the knife slowly moved down Jebi's neck, as if looking for the place to cut down.

Jebi collapsed.

He cried and lay on the ground, crying and howling as he picked up the piece of meat with his mouth.

Brielle put the knife back and watched him eat with satisfaction.

Tana and Lov both lowered their heads and felt a chill on their bodies.

Only the big white tiger was jumping around happily, roaring excitedly from time to time, occasionally rolling on the ground a few times.

The big white tiger's happiness and Jebi's wailing formed a sharp contrast.

In the viewing room.

John and the others also felt a chill. Everyone was breathing steadily, not daring to breathe loudly.

The fist that John placed on the table could not help but tremble slightly.

Brielle's methods actually made him feel fear.

Facing such a terrifying scene, she still had that calm expression.

She was not immersed in the pleasure of torturing people, nor was she afraid at all.

She was like a spectator, indifferent as if she was looking at a very ordinary thing.

This kind of person was the most terrifying.

This Brielle is too terrifying...

Someone spoke, breaking the silence.

However, the atmosphere in the viewing room was still very heavy.

John took a deep breath and said. "Everyone, don't be afraid. The people we arranged have already brought their weapons over. They will soon arrive at the scene. Brielle won't be arrogant for long. She will soon be subdued."

"She will definitely not come to us and seek revenge!"

"She won't have that chance!"

Everyone nodded with a dry laugh.

"Yes, yes, yes. John is right. As long as she is still a human, she will definitely be subdued."

"What happened to Jebi won't happen to us."

"After we subdue her, we can complete the bounty mission in the forest. Don't bring her here, right? I want to take care of myself and don't want to touch women."

"What a coincidence. Me too. I've been a little listless recently. I'm not interested in women."

"What a coincidence. I'm about the same. I was too indulgent a while ago. Recently, I've been scared when I see women."

When John saw Brielle now, he couldn't help but feel apprehensive.

He no longer had the same thoughts as before.

When he thought of bringing Brielle to him, he couldn't help but feel flustered.

Therefore, after hearing everyone's words, he also said. "A bunch of trash. You are so afraid of her little tricks."

"You guys are too disappointing. You guys have ruined my mood."

"Forget it, forget it. Then don't bring her over."

Everyone heaved a sigh of relief, as if they had just saved their lives. They felt much more relaxed.

The bearded man stood up and said, "Sir John, I need to go to the bathroom."

"Go ahead." John waved his hand impatiently.

"Mr. Mccrae, I'm also in a hurry. I'll go with you."

Cozi Mccrae wanted to refuse, but Toofucker had already walked in front of him, hooked his arm around his shoulder and walked out/He could only shut his mouth.

When they were outside, Toofucker whispered, "Mr. Mccrae, do you want to escape?"

Cozi immediately denied it. "Toofucker, don't slander me. How can I escape? Sir John and I have always been on the same side. If Sir John doesn't leave, I won't leave!"

Toofucker said, "Oh, then I have something urgent at home. I'll go back first. Later, you can help me tell John. I won't say it in front of him. I'm afraid he won't let me go."

Chapter 106

Cozi coughed lightly. "Cough, I suddenly remembered that I have an urgent matter at home. Let's go together. We will text Sir John later and tell him."

The two people looked at each other and smiled. Then they quickened their pace and left as if they were fleeing.
