

God, the Real Miss Hated Everyone Equally

Chapter 55

Chapter 55

Sarah rushed over with a face full of anger.

She reached out and grabbed Pearl's hair, forcefully pulling her out of Brooks' embrace.

"Ah... Mom, let go of me. It hurts..." Pearl cried out in pain.

"Pal

Sarah slapped Pearl hard in the face.

"You beast, you still know that I am your mother?"

"I love you as my own daughter. Is this how you repay me?"

"You actually seduced my husband. You're worse than a beast!"

"I'll beat this ungrateful bastard to death! I'll beat you to death, you shameless little bastard!"

Pa...

One after another, crazy slaps landed on Pearl's face.

Not only did Sarah slap her, she even used her nails to scratch her face.

A terrifying bloody scar quickly appeared on Pearl's face.

"Ah... Don't... Dad, save me..."

Pearl was completely no match for the furious and insane Sarah. She was being beaten by Sarah one-sidedly, unable to fight back, and could only ask for help.

Brooks ran over to stop Sarah.

"Enough, let go of Pearl. Look at how badly you beat her up."

"Ah..." Sarah became even angrier.

She changed her target and continuously beat Brooks.

"You are also a beast. How can you do such a thing? Are you worthy of my trust? Are you still human?"

"Pat"

Brooks slapped Sarah hard on the face and shouted angrily. "Enough, don't make a fuss like a shrew. Look at you, which part of you is like a rich lady? You are just like those shrew who only know how to throw a tantrum!"

"Ah..."

Brooks' slap was especially heavy.

Sarah was knocked to the ground, and her forehead even hit the corner of the table.

Her whole body trembled in pain.

Her heart ached even more.

Her husband, her adopted daughter, had done that kind of thing and even called her a shrew?

Chapter 55

He was simply shameless!

They were all shameless!

"Mom!

Jordan finally caught up. He saw his mother being pushed down by his father from a distance. He shouted and rushed into the study room. He helped Sarah up from the ground and glared at Brooks angrily.

"Dad, how can you do this to Mom?"

At this time, Roman also walked in. He glanced at Pearl who was on the ground and said with a livid face, "Third brother, help mom down the stairs first. We will talk again after they have dressed themselves."

Only then did Jordan notice that Brooks and Pearl were naked. He only felt that his eyes were burning.

He helped Sarah, who was crying to the point of fainting, out of the study,

And Brooks also went to help Pearl up.

"Dong"

The prop he had just given Pearl fell to the ground and made a loud sound, which immediately made the atmosphere more awkward.

Roman's face was as black as the bottom of a pot.

Sarah and Jordan, who had just walked to the door, also heard it.

"You two bastards, bastards!" Sarah was so angry that she wanted to pounce on them again.

Jordan quickly stopped her and dragged her out of the study,

"Mom, let's talk about it when they get dressed and go downstairs!" Jordan advised.

"I can't wait to tear this couple apart!" Sarah was furious.

Jordan persuaded Sarah while forcibly taking her downstairs.

Roman endured the disgust and looked at the window.

Then he walked over and pulled open the curtains to look outside.

There was nothing outside.

His eyes were terrifyingly cold.

Brielle had a video call with them. The location of the shot was taken from the direction of the window,

This was the third floor. How did she climb out of the window to shoot?

She had already left. Since he couldn't catch her, he could only settle the family matters first before considering other matters.

Ten minutes later.

In the living room.

Apart from Robert who was hospitalized, the rest of Galley family's people were all present.

Chapter 55

Sarah was still shedding tears, crying her heart out, as if the world had collapsed.

Seeing Pearl and Brooks walk down the stairs together, she immediately could not hold back anymore.

She picked up the ashtray on the table and smashed it at Pearl.

"You little bastard, I gave you a family, but you actually ruined my family. I was really blind to leave my own daughter alone. and protect a heartless bastard like you!"

Sarah stared at Pearl with bloodshot eyes, wishing to tear her apart.

"Ah..."

Pearl was so scared that her face turned pale, and she hid behind Brooks in fear.

The ashtray did not hit her, but it smashed into pieces on the ground.

Pearl bit her lips and said with grievance, "Mom, I never thought of destroying this family. I came to join this family..."

"Ah!" "Don't feel satisfy to be Young Miss of Galley family? Why did you do this?" Sarah screamed crazily.

"Are you worthy of me?"

"Are you still human?"

"You are all animals! Even animals would not do such immoral things. You are worse than animals!"

