God, the Real Miss Hated Everyone Equally Chapter 45

Brielle was originally looking at other places. When she heard Robert's words, she turned to look at him and said calmly. "A piece of trash like you can even come here. Why can't I come?"

Chapter 45

Matt's face turned cold. "Robert, if you want to cause trouble here, I can only ask someone to ask you to leave carly!"

Matt rolled his eyes. "You really have a fucking brain problem. It was you who shouted at Brielle first, and it was you who insulted

Robert said unhappily, "It was clearly her who was causing trouble. Why do you want me to leave?"

"You..." Robert was so angry that his face turned green and purple.

Brielle first. You told me that she was causing trouble?"

"Go to the waiting area, don't be an eyesore in front of me!"

did you stay with Galley family for a year?"

He looked at Robert's back with gloomy eyes.

Soon, the competition was about to begin.

He looked around but did not see God J.

This was simply impossible.

He wouldn't believe it.

Time passed by bit by bit.

"Your brain is not normal, but it does not mean that my brain is not normal!"

Robert was so angry that his face turned green. He looked at Brielle and sneered, "I didn't expect you to have such great ability to hook up with the young master of the Foster Family and let him humiliate me for you!"

"You've been outside for nineteen years and you've already learned such despicable methods. How disgusting!"

"You motherfucker... Matt was instantly enraged...

He raised his hand to hit Robert, but Brielle stopped him.

Brielle said lightly, "Let him continue barking. He won't be able to bark for long anyway."

She would personally take revenge for this.

She did not need the help of others.

Matt reluctantly put his hand down.

Robert said to Brielle mockingly, "Don't think that you can please me like this. No matter what you do, I will never forgive you!"

"Also, in the competition, don't say that you are my sister. If God J knows that I have a sister like you who can't go on stage and

affect her impression of me, I will not let you go!"

He felt that Brielle stopped Matt from hitting him because she wanted to please him and win his favor. Unfortunately, he would not be moved by such a small matter.

Brielle had hurt Galley family so badly that he would never forgive her!

"Idiot, Brielle sneered.

Robert gave Brielle a warning glare and turned to leave.

Matt spat at his back.

"Bah, who is he!"

Brielle said, "They were not so bad before they fell out with me." In addition, at that time, she was still eager for family, so she endured it.

Kayden frowned and asked Brielle in confusion, "Galley family doesn't have a normal person. They are all so bad to you. How

But three months ago, when she was injured, they even stepped over her to care about Pearl, who was just crying in fear. The trace of desire in their hearts was completely eliminated. Kayden shook his head and felt a little distressed for her.

He wanted to speed up and let Galley family go bankrupt. Brielle gave him a year, but he couldn't wait that long.

Seeing Galley family's attitude towards Brielle, he wished he could directly transform into a monkey and throw a left hook and a

right hook at them. He then ruthlessly smashed them to the ground, turning them into minced meat and feeding them to the

J's appearance was arranged for the third match. However, the second match was about to end, and there was still no one looking for Brielle.

The audience kept looking around, looking for God J, and even did not have the heart to watch the match. They did not care about the match they placed their bets on, and only wanted to see God J with their own eyes. Matt also kept looking around.

When the second match was about to end, Matt finally couldn't take it anymore. He walked over to Brielle and asked her in a

Brielle said, "She came a long time ago." "Where? Why don't I see her?" Matt was stunned.

"Do I look like a person who goes back on his word?" Brielle blinked.

Matt said helplessly, "But at this time, God J hasn't come yet..."

small voice. "Sister E, my dear sister, tell me quickly. Are you playing with me? Will God J come?"

He touched his head, "God J always wears a mask during the competition. Is she hiding in the group without a mask now?" Brielle reached out to pinch his chin and turned his face to look at her. She said seriously, "Don't look around. I am the letter

Matt: "..." Everyone:

Matt sighed, "Sister E, stop messing around. How can you be God J? God J's personality is completely different from yours. God

George said, "If you say you are God E, we might believe you. At least your name is an E, but God J, you have nothing to do with her."

