Chapter 35

## Chapter 35

Jordan suddenly squatted down, reached out and grabbed Pearl's neck, and glared at Pearl with red eyes.

"In order to protect you. I was scratched by the monkey and had a high fever. You ignored me all night and did not even look at me. The next day, you even lied to me that you saved me, pretended to be my savior, and encouraged me to target my real savior!"

"I was injured in the river and could not get ashore. It's fine if you don't care about me, but you even stopped others from saving me. Do you really want me to die so much?"

The great anger kept washing his mind.

Pearl's temperament had changed greatly. He could find a reason to say that it was because she had been beaten up by Brielle and suffered in the wilderness. She had suffered too much stimulation, which led to her mental disorder and her temperament changing greatly..

But she actually ignored his life and death and even wanted him to die!

This made him unable to accept it and made him collapse even more!

He had loved his sister for so many years. Why was she so vicious?

It was as if he had never met Pearl before!

"Pearl, why are you so vicious? Our Galley family has raised you for so many years. We have raised you with delicious food and drink. I am also so good to you, and I almost agree to everything you asked. In order to take care of your emotions, I did not dare to talk to Brielle after she returned home. I was afraid that you would be sad, but is this how you repay me?"

"Hahaha, you actually want me to die! I treat you the best in the family, and you actually want me to die?"

"You are really a beast, a thankless wretch!"

Pearl was strangled to the point of suffocation, her face flushed red, and tears flowed out of her eyes.

She wanted to break free from his hand, but she was not as strong as him. She could only shake her head and look at him pleadingly.

"You took the credit of Brielle saving me and wanted to kill her. You even used the morality you stole from Brielle to kidnap me and let me hide it for you. You are really vicious!"

"I want to kill you, this vicious white-eyed wolf. A sum like you, living in this world is a waste of air!"

Jordan was so angry that he had lost his mind. He continuously exerted strength in his hands, and his eyes were extremely fierce.

That posture, he really wanted to strangle Pearl to death!

Pearl was so pinched that she rolled her eyes, but she did not let go.

No matter who found that he was teased by the person he loved the most, and the other party still wanted her to die, they would not be able to calm down.

Perhaps it was due to the lack of oxygen, which caused the various functions of the body to be disordered, but Pearl actually peed in public!

A large amount of urine spread under her butt, and the foul smell spread in an instant.

Brielle walked to the other side of the stage in disgust, staying away from their dispute.

Jordan, this idiot, finally saw Pearl's true face!]

[Pearl actually asked Jordan for help. Does she really take Jordan as a fool? Her actions have been exposed. During those six days, she used Jordan as a s e and played him around. Not only did she deceive him, she also wanted him to die. How did she dare to ask Jordan for help?]

[Among the people on the stage right now, the one who wants Pearl to die the most is Jordan. She actually dared to ask Jordan for help. Shouldn't she try to avoid him at this time?]

[Dog Bite Dog!]

Jordan deserves it. If he treated his own sister better, how could he be led by the nose by Pearl?]

Jordan is not a good person either. He can't become a victim just because he was teased by Pearl. Don't forget that he is not a good person either!]

[That's right. If Jordan is not bad, no matter how much Pearl eggs him on to induce him, he will never do something like that to his own sister! He is s id and bad!]

[Pearl is really disgusting. She actually peed on the stage. So disgusting... ]

[First, she pooped in public, and now she peed in public. She is as smelly and disgusting as those s t urine! ]

[Both of them deserve to die!]

[Jordan, quickly strangle Pearl to death and then end yourself. The two of you are living beings that pollute the air. Two pieces of trash! ]

At the scene.

"Quick, quick, come up and pull them away. Don't cause trouble here. I can't afford this responsibility. Moreover, I'm broadcasting live."

When the director saw that someone was really going to die, he immediately shouted at the staff below.

Soon, two strong staff members rushed up from the audience and forcibly separated Jordan and Pearl.

"Let go of me, I want to kill this vicious woman!"

After Jordan was pulled away, he was still glaring at Pearl fiercely. He struggled violently to go over and strangle Pearl.

But the two strong men held him down from the left and right. He could not break free at all and could only glare at Pearl angrily.

Pearl was frightened by his fierce eyes. Her legs kicked the floor and retreated. A long wet stain was taken off the ground by her.

She stretched out her hand to cover her neck, gasping for breath, her heart filled with fear and resentment.

Jordan actually wanted to kill her.

Just because of that small matter, he wanted to kill her!

It was a waste of her calling him brother for so many years!

At this time, the reporters below the stage began to ask Jordan,

"Jordan. Brielle is your real sister. Why do you hate her so much? Even if you haven't lived together since you were young and you have no feelings for her, you can distance yourself from her. But why do you treat her like an enemy? In the seven days of live broadcast, you have never spoken to Brielle in a good tone. May I ask why?"

