

God, the Real Miss Hated Everyone Equally

Chapter 58

Chapter 58

By the time Brielle stopped. Roman had already been beaten black and blue, paralyzed on the ground, unable to get up. Brielle clapped her hands and said, "Alright, I'm done. You can continue."

After that, she turned and went upstairs.

This time, they had completely left.

"Woo, my poor son..."

Sarah cried sadly and went to help Roman up with Jordan.

Roman was badly injured. They quickly sent Roman to the hospital.

At home, only Brooks and Pearl were left.

Pearl bit her lips and said tenderly, "Dad, what should we do?"

"If we don't do as Brielle says and our affair is exposed, we will have no face to go out and see people in the future. Galley family's business will be seriously damaged..."

Brooks' face was extremely ugly, and he wanted to kill Brielle, that scourge.

Pearl said sadly, "I don't care about my own life and death, but I don't want to see you being forced to death."

"Galley family can't leave you, father. If Galley Group doesn't have you, Galley family's foundation will be completely destroyed. What face does you have to see our ancestors?"

When Brooks heard this, his heart suddenly shivered, and a hint of panic appeared in his eyes.

Galley family had originally been the richest man in Ocean City for several decades, but after he took over the company, his business became worse and worse.

In recent years, he had even been kicked off the position of the richest man in Ocean City.

He had already felt sorry for his ancestors.

If Galley family was destroyed in his hands, he would be even more ashamed to meet his ancestors.

Therefore, he could not die.

The matter between him and Pearl could not be exposed!

Pearl said softly, "Dad, when big brother comes back, persuade him to send out the evidence that framed Brielle."

"As long as big brother sends out the evidence, Brielle will let us go."

"No, he can't admit that he framed Brielle." Brooks shook his head with a sullen face.

Pearl asked sadly, "Dad doesn't want big brother to admit that he framed Brielle. Do you want us to die to exchange for big brother alive?"

"Dad, you can ignore my life and death, but you can't die. Galley family can't live without you..."

Brooks wiped Pearl's tears and said in a low voice, "Galley family's reputation has recovered a little because of your big brother's operation."

"If it is revealed at this time, Lola was forced to death by him. He wanted to use Lola's death to frame Brielle."

"Then, Galley family's reputation will be severely damaged again."

"The people will resist Galley family's business with all their might."

"At that time, Galley family will really be finished!"

Pearl asked, "Then what should we do..."

"Then we can only let him die," Brooks said with a dark face and a hint of viciousness in his eyes.

"Brielle said that it's fine if we don't announce the evidence. As long as he dies, we won't argue!"

"If he dies, he will save the entire Galley family. This is a good deal!"

Moreover, the people now have a better opinion of him. If he dies at this time, it will make people feel sorry for him, and then they will support Galley family's business for him!"

At this time, at the mysterious juncture.

When Sarah heard Brooks' voice coming from the living room, she felt as if she was struck by lightning, and her whole body felt cold.

Brooks, this animal, he actually wanted to kill Roman in order to protect himself and that little bitch Pearl?

Roman was his son!

How could he be so cruel

Sarah covered her mouth with force, holding back her voice.

Fortunately, she left her phone at home and came back to look for her phone. She heard Brooks' plan.

Otherwise, she wouldn't even know that her son was killed by them!

Fortunately, they were in a hurry to send Roman to the hospital. When they went out, they didn't have time to close the door. The door was open. She didn't open the door when she came back. She didn't make a sound, so they didn't notice her.

Sarah listened to the shameless two and discussed how to kill Roman. The hatred in her eyes surged.

She would not let them hurt her son!

If they wanted to die, it would be their pair of them who would die!

Sarah gritted her teeth and suppressed her hatred.

She did not go in to find her cell phone and quietly left the villa.

After leaving Galley family's villa, Brielle went to a barbecue stall and ordered a bunch of barbecue and a few bottles of beer.

She was in a good mood today and drank a few bottles of beer to celebrate.

After the barbecue and wine were on the table, Brielle took off her mask and began to eat.

She picked up a bottle of 500 ml beer and drank it directly at the mouth of the bottle. She finished the whole bottle in one go.

She burped and finished a skewer of lamb meat in one gulp.

How refreshing!

Chapter 58

Someone secretly took a video of her on the phone.

Brielle looked over and took off the hat on her head, revealing a smile.

That person gasped, speechless by this beauty.

A country toppling beauty, nothing more than this!

Only after a while did he come back to his senses, running away with his phone, and then posting the video online.

[I seem to have run into Brielle at the barbecue stall. Wasn't she suspected of deliberately killing people and detained by the police? How did she end up here?]

Soon, the video was posted on the top.

It caused the netizens to be angry.

The scolding almost paralyzed Twitter's server.

[Brielle escaped from prison or was she released?]

[She should have been released. If she escaped from prison, she wouldn't be so swaggering. The police didn't make an announcement.]

[Brielle killed someone and released her? Is there no law?!]

[Ocean City, the police came out to speak. Why did they release Brielle? Quickly give the public an explanation. Otherwise, I will go to all of Ocean City's police stations tomorrow to send wreaths!]

[What background does Brielle have? She was released so quickly after she killed someone?]

[You must strictly investigate the entire Ocean City government. Otherwise, it will be difficult to convince the public!]

