

God, the Real Miss Hated Everyone Equally

Chapter 109

Chapter 109

“Dong!”

John slammed the table and said angrily. “I don’t believe in superstitious things. Brielle is a living person!”

“I don’t believe she can find us!”

“Even if she found this place, we have so many people, she can’t get close to us!”

“You bunch of trash, don’t be so cowardly!”

Everyone looked at Jeb1, wanting to say something but not saying anything.

But in the end, they did not say anything.

They only hoped that Brielle really could not find this place.

The current Brielle, just hearing her name made the hairs on their bodies stand up.

John said, “Continue to send people. I don’t believe that I can’t kill that woman!”

“A mere Oscusian woman, don’t even think about acting all mysterious in front of me!”

“The Oscusian who had participated in the competition in the past was all subdued by me. She, Brielle, is no exception.”

“Widi’s authority can not be provoked!”

No one stopped him.

They were afraid of Brielle and hoped that John would be able to subdue her.

John immediately sent another team out.

Two hours later, the team lost contact again.

John did not believe it and sent another group of people to find them. This time, he also asked them to turn on the video call all the way. He wanted to see what happened.

But halfway through the helicopter, the video suddenly turned black. Not long after, the team lost contact again.

“What’s going on? Is Brielle really not a human?” John asked with a pale face.

“No, impossible!”

“Immediately send someone to investigate why the video suddenly turned black. Why did the signal stop?”

“In addition, continue to send people to the forest in different directions. I don’t believe this!”

Everyone wanted to advise John not to waste manpower.

But looking at John’s angry appearance, no one dared to speak, afraid that they would take responsibility for his anger.

But no matter how many people John sent, in the end, they lost contact, and the person responsible for the investigation could not find out the result.

In the forest, on Brielle’s side.

After three days of inhumane torture, Jeb1 finally breathed his last breath.

Before he breathed his last breath, the ribs on his body were clearly

The scene was very shocking, and Tana and Loy were sweating cold sweat.

In such a hot day, even without the air conditioner, it could still feel the cool breeze.

Only the big white tiger was very happy.

art could be seen.

When it was in the underground dojo, there was an upright ape who challenged it. It liked to tear the upright ape to pieces.

the most.

Since it was defeated by this female upright ape, it had never done that kind of thing.

Now that it saw this scene, it only felt very close and could not help but feel excited.

The method of the female upright ape was better than it. As expected of the upright ape who defeated it, she was much more powerful than it!

Following her, it would definitely grow into an outstanding tiger that was second only to her, and it would be easy for it to dominate the forest in the future.

The big white tiger jumped for a while, ran to Brielle’s side, and laid down. It used its mouth to put her hand on its head. It controlled the upright ape with the style of a king to touch it, so she had to touch it.

Brielle slapped its head with a big force.

“Don’t make a fuss. Go dig a hole and bury that dirty thing so as to avoid polluting the environment.”

The big white tiger’s head trembled.

This time, the upright ape was a little heavy-handed. She should think more highly of it.

The big white tiger happily went to dig the pit.

When the big white tiger finished digging the pit, Brielle asked Tana and Lov to throw Jeb1 into the pit and let the big white tiger fill the pit.

After that, they extinguished the fire and continued to move forward.

Not long after, they saw the five people who had been tied up by Brielle.

They were the five people who had escaped with Jeb1, but now they were poisoned and tied up by Brielle.

They had woken up long ago.

But as soon as they woke up, they heard Jeb1’s scream.

They were so scared that they didn’t dare to make a sound, and they were trembling with fear.

Because they had been tied up, they couldn’t escape, and could only stay in the same place. They could only shit and pee in their pants.

As soon as Brielle and the others approached, they smelled a stench.

She let the big white tiger carry her further away.

“Brielle, please let me go. I was threatened by Jeb1, so I went against you. I swear I won’t go against you in the future. I will do whatever you want me to do. I will absolutely listen to you. Please let me go!”

was also threatened by Jeb1, so I had to listen to him. I apologize to you. Please spare me!”

“Brielle, I am sorry. I will be your follower in the future. Please let me go…”

H

“As long as you don’t kill me, I’m willing to do anything you want me to do!”

“I was only threatened to stand on the side with Jeb1, but I have never hurt you. I don’t deserve to die. Please spare me!”

They had been hungry for three days, and they were weak. But when they saw Brielle, they began to fight to be the first to beg for mercy.

Jeb1’s miserable screams left a deep impression on them.

It lasted for three days, which proved that Jeb1 had been tortured for three whole days.

They could not see the picture, but they could feel the pain and suffering of Jeb1 just by listening to the sound.

Jeb1 was absolutely a tough man. He had been tortured so miserably. They could not imagine how devastated and tormented they would be if they were tortured.

Brielle looked at this group of people indifferently. “Between you guys, only one person can live. I will give you an hour. If you can decide the winner, I won’t do it myself.”

She motioned to Lov and Tana, and they immediately went to untie the five people.

Brielle was afraid that they would not be able to fight with bare hands, so she kindly threw a long sword in to make it easier for them to fight.

The five guys, who were originally teammates, immediately attacked the other party after they got free because of Brielle’s words.

And They were all killers with fatal moves.

An hour later, the scene was a mess. The ground was dyed red, and pieces of meat were scattered everywhere.

Only one person was still alive.

But his situation was also very bad. Half of his face had been cut off, and one of his hands was missing.

But he was very excited because he was still alive.

lit was better than death.

I… I won. Can you let me go?” He looked at Brielle excitedly and asked with a trembling voice..

Brielle nodded. “Yes, you can go now. You can still catch up with your companions on the death road. You don’t have to be too lonely.”

The man’s pupils shrank, and he said in disbelief, “You… You said you wouldn’t kill someone who won. Are you going to go back on your word now?”

He was very angry, but he didn’t dare to get angry. He could only try his best to endure and ask unwillingly.

Brielle laughed, I’ve said it before, but in my eyes, you are not a human. I won’t go back on my words even if I kill you.”

“Do you agree with my point?” She looked at Tana and Lov.

Tana and Lov nodded hurriedly. “I agree with you very much. You are right!”

Brielle looked at the man with a forced smile. “Look, most people agree with my point of view, so it proves that I am right.” “So, do you want to go on your own or do you want my help?”
