

# God, the Real Miss Hated Everyone Equally

Chapter 56

## Chapter 56

Sarah laughed maniacally as she walked out.

Pearl panicked.

The matter between her and Brooks could not be spread out.

At the very least, not now.

If this got out, she really wouldn't have the face to see anyone in the future.

"Mom, don't be impulsive. You can't spread this out. You will destroy Dad and the entire Galley family!"

Pearl quickly chased after her, wanting to stop Sarah.

"Get lost! You dirty thing, don't touch me!"

Sarah angrily pushed Pearl away.

"Ah..."

Pearl crashed into a cabinet at the side, her delicate body trembling in pain.

Brooks strode over with a gloomy face, pulled the crazy Sarah back, and gave her a slap in the face.

"Pa!"

Sarah was slapped back onto the sofa by Brooks.

She covered her red and swollen face, looking even more desperate.

Brooks snapped, "Stop it!"

"Don't forget who raised you for the past few decades! You are like a parasite. You eat my food, live my house, and spend my money. I gave you everything. What right do you have to make trouble with me?"

"I let you enjoy thirty years of happiness. It's fine if you don't feel grateful, but you want to ruin me for such a small matter. You really don't know what's good for you. You are the biggest white-eyed wolf in the family!"

Sarah looked at Brooks in a daze, trembling with anger.

She did not expect that Brooks would look at her like this!

Before she married Brooks, her family was also a rich family. She brought her 140 billion dowry and married Galley family.

Although her family failed in business and could not help her.

But her family did not ask her for her one billion dowry.

Most of the money she spent was hers!

Jordan, who was at the side, finally couldn't help but say angrily, "Dad, how can you say that about my mom? She and you are husband and wife!"

Brooks shouted angrily, "She even wants to destroy me. What kind of husband and wife is this?"

Jordan said, "That was your fault first..."

"You unfilial son, when did it become your turn to teach me a lesson?" Brooks interrupted Jordan angrily.

Chap 36

Ronan said with a sallow face. Alright, step arguing"

"This matter can not be exposed

Roman is sell the most sensible Brooks said with a satisfied look on his face.

Sarah looked at Roman angry

Roman met his mother's gaze and said in a deep voice, "Mom, we are a family. We have just experienced it. Have you forgotten

Because of Pearl, their whole family became a joke.

Even their business was greatly affected.

Roman continued, "After this matter is exposed, not only will Dad and Pearl love their reputation, they will be spurned by thousands of people."

"Even we will be hated and ridiculed. Everyone will look down on us

Our family's business will be severely damaged again."

"In the future, our whole family can forget about raising our heads"

Sarah finally calmed down.

Brooks and Pearl deserved to die, but her three sons can not be destroyed....

Brooks helped Pearl to sit down on the sofa.

"As long as you don't make a fuss, I won't divorce you. In the future, you will still be Mrs. Galley."

"Our family is still living like before."

"You and Pearl can keep each other company. You don't have to worry that you will be sad when Pearl gets married and leaves you. This is a good thing."

"Didn't you always worry about Pearl getting married in the past? Would you be reluctant to part with her?"

"There is no such worry now."

Sarah held her breath in her chest, wishing she could tear Brooks' old face apart.

This was a good thing for an old pervert like him, not a good thing for her!

She only felt bad luck and anger!

Roman said in a low voice, "Let's not talk about this first."

"Dad, do you know why we knew about this and why we came back at this time?"

Brooks frowned and looked puzzled.

Pearl also looked at him in confusion.

Roman said, "It was Brielle who pulled us into a group, opened a group video, and showed us the scene of your... live broadcast.

"What?" Brooks' face was full of shock and anger. "How could that traitor be captured? Wasn't she arrested by the police? Could it be that she escaped from prison and fled back to Galley family, hiding in my study room?"

Chapter 56

He was about to go crazy from anger.

It turned out that Brielle, that traitor girl, had harmed him.

Otherwise, he wouldn't have made such a big embarrassment in front of his sons.

Although he had always been self-righteous on the surface, he was very ashamed and embarrassed in his heart.

He was just forcing himself to maintain the dignity of a family head.

Pearl clenched her fists tightly, and her face was gloomy.

It was that bitch Brielle again!

She had caused her to lose so much face and even caused her to be beaten. She would remember this grudge!

Roman said, "The scene she took should have been the location of the window. She should have been hiding outside the window."

"But just now in the book room, I went to check. She is no longer outside the window."

"However, she might not have left. Maybe she is still in some corner, watching us make a fool of ourselves."

Everyone's face darkened.

At this moment, a mocking chuckle came from the direction of the second floor.