She racked her brains to search for vicious words to insult Pearl.

However, when she saw Pearl lower her head slightly and look aggrieved, she became even angrier.

In the past, when Pearl and Brielle had a conflict, Pearl liked to put on this expression. She would feel distressed when she saw it before.

But now that it was Pearl's turn to use this expression to deal with her, she felt like she was about to explode from anger.

Why didn't she know before that this little bastard was so good at acting?

The one who seduced her husband was her, the one who did the lowly acts was her, and she still felt wronged?

"Haven't you had enough? If you want to throw a tantrum, then roll outside. Don't be an eyesore in front of me!" Brooks scolded unhappily.

Sarah's heart ached as she glared at Brooks. "Are you suppotng her?"

"You did that kind of thing and you still call me a shrew?"

"Even if I am a shrew, I am still better than you shameless adulterers!"

"Mom..." Pearl bit her lips.

"Shut up, don't call me mom. I don't have a shameless daughter like you!" Sarah screamed.

"Since mom doesn't like me, I'll leave this house. As long as mom can calm down, I'm willing to do anything."

After she finished speaking, she planned to leave.

Brooks grabbed her hand and pulled her back.

"I am the head of the family. I have the final say in this family. No matter whether she likes you or not, you don't have to care about her. As long as I let you stay, you can always stay in this family!"

Chapter 55

Pearl bit her lips and stood behind Brooks weakly and innocently

"Brooks, you are not human. You won't let her go. Do you want me to go? Sarah cried in grief and indignation

Brooks said in a low voice, This depends on your own!

"If you can't tolerate Pearl and target her everywhere, then you can go by yourself. I won't let Pearl go."

"If you can think it through, then our family can still live happily together as before."

Sarah opened her eyes wide in disbelief and looked at Brooks as if she was looking at a stranger.

What did you say?"

"You want her to stay? Live happily with us?"

Things had already developed to this point, how could they be happy?

Brooks said unhappily, "Pearl has nothing to say. She is willing to be wronged. What are you dissatisfied about?"

"As long as you don't make trouble, you will still be the noble Mrs. Galley!

Sarah was so angry that she almost wanted to vomit blood.

Her language was lacking, and she did not know how to refute this shameless person.

Brooks continued, "You don't have to be so angry?

"Look at those rich people, how many of them do not have women outside?"

"I haven't been looking for a woman outside. You are already very lucky."

"I only have one more Pearl now."

"You watched Pearl grow up. You know her very well and she respects you very much. She won't snatch anything from you. Can't you be more magnanimous?"

Sarah's face alternated between green and red. She only felt a breath stuck in her chest, making her unable to breathe.

"If she really respects me, she won't get together with you!"

"I've talked to you so much in a nice manner, but you still don't understand. You're still making trouble without reason. You really disappoint me!" Brooks frowned.

"Anyway, I've already told you this. It's impossible for Pearl to leave Galley family. If you can accept her, stay. If you can't accept her, then you can leave by yourself!"

Sarah roared in a broken voice.

"What did I do to deserve this? I raised a bastard!"

"Back then, I ignored my own daughter for her sake, but now she came to snatch my husband?"

"As expected, you are as shameless as your nanny mother. I was actually coaxed by you to treat the criminal who stole my own daughter well!"

"Brooks, did you already know that Pearl is not our biological daughter and have been with her for a long time?"

"That's why you always protected Pearl after Brielle returned home. You also let me give Brielle a cold shoulder. Don't make Pearl unhappy?"

Chapter 35

At first, she also wanted to treat Brielle well.

61%

But every time she treated Brielle better, when she went back to her room at night, Brooks scolded her and said that she would make Pearl sad and he also said something bad about Brielle.

Over time, she became more and more unpleasant to look at Brielle.

No matter what Brielle did, she always felt that she was scheming.

Sarah thought of how she used to treat Brielle for Pearl, and burst into tears.

"Oh, for Pearl, I made my own daughter treat me as an enemy, but Pearl actually repaid me like this!"

"Not only does she want to harm my son, but she also wants to steal my husband..."

"Hahahahaha, this is the retribution of the heavens for me!"

"Brooks, you have done more than me. You will end up worse than me!"

"And Pearl, you are a cruel bastard. You will die a horrible death!"

"You bitches will die a horrible death!"

Sarah's eyes were full of anger and hatred.

She seemed to be crazy. She suddenly stood up and laughed wildly as she shed tears.

"I want to expose you disgusting adulterers. I want you to be street rats and everyone will despise you!"
