

# God, the Real Miss Hated Everyone Equally

Chapter 79

## Chapter 79

Brielle took out a smoke grenade and slammed it on the ground.

The four people wanted to escape, but the smoke grenade quickly spread out and blocked their line of sight. They were like headless flies.

“Ah...!”

“Don’t hit me anymore, I was wrong...”

“Let me go!”

“Help!”

He couldn’t see what was happening in the smoke, but he could clearly hear the screams of the four people.

But soon, the screams completely disappeared.

By the time the smoke dispersed, the four people had already fallen to the ground, completely unconscious.

Everyone’s hands and feet had been twisted, and their faces were green and purple.

Brielle had already climbed out of the crime scene and walked to Tana and the others expressionlessly, as if the four people behind her were not her.

In the distance, Jeb1, who was peeking with a telescope, had a gloomy expression.

“I didn’t expect that Oscus woman to be so strong. She was able to fight against four people by herself in such a short period. of time. It seems that she was not lucky enough to take advantage of the gathering place, but she really had the ability.”

“I underestimated her before.”

Fukuyu said angrily, “Bakayaro, Oscus woman is too hateful. She beat up Jeb1’s man and seriously injured him. This is a big grudge!”

Deadie said, “Although she has some ability, she can’t compare to Jeb1. Jeb1 is the most powerful, no one can defeat her!”

At this moment, Brielle, who had her back to them, suddenly turned around and quickly pulled up an arrow to shoot over.

Jeb1’s eyes narrowed, and he hurriedly put down the telescope to dodge to the side..

“Bang!”

The arrow stuck close to Jeb1’s face and hit the tree behind him. His face was scratched and blood oozed out.

Jeb1 was so angry that his face turned livid. He clenched his fist and smashed the tree in front of him. “F\*ck!”

He glared at Brielle fiercely and made gesture of slitting her neck.

He was determined to tame this woman and make her kneel in front of him and bark like a dog!

Brielle gave him a middle finger and spat.

Under Jeb1’s angry eyes, she turned and walked to Tana.

Tana smiled bitterly. “I’m afraid I can’t continue to follow you this time. Just now, they let go. When I fell down, I didn’t control my body properly and my hand was fractured.”

Maen fell to the ground with his head on the ground. Although there were thick leaves on the ground, it was not light.

The only one who looked normal was Lov.

Brielle said, “If you’re injured, then leave. Don’t force yourself.”

“Sorry, I was too weak. At first, I wanted to protect you, but in the end, I became a burden to you.”

Brielle said, “If you didn’t follow me, you wouldn’t have encountered so many dangers. They all came for me. I was too hateful in the beginning.”

The corners of Tana’s mouth twitched. “You know that too? Then why don’t you restrain yourself a little?”

“Why do I need to restrain myself?” Brielle smiled.

“I don’t care about life and death. I got nothing to lose.”

“In any case, even if I restrain myself, they will find trouble with me. It’s just that they won’t show so much anger.”

Tana did not speak.

She also knew some things about the bounty.

Brielle was right. Even if she was not arrogant, those people would still come to find trouble with Brielle.

Brielle reached out to grab Tana’s broken hand, moved it a few times, and then suddenly exerted force.

“Kacha!”

Her hand instantly returned to its original position.

Tana only let out a muffled groan and did not scream.

“You guys wait here for the program team to send a helicopter to pick you up. I’ll be leaving first.”

Tana nodded. “Alright, I wish you good results!”

Lov said, “I’m not injured. I’ll go with you!”

Brielle looked at him. “Have you thought it through? If you follow me, you will continue to encounter sneak attacks. If you are not careful, you will die.”

Lov smiled. “We, Blackbear’s men, are not afraid of death!”

Brielle shrugged and did not stop him.

Brielle and Lov walked in front of the four people and searched their bodies. They found that there was nothing useful, so they could only take off their clothes and save them.

They also put away the four ropes.

After Brielle left, Tana and Maen told the cameraman to give up the match and then waited for the rescue helicopter to arrive.

[How come? Sister E actually broke the rope with an arrow. I thought this was only in TV dramas. I didn’t expect that someone could really do it. The key is that Sister E was still hung upside down! I

[Sister E is too awesome. Don’t talk so easily in the future. I’m afraid that your faces won’t be enough to be beaten!]

[I think that Jeb1 is so scary. He has been peeping at Sister E all the time. I always feel that he wants to do something bad!]

[And Fukuyu and Deadie, those two dogs, they are also not good people. I

I don’t dare to celebrate for Sister E now. So many people are staring at Sister E. I only hope that Sister E can be safe...]

In Widi...

[Brielle is too much. Jeb1 didn’t do anything. She actually sneak-attacked Jeb1. She is really despicable! ]

[Oscusian are like this. They are despicable and shameless. They like sneak attacks. What a disgrace. I

Jeb1, quickly make a move on her. Let her go offline earlier!]

[Teach her a lesson. Let her know how powerful we, Widi, are!]

[In front of us Widi people, Oscusian is a dog! ]

It was getting dark in the forest.

Brielle and Lov found a suitable place to stay by the river.

Lov held a tree branch and inserted two fish in the river. The two of them roasted and ate.

The rest of the contestants also found a place to stay. It was not difficult for them to find food.

It was just that some people did not find any flint stones and had nothing to start a fire to roast meat. They could only eat raw meat.

However, they did not care and directly ate raw meat.

At the same time, at the edge of the forest, the staff who were guarding the wild beasts received orders from the top.

They placed the beasts into the forest and gave the participants some shock!