Jordan, your eldest brother forced Brielle to sign a contract to set off Pearl. Is this true? Do you know? Do your family know?

Have you considered that if the program is filmed normally and Brielle is made according to the contract, she will lose all her reputation and be raped? Many people are forced to depression and even go to suicide. Aren't you worried about Brielle's situation?"

"Jordan, does your family know the consequences, but you are too cruel to Brielle, so you don't care about the consequences. You even want to use the Internet violence to force Brielle to death?"

"Now you know that the person who saved you is Brielle. What do you think?"

"I don't have any questions. I just want to say that you, Galley family can force their own daughter to sign a contract to support another, regardless of the fact that your own daughter will lose her reputation and be raped by the net. It proves that you, Galley family, are all bad guys from top to bottom, and none of you are good. Pearl's hypocritical and vicious character is completely raised by you, Galley family. This is the result of your normal upbringing."

"Yes, yes, the family is st id and bad. Her own daughter has been suffering outside for so many years. She came back with great difficulty and even snubbed her. What's more, they even gifted a mansion to the nanny who caused her to be stranded. outside. They even did not hesitate to destroy her own daughter. She was forced to sign a contract and pretend to be a vicious image to support her daughter. This family is sick. If there is a normal one, the contract will not appear!"

"If you don't like Brielle, this biological daughter. Give her some money to compensate and let her go out to live on her own. Why do you want to kill her? Is this attitude of your family member?"

"For the sake of an adopted daughter, you treat your own daughter as an enemy. Galley family really makes me eye-opening!"

"Hahaha, a family of vicious and brain-dead bad guys. It is too normal to nurture a poisonous white lotus like Pearl. If she is really gentle and kind, it is abnormal. How can a white cloth be spilled in a big dye vat? Jordan, you deserve it. You are also a member of the evil side. You are not innocent at all. From beginning to end, the only innocent person is Brielle who has been driven crazy by you!"

Jordan seemed to be struck by lightning. His body froze and the blood on his face faded away. His heart was cold.

These people actually evaluated them like this?

Are all of them, Galley family, evil and poisonous?

He didn't want to admit it...

He had lived with his family for more than twenty years. Although there were occasional quarrels at home, they had always been fine and united against outsiders without any problems.

However, when it came to the matter of treating Brielle, they seemed... not very friendly.

The day Brielle returned to Galley family, they were originally happy.

However, Pearl kindly took her upstairs to her room, but she deliberately pushed Pearl down from upstairs.

Thus, their whole family was very disappointed with Brielle. They canceled the welcome banquet prepared for her that night and let her eat alone at home. In order to coax Pearl, they took Pearl out to play and eat outside.

Pearl cried in front them; and she asked them if they wouldn't love her after Brielle came back. She acted very uneasy, afraid that they would be robbed.

So, in order to comfort her and give her a sense of security, they took Pearl out for a vacation the next day and left Brielle alone at home.

They went out for a month before coming back.

They had already coaxed Pearl outside.

But after returning home, Pearl began to cry often and often got hurt.

They asked her how she was injured and who made her cry. She only shook her head and then timidly looked at Brielle.

They thought that Brielle had bullied Pearl.

They were very disappointed with Brielle, so they gave her the cold shoulder and made her remember. At the same time, they treated Pearl better and gave her a sense of security.

Because Brielle had targeted Pearl as soon as she came home, they had a very bad impression of Brielle. It led to her taking the initiative to curry favor with them, giving them gifts, and personally cooking for them. They still felt that she was vicious and jealous. She always bullied Pearl and still did not treat her well.

In fact, it was not that he had not wavered. When Brielle gave him the gift, he was moved and his attitude towards Brielle eased a little, wanting to give her a chance to change her ways.

But that night, Pearl cried and knocked on his door, saying that she was afraid that he did not love her and was afraid that he would be s d away.

So, in order to coax Pearl, he broke the gift Brielle gave him that night and threw it away.

When he took the gift out and threw it, he came back and saw Brielle standing at the door.

At that time, he was a little guilty and opened his mouth to explain helplessly.

However, Brielle did not say anything. She just looked at him coldly, without any extra feelings.

Before he spoke, she turned around and walked back first.

She did not ask for the reason or his explanation.

Perhaps from that day on, Brielle had already given up on him, so she did not care why he threw away the gift she gave him and did not ask him for an explanation.

Since then, Brielle had never been better off than him. When she met him outside, she would not take the initiative to greet him and pretend to be a stranger.

Only when she met him at home would she nod politely and distantly, and when she was forced to call him, she would call him "third brother".
