

God, the Real Miss Hated Everyone Equally

Chapter 84

Chapter 84

“Tana, what happened to you?”

Brielle squatted down beside Tana and asked with a frown.

As she asked, she reached out and grabbed Tana’s pulse.

Lov, who was lying down to rest, saw Tana appear and also propped up his body to walk over.

Tana was not unconscious, but her body was too weak and she collapsed to the ground.

Hearing Brielle’s question, her nose twitched. Her voice was choked with anger. She said in a trembling voice, “Maen and I have been waiting for the rescue helicopter in the forest, but when it was dark, we did not wait for the rescue helicopter to pick us up. Instead, a lion came.”

“I took Maen to escape and met Jeb!, Deadie, and Fukuyu.

“Deadie kicked Maen in front of the lion. Maen was bitten to death by the lion...”

Brielle let go of Tana’s wrist.

Her kidney was weak, and she had done sex for a short time.

In the forest, there were filming equipment everywhere. It was impossible to be voluntary.

The answer was obvious.

Brielle asked, “What about you? Who did this?”

Tana tried to hold back her tears, but she bit her lips and did not cry.

After a long while, she managed to control her emotions and said with hatred, “Fukuyu!”

“He even dislocated my jaw. I connected it myself after I broke free from the bondage!”

Lov asked with a puzzled expression, “What’s the specific situation?”

“Why didn’t the program team come to pick you up?”

“After such a long time, the rescue team has already made several trips. How could they still leave you in the forest?”

Tana said, “It wasn’t just us. No one has to pick up the people that were knocked down by Brielle. They were also bitten to death by lions.”

Brielle’s eyes darkened, and a cold light emerged in her eyes. “It seems that the program team is deliberately causing trouble. They never thought of letting the contestants walk out of the forest alive.”

“Many of those beasts don’t appear in this kind of tropical rainforest, but they appear in unison and take the initiative to attack groups of humans. No matter how I look at it, it’s not normal.”

When Loy and Tana heard this, their faces sank.

“Bastard, bastard program team, they dare to disregard the lives of the contestants in a global broadcast. They are too lawless!” Lov was so angry that he pounded the ground hard.

Tana was also trembling with anger. “Although the previous programs were too excessive, they had never killed people in the live broadcast. This time, they ignored the law, regardless of the lives of the contestants, and even attacked the contestants with ferocious beasts. It is too much!”

Chapter 84

They are simply inhuman!”

Lov said, “No wonder they chose to come to Noglia for filming. As long as Noglia signed the life and death agreement, even if we died on the program, the law would not pursue it.”

Their country has a martial arts competition program. It is normal for people to die every episode.”

[What are they talking about? Why is there suddenly no sound in the live broadcast room? Did they say something that we can’t listen to? Why does the broadcast have to turn off the sound?]

[What happened to Tana? Didn’t she withdraw from the competition? Why is she still in Forest?]

[This program is too bad. I hope that Sister E will be safe and nothing will happen next.]

Due to the content that Brielle and the others were talking about damaging the image of the program, the broadcast immediately turned off the sound receiver.

The audience in the live streaming room could only see their angry discussion, but no sound could be heard.

At the scene.

Brielle reached out and pulled Tana up from the ground. She said lightly, “Go to the river and tidy up first. It’s late. Rest first. We’ll talk about other things tomorrow.”

Tana nodded.

Brielle and Lov discussed and the two of them took turns to keep watch.

After all, they did not know if there would be any more beasts in Forest. They could not all sleep together, or else they would not even know how they died.

The next day.

After getting out of bed, Brielle went to the river to wash up and inserted three fish with arrows.

The water environment here was very good, and there was no fishing, so the fish in the river was very large. As long as she had some effort, it was easy to get the fish.

She did not have a knife, so she used an arrow to cut open the fish belly and dealt with the fish.

When she walked back with the fish that she had prepared, Lov had already consciously picked up dry wood and made a fire.

After roasting the fish, the three of them ate the fish one by one.

After the three of them finished their breakfast, they got up and began their journey.

The three of them each picked up a wooden stick as a cane and walked forward step by step in the forest.

The number of people today was obviously much less.

It seemed that a lot of people had been eliminated by the beasts and other contestants yesterday.

At noon, a helicopter flew over the forest. The horn machine tied to the helicopter was playing the preset of today’s supplies.

From today on, there was only one material package in everyday.

On the first day yesterday, there were many people and three material packages were dropped.

[After thirty seconds, the supplies will be randomly distributed. Participants, please observe the locations where the supplies will be distributed. Only by replenishing the supplies will you be able to go further.]

“30”
“29”

The countdown began.

Brielle observed the direction of the helicopter and walked in the direction of the helicopter.

When they walked over, the supplies were less than a hundred meters away and were about to fall to the ground.

More than ten people were already guarding the empty ground.

Jeb! was the leader.

The Fukuyu, Okoron, and Deadie were also there.

The remaining people should have all sided with Jeb!.

Hearing the sound of Brielle and the others approaching, everyone looked over.

Fukuyu’s gaze fell on Tana, and he mocked, “You are really lucky; you are not dead?”

“You still dare to come in front of us. Do you want me to satisfy you again?”

There was a burst of laughter around.

Jeb! looked at Brielle with a provocative look.

www

It was as if he was saying, “Your people were trampled on by my people, but you didn’t even dare to fart.”

Tana was so angry that her face turned green and then red. She clenched her fists tightly and glared at Fukuyu with eyes full of anger.

Fukuyu said arrogantly, “You have no future if you follow Oscusian. Since you had satisfied me last night, you now join Jeb!. In the future, you will be responsible for serving all our men, and we will let you go!”

“Otherwise, we will deal with you and Brielle together. You will die a terrible death!”

The group of people around Fukuyu began to flatter him.

“As expected of Fukuyu, to be able to conquer such a powerful woman.”

“It would be our honor to be able to play with a woman that Fukuyu had played with.”

“Oscusian is still as useless as before. She can’t even protect her own companions. Only a blind person would choose to team up with Oscusian. She deserves it!”

“Hahahaha, that’s right. If she had chosen to join Jeb! in the beginning, she wouldn’t have suffered.”

Tana was so angry that she was about to explode. She said angrily, “You are despicable and shameless. I will not be with you!”

“You will definitely die a horrible death!”

Fukuyu said with a fake smile, “Oh, if you are not willing to come and serve us, then you like the hard method we used to you before?”

“After we get the supplies, we’ll play with her!”

The people around him responded, “Good, play her to death!”

[Shit! What happened? According to what Fukuyu said, he forcibly humiliated Tana last night?]

[Damn, damn little bastard! It is too disgusting! Their ancestors have been disgusting and dirty for generations, and they are proud of themselves. They have no shame or remorse for their crimes! They deserve to die!]

[How can there be such a vile person in this world? I am so angry that I wish I could skin him alive!]

[I feel sorry for Tana...]

[I am so angry. A bunch of trash! They will definitely suffer retribution!]

[I am so worried about Sister E. They hate Sister E so much, they will definitely not let her go. Sister E might be even worse off than Tana...]
