

God, the Real Miss Hated Everyone Equally

Chapter 42

Chapter 42

Brielle mocked, “Where did you get your confidence from? Do you think

you can show

your face here?”

“For your sake? Heh, you make yourself seem like a big shot. How much is your face worth?”

Sarah’s face turned green and red, and she flew into a rage out of humiliation. I’m your mother. I gave you your life. What’s wrong with me telling you to listen to me?”

“I didn’t ask you to give your life back to me. I just wanted you to listen to my advice. You didn’t even agree to this. Why are you so unfilial?”

“You are such an ungrateful person. You are so heartless to your own mother!”

“I shouldn’t have given birth to you!”

“You are a scourge, causing our home to be in chaos!”

Brielle sneered, “You gave birth to me without my permission and gave birth to me on your own. You didn’t protect me well and let me be stolen and thrown outside to suffer.”

“After you found me, you lied to me and told me to go home with you. You said that you would compensate me, but you didn’t treat me like a human when we got home and showed me cold face every day.”

“It’s good enough that I don’t want to settle scores with you. You want me to be filial to you? Where do you get the face?”

Sarah argued. “It’s not my fault that you were held in the wrong. How can you blame me?”

“As for when you went home, it was because you always bullied Pearl. As an elder, we only said a few words to educate you. How can you bear grudges?”

“Mom and Dad only said this for your own good. There is a saying called love is a deep responsibility.”

“Why don’t we scold others? Just scold you?”

“It’s because we care about you and hope that you will be better!”

“You don’t understand Mom and Dad’s good intentions. Mom and Dad don’t blame you.”

“Be obedient now and follow us home. I promise that I will treat you well in the future.”

“Leave your good intentions to others. I can’t afford it.” Brielle laughed.

“Galley family, I will never go back in this life.”

“Unless…”

Sarah’s eyes lit up, and she hurriedly asked, “Unless what? What do you want to do for you to be willing to come home with us? If you have any requests, feel free to ask. Dad and Mom will definitely fulfill your requests!”

She thought that as long as Brielle returned home, they could close the door and educate Brielle, forcing her to forgive Pearl and Jordan.

Now that they were outside, they could not speak too heavily, and it was not good to threaten Brielle.

It would be more convenient to go home.

The corners of Brielle’s lips curled up, and she said with a faint smile, “Unless all of your Galley family are dead, I can consider going back to inherit your inheritance.”

You… “Why are you so vicious? How dare you curse us to death?” Sarah clenched his fists.

Brooks scolded Sarah, “It’s all because your genes are bad that you gave birth to such rebellious bastards!”

Three sons look like me. How sensible and obedient are they?”

Sarah lowered her head in shame.

“Idiot.” Brielle rolled her eyes.

Brooks was so angry that he wanted to curse.

But at this moment, a policeman came over and said,

Jordan’s interrogation has ended. He admitted the fact that Pearl deliberately killed someone, and also admitted that he was covering up, so we have to follow the law and accept him.”

“Although Pearl is still reluctant to admit it, her words are irrelevant.”

“Moreover, she admitted that she deliberately killed someone in front of the camera. We will detain her first and then continue to interrogate her.”

“When the interrogation results are out, we will file a lawsuit to the court, but it will take time.”

“You don’t have to wait here. You can go back. If there are any results, we will inform you.”

When Brooks heard this, he was so angry that he glared at him. That unfilial son Jordan, how can he accuse Pearl of deliberately killing people?”

“Pearl was so scared that she accidentally pushed Brielle off the cliff because she was confused!”

“She didn’t do it on purpose. At most, it was a mistake!”

Brielle sneered coldly. She was too lazy to talk nonsense with them. She directly got up and left the police station.

When she reached the police station entrance, George finally couldn’t help but say, “Brielle, your family is too biased. They are so biased that their brains are abnormal.”

“Damn, my fists are hard when I hear it.

“If not for the police station, I would have slapped their mouths!”

Matt said, “I also feel that there is something wrong with their brains.”

“The one who was obviously hurt was Brielle. They didn’t say a word of concern and even called her vicious.”

“Pearl was the ones who pushed people off the cliff. They felt that she was kind, but they felt that you were vicious. Are their values different from normal people?”

Micah said, “Did that Pearl save their family? Why are they so protective of Pearl?”

“For an adopted daughter, he didn’t even care about his own daughter’s life. He even humiliated his own daughter for the sake of his adopted daughter. This is not something a normal person can do!”

They were all very angry.