[Let the murderer get away with it. This is blasphemy to the deceased!]

[Ah, Brielle is the murderer. Go to hell!]

[If I were at the scene, I would definitely beat her to death to avenge the innocent Lola!]

[That's right, even if I have to sacrifice my life, I will kill this arrogant bitch!]

At this time, some people who were eating supper around began to whisper to each other with their mobile phones.

Some people who did not look at their mobile phones were reminded by their friends around them. They took out their mobile phones to check the information on the Internet.

When they saw the contents of the Internet clearly, they began to look in the direction of Brielle, their faces full of anger.

At this time, Brielle's mobile phone rang.

Brielle answered.

"Brielle, this is Ocean City's police station. Why are you openly showing your face outside? Didn't you say that you won't show your true face?"

"It has only been ten minutes. The news of you scolding and questioning the official website has almost paralyzed all the Internet

"The reporters guarding the entrance of the police station are also swearing at the police station and throwing things at the police station."

Chapter 58

There are also people who want to organize to come and go to find you, saying that they want to get rid of evil for the people

"Brielle, you are really good You just went out for a few hours and you made such a big noise?"

On the phone, the policeman's voice was angry.

"You should leave the barbecue stall now, or you will really be killed by the enthusiastic citizens who have lost their minds

Although the police officer was very angry, he was also worried about her.

"Where are you? We will immediately send a police to find your

Brielle said, "You don't need to find me. I will be fine"

The video can be released now?

The policeman was stunned and immediately said, "Okay, then we will send for

"Even if you don't agree, we have to send it. Otherwise, the whole Ocean City will not be peaceful tonight"

Brielle smiled and said a few words to the police before hanging up the phone.

When she put away the machine, she looked up and saw that she was surrounded by people

Everyone's face was full of anger.

"Brielle, you murderer, how dare you come out and have fun after killing people?"

Your background is really deep. You killed someone in the afternoon, got arrested in the afternoon, and got out of prison at

"Go to hell. You have to pay with your life!"

The law can't punish you. Today, we will enforce justice on behalf of the God"

The law does not punish the masses. Everyone, attack together and kill this poisonous woman!"

That's right. Everyone, attack together. Even if they want to sentence us, with so many people sharing their crimes, everyone will not be able to sentence too heavy

As someone shouted, everyone's anger reached its peak.

Especially when they saw that Brielle was so calm and did not have the slightest bit of regret, they became even more furious

She did not have the slightest bit of regret after killing someone, she was simply extremely arrogant!

Just as they were about to make a more.....

"Wait a moment" Brielle slowly opened her mouth. Her clear voice was full of penetrating power and was also full of deterrence.

The noisy crowd actually subconsciously quieted down.

Brielle said. "I know you guys are in a hurry, but don't worry."

"You guys go up to Twitter first to see the Twitter sent by Ocean City's police officer account. It won't be too late to decide whether you want to take action or not"

At this time, the police should have already sent out the video.

Chapter 58

Everyone was stunned

However, they subconsciously took out their phones and logged into Twitter

Their expressions changed from anger to shock, then to regret.

After they finished looking at it, they looked at Brielle with no anger, only embarrassment and apology

"Um... Sister E. I'm sorry. We didn't know that you were wronged. We also saw the news on the Internet and other people's analysis. We were led by the others and thought that you really killed someone..."

"Sister F, I'm sorry. I shouldn't have scolded you just now. I really deserve to die"

I should have waited for the police to report...

"Sister E. I'm sorry..."

I'm sorry, Sister E

Someone took the lead to apologize, and the rest of the people also opened their mouths one after another. One after another, apologies sounded from all directions,

Brielle waved her hand, indicating for them to be quiet.

"It's so boring to just apologize. Let's do something practical.

"You guys will be in charge of buying the bill for me tonight. Treat it as an apology."

Everyone was stunned for a moment before laughing out loud. "Hahaha, good, Sister E is generous!"

Brielle said, "Let's buy ten bottles of MOUTAI first!"

Everyone:... Sister E, you are not polite at all!

Nearly seven hundred dollars bottles of MOUTAI, ten bottles in one go...

But there were still people who went to buy the wine.

By the time they bought the wine, all the tables on the barbecue stall had been arranged into a long table under Brielle's finger.

The people who were unfamiliar just now were sitting together drinking and boasting

Brielle did not drink the wine alone, but everyone drank it together.

All the way until the wee hours of the morning, everyone was drunk.

Apart from the ten bottles of MOUTAI, they also drank a lot of beer.

Brielle also drank till her cheeks were red,

Brielle said, "I'm going home. Goodbye"

After saying that, she fell to the ground and crawled away.

"Sister E, wait for me, I'm going to crawl toot

Someone immediately followed her and crawled on the ground with their hands and feet.

One...

Two...

Three...

Four, five, six, seven...

In the middle of the night on the streets of Ocean City, hundreds of young people were crawling on the ground in a dark and twisted manner, and from time to time they would make strange noises.

The passers-by who didn't know the truth almost peed their pants.

"Da mn, the 15th of July hasn't arrived yet. Has the gates of hell opened ahead of time?"

"Oh my god, I see the walking ghosts!"

"No, it's the crawling ghosts..."