"Tsk, ts. It's really wonderful. It seems that I didn't come here for nothing today. I just watched a good show."

When everyone heard this familiar voice, they immediately looked in the direction of the stairs.

They saw a black figure sitting on the support of the stairs, sliding down from the second floor.

When they reached the first floor, it steadily landed on the ground.

With her hands in her pockets, she walked leisurely towards them.

Although she was wearing a hat and a mask, everyone could still recognize her at a glance.

She was Brielle!

"You evil creature, you still have the face to come back" "It's fine if you go home, but you also made the family into a mess. The family was almost ruined by you. You are really a scourge!" Brooks shouted angrily.

At this time, Brielle had already walked to the sofa and kicked the chattering Brooks away from the sofa.

"Shut your mouth. If you dare to bark at me again, I will smash your mouth." Brielle roared impatiently.

Then, she kicked Pearl, Roman, Jordan, and Sarah off the sofa.

Then, she found a place where no one had ever sat before and sat down leisurely.

Leaning back on the sofa, she crossed her legs and said with a fake smile, "What are you? You want to sit with me?"

The faces of all the people were green with anger.

They were clearly the ones who sat on the sofa first!

She was a latecomer, an unwelcome intruder. It was fine if she kicked them away, but she insulted them?

She was simply arrogant to the extreme!

Chapter 56

They all stood up and looked at Brielle with different eyes,

Brooks was so angry that he wanted to curse.

"Bang!"

Brielle kicked the coffee table in front of the sofa.

The loud noise scared them to take a step back.

Brooks wanted to scold her, but the word was beaten back into his stomach.

Brielle reminded him, "Now that your weakness is in my hands, if you make me unhappy, I will immediately let the whole world know about your disgusting adultery!"

"Don't mention the same thing with me. You can't affect me."

Brooks' face sank, and the flesh on his face trembled fiercely. However, he did not dare to insult Brielle again.

Pearl clenched her fists tightly and gnashed her teeth in anger.

This bitch Brielle was her nemesis.

This bitch had already ruined her reputation, but she still wanted to hurt her once.

She was so angry!

"Shouldn't you be detained at the police station now? Why are you here? Did you escape from prison? Roman frowned and

looked at Brielle gloomily.

Brielle could not have evidence to prove that she was innocent.

Although there was no actual evidence to prove that she had killed someone, even if she could not be convicted because of lack of evidence, it was impossible for her to be released so quickly.

Therefore, after thinking about it, he could only think that Brielle had escaped from prison!

Brielle glanced at him indifferently and said with a forced smile, "What you need to care about now is not how I get out of the police station, but how to convince me not to reveal the scandal of your family."

Everyone's face darkened.

Because Brielle killed someone, Roman promised to take care of the only relative of the deceased, and Galley family's reputation improved a little.

If the scandal was exposed again at this time, it would be difficult for Galley family to make a comeback!

Brooks scolded angrily, "You unfilial daughter, I am your father. Do you even want to harm your own father?"

"You have already hurt Galley family so badly. Are you still unwilling to stop?"

"Destroy the evidence in your hands. Do not spread it!"

The brain is a good thing. I hope you have it. Brielle raised her eyelids and glanced at him indifferently.

"Galley family's fate today is your own fault."

"If you insist on dragging a culprit out to take the blame, it is also Pearl's responsibility.

"She was the one who didn't want to be a good person in the live broadcast and dragged your whole family into the water. This can't be blamed on me."

Chapter 16

Then if I don't participate in that variety show, will it overturn the car because of other people!

She is just a rotten person, just as rotten as you!

"You'll refuse to delete the evidence and insist on harming us, then don't even think about leaving here today!" Brooks grind his teeth in anger

To any case, you speed out from the police station. Even if you die outside, no one will know!"

Are you trying to silence me Brielle raised her eyebrows with a faint smile,

Unfortunately, you are no match for me?

"Alen, I forgot to tell you something I have already shared the video with Kayden

"Even if I die, your scandal will be exposed

If you have the ability, go and kill Kayden"

Brooks face was full of disbelief, his face alternating between green and white,

Sarah said in a trembling voice, "Brielle, please delete the video. Although Brooks and Pearl deserve to die, your three

friends exposed, your three brothers will also be affected"

Men delete the video for their three brothers

"Me Lark, Would I say that you are naive or that you are stupid? Brielle looked at her with amusement.

"We your you the allusion that I'll have feelings for those three idiots? Do you think that I will feel compassion for

from the day I'll off all five with you, I have always hated each and every one of you equally"

I will ex each and every one of you equally, I absolutely have no intention of favoring them"

Remember, don't say such mod things next time, it's disgusting"