When they mentioned Galley family, their faces were full of disgust and anger.

Brielle’s eyes darkened.

She also wanted to know how Galley family was brainwashed by Pearl to that extent.

Even if they saw Pearl’s true face, they still wanted to protect her.

Kayden lowered his eyes and looked at Brielle. There was a trace of heartache in his dark eyes.

“You were with Galley family. Have they always treated you like this?”

Brielle shrugged and said indifferently. “About the same, but I don’t care about their attitude towards me anymore.”

Kayden said in a deep voice, “It doesn’t matter. You don’t need that kind of family. You will meet someone you really love in the future.”

She glanced at the time and said, “I want to go to Mount Entertainment to cancel my contract,”

Kayden nodded. “Okay, I will go with you.”

George smiled. I’ll go too. Your former brother, Roman, and I are competitors. Now, because of Pearl’s overturning of the car, no one in the circle dares to cooperate with him. Those who signed the contract all terminated their contracts with him and came to cooperate with me. I want to laugh at him!”

Brielle did not care.

If they wanted to go with them, let them follow. Anyway, she was not the one who was laughed at.

Brielle called the lawyer who had made the contract for her, then took the contract and went to Mount Entertainment.

Roman asked someone to take Brielle to the conference room.

After a long time, Roman came late.

When he pushed open the conference room and walked in, he saw six people sitting neatly inside. His face instantly darkened.

Among these six people, Kayden was Galley Group’s sworn enemy. Now that he had invaded Galley Group’s company, he had become a thorn in Galley family’s side.

Ever since Brielle sold Galley Group’s shares to Kayden, every day when they had time, they would curse Kayden to die a horrible death.

George was his business rival.

George also had an entertainment company under his banner. The two companies often competed for resources, and they would also poach the artists and management staff of the other company. Their relationship was also not good.

Matt and Micah did not have any direct disputes with him and Galley family.

However, they were friends with Kayden and George. He also did not like them.

Roman walked in with a sullen face. He glanced at the crowd with displeasure and finally looked at Brielle.

He had a very complicated feeling about this sister.

In the beginning, when he found out that Pearl was secretly arrogant and always targeted Brielle, he was moved.

But as the live broadcast went on, because the netizens supported Brielle and attacked Galley family, it had a great impact on him. He began to hate Brielle again.

Now, all the industries under Galley Group were affected, and only some of the physical industries were slightly less affected.

But his entertainment company had a great impact.

Chapter 42

It could be said to be a devastating effect!

Now, all the artists under him were being attacked by angry netizens..

The netizens not only boycotted Pearl, but also boycotted the works of all the artists under his company.

When an artist attended the event, he was surrounded and scolded, and the event scene was a mess.

There were already many partners who came to cancel the contract and asked him for compensation.

Some of the artists who were filming were also driven out of the crew.

There was also the endorsement of the artists. All of them had received a notice from the brand.

His company was now completely suspended.

If he did not solve this problem as soon as possible, the company would face the risk of bankruptcy.

But it was easier said than done to overcome such a serious crisis.

All of this was caused by Brielle!

“Why did you bring so many people?” “Come with me to the office. What we want to talk about is an internal matter of the company. No outsiders can be present,” Roman said with a dark face.

George said with a faint smile, “It’s just a termination of the contract. It’s not some secret that can’t be revealed. Why can’t outsiders be present?”

“You called Brielle away alone. Don’t tell me you want to threaten Brielle?”

Roman’s expression changed, and he looked at George coldly. “Don’t judge a gentleman with a vile heart. Brielle is my sister. How can I threaten her?”

Brielle coldly corrected him. “The day I cut off my relationship with you Galley family, I warned you not to have any relations with me in the future. I am no longer your sister.”

“Even if you don’t admit it, it won’t change the fact that we have the same blood!” Roman said with a gloomy face.

Brielle kicked over a chair.

The chair flew in front of Roman and smashed into his foot.

“Ah!”

Roman screamed in pain. He crouched down and covered his feet, his face twisted in pain.

Brielle said impatiently, “Before I get angry, hurry up and sign the paper?”

“If you dare to provoke me again, I will directly drain your blood. Let’s see if the blood on our bodies is same!”

Roman was so painful that his whole body was trembling, and his forehead was covered with dense cold sweat.

Hearing Brielle’s words, he was so angry that he almost had a heart attack.

She was too much...

He was her biological brother!

How could she treat him like this?

Not only did she have no conscience, she didn’t even have a shred of humanity left!