Brielle was speechless. "The letter E is a man. You would rather believe that I am a man than a letter J?"

Brielle frowned. "Why do all of you have such expressions? Don't you believe me?"

J is the flower of the high mountains, you..." Monkey King?

At least, the letter] is a woman. They shook their heads in unison. No.

"God is a god–like existence. Even her hair is elegant. She won't crawl on the ground in darkness. She's still swinging the tree

Brielle: "..." She looked at Kayden. Kayden silently looked away.

The competition was about to start. She was going to change into the racing suit.

George said with a trembling voice, "Damn, it can't be, right? Are you really God J?"

Matt still wanted to say something, but was directly dragged away by Brielle.

Matt said, "After changing, your figure looks a bit like God J."

"How is this possible?" Micah was equally shocked.

Their expressions were all very interesting.

Anyway she was herself...

Brielle curled her lips.

She also has a big gift to give to Robert....

Soon, it was Brielle's turn to go on stage.

"Ah, God J. I love you. Welcome back!"

Central break.

God J was their friends; they were very excited.

In the past, she was a god, but now she was a lunatic.

Good fellow, Kayden did not believe her either. Brielle shook her head. "Forget it. It doesn't matter if you believe it or not. Matt, take me to the locker room."

When they arrived at the locker room. Brielle took the racing suit and protective gear that Matt had prepared in advance. and walked into the locker room to change. When she changed into the racing suit and came out, the few of them were somewhat stunned.

The others thought about it and followed.

Kayden stared at Brielle for a few minutes, walked over, picked up the helmet and put it on Brielle's head. "This is more like it." "It should be her." Kayden said solemnly. Everyone: "..."

However, when they thought of the "god" in their eyes crawling in the dark and twisted forest, swinging tree vines, destroying all the monkeys, snatching their bananas and beating up every monkey, they felt a deep sense of separation when they became the king.

Kayden was the first to come back to his senses, and he chuckled. "You are really full of surprises." If Robert knew that the sister he disliked was God J, who he regarded as his idol, his expression would definitely be wonderful.

Matt laughed, "Hahaha, I'm already looking forward to his expression after knowing the truth!"

She did not participate in the competition just to psychologically attack Robert.

When the car with the letter] on it drove onto the stage, there was a loud cheer on the scene. "God J! God J! God J!"

"Oh my god, God J really came to participate in the competition. How could I be able to meet God J in such a small competition!"

He looked at God J's racing car with burning eyes. Through the transparent glass window, he looked at the vague figure in

The car models on the field were all similar, but everyone's gaze was accurately locked onto one of the cars.

The result of the competition was without a doubt that God J was the first in this group, successfully advancing!

Because the skills of that car were too eye-catching, they could recognize at a glance that it was God J's unique skill!

All the blood in his body was boiling, and his burning eyes were almost burning. God J... I can finally see you at such a close distance. I can finally stand on the same track as you. You must win. We can

Robert had finished the first match. He had successfully advanced to the finals.

Now he was also watching the competition in the audience.

With a gunshot, the game began, and 30 cars sped on the track.

The finals would only begin at twelve. As soon as Brielle got off the car, a group of fanatical contestants rushed to the backstage to take a closer look at God J.

He ran to God J and looked at her excitedly. He was so excited that he was at a loss.

Robert broke through the encirclement and ran to the first.

God J wore a helmet, revealing only a pair of big and bright eyes. However, why did this indifferent gaze look a little familiar to him?

He stared at God J's eyes with anticipation and excitement.

Brielle looked at Robert coldly.

Soon, he could not be happy anymore...

"God J. let me take you to the lounge to rest for a while." Matt said.

She was surrounded by a few people and moved towards the lounge.

That kick was more or less with a personal grudge.

Brielle nodded.

"Even if you only say one word to me, it's fine!" "God J. I really like you. Look at me! Say a word to me!" Robert chased after her anxiously.
