

God, the Real Miss Hated Everyone Equally

Chapter 63

Chapter 63

Pearl bit her lips and looked at Brooks with a shy expression. Then, she answered Sarah's question in a low voice,

"Dad is very outstanding and very good to me. I hope to take good care of Dad and be with Dad forever."

Brooks was very satisfied. A happy smile appeared on his face.

For a middle-aged man, conquering a young woman would give him a sense of accomplishment.

The light in Sarah's eyes completely disappeared.

Although Pearl did not answer directly.

But her answer had already made it clear that she was willing.

She spent twenty years raising a immoral beast.

She reached out to cover her chest, her heart aching so badly that she could not breathe.

"Don't talk so much nonsense. Go and cook. Pearl and I have been hungry for the whole afternoon." "After dinner, Pearl and

I will go to the hospital to see Roman and Robert. Don't waste our time." Brooks urged unhappily.

Sarah's heart suddenly shrank.

Did they plan to harm Roman?

Pearl said in a sweet voice, "I'm sorry, mom. I don't do those rough jobs, so I can't help you with the housework."

"But I will pay more for taking care of my dad."

"In the future, I will take good care of my father and this family with you, mom."

"In the future, mom, you will work harder in housework. I will work harder in the bedroom. All sides will be balanced. This family

can only be stabilized."

Sarah took a deep breath and suppressed the anger and disgust in her heart.

"Wait a minute. I will cook for you now."

After saying this, she went to the kitchen.

Pearl saw Sarah's good-for-nothing appearance, and a trace of contempt flashed in her eyes.

She had no ability and no mind. Other than her beauty, she was useless. Now that she was old, her beauty could not compare to

a young man like her. It was normal for her to be abandoned.

Even if she did not make a move, Brooks would be lured away by the people outside.

Rather than letting other women take advantage of her, it was better to let her take advantage of her.

Galley family's family property was hers, no one could think of snatching it away!

Even if she had to give herself to a fifty-year-old middle-aged man for the sake of obtaining this family property, she did

not care.

At least this man loved her and would support her.

If she went out to find a man, she might not be able to find a family that was better than Galley family.

Even if she found one, the people outside would not spoil her like her own family.

After careful consideration, she felt that Galley family was her best choice. She could easily get everything and did not have to

suffer, so she chose to seduce Brooks.

It took Sarah an hour to make dinner.

The three of them sat at the table together.

Brooks also instructed her to serve the rice, and even asked her to serve Pearl's rice.

Sarah did not refuse and helped them serve the rice.

During the meal, the two of them did not stop and kept feeding each other.

They no longer cared about Sarah's feelings.

They seemed to be constantly testing Sarah's bottom line, and also seemed to be taming her, deliberately belittling her, making

her willing to be enslaved, serve them, and treat them as masters.

Sarah kept eating with her head down, holding back her anger.

Halfway through the meal, Pearl suddenly frowned and reached out to rub her temples.

"Pearl, what's wrong?" Brooks asked worriedly.

Pearl said weakly, "I feel so dizzy. I don't know what happened..."

As soon as she finished speaking, she fainted in Brooks' arms.

"Pearl"

With a face full of worry, Brooks immediately carried Pearl up and prepared to send her to the hospital.

But just as he stood up, he also felt a wave of dizziness.

He didn't even have time to speak before he fainted on the ground.

Sarah glanced coldly at the two people who had fainted and continued to eat.

Pearl and Brooks had been unconscious for an unknown period of time before they finally woke up.

The moment they opened their eyes, they found that their bodies were tied up.

They were tied face to face, each tied to an iron frame.

This place looked very dark, and only a kerosene lamp was lit in the corner, barely illuminating the surroundings.

They looked around and found that this was like a basement.

It was dark, damp, oppressive, and airtight..

"Dad, what... what is going on? How could we be tied up here? What happened?" Pearl's entire body was trembling as she

looked at Brooks with a pale face.

Brooks was also scared pale. He said in a low voice, "I don't know either. I just woke up. I don't know what happened."

Pearl said with tears in her eyes, "I remember that before I fainted, I was having dinner at home."

"At that time, we were the only ones at home with mom."

"Now we are tied up here. Could it be that mother made it?"

When Brooks was reminded of Sarah, he was so angry that his face twisted.

"That bit ch, she dared to do this!"

"I raised her for so many years. How dare she to kidnap me? Bastard!"

"Sarah Lark, get out here!"

You ungrateful bit ch!"

I let you enjoy so many years of happiness. Now I just want to have another woman. You actually treat me like this. You are an

ingrate madman!"

"That little bit ch Brielle inherited it from you. You are a madman. She inherited it from you and became so crazy!"

Brooks had already determined that it was Sarah who did it.

When the three of them had eaten together, he and Pearl had both fainted on the dining table. When they woke up, both of them

had been tied up here, but Sarah was nowhere to be seen.

Who else could it be other than Sarah?

Brooks was about to explode in anger.

How could he not be angry that a woman who had always lived by his side and listened to his every word dared to kidnap him?

As he cursed, he struggled. The chains on his body shook violently, but he just could not break free.

Pearl cried sadly as she sobbed, "Woo, Dad, what is Mommy trying to do? Why is she doing this?"

"I'm in so much pain because of the chains. Dad, hurry and call Mom over. I can't stand it anymore..."

When Brooks saw how wronged his baby was, he became even more furious.

"Sarah, you bit ch, come out quickly!"

I have doted on you for thirty years. I have never raped you, and I have never had an affair. I treat you so well, but you treat me

like this. Do you still have no conscience?"

"Pearl is your daughter. You even kidnapped your own daughter. You are really worse than a beast!"

"Hurry up and let us go!"

"If you let us go now, I can still forgive you and let you continue to be Mrs. Galley!"

"If you continue to be stubborn, I won't care about you in the future!"

"You don't have working ability, you don't have a job, and your social ability is not good. After you leave me, you will be a waste. I

want to see how you live!"

No matter how much Brooks cursed, there was no movement.

It was not until Brooks was tired of cursing and his throat was hoarse that the iron door of the basement was opened.

Sarah came in with a flashlight.

Chapter 63

'Sarah, you bit ch...!'

"Pal

Sarah slapped Brooks' face and looked at him with gloomy eyes.

"Brooks, take a look at reality. You are now my prisoner. The more you scold, the worse you will die."

Brooks' pupils shrank and he looked at Sarah in disbelief. "You... Do you want to kill me?"

Pearl also said, "Mom, we are a family. How can you do this?"

"Hurry up and let me and Dad go. I promise I will listen to you in the future."

"You don't want me to be with Dad. I will stay far away from Dad in the future. Please let me go."

"Mom, you love me the most. Don't kill me. I'll listen to you. Woo..."

"Pal

Sarah turned around and slapped Pearl.

"Shut up. I don't have an ungrateful and disgusting daughter like you!"

Brooks and Pearl were both furious.

However, they were now prisoners and did not dare to provoke Sarah. They could only bear the humiliation.

Brooks slowed down his voice and said, "Honey, I know I was wrong. In the future, I won't get along with Pearl and mess around.

In the future, I will treat her as our daughter."

"I promise that I will only love you in the future. I will only treat you well."

"Let me go. We will live well in the future, okay?"

Pearl said, "Yes, Mom. We will do what you want us to do. Don't do anything stupid."

"If you let me and Dad go now, Dad and I will never blame you."

When Sarah heard what they said, she suddenly laughed.

She laughed for a long time, so much so that tears fell from her eyes.

"Do you think I am stupid and easy to fool?"

If I let you go now, the one who will die will be me and my son!"

Brooks quickly said, "No, I promise I won't blame you, and I won't hurt you either!"

"Brooks, I gave you a chance.

"After I found out that you and Pearl were messing around, I still wanted to help you keep it a secret for the sake of my three

sons. I can pretend that I can't see how you do things at home. As long as my three sons are fine, I can turn a blind eye to them.

"But you actually want to kill Roman..."

Brooks hurriedly shook his head and denied. "I never thought of killing Roman. Roman is my son. How can I kill him? Honey,

don't think too much. I will never hurt our children!"

"Par

MA

Sarah slapped Brooks again and said angrily, "Don't try to quibble. I heard it with my own ears!"

"I heard it with my own ears. In order to keep your scandal with Pearl from being exposed, you wanted to kill Roman!"

"Brooks, you are really a beast!"

"Roman is your son, and you want to kill him! When you are determined to sacrifice Roman, you don't even blink. Do you

have a conscience?"

Brooks and Pearl were flustered.

They did not expect that Sarah had overheard their conversation.

"Honey, listen to me. I was joking. Roman is my proudest child. How can I kill him? I was just joking..."

"Do you think I will believe you?" Sarah asked with a sinister smile.

"If you want to kill my son, then I will have to kill you first."

"I am a good-for-nothing. I don't have ability, but in order to protect my son, I can do anything!"

Sarah took out a dagger from her pocket and looked at Brooks with a sneer.

"Honey, don't... don't kill me..." Brooks said in horror.

Sarah ignored her begging and cut open his trousers with a dagger.

"No... what are you doing?" "No... I know I was wrong. I really know my mistake! I promise I won't make any mistakes in the

future. I will do whatever you ask me to do. Please let me go!"
